

HOOVER MAKES SPEECH TODAY TO RURAL FOLK

President Receives Ex- pressing of Thanks For Selecting Moun- tain Area For Camp

MADISON, Va., Aug. 17.—(INS)—President Hoover and a party came down the mountain this morning to receive the thanks of 5,000 Virginians for selecting this section for his week-end "White House" in the summer.

By accepting the appreciation of these Virginia folk who staged a monster barbecue for the occasion, Mr. Hoover thanked the people of the Old Dominion for going Republican for the first time in the November election. While the President's brief speech, about 3,000 words, made no inference to politics, Governor Harry Flood Byrd, who introduced the distinguished visitor, felt from his camp on the Rapidan River, did not fail to say:

"In Virginia partnership along at the border, of hospitality and I hope that President Hoover will feel all Virginians today join in the spirit in the welcome that is extended to him by the warm-hearted people of Madison."

Mr. Hoover, revealed a little secret in his address. He said he has discovered why presidents take to fishing—the silent sport. "Apparently the only opportunity for refreshment of one's soul and clarification of one's thoughts, by solitude to presidents lies through fishing," he said.

"As I have said in another place, it is generally realized and accepted that prayer is the most personal of all human relations. On such occasions as that, men and women are brought to a level of equality, and the fact that the fish will not bite in the presence of the public."

"Fishing seems to be the sole avenue left to presidents through which they may escape to their own thoughts and may live in their own imaginations and find relief from the pneumatic hammer of constant public contact, and refreshment of mind in the bubble of solitude brook."

The event was the largest Madison ever had and the authorities and residents made a day of it while Mr. Hoover remained only long enough to greet the gathering and deliver his carefully contrived back up the grade to the presidential mountain camp.

Morrow Leaves For U.S. Under Guard Of Mexican Soldiers

MEXICO CITY, Aug. 17.—(INS)—Heavily guarded by soldiers and detectives, Ambassador Dwight W. Morrow departed for the United States today for a vacation and to report to President Hoover and the State Department upon Mexican affairs. There were 50 soldiers and detectives upon the train which was preceded by a pilot train with 75 additional guards upon it. These extraordinary precautions were taken because of the reported presence of bandits between San Luis Potosi and Saltillo.

Mexican Foreign Minister General Estrada, British Minister Sir Esmé and other members of the diplomatic corps were at the railway station as well as many members of the English and American press. All wished the Morrow party a safe journey.

Ambassador Morrow will first go to his home in Englewood, N. J., then proceed to Washington where he will have an optimistic report to make to President Hoover and Secretary of State Stimson. Mr. Morrow will return to Mexico during the latter part of the month. Secretary Herchel Johnson of the United States Embassy will serve as charge d'affaires.

Mr. Morrow was accompanied by Mrs. Morrow, their daughter Constance, Lucille, a school friend of Constance, Mr. Richard Skandrett and General and Mrs. J. J. Morrow.

10,000 Soviet Troops Invade Chinese Area

LONDON, Aug. 17.—(INS)—Ten thousand Russian Soviet troops have invaded Western Manchuria, according to news dispatches printed in tonight's newspapers, pointing an "official" announcement given in Mukden, Manchuria. Chinese forces from Mukden quoted the "official" communiqué further as saying that the Red troops were armed with machine guns and supported with light artillery. The Soviet forces are said to have crossed from Siberia into Manchuria on both sides of Manchuria, on both north and south of the Chinese Eastern Railway.

ALDERMAN PAYS DEATH PENALTY IN RUM SLAYING

50-year-old Whiskey Runner Hanged At 6:04 This Morning

FT. LAUDERDALE, Fla., Aug. 17.—(INS)—While the first streak of dawn spread over the United States Coast Guard base here, James H. Alderman, 50-year-old "rum pirate" was taken from his cell on a scaffold erected in a rear airplane hangar and was hanged for the murder of two men.

The trap was sprung at 6:04 A. M. and 15 minutes later his body was removed from the death chamber, and will be delivered to Alderman's relatives at Miami for burial. The execution was shrouded in the utmost secrecy, everyone being barred from the station grounds except the official witnesses.

Alderman, one of the most colorful rum runners ever to ply between the Bahamas and Florida, was sentenced to die for the murder of Sidney Sander and Victor Landy, two rich young men, who were killed in a rum battle on the high seas in August, 1927. Robert J. Webster, a secret service operative, was slain by the gunfire, but Alderman was never tried for his role.

The execution today was the first of Florida's longest and most bitterly fought legal battle, Alderman's counsel having appealed to the United States Supreme Court to nullify the state's death penalty.

The grim-faced "rum pirate" of the Gulf Stream was believed to have retained to the end the coolness and calm of the man who had put up since his public prosecution of a career of crime, which followed his capture late in 1927 with the confiscation of the Florida coast two years ago. The first rays of the rising sun were peeping over the upper stories of the jail when he was led from his cell to the guillotine and from airplane hangar located but a few steps from the beach landing on which he stepped from a blood-stained patrol boat after the battle with the guardsmen which ended his long career of crime.

"Sold out, mornin', boys," he greeted the little group of spectators when he was led to the gall. He spoke in even, precise tones and walked with a steady step to an automobile that waited a few paces away.

A few minutes later he alighted from the car in front of the hangar, and walked into the chamber of death with shoulders squared and his steps confident and sure. That was the last anyone, except the executioner, a spiritual adviser, a physician and a few necessary witnesses, saw of the notorious rum runner.

Charge Of Carrying Gun Made Against Brother Of Editor

Charged with carrying a gun in the courtroom yesterday afternoon, shortly after the jury had retired, Gordon Dean was arrested last night on a warrant sworn out by James A. Cunningham, court bailiff. The warrant was served at 8:30 o'clock last night by Deputy Sheriff O. B. Estridge.

Mr. Dean posted a \$150 bond for appearance in County Court before Judge James G. Sharon. No date has been set for the case. In a brief statement today, Mr. Dean explained the reason for possession of the gun.

"I had no written permit to carry a gun," Mr. Dean stated this morning. "But I did have an oral permit from the chief of police. After reading some of the testimony and argument in the libel case against The Herald I thought there was a possibility of my being called upon to assist my brother, Roland Dean. I have no apology to make for being ready to help him if necessary."

CHINO-RUSSIAN CLASHES GROW MORE INTENSE

Relations Between 2 Governments Being Strained To Limit By Late Activities

SHANGHAI, Aug. 17.—(INS)—The result of repeated clashes between Chinese and Soviet troops along the Manchurian-Siberian border, the situation has become increasingly tense according to advice received here today from Nanking via Mukden.

That relations between the Chinese and the Soviets were strained almost to the breaking point was indicated by reports of the latter's activities in Manchuria.

The town of Meirwaite, near Manchuria and 12 miles from the border, has been infiltrated by Soviet activity and attacked by Chinese cavalry, according to reports received here. The Soviets are said to have retired after both sides suffered heavy casualties.

Eighteen Chinese casualties were reported in an engagement at Meirwaite on the Chinese Eastern Railway, when 700 Soviet troops were driven from the town after sweeping it for an hour. A clash between cavalry, but the outcome of the engagement was also reported.

Chinese authorities are reported to have reported that 12 Chinese were reported killed in this action. It is estimated that 200 and 300 men at Meirwaite, north of Kiam, fell after the occupation of numerous districts.

The general apprehension is felt at Nanking relative to the movement of the Soviets. It is believed there that the Soviets are pushing to occupy the entire Chinese Eastern Railway, including the station at Peking, and that the Chinese are being driven from the border.

Chinese authorities are reported to be making defensive movements.

Mrs. Owen Enters Her Objection To Tariff Schedules

(Special to The Herald) Mrs. Owen, who has been the leading voice in the Senate Finance Committee in regard to the proposed tariff on agricultural products, has today filed her objection to the proposed tariff on agricultural products.

"As representative of the Fourth District of Florida, I beg to submit to your committee the following facts: The agricultural products of my district, fruits and vegetables, which are marketed in competition with the fruits and vegetables of foreign countries, are given in the tariff bill as passed by the House, special duties, which in most instances, give adequate protection to Florida growers."

The proposed seasonal tariff on agricultural products, which was passed by the House, is a protection to our growers.

"I have to present to you the urgent reasons against a seasonal tariff on agricultural products."

"May I add my personal request that in the consideration of this bill, you take into consideration the fact that the tariff on agricultural products is a protection to our growers."

Airplane 'Sun God' Greeted By Throngs

CHRYENNE, Wyo., Aug. 17.—(INS)—An immense crowd greeted the "Sun God" colossus plane from Spokane here today when it landed near the local airport at 9:05 A. M. Because of inability to transfer any quantity of mail to the "Sun God" over Rock Springs, Idaho, Nick Munoz and Art Walker dropped messages, saying they were running dangerously low in fuel. In another message they said: "Every thing fine, engine has not failed since we left Spokane." The pilots asked the refueling planes to accompany them to North Platte Neb., where additional gas will be transferred to the "Sun God."

PANTAGES FACES TRIAL IN ATTACK ON GIRL DANCER

Millionaire Theatre Magnate Is Out On Bond Set At \$25,000

LOS ANGELES, Aug. 17.—(INS)—Held for trial on charges of assaulting Elaine Fongle, 17-year-old and amateur dancer, Alexander Pantages, Pacific Coast theatre magnate, remained at liberty on \$25,000 bail today while District Attorney James H. Egan proceeded with preparation for the trial.

The 51-year-old millionaire's case taken to superior court for prosecution "as quickly as possible."

Pantages' attorneys said they were ready for an early trial. Allying to his lawyer to instruct the jury that the girl was a minor, a thing that would keep him from being charged with rape.

Arrangement of Pantages probably will take place early next week. The charges carry a penalty that would keep him in jail for a year.

When he was arrested, Pantages was charged with the assault on Elaine Fongle, 17-year-old and amateur dancer, who was charged with the assault on Elaine Fongle.

Judge Wilson's decision came immediately after the close of a three-day preliminary hearing in which Elaine herself was the chief witness. Pantages' special counsel during the hearing, said he had been attacked by Pantages.

At the court today, testimony of the most sensational was that of W. R. Hale, a motion picture actor and the final witness. During Hale's testimony, court was transferred to the Pantages theatre building where the film performance was shown.

Hale was seated in the balcony watching the show, he said, when he heard someone and, running to the mezzanine floor, he saw Elaine running and crying hysterically. "Save me! Save me!"

"She came screaming and crying, 'Save me! Save me!'" Hale testified. "I asked, 'What's the matter?' She just screamed and ran."

"I went to the office and saw Pantages in there. He hastily pulled his clothing. Then the door was slammed."

When policeman R. L. Courtney arrived Pantages was "screaming and crying," said Hale. Describing Miss Fongle's appearance, Hale said "her dress was open her left stocking was down below her heel and her hair was all matted up." He noted also, he said, a mark on her shoulder "that looked like a bite."

GRAF ZEPPELIN NOW SOARING OVER SIBERIA

Huge AirLiner Has Al- ready Covered More Than 3,300 Miles Of Long Flight To Tokio

MOSCOW, Aug. 17.—(INS)—With more than half her journey behind her, the Graf Zeppelin at dawn today was soaring gallantly over the steppes of Siberia on her trans-Siberian flight from Friedrichshafen to Tokio. Last reports of her progress revealed her indicated that the huge air liner had already covered more than 3,300 miles since leaving her home base on the second leg of her round-the-world flight.

Shortly before midnight, Central European Time, (7:00 P. M. Friday Eastern Daylight Time) the zeppelin gave her position as 50 degrees East longitude, 62 degrees North latitude. At that time the plane was about 100 miles north of Tura, Siberia, and about 1,000 miles east of the Ural Mountains.

Her position was reported here by the Ekaterinburg radio station. She is estimated to be about 100 miles north of Tura, Siberia, and about 1,000 miles east of the Ural Mountains.

A short time before the zeppelin had been sighted over Uda, which is near the 61st parallel of longitude. At that time she was taking a due east course, and making high speed.

Although the airship is believed to be in constant communication with the Soviet government, reports of her progress have been delayed here for several hours.

The 22 passengers and 11 of the crew of the airship are now en route to the coldest part of the world's journey. At its next stop, the Graf was expected to be north of the Arctic Circle and apparently heading on a northeast course toward Turukhansk, possibly to take advantage of favorable following winds.

The zeppelin continues to maintain an average speed of more than 20 miles an hour, judging from reports of her progress. It maintains the same steady, distance-making pace on the remainder of her journey, the huge craft will easily arrive at Tokio within the 120 hours set as a minimum by Dr. Hugo Eckener, her commander.

It is believed Dr. Eckener will very likely fly to the southwest coast of Alaska, and then hold off further in that direction over Manchuria to Vladivostok and thence to Tokio.

The zeppelin's trip so far has been unmarked by any incident to mar its steady progress. From the time she left Friedrichshafen at 4:35 A. M. Berlin Time Thursday, (11:35 P. M. Wednesday, Eastern Daylight Time), Dr. Eckener has picked his course carefully and managed to avoid any atmospheric conditions which might hamper the zeppelin's speed.

They were married in Stamford, Conn. It was learned at Mr. Katz's office here. Mrs. Maurice returned only yesterday from Europe aboard the Aquitania. Katz, who was a widower, is 27 years old.

Mistrial Declared In DeCottes' Libel Case Against The Herald

Judge Herring Delivers First Defense Argument In Action Against Herald

Ed. Note: The following is the stenographic report of the argument delivered by the defendant, Herring in behalf of the defendant, The Sanford Herald.

"May it please the Court, and you gentlemen of the jury: I want to say to you in the beginning that the trouble with this case is there is no case. I am not going to attempt to tell you what the law of the case is as Mr. Landis has undertaken to give it. That is the province of the court, and that was your duty to take your law from Mr. Landis, but from the court, so I am not going to tell you what the law is in this case. That privilege is reserved to the judge of this Court. Nor am I going to undertake to testify to you in this case as Mr. Landis has undertaken to do."

"From the inception of this case it must have been evident to you gentlemen that this plaintiff desired to feature this case. He has come into court in a case that ought never to have been brought into court at all. How many of you have ever heard of any other man that was worthy of the name of man going into court like this to settle some criticism or personal matter that he ought to have settled out of court?"

"That's the way real men do. They don't take their little differences, because their pride is hurt or their vanity affected, and they don't come running to a court of justice and sue for libel and claim \$100,000 damages."

"But there is one kind of man, and you have seen an example of that here today, that suffers with the complex of being a superman. He thinks he is removed from all rules that govern every other man. He thinks that he isn't fit to criticize him, but he has ever heard of that he be Saul of Tarsus, and he should shoulder above his brethren and that no man should comment on him adversely."

"But his judgment is unbalanced, that he cannot do any wrong, and therefore nobody has a right to criticize him."

"And that is the trouble in this case, it is a case of a superman, stripped of all his humanity, stripped of all his theatrical trimmings, the case narrows down to what? The case is made in the defendant and in the pleadings made by the evidence from the stand and the law as given to you by the court this case is for you to decide. No matter what the distinguished gentlemen of that bar say, they are not the plaintiff in this case, the fact is that this case should be determined by whether or not a case has been made out by the plaintiff in this case, and whether or not the defendant in this case used the language attributed to it in the declaration and in the pleadings made by the evidence from the stand and the law as given to you by the court this case is for you to decide.
