

## Cuts Down And Has 21 Men Left

Brooklyn Dodgers: Hopes Run High  
By JACK HOBBS

The Dodgers are living at a weak point in the National League race, but they are a far cry from the old days when they were permitted to play in the front door of respectable hotels.

Dressed in check and colorful sports shirts and jackets you would hardly tell you were in the front door of a respectable hotel. Except for the fact that they are here in the front door of a respectable hotel.

They have fun playing around with a group of young fellows who are dancing nightly at the club.

After practice in the afternoon they sometimes put on their swimming trunks and take a dip in the pool, not far from the clubhouse. It is a refreshing change from the water.

They have fun playing around with a group of young fellows who are dancing nightly at the club.

## Cuban Atmosphere Gets Dodgers As They Turn Swanky

By DILLON GRAHAM

HAVANNA, Apr. 1.—(AP)—Brooklyn's leading question is a far cry from the old days when they were permitted to play in the front door of respectable hotels.

Dressed in check and colorful sports shirts and jackets you would hardly tell you were in the front door of a respectable hotel. Except for the fact that they are here in the front door of a respectable hotel.

## Bucky Harris' Pitchers May Be Good Hitters, But His Catchers Are All (?)

By DILLON GRAHAM

ORLANDO, Apr. 1.—(AP)—Bucky Harris' pitchers are being measured as pitchers and not as hitters. Harris' catchers are being measured as catchers and not as hitters.

## Futurity Dogs To Take Over Tonight At Longwood Oval

## 15 Men On Squad Of 35 Have No Experience, Says Coach

With only three positions on the team filled with any amount of certainty Coach Melucas of Seminole High School, is looking for 35 boys out for Spring football practice over closely and is especially anxious to find passers and kickers.

During the first week of the squad, gradually increased to 35 and expected to go to 40 or 45 next week, went through locating up drills to be ready for some rough work next week. The latter part of the week Coach Melucas expects to go through a few plays with the boys and issue full equipment the last of the week.

With a green bunch of boys on his hands, he has never been before, and all but about three of the regulars lost through graduation or the army, the coach is anxious to see what the boys will do in contact work.

Bill Fleming looks good for one of the tackle posts but the need is for three more men in that spot. Lambert Palmer will take one of the guard positions while Bill Branan takes one of the halfback holes.

The squad needs one tackle, an end, three guards, a center, fullback, quarterback and one halfback, Coach Melucas said. The boys who have turned out so far are all light but the coach hopes they will put on more weight over the summer.

Without a single good prospect for passing and kicking Coach Melucas is anxious to look over the boys he expects out next week. In this bunch he hopes to pull out someone for the air work.

## REACHES FINALS

LAKELAND, Apr. 2 (Special)—Florida Southern College was among the 11 groups which recently reached the finals in a national radio program contest sponsored by the American Youth Commission. The only Florida finalist, Southern was among 36 colleges, high schools, and youth organizations which qualified in the competition.

## RESIGNS FROM COMMISSION

TALLAHASSEE, Apr. 2 (Special)—Dr. G. L. Harrell of Vero Beach resigned as a member of the State Orphaned Children's Commission. A successor has not been appointed. H. M. Hines of Jacksonville resigned as a special officer for the Seaboard railway.

## Conference On Strike At Ford Plant Delayed

### Violent Fighting Occurs Near Closed Plant In Detroit; 4 Men Are Beaten

### Pickets Injured By Union Auto

### Car Chasing Negroes Run Into Group, Witnesses Declare

DETROIT, Apr. 3.—(AP)—Violent but isolated outbreaks of fighting occurred near the strike-closed Ford Motor Company plant today and Governor Murray D. Van Wageningen announced that resumption of mediation conferences with the C. I. O. and company officials had been postponed.

Four negroes in an automobile were beaten severely by union pickets who chased them nearly a mile from the main plant gate.

Three of the pickets were struck down as the car following the negroes machine ploughed through a fighting group at a spot reported by witnesses at 40 miles an hour.

One picket asserted he was stabbed in the stomach.

Swift mediation efforts in the strike paralyzing the Ford Motor Company's great River Rouge plant tonight saw a "plan for settlement" last night soon after state police were stationed in the plant area.

Several Mediators, James F. Dwyer, two hours after sleeping one of a plane on a hurried flight to Detroit, announced the plan. It was estimated in a 75-minute conference with Governor Van Wageningen and C. I. O. officials that the settlement plan was approved.

The strike was called by the United Automobile Workers (C. I. O.) shortly after midnight. At 8 o'clock last night Dwyer, leaving a conference room after downtown Detroit held, made his announcement to newspaper men.

"A plan has been evolved for settlement," he said.

Although Dwyer declined to say more, his statement was interpreted to mean that the C. I. O. leaders had agreed with him on a definite program.

Conferees had included August Schmitt, state director of the C. I. O., and Walter Reuther, leader of the International executive board.

Later a committee of five representatives of the Ford Company entered the Ford Company executive conference room for what is believed to be the first time since the strike.

The Ford group was headed by Harry Bennett, executive vice president, and James R. Dwyer, president of the Ford personnel department.

Although Van Wageningen's secretary said the conference planned to have the conference shortly after 10 o'clock, he said that the Ford representatives were not present.

He said that the Ford representatives were not present.

He said that the Ford representatives were not present.

## Ships Seized, Sailors Interned

Seamen taken from Italian ships seized at Gloucester, N. J., near Philadelphia, salute the flag which they had to strike as their vessels were taken over by the United States. The sailors, shown under armed guard, were interned at the Gloucester immigration bureau. Sixty-five foreign ships, totaling some 300,000 tons, were seized by the United States after discovery of sabotage on Italian freighters.

## Troops Of 167th Infantry And 117th Field Artillery Plan Overnight Stop

Major O. L. Dupree, of the 167th Infantry at Camp Blanding announced today that his regiment, accompanied by a battalion of the 117th Field Artillery, will come to Sanford tomorrow for an overnight stay.

It will be the second "blitzkrieg" by Blanding troops of this city within a week. Monday the 167th Infantry and part of the 117th Field Artillery camped overnight near Fort Mellon Park.

Major Dupree telephoned Edward Higgins, secretary of the Chamber of Commerce, this morning and told him the troops will begin to arrive about 3:00 o'clock Friday, and that the last unit will reach here about 6:00 P. M. It is expected that about 500 more troops will come tomorrow than were here Monday.

Though no parade will be held, Major Dupree extended an invitation to Sanford people to visit the camp area.

Please feel free to inspect the camp site," the officer said, "and there will be an open house during our stay." Col. Walter M. Thompson is commanding officer of the 167th Infantry. Brig. Gen. J. C. Hutchison will accompany the troops to Sanford.

A band concert will be given at the bandshell on the lakefront at 6:30 o'clock by the regiment's band.

The water pipes and temporary lights which were erected by the City Monday for the use of the troops have been left standing and will be used again by the 167th Infantry, most of whom are from Alabama.

Since many persons from the towns surrounding Sanford would like to come in to see the troops Friday, several towns are planning to remain open tomorrow night to give these people an opportunity to do their shopping then instead of on Saturday.

The troops will remain overnight and leave early the next morning for Daytona.

## Miss Hinton Goes To Regional Scout Meet At Orlando

Miss Irene Hinton, Girl Scout leader, attended the 1941 regional Girl Scout conference in Orlando yesterday, at which delegates from all Florida Girl Scout councils met.

The delegates represent the 21,458 Girl Scouts registered in the state in the Juliette Low region, which includes the four states.

The conference will continue until tomorrow.

Conference guests and speakers include:

Mrs. Harvey S. Mudd, national president of the Girl Scouts, and the following national staff members: Mrs. Katie Lee Johnson, director at large; Mrs. Ruth O. Horn, marine adviser; Miss Frances Lee, field adviser at large; Miss Margaret Chapman, camp adviser; Miss Ida May Horn, adviser on leadership and director of Training Camp Edith Macy, New York, and Miss Katherine Park, field adviser at large and director of Camp Juliette Low.

A marine training course will be given on Saturday at the Orlando Girl Scout Little House. Miss Emily Laxey, leader of one of the Jacksonville mariner ships, has been asked to assist with the course. Marine ships are increasingly popular among Girl Scouts, and leaders are equipping themselves for this feature of the program.

Mrs. H. Plant Osborne, chairman of the Juliette Low Regional Committee, said yesterday, "And the dark foreboding in these troubled times and any of light remains, our young folks, the hope of our land. We who have the need for them to be active in Girl Scout work today, are playing a vital part in keeping that ray constant. It is our privilege to pass on to our Girl Scouts an understanding and an appreciation of their American heritage and to equip them with skills and interests that should go a long way in helping them to hold it fast."

## Marine Recruiting Office Is Opened

W. E. Crystal announced today that the marine recruiting office in Orlando has been opened until Apr. 15, with offices on the third floor of the new Court House.

Crystal, age 18, and 20 who serve as call in this branch of the office are asked to apply to Mr. Crystal at his office or to write him.

Those who are recruited for the draft are notified in return in the Marine Corps. Mr. Crystal said, "I will be active duty immediately, and I remain for the draft and will return to the office as a marine."

RECRUITING OFFICE SOLD

## Prompt Recall Of Italian Is Asked By U.S.

### Fascist Naval Official In Washington Thought Connected With Ship Sabotage

WASHINGTON, Apr. 3.—(AP)—The United States demanded today the immediate recall of the Italian naval attaché in Washington, Admiral Albert Lais, on the grounds that he was connected with the sabotaging of Italian ships in this country.

Secretary of State Hull sent a note to this effect to the Italian Ambassador, Prince Colonna, an order of President Roosevelt, who had decided the continued presence of Admiral Lais "would no longer be agreeable to this government."

Secretary Morgenthau said today he and Attorney General Robert H. Jackson were "studying" possible action against the United States 30 German and Italian vessels seized last week.

The 1917 law under which the Axis ships were seized because of sabotage by the crews provides that the government may ask forfeiture of the ships as a penalty of sabotage.

Asked whether the ships of any other nation might be taken into custody, Morgenthau replied that no advance notice of such an action could be given if it was contemplated.

## Hungarian Premier Dies Unexpectedly

BUDAPEST, Hungary, Apr. 3.—(AP)—Couda Pal Teleki, 65-year-old premier of Hungary, died unexpectedly during the night. The Hungarian cabinet was said today to have resigned as a result. The foreign office said the death was caused by a heart ailment.

Reports published in Switzerland and America teleki committee said that the premier was personally known to be pro-British rather than pro-German.

## Agent's Office Is Moved Temporarily

Remodeling of the office of the county agent, C. R. Dawson, and the home demonstration agent, Mrs. Reva Andrews, has necessitated their moving their headquarters to the top floor of the Court House in the grand jury room.

New ceilings and partitions are to be put in the office and the interior designed to make the office convenient for employees and persons of the office.

A. D. Lyon, in charge of the work, said.

## 71 Percent Of Celery Crop At Sanford Cut

Slightly over 71 percent of the celery in the sand lands surrounding Sanford has been cut, a check made Saturday night and announced today by W. J. Chastain, representative of the Florida State Marketing Bureau district.

The figure does not include the celery much land where cutting has not begun yet.

## Mary Pickford Is Hospital Patient

LOS ANGELES, Apr. 3.—(AP)—Mary Pickford, suffering from a kidney ailment, is under observation in a Los Angeles hospital.

Dr. Verne O. Hunt said the screen and radio actress entered the hospital two days ago; that her condition was not serious and he did not know whether an operation would be necessary.

## "Blackout" When Electric Current Stops Causes Mild Inconveniences

"Where was Johnny when the light went out?" had a sequel in Sanford this morning when electric current was off for about 20 minutes.

The service station attendant at the gas station across from the Court House had to watch three customers drive in and drive out again without being able to sell them gas since his pumps were electrically driven.

Traffic got into something of a snarl on the corner of First and the traffic light stopped and motorists stopped and motorists waiting for opposing traffic to go ahead.

The City Engineer's office was notified that at 9:30 a. m. the power lines were cut and that the power lines were cut and that the power lines were cut.

## City News Briefs

The Townsend Club will hold its regular meeting at the Court House tonight at 7:30 o'clock.

Keith Koenig and Miss Ruth Browne, both of Orlando, were issued a marriage license at the Court House yesterday.

A building permit was issued to Foster Smith to tear down a four-room frame building on M. A. Avenue between Ninth and Tenth Streets.

## WAS THIS YOU?

Yesterday's Identification was Miss Mildred Reboon, So. Sanford Avenue.

About 9:00 o'clock Wednesday night you were chatting with the folks who were wearing a blue shirt, blue trousers and a pair of tan shoes. A handkerchief with a brown border was protruding from your right hip pocket. "Where was Johnny when the light went out?" you were being the luckiest fellow in Sanford and judging from the way you were talking for a ride, he may have something there. All you started to leave, a gentleman wearing a straw hat engaged you in conversation. After sitting with him for a few minutes, a gentleman wearing a gray suit hat and glasses approached you, made a few notes on a pad, and then left.

Identify the person as The Herald office before you name anyone in tomorrow's edition and you will be the first to know.

## LOCAL WEATHER

Cloudy showers tonight. Day partly cloudy; little shower in afternoon.

## United Yugoslavia Faces Threat Of Nazi Invasion

### Germans Report Heavy Blows On Enemy Shipping

### Fascists, Nazis Claim New Successes In North African War

BERLIN, Apr. 3.—(AP)—The German navy operating in the Atlantic sank 357,000 tons of merchant shipping from Mar. 16 to 23 in one of the heaviest series of bows yet claimed against British shipping, informed cables said today.

Coupled with this report, the High Command announced that German and Italian troops had scored new land successes in North Africa with the recapture of Argadda, in northwestern Libya.

The British minimized this land engagement—between 30,000 and 40,000 Italian soldiers, the beaten remnants of the Fascist army in Eritrea, are fleeing southward toward Addis Ababa, Ethiopian capital, as fast as they can. British military sources said last night.

The only major point left in the Italian flag in Mesania, Red Sea port and that city was described as on the brink of capitulation.

The Fascists reported leaving 600 other Italian troops virtually isolated in Ethiopia are all the Italia troops left to fight in East Africa.

## Germans Report Heavy Blows On Enemy Shipping

Proposed changes in the City Charter, including one providing for the election of a Mayor by popular vote, were discussed at a meeting in the City Hall last night by a group of about 50 persons and this district's representatives to the Legislature State Senator E. F. Householder, and John G. Leonard, and E. J. Brady, representatives.

The meeting was held at the invitation of the legislators, who said they wished to sound out public sentiment on the bills before they left for the opening of the Legislature on Tuesday.

Four of the bills discussed had been advertised. The other proposals, to change the present method whereby the City Commission elects the Mayor and the terms of the Commission members are staggered, was brought up for the first time without having been previously advertised.

Two changes in the Commission setup were suggested in bills that had been drawn up and that were read at the meeting. One provides that the Mayor be elected at a general election for a term of three years, two Commissioners elected for a term of two years each, and two other Commissioners elected for terms of one year each.

The alternative bill provides that the Mayor and all the members of the Commission would be elected by popular vote at one time for two-year terms each.

The consensus of those at the meeting who voiced their opinions favored having the people elect their Mayor, but supported the present method of having the terms of the Commissioners staggered.

Much of the discussion of the other four bills centered around the question of whether it was wise for the City to pass any further tax measures, and what benefits would accrue from the bills.

Several of those present suggested that a referendum should be held on the proposed amendments to determine public opinion.

There was also considerable discussion in whether the City should be allowed to charge for sewerage disposal and garbage collection as revenue measure. Most of those present agreed that if the bills were primarily to raise revenue, they should be discarded, but if they were intended to pay for the operating costs of these services, they should be passed.

Excerpts from the discussion of the bills follow:

Senator Householder opened the meeting and explained that it had been called to discuss local legislation that will be presented to the Legislature, and pointed out that the legislators did not intend to express their own views. The meeting was for the purpose of raising revenue to be presented to the Legislature, he declared.

He explained that in the case of local legislation, the delegation must agree on the bill before it is passed. He emphasized that the legislators do not desire to pass any bills affecting the City unless the people want it.

The first proposal concerned a bill to declare the collection and disposition of garbage by the City a public utility and to authorize the City to impose and collect a charge for the collection and disposition of the garbage.

Senator Householder, in reading and explaining the bill, declared that as a consequence of home-stead exemption, the City must service all homes while collecting taxes for bond service alone. Such a bill has been declared unconstitutional by the Supreme Court, he said.

D. L. Thresher asked what is the policy of other towns, the size of Sanford.

Senator Householder cited a town that used such a system and said that the action had been upheld by the Supreme Court.

Mr. Thresher replied that "it seems reasonable in view of the fact that the tax seems needed."

E. W. Wain, county judge, said: "I favor the bill only to pay the operating costs of the service, and not for the purpose of raising revenue."

Father Arthur Fack expressed the sentiment of those here that all of any consequence should be read on by the people in some way. I believe you are taking advantage of the citizens' money in an irresponsible manner.

## Legislation To Amend Sanford's Charter Is Discussed By Group Of Citizens And Representatives

Other comments on the proposed legislation were as follows:

James Wright: "The whole proposition should be voted on by the people because you can't determine their opinions fairly this way. I think it would be all right to pass the bill with a referendum attached, and let the people vote upon it."

Henry McLaulin, Sr.: "The bill does not prescribe the containers for the garbage or the ones who should pay for them. Whether it is the users of the City, I don't like the idea of passing this bill without knowing what it's about."

Edward Higgins, City Commissioner and member of Commerce secretary: "The bill is not a revenue bill, but is intended just to carry the expense of the service. Homeowners at present pay for garbage, five or six other services, but only a 16 mill levy for debt service. The City is running short of operating money. If you want the town to be run properly and the streets clean, the owners of houses must pay their share of the cost of operation. The City is out between \$30,000 and \$35,000 because of the home-stead exemption. The bill may need revision, but the principal of it is to charge the homes for the service or to do without the benefits."

Henry McLaulin, Jr.: "I believe the bill would give the City too much authority, and it may force someone to use this utility and no other."

Senator Householder: "You would want the citizens to be able to dispose of the garbage in any way."

Mr. McLaulin: "Yes."

W. C. Hutchison: "The act is a referendum on the act as to whether it is for cost or revenue. It seems practical for the City to designate some agency to collect garbage."

Mr. Wright: "Is there any provision for taking care of any surplus that might accrue?"

Senator Householder: "As I understand it there would be no surplus."

Mr. Wright: "There should be some provision for a surplus and what would be done with it?"

Senator Householder: "That could be corrected. The surplus would apply on the next year's collection expenses, and the collection costs next year could be reduced."

Mr. Higgins: "As drawn up by the City Commission, the cost would not exceed 50 cents a month and we don't believe that more than 25 cents a month will be necessary to pay for it."

George A. Speer, Jr.: "To me it seems just that it is one more tax. The City is limited to tax property owner 15 mills. Our budget now is something like \$125,000 a year. Five years ago it was only \$83,000 a year. Still, tax collections now are 41 percent of the budget. I must consider the bills not just as to whether they are fair bills, but as another tax."

Senator Householder: "Your statements are correct. Under the charter the City operates under was adopted many years ago and changes have since taken place. We now pay taxes on our business rather than on our homes."

Mr. Speer: "Why are there increases on the City when we have more money, other revenues and better collections than we had five years ago. The cost of City government has increased 33 1/3 percent over five years ago."

Senator Householder: "The object of the bill is to prevent the careless disposition of garbage, such as would affect public safety."

Senator Householder: "It seems to be sentiment of those here that the bill is all right if it is for the expenses of operation only, though people dislike to pay taxes upon themselves. I'd be inclined to vote for this."

Mrs. W. C. Hutchison: "I think it would be wise to discuss all the bills and find out the sentiment about all of them if it is possible."

Senator Householder then read the substance of the second bill, a bill to declare the sewerage system of the City a public utility and to authorize the City to impose and collect a charge for the use of such utility.

Mr. Wain: "The City may be interested in the subject."

## Hitler Summons His Legation To Berlin; Balkan Conflict Is Seen As Inevitable

ROME, Apr. 3.—(AP)—Virginia Gayda, leading Fascist editorial spokesman, asserted today Germany and Italy are hungry for bound to respect Yugoslavia's territorial integrity and political independence as was guaranteed when the former Belgrade regime signed the Axis pact.

War alarms reached a vibrant pitch in the Balkans today as Adolf Hitler called home the German legation staff in Belgrade.

Diplomatic circles asserted the Nazi Fuehrer had apparently decided that war with Yugoslavia was inevitable.

In neighboring Hungary the Hungarian government was reported to have resigned following the mysterious death of Premier Count Pal Teleki, known for his pro-British sympathies. The foreign office said he died of a heart ailment.

German motorized "Hitler" forces were reported missing in large numbers on the Rumanian frontier less than 50 miles from Belgrade. (Other East Nazi divisions continued on Page 21A1)

## Leader Of Croats Joins Government

Fears Of Attack Are Increased By Outbursts Over Radio

## Salvation Army Reports \$2700; Tag Day Slated

Discussions of the Salvation Army campaign announced today that a total of \$2700 had been reported in cash and pledges so far, adding that a number of citizens have pledged to contribute to the annual drive.

Some persons have called Captain R. E. Rose, director, this week to find out what they had not had an opportunity to give but that he could count on them for a contribution. Others who are interested in aiding the drive may telephone 409 or call at the headquarters, 113 Magnolia Avenue. Captain Rose said.

Monte Harris, chairman of the colored committee, has turned in \$1170 and has assured Captain Rose that he will secure more for the organization.

Walter Holly, commander of the colored American Legion Post, has agreed to send all colored employees of the Atlantic Coast Line and has assured Captain Rose that the more Boy Scouts would assist with the tag day Saturday. They will tag only those in their section of the city.

Richard Casselberry, chairman of the Casselberry district, and R. F. Wheeler of Oviedo have promised to get their reports in by noon Saturday.

A group of girls from the senior class at Seminole High School have volunteered to assist in the tag day, which will be held in the downtown district Saturday. Captain Rose announced.

## Matsuoka, Axis Heads Agree On Action Plan

ROME, Apr. 3.—(AP)—Japanese Foreign Minister Matsuoka has agreed with Premier Mussolini and Adolf Hitler on a joint plan of action against the United States in the event of American involvement—declared or undecleared—in hostilities against the Axis powers, authoritative Italian sources indicated yesterday.

The Japanese statement said goudy to Mussolini before returning tomorrow to Berlin for further conferences with Hitler.

He also talked yesterday with Pope Pius XII at a 45-minute interview at the Vatican, one of the longest any statesman has ever had with the pontiff. There is a position to know and they surveyed the whole world situation.

## LOCAL WEATHER

Cloudy showers tonight. Day partly cloudy; little shower in afternoon.

## Germans Report Heavy Blows On Enemy Shipping

Proposed changes in the City Charter, including one providing for the election of a Mayor by popular vote, were discussed at a meeting in the City Hall last night by a group of about 50 persons and this district's representatives to the Legislature State Senator E. F. Householder, and John G. Leonard, and E. J. Brady, representatives.

The meeting was held at the invitation of the legislators, who said they wished to sound out public sentiment on the bills before they left for the opening of the Legislature on Tuesday.

Four of the bills discussed had been advertised. The other proposals, to change the present method whereby the City Commission elects the Mayor and the terms of the Commission members are staggered, was brought up for the first time without having been previously advertised.

Two changes in the Commission setup were suggested in bills that had been drawn up and that were read at the meeting. One provides that the Mayor be elected at a general election for a term of three years, two Commissioners elected for a term of two years each, and two other Commissioners elected for terms of one year each.

The alternative bill provides that the Mayor and all the members of the Commission would be elected by popular vote at one time for two-year terms each.

The consensus of those at the meeting who voiced their opinions favored having the people elect their Mayor, but supported the present method of having the terms of the Commissioners staggered.

Much of the discussion of the other four bills centered around the question of whether it was wise for the City to pass any further tax measures, and what benefits would accrue from the bills.

Several of those present suggested that a referendum should be held on the proposed amendments to determine public opinion.

There was also considerable discussion in whether the City should be allowed to charge for sewerage disposal and garbage collection as revenue measure. Most of those present agreed that if the bills were primarily to raise revenue, they should be discarded, but if they were intended to pay for the operating costs of these services, they should be passed.

Excerpts from the discussion of the bills follow:

Senator Householder opened the meeting and explained that it had been called to discuss local legislation that will be presented to the Legislature, and pointed out that the legislators did not intend to express their own views. The meeting was for the purpose of raising revenue to be presented to the Legislature, he declared.

He explained that in the case of local legislation, the delegation must agree on the bill before it is passed. He emphasized that the legislators do not desire to pass any bills affecting the City unless the people want it.

The first proposal concerned a bill to declare the collection and disposition of garbage by the City a public utility and to authorize the City to impose and collect a charge for the collection and disposition of the garbage.

Senator Householder, in reading and explaining the bill, declared that as a consequence of home-stead exemption, the City must service all homes while collecting taxes for bond service alone. Such a bill has been declared unconstitutional by the Supreme Court, he said.

D. L. Thresher asked what is the policy of other towns, the size of Sanford.

Senator Householder cited a town that used such a system and said that the action had been upheld by the Supreme Court.

Mr. Thresher replied that "it seems reasonable in view of the fact that the tax seems needed."

E. W. Wain, county judge, said: "I favor the bill only to pay the operating costs of the service, and not for the purpose of raising revenue."

Father Arthur Fack expressed the sentiment of those here that all of any consequence should be read on by the people in some way. I believe you are taking advantage of the citizens' money in an irresponsible manner.

## Legislation To Amend Sanford's Charter Is Discussed By Group Of Citizens And Representatives

Other comments on the proposed legislation were as follows:

James Wright: "The whole proposition should be voted on by the people because you can't determine their opinions fairly this way. I think it would be all right to pass the bill with a referendum attached, and let the people vote upon it."

Henry McLaulin, Sr.: "The bill does not prescribe the containers for the garbage or the ones who should pay for them. Whether it is the users of the City, I don't like the idea of passing this bill without knowing what it's about."

Edward Higgins, City Commissioner and member of Commerce secretary: "The bill is not a revenue bill, but is intended just to carry the expense of the service. Homeowners at present pay for garbage, five or six other services, but only a 16 mill levy for debt service. The City is running short of operating money. If you want the town to be run properly and the streets clean, the owners of houses must pay their share of the cost of operation. The City is out between \$30,000 and \$35,000 because of the home-stead exemption. The bill may need revision, but the principal of it is to charge the homes for the service or to do without the benefits."

Henry McLaulin, Jr.: "I believe the bill would give the City too much authority, and it may force someone to use this utility and no other."

Senator Householder: "You would want the citizens to be able to dispose of the garbage in any way."

Mr. McLaulin: "Yes."

W. C. Hutchison: "The act is a referendum on the act as to whether it is for cost or revenue. It seems practical for the City to designate some agency to collect garbage."

Mr. Wright: "Is there any provision for taking care of any surplus that might accrue?"

Senator Householder: "As I understand it there would be no surplus."

Mr. Wright: "There should be some provision for a surplus and what would be done with it?"

Senator Householder: "That could be corrected. The surplus would apply on the next year's collection expenses, and the collection costs next year could be reduced."

Mr. Higgins: "As drawn up by the City Commission, the cost would not exceed 50 cents a month and we don't believe that more than 25 cents a month will be necessary to pay for it."

George A. Speer, Jr.: "To me it seems just that it is one more tax. The City is limited to tax property owner 15 mills. Our budget now is something like \$125,000 a year. Five years ago it was only \$83,000 a year. Still, tax collections now are 41 percent of the budget. I must consider the bills not just as to whether they are fair bills, but as another tax."

Senator Householder: "Your statements are correct. Under the charter the City operates under was adopted many years ago and changes have since taken place. We now pay taxes on our business rather than on our homes."

Mr. Speer: "Why are there increases on the City when we have more money, other revenues and better collections than we had five years ago. The cost of City government has increased 33 1/3 percent over five years ago."

Senator Householder: "The object of the bill is to prevent the careless disposition of garbage, such as would affect public safety."

Senator Householder: "It seems to be sentiment of those here that the bill is all right if it is for the expenses of operation only, though people dislike to pay taxes upon themselves. I'd be inclined to vote for this."

Mrs. W. C. Hutchison: "I think it would be wise to discuss all the bills and find out the sentiment about all of them if it is possible."

Senator Householder then read the substance of the second bill, a bill to declare the sewerage system of the City a public utility and to authorize the City to impose and collect a charge for the use of such utility.

Mr. Wain: "The City may be interested in the subject."

## Hitler Summons His Legation To Berlin; Balkan Conflict Is Seen As Inevitable

ROME, Apr. 3.—(AP)—Virginia Gayda, leading Fascist editorial spokesman, asserted today Germany and Italy are hungry for bound to respect Yugoslavia's territorial integrity and political independence as was guaranteed when the former Belgrade regime signed the Axis pact.

War alarms reached a vibrant pitch in the Balkans today as Adolf Hitler called home the German legation staff in Belgrade.

Diplomatic circles asserted the Nazi Fuehrer had apparently decided that war with Yugoslavia was inevitable.

In neighboring Hungary the Hungarian government was reported to have resigned following the mysterious death of Premier Count Pal Teleki, known for his pro-British sympathies. The foreign office said he died of a heart ailment.

German motorized "Hitler" forces were reported missing in large numbers on the Rumanian frontier less than 50 miles from Belgrade. (Other East Nazi divisions continued on Page 21A1)

## Salvation Army Reports \$2700; Tag Day Slated

Discussions of the Salvation Army campaign announced today that a total of \$2700 had been reported in cash and pledges so far, adding that a number of citizens have pledged to contribute to the annual drive.

Some persons have called Captain R. E. Rose, director, this week to find out what they had not had an opportunity to give but that he could count on them for a contribution. Others who are interested in aiding the drive may telephone 409 or call at the headquarters, 113 Magnolia Avenue. Captain Rose said.

Monte Harris, chairman of the colored committee, has turned in \$1170 and has assured Captain Rose that he will secure more for the organization.

Walter Holly, commander of the colored American Legion Post, has agreed to send all colored employees of the Atlantic Coast Line and has assured Captain Rose that the more Boy Scouts would assist with the tag day Saturday. They will tag only those in their section of the city.

Richard Casselberry, chairman of the Casselberry district, and R. F. Wheeler of Oviedo have promised to get their reports in by noon Saturday.

A group of girls from the senior class at Seminole High School have volunteered to assist in the tag day, which will be held in the downtown district Saturday. Captain Rose announced.

## Matsuoka, Axis Heads Agree On Action Plan

ROME, Apr. 3.—(AP)—Japanese Foreign Minister Matsuoka has agreed with Premier Mussolini and Adolf Hitler on a joint plan of action against the United States in the event of American involvement—declared or undecleared—in hostilities against the Axis powers, authoritative Italian sources indicated yesterday.

The Japanese statement said goudy to Mussolini before returning tomorrow to Berlin for further conferences with Hitler.

He also talked yesterday with Pope Pius XII at a 45-minute interview at the Vatican, one of the longest any statesman has ever had with the pontiff. There is a position to know and they surveyed the whole world situation.
