Monday, November 22, 1971 — Sanford, Florida 32771  
64th Year, No. 66 Price 10 Cents

By JOHN A. SPOLSKI

We're starting to stir the minds of those who are at least "curious" about our comments of the Child Development Act. In this morning's mail... a letter from a student at Messiah College in Grantham, Pa. "I am a resident of Sanford and am presently attending Messiah College, and in one course here, called Social Foundations of Education, I brought up your article. We all in this class would like to study and debate this bill more thoroughly in our studies to keep abreast of the current educational trends in the United States."

I couldn't be happier... at least there are some who are concerned with what happens to our school children! There is a writer in Washington by the name of James J. Kilpatrick who has covered this subject previously... it's called "Scheme for Sovietization."

When the House met on the afternoon of September 30, not more than 40 or 50 members had any very clear idea of what might be contained in a proposed "Child Development Act." The bill was not even before them.

Before the afternoon had ended, after a legislative coup led by John Brademas of Indiana, the House incredibly had voted 203-81 to graft this unbelievable bill onto the Economic Opportunity Act of 1971.

The Senate some weeks ago adopted a milder but similar plan. The whole scheme now awaits action by conference committee.

The Brademas bill runs to 31,000 words. It occupies 22 columns of fine type in the CONGRESSIONAL RECORD. No measure of greater importance has cleared the floor of the 92nd Congress and few have had less attention from the press.

Now, with just that much... doesn't it start to make a chill run up-and-down your spine... (regardless of what the proponents say it will NOT do to our children; what it now CAN do frightens me!)

How 'cum? ... we look with tidbit of Justice of the Peace Mahaffey resigning, effective the first of November. And yet, no one has since been appointed to that office.

It is true that the local Democratic Patronage Committee is derelict in not submitting a name to the Governor's office?

You be the judge... don't you think that the Seminole Post Authority—Port of Sanford is having its problems?

## BULLETIN

Morning temperature bulletin from the National Weather Service and the University of Florida agricultural research center issued a warning of isolated patches of frost in sheltered locations, Orlando and north portion of the Brooksville District will record temperatures of 36-42.

# Child-Care Bill Puts Nixon On Spot

## Conservative Political Leaders Oppose New Development Program

By JOHN BECKER  
Associated Press Writer  
WASHINGTON (AP) — A White House-led lobbying effort to defeat a multibillion-dollar anti-poverty bill has been launched in the House in hopes of sparing President Nixon the choice of signing or vetoing it.

The bill, a compromise between separate versions already passed by the House and Senate, contains a provision for a new child-care program which has aroused intense opposition from conservatives.

However, it has equally strong support from civil rights, labor and women's organizations, and Nixon will be in trouble with one side or the other no matter what he does.

In an effort to free him from the dilemma, White House congressional operatives are working with House Republican Leader Gerald R. Ford of Michigan and Southern Democrats to line up votes against the bill. Backers have delayed a vote until Dec. 2 to allow time for gathering their votes.

In addition to the child-care program, the bill authorizes a new legal services program for the poor and extends for two

more years job-training programs for needy youths, community action programs and other activities run by the Office of Economic Opportunity.

They all would go down along with the bill if it is defeated or vetoed, which makes the White House's task more difficult.

When the House acted on its version of the bill last Sept. 30, the child-care program, voted on separately as an amend-

ment, was approved by only three votes, 186 to 183. But the entire bill was passed 351 to 115.

Since then, critics have been arguing that the child-care program would undermine parental responsibility and permit government indoctrination of children. Some conservative political leaders, already unhappy with aspects of Nixon's program, have said he will lose their waning support if he signs the bill.

The child-development program would authorize three health, educational and nutritional services for children of families with incomes under \$4,200 a year. A sliding scale of fees would be charged families with higher incomes.

The bill authorizes \$100 million this fiscal year to phase the program and \$2 billion next year to put it in operation.

The final version was agreed to by House and Senate conferees Nov. 15 after weeks of negotiating for administration approval. Secretary of Health, Education and Welfare Elliot L. Richardson seemed in basic agreement on the final version.

However, Richardson joined the opposition Friday, announcing his dissatisfaction with the program in a letter to House Republican leaders.

# Uncle Sam Opening Day Nurseries?

By JOHN A. SPOLSKI

The Herald contacted U.S. Sen. Edward Gurney's office for additional amplification on the Child Development Act (S-2007 Bill) and learned that on the day when it was presented in the Senate, it passed 19-12, with Gurney opposed and Sen. Lawton Chiles voting for the bill.

It was noted that this crucial vote was taken on the day following the Labor Day recess and that 38 Senators were not present to vote.

Although the Associated Press reported that it will cover families with incomes under \$4,320 a year, Gurney's aides reported it would cover those families with incomes of \$6,000 or less. Further, include those children from infancy to age 14, as cited in the NATIONAL JOURNAL, dated Sept. 18, page 1911.

In regard to the cost for this program Congressman John Brademas (D-Indiana), when questioned on this matter, said that he did not know the total federal support which would be required. However, again according to Gurney's office, it would cost \$100 million in fiscal 1972 and an astronomical \$2 billion in fiscal '73.

The bill has passed both houses of Congress but is presently in a joint conference committee.

"Only by writing to President Nixon, asking him to exercise his power of veto, is there any chance of stopping this bill," said the Gurney aide.

LESS THAN A MILE FROM LAST WEEK'S ACCIDENT SCENE.

Eight persons were injured in this three-car accident that blocked traffic on U.S. 17-92 a half mile north of DeBary for over an hour Friday night. According to investigating officers, a 1968 Falcon driven by Floyd D. Husband, 17, DeLand, crossed the center line, struck a 1968 Chevy driven by Cora Lambert, 62, DeLand, and then traveled an additional 124 feet before crashing

head-on into a 1967 Dodge driven by Mildred Niles, 74, DeBary. Husband is "improving" in the intensive care unit at West Volusia Hospital. Alan Sullivan 18, DeBary; Harriett Trumble, 74, DeBary; John Lambert, Gretna Gates and Hazel Bruden, all of DeLand, were all taken to West Volusia. R. M. McLendon of the Florida Highway Patrol is investigating the accident.

## Headlines Inside THE HERALD

MIAMI BEACH — AFL-CIO President George Meany is expected to force President Nixon to kick him off the Pay Board or abolish the wage control program before next year's presidential elections, a close Meany aide says. (Page 1B)

JERUSALEM—Abba Eban calls on Egypt to negotiate and "stop the public bombast." Israel names a new military chief of staff. (Page 1B)

WEATHER—This was the coldest morning this fall when the temperature dropped to 40. High yesterday was 70.

Letters To Editor  
We Aim To Serve

Editor, Herald:  
This letter is to thank you for your interest in and assistance to our Marine Laboratory and its research. It is our understanding from Mr. Jim Crowe that your newspaper was instrumental in initiating wire service coverage of our recent financial crisis and consequently brought statewide attention to our plight. I am happy to report that we have been given a new (revised) budget and, although slim, it will see us through the year.

Although our immediate crisis has been alleviated, we still have some long range problems which I hope can be solved in the next legislative session: 1) Our State lab and its activities must be funded from the General Revenue, not the unstable Biological Trust Fund and 2) The Federal-State Cooperative Projects must be funded separately from the purely State activities. In the past when we have been told to increase federal projects the matching funds have always been subtracted from State programs. This is a crippling process and should be avoided even if we have to turn down Federal funds. However, I believe the loss of these funds is a waste to the State of Florida and would suggest that some other source of State matching money be found so these projects could continue. Now that so many people are aware of these problems, I am optimistic that they will be corrected.

Again we certainly appreciate your help.  
Sincerely yours,  
EDWIN A. JOYCE JR.,  
Supervisor,  
Marine Research Laboratory  
Bureau of Marine Science & Technology

## Mobile-Modular Plant Eyes Site

By BILL SCOTT

Sanford may soon come to be known as the mobile home center of Central Florida if plans of a national firm to locate here are completed, plus the announcement today from the general manager of Winchester Mobile Homes of a 100,000-square-foot building to employ approximately 300-400 workers.

Winchester Mobile Homes, a subsidiary of TRICO, Chattanooga, Tenn., is expected to have its first model off the production lines in about a week.

This was confirmed today by James Goforth, general manager of the Sanford Winchester operation.

Goforth said the local plant, located on Sanford Avenue in the building formerly owned by H. L. Hunt, is now in production, and will be utilizing production lines building four separate mobile homes. The models are Winchester, Shenandoah, Heritage House and All-American, he added.

As many as 30 floor plans may be incorporated in the structures.

He said the first mobile home dealer already has indicated plans to purchase the first unit to be produced in Sanford.

Winchester plans to employ from 300-400 workers when capacity is reached.

Sanford Mobile Homes the firm plans to have its first unit off the production line by next week.

The Herald has learned that a mobile-modular home manufacturer has taken an option to purchase 30 acres of land near the Seminole Industrial Park property.

According to reliable information, the nationally known company plans to erect a 100,000-square-foot building to employ approximately 300-400 workers.

## Scribe Tells In-Depth Of Judicial Process

... With these eyes shall thou behold and see the reward of the wicked...

The reward of the wicked...

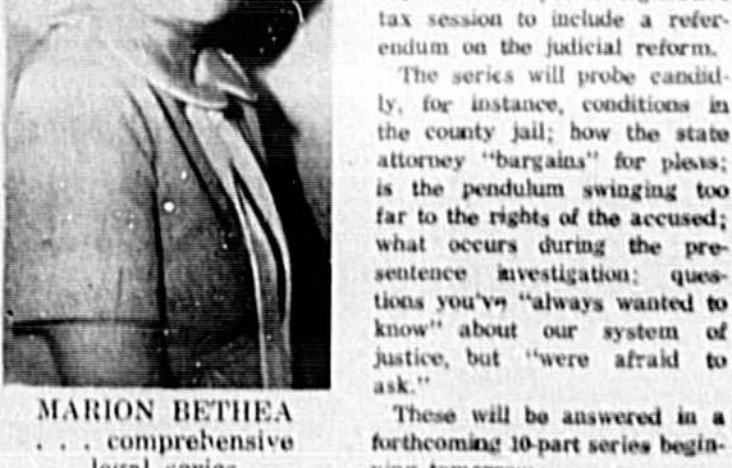

... everyday cases which find their way to civil courts... all these will be explored in depth in a series outlining the judicial process in this county.

Concluding the series will be an insight into the proposed judicial reform, which Gov. Reubin Askew deems so necessary he intends to extend the Nov. 2 special legislative tax session to include a referendum on the judicial reform.

The series will probe candidly, for instance, conditions in the county jail, how the state attorney "bargains" for pleas; is the pendulum swinging too far to the rights of the accused; what occurs during the presentence investigation; questions you've "always wanted to know" about our system of justice, but "were afraid to ask."

These will be answered in a forthcoming 10-part series beginning tomorrow.

Marion Bethia... comprehensive legal series

## Lockhart Man Held In Shooting Affray

A Lockhart man has been charged with assault with intent to commit murder in one Saturday shooting incident and is being investigated for possible charges in a second.

Robert Allen Byland, 21-year-old self-employed roofer, was jailed in lieu of \$2,300 bond in one incident involving a man and his 16-year-old son. Jack Bechtel, 30 1/2 Wiley Avenue, reported he and his son were shot at by a man who drove alongside their car parked near Five Points on U.S. 17-92 south.

County Det. Sgt. George Alby reported he charged Byland with the shooting after locating the suspect's car parked at the Devils Inn, further south on U.S. 17-92 near Longwood.

Byland is alleged to have come out someone started shooting at them.

and the Sanford man became embroiled in an argument earlier and fired an undisclosed number of shots. Det. Alby reported Byland had a .38 caliber pistol in his possession when arrested.

A second shooting allegedly involving Byland occurred, the detective said, when Thomas O. Huber Jr. and Marilyn K. Sutton, both of Longwood, reported a car containing two men drove alongside them as they walked on Seminole Boulevard near the Ka-La apartments and reported one of the men attempted to start a fight.

The two pedestrians said they went inside an apartment to tell some friends. When they came out someone started shooting at them.

# New County Headquarters For Salvation Army

Seminole County's due bill is being called by the Salvation Army. It is in the form of a drive to raise \$240,000 to build a community service center in which its traditional services to those in need can be efficiently rendered.

Announcement of this decision comes from its advisory board after 10 years of careful and intense research.

That it is, in the truest sense, a due bill is evident to all who have taken the trouble to watch the almost insurmountable problems which have vexed the Salvation Army in this county.

A starting point is the present headquarters in a small building at 214 East Second Street in Sanford, where the courageous and vigorous commanders have tried to meet the needs for more than 42 years. Hampered in every direction by crippling physical conditions which thwarted their vision of adequate performance, this operation has had to alter its methods as the vast change in this county has been going on.

At present the calls for help from those who can find help nowhere else are multiplying in direct

ratio to the booming traffic flow which is headed for Walt Disney World, but which bounces back into Seminole.

This county cannot turn its back or shrug its shoulders and evade the moral responsibility which has come along with all the promise of the growth in which it is now luxuriating.

The Salvation Army as an institution has earned the highest rank among those human organizations which carries forth the basic challenges of the Christian faith — the fatherhood of God, the brotherhood of man.

To those who have seen what the Salvation Army does at time of war, as we have; or who have stood on the sidewalks of the Bowery in New York and seen how this Army waded into the sordid challenge of poverty and despair, as we have; the dedication and inspiration which has kept the Salvation Army a vital factor in Seminole County is no surprise.

What is a surprise is, quite logically, how they have been able to accomplish this minor miracle with their archaic headquarters and limited facilities under which they have and are laboring.

The delay in taking this step to start a drive for capital funds is a further emphasis on the need and a further evidence of the study and thought which the advisory board has devoted to this project.

Jack Toole, chairman of the board, describes the situation with: "Our local Salvation Army has struggled so long with so little to work with that it now become absolutely necessary that we arrange to give it adequate facilities."

The facilities, as seen by Capt. Billy Lyons, commanding officer "will make it possible for us to offer many more services that will benefit and help people."

The community center will be the Salvation Army of Seminole County's headquarters. It will include the welfare center, family service center, storage for all emergency supplies, gymnasium, youth activities center, kitchen and dining area, chapel and nursery.

Success of this drive, to be started in January and February next year, will open the way for the Salvation Army of Seminole County to become in

fact what it has been in name — an operating county-wide agency.

Captain Billy has made this clear in pointing out that "the most important thing about the community center will be the expansion of all of the Salvation Army's services and activities to all of this community and all of this county."

No comment on this would be fair or honest if tribute were not paid to the Salvation Army commanders who have labored with such dedication and such devotion in recent years.

The stairs in the Second Street headquarters may have crumpled, the roof may have leaked but there were no flaws in the work which was done by such as Capt. Jack Owens, whose vision of a new and proper service center can now be realized.

We believe that this appeal should be met. Not only from the very practical reason that the need for Salvation Army services is increasing to such an extent that lack of them would be detrimental to the county in terms of cost, but that this county can seize this opportunity as a moral challenge — and meet it with the consciousness of a deed well done!

# Bridal Shower Honors Yvonne Spaulding

Miss Yvonne Spaulding, bride-elect of Myron Leslie Alday, was guest of honor at a bridal shower on Nov. 10. Hostesses for the pre-nuptial affair were Mrs. Nora Gordon and Miss Debbie Wiley.

A pink and white setting captured the decor and refreshments.

Live games and the opening of the many lovely gifts highlighted the exciting evening.

The hostesses presented the bride-elect gifts of china in her registered pattern.

Invited to attend were Mrs. J. C. Spaulding, the bride's mother; Mrs. Bea Laurendine, the bride's grandmother; Miss Brenda Spaulding, sister of the bride; Mrs. Annette Wagner and Mrs. Marjorie Jernigan, Lakeland, aunts of the bride; and Mrs. M. T. Alday, mother of the bridegroom from Orlando.

Also Mrs. Jean Jacoby, Mrs. Estrella Ramos, Mrs. Laura Lee and daughter, Penny Lee, Mrs. Ann Garden, Miss Janet Blylock, Mrs. Ethel Hurt and Mrs. Margaret Kendall of Orlando.

BRIDAL SHOWER — Sharing happiness with the honoree at a happening are from left, Mrs. Bea Laurendine, grandmother; Mrs. J. C. Spaulding, mother; Miss Debbie Wiley, hostess; Miss Yvonne Spaulding, bride-elect and guest of honor; Mrs. Nora Gordon, hostess; and Mrs. M. T. Alday, mother of the bridegroom.

MISS RHONDA KAY ECHOLS  
**Echols-Hurst Engagement Told**

Mr. and Mrs. L. E. Echols of Palatka, have announced the engagement and approaching marriage of their daughter Rhonda Kay, to Cecil C. Hurst, Jr., son of Mr. and Mrs. Cecil Hurst, also of Palatka.

A 1971 graduate of Palatka Central High School, the bride-elect was a variety show leader, president of American Field Service, member of Little Women, Student Council representative and received the Senior Superlative, "cutest." She is presently employed at Palatka Abstract Title Guaranty, Inc.

Her grandparents are Mr. and Mrs. V. H. Frederick, West Street, and Mrs. M. V. Echols, 417 West 11th Street, all of Sanford.

The couple's planning a January wedding in Peniel Baptist Church, Palatka.

By LIZA BAKER

If you haven't gone to Disney World yet, you are missing a treat.

Friday, Dotti Stalter and Elmer Wolf from Buckeye Lake, Ohio (guests in our home) and I went to Disney World.

The first and important thing I have to say is, wear comfortable clothes and most important, comfortable shoes. My feet were killing me all day. But with buying feet, I sure did enjoy my day and so did my friends.

One of the most miserable things about Disney World (I'm standing in line to purchase your book of tickets—only had to stand 40 minutes.

One in, though, the magic begins! You have your choice of riding the monorail or the train, we took the train rather than standing in a long line again.

We did ride the monorail later for a complete trip around the wonderful Disney World. The most exciting scene of that ride was going through the fabulous Contemporary Hotel, a wonder all of its own. The train stopped right inside the huge building so every one could drink in the beauty of the place.

We rode on the train and sky ride, not to mention the delicious meal and tasty ice cream. And don't forget to watch the Barber Shop Quartet. Those four men are a show all by themselves. We watched them perform twice.

We threw three some pennies in one of the many water ways. Throwing my pennies in, I made a wish. I didn't want to just throw my money in the water, without thinking I was getting nothing for it.

Surprisingly, there were many people in wheel chairs enjoying the sights. There is something there for everyone.

It was a day I'll always remember although time ran out and we had so much more to see. We saw license plates from all over the United States and heard many folks comparing Disney World to Disneyland with everyone eager to get on their way to get as much packed in one day as possible and it is impossible to see it all in one day. Yet many buildings and more attractions are still under construction.

I must compliment on all the young pretty girls and young courteous gentlemen working there. The employers have picked and trained their employees well.

WHAT IS LIFE WITHOUT A FRIEND? Mrs. Ralph Kennedy, president of Seminole Spokes Welcome Wagon Club, invites Mrs. Leonard Bucy, Mrs. Frank Dullant and Mrs. Maurice Hammer to join the activities of the club. The women were guests at a coffee for prospective members at her Spring Valley home. (Marilyn Gordon Photo)

**Garden Circles Green Thumb Set**

CENTRAL CIRCLE

Central Circle of Sanford Garden Club held the November meeting at the Garden Center with Mrs. E. J. Peoples, Mrs. B. C. Moore and Mrs. R. D. Wesley serving as hostesses.

On arrival, 14 members were served doughnuts and coffee.

Mrs. H. H. Grier, circle president, presented Mrs. Frank L. Woodruff, III, who gave the program, "Happy Days Are Here Again."

Mrs. Woodruff being an instructor in Flower Arranging, began with giving the following guidelines for making arrangements: First, decide the place for the arrangement; second, suitable container; next, the skeleton or lines; always use flowers to fill the design.

She first discussed two arrangements that member, Mrs. Myron Smith, had made commenting favorably.

Mrs. George McCall gave a Horticulture talk. She displayed two Specimens, Chlorophytum and Melica, which she described.

Mrs. Beatrice won the Choro

**Education Notebook College Protests Gain Little**

By KENNETH J. RABREN  
Copley News Service

College protests have focused attention on campus inequities, but most student demands either have not been met or would have been resolved without demonstrations or violence.

These are some of the conclusions drawn from a recent American Council on Education study showing that the 1970-71 academic year was not as quiet as some claim. The stereotype of the local campus on the rampage generally is false. Violent protests decreased last year, but the total number of demonstrations decreased only slightly compared to last year and the more typical 1968-69 academic year.

A rough breakdown of months of student protest is provided by the study's list of major reasons students give for protest and the percentage of demanded reforms achieved.

This table also dispels the notion of organic campuses being centers of educational dormitories and the myth of lower academic and moral standards. Only 25 per cent of the 2,362 higher education institutions studied offer coed living, although such accommodations are offered at 62 per cent of the institutions experiencing violent protests.

Seventeen major demands were made at institutions pressured by protest. Only six demands have been met in more than half of all studied. Eight demands have been met in about half or more than half the institutions experiencing any form of protest and the same number have been met where severe incidents took place.

In 1968-69, 37 per cent of the protests were related to minority group students. This dropped to 30 per cent this last academic year.

Students have gained ethnic studies courses, general studies departments; hours programs; work-study programs; deferred tuition payments; special admissions criteria for certain minority or disadvantaged students; standard admissions require ments regardless of sex or ethnic origin; a more successful demand where protest was less severe; compensatory education for disadvantaged students; voting representation on major curriculum committees and voting representation on policy-making committees other than student government.

These gains are important, emphasizes Dr. Alan E. Bayer, the council's assistant research director who worked on the study, but many would have been achieved with or without protests.

Surprisingly, the point at which students began to reject violent protest was not reached at Kent or Jackson State, but with the death of a graduate student, distinction of a laboratory and a professor's lifework at the University of Wisconsin later.

Before the ink was dry on the 18-year-old vote amendment to the Constitution, politicians were predicting a new, liberal power base. About five million of the nation's 115 million 21-year olds are college students. College communities became disturbed at the prospect of bloc-voting students running their towns. Many student organizations promise voter registration drives and get-out-the-vote campaigns.

**Political Notebook Human Spirit At Its Best**

By BRUCE BLOSSAT

The old man stood in front of the plant office building and waved as long as our car was in sight. He was the very image of an unshakable spirit.

He was Harumi Nakamura, 76, assistant to the general manager of the Chiba works of Kawasaki Steel Corp. He belongs to that special, up-from-the-ranks breed of men who live steel all their lives and love it.

Chunky, feisty yet genial, his English flowing easily, he told me:

"When I started in 1917, all Japan was producing about one million tons of steel a year. Soon — maybe next year — it will produce 100 million tons in a year. When it does, then I will be ready to retire."

Japan is indeed getting close to Nakamura's goal. In 1970 it turned out 90 million tons, putting it within halting distance of the top two world producers, the United States and the Soviet Union.

Its industries flattened in World War II, Japan in the first post-war year produced only a little more than 350,000 tons of steel. Today this Chiba works, second largest in Japan and seventh in the world, makes that much steel in a month.

Having once worked a year in a steel plant myself, I found easy ground with Nakamura. He showed me the most modern and efficient furnaces, which pour out iron and steel in huge quantities competitive in the world's distant markets — and especially in the United States.

But Nakamura and his associates and superiors are not met to rest. He looks out on a new expanse of land reclaimed from Tokyo Bay. Atop a man-made ridge, he flailed his arms about, indicating where more big furnaces would go and where larger, deeper-draft

**BERRY'S WORLD**

"Excuse me—when you just said 'Abba Eban,' were you talking about the Israeli minister, or do you have a head cold?"

**Unfettered Press**

The Inter-American Press Association, like many other institutions, has taken a look at itself and decided it must take greater care to display its involvement with people. The classic problem these days, in government or business or press, is being responsive to constituents or customers. That is, identifying with the common welfare.

For the IAPA, a major purpose has been to preserve and expand freedom of the press, a goal which serves the people. Trouble is, says Chairman Lee Hills of the committee on the future of the IAPA, is that too often the organization has been regarded as more concerned with commercial interests and the status quo. Mr. Hills is publisher of The Miami Herald and The Detroit Free Press and president of Knight Newspapers.

He suggests that one way to correct this negative impression is to involve more newspapermen at the working level in the functions of the IAPA, rather than just owners and publishers. As governments in the hemisphere break out of old patterns and seek new ways to be responsive, it is appropriate that IAPA keep pace.

Freedom has never been under more pressure than now, when nations are experimenting with and testing new governmental systems. If freedom is to survive, so must an unfettered press — Miami (Fla.) Herald

**Don Oakley Says: Advise, Consent System Best**

By DON OAKLEY  
NEA Editor

President Nixon was clearly in the wrong when, angry at the Senate's rejection of two Supreme Court nominees in a row — Judges Haynesworth and Carswell, he declared that the Constitution gave him the right to appoint anybody he wanted.

The selection of men to sit on the Supreme Court, the third branch of the federal government, is the joint responsibility of the other two branches.

But the Senate is just as wrong if it rejects a nominee because, whatever his professional qualifications, he does not fit the majority political line.

In the matter of the President's two latest candidates, Lewis F. Powell Jr. was apparently beyond reproach from the beginning. He is no flaming social reformer, but is so well respected and so well qualified that no senator or witness before the Senate Judiciary Committee could raise anything approaching a serious doubt.

Rather, attention was focused on the other candidate, William H. Rehnquist. According to some critics, this man was practically painting to put a Negroes lock in chains and to install a writup in every home.

If that were not bad enough, according to a statement to the committee by United Auto Workers President Leonard Woodcock, Rehnquist possessed "either the breadth of vision nor the humanity which is required of a Supreme Court justice."

May Providence grant that none but men of sufficient breadth of vision and humanity ever sit on the high court, but who a labor union president should have a say in determining this is a good question.

Senators cannot help wanting men on the court who share their political philosophies, any more than a President can. It is, however, the President's prerogative to make nominations. The Senate can only accept or reject.

If a nominee meets all professional and personal qualifications and if he has no branches of moral or ethics can be laid against him, then the Senate cannot in good conscience reject him simply because he does not happen to fit the correct ideological mold.

"Advise and consent" does not mean "nitpick and politic."

**Hal Boyle Says: Tap Your Mind's Treasury**

By HAL BOYLE

NEW YORK (AP) — What a fine treasury the human mind is!

It is like an overflowing granary at harvest time, stuffed with the true gold of old memories. Some of those memories, grim or gruesome, have a nightmare quality that disturbs our sleep.

But time has such a soft way with us that most of us are more consoled by the past than troubled by it. After he has endured the high-water years of his life, the past means more to a man than the future. He lives in it more, and it comforts him more.

You have years of solace in your own mind if you can look back and remember when — You felt a little hurt when on April Fool's Day and ask for Mr. Fox, Mr. Bear or Mr. Wolf. If you were feeling particularly daring, you might even call up the local cemetery and ask to speak to Mr. Phil Graves.

Every boy under 12 felt he was underprivileged if his mother didn't buy him a skull-on-top with a whirling propeller on top.

One of the things about mother that pleased father most was that she liked to tramp around the house wearing a pair of his old slippers.

It was the height of every woman's ideal of luxury to own a black's sea fur coat—or at least, her a silver fox fur crawling around her neck.

In good times it was steak, in bad times chewy boiling beef.

DENISE YATES (center) was crowned Miss Forest City at the carnival sponsored by the Forest City Community Association. In her court were from left, Karen Bowers, Marsha Matthews, Sara Nordstrom, and Nancy Spandau.

# Before Judge Dominick Salfi Criminal Docket Set Tuesday

**By MARION BETHIA**

Arraignments tomorrow before Circuit Judge Dominick Salfi will include, for the most part, defendants docketed last week.

Continued from last week is the arraignment of Richard Earl Gourley, charged with first degree murder in the slaying of George DiGirolami, 68-year-old Sanford resident, on Sept. 17.

Gourley was not represented by counsel but had offered assistance by his great uncle, Frank Cannon, who is listed as his attorney on this week's arraignment docket. Gourley is being held without bond at county jail. Trial for his co-defendant, Troy Durland, is set for Jan. 31.

Also continued from last week are the arraignments of the three of the four defendants charged with two counts of crime against nature in an alleged sexual assault of an 18-year-old youth, who himself was incarcerated on a charge of assault with intent to commit rape. Facing charges are Thomas Todd Kirk Riley and James Knight. The fourth suspect, Gary Adair, had his trial scheduled for Jan. 10 at last week's arraignments. Todd faces trial on Jan. 10 on rape charges.

All three were without counsel last week but this week's docket lists Todd's attorney as Thomas Freeman and Riley's as Jack Baldwin. In Knight's case, the court will notice his guardian for appointment of counsel.

Also continued is the arraignment of James Hiram Lee III, charged with possession of marijuana. Lee was without counsel last week.

Continued for two weeks is the arraignment of Norland Grace, charged with two counts of breaking and entering with intent to commit a felony and larceny of a motor vehicle. He, too, is without counsel.

Another continued case is that of Bobby Lee Jackson, charged for the appointment of counsel in the case of Cleveland Mitchell, charged with breaking and entering with intent to commit a felony, and Nathaniel Small, charged with two counts of robbery.

Thomas Wade will be arraigned on charges of buying, receiving and concealing stolen property as well as failure to appear. Wade failed to appear last week and his bond was arrested and a capias issued.

The court will notice parents of Eddie Sullivan faces charges of sale and possession of a narcotic drug.

## Art Classes Scheduled

Registration is now open for Art Classes. Those wishing to register may do so at the Sanford Civic Center. There is a \$3 registration fee for the eight-week course. The course is open to both boys and girls ages 8 thru 15. Students will purchase own materials.

Classes for ages 8 thru 11 will be on Monday, 3:15-5:15 p.m., and ages 12 thru 15 will be on Wednesday, 3:15-5:15 p.m. is without counsel.

Another continued case is that of

After two months in the hospital, during which time our shop was closed, I'm now as good as new, back in business, and ready for those shoe, luggage and hand-bag repair jobs.

## Council Meeting Tonight

**By MARION BETHIA**

**NORTH ORLANDO** — Consideration of hiring a fiscal agent for the municipality will occupy the attention of Village Council at 7:30 tonight.

Recommended for the position is Logan Browning, former comptroller for the City of Tampa. Stipulated salary for the position is \$100 monthly. Mayor Granville Brown believes a fiscal agent is necessary with the increased growth of the city, as well as advantageous from the standpoint of obtaining federal grants, for which Browning said, the city is eligible with proper preparation.

There will be a report from a special committee who investigated an allegation by Dennis Brown that his life had been threatened by Police Chief Walter Batchelor. Chief Batchelor contended he would not have gone to the complainant's home without a warrant and he would use whatever force necessary to serve it.

Council will consider, on second and third reading, an ordinance amending road right-of-way along U.S. 17 to SR 418.

Village Attorney Thomas Freeman will present a draft of a resolution in which the municipality will be permitted to utilize the services of County Planner David Farr for zoning matters.

Council will act on a No. 8 recommendation of the Planning and Zoning Board for professional zoning in the city.

Also to be discussed is a Zoning Board recommendation for trailer parks.

## FORMIDABLE

## Would Force President To Act Labor Chief Sights On Nixon

**MIAMI BEACH (AP)** — A labor leader said today that he would force President Nixon to act on the White House next year.

Asked if this meant Meany will seek to "goad" Nixon into throwing the three AFL-CIO members off the Pay Board, the aide said flatly, "Yes."

"Meany wants Nixon to kick him off the Pay Board," said another AFL-CIO source, close to labor's Pay Board strategy.

Meany has accused the Nixon administration of using the five public and five industry members to try to "goad" the five labor members into quitting the board which Nixon created to impose nationwide wage controls.

The fight, in which Meany has already announced a policy of noncooperation with Pay Board decisions that labor disagrees with, resumes today when the board starts drafting forms on which wage hikes must be reported to the board.

"There's bound to be a fight over that," the Meany aide said.

Nixon told some 2,000 AFL-CIO convention delegates last Friday he would press his Phase 2 wage price control program to the fullest whether they cooperated or not.

Before Nixon left the hall, Meany gave the convention to order and said "We will now proceed with Act II." Nixon canceled plans to spend the weekend in Florida and flew to Washington amid reports he was angry over his rejection by the AFL-CIO which the White House denied.

Sen. Hubert H. Humphrey of Minnesota, the 1968 Democratic presidential nominee whom Meany supported against Nixon, said in Washington that Nixon had sought to provoke the AFL-CIO confrontation.

Sen. Edmund S. Muskie of Maine, a potential Democratic presidential contender along with Humphrey, shrugged it off as just one of those uncomfortable incidents in today's confrontation politics.

Humphrey, Muskie and Sen. Henry M. Jackson of Washington, an announced candidate for the Democratic presidential nomination canceled appearances before the AFL-CIO to day to remain in Washington for a Senate vote on a critical political financing bill that Nixon opposes.

The AFL-CIO is expected to give heavy financial backing to whoever wins the 1972 Democratic presidential nomination.

## Israel Urges Peace Pact; Egypt Looking For Battle

**By MICHAEL GROSS**

**JERUSALEM (AP)** — Foreign Minister Abba Eban called on Egyptian President Anwar Sadat on Sunday to negotiate a peace settlement with Israel and "stop the public bombast."

Eban also named a new military chief of staff.

Eban was referring to Sadat's statement Saturday that "the time for battle has come, there is no more hope." During a tour of Suez Canal positions, Sadat urged his troops "to be ferocious in battle, to prove to the world that we are a fighting people who know how to defend our dignity and honor."

Sadat also told pilots at an air base that Egypt had broken off discussions with the United States on U.S. proposals for an agreement with Israel to re-open the Suez Canal. He accused Washington of retreating from its declared policy of seeking a peaceful settlement and said it now wants "by all means to achieve Israel's goals."

Egypt's Arab Socialist Union, the governing political party, met in Cairo Sunday to discuss defense plans and organizing a civil defense unit.

It urged the Egyptians to assume your responsibility, determine your own destiny and restore your lost lands," a reference to Arab territory captured by Israel in the 1967 war.

Eban said Sadat's speech to the troops combined "a military threat with political extortion" which "can bring nothing but disaster to his nation and region."

"We shall, of course, not yield to military intimidation or to political pressure," Eban declared.

Other government officials accused Sadat of "heightening war hysteria" and said he left Egypt "little way out of a confrontation." But the official said: "Still he does not close the door completely to a political settlement. He leaves a narrow space open, but let's hope it is not too narrow."

The Israeli government also named a new military chief of staff to succeed Lt. Gen. Haim Bar-Lev, who had served an Israel year in the post. His replacement, taking over Jan. 1, is Maj. Gen. David Elazar, 46, who ran the successful anti-guerrilla campaign in northern Israel from 1961 to 1969. For the last two years he has been chief of operations, the No. 2 job in the Israeli military hierarchy.

Bar-Lev, who has been chief of staff since Jan. 1, 1968, will become minister of industry, informed sources reported.

## Solons Split Over Campaign \$S

**WASHINGTON (AP)** — Republican publicans prepared to take a dozen new amendments for re-summation of Senate debate today on a presidential campaign financing plan that has sparked bitter partisan debate.

Democrats narrowly defeated a GOP effort last week to delete the campaign spending rider from a \$27-billion tax-cut bill.

A final vote on the rider was scheduled late today, to be followed by a vote on the tax bill.

The rider would allow taxpayers to contribute \$1 to a national political fund by checking a box on their income tax returns.

Sen. Robert J. Dole, R-Kan., Republican national chairman, said he would offer an amendment to appropriate \$29.4 million directly to the Democratic presidential nominee next year and eliminate the checkoff procedure.

Dole said this would remove the complexities and give Democrats the money they seem determined to get.

Republicans have no intention of using the checkoff funds, he said. The rider requires that any party accepting the tax funds forego other campaign money.

The White House openly entered the fight against the plan over the weekend.

Clark MacGregor, President Nixon's chief legislative liaison, said the President views the proposal as "unwise and irresponsible."

Nixon would have to consider vetoing the tax bill, a centerpiece of his new economic program, if Congress ties the campaign fund rider to it, MacGregor said.

Democrats may accept one possible.

Nixon would have to consider vetoing the tax bill, a centerpiece of his new economic program, if Congress ties the campaign fund rider to it, MacGregor said.

Democrats may accept one possible.

# Homemade Christmas Presents

By ALLEEN CLAIRE  
NEA Food Editor

Tart-sweet flavor and a bright red color make cranberries an excellent choice for homemade Christmas gifts. Relishes always are appreciated and cranberries go well in Spiced Cranberry Conserve, Cranberry Chutney or Cranberry Date Relish. Put aside a few jars for the family when preparing a batch of holiday food gifts.

## SPICED CRANBERRY CONSERVE

- 2 cups fresh cranberries, rinsed and drained
- 1/2 cup sugar
- 4 dried figs, coarsely chopped
- 1/2 cup dates, coarsely chopped
- 1/2 teaspoon cloves
- 1/2 stick cinnamon
- 1 can (8 ounces) pineapple tidbits
- 1/2 cup water
- 1 tablespoon lemon juice

Combine cranberries, sugar, figs, dates, cloves, cinnamon, pineapple and water in a saucepan. Bring to a boil and cook, stirring frequently, for 10 to 12 minutes. Add lemon juice and remove cinnamon stick. Spoon into hot sterilized jars. Seal at once. Makes 2 cups.

## CRANBERRY CHUTNEY

- 2 cups fresh cranberries, rinsed and drained
- 1/2 cup sugar
- 1 cup water
- 1/2 cup tarragon or dill vinegar
- 1/2 teaspoon allspice
- 1/2 teaspoon salt
- 1 cup chopped dried mixed fruit

Combine all ingredients in a saucepan. Bring to a boil, reduce heat and simmer, stirring frequently, for 10 minutes. Cool and chill. Or, spoon white hot into sterilized jars and seal. Makes about 5 cups.

## CRANBERRY DATE RELISH

- 1 lemon
- 4 cups (1 pound) fresh cranberries, rinsed and drained
- 1 cup pitted dates
- 1 cup sugar
- 1/2 teaspoon salt

Cut lemon into lengthwise wedges and remove seeds. Put cranberries, lemon and dates through food chopper, using medium blade. Blend in sugar and salt. Chill 1 hour or longer before serving. Makes about 4 cups.

## STUFFED HENNY-PENNYS

- 6 (1 pound each) Rock Cornish Game hens
- 2/3 salt and pepper
- 1/2 cup butter
- 2 cups finely chopped onion
- 1 to 2 cups finely chopped green pepper
- 1 cup finely chopped celery
- 1/2 cup enriched white bread cubes, cut 1/2 inch
- 1/2 cup finely chopped parsley
- 1/4 cup heated sesame seeds
- 1 jar (2 oz.) pimientos, drained and chopped
- 1 tsp. salt
- 1/2 tsp. coarsely ground black pepper
- 1/2 tsp. crushed tarragon
- 1/4 tsp. crushed rosemary
- 1 egg, beaten
- Melted butter

Wash hens with cold water, drain and pat dry. Season with salt and pepper. Melt 2/3 cup butter in large skillet. Add onion, green pepper and celery; cook until tender. In large bowl mix together bread and next seven ingredients. Combine with cooked onion mixture. Mix well. Blend in egg. Loosely stuff about 1/2 cup in cavity of each hen. Fasten opening with food pickles; tie drumsticks together. Place remaining stuffing in greased 9 x 13-inch baking pan or 13 x 14-inch roasting pan. Set hens on stuffing. Roast in preheated 375-degree oven 1 1/2 to 2 hours, or until done. Baste often with melted butter.

## Jurgens As Tito

BELGRADE (AP) — Kurt Jurgens, West German screen actor, will be cast to play Marshal Tito as the Yugoslav guerrilla leader in a movie on partisan warfare in Yugoslavia.

Richard Burton will be cast as Sava Kovacevic, a legendary guerrilla leader, killed during the last war, in a movie in which Irene Pappas, Greek actress, will also play.

The movie, "Sutjeska," will depict the struggle of Tito's partisans against occupying forces in World War II.

# What do you have to be thankful for?

A great deal we hope.

Because we at A&P have much.

We're thankful for God's blessings on our great country.

We're thankful for the free enterprise system that has allowed us to serve you for more than a century.

We're thankful, that again this year we'll be privileged to play a part in making Thanksgiving feasting a memorable occasion for so many.

But most of all we're thankful for you... for your patronage and loyalty.

When you come in we hope that the warmth of our service, the completeness of our selection and the dependability of our values will tell you better than words how thankful we are.

## Brussels Sprouts Italiano

By ALLEEN CLAIRE  
NEA Food Editor

The holiday period starting with Thanksgiving and ending in a merry half New Year's Day is filled with good things to eat. Here is a different approach in the standby Brussels sprouts. This is Italian Style with a touch of garlic, onions and anchovies and promises to add a new taste to any holiday meal.

## ITALIAN STYLE BRUSSELS SPROUTS

- 2 tablespoons butter
  - 2 tablespoons olive oil
  - 1 clove garlic, crushed
  - 1/2 tsp. minced anchovies
  - 1/2 teaspoon dried basil leaves, crushed
  - 1/2 teaspoon oregano leaves, crushed
  - 2 packages (10 ounces each) frozen California Brussels sprouts, cooked as directed on package
  - 1 pound small white onions, peeled and minced
  - Salt and pepper
- Heat butter and oil in large skillet; add garlic and anchovies. Sauté over medium heat for 3 minutes. Add basil and oregano and onions. Season with salt and pepper to taste; cook just until hot. Makes 4 to 6 servings.

## TURKEY JUBILER

- 1 can (1 pound 3 ounces) cherry pie filling, beverage flavoring
  - 1 tablespoon brandy
  - 2 eggs
  - 1/2 cup milk
  - 1 tablespoon sugar
  - 1/2 teaspoon salt
  - 4 slices day-old bread
  - 1/2 cup wheat germ
  - 1/2 tablespoon butter or margarine
- Heat pie filling in small saucepan over low heat. Stir in brandy flavoring. Keep warm. Combine eggs, milk, sugar and salt in shallow bowl. Beat until smooth. Dip bread slices in egg mixture. Coat with wheat germ. Melt butter in skillet over low heat. Sauté each slice until golden brown, turning once. Top hot French toast with cherry sauce. Spoon about 1/2 cup cherry sauce on turkey. Makes 6 servings.

## CASSEROLE SUPPER

- Eggplant and Tomato Algerian Rolls
  - Sliced Beef Beverage
  - Lemon Chiffon Pie Beverage
- EGGPLANT AND TOMATO ALGERIAN
- 2 medium eggplants, pared
  - 3 tablespoons salt
  - 3 tablespoons margarine
  - 1 cup chopped onion
  - 1 cup converted-type rice
  - 1/4 cup grated Parmesan cheese
  - Milk
  - Flour
  - Peanut oil
- 1/2 large tomatoes, each cut into 4 slices
- 2 cups sliced mushrooms
- 2 tablespoons flour
- 1 container (3 ounces) heavy cream
- 1/2 cup milk
- Slice each eggplant into 4 thick rounds; sprinkle with 2 tablespoons salt; place between 2 heavy plates. Melt 3 tablespoons margarine in saucepan; add 1/2 cup onion and cook gently until transparent—about 3 minutes. Add rice and remaining 1/2 teaspoon salt and cook until rice is slightly browned. Add chicken broth, cover and simmer until rice is tender and liquid absorbed—about 35 minutes. Place rice in a greased 1 1/2 by 7 by 1 1/2 inch baking dish; sprinkle with both sides. Drain on paper towels. Alternate eggplant and tomatoes on top of rice. Chill until 1 hour before serving time. Brush tomatoes with peanut oil; bake in 350-degree oven about 30 minutes or until hot. Meanwhile melt remaining 3 tablespoons margarine in saucepan. Add mushrooms and remaining 1/2 cup onion and saute. Blend in 2 tablespoons flour. Gradually stir in cream and milk. Cook, stirring constantly, until sauce thickens and comes to a boil. Pour over heated casserole and serve at once. Makes 4 servings.

HEAVENLY FEELING seems to be what Lyman's new homecoming queen Susan Alecock is experiencing as she is crowned by last year's queen Jamie Black. (Don Vincent Photo)

## 'Top Lions' Saw Team Lose Finale

The Barracudas' final touchdown came midway into the third period when Chandler returned Oviedo's kickoff 66 yards to New Smyrna Beach. Keith Beverly ran the final distance and completed the scoring after kicking the point after to a 31-6 whitewash at the hands of the New Smyrna Beach Barracudas.

The Lions were playing without either Carlton Brundidge or Alan Daniel. Brundidge has been forced to quit non-contact sports while Daniel has an injured foot that kept him from running.

The loss left Coach Ralph Stump's squad with a rather dismal 6-7 season including a 1-4 record in the Orange Belt Conference.

Wes Chandler collected 29 yards and 13 points for the Barracudas, all the points and most of the yardage coming in the first half. Chandler put the New Smyrna Beach squad on the scoreboard in the first period with a 62 yard scoring punt return. Chandler added the extra point himself.

Roger Wood recovered a fumble on the Oviedo 28 yard line when Rick Mills got thumped hard and the ball squirted loose. Randy Beverly, one of the New Smyrna quarterbacks, piloted the "Cudas 11 to the Oviedo goal line. Chandler got the call to go the final one yard distance. Keith Beverly booted the extra point as the Barracudas took a 14-0 halftime lead.

New Smyrna Beach was quick to score again in the third period. The "Cudas took the kickoff and Keith Beverly broke loose for a 72 yard scamper that netted the Barracudas a first and 10 on the Oviedo six yard line. Keith Beverly scored on a six yard scamper with Randy Beverly running the extra point.

SCRAMBLING for yardage for the Oviedo Lions is Donnie Allen (22). With the loss of Carlton Brundidge and Alan Daniel, offensive rushing duties fell to Allen. The Lions closed the dismal grid season with a 31-6 disappointment at the hands of the New Smyrna Beach Barracudas.

# Wildcats Spoil Hound Homecoming

By HERRY CUSH Herald Sports Writer

Lyman's courageous Greyhounds came up with a surprising effort Friday night but it was not enough to pull off an upset and the Hounds were on the short end of a 24-0 count in their homecoming clash with Winter Park.

Larry Greigley's Wildcats proved to some 10,000 fans their worth as both Metro Conference champs and District Three encephalitis as their punishing attack just wore down Dick Copeland's fighting Greyhounds.

Junior offensive back Clarence Lattimer overcame some early game frustrations to help the Parkers notch their ninth win of the season against one loss.

Lattimer fumbled twice in the first half and each time the Hounds recovered but could not take advantage of the breaks. In the second half there was no halting the deceptive running Lattimer as he rushed for 175 yards and scored one touchdown.

While they did not win the Hounds were impressive to say the least and became the only team during this regular season to hold Winter Park's vaunted offense without a touchdown for three periods.

Winter Park went 28 and a half minutes before scoring its first touchdown and trailed for the better part of three periods.

Bob Watson's one yard plunge put Winter Park in the lead for the first time in the game with 9:35 remaining. Ben Ward's conversion made it 10-3.

Lyman's fired-up Hounds took the opening kickoff and moved well along the ground against a normally tough Wildcat defense. On consecutive third downs and long yardage situations the Hounds chose to run dry plays and both times they completely fooled the Parkers.

Bob Florence was the key runner in that early drive when it was he who broke loose on the long yard plays. The second was a 19 yard scamper down to the Wildcat's 27. The Hounds picked up one more first down at the 17 before the Wildcat defense stiffened. On fourth and five from the 13 Randy Hlay-

## Lyman's Campaign Finale Night Worth Remembering

By HERRY CUSH Herald Sports Writer

Homecoming 1971 should be long remembered by not only Lyman High Students but all those in attendance at last Friday night's game and festivities.

While the outstanding performance by the Lyman gridder may have been spotlighted there were other instances which thrilled the overflow crowd.

And we do mean overflow as the fans bearded the sidelines and end zones at both ends of the field. Several attempts at moving the huge dais away from the sidelines resulted in failure by all who tried.

Herald photographer Don Vincent could not remember ever being assigned to a game where the fans blanketed the field in the manner they did Friday night.

The complete surprise by which the 1971 homecoming queen Susan Alecock was caught added to the night of excitement. The new queen did not seem to feel the crown first being placed upon her.

Also helping to make homecoming 1971 memorable was the "triumphant" return of former Lyman homecoming queen (1969 vintage) Debbie Dane who now wears the title of Walt Disney World Ambassador.

Escorted around the field in a automobile the vivacious "first lady" of Disney World seemingly gave the fans a warm, heartfelt reply via a wave. It was not the ordinary wave one makes while acknowledging onlookers but one that made those receiving it feel as if it were personal.

Even the cheerleaders on Winter Park will long remember the evening and not just for the little extra they had to put forth to get their team moving.

One of the Parkers cheerleaders was heard to remark on the actual choosing of the 1971 queen. "That was really precious," said the cheerleader in a warm tone.

Sarasota Mooney defeated Florida Air 34-8 in grid play Saturday in Melbourne to leave the Falcons winless in competition this year. Sarasota and Trinity are currently tied for the District crown, but the Saints can't win it by their record. Taking their losses, each team has one, and their best seven besides, ties both schools at 70 points.

Counting points against common opponents, Trinity has the title if they beat Florida Air. The title will more than likely be decided by one combine win loss totals of the two teams that gives the title to Trinity.

The Saints will be out for blood against the Falcons. Last year Florida Air ran the score up against Trinity and Coach Bob Fox's crew will likely do the same to the Falcons. The tables are turned from last year when the Falcons were having a good season and the Saints only a mediocre one.

Lawrence Cleveland continues to lead the ground attack of the Saints. To date the specialist has collected 179 yards for the Saints. Jacky Zimmler and Steve Saxon complement Cleveland's running talents.

Mark Hanna took over as Trinity's top pass receiver in yards gained. Hanna has caught 11 passes for 206 yards. Andy Penn upped his pass catch total to 19 for 354 yards for the Saints with Cleveland mainly tending his 335 yard output on 15 catches. Saxon cleared the century mark with his fifth pass catch. Ray Parsons upped his output to 300 yards with his 14th catch.

In covering the Whispering Hills course in 13:27 Pace's Yeager established a new class record.

Defending champ in the Class AA ranks, John Adair of Trinity Prep, could do no better than a 16th place. Ted McNulty finished behind teammate Adair in 16th place. Trinity Prep could not compete as a team since it did not qualify in district.

The final team point standings saw Pace with 25, SNA 94, Ft. Lauderdale Pine Crest 83, Alva 110, and County 114, Melbourne Central Catholic 117.

Titusville captured the state Class AAAA title edging Largo 60-81. Individual honors in the AAAA meet went to Hialeah's Allan Rosenbaum with a record time of 12:26.

The state Class AAA crown went to Hollywood Chamaine with Milton High runner Bobby James finishing first individually with a time of 12:46.

ADMIRING runner-up trophy captured in state Class AA cross country are, from left, Sanford Academy's coach Tim Prey, ace runner John Whitworth and team captain Walter Smith. (Gary Taylor Photo)

## SNA Harriers Second In State

Miami Pace High School's Harriers set the "pace" last Saturday afternoon and there were few teams who could keep up as the Miami team raced to the Class AA State championship.

Pace runners claimed the top four places in the meet run on the Whispering Hills Country Club course in Titusville.

Sanford Naval Academy finished second behind the Pace runners with its freshman runners turning in a sparkling performance against some tough opposition.

Pace lacks only two boys of being a Class AAA school and as such would have had to compete with some larger and tougher schools, just as their competitors this past week had to do.

Those top four finishers for Pace were Yonder with a time of 13:27 followed by Rubaine, Sabrino and Benomato. Mt. Dora's Brown took fifth and teammate Bertot ninth but Mt. Dora was not eligible as a team.

John Whitworth gave a run and more experienced competitors a "run" for their money but the best SNA freshman could do was a 15th place with a time of 14:15. Dan Pinkerton, also of SNA and another freshman, finished 18th with a time of 14:46.

## Trinity Prep Must Win Florida Air Grid Battle

By LARRY NEELY Herald Sports Writer

For the Trinity Prep Saints, now ranked 10th in the state Class A-A-A poll, can clinch a tie with Sarasota Mooney if they can get by Florida Air Academy Tuesday afternoon when the Saints meet the Falcons in Melbourne.

Sarasota Mooney defeated Florida Air 34-8 in grid play Saturday in Melbourne to leave the Falcons winless in competition this year. Sarasota and Trinity are currently tied for the District crown, but the Saints can't win it by their record. Taking their losses, each team has one, and their best seven besides, ties both schools at 70 points.

Counting points against common opponents, Trinity has the title if they beat Florida Air. The title will more than likely be decided by one combine win loss totals of the two teams that gives the title to Trinity.

The Saints will be out for blood against the Falcons. Last year Florida Air ran the score up against Trinity and Coach Bob Fox's crew will likely do the same to the Falcons. The tables are turned from last year when the Falcons were having a good season and the Saints only a mediocre one.

Lawrence Cleveland continues to lead the ground attack of the Saints. To date the specialist has collected 179 yards for the Saints. Jacky Zimmler and Steve Saxon complement Cleveland's running talents.

Mark Hanna took over as Trinity's top pass receiver in yards gained. Hanna has caught 11 passes for 206 yards. Andy Penn upped his pass catch total to 19 for 354 yards for the Saints with Cleveland mainly tending his 335 yard output on 15 catches. Saxon cleared the century mark with his fifth pass catch. Ray Parsons upped his output to 300 yards with his 14th catch.

In covering the Whispering Hills course in 13:27 Pace's Yeager established a new class record.

Defending champ in the Class AA ranks, John Adair of Trinity Prep, could do no better than a 16th place. Ted McNulty finished behind teammate Adair in 16th place. Trinity Prep could not compete as a team since it did not qualify in district.

The final team point standings saw Pace with 25, SNA 94, Ft. Lauderdale Pine Crest 83, Alva 110, and County 114, Melbourne Central Catholic 117.

Titusville captured the state Class AAAA title edging Largo 60-81. Individual honors in the AAAA meet went to Hialeah's Allan Rosenbaum with a record time of 12:26.

The state Class AAA crown went to Hollywood Chamaine with Milton High runner Bobby James finishing first individually with a time of 12:46.

## Saints Tenth In Poll

Bob Fox's Trinity Prep Saints moved into the top ten in the Class A-A-A Florida Sports Writers Poll this week as they moved a step closer to a possible district title.

The Saints, boasting a 9-1 record, took 72 points in the voting as they rallied down 10th place. The Saints were 13th last week, but scored a victory over tough Berkeley Prep to move up.

Eastis still heads the small school poll. Other Central Florida teams in the ratings include Wymore Tech 17th and Father Lopez 20th.

Ft. Pierce Central retained the top spot in the class A-A-A-A poll with Jacksonville Raines close behind. Both teams have 9-0 records, as the seasons draws to a close.

Merritt Island, with their only loss coming at the hands of Ft. Pierce Central, 27-25, moved into a tie for fourth along with Glades Central.

Winter Park, Metro Conference champion, almost seventh in this week's voting, Orlando Edgewater, destined to meet Merritt Island in post season bowl action, is ranked 10th.

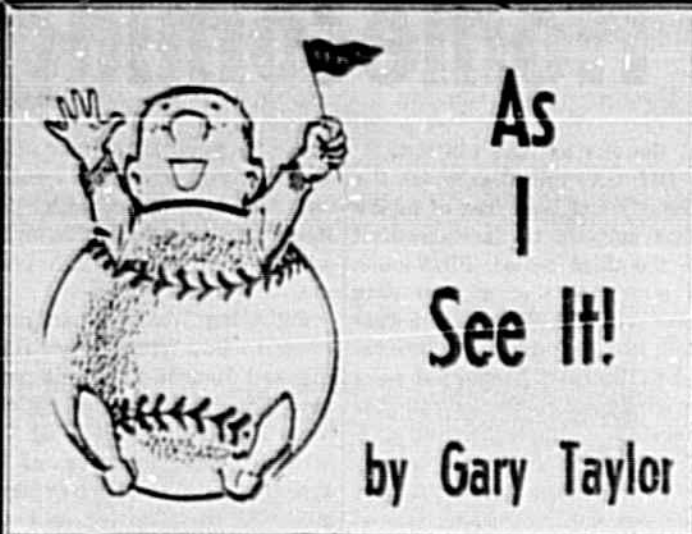

Sanford, which was once as high as fifth in the poll, failed to receive a single point in the voting by the eight representatives of the Florida Sports Writers Association.

## Fight Results

By The Associated Press

LABRADOR CITY, Newfoundland — Bill Drover, Montreal, knocked out Frank Bullock, Toronto, 4, heavyweights.

As I See It! by Gary Taylor

The football team from the Florida School for the Deaf and Blind took quite a beating against the Sanford Naval Academy Saturday night...

Advance tickets for the upcoming Seminole Basketball Classic at Seminole High are now on sale.

Even if you don't like rodeo action you want to be at the Orlando Sports Stadium for one of the many performances of the ICA championship rodeo.

Even if you never been to a rodeo, try this one and I'm sure you'll be back for more.

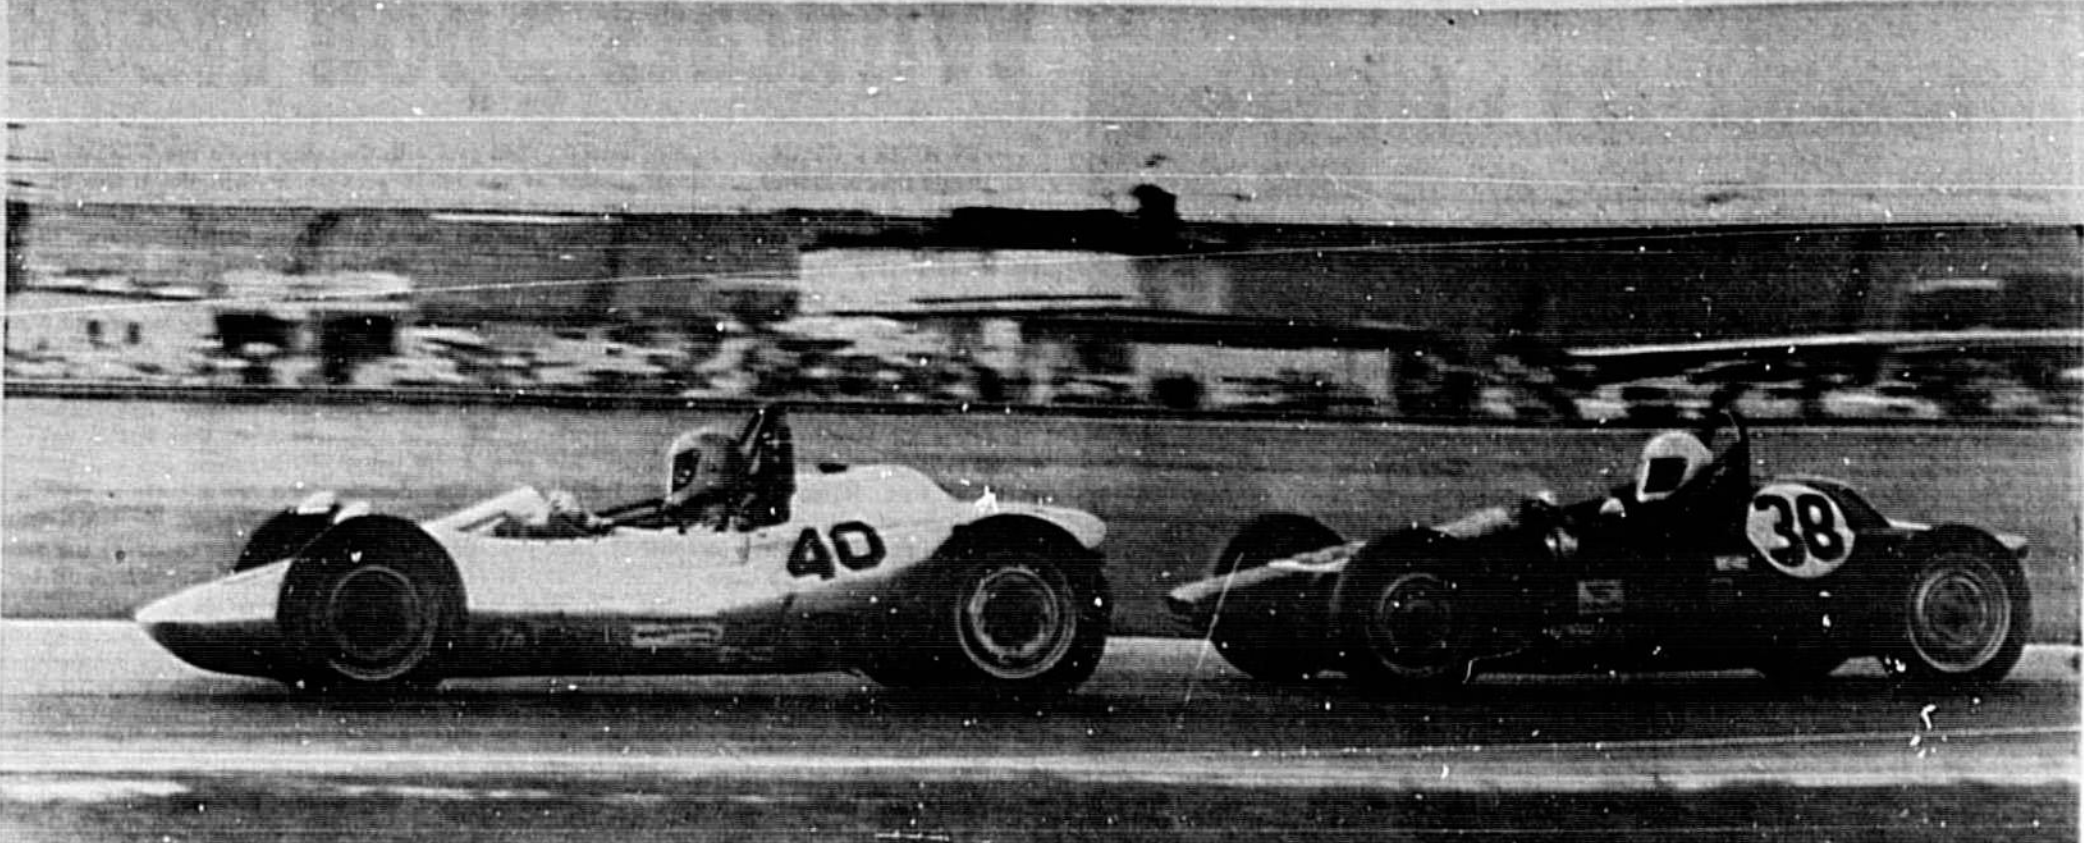

But rodeo fan or not, here's your chance to see Roy Rogers and Dale Evans in person.

Are there any retired circus performers in the 150-160-circus circus here at the program may die.

Congratulations to the Sanford Naval Academy cross country team. The school is only class A, but the boys were runners-up in the class AA state championships this past weekend.

Every spring rumors of coaching changes start flying around. For some reason, they started early this year.

Football season is still here, basketball is just starting to roll and Bergman's still working on baseball.

THE TEAM OF Dave Helms and Don Yenko were the victors in the 200 mile DMSA GT championship race Sunday at the Daytona International Speedway, averaging 107.568 miles per hour in their Corvette.

At Home Tomorrow Night Raiders Fall To North Florida Quint

By GARY TAYLOR Herald Sports Editor

MADISON — Trailing by two points with 20 seconds left on the clock, the Seminole Junior College Raiders lost their seventh game to fouls and had to finish the game with only four men left on the court as North Florida posted a 135-131 win over the Raiders.

power with wins over Lake City and Gulf Coast. The win over the Timberwolves came in Lake City, which for many years has been a tough place to find a victory.

as 11 points one time in the game and had a 65-62 lead in the dressing rooms at the half-time break.

Sterling, Paulk had come down from a shot and was trying to regain his balance when he stepped on the face of a North Florida player and was ejected.

North Florida also had an edge in the rebounding as they hauled down 58 and the Raiders grabbed 55.

North Florida also had an edge in the rebounding as they hauled down 58 and the Raiders grabbed 55.

Meet On Thanksgiving Day Rams And Cowboys Return To The Top

By BRUCE LOWITT Associated Press Sports Writer

"We're a pretty good football team," said Coach Tom Landry.

"We're still in the race," countered George Allen.

"Lantry had just watched his Dallas Cowboys vault into the lead in the National Conference East with a 13-0 victory over Washington, regaining the spot they had been pursuing since being knocked off 20-16 by Alvin's Redskins seven weeks ago.

Thursday," he said. That's when the Cowboys take on the Los Angeles Rams.

The game will be an addition to Thanksgiving Day feast for National Football League fans, bringing together a pair of division leaders.

grabbed a bit of breathing room in the American Conference East as Gary Yergler boosted the Dolphins to a 17-14 victory over the Baltimore Colts.

around the rest of the league, Kansas City kept on Oakland's heels in the AFC West with a 20-10 victory over Denver while the Raiders were squeaking by San Diego 34-33.

by Jim Nettles who ran it back three yards for a touchdown in the final minute of the first half.

Top College 11's Play Rating Game

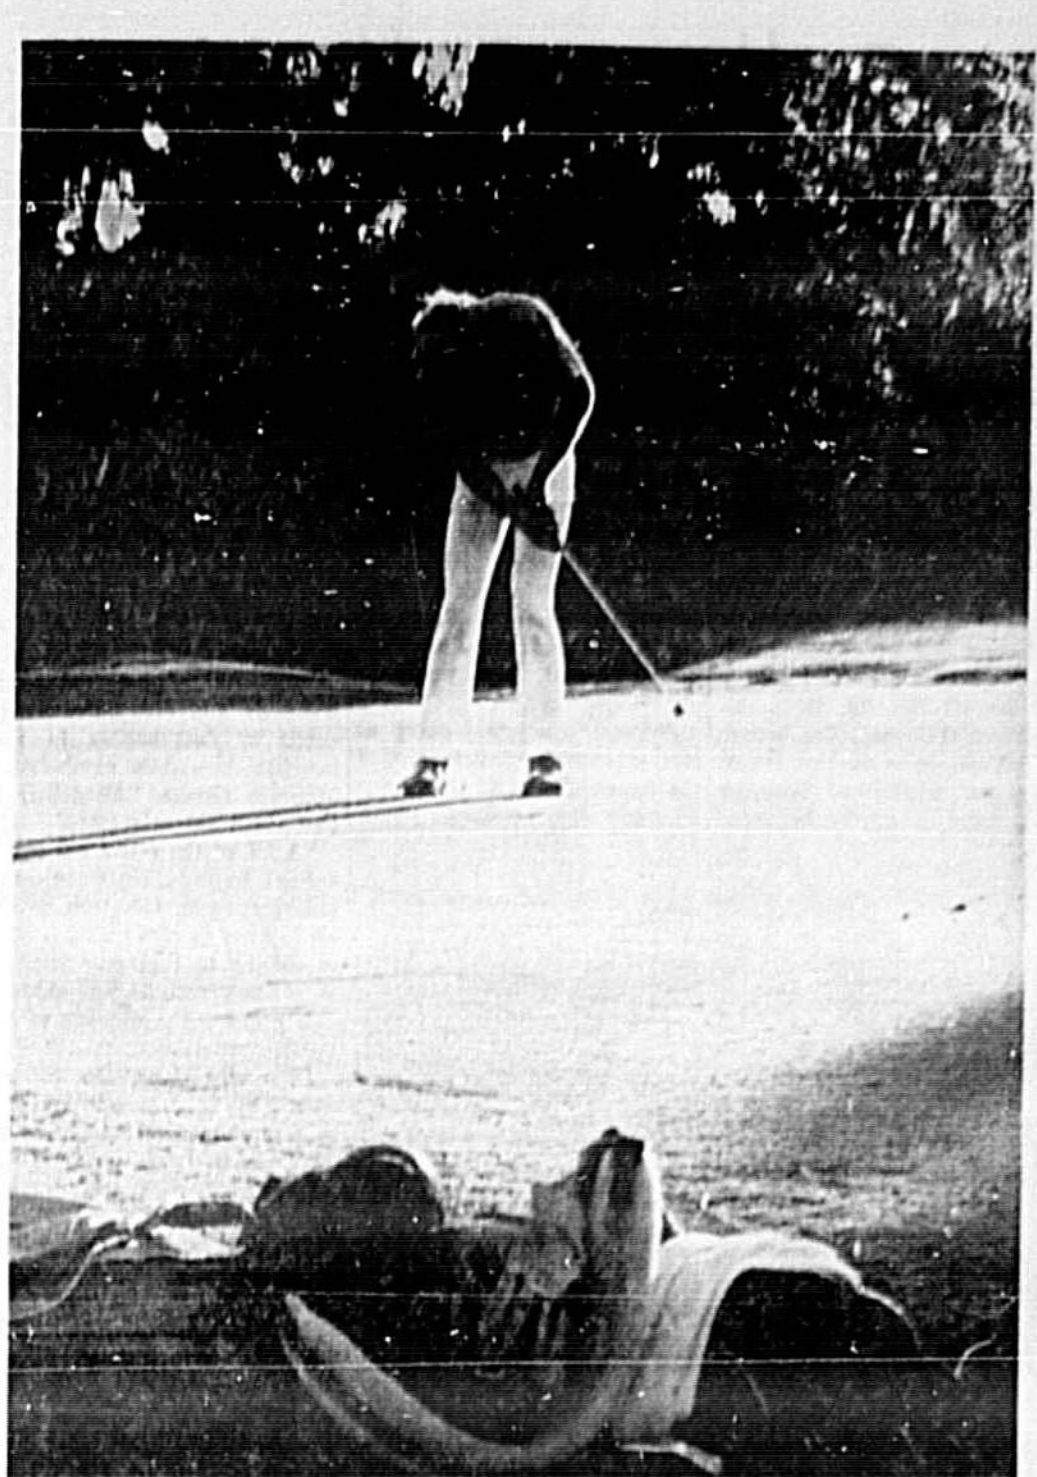

By BERSCHEL NISSENSON Associated Press Sports Writer Now that the bowls have played the dating game, Nebraska and Oklahoma are about to play the rating game...

Two days later, Nov. 4 Alabama and No. 5 Auburn square off for bragging rights in the South.

Then the bowl people went to work with open arms and came off with the following lineup:

Tangerine Bowl, Dec. 23-Tulsa, 11, vs. Richmond, 55.

Orange Bowl Jan. 1-Norfolk, 10, vs. Alabama, 10 with one game left.

THERE should be no stopping once you've tapped your putt and Beau Baugh displays fine form as he follows through on putt during Mayfair High Wheelchairs Memorial.

Records Are Set By Ranger Center

By HAL ROCK Associated Press Sports Writer

It is symptomatic of Jean Rattelle that the quiet New York center should score four goals on a night when his teammates scored eight.

The Rangers collected eight of their goals in the third period, accumulating 23 scoring points—more than the record of 22 set by Detroit in 1944 and matched by Boston two years ago.

Angelo downed Detroit 31, St. Louis took Pittsburgh 4-2 and Toronto defeated California 5-1.

Rattelle, Carr and Jarry had two goals apiece in the big third period as the Rangers drilled 21 shots in the period and 32 in the game.

Beau Baugh won a playoff for Second Flight A honors after he and Frank Mebane III had fired two round totals of 144.

Beau Baugh one of the tourney favorites captured that flight's top honors with his five under par, two-day total of 139.

MIKE GRANT is shown on his way to one of his two touchdowns for the Sanford Naval Academy Middies in Saturday night's prep grid action.

Middies Close Season With Second Victory

By GARY TAYLOR Herald Sports Editor

The Sanford Naval Academy Middies closed out their season in style Saturday night as they posted a 26-6 victory over the Dragons from the Florida School for the Deaf and Blind in St. Augustine.

The Middies didn't post their first score until the third time they had the ball.

# A Colleen Pulls Upset In City Council Vote

**By FRANK MACOMBER**  
Copy News Service

SAN DIEGO, Calif. — Kid coples, the college-age youth, young adults who want to give youth a chance to prove itself in politics and a surprising show of "Establishment" support.

These appear to be the chief ingredients which, mixed together, won a City Council vote in this housing port city (pop. 222,390) for 25-year-old Colleen O'Connor. The brunette, a well-known local figure, is an established business woman more than twice her age.

In an interview, the freckle-faced high school physical education teacher conceded these elements which combined to push her into office. But Maureen believes an old cliché about "youth shall be served" had a lot to do with her upset victory.

San Diego voters also elected a 38-year-old mayor, Pete Wilson, and 36-year-old Jim Bates to the council. Each won over older opponents.

Political analysts looking at Nov. 2 election returns around the nation also point to election triumphs by a college junior

"I really think the college vote had a lot to do with my win, too. The students who could vote for the first time I believe wanted to prove their elders were wrong when they predicted young people would be too lazy or disinterested to go to the polls."

Miss O'Connor, like many others who have studied national wide election results, predicts the youth vote will have a national impact from this time forth.

The same gang-bang corps of youngsters, who helped to win her a surprise primary victory six weeks earlier, provided the extra push which sent her over the top again. Maureen believes. She spent only \$1,000 on the primary campaign and wound up with 18 cents in the till when it was over.

The O'Connor camp had just enough money for scattered radio spots but not enough for billboards or the expensive television time her opponent was able to buy. Maureen estimates the general election campaign cost another \$6,100, for a total of \$7,100.

**SWEET SMELL**—Of victory, that is, for 25-year-old Maureen O'Connor, Elected to the San Diego City Council, she will be the youngest council member in city's history. Her surprise win over a businessman more than twice her age was viewed as a signal that youth is beginning to develop political muscle.

# Timberline Lodge Hosts Yearly Fun

**By GUY RYAN**  
Copy News Service

TIMBERLINE LODGE, Ore. — Winter has come again to this rustic old lodge at the 6,800-foot level of Oregon's magnificent Mt. Hood.

Early season skiers are drifting in, tracing twin ski tracks across the snowy slopes of the 11,245-foot peak.

Roaring fires have been touched off in the main fireplace of the cavernous lobby. After dark, the happy voices and laughter of the apres ski crowd and the tinkle of their glasses bring into a bubble of merriment as they wait for the 300-room doors of the Cascadian Dining Room to swing open to welcome the hungry after a day on the slopes.

It's ski time again at Timberline and some sunny winter Sundays soon will see crowds

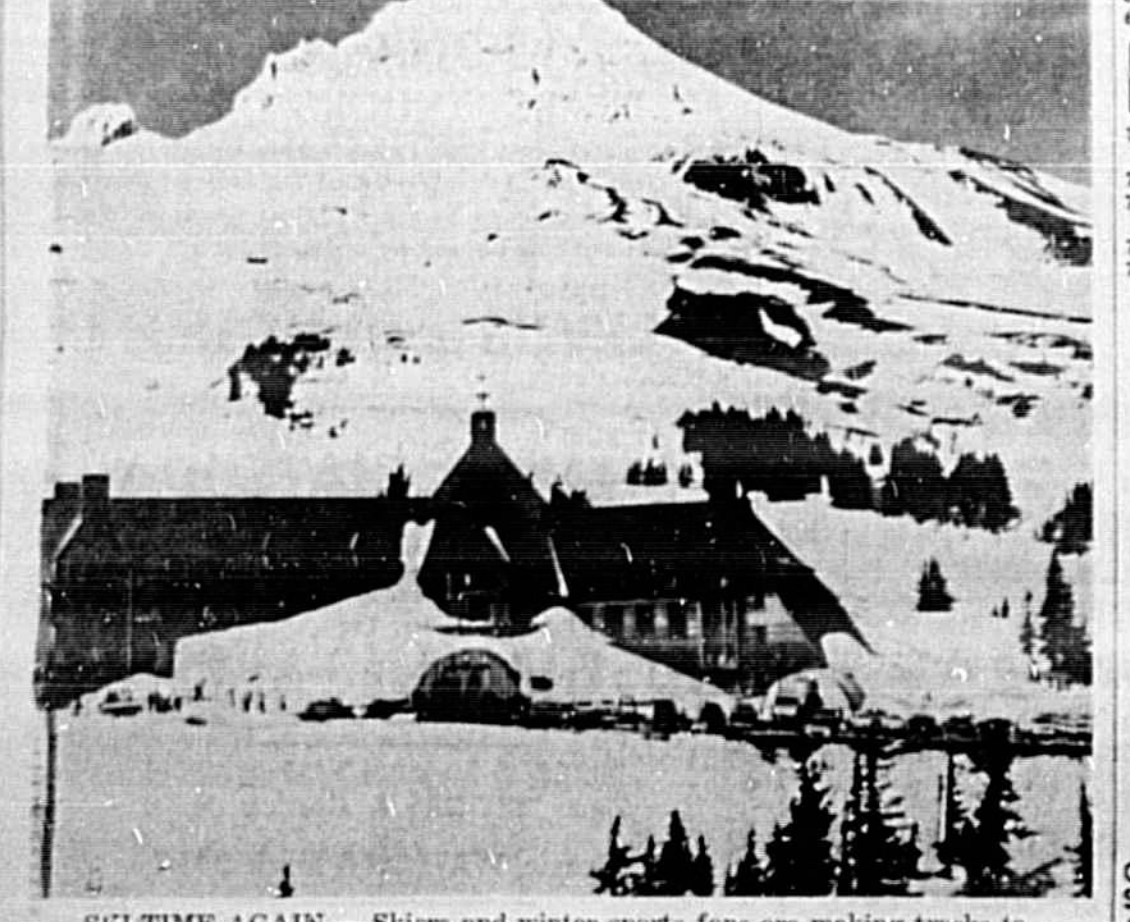

of up to 10,000 milling in and around the famed old lodge, described by some as "the most magnificent wooden structure in the world."

Ski season proper begins in November and runs through July most years. There are also stays open all year. There's even summer skiing on the snow covers eight miles from the top levels of Mt. Hood to Government Camp. The area has the second most climatic spacial peak in the world. It is 3.6 miles from the lodge to the summit.

Mt. Hood is rated as the second most climbable spacial peak in the world. It is 3.6 miles from the lodge to the summit.

It might not seem proper, but a lot of ski season visitors to Timberline spend some time in the giant swimming pool where the water is kept at a constant temperature of 78 degrees year-round. A high-strung fence keeps the winter winds and snow out.

Although Timberline is best known for winter activities, it's

SKI TIME AGAIN — Skiers and winter sports fans are making tracks to Timberline Lodge as winter wraps the slopes of Oregon's Mt. Hood with a blanket of white. Average depth of the snow is 21 feet. Ski season begins in earnest this month, continuing until the end of July.

## Thermal Pollution Crack Down Seen

ORLANDO (AP) — Faced with a mounting threat from thermal pollution, state officials proposed guidelines that would force power companies to build all new generating plants along Florida's Atlantic Coast. The proposed regulations, which limit the temperature of water discharged by electric generating plants, would make it difficult for utilities to achieve the required degree of cooling anywhere but along the Atlantic.

The new guidelines would require extensive and very costly cooling systems for any plants constructed on rivers, estuaries or shallow bays.

The guidelines, proposed by the state pollution control board, would permit cooling water to increase surrounding water by only four degrees during the winter and 15 degrees in the summer.

Only along the Atlantic coast are the ocean waters deep enough and with enough tidal action to handle large volumes of hot water discharge and still maintain temperatures within the guidelines, the officials said.

David Scott, chief of the Department of Pollution Control's planning division, said Florida is the only state which does not place specific limits on hot water discharges.

He said the regulations would discourage utilities from building plants along shallow estuaries such as South Biscayne Bay near Miami.

Florida Power and Light Company's new nuclear plant being built on the bay is far behind schedule because of environmental problems caused by a controversy over its system for cooling hot water.

Dr. Charles Tarwell of the federal Environmental Protection Agency said such controls were necessary because "the relationship of temperature to marine life is so close that even a small change can have far reaching effects."

### AROUND THE CLOCK

By JOHN A. SPOLSKI

Let's all brace it for the "little guys" ... seriously!

Wendel Wagner, a student at the New College (near Sarasota) is only 4 feet-10 1/2 inches tall and he wants some recognition for fellows like himself.

So... he posted his demands on the bulletin board: a course on the history of short people, redesigned library bookshelves for shorties, bodyguards for short people to ward off assault by tall people and an end to "other attempts to ridicule us, such as giving us mail boxes too high to reach."

And don't laugh, either, buddy! (Now if I can only get the boss to give me a higher chair to reach this keyboard...)

For the record... Bralley Odham has been one of the bright spots in this area for many, many years. He was saying and doing things 10 years ago that have proven him a successful clairvoyant.

His housing developments have been used as models, and copied by his competition.

So, forget all about the City Commission hassle of last night, folks. Just a misunderstanding to say the least...

By the way, that same meeting didn't conclude until well past 11:30 last night... with many other items still to be debated, but unfortunately no time! Nothing to do but wait two more weeks for the next meeting, too.

Glad to hear that at the next meeting, Councilman Vince Roberts will officially present a motion to schedule the Sanford City Commission meetings on a weekly basis... signs of progress!

Say a prayer, friends... this a.m., while trying to cross the heavily-travelled Sanford intersection at 25th Street and Highway 17-92, the traffic signal was AGAIN malfunctioning.

Taking life in hand, I darted across 17-92... against the blinking red light!

I'll gamble on occasion... but what about that loaded school bus which was coming in the opposite direction? Do we really have to wait until there is a fatality before we get that factory to replace the defective power unit in that signal?

If and when that happens, I'd hate to spend the nightmare some of our elected officials must anticipate sharing... SHAME!

Not being much of a coffee drinker, I wasn't too impressed on hearing that from the "new products department" there are three flavored instant coffees available in envelopes containing four one-serving foil packets. They are cafe orange and spice, cafe cinnamon and cafe anise.

Pick obviously is a dedicated

## Sunday Alcoholic Beverage Sales Are Eased For Sanford Restaurants

By BILL SCOTT

It is a lesser sin to sell alcohol on Sunday than the rest of the week?

This question involving religion and philosophy was raised at Monday night's City Commission meeting when that panel was called on to take action to a request from a downtown restaurant, to be allowed to sell beer and wine on Sunday.

Acting Mayor J. H. Crapps, utilizing what he called the "Crapps rules of order," ruled

a two-to-one vote approved a motion that amended an action approved two weeks ago allowing the sale of alcoholic beverages on Sunday by eating establishments with seating capacities of 200 persons or more.

The new act permits Sunday sales at eating places with 50 capacity or more.

Action came after John Capko, operator of "Big 'n' Whistle," 25th Street at Park Avenue, asked for permission to sell beer and wine with meals on Sundays.

Commissioner Gordon Meyer argued he could not change "in the middle of a stream," explaining the same position he took two weeks ago when the Commission approved Sunday sales to 200 capacity restaurants.

Also on hand to press for Commission approval was Richard Williams, of Cook's Corner, 3517 Orlando Drive, who complained the city allows bars to remain open until 2 a.m. but forces beer and wine establishments to close at midnight, thus

forcing customers to go to the bars if they want beer.

Crapps, serving in the absence of Mayor Lee P. Moore, changed seats with Commissioner W. Vincent Roberts to second Meyer's motion to lower the capacity to 50 seats and serving food.

Roberts and Julian Stenstrom voted against the motion but with Meyer and Crapps voting "yes." Crapps declared the motion passed.

This brought on a roar from Roberts and Stenstrom, who

complained that a tie vote killed the motion. It was pointed out by William Hutchinson, city attorney, the Commission never adopted Roberts' rules of order and the action could be legal.

Meyer pointed out the ordinance must still be approved on reading, thus allowing another vote on the proposal by a full five-man Commission.

Roberts and Stenstrom indicated they would seek to rescind the previous action on Sunday alcohol sales at next Commission meeting.

## Developer, City At Odds Over Ditch

Bralley Odham, developer of the Sanora planned unit development (PUD) located south of Onora Road and east of Sanford Avenue, vowed to halt plans to construct the estimated \$20 million city addition if he is required to pipe a drainage ditch designed to carry water from the PUD to an off-site location. He made the statement last night to the City Commission.

Odham, developer of Sanford's Pineroot subdivision and Suncadia Estates, said the cost of piping the ditch would take his houses out of the \$22,000 price range, making it economically unfeasible for him to go ahead with the planned construction of 450 housing units in the first 50-acre phase.

City Engineer Mack Lazenby said it would be a mistake not to resolve the drainage problems at the site before allowing development.

Odham said he planned to construct a wall between the existing drainage ditch and the houses and stressed he could not use the land unless the ditch problem was resolved.

He said paving the ditch would cost \$50,000 and disclosed he had an agreement with H. L. Hunt, from whom he is buying the property, to drain the water onto his land.

Lazenby said the wall proposed by Odham would obscure the view of mothers from the children who might fall into the ditch.

The city engineer suggested chain link fences instead of a wall.

City Manager W. E. Knowles said, "It boils down to will the city accept an open ditch of adequate design to take the runoff; the rest is nuts and bolts that engineers can resolve."

Commissioner Gordon Meyer

then moved to have Odham's engineer, the county engineer, Lazenby and Knowles get together on the problem and report back at a special meeting, expected next Monday.

A motion changing the zoning of Odham's development was approved.

## County Bid To Join In St. Paving

By KATHY NIBLACK

CASSELLBERRY — City Council last night authorized a formal request for county participation on a paving portion of Crystal Bowl Circle.

Council will ask the County Commission to participate on paving a portion of Crystal Bowl Circle which is traveled by traffic and from South Seminole Middle and Casselberry Elementary Schools. The city has been asked to annex these two schools but is interested in receiving county help on paving before it does so.

Councilman Thomas Napier reported he had been in touch with the County Commission on this matter and that it is ready to consider the city's request.

Napier will present the request to the Commission as soon as all engineering data on the paving is available.

In further action at last night's regular meeting Council increased the city's area by adopting an annexation ordinance covering three parcels. One parcel contains 35 acres and is located on the east side of SR 428 and south of Lake Howell Lane, a second is approximately 22 acres and lies on the west side of SR 428 and south of Lake Howell Lane. The third parcel is a lot on Concord

## Prisoners 'Strike'

Sheriff John Polk disclosed today that 48 county jail prisoners in four cell blocks, are on a "hunger strike," refusing to eat the Monday evening and Tuesday morning meals.

One of the cell blocks, containing 12 men described as "hard core" threw their food trays against the floors and walls Monday night as a protest demonstration to call attention to a list of prisoner demands. "I don't know what their demands are, but I am checking today to find out," Polk said.

The Herald learned Monday that food complaints head the list of grievances drawn up by inmates.

Monday night's jail menu consisted of meat loaf, mashed potatoes, gravy, green beans and a soft drink, Polk said.

## So True, So True!

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield didn't understand why senators laughed when he announced the Senate schedule and intoned: "Bringing up the rear will be the nomination of Mr. Butz."

Butz is Earl L. Butz, President Nixon's nominee to be secretary of agriculture.

Senate Republican Leader Hugh Scott did understand and replied: "Can envision the headlines — 'Senate Sits on Butz' — which is what we've been doing all year."

## Crime Rate Increasing Sheriff 'Keeping The Peace'

By MARION BETHA (One of a Series)

Prominent on the desk of Seminole County Sheriff John Polk is the Bible, opened to the 90th chapter of Psalms, and one of the verses seems appropriate to the environment... "Thou hast a mighty arm... strong is thy hand."

Quoted if there were any particular significance to the opened Bible, Sheriff Polk replied that he read passages daily but that "you'd be surprised how many people come into my office and begin to pick up the Bible and read it."

Perhaps this philosophy gives an insight into the character of the man charged with "keeping the peace" within a burgeoning county in which even the most optimistic would agree faces an increasing of the crime rate.

Polk obviously is a dedicated

man and, in stating that his working day averages 14-16 hours, noted, "I feel like I'm being paid for 24 hours, and that I should be available to the people upon that basis."

Dedicated

Polk's men are equally as dedicated to the protection of the citizens of the county, with the uniformed personnel working an average of 60 hours weekly, and the vice squad 48-50 hours. There is no overtime pay; the average week being 48 hours. However, in observance of the men it is clearly evident they place no price tag on the safety of the county's populace.

The sheriff presented the County Commission with a "hopping" budget this fiscal year of \$14,000... the highest when Polk assumed office was \$300,000. What have the taxpayers received for their mon-

ey? ... PLENTY.

When Polk took reins of the "strong arm of the law" there was no identification section, no juvenile division. The detective division has been increased from three to 11 men, which includes four working with the vice squad.

Personnel Up

The uniform division has been increased from 15 to 32. Two men serve civil papers, two are in the identification section. Radio operators have been increased from three to four; confinement officers from four to seven. There are two book keepers. The clerical staff has been increased from four to eight. Six cadets have been added with the cadet program. Of these cadets, two work in the ID section filing; one works in the criminal division; one in the civil department; one is in

the chief deputy's office and one with Capt. J. Q. Galloway in the detective division.

Patrol cars have been increased from 17 to 28. The salaries of the deputies have received an increment from a starting pay of \$337 to \$353. Two salary increased from \$422 to \$483.

Polk has initiated the practice of shift supervisors, with a lieutenant and sergeant assigned to each shift. Previously there were only deputies performing this function, with three sergeants on each shift, with each assigned to a section.

Polk has increased the black personnel in the department from one to four men, one of whom is a detective.

The rising crime rate is evident with each of the officers in the county jail literally "bulging at the seams," particularly the
