CAPE KENNEDY, Fla. (AP) - The Gemini 11 astronauts undered into orbit today, ending three days of frustrating delay, and began stalking an Agena satellite across the sky at

five miles a second. Two lonely explorers speeding through uncharted heavens, Navy Cmdr. Charles Conrad Jr. and Lt. Cmdr. Richard F. Gordon Ir. simed to rendezvous and link up with the Agena in record

The seasoned pilots, who endured two 11th hour postponements and a last-minute, quarter-hour delay of these three adventurous days in space, relied on sensitive instruments and their judgment as fliers to seek out the fleeting target, "Eleven is go," Conrad exclaimed as the booster rocketed

him skyward from Cape Kennedy "You are go for M equal one," the Mission Control Center told the astronauts as their tiny spaceship swept into orbit more than 100 miles above the earth.

This was the designation for Gemini 11's plan to rendezvous with the Agena target satellite in the first orbit. "Roger," replied command pilot Conrad.

Little League Field Stymied At Longwood

C. L. Cooper of Seminole Little League, appeared before the Longwood city council to "clarify his opposition and clear the air" regarding Little League's need for additional ball fields

for regular games and practice sessions.

Cooper stated he "is overwhelmed and thrilled" with Longwood's plan, which was approved July 21, to build a ball field on eight of a 12 lot parcel of property owned by the city on Wayman Street at Magnolia.

Cooper pledged Little League's 100 per cent support of the project with "physical labor," pointing out that four Longwood teams belong to the league and need a practice field. He also reported that "regular games would be played on the field."

The ball field, according to plan, is to be of regulation size, have two dugouts, two restrooms, a concession stand and a small building, and be completely fenced in.

pletely fenced in.

Despite the fact plans were approved by council for the field, as well as for a 2,880 square feet civic center in July, construction on neither project has begun and no information is available from city official on when construction will begin.

Original estimate of completion of both projects had been

January, 1967.

Richard Zartman, who drew plans for both facilities and was hired as "agent for the city" on the civic center project, stated today, "I am awaiting instructions from the city fathers to proceed with construction."

Cooper requested of council and was granted the regular contribution of \$125 from the city for the Little League.
