

ANNOUNCING

THE OPENING OF SANFORD'S NEW BUS STATION At the Corner of Commercial Street and Hood Avenue BY THE GREYHOUND BUS LINES

WILLIAM DAVISON, AGENT

Monday, July 7, At 7 P. M.

We Will Open Our Doors To The Public For Their Inspection (Only) On Monday Evening From 7 Till 9 P. M. You Are Cordially Invited To Visit Our New Station.

Starting Tuesday July 8th At 6:00 A. M. All Busses Will Operate From This Station.

Your Patronage Has Made This Station Possible And It Will Be Our Pleasure To Continue To Serve You.

CONGRATULATIONS

M. G. LOFTIN and WILLIAM DAVISON

On The Completion Of The New Home Of The

Reds Attack UN Report On Balkan Issue

Gromyko Asks Reversal Of Charges; Non-Compliance In Arms Plan Stated

LAKE SUCCESS, July 8, (AP)—Russia denied today all charges that Albania, Bulgaria and Yugoslavia were primarily to blame for the Balkan disorders and called on the United Nations Security Council to reverse the findings of its Balkan Investigating Commission.

Backing up the conclusions of the Soviet and Polish members of the commission that Greece was the instigator of the Balkan disorder, Soviet Deputy Foreign Minister Andrei A. Gromyko lashed out at delegates, presumably the American and British, who contended that the three Soviet satellites were guilty of violating the U. N. charter.

These delegates, he said, were attempting "either to distort the meaning of the material gathered by the commission or to completely ignore this data and to achieve the adoption by the council of such decisions which would be in contradiction with facts."

Earlier Russia lost another round in her continuing fight to link general arms reduction questions directly with the proposed prohibition of atomic weapons but told the United Nations Security Council that she would not comply with its majority decision. The big power veto was invoked in the council approved an American-sponsored blueprint for arms discussions despite Russian insistence that the plan would bring about a collapse of arms regulation efforts.

The veto was 9-0, with the United States abstaining.

Russia then told the council that she would not be bound by the U. S. resolution but would pursue the line laid down in her own proposals which seek to link the general arms reduction question with proposed prohibition of atomic weapons.

In view of Russia's firm stand against the U. S. plan it had been believed she might invoke the big power veto to block it.

Soviet Deputy Foreign Minister Andrei A. Gromyko gave his warning before the United Nations Security Council in a new effort to revive the Soviet working plan which already had been rejected by the commission for conventional armaments.

His challenge was taken up promptly by French Delegate Alexandre Parodi and U. S. Representative Herschel V. Johnson, who announced their opposition to any substitute for the American plan.

Gromyko insisted that no program for arms regulation could succeed unless the plan was linked directly with an absolute prohibition of atomic weapons.

He declared that the U. S. plan approved by the commission did not link the prohibition of atomic weapons and, for this reason, it offered no basis for a solution.

Outline Given Of U. S. Problem In Admitting Displaced Persons

By JAMES MARLOW

WASHINGTON, July 8, (AP)—Here in ABC on the problem of displaced persons, President Truman yesterday asked Congress for a special law to set some of Europe's displaced persons into this country. This message was a nod to Congress which has been talking about such a law but has not voted yet.

About 850,000 displaced persons are living in camps in Germany, Italy and Austria. They have something to eat and a place to stay and that's about all. The camps were set up in 1924. The British Army in their zones of occupation. About 650,000 are in American camps. These people, uprooted by the war, were made homeless. For various reasons, such as fear, they don't want to return to their own countries.

Are they Communists? Mr. Truman said no. He said they're opposed to Communism and don't want to return to their homes in Communist-controlled areas.

This country has a limit, by law, on the number of people who can come here in any one year's immigrants. The limit is based on a quota system. The total quota in any one year is about 154,000, but the number of immigrants coming here in any one year is below the quota total. The quotas were set up in 1924. The total number can come from Britain: 65,721 a year. But Britons are not displaced persons.

The quotas for some countries are far less than for Britain. Greece for example has a quota of about 300 and Bulgaria, 100. But displaced persons coming here, if Congress passes a special law for them, would be in addition to the quota set-up.

Rep. Stratton Illinois Republican, has introduced a bill to let in a total of 400,000 displaced persons at the rate of 100,000 a year for four years.

Stratton offered his bill in April. Months later a House subcommittee started to study it. It has been holding hearings for two weeks, listening to witnesses talk for and against the bill. The hearings end this week. If the members of the subcommittee think the idea is good, they'll tell the full House so.

Then it's up to the full House to vote. If the House votes for it, then it is up to the Senate to vote. All this will take time and there isn't much time left. Congress must act quickly.

Example: They can't let a bill before the end of this month.

Although Stratton suggested 400,000 displaced persons be allowed in, Mr. Truman didn't mention any figure.

Mr. Truman has talked in Congress about this before. So yesterday's message was, in another nutshell, Secretary and Mr. Truman point out that if displaced persons were allowed in, they'd have to meet the tests an immigrant usually, prostitutes or badly dressed. The quota system meets.

Example: They can't let a bill before the end of this month.

If they're over 16 they must be able to read in their own language. And a displaced person coming here must be able to support himself or be sponsored by a relative or organization which will take care of him. It does not become a public charge.

New Tax Cut Bill Wins 1st Test In House

Amendments Barred 'Despite Cries Of "Gag Rule" By Opposing Democrats'

WASHINGTON, July 8, (AP)—The House passed today the Republican-backed bill to cut income taxes by \$1,000,000,000 annually for 19,000,000 taxpayers, beginning Jan. 1. It goes to the Senate where approval also is forecast.

The action, which may encounter another presidential veto, came after Speaker Martin (R-Mass), personally appealed to the House to pass the bill by a simple majority vote.

Although Stratton suggested 400,000 displaced persons be allowed in, Mr. Truman didn't mention any figure.

Mr. Truman has talked in Congress about this before. So yesterday's message was, in another nutshell, Secretary and Mr. Truman point out that if displaced persons were allowed in, they'd have to meet the tests an immigrant usually, prostitutes or badly dressed. The quota system meets.

Example: They can't let a bill before the end of this month.

If they're over 16 they must be able to read in their own language. And a displaced person coming here must be able to support himself or be sponsored by a relative or organization which will take care of him. It does not become a public charge.

River Channel Bill Is Passed By House

WASHINGTON, July 8, (AP)—An agreement averting a nation-wide soft coal strike was signed today by John L. Lewis and a majority of the bituminous operators.

In announcing the signing, Lewis told a news conference that it is "reasonable to assume" the entire industry will accept the agreement within a few days.

More than half of Lewis' 400,000 United Mine Workers are covered by agreements thus far signed by northern commercial operators, steel companies and mine owners in the West and Midwest.

WASHINGTON, July 8, (AP)—John L. Lewis held out a new high-priced contract for the soft coal industry today and notified the operators their mines will be worked only when they sign on the dotted line.

The long-heralded break came too late, however, to put the nation's bituminous pits back into immediate operation at the end of the miners' 10-day vacation last midnight.

The northern Appalachian producers who helped negotiate the record-breaking wage terms quickly ratified the one-year pact—said to require Lewis' men to work only when "willing and able."

Similar swift acceptance by steel companies which operate their own coal mines was expected. Together they employ 150,000 miners and produce about 40 percent of the nation's bituminous fuel.

Much of the sting thus was removed from the threatened industrywide shutdown which had been built up for today's vacation end on 400,000 soft coal diggers.

The northern steel company "captives" might and resume work tonight, Lewis said.

WASHINGTON, July 8, (AP)—The National Grange suggested today that Labor and major industrial firms agree on a program of voluntary ceiling on wages and profit as a step toward lower prices.

The farm organization made this proposal as the American Federation of Labor declared that "the feast and famine policy of industry" has pushed prices and profits to the brink of an economic recession.

The Grange and the AFL, laid down their views in separate statements prepared for the joint congressional committee on the economic report. This group is studying suggestions on how to prevent boom and bust swings of the nation's economy.

Albert S. Gross, master of the Grange, told the committee: "If Labor and industry in a number of America's largest industrial concerns would agree upon a program in which a ceiling would be placed on wages, and a ceiling on industrial profits with all margins above such ceilings divided between labor, industrial ownership and the public in the form of lower prices, with a major part of the saving going toward reduction in price — our inflationary spiral would soon be put in reverse."

Gross said the "interests of the public would be served if some method of economic regulation such as this should be adopted, rather than expending so much effort to regulate monopoly and profiteering through punitive measures."

Matthew Wolf, an AFL vice president, expressed his organization's support for the proposal.

WASHINGTON, July 8, (AP)—In making his request for the race track funds, Mr. Lawton thanked the Commissioners for their generous action in appropriating money last year for this fund, and stated that Lake County and Howard county schools will receive 50 percent, and Volusia county 100 percent of the race track funds given by the State to these counties. This was the result of special legislation by the State Legislature for these counties at its recent session, he pointed out.

However, he said, Seminole County School Board members were so confident that the Commission would continue to allow some of this county's money for race track money to the schools that they did not present such a local bill to the Legislature.

He stressed the fact that while the Legislature had enacted the best school laws Florida ever had and that these laws will bring the schools of the state up to equal points in its national rating, the salary schedule fixed by the State would grant increases only to those teachers holding B. A. or higher degrees. It would reduce the salaries of those teachers holding diplomas and certificates based on two or three years of college work, he declared.

According to the State program, said Mr. Lawton, teachers in the lower college degree bracket would receive from \$200 to \$250 less per year than they are now receiving.

Eyes with a two mill increase in mileage for operating revenues in this county would face a deficit of between \$30,000 and \$35,000 if these teachers are given a reasonable increase, he asserted.

Mr. Lawton also stated that the salaries to teachers in adjoining counties would average \$200 to \$300 per year above proposed salaries for Seminole County teachers.

He asked the Commissioners to give favorable attention to a request for \$30,000 of race track money for this year. This, he pointed out, will be at least \$12,000 less than last year's appropriation, but will be sufficient to help the School Board make a reasonable increase in the salaries of all teachers.

In his appeal to the Commission in behalf of Lake Mary residents, Mr. Evans maintained that at present there is not sufficient space for bathers to park automobiles, and that the County had been without authority to vacate the plot in that the property was dedicated on Aug. 4, 1920 by A. E. Sjolund and Amanda Sjolund his wife, together with streets, alleys and park areas for public use.

After closing the road leading from the main highway to the lake in 1945, the Commission on Apr. 2, 1946, rescinded this action and allowed 19 feet right of way, or half of the street for public use, upon request of Mr. Eubanks who represented the Lake Mary PTA and who built the bath house and pier during vacation period.

At present a fence erected by an abutting property owner runs down the middle of the 78 foot wide street to the lake and cars do not have enough room to park, said Mr. Evans. In the original plat were two small triangular parks, adjacent to Morris Park.

WASHINGTON, July 8, (AP)—The House today barred amendments to the \$4,000,000,000 income tax-cutting bill, clearing the way for its passage by night-fall.

Despite cries of "gag rule" by opposing Democrats, the chamber adopted by voice vote a stipulation that "the bill must be voted on without changes."

Speaker Martin (R-Mass) predicted its passage by "an avalanche of votes." Rules Committee Chairman Leo E. Allen (R-Ill.) told the House it must act quickly to get the bill to the Senate.

Allen pointed out that it is necessary for Congress to complete action on the legislation before the end of the week to give President Truman 10 days to consider the bill before Congress adjourns.

"This will give Congress time to override another veto" if one is forthcoming, he said.

Mr. Truman vetoed a similar measure June 16 and the House sustained his rejection. There was no indication of Mr. Truman's attitude toward the new bill. At the White House, Presidential Secretary Charles G. Ross told reporters the President "will continue to see the bill."

WASHINGTON, July 8, (AP)—James C. Petrillo agreed today to "work out a deal" with educators to permit school children to make musical broadcasts by radio.

Petrillo, chairman of a House Labor subcommittee, said he would be glad to meet with school authorities "any time" to work out an arrangement. The subcommittee is investigating what Petrillo called "abuses" by the American Federation of Musicians (A.F.M.), of which Petrillo is president.

Kearns obtained the promise after telling Petrillo that his organization's rules are "denying school children the opportunity of expressing their talents on the air."

Meanwhile, two Republican members said today the new Taft-Hartley Act is powerful to block Petrillo if he decides finally to ban radio network musical programs and phonograph recordings by his union maintainers.

The president of the A.F.M., American Federation of Musicians first told the House subcommittee that "as of now" those are his plans for next year.

WASHINGTON, July 8, (AP)—The House today passed the River Channel Bill, which provides for the construction of a channel for the St. Johns River between Sanford and Palatka, Va. The bill was introduced by Representative Joe Higgins.

Mr. Higgins said that he had been informed concerning the passage of the bill by Representative Joe Hendricks.

"I think that we are now over the hump," said Mr. Higgins, and he predicted that the Senate would also approve the bill.

Work on the deepening of the channel for which \$300,000 has already been appropriated by Congress is due to start at Palatka on Aug. 1, he revealed.

NASHVILLE, Ill., July 8, (AP)—The Centralia Coal Company today was fined \$1,000 on charges of "willful neglect" in the March 25 explosion-death of 111 miners. The fine was the maximum provided by statute.

Judge R. W. Griffith of the Washington County Circuit Court accepted the firm's plea of sole contempts "under which, without admitting guilt, the company subjected itself to a judgment or conviction."

MIAMI, July 8, (AP)—Eighty-two primary and high school teachers from Havana, Cuba began a month's sightseeing in the United States today. They arrived last night by ship and clipper, and leave tomorrow by special bus for St. Augustine, Raleigh, N. C., Washington and New York.

WASHINGTON, July 8, (AP)—A special U. S. grand jury was charged today by Federal Judge Albert A. Ridge to make a "most thorough" investigation of alleged irregularities in the 1946 primary election here.

Saying "politics must not enter into this investigation," Judge Ridge, who nominated Richard K. Brien, special assistant attorney general, to lead the probe, said investigation and 24 jurors they would have the services of the Federal Bureau of Investigation.

ST. LOUIS, Mo., July 8, (AP)—One man was killed and four or five others were injured early today when a Clyde Hooty freight train was derailed near Half-Bird, Mo., the Northwestern Railway train dispatcher said here.

The dispatcher said four or five persons were taken to St. Louis hospitals.

The circus spent was en route from Sioux City to Norfolk, Neb., when the accident occurred about 10 miles outside of Sioux City.

The identities of the dead and injured could not be learned immediately. No animals escaped.

MORILE, Ala., July 8, (AP)—A State Labor Department conciliator began efforts today to reopen negotiations between union and company officials at the strike-bound Alabama Dry Dock & Shipbuilding Co. yard.

J. K. Ashley, field representative of the department, said he had conferred with both sides and that he was hopeful of getting them together again.

The negotiators broke off conferences last Thursday, and the yard was closed down yesterday morning after the company said CIO shipyard workers failed to show up for work.

The Pinto Yard has been employing 4,000 men in its biggest peacetime ship repair and conversion program.

Picketing continued at all three entrances to the plant today. Police said there had been no disorders.

NEW YORK, July 8, (AP)—Cotton futures rallied more than 85 cents in heavy dealing today as the general buying movement touched off by the government cotton acreage reports which traders considered on the low side.

Formal Opening Of Bus Station Held By Officials

Operations From New Location Started Early This Morning

Mayor H. J. Gut removed the blue and white ribbon from the door of the new Greyhound Bus Station on Commercial Avenue last evening to mark its opening. Greyhound officials, City officials and members of the Chamber of Commerce were present, and a large number of residents visited the station and were greeted by William Davison, manager and M. C. Loftin, builder and owner. Bus service was started early this morning.

There were many baskets of flowers donated to the station, and cake and punch were served by assistants of Roy Johnson, operator of the lunch stand.

High praise for the beauty and design of the station was voiced by Greyhound officials including P. C. Howe, president of Florida Greyhound Lines, J. D. Segal, comptroller, R. H. Griffith, general superintendent and by E. L. O'Neill and T. B. O'Brien, traffic representatives, all of Jacksonville. Present also was District Passenger Agent Ed Smith, and S. E. Walker, dispatcher of Orlando.

City officials present included Mayor Gut, City Manager H. N. Sayer, Commissioners Andrew Carraway, Leo H. Leasher, Fred Wilson, city attorney, Gordon Erdley assistant to Mr. Sayer and Grady Duncan, building inspector. Edward Higgins represented the Seminole County Chamber of Commerce. Greyhound and City officials posed for a photograph in front of the station.

President Howe announced that 61 new buses had been ordered to supersede or replace the 170 now in operation, and that six had already been delivered. These new buses are of the latest type and should affect much better service, he said.

He declared that the Sanford Bus Station is the best of its kind in the South.

TUESDAY, JULY 8, 1947

BIBLE VERSE FOR TODAY
YOU DO NOT KNOW ALL
THE FACTS AND MAY DO A
GREAT INJUSTICE. Speak not
evil one of another brethren.—
Jas. 4:11.

We suppose it is front page
news when an ex-husband marries his
mistress. It is hardly fit for the
society page.

Some of these flying saucers
have been seen over Florida and
not altogether by folks in their
cups either.

Sanford's Fourth of July
weather was the finest we have
ever seen anywhere on the
Fourth of July. We defy anybody
to beat it.

Governor Tom Dewey of New
York will be the Republican
nominee for President next year,
it is predicted. And we predict
his running mate will be Harold
Stassen.

A 46 year old vice president
of the Chase National Bank was
having a playful fist fight with
another vice president. During the
scuffle the first vice president
suddenly dropped dead. Oh, well,
boys will be boys!

Over five hundred people killed
in holiday accidents over the
Fourth of July weekend. We al-
ways find that the Fourth of July
is a wonderful time to stay at
home, catch up with your house
work.

American industries are plan-
ning to spend over four billion
dollars for new plant construction
and equipment during the third
quarter of this year, according to
the Securities Exchange Commis-
sion. Doesn't sound much like a
depression to us!

Florida school teachers are go-
ing to college. That is the net
effect of new school laws which
provide payment of \$1,000 for
each teacher with less than two
years of college, \$1,400 for three
years of college, and so on up to
\$3,600 for teachers holding a
Master's degree. The University
of Florida reports 333 students
enrolled this summer in teacher
training courses, as compared with
only 500 last summer. That is all
to the good.

The Chinese were first attacked
and invaded in 1937, some ten
years ago this summer, are still
at war. If they are having trouble
with their national economy, if
there is inflation, starvation and
demoralization, if there is dicta-
torship, or political tyranny and
corruption, remember those ten
years of constant warfare. You
may well wonder what this coun-
try would have been like if the
war, which lasted three and a half
years for us, had lasted ten years
instead. The Chinese, it seems to
us, deserve our sympathy and
support more than any other na-
tion.

Former Secretary of the Navy
Josephus Daniels, who should
know better, and Robert Hutchins,
president of the University of
Chicago, who could not be ex-
pected to, are among twenty
prominent Americans signing a
joint statement assailing universal
military training. They would
prevent the next war apparently
by not being prepared for it. The
fact that we tried that system once
and failed miserably to accom-
plish anything by it seems to have
escaped their attention. At least
they advocate the same lack of
preparedness again which the
pacifists and mollicoddles advo-
cated before.

Fuel Cuts

Coal, gasoline and oil shortages are plaguing the
nation, reminding everyone too realistically of similar prob-
lems in war days. A steel company in the Pittsburgh
district has "furloughed" 10,000 workers and may lay
off 30,000 more before next winter. Gasoline will be ra-
tioned during this month and next by one major oil com-
pany in Michigan, Indiana, Illinois, Wisconsin, Minnesota,
Iowa and Missouri. There is also a threat of gas rationing.

The Navy has announced itself so short of oil that
it could not cope with an emergency and must import
3,000,000 barrels from the Middle East. In many sections
oil companies are refusing to take on new fuel oil cus-
tomers, and warning former users of short fuel oil short in
the months ahead.

Explanations are varied: insufficient pipe lines, due to
steel shortage, to carry increased gasoline and oil now in
demand; wholesale vacation shut-downs in coal mines
and threats of a miners' strike; transportation troubles.
It was disclosed, also, at a Congressional hearing, that last
year Russia received more than 6,800 barrels of oil a
day, and has had about 1,000 barrels daily so far this
year. This, with other petroleum exports, brings these
daily totals to 403,000 barrels, a figure less, however, than
the oil imports.

The whole oil and coal picture looks complicated. But
the American public is going to find it hard to understand
why the fuel of navy and domestic users must be curtailed
to help the USSR.

Japs-Eye View

What do the Japanese people think of their con-
querors? This is a question to which Keyes Beech, an
American newspaper man in Tokyo, has sought to answer.
Going about among all classes of Japanese, and question-
ing British and American residents, as well as army in-
telligence officers, he has collected some interesting opin-
ions.

They respect us for our size, strength and efficiency,
wondering why their leaders had the nerve to start a
war with us. They think we take lightly and kindly our
position as conquerors, not using the brutality which would
have characterized their behavior in the same circumstances.
They cannot comprehend our domestic ideas, though they
are willing to adopt them, being instinctively obedient to
authority. Those who are trained to think remark that in
contrast to their ancient race, we are young as a nation,
and they observe a corresponding youthfulness in the be-
havior of our soldiers.

Many of the traits which they assign to us are worthy
of imitation and observers tell us that some of them are
being imitated by a people, who, in spite of their ancient lin-
eage, have a parrot-like ability to pick up new ways. Our
occupation of their islands, for however short a time, cannot
fail to make significant changes in their way of living.

Moon Trips

We seem to be on the verge of another wave of hypo-
thetical trips to the moon, somewhat on the order of the
famous Jules Verne fancies, but more challenging in their
realistic suggestions. The medium utilized by the current
proposals would be rocket planes suggested more than 20
years ago by the British scientist, J. B. S. Haldane.

Such a suggestion of interstellar communication is
always interesting, and there are periods when the moon
at least, comes surprisingly near the earth. Recent sug-
gestions tend to facilitate the project, if anything of the sort
can be more than mere imagination, by means of utilizing
formerly unheard-of power and "splitting the atom" and
applying its force.

Nobody need be in a hurry, however, about such an
enterprise. If it is feasible at all, or will ever be so, it is
hardly likely to be in this generation. If or when man suc-
ceeds in such interstellar communications, he will hardly
be less than a demigod in scope and power.

It might even be more interesting if he were to make
an effort right now in intellectual and spiritual fields to
justify his creation as "little lower than the angels."

Ufinished Business

As the shouting and the tumult
over the Taft-Hartley act dies,
Congress begins to take on the
complacent air of having dis-
charged its responsibilities and of
being anxious for adjournment. As
a matter of fact, the legislature
had accomplished a good deal, de-
spite the handicaps under which it
operated—reorganization, the par-
ty cleavage between the majority
party and the President, the ur-
gent and controversial quality of
the subjects dealt with. Neverthe-
less, there is still a quantity of un-
finished business on the Congres-
sional docket, some of which can-
not be postponed and other items
which certainly will not improve
by keeping until the next session.

Many appropriations must be
disposed of before Congress can
adjourn, for example. The long
delay in taking positive action on
housing will not endear the Con-
gressmen to their constituents.
There is still time to set machinery
in motion to make an American
contribution to the solution of the
problem of displaced persons in
Europe. And this Congress has
come no closer than its predecessors
toward the creation of a long-
term military policy for the United
States.

In the present state of the
world this last point may have the
greatest consequences. One need
not take former Supreme Court
Justice Roberts's gloomy view of
the prospects of the United Na-
tions to agree with his contention
that "every month's delay" in
adopting universal military train-
ing "is a terribly dangerous
thing." The Citizens Emergency
Committee for Universal Military

Bus Station

Original plans for the station
were made by Roy Turner, a
young architectural college stu-
dent at Auburn, and minor changes
were designed by Elton Mough-
ton, local architect, said Mr. Laf-
tin.

On April 1, there were 366 mil-
lion pounds of frozen fruits in
storage. This is 48 million pounds
more than on the same date last
year.

ANOTHER OIL SHORTAGE COMING UP

EXECUTIVE director of the Demo-
cratic National Committee, Gael
Sullivan, 42, is pictured in Wake-
field, R. I., after he pleaded inno-
cent to a charge of drunken driving.
He was released on personal recog-
nizance for trial on July 14. The
charge was the result of a collision
between Sullivan's car and one
driven by James King of Foster
Center, R. I. (International)

MME. LUPESCU BETTER
RIO DE JANEIRO, July 8. (AP)—
Attendees said today that
Mme. Elena Lupescu was contin-
uing to improve and that there
were greater hopes for recovery
from her critical illness.

U. S. Prestige
In China Reaches
Highest Peak

By JOHN RODERICK
MUKDEN, July 8 (AP)—Hostility
towards Russia in Nationalist Man-
churia has reached the personal
stage, and Chinese nowadays do
not hesitate to make it known
publicly their feelings on the sub-
ject. Conversely, American pre-
stige has never been higher.

Underlying Nationalist animos-
ity against the Soviet failure to turn
over Port Arthur and Dairen to
the Chinese government and belief
the Russians are supplying
arms to Chinese Communists.
I encountered this atmosphere of
unfriendliness towards Russians at
Shanghaiwan enroute to Mukden,
where the Peiping-Mukden rail ex-
press halts overnight.

An armed Nationalist colonel,
who first advised me to leave be-
cause of danger that Communists
might enter the area, later apolo-
gized when I showed him my card,
"Mel Kuo (American)," he ex-
claimed with a surprised look on
his face. "I beg your pardon, I
really thought you were Russian.
You are an American. That's all
right." And he saluted smartly.

The Chinese waste none of
their politeness on Russians.
Individual Russians traveling on
trains have their baggage system-
atically searched and generally
have to give a complete account
of themselves.

In Mukden, Chinese friends ad-
vised me I'd better wear Ameri-
can Army clothes than a civilian
outfit because Chinese might mis-
take me for Russian and subject
me to small indignities.
One estimate of the number of
Russians in Mukden places it as
low as 900, another at 1,000. Re-
gardless of the real figure, it is
only a fraction of the formerly
large population who took refuge
here from Siberia in 1917 and on-
wards.
Most of those remaining here
are new Soviet citizens who are
known as "radishes," red on the
outside, white on the inside. They
have no consulates. Needs of the
community are represented by a
trade chief.
A number of Russians left

Mukden some months ago com-
plaining of harsh treatment. Sol-
diers used to make photographs at
until General Tu Pu-Ming, the
government commander, ordered
this practice halted.

Only a few Russian stores re-
main in the city and, these are
generally boycotted by the Chi-
nese. On the other hand, Ameri-
cans are treated with every
courtesy.

A favorite question Chinese ask
visiting Americans is "when will
America fight Russia," a query
made in a tone which implies con-
viction the United States will do
so sooner or later.

The Chinese also are trying to
make a case for increased military
aid to Nationalists in Manchuria
on the ground the Russians are
helping the Chinese Communists,
a charge often made but not yet
conclusively proved.

A diamond does not sparkle un-
til it is cut and polished. This
grinds away about half its weight,
but greatly increases its value.

Caraway or celery seeds give
novel flavor to cottage cheese.
Add salt to season and enough
cream to make the mixture spread
easily. Use as a sandwich filling.

Consumption of canned fruit
juices (including pineapple, grape,
apple, and others) by civilians
is estimated at 15 pounds per
capita in 1946.

House Guests Given Dinner By Morris

Mr. and Mrs. Herman E. Morris entertained with a buffet dinner on July 4 honoring Mr. and Mrs. Ernest A. Perry of Miami who were their guests.
The dinner guests were received in the back garden of the Morris home by the honorees and Mr. and Mrs. Morris and chose their dinner partners, by matching their place cards which had inscriptions of patriotic phrases in keeping with the Independence Day. The partners then proceeded to the dining room where the table was decorated with an artistic arrangement of fruit in the center. The table was also decorated with small American flags, burning tapers and a three-tiered red, white and blue cake inscribed with the words, "Welcome Perrys".
The rooms of the Morris home were decorated with a profusion of summer flowers. Guests were seated at individual tables, and candles were used in lighting the entire scene. Bobby and Ernie Morris assisted in serving the guests.
Those invited to be with Mr. and Mrs. Perry were Dr. and Mrs. W. P. Brooks, Jr., Mr. and Mrs. Frank B. Miles of Winter Park, Mr. and Mrs. Frank Lamson, Mr. and Mrs. J. M. Stinecoper, Mrs. Mary Bokly, Mr. and Mrs. Jack Stempier, Mrs. Gertrude Gilbert, Mr. and Mrs. William H. Stempier, Dr. and Mrs. L. T. Doss, Theodore Rungel, LeRoy Gilbert, Grace Marie Stinecoper, Martha Stempier and Harold Stempier.

AVIATION STUDENTS PICNIC
Approximately 50 students, pilots and people interested in aviation were present when the Sanford School of Aviation held its monthly barbecue and picnic on July 3 at Blue Springs. These parties are held every month. Swimming was enjoyed during the picnic and steaks were grilled and served with a delicious dinner.

The number of civil pilots in the United States has increased from 100,800 in 1941 to 400,000 in 1946.
Painting the handles of garden tools a bright color to make them easily seen on the ground will help reduce accidents.

Personals

Mr. and Mrs. Ernest A. Perry of Miami were the guests of Mr. and Mrs. Herman E. Morris over the past holiday.
Mr. and Mrs. F. E. Roumillat have as their guest Mrs. Roumillat's nephew, James A. Weidman of St. Augustine.
Dr. W. P. Yesley will return to Sanford on Saturday after teaching at the Young People's Conference being held at Camp Winona.
Mrs. Frank C. Ellsworth and daughter Leone of Cleveland, O. are the guests of Mr. and Mrs. J. C. Ellsworth.
Mrs. G. H. Crabtree and daughters Margaret and Helen and son Jimmy arrived on Saturday from Mahopac Falls, N. Y. to visit with Mrs. Crabtree's parents, Mr. and Mrs. J. H. Wynn.

Hollywood

HOLLYWOOD, July 8 (AP)—The million-dollar production is disappearing.

In purely mathematical terms this means little to us laymen, because Hollywood figures (aside from Lamour, Grable etc.) cannot be comprehended by those outside the industry. Movie moguls toss around more grandly than a piano mover. But in terms of what you pay to see at the neighborhood Bijou, it will make a lot of difference.
Most of the films being made these days are in the million-plus category. Studios concede that a first-rate western or musical can't be produced for less than \$1,500,000, and must run well beyond that when a company puts out \$200,000 for a book or play and pays a similar amount to a couple of stars the resultant product can hardly run less than \$2,000,000.
The other main category consists of the films that scale from \$150,000 to \$700,000. At present costs of production these must be classified as sub-B's. They are usually sub-standard stories whipped out at breakneck speed to provide fillers for cheap double-bills.
The result? A lot of big pictures, but many of them inferior. Stories which once would have been earmarked for B treatment are now made into super-specials. Producers suffer the disease of high budgetitis. With unlimited time and money to spend, they develop sloppy habits. Or if they are awed by the investment, they make sure of their money by adhering to tried-and-true formulas.
The much maligned B had its points. If a low-budget picture was a failure, nobody noticed much. But if it was a success, new talent got a break and a star might be born. Come on back, B, all is forgiven.
This isn't kind to actors week, but there are steps in that direction. Victor Saville, director of "If Winter Comes," is using a different kind of screen lighting, filtering the powerful arc lamps through white screens. The actors are faced with a soft light instead of a sun-like glow.
George Stevens has eliminated the lullaby which always sounds for silence before a "take." "It's enough to jar any actor into forgetting his lines," he says. He has substituted standards that flash a white for quiet, red "for silence."

Commentary on the difference between American and British films is offered by the experience of Deborah Kerr. She has been kissed 22 times in her first two films here: 13 by Clark Gable and 9 by Walter Pidgeon. That's more snuggles than she got in her last seven films in England. She's just observing, not complaining.

They Won't Believe Me! In a tight terrific melodrama. Dealing with rather sordid characters and events, it shows how a man's infidelity to his wife leads to his death in a murder charge. This sort of thing has been done before, but seldom with such gripping interest. Robert Young triumphs in an unsympathetic role, and Susan Hayward and Jane Greer sparkle as his girl friends.

Paris Meet
Continued from Page One had there been an outright request from Russia to stay away from Paris.
In Rome, Communist leaders in statements over the weekend declared that Italian Communism was not unilaterally opposed to participation in the Marshall plan.
The Austrian cabinet also accepted the invitation today.
In London British Foreign Secretary Ernest Bevin said the Marshall proposal might yet make the greatest contribution to international unity. He indicated in an address that the door still was open to Russia to join in implementing the program. Bevin said Marshall's proposals were purely economic and that prejudice, "either religious or ideological," should be ruled out in the discussions.
Earlier Moscow's press published Tass dispatches from Paris and Bucharest saying that Romania, Yugoslavia and Poland probably would not participate in the conference. Albanian and Hungarian diplomatic representatives in London expressed the opinion that their nations, also, might stay away.

A Reminder
For your vacation needs buy stationery now. Sale continues all this week.
Coleman's
114 Magnolia Ave.

Miss Nancy Williams daughter of Mr. and Mrs. Robert A. Williams, is shown seated at the piano in the Munson Piano Studio where she was presented in her certificate on June 20. Miss Williams has studied piano since she was 10 years old under the direction of Mrs. Fannie Egan Munson. She has appeared on many Creedon Club monthly programs, annual recitals and served as Glee Club accompanist during her Junior year at the Seminole High School. She accompanied the Boy's Glee Club to the Florida Music Festival and Clinic held recently in Tampa where they won first place. She will enter Stetson University in September and continue her studies in music.

Comission Meet
Continued from Page One that way which had been planned to cut diagonally across the tract. Although there was a rear alley, Mr. Evans requested that the alley, the 28 foot street, the pipes and the alley be restored as in the plat.
H. P. Wheeler requested that some action be taken to secure drainage of the road in Ovida running to his fertilizer plant. Commissioner H. H. Pope promised action within 30 days if Mr. Wheeler will provide the pipe and materials necessary, which he had previously volunteered to furnish.
Mr. Wheeler expressed appreciation in behalf of the Ovida Memorial Legion Post for the County's action in putting the road to the picnic grounds in good condition for the Fourth of July celebration and barbecue.
James A. Neal was promised immediate action in the widening and raising of the grade of a quarter mile stretch of Bear Lake. This road was originally graded by the County in 1922, according to M. C. Hagan, engineer. New drainage pipe will be installed, he said.
E. H. Myer requested action in putting in a road to serve residents on the shore of Lake Jessup near the Henry Schumacher farm. The commissioners said that they will have engineers study the problem of a right-of-way.

GENEVA NEWS

By MRS. A. E. MOGAN

Mr. and Mrs. Meady Baker and daughter of Columbia, S. C. are spending a few days here.
Edson Guit returned home in his private plane Thursday after visiting in his home town in Indiana.

Joe Corley of Coronado Beach is visiting Aubrey Moran this week.
This week in Vacation Bible School Week for all the children in Geneva. The classes are being held at the Methodist Church under the direction of Rev. Lionel Nelson.

Mrs. Ethel Thomas, Shirley Thomas, Barbara Flynn and Mrs. A. E. Moran spent Friday at Coronado Beach with friends. Mr. and Mrs. Joe Corley and family.

Mrs. Sara LeFils spent Friday in Mims with her son and daughter-in-law, Mr. and Mrs. E. S. LeFils.

George Arnold of Bradenton was a guest of Mr. and Mrs. Fred Wilson from a week's vacation. She will visit friends and relatives in Cocoa, Miami and Jacksonville.

Dinty Whiting, son-in-law of Mr. and Mrs. W. J. Yarborough, left Wednesday for Washington, D. C. where he is employed.

June and Florence McGill and Isabel LeFils returned home Saturday from a week's visit at the Hill Country at Grayland.

Mr. and Mrs. O. E. Poland of Sanford were visitors of Mr. and Mrs. Henry Kretzer Sunday.

The Community picnic was held at the Hill Friday instead of at Lake Hartney as was previously planned by the Home Demonstration Club. Among those enjoying the day were Mrs. Nelle Thomas, A. W. Davis, Mr. and Mrs. Homer Ballard, Mr. and Mrs. C. A. Oldham and family, Mrs. Heltha Lightsey, Mr. and Mrs. W. C. Anderson, Mrs. Edna Longough, Mr. and Mrs. Phillip Bauer, Mr. and Mrs. Raymond McGill, Edson Guit and Mrs. M. E. Dooley.

Also Mr. and Mrs. Meady Baker and daughter from Columbia, S. C., Mr. and Mrs. Horace E. Story and daughter from Orlando, Mrs. Sue Coleman from Gainesville and Mr. and Mrs. Wilson Golder and daughter Beverly from Orlando.

Mrs. Ethel Thomas entertained with a party honoring her daughter Shirley's birthday at the Community Hall Saturday evening. Quiet games and tea dances were enjoyed by Barbara Flynn, Florence and Bobby McGill, Mary and David Oldham, Aubrey Moran, Jean Wilson, Buddy Corley, Isabel LeFils, John and Frank Anders, Evelyn Daniels and Shirley Thomas.

The party gathered around the table, which held a large white cake topped with 13 candles. "Happy Birthday" was sung to Shirley as she blew out the candles. Cake, punch, nuts and candies and ice cream were served to all including Mr. and Mrs. W. C. Anders, Mrs. Hazel Flynn, Mary Jane Flynn and Mrs. A. E. Moran.

Mr. and Mrs. Vincent LeFils and daughter of New Smyrna were recent visitors of his parents, Mr. and Mrs. G. C. LeFils.

Miss Betty Summerall returned home after a two week's vacation.

Circle 10 Meets At New Smyrna Beach

Mrs. W. C. Hill entertained members of Circle No. 1 of the Women's Society of Christian Services of the First Methodist Church on Monday with an all day party and picnic at New Smyrna Beach where she and her family are spending the summer months.

The business session was opened with the treasurer's report by Mrs. C. H. Winn, treasurer. A report was heard on the committee's trip to the County Home on the Orlando Highway last week.

Dues were collected and an announcement made that the next meeting will be held at the home of Mrs. M. L. Tilla, 1100 Elm Avenue. Mrs. J. C. Davis read a portion of the study book, "To Whom Much is Given" and the meeting was closed with a prayer.

Following the meeting, swimming and a covered dish luncheon were enjoyed by the members present.

Those present were Mrs. W. M. Black, Mrs. Davis, Mrs. Winn, Mrs. A. D. Shoemaker, Mrs. Clark Leonard, Mrs. A. D. Johnson and Mrs. Tilla. Visitors to the meeting were Mrs. T. Bradford Byrd, Mrs. B. H. Laney, Mrs. Howard LeGette of Cairo, Ga., Miss Ann Black and Ann Crapps.

at Coronado Beach with her sister and brother-in-law, Mr. and Mrs. Joe Corley.

Mr. and Mrs. J. T. McLain, Jr. had as dinner guests Sunday, Mrs. E. N. Sutton and Rev. W. B. Kysar of Mims.

Mr. and Mrs. William Hollis and Clifford Lowe of Lanett, Ala. left for their home Saturday after spending a few days with Mrs. El Hart.

Mr. and Mrs. William Hollis, Clifford Lowe and Mrs. El Hart spent Wednesday in Daytona Beach.

A basket dinner will be given at the hall next Sunday to welcome Rev. Lionel Nelson back to this community through the Methodist Church. Everyone is invited to attend.

High wartime nutrition levels resulted from increased consumption of almost all foods, but especially of milk, eggs, vegetables, and citrus fruit.

He Opens 12:15 P. M. 40c Today & Wednesday!

NEW Colgate-Palmolive-Peet SUDS beats soap at saving work!

VEL cuts dishwashing time in half!

Dishes, glassware gleam without wiping!

After washing with Vel, just rinse dishes. Even glassware dries sparkling clear without time-wasting wiping! Vel leaves no soap scum or streaky film to polish away. Removes grease faster, more completely than soap; so pots and pans get clean with far less work! Leaves no dishpan ring to scrub out. Vel cleans dishes cleaner than soap and saves up to half your dishwashing time!

Milder to Hands!
Vel is not a soap but an entirely new and different suds that is completely neutral... milder than soap.

Stockings stay lovelier, sheerer-looking!
Wash stockings with Vel and they'll stay lovelier longer than even with finest soap flakes! Vel leaves no cloudy soap scum or film of any kind. Stockings rinse clear; stay sheer. Vel does away with soap-fading!

MarVELous for DISHES · STOCKINGS · LINGERIE · WOOLENS!
Instant SUDS in hardest, coldest water!

Feds In Daytona Tonight; I's Here For 2 Tilts Tomorrow

Locals Trip DeLand 3 To 2 Last Night Behind Masterful Tossing Of Kettles

DELAND, July 8. (Special)—A single by Walter Harrington in the top of first inning sent Johnny McManus scampering home with a single tally and a one run margin that the Sanford (Clergy) Feds never relinquished as the visitors tripped the DeLand Red Hats by a 3 to 2 margin here last night.

Carl Kettles went the route for the Feds and allowed the Hats but six well scattered hits while striking out one and issuing two free passes.

Tonight the Murraysmen invade the City Island Park in Daytona Beach for a single tilt and will return to their home Municipal Park for a twin engagement with the lalets tomorrow night.

When skins are tender, scrub and serve these vegetables with skins on cucumber, carrots, tomatoes, and summer squash. Leave skins on apples for salads, fruit cups, apple sauce.

BOUDREAU PACES IMPROVED TIGER BATTERS IN ALL-STAR TILT TODAY

NEW YORK, July 8. (AP)—Paced by Cleveland Manager Lou Boudreau's 350, five of the American League's top ten hitters will be in the starting lineup of today's 14th annual All-Star game at Chicago while four of the National League's first ten leading hitters will open for the Nationals.

Boudreau enjoys an 11-point lead over his all-star teammate runner-up Joe Mauer of the New York Yankees who sports a .339 average.

Harry Walker of Philadelphia, the National's starting center fielder in today's dream game, leads his league with a .335 mark, a ten per cent drop from his average of a week ago.

Trailing Walker is St. Louis' Enos "Country" Slaughter who is slated to open in left field for the Nationals, with a .330 mark.

Ralph Kiner, outfielder of the Pittsburgh Pirates, jumped from seventh to third by boosting his mark from .316 to .321, nine points behind Slaughter.

Rounding out the National's top ten are Bert Haas Cincinnati, .320, Walker Cooper, New York, .316, Johnny Mize, New York, .313, Terry Moore, St. Louis, and Carl Furillo, Brooklyn, .312, Jackie Robinson, Brooklyn, .311 and Willie Marshall, New York, .307.

Kiner, Moore, Furillo and Robinson are the only ones of the group who were not nominated to the All-Star squad. Cooper and Mize will start the intra-league classic behind the bat and at first respectively.

George Kell, Detroit's crack third baseman and starting hot corner guardian of the American All-Star squad, brings up third base in the American League batting lineup with .320.

Back of Kell are George McQuinn, New York, .328, Bob Dillinger, St. Louis, and Luke Appling, Chicago, .316, Jeff Heath, St. Louis, .308, Ted Williams, Boston, .307, Barney McCoy, Philadelphia, .306 and Johnny Lindell, New York, .304.

Use shredded raw greens, like spinach or cabbage, in a mixed salad bowl.
Ready-mixed can save time and trouble this spring when gardening and warm weather makes hours spent baking and cooking seem long and hot.

Grace Lenczyk Top Contender For Inter-Collegiate Tourney

COLUMBUS, O., July 8. (AP)—By qualifying with a par 78, six strokes ahead of her nearest rival, Grace Lenczyk of Newington, Conn., was a strong favorite today to go on to victory in the National Intercollegiate Women's Golf Tournament.

For the start of match play at the Ohio State University Scarlet Course, Miss Lenczyk was paired with Bonnie Randolph of Ohio State, who qualified with 90.

Shirley Spurr of Michigan State Normal, runner-up in the paired with Barbara Gamme of qualifying round with 84, was Western Michigan College, who qualified fifth 90.

Other pairings included: Patricia Devaney University of Miami, (86) and Carol Carl, Miami University, (85).
Rosann Shaffer, Rollins College, (85) and Mary Conwell, Mills College, (90).

Clara Mosack, Rollins College, (88) and Marilyn Pollock, Miami University, (94).

Indonesia Accepts 4 Dutch Proposals

BATAVIA, Java, July 8. (AP)—The Indonesian Republic offered today to accept four Dutch proposals for the interim government and to cooperate with the critical issue of internal policing upon which may depend maintenance of peace in the Indies.

A highly placed Dutch official said the new Indonesian note "contains such evidence of good will that the danger of military action seems successfully to have been avoided."

The note was brought by an Indonesian delegation which arrived by plane today from Jogjakarta, the public capital. It was a reply to Dutch demands with regard to the interim government of the United States of Indonesia, which is to gain permanent status Jan. 1, 1949.

To wash slips and blouses with the regular laundry in the washing machine, place each item in a pillow case and tie the corners securely.

Twin Bills Featured In State League Play

Three twin bills were featured in the Florida State League play last night with Leesburg at St. Augustine, Palatka at Gainesville and Daytona in Orlando.

The Saints took both ends of a twin bill from the Leesburg Pirates. Nick Brunato, outstanding Ancient City hurler, racked up his eleventh victory in the 1947 campaign by trimming the Buccs 12 to 4. In the opener the Saints were victorious, 3 to 1.

The Gainesville G-Men trounced the Palatka Aztecs in a twin attraction by 6 to 5 and 11 to 3 margins with Manager Myrl Hoag going the route in the opener to hang up his tenth win against two defeats thus far this year. Tom O'Callaghan received credit for the second tilt.

Geroy Manning sparked the Orlando Senators 13 to 2 and 5 to 1 victories over the Daytona Beach lelets before a full house in Orlando.

Leesburg 000 100 0-1 4 2

Coal Contract

(Continued from Page One) with the 3:00 P. M. shift, a union official said, provided the formal signing takes place on schedule at United Mine Workers headquarters at 10:00 A. M.

Reluctantly but surely, the operators of the South, Midwest and Far West were expected to follow. But their names probably will stay closed a day or so longer while owners examine the 21-page contract, calling for a boost in the miner's basic hourly pay from \$1.18 1/2 to \$1.63. The actual document was not made public immediately.

Coal prices are due to go up between 67 cents and \$1 a ton. Benjamin F. Fairless, president of the U. S. Steel Corporation, who helped break the contract deadlock a week ago by capitulating to Lewis' full wage demands, hailed the new pact as likely to result in "industrial peace in the bituminous industry for a long time to come."

It was Fairless' company which earlier this year negotiated a two-year agreement with CIO President Philip Murray for the steel industry calling for a 15-cent hourly pay increase. "This (coal settlement) should prove to be highly beneficial to the whole economy of the nation," Fairless said in a statement. "In my judgment, a coal strike at this time would have paralyzed the industry of the entire country, and might also have had an adverse effect upon the international situation."

Under the contract ratified last night by the union's 200-man policy committee, the miner now will get \$1.65 for an eight-hour day. He has been receiving \$1.18 1/2 for nine hours underground. By absorbing former overtime rates for two of those nine hours the new terms hike the basic hourly pay 44 1/2 cents—from \$1.18 1/2 to \$1.63. Lewis also won a 10-cent royalty for the union welfare and retirement fund, capable of yielding more than \$50,000,000 annually if all the operators accept the contract. The collection has been five cents a ton, or half that amount.

The contract provides for operator acceptance of the federal mine safety code—superceding the varied regulations of the bituminous coal states.

The contract, effective until July 1, 1948, provides: 1. A 44 1/2 cent basic hourly wage increase, raising miners' pay to \$1.65 a day, far above 1947's second-round "pattern" of wage increases in other industries.

2. An eight-hour day, including portal-to-portal time, instead of a nine-hour day; also, a half-hour instead of 15 minutes for lunch.

3. A 10-cent-a-ton royalty, instead of 5 cents, to support the miners' welfare fund. The fund will be governed by a three-man board of trustees made up of Ezra Van Horn, Cleveland coal operator; UMW President Lewis; and a neutral member to be chosen jointly.

4. Agreement that the contract covers the soft coal miners "during such time as such persons are willing and able to work." This immunizes the union from Taft-Hartley Act penalties for work stoppages in violation of contract.

5. Withdrawal of no-strike clauses and penalties for illegal stoppages from all local and district contracts.

6. The union abandons—for the year—its old demand for recognition of foremen and supervisory employees.

7. Federal mine safety standards will apply in all affected mines, replacing a variety of state safety codes.

8. The check-off of union dues

LET'S GO FISHING

ALL you need is a pencil to catch fish in this game. Each of the following sentences conceals the name of a fish. In each case the name is found by joining two or more consecutive words or parts of words.

- The boy's terror was so great that he became speechless.
- After washing his car, Percy decided to postpone his trip.
- A committee of seven men had entire charge of the appropriations for atomic energy development.
- When the child broke out in a rash a doctor was called.
- The ice was melted quickly when the sun came out.
- After the paymaster had docked the workmen for being late, he refused to listen to their excuses.
- He hoped to induce the United Nations to adopt a universal money.

Solution of the Cross-number puzzle presented elsewhere in the page.

* QUIZ-CROSSWORD WITH CLUES FROM THE BIBLE *

By Eugene Sheffer

Crossword puzzle grid with clues from the Bible. Clues include: 1-Who was hanged on the gallows that he himself had prepared for Mordecai? (Esther 7:10) 6-Third son of Jether (1 Chr. 7:38) 9-Can one go upon hot... and his feet not be burned? (Pr. 31:9) 1-Coal-scuttle 2-Imitate 3-Middle: comb. form

Tax Cut Bill

(Continued from Page One) make no statement of his attitude prior to action on the legislation.

Republican leaders claimed certain Senate approval for the plan to unify the Army, Navy and Air Forces despite protests that it would "create a vast new military empire."

Senator Gurney (R-S.D.), floor manager for the legislation, told a reporter: "I'm certain we will pass it, maybe on Wednesday but certainly by Thursday."

Senator Wherry (Neb), the Republican Whip, agreed but added "there may be some amendments."

Actual debate was suspended today while the Senate considers other matters. Senator Robertson (R-Wyo.) told a reporter he will complete a lengthy opposition speech tomorrow and press for a series of changes in the bill recommended by the armed services committee.

Robertson did not dispute claims that the Senate will approve the Unification Bill but said he "has some definite Senate support" for his amendments.

National Grange

(Continued from Page One) tion's views. He said: "The AFL is convinced that the feast and famine policy of American industry which in general has allowed prices and profits to climb to such unprecedented heights that consumer buying power is dangerously lagging, will inevitably lead to economic recession unless corrective action is taken—immediately."

Wall said the AFL believes "that moderate increases in wages in 1947, accompanied by a price reduction policy industry by industry according to their ability to lower prices, will assure continuing prosperity" with high levels of production and employment.

Declaring food prices "must come down," Wall added that if they continue upward, "rank and file worker pressure for wage increases will be inevitable."

He said wage hikes this Spring "have not been accompanied by price increases" and have "served to take up the slack and offset the danger of a sharp collapse of economic activity."

The result, Wall said, "has been healthy for the economy as a whole."

DEATH NOTICE

ARON Bellamy, 20, negro, drowned at New Smyrna Beach on July 4, the Moseley Funeral Home reported today. Born in Monticello, he had made his home in Midway for a number of years. Funeral services were held yesterday.

No earthly laboratory can produce the high temperatures that exist in the sun.

DOUBLE-CROSSES IN SMALL NUMBERS

Double-cross puzzle grid with numbers 1 through 9. The puzzle involves filling a grid with numbers to satisfy both horizontal and vertical constraints.

"Lady Finger" bananas, which are one of the most popular varieties in countries where they can be eaten soon after being picked, but which are virtually unknown in the United States because they do not ship well, may soon enter U. S. markets via air shipments.

A territory-wide plebiscite held in Hawaii in 1940 resulted in a two-to-one vote in favor of statehood.

Some Australian lizards have traces of the third eye which were functional in lizards of past geologic ages.

Truman Signs Bill Financing 5 Agencies

WASHINGTON, July 8, (AP)—President Truman today signed a \$1,074,168,631 appropriation bill financing the Labor Department, the Federal Security Agency, the National Labor Relations Board, the National Mediation Board and the Railroad Retirement Board for the fiscal year 1948.

Desi Arnaz Orchestra Hurt In Bus Crash

LAPORTE, Ind., July 8, (AP)—Ten members of the Desi Arnaz orchestra were injured today as their chartered bus sideswiped a truck eight miles northeast of here. A young woman traveling with the orchestra also was injured. None was hurt seriously. Six of the injured were brought to a hospital here and five were taken to a Michigan City hospital. Arnaz, Cuban band leader, was not traveling with the orchestra. The orchestra had appeared last night in Madison, Wis., and was enroute to Akron, O., for an engagement tonight.

SEEKS NEW GOAL

BERKELEY, Calif., (AP)—A loaf of bread which would be more nourishing but less fattening; that ordinary bread, is the goal of a University of California nutritionist.

With 300 pounds of whole wheat flour and samples of dried milk made by several methods at the university's dairy, Miss Barbara Kennedy, the diet expert, aims to turn out bread with a protein content of 15 to 20 percent.

The protein content of baker's bread is 4 to 6 percent, she said. This high protein bread would give growing children additional bodybuilding substances without increasing the bulk of their diet, and would give dairymen a new outlet for surplus milk.

Red Plot In Greece Thwarted By Police

2 Thousand Communists Are Arrested For Seeking Revolt Against Government

ATHENS, July 9, (AP)—The Greek government announced today that more than 2,000 persons were arrested in the Athens area early today in raids aimed at stamping out a Communist plot to stage a revolution and spread civil war throughout the entire country.

Minister of Public Order Napoleon Zervas said the zero hour for the Communist stroke was to have been around 1 A. M. tomorrow, when attacks were to have been staged simultaneously in all parts of Greece, bringing the present mountain guerrilla warfare into urban centers.

Between 3,000 and 4,000 police, gendarmes and soldiers staged the lightning raids before dawn this morning, Zervas said. He added that many important Communists already had fled and either were hiding in Athens or in the mountains.

Most of those arrested, he said, will be taken to islands near Athens, while the investigating continues.

The transport already has begun. Some ringleaders, Zervas added, will remain in Athens to await hearings. Those not implicated in the plot will be released and others probably will be exiled, officials said.

"For several days the government has been on the trail of a Communist plot designed at transferring the whole guerrilla warfare to urban centers of Greece," Zervas said.

This was absolutely in cooperation with Communist plans to establish a Communist government in Greece. The procedure is easy to understand, before creating such a government the Communists wanted to create in Greece a state of general civil war so that this eventual government would appear not only as representing and controlling the bands in the mountains.

Mrs. Joel Field Reports On Pilot Club Convention

A report on the recent Pilot Club convention at Columbus, Ohio was told last evening to members of the local Pilot Club by Mrs. Joel Field, delegate, who returned Monday. Mrs. Lourine Seal, the other delegate, is still on vacation. The camp belongs to Mrs. Mary Rawlins.

Mrs. Field told the group of 29 members of the club and two visitors of the welcome given the 500 Pilot delegates at the Deshler-Wallick Hotel in Columbus by Governor Herbert of Ohio. Senator Bricker was also present, she said.

The main talk at the convention was given by Mrs. McGovern Tufts, Washington, D. C., news correspondent, who flew to Columbus to speak on "the part women play in peace and progress of the world," said Mrs. Field.

Mrs. Felice West and Miss Maude Ramsey were hostesses at the dining table, and Mrs. Laura Ratliff was in charge of the program. Mrs. Elizabeth Kircher played selections on the accordion.

Legislator To Speak At Jaycee Luncheon

C. Farris Bryant of Ocala, a representative from Marion County, will be the principal speaker at the Jaycee luncheon tomorrow at the Mayfair Inn at 12:00 o'clock, Daryl Swan, program chairman, announced today. Mr. Bryant, who will speak on governmental affairs, is serving his first term in the State Legislature. Clarence Camp, another Marion County representative, is also expected to attend the meeting.

Princess Elizabeth To Wed Former Prince Of Greece

LONDON, July 9, (AP)—Princess Elizabeth has chosen for her husband a man whom untold thousands of her future subjects would marry if they had the chance. Lieut. Philip Mountbatten is a man's man, and a bobby-soxer, ideal as well.

Not only wistful poor girls but some of Britain's most glittering debutantes have cast come-hither looks at the handsome ex-prince. He is tall, fair-haired, blue-eyed and has the profile of a classic Greek statue. Slightly reserved, as befits a public school product, he smiles easily and says the right things to women. In naval uniform, he looks like something out of a tailor's ad.

At 26, Mountbatten has the broad shoulders that helped him become an outstanding soccer player at school. He dances perfectly and often. He drives a car as fast as the law allows.

Board Declines To Reconsider Race Track Fund

The Board of County Commissioners yesterday afternoon declined to reopen the issue of again diverting a portion of state race track tax money to the County School Board. O. P. Herndon, county clerk, announced today.

This decision, said Mr. Herndon, was made following an appeal at the morning session by Supt. I. W. Lawton and Seminole High School Principal Herman E. Morris, that the Board rescind its action of June 3, discontinuing the allocation of half of the race track money to the schools.

The reasons advanced yesterday by the Commission for declining to reconsider their decision, were the same given on June 3 when they unanimously rescinded their action of June 4, 1946 diverting one half of race track receipts to the schools, he declared.

Atomic File Theft, Recovery Reported

WASHINGTON, July 9 (AP)—Senator Hickenloper (R-Okla.) told the Senate today that important information files were taken from the Los Alamos, N. M., atomic testing station in March, 1946, but were recovered without any "breach in security."

Chairman of the Senate Atomic Energy Committee took the floor to say his group "has no reason to believe" a published report in the New York Sun that highly secret data on the atomic bomb is missing from the Oak Ridge, Tenn., atomic energy plant.

COMING TO FLORIDA

WASHINGTON, July 9 (AP)—The Navy said today it will "in the very near future" move its special weapons and devices school from New London, Conn., to Key West, Fla.

John Kennedy, assistant secretary of the Navy, advised Rep. Bowers (D-Fla.) the school now has a staff of all officers and 17 enlisted men and 16 officers and 150 men in classes.

great-great-grandson of Queen Victoria who was Princess Elizabeth's great-great-grandmother. Until he became a British subject and renounced his title last March, Philip was a prince of Greece and Denmark, sixth in line for the Greek throne.

One thing he may lack as the perfect husband—money. He has little of his own, but his uncle, Viscount Mountbatten, has wads of the stuff, and Elizabeth's income will be for all practical purposes unlimited when she becomes queen.

Rev. D. Charles Is Guest Speaker At Kiwanis Meet

Ideals of Christianity and friendship with God and man was the theme of an inspiring talk given today to Kiwanians at the Tourist Center by the Rev. Douglas Charles, newly ordained assistant pastor of the First Presbyterian Church. W. A. Morrison presided.

The Rev. Charles was introduced by Roy Mann, who with Judge R. W. Ware and Raymond Beaver, had charge of the program.

Dr. Harry Woodruff announced that telegrams had been sent to Arthur Godfrey by the Kiwanis Club, by the Seminole County Chamber of Commerce and by The Sanford Herald pointing out that his statement on the Chesterfield program this morning that singer Dick Aiken is from Orlando is a serious error in that Mr. Aiken has lived in Sanford for many years.

Banana Boat Fire Kills Two In Jax

JACKSONVILLE, July 9, (AP)—Fire from liquefied gas which burst into flames aboard the 120-foot banana boat Charlemagne on loading fruit at a downtown wharf killed two men and resulted in injuries which required hospital treatment for at least two others yesterday.

The dead were identified as Frank Stutta of Jacksonville, operator of a truck which was loading the gas into containers in the ship's galley, and Armando Cancio of Havana, Cuba, one of the ship's crew.

Sgt. John W. Payne Has 10 Day Leave

Staff Sergeant John W. Payne stationed at Kelly Field, San Antonio, Tex., recently spent a ten day leave in Sanford. Sgt. Payne served aboard the USS Cutter Basewood in the U. S. Coast Guard as an Electrician's Mate 1st Class during World War II.

CHILEAN ORPHANS

SANTIAGO, Chile, July 9, (AP)—Official circles reported today that Chile has threatened to recall her diplomatic representatives from Moscow unless satisfactory explanation was given to charges that Chilean diplomats in the Russian capital did not receive proper treatment.

39 Nations Study Cereals At Paris Meet

Romania, Bulgaria Reject Invitation To Attend Aid-To-Europe Conference

PARIS, July 9 (AP)—Romania rejected today the British-French invitation to a Paris conference on the Marshall aid-to-Europe proposal, and became the second nation in the Balkan sphere to decline the bid. The Romanian cabinet issued a communique rejecting the invitation.

PARIS, July 9, (AP)—French Premier Paul Ramadier, welcoming the delegations of 39 countries to Paris for a World Emergency Cereals Conference, said today that France believed international cooperation must be based on willingness to cooperate economically.

The opening of the grain parley came three days before a projected 24-nation European Economic Conference on the Marshall plan. Russia, which has declined to take part in the Saturday meeting, was not represented today.

"The organizations that take care of the material needs of men," Ramadier said, "are the ones that succeed without threatening the bases and foundations of their principles." He stressed "the need for close and peaceful ties between men for international organization."

15 Per Cent Drop In Food Prices Seen By Fall 1948

MARYLIN L. ARROWSMITH, WASHINGTON, July 9, (AP)—Senator O'Mahoney (D-Wyo.) said today the key to stabilization of America's economy is rehabilitation of Europe and Asia.

The Wyoming senator told a reporter that because of this "there won't be any quick solution of the problem of reducing prices for food and other commodities in this country."

WASHINGTON, July 9, (AP)—Clarence Francis, chairman of the board of General Foods Corp., predicted today that average food prices may be down "as much as 15 percent" by harvest time in 1948. Francis made no specific forecast as to what may happen to prices in the meantime.

But the United States Chamber of Commerce in another statement prepared for the joint congressional committee on the economic report declared that if the Marshall plan for rehabilitation of Europe goes into effect it is "likely to involve a very considerable upward pressure on many commodities."

Britain Sees Need For More Lend-Lease

LONDON, July 9 (AP)—Parliament had a hint from the government today, only three days prior to the Paris economic conference, that renewal of United States Lend-Lease before fall might be necessary to save Britain from unproductive poverty.

PRAVDA HITS U. S.

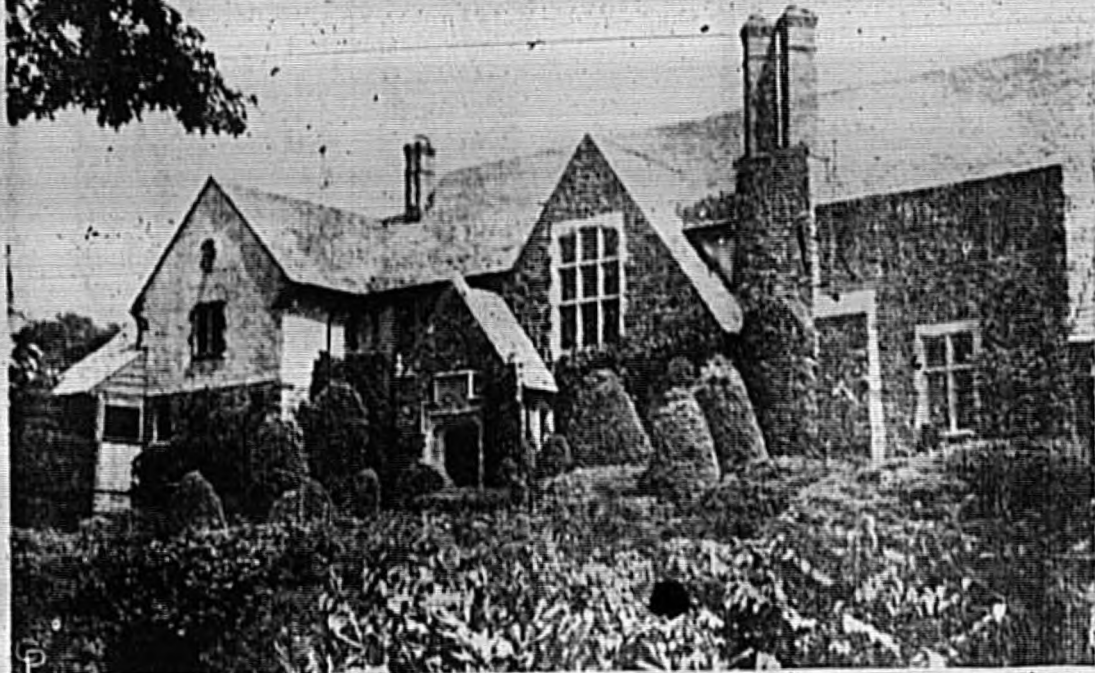

MOSCOW, July 9, (AP)—The Communist newspaper Pravda asserted today that the United States occupation forces in Germany were conducting an expert program which "is, in fact, concealed reparation out of current production from Germany industry."

RAINBOW LEADER DIES

INDIANAPOLIS, July 9 (AP)—Robert H. Tyndall, 70, mayor of Indianapolis and commander of the 150th Field Artillery of the 42nd (Rainbow) Division in World War, was found dead in bed in his home this morning. A doctor said the mayor apparently died of a heart attack.

Senate Committee Approves Income Tax Reduction Bill

May Be U. S. Home For Italy's Former King

HERE'S AN EXTERIOR VIEW of the home of Mrs. Walter M. Stone, at Southport, Conn., which according to reports will be purchased and turned into a residence for the former King Victor Emmanuel of Italy. He abdicated his throne in favor of his son, Prince Umberto, who in turn was ousted by the phibetism which made Italy a Republic. The ex-monarch of Italy is now living in Alexandria, Egypt. Eyes Of World Watch Czechs Attendance At Paris Meeting

Dr. DEWITT MACKENZIE, U. S. Foreign Affairs Analyst, Whatever may be the real significance of Czechoslovakia's decision to attend the forthcoming Paris conference on the Marshall rehabilitation plan (and the import certainly isn't clear at this writing), it's good to see this liberty-loving little republic among the acceptors of the invitation.

School Re-imbursed For Lunch Expenses

TALLAHASSEE, July 9 (Special)—The Seminole County Board of Public Instruction will receive \$986.82 this week as reimbursement for food expenditures in the school lunchrooms of the county, State School Supt. Colin English said yesterday.

New First Sacker To Report To Feds

Ralph Satterfield, a rance-hard-hitting first baseman, has been purchased from Lakeland in the Florida International League by the Sanford Baseball Association. It was announced this afternoon by George Touhy, business manager of the Celery Boy organization.

Martial Law Is Declared In Iran

TEHRAN, Iran, July 9, (AP)—Martial law was imposed throughout Iran today and troops swiftly suppressed three newspapers which recently attacked Premier Ahmad Qasbi's government.

May-Garsons Make Plea For New Trial

WASHINGTON, July 9 (AP)—Ex-Congressman Andrew J. May and munitions makers Henry and Murray Garson appealed today for a new trial on grounds their July 3 bribery convictions were "unfair" and the result of "prejudice."

BOND SET

Following a preliminary hearing before County Judge M. W. Ware yesterday, bond of \$7,500 each for William Ireland and William R. Wellman was set, pending action by the Grand Jury during the fall term of Circuit Court in November. The two men were arrested on June 16 on a warrant charging attack against a young woman.

FISH LAW INVALID

PALMETTO, July 8, (AP)—A 1947 act which exempted fishermen in Lake Okechobee and portions of the St. Johns River from statutory penalties for violating rules of the State Game and Fresh Water Commission has been ruled unconstitutional by Judge W. T. Harrison of Palmetto.

THE WEATHER
Partly cloudy with scattered showers through Thursday.

G. O. P. Expects Passage Of Measure By End Of This Week; Truman May Veto

WASHINGTON, July 9, (AP)—The Senate Finance Committee voted today to pass the Social Security Tax for two more years at the present rate of 1 per cent each on employers and employees. The measure now goes to the Senate floor.

WASHINGTON, July 9, (AP)—The Senate Finance Committee approved the \$4,000,000,000 income tax cut bill today in 43 minutes. The vote was 10 to 3, with only Democratic Senators Barkley (Ky.), Lucas (Ill.) and Connally (Tex.) opposing the reduction which would take effect next Jan. 1.

Chairman Millikin (R-Colo.) whipped the bill through his committee without the formality of hearing. The legislation, approved by a whopping 902 to 112 margin in the House yesterday, is identical with the original tax reduction measure vetoed by President Truman, except that the effective date is moved up from July 1, 1947, to Jan. 1, 1948.

The Republican schedule for Senate action gives the tax measure right-of-way for consideration as soon as the Army-Navy unification bill is disposed of—possibly tomorrow. Backers of the bill hope to send it to the White House by Saturday. But they are determined to bring it to a showdown even though the debate runs on far days.

Senator Taft (Ohio), GOP policy committee chairman, said "We'll stay here as long as necessary."

A bill dozen Republican and Democratic senators are considering a formal congressional request to President Truman that he shut a move to reorganize the United Nations. This proposal (Continued on Page Six)

Miners Return To Work Fearful Of Increased Prices

WASHINGTON, July 9 (AP)—Chairman Hattley (R-N.J.) of the House Labor Committee said today that any coal mine operators signing the new agreement with John L. Lewis might face criminal charges carrying a maximum penalty of \$10,000 fine and one year imprisonment.

In a statement in newspaper, Hattley said the agreement between Lewis and the mine operators "contains at least one clear violation of the Labor law as recently enacted."

MAURICE MORAN BRIDGEVILLE, Pa., July 9 (AP)—The miners were "willing and able" to return to their work today in a steel company's big "captive" pit but as they trooped into the diggings they feared increased living costs would melt away pay gains won in a new union contract.

These serious thoughts of the future, quoted the generally gloomy attitude of AFL-United Mine Workers returning to the National No. 1 Mine of the H. C. Frick Coke Company, a U. S. Steel Corp. subsidiary. The men, ranging in age from strapping youngsters whose clothing stamped them as ex-G. I.'s to gray-haired ancients of mining life, last night ratified at a union local meeting the contract signed by UMW chief (Continued on Page Six)

Oviedo Bank Has 90 Percent Increase

The Citizens Bank of Oviedo has made a 92 percent gain in total resources during the six months period from Dec. 31 to June 30. It was announced today by Charles G. Shaffer, cashier.
