Giants take NL pennant

SAN FRANCISCO — When it came time for a gutchuck, the Giants' Will Clark answered the call proudly.

The San Francisco first baseman slapped a two-out, two-run single up the middle in the eighth inning off Chicago ace reliever Mitch Williams to give the Giants a 3-2 victory over the Cubs and the National League pennant.

The Giants will take on bay area rival Oakland in the World Series, beginning Saturday night.

An interesting footnote, Monday's game was the last major league baseball telecast for NBC. Earlier this year, the network lost its contract rights to major league games in a bidding war with ESPN.

Dog owner may face charges

The owner of three mixed breed English Bulldogs may be charged with manslaughter after the dogs attacked and killed an elderly lady here Monday.

Witnesses said the dogs attacked the woman when she went outside to get her newspaper. A neighbor saw the dogs dragging the woman's body down the street, stopped his truck and chased them away with a baseball bat after staying off an attack himself.

BRIEFS

Police follow trail of blood

SANFORD — City police followed a trail of blood from a burglarized compound at the National Guard Armory on First Street Sept. 27 that ultimately led them to a suspect Monday, police said.

Items were stolen from a van at the armory, police said, and the suspect cut his arm during the night-time burglary. Police followed a trail of blood from the scene to a house at 519 E. Fifth St., where a resident said he had taken a cut man to Central Florida Regional Hospital for treatment that morning.

Investigators said the injured man used a fake identity when treated at the hospital, but they determined his real name. That led to the arrest on two counts of burglary of Brian Kim Robinson, 25, Castle Brewer Court, Sanford. Bond is \$1,000.

Two face execution tomorrow

STARKE — Two condemned killers, spurned last week by the Florida Supreme Court, turned to the federal court system with appeals and motions to block their executions.

Despite the federal holiday for Columbus Day Monday, U.S. District Judge Patricia Fawcett in Orlando held a hearing and denied a motion to stay the Wednesday execution of Edward Dean Kennedy.

Kennedy was sentenced to death for killing Florida Highway Patrol Trooper Robert McDermott and another man, Floyd Cone Jr., in Duval County April 11, 1981.

Kennedy's case moved to the 11th U.S. Circuit Court of Appeals in Atlanta.

He is on his second death warrant, as is John Marek, who was sentenced to death for the 1983 south Florida sex murder of Adella Simmons, whose nude body was found on the beach near Dania.

Attorneys for Marek, who also is scheduled for execution Wednesday in the electric chair, were expected to file their motions Tuesday in Miami or Fort Lauderdale, said Florida Assistant Attorney General Carolyn Smurkowski.

Rain, rain, rain

An 80 percent chance of rain today with a high temperature of about 80. Cloudy tonight with a 70 percent chance of rain and a low of 70. Cloudy tomorrow with a 60 percent chance of rain and a high in the low 80s.

Fallen student wanted to help mold the future

By J. MARK GARFIELD
Herald staff writer

SANFORD — Julia Elizabeth Robert, 18, a prominent student at Seminole High School before she graduated last June, was killed Sunday in a two-car accident on Interstate 75 about three miles south of Ocala.

She was attending Florida State University in Tallahassee where she was a freshman.

According to a Florida Highway Patrol spokesman, the accident occurred at 8 p.m. Sunday. A southbound van driven by an Ocala man made a U-turn in the median and pulled into the path of Robert's 1981 Toyota, the spokesman said.

Robert swerved into the median to avoid hitting the van, but spun into an oncoming car driven by Melvin Handley, 62, of Apopka, the spokesman said.

Marion County Medical Examiner Keith Gauger said Robert was pronounced dead at the scene at 6:15 p.m. Handley and his wife, Ruby, 56, both were pronounced dead at the scene, Gauger said. A passenger in the Handley's car, Mildred Norris, 60, of Ohio was critically injured and taken to Monroe Regional Medical Center. She remained in critical but stable condition Monday, a hospital spokesman said.

The FBI spokesman said charges are pending against the van driver, David Bannister of Ocala. Bannister

and a passenger in the van were not injured, the spokesman said. Their ages were not known.

Robert, of 609 Magnolia Ave., had a B-plus grade average at Seminole High School. She was junior class president and senior class historian. She was active in track, soccer, tennis, both school and city leagues. She was a member of Seminole High's exclusive Tribe Council.

"In the future, I hope to help others decide where and what their lot in life is," Robert wrote in her application for a \$500 Lake Mary Chamber of Commerce scholarship this year. She received that scholarship and she also got the \$1,000 Eloise Good Scholarship issued by

Left to right, Gene DeMarie, David Gunter and Michael Kramer were on hand for Monday's first day of testimony in the trial of former Longwood official Lynette Dennis.

Former Longwood commissioner could hear jury's decision today

By SANDRA BOUCHAMINE
Herald staff writer

SANFORD — Former Longwood City Commissioner Lynette Dennis' trial on charges she violated the state open meeting law was expected to end today, following tearful opening-day testimony from Dennis herself. Seven other witnesses also testified.

Dennis, 48, was charged in July with misdemeanor violation of the state's open meeting law, known as the sunshine law. She is accused of attending a private meeting where city business was discussed. According to the state statute, elected officials must

provide public notice of all meetings and minutes must be taken.

Commissioner Rick Bullington, then City Administrator Gene DeMarie, and then-mayor David Gunter also were present at the meeting held on or about Sept. 20 at Regency Square Plaza on State Road 436 in Casselberry, according to court records.

Judge Tom Waddell Jr., a retired circuit court judge from Brevard County, is presiding over the trial. Six jurors will decide the verdict.

Sue Cobb, Dennis' sister, testified that her sister had asked her to arrange the use of a

City commissioners endorse change in SHA management

By LAURA L. SULLIVAN
Herald staff writer

SANFORD — The city commission last night voted to endorse a change in management of Sanford Housing Authority.

By a 4-to-1 vote, the commission supported Commissioner A.A. McClanahan's suggestion to send an endorsement of professional management of the authority to U.S. Housing and Urban Development (HUD) officials.

"We've had a lot of problems over the past 15 years. We have seen a lot of directors come and go," McClanahan said. "We need somebody to come in here with no biases or ties to the community."

Commissioner Bob Thomas dissented, saying a letter endorsing the professional management concept

Commission vote puts Palmetto boarding house out of business

By LAURA L. SULLIVAN
Herald staff writer

SANFORD — A debate among city commissioners last night pitted affordable housing against restoration of historic downtown homes, and spurred applause from an audience of downtown homeowners.

The question arose over rooming houses on Palmetto Avenue which were among 14 properties abandoned earlier this year by owner Jesse L. Alexander. The houses are situated in a single-family residential zone and are operated as multi-family rooming houses under

Clayton reappointed by a narrow margin

By LAURA L. SULLIVAN
Herald staff writer

SANFORD — Turner Clayton, Seminole County National Association for the Advancement of Colored People president, was reappointed to the city Human Relations Advisory Board by a narrow vote last night.

The city commission voted 3-to-2 to reappoint Clayton to the board. Commissioners Whitley Eckstein and A.A. McClanahan cast the dissenting votes.

"In my opinion, Turner Clayton has not helped human

Cyclist injured

Daniel Berry, 28, of Sanford, was injured at about 8:30 p.m. Monday when his bicycle was struck by a westbound pickup truck at 25th St., Sanford. Sanford police are investigating the accident and said charges are pending. Berry was traveling in the same outside lane as the truck driven west by Michael B. Ratisher, 32, of Deltona. Berry is listed in fair condition at Orlando Regional Medical Center.

POLICE BRIEFS

Man accused of fighting police

CASSELBERRY — A man who allegedly shoved a Casselberry policeman and struggled as he was arrested following a disturbance at a house at about 1 a.m. Sunday has been arrested.

James E. Dominguez, 32, of 540 Dew Drop Cove, Casselberry, is charged with battery on a policeman and resisting arrest. He was arrested at the fight scene at 811 Jasmine Road. Bond is \$5,000.

Boyfriend charged in theft

FOREST CITY — Seminole County sheriff's deputies caught up with a jogger and arrested him on Forest Lake Drive here, after the man's girlfriend reported to deputies he burglarized her car and stole more than \$200 following a dispute.

Frank Randall Payne, 28, of Orlando, charged with burglary at 8:42 a.m. Sunday. He is accused of stealing the cash from the car of Kelly Burgi, 27, of Apopka, while the car was parked at Cumberland Farms, 1200 State Road 436. Bond is \$1,500. Deputies said they recovered \$240 from the suspect.

Man faces DUI arrest

SANFORD — The following person faces a charge of driving under the influence in Seminole County: — Elbert Johnnie Thompson, 29, of 315 Aulin Ave., Oviedo, was arrested at 12:45 a.m. Sunday after his car was in an accident on County Road 426, Geneva. He was also charged with careless driving.

Two arrested for tree theft

LAKE MARY — Two Orlando men confronted by Lake Mary police near Stromberg Carlson off Rinehart Road were arrested after police determined a large oak tree loaded on their truck had been stolen from Primea properties in the area.

That led to charges of theft and dealing in stolen property against Roberto Gonzales, 22, and Bert Reginald Artripe, 36. They were arrested at about 7 p.m. Sunday. Bond is \$3,000 each.

Street signs seen in car

OVIEDO — Police reported spotting two men as they allegedly put an Oviedo street sign into their car on Smith Street at State Road 434 at about 3:40 a.m. Monday.

In the back seat of the suspect car, police said they saw a handicapped zone sign, a University of Central Florida sign, and a mailbox.

That led to charges of grand theft against Frederick Benjamin Ecker and James Patrick Loud, both 18 and of Orlando. Bond is \$1,500 each.

Man accused of machete assault

LONGWOOD — Alan W. Goodwin, 24, told Longwood police Henry Leon Hanschke, 38, 430 E. Warren Ave., Longwood, allegedly used a machete at him at about 8:30 p.m. Monday.

Police said they chased Hanschke from the scene of the attack at 658 E. Warren Ave., Longwood, and caught him on Credo Street at Jaup Street. He is charged with aggravated assault and resisting arrest without violence. Bond is \$1,000.

Suspect arrested after tools sighted

CASSELBERRY — Paul Wallace, 37, of Deltona, told Casselberry police Monday he spotted his construction tools, which had been stolen a week ago, in the bed of a truck parked at 1180 Helen St., Casselberry.

Police investigated and charged Jubenito Resendiz, 37, of the Helen Street address, with possession of stolen property at 8:28 p.m. Monday.

MONDAY

03:31 a.m. — 47 Lake N. Terrace, rescue call.
09:00 a.m. — 17 Higbee Terrace, rescue call.

the Greater Sanford Chamber of Commerce.

"She had thought of becoming a teacher, but I don't think she really knew," her father, Ross Robert, said Monday. "Her real forte was mathematics, but she was interested in engineering, possibly aerospace or medicine. She was good in chemistry."

Robert was Key Club president during her senior year, youth advisor for the City of Sanford and youth group president of First Presbyterian Church of Sanford. She also participated in Special Olympics for four years and March of Dimes. She was also active in the Fellowship of Christian Athletes. Robert was also freshman and sophomore class chaplain, and served on the Homecoming Court during her senior year.

Gramkow Funeral Home of Sanford is in charge of funeral arrangements. Visitation will be Wednesday at the funeral home, 130 W. Alport Blvd., from 6 p.m. until 8 p.m. Services will be 1:30 p.m. Thursday at First Presbyterian Church of Sanford, 301 S. Oak Ave. Cremation will follow.

Court

Continued from Page 1A

Casselberry office for the meeting. Cobb said she assumed her sister needed the office to discuss her campaign. Dennis was running for re-election that year.

Assistant State Attorney Bob Fisher called City Clerk Don Terry to the stand as the first witness. Terry said there was no public notice given nor records of any minutes having been taken at the September meeting.

On the witness stand, DeMarie said Dennis came to his office in city hall that day to discuss the "possibility" of a meeting with Gunter and Bullington to go over "various items of concern."

"I expressed reservations of attending it myself," DeMarie testified, although he admitted not having advised the commissioners it was a possible sunshine law violation.

DeMarie said one of the main items discussed was a city bond issue to help a Pensacola company buy Sanlando Utilities.

DeMarie said before deciding upon using the Casselberry office, Dennis suggested other possibilities for where to hold the meeting. She rejected the idea of using her home because a "political opponent" (Pat Hockenberry) lived across the way from her. Gunter rejected the idea of using his printing office because of his concern that someone would recognize the cars parked there, DeMarie said.

Attorney Kenneth R. Lester Jr., who represented Dennis, asked DeMarie whether he felt his role as administrator required him to inform the commission the meeting might be a

Herald Photo by Tommy Wood

Motorcycle accident

Seminole County firefighters Lt. Robert DeBerry, left, and Eric Barnes, arrive at the scene where Andrew Duncan Spenze, 18, of Lake Mary, died after losing control of his motorcycle at about 11:30 a.m. Monday on Greenwood Boulevard, Lake Mary. A Florida Highway Patrol spokesman

said Spenze lost control of his bike and it slid into a telephone junction box. He then hit the sidewalk and a tree, then traveled along the wall shown in the picture. He was pronounced dead at South Seminole Community Hospital, Longwood.

possible violation.

DeMarie responded that it was up to the elected officials to know the law and that he was trying to save his job. He said the two commissioners (Dennis and Gunter) who were up for re-election were favorable toward him while Mayor Hank Hardy and Commissioner Ted Hoelling were against him. Dennis and Gunter lost the election, and DeMarie eventually was fired.

Gunter also testified that Sanlando Utilities was the focus of the meeting. He said that "less than 10 percent of the time" was spent on discussing his and Dennis' campaigns.

Gunter is the one who filed a complaint about the meeting to

the state attorney's office. He has been found guilty of violating the sunshine law and was fined \$500 in July.

Lester asked Gunter why he brought the information forward.

Gunter said it was because the commissioners had voted to remove a commissioner (Carol Odom) after she was in office for only a few weeks for alleged violation of the city charter. Odom had earlier been involved in a recall campaign to remove Gunter from office. He said he did not have revenge in mind.

Dennis, an accountant and bookkeeper at a Maitland firm, became choked up as she responded to Fisher's question about why she had refused to

provide information to Phil Sellers, an investigator with the state attorney's office. Sellers has questioned a number of individuals in connection with this case.

Dennis said she "chose not to get my sister and (her) husband involved."

Dennis said DeMarie had wanted to purchase Sanlando because he "envisioned growth and annexation that would have extended west of I-4." She said DeMarie advised she and the others as to the status of Sanlando and that he was swilling information from the Department of Environmental Regulation (DER) and the Environmental Protection Agency (EPA).

HOME EQUITY LINE OF CREDIT

No CLOSING COSTS* CASH IN 24 HOURS!

Now there are two great reasons to get a Home Equity Line of Credit from Empire of America - no closing costs, and cash in 24 hours!

Save Up To \$600!

Because we pay all closing costs on lines up to \$100,000, you can save hundreds of dollars! On an average line of \$35,000, that works out to \$600! Plus there are no annual fees!

Get Fast Cash!

Our 24-hour option means you'll get a credit answer on your H.E.L.O.C. application, and an unsecured personal loan for as much as \$10,000 for qualified applicants - all in 24 hours. When your H.E.L.O.C. closes, simply pay off the loan with your first credit line advance.** See your tax advisor about deductibility of interest payments on unsecured personal loans and H.E.L.O.C.s.

Cash for home repairs, debt consolidation and more can be yours, fast, with a Home Equity Line of Credit from Empire of America. For details, visit your nearby Empire of America branch, or call SMARTLINE® toll-free at 1-800-843-2443, seven days a week from 9 a.m. to 9 p.m.

*Offer available only on lines up to \$100,000. The October 1989 A.P.R. is 12.5%. The A.P.R. can change monthly on this variable rate line. If you apply before November 4, 1989, your rate will never exceed 16.5% A.P.R. A mortgage on your home secures this line of credit.

**Ask us about our current rates on unsecured personal loans.

Corrections

Due to a reporting error, the telephone number for people wishing to purchase tickets for the Sanford Historic Trust Tour of Homes was incorrect in a story yesterday. Tickets can be purchased by calling Laura Strachla at 330-3220.

Also, the name of John Kane was misspelled in a story yesterday. Kane, his wife Minnie, and Kay Cull were recognized by Sanford City Commission last night for their help in developing the Sanford Seniors Center.

Clayton

Continued from Page 1A relations, but rather he has polarized our citizens," Eckstein said after the meeting.

Eckstein said Clayton's criticism of Sanford police during a city commission meeting this summer was "incomprehensible." Clayton, a Seminole County sheriff's deputy, told city commissioners Aug. 28 he had witnessed Sanford police officers turn their backs on drug deals as he drove through the city's predominantly black areas while off duty.

In Hugo's wake

Hurricane Hugo has vanished from the front pages and from the consciousness of most Americans. But for many residents of the Virgin Islands, Puerto Rico and the South Carolina Low Country, the hurricane's damage will be felt long after the power and running water are restored and the streets swept clean. In many instances it will be felt for a lifetime.

That damage tends to get blurred behind numbers — so many hundreds of millions of dollars in property loss; so many homeowners covered, or not covered, by flood insurance; so many thousand homes still without electricity. But the real consequences in human terms are far more painful: families who have lost not only their homes — in many cases homes that were uninsured — but also their jobs and possessions, and thus have nothing but the clothes on their backs and no place to go; grand old neighborhoods turned into ruins; lonely and frightened people trying to figure out how to reassemble a trailer home or get a little bungalow back on its foundations; the old and sick and homeless who have been living in shelters and are now twice homeless.

There is disaster relief from around the nation — including an outpouring of labor and goods from Seminole County — and the promise, eventually, of low-interest government loans, though so far that seems often to be snagged in bureaucratic delay and confusion. But even after all that is delivered, it will take years, perhaps decades, for life to return to normal.

During the days that Hugo made its progress across the Caribbean and the Carolina Lowlands, it generated contributions and compassion from people all over the country. The need will continue, and not just for the immediate victims of this storm. Many of those most seriously affected by Hugo were victims even before the storm hit — victims of poor housing, low-paying jobs and inadequate education. This storm — like other disasters, natural and economic — will almost certainly enlarge their ranks. Long after the sunshine returns, they will still be there.

Change for a dollar?

A badly designed \$1 coin would be as unpopular as a \$2 bill. Designed well, as a bill in Congress now proposes, a new coin would be welcome and successful.

Confirmation comes from Canada, which recently introduced the "loonie" — so called because the "tails" side depicts a loon (and its simpler to call it a loonie than a gaviidae). Other countries have shifted to metal, too, from Britain's one pound piece to Norway's 10 kroner.

In the United States, the Senate has approved legislation for a redesign of all existing American coins. Some argue that paper money also should be redesigned as a way to nab drug lords when they try to exchange their stacks of old bills for new ones. Others want to get rid of the penny, or the half-dollar. But the Susan B. Anthony fiasco of a decade ago seems to have discouraged enthusiasm for the most useful change in U.S. coinage: reintroducing the \$1 piece.

The "Suzies," as the Anthony dollars became unfondly known, didn't sell well with the public.

The U.S. Mint produced fewer than a billion of them between 1979 and 1981 and is still stuck with about half the supply. The coin looked and felt too much like a quarter, and it had to compete with the dollar bill, which continued to be circulated.

Learning the right lessons from the Anthony experience, Canada stopped issuing dollar bills at the end of last June and has given the loonie a design that clearly distinguishes it from a quarter. Although the same size as the Anthony dollar, the new Canadian coin is gold-colored, 11-sided and smooth-edged — compared to quarter's silver color, roundness and ribbed edging.

The United States should follow Canada's lead. An easily identifiable U.S. \$1 coin would be sensible response to inflation, a better currency unit than the dollar bill in an age of coin-operated devices and more easily used by the blind. It also would save the federal government an estimated \$120 million a year because coins are more durable than bills. Turning to metal is just a better way to make a buck.

LETTERS TO THE EDITOR

Letters to the editor are welcome. All letters must be signed and include a mailing address and a daytime telephone number. Letters should be on a subject and should be as brief as possible. Letters are subject to editing.

VINCENT CARROLL

Self-service education gets an F

Here you are, baffled again by a request to name the man who was president during the Civil War. You can't place Mexico on a map, and you don't have a clue how to compute the area of a 10-by-10-foot room.

In other words, you're a fairly common U.S. high-school student. What do you suppose top education officials have to say about your ignorance? Are they alarmed? Surprised, perhaps? Do they respond by exhorting schools toward greater effort and a renewed emphasis on basic knowledge?

Not necessarily. Consider the reaction of Bill Randall, Colorado education commissioner: "Instead of asking who was president during the Civil War," Randall said, "it may be more useful to ask, 'How would you find out?'"

Ignorance of Abraham Lincoln is acceptable? Is it really possible to appreciate the history of the greatest social issue this nation has known — race — without at least a fleeting acquaintance with the 16th president?

"I think it probably is important to know (about Lincoln)," Randall concedes under questioning. But having offered this limp endorsement, Randall quickly retreats. "Knowing (such facts) may just be something our generation thinks is important and it really isn't," he suggests.

"Information is growing at exponential rates, and it's going to be impossible for any of us to know all we should," he continues. So, he says, we may have to decide whether to know about things or "to know how to find out" about them.

My conversation with Randall followed publication of a poll of Denver area high-school students that revealed a wearily predictable lack of knowledge and skills. Among the findings:

• A majority couldn't name the president during the Civil War.

• Nearly half (44 percent) couldn't compute the square footage of a 10-by-10 room.

• Fifty-seven percent were stumped by a request to calculate a 5 percent sales tax on a \$2

purchase. • One of five failed to cite the country on our southern border.

Randall's reaction would hardly be worth mentioning were it not for the fact that it reflects a common mindset within today's education establishment. Although a growing number of educators admit that U.S. students lag behind their counterparts abroad in math, science, geography, history and knowledge of foreign countries, a pervading ambivalence undermines their resolve to respond. They're like cavalry officers who shout "charge" while reclining on a sofa.

This ambivalence toward classroom content and standards is reflected in U.S. textbooks, too. A recent study by the American Federation of Teachers found that the five most commonly used high-school history textbooks reserve little or no space to discuss such greats as Washington and Lincoln — even though several of the same books lavish biographical sketches on Blackbeard the Pirate, Tecumseh, Cabeza de Vaca or "Fatt Hing, a Chinese Pioneer."

By such means, history degenerates into a cafeteria discipline: self-service only, in which every choice, focus or opinion is presumed as useful as the next.

A pervading ambivalence undermines their resolve to respond.

JACK ANDERSON

Terrorist confab in Iran concerns U.S.

WASHINGTON — Iranian President Hashemi Rafsanjani, the man who would be "moderate," hosted a secret convention of terrorists in Tehran last month. The result may be a new wave of anti-American terrorism sanctioned by Iran while Rafsanjani masquerades as an improvement over the Ayatollah Khomeini.

U.S. intelligence sources and our contacts in Tehran report that the terrorists began to gather on Sept. 21 and were still in Tehran as of Oct. 1.

The first to arrive were top leaders of Hezbollah, the Beirut-based terrorist group that is directed by Iran. Hezbollah's bloody ledger lists more than 260 American dead, including 241 U.S. marines killed in October 1983 in the bombing of their barracks in Beirut. Hezbollah also tortured two Americans to death. Central Intelligence Agency station chief William Buckley and U.N. observer Col. William Higgins. The group is currently holding American hostages.

In the second wave came Abu Mousa, a Palestinian terrorist who hates Palestine Liberation Organization Chairman Yasser Arafat and is bent on assassinating him. Mousa has always targeted Israel for his acts of mayhem, but judging by his appearance at the Tehran gathering, he may make America a target for warming up to Arafat.

The third wave included the Abu Nidal organization and possibly Nidal himself. Since 1980, Nidal has been butchering PLO officials and a melting pot of other nationalities. Bankrolled by Iran, Syria and Libya, Nidal staged machine gun attacks on the Rome and Vienna airports in December 1985, in which five Americans were killed.

The last to show up for Rafsanjani's party was Ahmed Jibril, another Palestinian who hates Arafat and who has sold his soul to Iran. After the United States accidentally shot down an Iranian airliner last year, Khomeini hired Jibril to retaliate. The CIA and other sources say Jibril took millions of dollars from Iran to blow up an American airliner in retaliation — Pan Am flight 103 over Lockerbie, Scotland, last December 21. We tracked Jibril down in Damascus, Syria, last May and spoke with him for hours. He denied blowing up the Pan Am jet, but defended his new alliance with Iran. "I would have an alliance even with the devil if it will help us reach our ends," he said.

The anti-American and anti-Israeli terrorists were greeted at Tehran airport by the Iranian deputy foreign minister for African affairs, the notorious Hossein Sheikholeslam who helped plan the takeover of the U.S. Embassy in Tehran in 1979.

On the evening of Sept. 22, Jibril, Mousa and two Hezbollah leaders met with Iranian Foreign Minister Ali Akbar Velayati. He promised them, "Iran will continue its support of the struggle against the Zionist regime (Israel), its backers (America) and mercenaries."

On the morning of Sept. 25, our sources say, Rafsanjani personally met with the terrorists and pledged his support. He said Iranians and Palestinians must stick together against the United States and Israel.

This is the same Rafsanjani whom the Bush administration calls a "pragmatist," the same Rafsanjani with whom the White House is now secretly negotiating for the release of American hostages and the same Rafsanjani who suckered Ronald Reagan into an arms-for-hostages deal in 1986. When it comes to suckers, Rafsanjani has apparently figured out there is one born every four years in the United States.

Nidal staged machine gun attacks on the Rome and Vienna airports in December 1985.

ROBERT WALTERS

Will the Senate probe its own?

NEW YORK — Perhaps the most generous observation that can be made about Sen. Alfonse D'Amato, R-N.Y., is that his conduct in office has been a bonanza for investigative reporters at all of this city's major newspapers.

Consider this sampler of journalistic disclosures about the ethical behavior — or lack thereof — on the part of the senator since he was elected to Congress in 1980:

• The New York Daily News disclosed that D'Amato has campaigned since 1983 to secure more than \$78 million in federal funds for an experimental engine that has never worked, but was developed by a company whose board chairman is one of the senator's most active fund-raisers.

"Again and again, D'Amato used his seat on the powerful Senate Appropriations Committee to intercede" on behalf of his benefactor's firm, the News reported. But the engine has remained a taxpayer-subsidized failure.

• The Wall Street Journal revealed that since 1981 D'Amato "has blocked or blunted legislation opposed by Wall Street while reaping a rich flow of campaign money from the nation's leading brokerage houses and investment banking firms."

In one case cited by the Journal, D'Amato in 1985 planned to introduce legislation to restrict the sale of high-risk "junk bonds," whose leading underwriter was Drexel Burnham Lambert Inc.

One week before hearings were to be held on the issue, however, D'Amato was the guest of honor at a \$1,000-per-plate dinner arranged by Drexel Burnham. The senator subsequently abandoned the proposal that offended the firm.

• The New York Post reported that in a racketeering trial of another member of Congress a witness testified that he used false names for donors to disguise at least \$30,000 in questionable campaign contributions to D'Amato.

"It might have been more than that," testified the executive of the corrupt Wedtech Corp. D'Amato intervened with officials at both the Defense Department and the White House to help Wedtech lobby for a \$500 million Pentagon contract.

• Newday discovered that executives of the scandal-plagued Unisys Corp. were instructed by their superiors to make thousands of dollars worth of campaign contributions to D'Amato, then to falsify their expense accounts to obtain reimbursement.

Corporate donations to federal campaigns are illegal. In addition, Newday said Unisys submitted the executives' phony expense accounts to the federal government for reimbursement as part of its Pentagon contract work.

• The New York Times recently revealed another dubious transaction involving Unisys, the senator and his brother, New York lawyer Armand P. D'Amato.

In 1987, the paper reported the brother's law firm, which represented Unisys, presented the senator's office with a draft of a letter to be sent over the senator's signature to the secretary of the Navy on behalf of Unisys.

The letter, inquiring about a \$100 million Navy contract, was sent as requested, without any substantial changes. Unisys was not specifically mentioned, but it eventually was awarded the contract.

There's much more. The still unraveling scandal within the Department of Housing and Urban Development, for example, includes several episodes — stretching from New York to Puerto Rico — in which D'Amato is a key participant in a questionable transaction.

D'Amato disclaims involvement in any wrongdoing. He insists he has an obligation to help New York firms secure federal assistance and denies any knowledge of illegal contributions.

His unsuccessful 1986 Democratic opponent, Mark Green, now has filed a formal complaint on most of these matters with the Senate Ethics Committee — a panel that is even more reluctant than its House counterpart to probe legislators' activities.

In D'Amato's case, however, the growing pile of newspaper clippings is beginning to emit a rancid smell. A full investigation is in order before the stench gets worse.

The engine has remained a taxpayer-subsidized failure.

Dr. Thomas Yandell of Lake Mary Chiropractic Clinic

Lake Mary Chiropractic Clinic can reduce the effects of stress

Dr. Thomas Yandell, director of the Lake Mary Chiropractic Clinic at 902 E. Lake Mary Blvd., Suite 107, says that it is virtually impossible not to suffer from some form of stress living in today's busy world. Just dealing with our everyday ups and downs will keep us under some emotional stress.

It is impossible to stop stress completely, but it is possible to learn to cope with it. We could learn to change the world to be less stressful, but such change is slow. We need to act immediately to offset the subtle harm and major damages that stress is doing to our bodies.

Because stress is a daily occurrence, we cannot afford to have our nervous system working only part time. We need all of the nerves exiting the spine to be open and free of interference all of the time. The powerful hormone system responding to stress can only work as efficiently as the nervous system that governs it.

Unfortunately, some of our simple daily routines actually "cause" subtle stresses to our spines which eventually adds up to the muscle tightening which you feel as tension. This tension, which builds without release, will slowly move your spinal bones out of normal position and cause interference to the nerve fibers which need to carry the important messages to the various glands that are trying to protect you from the dangers of stress.

Contact Dr. Yandell at the Lake Mary Chiropractic Clinic and have him check your spine for misplaced spinal bones (vertebrae). A simple adjustment given at the Lake Mary Chiropractic Clinic will relax you immediately. Regular check ups can assure you that your hormone system is in its normal delicate balance so that it will respond properly and you will handle day-to-day stress more easily.

Call Lake Mary Chiropractic Clinic today at 322-9300.

Blair INSURANCE & BONDS
 Since 1980

From left to right, Debbie Phillips, Warren Moore, Steven Moore, Roger Doughty, Jay Stokes, George Kenis and and Blake Murray of the Blair Agency.

Blair Insurance Agency for one-stop service

The Blair Insurance Agency has been in operation in Sanford for over 30 years. On June 30, 1989, long-time Seminole County resident Warren Moore purchased the operation, which he runs with his son Steven.

The elder Moore has been an associate at other agencies throughout the area for many years.

Jay Stokes, formerly of Stokes and Whigham Insurance; and George Kenis, formerly of Kenis Insurance Agency, have joined the Blair Agency and can now handle all your insurance needs.

Deborah Phillips is the manager of the life, health and group brokerage division of the Blair Insurance Agency.

Blake Murray is the financial planner and manager of the Lake Mary-Heathrow office of the Blair Insurance Agency.

Roger O. Doughty Jr. heads the commercial lines division of the Blair Insurance Agency. He has 30 years of experience in the insurance industry.

"We're a full-service agency," said Moore. "We're your one stop for all your insurance and financial protection."

The new owners of the Blair Agency put an emphasis on the service they can offer, rather than business expansion. They want to offer the best possible service to all their customers.

The Blair Agency specializes in both commercial and personal accounts, offering well-balanced service for everyone, big or small.

If the Blair Agency feels that another agency might be better able to serve a specific need of one of their clients, they will not hesitate to refer them to that other agency.

Moore feels that he can better serve his clients by servicing all their insurance needs.

The Blair Agency remains at the same location at 2510 Oak Ave. (near the corner of Park Ave. and 25th Street).

To discuss your insurance and financial protection with the service-oriented staff at the Blair Agency, call 323-7710.

IN BRIEF

BASKETBALL

Heat signs Syracuse's Douglas

MIAMI — Point guard Sherman Douglas, the first player chosen in the second round of the NBA draft, signed a guaranteed contract with the Miami Heat Monday, reported at \$275,000 a year for two years.

Douglas and his agent, Eric Fleisher, had agreed to terms Sunday, but Fleisher wanted to study a written version of the contract before he allowed Douglas to sign it, club officials said.

Earlier in negotiations, the former Syracuse star had contended he was a projected first-round pick and demanded \$300,000.

Heat Managing General Partner Lewis Schaffel said the contract signed was similar to an early offer made by the Heat. "It was fair from the beginning," Schaffel said.

Douglas' contract apparently tops that of Dyrton Nix, drafted second in the second round or 29th overall by the Indiana Pacers. Nix is reportedly getting \$475,000 over two years, but only the first year, valued at \$200,000, is guaranteed.

FOOTBALL

Raiders give Shell win in debut

EAST RUTHERFORD, N.J. — Art Shell won his debut as the NFL's first modern black head coach Monday night when Eddie Anderson returned an interception 87 yards for a touchdown to lift the Los Angeles Raiders to a 14-7 victory over the New York Jets.

The Raiders, 2-3, snapped a three-game losing streak six days after Shell was promoted from offensive line coach to replace fired Mike Shanahan.

After a scoreless first half, Los Angeles scored on Jay Schroeder's 73-yard pass to Mervyn Fernandez on the first possession of the second half. The Jets, 1-4, came right back with a 97-yard drive capped by Roger Vick's 1-yard run for a 7-7 tie.

The Jets moved to the Raiders 35 early in the fourth quarter. On third-and-three, Ken O'Brien overthrew tight end Billy Griggs and Anderson intercepted.

BOXING

Tyson does community service

ALBANY, N.Y. — Heavyweight champion Mike Tyson Monday skipped rope to a rap song and announced, "This is community service."

The champion, training in Albany since Thursday for a Nov. 18 bout against Canadian Razor Ruddock, made good on three court-mandated community-service appearances for two speeding violations last spring.

Despite heavy publicity surrounding the appearances in the low-income Arbor Hill neighborhood and schoolchildren off for Columbus Day, crowds were scant.

At 9:30 a.m. a group of children, parents and reporters milled about the St. Joseph Academy waiting for the former Albany resident. Rows of seats were empty.

"I'm amazed there's not that many people here," police officer Olla Grice said. "But I'm happy he's showing up."

HOCKEY

Lemelin shuts out Canadiens

BOSTON — Boston Bruins Coach Mike Milbury said before the season that he wasn't necessarily looking to rotate his goaltenders, preferring to go with the "hot hand."

After sitting out the first two games of the season, veteran goalie Reggie Lemelin made his bid for the number-one spot Monday night, kicking out 24 shots in a 2-0 shutout of the Montreal Canadiens.

"I know he was a little disappointed not playing Saturday," Milbury said. "I guess he went out to embarrass his coach."

Andy Moog had played Boston's first two games in goal, posting a 1-1 record and a 4.00 goals-against average.

Lemelin's shutout was the 10th of his career and fourth as a Bruin. It was the first time Boston had blanked the Canadiens in the regular season since Jan. 19, 1974, and the victory broke a 10-game regular-season winless streak (0-9-1) against Montreal.

Cam Neely had a goal and an assist for the Bruins.

Two unbeatens remain

Sunniland, Stromberg-Carlson advance to 2-0 in Class C play

By DEAN SMITH
Herald correspondent

SANFORD — Ron Carroll had three hits and scattered 11 hits in his first pitching start as the Sunniland Corporation won the battle of unbeatens with a 7-3 victory over The Barn Burners in Class C softball action at Chase Park Monday night.

In Monday's other games, Stromberg-Carlson also remained unbeaten with a 15-4 win over Harcar and Ken Rummel Chevrolet romped to its first victory of the season, beating RMC Industries 15-3.

Just like they did twice in the summer league, the Burners (now 1-1) and Sunniland (2-0) played a classic game. The Burners scored a pair of runs in the top of the first as Farmer singled in Helleckson and Bryant, who had reached on a fielder's choice and a single, respectively.

It looked like the Burners would hold their lead when the first two Sunniland batters made outs. But Tolle Frank, Chuck McMullen and Chris Split all singled to load the bases. Dan Sacco then ripped a single to left to score Frank and McMullen. Split scored on a wild throw, Sacco ending up on third.

Nick Cieslak then doubled in Sacco and Sunniland led 4-2 after one inning.

The game stayed that way until the fourth, when Sunniland scored a pair of runs to get a little cushion. Sunniland added another run in the fifth to go ahead 7-2 before The Barn scored its final run in the sixth.

In addition to Carroll, others getting hits or scoring runs were Cieslak (triple, double, one run scored), McMullen, Sacco and Shannon Split (each with two singles and one run scored). Frank and Chris Split (each with a single and a run scored), Craig Split and Brad Wallace (both with a single) and Mike Mawby (one run scored).

For the Burners, Bryant had two singles and scored two runs. Farmer, Watson and Reddington had two singles each. Lemmons doubled. Scott and Molenaar each singled and Helleckson scored a run.

In the second game, Stromberg (now 2-0) fell behind 4-0 in the top of the first to Harcar (0-2), but came back to post the easy victory with a 27-hit attack. Stromberg scored five runs in the first and seven runs in the second then cruised the rest of the way.

See Softball, Page 3B

Sunniland's Ron Carroll (No. 19) led off Monday's game with The Barn Burners with a single but was retired on this play. Carroll finished the game with three hits as Sunniland stayed undefeated with a 7-3 win.

SANFORD HERALD PLAYER OF THE WEEK

Dantzler sets school record in win

By MARK BLYTHE
Herald sports writer

Lake Brantley's Eloy Dantzler set a school rushing record and kept his team in the 5A-District 4 race Thursday night against Mainland and, for his performance, has been named the Sanford Herald Player of the Week.

Dantzler broke his own school record in the Patriots 20-8 win over Mainland in Daytona Beach last Thursday. The Patriots improved to 3-2 and picked up some much needed momentum heading into the final half of the season.

Other players who were considered include Oviedo's Chet Tulp, who came up with a strong defensive game with two interceptions and a fumble recovery; Lake Howell's Marquette Smith, who rushed for 148 yards and four touchdowns; Lyman's Cedric Bouey, who had 63 yards on 22 carries; Seminole's Kerry Wiggins, who passed for 122 yards and two TD's; and Lake Mary's Bob Menelle, who rushed for 85 yards on 14 carries.

"We had him (Dantzler) for 213 yards on 11m," Lake Brantley head coach Fred Almon said. "That's a new school record for him. He had the old record of 201 last season."

Dantzler, a senior running back, has been a strong runner up the middle for Lake Brantley in the past two years. He led them in rushing last year and forms a potent tandem with quarterback Clint Johnson in the backfield.

"I'm surprised he stays healthy."

Editor's note: For his school record-setting performance last Thursday night against Mainland, Lake Brantley's Eloy Dantzler is this week's Sanford Herald player of the week.

Other players who were considered this week include:

- Oviedo's Chet Tulp, who came up with a strong defensive game with two interceptions and a fumble recovery.
- Marquette Smith of Lake Howell, who rushed for 148 yards and four touchdowns.
- Lyman running back Cedric Bouey had 63 yards rushing on 22 carries.
- Quarterback Kerry Wiggins of Seminole passed for 122 yards and two TD's.
- Lake Mary's Bob Menelle gained 85 yards on 14 carries.

Lake Brantley's Eloy Dantzler

Almon said, "As small as he is and the beatings he takes, it's a wonder he doesn't get hurt."

Dantzler scored on a 30-yard pass from quarterback Clint Johnson and set up two other scores with his strong running up the middle.

"Eloy just does his thing," Almon said. "He goes up the middle against the biggest men on defense and he goes after them. He does a great job for us."

Dantzler finally broke open on Thursday after having most teams been key on him this season and not allowing him the freedom to run. Dantzler had the freedom last year and made more than one defense pay the price.

"He's a tough little back," Almon said. "He's strong and he doesn't go down easy. He's real tough to bring down."

Dantzler proved to be too tough for Mainland as he continually darted through the middle of the Buccaneers defense. Once Mainland finally pinched off the middle, Dantzler went outside and picked up good yardage.

"We had our best performance of the year," Almon said. "We executed well and picked up momentum for the remainder of the year. The second half of the season is our tough part so we'll have to play well from here on out."

Seminole bowlers lead the way in SAC

From staff reports

LONGWOOD — Seminole's girls remained undefeated in head-to-head competition, and Seminole's boys moved in front of Lake Mary during prep bowling action Monday night at Longwood Fair Lanes.

Seminole's girls now lead with 78 points, trailed by DeLand (67½), Lake Brantley (62½), Lyman (59½), Oviedo (58½), Lake Howell (49½) and Lake Mary (43½).

Seminole whipped Oviedo 13-2 Monday with Heather Scheaffer leading the Tribe with a match-high series of 511. Scheaffer and teammate Adel Lopez each rolled a match-high game of 175 for Seminole. Becky Mehler led Oviedo with a 169 game and 423 series.

Lyman tripped Lake Brantley 8½-6½. Cher Coberly led the Patriots with a 167 game and a 449 series. Tiffany Roe rolled a match-high 209 game for Lyman with Kim Mackey adding a match-high 549 series.

DeLand tipped Lake Howell 9-8 as Colleen Sawicki had a high-game of 192 for the Bulldogs with Marie Covington contributing a match-high series of 531. Ally Nicholson had a match-high game of 196 for Lake Howell as Tammy Chase came up with a high series of 460.

In non-conference action, Lake Mary downed Deltona 9-8. Becky Levine led the Rams by rolling a match-high game of 203 and series of 534. Clara James paced the

Giants beat Cubs, join A's in Bay Area Series

United Press International

SAN FRANCISCO — By setting up a showdown with the Oakland Athletics, the San Francisco Giants usher in a new chapter in World Series history. By beating the Chicago Cubs, they add to the same old story.

The Giants prolonged the Cubs' long history of heartache Monday, using Will Clark's tie-breaking two-run single in the eighth inning to produce the first Bay Area World Series with a 3-2 triumph in Game 5 of the National League playoffs.

Clark, a unanimous choice for Most Valuable Player in the series, lined a two-out bases-loaded single through the middle of Chicago relief ace

Mitch Williams for his record 13th hit of the series. It gave him a record .650 batting average and eight RBI.

"I was just trying to hang in there; Mitch Williams is a gamer," said Clark, who got the Giants going in Game 1 with a grand slam and six RBI. "It just so happened I fouled off a few tough pitches and got one over the plate I could handle."

In capturing its first pennant in 27 years, San Francisco advances to face the American League champion Athletics in the Series beginning Saturday night at the Oakland Coliseum, about 20 miles across San Francisco Bay from Candlestick Park.

Teams from the same metropolitan area have

not met to decide the baseball championship since 1956, when the New York Yankees beat the Brooklyn Dodgers in a Subway Series.

The Giants snapped a 1-1 tie aided by a decision by Chicago Manager Don Zimmer that will be second-guessed for years.

Cubs starter Mike Bielecki, who allowed only three hits, got the first two outs of the eighth but walked pinch-hitter Candy Maldonado. Brett Butler and Robby Thompson.

Zimmer visited the mound after the walk to Butler, but elected to stay with his right-hander. Bielecki then walked Thompson on four pitches, bringing Clark to the plate and Williams out of the bullpen.

Darnell gets nod at Florida

United Press International

GAINESVILLE — University of Florida interim football coach Gary Darnell settled into his new job Monday, feeling confident yet still a bit uneasy about the challenges ahead.

Darnell assumed command of the 4-1 Gators on Sunday, following the forced resignation of fifth-year coach Galen Hall in the wake of allegations Hall funneled money to a former player and two former assistant coaches.

"Today is an interesting day," Darnell said at a news conference. "I'm bold and thankful for what has happened. I'm feeling very complex emotions. I'm sad for the circumstances involving Coach Hall, but I'm thankful that this university had the confidence to choose me for a replacement."

Darnell, 40, is in his second year with the Gators, having served solely as defensive coordinator until replacing Hall. This season, Darnell molded the Florida defense, which lost seven starters to graduation, into a fierce unit. Florida boasted the nation's No. 1 overall defense going in to Saturday's 16-13 victory over Louisiana State.

"I accepted this job from three different angles," Darnell said. "Responsibility, challenge and opportunity. I've got a responsibility to this family (football team). It's going to be a challenge with a tremendous Southeastern Conference schedule. And the next few weeks is going to be an opportunity to display the skills of our entire staff."

Darnell said he was contacted about taking the interim coaching job only a few hours before the university made the official announcement of Hall's resignation.

Ozone protects more than it afflicts you

DEAR DR. GOTT: What are the harmful effects of ozone to the human body?

DEAR READER: Ozone (O3) is a more active and unstable molecule of oxygen (O2). It is formed when oxygen is exposed to strong electrical charges or to ultraviolet radiation. For example, if you have ever been in the vicinity of a lightning strike, you may remember a peculiar pungent odor in the air; this was due to small amounts of ozone formed by the electrical discharge.

Earth is surrounded by an ozone shield 20 to 40 miles in the atmosphere. It protects us from dangerous ultraviolet radiation by absorbing much of this radiation before it gets to Earth. Therefore, the ozone shield directly benefits us.

Recent reports indicate the ozone layer is being depleted by chlorofluorocarbons—industrial chemicals widely used in refrigeration, insulating foam, solvents and aerosol propellants—and air pollution.

Environmentalists are clamoring for a ban on CFCs because, in theory, a depleted ozone layer would let in more ultraviolet radiation, causing a marked increase in the incidence of skin cancers.

When ozone is breathed in quantity, it causes health problems. The reason for this is not known. Ozone sickness occurs in jet aircraft passengers when ozone enters the cabin at altitudes above 40,000 feet and causes headache, chest pain, breathing difficulty and sleepiness. These effects are transient and disappear once the aircraft has descended.

DEAR DR. GOTT: Are there any serious reactions to taking Vasotec for one's blood pressure?

DEAR READER: Vasotec (enalapril) is one of a new class of drugs called

angiotensin-converting-enzyme inhibitors, that block the formation of angiotensin II, the hormone causing high blood pressure. The medicine is extremely useful and surprisingly free of side effects. Some patients may occasionally experience headache, dizziness, fa-

WIN AT BRIDGE

By James Jacoby
Unusual jump-bids to show two-suited are effective in depriving opponents of bidding room. But it can be a mistake to crowd the bidding with very little in high cards. You tip off the declarer about how he should play the hand. In today's deal, I held the South cards when East stuck in an unusual two-no-trump bid. The bidding needs little explanation. When partner invited slam, I accepted, a little too eagerly, since I needed a good helping of luck to make 12 tricks. Since I had only 10 top tricks, there was much work to be done. It was right to duck the first club, preparatory to a later squeeze. I won the club return. Since East would certainly hold the queen of hearts

MESSAGE

By Bernice Bode Ouel
YOUR BIRTHDAY
Oct. 11, 1989

Friends and contacts will be instrumental in the year ahead in helping you fulfill your hopes and desires. In these special arrangements they'll be lucky for you, and in turn, you will be lucky for them.

LIBRA (Sept. 23-Oct. 23) Lady Luck will be doing all she can to help you today in furthering your personal ambitions. Proceed assertively, but be careful not to make any unnecessary waves in the process. Libra, treat yourself to a birthday gift. Send for your Astro-Graph predictions for the year ahead by mailing \$1 to Astro-Graph, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to state your zodiac sign.

SCORPIO (Oct. 24-Nov. 22) Do not take foolish risks today, but by the same token, don't be intimidated by involvements that have pronounced elements of chance. You could be rather lucky if you operate within reasonable limits.

SAGITTARIUS (Nov. 23-Dec. 21) Try to limit your focus today to matters that are of primary importance and exert all your efforts in their direction. A large victory is a possibility.

CAPRICORN (Dec. 22-Jan. 19) You're apt to be a better person today than you will be a wise buyer, so strive to be the guy on the selling end instead of the one who is doing the purchasing.

AQUARIUS (Jan. 20-Feb. 19) It looks like you may be able to find someone to help you with a task today for which you might have had to hire outside assistance. What you save could be substantial.

PISCES (Feb. 20-March 20) Today you will be even more charismatic than usual and attract others to you like the moth and the flame. You'll be warmly received and welcome wherever you go.

ARIES (March 21-April 19) This could be an exceptionally productive day for you, because you'll be capable of harmoniously blending your inner drives with your mental and physical capabilities. Get going.

TAURUS (April 20-May 20) Something exciting might de-

velop for you early in the day that could put you in a good frame of mind until the wee hours. It might even be cause for celebration.

GEMINI (May 21-June 20) Lady Luck is in your corner today, particularly where your material interests are concerned. If there is something you can do to enhance your financial position, by all means, give it a try.

CANCER (June 21-July 22) Your optimistic attitude will impact favorably upon others today and, if you are so inclined, you could easily interest them in any ideas or ventures you're presently promoting.

LEO (July 23-Aug. 22) Although you might feel you do not actually need any assistance, personal who have your best interest at heart will play significant roles in helping you get what you want today.

VIRGO (Aug. 23-Sept. 22) Mutual benefits will be derived today from your group involvements. Others will profit from you and in turn you will gain certain advantages from them.

(C)1989, NEWSPAPER ENTERPRISE ASSN.
