

Eddie Sobczak, Michigan State football end, is a first string out-felder on the Spartan baseball team.

Over half the farm land in the United States is not included in soil conservation districts.

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF THE STATE OF FLORIDA, IN AND FOR SEMINOLE COUNTY IN CHANCERY No. 4177

GEORGE M. GODING,

THE VICTIM of a "camera-gun" shooting some months ago, Mrs. Olga Ruocco is shown recuperating in Roosevelt Hospital just before she entered a claim against the city of New York for \$200,000 charging lack of police protection. Her left leg was amputated as a result of the shooting, which was plotted by her husband, Alphonse, who was later slain by officers. She claims that police failed to provide adequate protection when she told them of her late husband's threats. (International)

IT IS FURTHER ORDERED that this order be published once a week for four consecutive weeks in the Sanford Herald, a newspaper of general circulation, published in Seminole County, Florida.

WITNESSE my hand and the official seal of this court, this 20th day of January, A. D. 1947.

O. P. HERNDON

Clerk of the Circuit Court, Seminole County, Florida.

THE STATE OF FLORIDA, BY: L. L. BURDICK, D.C. (Cl. Cl. Seal)

From where I sit... by Joe Marsh.

## Where Cissy Spent Her Honeymoon

Most of the young newlyweds in our town spend their honeymoon at Roundtop Lake or Jackson Falls; why the Martins even went as far as New York City.

But when Cissy Copper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.

"There's no place better than our town," Cissy says. "And I'd like to start married life at home, with things that I and I've used in."

Make sense, come to think of it. Folk naturally left them alone; and except for occasional visits to the Garden Tavern for a glass of beer, they stayed at home, getting used to married bliss.

My missus prefers traveling—and that's her right. But from where I sit, there's no place better for a honeymoon—or second honeymoon—than right at home, with your own possessions, good home cooking, and a friendly glass of beer or two—with the best company in the world.

## Attlee Asks More Work From British

### White Paper Insists Production Must Be Increased If Eng- land Licks Crisis

(By Associated Press)  
Prime Minister Clement Attlee of Britain today issued a White Paper that told the war-strained nation that British production must be increased sharply if England wants to lick the crisis that threatens the foundations of its national life.

Without dramatizing the Prime Minister told the British public that 1947 has only two priorities—more coal and more workers. This is how Attlee says the Labor government proposes to achieve them:

(1) To mine more coal, British miners will be exempted for five years from military service, 35,000 more miners will be recruited and, production goals will be raised to pre-war standards. In addition, Attlee says England must have nationwide fuel rationing.

(2) To get the Labor Attlee says nearly 1,000,000 men will be taken from the armed forces. Foreign workers will be brought in. Housewives will be asked to consider factory jobs. Veteran workers will be asked to stay on the job past normal retirement age.

Attlee says Britain's export goal has been set at (Continued on Page Three)

## Chief Thomas Has Cracked Bone As Result Of Explosion

X-rays have revealed a cracked bone in the left foot of Assistant Fire Chief R. T. Thomas who was knocked unconscious Wednesday morning by an explosion in the fire gutted fertilizer plant of Nelson and Company in Oviedo.

The explosion is believed to have been caused by dynamite stored in the building, according to Thomas who reported that he had been informed of this fact by workers at the plant after the explosion.

Colis Godwin, who assisted Chief Thomas at the fire after the blaze was made from Sanford at 6:45 A.M., declared that he was thrown back 12 feet against the railroad embankment by the force of the explosion, and that although dazed by the shock went to help Thomas whom he had seen fall forward. He met the latter who had come to and was sprawling to safety. Godwin said that he then retrieved the spray nozzle and gave attention to burning embers thrown on nearby buildings.

Aside from a violent headache Wednesday, Thomas said that he had felt no bad after effects. "After the explosion I felt the top of my head and was very much surprised to find it there," he said this morning with a broad grin.

Rain yesterday morning removed the threat of grass fires. On Wednesday seven runs to put out grass fires were made, according to Chief Mack Cleveland. The first grass alarm came at 12:42 P. M. in Maple Avenue between Fifth and Sixth Streets where flames had crept within a few feet of the pipe line of North Atlantic gasoline tanks. One of the largest grass fires put out was on West First Street outside of the city limits.

### COURT RECAPS

The Circuit Court of the 9th Judicial District reconvened this morning at 10:00 o'clock and was in the death of Sheriff C. M. Hand, it continued all cases, civil and criminal, and recessed, subject to call, according to O. P. Herndon, clerk of the court. When Circuit Court reconvened the Seminole Bar Association will conduct appropriate memorial services for the late Sheriff Hand in open court. It was announced.

## Green Rejects All Curbs On Labor

SPEAKING before the Senate Labor Committee in Washington, D. C., William Green, president of the AFL, warns that current Senate labor bills are "ill-considered in the extreme" and that their passage "would produce such great industrial confusion as to seriously undermine the present United States world position." (International Soundphoto)

## Deaths Increasing Due To Weather In Northern Europe

LONDON, Feb. 21.—(AP)—The long cold spell grew worse today in central and northern Europe. Eight more persons died of exposure in Berlin. Sweden was almost surrounded by masses of ice, and the fuel shortage grew more acute in the British Isles. Bad-weathering returned to much of northern Italy, and fuel shortages cut deep into the economic life of Belgium and Holland.

LONDON, Feb. 21. Winter has tightened its grip today on central and northern Europe. Berlin police announced that eight more persons have died of exposure, boosting the toll in the German capital to approximately 180 such deaths since Dec. 1, 1946.

A new blizzard has swept in from the east to batter England's southern coast. Shipping conditions in the Channel are the worst of the winter and new alarm is expressed by British Fuel Ministry officials. They are concerned about the probable effect the new snow and protracted cold will have on the movement of coal and gas supplies. Householders in many areas are finding it impossible to buy wood or coal. Sweden is almost entirely shut out from its supplies.

## Major A. S. Whorton Visiting In Sanford

Major Allan S. Whorton, former director of the local Salvation Army Post who was recalled to active duty to serve in the Pacific, returned today to visit friends in Sanford. On a year's leave of absence, Major Whorton is living with Mrs. Whorton in Orange City in the home they purchased during the time he was in Sanford. During his nine months in the North he talked continually about the advantages of Central Florida, he reported.

Major Whorton has served for many years with the Salvation Army. Prior to coming to Sanford he had served three years at Beaver Falls, Pa.

### TOURIST MEETING

Veterans of Foreign Wars Post 2222 will be host to members of the Tourist Club at the Tourist Center on Monday evening. A supper will be served and entertainment will be provided and out of town visitors are invited to attend.

### BOARDS MEET

The Sanford zoning board of which J. L. Ingley is chairman met yesterday afternoon at the City Hall. Included on the board are Edward P. Lane, secretary, Edward Higgins, Fred Dyson and Frank Ashdown.

## Eastern Area Demoralized By Blizzard

### Schools Are Closed In Rural Sections And Transportation Widely Interrupted

LAKELAND, Feb. 21.—(AP)—Temperatures are expected to dip to freezing or below in extreme northern Florida tonight, and scattered frost is expected in that section. Elsewhere it will not be so cold, and rising temperatures are expected for the remainder of the weekend. The invasion of moderately cold air brought temperatures down to 39 degrees this morning in Apalachicola and Jacksonville. Here are the afternoon forecasts from the Weather Bureau:

Florida—Fair and colder this afternoon and tonight. Lowest temperature 30 to 35 degrees with scattered frost in extreme north portion tonight. Saturday, partly cloudy with little change in temperature on the lower east coast, otherwise fair and continued cool. Fresh northwestern to northerly winds this afternoon becoming moderately northerly tonight and moderate to northeasterly Saturday.

NEW YORK, Feb. 21.—(AP)—At least 23 deaths have been attributed to the biggest snowstorm of the winter in the eastern United States. Five persons were killed in highway accidents during the wind-whipped storm in Pennsylvania. Two persons are dead in Connecticut. One man was killed in a traffic accident, and the other died of a heart attack after walking through heavy drifts. The other victim was a New York City man who died of a heart attack after shoveling snow.

By ASSOCIATED PRESS  
The Eastern Seaboard is wrapped in a heavy mantle of glistening white today with most areas experiencing the heaviest snowstorm of the winter. It began snowing yesterday afternoon and still was snowing in some sections this morning. In New York City the weatherman said the snowfall may continue until today noon.

Drifts two to four feet deep are a common sight throughout most of the affected area. Schools have been closed in some rural parts of the storm belt. Highway traffic generally is unimpeded. Airlines have cancelled flights in and out of snowbound airports. Trains are running behind schedule.

The storm has been described as a real old-fashioned winter (Continued on Page Three)

## Chase Thanks Public For Help In Drive

Total net receipts of the March of Dimes campaign are now more than two thousand dollars in exact figures, \$2,043, according to Randall Chase, chairman of the drive. "The response to appeals for funds with which to combat infantile paralysis has been very gratifying," said Mr. Chase. "A number of subscriptions were sent in which were not directly solicited, which indicates a wholesome interest in this worthwhile cause. "All contributions have been acknowledged through the press, as it was impractical to make a direct acknowledgment to each contributor," he declared. On behalf of the Seminole County Chapter of the National Foundation for Infantile Paralysis, Mr. Chase as chairman of the drive, expressed appreciation to each person who contributed or assisted.

## \$12,000 IS PLEDGED BY METHODIST MEN FOR RECREATION BUILDING

Approximately 80 members and guests of the Methodist Mens Club last night, pledged nearly \$12,000 over a two year period to be applied on the recreation building and Sunday school class rooms to be erected north of the First Methodist Church. The building will include complete recreational facilities for all youths of Sanford and Seminole County, and youngsters from all denominations will be welcomed to enjoy the facilities. Rev. George E. Henninger, a retired Methodist minister, guest speaker for the meeting, now staying at Fellowship College, pointed out the spiritual as well as material benefits that resulted from tithing by church members. He told of the great success his Methodist Church in Indianapolis enjoyed from the tithing plan, and of how representatives of the church elsewhere came to find out why a church, composed largely of working people, was accomplishing so much financially. George Lindsey, a guest from Steubenville, Ohio, also stressed the value of tithing and declared that when he started this practice he was broke and despairing but now is happy and prosperous. The Rev. J. E. McKinley announced that the month of March will be a month of tithing for the church. He cited the example here of the Little Nazarene Church of 20 members building a \$20,000 church, with some members even mortgaging their homes to do so. He added that he was not requesting his members to mortgage their homes, but would like from them the same spirit of giving, and expressed confidence that they would respond.

# House Group Approves Ban On Portal To Portal Suits

### Death Toll Rises In "Red Arrow" Derailment

THIS GENERAL VIEW OF WRECKAGE SHOWS THE AREA (top) where five cars and two locomotives of the Truck Pennsylvania Railroad passenger train, "Red Arrow" jumped its rails and plunged over a 150-foot embankment, ten miles west of Altoona, Pa., killing 25 persons and injuring 124. One of the victims of the wreck, George C. Bowman of Tyrone, Pa., is shown (bottom) getting blood plasma and oxygen treatment at the Altoona, Pa., Hospital. He hung by his legs in the wreckage for eight hours before acetone fumes freed him and ended his ordeal. Cause of the accident remained unknown. (International Soundphoto)

## Unstable Chemical Given As Cause Of Los Angeles Blast

### Death Toll Now Given As 15 With About 150 Reported Hurt

LOS ANGELES, Feb. 21.—(AP)—Police and firemen worked through the night under floodlights seeking possible victims in the wreckage of the world explosion in Los Angeles on 27 years. The official count of casualties now stands at 16 known dead and 151 injured. The explosion occurred when perchloric acid set off in the electroplating plant of the J. J. O'Connor Corporation. Perchloric acid is a highly unstable chemical which is usually kept under pressure in refrigeration. At ordinary temperatures it becomes a seething, heavy liquid. There has been no explanation of the detonation of the acid in the plant. The head of the firm, J. J. O'Connor, said the plant had been plating hospital bed and chairs with aluminum for the government by a secret process. It was the worst explosion in Los Angeles since 1910 when the dynamiting of the Los Angeles Times Building took 20 lives. Most of the victims were in the electroplating plant or in adjacent heavily damaged buildings. (Continued on Page Three)

## Lions Club Plans To Sponsor Again Junior Baseball

The Sanford Lions Club will again sponsor its Junior Baseball League, it was announced at the luncheon meeting today at the Hotel Henry White when selected Harry Holson, chairman of the Boys and Girls Committee, to contact schools and get the boys lined up for the season of play.

A letter from Governor Caldwell was read designating March 2 to 8 as slight conversation week. W. V. Biting was directed by King Lion White to give a speaker on the subject of a coming meeting. The scheduled traffic safety talk by State Highway Patrolman N. J. Bender was postponed due to the death of Sheriff Hand, it was announced.

The scheduled traffic safety talk by State Highway Patrolman N. J. Bender was postponed due to the death of Sheriff Hand, it was announced. A letter was read from the Florida Council to the Blind requesting aid in raising \$2,000 for use at the Holly Hill vocational school for the blind. Thanks for Lion donations to the March of Dimes was expressed in a letter from Randall Chase, campaign chairman. Elmer D. Wagner of Pennington, N. J. was welcomed as a guest and spoke briefly on Lion ideals of service. Other guests welcomed were C. E. Crume of Jacksonville and John E. Mayer of Winter Park.

### BURKE RESTENCED

ATLANTA, Ga. Feb. 21 (AP)—The president of the anti-negro and anti-Jewish Columbians, Henry Burke, was sentenced today for violating an injunction against him for instigating a riot in the case which arose from clashes last fall between the Columbians and negroes in Atlanta.

### ADMIT LYNCHING

GREENVILLE, S. C. Feb. 21 (AP)—The Sheriff at Greenville, R. H. Bearden, said that he obtained signed admissions yesterday from 11 taxi drivers that they took part in the lynching of a negro, Willie Park, who was taken from the Pickens County jail by a mob after he had been taken as suspect in the fatal stabbing of a taxi driver.

### TEACHERS MEET

The Seminole Teachers Club will meet Monday at 8:00 P. M. at the Oviedo School and all white teachers and principals are expected to attend, according to Capt. T. W. Lawton.

## Death Knell To Junkers' Prussia Ordered By Allies

### McNarney Says Area Is Destined To Be Wiped Off The Map

BERLIN, Feb. 21.—(AP) General Joseph T. McNarney announced in Berlin today that Prussia, the birthplace of German militarism, is to be wiped off the map. The American commander in Germany, and the Allied Control Council has agreed to frame a law dissolving the playground of the Junkers. The council action will confirm in law the partition of East Prussia brought about by Russian and British occupation of the Prussian state. General McNarney, in his last news conference today as American military governor, declared world security demands that Germany be kept under occupation for 10 to 15 more years. The General soon will become the Army Air Force representative on the United Nations Military Staff Committee.

General McNarney also said that the Russian commander in chief has informed him that passes into (Continued on Page Three)

## New Power Plant At Riviera To Open

One of the country's finest plants for generating electricity will be formally opened Tuesday, Feb. 25 at Riviera, near West Palm Beach, by the Florida Power and Light Company. McGreger Smith, president, announced today. The public is invited to attend the opening and inspect the plant between the hours of 2:00 and 6:00 P. M. Although much of the power used in Sanford comes from the local station, the fact that the different power plants are in one large hookup may mean that at times Sanford may draw current from the new Palm Beach plant. H. H. Coleman local manager of the company pointed out today. The new plant is the most powerful single generating unit in the company's circuit.

## A F Of L Official Admits Workers Must Be Deprived Of Some Wagner Act Rights

WASHINGTON, Feb. 21, (AP)—The House Judiciary Committee today approved a measure which would have the effect of practically outlawing all portal to portal claims. So far the Senate Judiciary Committee has not reached agreement on a similar measure.

The Senate Judiciary Committee has failed to reach final agreement on legislation approved yesterday by its sub-committee for banning portal suits.

Senate committee members indicated that questions have arisen concerning the constitutionality of some terms of the Senate measure. The committee chairman, Senator Alexander Wiley of Wisconsin, has declined comment. But Senator Harley Kilgore, West Virginia Democrat, said a way is being sought to prevent the bill from barring the portal suits of a "legitimate" character.

Another member of the group, Senator Cooper of Kentucky, said he is satisfied that the bill does not eliminate such claims.

Meanwhile an A F of L official told Congress that workers who strike to force employers to violate the law should be penalized. The official, Vice President George Q. Lynch of the A F of L Metal Trades Department, urged that the workers in such circumstances be deprived of their rights under the Wagner Labor Relations Act.

Lynch was the first union (Continued on Page Three)

## Millions For Relief For Europe's Poor Asked By Truman

WASHINGTON, Feb. 21.—(AP) President Truman asked Congress today for more than \$450,000,000 for relief and for the people of liberated countries abroad. Mr. Truman told Congress that UNRRA full-scale supply operations are rapidly drawing to a close, and he said that the United States cannot abandon this effort until it is met.

The President referred only to relief operations in liberated countries, such as Germany and Austria, and not to the war-torn nations of Europe.

The President said that the \$450,000,000 is being asked for the balance of the year. He said that the relief of the liberated countries will face a critical period this spring and summer when UNRRA shipments cease and harvests are not yet available. UNRRA is scheduled to wind up its operations by May 31. Mr. Truman said he thought the relief contributions should be used only for providing such basic essentials as medical supplies, food and items which will aid in the production of foodstuffs. The President urged the Congress to act promptly to insure we do not stop short of the goal that we do not endanger the permanence of the gains we have helped to achieve.

## Governor Caldwell Offers Citrus Help

WINTER HAVEN, Feb. 21 (AP) A troubled Florida citrus industry meeting today in Winter Haven heard Governor Caldwell lead encouragement in an effort to solve its problems. Caldwell said the season's losses could have "been reduced by better methods and practices" and warned that "this is no time for bickering." The Governor added: "You can depend upon the Legislature and the Administration for the maximum encouragement and assistance in passing laws to improve conditions in the industry."

### CITY HALL CLOSES

City Hall offices closed between the hours of 3:00 and 4:00 o'clock this afternoon during which time the funeral of the late Sheriff C. M. Hand was held.

BROADWAY BY JACK O'BRIEN

NEW YORK—Of all communities, Broadway is the clump for taking casual attitudes toward situations which anywhere else would start moral conditions.

Azalea Time In Florida

WINTER HAVEN, FLA. . . . Azaleas are blooming over the state of Florida now, and here in Cypress Gardens, Jean Strickland and Laurel Norden make a picture of the "Old South" with the colorful blossoms as a background.

WHILE DEMONSTRATING outside the White House against the proposed peace-time conscription, a group of conscientious objectors heard what they said were their draft cards. Most of the "draftees" had served sentences during the war.

MOTION picture producer Cecil De Mille looks intense during his appearance before the Senate Labor Committee in Washington. The film magnate, ruled off the air because he refused to pay a \$1 million assessment, charged that the closed shop was monopolistic and urged Congress to give a "second Emancipation Proclamation" to American workers.

LYING ON AN OPERATING TABLE in St. Mary's Hospital, Amsterdam, N. Y., Elmer Tuttle, 42, signs a statement which states, according to District Attorney Charles S. Tracy (right), that he killed his wife with a shotgun and then turned the weapon on himself. Holding the confession at hospital personnel look on in Sheriff William L. Jones. Tuttle died a few hours after signing the statement.

All mahogany is imported from the tropics, the various kinds named to indicate their specific sources. "Philippine mahogany," however, is not genuine mahogany as it comes from trees that are in no way related to the mahogany tree. The others are Cuban mahogany, Honolulua mahogany, Mexican, Amazon, African and Peruvian mahogany.

AUTOMOBILE GOOD BETTER BEST

GOOD—Liability with \$100 deducted from each collision or upset claim. Our yearly savings to you \$14.00.

BETTER—Liability with \$50 deducted from each collision or upset claim. Our yearly savings to you \$17.20.

BEST—Liability with \$25 deducted from each collision or upset claim. Our yearly savings to you \$26.40.

BESTEST—Liability with 80% collision or upset. We pay 80% of all collision or upset claims of \$1 to \$250, and 100% of the amount in excess of \$250. Our yearly savings to you \$73.90.

BIBLE VERSE FOR TODAY

HE WHO THINKS HE CAN VIOLATE THE LAW USUALLY SMASHES UP TRAGICALLY. The fear of the Lord is the beginning of wisdom.—Prov. 9:10.

Defective wiring was given as the probable cause of the fire in Oviedo which destroyed between \$100,000 and \$150,000 worth of property and nearly cost the life of a Sanford fireman when a stock of dynamite exploded.

The Deland Sun News reports a movement on foot to move the Deland Memorial Hospital to the former dispensary at the Deland Naval Air Station. Sanford has just completed a similar move to the advantage of all parties concerned.

Construction permits declined from \$87,319 in January to \$23,660 in February, but Sanford residents should not take this as any indication that either residential or business construction in this area is coming to a standstill. There are hundreds of people waiting to build until labor and materials are available.

The sad plight in which the British Socialist government finds itself is illustrated by Prime Minister Attlee's announcement that it may have to import displaced persons from the occupied zones of Germany and Austria in order to get the coal needed in factories and homes out of the ground. Meanwhile Britain's own labor, tired out by the war, dreams of economic security and debates the 30-hour week, utterly oblivious to the fact that imported slave labor will only undermine their own jobs.

There may be no direct connection between the Pennsylvania Railroad's reported loss of \$8,530,000 due to operational difficulties attributed to "government regulation" and Wednesday's railroad wreck which took a toll of 21 lives with 117 injured. It was the first time in its 100 year history that the Pennsylvania had been operated at a loss. But one thing is sure, railroads, and no other business, for that matter, can keep on equipment, make necessary repairs, buy new rolling stock if it cannot show a profit.

Britain's decision to turn the Palestine problem over to the United Nations is not very different from the American withdrawal in China. Both are motivated by a self-interested desire to let the other fellow stew in his own juice. It will be interesting to see now just what the UN can do about Palestine and how it will enforce its decisions in the event they aren't unanimously accepted. It would be interesting to see what the United States would do about it if the UN decision called for the use of troops, a large part of whom were to be supplied by the United States.

One of Florida's most picturesque law enforcement officers laid down his badge and gun Wednesday noon when Sheriff Charley Hand died at Sanford's hospital at the age of 76. For over 50 years he had enforced the state laws in what is now Seminole County even before there was a Seminole County, and despite an occasional defeat at the polls he always managed to come back stronger than ever so that he finished up his career with three straight reelected victories. Although he was a perfect specimen of the Hollywood version of the tough and ready sheriff of the western plains, he never found it necessary to use his gun or his gun and he was as liked and respected by Seminole's large population as by the whites.

Washington The Man

Tomorrow is George Washington's birthday and there is every reason in the world to celebrate the occasion for he was "first in peace, first in war and first in the hearts of his countrymen" and truly "the father of his country."

But he didn't throw a dollar across the Potomac River, chop down the cherry tree and do a lot of other foolish things which little children are sometimes taught in schools. And he did get pretty mad sometimes and use a well selected vocabulary of choice cuss words.

If George Washington had been alive today probably the first thing that would have happened to him would have been his arrest for violating the child labor laws, or at least his parents', for he had mastered the difficult task of surveying by the time he was 14 and at 16 he was the assistant surveyor on a rough western expedition.

Washington was of powerful build and carried a bulk of some 220 pounds on his six feet three inches of frame, but he wasn't a thing of beauty, as certain paintings of him would seem to indicate. As a matter of fact, he suffered a serious case of smallpox while he was still a youth and the scars followed him to his grave.

Although he had a way with the ladies, he was not as invincible in the drawing room, as he later proved to be on the field of battle, and was rejected as a possible suitor on at least two occasions before he married, Martha Curtis. And even after his marriage he tolerated a roving eye and at one time developed a romantic attachment for the wife of one of his Virginia friends.

Worse than all that, Washington worked hard from the earliest days of his childhood, saved his money, invested wisely in real estate, developed a large plantation, and became one of the richest men of his time. He loved displays of finery and sometimes drove out in a coach and six, with outriders and lackies clothed in rich livery, and himself outfitted in black velvet, silk stockings, shoes with gold buckles, yellow gloves, powdered hair and a cocked hat with ostrich plume.

But withal, he had certain qualities of character which contributed more to his greatness and to the success of the Revolutionary cause than his military genius. He was industrious, punctual, efficient and economical and he enjoyed in an unusual degree the ability to win friends and maintain the confidence of the army and the people.

The Nation's Future

Maybe the most important thing in this country today is the shortage of teachers in the public schools. This seems to be one of the serious problems that creep unexpectedly into a nation's life and suddenly demand solution. A survey by the New York Times indicates, to that important newspaper, at least, that millions of children today are not getting proper education. It comes about, says a Times writer, because so many teachers have been quitting their occupations in quest of "better jobs."

To many people this statement may seem merely interesting, or even amusing; to serious minds it seems no less than tragic. For how are the children of this great nation to be taught adequately for their own future and the nation's future, unless they continue to have the best instruction available?

Loyalty Vs. Profit

This is a story they tell about Winston Churchill. He hailed a taxi and told the driver he wanted to be taken to a broadcasting station.

"I'm sorry but I won't be able to take you," the driver said. "It's too far away."

Mr. Churchill said he had never been turned down by a taxi on such grounds before.

"Well, you see, gov'ner, it's like this," the man explained. "Winston Churchill is broadcastin' in a 'alf 'our and I want to get 'ome and listen to 'im."

This pleased Mr. Churchill so that he pulled out a pound note and gave it to the driver. Whereupon the latter exclaimed: "Get in, sir. I'll drive ya. Tell with Winston Churchill!" — Harold Heffer in Your Life.

Lichfield Colonel Is Up For Promotion. WASHINGTON, Feb. 21.—(AP)—The War Department explained yesterday why the name of Col. James Killian is included in the list of Army officers up for promotion which goes to the Senate. Killian was convicted by court martial and was fined \$500 on charges growing out of investigations of brutality to American prisoners at the Lichfield prison camp in England. Killian's nomination for promotion from Lieutenant Colonel to the permanent rank of Colonel was sent to the Senate in the last Congress. It was not acted upon because his case then was then being tried. The War Department said it now is compelled by law to include Killian's name in the promotion list again. The Army Public Relations Director, Maj. Gen. Floyd Parks, said the War Department has been working for more than six months on legislation to amend the law requiring automatic promotion by seniority. It is under this law that Killian's nomination comes up, despite his court martial conviction. Parks explained that Killian will be promoted if he meets certain requirements as to service and eligibility and Parks said Killian meets these requirements.

THE SEMINOLE COUNTRY CLUB WISHES TO THANK THE FOLLOWING FOR THEIR SUPPORT IN SPONSORING THE PROFESSIONAL-AMATEUR TOURNAMENT SUNDAY FEBRUARY 23rd. Florida State Bank, Yowell's Store, Angel's Eat Shack, B. L. Perkins Store, Iray Shoe Store, G. W. Spencer, Atty., Touchton Drug Co., Sanford Fruit Co., Welch & Ponder, Thorpe Furniture Co., Gulf Oil Corp., Sanford Auto Parts, Andrew Carraway Agency, Goldsboro Package Store, Junior Chamber of Commerce, ED LEVY, Manager

Very truly yours, Claude Pepper

Dear Friends: Just a week before the disastrous cold wave which did so much damage in Florida to our fruits and vegetables, I wrote a letter to Secretary of Agriculture telling him that I wanted to introduce legislation providing crop insurance for our citrus fruit. After several years working on it with the Department of Agriculture, I got the Department to assemble a great deal of information on citrus insurance. In fact, we had it to the point where the Department was prepared to recommend to the Congress inclusion of citrus in the Crop Insurance Program. Then the reactionary forces in Congress repealed the whole Crop Insurance Law in 1943 which meant that time covered wheat, cotton and rice. In 1945 when the law was revised, wheat, cotton and rice were included on a national basis and in certain counties, corn and tobacco were included on an experimental basis. I am hoping that we can get the Senators and Congressmen from all the citrus states to go in a body to the Crop Insurance Board in the next few days and insist that we provide crop insurance for citrus fruit in 1948. It is enough for the grower to have to gamble with the market. He should be insured against the hazards of weather and disease. The foot and mouth disease which is now raging in Mexico threatens a disaster to our livestock industry in Florida and the whole country if it spreads into this country. The infection in Mexico started in Vera Cruz and went up to Mexico City and it has reached certain sections of the northern part of Mexico. We had hearings before our Agriculture Committee, which Senator Hand and I attended last week. At that time a representative of the Department of Agriculture came and told us the whole story. Now Senator Pepper, as Chairman of our Committee, has introduced legislation to authorize and to provide funds to the Department of Agriculture to help the Mexican authorities in keeping the disease from spreading into this country and to try to stamp it out in Mexico. The State Department is seriously considering closing the Mexican border against any cattle coming in. We see then that our security in health matters as well as in other matters cannot be assured merely by the protection of our own borders. Just as we tried to defend America in the early days of the war by keeping the Nazi aggression shut up in Europe, we are finding it necessary now to try to stamp out this destructive animal disease in Mexico as the best way to keep it from coming here. Sometime we will get wise enough to stamp out disease in all parts of the world because dangerous disease anywhere is a threat to the health of people everywhere. And we are finding that the same

principle applies to other diseases like poverty. Vast areas of the world impoverished with poverty, hunger and disease are a threat to the security and the safety of people everywhere as well as to the prosperity of other people elsewhere. Our own self interest will lead us in time also to try to wipe out this dire poverty in other parts of the world which threatens our prosperity here and enlightened self interest will lead us to try to help those people to help ourselves. That is essentially what is involved in the Reciprocal Trade Agreements fight here. Some of the leading Republicans think America can be a prosperous island in an impoverished world and would try to build again the old Smoot-Hawley Tariff wall of the early 1890's around this country which helped push us into a depression which cost us as much as World War I has cost. The reactionaries in Congress who are opposed to public power as developed in the Tennessee Valley, who don't really believe in democracy and who want to keep out of public office and public places those who do believe in democracy have now formed a coalition against Mr. David Lilienthal, the President's nominee to be Chairman of the Atomic Energy Commission. The action against Lilienthal shows the point of view of the opposition and what they are willing to do. They even brought up that his parents are foreigners born in Czechoslovakia. They try to make Mr. Lilienthal out neither a communist or a sympathizer with communism. They say if they cannot convict him of being a communist at least he is a New Dealer. These little men who damn Lilienthal for being a New Dealer don't realize that without the New Deal Public Power Projects in the great west and in the Tennessee valley, which David Lilienthal developed and operated, according to Wendell Willkie, we could not have won the war. These little critics of the New Deal don't realize that without the TVA power which Lilienthal administered and without the New Deal vision of Franklin Roosevelt, we would not have had the atomic bomb. And these little men who denounce Lilienthal don't realize that without the ever normal farm policies that built up great stocks of cotton and wheat and other farm commodities, another part of the New Deal vision, we could not have won the war. And they don't realize either that if it had not been for the New Dealer, Franklin Delano Roosevelt, who laid the foundations of the United Nations and really got the going, we would not have had the United Nations and we would not have had an International Atomic Energy Commission and we would not have had a Chairman of the Never mind Franklin Delano Roosevelt and his New Deal, like the memory of Abraham Lincoln, who has his own banking critics, will be living, vital and strong in the lives and in the hearts of men, women and children all over the world when these rock-throwers and world-haters and mud-slingers are forgotten. Very truly yours, Claude Pepper

Keep it up, away from hot sun, shade or a hot stove.

# Social And Personal Activities

— TELE. NO. 148

## Social Calendar

**FRIDAY**  
The First Methodist Church choir will meet at 7:30 at the church.

**MONDAY**  
The Dependable Class of the First Methodist Church will meet with Mrs. E. G. Kilpatrick, 228 West Eighteenth Street, at 7:30 P. M. with Mrs. Nancy Brock as co-hostess. Each member is asked to bring an article of infant's clothing for a needy family.

The Past Matrons of the Order of the Eastern Star will meet at 8:00 P. M. with Mrs. Joe Corley on Cameron Avenue.

The Beardsall Avenue Chapel circle will have a luncheon at the chapel. All members are urged to be present.

The Truth Seekers Class of the First Methodist Church will meet at the annex at 3:00 P. M.

**Skits, Dances Given At Woman's Club**

A group of skits and dances was presented by the Leiner Dramatic Studios and the Coghlan School of Dancing under the sponsorship of the Woman's Club at 8:00 P. M. on Feb. 20 at the clubhouse. The proceeds of this show will be used for the furtherance of the improvements on the club house.

The first scene on the program was "Playing Hospital" and those taking part were Joan Meyer and Charles Russell. "Dress Up" was the next skit with Marie Menendez and Betty Ann Munson. Dances were then given by Eloise Cook followed by a monolog, "Soap-suds," by Bobby Healy.

"The Circus" by Beverly Gray, Barbara Phagan, Judy Elsbury, Charles Corn, Betty Bryan and Janet Hatfield; "Ball Dance from Capella" by Josephine Macdonald, Patricia Tooke, Ellen Lyon and Patsy Collins; "Excursion" by Beverly Gray and Janet Hatfield; "Crazy Rhythms" by Ann Whitaker and "Swinging Down the Lane" by Gretchen Kirchoff; "Cinderella" with Betty Ann Munson, Betty Bryan, Janet Hatfield, Barbara Phagan, Marie Menendez, Beverly Gray, Joan Meyer, Elizabeth Woodruff, Bobby Healy, Charles Russell, Judy Elsbury, Virginia Langkitt, Betty Ann Munson and Charles Corn.

The dances were under the direction of Mrs. Peter H. Tepsie and Miss Nancy A. Shepard assisted in the direction of the plays.

## Monthly Meet Held By Hibiscus Circle

Mrs. L. E. Spencer was the guest speaker at the monthly meeting of the Hibiscus Circle of the Garden Club held recently at the home of Mrs. W. M. McKinnon on Magnolia Avenue.

The rooms of the McKinnon home were attractively decorated with a Valentine motif. Roll call was answered by each member with her favorite azalea and camellia after which the business meeting was presided over by Mrs. Seth Woodruff. Plans were discussed for a concession booth at the glider meet to be held in Sanford.

Mrs. Spencer was then introduced by Mrs. Woodruff and had, as her subject azaleas and camellias. A display of approximately 25 varieties from the Spencer's nursery was presented to Mrs. McKinnon.

At the conclusion of the business meeting refreshments consisting of individual cakes, salted nuts, mints and hot coffee was served. Mrs. Woodruff presided over the coffee service.

The following members were present: Mrs. H. C. Dulose, Mrs. Satcher, Mrs. Fred Zerrner, Mrs. John Ludwig, Mrs. H. A. Moreland, Mrs. James Rowland, Mrs. R. L. Dann, Mrs. J. H. Truluck, Mrs. John Fox, Mrs. Earl Jeter, Mrs. J. P. Holtzclaw, Mrs. Harry Woodruff, Mrs. Seth Woodruff, Mrs. H. J. Gut and guests, Mrs. Spencer and Mrs. Markwood, sister of Mrs. McKinnon.

## Gala Dance To Be Held At Mayfair Inn

A gala George Washington dance is being planned for tomorrow night at the Mayfair Inn in connection with the series of weekly dances which are held on each Saturday. Dancing will begin at 9:30 P. M. in the main ballroom of the Inn to the scintillating music of Doc Emler and his 11-piece orchestra and broadcasting orchestra.

According to Lind Weber, general manager of the hotel many reservations have been made for the tables which are to be set up in the ballroom and a good crowd is expected. Reservations may be made by calling Mr. Paul at 1200.

## General Stivers To Address Men's Club

Major General Charles P. Stivers, a former officer on General MacArthur's staff, will be the speaker at the Men's Club luncheon at the First Presbyterian church Tuesday night at 7:00 o'clock. It was announced today by Dick Vernay, president of the men's group.

General Stivers was responsible for much of the administrative work of the huge operations in the Pacific campaign and his career of this has a splendid insight into the broad-scale activities of U. S. troops in the Far East. His assignments brought him in close contact with the Filipino people.

At the present General Stivers is staying at the Mayfair Inn and is enjoying the Seminole Golf course.

## NOTICE

The Celery Crate will be opened on Friday and Saturday nights at 8:00 P. M. It was announced today. Donations, nine cents and many other recreational facilities may be enjoyed.

In the making of fresh linen damask cloths the cloth needs 20 miles to make a 2 and one half yard cloth.

ONE OF THE entrants in a national magazine's "Male Tested" fashion show at a New York City night club, Joanne Jaap is shown displaying a 1947 bathing suit. A male jury has the pleasant task of judging the latest in different bathing fashions each month. (International)

## Personals

Mrs. J. N. Robson, Jr. is visiting in Vicksburg, Miss. for a few weeks.

Mrs. J. N. Robson, Sr. and her grandson, Al Robson, have returned after visiting for several days in Lakeland.

Mr. and Mrs. E. E. Mackie and daughter of Pickett, Wis. and Mr. and Mrs. Spear of Madison, Wis. were the recent guests of Mr. and Mrs. H. M. Goodwin.

W. S. Green of Augusta is the guest of his son and daughter-in-law Mr. and Mrs. Kenneth Green at their home at 811 Park Avenue.

Mr. and Mrs. D. W. Swan have returned from Monroe, Wis. where they were called because of the death of Mr. Swan's father.

Mr. and Mrs. Turner Lodge have as their guests for a few days their daughter and son-in-law, Mr. and Mrs. Roy Marion, and son Ken who plan to spend a few days.

Mrs. William Deansmore Livingston has left for New York City after spending the past two weeks with her parents, Mr. and Mrs. Malloy H. Anderson of Cameron Avenue.

Mr. and Mrs. Frank S. Lamont have as their guests, Mrs. Lamont's sister, Mrs. C. B. Zalesky of Cedar Rapids, Iowa and Mr. Lamont's sister, Mrs. S. C. Burlingame and her daughter, Mrs. James Corey of Washington, D. C.

## BIRTH ANNOUNCEMENT

Lieut. and Mrs. R. M. Brown announce the birth of a son Wednesday evening at Hayward, Calif. Mrs. Brown will be remembered as the former Miss Edith Lundquist.

**NOTICE**  
Rev. J. O. Patterson, who has been a missionary evangelist for many years in the employ of the West Virginia Missionary Society of the Disciples of Christ, will be the guest preacher at the Christian Church on Sunday night at 7:30 P. M. The public is invited to be present.

**NOTICE**  
The annual Garden Club plant sale will be held on Mar. 6 at the corner of Fifth Street and Park Avenue. Mrs. S. C. Dickson announced today. Shrubs, trees and potted plants will be on sale at this time.

## Sanford Garden Club Holds Eighteenth Annual Luncheon At Mayfair Inn

A. F. Ramsay, local landscape architect, was the guest-speaker at the eighteenth annual Garden Club luncheon which was held yesterday at 1:00 o'clock in the main ballroom at the Mayfair Inn with about 200 guests and members present. Mrs. W. A. Fitts was elected vice president and Mrs. W. A. Morrison secretary at this largest affair on the club roster.

Delegates named to attend the convention of Garden Clubs to be held in Orlando next month will be President Mrs. A. W. Epps and Mrs. W. A. Fitts with alternates being Mrs. Julius Dingfelder and Mrs. Z. B. Rateliff.

Around the large ballroom in the form of a rectangle were placed long tables covered with white cloths. The center of which were arranged ferns intermingled with candelabras. On the speaker's table were miniature place card dolls. At intervals along the other tables were floral arrangements made of azaleas, carnations and gerbera daisies.

The meeting was opened with the invocation by Mrs. E. D. Brownlee after which Mrs. Epps welcomed members, guests and the honorary Mrs. Endor Curlett. Mrs. Epps announced that the third honorary member, Mrs. Arthur Cummer of Jacksonville, was unable to be present but had sent her regrets and appreciation. The theme of garden clubs, Mrs. Henry Wight, and conservation of American soil, forests and water, she added that work in small gardens makes women a part of a large national project toward this aim.

Mrs. Epps then introduced Mrs. Curlett, a member of the nominating committee for the state officers at the Garden Club's convention to be held in Orlando, who spoke of the growth of the club and called upon the new recruits to rise. The meeting was then turned over to Mrs. Harry Heeren who was in charge of the program which consisted of three solos rendered by Mrs. Charles Ginn, a former

member of opera companies in Liège, Belgium, Cannes and Nice, France and the Cincinnati Zoo opera. Her recitations were "Rose in the Bud" an English ballad, "No. John, No. Morning" following the solos Mrs. Wight gave a short talk on the growth of the club.

Mrs. H. H. McCaslin presented plans to the group for the new club building and displayed the landscape artist's conception of the building. Mrs. Julius Dingfelder told of the splendid cooperation she is receiving from the merchants in connection with the glider meet both of which Mrs. Fitts is the general chairman. Mrs. S. C. Dickson announced that the annual flower sale will be held on Mar. 6 at Fifth Street and Park Avenue. She said that shrubs, trees and potted plants will be placed on sale at this time.

Mrs. Epps thanked everyone who had worked toward making the luncheon a success, mentioning the hotel management, Ramsey Pflieger who donated flowers, and Mrs. Wight, Mrs. C. H. Kirtley, Mrs. E. W. Kirtley and Mrs. E. E. Spivey for their donations of carnations. Mr. Ramsay, who is a graduate of two colleges of architecture, and was then introduced. He stressed the native floral material in Central Florida, declaring that he likes Sanford people and the things that make up Sanford, and added that he would like for the town to take the motto, "Sanford, a city of friendly hills."

He emphasized the importance in landscaping of building up a small home with planting, softening the skyline and accepting the landscape of a home to make it look as though a few plants are needed in starting a garden, and Mr. Ramsay demonstrated what proper planting and gardens can do for a home.

Those in charge of committees for the affair were Mrs. C. E. Ponce, general chairman, Mrs. C. E. Ponce, Mrs. E. F. Spencer, corsages; Mrs. W. A. Fitts, flower arrangements; and Mrs. J. M. Moss in charge of the place cards.

## Tally Lassies

AUDREY M. BACH

Miss Sally Macquidi Utopia Junior College Utopia Dearest Sal

All is quiet on the western front after last weekend. Now the inundation of men poured in to the eagerly awaiting campus has ebbed and everything's back to normal. Well, almost. The main reason for all the excitement was the annual SOPHOMORE HOP which was held Saturday night in the Officers Club at Dale Mabry. Of course it was formal, and the brilliance of the girls' dresses flecked with the black and white tuxedos was really something to see.

Many of the more energetic sophomores worked for weeks on the decorations; snow men, snow flakes suspended from the ceiling, and the frosted windows made a pretty setting for the coronation before intermission. SYLVIA MEISCH was one of the queen's four attendants.

Seems that the Sanford gals are leaning towards the regality angle, for DAPHNE CONNELLY was elected as an attendant for the Queen of Hearts at the Jennie Murphree VALENTINE DANCE. There were those who found excitement elsewhere last weekend. In GAINESVILLE, for instance, MARY PERKINS went down to see PETE BROCK, DAPHNE CONNELLY dated TROY RAY, SYLVIA MEISCH was down to visit MASON WHARTON Friday night. Then they both came back to the hills for the HOP.

Among those up from Sanford participating in the Pike "Dream Girl" weekend were BEAUFIE ROBINSON, LOLO LEE and JEAN SAYER, whose dates, respectively, were SONNY HARBORN, BILL SHOEMAKER and TOMMY VAUGHAN. After the dinner we had Sunday noon, I expected my time to see notice that the DINING HALL is bankrupt. Don't be surprised after months of serving baked beans, hash, sweet potatoes and some they collected enough extra pennies and finally broke down. Believe it or not, I had had BAKED CHICKEN! Before I had it, I figured it was just one more way to disguise eating on some extra tough cut beef. But the visions were real and now we're once more eating sweet potatoes and soup.

EDITH CHESTNUT got away from it all by going home over the weekend. Would have gone with her if she had had an extra corner in her suitcase. Otherwise, I would have arrived on my family's doorstep with "O. D. USE NO BOOKS" pinned on my forehead.

Tell your mother not to be too irritated by sugar coating. I've at last found someone who has an even more gigantic full time headache over it. The college bakers' Between munches on a delicious piece of ORANGE chiffon pie, I reviewed the chief baker there for an article of the FLAM BEAU. It takes 32 pounds of the precious grain to make just one ice box cookie for each starchy girl, and if the bakers decided to make devil's food cake they use 28 pounds of sugar and beans know how much more sugar the 10 pounds of cream if you found out why the shaped cream isn't sweetened. If they

## Country Club Supper To Be Held Sunday

Mrs. Ed Luce Whittier announced this morning that the regular supper will be served at the Seminole Country Club on Sunday night. Service will begin at 6:30 o'clock in the club house and all members and their guests are invited to attend. A number of the participants in the promenade tournament to be held at the club on Sunday afternoon are expected to be present.

**WENDY BARRIE STAIRS**  
Wendy Barrie, former screen actress and in private life Mrs. David Meyer, will appear in early March on the "Inner Sanctum" Columbia Broadcasting program according to information received this morning by Lind Weber, manager of the Mayfair Inn where Mr. and Mrs. Meyer were guests during their stay in Sanford.

The "Inner Sanctum" program comes on at 8:00 o'clock Monday evenings.

Production of dry milk which has tripled within the past 10 years, according to the Bureau of Agricultural Economics.

Dr. Kathryn Abbey Hanna, Florida writer-historian who received the honorary degree of Doctor of Humanities from Rollins College at the mid-winter Convocation this week. Dr. Hanna, now lecturing in Inter-American affairs and American diplomacy at Rollins, was formerly on the faculty of Florida State College for Women.

# Barr Will Return To Sanford With School Next Year.

## Popular Umpire May Make Home Here; Likely To Open Baseball School

By ARTHUR BECKWITH, JR., Herald Sports Editor

George Barr, National League umpire and head of the Barr Umpire School completed schooling sessions at the Municipal Airport yesterday and announced his departure for New York last night.

Barr stated late yesterday afternoon that he would definitely return to Sanford next year. "The people of Sanford have received my school as wholeheartedly that I am considering moving to the Celery City and establishing Sanford as my home," Barr said.

Barr is contemplating opening a baseball school in Sanford next Spring. He will also continue operation of the umpire school in Sanford and establishing school in the town as he is completed to hold the baseball school.

The round' arbiter is slated to appear on a national radio program with "Red" Barber, a former Sanfordinite. The program will feature Barr and his school. Sanford will receive a large amount of national advertisement from the program.

"The baseball school is in the making and its outcome depends a lot on some G. L. Hill of Rights red tape, if plans are to be completed," Barr added.

The Life Magazine article, featuring the Barr school, will likely appear in one of the next two week's issues, according to a recent telephone conversation between Barr and the sports editor of the magazine.

Thirty-eight men have received recommendations from Barr and have been given assignments to umpire in leagues all over the country.

"This year's graduates will be working in 14 different organized baseball leagues." I had requests for 84 more men than I felt were qualified for jobs," Barr reiterated.

"I wish to thank everyone in Sanford for their fine cooperation and help in making my school a success this year. I wish to thank Mayor Gat and the City officials, all of the civic organizations, also Mr. Maddy and his associates at the Sanford Municipal Airport for their aid during our session," Barr asserted.

"I will be back next year," Barr smiled as he hurried off to make final preparations for leaving Sanford.

One hundred thousand small towns and villages in Russia finally have been cleared of mines and shells and booty, transplanted during the German invasion.

## Oregon Line Cracker Thrives On Work

PULLMAN, Wash.—(AP)—Ken Carpenter, Oregon State fullback, might have set some kind of a record in his team's football game against Washington State college here last fall.

On one drive Carpenter carried the ball 15 consecutive times for 66 yards and one foot. On the next play he faked into the line while Dick Twenge packed the porridge for the remaining two feet and the touchdown.

In Scandinavia, the wedding ring is worn on the right hand.

## State's Top Ranking Colts Reply On Rudy Mobley's Eligibility

BALTIMORE, Feb. 21—(AP)—The Baltimore Colts of the All-American football conference replied today to charges that they had signed Hardin-Simmons' star halfback, Rudy Mobley, before he had completed his college eligibility.

General Manager Jack Espey of the Colts said it is the policy of the pro league not to take a boy away from school if he wants to continue his college competition. Espey pointed out that Mobley is eligible for pro football because his class has graduated. Moreover, Espey contends that Mobley had quit school and gone into business in Houston, Texas.

The Hardin-Simmons coach, Warren Woodson, had delivered a blast at pro football because of the signing of Mobley. Declaring that the player still had another year of eligibility, Woodson said: "If we let this type of bidding for college players continue before the student is through with his education, we might as well declare a moratorium on our football."

## Forbes Field Having Face Lifted For Fans

PITTSBURGH—(AP)—The recent acquisition of Hank Greenberg had nothing to do with it, but Forbes Field, home of the Pirates, is having its face lifted in line with the new owners' policy to give Pittsburgh fans a complete new deal.

Of the \$750,000 set aside for new players and an improved ball park, close to \$250,000 is being spent on Forbes Field. Improvements include 1,300 new boxes, additional aisle space in front of the reserved seats made by eliminating one row, 83 feet six inches of seating, new dugouts and clubhouses for new press and radio boxes and improved approaches to the upperstands—plus plenty of paint.

In addition, the space between home plate and the backstop is being reduced from 110 feet to 83 feet, six inches. Old timers say that many a good catcher has been ruined chasing foul flies in that "vast" space.

## FLORIDA GOLF RESUMED

PALM BEACH, Fla.—(AP)—Curtailed by the war, three Florida women's winter golf championships will be staged again this year, with the Palm Beach championship being held Feb. 10-14, the South Atlantic tourney set for Ormond Beach Feb. 25 to Mar. 1, and the Florida East Coast championship slated at St. Augustine Mar. 3-7.

## JORGENSEN CAPTAIN

WILLIAMSBURG, Va. (AP)—Johnny Jorgensen, sharp shooting basketball forward from Chicago, has been elected permanent captain of the William and Mary college team.

## WANTS STUDIOUS GRIDDERS

EAST LANSING, Mich.—(AP)—Forest Evashevski, Michigan State college's new backfield coach, wants a little time in getting started. Reporting for the first time, Evashevski brushed by the receptionist's desk and passed directly into the office of Athletic Director Ralph H. Young where he asked: "Where's the eligibility sheet?" He explained that he simply wanted to know if all the boys were up on their studies.

## FIRST PILING JOB

RICHMOND, Va. (AP)—The 1947 manager of the Piedmont League Richmond Colts will be Bob Latschaw, who has been purchased from the Pensacola, Fla. Flyers of the class B Southeastern League. As skipper of the Colts, Latschaw will be making his first managerial appearance. He started his baseball career with Pine Bluff, Ark., of the class C East Dixie League in 1935.

## GAMES FASTER NOW

CHICAGO—(AP)—An interesting comparison of basketball statistics can be made by contrasting Ed Paul's 26 point per game average of 1933-34, the only perfect game year in the school's history, against the 92 point average compiled by the crack squad of last year. The 33-34 team held opponents to 20 points while the 45-46 edition stopped the opposition with an average of 47.

## INSIDE SPORTS REPORT

By ARTHUR BECKWITH, JR.

Missions

Of much local interest was the announcement that the San Antonio Missions of the Texas League would undergo Spring activities here. The Missions are slated to report at the same time as the Toledo Mud Hens and will bring approximately 40 players, coaches, trainers and officials in their party.

Sanford will literally be a bee hive of baseball activity.

A minor league entourage of nearly 90 players, a group larger than any Major League camp, will be familiar sights on the streets of Sanford as they doubly familiar at the ball park come Mar. 9 when the pitchers and catchers are slated to report.

The Missions, it is reported, were unable to obtain a suitable park in their home town. Their misfortune is Sanford's good fortune. Sanford is indeed fortunate to have two teams training here while there are many Florida cities that are begging for one team and cannot get them to inspect the facilities available.

Sanford is also fortunate in having a place in which such a large group of men could be quartered and fed. Manager Lind Weber of the Mayfair Inn has been most cooperative in securing these teams for Sanford, and had it not been for his wholehearted support toward getting the teams here we would have gone elsewhere for their sessions.

The Mud Hens, a "AAA" organization and the Missions, a "AA" team have much to offer Sanford. They will spend many dollars here during their sessions. They will bring much publicity to this section since sportswriters from both cities will be here to

Leather-making was probably one of the first manufacturing processes of primitive man. In cave man days, crude leather soles were attached to the feet by thongs, and served as the first shoes.

Diamonds were first added to wedding rings by the Venetians.

Members of an obscure Siberian tribe reputedly licked lumps of iron when they felt the need of a tonic.

The first copyright act in the United States was passed in 1790.

report on the progress of the teams. Sanford will reap teams of publicity in some of the best papers in the southwest and in the midwest sections of the United States.

Sanford welcomes the two teams.

Mud Hens

The Toledo Mud Hens have announced their Spring training exhibition contests. They include: March 14, Browns at Sanford; 16, Chattanooga at Sanford; 18, Columbus at Daytona Beach; 19, Chattanooga at Winter Garden; 21, Milwaukee at Cocoa; 22, Chattanooga at Winter Garden; 23, Indianapolis at Sanford; 25, Chattanooga at Sanford; 26, Indianapolis at Leesburg; 27, Columbus (Ga.) at Sanford; 28, Rochester at Sanford; 29, Columbus (Ga.) at Daytona Beach; 30, Milwaukee at Sanford; 31, DeLand at Sanford; April 1, Washington at Sanford; 2, Washington at Orlando; 3, DeLand at DeLand; 4, Columbus at Sanford; 5, Rochester at Daytona Beach; 6, DeLand at DeLand; 7-8-9-10, DeLand at Sanford.

Sports Shorts

Johnny Tancoff, Palatka manager is really out getting players. He has recently signed three from the Jacksonville area. One is a former Jacksonville high school player. It was rumored that the San Antonio Missions were contacted by DeLand to bring their Spring training camp to the University City. The Missions included that the Texas team fork a cash outlay of \$1,000 for the right to use their facilities. Wow!! We think that they should be honored to have the club here instead of trying to take part of their skin as payment.

make arrests and be given more authority on the highways of the state. Another recommendation to the State included the motor vehicle responsibility law.

The state convention was told of the definite need for better educational facilities in Florida. Florida now ranks in the lower third of the states in educational standing and facilities, it was stated. The state organization considering means of aiding the

education system.

Seminole County is receiving wide publicity from the glider meet which will be held on Mar. 1 and 2. Signs and posters are being placed throughout the state to advise people of the activity. Radio facilities will also be used to publicize the affair.

Earl Rathiff, Jack Spencer, Walter Graham and John Fite of Troop 5 Sanford Boy Scouts were introduced to the members and

appreciation was expressed to boys for aiding in distributing celery during the Palatka meet.

Jacob Richter, a new member, and Bill Schuster, a guest were introduced.

Under international agreement, the first letter in a radio station's call letters indicate the nationality of the station. The United States was allotted three — W, N and K.

### Attlee Asks More Work From British

(Continued from Page One)  
140 percent of pre-war levels with a future goal of 175 percent. That is the level which economists say England needs for just a normal standard of living.

Attlee warned unions that shorter working hours will be opposed. Leisure, he said, is not as essential as the imported food England needs — not as important as coal, clothing or housing and he warned Britain faces food rationing for years unless exports are increased sharply.

The Prime Minister's warning for the people of Britain recalled Winston Churchill's famous war-time speech of "blood, sweat and tears."

Attlee told his countrymen that they stand on the brink of economic collapse and national disaster that the very foundations of their national life are in danger. The only remedy, he said, is work, work and more work and there can be no talk at this time of leisure and shorter working hours.

For the average Britisher, he said, the coming years will mean continued rationing, harder work in the factories and mines and no immediate hope of shorter working hours.

Organized labor, he said, must abandon industrial arrangements that restrict production, prices or employment. Industry must export one-fourth of its production and accept a stern system of priority allotments for materials and labor.

bor. The crying need, said Attlee, is for manpower, especially in the mines.

## Warning Note Sent Congress By MacArthur

### General Reveals Occupation Force Is Cut To Essentials; Security At Stake

OKYO, Feb. 24, (AP)—General Douglas MacArthur disclosed today that occupation forces in Japan and Korea have been cut to bare essentials.

In a letter to Congress, MacArthur also expressed confidence that the lawmakers will not take what he calls any action which would prejudice fulfillment of occupation objectives. He warned that both national security and world peace are at stake.

MacArthur's letter was written by request to the War Department for presentation to Congress during budget discussions.

In addition, the five-star general said that relief shipments should not be cut off to hungry nations. He warned that starvation makes a people easy prey to any ideology, however evil, which provides food.

MacArthur also issued a simultaneous news release, his monthly report on the occupation of Japan.

He warned the Japanese against permitting what he calls irresponsible elements to gain power, and praised that nation's new power to the people constitution.

The occupation ends under the Japanese constitution in a milestone on the road to democracy, and promised the current allied purge will weed out those who helped form the totalitarian state which prepared for and prosecuted the war.

## Animated Magazine Published Sunday At Rollins College

WINTER PARK, Feb. 24—(AP)—Rollins College published its "one world" edition of the animated magazine yesterday with Dr. V. K. Wellington Koo, Chinese Ambassador to the United States, and a distinguished group of internationalists making pleas for world order and lasting peace.

The 16 contributors included William O. Douglas, associate justice of the U. S. Supreme Court; Alexander W. Weddell, former ambassador to Spain and Argentina; W. T. Holliday, president of the Standard Oil Co. of Ohio; Eldridge Hays, publisher of Modern Industry Magazine; and James B. Carey, secretary-treasurer of the CIO.

They read their manuscripts over loud speakers to more than 700 "subscribers" of the magazine, who were seated outdoors on camp stools.

Dr. Hamilton Holt, president, and Dr. E. O. Grover, vice president of Rollins, acted as editor and publisher for the 20th year.

## Moslem League Asks For Separate State

NEW DELHI, India, Feb. 24—(AP)—The leader of the Moslem League, Mohamed Ali Jinnah, has taken an unyielding position on the League's demand for creation of Pakistan as a separate Moslem state. It was revealed today. This was the first official Moslem reaction to Britain's announced plans to withdraw from India by June, 1948.

Another independent Moslem leader, Allama Maqbul, predicted that withdrawal of the British would be "the worst hour for the start of a terrible carnage of Moslems."

## Jobless Benefits

Payments of unemployment compensation in Seminole County during the week ending Feb. 18 amounted to \$204,550 and were made to 18 persons, 4 men and 14 women. Carl B. Smith, chairman of the Florida Industrial Commission, reported.

Throughout the state, he said, payments amounted to \$84,118,500 and were made to 8,940 of whom 8,911 were men and 2,929 were women.

## CIO Chief Raps Anti-Labor Bills

CIO PRESIDENT Philip Murray (left) is shown shaking hands with Sen. Robert A. Taft, chairman of the Senate Labor Committee, after Murray had testified before the committee in Washington in connection with proposed labor legislation. The CIO leader warned that restrictions on labor would preface a serious depression. He asked the Senators to help him and AFL President William Green work out an agreement for settling jurisdictional disputes. (International Soundphoto)

## Survey Indicates Growers Replacing Cold-Damaged Crops

JACKSONVILLE, Feb. 24, (Special)—Damage from recent cold weather is being pushed into the background of the Florida agricultural picture, as growers concentrate on planting new crops, and reworking those which came through the frosts and heavy rains which swept some areas, said William L. Wilson, Director of Florida State Markets today.

Early damage reports have been borne out in part, while in some (Continued on Page Two)

## Company Continues In Spite Of Fire Loss

Temporary arrangements have been made by the Wheeler Fertilizer Company of Oviedo, a branch of Nelson and Company, to secure fertilizer under their name and brand and guarantee, according to George Barclay, assistant manager of the fertilizer company, whose building was destroyed by fire last Wednesday.

Delivery of fertilizer started again the first day after the fire, due to these arrangements, he said, and regular customers can be supplied right along. The company hopes to build another plant within a year, he revealed.

## Prizes Are Exhibited For Soaring Contest

A number of prizes to be given to winners in the coming South-eastern States Glider Contest and Air Show on March 1 and 2 at the Municipal Airport are now on exhibit in the window of the Florida Power and Light Company office on First Street.

The prizes are a Robinson calibrated, autopilot and static vessel donated by Air Trails Magazine; a Beech lined winter flying helmet donated by Karl Ort of York, Pa.; a Motorola Air Ray radio receiver donated by Airflows Supply Corp. of Orlando; a P-50 model glider given by Air Associates, Inc. of Atlanta, Ga.; and an auto pulley plane release hook and glider log books given by the Schweitzer Aircraft Corporation of Elmira, N. Y.

## Anderson Named On All-Tourney Team

Big Willie Anderson of Seminole High School was selected for a berth on the all-East Central Florida Conference basketball tournament team at the recent tourney held in Daytona Beach in the Seabreeze High gym.

Others who were selected included Clarence Sellers and George Edelman of St. Augustine; Zeigler and Graves of Seabreeze; Gales and Kass of Eastia; Blossom of DeLand; Weeks of Leesburg; and Dutton of Palatka.

The top favored Seabreeze High five won the tournament Friday night by defeating the Eastia Panthers by a 24 to 27 margin in the deciding contest.

## Workers In Britain Return To Factories

### 1,000,000 Go Back To Jobs In Midlands On Coldest Day In England Since 1929

LONDON, Feb. 24, (AP)—This was the coldest day of Britain's winter, but the hard pressed British could derive some warmth from the fact that 1,000,000 workers went back to their jobs in the Midlands industrial area.

There still are 4,000,000 others waiting for their chance to return to work. Chilled factories in eight counties are getting their wheels to turn after a two week shutdown. But plants in 30 other counties remain closed for lack of coal. Even the factories that are opening today are not expected to operate full-time until the weather breaks and coal stocks are restored to normal.

There may be more hardships and deprivations before that time arrives. The Ministry of Fuel and Power called for a ten per cent reduction in coal consumption by gas companies and domestic users have been warned of further cuts in gas service like those which have been made in the use of domestic electricity.

The weather has become worse instead of better. One town in southern England had a temperature of two below zero last night, the lowest in the British Isles in 29 years and about 34 degrees below normal. London has its most frigid day since February of 1929 with a low of 14 and the weather bureau said the cold wave would last several days.

In addition, a pea soup fog is plaguing life for blacked out Londoners and Britons in other large areas. There was fear that it would spread in the Thames it would seriously affect the arrival of coal supplies which have been slowed down by frozen switches on rail roads.

But the British are maintaining their sense of humor and justice through fog and freeze. The lights were turned on during the blackouts in London's famous Bow Street police court today. The fog was so heavy at 11 o'clock in the morning that it turned the day into dusk so the magistrate got special permission to turn on the electricity.

"After all," he said as halfhearted removed candles from the bench. "I must be able to see the defendant."

## Citrus Packers Sign CIO Union Contract

JACKSONVILLE, Feb. 24—(Special)—The first union contract in the Florida citrus industry calling for a 40-hour week was signed today by the Pacco Packing Company of Dade City. The contract is with the CIO Food, Tobacco, Agricultural and Allied Workers Union.

The agreement covers 2000 employees of the Pacco Company, one of the world's largest processors of citrus. The contract establishes a minimum wage of 65 cents an hour after the first 60 days of employment.

## Southern Bell Telephone Co. Asks Permission To Raise Rates

JACKSONVILLE — Feb. 24 (Special)—Because of greatly increased wages and higher costs of material and building construction, the Southern Bell Telephone and Telegraph Company today asked authority to raise rates in Florida to meet the increased costs of providing service and to enable the company to improve and expand its economic development.

In a petition filed in Tallahassee with the Florida Railroad Commission, the company said its expenses in this state had climbed 101 per cent since 1940, while revenue increased only 120 per cent. During this same period, total payroll costs increased 245 per cent. The company said it had 6,000 employees providing service in Florida.

The rate increase for local service would be on a sliding scale, depending on the size of locality. The company is also asking authority to increase long distance rates on most calls within the state by 5 cents. The company stated that the requested rate increase would produce all the added revenue that current costs indicate is needed but that it hoped

## Sanford Jaycees Exhibit Celery At Palatka Meet

MORE THAN 2,000 stalks of Seminole County celery donated by the Seminole County Bureau were distributed by the Sanford Jaycees at a meeting of the Palatka Chapter of the United Fruit and Vegetable Growers Association at Palatka, Fla., today. The meeting was held at the home of Mrs. J. H. Smith, president of the Sanford Jaycees. The exhibit featured the celery, a jersey with "For Seminole Celery" lettering, four boy suits of Tropic brand, and also show starting smiling women. They are John Ede, Earl Raloff, Jack Spencer and Walter Graham. A large banner strung across the street invited visitors to sample the celery.

## President Of Soaring Society Will Attend Local Meet Mar. 1-2

PHILADELPHIA, Pa., Feb. 24, (Special)—Capt. Ralph S. Barby, USN (Ret.), will leave this week to attend the Southeastern States Glider Contest at Sanford, Fla., Mar. 1 and 2. Capt. Barby is president of the Soaring Society of America under whose sanction the airplane tourney is being held in the Central Florida city.

In making the trip to Sanford (Continued on Page Two)

## John K. Smith Dies Of Heart Attack In Orange City Store

John K. Smith, 47, died of a heart attack in an Orange City store today. He was a member of the Orange City Chapter of the B. P. O. Elks Lodge No. 1234. He was a native of Florida and had lived in Orange City for many years. He was a member of the Orange City Chapter of the B. P. O. Elks Lodge No. 1234. He was a native of Florida and had lived in Orange City for many years.

## W. E. Kader Talks To Rotarians About Books At Luncheon

W. E. Kader, author of "The Story of the United States," spoke at the Rotarian luncheon today. He discussed the importance of reading and the benefits of books. He also mentioned his new book, "The Story of the United States," which is available at a special price.

## Prizes Are Awarded To Coleman And Cornell In Contest

Prizes were awarded to Coleman and Cornell in a contest held in Sanford. The contest was held to raise funds for a local charity. Coleman and Cornell were the winners of the contest and received prizes for their efforts.

## Freezing Weather Is Predicted Tonight

LAKELAND, Feb. 24—(AP)—The Federal State Frost Warning service today reported tonight's cold wave will bring temperatures as low as 24 degrees in the northern part of the state. The service warned that frost may strike in all areas where the temperature is 35 degrees or lower.

In the Gainesville district, the service predicted a low temperature of 24 at Lacrosse and Glen St. Mary. Freezing weather is seen for the upper East Coast, the Orlando, Brooksville, Ridge, Bartow, and upper West Coast and Indian River districts. This by 28 degrees is the outlook for the lower East Coast district.

## W. E. Kader Talks To Rotarians About Books At Luncheon

W. E. Kader, author of "The Story of the United States," spoke at the Rotarian luncheon today. He discussed the importance of reading and the benefits of books. He also mentioned his new book, "The Story of the United States," which is available at a special price.

## Prizes Are Awarded To Coleman And Cornell In Contest

Prizes were awarded to Coleman and Cornell in a contest held in Sanford. The contest was held to raise funds for a local charity. Coleman and Cornell were the winners of the contest and received prizes for their efforts.

## Freezing Weather Is Predicted Tonight

LAKELAND, Feb. 24—(AP)—The Federal State Frost Warning service today reported tonight's cold wave will bring temperatures as low as 24 degrees in the northern part of the state. The service warned that frost may strike in all areas where the temperature is 35 degrees or lower.

In the Gainesville district, the service predicted a low temperature of 24 at Lacrosse and Glen St. Mary. Freezing weather is seen for the upper East Coast, the Orlando, Brooksville, Ridge, Bartow, and upper West Coast and Indian River districts. This by 28 degrees is the outlook for the lower East Coast district.

## Rabbit Is Adopted By Fire Department

A little dark, gray rabbit has been adopted as a mascot by the Sanford Fire Department. Its eyes were and fell during a fire that enveloped it in burning grass a week ago Saturday at French Avenue and Ninth Street, the frightened little rabbit leaped straight for the arms of Fireman Cully Gustin.

The rabbit could not have picked a better friend, as Gustin is well known around the fire station for his love of pets. He took it to the station where it was cared for and then turned loose back of the six-foot rabbit, however, it fled to its new home and declined to run away. It now feasts on all the lettuce and celery it wants and has found a cozy retreat in a large cabinet in the back of the station.

## Senate Group Okeys Ban On Portal Suits

### Change Made In Bill To Include 2 Year Limitation Law; Unions Cannot Sue

WASHINGTON, Feb. 24, (AP)—The Senate Judiciary Committee today approved legislation banning nearly all portal pay suits. By a vote of 9 to 3 the committee passed substantially the same bill which a subcommittee voted for last week.

However, there were several changes. Chairman Alexander Wiley said the bill now includes a two-year statute of limitations, rather than the three-year limitation voted by the subcommittee. Also, under the revised version, suits may be filed either by individual employees, or by a worker acting on behalf of a group of fellow employees. This does not permit suits by unions.

Meanwhile, a new formula for industrial peace was proposed today by the Committee for Economic Development. One feature of the plan would be a compulsory 30-day period of negotiation before any strike or lockout—or before any other action of a strike.

The committee for Economic Development is made up mainly of business men and educators, although its members include some government officials such as Under Secretary of State Will Clayton and Under Secretary of Commerce William C. Foster.

Today's report was entitled "Effective Bargaining: How to Make It Work." The report was released by the President of the Studer-Baker Corporation, Paul Hoffman, and the president of the Motion Picture Association of America, Eric Johnston.

The committee for Economic Development recommended that Congress provide a greatly strengthened federal mediation service.

## Large Bass Caught By James Trawick

A 27-inch black bass entered the hands of James Trawick in the Sanford area today. The fish was caught in a trap set in the Sanford area. It was a fine specimen and was kept by Trawick. The fish was 27 inches long, 10 inches high, and weighed 15 pounds. It was caught in a trap set in the Sanford area.

## Seminole Sheriff Not Yet Appointed

No appointment has yet been made by Governor Caldwell for Sheriff of Seminole County, the Herald learned by long distance telephone call to Tallahassee this afternoon. The Governor has been out of the city for several days, it was reported, and has not been able to give the matter his attention.

However, it was reliably reported in Sanford today that Percy Moss, an agent of the State Beverage Department and a candidate for sheriff in the 1944 Democratic primary, has received the joint endorsement of the Seminole County delegation to the State Legislature.

## Three Players Signed By Celery Fed Team

William Schroder, a six foot 200 pound right-handed pitcher and Fred Dunn, a six foot one inch first baseman, both from Brooklyn, N. Y. have been signed by the Sanford Celery Fed team. The Sanford manager also announced receiving a signed contract from Bill Hardin, a catcher, from Enterprise, Fla.
