HUGGINS PLACES NINE PLAYERS ON TRADING MARKET

Yankee Pilot Angling; Uhle And Ruffing, 2 Outstanding Boxmen

NEW YORK, Oct. 21.—(INS). Nine members of the world's champion New York Yankees are understood to have been placed on the open counter today as a preliminary gesture in the negotiation of two or more trades of considerable magnitude.

Those who will be offered for trade or sale are: Pat Collins and John Grabowski, catchers; Joe Judge, Mike Graella and Gene Robertson, infielders; Ben Paschal and Cedric Durst and possibly Bob Meusel, outfielders, and Bill Ryan and is declared to have compiled the list of victims to his final conference with club officials and they say he has spoken for "going the limit" with the job lot in order to get Charley Ruffing from the Boston Red Sox.

The other man he wants is George Uhle, of the Cleveland Indians, and he is quoted as saying that he expects to get George "for very little." That no doubt will interest the Indians strangely. It will be their first intimation that they lack of interest in George is a daily companion should apply equally to George's departure.

The Ruffing transaction is understood to have been discussed informally before the close of the 1928 season, although they named no Yankee names at the time. Confidentially, Huggins has declared that he will include Huggins in the proposed deal but only in the event that the Red Sox become adamant, which is a way people get when they think they can't go wrong. If Meusel goes, of course, many of those named will stay but not with the Yankees. They are definitely due to play their baseball elsewhere next year.

As I understand it, the only Yankee regulars who will hold over for the 1929 season are Ruth, Gehrig, Combs, Hoyt, Pennington, Fogarty, Zachary, Larnert, Kogut, Durocher and Bengough. Moore, of course, stays on the payroll because it is his due for a come back. The Yankees want him and, if he isn't, nobody does. Koenig is the present selection for third base with Durocher at shortstop and Lay and Reese, the \$150,000 contract, distinct possibilities for two of the four infield positions. Julian Wig, out to grass several times, is believed to be ready, too. Therefore, Huggins thinks himself justified in cutting loose from Dugan, Graella, and Robertson.

If Mausel departs Sam Byrd is the generally accepted candidate for left field, with either Durst or Panchal to be recalled from the training for the emergency.

What emergency? "Wintering over" have no there. The only one I can think of is that the Yankees may lose a ball game in the World Series one of these days.

LOOKING FOR TROUBLE!

BOXING KINGSAYS STEAM ROLLER IS NOT BEING USED

Charge Is Made That Illinoists Cornered Club's East Offices

By Robert T. Oliver. International News-Service. CHICAGO, Illinois, Oct. 21.—Paul Prehn recently elected president of the National Boxing Association today denied charges of Canadian and eastern members of the organization, that steam rolling tactics were used by his Illinois delegation in swinging the annual elections of the boxing association.

Prehn was not surprised to learn that the Canadian boxing federation had withdrawn from the organization. However, he was greatly concerned over the threatened withdrawal of Connecticut, New Jersey and possibly Michigan.

"As far as steam rolling tactics at the convention are concerned, I think the election was held very fairly. The six officers were distributed evenly as far as territory was concerned," Prehn declared.

"Illinois took the presidency, the secretaryship, and the treasurer's position went to Maryland, and Ohio and Kansas. Rhode Island and North Carolina received the Vice presidencies.

"I believe that only the eastern states which have been in control of the government positions and who for the first time have been defeated in the annual elections are now dissatisfied and wish to form a new organization.

"As far as the National Boxing Association is concerned there is no hickering," he said, "we as an organization are interested in the welfare of the sport only."

Stanley M. Isaacs, newly elected vice president of the N. B. A. from Ohio in Chicago today, issued a statement in which he censured the threatened action of the eastern states. Prehn and Isaacs are going forward with the organization program despite the pending disruption.

CAMBRIDGE, Mass., Oct. 21.—(INS).—Indications are that Harvard will take to the air against Dartmouth. Several new variations of the forward pass were tried yesterday.

SYRACUSE, N. Y., Oct. 21.—(INS).—Forgotten in the 7 to 6 defeat by Nebraska termed questionable by some Syracuseans on the ground that the orange should have been credited with a safety and two points in the second period. The Syracuse victory was contradicted today on the Press State course. The victory loss would be a 6 to 5 victory last year and the 10 to 0 win in the current season.

Hughes Makes Speech In Behalf Of Hoover

ST. JOSEPH, Mo., Oct. 21.—(INS).—The paramount issue in the coming election is whether Herbert Hoover or Governor A. Smith is the better equipped man to fill the presidential office, declared Charles Evans Hughes, here last night in the first of a series of five speeches which the former secretary of state will make on behalf of the Republican party.

The question is between Smith and Hoover and I decidedly prefer Hoover, Hughes said. "It is not merely a question between the parties. It is a question of the qualifications possessed by one or the other of these men. The primary question is which one has the higher office, is the better of these men?"
