

American Airmen In England Called Unsuitable To Job

LONDON (AP) — A leading British magazine said today 50,000 U. S. airmen in the United Kingdom are living a feathered existence which is poor preparation for a possible hot war.

"America's excessive solicitude for her servicemen overseas is something that would astonish any British service," said the Picture Post.

"The attitude is that life should be as nearly normal as possible. So with the men go their families, their cars, their own furniture, their amusements, their music, their food and drink, their literature.

"They have complete freedom to go, do, and dress as they please outside duty hours. American bases in England consequently resemble main street. But it hardly seems suitable for fighting a war."

Picture Post writer Robert Raymond, reporting on a one-month tour of U. S. Air Force bases here, described the American airmen as "a vigorous, juvenile, generous, frightened, enthusiastic army."

"He said their influence on 'English village life, pubs, girls, children, rentals and dollar income is daily growing more pronounced,' and added:

"Many people, particularly those living near American bases, seem doubtful whether their presence here is an asset or a liability.

"The unpalatable fact is, however, that the use of Britain as an American aircraft carrier must shorten a war. And the presence of U. S. sonic-speed Sabre jet interceptor fighters here, although meant for the defense of U. S. atom bomb bases, must ease the strain on the RAF's still thinly spread fighter defense force."

"Think now. Would you really like to see the U. S. quit Europe?" Raymond said a dark side of

Massachusetts) for an aggregate vote of 285,851 for Taft.

Taft outscored Eisenhower in two states (Nebraska and South Dakota) for an aggregate vote of 144,052 to 130,790.

Eisenhower, stepping up his drive for Republican presidential nomination, took off on the Democrats as too long in power and jaded by "complacency, negligence and cynicism."

His speech before an audience of 11,000 in Denver's Coliseum Thursday night—radio broadcast—was beamed especially at the nation's youth. They are sickened, he said, by "epidemic" corruption in high places but will meet moral issues of the campaign with idealism and energy.

Eisenhower said the United States has handed Russia too singly. Left or right, he said, might have prevented the Korean conflict and kept China and Balkan and Baltic states from slipping behind the Iron Curtain.

The speech came almost as an answer to statements earlier in the day by Eisenhower's chief rival for the GOP nomination, Ohio Sen. Robert Taft.

"I am afraid," Taft told a Washington, D. C., news conference, "that Eisenhower's backers would urge him to conduct the kind of campaign that Dewey conducted."

New York Gov. Thomas Dewey's loss in President Truman in 1948 has been blamed on "moral laxity" which lacked fight. Dewey is working now for Eisenhower's nomination at the GOP's July 7 convention at Chicago.

Taft's campaign manager, David Ingalls, said his man just about has the nomination sewed up anyway. In a statement he credited Taft with all but three of the 604 delegate votes needed to win.

The Associated Press tabulation—based on statements of avowed and conceded alignments for the first ballot—shows Taft has 482 to Eisenhower's 404, with 129 for others and 191 uncommitted or disputed.

In the Democratic race—the convention at Chicago comes two weeks after the GOP's—there was talk of a stop-Harrisman road block being fashioned by Southerners.

According to the report, some backers of Sen. Richard Russell of Georgia have been sounding out the forces of other candidates for Democratic presidential nomination. The idea: Hold the line against Mutual Security Administrator Averell Harriman if he

should suddenly get the support of President Truman.

Illinois Gov. Adlai Stevenson generally is conceded the inside track with Mr. Truman. The governor, who had been saying he only wants to be re-elected, now evinces a wait-and-see attitude.

Harrisman—like Russell and Tennessee Sen. Estes Kefauver—has been rambling the country in search of convention backing. The Associated Press tally now shows Kefauver leading with 245 1/2, Russell has 134, Harrisman 90 1/2, Stevenson 50 1/2, others 25 1/2 and 300 are uncommitted or in dispute. It takes 616 of the 230 Democratic delegates—not yet all selected—to be nominated.

Russell was Sen. Russell, Kerr of Oklahoma were making bids in Denver today for Colorado's 16 votes. They share the state convention platform today, to be followed Saturday by Harrisman and Kefauver.

Mississippi's States Rights Democrats named an 18-vote delegation Thursday. Technically uncommitted, it will support Russell, who now claims he will have 300 votes when convention time rolls around.

Kerr backers claim at least eight of the 12 votes put together in New Mexico Thursday. They also are unpledged formally. Kerr said in Seattle he expects to be a compromise winner after a convention deadlock.

Gov. John Fine of Pennsylvania, much courted by Republican aspirants because of his influence with his state's 70-vote delegation, edged a little bit off the fence Thursday. He said he feels close to Eisenhower now, whereas before he had been inclined to be against him.

Both Taft and Eisenhower lost backing in a re-survey of New Jersey's 36 delegates. They had been lined up 32 for Eisenhower and six for Taft. After a meeting in Trenton, a poll showed 29 for Eisenhower, four for Taft and five undecided.

"Every summer you can pick up any newspaper and see big headlines like 'Fifteen die as heat wave sweeps Northern states.' Whenever it goes past 90 degrees, you read where plants, shops and offices are forced to close because of the 'unbearable' temperatures," said he.

"But in Florida it can—and does—get hotter than that at times, but it doesn't kill nearly as often. For instance, in 1949, the most recent year for which comparable figures are available, 485 deaths were credited to excessive heat and exposure to the sun's rays throughout the nation. The national average was 2.4 per 10,000 deaths. In Florida during the same year, the ratio was .8 per 10,000 deaths."

Helium is widely used now to fill balloons because it will not burn and is, therefore, much safer.

The density of Jupiter is only 1.3 times that of water.

The U. S. "invasion" is the effect the young airmen have had on British girls.

"Modern morality rules out the official camp follower," he said. "Today in England, however, the camp followers are on the scene as soon as the Americans.

"From London, from the industrial Midlands, they have swarmed into Cambridge, Oxford, Norwich, Hunstanton, Newmarket, King's Lynn, Brotherton, exclusively catering for Americans, are operating in such towns, despite regular police raids."

He conceded that the problem is not unique to the U. S. Air Force.

"What British troops have been doing throughout history, in fact, in other countries," Raymond said, "is now happening here. The brutal and licentious soldiery is not an American invention."

On the bright side, Raymond said the U. S. servicemen have become one of Britain's biggest sources of badly needed dollars. He explained:

"The PX, or base shop, at Lakenheath sells quarter of a million dollars worth of goods every month; nearly half of this is British merchandise, bought with dollars. Cars, bicycles, a shipment of 500 in one case was sold within three days; refrigerators, vacuum cleaners, clothing, china, et al.

"Adding this all together, it can be said that this year the Treasury will benefit by something near the staggering sum of 350 million pounds (£200 million dollars) nearly equal to our entire exports to the U. S. in 1951."

He concluded:

"It is clearly certain that we are going to have to live with these goddam Yanks—and very likely that many of us goddam Loney's will have to die with them."

Red Cross

Boyer, Mrs. Harold Chase, Mrs. Sue Culbert, John Fitzpatrick, Walter Holly, Sydney Ives, Roy Mann, Mrs. C. L. Park and J. S. Roxtun.

The chapter has 27 directors. Mr. Zimmerman pointed out, and these are elected, nine each year, for three-year terms. After serving a term, a person may serve as a director after an interval of one year, he said.

The annual Home Service report by Mrs. John Hurlston revealed that 1,121 persons had been given service by the chapter. Of these, 634 were in active military service; 29 were veterans, 17 civilians and 300 were given limited or informational service. Loans and grants totaled \$1,171 and loans repaid were \$836.

Service to cases included aiding military personnel seeking leaves of absence, reporting and communicating assistance with government benefits, counseling in personal and family problems and financial assistance.

From January through June, 561 pints of blood were donated here in the Armed Forces Blood Program. It was reported by A. H. Peterson, committee chairman. This included 210 pints of blood received in Sanford during 3 visits of the Bloodmobile Unit, and 352 pints in three donations at the Naval Air Station. The next donor day will be July 17 at the Parish House.

Richard Farrell, disaster chairman, stated that several families needing assistance, had been aided, including those whose homes had been burned. Mrs. Fred Bothling, Red Cross chairman, reported on the work of 14 children, including 30 overseas gift boxes, and favors sent to crippled children in hospitals.

Evening lessons, under three instructors, have been given to 36 beginners, seven intermediates, and two in senior life saving. Thomas Stringer, water safety chairman, reported. Plans have been made for a target team swimming program, and an instructors training course.

Herman E. Morris, first aid chairman, revealed that 100 persons had been trained in first aid during the past year in 8 classes conducted by instructors.

The 1952 fund campaign resulted in collections of \$7,604, according to Gordon Frederick, fund chairman. Of this Sanford donated \$4,171; county divisions, \$1,984 and the Naval Air Station, \$1,449. The goal was \$9,520.

Mrs. Clara Ginn, service groups chairman, reported that 60 volunteers served 1,985 hours in social welfare, and that 15 canteen and 16 nurses and volunteers and 60 doctors, aided in the Blood Center program.

The report of the treasurer, John Fitzpatrick, stated that the balance, July 1, 1951 was \$1,864. Receipts were \$12,200 for the year and disbursements, \$9,698. The balance on May 31 was \$4,466.

Mrs. Wayne Rucker, production chairman, reported that 70 volunteers put in 300 hours making kits and articles for veterans, including sweaters, afghans and layettes.

An outstanding musical program was presented under the direction of Charles Morrison, who introduced Fred J. Green, NAS chaplain's assistant, who played two Chopin numbers, and an interesting original number suggestive of ocean waves on the beach. Gene Arnold, theater coordinator from the Naval Air Station, played three Spanish numbers. A special piano was provided for the program by Raymond Kader, with Loring Transfer Co., donating free transportation.

Mrs. Ginn served as receptionist, and provided numerous floral decorations. Mrs. Tarborough had charge of the refreshments. About 60 persons were present.

Truman Summarily Fires U. S. Marshal In Illinois District

WASHINGTON (AP) — President Truman today summarily fired Robert Grant, U. S. marshal for the Southern District of Illinois. He gave alleged "irregularities" as his reason.

Truman dismissed Grant on the recommendation of Attorney General McGranery, effective at once. Grant's headquarters are at Springfield.

McGranery told reporters at the White House that it appeared Grant had become involved "with a gentleman charged with a mail fraud."

He did not elaborate when a reporter asked whether the President and McGranery were "throwing the guy out without trying him." McGranery snapped:

"That's right."

McGranery then added that Grant "already has indicated enough to me" concerning the case to justify the action.

The attorney general said he was instructing the Federal Bureau of Investigation to make a full inquiry into the case.

"It looks to me as if Mr. Grant was involved in something that, to say the least, would be irregular," he said.

McGranery had taken the dismissal notice personally to the White House for Mr. Truman's signature, and came out of the President's office carrying it in his hand.

McGranery said the case arose from a complaint submitted by "one of my newspapermen"—but did not identify the newspaperman in question.

Heat Fatalities In Florida Are Seen Extremely Rare

chances of dying from heat prostration in Florida are about one in a million, says the Florida State Board of Health.

With the state feeling the effects of a prolonged heat wave and Jacksonville facing its 24th straight day of 90-or-above temperatures, State Health Officer Wilson T. Bowder made this observation:

Labor Head Crashes Conservative Parley

LONDON (AP) — Conservative Parliament members were holding their usual weekly secret strategy conference in a House of Commons committee room.

Suddenly the door opened and a slight figure, head bowed in thought, walked in, slipped on the platform and made for the chairman's seat.

Shouts from the astonished Conservatives woke the intruder from his reverie. Labor Party leader Clement Attlee beat a hasty retreat.

Attlee, enroute to a similar meeting of his own party in a nearby room, had opened the wrong door by mistake.

The story of the incident, which occurred Wednesday, leaked out today.

OPERA STAR DIVORCED

JUAREZ, Mex. (AP) — A Mexican divorcee for Roberta Peters from Metropolitan Opera Star Robert Merrill was granted here Thursday.

In her suit Miss Peters charged incompatibility in the marriage that began only last March 20. She said they separated after two weeks.

Neither of the principals attended the hearing.

DOGS SEEK ESCAPEE

POMPANO (AP) — Guards using bloodhounds searched brush near here today for A. Clark Landers, cook and trusty who fled the state prison camp here Thursday night—the second break in two weeks.

Landers, 36, was serving a 3-year sentence from Dade (Miami) County.

In the previous break, seven prisoners fled and six were apprehended. The other is still at large.

UPCHURCH UPHELD

TALLAHASSEE (AP) — The Supreme Court today named Frank D. Upchurch, St. Augustine, as Florida Bar's complainant against Evan T. Evans and Neal D. Evans Jr. for alleged unethical conduct.

The Jacksonville lawyer—made and appeared—has been accused by the bar with unbecomingly soliciting clients and encouraging filing of divorce suits.

"Most-Wanted" of Them All!

It will probably occasion no surprise on your part to be told that the Cadillac car is the most wanted and sought-after automobile on the American highways.

But you might be surprised to learn how widespread the desire to own this great motor car has become during recent years.

Statistics indicate, for instance, that there are more than twenty million motorists in America who would like to call a Cadillac their own. And were the whole of the world's motorists to be considered, this number would grow well-nigh beyond comprehension.

There is reason to believe, in fact, that Cadillac may be wanted by more people than any other product manufactured in America today. It might well be called the greatest desideratum of the American people.

Naturally, a motor car has to offer many wonderful things in order to occupy such a unique position in the hopes and aspirations of so many persons.

It has to offer great and distinguishing beauty... luxurious comfort... brilliant, masterful performance... and wonderful prestige.

And, of course, in order to have become the logical ambition of so many millions, it would have to be practical to own, as well as wonderful to drive. And so, it would also have to offer—*extraordinary economy!*

If this sounds like the description of the car that you, yourself, would like to own and drive, then come in and see us—soon.

Perhaps the time has come for you to join the hundreds of thousands of motorists who have stopped wanting a Cadillac—and started enjoying one!

We'd be happy to see you any time.

U.S. Troops In Austria Will Stay-Acheson

Secretary Of State Blames Russia For Failure Of Big Four To Arrange Treaty

By RICHARD O'REGAN
VIENNA, Austria (U.S. See-
retary of State Dean Acheson said
today American troops will remain
in occupied Austria until its in-
dependence is assured.
He blamed Russia for the failure
of the Big Four to write a new
conference of Austrian and Allied
governments, he said. "Make no mis-
take about it. Of the four powers
in Austria, three want to go
home."
Acheson is making a two-day
state visit to this crossroads coun-
try of East and West. He came
here from Berlin.
His visits to the two Commu-
nized cities are aimed at bol-
stering the courage of their people
by reaffirming Western support
for their objectives. In the case
of Austria it is the completion of
a treaty of independence, long
blocked by Soviet delaying tactics.
Just before the news conference
Acheson called on Dr. Theodor
Koenig, aged Socialist president
of Austria, with a message from
President Truman pledging that
the U. S. would do everything
within its power to restore "final
freedom" to Austria.
Austria is still under four power
occupation. The U. S., Britain and
France have a total of 25,000
troops and the Russians an esti-
mated 40,000 in this strategic na-
tion.
Acheson called on President
Koenig in the latter's residence,
the old winter palace of the Haps-
burg emperors, a crowd of several
hundred Austrians cheered Ach-
eson as he drove up to the palace.
Near the U. S. secretary paid a
formal visit to Chancellor Leopold
Figl and Vice Chancellor Dr.
Adolf Scherzl.
Acheson will take off Tuesday
for Brazil, where he makes an of-
ficial visit before returning to
Washington.
On his arrival here Sunday
that Americans "admire and
honor the patience and courage
with which the people of Austria
have borne the disappointments in
waiting for the liberal indepen-
dence promised them" dur-
ing the war.
Cheering crowds thronged the
square at Franz Josef Station in
Vienna to greet him. On his 20-
mile train route through the Zou-
ron Tulla Air Base, thousands of

Returning Boys Praise Program At Boys' State

Jacobson's Measure For Sex Education Provokes Tumult

By BOBO DEAN
Five Sanford boys returned
Saturday from Tallahassee where
they participated in the Boys'
State program last week. They
were Terry Curdell, Sammy Jac-
obson, Tommy Speer, Wesley
Hessell, and Joe Hutchison.
"It was one of the best weeks
in meeting people I have ever
had," Sammy Jacobson, elected a
State Senator during the week,
said after his return. "They had
the cream of the crop up there. I
can truthfully say they were the
finest bunch of fellows I have
ever met."
Jacobson's bill for establishing
instruction in social hygiene in
the public schools was "the most
outstanding" and the most vigor-
ously debated measure put before
the Legislature during the week.
Tommy Speer, who, with Joe
Hutchison, was elected a member of
the House of Representatives, in-
sisted today.
Jacobson, a member of the Na-
tional party, won easy passage
for his measure in the Senate, but
when it was introduced into the
House it was violently opposed
by a small and vociferous group
which believed it sinful. The House
was divided with being sent
to the floor for a vote. The re-
presentative Speer added.
However, they determined to
have this threat, and passed the
measure, despite the fact that the
majority of the House opposed it.
The chief provisions of the bill
was to establish compulsory edu-
cation in social hygiene between
the fifth and ninth grades of the
public schools, two hours a week,
to be devoted to this subject.

Records Smashed At Farm Market In Volume Sales

Increase In Units Of Nearly Half A Million Is Noted

All previous records in volume
and sales were topped during the
1952 season at the Sanford
Farm Market. Market officials
today reported sales of \$5,222,272,
a volume increase of 47,224
over those of the previous season.
This represented the combined
sales of 1,400,000 units of farm
products, which during 1951
totalled a total of 1,300,000 units
and an increase of 11,000 units over
that of last year.
Of the total, 1,000,000 units of
state products brought \$2,700,000,
and 400,000 units of out-of-
state products totalled \$1,212,272
in sales value.
The truck buying trade, and
Mr. Anderson, was the highest
volume of truck and vegetable de-
partments from the Sanford Market
this season compared to 1,297 last
season, an increase of 201 trucks.
Rail shipments also showed an
increase totaling 517 cars during 1952
over 451 cars during 1951,
an increase of 66 cars.
"While it is clearly apparent,"
Mr. Anderson declared, "that our

L. Blevins Awarded Second Air Medal

Great Lakes, Ill. (Special)

Lt. Col. William D. Blevins,
USN, son of Mr. and Mrs. William
H. Blevins of Calumet, Ill., and
husband of Mrs. Evelyn W. Blevins,
of 1118 West Nineteenth
Street, Sanford, has been awarded
of his second Air Medal for
meritorious achievement in aerial
flight as a pilot of a fighter plane
in action in Korea.
Attached to a fighter squadron
on the aircraft carrier USS Ley-
burn from Nov. 17 to Dec. 10, 1950,
Lt. (jg) Blevins carried out 10
missions in close support of friend-
ly ground forces and participated
in bombing attacks against vital
enemy lines of communication,
transportation and logistics facilities.
Lt. (jg) Blevins is now serving
with Fighter Squadron 23.

Mensing New Pastor At Adventist Church

Elder K. E. Mensing, formerly
pastor of the Seventh Day Ad-
ventist Church, Seventh Street and
Elm Avenue, George L. Carter,
the former elder, has been trans-
ferred to Ft. Pierce.
A veteran of World War II,
Elder Mensing served in New
Guinea at the 44th General Hospi-
tal with rank of corporal. He
also had three years of Navy
service as a stockkeeper. His
training for religious work was
received at Washington Mission-
ary College, Washington, D. C.,
and at Southern Missionary Col-
lege, Collegedale, Tenn.
He is married, has two children
and now lives on West First
Street.

13 Year Old Negro Boy Drowned In Pond

Clinton Butler, 13 year old
Negro boy, was drowned in a
small pond near the 7th hole of
the Seminole Country Club short-
ly after 2:00 o'clock yesterday
afternoon while attempting to
catch minnows.
The pond, located near the golf
course, had been created by ex-
cavations for the fairways and is
about 15 feet deep. W. E. Watson,
justice of the peace, stated this
morning Deputy Sheriff Howard
Hood and Buford Brown, using
grappling hooks, recovered the
body about an hour after the
drowning.
Companions of the boy made an
unsuccessful effort to save him
when he was going down, said Mr.
Watson. The youth was the son of
Cecil and Rosa E. Butler.

Heat Wave Holds Grip On Most Of Southern Areas

By The Associated Press
A blistering heat wave, of more
than a week's duration in some
areas, showed little letup over
Southern and Central parts of the
country today.
Some rain and wind storms hit
parts of the sun-baked sections
in the Eastern half of the nation,
bringing temporary relief. Rain
fell in sections of the parched
Southern states where crops are
threatened by the prolonged hot-
dry spell.
It was a week end of stifling heat
in many areas. Temperatures as
high as 108 were reported in Cen-
tral and Southern states east of
the Rockies. Refreshing breezes
and rain storms brought relief to
hot spots in sections of the East
and South Atlantic states.
The death toll from the summer
season's longest stretch of hot
weather mounted toward the 300
mark. Thousands of persons have
been hospitalized for heat prostra-
tion.
Beaches, parks and resort areas
were jammed with millions trying
to escape the scorching heat. In
Chicago, sweltering in the 11th day
of 90 degree or higher tempera-
tures in June, an estimated one

County Commission Approves Purchase Of New Dragline

Purchase of a dragline at a
cost of \$9,700 from the Florida
Equipment Co., Jacksonville, was
approved Saturday by the County
Commission at a special meeting.
The purchase was made nec-
essary by the fact that the Com-
mission had ordered a previously
purchased dragline returned to
the company from which it had
been purchased for failing to meet
up to requirements.
The report of an appraisal board
on French Avenue right of ways
as submitted to the County Com-
mission minus the approval and
signatures of the City Commis-
sion, was ordered returned to the
City in order to secure this ap-
proval before the County will take
any action on the matter.
The paving of Seminole Boul-
vard which leads from the Or-
lando Highway to the Azalea
Driving Park was discussed, and
it was re-affirmed to top surface the
road with a small bridge and
the horse track sale for a distance
of a mile and a half with asphalt
and slag.
Action was deferred on the pay-
ing of the road from the gate
to the track to the Buttonville
Road. It was agreed to allow Hil-
lard Casseberry to reclaim the
\$1,000 which he donated for the
completion of the road, and if he
desires, to return right-of-way
deeds.

Contest Is Launched By Camera Club

More photographs from ac-
tivity photographers are wanted in
the current contest entitled, "A
Way at the Zoo," now being con-
ducted by the Sanford Camera
Club, 8 P. Bergers, club advisor,
announced today.
He stressed the fact that the
contest is open to persons not
members of the club. Prints are to
be submitted unmounted and 4 by
5 inches in size, and may be turn-
ed over to A. J. Greer, at the
Florida Home Gas Co. office.
Three prizes for the best
pictures have been offered by the
St. Johns Realty Co., one \$12, the
second \$8 and the third \$5. Mr.
Bergers and Gordon Sweeney,
judge, will act as judges.
The next meeting of the club
will be held Wednesday night at
8:15 o'clock at the City Hall and
interested applicants are invited
to attend at 8:00 p.m. An
interesting and instructive
program is promised by Mr. Ber-
gers including the showing of
color charts and colored pictures,
and a demonstration of the use of
filters.
Newest candidates as members
of the club are the Misses Betty
and Rosemary Cullum and Miss
Patty Burns.

CIVIL AIR PATROL
Five members of the Civil Air
Patrol, flying in two planes en-
joyed a trip to St. Petersburg
yesterday.
Vollie Williams Jr., Mel Warner
and Ray Nixon made the flight in
a Piper pauc, and Henry Mel-
vin and Buddy Moore in a Cub plane.
The weather, although hot on the
ground, was so cool at 6,000 feet
that the fliers wished they had
brought along jackets, said Mr.
McLaulin.
(Continued On Page 8)

WASH. (U.S. See-
retary of State Dean Acheson said
today American troops will remain
in occupied Austria until its in-
dependence is assured.
He blamed Russia for the failure
of the Big Four to write a new
conference of Austrian and Allied
governments, he said. "Make no mis-
take about it. Of the four powers
in Austria, three want to go
home."
Acheson is making a two-day
state visit to this crossroads coun-
try of East and West. He came
here from Berlin.
His visits to the two Commu-
nized cities are aimed at bol-
stering the courage of their people
by reaffirming Western support
for their objectives. In the case
of Austria it is the completion of
a treaty of independence, long
blocked by Soviet delaying tactics.
Just before the news conference
Acheson called on Dr. Theodor
Koenig, aged Socialist president
of Austria, with a message from
President Truman pledging that
the U. S. would do everything
within its power to restore "final
freedom" to Austria.
Austria is still under four power
occupation. The U. S., Britain and
France have a total of 25,000
troops and the Russians an esti-
mated 40,000 in this strategic na-
tion.
Acheson called on President
Koenig in the latter's residence,
the old winter palace of the Haps-
burg emperors, a crowd of several
hundred Austrians cheered Ach-
eson as he drove up to the palace.
Near the U. S. secretary paid a
formal visit to Chancellor Leopold
Figl and Vice Chancellor Dr.
Adolf Scherzl.
Acheson will take off Tuesday
for Brazil, where he makes an of-
ficial visit before returning to
Washington.
On his arrival here Sunday
that Americans "admire and
honor the patience and courage
with which the people of Austria
have borne the disappointments in
waiting for the liberal indepen-
dence promised them" dur-
ing the war.
Cheering crowds thronged the
square at Franz Josef Station in
Vienna to greet him. On his 20-
mile train route through the Zou-
ron Tulla Air Base, thousands of

TODAY'S BIBLE VERSE

Most deaths arise from man's
greed. He cuts down forests on
mountainsides and abuses natural
resources, robbing future genera-
tions. Forest fires, caused by
carelessness every year denude
thousands of acres of forest cover.
We defeat God's generous inten-
tions. There was a death in the
land.—Ps. 17:8,9.

Deadly enemies of humanity
are still abroad and in positions of
power. But God has still greater
power. No one can do more than
kill the body. Hide me from my
deadly enemies that compass me
about.—Ps. 17:8,9.

Congratulations to the Rev. John
Brancomb of Orlando upon his
election as bishop of the Methodist
Church. That is quite a tribute to
all Central Florida.

The Upholsters Union of the
AFL with some 55,000 members
many of whom sooner or later will
retire on substantial pensions, is
seeking a suitable site in Florida to
establish a Neighborhood Village
for its older members. We have
plenty of vacant land around San-
ford which needs developing and
we don't know any place they
could go for better living condi-
tions, friendlier people, or finer
fishing.

Attorney General Ervin estimates
that 80 percent of the federal gam-
bling stamp holders sell bolts. The
insatiable desire of a certain por-
tion of the public for cheap gam-
bling apparently must be met, but
the unfortunate part about bolts
is that it seeks out its victim, does
not wait for the suckers to come
to it, as is true of most other forms
of gambling, and in seeking out
its victims bolts generally picks
upon the poor and benighted hea-
then, rather than the man who can
afford to lose. Thus it takes the
bread out of its victims' mouths,
and out of their children's mouths.

With all their stealing of dele-
gates, arguments over trivia, their
hard-headedness and headlong col-
lision, Taft and Eisenhower seem
increasingly likely to lock horns in
an irreconcilable deadlock, come
the Republican convention next
week. In such an eventuality don't
count General MacArthur out. He
is the one man in the entire coun-
try who combines the statesman-
ship and conservatism of Senator
Taft with the personal popularity of
General Eisenhower. What mor-
tal result could come out of
Chicago next week if Taft and
Ike continue to grow apart?

More federal money is being
provided for U. S. highways than
ever before in this nation's history,
and yet it is hard to find anywhere
that new highways are being built
or old ones improved as one rides
about the country. Almost every-
where you go the congested traffic,
the innumerable bottlenecks, the
antiquated bridges make highway
travel hazardous, slow and dis-
agreeable. This year the federal
government will contribute \$1,385,-
000,000 to new highway construc-
tion, not including the share of the
various states. You'd think we
could get some highways for that
amount of money. But just wait
and see!

There are few local problems
which an unlimited supply of mon-
ey could not cure. All we need is
half a million dollars for a water
treatment, five million dollars for
the St. Johns-River Canal,
\$50,000 for a municipal library and
\$10,000 for new street
lights. \$1,000 for the small
boats.

Light For Dark Africa

Wrangling over past mistakes—such as those which have lost China to the free world—isn't very valuable. Learning from them is always good. Right now the United States would profit by directing attention to Africa where the jungle is being stripped to open new resources, both material and human.

Problems of racial tension and colonialism, which contributed so much to China's loss, still exist in Africa. Africans, Asians, Arabs and Europeans need to find a way to live together successfully, each allowing freedom to the others, co-operating with the others in meeting common problems.

The rising nations on that continent, both those struggling to throw off age-old yokes of colonialism and those taking shape as nations for the first time, need independence. Needed conditions not met voluntarily will be taken by force by the Africans, with violence that will harm the whole free world.

The fact is that Africa is being stirred by new life. The jungle is being pushed back by modern machinery and ribbons of highways interlace the continent over which the treasures hidden in the deep interior can be sped to the coast and to new industrial plants. Distances are being erased by the airplane.

Half the world's gold, three quarters of its cobalt, 98 per cent of its industrial diamonds, most of its uranium are found in Africa. The potential waterpower of the Congo is greater than the total capacity of the United States, three times that of the Soviet Union.

These vast treasures must be used for the benefit of the African people, who need education and better living standards. It is wise to make them our allies because in time of war Africa could hold the balance of defeat or victory for the free world, in time of peace it can contribute to its welfare.

Rationed Ammunition

Many people are concerned over reports from Korea that certain types of ammunition have been rationed to soldiers engaged in front-line fighting. The first reaction is one of wonder that soldiers from the arsenal of the world should be without all the ammunition they want to do their job. A Defense Department explanation was wordy and involved and ended by saying that ammunition was rationed because there was a temporary shortage, which was hardly a startling statement.

But it should be remembered that warfare is different from any other kind of human activity and the usual rules which seem so sensible in other businesses do not necessarily apply to combat. Ammunition might be in plentiful supply in one area of fighting while it might be short in another area close by. The problem of transporting ammunition to where it is needed and anticipating need at a particular site is a difficult one. Rationing is sometimes necessary to make certain that existing stocks of ammunition are not depleted before new ones can be brought up.

The complaints about rationing of ammunition were made by a group of soldiers in a letter to a congressman. It is easy to understand the soldiers' attitude and to sympathize with them. But it is difficult for men engaged in combat to see the picture of the fighting as a whole.

The complaint of the fighting men should be investigated and if ammunition is unnecessarily short quick action to remedy the situation should be taken. But we should not be too quick to criticize those whose job is supplying the troops with what they need. Frequently the problems which arise are the result of the nature of war rather than the fault of any individuals.

The Wise Specialize

Add to the list of Democratic candidates for president another favorite son, Senator Brien McMahon of Connecticut. He lately made the newspapers by his demand for an immediate large construction of hydrogen bombs, apparently without regard to cost or its effect on the rest of the armament program.

Since entering the Senate in 1945, McMahon has done something which more of his colleagues could do with profit. He has taken one particular field as a specialty, the atomic bomb and its possible effects. In consequence he probably has more information on this subject than any other senator.

A quarter of a century ago, when radio was first coming into general use, Senator Clarence C. Dill of Washington made a study of wave lengths and other radio problems. His influence is still seen in the Federal Communications law.

Other senators have concentrated on foreign affairs or economics. Years ago we had any number of tariff specialists in the Senate. Their activities were mainly devoted to gaining increased duties on their states' products. If there are tariff specialists in the Senate today, they have not been widely advertised.

The specialist is always in demand in any walk of life, from car and radio repairing to medicine. More of our public men should remember this.

Dr. Edwin Walker Is Named Dean At Rollins College

Dr. Edwin R. Walker has been appointed Dean of Rollins College, it was announced today by Hugh F. McKean, president of the college.

Dr. Walker, who served from January to July of last year as consultant to Millard Caldwell, the administrator of the Federal Civil Defense Administration, has been dean of the College of Arts and Sciences at Florida State University since 1948.

In announcing the appointment, McKean said: "Selecting the dean for Rollins College has been a joint enterprise of the faculty, the trustees, and the administration of Rollins College. I am pleased that Dr. Walker has accepted what amounts to a call from the entire college. Dr. Walker has a brilliant record as an educator and an administrator. He brings to us experience and wisdom, and he will be an invaluable aid in our drive to make Rollins extend its leadership in the direction of a thorough and sound education."

Dr. Walker holds a B. A. from Southwestern University, a B. D. from Vanderbilt University, and a Ph. D. from the University of Chicago. He has served as professor of philosophy and religion at Central College in Fayette, Missouri, associate professor of philosophy at the University of Colorado, and professor of philosophy at the University of Oklahoma. He is director of general education at Oklahoma State University. During the summer of 1944 he was visiting professor at the University of Chicago.

Dr. Walker's articles have appeared in such journals as the Journal of Philosophy, the Review of Religion, the Journal of the Christian Century, the Annals of the Oklahoma Academy of Science and the Annals of the American Philosophical Association. He is a member of the American Philosophical Association, the Southwestern Philosophical Conference, Phi Kappa Phi and Pi Kappa Delta Fraternities, and he was a Kent Fellow.

In accepting the appointment, Dr. Walker stated that he has unlimited faith in the Liberal Arts College and that he sees in it a means of preserving the finer American traditions. In coming to Rollins College, Dr. Walker said, "I believe that Rollins College has built through the years foundations of educational policy and tradition which can be extended to establish its position as one of America's stronger colleges. I am in complete sympathy with the desire of Rollins College to remain small, to continue its famous conference plan method of teaching and its aim of producing the necessary leadership which democracy must have to survive."

Application blanks or information concerning seedlings may be secured from the local County Agent, or the District Forester, Box 521, Ocala.

Alumni Donations To Stetson \$20,200

DELAND (Special)—The United Stetson Alumni's proxy endorsement campaign has brought \$20,200 in gifts and pledges from 422 graduates and former students, according to the second report which has just been mailed to alumni.

This amount represents \$404,000 in endorsement as this plan guarantees endorsement by paying five per cent interest on that amount each year.

This report shows a 63 per cent increase over the first report in the amount subscribed. It also represents 261 who have never before given to Stetson. Nearly one out every four who have subscribed is giving the interest on \$1,000 or more of proxy endorsement.

The second report includes the names of all who have given and all those who give during 1952 will become charter members of the United Stetson Alumni. Charter members will receive attractive membership certificates, suitable for framing.

The proxy endorsement plan is one of three programs to assist Stetson. Others are Stetson University Council, an advisory group of 100 of Florida's leading business men and business women, and a minimum of \$100 to Stetson each year on their birthday.

Report Is Made By Pompano Market

WINTER HAVEN, (Special)—The annual commodity report from the Pompano State Farmers Market states in excess of \$15,600,000 was paid farmers during the 1951-52 vegetable season. More than 5,200,000 units of vegetables were sold over the state market.

The most popular vegetable form (1,000' x 100"). Beans lead in volume with more than 2,270,000 bushels averaging \$2.80. Over 1,700,000 bushels of pepper averaged \$2.54 and 63 crates of strawberries, a new item on this market, brought a \$9.00 per crate average. Over 12,800 bushels of okra brought the next highest of \$7.38 and better than 200,000 bushels of cucumbers averaged \$6.80. According to Market Manager G. H. Hogan's year-end report to William L. Wilson, Director of State Markets, the totals for the year are "the largest figures for any year for any market anywhere."

The four markets reporting the vegetable activities are: Fort Myers State Market: A fair volume of sweet potatoes with No. 1 selling at \$6.00 per bushel, Mediums \$2.50 and large \$3.00.

Stark's State Market: Bradford County's yellow sweet corn delivered a total of 47,727 five dozen crates and bags returned a gross revenue of \$41,999.76 to growers. Thirty-four cars moved out of the market during the short crop of the past week light volumes of Ford Hook Beans moved at \$1.75 to \$2.50 per bushel, Crowder peas at \$1.25 to \$1.50, butterbeans at \$2.25 and pepper at \$3.00 per bushel.

Plant City State Market: Volume declined to 8,288 units with a gross revenue to growers of \$22,034.20. Okra lead in volume with fancy bringing \$2.75 to \$7.00 averaging \$4.20. Choice \$1.00 to \$2.75 average \$1.85. Eggplant followed in volume at \$1.00 to \$1.00 per bushel, averaging \$2.16 and a very light volume of bell pepper averaged \$1.25.

Brooksville State Market: Volume declined to 3,952 packages with a gross revenue of \$10,412 to growers the past week. Light volumes of pepper, butterbeans and peas are moving.

Fire Protection Begins In Seminole

TALLAHASSEE (Special)—Forest fire protection on a county-wide scale in Union and Seminole counties will be established on July 1 by the Florida Forest Service.

State Forester C. H. Coulter said that in addition of the two new fire control units will be protected areas of 22,205 acres to a new high of 12,851,816. In Union county, 62,302 acres have been under protection under an agreement between several individual landowners and the Florida Forest Service.

The two new units are being undertaken after a cutback in some other services made sufficient funds available, Coulter said.

Establishment of the two units was favorably voted upon in the counties in the 1950 General Election, but has been delayed by the State forest service because of inadequate funds. Manatee, Sarasota and Collier counties have also applied for the service, but protection cannot be started in them yet because of funds, Coulter said.

Previously, 30 counties had established forest fire control units which are partly financed by the counties and the state and federal governments.

Union, with 121,800 acres of forest land, won't require any additional lookout towers. Seminole, with 153,307 forested acres, will need one in the central section. Union already has two state-owned towers. Seminole, besides the one new tower, will be served by towers constructed for the previously established Orange and Volusia county units.

Both counties will be assigned two fire-fighting crews when the winter fire season approaches, but protection will begin with one crew of two men and a fire-fighting truck in each county. Supplemental help could be called in from adjoining counties. The county rangers in Columbia and Ocala counties will supervise the Union and Seminole units, respectively, with the crews being dispatched by radio.

Pine Seedlings Are Wanted By Service

OCALA (Special)—The Florida Forest Service will begin taking applications for pine seedlings for the coming planting season on July 1. It was announced today by District Forester, Harold K. Mikell. Orders will be accepted up to and including Sept. 1.

"Due to the increased cost of production, we have been forced to raise seedling prices from \$2.75 per thousand to \$3.00, Mikell said. Express orders will be shipped, express collect at destination.

Application blanks or information concerning seedlings may be secured from the local County Agent, or the District Forester, Box 521, Ocala.

MIAMI TELEVISION

MIAMI (Special)—Miamiians get their first view of a live television network show tonight at 9 p. m. Sen. Spessard L. Holland (D-Fla.) will give the principal address when station WTUV joins the network for the first time.

There are an estimated 115,000 television sets in the area with WTUV the only station.

MANILA (Special)—A typhoon with winds of 90 miles an hour near the center is moving westward across the Pacific some 750 miles east of the Southern Philippines, the weather bureau reported today.

The big storm, which still is increasing in intensity, was reported moving west-northwest at 14 miles an hour.

Carelessness Creator of Accidents

By W. V. Biting
Touchton Drug Co.

Almost a hundred per cent of accidents are caused by nothing more than carelessness. Your careless automobile, fire, drownings, falls. The remedy is simple, be careful at all times... this takes constant awareness and practice.

It is natural as we come to live in more densely populated areas that accidents will increase if we do not take extra precaution to prevent them. Being careful pays off in big dividends, practice it daily, your efforts will be rewarded when opportunity for accidents occur and you can successfully avoid them.

You won't need to regret the accident that never happened.

This is the title of a series of editorial advertisements appearing in this paper each week.

IF YOU WANT VALUE FOR YOUR MONEY, we Barrett roll siding. Low in first cost, easy to apply for any one handy with a hammer, low in maintenance... roll siding is the perfect solution for the building owner who wants to make every dollar count.

MONDAY
The First Baptist Training Union Workers' council will begin at 7:00 p.m. with a covered dish supper in the Memorial Educational Building.

A concert of sacred music by the Princeton Theological Seminary Chorus will be presented at 8:00 p.m. A cordial invitation is extended to all music lovers to take advantage of this opportunity to hear one of the nation's outstanding music choruses at the First Presbyterian Church.

TUESDAY
The Daughters of Wesley Sunday School class will hold a party in McKinley Hall at 8:00 p.m. with Mrs. A. B. Stevens, Mrs. C. H. Winn, Mrs. J. A. Howard, Mrs. L. M. Tyre and Mrs. H. W. Boyette as hostesses. A potted plant sale will be held with proceeds to be donated to the church building fund.

The Seminole High School Band will hold summer practice in the school band hall at 7:30 p.m. All alumni and interested persons are cordially invited to be present. The prayer meeting service at the First Baptist Church will be at 8:00 p.m.

The Sanford Tourist and Shufboard Club will hold a covered dish supper at 6:00 o'clock at the club house. Each will bring a covered dish to pass, and inbetween following the supper the regular business meeting will be held followed by card games.

WEDNESDAY
The Prayer Meeting Service at the First Baptist Church will be at 8:00 p.m.

The Executive Committee of the First Baptist Church will hold its monthly meeting after the prayer meeting service.

The Fidelity Class of the First Baptist Church will hold a picnic at the home of Mrs. and Mrs. Homer Little on Lake Markham. Members will meet at the church at 3:30 p.m. and go out together. Each person is asked to bring a covered dish.

THURSDAY
The Royal Ambassadors will hold their meeting at the First Baptist Church at 2:00 p.m.

Advice On Tans Given To Visitors

Every year thousands of Florida visitors rush to our beaches to acquire that precious "Florida tan." And although much has been written about the dangers of Old Sol and the harmful effects of overexposure, they still get sunburned and their skin. For those of us who live here the year round it's pretty easy to spot a first time tourist by his lobster red color.

There is nothing more attractive than a smooth, even tan. With common sense and a really good sun tan lotion, almost anyone can get a good sun tan.

While I was in Miami a few weeks ago I was invited to inspect the preparation of Coppertone, a sun tan lotion which is a Florida product manufactured in Miami. I had used Coppertone, but had no idea of the research that went into its preparation. This lotion also comes in cream form and is wonderful for this climate since it is very rich in cocoa butter and lanolin and actually beneficial for both skin and hair. Sun bathing often leaves the skin dry and susceptible to wrinkles, so even if you are already tanned, it's a good idea to apply lotion to the skin, and if you use one that contains lanolin, to rub it into the hair.

It is impossible to tan in just a few days; you must take it slow and easy. Too many people have learned the hard way from experience that sunburn and heat stroke are a high price to pay for a quick sun tan.

Although our summer temperatures are in the high eighties and low nineties, most of the summer we hear very little of sunstroke here in Florida. However, working out in the sun can cause heat stroke, which is very dangerous. From the National Association of Mutual Casualty Companies comes a few suggestions for emergency treatment of overexposure to the sun:

Heat cramps—symptoms: painful, spasmodic contractions in the abdomen, arms or legs. Best treatment is to get victim out of sun and allow to rest in cool place.

Heat exhaustion—symptoms: dizziness, often followed by nausea. Victim remains conscious. Move to cool place and stretch out in prone position face down with head low. Loosen clothing, induce victim to drink hot salt water.

Heat stroke—this is especially serious; symptoms: headache, dizziness, with red or purple flashes before the eyes, pupils contracted. Skin becomes dry and hot, pulse strong and temperature high.

Call a doctor immediately for heat stroke. If none available, quickly remove the victim's clothing and sponge cool water over body. Apply ice bag to head. Prime purpose is to reduce body temperature as quickly as possible. The wonderful sunshine we enjoy all year round is our greatest asset. But during these long, hot summer days remember to enjoy it wisely!

Miss Viva Kathleen Tillis, whose marriage to Peter Paul Bukur, son of Mr. and Mrs. Peter J. Bukur of Sanford, was an event of Saturday at 6:30 o'clock in Hartow. Following a short wedding trip Mr. and Mrs. Bukur plan to leave for Newport, R. I. where Mr. Bukur is stationed with the Navy.

Miss Tillis Wed To Peter Paul Bukur

Miss Viva Kathleen Tillis, daughter of Mrs. Louise C. Tillis and the late Fred L. Tillis of St. Petersburg, became the bride of Peter Paul Bukur, son of Mr. and Mrs. Peter J. Bukur of this city, on Saturday at 6:30 o'clock at the First Methodist Church in Hartow. Rev. Jesse Waller performed the double ring ceremony.

The choir loft and chancel of the church were banked with white and interspersed with cathedral candelabra holding lighted pink tapers. Tall baskets of pink asters were used in decorating and marking the family pews were clusters of asters tied with pink satin streamers.

Mrs. Bukur attended the schools of Tampa and graduated from Lakeland High School. She also received a diploma from Stetson University in Deland where she was a member of Delta Delta Delta sorority, the Glee Club and Traveling Squad. Recently she has been employed in the Trust Department of the First National Bank in St. Petersburg.

Mr. Bukur is a graduate of Seminole High School and attended Stetson where he was a member of Lambda Chi Alpha fraternity and Kappa Kappa Psi music fraternity. He is now serving in the United States Navy stationed at Newport.

Mrs. Jones Honors Sanford Visitors

Mrs. Donald Jones entertained recently with a Coca Cola party honoring Mrs. Mark Jacoby of Dallas, Tex. and Mrs. William Blair of St. Louis, Mo. The guests gathered at 4:00 o'clock at the Jones' home on Sanford Avenue. Late in the afternoon refreshments were served by the hostess. She presented the honored guests with mementos of the occasion.

Those enjoying the party with Mrs. Jacoby and Mrs. Blair were Mrs. Blake Sawyer, Mrs. Walter Steele, Mrs. Rudy Sloan, Mrs. T. E. Tucker, Mrs. Gene Harrison of Jacksonville Beach, Mrs. Charles Park Jr. of Jacksonville and the hostess.

Miss Helen Cabas, whose marriage to Albert Fitts of this city will take place on Wednesday evening at 8:00 o'clock at Holy Cross Episcopal Church. The ceremony will be performed by the Rev. Father E. R. Papaxalis of St. Sophia Greek Orthodox Church of Jacksonville. A small reception will be held following the wedding at the home of the bride's parents on the Orlando Highway. No invitations are being issued for the wedding but all friends of the couple are invited to attend.

Personals

Wallace Bell has left for Spartanburg, S. C. on a business trip.

Miss Dial Boyce has left for Columbia, S. C. where she will visit relatives.

Mr. and Mrs. Roger Ingram returned on Friday after spending the past two weeks in Martinsburg, W. Va.

Mr. and Mrs. William Bush have returned from a two week vacation spent in Princeton, N. J. and Hillsdale, N. Y.

Mr. and Mrs. W. A. Funnelle returned on Friday from Havelock, N. C. where they have spent the past two weeks.

Mrs. Valie Williams Jr. and son Jimmy have returned from Americus, Ga. where she visited her parents. Mr. and Mrs. J. W. Lott.

Mr. and Mrs. W. P. Hall and family left Friday for Huntington, West Virginia to spend a two weeks vacation.

Wylie and Wynne Vickery have returned to their home in Panama after visiting for a week with their grandmother, Mrs. Lillian Vickery.

Friends of Claude C. Locke will regret to learn that he is ill and confined to the Fernald Laughlin Memorial Hospital.

Mr. and Mrs. E. M. Swann plan to leave tomorrow for Philadelphia, Pa. to visit Mrs. Swann's daughter and son-in-law. Mr. and Mrs. H. P. Medler, for ten days.

Miss Dilon Baker left today for Watertown, Pa. where she will visit Mr. and Mrs. James Basham. Mrs. Basham will be remembered as the former Charlotte True.

Mr. and Mrs. Dale Hoffman arrived on Saturday for a short time with his parents, Mr. and Mrs. W. D. Hoffman at their home in San Lanta.

Mrs. J. F. Cullen and daughter Youngie left Friday for Huntington, Pa. to spend some time with her parents and to attend the Baptist Bible School at Ridgecrest, N. C.

The Rev. and Mrs. H. L. Zimmerman, children, Stephen and Mary, and Mrs. A. William Zimmerman, plan to leave tomorrow for Baltimore, Md. to spend a month.

Mr. and Mrs. Everett Dix and children, Michael and Steven, of Holly Hill spent the weekend with her parents, Mr. and Mrs. H. E. True at their home on Crystal Lake.

Mr. and Mrs. Robert M. Bowen of Indianapolis, Ind. have arrived to spend the summer months in Sanford. They are residing at 1245 Magnolia Avenue.

Friends of E. M. Williams will be glad to learn that he is getting along nicely in his home on the Rock Drive following an operation.

Mr. and Mrs. Paul Pezold of Freehold, N. J. where Mr. Pezold will work with the Federal State Inspection Service until Nov. 1.

Mrs. Karl Duesey has returned to her home in Citrus Heights from the Fernald Laughlin Memorial Hospital where she spent several months.

Mrs. W. C. Thors is getting along nicely at her home on Editha Circle following an operation at the A.C.L. Hospital in Waycross, Ga. recently.

Mrs. George Tandy and son Jimmy and her mother, Mrs. M. M. George, have returned to New Smyrna Beach where they spent several days.

Mrs. Howard Brown of Anderson, S. C.

Over two hundred Central Florida square dancers gathered at the Mayfair Inn tennis courts last Thursday night as guests of the Sanford square dancers with Jimmy Chisum as caller. Upper left, Robert Mitchell, of Orlando president of the Seminole Indian Association of Florida, and Mrs. Mable H. who is secretary of the group. Center, Mrs. S. O. Clark of Sanford, Robert Mitchell and Mrs. J. J. Mitchell of Jacksonville.

Mr. Mrs. Anthony Square Dancers Are Invited To Pageant

Honoring Mr. and Mrs. R. W. Anthony, who recently returned home from New York, the Mrs. Bobbie Morton, Rosemary and Betty Cullum, Betty Davis, William and Betty Harris, were hostesses at a "Welcome Home" party for them at the Yacht Club on Friday evening.

The Yacht Club was beautifully decorated for the occasion with baskets of rose colored gladioli and portulaca. The refreshment table was covered with a blue cloth and decorated with lighted taper and gladioli. Punch was served from the crystal bowl placed on one end of the table while the other end held the red and white cakes, salted nuts and nuts. A large decorated cake, each with a white lace inscription "Welcome Home, Bob and Betty in pink song."

Throughout the evening dancing and various games were enjoyed and Gene Arnold entertained the group with a number of acrobatic stunts. A prize was presented to Mrs. Anthony for excelling in a contest played and a special set of silver handles in their choice pattern was presented to the guest of honor as a gift from the hostesses.

Those enjoying the party were Mr. and Mrs. Anthony, Mr. and Mrs. Richard Walker, Mr. and Mrs. A. E. Kendall, Mr. and Mrs. Dwight Hansen and daughter, Susan, Mr. and Mrs. Jimmie Van Herbus, Mrs. A. O. Von Herbus, Mrs. E. H. Cullum, Mrs. William and Mrs. Vera Messinger, Betty Cullum, Betty Cullum, Betty Young, Rosemary Cullum, Betty Van Cagle, Bobbie Morton, Betty Davis, William, Margaret Von Herbus, Kathryn Cullum and Mildred Williams.

Also, Robert Landreth, R. H. Hagen, Richard Young, Jim Meyers, George Gallagher, Gene Arnold, Robert Durand, John E.

Mr. and Mrs. Lee Draper of Lake Wales spent the weekend with Mrs. Draper's parents, Mr. and Mrs. Harry Lee. They were accompanied home by their son Mike who has been the guest of his grandparents for the past week.

Mr. Sydney Ives has returned to her home on Elliott Avenue after having an operation at the Orange Memorial Hospital in Orlando. Mr. and Mrs. Ives now have as their guests, Mr. and Mrs. Edwin Chappell and son Richard of High Point, N. C.

Mr. and Mrs. Clarence Rosner of 1907 Wabash Avenue in St. Louis, Mo. have arrived for a week's visit with friends in Sanford. They are staying at the Montezuma Hotel. Accompanying them on No. 1 Howell of 3263 Edmondson Avenue in St. Louis.

Friends of Mr. and Mrs. E. F. Lundquist will be interested to learn that their grand daughter Miss Betty Copeland, of New Smyrna Beach was chosen Miss New Smyrna Beach of 1952 in a bathing beauty contest held in that city recently. She was chosen from a group of 44 contestants in the Seminole Beach Festival. Miss Copeland is the daughter of Mr. and Mrs. Thomas S. Copeland of New Smyrna Beach. Mrs. T. S. Copeland is the former Miss Virginia Lundquist.

Deadline For City Tennis Tourney Is Midnight Tonight

"Gene" Tucker Will Defend His Title; Over 40 Players Are Now Entered

By KENT CHETLAIN
The deadline for entries in the City Tennis Tournament falls at midnight tonight with tourney play beginning Wednesday and lasting for the next six weeks. Tom Stringer, City Recreation director, warned all tennis enthusiasts to be sure and mail their application blanks to the Herald before midnight tonight.

A last minute rush of entries brought the week's total to more than 40 with even more expected by the end of the week. "Gene" Tucker, Sanford's men's singles champion for the last two years, submitted his application over the week end. Tucker will T. E. Tucker go into the tourney the favorite to retain his championship crown.

Seminole High School's golfing star George Herndon has entered the men's singles and will be competing in the all-age tournament. This year the meet is different, since all entries will be grouped into the same flight regardless of the age.

However, the one flight will have five separate brackets consisting of men's singles, women's singles, men's doubles, women's doubles and mixed doubles.

Bobo Dean, Herald staff writer, is a newcomer to the ranks of the tournament. Perennial entry, Charles Morrison, will again play this year. It is noteworthy that the Herald's staff is almost 100 percent represented.

Binger stated that he hoped to conclude the tournament earlier this summer than in the past, or at least by Aug. 1. He expressed confidence that the same number of entries will play in this year's tourney as the 65 that played last year.

This morning, only 20 more players were needed to equal last year's field. Entry blanks may be mailed to the Tennis Editor, Sanford Herald, Sanford, Fla.

If players do not have entry blanks they may mail in a letter enclosed with a check for \$1.00 and phone number plus the brackets they desire to play in. When listing a doubles entry, the name of the partner should be included.

Sanford	2	8	.200

Vickery Traded For Swain By Red Hats

Lloyd Swain, former Seminole High School pitcher and ex-Seminole Blue, was traded by the DeLand Red Hats last Friday for Cocoa righthander George Vickery. The southpaw flinger, Swain, hurled a six-hit triumph over the Orlando Senators for the Blues to open this season and posted a 3-0 record for Sanford being released on May 15.

With DeLand Swain won one game and lost two to give him an overall record of 2-5 for this season. Swain was the first of three Seminole Blue players who have played the first half pennant winning DeLand. Shortly after Swain was released by DeLand, he was caught on with DeLand's last week outfielder Ted Swain was sold by Sanford to DeLand.

Vickery brings to DeLand a record with the last place Orlando Indians. The Blue has been generally labeled "lucky" pitcher.

O. D. Farrell Selects Pep Rambert As Manager Of South Club

Kenis' Strong Arm Is Lauded By Fan In Listing Local Boy In Outfield

O. D. Farrell, one of Sanford's most inveterate baseball fans and owner of the Arcade Package Store, picked the North-South All-Star team with "no consideration" as to whether the players in question are veterans, limited service or rookies.

Farrell, who has watched the growth of baseball in this locale since its very infancy, selected Pep Rambert to pilot his South team. In picking Rambert, Farrell suggested that Pep be used as a pinch hitter O. D. Farrell and relief hurler.

Johnny Imbra is Farrell's choice for second base on the Southern club, but listed Paul Eskew of Sanford or Chico Rhodes, Leesburg, as alternate choices. One Sanford outfielder was placed on Farrell's South team in the person of George Kenis.

Farrell believes there isn't an outfielder in the league that can throw like Kenis and that is an important thing that many fans overlook," he asserted.

DeVoting from the current trend, Farrell placed Floyd Clift on his Northern squad as first baseman of Red Roberts who is leading the poll at that position with 24 votes.

George Kenis votes, Roberts, however, wasn't over looked as the popular Red head was listed as the first pitcher on the North's club.

Meanwhile 15 votes poured in the Herald poll over the week-end to bring the total vote cast in the five-day poll tallying to 36. Both Manager Chuck Aleno and second baseman John Imbra of Sanford led the Southern vote cast for the Northern team.

Among the 15 ballots received this past week-end were votes from Mrs. Ethel Donnan and Earl Cunningham, Standard Oil distributor in Sanford, for Red Roberts as the most popular player.

The results of the Herald's poll will be combined with the results in the stands at the various parks and other polls to be conducted by newspaper and radio stations throughout the league prior to the All-Star game to be played Friday night here the night of July 25. Results of the poll will determine the starting players of both teams and the managers plus the most popular player award.

Substitute players will be selected from the next highest poll in the poll at that position.

Farrell's All-Star Selections:
North: Pos. 1. J. H. Levy, Del. 2. Clift, J. B. 3. Imbra, San. 4. Montrasky, Del. 5. Fundora, L. 6. Guder, Del. 7. Aleno, San. 8. Dunne, Del. 9. Ford, Del. 10. Treadway, J. B. 11. OF Thomas, Del. 12. Brascoe, Del. 13. OF Kenis, San. 14. Roberts, Del. 15. P. Byrd, San. 16. Pennington, Pal. P. Vickery, C-D.

Robson Wins Over Hunt - Mercury To Regain Loop Lead

The loop leading Robson's Sporting Goods softball nine will face the third place Wilson-Maler Furniture Store team tonight at 7:00 p.m. on the Lakesfront Diamond. At 9:00 p.m. the red hot Navy club opposes cellar-dwelling Hunt-Mercury.

Aleno Is Only 54 RBI's Away From Buddy Lake's FSL Record Figure

Manager Chuck Aleno continued to be the individual batting star for the Seminole Blues this year as he maintained his league dominance in the all-important run-batted-in column with 86. Aleno is now just 54 RBI's behind the FSL record set by another Sanford star, Buddy Lake, in 1934 when he slammed across 140 runners.

The power of Aleno's bat as a manager part of the team in batting with a .341 percentage good for the season. Aleno is also the circuit leader for home runs with 15 or two better than a Daytona's Ed Cook and Orlando's Ed Levy. Chuck Aleno while most of the FSL batters were experiencing a loss in batting percentage was adding five points to his average.

DeLand's colorful Red Roberts wrestled the Florida State League batting lead away from Jacksonville coach manager Red Treadway during a week that saw both the veterans out of action for a day or so because of pulled muscles.

Roberts was on top of the pack with a .303 average, according to official averages for all games thru midnight Thursday, whereas Treadway, on top last week, and with a mark of .402, had dropped to an even .300.

Roberts dominance found him leading in hits with 110 to 110 for Treadway; tied with Jack Cade of DeLand with 11 triples each. Tied with Merrill Smith of Palatka in doubles, with 24 each, and second Red Treadway only to Sanford Manager Chuck Aleno with 18 RBI's to Aleno's 86.

Aleno was on top in homers with 15, but he has two rivals now instead of Orlando manager Ed Levy who had 13. Outfielder Ed Cook of Daytona had pulled up even with Levy with 13, and, according to Islander fans, the husky youngster planned to overtake Aleno shortly.

Palatka's Merrill Smith was second in triples with nine, and second in stolen bases with 29, 18 behind the sensational Daytona rookie, Howard Tesnow, who had stolen 47 bases thru midnight Thursday.

Pitching performances were a hot topic for the week at the Arnold Sewell of Orlando and a season high for Ham Jr. of Palatka exhibited expertly. Sewell turned back the dangerous Jax Beach Sea Birds in a 3-0 shut-out during which he held them to six hits, while Hamm started loop circles by hurling a 11 to 0 shut-out over the defending champion DeLand Red Hats, holding them to two hits.

The year's first triple play highlighted and climaxed the Orlando 3 to 0 decision, for it came in the fifth inning, and completely washed out the Sea Birds chances. Shortstop Dan Day took a short fly, tossed to second-baseman Leo Mena to double off one runner, and Mena got the third out first base.

The Senators won five of six games during the week for the best showing so far in the week old "second half" of the season.

DeLand, first half winner, won five of seven, while Daytona won four of six, and Daytona and Jax Beach took four of seven. The Leesburg Packers and Sanford Seminole Blues dropped five of seven, while Cocoa, under new ownership, dropped six of seven.

Sanford To Play Orlando Senators At Home Tonight

Corrales Seeks To Snap Four-Game Blue Loss Streak

By KENT CHETLAIN
If tough luck honors should be awarded to clubs at the end of the year, Sanford will be among the top contenders for prizes. Over the week-end the Blues dropped a pair of one-run decisions and lost another game by just two runs. This ran the Blues losing streak to four straight, the second such disastrous streak in the first 10 games of the second half.

Tonight the Alenomen will try to snap this losing streak by even their two-game series with the Orlando Senators when they play the West-Ington Senators team club in Memorial Stadium at 7:00 p.m.

Blues manager Pep Rambert, who had stolen 47 bases thru midnight Thursday, pitched perfectly. He held the Senators to two hits and one run in a 3-0 shut-out.

Over 600 Orlando fans witnessed a see-saw battle between the Senators and Blues as the score changed hands several times all night. Solly Grant and Chico Gonzalez each pounded out a pair of doubles and Frank Santora, veteran second baseman drilled in three runs to keep the Seminole hopes alive.

The win was Orlando's fifth straight and Sanford's fourth consecutive, so a few of average fans will be riding with the Blues in tonight's game.

Meantime Blue front office officials stated that they were trying to seek financial help from the New York Giants and that Carl Hubbell was supposed to be in Sanford either today or tomorrow to confer with the Blues. Hubbell, a director in the Miami system, is a former All-Star.

Sanford, A. H. O. A. Kenis, If 5 1 1 1 Eskew, 2b 5 1 4 4 Rhodes, 3b 4 1 0 3 Aleno, 3b 4 1 0 3

Blues Lose Rookie Flash For Ten Days

Sportsmen By ROBERT Z. JOHNSON

The Seminole County Sportsman's Association like other sportsman clubs in the state are organized for the purpose of assisting in making laws to protect the game, fish and all natural resources of the state. Each club gathers information as to the best time for opening and closing the hunting seasons in their locality and also gives suggestions from the various hunters on closed and open days of the week. This information is sent to Tallahassee to the Game and Fresh Water Fish Commission for them to consider in making the laws for each year.

There will be a meeting held by the Game and Fresh Water Fish Commission in Tallahassee on Aug. 4, to make the laws for the 1952-53 hunting season. The commissioners urge all clubs to get all information in regard to their wishes in regulating the hunting laws in before Aug. 4.

Any sportsman desiring to attend and be heard at this meeting will have to write in advance to get their name on the agenda.

All Sportsman's clubs in the state are affiliated with the Florida Wildlife Federation, which in turn is a member of the National Wildlife Federation with headquarters in Washington, D. C. The National Federation has been doing some wonderful work in conservation throughout the United States in preparing feeding ground and making a study of the habits of migratory birds. No when a sportsman joins his local club he also has a voice in his state and national club. The dues in the various clubs differ, but 50 cents of each member's dues goes to the Florida Wildlife Federation.

There has been one problem that the Game and Fresh Water Fish Commission will not listen to the public or the sportsman about. That is the seining of the lakes and rivers. The vote taken by the general public in Central Florida was about 90 percent against the seining, but they keep on trying to seim.

The Lake County Sportsman took out an injunction and stopped the seining in Lake County. It will stop the seining until the court decides for or against the seining program for the county.

They are planning to start seining in Lake George and Lake Crescent July 1. I was told by Henry Douglas, president of the Florida Wildlife Federation that there is an injunction being prepared to halt the seining in these two lakes as soon as it is started.

It seems as if John F. DeQuine, biologist of the Game and Fresh Water Fish Commission, has his mind set to do this seining regardless.

All of us know that in removing the rough fish it will help look at the thousands of sports fish they will sell in removing the rough fish.

If these commercial seining crews were paid by the day to do this work instead of being paid with good fish, that the tourists spend millions of dollars each year to come to Florida to catch, it would be different.

Mr. DeQuine has mentioned in his talks and literature comparing the lakes and streams with nature, stating that an acre of land over crowded with cows is the same as over crowding an acre of water with fish. There will soon be nothing to eat and they will all starve. But this remedy to me is like giving a man all your cows to clear your pasture and when the pasture is cleared you have no cows to put in it.

Likewise, you give the commercial seiners all the good fish to get the rough ones out and when the lakes are cleared we have no fish of any kind left. As a result no one has been helped except a few commercial fishermen have been made richer.

Hubbell Cancels His Trip To Visit Marian

Carl Hubbell, one of the directors in the New York Giant farm system, has canceled his scheduled trip to Sanford to see Charles Marian, manager of the Mayfair Hotel. It was reported by Mr. Marian today, Mr. Hubbell was slated to come to Sanford and discuss some business matters with Mr. Marian but an engagement in New York forced the former National League pitching great to cancel his trip here.

Hubbell is a former All-American pitcher who pitched for the New York Giants and the Boston Braves. He is now a coach for the New York Giants.

Hubbell is a former National League pitcher who pitched for the New York Giants and the Boston Braves. He is now a coach for the New York Giants.

Triplets' Daddy Admits He Wed To Two Women

NEW YORK (AP)—A proud father's new triplets brought him trouble Sunday. He had to admit he wasn't married to their mother but to another woman.

Only two days before 26-year-old Salvatore Scarnati had been a happy man when a woman listed as Helen Mingle Scarnati, 26, had three girls.

He blithely gave pictures to the newspapers and looked in the public realm. But Sunday Mrs. Mary Conaluzo Scarnati, 27, showed up at a police station. She had seen his picture in the papers.

The proud papa she told police, was her husband and the father of her 4-year-old daughter.

They were married in 1947 and separated in 1950. But, she added, they still were legally wed and he was under court order to pay \$14 a week for the child's support.

The district attorney's office decided not to take action against Scarnati, a garage mechanic. But it advised Mrs. Scarnati she could apply for a summons charging him with adultery, a misdemeanor.

"I'm going to make him pay for all this, she vows.

Scarnati told officers he also was the father of another girl, 10 years old. And he asked police to "What did I do wrong? My wife won't give me a divorce and I love this girl. How can you say I did something wrong?"

Unlicensed Pilot Of Plane Faces Inquiry

TAMPA (AP)—A Tampa plane pilot who probably saved the life of his wife in a crash may have some explaining to do about flying an unlicensed ship.

Witnesses said Valdez probably saved his wife from serious injury or death when he threw himself in front of her when the plane crashed into a tree.

Milton D. Gilton, supervising agent for the Civil Aeronautics Authority in Tampa, said records showed Valdez had not renewed the plane's certificate after it expired May 15.

Legal Notices

THE STATE OF FLORIDA, County of Duval, ss. I, JAMES H. HARRIS, Clerk of the Circuit Court, do hereby certify that the following is a true and correct copy of the will of the late JAMES H. HARRIS, as the same appears from the records of said court.

Heat Wave

(Continued From Page Three) million persons swarmed in the city's parks.

In St. Louis — weary from five consecutive days of temperatures above 100 — the collection of more of the same. Sunday's reading was 104, marking the 25th day of 100 or higher this month.

Blind in Malden, Mo., the mercury climbed higher — hitting 108, the top mark posted in the U. S. Weather Bureau's map. Kansas City stayed in the weather hot — with a top of 102. It was 104 in Toledo, 96 in Columbus, 96 in Cincinnati and Oklahoma City and 83 in Des Moines.

Thunderstorms struck New York City about midnight, dissipating the threat of immediate hot weather. Brief but violent electrical storms lashed Western New York from Buffalo to Jamestown, snapping power lines, uprooting trees and blocking streets.

Similar storms hit Washington, D. C., and various parts of Maryland, which has been hard hit by the hot spell. Winds up to 45 miles an hour swept Baltimore and the Chesapeake Bay area.

The district attorney's office decided not to take action against Scarnati, a garage mechanic. But it advised Mrs. Scarnati she could apply for a summons charging him with adultery, a misdemeanor.

Huston Parley

(Continued From Page Three) to reporters' questions as to whether the threatened revolt would occur if such a potential nominee as Gov. Adlai Stevenson of Illinois with Southern family connections headed a ticket which ran on a platform of rigid affirmative action on civil rights.

Gov. Paul A. Devers of Massachusetts, the Democratic challenger, looked a day of rest at his headquarters in Boston.

His representatives met Sunday night with the GOP National Chairman (Guy Gabrielson) to discuss procedure for settling disputes over seating rival states of delegates.

Sen. Robert Taft of Ohio flew from Sunday night from Washington, D. C., to St. Louis, Mo., to attend a meeting of the GOP Presidential Club.

Sen. Richard Russell of Georgia, champion of the anti-civil rights group, while observers said some concern for natural optimism on the part of Devers, Driscoll and Kohler made it plain they think the Republicans have some corn row hope to do before they can reasonably expect a victory in November.

Some corruption has been made against the federal government. The federal government has been accused of the most serious of the states, we too have encroached upon the rightful fields of the states and local government.

Air Force

(Continued From Page One) of contract authority or credit. The vote came after O'Mahoney said he wanted the Air Force to obtain the 145-wing goal by July 1, 1952.

This would be one year beyond the goal set in the Joint Chiefs of Staff and military intelligence reports say Soviet Russia will be able to launch a long-range atomic bomb attack on the United States.

Republican senators, including Richard M. Nixon of New Hampshire, questioned the House's willingness to accept any scheme for contract authority.

Stewart M. Doane Died Friday Night

Stewart M. Doane, 91 year old resident of Geneva, died in the city after a brief illness.

Mr. Doane was born Feb. 21, 1861 in Harlow, Wis. He is survived by a brother, Arthur Doane of Geneva, and Mrs. O. P. Mathews of Geneva.

Mother Of Sanford Woman Buried Today

Funeral services were held at 2:00 p. m. today at the First Baptist Church for Mrs. Della Morrison, mother of Mrs. A. B. Tedford, who died at her home in Jacksonville.

Mrs. Morrison lived in Sanford at one time, moving to Jacksonville in 1940. She was born in Arkansas, Ark., Nov. 8, 1880. She is survived by two other daughters, Mrs. Vera Bell of Jacksonville and Mrs. Lillian Morrison of Washington, D. C.; five grandchildren and five great grandchildren.

Police Raid Made On Bolita Agents

Police Chief Roy Williams led a mass police raid on four bolita agents in the City over the weekend resulting in the arrest of three persons and the collection of more than \$100 in cash.

The highest raid was carried out at Saturday noon at Burch's Grocery, 200 W. 11th St., where a bill making "Dial" the official song of Bolita agents and a bill to make every citizen a Bolita agent were being distributed.

Mr. Burch, 26, while he was in the county by Chief Williams. Simultaneously, police were carrying out a raid on Burch's father's store, 435 East Fourth Street. Joseph Burch, Sr., was away at the time but police reported evidence of a Cuba lottery in his store.

Earlier Saturday morning Joseph Burch, Sr., 77-year-old Negro, was arrested for possession and sale of lottery tickets for money.

He was released on a \$202 bond. Friday morning Lillie Bell Green, 40, Negro, owner of a store at 800 Maple Avenue, was arrested on two charges of possession, sale and share in bolita tickets. She paid a \$204 bond for her release.

Boys' State

(Continued From Page One) measure was subsequently vetoed by the governor, and the representative who had introduced the bill turned to participate in the remainder of the program.

Trade at the market, he pointed out, was greatly benefited by the growers' stock of Sanford who helped to supplement the market with fresh fruit and vegetables not available here in sufficient variety to take care of the trade from October through March.

Another factor, showing the increased volume of fruit and produce sold through the Sanford Market was the new 50 foot truck scale which was installed Oct. 11, 1951. Total weightings through June 25 amounted to 11,920 compared to 4,224 for the same period last year, an increase of 7,696 weightings.

Mr. Anderson estimated that 90 percent of the weightings were perishable products and were not all from the Sanford Market as about 10 percent of the trucks and fruit packing houses south of Sanford. The trucker wanted to be certain that he would not be over-loaded either in the state or in the northern states.

Sales on cabbage reached a seasonal peak during the week just closed. In 50 pound crates the total sales were \$1,011,081 for 865,958 sacks. In 50 pound crates the total sales figure was \$1,011,081 for 865,958 sacks. In 50 pound crates the total sales figure was \$1,011,081 for 865,958 sacks.

Truman Signs

(Continued From Page One) days of heated debate. The approved total was \$3,131,305,250 but President Truman's original request.

The money the bill would provide is separate from regular budget appropriations. It would supplement appropriations already considered for the fiscal year starting July 1, or actually made for the year just ending.

Elsewhere Republican senators played a major role in the success of the bill before the Senate. The bill was passed by a vote of 77-19.

The House voted 603-94-700 for foreign aid next year. The bill would provide \$3,131,305,250 for foreign aid next year.

Store Is Remodeled In Meisch Building

Alterations and remodeling of the store space occupied until recently by the Florida Power and Light Co. in the Meisch Building was announced today by H. E. Jacobson, president of the Meisch Building Co.

The owner of the Meisch Building, and until recently a partner in the H. and A. Store on Sanford Avenue, Mr. Jacobson, has promised something "excitingly new" in a ladies apparel store.

"It will be very modern and up to date," he declared. The entire store is being remodeled, including the front and windows, the ceiling is being lowered, and new wiring is being installed.

Mr. Jacobson recently sold his interest in the H. and A. Department Store to his partner, Benjamin Katz.

Taylor Commandery To Meet Thursday

The Taylor Commandery of this city will hold its convocation originally scheduled for Friday, July 3, next, at 7:30 p. m. at the Meisch Building.

Several unfinished matters of business will be brought before the convocation at this meeting which will probably be the last meeting of the commandery. H. E. Jacobson, Grand Commander, who will be present.

Lee, Breckenridge At Jax Conference

A. W. Lee, Jr., chairman of the waterways committee of the Seminole County Chamber of Commerce, and Forrest Breckenridge, manager of the Chammo, will leave tomorrow for Jacksonville where they will confer with W. H. Burnett, president of the Barnett National Bank of Jacksonville, and Henry Fozard of the U. S. Coast Guard concerning the latest development in connection with the proposed Sanford-Altamaha canal.

E. C. McLane of Palatka, president of the McLane Ironworks and interested in the project, will accompany Mr. Lee and Mr. Breckenridge to Jacksonville. The purpose of the conference is to obtain an active group to back the project will be discussed, Mr. Breckenridge said.
