Lutheran Church Members Seeking New Locations

A future meeting was set by the congregation of the Lutheran Church of the Redeemer last night to consider new locations for the construction of a church and chapel here.

J. C. Jorgenson, chairman of the church's building committee, submitted addition sites for construction. However, no selection was made until further consideration is given to the area of the city in which the church will be built.

The Rev. Philip Schlessmann, pastor of the congregation, advised the church group that he will be out of the city Tuesday, Wednesday and Thursday of next week attending a Mission Retreat at Camp Little near Gotha. The Rev. Schlessmann also told the congregation at its business meeting that he will conduct the Wallberg League Rally in Orlando on Sunday afternoon, Sept. 11.

Final plans were made for the annual church picnic which will be held Monday at Camp Southward near Sanford. Members of the Kusti congregation and its Sunday School, said Jerry Benkarik, superintendent of the local Sunday School of the Lutheran Church, have been invited to join the Sanford church on its picnic. The entire church group will leave the Yacht Club at 10 o'clock on Monday morning.

A meeting of the Men's Club of the local church, set for the 7th Thursday in September at the home of Jerry Benkarik, 2418 South Elm Ave.

Final plans were made for the annual church picnic which will be held Monday at Camp Southward near Sanford. Members of the Kusti congregation and its Sunday School, said Jerry Benkarik, superintendent of the local Sunday School of the Lutheran Church, have been invited to join the Sanford church on its picnic. Large Water Main Literally Explodes After Being Hit

Eight feet of a 10-inch water main literally exploded Wednesday afternoon when a bulldozer owned by Cray Construction Company tore into the pipe located in the alleyway between French and Laurel Ave. from Ninth to Tenth St.

City Manager Warren E. Knowles said that the water was actually off at 5:25 p. m. to 7:45 p. m. in order to complete the repairs.

The bulldozer, building a loading ramp for equipment, tore into the pipe as crews were coming in at the completion of the day's work along French Ave.

"It was not so much the repairing of the pipe," City Manager Knowles said, "as it was the getting rid of the water in order to get to the pipe." Knowles explained that it was necessary to use four three-inch pumps and two two-inch pumps to get rid of the water before beginning work on the break.

Water gushed from the break, said Knowles, as high as 30 feet when the break was made.

Drivers License Exams Underway

Examinations for drivers licenses, conducted by representatives of the Florida Highway Patrol, were given today in their new location for the first time.

All examinations, written and oral, required for the issuance of a drivers license, are now being given at the American Legion Hut on Lakewood Blvd.

Necessary writing facilities and space are available at the American Legion Hut, according to local law enforcement officials.

The new 1955-56 Drivers License exams are now on sale at the office of the Seminole County Judge at the county court house. Desks have been set up in the lobby of the county house to accommodate the new exams and increased activity.

Pair Shoes Found At Fishing Pond

There was a lot of excitement at the Jaycee Fishing Pond Wednesday afternoon when a pair of shoes was found.

As a matter of fact, one fisher girl got so excited she left her shoes out at Trout Pond.

The folks at the Jaycee Fishing Pond have the shoes for the young lady if she will call for them.

"I wish I had been 30 years younger," said Eddie Clarke of Cincinnati after he helped "push" Bob Swelker to a win in the "500" at the Indianapolis Speedway.

Clarke, well known in Sanford automobile circles, has been in the automobile racing car business for about 34 years remarked today, as he visited his old haunts around Central Florida, that "I would rather have been driving myself than helping someone else win that famous Memorial Day Race."

Although claiming to be too old to be actively engaged in racing he described this morning two recent races in which he drove. One was at Salem, Ind. where he drove a "sprint car" and then again at Terra Haute, Ind. where he again drove the half-mile car.

Fifty-four-year-old Clarke was one of five mechanics who made up the pit crew for Swelker's 1955 Memorial Day race. He recalled today one of the thrilling moments of the race when Swelker drove in for a four-tire change and 60 gallons of fuel all within 52 seconds. He figures the job was all right for his age, but it didn't make up for the "thrill and satisfaction of coming down the straightaway and getting the checkered flag."

Eddie is an old-time racing car driver who has had more wins, splinters through more fences and experienced more crashes than he can remember, and even more recently has renewed his ability to stay behind the wheel in one of the roughest races of the motor world.

Many of Clarke's friends will be happy to know that he is back in Central Florida to renew old acquaintances and to enjoy some of Central Florida's famous fishing. On a brief vacation trip, Clarke is spending a big portion of his rest here in Sanford.

Union To Decide On Strike Tonite Against Railroad

NEW YORK (AP)—The CIO Transport Workers Union says it will decide today whether to abide by the spirit of the Railway Labor Act and call off a strike set for midnight tonight of 350,000 non-operating employees against the Pennsylvania Railroad.

A strike by the two against the nation's biggest railroad would affect the line's operation in 12 states and the District of Columbia.

In Denver yesterday, President Eisenhower created an emergency fact-finding board to look into the dispute. Under the Railway Labor Act, this move requires postponement of strike action for 30 days.

Ministerial Assn. Resumes Meetings

The Seminole County Ministerial Association held its first full meeting yesterday at the First Presbyterian Church.

Future meetings, according to action taken at the meeting yesterday, will be held at Seminole High School at 12:30.

Several Committees were appointed to complete surveys carried over from the spring meeting.

The Rev. Davis E. Carniff, President of the ministerial group, adjourned the meeting following a prayer.

Grier, Carrol Buy Cafes Building; Bukurs Open Store

Transactions have been completed in the sale of the Cates building by J. J. Grier and H. H. Grier and B. R. Carroll.

Grier and Carroll, owners of the Sanford Furniture Center, are formulating plans for the modernization of the Cates Bldg. at West First St. and Oak Ave. where they anticipate moving their furniture store in the future. Their business was started approximately four years ago and is now located in the Weiska Bldg.

The two partners have leased a portion of their new building at 207 West First St. where Peter J. Bukur and his son Peter P. Bukur have opened Bukur's Music Shop. The store has been established downtown to offer a complete line in musical needs in addition to the musical instrument repair shop which has been located in this city for the past seven years.

The second story of the structure offers eight furnished apartments which are rented out.

Larceny Charges Filed On Deloach

Charges of petit larceny were placed yesterday against James A. Deloach of Lake Monroe when warrants for his arrest were served on him by Constable J. Q. "Slim" Galloway.

Sanford Police Department reports reveal that Deloach was charged with taking a sum of money from A. C. Hill in a downtown business establishment.

Constable Galloway, with a warrant for the arrest of Deloach, met the accused man driving toward Lake Monroe.

Galloway said that Deloach will be charged with "driving while intoxicated" following the completion of his petit larceny charges.

Patrolman C. C. Dodson was the investigating officer for the Sanford Police Department.

Californians Brace For Scorching Day

LOS ANGELES (AP)—Southern Californians braced themselves for another scorcher today in the wake of yesterday's record high temperatures which were blamed for four deaths and 38 cases of heat prostration.

The mercury zoomed to 110 degrees in Los Angeles, cracking a 64-year-old mark by one degree. Nearby Tujunga recorded a sizzling 120. And on the normally torrid Mojave Desert it was a comparatively cool 90 to 100.

More heat was forecast today, with a high of 108 expected for downtown Los Angeles.

"BRAVERY MEDAL"

COLUMBUS, Ohio (AP)—Girls from the state's 4-H Clubs staged a style show at the Ohio State Fair yesterday.

The girls modeled dresses of their own creation.

Then out walked David Mitten, 20, of Stone, in a blue wool suit made by his sister Martha, 18.

The awards for dressmaking (or tailoring won't be decided for another day, but David walked away with the bravery medal.

Democrats Prepare For Rally

A Democratic rally will be held here in Sanford Thursday night, Sept. 8, 6:30 p.m., at the Yacht Club.

Mrs. Ralph A. Smith, publicity chairman for the Teas for TV Program said that a covered dish supper will be served with the Seminole County Democratic Committee furnishing the tea for the occasion. "We're interested," Mrs. Smith said, "in getting all loyal Democrats, and anyone who enjoys a real good time, to join with us for this special event."

Space will be limited, Mrs. Smith said, with only enough room to take care of 80 at this special meeting. Reservations should be made early by calling Mrs. R. A. Goodspeed, vice-chairman of the Seminole County Democratic Committee, at telephone No. 633-W.

Each person attending the meeting will be given an opportunity to pin his dollar on what he believes is the donkey's tail, with an award going to the person pinning his dollar nearest the tail, said Mrs. Smith. "Of course," she said, "this is just part of the entertaining program that is being arranged."

Mrs. Roy Tillis, Seminole County chairman of the Teas for TV committee, said that James M. Milligan, State Chairman for the Democratic Committee, has been invited to join with Seminole County Democrats for the event.

Mrs. Tillis also said that all city and county officials have been invited to the rally and added, "all loyal Democrats are expected."

James Lee, of Orlando, is chairman of the Seminole County Democratic Committee.

Additional Deeds Given For 17-92

Deeds for the second tract of land to be contributed for the 17-92 right-of-way were received this morning in the office of John P. Fox, right-of-way agent for Seminole County.

Hubbard Casseberry contributed 830 feet of highway property, 50 feet deep, in a warranty deed to the State of Florida for the right-of-way along 17-92.

In his letter of transmittal which accompanied the deed, Casseberry expressed his delight in contributing the property for the road and paving project.

Highway four-laning, widening. Earlier, Paul Burris contributed a 290 foot strip for use as right-of-way along 17-92.

The two sections of highway frontage are located in the Spring Hammock section known as "Death Valley."

Gov. Patterson Tells Spokesman Of Powerless State

SALEM, Ore. (AP)—Gov. Paul Patterson told a union spokesman yesterday he was powerless to do anything about state-owned vehicles crossing the picket line at Secretary of the Interior McKay's automobile agency here.

Milo Holt, business agent of the Salem Local, AFL International Assn. of Machinists, complained to Patterson about state cars ignoring picket lines at the McKay firm and two other automobile agencies. Machinists went on strike last month at the three places after a breakdown in negotiations for new contracts.

Factory In DeBary? Residents Queried

DEBARY — The Chamber of Commerce has mailed questionnaires to all property owners of DeBary, seeking their reaction to a petition from a Baltimore man wishing to erect a factory in or near this village, providing "it does not create a neighborhood nuisance."

Kevrett L. Swift, secretary of the Chamber discloses that about 160 replies have been received. "Many of them," Swift states, "are favorable. Some are violently opposed and others say they would prefer it near but not in town."

"Recently a factory in Baltimore asked us if a factory in DeBary would be desirable inasmuch as the retired residents might want part-time work assembling small parts for his patented articles, one of which is a sprinkler with a built in timer."

"The Board of Directors felt that before making a decision they should consult the people concerned, hence the questionnaire, which also queries names of those who wish to be on the Service list for work of any kind in DeBary. There are a goodly number of names sent in for this list, too," Swift added.

"When the answers are all in they will give a clear-cut cross section of opinion and from them we can decide just how to deal with the Baltimore factory man," Swift concluded.

DeBary is unique in this era of real-estate partial payment plans in that 90 per cent of the residents are retired professional and business people owning their own homes, mortgage free. Much of the property in DeBary is restricted, some is not and on it will remain until he sees if the townpeople will welcome a factory in their midst.

No Injuries Told In Auto Accident At Ninth, Magnolia

A collision at the intersection of Ninth St. and Magnolia Ave. yesterday, shortly before noon, claimed property damage estimated at \$235 but no injuries were reported.

According to the accident report at the Sanford Police Department, a 1950 Plymouth Sedan traveling south on Magnolia Ave. and a 1950 Ford Sedan traveling west on Ninth St., crashed in the intersection of the two streets.

The Plymouth, driven by Mrs. P. R. Heck, 73-year-old Sanford housewife of 242 Laurel Ave., received a damaged front bumper and guard, estimated at \$75.

The Ford, driven by Annie Floyd McGill, 29-year-old Sanford negro, received damages to the right side of the car estimated at \$160.

According to the investigation conducted by Sanford Police Department Patrolman Arnold Williams, indications and witnesses allege that the Plymouth sedan ran a stop sign, crashing into the Ford sedan which had cleared the intersection.

Campbell-Lossing Meeting Postponed

The regular monthly meeting of the Campbell-Lossing Post, American Legion, here in Sanford, scheduled to be held Monday, Sept. 5, has been postponed due to the holiday.

Post Commander George Maybury, said today that the date for the next meeting will be announced later.

Death Investigated Of Actor-Producer

NEW YORK (AP)—Police today were investigating the death of actor-producer Philip Loeb, found dead last night from what an assistant medical examiner said was apparently an overdose of sleeping pills.

Loeb, 61, was found in his room at the Hotel Talt in the Times Square area. He had registered Wednesday as Fred Lang of Philadelphia.

Three years ago, after he was named in "Red Channels," an anti-Communist publication listing entertainers allegedly involved in Communist-front organizations, Loeb was dropped from The Goldbergs television show. He was Papa Goldberg. He all but vanished from the public eye after that.

George F. Booth Dies At Gloucester

WORCESTER, Mass. (AP)—George F. Booth, 84, editor and publisher of the Worcester Telegram and Gazette and president of Worcester radio station WEAG, died yesterday at his summer home in Bass Rocks, Gloucester.

He served as a director of The Associated Press from 1911 to 1920 and was a charter member of The AP upon its reorganization in 1907.

He performed many civic duties but never sought political office, saying he believed "it would compromise a newspaperman's independence."

He began his newspaper career while still a schoolboy, working during the summer months.

A native of Hartford, Conn., he came to Worcester in 1899 and bought a partnership in the Evening Gazette.

Daily News States Eisenhower Fires Intelligence Chief

NEW YORK (AP)—The case of a Daily News said today President Eisenhower fired Maj. Gen. Arthur G. Trudeau as Army Intelligence (G-2) chief at the "personal request" of Allen Dulles, head of the Central Intelligence Agency.

In a Washington story by John O'Donnell, the News said Trudeau "actually was removed from his intelligence command by Eisenhower despite the violent, though suppressed, opposition of the Pentagon, from Secretary of Defense Wilson down through the all-powerful Joint Chiefs of Staff and uniformed professionals of Army, Navy and Air."

The newspaper said the President "savored" in his decision to fire Trudeau, 54, but that Allen Dulles' plea was backed up by his brother Secretary of State John Foster Dulles.

Deluge Of Auto Accidents Here May Be Slowed Down By Caution

There's been a deluge of automobile accidents in Seminole County in recent weeks.

Some of them could have claimed lives. Several of them have actually been near catastrophes. Even the loss of time for those injured, the pain that has been endured, the bills that have piled up, means that there has been more loss than the layman can see on the surface.

Accidents don't run in cycles because of the changing moon. Such reasoning just isn't

feasible. The real reason for accidents is right behind the wheel of the car.

Now, we're not blaming all drivers for being reckless, careless, northodox operators. That just isn't the case at all.

Perhaps one has overlooked checking the tires, another has undoubtedly let repairs go undone, still another may let his lights become unbalanced or burn out. There are a hundred and one things that can happen when an automobile driver doesn't take every precaution.

Then, there's the drinking driver. We wonder if something can't be done to remedy the situation around the county. The number of arrests for DWI has been increasing recently, and each time such an arrest is made an accident is prevented, probably lives saved.

Our compliments to the law enforcement officials who watch ever so carefully for every opportunity to prevent an accident. Possibly it's the stopping of a speeding driver, a DWI, a reckless driver. The accidents must stop.

Flooded Streets

A canoe comes in handy during, and right after, fairly hard rains in Sanford.

There's a possibility that, as extra equipment, a small size boat could be carried with each car to hurdle intersections flooded and practically impassable during rainstorms.

Instead of the situation getting better with our new sewer system in operation, it seems as if the water in most places is getting deeper.

There must be some solution to the problem of getting the water to drain off more quickly.

Several reasons have been heard here and there as to why the water is getting deeper instead of draining off.

One reason given is that with the new sewer system, the water doesn't drain off into the river, but is now pumped into the outlets and thence out into the river. Stands to reason that the water could run out faster if it could be pumped out.

Well, that's just one of the stories floating around at the present time. What we should get is simple drainage for heavy rains to drain, as they should, into the sewer system and then into Lake Monroe.

That's the problem facing the City of Sanford's sewer department: right now.

New School Clothes

Certainly there are new school clothes. Everyone expects it. Father and Mother have been saving for them. The child has been thinking these last days of how they will look. If parents are wise, they will explain that too much money spent on school clothes is bad. Trying to outdo other children in looks is silly. It's below the standard of the fine school these students are going to. Too many clothes? Oh, no—for how we do grow! A few at a time, fresh and pleasant to wear and see, make the school look nice as it starts out for the year. They help give the mind a fresh and enthusiastic feeling, in keeping with the great adventure.

Children need another kind of clothes, also. Their minds need them. They need real for the new job of the school year. They need courage for all the strange things a year may bring. They need willingness to work, for learning requires work. Scholarship of the mind, training of the hands in industry and the arts all call for work. And along with eagerness to get at the work must go some of that old-fashioned virtue the pioneers called stick-to-it-iveness, the virtue of not giving up, of keeping at the task until it is accomplished.

Their souls need kindness to other children, generally, honesty, justice. If they have these, fun comes naturally. The child whose homework and music practice are regularly done is the lighthearted, happy child.

The first week of school is important. It sets the tone for the term. The children will try their best to do well this year. Give them a hand at the start. Let them boast on their gay and glorious way!

YOU'RE TELLING ME!

LABOR Secretary James P. Mitchell said the Missouri administration is responsible for the "poor and property" we are enjoying for the first time in 36 years. "We began enjoying it in 1952, and if the Democrats get in '56 we'll begin enjoying an entirely new prosperity, if property holds out."

THE constitution with a clear conscience. He's got a new Air Force secretary, Congress has cleared out, and nobody can blame him for the weather.

THE first time in 36 years we've had a job like this, you shoot for the moon.

Grammar School Faculty Gives Philosophy, Selects Committees

The Sanford Grammar School faculty met recently. Herold Heckenbach, principal, presided and appointed a nominating committee with Mrs. Rachel Brinson as chairman to nominate faculty officers for the school year.

The nominating committee presented to the group the following slate of officers: Mrs. Elynn Routh, president; Miss Catherine Ball, vice president and treasurer; and Mrs. Alice Grant, secretary. These officers were unanimously elected.

Spotlight On Hollywood

HOLLYWOOD — Hardly a week goes by that some movie big wig doesn't make a public appearance to wit: "Girls, stay away from Hollywood. Don't call us, we'll call you."

But how are you going to keep 'em down on the farm when they read what happened to Victoria Shaw, Hollywood's first Australian Cinderella?

Just a few weeks ago, Victoria was a well-known model in Sydney. She was known there as "The Face," which will give you some sort of an idea what a stunner she is.

Then Bob Hope arrived in Australia. He asked Victoria's model agency for some of their best-looking girls. Hope, sometimes known as "The Leer," needed something to lean on in his act.

Hope, a friendly type guy, told Victoria: "If you ever come to Hollywood, look up my agent." It's the type of remark that Hope or any other top star makes dozens of times a year to young talent.

Bob hardly had arrived back from Australia when Victoria followed.

"He didn't realize that when he said that to me, I had been saving my money for just such an invitation," she said.

Victoria landed at Los Angeles International Airport Friday, July 15, 1935. No one was there to meet her because no one knew she was coming.

The following morning she called Louis Shurr, Hope's agent, and relayed Bob's suggestion. Louis, who hates pretty girls like cows hate green grass, granted an interview.

One studio executive reports that her first two scenes were emotional ones — she plays the second wife of the late society hand pianist — the second feminine lead.

"Yet," added the executive, "she did them both with one take each. It was amazing."

Her only previous acting experience had been in one Australian movie in which she did her own hair and makeup.

That was Tuesday. Shurr took one look and set up a screen test at Columbia Wednesday. On Thursday she paced the floor of her hotel room. Friday was the day Columbia sent her a script for "The Eddie Duchin Story" and told her to test Monday for a part.

In a matter of hours later, she was on her way to New York City for location scenes with Tyrone Power and Kim Novak.

Police Find Body Of Gambler In Shallow Well

PORT WORTH, Tex. (AP)—Police found the body of gunman-gambler Leroy (Tincy) Eggleston, 46, in a shallow well six miles north of here Wednesday night. He had been shot in the back of the head.

His death left alive only two of the principals in the slay-for-pay murder of wealthy oilman William P. Clark, 61, found dead in his expensive home May 22, 1933.

The remaining principals are Clark's blonde widow Mary, 46, and Harry Huggins, the 47-year-old mobster-informer who said Mrs. Clark offered a \$10,000 reward for her husband's death.

Eggleston's body was found less than a week after his blood-stained sedan turned up on a parking lot here.

Apology Publicly Offered

NEW YORK (AP)—Frank Lane publicly apologized for his vocal outburst against an umpire during a game in Chicago last week, but the general manager of the White Sox insisted the umpire was at fault.

Lane berated Umpire Larry Napp before American League President Will Harridge in the seventh inning of a game between Chicago and Boston last Tuesday. He was summoned to New York yesterday, fined \$500 and ordered to apologize.

Commissioner Ford Frick said: "For conduct unbecoming a baseball official and for using violent profane language Frank Lane is fined \$500. . . . It is understood Lane will make a proper public apology to Mr. Harridge, the American League and to the Chicago fans."

The stormy Chicago official readily apologized and then gave his own explanation:

"I went to Mr. Harridge's box to complain about Umpire Larry Napp but my remarks were directed at Cal Hubbard, chief of the league's umpires, who also was there.

"I protested strongly against Napp's actions in ejecting Sherman Lollar, our No. 1 catcher, after falling to remove a Boston player not only put on a terrible demonstration in front of the fans in disputing a decision by Napp but actually jostled the umpire and kicked dirt at his feet. Despite that he was allowed to stay in the game.

"The next inning, several Chicago players were jockeying Napp from the dugout but the umpire singled Lollar out and gave him the thumb. I admit the language wasn't exactly the type that would meet the approval of Emily Post but I was angry clean through at the injustice and I guess I minced no words in telling Hubbard so."

Sal Maglie Is Surprise Choice For Cleveland

CLEVELAND (AP)—A surprise choice, Sal (The Barber) Maglie, huris tonight for Cleveland as the Indians take on the Chicago White Sox in the opener of a four-game struggle for the American League's first place.

It will be Maglie's first start in Cleveland since his sale by the New York Giants a month ago. The 27-year-old right-hander made only one start for the Tribe, a 7-5 loss in Washington.

Facing the Barber will be Connie Johnson, who pitched a 6-0 shutout against the Indians last July 9 in Chicago.

The White Sox, leading both the Indians and the New York Yankees by half a game, will be starting a 19-game tour of the circuit.

They have only five home games remaining—two with the Tribe and three against Kansas City—all to be played the final week of the season.

Cleveland Manager Al Lopez said he picked Maglie because he wanted a curve ball specialist to go against the Sox.

Up to now Cleveland and Chicago have divided 16 games, the Indians winning four out of seven at home. In the past two seasons, they have finished with 11 games apiece.

Early Wynn is slated to pitch for the Indians tomorrow and Bob Lemon and Mike Garcia in a double-header Sunday.

In the final three games, the White Sox are expected to send Billy Pierce, Jack Harshman and Dick Donovan to the mound, though the order they will follow is not yet certain.

First Workouts Held By Squads Opinions Vary

SOUTHEASTERN CONFERENCE By THE ASSOCIATED PRESS

Southeastern Conference football squads hustled through their first workouts Thursday with various degrees of optimism and widely varying results.

In the overcast of close opening dates, Mississippi State found a dark cloud while the Georgia Bulldogs saw only the silver lining.

State lost two first stringers. Jim Harness, 175-pound senior from Helena, Ark., received a broken hand during the morning workout and is expected to be out for at least three weeks. Quarterback Bill Stanton of Sylacauga, Ala., left the drill for the infirmary, where he was confined with a high fever. No one knows how long he will be out.

Coach Darrell Royal moved up William Earl Morgan, 152-pound sophomore, to replace Harness.

At Athens, Georgia coaches said the practice was the best opening drill they ever had seen. Coach Wally Butts commented that Laneair Roberts and Roy Wilkins are as good a pair of ends as he has ever coached.

Elsewhere in the conference coaches were more cautious in their appraisals.

Ralph Jordan said the workout his 32 varsity charges went through was "satisfactory." Junior quarterback Howell Tubbs was the most impressive of five candidates for the full vacancy left by Bobby Freeman.

Stan Musial's fifth grand slam homer came three days before the All-Star game. It beat the Chicago Cubs, 4-2.

Huffin', Puffin', No Good, No How

By ED WILKS The Associated Press

For all the huffin' and puffin' they did during August, the three leading contenders for the American League pennant might just as well have taken a month's rest. It just didn't do 'em no good, no how.

For the past 32 days, Chicago, Cleveland and New York (all idle yesterday) have been scraping to a standstill. Going into the final 3 1/2 weeks of the season today, they're practically in the same spot they were Aug. 1.

On that date Chicago was in first place with a .514 percentage. Cleveland and New York trailed with .502, each one game behind. Today Chicago leads with a .508 percentage. Cleveland and New York half a game behind, are tied for second with .503.

The only difference between them is that the White Sox, catching up in games played, had one more game than the Yankees and Indians and lost it.

For the month, New York was on top 13 days, Chicago 12 and Cleveland 5. The Indians, who also shared the lead for a day with New York, had the biggest August lead, two games. The Yanks led by 1 1/2, Chicago by one.

And with Chicago's Marty Marion and Cleveland's Al Lopez agreeing all the way, Yank Manager Casey Stengel says it's just "too awful even."

"All I know is," says Case, "that we have 32 more to play and must win 18 to make sure I realize that's 97 wins, but that's what it will take. I thought before it could be done with 94."

The Yanks were in the best position to get off quick on their way to 97. They opened a home stand this afternoon with the Washington Senators, whom they've beaten 11 times in 16, while the White Sox and Tribe go at each other in the

first game of a four-game series at Cleveland tonight. The Sox and Indians are 8-8 for the season.

The only action yesterday was in the National League, where Brooklyn made the most of seven hits to thump Milwaukee 6-3; Cincinnati defeated New York 7-4; and Pittsburgh again edged St. Louis 7-6.

The Brooks got their hits in the third and fifth innings to score their runs. Roy Campanella singled home two runs and scored another as Brooklyn trimmed the magic number to 10—any combination of 10 Dodger victories and Milwaukee defeats gives the Brooks the flag. Joe Nuxhall won his 5th—most by a Cincy hurler since Ewell Blackwell won 16 in 1931—while seven-hitting the Giants. He gave up two homers to Dusty Rhodes and one to Al Dark, but drove home two runs himself while Chuck Harmon batted in four with a home run and a single.

The Pirates, now just 2 1/2 games shy of seventh-place St. Louis after spending the last three years in the cellar, won their sixth straight with Gene Freese knocking in the clincher in the ninth to break a 6-all tie. Ramon Mejias had four RBIs with two doubles and a single for the Bucs.

Portrait by IKE RANGELEY, Maine (AP)—Donald Cameron, 63, is scheduled to receive what he says will be his most prized possession—a portrait of himself in oil by President Eisenhower.

Cameron guided the President on the latter's recent Maine fishing trip.

The President took several snapshots of Cameron. Since then he painted Cameron's portrait.

Cameron will be given the portrait at a luncheon tomorrow.

Costa took a vacation and then came back to avenge his loss to Bell Feb. 21. He beat Joey Lopes, drew with lightweight Tony Puleo and outpointed thorough rival Luis Perez. His record is 25-2 with 4 draws.

An indifferent performer until he went into the Army, Bell has shown vast improvements since his discharge. He has dropped only one (to Costa) of 11 fights in that time. His record is 36-2-4.

Sunny Fitzsimmons Admits Surprise At Nashua Victory

NEW YORK (AP)—Sunny Jim Fitzsimmons, 81 year old dean of American trainers, admitted today he was really surprised when Nashua stepped away from Swaps at the start of their match race at Washington Park Wednesday.

"From what I had heard I didn't think my horse could outrun Swaps," said Mr. Fitz on his return from Chicago, where Nashua won by 6 1/2 lengths. "I knew Nashua could break fast if necessary but from what they told me I thought it would be Swaps first out of the gate."

Mr. Fitz was not on hand when Swaps, said Mr. Fitz on his race in beating Nashua by a length and a half in the Kentucky Derby early in May.

"Actually, I didn't care (I went to the front at the start," the veteran trainer continued. "Eddie (jockey) Arcaro and I agreed it would be the best if he could go right to the front but if he couldn't then I told Eddie to keep that other horse busy."

Nashua came out of the gate with Arcaro playing his whip vigorously. The William Woodward colt went right to the front and never was headed.

Mr. Fitz expressed regret on hearing that Swaps had turned up lame. He said he hoped the two horses would meet again in the course of the regular racing season this year. Nashua's next start probably will be in the \$100,000 added mile and one-eighth of the Ssynoby at Belmont Park Sept. 24.

In the past year Virginia Tech was unbeaten in nine football games and in eight wrestling matches.

Costa Favored To Beat Bell

NEW YORK (AP)—Carmelo (Chubby) Costa is a 2-1 favorite to beat Bobby Bell in their "rubber" bout tonight and keep alive his chances of getting a title crack at featherweight champion Sandy Saddler.

The Madison Square Garden 10-rounder, starting at 9 p.m., EST will be broadcast and telecast by NBC.

Saddler hasn't defended his crown in over six months and Costa, a flashy 21-year-old from Brooklyn, wants the next chance.

"Chubby has the style to beat Saddler," said manager Steve Paris, who does all the talking for his shy fighter. "he'll box rings around Saddler, who's ready to be taken."

Bell can sum things up like he did once before to Costa. The 26-year-old ex-soldier from Youngstown, Ohio, is one of the two featherweights to whip Costa. Rudy Garcia was the first.

The two defeats came in succession last year, a busy year of 10 fights in which Carmelo rose from the prelim ranks to the main event class. Garcia won Oct. 23 and Bell Dec. 6.

Costa took a vacation and then came back to avenge his loss to Bell Feb. 21. He beat Joey Lopes, drew with lightweight Tony Puleo and outpointed thorough rival Luis Perez. His record is 25-2 with 4 draws.

An indifferent performer until he went into the Army, Bell has shown vast improvements since his discharge. He has dropped only one (to Costa) of 11 fights in that time. His record is 36-2-4.

No. 264

THE SANFORD POLICE DEPARTMENT'S rescue boat accompanies a dump truck to shore after it ran off the fill just off the bulkhead near Park Ave. and Seminole Blvd. Shown in the boat (left to right) are truck driver John W. Toney, Superintendent Sid Richard, and Patrolman Ben Butler. (Staff Photo)

Truck Sinks In Lake Here; Driver Is Unhurt

A dump truck, operated in Sanford by Cragg Construction Co., hit soft dirt on the fill just off the bulkhead where a yacht basin is being built, and slid off into deep water. John W. Toney, driver of the truck, had backed into the fill and was attempting to dump his load of dirt and rock onto the fill when it began to slide. Toney said he attempted to pull the truck back onto the fill but when he felt it going into the water, "I jumped out of the cab onto land."

City crews were brought to the scene, along with a crew from Cragg Construction Co. operation on French Ave., to bring the truck in. Several swimmers, including the truck driver, found the truck over on its side in water about 12 to 14 feet deep. With a motor hoist and a bulldozer, steel cable was pulled out of the truck. The two pieces of city equipment dragged the submerged truck to shore.

J. C. Larender, superintendent of the Cragg Construction Co. project in Sanford, along with City Manager Warren E. Knowles were at the scene directing the salvage operations.

The dump truck slid into the water shortly after 1 o'clock Friday and was pulled out about 4:15. The cable and its chain connections broke twice before the truck could be brought in.

Kiwanis Will Hear Rev. Stone Speak

The Sanford Kiwanis Club will have an opportunity to hear one of the new ministers recently moved to Sanford.

The Rev. Perry L. Stone, pastor of the First Christian Church of Sanford, will speak at the Wednesday luncheon meeting of the club.

The Rev. Stone is expected to fill the Kiwanis Club of the citizens' support of churches in the community. Program chairman for the meeting, and of the Support of Churches Committee, is E. C. Harper.

Ruthie M. Johnson Taken In Custody

Ruthie Mae Johnson, 35-year-old Negro woman of 703 Orange Ave., was taken into custody Friday, according to Sheriff Luther Hobby's office, and charged with stealing \$50.

In a warrant issued and signed by Judge Ernest Housholder, the woman is charged with stealing the money from Joe Washington on Aug. 3, 1955.

Sgt. Morgan McClelland took the Sheriff Hobby and Deputy Sherman into custody.

TIGER CLAW MAN
SAN FRANCISCO (AP) — A 10-foot Bengal tiger roared through the bars of his cage at the Ringling Bros. and Barnum & Bailey Circus yesterday and drew a neat column of messages.

Rescued from a gashed arm, the tiger (Red) Oswald, Jr., of San Diego, Pa., was taken to a hospital.

Labor Day 1955 An Editorial

Today's holiday calls for a lot of celebrating even though most people take the chain of events as something just "to be expected."

Labor Day. And from coast to coast, tip to top, the country and all of its workers are enjoying the most prosperous year in American history.

New highs have been reached when the average American worker counts up his pay for the first half of 1955.

And while workers are making more, the cost of living isn't eating away all of a person's earnings by the erosion process of inflation. For more than 18 months the cost of living has remained on an even keel with rises and falls steadily and slight.

As the result of steady employment and new record highs in wages a new record high is expected in goods and services for 1955. Indications point to a 380 billion dollar mark. The automobile industry is enjoying its biggest year in history. New plants and equipment for 1955 are running up to new marks and construction is running at a record annual amount of 42 billion dollars.

What's more, 65,000,000 Americans now have jobs. More than ever before in our history.

We take our hats off to Samuel Gompers who started the labor movement and its upward trend. We salute men of Labor today.

The record being achieved is not perfect, but it is certainly improving.

SHERIFF LUTHER HOBBY looks cautiously at a male rattlesnake killed Friday afternoon at the Silver Trailer Park on Lakeshore Blvd. Hobby said the rattler was six feet long and had 11 buttons. Cards' Treaty Ended

The local baseball club, Sanford Enterprises, Inc., headed by C. R. Dawson as president, has canceled its agreement with the St. Louis Cardinals for a farm club in the Florida State League for Sanford.

Dawson said "the pure facts is this... we weren't interested in continuing the working agreement with the St. Louis Cardinals."

The local baseball club president qualified his statement with, "We have a better deal coming up and negotiations are going on right now with a big league club."

"We can't tell which club it is with whom we are negotiating," Dawson said, "because the club doesn't want to announce something that hasn't happened." He explained, "big league clubs are very straightlaced about dealing with one another and it was impossible to talk with one club while an agreement is in existence with another."

When asked about the 1955 baseball season, the baseball official said, "we finished in the red." However, he continued, we haven't completely counted up yet so a financial report is not ready.

"We are going to have a meeting Tuesday to take up the financial condition of the club after which everyone will be invited and lay our cards on the table," Dawson said.

"We are not going to have a last minute deal this next year if I have anything to do with it," the Sanford Enterprises, Inc. president said. "We will know where we are right now and what we're going to do," he added.

"It will take hard work all through the winter months right on up to spring training time," Dawson said, "for a successful season with a solid foundation."

Officers Start Early Roundup Of Holiday Traffic Violators

Law enforcement officers started their roundup of traffic violators early, before the Labor Day celebration began.

Richard Allen Douglas, 37-year-old mechanic of Cassia Lake, was charged with "driving while under the influence of intoxicating liquors." Friday night shortly before 10 o'clock, Florida Highway Patrolman Carl Williams made the arrest on State Road 427, six miles south of Sanford.

C. L. Lucas, 23-year-old was charged with "improper head-lights and failure to dim." Saturday morning shortly after midnight, Lucas is attached to the Patrick Air Force Base.

Austin Alvin Jackson, 31-year-old laborer of Sanford was charged with "improper passing" shortly after midnight Friday.

Bob Johnson, 23-year-old Air Force man, attached to the Orlando Air Force Base, was charged with "operating a car with no drivers license" shortly before midnight Friday.

Otis Melroe, 18-year-old negro student was charged with "operating a car at excessive speed" early Saturday morning as he was driving west on Celery Avenue.

Three of the arrests were made by Trooper T. Mark Mack of the Florida Highway Patrol, one by Carl Williams, patrolman of the Florida Highway Patrol, and one

Little Information Gathered Over Nite On Hurricane Flora

MIAMI, Fla. (AP)—The Weather Bureau issued this advisory on Hurricane Flora at 5 a. m. (EST) today:

Little information has been received from near the hurricane during the night. The center was estimated to be near latitude 26.7 north, longitude 52.4 west, or about 1,600 miles northeast of San Juan, Puerto Rico at 5 a. m. (EST).

Present movement is estimated about 18 m. p. h. toward the west northwest. Highest winds are 80 to 90 m. p. h. over a small area near the center. Winds of hurricane force extend outward from the center 80 miles to the north and winds of gale force extend 175 miles north and east and 100 miles to the southwest.

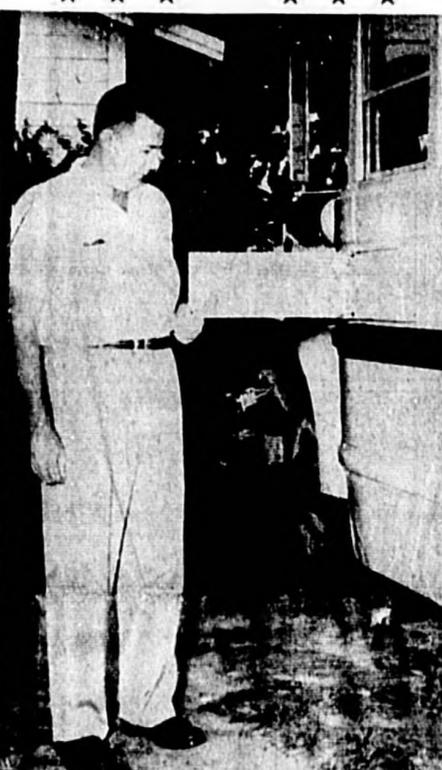

Indications are for movement toward the west northwest at about 18 miles per hour for the next 12 hours with a slow increase in size and intensity.

Eight-Inch Main Damaged Saturday

An eight-inch water main was damaged Saturday morning, shortly after 10 o'clock, when a bulldozer with a pulverizer attached, was in operation on the French Ave. widening project.

The broken main, at the intersection of First St. and French Ave. was the third such instance within a week. City Manager Warren E. Knowles, Superintendent J. C. Larender of the Cragg Construction Co. project here, and city crews were called to the scene. Knowles said that the repair would be done under pressure so that water would not have to be turned off over the City.

A three-inch hole was gouged into the pipe which caused a 15 to 18-inch split. Hydrants in the entire area of the break were opened in an attempt to reduce pressure so that the repair could be made. Two three-inch and one two-inch pipes were put into use to get rid of the water during the repair operation.

\$200 Bonds Placed On Two Men Here

A 43-year-old Negro man and a 38-year-old white man were taken into custody Saturday morning and charged with "contributing to the delinquency of minors," according to a report filed by Constable J. Q. "Slim" Galloway, in the Seminole County Sheriff's office.

Willie Berry, Negro of Lake Monroe, and Jessie Brock, white man of Lake Monroe, were lodged in the Seminole County Jail and placed under bonds of \$200.

The arrests were made Saturday morning, one at 4 a. m. and the other at 5 p. m. The charges involve two white girls 13 and 16 years of age, and two Negro girls, 10 and 13 years of age.

Sheriff Hobby said Saturday morning that other charges might grow out of the arrests.

Monument Placed On Wilcox Grave

A monument was placed at the grave of a former member of the Sanford Police Department last Friday.

Police Chief Roy Williams said that the headstone, with the Sanford Police Department emblem etched into the stone, was placed at the grave of Robert C. Wilcox.

The headstone, furnished by Harris Folds of Sanford, was purchased by the Sanford Police Benevolent Association, Chief Williams said.

At the grave of the former policeman, when the headstone was placed, were Sanford Police Chief Roy Williams, O. C. Wilcox, brother of the former policeman, and Harris Folds.

Safety Always Stressed

School Buses Well Protected

"School buses start to roll tomorrow morning as they take the hundreds of Seminole County children to their first classes of the new school year," said Sheriff Luther Hobby.

"Behind many of these buses, a deputy representing the Seminole County Sheriff's office will be riding."

"We will expect every motorist to obey every highway traffic regulation in regards to the operation of autos as they approach or pass school buses," the sheriff said.

Bus drivers have been warned to give motorists plenty of time to slow up before they stop at regularly scheduled places for school children. Hobby advises motorists. They will extend the stop sign and start the flashing red stop signal in plenty of time to give every automobile operator, driving within the required speed along the highway, to stop.

"To protect our children," Sheriff Hobby said, "we will be even more firm than we have in the past."

"We are patrolling the highways to protect the lives of children and not to find ways and means of County Sheriff said.

"This is fair warning to all motorists that they will be required to obey the laws of our highways."

"In every State of the Union with the exception of three, highway regulations require motorists to stop behind school buses as they load or unload. In the three exceptions, traffic regulations demand a five mile an hour speed while buses load or unload."

"So there is no need for motorists to plead ignorance of the law," the sheriff said.

Dusty Boots Club Doing Big Share

The Dusty Boots Saddle Club is doing its part today for the youngsters at the Umatilla Crippled Children's Home.

A big parade moved through downtown Sanford today followed by a gigantic Fish Fry at the Sanford Farmers Auction Market just south of Sanford on 17-92.

At 2 o'clock today a gigantic rodeo features some famous and expert truck riders, ropers and horsemen.

To climax the gigantic Labor Day celebration, there will be a square dance beginning at 8 o'clock tonight at the National Guard Armory on East First St.
