

APPROVAL FORD CONTRACT PURCHASE MUSCLE SHOALS ASKED BY UNDERWOOD

When Report is Submitted to Congress Next Week

MEMBERS FAVOR IT

NINE OF ELEVEN WISCONSIN MEMBERS OF HOUSE WANT FORD TO HAVE PLANT

(By The Associated Press) WASHINGTON, Jan. 27.—Approval of the Ford contract for the purchase of the Muscle Shoals when it is submitted to congress next week was asked today of Secretary Weeks by Senator Underwood, of Alabama, in a conference with the war secretary. "While I don't think the secretary will give his unqualified endorsement of Ford's proposition I am quite sure it will be a friendly endorsement," Underwood said later.

WASHINGTON, Jan. 27.—Nine of the eleven Wisconsin members of the house declared in a letter today to Secretary Weeks that in their opinion the best interests of the country would be served by turning over Muscle Shoals to Ford, provided his bid was reasonable. "We feel if Ford should acquire the plant his operation of it will result in greater benefit to the people of the country and especially farmers than if acquired by other interests," the letter said.

SANFORD HIGH DEFEATED FAST MIAMI TEAM

Last night before a crowd of about a hundred and fifty people at the Parish House the Sanford High school team defeated the fast Miami High School team to the tune of 32 to 26. The game was hard fought throughout and the outcome was uncertain until the last whistle blew. This is the first defeat of the year for Miami and the sixth victory for Sanford.

There was in reality no outstanding star for either team, each player making at least one spectacular play in the game. The breaks were about even, but the Sanford team took advantage of theirs and won.

The visitors took the lead early in the first half and piled up five points before the Sanford team got started. But when the Sanford team did get started they were never headed. The score at the end of the first half showed how they climbed (21 to 12).

In the second half the Miami team came back strong, and narrowed Sanford's lead to one point. Then the visitors slowed up and allowed the Sanford team to forge ahead and win. When the last whistle blew the High School rooters went wild, everybody began to jump up and down, raising the roof with the victory cheers.

The Sanford team has now a chance to go to Gainesville to play off the state championship. As it has been said before "Watch the Sanford team go."

The Men's Club won the first contest in a one-sided affair by a 26 to 6 count. Matthews was the star for the Men's Club and Steele for the Kiwanis.

The summary follows:

Sanford (32)		
G.	FG.	F.
McLuens, f.	0	1 0
Moye, f.	7	10 2
McLaulin, c.	2	0 1
Smith, g.	0	0 2
Cowan, g.	0	0 1
15 2 6		

Miami (26)

G.	FG.	F.
McClave, f.	3	0 2
Prosser, f.	1	0 1
Stacey, c.	4	4 1
Dewey, g.	0	0 2
Worley, g.	3	0 1
11 4 7

JACKSONVILLE TERMINAL CO., WANTS BONDS

WOULD ISSUE FOUR MILLION FOR THREE FLORIDA RAILROADS

(By The Associated Press) JACKSONVILLE, Jan. 27.—Jacksonville Terminal railroad company applied to the Interstate Commerce Commission today for authority to issue four million dollars in twenty-five percent bonds. The issue would be guaranteed by the Coast Line, Seaboard and East Coast railroads. Most of the proceeds would be used to pay off existing indebtedness.

TO ASK EXTRA SESSION IF LEGISLATORS WILL VOTE ERADICATE TICK

(By The Associated Press) JACKSONVILLE, Jan. 27.—A number of well known business men from throughout the state gathered here today to discuss whether the time is now ripe for renewed agitation towards calling an extra session of the legislature to act upon the tick eradication measures.

A committee was appointed to canvass the views of the state legislators upon the advisability of the extra session and whether or no they would support the enactment of tick eradication laws.

Should the movement find a favorable response among the law makers it is understood an effort will be made to obtain pledges of support from them with a view to urging Governor Hardee to call the extra session. It is not known officially what the chief executive's views are on the subject. However, he has frequently expressed his disapproval of an extra session. He is said to be wholeheartedly in favor of tick eradication legislation.

The meeting today resulted from a letter sent out several days ago signed by several business men largely of this city, and addressed it is understood, to prominent merchants and legislators throughout the state. It was not stated whether any legislators were present at today's meeting.

The letter calling the meeting to day set forth that Florida cattle are now under a federal quarantine and that there is no possibility of removing the ban until adequate cattle in this state is passed.

MOTOR COMPANY ROBBED AT HATTISBURG, MISS. HELD UP THE CLERK

(By The Associated Press) HATTISBURG, Miss., Jan. 27.—Giant Motor Company here was robbed of one hundred and eighty thousand dollars in bonds, paper and notes this morning shortly after two o'clock according to the police. Two men said to have held up night clerk.

HEADS UNIQUE SOCIETY

In the United States there are just 50 men who are entitled to wear the Congressional Medal of Honor. The photograph shows Patrick Kyle of Boston, the national commander of the organization embracing these 50 honored persons.

FIVE MEN HELD UP BANK, KILLED ASSISTANT CASHIER, TOOK THIRTY THOUSAND CASH

Held at Bay by Detectives and Money Has Been Recovered

(By The Associated Press) PITTSBURGH, Jan. 27.—Five men walked into the First National Bank of Grafton, a suburb, this morning, and after killing Harold Moss, assistant cashier, forced five clerks and a woman customer into the vault. They then robbed the bank of approximately \$30,000 in cash and negotiable securities and escaped in an automobile. Detectives on their way to the bank met the bandits an hour later, and gave chase when the bandits fired on them.

The bandits drove into the city and abandoned the car and scattered, entering a building in the vicinity of Pennsylvania and Irwin avenues with the detectives close on their heels.

Detectives found in the abandoned car what they believed to be all the loot taken from the bank. The bandits stationed themselves at advantageously located windows in the place who prepared to rush the straggling and opened fire on the police. A great crowd gathered in the vicinity and watched the battle.

REFUNDING BILL NOW UNDER FIRE OF BOTH PARTIES

Measure Is Attacked in the Senate—Helfin Sees Wall Street Back of Proposal.

WASHINGTON, Jan. 27.—The allied debt refunding bill was subjected again today to a running attack from both the republican and democratic sides of the senate and was defended at some length by majority party leaders. When the senate adjourned the end of the debate was not in sight but those in charge thought a final vote might be reached tomorrow.

An amendment by Senator Simmons, North Carolina, was approved today providing that the refunding bonds should not bear interest at less than four quarter per cent.

The attack on the measure today was opened by Senator Johnson, Republican, California, who warned the senate that if the reported plan of the administration to sell the foreign bonds to the American people was carried out, "you won't need a league of nations to drag you into every mire across the water." With the bonds distributed among the people, he asserted, there would be constant pressure on the government to interfere in the affairs of the debtor nations.

Supporting his amendment requiring congressional approval of agreements entered into with the debtor nations by the proposed debt refunding commission, the California senator said congress was responsible to the people and should not surrender its power to supervise the debt refunding. In this connection he attacked the secret sessions of the arms conference declaring that "a real disarmament program" would have resulted had the session been held in the open.

Senator Watson, republican, Indiana, declared that a vote of the senate to accept the Johnson amendment would be nothing less than "a vote of a lack of confidence in the president of the United States."

Senators Glass of Virginia, a former secretary of the treasury and Simmons of North Carolina, both democrats, contended that the secretary had full authority to refund the deferred interest. Chairman McCumber of the finance committee, in charge of the bill disputed this contention.

Closing the day's discussion, Senator Helfin, democrat, Ala., wanted to know "what Wall Street interests were behind the proposition that the government put off to some far distant time the collection of interest."

CONFERENCE POSTPONED POINCARÉ AND HARVEY TO MEET IN PARIS

(By The Associated Press) PARIS, Jan. 27.—Conference between American ambassador Harvey from London, and Premier Poincaré, scheduled for today, postponed until Monday.

WARRANT IS ISSUED FOR THE PRESIDENT NON-PARTISIAN LEAGUE

(By The Associated Press) FARGO, N. D., Jan. 27.—Warrant was issued here for the arrest of A. C. Townley president of the National Non-Partisan League charging him with implication in alleged embezzlement of three thousand dollars from Scandinavian American bank here.

ELECTION FOR POPE CONCLAVE CALLED FOR FEBRUARY 2ND

QUESTION OF CHURCH AND ITALIAN GOVERNMENTS ENTERS INTO ELECTION

(By The Associated Press) ROME, Jan. 27.—With the body of the late pope laid away interest of the Sacred College and Vatican household turned today to election of his successor. Conclave called for February second to choose new pontiff. Question of reproachment between the church and Italian government enters into election. Thorough canvass of opinion in Vatican shows peace party or those advocating closer relations with the government virtually deadlocked with irreconcilables or those opposing reproachment, in number of votes each faction can muster. Two-thirds majority needed for election.

Sanford Library Association Meets—Officers Elected

The Sanford Library Association held their annual meeting and election of officers last night at the home of Mrs. D. A. Kelley on Oak avenue. The reports of the secretary, treasurer, librarian and trustees were very interesting and showed the library to be in a flourishing condition, thanks to the donation from time to time that the friends of this institution have given.

After talking over plans for a new building all of which will be left to the trustees and a discussion of the work of the ensuing year the reports of the officers were filed and thanks extended to all of them for their excellent work.

The following officers were elected for the ensuing year:

Rev. Arthur Peck, president; Mrs. Cox, vice-president; Mrs. A. D. Kelley, secretary-treasurer; A. R. Koy, librarian; Mrs. A. D. Key, assistants; Mrs. Holden, Mrs. F. P. Rines, Mrs. Rossetter and Mrs. Puleston.

Trustees, S. O. Chase, B. F. Whitner, L. R. Phillips, Mrs. J. N. Whitner, S. O. Shinholser.

BAD WEATHER PREVAILS NORTH OF FLORIDA WITH SLEET, SNOW AND COLD

ANTI-LYNCH BILL IS NOW UP TO SENATE

HOUSE PASSES IT BY BIG MAJORITY IN RECORD TIME

WASHINGTON, Jan. 27.—The house today declared itself in favor of the government exerting its authority in an effort to stamp out lynching, passing by a vote of 230 to 119 the Dyer anti-lynching bill.

Seventeen republicans joined 102 democrats in voting in the opposition with eight northern democrats and one socialist, London of New York, voted with 221 republicans in favor of the measure.

The bill provides life imprisonment or lesser penalties for persons who participate in lynchings and for state, county and municipal officials who fall through negligence to prevent them. The measure also stipulates that the county in which mobs form or kill any one shall forfeit \$10,000 to the family of the victim.

One committee amendment approved removed from the bill the requirement that counties through which a mob passed should pay a \$10,000 penalty.

Another one accepted, defined a mob as three or more persons acting together to take human life illegally. The bill originally defined a mob as five or more persons acting together.

Democratic opponents of the bill defeated in attempts to recommit it to the judiciary committee and to strike out the enacting clause, made no concerted effort to have amendments adopted. They declare "the vicious principle of the bill" could not be changed by amendments but expressed confidence that the measure never would receive senate approval.

LABOR UNIONS WON VICTORY IN CONFERENCE

WHEN AGRICULTURISTS VOTED IN FAVOR OF ADAMSON 8-HOUR LAW

(By The Associated Press) WASHINGTON, Jan. 27.—Union labor won a victory in the National Agricultural Conference today when that body by a vote of eighty-three to sixty-four struck out of the committee report recommendation for the repeal of the Adamson 8-hour law.

Hon. Arthur E. Donegan of Orlando and Kissimmee was in the city yesterday visiting his many Sanford friends. Mr. Donegan is the former senator of the Nineteenth District and has a host of friends all over Florida.

FARM TOO DULL FOR HIM

Joseph Biggs of Anson, Tex., is one of five Texans who have passed the century mark. He is a veteran of the Mexican war, and until recently was a cattlemen. Early this year he turned over his cattle ranch to his children and moved into Anson where he could find the gaiety lacking on his ranch.

Snow Fall Which Makes New Records for 20 Years

IN SIXTEEN STATES

FLORIDA FACES FREEZING TEMPERATURE TONIGHT IF THE WEATHER CLEARS

(By The Associated Press) JACKSONVILLE, Jan. 27.—Wire communication from Jacksonville to the north still affected today as the result of the sleet storm yesterday through the widespread territory north of Waveross, Ga. All commercial lines between Jacksonville and Savannah are still down this morning and only one wire outlet north was through Atlanta by round about way, over circuits working badly. No interruption of train service.

WASHINGTON, Jan. 27.—Snow fall to a depth which marked new records of from one to twenty years were reported from several Southern states today as an aftermath of the storm which has been Central off the South Atlantic coast through the early part of the week. The weather bureau today predicted further snowfall in sixteen states in the East and South down to Northern Alabama, Mississippi line. The heaviest fall in years in Virginia, twelve inches at Danville, breaking twenty-year record. Street car service at Lynchburg crippled and Richmond reported a steady fall this morning. Mostly sleet in Georgia with damage confined largely to interference with communication. Savannah practically isolated until late last night. Florida faces freezing temperatures if the weather clears in northern section the weather bureau said today. The lowest temperature reported yesterday was 22 degrees below zero at Northfield, Vt.

The boys drum and cornet corps of Georgian Industrial Home will give a free concert at the Princess Theatre on February first.

The Woman's Club is arranging to put on the Shakespeare play, "The Taming of the Shrew," by home talent and the announcements will be made in later issues of the Daily Herald.

Charles E. Raphun of Jacksonville spent several days of this week circulating with his many friends. Mr. Raphun is thinking of playing a return engagement for Charles Haynes who gave such a fine concert for the American Legion some time ago. Charlie Raphun is a rare raconteur himself having travelled in many countries and is deputy organizer for the southern states for the Moose.

Walter Raub and Miss Stella Jaeger are here working up a big Dollar Day Sale and in connection with the big days they will make triple parachutes drops and balloon ascensions. There will be further announcements as soon as arrangements can be made for the ascensions. They come here highly recommended from places where they have shown and there is no doubt but what the Sanford merchants will take on and organize for a big trade week here some time in the near future.

A SURPRISE

Dear Friends:
"That surprise we promised you was "bigger" than we expected. Sanford is such a busy city with so much to do that we can't have our ball until after Lent—but that will give us all the more time to plan for bigger and better things and will give you time to plan on being there. This is something you cannot afford to miss—like I said before, it's the biggest event

on the social calendar for this season. If anybody tells you about something else for Easter Monday, just tell them you are going to the Grand Easter Ball at the Parish House hall.

Sincerely,
ST. AGNES GIRLS,
of Holy Cross Parish.

P. S.—Don't forget the date—Monday.

SOCIETY

MRS. FRED DAIGER, Society Editor, Phone 217-W

If you have any friends visiting you... if you are going anywhere or coming home, or if you are entertaining, write a postal card to this department, giving details, or telephone the item. It will be greatly appreciated.

SOCIAL CALENDAR

Friday—N. DeV. Howard Chapter U. D. C., will meet at three o'clock at the Parish House.
Friday—Meeting of Mothers Club and "Toy Shower" for the Kindergarten at the home of Mrs. J. C. Bennett on Magnolia avenue at 3 p. m.
Saturday—Children's story hour will be held at Central Park at four p. m.

Mr. and Mrs. W. L. Schoffner, of Marion, Ohio, are stopping at the Montezuma while in the city for a short stay.

Mr. and Mrs. C. W. Welborne and Mrs. L. R. Denn, of Rochester, N. Y., are a party touring Florida and stopping over in Sanford for a few days.

Mr. and Mrs. W. T. Hill, of Asbury Park, and Mr. and Mrs. A. H. Higbee of Atlantic City, N. J., are in the city for a few days leaving today for Tampa, St. Petersburg and other points on the West Coast. They expect to return later to Sanford and spend some time here.

Mrs. Estelle Yarbrough leaves today for her home in Jacksonville. She has been spending the past two months with her mother, Mrs. T. J. Parish, of Longwood, and has made many friends during her visit who will miss her very much.

Mr. and Mrs. Powell Cotter, Mrs. Wm. Summers (wife of the mayor of Barnesville, Ga.), Mr. and Mrs. C. M. Dunn and children, Max and Anna Kate, of Barnesville, who are touring Florida, arrived here yesterday and are the guests of Mrs. Dunn's sister, Mrs. Lesley Bryan at her home on Magnolia avenue. Mrs. Dunn and children will spend several weeks here while the others will leave in a few days for Bartow.

SEMINOLE BRIDGE CLUB

The members of the Seminole Bridge Club were most delightfully entertained yesterday afternoon by Mrs. J. B. Lawson at her attractive new home on Park avenue.

Of exceptional interest was the game of bridge played during the afternoon, high score being made by Mrs. S. M. Lloyd, who was awarded two dainty hand-made handkerchiefs while the cut prize, a guest towel, was won by Mrs. J. C. Bennett.

Following the awarding of prizes, Mrs. Lawson served frozen fruit salad, saltines, olives, candy and coffee as refreshments.

Among those enjoying this pretty party were Mesdames Archie Betts, S. M. Lloyd, Raymond Key, A. W. Lee, J. C. Bennett, Howard Smith, Harry Walsh, D. C. Marlowe, Howard Overlin, Walter Morgan, John Smith, Henry Purdon, Ed. Lane, Charles Feeder, Fred Daiger and Miss Thelma Frazer.

BON-TON BRIDGE CLUB

Mrs. Joe Chittenden was the gracious hostess at bridge yesterday afternoon when she entertained the members of the Bon-Ton Bridge Club at her home on Palmetto avenue, there being two tables of players.

Bright hued nasturtiums in bowls were effectively arranged in the rooms where the card tables were placed.

An absorbing game of bridge was played, in which high score was made by Mrs. C. R. Kirtley, who was presented a hand-painted candle stick.

At the conclusion of the game, the hostess served a tempting salad course and coffee.

Mrs. Roy Chittenden and Miss Lettie Caldwell substituted for absent club members. The club members present were Mrs. Robert Hines, Mrs. J. D. Woodruff, Miss Esther Miller, Mrs. Ed. Betts, Mrs. Ben Caswell and Mrs. C. R. Kirtley.

WOMAN'S CLUB NOTES

The Literature and Music Departments of the Woman's Club held a most interesting meeting on Wednesday afternoon.

The whole program was occupied with the great composer, Verdi. The first number was a splendid paper on the two operas "Travartata and Rigoletto" by Mrs. James Moughton, which

Scene from the Hawaiian Musical Play "A Night in Honolulu" at the Princess, Friday, Jan. 27th.

held the interest of the audience throughout.

The Club chorus composed of Mrs. Julius Takach, Mrs. W. H. Smith, Mrs. Claude Herndon, Mrs. A. Irwin and Miss Rose Gallagher, with Mrs. R. C. Bower at the piano, gave the beautiful chorus, "Caro Di, Zungaro, or chorus of Gypsy Girls."

Mrs. Takach then gave a solo from "Travartata, "Caro Nome" and never did her beautiful voice seem more beautiful.

Mrs. A. D. Kelly then gave a talk on "Il Travatore, taking each scene separately and telling it in a most vivid manner.

The club chorus then gave the Anvil Chorus from "Il Travatore."

Mrs. A. F. McAllister next gave a fine paper on "Aida," after which the audience enjoyed a Caruso record, "Heavenly Aida."

After this excellent program and a short business meeting the departments adjourned. At the business meeting it was decided by the two departments to give a play in the near future, a modernized version of "Taming of the Shrew."

NOTICE

The Business and Professional Woman's Club will give an entertainment at the Princess Theatre on Tuesday, February 7th. This will consist of a Mock trial, "Tanglefoot vs. Peruna." Some of the most prominent business men and women of

LAKE MONROE

Lake Monroe school had the good fortune to sell the second greatest amount of Christmas seals, thereby securing the free performance of the Health Fairy, which will be given soon. The Sanford grammar school sold the highest number and this school second in number in proportion to the enrollment of pupils.

Mrs. Niel Coleman was badly frightened Saturday morning about ten o'clock when a hobo crawled out from under one of the beds in her home. How he happened there she never knew as he never stopped long enough to explain but rapidly made his departure out the door across the road through the chicken yard of Prof. Jacobs then on to the woods. The sheriff was called and arrested five disconsolate looking men between here and town but none of them answered the description of the one sought. Hoboes had been prowling around the Coleman home the evening before as two were found in the garage by Will Coleman late Saturday night. He told them to leave and nothing more was thought about it. Mr. Coleman and the boys were away at the time.

The many friends of Miss Alice Bally in this section were pleased to learn that she won second prize for the best essay upon the subject, City Substantial, offered to the schools of Sanford. Miss Bally is quite an attractive and bright young girl and is very popular.

Many nice trees and beautiful flowers have been planted in the school yard at this place. Some fine water oaks, camphor, sweet gum, maple, and other shade trees, also bananas guava, orange and fruit trees of different descriptions. Flowers are set around the fence and close to the building. Some of the plants were so large when planted that they are blooming at the present time. Mr. Jacobs and the children contributed the flowers and plants and worked hard in planting them.

Mr. and Mrs. James Johnson and family have removed to Monroe. Mr. and Mrs. Johnson came from Forest City, N. C., where they have lived for some time. Their friends are glad to welcome them back.

Mr. and Mrs. Theodore Aulin and son Andrew Aulin and Mrs. M. E. Jacobs of Oviedo visited Mr. and Mrs. Hilden Jacobs Sunday. In the afternoon the party accompanied by Miss Alice Powell motored to Mt. Dora.

Rev. D. D. Marston, of Daytona Beach visited his old home at Monroe Friday. He also visited friends at Sanford before his return home.

Mr. Joe Harn of Empire, Ga., will arrive soon to be a guest at the home of Mrs. J. T. Mann.

Mr. and Mrs. Carl Rabun and son Carl Jr., of Sanford spent Sunday with relatives here.

The celery growers in this section are rapidly harvesting celery and getting ready to ship while prices are right. The pepper beds are fine and have set in the field.

Sanford will take part in this entertainment. Watch for further announcements.

SANFORD HIGH PLAYS FAST MIAMI HIGH HERE; TONIGHT AT PARISH HOUSE

As a curtain raiser the Men's Club will play Kiwanis Club in a comic and interesting game. The outcome is very uncertain, but the Men's Club is expected to win.

Immediately after the Miami game there will be an Inter-Class game be-

MEMBER THE ASSOCIATED PRESS

Funny how easy the people of Florida are. They fall for every outside scheme that comes along.

And why should we support every fellow that comes along wanting to spend the winter in Florida? His schemes are always winter schemes. We never see him in the summer.

Snow and sleet and hail and hell mostly in the states north of us yesterday and today. It is not sunshine here today but it is not sleet and snow either. Florida for us.

Wire are down and the wire service of the Daily Herald will be effected more or less today. However, we can always get out a paper regardless of the telegraph or anything else.

Canned greens get in their work again this week in Idaho. Better come down to Florida where you can get fresh greens every day in the year and it is unnecessary to use canned greens or vegetables or fruits.

We are sorry for California in the freeze that destroyed so much fruit and vegetables but we wish to say to our northern friends that they need not suffer for any of these fruits and vegetables for Sanford can furnish them all during the winter and early spring. We have the vegetable garden for the nation.

Sanford will soon have a Rod and Gun Club house and grounds, a Country Club and Golf Links, a Library, new Woman's Club house, American Legion building, Chamber of Commerce building, Masonic Temple, Community House and many other homes for different orders and clubs. And all of them should be built in a community center, on the lake front.

THE GROWERS SHOULD HOLD THE HOME MARKET

Florida farmers are too much given to the pursuit of the bird in the bush, while neglecting that one which is virtually in their hand, and which the old adage says is worth two of the other. They strain every nerve to get their choicest products ready for the early northern markets, expecting to realize fabulous prices and get rich in a single season and from a single crop. Enough of such gorgeous anticipations are realized every season to put the balance of the farmers on tiptoe with the hope that some lucky individual strikes a favorable market with fine fruit or berries, or potatoes or cabbage, and makes a "killing," which is heralded for and wide with the result that a mass of growers rush to that particular crop, expecting to get equally favorable results. They fail to take into consideration the possibility of glutted markets, of delays in transportation which bring their fine produce to market in a decayed condition, and consigns it to the city dump, of the dishonest commission men who live by preying on the shippers a thousand miles away, whom they have at their mercy. These unpleasant features too often turn their bright anticipations into dismal realities and brightened hopes. The remedy of course, lies in co-operation marketing, and selling on the platform, letting the buyer hold the bag.

FAMILIARITY WITH RULES REGULATING CITY TRAFFIC

Many accidents and traffic congestions can be attributed to one of these reasons: Disregard of laws and the safety of self and others. Ignorance of laws, not knowing what to do under the various circumstances that are bound to rise in the progress of traffic. "I'll take a chance."

A motor-driven vehicle when not properly handled, is a potential angel of death. It is concentrated power that responds to the slightest human touch, safe when handled safely, dangerous when handled dangerously.

An accident is a tragedy that could have been avoided. If drivers and pedestrians alike entertain this thought at all times Jacksonville will be a safer place in which to live. And it is a duty to entertain the thought.

There is too much disregard of law, too many ignorant of law, too many drivers in Jacksonville who are on the qui vive "to take a chance." Perhaps ninety-nine times out of a hundred nothing happens, but death or injury lurks in the hundredth chance.

This applies to pedestrians as much as it does to drivers of motor vehicles. The responsibilities is equally divided, only differently.

Believing that familiarity, with traffic regulations will materialize in the prevention and elimination of accidents. The Metropolis is today publishing the traffic laws which have been enacted by the city council of Jacksonville, for the protection of both automobilist and pedestrians.

Fragrant violations are recognized by both drivers and pedestrians. But many accidents and congestions are caused by violation of seemingly minor regulations.

All regulations are major in the use of motor-driven vehicles. The only safe course is observance of all of them, from the most elementary to the most detailed.

tant part of the northern market comes to Florida every winter, expecting to regale themselves on fresh vegetables, delicious fruits and sunshine. The sunshine we can give them in abundance because no person can monopolize that but too often they find that the fresh vegetables and fruits have been shipped away and only the culls left for home consumption. Where they expected to get fresh fruits and vegetables, we feed them on canned stuff which they could get better and cheaper at home. The result is disappointing all around. The growers do not get the returns they expected from the foreign markets, and the visitors go back north carrying a bad taste in their mouths, and condemning Florida as a place where it is impossible to get "anything fit to eat." This is an unfortunate condition, but it is not incapable of remedy. The remedy lies with the farmers themselves. Any grower who lives within reach of a good town—there are many of them, and a grower's reach is long in these days of good roads and automobiles—has a market which it will pay him well to cultivate. He can establish a house to house trade in fresh eggs, fine poultry and choice fruits and vegetables, which will pay him better in the long run than the illusory and uncertain profits which may come from long distance shipping. He must not expect New York prices for his stuff, but should be able to compete with the home grocers because of his delivery at the door, and the superior freshness and wholesomeness of his goods. There is money in this business, and the home market is the place in which to look for it.—Tampa Times.

TIMES ARE BETTER

A blind man could tell that conditions are better than they were a year ago. You can tell from the way people talk. You can tell it by the way they work. You can tell it by the spirit that prevails. Men are paying now as far as they can. They are making every effort to get out of debt. They are liquidating, making adjustments and getting ready to go.

Talk to any business man or farmer and you will find that he has a very definite policy outlined for the future. A year ago you could hardly get anyone to commit himself as to his future plans.

There is an opportunity to do business now. Not just big business, but just business.

The man who has made his plans and has started to work is ready to trade. He will listen to you, and if you have the thing he needs he will buy it.

Men have decided to take their loss and go on. This applies to merchants, farmers, manufacturers, laborers and all. People are no longer bemoaning their fate. They are accepting their lot and trying to improve their condition.

Yes, times are better.—Gainesville News.

It is unfair to place the whole responsibility of enforcement upon the police department. It is a duty of citizens to observe all laws, and if citizens keep this thought in mind, the apprehension of violators will be less difficult.

There are few laws regarding the movements of pedestrians. This is because the pedestrian has the right of way. But it is important the pedestrian should be familiar with traffic regulations as well as the drivers of vehicles in order that both may be protected. Fullest co-operation is needed in the observance of ordinances regulating traffic.

Traffic laws that are not observed and enforced, like other laws, are worse than no laws at all. Familiarity is a long step in the right direction.

If you drive an automobile, be sure you are familiar with the laws, for your own sake and the sake of others. Know the condition of your car, from the most important part of machinery to the smallest fitting, and you will be better prepared to meet emergencies.—Jacksonville Metropolis.

CAPPER DIAGNOSES BUSINESS CONDITIONS

Senator Arthur Capper, of Kansas has a way of prodding the malefactors of great wealth occasionally with an array of facts that cannot be controverted. Recently he issued a signed statement of his conception of business, and what ails it. He doesn't have to point out that the low price to the farmer and the high price to the consumer is the whole trouble, the middle man getting the cream. The reduced purchasing power of the farmer is assigned as one of the causes of the depression existing especially in agricultural states.

Until the prices at which farmers sell and the prices at which farmers buy reach something approximately a sane level, he says, business and industry and labor are not going to get out of the hole. And the greatest obstacle to the necessary leveling process continues to be the impossible freight rates which have bound and hampered the country for the last 16 months.

Until we reduce the confiscatory freight rates and the prices of most manufactured goods, agriculture is not going to start back on the road to recovery, and until agriculture recovers nothing else will. A general reduction in rail rates must be the first step. There is salvation in it to the railroads themselves.

What sanity or sense is there to prices such as these: Corn one-third of a cent a pound; coal two-fifths of a cent.

Coal \$4.50 a ton; freight charges 300 miles, \$7.50. Oats 15 cents a bushel; oatmeal 20 cents a bowlful.

Wool 10 to 15 cents a pound; woolen yarn, \$2.80. Wool to make a suit of clothes, 45 cents; price of suit \$50 to \$75.

Two days' wages for shucking corn \$8; price corn sold for \$9.50. Potatoes for nothing at the farm to \$1.35 a bushel in town; freight charges Dakota to Michigan \$1.65 a bushel.

Hides three cents a pound and no demand; work shoes \$9 a pair. One horsehide \$1; one pair of horsehide gloves, \$2.50.

Seventy pounds of corn 25 cents; 10 pounds of cornmeal 60 cents. Sixty pounds of wheat 85 cents; 48 pounds of flour \$2.70.

Texas cabbage in Texas less freight, \$5 to \$6 a ton; Texas cabbage in Chicago, \$1.30 a ton. One pound of live hog 6 1-2 cents; one pound of pork steak 25 cents; one pound of lard 20 cents.

Live steer six to seven cents a pound; beef roast 35 cents a pound; steak 25 cents a pound.

It takes a pound of good country butter to buy a box of axle grease made of refinery refuse; a bushel of oats to buy a cup of coffee; a bushel of corn to pay for a plate of corn cakes; 1 1-2 bushels of corn to pay for a haircut; two bushels of corn to buy a pound of good breakfast bacon; 40 bushels of corn to buy a pair of shoes; a bushel of corn to buy a cheap pair of cotton socks; 120 bushels of corn to buy a hand-me-down suit of clothes; 160 bushels of corn to buy an overcoat; 50 to 100 bushels of corn to get a woman's hat.

It cost as much or more to ship hay, oats, sheep, hides, potatoes and other farm products as the grower gets for them.

We pay in freight charges from \$3.50 to \$7 a pound for our shoes; from \$5 to \$10 a pound for our clothing; from \$10 to \$20 a pound for our hats. But the average freight from New York to the central west is only from one-third to one-fifth of one per cent of the average selling price of the clothing and dry goods by the consumer.

The farmer has to pay from eight to 12 1-2 cents a pound for implements averages more than 33 1-3 per cent of the total cost as against one-fifth of one per cent on dry goods, clothing and accessories. He re-

TRUCK

Roast, per lb. 8c-10c
I cannot deliver goods at these prices—because they prevailed in 1879—Eustis Lake Region.

One thing the people forgot to give thanks for in November was the fact that the Florida legislature does not meet this year.

Said a Sanford wife: "I want to do some shopping today if the weather is favorable. What is the weather report?" Said her husband: "Reading report from Georgia: Rain, hail, sleet, thunder, lightning and floods."

Deaf and dumb man who wanted permission to beg on the streets asked the city manager if he could do so.

Felix Frank says Solomon was the wisest man in the world and he can prove it even unto this day. Felix says where is there a man today who could have a thousand wives and get away with it. Righto, Felix.

To Mabel, Rex Beach is a summer resort, Lapis-lazuli a Turk; Chippendale sounds like the breed of a dog.

Rococo a dangerous dirk. She's crazy to visit Anatole, France; A Whistler, its plumage to smooth; Ruskin reminds her of bold Russian Reds;

Morocco a paste for her tooth. Einstein she thinks is a vendor of furs; Rols-Royce is the name of an earl. But whenever I beck with my comel-hither eye She responds—with an armful of girl.

—Minneapolis Journal.

ceives, in the central belt, from one-third to two-thirds of one cent a pound for his corn and the freight is from 100 to 200 per cent of what he receives for it at his barnyard gate.

Prices paid to producers of principal crops are 54 per cent less than a year ago; 58 per cent less than two years ago; and 35 per cent less than the 10-year average.

Prices paid to producers for meat animals are 35 per cent less than a year ago; and 17 per cent less than the 10-year average.

At the same time the cost of everything else is out of line compared with what the producer gets for his stuff, and aside from some reduction in clothing and farm implements, and some other things a farmer buys the concessions are small, nowhere near the low prices he receives for his grain and livestock.

The sword, however, is more authoritative than the pen.

Hawaiian Musical Play at the Princess Tonight

"A Night in Honolulu" which comes to the Princess Theatre tonight is a story of Hawaii, which immediately suggests a myriad of thoughts to the stranger, especially the American. One pictures Hawaii as a land of sunshine, of flowers and of music. One cannot bring the sunshine of Hawaii to our land, nor the flowers in their glorious radiance, but the music is another matter. The Americans have taken the beautiful wistful music of Hawaii to their hearts as they have no other. The quaint "Ukelele" now holds a favored place in our homes. Students of this instrument are as numerous as those of the violin. In "A Night in Honolulu" one may hear the veritable native musicians chant their weird melodies, hear the mournful prayer of death or the gay care-free hula music. It all has a peculiar fascination for us and is an opportunity not to be missed.

LONGWOOD

Mr. and Mrs. S. A. Houston of Sanford and Mr. Will Dickson of Louisville, Ky., were visiting Mr. and Mrs. at Sunday.

Miss Helen Moran spent the week end in Geneva with her parents.

J. E. Phipps left Tuesday for Miami where he will spend several days.

Mrs. Frank Hardy of Winter Park and Mr. and Mrs. S. A. Thompson of Orlando were the guest of Mr. and Mrs. E. E. Hardy one day last week.

Mrs. Joseph Kreinus was a visitor in Sanford Monday.

Mr. S. S. Thompson of Orlando has bought a building lot in South Longwood and expects to build in the near future. The sale was made through E. Hardy.

Mr. and Mrs. F. H. Ranger and Ralph and Mr. and Mrs. Hardy motored to Orlando Sunday night seeing the "tacky party" at the library Friday evening was enjoyed by every one. Mrs. Watson received the prize for being the tackiest.

Mr. and Mrs. J. R. Rose and family of Gainesville have moved into their new home in South Longwood.

Miss Ellen Fuller spent a couple of days in Orlando the guest of her aunt Mrs. Frank Topfitt.

Mr. Wadbrook of (New) York is stopping at Mr. Roebucks place for a few days.

Friends of little Ray Chapman will be glad to know that he is improving.

Mrs. Pritchard who has been visiting her parents Mr. and Mrs. Dowling left Wednesday for her home in Brooksville.

EAST SANFORD

Miss Sue Fael was at home with her parents Dr. and Mrs. R. J. Fael Sunday from Palatka.

Mrs. C. B. Tyler is in Syracuse, N. C., where she was called by the illness of a sister.

Miss Louise Kinard of Cameron City has her sister from Kentucky as her guest.

Mr. and Mrs. F. W. Howard who have been guests at the B. Stele home have gone to Miami and other points in the East Coast before returning to their home in Manassas, Va.

H. A. Ferguson of Richmond, Va.

went to his former home Parkton, N. C., for medical treatment some time ago and has since been very ill. Only able to sit up.

Mr. and Mrs. Ed. A. Armstrong and party of seven touring Florida in two cars were visitors at the J. C. Ellsworth home last Thursday.

Mr. and Mrs. Floyd and party of Klamms were callers at W. W. Dressors on Sunday.

Joe Kinard is driving Mr. Moses car and with Mrs. Moses to look after him and doctor him up will be as well as ever.

Mrs. and Miss Jones are having the remainder of the land cleared at their place on Beardall ave.

The growers are much pleased to have Mr. M. S. Wiggins back on the job and get the market and weather reports again.

ENTERPRISE ETCHINGS

On Friday morning at the weekly Literary Society the grammar school boys gave a very interesting program in celebration of Robert E. Lee's birthday. The confederate flags furnished by William Hodnett and the picture of Gen. Lee added to the attractiveness of the room.

Little Emmett Lanier one of the small boys of the orphanage happened to quite a painful accident on Saturday when he had two of his fingers badly cut while playing at the wood pile.

Mr. and Mrs. A. E. Commons of Stone Island entertained several of their friends to dinner on Monday evening.

Rev. Miller will conduct services at the Methodist Chapel next Sunday morning the services will be held at the chapel now instead at the Boys Dormitory as the repairs on the chapel have been completed.

Several from here attended the opening service of the School of Missions at the Presbyterian Church in DeLand last Sunday night.

On Friday and Saturday afternoons the larger boys and girls of the Orphanage attended the matinee of "The Birth of a Nation" at the Star Theatre in Sanford.

The parts have been assigned for the play to be given by The Parent Teacher Association and work will begin in earnest now.

A party of the winter visitors were in De Leon Springs Sunday afternoon sight seeing, carrying picnic supper with them.

The community sing will be held on Friday evening Jan. 27. It has been decided to hold the sings every other Friday evening.

The friends of Mr. and Mrs. E. C. Shotwell of Johnstown, N. Y., are delighted to know they are to arrive here in the near future.

Services were held Sunday morning by Dr. Pinson of Benson Springs Inn.

Mr. W. E. Bunn returned yesterday after several days spent in Jacksonville on business.

1922 CALENDAR PADS

There is nothing quite so handy, quite so useful, quite so indispensable for the busy office man as the calendar desk pad. It helps you to remember, it gives you the day and date, it gives you just what you want and when you want it. 1922 Calendar pads just received from the factory—the second shipment—the first shipment was exhausted in one week. Get a 1922 Calendar pad before they are all gone. Desk stands for the calendars if you have none.

PALATKA, Jan. 24.—The production of the Irish potato crop of the Hastings district this season will be at a cost of \$548,000 less than last season if the crop averages that of the last three years, according to figures a local produce concern.

The saving is effected through the lower cost of fertilizer, barrels and reduced freight rates and does not take into account the reduced cost of labor. Barrels for this seasons crop cost 25 cents less than last year. There has been a reduction of \$20 a ton in fertilizer and the reduction in freight rates amounts to 18 cents a barrel from Hastings to New York.

Based on the average shipments for 1919, 1920 and 1921 which were 2,829 cars, or 578,400 barrels, freight saved will amount to more than \$104,000. The reduction in the cost of barrels will total \$144,000, while the reduction in fertilizer prices will reduce the outlay for that commodity by \$300,000.

One-Ton Truck

At this exceptionally low price no merchant or manufacturer can afford to do without a Ford one-ton truck. A truck that has always been considered by owners as the greatest value for the money, even when sold at a higher price.

With Pneumatic or Solid Tires and demountable rims. Your choice of either the special gearing of 5-1/6 to 1 for speed delivery or the standard gearing of 7-1/4 to 1 for heavy hauling.

Its power, endurance, dependability, economy of upkeep and operation, and its capacity to handle loads safely are well known Ford Truck qualities, and so recognized by farmers and business concerns the country over.

The extremely low price is creating an increased demand for the Ford one-ton truck, so we advise the placing of your order now to insure reasonably prompt delivery. Terms if desired.

In response to the inquiry of many telephone subscribers: "What can I do to help my service?" this advertisement is published.

Slow Answers Impair Service

Telephone users here make thousands of telephone calls every day.

On more than one per cent of these calls, the person called does not answer for a minute or more after the bell rings.

True a minute isn't long, but telephone service is a matter of SECONDS. We do our part in seconds.

Delayed answers by subscribers on so many of the daily calls necessarily slows down the service and hampers the operators in their efforts to improve the service.

Often the operator is blamed by the calling party when you are slow to answer.

Answering promptly when the telephone bell rings will assist greatly in maintaining good telephone service.

AND TELEGRAPH COMPANY**

MUNICIPAL OWNERSHIP

Under This Head, Articles Pro and Con Regarding Municipal Ownership Will Be Published in the Herald.

The Reporter Star of Orlando is writing to other cities that have municipal owned plants to find out the rates, etc., and give the difference to the readers. The following from Macon will be interesting on the water question.

Dear Sir:—Yours of the 18th has my attention and in reply beg to state that the city of Macon purchased from private ownership on Oct. 1st, 1911 the water works plant only.

They do not own the gas and light plant, therefore the figures that I give you, of course, will mean only for the water plant.

At this point permit to say, in our humble judgment the city of Macon would be willing to float any amount of bonds that would be needed to buy the gas and light plant, which we believe would be a great saving as the records of the water works show.

The writer earnestly desires to see your water, gas and light plants municipally owned, as I am sure this is the best and quickest way for you to be able to sell to your citizens at a nominal cost and reasonable profit.

We do not request that our name be withheld from the public if it will mean anything to you, should the purchase be made we feel that we have done our city a great favor.

For instance on Oct. 1st, 1911 the city of Macon purchased by condemnation proceedings and arbitration the water plant paying \$699,000.00 and issuing \$900,000.00 worth of bonds as they desired a surplus of this amount \$201,000 to make extensions and improvements to the plant.

Please note the purchase price and the price of the plant today and the amount of bonds retired. We retire them serially. The plant Oct. 1st, 1911, our fiscal year ends t that time, was worth \$1,463,026.37.

We retired \$30,000.00 worth of bonds bearing interest at 4 per cent. We have retired through Jan. 1st, 1922, \$170,000.00 all of which is paid out of the earnings of the Water Works.

Our Water Board was created by an act of Legislature—same is a commission composed of three commissioners elected by the people.

The price of water is somewhat less than it was when it was operated by private ownership.

We have established a rate both for meter and flat rate, which we feel is fair and equitable and we boast of this because we are furnishing water to our citizens at a lower rate than any city of our size in the state of Georgia, or perhaps in the immediate south.

We are now contemplating very seriously requesting a law to give our city the right to purchase the gas and light plant. We do not feel this matter will be resisted because it can be plainly shown that the benefits of the city can be enhanced by municipal ownership.

We are paid by the city for all usage of water, for flush tanks sewers, sprinkling carts, various public comfort stations, etc. The price paid is fixed by law around \$33,000.00 per year.

The excavations in our street for the purpose making repairs, etc., made by the Water Board after getting a permit from the Engineering Department. When these repairs are made the city replaces the paving and the bill is made against the Water Board just as would be a private individual and we pay them by voucher.

The expense of laterals from our water mains are borne by the property owners. The meters are also bought by the consumer.

We have increased as you might see in the amount of dollars and cents—so we could more than double our pumping facilities, build reservoirs and new buildings, etc., than what we had when the purchase was made.

As to our financial condition as a commission I am proud to state we have made extension and improvements in large amounts and large contracts with a very nominal indebtedness. In financing our affairs the commission is able to do it at as low a rate as our banks receive—therefore you can see we are in a splendid financial condition.

If we can furnish you any records or information you will not find in the Auditor's report we are sending to you, we will be glad to do so. Please be good enough to return this copy as soon as you have looked it

over, or have finished with it. No hurry.

Wishing you every success in your new undertaking and believing you will be fully repaid for any step taken buy the water, gas and light plants for your city, I beg to remain,
B. L. HENDRICKS.

STRENGTH PROGRESS SERVICE

PERSONALS

Well, do you think it will snow?

That swift Miami basket ball team went down to defeat last night. It was a glorious victory.

Weather report is nothing alarming today and as this paper goes to press the wind has veered to the south.

Mrs. R. J. Holly, Robert and May Holly and Mrs. C. E. Henry and daughter Ruth visited in Orlando today and heard Salvi, the great harpist at the Beecham Theatre.

Mrs. Charlie Campbell is recovering from a serious illness at the Valdez Hotel and her many friends are rejoicing over her convalescence and hope she will soon be out again.

The many friends of Forest Lake are glad to see him out again after several bad spells of the influenza or grip that kept him indoors for some

time. This is the first time Mr. Lake has been sick in 27 years.

GOOD PLAYS AT THE NEXT SHOW

The Earl Hawk Stock Co., under the auspices of the American Legion at the big tent theatre last night presented very amusing comedy drama entitled "Just Plain Molly."

The big tent had several heaters placed advantageously and it was as warm as a summer's day in June.

A fair sized audience witnessed the performance and judging by the laughter and applause it was an evening of delight to all.

No trouble or expense is spared to make the tent warm and attractive and all who attend are assured of a good show under pleasant conditions.

The play for tonight is the feature play of the week. Sol Smith Russell, play of "Peaceful Valley."

This is a quaint New England Comedy and the play that made Mr. Russell a great favorite during his lifetime.

You will feel better for seeing this, "Sweetest Story Ever Told."

Try a Herald Want Ad today.

SANFORD'S TEMPERATURE

Down to 67 yesterday and this morning which is more like the winter weather we should have once in a while just to let the visitors know what is going on in their "old home town." And then we wanted a change down here from that 80 stuff that we have had for about ten months in the year. The cold weather is good for celery and it stops the activity of the mosquitoes and the flies and other things. No snow is predicted for Florida yet.

North and cloudy.

THE WEATHER

For Florida: Generally fair tonight and Saturday; colder in South and Central portions tonight; freezing temperature and frost in north and frost in central portion tonight if weather clears.

MILK MUST BE LABELED MILK.

(By The Associated Press) JACKSONVILLE, Jan. 27.—Milk dealers who have been seeking a city ordinance requiring that all milk not bought from a Duval county dairyman be labelled as milk shipped into Jacksonville lost their fight when a city council committee eliminated the clause from a proposed ordinance regulating milk depots in this city.

The ordinance as reported from the committee, now is a straight health measure, requiring that milk containers be labeled as to their contents but not as to their origin.

The original label was sought as a result of a price war between milk depots, the claim being made that the one depot which rather than increase its price effected its reduction, was obtaining its milk from out of the county.

SUPPLEMENTING THE DAILY BREAD

The good book tells us "Man shall not live by bread alone." Scientists and practical experiments prove to us that a healthy child, or adult, fed on nothing but the most excellent bread, soon becomes a physical wreck, and mentally akin to the imbecile.

Even a bread and meat diet is not only unsatisfying, but dangerous. The human system needs, requires, and demands, all the salt, and minerals that go to make up the strong bone, blood and tissue of body and health of mind, and there is no substitute for these as found in the fresh fruits and vegetables of the land.

So, when we pray for "our daily bread," we should also ask for a little lettuce, or a turnip, or some berries, or cabbage, or an apple, or an orange, anything like that or add zest and tone, the proper chemical and minerals needed to the bread, and to furnish nature the corrective and eliminating stimulants it needs.

There are no finer aids to health and beauty of body and mind than the midwinter products of the Florida fields, groves, gardens and farms. When it sends out daily during the time when the rest of the country is covered with snow, and is living largely on canned or stored food, great trainloads of fruit, vegetables and berries, fresh picked and in all the beauty and worth of their natural maturity, it is doing a great part toward keeping health and happiness at their best.

Since September 15—four months and a week—Florida has sent out to the less fortunate states for immediate and daily consumption, 19,500 cars of fruits and vegetables. That is about 160 cars a day average for the entire time. Monday of this week there were reported as going out all rail from Jacksonville, High Springs and Hampton: Grapefruit, 128; oranges, 158; lettuce, 54; vegetables, 14; cabbage, 26; peppers, 2; tomatoes, 1; celery, 15; strawberries, 1. There's 309 cars a day going out now, and the height of the season not reached.

And when one figures that even this seeming record does not give an orange a day to half the children in the country; that not one family out of a hundred got a head of that lettuce, and not one in a thousand even read about those strawberries, much less had a neighbor whose "friend" ate one, some idea of the task ahead of Florida growers can be had.

For every acre in vegetables in Florida this year there are needed a thousand acres, and the same is true of the berries and of the oranges. This state has not yet begun to touch the territory that rightfully belongs to it in the matter of supplying fresh fruits and vegetables; and until it realizes this and gets busy with a distribution program, and busy with its production increase plan, there will always be those who wonder why Florida has so many thousands of miles of "unnecessary land."—Tamra Tribune.

UPSALA AND GRAPEVILLE

Mrs. DeForest' oranges and those of Seymore Pritchard and Volie Williams and Alfred Ericson have been sold. Truck loads go by each day.

Mrs. Stedt spent Thursday with her daughter Mrs. Jesse Leo.

We understand a number from this place attended the church social at Lake Mary, Friday.

Glad to see Mr. and Mrs. Cheezum able to be out at the Grapeville party held on Monday evening at which 76 were present and a fine time enjoyed by all. Mrs. Cheezum has been ailing for over a month.

Mr. and Mrs. Campbell and children Arthur Lee and little Grace and C. R. Bersquist were out from Sanford for the party.

Mrs. Ericson and little children were callers at the home of Mrs. Hirsch on Friday and were later joined by Mrs. August Swanson and Mrs. Ballinger who called at most of the homes in the settlement in the interest of the party.

Mr. and Mrs. W. C. Meador and children returned home Friday by auto from a visit paid her sister at Canal Point, that wonderful new land that is lately being put under cultivation near Lake Okechobee. Her card stated they were living on the good things of the land, plenty of milk honey, quails and pork. Had a good time but the roads were bad.

Mr. and Mrs. V. C. Collier and daughter, Miss Bright were Saturday afternoon visitors at the Ballinger home, stopping with us for tea.

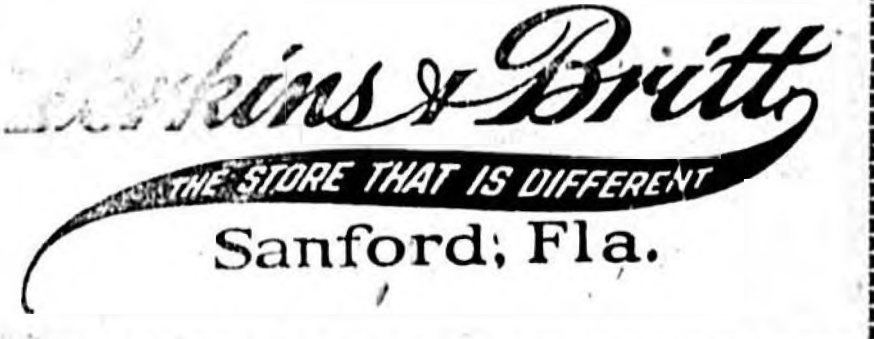

We are going to try Tuesday evening for the Bible study in hopes that those who have other meetings or have to work Wednesday nights will be able to attend.

Real Native Hawaiians Coming to the Princess "A Night in Honolulu"

In "A Night in Honolulu" which comes to the Princess Theatre tonight the native Hawaiian singers and musicians will be found to occupy a great deal of the spectators' attention. Hawaiian music by the gifted native singers and players has been a great success in America because it is different. The wistful beauty of the music seems to carry the American audience across the Pacific to the Island Paradise. The melodious strains of their quaint songs and the accompaniment on native instruments is plaintive and fascinating. Mark Twain after his first visit to the Hawaiian Islands, said in an interview: "The music of the Hawaiians, the most fascinating in the world, is still in my ears and haunts me sleeping and waking. I can still hear the pulsing of the surf at Waikiki, see the plummy palms drooping by the shore, the garlanded crags and the leaping cascades, and this music fills me with the spirit of its woodland solitudes."

It may yet become necessary to have a conference to end conferences.
