# Reapportion Drive Is Losing Steam—Dirksen

WASHINGTON (AP) - Some steam appears to be leaking from drives in state legislatures for a constitutional convention on the Supreme Court's one vote reapportionmen decision.

Republican Leader Everett M. Dirksen, telling a news conference a month ago that 32 states had petitioned Congress for a convention, pre dicted there would be petitions soon from two more. The Constitution says Con

gress shall call a convention of application from two-thirds the states - 34 of the 50.

But since Dirksen's prediction, the only state whose legislature has taken any significant action is Alaska. Its Senate re jected April 8 a petition-resolu tion that had passed the House A resolution which passed th Iowa House earlier in the year remains locked up in a State of getting out regarded as dim. Democrats control the Iowa Senate and Democratic Gov. Harold E. Hughes is opposed to the resolution.

The convention question is not basically a partisan matter. But Dirksen has more influence with his party's members everywhere than he does with Democrats. Dirksen long has tried to undo

the 1964 Supreme Court ruling that both houses of state legislatures must be apportioned on the basis of population.

He failed in 1965 and again in 1966 to get Senate approval for a proposed constitutional amendment to permit apportionment of one house of a state legislature along lines other than population.

Delaware, where a resolution recently was introduced, Pensylvania and Wisconsin are the likeliest prospects now in Dirksen's search for two more convention petitions.

There are resolutions in Senate and House committees in Pennsylvania. Republican Gov. Raymond P. Shafer has given nominal support to the resolutions but there are doubts in Harrisburg that he will push hard. Democrats have a strong minority in the legislature and Shafer needs Democratic votes for key legislation in his state

program. In Wisconsin, there have been some committee hearings. Aides to Sen. William Proxmire, Wisconsin Democrat, say the State Senate might pass a resolution but call House aproval doubtful.

Sunday, May 7, is the beginning of National Family Week It may not be treated as such, but without doubt its emphasis is the most important need of our nation. Our moral breakdown comes when family life is at its worst condition. History will reveal to us that a nation's pulse is its family life. Today our pulse beat is erratic, weak and insecure. An adequate description of the condition of our family life.

Week

We end this week with Mother's Day, celebrated across all our nation. But in the Christian Churches we also celebrate in conjunction with Mother's Day and National Family Week, the Festival of The Christian Home. We have thus in recent years evolved into the honoring of our mothers not simply because they have borne children, but because they are the -leaders of our homes, and more specifically the Christian

# In The Swim For Summer '67

THERE'S GLAMOR IN SWIMSUITS THIS SEASON. lither-shape maillot suit (left) goes high in front and low, low in back with well-calculated contours wending their velvet way between the two. A teardrop cutout at the throat adds to the bare illusion. Victorian bikini

and very, very bare. Matching coverup has tiny lace scallops bordering the neckline and cuffs. White polka dots on bright colors light up the stretch, slip-on hiprider (right). These are all Jantzen designs.

The new no-bra swim suits have a definitely feminine look. Stripes of turquoise. white and cherry red in Antron boucle (left) strike the eye with an unusually low-cut back and V-neck front. This suit has a matching beach coat. Exotic print (right) has cowl collar and matching mini-length shift. In photo (right), culottes hug waist and hipline with flowing yards down to the ankle. They can be worn with the halter top. A matching bikini with deep plunging bra top and diaper pants co-ordinates the set. These designs are by Gottex of Israel.

ACCURATE AND ADDRESS OF

# The Judge Gets Rough

Last week somebody on the municipal level finally stopped all this lip service on how dreadful it is for our minors getting whiskey.

We are talking about City Judge Vernon Mize who was justifiably harsh on a 17-yearold brought before him for driving while intoxicated. The Judge slapped her mother with a

\$200 fine or, the minor would face 90 days in Now under the city ordinance that's the

strictest the Judge could get ..., And he did t . . . and we cheer him for his decision. The 17-year-old admitted she had been

irunk three times since her 17th birthday. She admitted a 21-year-old got her and another minor the whiskey.

Perhaps this girl has learned her lesson ... thanks to the judge's strict sentence, we hope it will be a warning to all minors.

Today even kindergarten children study current events - they learn about faraway places and people. When they reach Martha's grade, children are extremely knowing about what's going on in other parts of the world.

They soon discover that children in some countries have few clothing and toys-and even more important, food. Being human, our young Americans want to help. And they can! They can help clothe and feed the needy. In church, they will develop their natural generous impulses and will learn to grasp the values of selflessness and love. Children need special preparation for life in our jet world. This means being in tune with the new, but it also means reaffirming the old.

Children need to be taught the basic truths of life, the real values, so that in chaotic moments they will she needs. Is your child equally lucky?

THE CHURCH FOR ALL ...

The Church is the greatest factor on earth for the building

of character and good citizen-ship. It is a storehouse of spiritual values. Without a strong Church, neither democ-

racy nor civilization can sur-vive. There are four sound

reasons why every person should attend services regu-

larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his

community and nation. (4) F the sake of the Church itse

which needs his moral and material support. Plan to p to church regularly and read

your Bible daily.
