

### Congress School Aid Supporters Seek New Help

WASHINGTON (UPI)—Congressional supporters of school aid dug out from the rubble of President Kennedy's stalled education program today and looked to the White House for some form of help.

The White House was silent Tuesday when the House Rules Committee tabled—and apparently killed for this session—Kennedy's school aid proposals. But reporters were likely to ask the President today for comment at his news conference.

One possibility that would hasten school aid advocates would be a strong declaration by Kennedy that he would veto any separate bill revising the highly popular program of federal aid to "impoverished" schools.

The President's supporters see the vote thrust as a perfect wedge to pry open the school aid matter, something called down by the 9-7 committee vote.

Chairman Adam Clayton Powell, (D-N.Y.), of the House Education Committee has quoted Kennedy as saying he would reject any separate bill extending the \$1.9 billion impounded aid program for schools crowded by the children of federally connected families.

Powell said if the \$1.9 billion House members who have impounded schools in their districts want a continuation of the aid that expired June 30, they will have to accept the rest of Kennedy's \$2.1 billion construction program for all public elementary and secondary schools. The Senate already has passed a similar bill.

The general aid plan and extension of the impounded district aid were tied together in one of the bills drafted by the rules group.

A second Kennedy bill would have provided \$2.5 billion in loans and grants for public and private colleges and college students.

A third \$1.7 billion measure would have extended the 1958 National Defense Education Act, with \$975 million in long-term loans for private and parochial schools to build classrooms for teaching science, mathematics and languages.

### House Outlaws Quickie Divorce

MOVINGMONT, Ala. (UPI)—The House Tuesday passed a bill which would outlaw "quickie divorces" in Alabama, where 17,000 decrees were issued last year.

The measure was passed by a 24-9 vote following debate in which the bill's sponsor and another legislator engaged in near fistfight.

# Millage Hike A Must, School Chairman Says

County School Board chairman Roy Mann today said that the board has no other alternative but to raise the support and maintenance budget millage to take care of the increased school enrollment expected this fall. Mann made the remark this morning as the board prepared to meet in special session late this afternoon to give its tentative okay to the 1961-62 budget. The meeting was scheduled to start at 4 p. m. At the same time, Supt. of Schools R. T. Milwee reported this morning that there will be a small increase in millage but declined to say just how much. At a meeting last week, Milwee along with administrative aide Walter Teague, emphasized that the support and maintenance budget will have to be raised one mill or, the board will be faced with drastically slashing its bond construction program.

Milwee today said that last year the county received \$122,000 from the federal government but federal officials told board members

By LARRY VERSHEL. Now that the County Commission is forming a citizens committee to come up with recommendations for a new courthouse, I wonder if they will ask for a Citizens Committee to help them prepare a budget.

The Commission will have their hands full picking the best 10 men to serve on this committee and we hope Sanford commissioner Ted Williams considers either J. H. Van Hoy or, George Touhy. No two men have the county's interest more at heart than these two.

The talk around town is that the Chamber of Commerce will ask the City and County to kick in \$12,000 each for the organization this year—instead of the usual \$10,000.

Former State Senator Douglas Stenstrom is sitting in for City Judge Ken McIntosh while the latter is on vacation.

In emphasizing the importance of an administrative aide, Alachua County officials Wednesday said they need only three hours per week. The Seminole County Board met seven hours this week during their regular session.

## Grissom May Go Up Friday Morning

CAPE CANAVERAL (UPI)—Ground crews serviced and refueled America's "Liberty Bell 7" space rocket again today, hoping for a break in the weather that would permit a Friday morning launching.

Grounded twice this week by Florida's tricky summer storm season, weather experts and scientists of the federal space agency conceded privately they had about one chance in four of getting astronaut Virgil I. Grissom off the ground on the third try.

Spacemen set the scheduled launching time for 7 a. m. Friday. The delay did not affect Grissom's status as the prime astronaut for the nation's second and possibly final attempt at a suborbital hop before attempting to launch an American into an orbit around earth either late this year or early in 1962.

The Mitchell, Ind., railroadman's son expressed disappointment over delay but said he "fully supports" the decision of Mercury operations director Walter Williams to call off Wednesday's flight.

The Mitchell, Ind., railroadman's son expressed disappointment over delay but said he "fully supports" the decision of Mercury operations director Walter Williams to call off Wednesday's flight.

## Navy Man Faces Traffic Charge

A Sanford Naval Air Station man was charged with failure to have his vehicle under control when he ran into the back end of a vehicle on Onora Road and Sanford Avenue late Wednesday afternoon, the Florida Highway Patrol reported.

Trooper Jim Foster said that a car operated by William C. Saulsbury of VAH-7 rammed into a car operated by Andrew Flowers of Sanford. The Flowers car hit a vehicle operated by Charles Voight. Damage to the three cars amounted to \$350, Foster said.

## All-Out Battle Raging Between French, Tunisians

TUNIS, Tunisia (UPI)—President Habib Bourguiba said today French aircraft were attacking his forces with "bombs and rockets" in the battle over the Bizerte naval base.

Bourguiba said at least 33 Tunisians had been killed in two days of fighting—20 of them this morning in a battle at Bizerte's main army.

He announced he would sever diplomatic relations with France and demand an urgent meeting of the United Nations Security Council.

In Paris, French government sources said French forces counter-attacked Tunisian forces who were shelling the Bizerte base, killing "several" Tunisians and capturing 30 others.

The French sources said the paratroopers, backed by an umbrella of fighter planes, lost one man killed and three men wounded in their "sorties against limited objectives" close to the camp's perimeter.

The French said the attack was launched to relieve pressure on the base by Tunisian forces attacking with heavy and light weapons.

The French Ministry of Information said that Tunisian troops were preceded by women and children in a march against the base today.

Bourguiba spoke to a packed press conference in Tunis, just 40 miles from Bizerte where he launched a campaign Wednesday to drive the French out of the big Mediterranean base.

The Tunisian president accused France of putting "all means of modern war" into operation and announced that Tunisia itself now had gone into a "virtual war" footing.

"A French aircraft carrier is operating off the Tunisian coast," he said.

"Successive waves of fighter aircraft are attacking the national guardmen at the barricades put up to ban circulation of the French armed forces.

"Armored cars are firing point-blank at the demonstrators who are advancing on the roads leading to Bizerte.

"Red Cross vehicles have been attacked with machinegun fire. Two ambulance men have been wounded by grenade explosions."

While Bourguiba was speaking, Tunis was in the throes of almost a complete general strike. Excited crowds milled in the streets shouting "evacuation"—demanding the French get out of Bizerte.

## Postal Survey

North Orlando has been advised through a letter from Congressman Syd Herlong that the postal department is planning a survey of the community to determine the feasibility of establishing a post office there. Herlong's statement came in answer to a request from the North Orlando Civic Assn. asking that a facility be located in the Village.

# Floods Cover West Virginia City

CHARLESTON, W. Va. (UPI)—A devastating "monsoon-like" cloudburst struck this capital city of West Virginia as it slept early today, cascading walls of water through scores of homes, tossing them down hillsides and killing at least a dozen persons.

The vicious rainfall, capping a week's downpour, sent water over the banks of the Kanawha River and nine large creeks bordering the city, bringing with it waves 15 feet high. Many of the victims were trapped in their bedrooms. Others perished when the swirling water engulfed them as they fled.

Two bodies were accounted for. At least four others were missing. Mayor John Shanklin said damage was expected to mount "into the millions of dollars." Charleston, with 85,706 residents, stretches nearly six miles along the narrow Kanawha valley and is rimmed by foothills of the Appalachian range.

Death claimed young and old alike. Five-year-old Caroline Thompson and her 2-year-old brother were being led from their home by their father. A sudden surge of water broke the father's grip and the children disappeared. Caroline's body was recovered. Rescuers searched for her brother.

Weary rescue workers set up a makeshift morgue in the fire department, not far from the main boulevard that courses in front of the Capitol building where a 30-foot section of pavement collapsed. Most hard-hit were the eastern and northern sections of Char-

## news... BRIEFS

**Probe Rejected**  
WASHINGTON (UPI)—The House Rules Committee has rejected legislation proposing a full investigation of the John Birch Society.

**Talks Begin**  
LUGRIN, France (UPI)—The French government and the Algerian rebels reopen negotiations today in what may be the last chance for a peaceful settlement of the costly Algerian war.

**Good Eating**  
HOMESTEAD (UPI)—Three dogs held a chicken dinner Wednesday at farmer Jack Taub's hen houses. They had killed more than 250 chickens when Taub came running with a 12-gauge shotgun.

**Low Pressure**  
MIAMI (UPI)—The Miami Weather Bureau said a hurricane hunter plane would investigate a low pressure area today that was developing east of the Lesser Antilles.

**Businessmen**  
MARIANNA (UPI)—Today's farmers here become better businessmen because of concern for their credit ratings. Agriculture Commissioner Doyle Conner said Wednesday.

**Private Lunch**  
WASHINGTON (UPI)—General of the Army Douglas MacArthur returns to Washington today for a private lunch talk with President Kennedy on relations with the Philippines and cold war issues.

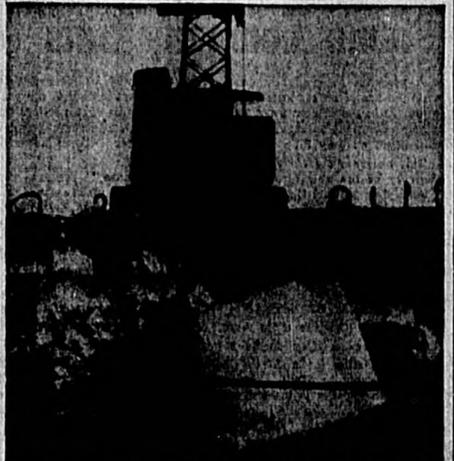

**Space Age**  
JACKSONVILLE (UPI)—In the event of an emergency, Gov. Farris Bryant will enter the space age. Bryant went to the Naval Air Station Wednesday and was checked out in a special flying suit and a high altitude pressure chamber.

**Big Help**  
JACKSONVILLE (UPI)—Halting the income tax would help meet the Communist challenge in this nation, World War I ace Eddie Rickenbacker said Wednesday. The 70-year-old head of Eastern Air Lines, speaking at a civic club, said repeal of the 16th amendment would be the first step in restoring the type of government this country's founders wanted.

**Katanga Says It's Giving Up**  
ELISABETHVILLE, The Congo (UPI)—The secessionist Katanga Province government announced today it had given up hope that the "free world" would settle the Congo crisis and said it might turn to Russia for help.

Katanga Interior Minister Godefroid Munungo said his government planned to contact Communist-backed Antoine Gizenga, leader of the Stanleyville regime, to "concert our points of view."

**City Work**  
CITY WORK crews have started work on constructing a new \$7,500 sewer lift station that when completed will provide sewage collection facilities for an area of 88 acres. The lift station is being constructed on McCracken Rd. between Peratimmon and Grapeville Aves. City Manager W. E. Knowles estimated today that the job will be completed in about four weeks. (Herald Photo)

## 2 Sanford Youths Hurt; Car Rams Parked Truck

Two Sanford youths were seriously hurt when their car crashed into a parked semi-trailer one mile north of Longwood on the old Orlando Highway late Wednesday afternoon, the Florida Highway patrol reported.

The driver of the car, William E. Weber, 20 was taken to Orange Memorial Hospital with lacerations of the head and a possible concussion.

James Edge, 18, also of Sanford, was admitted to Seminole Memorial Hospital with a possible fracture of the shoulder, Trooper Jim Foster reported.

Foster said that Weber was going north and apparently lost control of his vehicle, skidded off the road and into the parked vehicle.

Weber was charged with exceeding safe speed for conditions, Foster said.

Weber's car was declared a total loss, the trooper added.

**Airliner Skids At Area Airport**  
ORLANDO (UPI)—A DC7B airliner was braking for a stop at Orlando Municipal Airport Wednesday when the nose wheel collapsed.

The four-engine Eastern Air Lines plane skidded about 100 feet to a stop, scraping its nose across the runway.

## Tropical Storm Anna Brewing

MIAMI (UPI)—The San Juan, Puerto Rico, Weather Bureau said today an area of low pressure in the south-eastern Caribbean had developed into the season's first tropical storm.

The bureau said hurricane hunter plane and ship reports indicated the storm, named Anna, packed winds up to 60 miles per hour in a small area near the center. It said gale winds extended 65 miles in the northern semicircle and 25 miles in the south semicircle.

At 8:30 a. m. the storm was pinpointed near Latitude 12.0 north, Longitude 64.1 west, or about 800 miles south-southeast of

The first tropical storm of the season, named Anna, spawned off the northern coast of South America today with winds up to 65 miles per hour. At 11 a. m. the Miami Weather Bureau located the storm's center about 685 miles south-southeast of San Juan, Puerto Rico.

San Juan, P. R. It was moving between west and west-northwest at about 17 miles per hour.

"Future direction and rate of motion of tropical storm Anna is uncertain," the Bureau said, "but it is expected to be toward the west for the next 12 to 24 hours. It is expected to increase gradually in size and intensity during the next 24 hours."

The bureau said persons in the coastal islands of Venezuela and the islands of Curacao, Bonaire and Aruba should be alert for further information during the day.

"Vessels in the path of this storm should exercise caution," the warning said, "and small craft in the southern Leeward, Windward Islands and along the coast of Venezuela from the Paraguana peninsula to Trinidad should remain in port."

The weather bureau defines a tropical storm as a disturbance with a circular motion that contains winds up to 74 m.p.h.

**Inch Of Rain Falls In Area**  
More than an inch of rain fell over the Sanford area Wednesday but no damage to any county or city roads were reported by officials.

Over the state, the Weather Bureau said rain and wind would be less severe in North and West Florida today following day-long rains spawned from an easterly wave of squalls.

However, the bureau ordered small craft warnings to remain posted between Sarasota and Palachicola. Wind gusts of up to 35 miles per hour were reported Wednesday.

## Kennedy Ready To Spell Out Defense Needs

WASHINGTON (UPI)—President Kennedy prepared today to tell the Western Allies of stern steps he has decided to take to bolster U. S. military might because of the Soviet threat to Berlin.

He also planned to ask the members of the NATO alliance to step up their own military preparedness.

President Kennedy was reported this afternoon to have decided on strengthening U. S. armed forces through larger draft calls and increased recruiting because of the Berlin crisis.

Responsible sources said the President will add three new divisions and build up others to bring Army and Marine strength to 20 divisions.

He and work in closer co-ordination to strengthen the Allied forces in Western Europe.

The President and his National Security Council agreed late Wednesday on moves to build up U. S. military units for a possible showdown on Berlin. Another Security Council meeting was scheduled today, but it was described as a "normal briefing session."

Officials said the contemplated steps in addition to strengthening U. S. forces for the Berlin crisis, were designed to increase the ability of this country and its allies to meet Communist pressures elsewhere in the world.

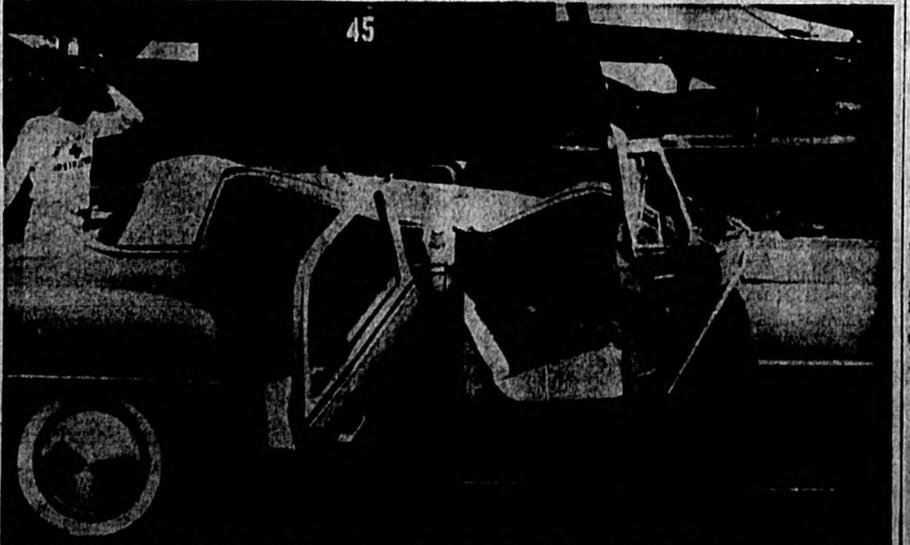

The American people will get the details Tuesday night in a presidential radio-television report to the nation. Kennedy will speak on all networks for 30 minutes starting at 10 p. m. Tuesday.

# Doll And Hobby Show Brings Many Entries

By MARIAN R. JONES  
The Doll and Hobby feature of Oviedo's Summer Enrichment program was a huge success judging

## Oviedo Couple Busy Since Son Graduated

By MARIAN R. JONES  
Mr. and Mrs. James Pearson have been leading a busy life this summer. In fact, Dot says, since their son, Eric, graduated from high school in June the days have flown.

From entertaining houseguests for his graduation, they went right into preparations for getting him outfitted for his duties as counselor at the MQ Ranch near Osteen. And it seemed that immediately after this was settled, younger son, Jimmy, had to have help in preparing for his stay at the Ranch.

Then, on Thursday of last week, Dot and James took Eric to Gainesville for early registration at the University. There they met many friends from all parts of the state who have sons and daughters also registering for school and they consider it Eric's good fortune to have so many classmates from among old friends to be with him on his first "long stint" away from home.

The Pearsons especially were elated to meet the Tom Kirklands there. Mrs. Kirkland is the former Dot Mitchell of Sanford and she and Jim graduated from Seminole High at the same time. The Kirklands' son, Thomas, also was at the University to register.

Dot reports that they and their friends were impressed with the growth of the university and the subjects offered today's students. Eric, who is planning an engineering career, brought home 11 books and there are more to come! All in all, the Pearsons say, they are quite pleased with the college outlook for their son.

## Mrs. J. B. Little Dies Tuesday

Mrs. J. B. Little, age 84, died at her home on the West Side at 11:30 p. m. Tuesday, after a short illness. Mrs. Little, the wife of the late J. B. Little, has made her home in Sanford for the past 40 years.

She attended the First Methodist Church and is survived by two daughters, Mrs. J. C. Stapler and Mrs. E. A. King, both of Sanford. Other survivors are a brother, D. K. Love, of Monroe, N. C.; two sisters, Mrs. C. W. Biggers, Charlotte, N. C. and Mrs. C. L. Brooks, Monroe, N. C.; five grandchildren and 16 great grandchildren.

Funeral services are scheduled for 10:30 a. m. Friday at Erickson Funeral Home with Rev. Thomas Hahn of the First Presbyterian Church officiating.

Burial will be in Lakeview Cemetery. Pallbearers are Joe O'Leary, J. M. Garrett, George Mitchell, W. J. King, Harris Fields and Arthur G. Moore.

## 17-Year-Old Gets Execution Stay

NEW YORK (UPI)—A 17-year-old Puerto Rican, scheduled to die in the electric chair in 11 days, was granted a stay of execution Wednesday.

Salvador Agon, the "copsman" of the "Hell's Kitchen" playground murder trials last fall, won the stay following charges by his attorney that Puerto Rican laws discriminated against foreign-born youths in New York.

from the appearance of so many dolls and so many pets and evidences of hobbies.

Mrs. Warren McCall and Miss Sandra Bellhorn acted as judges and each child entering the event received a blue ribbon.

For the doll show, the prizes were: best kept doll, Kathy Slay; cutest outfit, Ange Ray; best half-doll, Kathy Cox; sleeping beauty, Karen Donaldson; smallest doll, Janet Clontz; biggest doll, Beth Gore; sweetest doll, Martha Courier; smallest doll, Barbara Boston; most life-like, Beth Gore; prettiest doll, Kathy McCall; most regal, Mary Jane Mikler; sweetest bride-doll, Kim Ellis; prettiest bride doll, Christine Mikler; cutest doll baby, Mary Courier; Miss Teenager, Linda Ray; most sophisticated, Sharon Parker; most energetic, Kay DeKalb; funniest doll, Mary Courier.

The Grand Prize went to Carol and Kathy Blackburn for largest collection of Different Dolls.

Other prizes awarded were largest collection of baseball pictures, Ronnie Metcalf; best finished paintings, Janet Clontz; smallest original (funny pictures), Karen Donaldson; most creative (ceramics), Sherman Harris; most unique (bottles), Bobby Brown; most geological (rocks), Christine Mikler; drawing (watermelon plant), David Brown; most artistic (paintings), Larry Olliff; most western (figurines), Johnny Moon; best intention, Martha Drueding; most athletic (baseball pictures), Kathy Blackburn.

The Grand Prize in the hobby category, titled Liveliest (turtle), went to Martha Courier.

## Pilgrim Fellowship Has Busy Time

The first of July has been a busy time for members of the Pilgrim Fellowship of the Congregational Christian Church.

Flycatcher Summer Youth Conference at Lake Byrd Lodge, Aven Park, began on July 1 for a week at which Marion Weber and Sandra Getman attended from the young people's group.

On July 11, Barbara Alford, Sandra Corbett and Charles Gay left to attend the Cleveland Summer Youth Conference which was also for a week. Rev. Joseph E. Steak attended the conference and also taught two different classes on two separate topics, "Living World Religions" and "Teen Age Problems."

A good time with a Christian background was had by all attending. Arriving at 7 a. m. with a cool morning dip followed by breakfast, room cleaning, and morning worship, the boys and girls attended two classes then more swimming followed by lunch with singing. Various activities took place in the afternoon including music, organized recreation, water swimming or free time followed by the supper hour.

Singing and verses took place for 45 minutes and fun and fellowship was enjoyed by everyone before "lights out" was sounded at 10:30. The week ended all too soon for the young people and it was enjoyed so much even more plan on going next year.

(Herald Photo)

## Phone Company Sets New Program

A program to gradually eliminate the use of letters in telephone numbers in the Winter Park Telephone Company's service area will begin on July 21.

This program coincides with the delivery of the new directory. According to Carl Carlson, commercial manager, the newly assigned telephone numbers, after

this date, will be composed of seven numbers instead of the present combination of two letters and five numbers. The same program is planned for Orlando subscribers.

"The purpose," Carlson explained, "is to make more telephone numbers available to meet anticipated growth in use of tele-

phones, including the direct dialing of long distance numbers. Direct dialing by subscribers is scheduled for Winter Park subscribers in November of next year."

"MI" for Midway will be replaced by "64" and "TE" for Terrace will be replaced by "25". The change will be gradual. At first, only customers who apply for new service, or customers who have a telephone number change will be assigned all numeral numbers. "No date has been set for existing numbers to be changed," Carlson said; "however, it will be advantageous to all concerned to complete the program as quickly as possible, in the interest of uniformity."

"Until completion, telephone users will be using both types of numbers. The new July directory will not contain any of the new All Numbers," Carlson explained, "as the program will not start until after the new book has been delivered."

## North Orlando Okays Hall Site

By MONA GREENGLASS  
The North Orlando Civic Association has received an okay on its requested location for a North Orlando Community Hall.

The building site is located just back of the Village Mall in the planned area where all future municipal buildings will go.

Terms of the agreement call for the hall to be located to the Village which, in turn, will lease it to the association.

The North Orlando Corp., developer of the property and engineering and building plans in addition to a sizeable sum of money, How-

ever, W. W. Anderson, president of the association, advises that a good bit of additional capital still is needed and invites anyone with ideas on raising this money to bring them up at a meeting or to discuss them with him.

## Dry Weather Toll

Two extreme dry weather has taken its toll on one Seminole County family. Mr. and Mrs. William Drascher of Lillian Dr. Fern Park, have had to sink at other well to get water for their home.

## HE GREW HAIR

Before Erickson Treatment A Few Months Later  
Mr. T. A. Melton, Jr., of Melldaysburg, Pa. (above) gave about 30 minutes of his time for an interview with the Erickson representative—saved and regrew his hair in only a few months with the exclusive home method.

**Erickson** HAIR and SCALP SPECIALISTS  
World's Largest Home Treatment System

**Will be in Orlando, Fla. Tomorrow, Friday Only**

The Erickson Hair and Scalp Specialist, Head Director, J. C. Park on his regularly scheduled visit will be at the Amphitheater in Orlando, Fla., Friday, July 21. Every hair-worried person should take advantage of this great opportunity.

The Erickson method is known all over the United States. You can have a conference with the Erickson representative concerning your hair and scalp problems at no cost to you whatsoever, learn how the special treatments work, and the results you can expect in a short period of time.

Reservations by the Erickson representative. We don't ask you to make any money. You will be given a written guarantee from the beginning to end of a presentation.

## Legislative School Squeeze Play On?

WASHINGTON (UPI)—Administration lieutenants signaled for a legislative squeeze-play today in the drive to rescue President Kennedy's school bill from slow death in the House Rules Committee.

In the squeeze are 319 congressmen who represent about 3,800 school districts across the nation. Their school districts are impacted—crowded—because of military bases and other federal installations nearby, and their schools are currently sharing some \$300 million in federal aid.

Extension of programs which provide the major part of those construction and maintenance grants is a part of the administration's public school bill. The bill, carrying an additional \$50 million a year in general aid for public schools, is stymied in the committee.

The administration's strategy involved serving notice that the impacted areas program would not be independently extended. For example, Chairman Wayne Morse, D-Ore., of the Senate Education Committee said today that those laws "will and should come to an end unless the Congress proceeds to pass a general education bill" which includes them.

President Kennedy was asked Wednesday about a statement by Rep. Adam Clayton Powell (D-N. Y.), suggesting that the President would veto a separate bill extending the impacted areas program. The President replied that interested congressmen should understand that separate extension of the impacted areas aid does not meet the federal government's responsibilities.

He withheld comment one way or another, however, on the prospects of a veto.

The Senate committee Wednesday approved 10-4 a \$500 million a year extension of the National Defense Education Act, with a \$125 million annual program of loans for private schools.

With loans available to church schools, to mollify critics of pub-

lic-school aid such as the Catholic hierarchy, it was hoped that extension of the defense education plan would insure that both bills would coast through Congress. But a similar defense education extension, with a similar loan provision, is among bills shelved by an 8-7 vote of the House Rules Committee.

# Dodgers Close Gap In NL Loop

United Press International  
That lad Podres is still the Los Angeles Dodger's Johnny on the spot.

The World Series hero of 1955, who is sometimes overlooked on a staff that includes fireballers Don Drysdale and Sandy Koufax is actually the Dodgers' most consistent pitcher and the fellow manager Walt Alton says, "is just about the best lefty in the league when he's right."

Podres demonstrated his knack for winning key games again Wednesday night when he pitched the Dodgers to within 2½ games of the National League lead with an 8-3 victory over the first-place Cincinnati Reds. It was Johnny's second win in three days and his third in 11. He has won

three of the Dodgers' last five victories and with an 11-2 record is almost a cinch to top his previous season high of 14 wins.

Podres scattered nine hits Wednesday night while Bob Purkey was tagged for nine hits in 5½ innings as the Reds suffered their fourth straight loss.

It was a bad night for the principal contenders in the American League as the Baltimore Orioles scored a 4-2 victory over the Detroit Tigers and the Washington Senators dealt the New York Yankees 8-4 and 12-2 defeats. The Yankees now lead the Tigers with a .644 to .641 percentage.

The St. Louis Cardinals beat the San Francisco Giants, 3-2, in 10 innings and the Philadelphia Phillies defeated the Milwaukee

Braves, 2-1, after an 8-5 loss in the other NL games.

In the American League, the Chicago White Sox shined the Kansas City Athletics, 6-3, the Cleveland Indians downed the Boston Red Sox, 4-1 and 9-8, and the Los Angeles Angels bounced back from a 6-0 loss to defeat the Minnesota Twins, 2-1.

Jim Gentile's two-run homer and a solo homer by Hank Foiles paved the way for Baltimore's Jack Fisher to win his third game with the relief aid of Hal Brown.

A sellout crowd of 27,126 at Washington saw the Senators win the first game with the help of three Yankee errors and then complete the humiliation with a blistering 10-hit attack in the night-cap.

Earl Robinson's sacrifice fly completed a three-run sixth-inning rally which gave the White Sox their victory in a game marked by eight errors.

Barry Latman pitched an eight-hitter to raise his season record to 9-0 as Tito Francona and Willie Kirkland homered for the Indians in their first game.

The Indians scored their winning run in the eighth inning of the night-cap when Chuck Essagian all home and knocked the ball out of catcher Russ Nixon's hand.

Camilo Pascual struck out 15 batters to win his eighth game for the Twins who scored all their runs on two homers by Bob Allison and one by Harmon Killebrew in their opener, Lee Thomas' ninth-inning homer enabled the Angels to win the second game after a homer by Harmon Killebrew in the top of the ninth tied the score.

collecting 14 hits in consecutive double-headers Monday and Tuesday, delivered a game-winning single in the 10th inning for the Cardinals after the Giants tied the score in the ninth on a homer by Harvey Kuenn.

Mack Jones' three hits and two each by Joe Adcock and Roy McMillan enabled Bob Buhl to win his sixth game for the Braves but Lee Walls' single capped a two-run ninth-inning rally that enabled the Phillies to pull out the second game. Don Ferrarese pitched a three-hitter to win his second game for the Phillies in the night-cap.

Bill White, who tied a record by

winning 10 straight games for the North Hills County Club course in Wednesday's pro-am.

A drug used to treat his virus caused a rash and blisters on his hands.

Player, the South African now playing out of Langhorne, Pa., one of the tournament favorites, arrived too late in Milwaukee to take part in the preliminaries. He started practically cold in Wednesday's first round field of 146 professionals and amateurs.

## Nagle Cops French Open; Misses Record

PARIS (UPI) — Some guys are never happy.

Kel Nagle of Australia captured the French Open golf championship Wednesday, and instead of celebrating the victory, he was disappointed he missed a course record.

The 40-year-old Nagle, who won the British Open a year ago and finished in a fourth-place tie this year, shot a seven-under-par 65 to tie the La Bouille course record and win the French Open by four strokes with a 72-hole total of 271.

Nagle, who beat fellow Aussie Peter Thomson, had a chance for a new course mark on the 17th hole of the final round, but he blew an easy three-foot putt and had to settle for the 65, which tied the record set by Bobby Locke of South Africa in 1953.

Thomson, who also tied the mark with 65 his last time around finished at 273, while France's Jean Garalalde and England's David Thomas and John Jacobs tied for third place with 282's.

## Sanford All-Stars Play Leesburg Nine

The Sanford Americans who were first presumed to be the local team that would play Tuesday.

The Sanford Nationals who took on DeLand, by their votes, chose Frank Stafford, Roger Crocker and Damon Scott as their managers. Stafford was a coach for the Shrine team, while Crocker and Scott master-minded the Lake Mary nine.

On the National all star roster are Mike Fordham, Ronnie Hinson, Paul Quinn, John Sorace Accardi, Ronald Howell, Wesley Swenson, Tim Corbett, Rex Brooks, Tim Barrowman, John Ogden, Dan Tillis, Louis Dodson, David Scott, Kenzie Matson, Lawrence Chester, William Day got the nod for the lineup, but was having difficulty in getting California authorities to mail his birth certificate. This is a requirement of the National.

DeLand defeated the Nationals, 14-4, as the Sanford team played its first game under lights. DeLand scored a run in the first, three in the third, six in the sixth and four in the seventh. The Nationals got two runs in both the third and fifth innings.

Barrowman started for Sanford, with Dodson taking over the hill in the fifth and Accardi in the sixth.

STUTTGART, Germany (UPI) — Wilma Rudolph, the star of the United States women's track and field team, today was nursing a strained leg muscle suffered in her latest record-breaking performance.

The long-legged sprinter from Tennessee State College said she felt a "terrible" pain in her left side just as she broke the tape Wednesday in a special 100-meter dash, which she won in the world record time of 11.2 seconds.

Miss Rudolph's brilliant effort stole the show on the final program of a two-day meet between the U. S. men's team and West Germany. The Yanks won eight of the final 10 events to crush the host team, 120-91.

The touring Americans face Britain's best athletes in another two-day meet starting Thursday in London, but Miss Rudolph said she did not know if she would be able to compete at White City Stadium.

## Patterson Ignoring Bout, Coast Promoter Says

NEW YORK (UPI) — Promoter George Parnassus of Los Angeles said today, "I believe Floyd Patterson is letting half the heavyweight crown slip right off his head by ignoring my \$500,000 offer for a defense against Alejandro Lavorante at the Los Angeles Coliseum."

Parnassus, best known fight promoter on the Pacific Coast, explained, "Because neither Patterson nor his handlers will even consider my legitimate offer for a defense against one of the top six contenders, I'll have to demand that the National Boxing Association vacate his crown."

He said he would make that demand if Patterson signs Friday, as expected, for a Boston defense against unbeaten Tom Neeley of Arlington, Mass., who

## Fishing Trip Nets 44 Trout

Bill Harris and Joe Tutts of North Orlando brought home 44 trout from a fishing trip at Barge Canal last weekend.

While the men fished, wives Lora and Mary and children spent there time at a nearby beach enjoying the sun and water.

## Signs Pact

LOS ANGELES (UPI) — Guard Bobby Joe Smith, who played briefly with the Lakers during the 1959-60 campaign, has signed a 1961 contract with the Los Angeles club of the National Basketball Association.

## Birthday Party Celebrated

Mrs. H. E. Long entertained Saturday afternoon with a party honoring her daughter, Shirley, on her 14th birthday.

The guests gathered at the Long home, 2100 Lake Drive, and were taken to the family cottage on Lake Harney. They enjoyed playing records, rowing on the lake and fishing.

Following the gift opening by the honoree, grilled hamburgers, hot dogs, potato chips, pickles, minis, marshmallows, cold drinks and a birthday cake were served to the guests.

Assisting Mrs. Long with the party were Mr. and Mrs. Joel Blase and Mrs. A. D. Brown.

Others present were W. F. Tuten, Shirley's grandfather, Debbie Maples, Susan Norris, Sandra and Debbie Blase, Patty Brown, Jim Aeder and Mike Long.

SHIRLEY LONG and a group of friends ready to leave for the birthday party at the family cottage on Lake Harney. Standing, from left are, Patty Brown, Mike Long, the honoree, Shirley Long and Jim Aeder. Seated, Debbie Maples, Susan Norris and Sandy Blase. (Herald Photo)

## The Merle Coopers Visit With Oviedo Relatives

Mr. and Mrs. Merle W. Cooper of Denver, Colo., who are visiting their parents, Mr. and Mrs. Josh Beasley, are having quite a holiday while here.

Mr. and Mrs. Harold Lyles entertained with a barbecue supper in their honor at their home. After the group enjoyed the barbecue, they all made homemade ice cream.

Those enjoying this special occasion, in addition to the hosts, were Mr. and Mrs. Merle W. Cooper, Mr. and Mrs. Warren McCall, Mr. and Mrs. Gene Hickson, and Mr. and Mrs. Richard Smithson.

In addition to renewing Betty's old acquaintances here, the Coopers found time to go to Tampa one day to visit the mother of Betty's former roommate, who is a semi-invalid.

When they depart for their Denver home the last of this week, they will take Rose Marie Beasley with them as far as Omege, Ga., for a visit with Mr. and Mrs. George Riggins. Then the Coopers will visit with some of Merle's friends at Evansville, Ind.

ENJOYING THE BIRTHDAY PARTY at the Silvers home are left to right, front row, David Roberts, the honoree, Steve Silvers, Danny Hunt, David Silvers and Randy Brown. Back row, Freddie Halback, Ned Day and Phil Lindsey. (Herald Photo)

## Steve Honored With Party

Steve Silvers celebrated his eighth birthday, recently, with a party at the home of his parents, Mr. and Mrs. Richard Silvers Jr., in Little Venice.

The theme of the party was "Ship Ahooy." The boys who arrived early, played with sling shot

airplanes until all the guests were present, then they all swam and played in the lake until the winners were roasted.

Baked beans, potato chips, and cake was served with the winners.

When they were finished with the main course, Mrs. Silvers presented a big birthday cake in the shape of a motor boat, with the name "Steve" on the side. The boys all sang "Happy Birthday" and while Mrs. Silvers cut the cake Steve opened his gifts.

After finishing the cake and ice cream they were still anxious to get in one more swim before returning home. Invited guests included, Phil Lindsey, Randy Brown, David Roberts, Mike Daugherty, Freddie Halback, Doug and Danny Hunt, Wayne Peters, Ned Day and Steve's younger brother, David.

## DeBary

### Personals

By MRS. ADAM MULLER  
Friends will be sorry to learn that Sue Gilbert is back in the hospital again. She was admitted Wednesday afternoon. Responding to the laballator call were Frank Christen, John Vetter, Fred Kramer and Barney Savage of the DeBary Volunteer Fire Department. She was resting comfortably at the latest report.

Mr. and Mrs. Frank Stone of Highbanks Road have as their houseguests their two grandsons, Billy and Bobby, from Mundelein, Ill.

Mr. and Mrs. Frank White of Dahlia Drive entertained her brother-in-law and sister, Mr. and Mrs. Edward Songues of Wellington, Ohio, at the beach Wednesday and prepared a cook out at their home in the evening.

Mr. and Mrs. Harry Bell of Linda Vista have as their houseguests their daughter and three grandchildren from Palo Alto, Calif., before they depart for Midway to join their father. He is being transferred with the U. S. Navy.

Mr. and Mrs. Sidney Swallow of Bayou Vista are entertaining their son and daughter-in-law, Mr. and Mrs. Sidney T. Swallow of Lancaster, Calif., and their three daughters, Lynn, Kathy and Susan. They will be leaving soon for a trip through Florida and to Maine before returning to California.

Alice Cooner, sister of Mrs. Chester Bearick, from Pittsburgh, Pa., is as much at home in DeBary as Pittsburgh, making several visits a year to the State of Florida.

Mr. and Mrs. A. Duffin of Shell Road have as their houseguests Bonnie Smith from Canada who will be visiting for several weeks.

Mr. and Mrs. John H. Boyle of Highbanks Road entertained a group of friends during the past week. Guests included Mrs. Elsie Korman, Miss Muriel Clock, Mr. and Mrs. A. Willahan and Mrs. Emma Giacchino.

## Oviedo Group Plans Bake Sale Saturday

Miss Ruth Davidson, Mrs. W. P. Carter and Mrs. Grace Lee are sponsoring a bake sale this Saturday morning at the Jones building in downtown Oviedo until held out. Proceeds from the bake sale will go toward the building fund of The Oviedo Woman's Club.

## Oviedo

### Personals

By MARIAN R. JONES  
Mr. and Mrs. Eddie Parker have had Mrs. Parker's sister, Mrs. W. C. Hansen, Cheryl, Keith and Rickey as their houseguests. Mrs. Parker took the group to Jacksonville, where she visited her daughter, Carol. The Hansen reside in Jacksonville now, where he is with the U. S. Navy. The family spent four years in Cuba.

Mrs. C. E. Beasley and daughters, Barbara and Virginia, son, Charles, and sister, Mrs. Ann Mikler, have returned from a trip to Fosston, Minn.

Mr. and Mrs. Thomas Hollingsworth have returned from their vacation.

Houseguest of Mr. and Mrs. Frank W. Talbot is Mrs. Talbot's sister, Mrs. Anna Hatfield, of Oceanside, Calif. She plans to return home by plane the last of this week.

Mr. and Mrs. Bob Ragadale and children, Marcia, Stevie and Mike will move to Boise, Iowa, this month. They left here in 1960 for Santa Maria, Calif., then went to St. Paul, Minn. Bob who is with Remington-Rand is being trained in schools at these various towns. They plan to spend a month in Denver, Colo., this summer, then Marcia will enter school in Boise this fall.

**Pickle Cheesets**  
At snacktime or luncheon, pickle cheesets make a hit. Blend 1/2 cup softened butter or margarine with 1/2 cup grated processed American cheese. Add 1/2 cup chopped mixed sweet pickles, 1 teaspoon finely chopped onion, 1 tablespoon pickle liquid, 1/2 teaspoon salt, dash each of pepper and cayenne. Mix well and spread on 12 small bread rounds. Garnish each with a small sweet sherry and bake in 500 degree oven 3 minutes.

## Sommers Family Visits Children In Pennsylvania

Mr. and Mrs. George Sommers of North Orlando have had a busy summer interlude. They visited their two sons and daughter in Pennsylvania. Raymond lives in Bloomsburg, Paul in Bridgeville and Mrs. Hazel Chanssa in Carnegie.

They did not get to see their newest grandchild, however, as Mrs. Raymond Sommers gave birth to a son soon after they returned home.

Their daughter, Mrs. Chanssa and children, Pat and Susan, plan to visit North Orlando in August. Houseguests since their return include Mr. and Mrs. Melvin Blalock and two children at Pittsburgh, Pa., and Mr. and Mrs. Grant Sommers of Pompano Beach.

## Personals

Charles Wilke of Olean, N. Y., and his sister, Mrs. Jack Deal, and children, Linda and Chuck, of Lancaster, Pa., have returned home after a two week visit with their parents, Mr. and Mrs. Charles Wilke, 420 Summerlin Ave. Charles has recently been promoted to the department of research and development at Clark Brothers, a division of Dresser Industries, where he is employed as an engineer.

Houseguests of Mr. and Mrs. E. C. Williams and family at their home, 208 Holly Ave., are their daughter and family, Mr. and Mrs. J. Gaston Edmondson and three children, Bill, Leigh and Bob, of Montgomery, Ala. Also Mrs. Williams' mother, Mrs. A. N. Williams, Mr. and Mrs. H. H. Harris and Boyce McQueen, all of Jacksonville.

## Fern Park

## Artificial Flowers Add Beauty And Color To Rooms

Artificial flowers have gained acceptance as part of our decorative schemes and without apologies. Fresh flowers, of course always are more desirable but not always possible for many reasons.

Bad fake flowers as well as good ones are made, so select them with care. Be sure they are faithful facsimiles of the real thing.

If fake flowers are to be successful in their "stand-in" role, arrangements must be artistically made and the containers carefully chosen.

Often it is money well spent to have a florist make the arrangement after briefing him on the room, its colors, intended placement of the bouquet and an idea of size needed.

For instance, an imaginative florist could create an arrangement of apple blossoms in a black urn that would look so natural you would have to touch it to determine if it were real or false.

## 425 Attend Annual Short Course

By MRS. H. L. JOHNSON  
We are Homemakers of Florida F-L-O-R-I-D-A

So go the words of the song which 425 Florida ladies sang last week during the 37th annual Short Course held at the University of Florida in Gainesville.

No one would want or ask for a better time than my delegate and I had during those five days there. I would like to tell you what a busy group we were.

We arrived at Broward Hall on the UofF campus at 12:30 p. m. on Monday. We registered in and received our Short Course assignments and room number. My delegate, Mrs. William Heinbuch and I had to attend the Record Book and Exhibits Committee at 3 p. m. and at 4 p. m. I met with the Scholarship Loan Committee. I served as reporter for both of these and had to prepare the reports for the state chairman to make at council report time.

Monday evening I attended the annual President's Dinner held in the Blue Room of the Student Center. Each plate was marked with a lace map on it. By each name place card was the state flower. It was my fortune to get the best state of all . . . Florida.

Then it was time for our Vesper and Processional Service. This was held in the Broward Recreation Room this year. Because it was raining, we could not line up outside for the processional. We had a wonderful speaker for the service, Fred Martin, pastor of the First Methodist Church of Gainesville. Rev. Martin used as his topic "Whose glasses are you looking through?" A most likeable person, he had us laughing one minute and in deep concern the next.

Tuesday morning we started our day by assembling in the recreation room where we had group singing and I would like to say we had a wonderful leader this year, Gordon White, who was

## 63 Complete Area Swim Classes

Sixty-three youngsters of the Casselberry area completed the swimming instruction classes recently conducted at the LaRay Motel lakeside pool.

Sponsored by the Casselberry Volunteer Fire Dept., working with the American Red Cross Water Safety Committee, the classes were taught by Mrs. Rose Harrell, Mrs. James Birkenmeyer and Bobb Lady, all qualified Red Cross instructors.

Mrs. Kay Miller served as secretary and many parents also assisted with various phases of the program, Lady reported.

A vote of appreciation to Metal Owner Freeman, to the Fire Dept. and to instructors and assistants has been included in the minutes of the Board's July meeting.

the short course instructor in "This is Recreation" had charge of the music and he (pardon the expression) had us all "Swooning and swaying."

The main speaker this morning was Dr. M. O. Watkins, Director of Florida Agriculture Extension Service of the UofF. He said, "The challenge to you as Home Demonstration leaders is great, and unescapable. We in the Extension Service look forward to joining our educational efforts with your leadership in the work that lies ahead. Another quote of his is "Yesterdays methods cannot be used today to set up business tomorrow."

Tuesday evening we enjoyed a Social Hour in the recreation room. President Wayne Reitz was a guest and I wish you could have seen the vases of roses from his garden which adorned the room. There were roses of every color. After the social, the roses were put in the cafeteria where they were still pretty when we left Friday.

The Wednesday morning speaker was Willard M. Fifield, Provost for Agriculture of the University. His topic was "Learning for Living the American Way." A quote of his is "Freedom is not free, it is priceless." He explained his presence there in this manner, "A prisoner had been called before the judge. 'How long have you been here too many times before me. Why are you here this time?' To which he replied, 'Well Judge, I wouldn't have been here this time if you hadn't sent for me.'"

After adjournment the group went to the short course classes. On Wednesday evening the Seminole County group enjoyed dinner at the Tower House in downtown Gainesville. We had such a jolly time, laughing and enjoying each other's experiences of the days there. When we returned to the campus, several ladies from Dade County instructed us on how to cover shoes. This was certainly interesting and we are going to try it real soon.

Thursday morning's treat at assembly was Mrs. Lucis Brownell who is Home Editor of the "Progressive." She is a new bride and she looked simply beautiful in a black and white outfit with a big wide brimmed hat. And did she have an interesting story to tell us. She said "Life for the homemaker of tomorrow will be a push button paradise. If the predictions of the experts come true. Fantastic? Not Mrs. Brownell cited the amazing rate of change in family living in the past 15 years. In a single generation, living standards have risen to levels that makes people refer to the period of the 1940's as very old fashioned. She urged us to continue our eagerness to learn and to know and to desire to improve life for our families and ourselves. "Take the good in the world tomorrow and make the most of it," she advised. Our fashion show revue was

## Britain Faces New Austerity In Economic Slump

LONDON (UPI)—Britons started tightening their belts today in anticipation of a series of government moves designed to snap the nation out of a worsening economic crisis.

Chancellor of the Exchequer Selwyn Lloyd told the House of Commons Tuesday night he would "not be afraid to ask for necessary burdens and disciplines."

There was general belief that the government would boost sales taxes on cigarettes, whisky and beer and general consumer goods and proclaimed sweeping measures to cut industrial costs. Financial circles spoke of the possibility that Prime Minister Harold Macmillan's government might even impose wartime-type wage freezes.

Macmillan admitted last week that he was "worried" about Britain's economic conditions because of lagging exports and the slow growth of industrial productivity.

The Laborite benches bombarded the Conservative spokesmen with catcalls in the House Tuesday and Labor party Leader Hugh Gaitskell delivered a blistering attack on Macmillan's economic policies.

But in a vote on a Laborite motion of censure, the Conservatives won as expected in balloting along straight party lines—329 to 243.

Government spokesmen discounted reports that the pound would be devalued. It was considered more likely the government would try to strengthen sterling by borrowing from the International Monetary Fund.

As expected, the Conservatives and Laborites disagreed violently on the causes and the cures of Britain's economic plight.

Gaitskell, a Socialist economist, said the Macmillan government had just plain mismanaged the nation's economy.

He said it would be "foolish" to freeze wages or impose other austerity measures that the government apparently is considering. Gaitskell called for intensive state planning for all industry.

Lloyd placed major blame for the cause on the heavy British defense burden and foreign aid program over the past 10 years.

## Bowles To Remain In Present Post

WASHINGTON (UPI)—President Kennedy today declared his "complete confidence" in Undersecretary of State Chester Bowles and said he wanted Bowles to remain in his present job. After a flurry of reports last weekend that Bowles would be asked to resign or take a new assignment, Kennedy told his news conference he never had asked the undersecretary to resign and that Bowles had not offered his resignation.

It is said that a night has not passed without a Gilbert and Sullivan opera being performed somewhere in the world since the first performance in 1875.

## County Still Dry!

Longwood Forest Rangers earlier this week reported a number of woods fires caused by striking lightning which accompanies the afternoon and early evening thunderstorms of the season.

Ranger Lewis Williams explained that although the county is getting some rain, most of the showers are localized and many of them cover only a few acres. Too, he said, not enough rain falls to thoroughly wet the underbrush and high winds coming with the storms quickly dry the top moisture.

The Forestry Service official warns that even with the rainfall Seminole County still is DRY and residents urgently are requested to maintain every precaution in burning trash and debris at their homes and to observe all safety rules while picnicking or camping.

Residents also are asked to keep a sharp lookout in surrounding areas of their locale for possible home or woods fires which could be ignited by lightning during the local storms and to immediately report them to the nearest authorities.

## Oviedo Changes Sign Of Continued Growth

By MARIAN R. JONES  
Included in physical evidences of continuing growth in Oviedo and its surrounding areas are the complete 24-page proposed rules and regulations of the city's zoning committee and the change in the town's electrical service by Florida Power Corp.

## Builder Asks For Lights At Post Office

Casselberry Lighting Committee Chairman Herbert Maley, asked to look into requirement of street lights for the new Casselberry Post Office Center, reported that costs for operating the lights would run approximately \$2.30 each per month.

The town has been asked by Hibbard Casselberry, owner of the center, to place four lights, spaced 100 feet apart and in the form of a square, at the site. He also asked that additional information be secured from Florida Power Corp. as to costs of installing the more substantial and attractive metal poles such as those used at the new Public Market.

However, the Board of Aldermen was advised by its attorney, Kenneth McIntosh, that unless the town holds a property title, a lease or an easement for the area, it cannot legally authorize the lights.

The matter was left for Mayor Joseph I. Laird and the builder to come to an agreement on the method of legalizing the installations.

## Vacationer Forced To Continue Rest From Housework

Undesired accidents seem to have followed the Daniel VanderWort of Lake Harriet Estates through this summer vacation. While in Michigan, where they spent a month visiting relatives and friends, Mrs. VanderWort was hospitalized for three days with an infected finger on her left hand.

Upon their return home, they had not been in the house five minutes, she said, when she slipped on a rug, breaking her right arm in the fall.

Since the finger still is under treatment and the broken arm in a cast, the returning vacationer now is questionably enjoying a rather prolonged and continued rest from the housework.

## New Flag, Pole At Longwood

A brand new 50-star American flag went up on a brand new pole at the Longwood City Hall one day in advance of the big Fourth of July celebration.

Longwood Maintenance Engineer John Farina and his workmen were in charge of erecting the new pole while the flag came through the courtesy of City Councilman John Reams.

prepared by Chairman Ben Jones and his committee, has been presented to the City Commission and closely follows the standards of other cities throughout the state facing rapid growth. The Florida Power Corp. has been rebuilding and increasing the distribution "feeder" lines from the Oviedo substation to provide for greater power demands. By changing from the 4,800 volt system to one capable of carrying 12,470 volts, the corporation assures its customers in the area against voltage drop problems which could result with increased population and building of industry.

In addition, the new high voltage system will enable substations at Winter Park, Longwood and Bithlo to feed the Oviedo area should the necessity arise. Having several sources of power will assure local residents of uninterrupted service in the event of line or substation breakdowns.

Part of a system-wide change, the Oviedo switch has been anywhere from 30 to 35 men working in the area during the past six weeks and 125 new poles, ranging in height from 35 to 60 feet, have been set.

Beginning at Goldenrod and North Orlando, the work has required only a minimum of service interruptions from local customers.

## Village Changes Teen-Hop Dates

By MONA GREENEAD  
North Orlando's Teen-Hops, weekly outdoor dances for young people of the Village, have been changed from Saturday nights to Friday nights.

The dances, which began in the Village under the direction of the Catholic Women's Society, now are supervised by members of the local Volunteer Fire and Recreation Dept. from 8 p.m. until 11 p.m. each week.

Husbands and wives of the department, serving alphabetically, act as chaperones.

Other recent projects of the department have included the successful July 4 fireworks display which was handled by the firemen to conclude the first Independence Day celebration in the Village and sale and delivery of fertilizer in a joint effort with members of the Civic Assn. Firemen made deliveries in the fire truck while Woody Anderson, Donald Hall and Jack Sutton handled the sales.

## Old Glory Post To Come Home?

The Old Glory American Legion Post, now located at Altamonte Springs, which has announced its intention to build a \$30,000 home in Casselberry, originally was chartered for the towns of Casselberry and Longwood, according to Hibbard Casselberry, a charter member of the organization.

Carl Stoddard, commander of Old Glory Post, has not as yet announced detailed plans for the building.

THE NEW ADDITION to Casselberry's Fire Hall, being constructed by Developer Hibbard Casselberry, far left, under terms of a land trade agreement with the town,

will provide the space needed for the firemen to add a boat, motor and trailer to their present equipment. (Herald Photo)

## Canal Is Problem Of Land Owners

Attorney Kenneth McIntosh last week advised the Casselberry Board of Aldermen that in his opinion the town has no responsibility in maintaining a drainage canal which runs from Lake Tripoli north to Lake Kathryn.

The question came up after a petition, framed by C. S. Magill of 296 Ivy Rd. and signed by a number of the area residents, was heard at the July business meeting.

The petition stated that the canal, filled with hyacinths and stagnant water, created a health menace and asked that the town have it cleaned and assume its maintenance. It also cited that a barbed wire fence in dilapidated condition on the easterly side of the canal posed a safety hazard to residents.

A search of past municipal records and a study of U. S. Geologic Survey Maps by McIntosh revealed that the canal and its abutting properties are the responsibility of the land owners.

## Troop 341 Scouts Earn Exciting Trip

Several months of hard work and planning by members of Casselberry Boy Scout Troop 341 will come to an end early Saturday morning when 11 boys and two adult leaders climb aboard a large, canvas covered camp truck at 6:45 a. m.

Thus will begin an exciting and educational nine-day trip through several gulf coast states for which the scouts have earned their expenses by sponsoring car washes and rummage sales and through their present project of selling fire extinguishers for home or car use.

Overnight camps will be pitched at a number of State Parks and Scout Council Camps along the way and at historic Bixby, Miss., home of Jefferson Davis, the boys will earn a Civil War Centennial Award by making a 21-

mile hike covering many points of interest.

The group also plans to visit New Orleans where many of the scouts will get their first look at the Mississippi River, Mrs. Leonard Casselberry, wife of the Troop Committee Chairman, reports.

On the return trip, she says a stop will be made in Tallahassee for a tour of the State Capitol. Members of Troop 341, which is sponsored by the Casselberry Lions Club, who will be making the trip are Danny Casselberry, senior patrol leader and Ricky Casselberry, Terry Cox, Billy Dempsey, Wilbur Husted, David Nielson, Charles Norris, Bill Skilak and Ricky Taylor.

Cub Scouts Danny Dempsey and Bill Daniel also will make the trip and adult supervisors will be Scoutmaster W. T. Daniel Jr. and Casselberry.

## Church Group Attends Camp

Rev. Ruth E. Grant, pastor of the First Pentecostal Church of Longwood, and a group of young people from the church, have returned from the Christian Youth Camp which is held each year at the Camp Grounds of the United Pentecostal Church near Ocala.

Rev. Grant served as instructor in Church History classes and as director of the Junior Dept. In her absence, Rev. Vivian Poland, assistant pastor, officiated at regular services at the Longwood Church.

Young people attending the camp were Margaret Pemberton, Curtis Chafin, David Kelgans, Harold Kelgans, Mary Lou McCoy, Bruce McCoy, Clyde McCoy Jr., Patsy Ruth Grant and Randy Ansley.

These boys and girls will present a special program at the church on Friday which will demonstrate the advantages of attending the Christian Youth Camp.

The public is welcomed at all regular services of the church and is especially invited to the Friday program.

## Mayor Issues Gun Warning

Casselberry parents were warned by Mayor Joseph Laird last week that both an existing state law and a municipal ordinance prohibit the use of BB guns or .22 caliber rifles by youngsters under 16 years of age unless they are accompanied and supervised by an adult.

Residents in some areas of the town have protested against a "gang" of youngsters who are "shooting up everything." Parents can be held responsible for the juvenile offenders, Laird warned, and sentence can bring a fine of as much as \$300 or 30 days in jail.

## Council Discusses Garbage Franchise

Members of the Longwood City Council briefly discussed granting the town's garbage franchise to the ABC Garbage Collection Co. of Sanford after adjournment of the regular meeting last Thursday.

Prior to opening the session, Mayor Al Lormann mentioned the possibility of a plan in which the town would purchase uniform standard type cans in gross lots and provide them to all residents within the municipal limits for a small monthly fee.

"In this way we could be assured that all our residents have closed, sanitary containers," Lormann said, "and it also would help to keep garbage and papers from being scattered by prowling dogs or being blown out of open containers."

## Library Fund Now Totals \$818

By ATLANTA MCGINNIS  
A profit of \$185 was reported by members of the Altamonte Springs Library Assn. from the rummage sale being held in the old post office building.

Total funds raised by the association for the purchase of library and property now stand at \$818.

Sales resumed this morning and will continue through Friday and Saturday.

## New Firms To Open

Two new businesses, a Western Auto Assoc. Store and a Coffee Shoppe, soon will be ready to open at Forest City Shopping Center on E. 22 St.

## Art Class Brings Large Audience

By MRS. ADAM MULLER  
Artist Eugene White, resident instructor at the DeBary Mansion Florida Federation of Art Headquarters, led a landscape demonstration on the afternoon of July 5 with more than 75 students in the audience.

White explained his methods of outlining the rough sketch and from there he brought out the color and shading he desired. Pausing for questions from the audience, as cool punch was served, the artist announced that his completed drawing would be donated to the FFA president for use in any fund raising project she felt advisable.

Although no demonstration was scheduled this week, White will give another next week. Pictures from associated clubs in the state now hang in the galleries and a great deal of interest has been shown in the cabinet of stuffed birds in the Whistler Gallery.

Count DeBary, it is rumored, brought two of each species to the area to add to the stock of local birds for his private hunting range. Most of these types are mounted and are on view at the Mansion.

## Lake Monroe Jottings

MRS. H. L. JOHNSON

Hi there. Sure missed being with you last week. But I was certainly having a most wonderful time in Gainesville with the Short Course. Naomi Sapp, Louise Rusklow and myself, along with our agent and five others, certainly "learned" a lot this time. I wish that more could be able to go. After all, according to the old saying "you are never too old to learn" and I KNOW . . . I wish you could see what greeted me when I returned. I would have blamed it on the boys but since it was a small tornado I can't. The curtains were blown down, a window opened and soaked some furniture and plenty of damage outside . . . Murdock and Clara Matheson and two daughters left Monday morning for North Carolina where they will visit for two weeks. . . . I want to take this time to tell you of a beautiful thank you card I received in the mail. It is from the Dutch Mill Nursery on the Upsala Road. I also talked to Mrs. Lommerse on the phone. We had an interesting talk. Mr. Lommerse is from Holland. The transformation of their yard from what it was till now is simply wonderful. It is a site of beauty now. I want to go over and talk to him and see if he can translate a cookbook for me into the only language I know, English. . . . Sorry to hear that Ora Canup is confined to Seminole Memorial Hospital. Lenora Andrews and I went up to see her Sunday. Hope she can return home before very long. . . . Linda Stapler returned home last Wednesday after a three week absence spent in the mountains at Gatlinburg, Tenn. I know she had a wonderful time. . . . Talked to Mary Hittell concerning the Community Building. Help is badly needed over there. Anybody that can, please go over and give Mr. Anderson a helping hand. The outside repairs should be finished before getting the inside started. So come on you stout-hearted men and give the others a hand. . . . Our household had visitors last week from New Jersey. Fred and Oviedo McDonnell whom we haven't seen in seven years paid us a surprise visit. Sure was good to see them. . . . The W. H. Almonds have two of their granddaughters with them from Lee. . . . Claude and Rena Hawkins and son, Sidney, returned Friday after a two weeks visit with sister Florence in New Jersey. While there they went on a sightseeing tour of old New York. They took in the Em-

pire Building, Museum of Natural History, Rockefeller Center, Statue of Liberty and on their way home stopped at Gettysburg National Park, Pa. This trip wasn't enough so they left again Sunday morning to go south, by way of Spring to see old Monroe friends, the J. H. Edwards, then on to Lake Wales and Punta Gorda to visit the Jim Corbett and Rena's sister Hazel. As this was Sidney's first trip out of the state, he certainly was a thrilled boy. . . . Have got to be sure to remember to go to Gial Taylor's wedding rehearsal tomorrow evening. I have the pleasure of being asked to be the organist for her wedding. Just another day of being a YOUNG old maid. Gial. . . . Sammy Lou Keel told me this morning that she called her mother in Balabridge, Ga. Ma was out but Pa Pa was there so she talked to him. That's the couple that we are trying to get to come back here and live so Ma can show Pa how to fish and really catch the fish too. . . . They are the nicest couple. . . . I want to thank Cecelia Farmer for the nice little story she did on Mrs. Helabach and I while we were gone. It was so nice. . . .

## \$922 Collected To Aid Family

Casselberry Volunteer Fire Chief Paul Bates said late Tuesday afternoon that \$922 has been collected for Mr. and Mrs. Ralph Weimer whose five year old daughter, Gladys, died recently of the dreaded blood disease, leukemia.

Weimer, who has two other children to care for, still is deeply indebted for medical expenses incurred during the past year in the fight for his little girl's life. Bates said, stating that contributions still are being accepted at the Casselberry Realty Co., at Sheppard's Rexall Drug Store or by mail to the Fire Dept.

## Longwood Ready For CD Audit

Longwood last week received approval from Civil Defense authorities on its additional request for \$714.30 in Hurricane Donna disaster relief funds.

City Clerk Mrs. Onale E. Rockett was instructed by the city council to notify CD Headquarters that the town has completed all repairs for which the additional funds were requested and that it now stands ready for an audit of the records.

ALLEN'S CABINETS, INC., will move into its new Longwood headquarters on E. Lake Ave. next week. According to Allen L. Harvey, owner of the business which specializes in all kinds of formica work, the firm's new building is the largest in Central Florida for this type business and was designed to handle an expected substantial growth in the industry and in the number of employes within the next few months. (Herald Photo)

## Longdale Residents Seek Council Advice

A number of residents from the Longdale residential development appeared before the Longwood City Council meeting last week to seek advice on a paving problem and on how to get an unsightly junk yard screened from view.

The paving problem involves Orange Ave. east of the Longwood city limits to Hwy. 17-92 which runs in front of the Elementary School.

Council Chairman R. C. Carlson advised the group to get a petition, bearing as many signatures as possible, for presentation to the County Commission at one of its weekly meetings. He also suggested that residents form the largest possible delegation to present the petition.

This same method could be used, he added, in requesting that screen mesh fence be required around the junk yard.

However, Carlson made it clear that he was not optimistic about the groups getting any immediate results from the county, citing a number of past instances when county assistance had been promised but had failed to materialize.

## VFW Post 8093 Installs Officers

By MRS. ADAM MULLER  
DeBary VFW Post 8093 elected and installed officers at a July 11 meeting in the Fire Hall with M. J. Benson, commander of district 8, serving as installing officer.

New officials of the veteran's post include Gerard Neyer, commander; Capt. H. M. Yost, senior vice commander; Capt. Thomas P. Lawton, junior vice commander; John J. Seufert, chaplain, and Harold E. Coffin, trustee for two years.

During the ceremonies, the district official presented Joseph Santillo with a Dept. of Florida Certificate of Merit for continued activity in the VFW program of service for 1950 and 1951.

Speaker of the evening was Charles Swinehart, district quartermaster, who spoke on unity and strength of the organization in Florida.

## Seminole Nurse At Summer School

Mrs. Grace Fisher, Seminole County Health Dept. nurse, is attending a course of "Special Fields in Public Health Nursing" at the University of North Carolina School of Public Health.

The four-week course, July 10 through Aug. 4, is divided into four sessions with a full week devoted to each. Mrs. Fisher enrolled for study on tuberculosis, cancer, chronic diseases and cardiovascular diseases.

Offered by the Dept. of Public Health Nursing at the University, the course gives professional education to public health nurses and others in the field who are engaged in public health and institutional work.

The North Carolina school is the fourth oldest professional school of its kind in the United States and is one of 10 such schools in the nation which are accredited by the American Public Health Assn.

## Tax Session Set In Longwood

The Longwood City Council will sit as a board of equalization at 8 p.m. today in the City Hall. The meeting, during which any complaints from residents on the new city tax roll will be heard, was postponed from June 30 for lack of a full board.

## 4-H Boys And Girls At Camp McQuarrie

Seminole County's 4-H Boys and Girls left Monday for a week at Camp McQuarrie in the Ocala National Forest.

Attending with members from Volusia County, the 4-H'ers will take part in classes for swimming, nature lore, first aid, crafts and special programs. Each group will have an agent as its leader with one adult and three junior assistant leaders.

There are twelve cabins and each cabin selects a leader who is in charge of the cabin. The program each morning starts with the flag raising ceremony, then breakfast, clean cabins and morning assembly. Swimming, nature lore and special programs keep the campers busy until noon.

After lunch there is a rest period until afternoon activities begin. Flag lowering ceremonies are held after supper each day. The evening program begins at 7:30 p. m. and there are two hours for fun, recreation and special programs. Visitors are at 9:30 p. m. and this closes the program for the day when at 10 p. m. it is "Lights out."

Seminole girls attending camp are Carla Lommer, Towanda Showers, Patricia Conay, Karen Pettis and Sue Pettier, Longwood; Linda King, Candy Childs, Linda Mohr, Donna Foley, Martha Ross, Norma Adams, Sanford club; Myrtle Harris, Janie Cordray, Bernice Stoddard, Martha Dear, Iris Gossney, Sandy Shivers, Tina Greenchereau and Debby Kreckh, North Orlando club; Sylvia Miller, Dorothy Duda, Martha Murphy, Joyce Bellora, Lee Ann Murphy, Eleanor Heil, Sandra Miller, Mary Jane Brown, Lynn Eustice, Kathy Rook and Carol Rook, Slavia club.

Linda Stafford, Wanda Mixon, Cynthia Green, Barbara Rowell, Susan Day, Wendy Martin, Linda Gentry and Cathy Best, Lake Mary club; Cheryl Clark, Sandy Van Horn, Linda Jones, Sandra Jones, Brenda Kelly, Toni Morrison, Sheryl Mueller and Patsy Groves, Lake Brantley club; Linda Green, Catherine Cammack, and Frances Cammack from County-At-Large group.

Boys, David Jakubein, Chuck Pula, Jack Eustice, Ted Bellhorn, Bill Murphy, Bob Bellhorn, Wallace Markien, William Heil Jr., Bill Mikler, Michael Kreckh, Dan Thompson and Jonathan Lukas from Oviedo; John Peggood, William Leffer III, from Sanford; David Mohr and Harry Clements from Lake Mary.

Miss Myrtle Wilson, Home Demonstration Agent, and Ernest Lundberg, Assistant County Agent from Seminole County, and Mrs. Edna Eby, Home Demonstration Agent and Jim Luttrell, Assistant County Agent from Volusia County will be the agents in charge of camp. Cecil Tucker, II, County Agent from Seminole County is manager of the camp.

Mrs. Darle Dickson, is the adult leader assisting Miss Wilson and E. L. Bellhorn, Slavia is assisting Lundberg.

# Grissom Rockets Into Space: Escapes 'Disaster'

CAPE CANAVERAL (UPI) — Virgil I. (Gus) Grissom leaped 118 miles into the sky to become America's second spaceman today in a 16-minute rocket flight which ended in loss of his spacecraft and near disaster for him.

Grissom had to blow the hatch off his capsule and swim 65 to 70 feet before he was picked up.

The 35-year-old Air Force captain got out of his craft, Liberty Bell 7, minutes before it sank in the ocean 145 miles east north-east of Grand Bahama Island.

His first words after a rescue

helicopter deposited him on the deck of the aircraft carrier Randolph were: "Give me something to blow my nose. My head is full of sea water." The spacecraft sank five minutes after Grissom got aboard the helicopter.

Except for loss of the Liberty Bell, Grissom's flight was almost as perfect as Navy Cmdr. Alan B. Shepard Jr.'s pioneering hop of May 5.

One of the first to congratulate the stocky, tough-minded, hard-driving Grissom was President Kennedy. By radio telephone to

Gus aboard the Randolph, Kennedy expressed "great pleasure and satisfaction" over the successful outcome of his flight.

In Newport News, Va., Grissom's wife Betty said thankfully, "I'm very happy. Deep down I always knew it would be a success. That helped me."

Grissom himself was described as "in good spirits," but observers aboard the Randolph said he did not appear as jaunty as Shepard had after his recovery.

The National Aeronautics and Space Administration said offi-

cially that "preliminary data indicate the pilot performed satisfactorily during the flight."

His lack of bounce after rescue was attributed to disappointment over loss of the capsule and the film and other records it carried with it to the ocean bottom. Scientists, however, had complete tape of his remarks and physical condition as reported by radio during flight.

After Grissom was plucked from the sea, a helicopter tried to pick up the spacecraft. But NASA reported "that some kind of malfunction occurred, that the space-

craft sank; it dropped in the ocean and sank."

After two postponements and a last-minute weather threat, Grissom embarked on his flight at 7:20 a. m. with a smooth liftoff.

He hit a top altitude of 118 miles and a peak speed of 5,310 miles an hour before coming down at 7:36 a. m. 305 miles from the cape and seven miles from the Randolph.

The comparable figures for Shepard's flight of 15 minutes 22 seconds were 116.5 miles altitude, 3,180 miles an hour, and a landing 302 miles at sea.

Had Grissom's flight been a complete success, it might have been the last suborbital rocket hop before NASA attempts to put an astronaut into orbit around the earth late this year or early next.

But loss of Liberty Bell was a blow to scientists who had counted on gaining much information from the film and various instruments aboard the capsule. Their loss may make a third rocket hop advisable.

The main thing, however, was that Grissom survived his dunking. In Mitchell, Ind., his railroad father said he and the pilot's

mother were "relieved it's over." He said "we wouldn't want to go through it again."

Liftoff and the flight itself were flawless. Grissom, whose capsule had a larger viewing window than Shepard's reported at the beginning of his weightless period: "Boy, that sun is really bright! The sky is very, very black."

At one point he said the view from his "picture window" was so "fascinating" he almost forgot to do his spacecraft maneuvering chores.

THERE GOES GRISSOM . . . A news cameraman at Cocoa Beach helps a pretty girl sight through the telescopic lens of his camera for a look at the second Mercury Capsule shot from nearby Cape Canaveral.

## County School Board Okays Mill Increase

# The Sanford Herald

WEATHER: Cloudy with a chance of scattered showers through Saturday. High today, 85-90. Low tonight, 75-80.

## French Troops Launch All Out Battle For Tunis Port

TUNIS, Tunisia (UPI) — French paratroopers supported by artillery fire and strafing planes today unleashed an all-out battle for control of the Tunisian port city of Bizerte.

Localized French attacks against Tunisian army strong points on the outskirts of the city burst into a full-scale assault with heavy shelling and air strafing just after noon.

The immediate objective of the Algeria-toughened French troops was to gain control of the canal locks, which separated Bizerte and other French units reported as routed by sea from Algeria can enter Bizerte to build up French strength at the Bizerte base.

A government communique said the shelling began at 12:15 p.m. (6:15 a.m. EST). It said "Tunisian troops have taken up strategic

points in Bizerte city" to defend the town against French troops only about half a mile outside the city.

The Tunisian news agency said 50 truckloads of French troops moved out from their barracks in the Bizerte naval base today and moved toward the city.

An unofficial count showed more than 200 persons had been killed and hundreds more wounded in the fighting that began Wednesday when French troops resisted blockading Tunisians seeking to force them from the big naval base.

The French shelling was reported shortly after President Habib Bourguiba told his nation that France intends to reoccupy all of Tunisia.

He ordered a "foot-by-foot" defense against the French and appealed for foreign volunteers to

help.

Algerian rebel government officials announced in Tunis, meanwhile, that "important Algerian arms" and several thousand Algerian Moslem volunteers were ready to leave for Bizerte to fight beside the Tunisians.

The Algerian rebels are believed to have an army of about 15,000 men in Tunisia and to have considerable arms at their disposal, many obtained from Communist sources.

Bourguiba announced Tunisia was taking over control of the oil pipelines which run from the French wells at Edjele, in the Sahara, through Tunisian territory to the Mediterranean.

"If the French forces react to this decision we will take retaliatory measures along the whole length of the pipeline," Bourguiba said.

Although County officials aren't saying so publicly—the majority of courthouse department heads are dead set against any sort of courthouse annex in South Seminole County. Most of them feel that the county isn't ready for it yet.

Mayor Joe Baker will have plenty of opposition during the forthcoming city election this November. Two residents have already told me "off the record" that they are going to oppose Baker.

Nobody asked me but, why do official bodies such as school, county or city boards seem to worry more about public criticism when they are forced to raise the millage instead of if it is in the best interest of the school children or community?

The Board of directors of the Chamber of Commerce have scheduled a meeting for 7:30 p. m. July 27 in the Caucus room of First Federal. The 1961-62 budget will be discussed along with reports on the progress of the newly organized development company.

Health Director Dr. Clyde Brothers will be on the firing line Monday when he appears before the Rotary Club at its noon luncheon. I imagine Brothers will be asked on why he wants a slight millage hike in his budget.

### Kennedy's Military Program Slashed

WASHINGTON (UPI) — The House Appropriations Committee today slashed \$148 million from President Kennedy's military construction request and warned that the Pentagon must take fast action to stop waste in the program.

The committee, in approving \$886,768,000 for military bases of all kinds, lashed out against poor management in the planning and construction of new research facilities especially.

It cited unrealistic cost estimates, costly construction, inadequate facilities and delays in operational schedules as major problems.

The Air Force took the biggest cut, \$40.5 million. The Army budget was reduced \$44.1 million and the Navy \$23.8 million.

Under the bill as it now stands, the Air Force would still get the lion's share of \$497.5 million. The Navy would receive \$188.3 million and the Army \$175.8 million.

### To Stand Trial

DELAND (UPI) — Convicted Chillingworth murder mastermind Joseph A. Paul Jr. will stand trial Sept. 11 on charges of grand larceny and violation of security laws.

## Approves Record Budget

The County School Board late Thursday afternoon tentatively adopted a near \$4 million record budget for 1961-62 and unanimously voted to raise the support and maintenance budget by one mill.

The board will hold a public hearing on the budget at 10 a. m. July 31. Final approval is expected at that time.

The total budget figure was set at \$3,994,101 with the support maintenance budget at six mills and debt service remaining at one and a half mills.

Last year's operating budget was \$3,700,000.

At Thursday's meeting, Supt. of Schools R. T. Milwee predicted a bleak future for Seminole County children unless the budget is raised and even suggested the possibility of raising the millage by one and a half mills.

However, school board members refused to go along with any millage hike over one mill.

Board member James Birkmeyer said that "I can see the feasibility of one mill but I just can't go along with any more." Both John Brunley and Chairman Roy Mann agreed with Birkmeyer that one mill increase was a "must" but they were afraid any additional taxes would be too much to bear for the taxpayers.

Milwee said that the only alternative was to cut bond construction funds cutting the program for a new Bear Lake School and Junior High School near Casselberry.

The board agree to limit building money and cut the two new schools "to the bone if necessary."

Milwee repeatedly emphasized that if the millage isn't raised the school children will be penalized. "Our children are getting less than any others in the state but, it's remarkable that we continue to turn out some outstanding students."

In mapping out claims for the need of a millage hike, Milwee said that the federal government has allowed public law \$74, assistance for federally connected children to expire. "This takes away \$125,000 of anticipated revenue in this budget."

Milwee stressed that by legislative action a \$200 yearly across the board increase in teachers salaries, of which the county pays a portion, was given. He also emphasized that 46 more teachers than were used last year have been employed for the new year because of the child population growth and it is estimated that "1,200" additional children will have to be taken care of in the new year.

Milwee explained that for the past two years the board had been able to match state funds for building purposes with bond money. "Now that the bond money has expired, local money must be used for matching purposes," the superintendent said.

Milwee said that the board is entitled to \$250,000 of state money but this budget only calls for the matching of \$171,741 leaving the board short \$78,259.

## County Advised Lake Dot Not Fit For Beach

The County Health Department today advised the County Commission by letter that Lake Dot in Sunland Estates would not be a "fit" public bathing area.

The County Commission earlier in the week had tabled action on improving the facilities of the lake until the health department could conduct a bacteriological count on the two acre lake.

## Republicans Cry Foul On School Aid Program Bill

WASHINGTON (UPI) — Administration pressure to revive its all-but-defunct school aid program had congressional Republicans shouting foul today.

One GOP House member accused President Kennedy of brandishing a whip over Congress in an effort to line up support for his \$2.5 billion aid plan for public school construction and teacher pay.

All 12 Republican members of the House Education Committee wrote a letter to Chairman Adam Clayton Powell (D-N. Y.), accusing Kennedy and his congressional backers of trying to "blackjack" Congress into line on school aid.

These charges came as Powell met Kennedy in an unannounced conference on school legislation. Reliable sources said further strategy sessions were in prospect.

The complaints revolved around the so-called "impacted areas" school aid program.

This 11-year-old program, if continued, would pump \$10 million into 3,800 school districts throughout the country next year to pay for the schooling of children of government employees, military and defense workers.

The commission had been besieged by Sunland residents asking that the board improve the facility and also heard from residents protesting any public beach.

In a letter to the board, Dr. Clyde D. Brothers, county health director wrote that the lake receives waters from storm sewers and surface drainages for the surrounding area.

"This accounts for the high bacteria count," Brothers said.

If a public beach is developed, Dr. Brothers said, the bacteria count could be expected to rise due to contamination from the bathers.

"Due to the high bacteria count and the small area of the lake, it is the opinion of this office, that it would be very difficult to maintain a public bathing area with the water meeting safe standards for bathing places."

The commission plans no action on the beach until Tuesday's meeting.

## Mrs. G. D. Bishop Dies; Rites Set

Mrs. George D. Bishop Sr. died today. Funeral services will be held at 4 p.m. Saturday at Holy Cross Episcopal Church. Mrs. Bishop is survived by her husband, George D. Bishop Sr., a son, George Jr., a daughter, Mrs. Martha Ashby, seven granddaughters and one grandson.

## Anna On Lonely Caribbean Course; No Threat Seen

MIAMI (UPI) — Hurricane Anna, the season's first tropical storm, maintained a lonely course in the Caribbean Sea today and threatened no land areas.

But the San Juan, P. R., weather bureau reported in a dawn advisory that the disturbance should slowly "increase in size and intensity" today.

The advisory said the hurricane, churning up 80-mile-an-hour winds on a west and west-northwest course, was located about 1,100 miles southeast of Miami and about 115 statute miles northwest of Curacao, N.W.I., moving at 23 m.p.h.

"Hurricane Anna is expected to continue moving in the same direction at a slightly slower speed at 21 m.p.h. for the next 12 hours with slowly increasing size and intensity," the Weather Bureau reported.

Highest winds are estimated at 80 m.p.h. near a small area near the center and gale winds extend 100 miles north of the center in the northern semi-circle and 80 miles in the southern semi-circle.

The bureau warned ships along the coast of South America in the vicinity of the Guajira peninsula to remain in port.

## Sailor Escapes Injury In Mishap

A Sanford Naval Air Station man, Howard Gearhart, was charged with reckless driving in a one car accident early this morning, the Sheriff's Office reported.

Deputies said that Gearhart was apparently traveling at a high rate of speed along Myrtle Ave., three miles south of Sanford, when the car turned over.

Gearhart escaped uninjured but damage to the car was heavy.

WORK BEGAN this morning on widening W. First St. Top picture shows bulldozers clearing property west of Monroe Corner on the road. Bottom picture, workers drive a stake to designate the road right-of-way. The San Marco Construction Company of St. Augustine was the low bidder on the project with the cost to be \$694,966. The project will include leveling, grading, paving and one concrete box culvert on the 3.7 mile stretch.

## Heavy Loss

Seminole County schools will lose \$122,000 in so-called federal impact money if President Kennedy's school aid bill remains bottled up in congressional committee, Supt. of Schools R. T. Milwee reported today.

The federal impact funds are provided to help meet local school costs in areas where military bases spill children of military personnel into public schools.

The government started this program in 1950.
