

# Finch Defense 'Splitting'

LOS ANGELES (UPI)—Carole Tregoff's attorneys opened a possible alibi hatch for the red-haired former model today by suggesting her lover might have murdered his wife.

In the first overt split in the defense in the trial of Dr. H. Bernard Finch, 43, and Miss Tregoff, 38, her attorneys indicated it was possible for a person to be at the scene of a crime yet innocent of any complicity.

The startling tactic also indicated Carole is going to try to win over M. "Boris" sinks for the killing of his wife, Mrs. Barbara Finch.

Lawyers for the mistress of the suspect resumed their closing arguments today and it was expected they would further dissociate their client from the man who says he still wants to marry her. "If she will have me," Finch said.

Prosecutors' attorneys had just completed a blistering windup Wednesday when Miss Tregoff's

lawyer made his move. Crail said Finch had confessed his guilt by fleeing the death scene July 18. He said that Carole had "aided and abetted him."

Robert Nash Jr., former partner of Jerry Glaser, started out in a dull fashion with a discussion of the legal aspects of the case. Then he took on the subject of "aiding and abetting" and sprung the biggest surprise of the 15th month trial.

"In all the testimony and evidence," Nash said, "there isn't

one single proof that Carole on the night of July 18 caused any injury, struck anyone, used any weapon, pushed anybody, or touched anyone — certainly not Mrs. Finch."

Nash gave Finch another indirect kick when he told the jury that seeing the scene of a crime could be partial admission of guilt. But Miss Tregoff, he said, went voluntarily to authorities even though she was charged with "conspiracy to murder" in hiring convict John Patrick Cody.

# 'Morse For President' Club Begins Setting Up Business

By DICK WEST

WASHINGTON (UPI)—The "Morse-for-president club" has set up shop here in a former discount house sent down to a rubber stamp store.

I can hardly imagine a more incongruous location. Not even his worst enemy is likely to discount Sen. Wayne Morse or accuse him of being anybody's rubber stamp.

I had the pleasure of visiting the Morse club on the day of its formal opening. This was a new experience in the fact that I have been making of presidential campaign offices. The other headquarters I have visited already were going concerns.

A brisk wind was whipping across the sidewalk when I arrived at 222 11th Street. This made things difficult for three Morse men who were trying to hang a strip of bunting across the front of the building.

One whole day was spent discussing public relations when the National Congress of American Indians held a five-day convention in Phoenix, Ariz., last year.

One of the bustling-hangers was sporting a lush growth of jet black whiskers. I wondered if this meant that Morse had the support of the local beatniks, but he said he grew the beard to dramatize a campaign to win "statehood" for the District of Columbia.

While these preparations were going on, a Soviet's truck drove up and delivered a big, horse-shaped wreath with a gold ribbon which spelled out the words "good luck senior."

This led to some discussion as to whether a horse was which pointed downward, as was the case with the wreath, wasn't a symbol of bad luck. Opinions on this point was divided.

There also was some jocular speculation that the wreath was sent over by Sen. John F. Kennedy or some other presidential candidate with a card reading "rest in peace."

I learned, however, that the Soviet tribute was ordered by Al Foreman, a Portland, Ore., theater owner and long-time Morse supporter who happened to be here on business.

The Oregon senator, as you know, is noted for his favorite ability. One of the senator's most frequent and enduring speakers, he holds the current record for long-distance debate.

Fortunately for those of us who enjoy a good stump performance, the candidate himself showed up for the headquarters opening and treated us to a 30-minute sample of his oratory. For Morse, this wasn't even a good warm-up.

As I was leaving, I noticed there was a church across the street. On its bulletin board was the following announcement:

"Quiet soon here every Wednesday."

# Titan Beginning To 'Shape' Up

CAPE CANAVERAL, Fla. (UPI)—The Air Force's Titan missile is beginning to live up to its advance billing but still is a long way from its role as America's mightiest war weapon.

The bullet-shaped intercontinental ballistic missile ran through a "three-in-one" research and development test shot without a hitch Wednesday. Scientists are studying data from telemetry and from a data capsule to get a better picture of the success.

The Titan achieved separation and ignition of its second stage for the second time this month and met its most exacting test—the distance of the longest previous Titan test shot.

# 'Talent Scouts' Special Gives Evidence Of Shortage Of Comedians

By FRED DANIK

NEW YORK (UPI)—Is there a comedian in the house?

The "Talent Scouts" special on Tuesday night's NBC-TV *Starline* hour offered evidence that our comedian shortage must be real. There was a male or female "new" actor among the seven "new" acts on the show. But, judged by results, perhaps that's the formula for getting on a free variety show.

It was a successful hour because the new performers ranged from good-to-brilliant and they had a built-in excitement going for them. Their stage work was really, technically excellent, too.

The main attraction, of course, from our being in on these "discoveries," witnessing what may be the beginning of "big" careers, since you can't do a TV special without box-office names — nobody around, which you know — the newcomers were introduced by suitably box-office stars: Joan Crawford, Tommy Sands, Hugh Downs, Richard Rodgers, Marjorie O'Hara, Ethel Merman and Dave Coverly.

Best performances among the old-timers were turned in by O'Hara, Rodgers, Downs and Coverly. As for the new-timers, I especially enjoyed the work of cancer Paul Wallace, singer-dancer Louisa Peters and the crisp legwork of Braxia and Tybee, a dance team. Good jobs were turned in by actress Colleen Dewhurst, singers Lester James and Joanne Sommers and a vocal-instrumental group, the John LaSalle sextet.

To be sure, there were some rough spots. Not all of the stars who served as talent scouts were given gracious exit lines. Miss Coverly's departure with Miss Sommers was especially sorry. He was the *Band-Sommers* arrangement. But generally, the writing held things together in gracious, interesting style. The low pressure approach of *Starline*, as best, also helped. Another asset was the aptly named.

Remember when Arthur Godfrey ran the old "Talent Scouts" show with this meter? Well, it couldn't spell the 'fun.

It'd like to see more of this high quality talent showcase on TV. Our TV tubes badly need new faces. And who knows — maybe a comedian will make it the next time.

I think Carol Burnett should be the happiest, or luckiest, performer on TV. Week after week, it seems, CBS-TV's Garry Moore show does everything possible to help her display her versatility. And Miss Burnett delivers in amusing style.

Jack Benny was Moore's special guest Tuesday night and again heaped laughs out of his camera over Moore's budget. Whenever I begin thinking Benny's act might be ready for the over-the-top tomb, he delivers some strong material to remind us that his act has an immortality all its own.

The Channel Seven Robert Loggia takes on a dual role in the U. S. Steel Hour's April 6 comedy on CBS-TV, "How To Make A Killing." Loggia will be seen as a French general and the general's long-lost English son. Eva Gabor is the "love interest."

Robert Graff has resigned from NBC-TV to become president of Sestant, Inc., a new TV and motion picture company. Graff is the producer of next Sunday's Archibald MacLeish teleplay, "The Secret of Freedom."

Ed Sullivan's CBS-TV show for March 29 will feature top-flight circus acts, including performers in the Cirque D'Hiver de Paris. Friedrich Durrmuth's short play, "Anchor At Work," is the Goodyear Theater show for Monday, April 11 on NBC-TV, starring Ernie Kovacs. Maria Schell will star in the ABC-TV adaptation of "Nimotchah," part of the "Special Tonight" series, on Wednesday, April 28.

# Thugs Kill Man On Dominican Street

CIUDAD TRUJILLO, D. R. (UPI)—Motorized "gangsters" shot and killed a man in the streets here Wednesday, wounded two policemen and fled to the Brazilian Embassy, the government announced Wednesday night.

The foreign ministry statement identified neither the "gangsters" nor the man they killed. Police said a check of license numbers showed that one of the cars used by the gunmen is registered in the name of Mario Read Vitini, but it was not certain whether he was involved.

CBS correspondent Bill Leonard, who was in effect ousted from the Dominican Republic Wednesday, said in Puerto Rico that it is students bearing imprisonment or death sought asylum in the Brazilian Embassy after a gunfight with Dominican guards.

# P-TA Introduces Teachers

Here are two more members of the Pinceret Elementary School's faculty, being introduced as part of the P-TA program of urging closer association between parents and teachers in the school.

MRS. MARY WALTERS, Pinceret Elementary School fifth grade teacher, knows a lot about the South. She was born in Florence, Miss., where she enjoyed horseback riding and has lived in five southern states. Mrs. Walters traveled in six other states and in Mexico. She has taught in three states. Mrs. Walters was educated at Mississippi Southern College and at the University of Florida.

MRS. POLLY DANIELS, another Pinceret Elementary School fifth grade teacher, was born in Anderson County, Tenn. Mrs. Daniels received her education at Maryville College, Maryville, Tenn., where she got a bachelor of arts degree in education. Mrs. Daniels lives at 110 Laurel Drive. She has two daughters, eight and 14 years old.

# Tampa Women's Tourney Opens

TAMPA (UPI)—A field of 144, including 31 leading professionals, took off today in the first round of the \$7,200 Tampa Women's Open Golf Tournament.

Defending champion Ruth Jensen, who won last year with a 79-hole 291, said it would take at least a 280 to win this year since the touring pros are shooting better golf than they did last year.

Miss Jensen, from Seattle, Wash., is ranked among several top-notch golfers who rate as favorites in the annual tourney played at the Palma Cola Golf and Country Club.

# Upset Sparks Tennis Tourney

MIAMI BEACH (UPI)—Edoardo Suleta of Ecuador, upset winner Wednesday of Australian Davis Cupper Ray Emmons, will play Sweden's Jan Eric Lundquist in a top match in the Good Neighbor Tennis Tournament today.

Top-seeded Neale Fraser of Australia, holder of the U.S. Open championship, is scheduled to face Robert Greeno of New York. Fraser has been out of action with a strained back muscle. Officials said he will be qualified in default if unable to play today.

Among the Hopi Indians of Arizona, the girl traditionally takes the initiative in proposing marriage, according to the National Geographic Society. She announces the betrothal by combing the young man's hair in public.

# Police Hunt Cabbie Who Left Child To Die Under Parked Car

NEW YORK (UPI)—She lay there under the car like a large rag doll. Her once bright red hair ribbon was streaked with dirt and she was dead.

Robin Joyner, 4, a tot 3 feet, 4 inches tall was New York City's 14th hit-and-run victim in recent weeks.

Statistics say she won't be the last, but her death will be regarded as one of the most callous of those left to die by panicked drivers.

The little Negro girl was playing in front of the crowded Harlem tenement where she lived Wednesday afternoon. A sudden dash into the street, a moving taxi and Robin was struck down, severely injured.

A crowd gathered. The stocky Negro taxi driver stopped, quickly

picked up the injured child and told the crowd he was rushing her to a hospital.

Robin never reached the hospital. She was found two hours later dead under a parked car, her body crumpled and broken.

James Hunter was walking along the street two blocks from the accident and two hours afterwards. He thought he saw a rag doll under a car. He reached under the car and pulled out the body of Robin.

Police officials called it "the most vicious hit-and-run case to come to our attention." Deputy Inspector Joseph J. McLaughlin said the girl had been placed under the parked car in a way which would have looked as if the car had killed the child if it had been driven away.

# Sanford Facts On Sewage Disposal

During the past ten years, there has been a lot of discussion over the City's sewage disposal question and the effects on Lake Monroe.

During 1961, the State Board of Health conducted a pollution study of the lake and came out with a gloomy report.

However, in 1962, the City's consulting engineers considered the problem and compared this '61 study with a similar study of Jacksonville. The Jacksonville study had been reviewed by two specialists from the United States Public Health Service to the effect that the Jacksonville study indicated that it was not a serious pollution problem at Jacksonville, except that was doubtful for swimming or recreation. Since the Jacksonville report showed a higher degree of pollution, the engineer for the City of Sanford concluded, "The City of Sanford is not justified in spending money on sewage purification unless it plans to use the waters of Lake Monroe for recreational purposes, such as bathing."

In a July 16, 1962 report, the City's engineer, Mr. Robert Angus, stated that: "treatment will certainly be necessary when the population of Sanford increases to 36,000". Mr. Abel Wolman, a leading sanitary engineer, submitted a review of Sanford's sewage problem on June 1, 1963. In this report, Mr. Wolman made several points as follows:

1. Lake Monroe was said to be able to take care of the city's sewage without interfering in any way with the fish life.
2. "The only possible reason for treating Sanford's sewage would be as a part of an effort to make the water safe for bathing."
3. Due to the highly colored water, etc., Mr. Wolman stated that "Lake Monroe is not and probably never will be a very desirable place to swim". He went on to say that it would be exceedingly difficult to maintain a purity desirable for swimming even if a complete sewage treatment plant was constructed and the treated sewage was chlorinated.

On October 26, 1963, Metcalf and Eddy, internationally known engineers, also submitted a review of the conflicting thoughts and reports presented by the State Board of Health and the City's consulting engineers. This firm concluded their findings by saying that the repairs and extension of the sewer system were urgently needed and that the treatment plant should be deferred until the improvements to the system had been made.

The discussions ended in an agreement between the State Board of Health and the City of Sanford April 18, 1964, for the City to construct or have started a treatment plant within three years provided the financing could be arranged on the present collateral. This agreement was extended for another two years on a July 22, 1967 resolution. However, this extension required the City to set \$40,000 aside each of the two years for a fund towards the treatment plant construction. This \$80,000 has been set aside and held as a cash reserve.

The City retained Leedy, Wheeler, and Allen as fiscal agents to study the financing of the sewage treatment plant. After a careful investigation, Mr. Louis Leedy advised the City against a general obligation bond issue and informed the Commission that, although revenue certificates could legally be issued, there would not be sufficient revenues from the present rates to meet the retirement and interest schedule of the certificates. Since the City Commission would not consider increasing the sewer rates, the possibility of issuing the revenue certificates ended.

The fiscal study of the sewer division disclosed some important facts. It became clear that the present sewer rates are not breaking even with expenses. Any unforeseen trouble, and the sewer division must operate in the red with the water revenue actually making up any sewer deficit. The study also indicated that, if a treatment plant was financed, the interest and principal would be from \$21,000 to \$28,000 annually in addition to the anticipated cost of \$25,000 for operating the plant. This means that \$46,000 to \$53,000 would be required each year for the treatment plant. When \$275,000.00 is borrowed for such construction, the City must also pay interest that would add another \$317,134. Therefore, the total cost would become \$492,134.00 for financing, plus the \$80,000 already set aside as a cash reserve. A city in very similar to a person. When something can be paid for in cash, it saves money by avoiding the interest. In this case, the interest payments amount to nearly 70% additional cost of a treatment plant when financed.

In 1967, the City of Sanford retained the engineering firm of Smith and Gillespie to review some old plans for a sewage treatment plant. The report indicated that Sanford had already outgrown the old plans with present recommendations calling for a plant designed to handle three million gallons of sewage each day. This plant would be designed to accomplish the following:

- a. 20 to 25 percent reduction in biochemical oxygen demand (means of measuring pollution),
- b. 85 to 90 percent reduction in suspended solids,
- c. 85 to 95 percent reduction of all settleable solids.

During December of 1959, Thornton Laboratories undertook a pollution study of Lake Monroe for the City of Sanford. This study was to compare the present conditions of the lake with the conditions found by the State during their 1951 study. During this eight-year period, Sanford had made many changes in its sewer system.

The changes resulted in eliminating the unsightly accumulations along the lake bulkhead; collection and relocation of the disposal point to the west of the City away from the populated areas; and maintaining control over the pollution level even with the doubling of the contributing population. A side result of the study shows that pollution is also coming downstream and into the eastern portion of the lake. This may be due to the cattle lands, packing house, or organic bottom.

The City of Sanford is now faced with a problem. Approximately two years would be required to put a treatment plant into operation. Population growth is such that 1970 will see the City of Sanford with nearly 36,700 people as a conservative estimate. Such a population will require a sewage treatment plant.

The State Board of Health wants the treatment plant to start immediately. The big question is — do the people want the plant and are they willing to pay the additional cost? A cost that will be at least \$7.75 additional per month on each bill or some \$93.00 more per year. Such an added cost is not easily accepted.

**Notice**

A tabulation of city operations by the City of Saint Augustine.

This comparative study was given to Sanford by Mr. Walter Bugecki, City Commissioner of Saint Augustine.

**PARTIAL COMPARATIVE SUMMARY OF CITY OPERATIONS**

	St. Augustine	Ft. Pierce	Sanford	DeLand
Population	16,874	27,500	18,900	12,300
Total Budget	\$1,401,000	\$2,000,000	\$823,000	\$800,000
Cost of Budget per Citizen	\$84.00	\$72.00	\$49.00	\$66.00
Total number of Employees	174	210	143	135
Number of Employees per Citizen	1 per 95	1 per 121	1 per 132	1 per 90
Number of Police per Citizen	1 per 596	1 per 916	1 per 945	1 per 938
Total Police	28	30	20	18
Trash Budget	\$95,277 12,000 (Land fill)		\$57,420 (Incidental Land fill)	
Number of Trucks	5-3		2-3	
Weekly hours of labor forces	40	44	45	
Type of City Manager	Former Commissioner	Trained Professional	Trained Professional	Former Mayor

**OTHER OBSERVATIONS:**

Sanford and Ft. Pierce have an Employee Merit System with pay increases based on there on.

Sanford, Ft. Pierce and DeLand have municipal swimming pools.

Ft. Pierce: Plans & Perfection \$88,000. Weekly payments \$6

Sanford: Plans & Perfection \$88,000

St. Augustine: Plans & Perfection \$45,000 (Actual \$25,000)

# Search Continues For Jet

A 200-man air and land search for the wreckage of a Navy jet bomber and two of its crew was still unsuccessful today. The twin engine A3D Skywarrior, on a training mission at the Sanford Naval Air Station was assumed to have crashed between 4:30 and 5:30 p. m. Wednesday, according to officials at NAS.

Cardau suffered a leg injury and is being treated at the hospital at the Navy base. He told officials he remembered little about the incident except that he was told to bail out. Still missing today are Lt. G. E. Dotson, the pilot and Lt. C. E. Faulkner, bombardier-navigator. Lt. Cdr. H. E. Smith, information officer at NAS said approximately 12 Navy, Coast Guard and Civil Air Patrol planes are combing a four-county area for the wreckage. The planes were called back to their base about 1 p. m. Thursday due to low ceiling and heavy rain, but rejoined the search early this morning.

# 2 Air Tragedies Kill 86

By United Press International  
Two air tragedies within 24 hours left at least 86—and possibly 100—persons dead, 25 injured and two unaccounted for today. A New York-bound Italian airliner, which has just taken on 7,000 gallons of gasoline, "blew into 10 million pieces" on taking off from the Shannon, Ireland, airport early today and rained survivors, bodies and wreckage onto a nearby cemetery.

A 1/C Hal R. Holenz, Norfolk, Va., was hospitalized with minor injuries. President Eisenhower and Brazilian President Juscelino Kubitschek went to the hospital on their return here from Sao Paulo Thursday night to express their sympathy to the survivors. A ministry spokesman said the U. S. Navy DC8 apparently had strayed from its assigned course. The DC8 was bringing Navy bandmen and other Americans here from Buenos Aires when it collided with the Brazilian airliner, which was on a flight from Rio de Janeiro to Sao Paulo.

Members of the U.S. naval party sent to Argentina as a result of the recent submarine scare there, side of the mountain. All of the 28 persons aboard the Brazilian airliner died. The number of dead aboard the Navy plane was a matter of dispute, the U. S. embassy saying there were 44 persons in the plane and Navy officials in Rio and in Washington saying it carried only 38. In Washington, relatives of the Navy bandmen killed in the crash said several of them had had premonitions of disaster ahead before they left for Latin America.

# Be Bighearted

Nearly 250 women will canvass for contributions to the Heart Fund in Seminole County and DeBary Sunday. The volunteer workers will cover all communities in Seminole and DeBary in a house-to-house canvass between 1 p. m. and 3 p. m. The captains of the drive will have their headquarters in Seminole Memorial Hospital, according to Mrs. Michael Caolo of Sanford, Heart Sunday supervisor. Money collected for the Heart Fund is used for research and for purchase of heart treatment equipment for different areas, according to need. The recent allotment by the Florida Heart Association of funds to buy an oculoscope and pacemaker for Seminole Memorial Hospital was an answer to Seminole County's need, Seminole-DeBary Heart Council president Earnest Southward said today, in urging generous response to the Heart Sunday canvass.

# Farm Worker Kills Wife, 2 Daughters

FORT MYERS (UPI)—A Puerto Rican farm worker last night killed his wife and two daughters Thursday, put a bullet through his head, then drank a can of beer before staggering to a nearby home. Julio Montes, 41, today was in serious condition at a hospital with a 38-caliber pistol bullet wound in his head. Officers said the bullet went in under his lower right jaw and came out under his left ear. He was expected to recover. Lee County sheriff deputies said Montes killed his wife and children in about 10 minutes of drinking. They said he shot the girls, Isabel, 9, and Virginia, 8, in the bedroom of their home before slaying his wife Luisa, about 41, in the bedroom. Deputies said Montes then fired a bullet through his head, opened a can of beer and lurched to the home of Mamiliano Corona.

# Bulletin

LONDON (UPI)—Princess Margaret will marry a society photographer, Anthony Armstrong, today. Armstrong-Jones, 31, has taken a messy picture of the royal family and met Margaret through his work.

# U. S. Launches 2-Ton Satellite

CAPE CANAVERAL (UPI)—America today launched a two-ton earth satellite aboard its mightiest space rocket to test a system of detecting Russian missile fire with an infrared-ray eye. The Air Force reported indications were the second stage of the Atlas separated properly. However, partial loss of telemetry signals made impossible immediate confirmation of the second stage ignited and the satellite went into orbit. An 85-foot tall Atlas-Agena thundered into the sky at 11:45 p. m. with more than 3,000 pounds of delicate—and possibly diplomatically controversial—instruments in its nose. The sleek rocket, the nation's mightiest, traveled steeply and apparently normally in search of an orbit around the middle of earth for its payload. The Agena second-stage casing was to remain attached to and travel in orbit with the bulky instrument package. This was the first test of an Air Force plan to put a dozen or more Project Atlas satellites into orbit within the next two to four years to keep tabs on launchings of big Soviet missiles. Mids is short for "military defense alarm system."

# Dixie Senators Vow 'Talkathon'

WASHINGTON (UPI)—Southern senators vowed today to continue their talkathon against civil rights "for a lot of weeks" despite the threat of 24-hour Senate sessions. Sen. Sam J. Ervin (D-N.C.) told United Press International the Dixie bloc expected to get some unintentional help from civil rights backers in the South's effort to avoid a showdown. "You can't silence a senator," Ervin commented. "They might not debate this (civil rights) issue but they will want to talk on other subjects." Ervin pointed out that some of the longest speeches in a 12-hour and 18-minute session that ended at 10:18 p. m. Thursday were made by supporters of rights legislation who spoke on other matters.

# News Briefs

**Farm Income Down**  
WASHINGTON (UPI)—Farm income plunged 50 per cent to 11 billion dollars in 1959 while other segments of the economy went up, the Agriculture Department reported today.

**Ike's Request Denied**  
WASHINGTON (UPI)—The Democratic-controlled House Appropriations Committee today denied President Eisenhower's request for 675 million dollars to replenish the farm price support fund.

**Paar Show Probe?**  
WASHINGTON (UPI)—A House subcommittee is looking into the Jack Paar television show, it was disclosed today. A spokesman for the subcommittee headed by Rep. Owen Harris (D-Ark.) said the panel has asked the NBC network to supply it with a kinescope of the Paar show of Jan. 12.

**Loses Coolness**  
BOSTON (UPI)—A testy exchange between the prosecutor and Willem Van Rie erupted today at the Dutch wireless operator's murder trial. The 31-year-old Van Rie, normally cool-mannered, showed the first outward sign of strain under a punishing cross-examination that began Thursday.

**Crucial Test Set**  
CAPE CANAVERAL (UPI)—The Army, highly pleased by Thursday's test flight debut and success of its new Pershing missile, is expected to put the weapon to a crucial try-out within a month. Informed sources said the rocket will try for separation of its second stage "in a few weeks, the end of March."

**Voter Receipts Mailed Today**  
Vote registration receipts were put in the mail today by Supervisor of Registrations Mrs. Camille Brooks. Approximately 10,000 receipts were mailed out. Mrs. Bruce said that voters not getting their receipts to call the registration office at FA 5-2212.

# Orange Board Approves Joint Drainage Plan

The Orange County Commission today went on record as favoring a joint drainage improvement program involving Seminole and Orange counties and the city of Winter Park. Cost of the program is expected to be \$372,000. Seminole County Commissioner Lawrence Swisher, who presided at a meeting of the two boards and Winter Park officials this morning in Orlando, said the Orange board was in favor of the plan.

# City Expanding Its Office Space

The city started putting additional office space and a courtroom on the second floor of City Hall this week, Sanford City Manager W. E. Knowles said Thursday. Knowles told the Sanford Zoning and Planning Board the City Hall was built soundly in the 1920s, but was not properly planned. Adding the courtroom and office and storage space upstairs will leave more room for workers and the visiting public on the ground floor, the city manager said. He added that noisy office machines also be put upstairs. Insurance regulations has kept the city from using the second floor of its headquarters, but now the way has been cleared for conversion of the second floor, is being converted, Knowles said.

# LAKE MONROE PARKWAY SUGGESTED

Land along Lake Monroe from Sanford to the Lake Monroe Bridge could be a fine parkway with recreation facilities, City Planner Gerald Dake said today. The Sanford Zoning and Planning Board Thursday. "I think that would be a very worthwhile plan to go into," Dake said. He referred to the 300-foot wide strip between the railroad tracks and Lake Monroe from Sanford to the bridge. The land could be used for water ski facilities and for a Boy Scout area, Dake suggested. The planner said the amount of pollution in Lake Monroe will become less as the State Board of Health clamps down on emptying of sewage into the lake. Therefore, water skiing in Lake Monroe will increase, Dake forecast. The planner recommended that Sanford acquire the land. The zoning officials also discussed possible problems which may result after the four-lane widening of W. First St. Board member Art Harris said he thought the group's biggest problem connected with the four-lane widening would be handling of commercial zoning. "I definitely see no need for W. First St. ever going commercial," Dake said. He suggested a commercial strip on W. First St. near Grapeville Ave. for motels, but said that if motels were allowed near town they would bring traffic into the city. Dake's motel suggestions hinge partly on completion of Circus

# VAH-9 Flight Crews Back Home

Flight crews from VAH-9 at the Sanford Naval Air Station arrived this morning after a seven-month tour in the Mediterranean as part of the nation's first line of defense. The heavy attack squadron is under the command of Capt. Earl P. Yates. The squadron had visited such ports as Barcelona, Istanbul, Athens, Naples, Leghorn and Cannes.

First St. near Grapeville Ave. for motels, but said that if motels were allowed near town they would bring traffic into the city. Dake's motel suggestions hinge partly on completion of Circus

# LAKE MONROE PARKWAY SUGGESTED

Land along Lake Monroe from Sanford to the Lake Monroe Bridge could be a fine parkway with recreation facilities, City Planner Gerald Dake said today. The Sanford Zoning and Planning Board Thursday. "I think that would be a very worthwhile plan to go into," Dake said. He referred to the 300-foot wide strip between the railroad tracks and Lake Monroe from Sanford to the bridge. The land could be used for water ski facilities and for a Boy Scout area, Dake suggested. The planner said the amount of pollution in Lake Monroe will become less as the State Board of Health clamps down on emptying of sewage into the lake. Therefore, water skiing in Lake Monroe will increase, Dake forecast. The planner recommended that Sanford acquire the land. The zoning officials also discussed possible problems which may result after the four-lane widening of W. First St. Board member Art Harris said he thought the group's biggest problem connected with the four-lane widening would be handling of commercial zoning. "I definitely see no need for W. First St. ever going commercial," Dake said. He suggested a commercial strip on W. First St. near Grapeville Ave. for motels, but said that if motels were allowed near town they would bring traffic into the city. Dake's motel suggestions hinge partly on completion of Circus

# Angry Buenos Aires Demonstrators Greet Ike

BUENOS AIRES (UPI)—President Eisenhower made a dramatic arrival in the heart of Buenos Aires by helicopter today, soaring over the heads of angry demonstrators who were demanding the return of ousted Dictator Juan D. Peron. They shook their fists at the chopper as it passed high above them. Five bombs exploded in the city during the night, injuring three persons in what may have been anti-American demonstrations.

Two of the blasts damaged American-owned companies. Security arrangements were the tightest of Eisenhower's Latin American trip. The President arrived by plane at Ezeiza Airport, addended by the loss of 61 persons in Thursday's air collision over Rio de Janeiro between a U. S. Navy plane and a Brazilian airliner. President Arturo Frondisi and other high Argentine dignitaries welcomed Eisenhower warmly at

the airport, and the two presidents boarded a U. S. Marine Corps helicopter and flew 27 miles into the city to the U. S. embassy gardens. Members of Eisenhower's party who made the trip into town by auto saw Peron's name whitewashed on the highway hundreds of times and signs saying "People are with Peron" and "Peron come back." A UPI correspondent in a radio-telephone car tracking the heli-

copter reported that Peronists along the way shouted "Viva Peron" as the craft passed overhead. The extremely severe security measures and the heat kept the crowd down to about 1,000 and these were kept a safe distance away. In accepting a key to the city, Eisenhower said he was "one hundred per cent" for Frondisi. The praise for the Argentine president, who stood silently at Eisenhower's side, came when Eisenhower recalled that Frondisi had said, "Argentina is going to be one of the great leading democracies, not only of the Western world, but all the world." Eisenhower then added with feeling: "I am for him 100 per cent, and I feel that it is a great privilege for me to come back to return his friendly call to Washington."

# Cold Wave Hits South In Wake Of Ice, Tornadoes

By United Press International  
A cold wave gripped the Deep South today in the wake of a dizzy rampage of snow, ice and tornadoes. Temperatures dipped below freezing in parts of Mississippi, Alabama and Georgia. Cold ruined the valuable tomato, watermelon and corn crops in the semi-tropical lower Rio Grande Valley. The near-blizzard which lashed the Midwest Thursday with 10-inch snows powered into the Northeast and New England today. Five to 16 inches of new snow was predicted for most of New York State and New England and heavy snow warnings went up from lower Michigan to the northeast tip of the nation. Another storm was reported heading up in the northern Rockies, but the weatherman said it probably wouldn't hit the Southeast until Saturday. The mercury dipped to seven below zero at Goodland, Kan., this morning and weathermen expected readings as low as five above in northwestern Oklahoma. Michigan, Indiana, and Illinois dug out from the worst storm of the winter. Up to 16 inches of snow blocked two main Michigan highways. Seven inches in Detroit touched off a rash of traffic-arresting accidents. Seven inches of snow covered Springfield, Decatur, Peoria and Champaign in Illinois. Forty mile an hour winds whipped debris across highways. Dozens of schools closed. Tornadoes dipped from the sky at Jacksonville and Lake City, Thursday. There were no deaths or serious injuries, but the twisters wrecked or damaged 26 homes and buildings.

CITY PLANNER Gerald Dake, left, and Zoning and Planning Board member Art Harris examine Dake's proposed perimeter route. (Herald Photo)

# LAKE MONROE PARKWAY SUGGESTED

Land along Lake Monroe from Sanford to the Lake Monroe Bridge could be a fine parkway with recreation facilities, City Planner Gerald Dake said today. The Sanford Zoning and Planning Board Thursday. "I think that would be a very worthwhile plan to go into," Dake said. He referred to the 300-foot wide strip between the railroad tracks and Lake Monroe from Sanford to the bridge. The land could be used for water ski facilities and for a Boy Scout area, Dake suggested. The planner said the amount of pollution in Lake Monroe will become less as the State Board of Health clamps down on emptying of sewage into the lake. Therefore, water skiing in Lake Monroe will increase, Dake forecast. The planner recommended that Sanford acquire the land. The zoning officials also discussed possible problems which may result after the four-lane widening of W. First St. Board member Art Harris said he thought the group's biggest problem connected with the four-lane widening would be handling of commercial zoning. "I definitely see no need for W. First St. ever going commercial," Dake said. He suggested a commercial strip on W. First St. near Grapeville Ave. for motels, but said that if motels were allowed near town they would bring traffic into the city. Dake's motel suggestions hinge partly on completion of Circus

PROGRESS SINCE JANUARY was reported at Thursday night's meeting of the Sanford Humane Society. As the chart here shows, the society has enrolled 60 members and received contributions and membership fees of \$515. Enthusiasm over the report are Robert Johnson, treasurer; Elaine Miller, center, recording secretary, and Ruth Rankin, corresponding secretary. Mrs. Harriett Cowley, president, reported on the agreement by the county commissioners to lease a piece of land across from the county home on Hwy. 17-92 for an animal shelter, subject to public hearing, tentatively set March 23. ## Lutheran Church Plans Organ Concert Sunday

Sunday at 3 p. m. an organ concert is to be presented by Mrs. Esther Mitchell at the Lutheran Church of the Redeemer, 103 W. 25th Place.

Mrs. Mitchell is a graduate of Carleton College, Waukesha, Wisconsin, with a degree in sacred music, majoring in organ. She is a member of the American Guild of Organists and is teaching for Iris Engel School of Music and Thompson Music Company of Orlando.

All members and friends are urged to come and enjoy the concert which will be interspersed with her comments on what particular qualities of the organ she is emphasizing.

## Special Service Planned By Church

The special services for Quinquagesima Sunday and Ash Wednesday were announced by Rev. Paul E. Shultz of the All Saints Episcopal Church, Enterprise.

Holy Communion at 8 a. m. and Morning Prayer and sermons at 11 a. m. are scheduled for Sunday. On Wednesday and Sunday at 10 a. m. will be Litany and Penitential Office.

Also, the Episcopal Churchmen will meet at the parish house, Wednesday at 8 p. m. All baptized women of the Episcopal Church are automatically eligible for membership and are welcome to attend this meeting.

## Pancake Supper Set By Church

Longwood's Christ Church, Episcopal, will have a Shrove Tuesday pancake supper, March 1.

Admission to the 5:30-8 p. m. supper in the church hall will be 75 cents for adults and 40 cents for children under 12. The public is invited.

The Longwood Episcopal Church also will have Morning and Holy Communion Ash Wednesday, March 3 at 8 p. m.

## Lake Mary Church Sponsors Dinner

A country style pork dinner is being sponsored by the trustees of the Lake Mary Community Presbyterian Church tonight.

Dinner at 5:30 a plate for adults and 75 cents for children will be served from 5:30 L. S. p. m. at the church. Mrs. Ota Cochran is chairman of the event.

**THE CHURCH, JR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor in each for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four main reasons why every parent should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verse
Sunday	Matthew	28	1-6
Monday	Psalm	141	1-8
Tuesday	1 Peter	5	2-7
Wednesday	1 Corinthians	13	1-11
Thursday	Psalm	130	1-4
Friday	Psalm	61	1-4
Saturday	Matthew	6	9-13

Prayer, to the child who has been taught to pray, is a natural thing. It should be as much a part of everyday life as eating and sleeping and playing. To pray for what is good... to give thanks for what one has is an all-important step in that all-important right direction on the road of life.

The support of the Church Series is sponsored by the following Business Firms:

- Holler Motor Sales
- Ritz Theatre
- Vulcan Materials Co.
- Progressive Printing Co.
- Wilson-Maler Furniture Co.
- Wheeler Fertilizer Co.
- Lovelace Amoco Station
- Celery City Printing Co.
- Sanford Atlantic National Bank

# Women on the Go

By JEANNE WANKE  
FA 2-7454

THERE WAS MUCH LAUGHTER AND CHATTER last night when a group of women—all former school mates—all SHS graduates of the class of '42, met at the home of Patty (Mrs. David) Gatchel.

The "gab session" was inspired by two out of town members, now service wives, who are visiting in Sanford—Mrs. Delphine Hasty, the former Earline Kelly, and Mrs. William Young, the former Lucille Hall. Also present were Mrs. Ben Currie (Violet Wells) of Daytona, Miss Katherine Spencer of Orlando, and Mrs. Douglas Stenstrom (Florence Wells), Mrs. Leo Watson (Stella Touchton), Mrs. Johnny Sauls (Clara Haskins), Mrs. Art Beckwith (Zona Mathews), Mrs. W. W. White (Susan Kirtley), Mrs. James Lee (Leticia Gormley) and Mrs. C. O. Jones (Joyce Adams).

MRS. C. L. Mense, of Vero Beach and president of the Florida Federation of Women's Clubs, will be the guest speaker on

MRS. MENSER

March 2 when the Sanford Woman's Club meets for a business luncheon. At that time eleven past presidents will be honored—they are Mrs. E. E. Tolar, Mrs. R. A. Smith, Mrs. C. R. Dawson, Mrs. James Moughton, Mrs. H. W. Rucker, Mrs. O. P. Herndon, Mrs. O. M. Harrison,

Mrs. B. B. Crumley, Mrs. Roy Tillis, Mrs. Francis Meriwether and Mrs. N. V. Farmer. Hostesses will be Mrs. Sybil Routh, Mrs. J. P. Wilson, Mrs. C. M. Walls, Mrs. A. W. Woodall and Mrs. H. L. Duggar. Members can make reservations by phoning Mrs. Albert Hardesty at FA 2-3049.

While here, Mrs. Mense will be the house guest of Mrs. Ralph Austin Smith at her home on Park Avenue.

THE SKIES WERE CLOUDY (in fact it was downright "drippy" Wednesday afternoon) but the tea for Fran (Mrs. Gordon) Robertson was bright and gay. The farewell party was held between the hours of 2-4 at the Loch Arbor home of Sue (Mrs. C. M.) Hoblitt with Marie (Mrs. H. H. Osborne) as co-hostess.

The honoree, standing in the receiving line, wore a blue print silk dress. Her shoulder corsage of white camellias was given to her by the hostesses. In the dining room guests commented on the beautiful table appointments—the table, overlaid with an Army-Navy cut-work cloth, was centered with tiers of pink camellias in a crystal epergne and white lapers glowed in crystal candelabra. There were trays of petit-fours and assorted dainty sandwiches—and presiding over the silver service were Gladys (Mrs. Norman) Thom, Wahnetta (Mrs. Robert) Hamer, Millie (Mrs. C. O.) Hamilton and LaVerne (Mrs. D. C.) Hamilton.

In the Florida room a red, blue and white floral display was placed effectively against a white background—and over this was "Bon Voyage" in red and blue lettering.

The honoree will be feted again on Sunday when Mrs. Thom and Tommy (Mrs. Lonnie) Tension entertain with a Brunch at the Tension home on French Avenue.

THE MQ RANCH in Osteen will furnish western atmosphere for a barbecue - - tonight with Hal Wing One staff members and their ladies attending - - party plans were made by Cdr. and Mrs. H. H. Osborne and Cdr. and Mrs. Leo Zok.

INTRODUCING MRS. ROBERT SLYE - - for those who have yet to meet the charming belle, half of the new commanding officer

of the Naval Air Station. June Slys, like all migratory wives, is quite adept at making a new home in a hurry—but her recent move to quarters in Sanford create quite a problem since, on the first day, she broke both arms. It all happened when she stumbled on a step while making "one last trip" with a load of boxes. You can imagine

MRS. SLYE

the dilemma of a wife in a new house—and both arms in casts! June lamented that it took weeks before she even got her small train case unpacked.

A native Floridian, June was born in Pensacola and it was there that she met her husband who was then an instructor at Corry Field. Back in '39, the Captain was Skipper of FASRON here and during that time they lived on Crystal Lake where they put their boat to good use as they like to fish and water ski. She admits to not being "the athletic type" but keeps up with her husband and nine year old son, Bobby, on outdoor excursions.

Last duty station was Washington, D. C. where Capt. Slys was in the Office of Information at the Pentagon. Previous to that, June said they had two and a half interesting years living in Buenos Aires while he was attached to the American Embassy as Naval Attaché to Argentine and Paraguay.

To June Slys - - welcome as another "woman on the go!"

## Mrs. Lodge Gives Program At Meeting Of Xi Beta Chapter

A program entitled "The Various Man" was presented by Mrs. Malcolm Lodge Jr. at the meeting of the Xi Beta chapter of Beta Sigma Phi at the home of Mrs. Gordon Frederick on Banana Lake.

Mrs. G. Andrew Speer, president, presided at the business session when reports were heard from committee chairmen, Mrs. E. C. Harper Jr. and Mrs. Don Bales. Plans were discussed for a luncheon to be held in the near future.

Plans were also discussed concerning the chapter project of awarding a full-jeweled Beta Sigma Phi pin to some lucky winner. Mrs. Vernon Hardin reviewed the rules of parliamentary procedure taken from the chapter's manual. Mrs. Dan Batten will be hostess to the next meeting Monday, March 14. New officers for the coming year will be elected at this meeting.

Refreshments were served by the hostess to Mrs. Speer, Mrs. Harold Chapman, Mrs. Harper, Mrs. Bales, Mrs. J. L. Horton Jr., Mrs. Hardin, Mrs. Frederick and Mrs. Batten.

## Local Events

SATURDAY

Annual Smorgasbord at Congregational Christian Church, starts at 5 p. m. No tickets sold at the door after 8:30 p. m. Dinner music will be provided during the entire serving time.

MONDAY

Past Matrons' Club Order of the Eastern Star, Seminole chapter 2 will hold the annual dinner, honoring junior past matron, Mrs. Lennie Moyer at 6:30 p. m. in Masonic Hall.

## Enterprise

### Personals

BY HELEN SNODGRASS  
Mr. and Mrs. George Shuborn and house guests, Mr. and Mrs. Neil Cobb, of Springfield, Vt., are spending this week at the Sanborn home.

Mr. and Mrs. T. Z. Cason of Jacksonville were overnight guests of Miss Doris Faber recently. Herman Cook of South Bend, Ind., was the overnight guest of Mr. and Mrs. Dick Hart, Thursday.

Vary your favorite corn muffin recipe by adding to the batter 1 teaspoon of celery seed and 1 tablespoon of chopped parsley. Bake and serve as usual.

One good picture or unit of pictures is better than many pictures cluttered about the room.

MR. AND MRS. E. R. HART

## Enterprise Couple Observes Golden Wedding Anniversary

By HELEN SNODGRASS  
Mr. and Mrs. E. R. Hart, Clarke St., Enterprise, celebrated their golden wedding anniversary Sunday afternoon with an "open house" sponsored by several friends and neighbors of the community.

Mr. and Mrs. Hart, the former, Miss Cecile McGraw, were married 50 years ago in their own home in Rochester, Ind., by the Rev. W. Lacy, minister of the First Christian Church. Both Mr. and Mrs. Hart lived and worked in Rochester before their marriage, thus they had built their own home and had it furnished before the wedding.

They lived there for 6 years before moving to South Bend, Ind., where they now own their home and spend the summers. They have been spending the past ten winters in Enterprise and have a number of friends in this section.

The Harts received many beautiful cards and a "money tree." Each piece of money was wrapped in gold paper and fastened to a gold painted tree. Refreshments for this occasion furnished by friends, were two beautifully decorated heart shaped cakes, orange juice and mints.

Approximately 50 guests called during the afternoon to wish them happiness. Out-of-town guests included Mr. and Mrs. Amos Alchely, Orange City; W. T. Ferguson, DeBarry; Mr. and Mrs. R. L. West, Mr. and Mrs. C. St. Johns of Houghton Lake, Mich., and Daytona Beach; Mrs. Verona Ray of Redwing, Minn., and Mrs. Velma Grandt of Burlington, Mass.

There's a wealth of gold in new jewelry. In precious or costume form, the metal is smooth textured and bright in the same piece of jewelry. It is twisted and woven into new forms. Gold coloring is found in pearls, beads, and textured beads. Also important are semi-precious stones in the gold-color family like topaz, and amber.

Members of all S. S. classes of Upsala Community Presbyterian Church meet at the church at 1:30 p. m. to go to Skate City for an afternoon of skating. Chaperones are Mrs. Kay Thompson, Mrs. Charles Polley and Rev. John Pilley.

First Presbyterian Church, Pioneer Fellowship meets at 8 p. m. Senior Fellowship meets at 8 p. m.

Pinecrest Baptist Church Youth Fellowship meets at 8 p. m.

Barnett Memorial Methodist Church Adult Fellowship will have a covered dish supper at 6:30 p. m. in the church annex.

Apartment MILWAUKEE (UPI) — Since their marriage two years ago, Mr. and Mrs. Daniel Goldman have had one major problem. He is a student at Marquette University and she is at the University of Wisconsin.

Their complaint has been that the two schools never co-ordinated their vacations. Finally, this June they did. Both schools listed their graduation ceremonies on the same Sunday at the same hour. So neither Goldman was able to attend the other's graduation.

## Bride-Elect Feted At Kitchen Shower

Miss Melba Johnson, bride-elect, was honored with a kitchen shower this week at the home of Mrs. Robert Lippincott at her home on Elm Ave.

Several games were played with prizes awarded to Mrs. K. B. Longwell, Mrs. Marian Lessing and Mrs. M. R. Dekle.

Mrs. Lippincott presented the honoree with a scrap book, autographed by all the guests.

Decorations were all in a bridal theme using red and white. The refreshment table was overlaid with a white cloth and centered with an arrangement of white carnations. Silver and crystal appointments completed the decorations. Arrangements of red and white carnations were placed in the living room. The hostess served a salad course to the guests.

Master Robert Lippincott, son of the hostess, presented a laundry bag full of gifts to the honoree. He was dressed in a chef's apron and hat and made a grand entrance to make the presentation. Highlight of the party was just

as guests were ready to leave—Mrs. Lippincott brought in a tape recorder and played a recording of the entire procedure. She had a microphone hidden in the party room and the conversation of the entire evening was recorded.

Guests included the honoree, the Misses Barbara Flynt, Patty Walker and Joyce Johnson, Mrs. Dot Adams, Mrs. Glenna Bicknell, Mrs. Robert Dekle, Mrs. Mary Duffy, Mrs. Cynthia Galley, Mrs. Maybelle Gray, Mrs. Florence Golmarin, Mrs. Kathryn Gilstrap, Mrs. Janet Gustafson, Mrs. Elizabeth Hart, Mrs. Jane Hopkins, Mrs. Telma Jarrell, Mrs. Ella Dinkins, Mrs. Mary Kollif, Mrs. Irene Lavin, Mrs. R. D. Dekle.

Mrs. Ebba Lee, Mrs. Joe Pickins, Mrs. E. C. Williams, Mrs. Bill Padgett, Mrs. Alva Conway, Mrs. Helen McClusky, Mrs. Julia Oravetz, Mrs. Audrey Patterson, Mrs. Mildred Petty, Mrs. Bobby Powell, Mrs. Rose Ransbottom, Mrs. Joyce Selbree, Mrs. Daisy Simmons, Mrs. Avis Starnes, Mrs. Lee Patton, Mrs. Hardy Patterson, Mrs. Talmadge Metis Jr., Mrs. Peter Bukur and Mrs. Richard Ransbottom.

## Personals

Mr. and Mrs. Daniel Hinson of Maitland, announce the birth of a son, Vance Andrew Hinson, born Feb. 14 at Winter Park Memorial Hospital. Mrs. Hinson is the former Miss Sandra Schaal, daughter of Mr. and Mrs. Peter Schaal, former residents of Sanford. Mr. Hinson is managing editor of the Orlando Evening Star.

Most children love cheese. But as a rule, they prefer milder flavors according to cheese distributors, so choose cheddar or American cheese for those picks.

## Happiness Through Health (By DR. F. LEO KERWIN)

### Backache A Sign Of Nerve Irritation!

The spine is the main structural beam of the body. It consists of 24 movable segments called vertebrae. The spine rests upon the pelvis which is made up of three movable bones: the hip bones and the sacrum. Trillions of nerve wires pass from the brain through the spine and out between the vertebrae. Injury can easily subvert (misalign) these joints, thus irritating the nerves passing out between them. The result is pain, or backache in this region. Not only can pain be felt at the points of irritation but

also in the areas to which these impinged nerves lead. For example, a hip misalignment could cause pain in the legs and knees as well as in the lower back. It is important to see a Chiropractor as soon as possible if suffering with backache, as the affected nerve may also cause trouble in the organ to which it leads. The Chiropractor locates and removes the nerve interference by adjusting the misaligned bones.

One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin whose office is located at 291 E. French Ave. and his telephone number is FA 2-7442.

## Panel Discussion To Be Presented By W. S. C. S. Tuesday

E. W. Christensen, registrar and guidance counselor of Seminole High School, and Mrs. T. J. Taylor, panel members with Mrs. E. C. Williams as moderator will present the program at the W. S. C. S. meeting in McKinley Hall, Tuesday morning at 9:45 o'clock.

Following the panel discussion a question and answer period will be held. Mr. Christensen will use as his topic "Conservation Of Youth" and Mrs. Taylor will stress the "Conservation of Mature Years."

Mr. Christensen will incorporate in his talk the special testing program to be held at Seminole High School the second week in March. It is known as "Project Talent."

The executive board meeting will precede the program at 9 a. m. All interested persons are invited to attend.

## Navy Wives Club Plans Installation

Final plans for the installation dinner to be held March 12, were discussed by the Navy Wives Club when it met at the home of Mrs. Dorothy Hobbstock. A covered dish luncheon was served at noon.

For information concerning the dinner call FA 2-1990. Members are reminded that reservations must be in by March 7.

The next meeting of the club will be March 7 at 8 p. m. at the base.

Leftover desserts — such as fruit cake or plum pudding — can be served with a hard sauce, whipped cream or lemon sauce to add new flavor and appearance.

### AF Secretary Caught Between Manual 'Furo'

WASHINGTON (UPI) — Air Force Secretary Dudley C. Sharp was caught today in the middle of a congressional furor over what he really thinks about military manuals linking U. S. churches with Communism.

Sharp told the House Committee on Un-American Activities Thursday he had no doubt Communists had infiltrated U. S. churches and he considered it proper for the basic Air Force security manual to say so.

A transcript of his testimony at a two-hour closed-door hearing showed he also said he did not consider it proper to level the same charges in an Air Force Reserve training manual which has been revoked.

Before the transcript was made public, the Air Force issued a statement insisting Sharp's testimony did not change his original position.

Sharp withdrew the manual following a protest by the National Council of the Churches of Christ in the U.S.A. The council also said it had received an apology from him. Sharp denied to the committee he had apologized.

After the transcript was released, Sharp issued another statement denying he had told the committee the Red-in-religion charges were true. Chairman Francis B. Walter (D-Pa.) had quoted him to this effect.

Sharp said after the hearing the reserve manual was being studied for possible revision.

In Washington City, an official of the National Council of Churches threatened Thursday to carry to the White House objections to the Communist infiltration charges.

The general board of the council, which includes 25 Protestant and Orthodox denominations with 50 million members, Thursday held a two-day session here which was centered on the controversial manuals which link some churches with Communism.

SIX NAVY men of Heavy Attack Squadron Three were honored recently upon completing their general educational development test, high school level. The men, congratulated by Squadron Commander A. G. Elder,

right, are, front row, M. E. Keesling and G. R. Moses. Back row, left to right, E. H. Pennell, A. R. Hillebrand, E. W. Brown and K. P. Carter.

### Nikita's Southeastern Asia Tour May Be Doing More Harm Than Good

By PHIL NEWBOM  
UPI Foreign Editor

The terrible-tempered Nikita Khrushchev's swashbuckling tour of Southeastern Asia has not gone always to his liking or his plan.

In fact, there is reason to ask whether he may not have done himself more harm than good in India, Burma and Indonesia on a tour originally designed to offset President Eisenhower's Asia successes and to cement support behind the Soviet Union in this spring's forthcoming summit meeting.

If so, it began to show even before he left Moscow on his current tour. There, in a bit of heavy-handed humor during a visit by Italian President Giovanni Gronchi, he

derided Mao's avarice and recommended instead that Gronchi try some Russian kvass, a malt drink similar to beer. The Italian press took it up as a national insult.

In India, he hammered the theme that Southeast Asian nations should look to the "no-strings-attached" economic aid offered by the Soviet Union rather than from the West whose aid he described as a "weapon of neo-colonial policy."

He criticized the Indians for lack of sufficient alms to ward the former colonial powers and he extolled the blessings of the Communist one-party system as opposed to the Western-style party system which the Indians have adopted.

Indians regarded this latter point as a serious Khrushchev error. Nor did he rouse any particular enthusiasm against Western aid which from the United States alone has totalled some two billion dollars against only a third as much from the Soviet Union.

Nor was he more successful in Burma where newspapers warned him to keep a "civil league" in his head.

Indians regarded this latter point as a serious Khrushchev error. Nor did he rouse any particular enthusiasm against Western aid which from the United States alone has totalled some two billion dollars against only a third as much from the Soviet Union.

Nor was he more successful in Burma where newspapers warned him to keep a "civil league" in his head.

## Free Bowling To Highlight Jet Lane Opening Sunday

Free bowling for the public and competition between city and county officials will highlight the grand opening ceremonies at the Jet Lane Bowling Alley Sunday.

Festivities will start at 1 p. m. with Chamber of Commerce Representative Charlie Morrison welcoming officials. County Commission Chairman

LEE JOUGLAARD

John Krider, Sanford Mayor Earl Higginbotham, Sheriff J. L. Hobby, top Navy brass from the Sanford Naval Air Station and State Representative Mack Cleveland Jr. will participate in a three frame bowling match.

Free bowling for the public will be featured from 2-4:30 p. m. and owner John Spolinski urged all county residents to take advantage of the "fun."

The highlight of the day's activities will be a bowling match between top bowler Lee Jouglaard, who took honors as the no. 1 bowler in 1961 and local Kegler Bill Allen.

Allen is the winner of a recent three game tournament held at Jet Lane to determine who would be Jouglaard's opponent.

Jouglaard will also give an exhibition of bowling techniques.

### Savings And Loan Associations Showing Rapid Gains

Following a record year in savings deposits the 107 savings and loan associations of Florida picked up where they left off in 1959 by recording a \$35,428,000 increase in savings during January which was \$4,896,000 over that of January 1959. This brings total savings in Florida savings and loan associations to \$2,130,294,000.

According to statistics released by the Florida Savings and Loan League, this record amount of savings is held by 1,118,700 savings account holders, which is also an all time record number of account holders.

The League office also reported that during January a total of \$49,369,000 in loans were closed which was \$5,405,000 over the amount reported for January 1959.

The population of the United States grew by 23 per cent between 1947 and 1959 — while production of more than 60 types of consumer goods surveyed by the Federal Reserve Board increased 28 per cent.

amount reported for January 1959. \$78,000. Florida is the sixth largest savings and loan state in the nation being surpassed only by California, Ohio, Illinois, New York and Pennsylvania, in that order.

### DeBary C Of C Releases Directory

The DeBary Chamber of Commerce released its DeBary Directory for 1960 yesterday. It is on sale at the Chamber of Commerce office and in front of the Post Office. The price is 25 cents to residents and 50 cents to others.

The directory contains listings of names, addresses, and phone numbers of all DeBary residents, with separate sections for churches, businesses, clubs and organizations, and with emergency numbers on the back cover.

A count of the names in the directory determined the population of DeBary at 2,642. Of these, 2,481 are adults, and 161 are children.

Mrs. Arnold Castron of Milan, Minn., said the town got its name when an early settler referred to his large real estate holdings on the town site as "my lan," spelling the "l" as "land." It's been called Milan ever since.

American pen manufacturers have formed the Eisenhower Foundation in Washington, D. C., to promote better penmanship.

# Jet Lanes Expansion Expected By Fall

The newly constructed Jet Lanes Bowling Alley, holding its grand opening Sunday, is already thinking of expanding its present facilities.

Manager John Spolski, reported, that to take care of the increased growth of the area and interest in bowling, "I feel we will be able to add 20 additional alleys by the fall."

Jet Lanes opened the week of Jan. 22 for open play and Spolski plans to start active league action Tuesday.

Various leagues have been formed, including a Men's Business League, and a Mr. and Mrs. League. Others to be formed by the fall will be a Navy and a De-Bary League.

Spolski stressed that no matter how many leagues are in operation on the 20 alleys, four lanes will always be reserved for open bowling.

The new masonry and steel structure was built by the industrial division of Shoemaker Construction Co. to the specifications of the Jet Lanes owners.

It is air conditioned and provides a nursery, with trained attendant to care for children, and amusements for them, automatic vending machines, comfortable seating and an asphalt-topped parking lot.

Another feature is an intercom system that tells bowlers when to take their turns at the lanes. Automatic AMF pin setters have

been set up, also pinicators, second ball and tells which pins which show strikes and indicates are still standing after the first whether you are bowling first or ball.

Regular hours at the alley are from 9 until 2 a. m. daily and noon until 2 a. m. on Sundays.

Sparkling New Lanes For Local Bowlers

## Commie Union Won't Welcome Ike In Chile

SANTIAGO, Chile (UPI) — The Communist-controlled Cut Union Federation says Chilean workers will not welcome President Eisenhower to this country, but it has not called specifically for hostile demonstrations.

"There are contradictions between Eisenhower's formal statements about good neighborliness and his administration's imperialist economic policy toward Chile," the Cut said in a statement issued late Thursday.

The federation assailed U. S. policy in Cuba and demanded independence for Puerto Rico.

Directors of the Cut meet later today to decide whether an anti-government strike planned for some time by the federation should be called Monday to coincide with Eisenhower's arrival here.

## Stranahan Paces Texas Open Play

SAN ANTONIO, Tex. (UPI) — Frank Stranahan, who admits he's one of the world's worst on short putts, didn't leave himself many chances to prove that theory in building up the three-stroke lead he carried into today's second round of the Texas Open.

"I'm a good approach putter but I think I miss more two and three-footers than anyone else on the tour," the rich spark plug fortune heir said in describing his usual game since turning pro in 1954.

AT WINTER OLYMPIC GAMES at Squaw Valley, Calif., Germany, Russia and France won gold medals. There is one bright spot for the U. S. and she is Carol Heiss (bottom, right, and center), Ozone Park, N. Y., who was far ahead in women's figure skating competition. At top, left is Jean Vuarnet, 27, France, who won the men's downhill event with a time of two minutes and six seconds. At bottom left, is Georg Thoma, 22, Germany, who captured the Nordic combined ski event. At top right, is Klara Gusava, 22, a Russian school teacher who received the gold medal for winning the women's 1,000-meter speed skating event.

## Diet Has Effect On Your Heart

Rigidly-controlled diet and chemical research involving a group of patients with acidosis has resulted in the tracking of this disease to a starting point in the tubules of the kidney.

Acidosis is a major and often fatal complication of kidney failure, and Heart Fund research has been focused with increasing intensity in recent years upon this organ, a vital link in the cardiovascular chain.

The project, supported by your Heart Association, was the first in which tubular defects in conservation of alkali—which offsets acid—were given recognition in patients with acidosis due to kidney failure.

It showed that all kidney acidosis is tubular, and points the way to more efficient management of patients with this disease.

A generous amount of acid is manufactured in normal tissue function. Most of it must be discharged from the body, for an excess of acid in body fluids leads to serious illness.

Preserving a proper acid-alkaline balance is a function of the kidney, whose mechanisms choose the fluids the body retains and rejects.

The patients were placed on a controlled diet, then were given enough alkali to correct their acidosis. When the balance was corrected, the extra alkali supply was cut off. As the patients grew more acidotic, chemical determinations were made on blood and urine. It was found that persons with damaged kidneys not only could not clear out acid properly but that their failure originated in the tubules, through which needed substances in the blood are returned from the kidneys to the circulation.

Some of the patients leaked alkali from the blood into the urine, showing the tubular walls had lost their full capacity to pull back into the bloodstream the alkali needed by the system. Normally, virtually all of the alkali is saved.

Defects also were found in tubular excretion of acid. This may be the result of specific tubular dysfunction, loss of tubular mass or a critical loss of tubular blood supply.

Impairment of alkali absorption retains alkaline fluid in an area of the kidney where ammonium and titratable acid—both of which carry excess acid into the urine—normally appear. As a result, the output of these substances is limited and the kidney's ability to excrete acid is impaired. The major defect was found to be in ammonium excretion.

## USDA Sets Level Of Price Supports

WASHINGTON (UPI) — The Agriculture Department has set the minimum level of price support for 1960-crop extra long staple cotton at an average of 53.04 cents per pound. This reflects 68 percent of the February parity price of 77.80 cents per pound.

14.00 per cent of the parity price for extra long staple cotton on Aug. 1 (the statutory minimum) exceeds this announced minimum; the level of support will be increased accordingly.

The support price for 1960-crop extra long staple cotton averaged 53.81 cents per pound, which was 69.4 percent of the parity price. The department also set price supports for honey and gum guaiac.

# GRAND OPENING!

## JET LANES BOWLING

**SUNDAY FEB. 28th**  
from 1 p. m. to 2 a. m.

Come! . . . See! . . . One of the newest, most beautiful bowling centers in Florida. Enjoy watching the new mechanical marvels, the AMF Automatic Pinsetters, set 'em up for you . . . Marvel while the AMF Pinicators show strikes, indicate whether you're bowling first or second ball, and tell which pins are still standing after first ball.

Get In The Swing  
Enjoy Bowling At Its Best  
at the new  
**JET LANES**

**JET LANES NURSERY** is spotless-clean, light and airy. It is completely equipped with amusement and educational devices for children, and a trained matron is always on duty while children are present.

**LEE JOUGLARD**, rated America's "Bowler of the Year" for the 1950-51 and still in top form will put on a professional demonstration and bowl against the pick of the best local bowlers during Jet Lanes Grand Opening on Sunday, Feb. 28th.

**ALL AGES** or both sexes enjoy the sport of bowling. Today bowling is ranked the nation's most popular participant sport with 28 million people crowding the Nation's alleys. The new Jet Lanes in Sanford is equipped with all the latest AMF automatic equipment.

**Free Bowling 1 p. m. to 4:30 p. m.**      **Open Bowling 7 p. m. to 2 a. m.**

# JET LANES BOWLING

REGULAR HOURS (after Grand Opening Day)  
9:00 A. M. 'til 2:00 A. M. Daily  
12 Noon 'til 2:00 A. M. Sundays

I extend my personal invitation to everyone to come pay us a visit. Come for the Grand Opening if you can, but come any day. You are always welcome.  
**JOHN A. SPOLSKI, Mgr.**

**FREE** BOWLING on Grand Opening Day, Sunday, Feb. 28th from 1 p. m. until 4:30 p. m. Enjoy "Rhythm Bowling" on the 20 all-automatic completely air-conditioned lanes.

**FREE** BOWLING DEMONSTRATION by the renowned Lee Jouglard. See Jouglard play against the city's best local bowlers.

**FREE** SOUVENIRS to everybody

**FREE** INSTRUCTIONS by Lee Jouglard, himself, assisted by 10 top-flight local bowlers.

**FREE** NURSERY with a trained matron always on duty while children are present.

**SPECIAL INVITATION** to all clubs, leagues and other groups! Our AMF Automatic Pinsetters make team bowling more fun for one and all. And we now offer a wide choice of dates and hours to suit your schedules. Call us today for reservations.

# Seminoles Close Out Home Season Tonight Against New Smyrna 'Cudas'

The go-go Sanford Seminoles will close out their home season here tonight against a big and tough New Smyrna Barracudas squad.

The Seminoles will be seeking their 18th win against two defeats while the Barracudas are hoping to hit the win trail once again after going six straight and then being defeated by Seabreeze Tuesday night.

The 'Cudas have won 12 of their last 13 ball games and promise to be tough.

The Barracudas will be led by big Bill Hester who has been hitting around the 20-point mark all season. They have good height but lack the speed to cope with the Seminoles full court press.

Coach Bud Layer will call on his ace AL-OBG forwards Terry Christensen and Jim Gracey to handle a big portion of the rebounding and point making, Jun-

ior Doug Tamny will probably get the starting nod over big Cowboy Oravetz at the center spot and Ray Lundquist and George Pe-

rides will be the starting guards. This will be the last chance for local fans to get a look at the Seminoles before they head for the district tournament next week in Ft. Pierce and everyone is urged to come out and give them a big send off.

## Covington Covers Sports

**By JERRY COVINGTON**  
The Seminoles close out the regular season here tonight when they face the New Smyrna Barracudas.

They will be seeking their 18th win against two defeats and this will close out the most successful season in the history of the school. Next week they will travel to Ft. Pierce for the Class A District tournament where they are seeded third.

At the first of the season Coach Bud Layer was very cautious about any predictions as to how his team would do this year, but now he is the most confident coach in the area. Jim Gracey, Ray Lundquist, and Terry Christensen came through as they were expected to do and Junior Guard George Perides, who was a big question mark at the beginning of the season, proved himself a hard-nosed player capable of keeping up with anybody on the court. Although the play of Cowboy Oravetz and Doug Tamny was very spotty at the beginning of the season, they also have found out that they can rebound with the best of them and if they can do the job in the tournament it could mean a trip to the state tournament in Gainesville.

After being used as a door mat for so many years, the Seminoles are now very highly rated throughout the area and the

fans have finally found out what it is like to follow basketball. It took a winning season to put basketball high up the ladder in the sports program at SHS and it will be a long time before anything can change the high-fever pitch that it has reached in recent weeks.

We have seen many wonderful individual performances by several Seminoles and we have also seen records tumble time and time again. Jim Gracey has coasted along with a fabulous 20-point per game average and the six-foot forward has been the leading scorer in the OBC. Last week he shattered his own mark for points scored in an individual season when he hit the 380 mark against DeLand. All he needs is a good night tonight and he will hit the magic 400 mark, which is great for a high school player.

Senior Guard Ray Lundquist has been the most colorful player in the OBC this year and his 33 point outburst against Oviedo established a new record for points in a single game for an SHS player. The old record was 31 scored by teammate Gracey last year against Leesburg.

Besides all this the Seminoles brought home the first tournament trophy in 23 years when they so impressively defeated Winter Park last week in Apopka.

## Foodmart Holds Sandspur Lead

Foodmart added three more wins in the Sandspur Bowling League this week, to bring their total to 46 wins.

This added little to their lead as the second spot team, Pryor's State Farm Insurance, also added three wins, bringing their total up to 46½ by splitting the difference the same.

Johnson Sporting Goods holds third with 35 wins, closely followed by Wilson-Maier Furniture with 35, The Pig 'N Whistle 33½, and HomeMart & Anderson Drugs with 30.

The Pig 'N Whistle dropped into 10th spot, after losing all three to the grocers. The restaurant team stood little chance as their opponents racked up a 2,022 scratch series, high individual series was rolled by Lucille Harris for the grocers, and by Camille Mereland for the restaurant team.

Fryers Insurance outdid everyone as they piled up a 2,074 series, just nine pins shy of the league record, winning all three games from HomeMart & Anderson. Sub Ann Conklin had the highest total on this pair of lanes, while MaryLou Danylek was high for the dragists.

Wilson-Maier, after losing the first game by 27 pins, took the next one by just as many, and won the last one with over 175.0 spare. Maggie Woods was high for the furniture team with a 303-507, and Pat Foster led the scorers.

Sollia reported this week, were the 4-7 by Frances Gross, 5-6 by Alberta Shaw, 4-7-9 by Lu Neopolitan, 2-7-19 by Shirley Simas, 2-19 by Faye Griffin and the 3-7 by Lucy Yates.

## Champs To Vie In KC Track Meet

NEW YORK (UPI) — Seven defending champions, including unbeaten hurdles star Hayes Jones of Eastern Michigan, head the field for the first annual New York Knights of Columbus track and field meet at Madison Square Garden, Saturday night.

Other defending champions entered include Paul Winder of Morgan State in the 60-yard dash, Jack Culbreath of the Philadelphia Flyers in the 900-yard run, Tom Murphy of the New York AC in the 1,000 yard run, Ira Davis of the Philadelphia Flyers in the 100-yard dash, and Steve Thompson of the New York AC in the 35-pound weight throw.

## U. S. Hockey Team Upsets Canadians At Olympics

SQUAW VALLEY (UPI)—Hockey's Yankee doodle dandles led the United States into what could be a banner day for Uncle Sam in the Winter Olympic Games today.

There were four gold medals up for grabs—and the U. S. had a good chance at two of them, the men's figure skating championship and the women's slalom.

But even if they win—David Jenkins, the slim figure skater from Colorado Springs, or one of the girls on the slalom team—their triumphs couldn't possibly dim the lustre of two team triumphs Thursday.

These eager, spry Yankee boys who beat the favored Canadians

in hockey, 2-1, Thursday night to remain the only undefeated team in the hockey competition.

The Finland 60 kilometers (25 mile) cross country relay team which nosed out Norway in one of the closest races in Winter Olympic history, thanks to a 35-year-old lumberjack.

There was individual glory, and gold, too, for another Russian speed skater.

Viktor Kosichkin captured the 5,000-meter speed skating event to give Russia its fifth speed skating medal of the games.

But the Yanks—the devilish puckmen—were the heroes of a screaming mob of 8,000 which jammed Slyth Arena to cheer them on.

Uncle Sam's boys methodically took the Canadians apart in the first two periods, building up a 2-0 lead, and then sat back and played the finest defensive game of their lives in the last period.

When it was all over they mobbed their goalie, John McCarran of St. Paul, Minn. They picked him up, they jumped on

him and then built a "log pile" in the middle of the ice with McCarran on the bottom as they "congratulated" him. He had made 20 saves during the game—and was under continual bombardment during the last period.

But he survived—and is ready to take on all comers.

"We feel we have proved ourselves—to ourselves," he said after the game. "Now we feel that we can beat the best out of anybody."

They'll get that chance Saturday. They jangle with the Russian bear—defending champions and games favorites despite the fact they have been held to a draw by Sweden.

They'll get that chance Saturday. They jangle with the Russian bear—defending champions and games favorites despite the fact they have been held to a draw by Sweden.

PHOENIX (UPI) — The San Francisco Giants will play their traditional exhibition game with the U. S. Military Academy at West Point May 23. The series was started in the early '30's, but was interrupted last year because of the Giant's schedule commitments in the West.

## Rookie Favored In Featured Race

Another one of Carl Tracy's rookies in the sport of queens, A. R. Ewbanks, is favored by morning line odds to win tonight's hot-box 10th affair at Sanford-Orlando Kennel Club.

The hand-picked octet of mid-season stars will be running in the highlight of a 10-event program starting at 8:10 A.M. Ewbanks will be seeking his seventh season victory with top early odds of 2-10-1. The 67-pounder will have the sixth post position for the fast feature.

A. R. Ewbanks was one of the three greyhounds selected to represent Sanford-Orlando in match races against champions from Jacksonville, despite his youth—two years this month.

## Welters Matched

NEW YORK (UPI) — Welterweights Guy Sumlin of Pritchard, Ala., and Antonio Maresilla of Argonians have been matched for the co-feature 18-round bout at Madison Square Garden, March 4.

## Fish Fry Planned

The Fish Fry Committee of the Seminole Sportsmen's Club will meet March 17 to discuss plans for a membership fish fry scheduled April 2.

The fish fry will be held at Camp Seminole Fish Camp.

All candidates for public office and other interested persons are invited to attend the fish fry. Anyone wishing to join the organization is asked to contact Club Secretary Ralph Hartman, care of post office box, 262, Sanford.

## Vacancy Sign At Every Post Will Spur A's

KANSAS CITY (Special)—The Athletics will supply their own version of the Abbott and Costello "Who's On First?" act during spring training at West Palm Beach beginning on February 28. The act also will include who is on second, short, the mound and behind the plate.

Question marks will be hovering all over Connie Mack's Field as Manager Bob Elliott and Coaches Don Heffner, Fred Fitzsimmons and Walker Cooper send the athletes through daily drills. Elliott will have the help of three coaches and George Selkirk, director of player personnel. There won't be any youngsters in camp merely for a look. The squad has been streamlined to enable Elliott to concentrate only on eligibles.

Here are the possibilities. First base—Marty Throneberry, Whitey Herzog, Dick Williams and Bob Cerv. Cerv is taking first baseman's glove to camp. He is convinced he can master the position. The club is long on outfielders, and Bob expects to spend his time between left field and first base.

Second base—Lou Klimchuck, Jerry Lumpe and Wayne Terwilliger. Klimchuck, brightest prospect in the organization, has done most of his playing at second. He was voted the outstanding second baseman in the Pioneer League in 1958 and won the same honor in the Southern Association last year. Some A's officials say he would be a natural for third, and Lou may wind up there. But he also will be considered for second.

## Snider Predicts He'll Have Good Year Before Hometown 'Bum' Fans

United Press International  
Duke Snider, still eager to make it big before his hometown Los Angeles fans, predicted today that he'll have his best season since the Dodgers went West. "I believe I can hit 30 home runs and drive in 100 runs," said the 33-year-old centerfielder after Thursday's workout at Vero Beach. "The way I feel now, I have nothing but confidence."

Snider, one of the greatest of the Dodgers in the old days in Brooklyn, has had two so-so years in Los Angeles. He hit only 15 homers and drove in only 58 runs in 1958 and he lifted those figures to 23 and 33 last season.

Snider, who was forced to rest his ailing knees frequently last season, took knee bending exercises for the first time in three years Thursday and was jubilant over the results.

"They felt just fine," he said. "It looks now like I'll be ready to play as soon as the exhibition season starts."

Wilmer (Vinegar Bend) Mizell signed his 1960 contract with the St. Louis Cardinals but both the Cleveland Indians and New York Yankees were having difficulty with star players. General Manager Frank Lane, who early in the day signed a new three-year contract, advised holdouts Rocky Colavito and Gary Bell that they can't work out with the Indians until they come to terms. Lane said he offered Colavito a 25 per cent increase despite the fact the outfielder's average dropped 46 points and said he tendered a 75 per cent increase to Bell, who had a 16-11 record and is viewed as a potential 20-game winner.

## Machen, Hunter Clash In TV Bout

NEW YORK (UPI) — Eddie Machen, the heavyweight division's "fearless cooker," meets aggressive Billy Hunter tonight in a contenders' TV fight at Madison Square Garden.

Machen, now campaigning out of Portland, Ore., is a knockout puncher and a good boxer; but his lack of fire—his defensive attitude—makes him a slight underdog tonight.

Rangy Hunter of Detroit, comparatively light hitter whose punch has been improving recently, is favored at 11-10 because of his aggressiveness.

## Honor Carol Heiss

NEW YORK (UPI) — Carol Heiss, the Olympic figure skating champion from New York, will receive "an all-out reception" when she returns home next week. Mayor Robert Wagner announced Thursday. "We are all proud of Miss Heiss," the mayor said. "I know New Yorkers will want to give her a rousing welcome for her great feat in bringing high Olympic honors to our country."

The average person in the Philippines and in India consumes less than 2,000 calories a day—fewer than any other country in the world.

## LET THE GOOD! LEARN WHERE CHEVY'S GOT THE JUMP ON ALL OTHER LOW-PRICED CARS

You get a choice of seven engines and five transmissions—the widest in the industry—to satisfy the most fussy driver. And all of Chevrolet's popular engines have an automatic choke, a positive-shift starter, oil-bathed hydraulic valve lifters and dozens of other engineering refinements. Let's lift the hood and take an engineer's look at Chevrolet's standard V8—and see all the extras you get at no extra cost:

1. Positive shift starter—eliminates gas-wasting false starts.
2. Fuel-air control carburetor—extra saving for extra long life.
3. Hydraulic valve lifters—eliminate periodic tappet adjustments.
4. Automatic choke—meters gas more economically during warmup.
5. Built-in carburetor filter—designed for trouble-free fuel filtration.
6. Economy-ensured carburetor—Chevy's Economy Turbo-Fire V8 gets up to 10% more miles on a gallon.
7. Top performance on regular gas—you get Chevy's famous "jet" on economical regular grade fuel.
8. Spare valves for less wear—life of moving parts is lengthened by shortest V8 piston stroke in the industry.
9. Advanced lightweight design—compact

10. 4,000-mile oil change—long engine life with less maintenance.
11. 4-quart oil refill—another way Chevy cuts your cost per mile.
12. Easy adjustment for engine timing—distributor points can be set while engine is running for more precise tuning.
13. Waterproof electrical system—sealed against moisture for surer starts.
14. Precision balanced for smooth performance—basic engine components are balanced both individually and as a unit for hushed, silk-smooth operation.

See The Dash Show Chevy Store in color Sunday, NBC-TV—the Fox Show Chevy Store on radio, ABC-TV.

### Gubernatorial Candidates Hurling Barbs

By United Press International  
Florida's candidates for governor and agriculture commissioner today apparently had eased off on promises and began inspecting and criticizing one another's remarks.

Fred O. Dickinson, of West Palm Beach, sparing none Thursday, called all his gubernatorial opponents "me-too" candidates because "they are trying to imitate" his roadbuilding proposals.

Jim McCorvey, Hialeah restaurant owner once a movie actor, announced for governor. He said he is a candidate of "plain people" and would not accept contributions of "more than \$100," leaving implication his opponents are supported by "big money" interests.

Ted David, Hollywood, said the reapportionment plan advanced by Doyle Carlton Jr., of Wauchula, "is no reapportionment plan at all—it just increases the size of the legislature."

W. R. Hancock, candidate for agriculture commissioner, told Tampa Jaycees Thursday night one of his opponents "hasn't even done a decent job of representing his own county in the legislature."

He referred to Rep. Doyle F. Conner, Starke. He said Conner has distinguished himself as the "great question mark" with a record of "hesitation, indecision and ineffectiveness."

Gubernatorial candidate Haydon Burns, Jacksonville, stood aloof from the critical exchange Thursday, meeting with Dade County committeemen at Miami and shoring up his campaign organization.

He named two Punta Gorda city officials as campaign coordinators for Charlotte County, Mayor Dave Deegan II and Public Works Supt. H. W. Sellin.

### Riggins Infant Daughter Dies

The infant daughter of Mr. and Mrs. S. R. Riggins of Oviedo died Thursday night at Winter Park Memorial Hospital.

The body will be taken to Georgia for funeral services and burial.

### Tax Drive-In Office

MILFORD, Conn. (UPI) — City officials are thinking of using a former drive-in bank for tax collections.

## Around The Clock

Attention racing buffs!  
At 1 p. m. Sunday the Seminole Sports Car Club will stage its first gymkhana of the 1960 season at Spruce Creek Airport near Samsula, located between Sanford and New Smyrna on SR 415.

A Sadie Hawkins dance will be held at the Civic Center tonight for all junior high students. An award for the best dressed couple (Sadie Hawkins style) will be given.

Tonight will be the last time to see the Sanford Seminoles in action on their home court. The Seminole quint will tangle with the New Smyrna Gudas at the high school gym. Sanford will be looking for its 18th win in the season.

A representative of the Social Security Administration district office in Orlando will be in Sanford Wednesday to answer questions regarding old age benefits and social security information. The representative will be at the City Commission room in City Hall at 9 a. m.

## Defeat Of Popular Water Pollution Bill Could Hurt GOP In Fall Election

WASHINGTON (UPI)—Republicans counted on the administration today for quick action to get their party off the hook on an issue with wide voter appeal.

## Teamsters Union To Petition Courts

MIAMI BEACH (UPI) — The Teamsters Union will petition federal court to force court-appointed monitors to meet with the union's executive board, President James Hoffa said Thursday.

Until such a meeting is held, Hoffa said, the union will refuse to obey orders from the monitors who were appointed to oversee operation of the nation's biggest union.

Hoffa, in a news conference here, accused the monitors of deliberately obstructing any action which would end the monitoring.

He said the monitors have refused to meet with the union to discuss an 18-point program which the union says would clear the way for an end to the tenure of the monitors.

## Hydraulic Pickers Invade Bean Patch

MANCHESTER, England (UPI) — The hydraulic bean picker is invading Britain's bean patches. The machine, made by Mather and Platt Ltd., of Manchester, flicks beans off the plants by wire fingers attached to a reel in much the same way hay is picked up off the ground by the pick-up reel of a hay baler.

Efforts are being made by a group of young Sanford businessmen to establish an investment club. Anyone interested is invited to call FA 2-7802. An organizational meeting will be held at Security Associates at 7:30 p. m. today in the Kirk-Plaza Bldg. All interested persons are cordially invited.

## Hoffa Accused Of 'Dishonesty' By Rackets Group

WASHINGTON (UPI)—The Senate Rackets Committee, closing its books on three years of investigation, accused Teamster President James R. Hoffa today of "complete dishonesty" and contempt for law and order.

The committee also charged that "lack of moral courage and sense of public responsibility on the part of employers" was one of the biggest contributing factors in labor-management corruption.

The committee made its charges in the first part of a four-volume final report on its 1957-59 hearings. Hoffa, who became the committee's prime target and will have an entire volume devoted to him, was only touched upon in the initial report filed today in the Senate.

Today's volume encompassed charges of: The underworld infiltration of wholesale newspaper and magazine distribution in New York which the committee described as a "shocking . . . potential threat to freedom of the press."

"Labor peace" payments to teamster and longshoremen officials by the New York Times, New York Mirror, American Weekly and the Neo-Gravure Printing Co. of Weekhawken, N. J., which printed their Sunday supplements.

## Alabama Students Who Staged Sitdown Protest Face Expulsion

MONTGOMERY, Ala. (UPI) — Students at Alabama State College for Negroes who participated in a sitdown protest of segregated eating facilities at the courthouse here Thursday face immediate expulsion from school.

Gov. John Patterson ordered the president of the college, H. C. Trenholm, to dismiss any students involved in the demonstration.

Patterson told Trenholm if the college failed to take action against the students all state funds would be cut off from the school and the State Board of Education would be ordered to expel the students.

Trenholm said he had "no alternatives" but to comply with the governor's order. "The citizens of this state do not intend to spend their tax money to educate law violators and race agitators and if you do not put a stop to it you might well find yourself out of public school funds," Patterson told Trenholm.

Trenholm reported his investigation began late Thursday with the identifying of students from pictures made by state highway patrolmen as they were lined up against a first floor corridor outside the snack shop.

Montgomery County Solicitor William F. Thetford ordered that the snack bar remain closed all day today. He said whether it reopens—and under what circumstances—is expected to be decided by the County Board of Revenue Monday.

Alabama is the only state hit by sitdown demonstrations where mixed eating places are specifically banned. In all the other states, segregated eating facilities are the custom rather than the law.

In Chattanooga, Tenn., an uneasy quiet prevailed over Market Street where 2,000 persons rioted in the downtown area Wednesday when Negroes sought food service at several lunch counters. Six Negroes and three white youths were arrested yesterday on charges of loitering, disorderly conduct and possession of illegal knives. An all-night vigil was maintained by officers who were placed on 12-hour shifts by Mayor P. R. Olgiati.

"I think our police force has done an excellent job," said Olgiati, who warned that the city would not tolerate violence. Virginia Gov. J. Lindsay Almond signed into law three bills designed to curb the spreading wave of Negro sitdown protests of segregated eating facilities.

The trial of 48 Negro students charged with trespassing while demonstrating at Raleigh, N. C., lunch counters was delayed for one week Thursday because of the size of the crowd that packed the city courtroom.

## Long-Time Nergo Resident Dies

Funeral services will be held at 3:30 p. m. Sunday at the St. Paul Baptist Church for Mrs. Hester W. Felder, a resident of the Sanford Negro community for more than 40 years who died Tuesday.

Mrs. Felder, who was custodial employe of the Sanford postoffice 23 years before retiring Oct. 31, 1956, resided at 413 S. Sanford Ave. She is survived by a daughter, Mrs. Alberta Combs, a high school teacher in Winter Garden, and a sister, Mrs. Martha Wise, Barwell, S. C.

Wilson-Eichelberger mortuary is in charge of arrangements and services will be conducted by Rev. E. H. Hodge, pastor of St. Paul Baptist Church, of which Mrs. Felder was a member.

## Death Claims Retired Farmer

W. H. Hughes, 84, a native of Lenoir County, N. C., who had resided in Sanford and Lake Mary since 1929, died Thursday afternoon in an Orange City nursing home after a lingering illness.

A retired farmer, he was a member of the Central Christian Church, Orlando.

Surviving are four sons, W. B. Hughes, Kinston, N. C.; Otto and George Hughes, Sanford; and Jack Hughes, Tampa; four daughters, Mrs. Carl Stroud, Kinston, N. C.; Mrs. O. A. Martin, Lake Worth; Mrs. Roy R. Wright Jr., Sanford; and Mrs. C. R. Walker, Jacksonville; a brother, J. E. Hughes, Newburn, N. C.; a sister, Mrs. Ava Vandiford, Newburn; 18 grandchildren and 20 great-grandchildren.

Funeral services will be conducted at 4 p. m. Saturday at the Brinson Funeral Home by Rev. William H. Mayfield, pastor of Central Christian Church. Interment will be in Evergreen Cemetery.

## Bullet No Tax Anguish Remedy

BUFFALO, N. Y. (UPI) — A tax assessor's wife received a call threatening to shoot the assessor after the city announced new assessments. The wife asked: "Do you think that would reduce your assessments?" The caller paused and just before hanging up, said: "I hadn't thought of that."

## Hospital Notes

FEBRUARY 25 Admissions  
Robert A. Lewis, Mt. Dora; Kim Pellack, Sanford; Lorens Taylor, Sanford; Marion Barto Smith, Sanford; Emma Cowan, Jacksonville; Lewis Bayard Custer, DeBary; Thelma Ruth Pearce, Whitesboro, N.Y.; Timothy Sechrest, Titusville; Florence Marie Trepanier, Sanford.

## Mamie Holding Down Fort While Ike Is On Tour

WASHINGTON (UPI) — Mrs. Mamie Eisenhower is holding the fort in Washington while the President is away.

But she probably won't be crowned by the time President Eisenhower returns from his Latin American tour.

The First Lady plans to be at Elizabeth Arden's Maine Chance health and beauty resort at Phoenix, Ariz., on March 4, the day the President is due back in Washington.

Aides said she still hasn't set a departure date. Mrs. Eisenhower has kept close to the White House this week because of a "slight" cold. The snuffles kept her from attending a fashion show with Mrs. Pat Nixon, wife of Vice President Richard M. Nixon, earlier this week.

Mrs. Eisenhower's sister, Mrs. Gordon Moore plans to accompany the First Lady to Maine Chance.

## Navy Band Faces 'Difficult' Task

WASHINGTON (UPI)—The U. S. Navy Band is the elite corps of military music. Most of its members are enlisted men, who fought their way to the top in the toughest of competition.

Now, with 19 members lost in the Brazilian crash, the band is faced with the task of replacing practically its entire orchestral contingent.

The Navy Band came into being in 1922 under an act of Congress signed by President Calvin Coolidge.

Winning a chair in this group is extremely difficult for an enlisted man, because musicians at Navy centers all over the world have the same goal in mind.

The struggle is worth it, though, once a musician makes the grade. He has a chance to live in Washington and stay with the group as long as his music measures up.

This is unique in the military. The usual tour of duty on a single assignment is about two years.

## Marital Prerequisite

BRIDGEPORT, Conn. (UPI)—Mrs. Catherine Clark, 34, says she "would marry again if I could find a man with a good horse and wagon."

## P-TA Introduces Teachers

Many are two more members of the P-TA program of urging closer association between parents and teachers at the school.

**MRS. MARY GROOME** is a native of Virginia where she taught school for seven years. A resident of DeLand, Mrs. Groome has been a Pinecrest Elementary School teacher for five years. She came to Florida in 1956. Mrs. Groome was educated at Stetson University, the University of Virginia Extension, Madison College, and the College of William and Mary. She specializes in elementary education. Mrs. Groome has a daughter, Mrs. W. L. Bass, living in Newport News, Va., and a son, Bob, at DeLand High School. Mrs. Groome's husband recently opened a bakery in Sanford.

**MRS. GLADYS BOSCH** is another well traveled and experienced Pinecrest Elementary School teacher. Mrs. Bosch has visited Canada, Mexico, all the states east of the Mississippi River, Kansas, Oklahoma and Texas. She has taught school in New Hampshire, Massachusetts, Oklahoma, Pennsylvania, New York and now in Florida. Mrs. Bosch got her degree from Keene Teachers College in New Hampshire, her M. A. from Columbia University College, did graduate work at Boston University and extension work at Harvard. She specializes in English, education and guidance.

## Arabs Believed Building Up Troops In Sinai Peninsula

JERUSALEM (UPI)—Three Israeli cabinet ministers have been instructed to report to the Western Big Three that the United Arab Republic is massively building up its troop strength on the Sinai Peninsula, highly-placed sources said today.

Egyptian concentrations in northern Sinai are believed to total three divisions, including large armored artillery and infantry units. The actual number of troops in the Sinai Desert in fact was said to include almost the entire Egyptian army.

The Israeli charges of a military build-up in the Sinai area followed a charge Thursday that U. A. R. troops had been moved into the Gaza Strip, an area 30 miles long and seven miles wide along the Mediterranean that was

occupied by Israeli troops during the 1956 Suez campaign.

Israeli forces left the strip in March, 1957, when it was agreed United Nations troops would move in. Gaza is part of Palestine but is under Egyptian administration.

Egypt has refrained from stationing any sizable number of troops there since 1956, but there is no prohibition against this.

A U. N. spokesman in New York denied U. A. R. troops had moved into Gaza, but he said it was understood there had been Egyptian troop movements in the Sinai area that borders Israel.

The Western Big Three agreed in 1950 that they would make every effort to see that the status quo in the Mideast be maintained.

## 'Helpless' Man Watches Theft

WEST PALM BEACH (UPI)—City Commissioner Ralph York parked his car in the city parking lot Thursday and went to a doctor's office in a nearby building for a physical examination.

After undressing, York glanced out the window and saw a man enter the car, take two cartons of cigarets and a file of personal papers, then saunter down the street.

"I was indisposed," York said. "I couldn't even get to a telephone to call police until I got dressed."

## FSU Foundation Education Aid

TALLAHASSEE (UPI)—The Florida State University Foundation, Inc., a non-profit organization to receive gifts for educational purposes, has been set up here.

Money received will be used for books at the FSU library, scholarships, additions to the art gallery and museum, assisting in publication of scholarly works, and similar purposes.

Its board of directors will have seven members, including FSU President Robert M. Strousser, Business Mgr. Rod K. Shaw, and Fred O. Drake Jr., president of the alumni association.

## Longwood Church To Mark Founding

The First Pentecostal Church of Longwood will observe its second anniversary Sunday with all-day services.

District officials are expected to attend and the sectional presbyter will deliver the anniversary message, according to E. Ruth Grant, pastor.

Special music, singing and testimonies will be featured throughout the day. Dinner will be spread at 12:30 p. m.

**MRS. MARY GROOME** is a native of Virginia where she taught school for seven years. A resident of DeLand, Mrs. Groome has been a Pinecrest Elementary School teacher for five years. She came to Florida in 1956. Mrs. Groome was educated at Stetson University, the University of Virginia Extension, Madison College, and the College of William and Mary. ## Aching Tooth Could Delay Trial Conclusion

LOS ANGELES (UPI) — The hoped-for conclusion next week of the long Finch-Tregoff murder trial hinged today on an aching tooth.

Eddie Lindsey, 28, one of the jurors hearing the trial which began Dec. 8, has an impacted wisdom tooth.

The trial was recessed Thursday because of the tooth, but a session was set for today in hopes that Lindsey would be able to listen to final defense arguments without too much pain before a possible extraction of the tooth over the weekend.

Thursday's postponement set back the expected date for turning the murder case of Dr. R. Bernard Finch, 42, and his mistress, Carole Tregoff, 23, over to the jury to next Friday. Any further delays almost certainly would extend the trial into the week after next.

Finch and his red-haired former receptionist are accused of the July 18 gunshot slaying of Finch's socialite wife Barbara Jean, 33.

## Jan. 27 Just Wasn't His Day

AUSTIN, Tex. (UPI)—Garage-man A. J. Pagnozzi considers Wednesday, Jan. 27, the darkest day of his life.

Someone stole his car; thieves raided his shop and stole his tools; license plates were stolen off a bus he operates for a Scout troop.

Then, while he was trying out a customer's car, another motorist backed into him.

Working people under the age of 18 have an accident rate 1.5 times as great as adults, reports the U. S. Department of Labor.

### Sanford Library Gets Rembrandt Illustrated Bible

The Sanford Public Library got a new King James Version of the Rembrandt Bible Thursday.

The Bible is illustrated with reproductions of Rembrandt paintings of the life of Christ and other Biblical scenes. The 800 volume is in the reference room.

Recent best seller additions to the library shelves are "This Is My God," by Herman Wouk, author of "The Caine Mutiny"; and "Where The Boys Are," a story about Ft. Lauderdale by Glenda Swarthout.

Joseph Alger's "Get In There And Paint" which says that anyone can paint who wants to, is also now on the shelves. "Chautauqua," the story of an early 20th century road show, is another recent addition.

New books ordered by the library Thursday are "God Has A Sense Of Humor," by Ruby Lee Hall, a longtime writer about Florida; "Cat Among The Pigeons" by Agatha Christie; "Lincoln Lords" by Cameron Hawley; "Washington's Lady" by Elswyth Thane; "Mrs. Aris Goes To New York" by Paul Gallico; and "Earth Grant" by Edison Marshall.

### Chessman Wins Minor Victory

LOS ANGELES (UPI) — Attorney for Caryl Chessman has won a minor victory by getting a judge to disqualify himself from presiding at a hearing for setting the convict-author's ninth execution date.

Superior Judge Herbert V. Walker ordered both attorneys A. L. Wirin and George T. Davis to appear in his courtroom today when he will officially transfer the case to presiding Judge John G. Barnes.

Walker's decision came as a surprise. He told both of Chessman's lawyers Thursday he was not prejudiced and planned to sit at the hearing. Then Thursday night he called them and notified them of his new decision.

Barnes now can hear the case or refer it to another judge.

The action was taken by courtroom observers as another delay in the state's 12-year attempt to execute the Los Angeles kidnaper. His latest escape from execution came last Friday when Gov. Edmund G. Brown gave him a 60-day reprieve just 10 hours before his scheduled execution in San Quentin's gas chamber.

Walker explained his action by saying he wanted to remove himself from the case in order to eliminate any possible legal questions that Chessman's attorneys might raise about his presence.

### Time Hangs Out 'No Vacancy' Sign

HOUSTON, Tex. (UPI) — A three-story building at 1003 Congress Ave. is one of Houston's oldest structures and at one time was a rather well-do hotel.

The second floor is now occupied by the Houston Costume Co., owned by Fred Morrow.

One afternoon Morrow heard some labored steps ascending the solid mahogany stairway. Finally, a little old lady and a little old gentleman, both puffing, came into view.

"We would like one of your best rooms for the night," the gentleman said.

"Why isn't this a hotel," Morrow said, somewhat surprised.

"It isn't," the man asked. Then, looking around for the first time, he added, "No, I don't believe it is."

"You know," he smiled apologetically, "the last time mother and I were in Houston, spent the night here. Very comfortable, too."

"Just when was that," Morrow asked.

The couple compared notes at some length and finally the man answered: "It was just before the war — in 1916."

### 'First' For Church

CORTLAND, N. Y. (UPI) — When Rev. Herbert Alan Vermilye was ordained in Grace Episcopal Church, it marked the first such service in the 113-year history of the church.

### Mr. Magoo To Star In Film At Drive-In

The 1,001 wonderful sounds and sights of the fabulous world of the Arabian Nights have been brought to the screen in UPA's first full-length feature production, "1,001 Arabian Nights."

Starring the nearsighted Mr. Magoo, one of the most popular personalities in the animated field today, the new technicolor cartoon feature opens at the Movieland Drive-In Sunday.

The other feature on the program is "The Little Fontaines" starring Michael Callan. Both are first run features for Sanford and will continue at the Movieland until Wednesday.

On Thursday and Friday, "Samson and Delilah," the renowned Cecil B. DeMille spectacular dramatization of Judges 13-16 of the Holy Bible will play.

The production stars Victor Mature and Hedy Lamarr in the title roles.

The second feature on the program is "The Last Train From Gun Hill" featuring Kirk Douglas and Anthony Quinn.

On Saturday three movies featuring Brigitte Bardot, Diana Dors and Anita Ekberg will be shown. The movies are "That

Naughty Girl," "The Unholy Wife," and "Screaming Mimi."

THE NEARSIGHTED Mr. Magoo stars in UPA's first full length animated production, "1,001 Nights" coming to the Movieland Drive-In Sunday.

### 'Operation Petticoat' At Ritz Today

Take the magnificent comedy artistry of Gary Grant and Tony Curtis, blend with the talented beauty of a pair of dolls like Joan O'Brien and Dina Merrill, add a dash or two of hilarious performances by Arthur O'Connell and Gene Evans, then stir the whole thing up in a Navy submarine painted a blushing pink and you get an idea of what you are in for at the Ritz Theatre starting today.

The film is entitled "Operation Petticoat" which tells the howling adventures of a harassed submarine skipper trying to get his disabled boat back into operation.

Just the fact that at one time the sub puts to sea painted pink, carrying five women passengers, and is the unsuspected target of both her allies and her enemies, is enough of a convincer that here is one of the top entertainment packages ever to come out of Hollywood, a master comedy played by master comedians.

CARY GRANT, Joan O'Brien, Dina Merrill and Tony Curtis provide the romantic interest as well as most of the humor in "Operation Petticoat," now playing at the Ritz Theatre.

### Many GIs Departing Germany Cheat Infants Out Of Birthright

FRANKFURT, Germany (UPI) — Every second hundred of American soldiers depart by plane or boat for home, leaving someone behind in Germany.

Sometimes it's a girl friend, soon to be forgotten. Sometimes it's a wife who'll join her husband later.

But all too frequently it's an illegitimate child, a tiny addition to the population of Germany fathered by a GI who has no intention of marrying the mother.

American consular officials are trying to convince soldiers who have fathered illegitimate children here that they should register their birth and thus give the children the right to American citizenship.

"Every month we register between 650 and 750 births of new American citizens," a spokesman for the U. S. consulate in Frankfurt said.

"But we still miss plenty. If we only could persuade these thoughtless soldiers to think of the children they have brought into the world we would really be accomplishing something."

"A soldier who tries to cover up or ignore the birth of his illegitimate child may be ruining that child's future," the spokesman said. "There are plenty of children around who are entitled to American citizenship, but who will never get it because of the thoughtlessness of their fathers."

Many of the babies never registered are the children of American soldiers and German girls who marry after the birth.

"They never bother to register the birth with us, and are therefore unable to prove in later years that their child is entitled to citizenship," the spokesman said.

"In fact the children are eligible as citizens as soon as the parents marry. But they must be able to prove their birth when applying for citizenship."

A tiny fraction of the babies born illegitimately to Americans in Europe are those born to American women and fathered by men other than the husband.

These are entitled to citizenship if the birth is registered with the nearest consulate.

### Quotable Quotes

By United Press International  
FRANKFURT, Germany—Elvis Presley when asked to compare European to American girls:  
"The girls I've met here are nice, but I wouldn't say they were nicer than American girls."

NEW YORK—Miss Lee Morgan, founder and director of Scientific Introduction Service, Inc., on what a woman looks for in a man when seeking a husband:  
"They ask for the manly type, someone neat, attractive and congenial and few have any reservations against baldness."

SQUAW VALLEY — Goalie John McCartan, the hero of Thursday's 2-1 upset victory of the U. S. hockey team over the Canadian team, after his teammates congratulated him:  
"Now we feel that we can beat the heck out of anybody."

SHANNON, Ireland — Farmer Michael Casey commenting on the crash of an Italian airliner near Shannon Airport today:  
"The whole hillside seemed aflame. All around came frightening moans. The dead were flying all about."

### Friend Chauffeurs Law-Abiding Thief

SAN JOSE, Calif. (UPI) — Highway patrolmen investigating the crash of an auto into a tree quoted the driver, Alexander Valencia, 21, as saying he was behind the wheel only as a favor to his friend, Serapio Alvarado, 24.

Alvarado, a passenger in the car, was quoted as saying he had stolen the vehicle but didn't feel he ought to drive it since he didn't have an operator's license.

### No Card Carrier

DALLAS, Tex. (UPI) — When Joseph A. Shirley applied for a library card he was asked to give as a reference the name of one citizen who already had a card. Shirley mentioned his longtime friend, James Meeks, the city library director. Then the clerk went through the formality of checking to see if Meeks held a card. He didn't.

## Bourbon Street To Come Alive At Mardi Gras

NEW ORLEANS (UPI) — Bourbon Street, the old trollop who keeps the spirit of Mardi Gras alive in a minor key during the rest of the year, is ready to bust loose on the big day.

From tea room and tango parlor to strip-show bar and jazz joint, the old girl — heart of the famed French Quarter — has painted her face a little and is beginning to bulge at her slatternly seams. Mardi Gras, "Fat Tuesday," is less than a week away.

The regular stream of strollers—some in topers and tails, furs and gems, others in thong sandals and turtle-neck sweaters—has swollen. Crowds are now spilling over from narrow, broken sidewalks into the one-way traffic lane.

Out-of-town cars, tour buses and cabs inch their way along, their occupants ogling at strippers through doors opened by sidewalk barkers to entice the passerby.

Bourbon Street's primping consists for the most part of newly-painted doorways and signs. Establishments whose interiors haven't felt a paint brush since they opened give the front door a carnival touch — up annually. Crowded into the first six blocks of "the street" are scores of assorted drinkateria interspersed with great and humble eating places, corner groceries, liquor stores, shops and even a Chinese delicatessen.

Most bars feature a burlesque which, when operating, raises the price of a mixed drink from about 65 cents in the daytime to as high as \$2.50 at night. Others headline Dixieland jazz combos. With Mardi Gras, the final day of carnival season's 11-day stint, crowds on Bourbon will become larger and louder.

On that day traffic will be roped out and contained revelry will erupt into full blown pandemonium, starting early in the night before and ending — for some — who knows when?

## 'Silent' War Brews In Congo

LONDON (UPI) — There is a silent war amid the volcanoes of the Belgian Congo between the giant Watutsi tribe and the last remaining mountain gorillas on earth.

Unless something is done very soon this conflict of interests can end only one way—with the death of the gorillas who cannot exist in their immemorial feeding grounds as invaded by the Watutsi.

Zoologists here and elsewhere are consulting privately on how best to awaken the world to the tragedy building up in the Virunga district north of Lake Kivu. There are some 500 gorillas there with perhaps another 50 or 60 across the Uganda border.

These are the biggest gorillas on earth — nearly 500 pounds in weight in the wild and nearly 700 pounds in captivity. They are vegetarians who live in the bamboo forests above 9,000 feet and feed on bamboo shoots and wild mountain parsley.

The Watutsi are not using any weapons — they are simply driving their herds of cattle into the gorilla areas and since the great worldwide need large feeding grounds it is only a matter of time, zoologists fear, before the species begins the fatal decline.

## Dynamite Plot Motive Sought

TAMPA (UPI) — Tampa police are seeking to determine if business competition was the motive behind the dynamite plot to kill Tony Gonzalez.

Gonzalez operates the wrecker service that has a towing contract with the city. He also is part owner of an armored car service and is in the insurance business. Other wrecker services protested last fall when the city gave Gonzalez the towing contract without asking for competitive bids.

Police Chief Neil Brown said Thursday it might be possible some of Gonzalez's competitors planned the dynamite that Gonzalez found under the front seat of his car early Tuesday.

In Thankful Tribute — THE SEMINOLE — BABY HEAD COUNCIL gratefully accepts and acknowledges generous contributions by ERNEST BERENBACH. P. O. BOX 100 SANFORD, FLA.

MRS. J. W. PADGETT of Enterprise displays model church she built.

## 40 Seminole Veniremen Summoned For Circuit Court Civil Case Duty

Sheriff's deputies are serving jury summons on 40 Seminole County residents to serve for the Circuit Court's final fall term civil cases which will be tried next week.

Persons summoned must appear before Judge Volle Williams Jr. in the county court on Monday at 10 a. m. unless the judge excuses them for sickness or other reason.

Williams may release a person from jury duty Monday if he is over 65 or under 21, holds public office which has duties requiring his presence during the trial, and for sickness. Persons over 65 don't have to serve but may if they wish.

After Williams eliminates the excused persons, he will swear in the remaining jurors and draw six names from a box to serve on the jury for the first case. The opposing attorneys then may challenge veniremen whose names were drawn and ask removal of those they feel should not serve for that case.

Sanford residents summoned are Roger G. Burnham, George W. Fisel, Donald J. Hamilton, Scott H. Dedi, Robert H. Powell, Stanley Piskorski, Raymond E. Witzel, Joe H. McDaniel, Ashby G. Jones, Norris E. Jordan, Haven L. Birgner, Robert J. Carr, W. M. Benson, John T. Odonell, Joseph David Herra, Howard A. Miller, Billy Jack Massay, Wayne R. Prior, Floyd E. Hora Jr., Bobby G. Sandefur, Roderick A. ## Old Tampa Fire Station For Sale

TAMPA (UPI) — Those in the market for a fire station should see Mayor Julian Lane.

He said Thursday the city would be glad to sell Fire Station No. 1 in downtown Tampa because it was so old it was not worth repairing.

Lane didn't say exactly how old it was, but he mentioned that it formerly housed horse-drawn fire wagons.

## Novel Method Used To Teach Love Of Church

By HELEN SNOODGRASS

ENTERPRISE — Mrs. J. W. Padgett, superintendent of the nursery department of the Barnett Memorial Methodist Church, combined an idea and talent to devise a novel method to teach children love and respect for their church—a model church which is lighted and equipped with music.

Mrs. Padgett worked approximately four months on the model built as she says, "from scraps of this and that" and whatever she could find. It has mahogany door steps and the frames of the doors and windows and the crosses on top are made of cedar. She found an old window frame with colored glass panes stored away in her barn—thus the model's stained glass windows.

Inside the church is a choir boy in robe and on the pulpit is a tiny Bible so small one must have a magnifying glass to read it. A bell in the belfry even rings.

The church's picket fence is made of used tongue blades. Mrs. Padgett, a nurse who worked at the Florida Methodist Children's Home a number of years, saved them for just such use.

The dolls on the walk are on stands and can be moved around by the children.

Real estate dealer James S. Hunt put on a rally-type meeting reminiscent of the old Florida "boom" days, fed breakfast to about 2,000 persons and entertained them with a jazz band.

Then he put on the block 541 lots in the well-to-do Coral Ridge section. Buyers crowded forward to put up half cash and promissory notes for the remainder within two years on lots ranging in price from \$7,100 to \$25,000. The average price was about \$12,000.

# Florida Growth Outdoes Forecast

By GORDON J. TOLL, Manager, Security Associates, Inc.

For quite some time now, the astounding growth of this state has been receiving national and international publicity. In a special report issued recently by U. S. News & World Report, the state received the following plug: "If you want to ride the boom in America's population: Go to Florida. It is to grow much faster in population than any other state in the next 10 years. . . Official forecast was that this state would grow by 15 to 22 percent between 1955 and 1960. Instead, official estimates up to last year indicate that this booming state has grown 40 percent in the last five years. . . project this upsurge into the future, and Florida appears as the fastest-growing state among all the 50 states in the next 10 years. The population gain indicated. . . between now and 1970 is 55.2 per cent."

Certainly, in these projected figures, aggressive Central Florida is included. The writing seems to be on the wall.

Many intelligent investors are placing excess funds in well established corporate shares that will directly benefit from this surge in growth. Fields to be considered are banks, utilities, railroads, and airlines—both passenger and freight.

At one time, Florida was difficult and expensive to get to. It seemed to be the "end of the line" for most transportation companies. As aviation began to grow in this state—particularly in Miami—Floridians began to realize this was the aerial hub of this hemisphere.

As commercial jet transportation emerged, Florida became more prominent in world transportation. For example, by jet from Miami to New York involves two hours and 15 minutes; Puerto Rico, two hours and 10 minutes.

According to Frank Bateman's "Florida Growth Fund News," Miami International Airport has become "one of the world's busiest. It leads all others in international cargo movements. . . is second only to New York's Idlewild for international passenger movements. . . and is seventh in total passenger movements. Its passenger volume tops both London and Paris, Europe's busiest airports. Airline and other aviation activities in Miami now account for an annual payroll in excess of \$100 million."

With the important role that the state has been playing in missile and space travel at Cape Canaveral, many large corporations have built branch plants. Martin Company, the largest of these companies, employs nearly 8,000 people. Pratt and Whitney has organized a giant research and development center in Palm Beach County. The most interesting fact in this letter was that manufacturing employment passed the 200,000 mark last November for the first time in Florida's history. This was a gain of 4,800 or nearly eight per cent over the same month a year earlier.

Bateman states that "while there is no way to guarantee against adverse market fluctuations or changes in economic conditions," the shareholder of the fund has for a very small cost "the services of the fund's professional management with its experience and specialized knowledge in selecting investments in a wide variety of companies doing business in many fields in Florida and the South."

This perhaps is an ideal way to share in this dynamic growth.

It is interesting to note that in our town alone, there are many large publicly owned corporations that have branches or franchise dealers here. Among them are Ford Motor Company, General Motors, Studebaker-Packard, Chrysler Corp., McCrory-McLellan Stores, Kel's, J. C. Penney, Florida Power Corp., Florida Power & Light, Atlantic Coast Line, Sears, Roebuck & Company, Firestone, Western Union, Bell Telephone, connected with A.T. & T., Western Union, Houston Corp., Great Atlantic & Pacific Tea Company (A&P), Winn-Dixie, Food Fair Stores, Jackson Minit Markets, Gulf Oil, Sinclair, Standard Oil, Vulcan Materials, and many others. Without them, our needs would be difficult to satisfy.

## WORRY CLINIC by Dr. G. W. Crane

Suzie's case should be a challenge to all parents and teachers. Jesus said, "What man is there of you, who, if his son asks bread, will you give him a stone?" Yet unconditionally Suzie's grandfather is doing that same thing. So discuss this case at Sunday School and reward your children for learning Bible verses, good poetry and music.

**CASE D - 484:** Suzie B., aged 3, is a cute little girl. "Dr. Crane," her doting grandfather exclaimed, "come and hear Suzie sing."

So I waited expectantly, and Suzie began "Meet Me in St. Louis."

The adults around the room laughed when she recited the "Hootchie-Kootchie" verse. And they applauded Suzie for her rendition.

There wasn't anything particularly wrong with the incident, except that parents and grandparents should encourage toddlers to memorize far more inspiring gems of poetry and music.

"Jesus Loves Me," is thus the song our four-year-old Judy was singing to her grandparents in the back seat of our car, when she accidentally unlatched the rear door.

In those days, the back doors of automobiles caught the wind pressure and whipped open. Judy's hand "froze" on the handle and she was hurled outward upon the frozen ground at 50 miles per hour.

As soon as I could stop the car, I rushed back and picked her up from the side of the road, with blood streaming down from the back of her head.

Fortunately, she was wearing her snowsuit and she landed on ice which filled the ditch.

All night long I sat beside the bed checking her pulse and listening hopefully for some sounds from her abdomen via my stethoscope, for the shock had paralyzed her intestines.

Her abdomen was entirely quiet and she couldn't hold even a swallow of water in her stomach. She was conscious, however, and to occupy time, she asked me to sing.

"Oh, please sing to me. Hold my hand, too, for I don't want to die."

What would be your response? Has your mind been prepared for such an emergency so you can offer even one or two suitable Bible quotes or musical verses?

If not, then don't let this dearth of inspiring quotes or music handicap your child any longer.

Take him to Sunday school and praise him for choice poetry, music or Bible verses, for they will nourish his soul maybe 75 years from now and thus cause him to look back to you gratefully!

(Always write to Dr. Crane in care of this newspaper, enclosing a long 6¢ stamped, addressed envelope and 20¢ to cover typing and printing costs when you send for one of his booklets.)

## ASSIGNMENT WASHINGTON by Ed Koterba

WASHINGTON — Poor Ezra Benson's six million pounds of dressed chicken on his hands, and he doesn't know what to do with it.

The secretary of agriculture has obtained by default enough chicken to feed his entire family every day, six days a week, for the next 6,000 years.

This sad tale has become the biggest fowl-up in the history of agricultural surplus. The secretary got himself in this trap by trying to get the country's poultry raisers out of a hole.

It began last Dec. 10 with an announcement by Arthur Flemming, secretary of health, education and welfare. Flemming shook Ezra's coop like a fox in a hen house when he announced that all caponettes that had been shot with stilbesterol were not fit for marketing.

A caponette is a chicken with no sex interest. It's a capon that got that way via the stilbesterol route—a hormone pellet in its head. Fleming's argument was that stilbesterol-contaminated fowl, if enough was consumed by a human could cause cancer.

The surprise edict ruffled the feathers of every poultry raiser in the country. But good old Uncle Ezra came to their rescue. He stepped from the frying pan—right into the taxpayer's pocket.

From the taxpayers' funds, he announced magnanimously, he would allow himself enough money to buy up all the caponettes. And he wouldn't be chicken about the price—he'd pay up to 25 cents a pound.

As a result, our butter-egg-and-poultry man has bought or contracted to buy six million pounds of unwanted chicken. The mountain of meat may reach seven million pounds before the capons stop rolling along.

"What," I asked one of Benson's men, "are you all going to do with all those chickens?"

I could hear him scratching his head over the phone. And, at last, came this forlorn reply: "Dog-gone if I know."

These chickens are perfectly good to eat, he said, if they're de-kidneyed, delivered and skinned. The white and dark meat, he said, is absolutely wholesome.

But Benson can't sell the de-kidneyed carcasses on the open market—not after all that had publicity. And to serve them up for the school-lunch program would have a horrifying psychological effect on the innocent youngsters.

At this writing, it looks like Ezra's chicken program is in the rough. And it could get rougher.

The Democrats could capitalize on this caponette caper—inasmuch as the GOP administration allowed the use of stilbesterol in the first place. They could bring this issue to roost right at the Republican doorstep.

What they may do is buy up all those surplus chickens and stuff them with campaign literature and serve them up to disgruntled Republicans.

The way I see it, those caponettes may not have had any sex interest, but they sure could side up some political interest.

## World War II 'Basket Case' Achieves Goal: Business Success

MT. PINSON, Ala. (UPI) — World War II robbed Fred Hensel of his arms and his legs, but not his courage.

For it was his courage that has made a prosperous, active man out of the nation's first "basket case."

At 42, Hensel is the father of four children. He owns five tractor-trailer trucks that haul all over the U. S. He also owns a service station and land that he rents out.

It was 15 years ago on Okinawa that Hensel, a native of Corbin, Ky., who had enlisted in the Army in 1937, met with what he refers to as his "accident."

"I was a maintenance sergeant in the 7th tank battalion of the 77th infantry division on Okinawa," Hensel recalls. "We had 21 tanks knocked out on this plateau out there. That's a pretty big loss out of about 60 tanks. I was out there to try and get them back in when something just happened."

It is assumed Hensel stepped on an enemy land mine. The explosion tore off his legs and one arm and mangled the other so badly it had to be amputated.

After 11 months of hospitalization, Hensel was equipped with artificial limbs and steel hooks for hands. He started out with his devoted wife to do but one thing: "I wanted to be successful."

At first, his doctors did not want him to leave the hospital. They said he was not strong enough. He disagreed and finally persuaded them to let him go.

Perhaps to prove he was strong enough, Hensel turned to farming near this small north Alabama town only a few miles from Birmingham. He did all the work himself, plowing, planting, milking.

He tried raising chickens for a while, then turned to dairy farming. Hensel says he was lucky with the cows. He sold them just before the bottom dropped out of the market one year, making a nice profit.

Hensel had 143 fertile acres bought with government assistance. He was mighty proud of his farm, but then the state government built a highway through it.

"That highway took 10 acres, right through the middle," Hensel said. "It took out the heart of my farm. I quit farming."

But the highway also brought in enough money for Hensel to purchase his first truck and hire someone to drive it. Today, he has \$35,000 worth of trucks alone.

How does Hensel explain his success?

"Just because a man has his arms and legs cut off, it doesn't mean he can't be successful. He should be successful anyway. He wouldn't have to be too terribly successful to feel a little successful."

## Catholic Church Officials Believed Worried Over Condition Of Tardini

By PHIL NEWSON

From the foreign editor's notebook:

Church sources very recently in Rome report anxiety over the state of health of Vatican Secretary of State Domenico Tardini. Officially, he is suffering from influenza. But private reports say he also has a heart condition that is causing concern.

Tardini is comparatively young for a cardinal—he will be 72 on Feb. 29. (18 of the 78 cardinals are 80 years or older. Three are 85.)

Greenland is the largest island on earth; New Guinea is second largest.

meeting still three months away, chief spokesmen for both sides are on the road—President Eisenhower in South America and Soviet Premier Nikita Khrushchev touring Asia. Neither side is losing any opportunity to place its case before the public. As the London economist said, "this is the time for the statesmanlike stiffening of terms, less to frighten the enemy than to stiffen critics at home."

**Nationality Factor In Ice Cream Flavor Preferences**

CHICAGO (UPI) — Ice cream flavor preferences are more a matter of nationality than taste, a recently completed study by a large ice cream company indicates. It showed Italians prefer spicy flavors, such as cinnamon, rum and almond; Swedes almost invariably settle for strawberry or coffee. Dutch chocolate ice cream—the Dutch the better—registered best in Jewish neighborhoods, while in German areas, the company found Dutch apple to be the favorite. The study showed a preference for cream in cream, usually plain or mild.

**Title Of Book Only A Come-On**

ST. MARIEN, Iowa (UPI) — An article in the prisoner magazine of the Iowa State Penitentiary has carried the provocative title "Sex and the Prisoner." However, writer Harold Lee Warren didn't live up to this promise. He pointed out in the first paragraph that the title was merely used to get the prisoners to start reading the article. It actually was about the importance of a good title when writing a book, developing a movie script or preparing a play.

## Singer Steals Scene On Variety Show

**By FRED DANZIG**  
**NEW YORK (UPI)**—As Tony Randall completed a series of exceptionally clever black-out sketches to open Wednesday night's NBC-TV special, "Four For Tonight," I felt that even if the rest of the show bombed, I had my kicks for the evening.

Then came the arful Beatrice Lillie and her songs, "Wary of It All" and "A Lesson With A Fan." Nice work, although I never seem able to appreciate fully Miss Lillie's subtleties.

Next—Cyril Ritchard in his 15-minute segment "Around the World on 90 Pounds," which has some amusing moments, some strained ones.

And finally, in the closing spot, there was Tammy Grimes. She only stole the show, a performer on TV delivers with such totality of talent that I find myself tingling with excitement long after the final bow. But such was Miss Grimes' impact.

She sang about a dozen songs, each in the style that was popular the day the song was introduced, going back some 300 years.

This tiny blonde, whose face blends Marilyn Monroe, Marlene Dietrich and Bette Midler, which, she sang about a dozen songs, each in the style that was popular the day the song was introduced, going back some 300 years.

# Lyman School Students Fighting Missile Gap

By JACK PHILLIPS  
Lyman School is an inland Cape Canaveral school. The junior rocketeers in the Lyman School Missile Club are having the same problems as their big brothers on the East Coast.

The seventh grade club from Mrs. Catherine Martin's science class has fired two missiles so far. Neither got very far off the ground but they put on a good show.

The first shot was with a miniature Thor-Able carrying a carbon dioxide cartridge ignited by cotton and kerosene. The cotton and kerosene was supposed to make enough heat to blow the end off the cartridge. Instead, the rocket nozzle blew off and the missile went a few inches off the ground before keeling over beside its launching pad.

The last firing attempt took place Friday. One of the solid propellant engines failed and the missile, about 15 inches long, stayed earth-bound.

Though there's a lot of color and excitement for the junior scientists in this kind of school activity, there's a serious side too. Mrs. Martin, whom the youngsters asked to be their faculty advisor, said the missile club is an attempt to keep students up with latest scientific developments.

"They know more about it than I do," Mrs. Martin said of the 24 boys and girls whose scientific enthusiasm often leads to after-school missile building. The club originated among the students.

There are a few more boys than girls in the group. The "girls are more interested in how a missile works than in trying to build one," Mrs. Martin said Friday. The club meets every other Friday during the 7A science class.

Other Fridays are also devoted to new developments in science: Friday is "the one time of the week that we get away from the textbook which was written about 14 years ago," the science teacher explained. Mrs. Martin, who has been teaching for 12 years, has 208 science pupils at Lyman.

The rocketeers take plenty of safety precautions with their experiments. They get a good distance away from the school and point the missile toward a lake in back of the buildings. Principal Ralph Diggs has been on hand to see that safety is kept in mind. The students have been building the missiles from whatever raw materials they could find. They bought the engines.

Bigger things are coming, however. The club is building a four foot missile for exhibition in the Central Florida Science Fair. Though not slated for firing, the missile will contain an engine designed for power by alcohol and liquid oxygen. This will be entirely a home-made production. The club members will make everything themselves, including the engine.

Club President Kenneth Dunn, assisted by Secretary Barbara Diggs, has divided the rocketeers in missile building committees for still another rocket project, which will be worked on by design, electronics and engine building committees.

# McCanna May Seek Post; Qualifying Begins Tuesday

County Tax Assessor Richard McCanna today said he is seriously considering running for tax assessor in the coming May 3 Democratic primary.

Earlier in the year, McCanna had told the Herald that he had no intention of running for office. However, McCanna said today that many people have urged him to run "to insure the continuation of the program already started" by him.

Mrs. Mary Earle Walker, suspended by Gov. Collins late last year, has said she is considering running for assessor again.

Meanwhile, candidates for 30 Seminole County offices up for election this year will begin qualifying at noon tomorrow.

Circuit Court Clerk David Gatchel predicted today that from 40-50 candidates will be in the races.

Before a candidate can run he must sign a loyalty oath to the U. S. and Democrat Party and must file a campaign treasurer's and expense report.

County offices to be filled in the 1960 general election are county judge, clerk of the circuit court, sheriff, tax assessor, tax collector, superintendent of public instruction, supervisor of registration, justices of the peace, constables, county commissioners from District 1, 2, 3 and 5 and members of the board of public instruction from District 2 and 4.

A special election is expected to be called by Gov. Collins to fill the District 2 commission seat vacated by Gatchel when he was appointed clerk.

District 3 Commissioner Lawrence Swoford is expected to face opposition, with one candidate already announcing he will run James Avery, a retired Navy chief, was the first candidate to signify he would enter.

District 5 Commissioner Homer Little still has not said whether he will run again. John Sillschick, has also announced he will run in the district.

The only commissioner seat not subject to this year's election is District 4, in which Vernon Dunn is the incumbent.

Tax Collector John Galloway has indicated he will run again as have County Prosecutor Karlisle Householder and Sheriff J. L. Hobbs.

In the school board election, Roy Main has announced he will seek the District 3 board post.

Arthur Beckwith has announced he will run and Gatchel and possibly others are expected to seek the circuit clerk job.

State Rep. Gordon Frederick and Mark Cleveland Jr. have announced they would seek re-election.

Anyone registered to vote in the county is eligible to run for office. Where the office is for a particular county district, such as constable or justice of the peace, the office seeker must be from that area.

Pees must be paid between March 1-15. If no candidate gets a majority in the May 3 primary, a runoff election will be held May 24.

# Terence Brown To Seek District 1 Commission Post

Terence V. Brown of Sanford said today that he will run for county commissioner from District 1. He was a chief warrant officer in the U. S. Army for 17 years. He has operated Brown's Amoco Service Station at Sanford Ave. and Second St.

Brown said he would qualify for the post Tuesday.

John Under is the incumbent commissioner from District 1, which includes part of Sanford and the northeastern section of Seminole County. He has not said whether he will seek re-election.

Brown moved to Sanford in 1927 and now lives at 2049 Washington Ave. He was chief warrant officer when he retired from the National Guard after 37 years of service.

Brown is a member of the Central Baptist Church of Sanford, the Sanford Masonic and Elks lodges and the Seminole County Sportsmen's Association. He is married to the former Helen Johnson. The Browns have six children, Mrs. Everett Harper, 24; T. V. Brown Jr., 22; Jeannette, 18; Stephen, 16; Susan, 11; and Darlene, 4.

TERENCE V. BROWN

# Explosion 'Rocks' Red Missile Base

HELSINKI, Finland (UPI)—A tremendous explosion believed to be that of a Soviet missile base blasted a Russian military area near the Finnish border on Feb. 27, reliable sources said today.

The sources said they had no information on the extent of the blast or what caused it but that it was not believed to be a nuclear explosion.

The explosion appeared to have taken place very close to the Soviet military installation at Alakurti, just north of the Arctic Circle and only a short distance from the Finnish border.

The Russians took over a strip of Finnish border in that area after World War II and expanded an existing German airfield into a military complex.

Kurti installations are believed to include missile sites from which the Russians could launch missiles toward the United States in event of hostilities.

# Nine-Year-Old Boy Drowns In Lake Near Paola Home

A nine-year-old Paola boy, Gary Vernon Jones, drowned Friday while playing in a small lake near his home.

Sheriff's deputies reported that other children playing near him pulled him into a hole in the ice. Deputy Justice Hugh Duncan said that death was due to accidental drowning.

Gary was born in Flagler, Colo. He lived in Sanford for five months before moving with his family to Paola. He attended Wilson School for the past month and Pinecrest Elementary School before that. He also attended Grace Methodist Church.

Survivors are his parents, Mr. and Mrs. V. R. Jones of Paola; three brothers, David, Kim and James Jones of Paola; and his maternal grandfather, St.erner Ekre also of Paola.

The funeral was held at 2:30 p. m. Sunday at Brisson Funeral Home, with Rev. W. Thomas Parsons Jr. officiating. Burial was in Oaklawn Memorial Park, Sanford.

# Girls Town Gets Land Donation

PALM BEACH (UPI)—Ex-showgirl Gregg Sherwood Dodge said today land had been donated for her "Girls Town, U. S. A." project for underprivileged girls.

Mrs. Dodge, wife of automobile heir Horace Dodge II, said the N. K. Winston-Sanson Florida Corporation gave 500 acres near the Mount Plymouth community. She said she accepted the gift after considering offers in 14 different locations.

Mrs. Dodge said her project is planned as an educational camp for girls from 10 to 17 selected on recommendations by welfare agencies and juvenile courts.

# Rotarians Mark 55th Year Here

Sanford's Rotary Club celebrated its 55th anniversary today at the Civic Center. Rotarians who had been president of the Sanford club during the past 30 years were present at the noon luncheon.

# President Lands In Chile; Met By Cheering Crowds

SANTIAGO, Chile (UPI)—President Eisenhower flew the Andean bump today to be greeted here by a large, cheering airport crowd in perfect 80-degree weather. Just before his arrival the government arrested five Communists for painting pro-Castro slogans along his route to the city.

Eisenhower, who left Argentina-U. S. relations at their highest point in this century when he departed Chile's neighbor to the east earlier this morning, had been preceded here by sharply differing reactions.

Right-wingers regarded his visit as something which Chile should be proud. The center regarded it as a United States recognition of Chile's importance in the scheme of things. The Communists denounced his coming as a "betrayal of the people."

A strenuous weekend of "trial

# 50 Arrested As Race Riot Breaks Out In London

LONDON (UPI)—More than 2,000 persons battled police and each other with fists and feet in downtown London Sunday in one of the worst outbreaks of race rioting ever seen here.

A number of persons received minor injuries in the melee, and 50 were arrested. Nine were taken to court today to answer charges of "insulting the police."

The fighting began when paraders headed by Sir Oswald Mosley, leader of Britain's pre-war Fascists, tried to break up an anti-segregation mass meeting in Trafalgar Square.

The fighting raged through the center of the city to a point within a stone's throw of Prime Minister Harold Macmillan's official residence before order could be restored.

Before Mosley appeared in the scene, Labor Party Leader Hugh Gaitskill had appeared before a crowd of 10,000 to demand a month-long boycott of goods from segregationist South Africa.

Mosley's paraders carried placards saying "Be right! Be white!" and "Boycott Jewish goods." They alternated between chanting "Keep Britain white!" and singing "Rule, Britannica."

Fighting between the two groups started almost at once, and police who tried to interfere were punched or kicked. Motorcycle police charged into the crowds to try to restore order.

"Two men who shouted 'Down with Mosley!' were punched, thrown to the ground and kicked," Mosley heads an organization known as the Union Movement, dedicated to halting the immigration of Negroes into Britain. Thousands have come here since the war, notably from Britain's West Indian possessions.

# Tampa Man Shot Over Cooking Row

TAMPA (UPI)—Frank Rawlings, 62, was shot to death Sunday in a dispute over how to cook wrung greens.

Police arrested Sam Human, 51, in connection with the slaying. They said Human killed Rawlings after Human and Rawlings argued over whether to keep the greens on turnip greens while cooking them. Rawlings came to his wife's aid and Human shot him, police said.

The two families occupied the same house.

# The Sanford Herald

WEATHER: Considerable cloudiness today and tonight. Turning cooler tonight. High today, 70-76. Low tonight, 50-58.  
VOL. XLIX United Press Leased Wire Established 1908 MONDAY, FEBRUARY 29, 1960 SANFORD, FLORIDA NO. 639

SURVIVOR WHO BAILED OUT OF MISSING PLANE is R. L. Gaudreau, shown being helped from rescue helicopter and taken to NAS hospital by Lt. Herman Pinkel, left, and Lt. James Smith. The helicopter pilot, Lt. (jg.) John Ogden, found Gaudreau when the crewman of the missing plane flashed a small flashlight. Gaudreau injured a leg in landing after he chuted out of the aircraft. (Navy Photo)

# Search For Jet Spreads To Coast

The search for a missing Navy jet bomber began to spread along the east coast of Florida and the Atlantic today as no clue to the plane and two crewmen had been found since Wednesday.

Sanford Naval Air Station officials said at noon that no indication of what happened to the plane, or where it may have crashed, has turned up in a thorough air-ground hunt which has involved as many as 250 searchers.

Still missing with the aircraft are the pilot, Lt. G. E. Dotson and bombardier-navigator, Lt. C. E. Faulkner. The lone survivor of the mystery, R. L. Gaudreau, said he only remembers an order to bail out, which he did.

# DeBary Fire Fund Over \$4,223 Mark

The fund for the DeBary Volunteer Firemen's Recreation Building is growing steadily.

Previously acknowledged contributions came to \$4,223.

Social activities have brought in \$52.00. Two anonymous contributions totaled \$11.50. Individuals contributing were L. I. Jacobs, \$5; Miss Ruth Balch, \$5; Mr. and Mrs. J. L. Hering, \$100; Mr. and Mrs. Harry Freeman, \$5; and Mr. and Mrs. Vernon Caloe, \$25.

Contributions of \$5.00 and \$10.00 were given in memory of E. J. Esterkamp.

# India To Bolster Defense Funds

NEW DELHI (UPI)—Finance Minister Morarji Desai announced today that India will increase its defense spending by \$27 million "against the background of the present threat to our borders."

# Senate Begins 24-Hour Days

WASHINGTON (UPI)—The Senate convened at noon today for around-the-clock debate calculated to continue until action is taken on a civil rights bill.

Army coats were in place for firing members who braced themselves for the ordeal of another historic talkathon.

Sen. Richard B. Russell (D-Ga.) leader of the southern bloc opposing civil rights legislation, was ready with a long opening speech.

Democratic Leader Lyndon B. Johnson, backed by Republican Leader Everett M. Dirksen (Ill.), ordered the continuous session after 11 days of debate failed to break the civil rights deadlock.

Senators and their aides prepared to spend the nights at the Capitol. Key Senate employees were put on staggered work schedules and the restaurant planned to remain open 24 hours a day.

There were unconfirmed reports that efforts might be made this week to advance House debate on civil rights to remove some of the pressure from the Senate's grueling schedule.

But House debate is not slated to start until the middle of March and there were no immediate indications of any plans for a speed-up.

The Senate has not held a round-the-clock session since 1957 when Sen. Strom Thurmond (D-S.C.) led a filibuster record with a continuous speech of 24 hours and 14 minutes against a civil rights measure.

The longest session in Senate history was 86 hours and 46 minutes in 1954, broken by one 24-minute recess, on amendments to the Atomic Energy Act. After a Sunday recess, the debate ran continuously for another 35 hours and 57 minutes.

As the Senate headed into the new round-the-clock session, there were these developments in the hot civil rights battle:

Southerners walked a tightrope in opposition to the bill. They were committed to a last-ditch fight but did not want to antagonize moderates, who—if angered—might support even stiffer legislation. Russell said the Southerners had no definite strategy plans for the continuous session.

Russell said he regarded the rash of lunch-counter seating incidents in the South as an effort "to incite a race riot and therefore inflame the people of this country against the people of the South."

# News Briefs

**'Mr. Baseball' Dies**  
ST. PETERSBURG (UPI)—Funeral services for Albert F. (Al) Lang will be held Tuesday at Christ Methodist Church, with burial in Royal Palm Cemetery. Lang died Saturday at 88. He was known as "Mr. Baseball" for his work in the sport. The joint legislative interim committee on finance and taxation granted \$23,000 to the University of Florida, Miami, Florida State and Rollins College to make the study and report by June 15.

# Japanese Heir Named

TOKYO (UPI)—Emperor Hirohito today solemnly bestowed the name Naruhito and the title Hiro-No-Miya upon his grandson who may someday sit on the ancient chrysanthemum throne of Japan. The child, born seven days ago to Crown Princess Michiko and Crown Prince Akihito, received his name from the emperor at the palace in a ceremony that goes back more than 1,000 years.

# Senator Rests

MIAMI BEACH (UPI)—Sen. Thomas J. Dodd (D-Conn.) was reported resting comfortably today at St. Silas Hospital where he was said to be suffering from "extreme fatigue." Dodd, 52, suffered an attack Saturday night while seated at the head table at a Democratic fund-raising dinner at the Fontainebleau Hotel. He was helped to his room and later moved to the hospital.

# Truman For Defense

MIAMI BEACH (UPI)—Former President Harry S. Truman took another slap at the Eisenhower administration Sunday night, declaring "it is a lot better to have a secure nation than a good campaign argument." In a talk to the inaugural conference for the 1960 sale of Israel bonds, Truman told his audience to "beware of people who belittle the danger to the security of the free world, and use the smiles of Russians to justify slashing our defense budget."

# Longwood Zoners To Meet Tonight

Longwood's new zoning commission will have its first meeting tonight in the town hall.

The five-man commission will discuss amendments, additions and deletions to the present zoning ordinance at the 8 p. m. meeting. The Longwood Town Council will meet at 8 p. m. Thursday in the Town Hall.

# Dairyman School Scheduled Tuesday

A joint Seminole and Orange County dairy school will start at 7:45 p. m. Tuesday at the Orange County Agricultural Center, 2520 E. Michigan Ave. in Orlando.

The school is designed to aid area dairymen on the current price of dairy products.

# Senate Begins 24-Hour Days
