MYSTERY IN STARK TRAGEDY ON GALAPAGOS ISLAND

Mrs. Margaret Wittmer, who, with her husband, Arthur, is thought to have perished of thirst of Marchens Island, one of the Galapagos Islands, is shown in this photograph with her son (right), At left is Dr. Frederick Ritter, German raw food fadding and mudist, and next to him is Capt. G. Allan Hancock, Los Angeles explorer who received word of the tragedy and who expected to make an expedition to Galapagos. Mystery surrounded the death of the pair whose bodies were found in a decomposed state. They were members of a strange colony living on the islands. (Associated Press Photo)

PLENTY OF BANZAIS FOR BAMBINO IN TOKYO!

There may be some differences of opinion among American baseball fans as to just how transcendent a hero Babe Ruth is, now that advancing years admittedly have slowed him to a walk, but to baseball-mad Japanese the Bambino is obviously "the one and only." Here Babe is shown (at right) Road No. 3 Saturday by Jim being almost mobbed by a Tokyo throng almost hysterical in its joy at really seeing the great slug-Keggin of Tallahassee, district ger, who is on a barnstorming trip through Japan. THE HEALTH OF YOUR FAMILY DEPENDS TO A GREAT EXTENT UPON YOUR KITCHEN!

healt AND YOUR KITCHEN!

Refrigeration, cooking and water heating can do a lot to keep the doctor away.

Perishable food kept in an electric refrigcratos is safe-guarded against spoilage by a constant low temperature. Food cooked electrically retains its food value and flavor. Fresh vegetables, cooked the electric waterless cookery way, taste better and are better because they still contain the valuable vitamins that used to be poured down the drain.

There's another reason why electric cookery is healthful. It has no flames to use up the oxygen in the kitchen.

Your family needs plenty of hot water for health, too.

Ask any doctor about the benefits of a hot both. And the cleanest, safest, healthiest way to heat water is ELECTRICALLY. . Guard your family's health with all-electric

service in the hub of your home ... year

Secial Calendar
