

Military Takes Over

(Continued from Page One) successively at 100, 225 and 350 to the dollar, since the Armistice. Under the new monetary regulations announced by the council of ministers, foreign exchange rates for each month will be fixed on the first of the month, partly on the basis of quotations on the free market for the previous month.

script troops to the colors today to help meet the emergency caused by an epidemic of strikes which slowly are strangling French economic life. The cabinet's decision, reached in a session of more than four hours, brought to 15 divisions the total of military forces called up within a week to deal with the threat of civil strife arising from Communist-supported strikes involving 2,000,000 men.

chairmanship of Socialist President Vincent Auriol, announced that the second half of the 1946 class of conscripts was being called into uniform. Half the class of 1947 was called up last week. The ministry of war refused to confirm a report that French troops on duty in occupied Germany were being brought back to Paris to reinforce local forces.

U. S. - Russia Plan

(Continued from Page One) and one which was absent on a test vote earlier this week in the assembly's 57-nation Palestine committee at Lake Success. There was a likelihood that the outcome of the voting could not be foretold in advance of the balloting, since seven of the doubtful countries were not on today's speakers' list.

United Nations concerning Palestine is in principle injustice, because every nation has the right of self determination," he told a reporter. "It is also an injustice from every practical viewpoint as a country with an Arab majority cannot be subject to domination of a Jewish minority."

NO. 271

Price Freeze Is Suggested By Harriman

WASHINGTON, Dec. 1 (AP)—The House Foreign Affairs Committee today voted to restore \$38,000,000 of the \$108,000,000 it had ordered cut last week from the \$397,000,000 emergency aid program for western Europe. The committee left intact a \$60,000,000 authorization for aid in China, bringing to \$587,000,000 the total amount now in the committee's bill.

Commerce Secretary Tells Congress Of Need For Limited Wage-Price Powers

WASHINGTON, Dec. 1 (AP)—Secretary of Commerce Harriman told Congress today that a general freeze of prices and wages might be necessary in the future unless authority is granted now for selective price and wage controls and rationing.

Strawberries Are Among Crops Now Moving To Market

JACKSONVILLE, Dec. 1 (Special)—Strawberries, beans, cucumbers, tomatoes, and other produce moved from Florida markets to distribution centers throughout the Nation during the last week, releasing their season's cash receipts to thousands of growers throughout the State and benefiting many additional thousands of workers employed in the various phases of production, harvesting, sale and transportation of the crops. Reports received at the weekend State Markets were mostly on the bright side, but in some areas heavy rains late in the week (Continued on Page 5)

Defective Heating Cause Several Fires

Several fires occurred in homes during the weekend due to defective heating equipment, and now that cooler weather is here Fire Chief M. N. Cleveland today warned home owners to carefully inspect heaters, pipes and flues and see that they are not too near to wood work. There was considerable damage to the home of Roy Sykes Jr. at Loch Arbor, Thursday, due to fire caused by a defective gas. A defective fire place caused a light amount of damage to a home at 1001 West Tenth Street, Friday. At the time of the latter alarm a number of firemen were taking promotional civil service examinations and had just completed the first page of the test when they were rudely interrupted by the alarm. N. O. Garner, assistant secretary of the Board, of the Sanford Civil Service Board, who was conducting the test, decided to postpone it until a later date. Yesterday morning at 7:00 o'clock the cab of W. T. Kelly's new truck was damaged by fire believed to have been caused by defective wiring. On Saturday a grass fire on South Sanford Avenue was put out, and this morning at Sixteenth Street and Sanford Avenue another grass fire was quenched in spite of a strong north wind.

MRS WILKIE NAMED

NEW YORK, Dec. 1 (AP)—Robert F. Patterson, chairman of the executive committee of the National Committee for the Marshall Plan to Aid European Recovery, announced yesterday that Mrs. Wendell Wilkie, widow of the 1940 Republican presidential candidate, will head the committee's women's division.

AUTO TAGS

Automobile tags for 1948 were put on sale this morning at the office of Tax Collector John L. Gallaway. The new tags are black with yellow lettering. Those who received D-tags last year will get plain tags this year, and those who at present have plain numbered tags will receive D tags for 1948, said Mr. Gallaway. There is no increase in tag rates, he said.

Mayor Urges Citizens To Vote In City Commission Election Tomorrow

Mayor H. James Guttridge urged all registered citizens to vote tomorrow at the City Hall in the general election and not to take the primary election of John Krider and Randall Chase as city commissioners for granted.

"It is the privilege as well as the democratic duty of every citizen to vote at every election," declared Mayor Gut. Asked why a general election is necessary, following a preliminary election, Mayor Gut stated that the City charter provided for this in accordance with state law. The primary election, he pointed out, simply places the names on the ballot for the general election.

In tomorrow's election the name of John Krider will appear in Group No. 1, and of Randall Chase in Group No. 2. It is legally possible, declared City Attorney Fred Wilson this morning, for voters to write in names of other candidates.

French Labor Is Called To Action Against New Law

By MEL MOORE
PARIS, Dec. 1 (AP)—Strikes halted the Paris subway today and leaders of the Communist-dominated General Confederation of Labor defied the government's anti-strike legislation. CGT leaders summoned all workers "to action," asserting they would refuse to negotiate further toward ending nationwide walkouts if the legislation was enacted in the national assembly. Subways halted shortly after noon, when electric power was shut off by strikers. Gas pressure was reported at "danger levels" in the capital and service was reported stopped at Nice, Marseille and Cannes. The assembly, which last night approved a call of 80,000 men to the colors to combat the creeping paralysis induced by the strikes, became such a well of tumult that it suspended for two hours its consideration of the strike law. Neither the chairman nor speakers could be heard. With thousands stranded by the subway shutdown, Paris was plagued by a traffic jam at all six (Continued on Page 5)

Freight Traffic Is Resumed On River

Freight traffic on the St. Johns River, discontinued by Sanford since 1941 on account of the war, has now been resumed by the reorganized St. Johns River Line, its LCI-freight boat arrived late last week and docked at the Municipal Pier. Otto Caldwell, central Florida agent for the new line, stated today that Mrs. Sadysa Moses, former owner of Sady's Specialty Shop in Sanford, is president of the new company and lives in Brunswick, Ga. The LCI freighter will be loaded with canned citrus at the recently repaired St. Johns River Line dock and was expected to leave today via inland waterways for Baltimore, Md., said Mr. Caldwell. The freighter is 158 feet long, has a beam of about 400 tons and has a speed up to 12 knots. It is Diesel powered, 1800 horsepower and will reach Baltimore from Sanford in about six days. Another LCI is being reconditioned for river service at Brunswick, Mr. Caldwell revealed. The LCI here has a crew of nine.

Major Lewis Wright Attends Gala Party

WISBADEN, GERMANY, Dec. 1 (Special)—Major Lewis J. Wright, 2035 Maple Avenue, Sanford, attended a gala party in honor of the 9th Anniversary of the establishment of Always and Air Communications Service (AACS). The party was held at the Park Cafe, Wiesbaden, Germany. Major Wright is assigned to HQ 5th AACS at Wiesbaden, Germany and performs the duties of operations officer, 5th AACS in Europe. He is charged with the responsibility of maintaining and operating all radio and navigational aids to Air traffic in the occupied zones.

BOARD MEETING

The Seminole County Board of Commissioners will meet tomorrow morning at 10:00 o'clock in regular session.

BEAMED TO RUSSIA

WASHINGTON, Dec. 1 (AP)—The "Voice of America" today expanded its broadcast to Russia by beaming a program of news and features to Siberia.

TRACK MAY CLOSE

MIAMI, Dec. 1 (AP)—Florida's winter racing season got off to a rocky start today at Gulfstream Park with the prospect that the track may close tomorrow because of a deadlock with horsemen over bigger purses.

LEGION PARTY

Plans for a Legion Christmas party on Dec. 18, also a drive to bring membership up to 100 percent in Campbell-Louising Post 43, will be made at a business meeting of the post at the Legion club this evening at 7:30 o'clock. It was announced by James Sing, legion post commander.

Bidault Says Zone May Join British, U. S.

LONDON, Dec. 1 (AP)—French Foreign Minister Georges Bidault said today that if the London conference of foreign ministers fails to agree on the future of Germany, the French zone may be merged with the British and American zones to establish a unified western Germany.

Reds Turn Down Plan Of French To Settle German Assets In Austrian Issue

PARIS, Dec. 1 (AP)—The French plan to have under consideration by a committee of foreign ministers who are due to report to the Big Four tomorrow. Action by the deputies may not necessarily be final.

Woman In Meyers Case Goes Before Grand Jury Probe

Mrs. Lamarre States Nothing Happened Like This Before
WASHINGTON, Dec. 1 (AP)—Mrs. Mildred Lamarre, who has denied she was ever the "girl friend" of Maj. General Bennett E. Meyers as Meyers claimed, today went before a grand jury investigating the former Air Force officer's wartime business deals.

Search For Fire Bugs Proves Fruitless

LOGANVILLE, Ga., Dec. 1 (AP)—The search for persons responsible for the burning of all negro schools and churches in this north Georgia community during the past month has been futile. Mayor C. H. Byrd said today, despite a \$100 reward offered by the city. Loganville is about 20 miles east of Atlanta, and is in Walton county where mobsters lynched two negro men and their wives on July 25, 1946. Federal, state and local authorities joined in an investigation of the brutal slayings, but the case has never been solved.

Radio Station WTRR Has New Manager

James S. Rivers, owner of the Southeastern Broadcasting System and station WTRR in Sanford, announced today that the local station is now being operated under the direction of Robert H. Thompson, Jr., who has been appointed general manager. During the past few years, Mr. Thompson has been editor and publisher of the Cordele, Ga., Dispatch and was also engaged in radio activities with Station WMJE, at Cordele, and other Mutual Broadcasting System affiliated stations.

Christmas Buying Will Be Good But Tempered By Higher Prices

By HERBERT P. GREEN
WASHINGTON, Dec. 1 (AP)—Christmas buying will ring up new records on the cash register, but the government believes Santa Claus generosity will be tempered by high prices. Some officials predict his pack won't be as full as it was last Christmas.

CREW RACE

PALM BEACH, Dec. 1 (AP)—Secretary of Commerce Harriman, ex-ambassador and Yale graduate, will be honorary referee Jan. 8 for the rowing crew race here between the University of Pennsylvania and Yale.

NAVY LANDING

WASHINGTON, Dec. 1 (AP)—The pilot of a Navy torpedo bomber plane today crash-landed on one of Washington's busiest bridges during the morning rush hour—and nobody was seriously injured. The Navy reported that the only occupant of the plane, Lieut. Sewell T. Bittings of Glenview, Ill., had power failure shortly after taking off from the nearby Naval Air Station at Anacostis. He was cut about the face. Not a car was struck.

UNIFIED COMMAND

WASHINGTON, Dec. 1 (AP)—Secretary of Defense Forrestal today announced establishment of a unified command in the Atlantic area under the leadership of Admiral W. H. P. Blandy, commander of the Atlantic fleet.

Security Council May Have To Cope With Holy Land Trouble

Reactions To Palestine Partition Debate

WHILE THE DELEGATE FROM PAKISTAN, Sir M. Zafrullah Khan, was giving his views on the Palestine partition issue to the U.N. General Assembly at Flushing Meadows, New York, his address was received with divided interest. Thus, Senor Jose Arce (left), Argentine delegate was caught napping by a candid cameraman. Whereas, Russia's Andrei Gromyko appears to be studying some figures or just doodling. (International)

Violence Breaks Out In Holy Land After Partition

SHANNON AIRPORT, Eire, Dec. 1 (AP)—Mrs. Eleanor Roosevelt, delayed two days by bad weather conditions, left by plane today for a United Nations meeting in Geneva.

Woman In Meyers Case Goes Before Grand Jury Probe

WASHINGTON, Dec. 1 (AP)—Mrs. Mildred Lamarre, who has denied she was ever the "girl friend" of Maj. General Bennett E. Meyers as Meyers claimed, today went before a grand jury investigating the former Air Force officer's wartime business deals.

Violence Breaks Out In Holy Land After Partition

SHANNON AIRPORT, Eire, Dec. 1 (AP)—Mrs. Eleanor Roosevelt, delayed two days by bad weather conditions, left by plane today for a United Nations meeting in Geneva.

Death, Strikes And Insults To American Flag Follow

WASHINGTON, Dec. 1 (AP)—Death, strikes, insults to the United States and grim threats of a Holy war developed swiftly in the eastern Mediterranean today in the wake of a United Nations decision to partition Palestine, a move which incensed Arabs throughout the area.

Gen. McLain Urges Military Training

BALTIMORE, Dec. 1 (AP)—Lieut. General Raymond S. McLain said today "we must quit this faltering" of telling the nation's youth that there will be no more war.

Group Reports No Evidence Of Fascism

WASHINGTON, Dec. 1 (AP)—Rep. McDowell (R-Pa.) said today he hasn't been able to find any Fascism or Fascists in this country worth investigating.

NAVY LANDING

WASHINGTON, Dec. 1 (AP)—The pilot of a Navy torpedo bomber plane today crash-landed on one of Washington's busiest bridges during the morning rush hour—and nobody was seriously injured. The Navy reported that the only occupant of the plane, Lieut. Sewell T. Bittings of Glenview, Ill., had power failure shortly after taking off from the nearby Naval Air Station at Anacostis. He was cut about the face. Not a car was struck.

UNIFIED COMMAND

WASHINGTON, Dec. 1 (AP)—Secretary of Defense Forrestal today announced establishment of a unified command in the Atlantic area under the leadership of Admiral W. H. P. Blandy, commander of the Atlantic fleet.

Violence Is Growing In All Middle East; Americans Warned At Syrian Legation

LAKE SUCCESS, N. Y., Dec. 1 (AP)—Tiyave Laj, secretary-general of the United Nations, called his top aides to meet late today to consider problems growing out of the General Assembly's decision to partition Palestine.

Informed sources said one of the problems was whether the Security Council should be called into a special meeting to get reports on disorders the partition decision touched off in the Holy Land.

The council was expected to meet late this week to consider the Dutch-Indonesian question, but there is a possibility an earlier meeting may be called in view of developments. Under the partition plan, the council was called upon to act in case peace is threatened.

Violence stemming from the United Nations decision to partition Palestine has resulted in a dozen deaths in the Holy Land and Syria and brought the threat of war from the 33,000,000 Arabs clustered in the Middle East.

Eight Jews died violently in Palestine and police blamed Arabs, who were pouring around in armed bands.

The United States was under insulting attacks from Arab demonstrators in Egypt and Syria because this country supported partition. Russia also was the butt of mob violence in Syria, where three defenders and one at (Continued on Page Two)

Senator Roosevelt Goes By Plane To Attend U.N. Meet

SHANNON AIRPORT, Eire, Dec. 1 (AP)—Mrs. Eleanor Roosevelt, delayed two days by bad weather conditions, left by plane today for a United Nations meeting in Geneva.

Death, Strikes And Insults To American Flag Follow

WASHINGTON, Dec. 1 (AP)—Death, strikes, insults to the United States and grim threats of a Holy war developed swiftly in the eastern Mediterranean today in the wake of a United Nations decision to partition Palestine, a move which incensed Arabs throughout the area.

7 Persons Are Killed In Airplane Crash

SEATTLE, Dec. 1 (AP)—Seven persons are dead and 10 others critically injured today following a fiery crash in which a four-engine Alaska Airlines transport overbore a runway yesterday at the Seattle-Tacoma airport and smashed a passing automobile.

Twenty-six of the 28 aboard the big plane scrambled from door and emergency exits or were pulled from the flames by rescuers. All however, were scarred by the gasoline-fed flames that flashed through the fuselage. Four of the rescued died later.

The latest casualty was the plane's stewardess, Miss Reba Monk of Santa Monica, Calif., who is credited by survivors with having led many of the passengers to safety.

ERNEST LUBITSCH HOLLYWOOD, Dec. 1 (AP)—Ernest Lubitsch, 55, veteran motion picture actor, producer and director, died here today. He was born in Berlin, Germany.

MONDAY, DEC. 1, 1947

BIBLE VERSE FOR TODAY
 WE CAN HAVE THIS PEACE, BUT WE CAN'T REJECT IT TOO: The peace of God, which passeth all understanding, shall guard your hearts and your thoughts in Christ Jesus.—Phil. 4:7.

Buy Christmas Seals and help the TB Association fight tuberculosis.

Tomorrow is election day. You may be among those who thought that when they went to the polls on Nov. 5 and voted for their choice for City Commissioners you were helping to elect someone to that office. Such, however, was not the case. You nominated them; tomorrow they will be elected. Or, it is perfectly possible for them to be defeated if another candidate secures enough write-in votes. So, if you favor Mr. Chase and Mr. Kuder for City Commissioners, you had better go to the City Hall tomorrow and vote for them.

Popular magazines have recently displayed vulgar photographs of the opening night of the Metropolitan Opera, presumably the acme of culture in the United States. We are glad to see the Metropolitan Opera Association denouncing such picture taking both from the standpoint of the taker and the taker. If America's social elite cannot go to the opera without getting drunk and hanging from the chandeliers, or putting their feet upon the table in the opera bar, the Association should take steps to restrict its membership to music lovers.

Horatio Alger was all wrong when he wrote stories on the "rags to riches" theme, according to a West Coast educator. "Not every American boy can grow up to be President," says Dr. Paul Leonard, 45-year-old president of San Francisco State College. Fifty-seven percent, he has it figured out; struggle humbly and with eventual frustration to reach a goal only five percent actually ever attain. And this, he thinks, is bad, discounting completely the 19th Century theory that "it is better to have run and lost than never to have run at all." Perhaps, what this country needs is to give the cup to the one who loses.

"Hunger is more dangerous than starvation," says an Associated Press staff writer. That may sound like a typographical error, but he explains it by saying that hunger is acute, and can be immediately relieved by a hearty meal; whereas starvation is chronic and takes a long time to get over if that is possible at all. As a matter of fact the starving man is seldom hungry at all. He acquires a distaste for food, and gets along somehow without eating. . . . until he falls over dead. The trouble with Europe today is not mere hunger, but actual starvation. There are many young people there who do not know what it is to enjoy a hearty meal.

Former Undersecretary of State Dean Acheson says that the Marshall Plan is the only thing standing between Western Europe and its conquest by the Communists. "Without it," he insists, "France, Italy and Austria must surrender to the economic and political system of the Communists." And this, he seems to believe, would be a catastrophe for the United States of the first water. "Such a shift of power," he says, "would be of incalculable importance to the security and well being of the United States and the whole non-Communist world, it would be a major event of modern history." For our part, we wonder whether the United States should build its future on anything so unsure, as the political stability of Europe.

Room For DP's

"It is the city people who oppose projected legislation which would provide for the admission to this country of a large number of displaced persons from Europe," says Edwin R. Armstrong, representative of the Citizens Committee on Displaced Persons.

Advocates of the plan maintain that nearly 100,000 Europeans could be taken in by seven north-central states, namely, Minnesota, North and South Dakota, Iowa, Wisconsin, Nebraska and Montana. Many farms are idle and the houses deserted in this area, owing to the fact that nearly all of the young people have moved out. The average age of the farmer now living there is 60, and in the last six years the region has sustained a population loss of 195,000 people.

Refugees, who would include farmers, blacksmiths, domestics, and workers in wood and in leather, would be welcome additions to such communities of declining populations. The Citizens Committee is supported in its backing of the Stratton Bill by the State Department and by many religious groups.

Bread cast upon the waters by taking in and befriending some of these helpless people would be likely to return in the form of valuable citizens and increased production.

College And Citizen

A belief that conditions in the post-war world bring forth new needs for college students has caused San Francisco State College to overhaul its curriculum and make drastic changes.

The new courses follow suggestions made by Dr. Boyd McCandless, who has recently conducted a survey on the subject. Dr. McCandless believes that too many students are being encouraged to study for the professions or to prepare themselves for executive positions. It has been found that the country over, only five per cent can enter the professions, and that only ten per cent ever attain managerial positions. Students in this state college will be taught the importance of every cog in the machine, and stress will be placed on happy adjustment to the role suited to the ability of the worker. They will be taught responsibility and stability, and how "to be an intelligent, active and loyal citizen in a democratic society."

This seems like a constructive program, particularly for a state college. Recent history has clearly shown that intellectual achievement alone does not make worth-while world citizens. Something along the line of character-training is needed for a basis.

Noises After Midnight

To be alone in the house and awake after midnight is to become acquainted with the house's other self, maybe its real self. Once the village clock has finally sounded out that first slow twelfth stroke, an eerie spirit creeps out from dark corners and high cupboards to go dancing stealthily through each room, and up and down the stairs.

Hearken to the creaks it makes. A floor-board gives, as if under a foot. A faintly discernible gnawing comes from somewhere, but where? Now there is a muffled thump. What could that possibly have been? A sound like that of a door bangs ever so gently, far off, yet inside the house somewhere. The cat suddenly becomes restless and prowls unhappily from room to room, wary, wide-eyed as if listening, too.

It is the house having its little joke, throwing off its staid and proper daytime silence. To know your house you must sit up with it, just you and it, when the clock hands are moving through the small hours, the black hushed hours before dawn comes with its rush and realism. What a lot those folks miss who go early to bed!

SOVIET INDUSTRY
 TAMPA TRIBUNE

To any American worker who looks on the Soviet system as Utopia, or to any American industrialist who fears Russian competition, the work on a steel bridge over the Moscow River. To get it finished by May Day, he says, they faked the asphalt road and street car tracks. "But after the May Day celebration the working crews returned, tore up the fake asphalt top and the car tracks removed the rubber fillers, then began the task of laying the permanent concrete and repaving with asphalt. The bridge was open to traffic three months later."

It is never wise to go too far in underestimating the ability of a neighbor or another nation; but judging from Leino's observations, and assuming a steady advance in American industrial production, we need not worry about Soviet industrial competition.

Woman - Meyers

(Continued from Page One)
 her husband, Blieriot H. Lamarr. During a Senate investigation of Meyers, Lamarr testified the army officer was the real owner of a wartime aviation subcontracting firm, Aviation Electric Co., Dayton, Ohio, and received \$150,000 from it. Lamarr said he was only its "dummy" president.

Meyers denied that.

The two-star general told the Senate committee he established the firm and made Lamarr its president because Mrs. Lamarr was his "girl friend," a story Mrs. Lamarr labels as "lies, all lies."

With Lamarr as his brother-in-law, Thomas E. Readnow, who was vice president of the now defunct aviation company.

Mrs. Lamarr wore a gray squirrel coat, gray suit and gray feathered, peaked turban.

District Attorney George Morris Fay has not disclosed whether he has asked the grand jury for any specific type of indictment against anyone.

WASHINGTON, Dec. 1—(AP)—The House Armed Services committee will investigate disability retirements of Army and Navy officers, Chairman Andrews (R-NY) announced today. It also plans a study of the nation's military aid supply.

After a subcommittee session, Andrews told reporters the group's retirement subcommittee will scrutinize disability retirement policies, and "if necessary" recommend action to its legal subcommittee.

He declined to predict what action might be taken.

In so doing, Chairman Gurney (R-SD) of the Armed Services committee has announced that his group wants to know more about the disability retirement of officers.

THE WORLD TODAY
 By DEWITT MACKENZIE
 AP Foreign Affairs Analyst

Now that the United Nations has approved the partitioning of Palestine into Jewish and Arab countries—a move desired by the Jews but bitterly opposed by the Arabs—this burning question immediately arises:

Who is going to maintain peace between these two peoples who have engaged in so many bloody clashes during the past generation?

Somewhat naive police the Holy Land, Britain, who has announced that she is going to relinquish her mandate and withdraw from Palestine, has declined the task. So who tackles the job?

There's no use challenging fate by advancing the wishful idea that the situation will take care of itself. Storm clouds continue to pile up. Yesterday, in Cairo, Abdel Rahman Azam Pasha, secretary general of the seven-nation Arab league, declared his people (totaling 33,000,000) never will permit the UN to partition Palestine but will resist by force.

Two years ago, a considerable time among the Arab peoples in various countries and while I know they are quite capable of bluffing I wouldn't want to gamble that they are now.

Anyway, the Syrian demonstrators who stoned the U. S. legation and tore down the American flag in Damascus yesterday weren't bluffing. And there was no bluff in the Palestine outbursts resulting in the death of six Jews.

Faris El Khoury, chief Syrian delegate and one of the spokesmen of the six Arab nations represented in the UN, told reporters that the "whole Moslem world will oppose the implementation of partition with all the forces they possess. El Khoury asserted that the Arabs considered any attempt to set up a Jewish nation an aggression against the Arabs, and then cut loose with the broadcast: "We will do all we can to stop the sponsors of the partition plan (the United States and Russia) will send their forces to suppress resistance to their aggression."

That, I take it, was a rhetorical remark calculated as a rebuke to America and the Soviet Union, because if any troops are sent into Palestine to maintain peace it will be done at the order of the United Nations. The Palestine question is international, and must be dealt with accordingly.

It is up to the United Nations, having sanctioned partition, to see the matter through. Must certainly the UN should create a police force (which does not now exist) to maintain peace during the reconstruction period, and close observers who know the Middle East believe that this force should be moved into the Holy Land immediately. Now is the dangerous time. To leave Palestine unguarded would be to invite a Moslem holy war. And once that got started there would be no telling how far it would run.

It is well that this great question should be in the hands of the United Nations, for after all it is a matter in which the world as a whole has a vital and special interest. Palestine is indeed a Holy Land, and not Jews but to the whole of Christendom, and to the Moslems and the tendom.

To the Jews and the Arabs of Palestine is entrusted a spiritual heritage of mankind. The UN must "help-safeguard" it.

Foreign Strikes

(Continued from Page One)
 gas companies serving the suburbs. The concern furnishing gas to Paris proper continued service, although the pressure was reported only half normal.

Police and motorized armed forces opened roads in northern France to struck coal mines, but few miners appeared to be returning to work. Fights erupted at Lievin when 700 miners tried, apparently without success, to return to work.

The majority leaders of the labor confederation which is supporting the strikes which left 2,000,000 or more Frenchmen idle, issued a statement saying blanket increases of 1,125 to 1,500 francs (about \$2.50 to \$3.12) a month had been demanded effective today, but that the government had countered by proposing to increase the wages of those still at work by 300 francs (about \$2.40) for November only.

ROME, Dec. 1—(AP)—The prospect of a nationwide strike of municipal employes threatened today to add to the difficulties of Premier Alcide De Gasperi's Christian Democrat government, which has been under fire from the left wing for the last three weeks.

Rome city workers announced last night they had approved the national federation's decision to strike tomorrow "after the failure of all peaceful means" to obtain higher pay and the right to organize.

However, at Lucca in Tuscany, employes of that city and nearby Capannori defied the national federation by voting in a secret ballot not to strike.

The nationwide municipal strike threat came after Italy's first completely quiet day since the extreme left excluded from the government last May and opened a campaign to unseat De Gasperi. The Communist Party never-

 TOUCHTON DRUG CO.

The next time some one boasts that he has not seen a doctor in five or ten years, look at him a little sadly—for he is to be pitied.

The changes that may occur in the body in that length of time could be a serious threat to continued good health. For it is possible that injury or growth may be present for long periods without causing great pain.

The person who consults a physician regularly for a complete checkup does not expose himself to such dangers.

Medication is often important in checking illness, securing the best drugs by choosing a competent pharmacist.

This is the 184th of a series of Editorial Advertisements appearing in this paper each Monday.

day the action was taken as the result of the burning of three automobiles and the tearing down of an American flag at the legation yesterday by a mob of 2,000 persons, apparently angered at American support for the partitioning of Palestine.

The American charge d'affaires at Damascus reported to the department that Prime Minister Jamil Mardam Bey expressed profound regret at the violence and promised full protection for the legation and all personnel.

President Shukri Bey Kувальdi of Syria also gave assurances further acts of this nature will be prevented.

Security Council

(Continued from Page One)
 teacher were killed; Communist headquarters and the Soviet culture center.

In London, a colonial office spokesman said last night that Britain probably would relinquish her 23-year-old mandate over Palestine before next Aug. 1, the United Nations deadline for withdrawal of all British troops from the Holy Land.

The exact date for surrender of the mandate, however, has not been determined, by the government, the spokesman added.

"The mandate will end the day we surrender it," he said, adding that British forces still in Palestine then would "go into their shells" and take no further part in enforcing law and order.

"We are pledged to get out last man out by next Aug. 1," the spokesman said, "but we are not pledged to any activity by our forces in the meantime, once the mandate has been surrendered."

The American legation in Damascus, Syria, has instructed all Americans there to stay in their quarters to avoid angry Syrian mobs.

The State Department said today that the "situation is not satisfactory" and that "if necessary" recommend action to its legal subcommittee.

He declined to predict what action might be taken.

In so doing, Chairman Gurney (R-SD) of the Armed Services committee has announced that his group wants to know more about the disability retirement of officers.

Children Needing Special Aid Increase

TALLAHASSEE, Dec. 1 (AP)—The number of handicapped children receiving special schooling in Florida has doubled since passage of the 1947 school law. Colin English, state school superintendent, said 88 classes for nearly 2,500 children needing special instruction are being taught in 22 counties, and 37 more classes will be put into operation soon.

Before the 1947 school law placed education of exceptional children on a par with others, only 21 counties provided special facilities for about 1,200 pupils in 62 classes.

Classes now are being conducted for students who have speech defects, heart ailments, cerebral palsy, impaired eyesight and hearing, and those who are mentally retarded and crippled.

There are five classes for home-bound children. The teachers bring the schoolroom to the home and teaches at the bedside.

The State of Florida, a pioneer in the field of public education for the exceptional child, has emphasized flexed its muscles at Genoa, where thousands of veterans of the underground war against the Nazis paraded under the red banner.

Communist leaders Luigi Longo and Walter Audsio both delivered addresses rapping De Gasperi, attacking those who would resurrect Fascism and declaring that the Partisans were ready to fight again if need be.

At Milan, Achille Marazza, Christian Democrat Undersecretary of the Interior who was sent to that industrial city Friday to deal with the unruly labor situation, told a party rally yesterday that the government would not be intimidated by "public square demonstrations."

CITIZENS OF SANFORD VOTE TOMORROW

When you voted last November 4 you did not elect your City Commissioners, you only nominated them. The vote tomorrow, December 2, elects your Commissioners.

Only by your vote in the election tomorrow can we feel that you have selected us to further the principles for which you stand.

The right of American citizens to select their own public officials is a privilege which we alone in almost the entire world still enjoy and which we must continue to exercise on every occasion if Democracy is to be preserved.

Your Continued Support Will Be Appreciated

Felix Torza And Mrs. O'Linger Cop Wendy Barrie Trophy On Sunday

The most successful mixed Scotch foursome ever staged at the Seminole Country Club was held yesterday with Mrs. Mus O'Linger of Virginia and Felix Torza one of the country's outstanding amateurs, winning the Wendy Barrie silver trophy given for low net honors. The couple teamed to score a blistering 63. Approximately 100 contestants began playing at 11:00 A. M. and finished at approximately 5:30 P. M. when Joe Ezzar, trick shot artist, entertained the players and a large gallery of spectators.

Clyde Terwilliger, pro, introduced Johnny Farvell, former national open champion and Canadian open champion, who participated in the tournament. Terwilliger also introduced Wendy Barrie and expressed his appreciation for her interest in the local golf events.

Other contestant winners of the Scotch foursome included: Mrs. John Ivey and Mrs. O'Linger who scored 65 to top second place; Mrs. Harold Kautner and Arthur Williams were third with 64 and Mrs. Frances Mahoney and Andrew Caraway were fourth with a score of 69.

The low gross winners were: Carl Hegler and Mrs. Flo Bobo

SEC Results Reflect One Of Loop's Most Hectic Seasons

ATLANTA, Dec. 1 (AP)—Southern Conference football teams, all through except for the LSU-Tulane game Saturday at New Orleans and various bowl participations, reflected today on the results of one of the league's most hectic seasons.

The preseason favorites stumbled and fell all over themselves with few exceptions and three of the teams rated in the top division of six, finished in the top six. One of the trio, Mississippi, finished on the top of the heap for the first time in the loop's 15-year history.

Alabama, a favorite in August, recovered from two early season losses to Vanderbilt and Tulane and snared third place by beating Tennessee, Georgia, Kentucky, Georgia Tech and LSU in a row. The Tide, headed for the Sugar Bowl, beat Miami 21-6 Saturday night.

Georgia Tech, with an Orange Bowl bid tucked away, downed Georgia 7-0, in a bruising struggle to finish in sixth place, but with the league's best record, 9-1-0, for a full season.

Mississippi, with Barney Pooie, giant end, setting a new collegiate record for pass catching, beat Mississippi State, 33-14. Pooie snared four passes to be beat by two of the old record of 60.

Tennessee, a disappointing club from the start, salvaged a drab season by beating Boston College, Kentucky and Vanderbilt. The Vols won 12-7 from Vandy, by finishing with five triumphs and five losses. Florida also finished with a good head of steam in downing Kansas State, 25-7, to end the season with a 4-6-1 accounting.

At present, Mississippi State, Georgia and Vanderbilt finished in a tie for fourth place because of their Saturday defeat, and the LSU-Tulane game—barring a tie—will make it a four-team deadlock. A victory for the LSU Tigers would leave them with a 3-3-0 record.

Tulane, by winning, would wind up with a 3-3-1 record and since ties are figured as a half-game won and a half-game lost (by the NCAA) the Greenies would be right on the .500 per cent mark.

Headmen Mississippi, Vanderbilt and Mississippi State were the clubs not conceded much of a chance in preseason ratings of finishing in the upper bracket.

Pooie's record was not the only honor to come to the conference. Charlie Conery, his battery mate, set a new collegiate high of 133 passes—19 better than the previous record—and the Mississippi Rebels posted a new team record for completions with 147, beating by nine the record set by Tulsa in 1942.

OPEN CAGE SEASON

ATHENS, Ga. Dec. 1, (AP)—Georgia's basketball team makes its 1947-48 debut in Woodruff Hall Friday night with the Furman Hurricanes. The freshman-littered Bulldogs play seven games before Christmas holidays and 21 more during January and February. The schedule is the longest in Georgia history.

Coaches Of East Florida Loop To Hold Meet In Sanford Saturday

The coaches of the East Florida Conference will hold their annual meeting at the Seminole High School dining room Saturday morning. It was announced this morning by coach Carl Kettles.

The coaches have a full program outlined to discuss which includes a decision on the coaching office for officials for the conference for the coming year, election of a conference champion, approving basketball schedules and going over rules and regulations governing the different sports.

Coaches expected to attend will include Eddie Boell of Eustis, Spec Martin of DeLand, Bill Cowan of New Smyrna, Buster Dunlop of Seabreeze, Bill Fernandez of St. Augustine, E. J. Long of Palatka, Jack Butland of Leesburg and Kettles of Sanford.

Principals of the schools have been invited to attend the meeting and will either attend or send representatives, Kettles stated.

Georgia, Maryland To Meet In Gator Bowl

JACKSONVILLE, Fla., Dec. 1 (AP)—Georgia and Maryland will meet here in the Gator Bowl's third New Year's Day football game.

J. Harrington Darby, Gator Bowl selecting committee chairman, made the announcement today after watching Maryland play its last game Saturday—a scoreless tie with North Carolina State.

Georgia came to an agreement some time ago but the actual contract was not signed until Saturday in Atlanta when Georgia also wound up its season, losing 7-0 to Georgia Tech.

Darby said that both Georgia and Maryland scouted the other Saturday in anticipation of the New Year's meet here. Georgia's season record shows seven wins and four defeats. Maryland has seven wins, two losses and a tie.

This will be the first time a Southeastern Conference team—Georgia—has played in the Gator Bowl. Georgia has played in four other bowls and this will be her fifth bowl game since 1912.

It will be the second time coach Jim Tatum has been to the Gator Bowl. He was head coach last year of the University of Oklahoma Sooners who defeated N. C. State in the second Gator Bowl game. Tatum succeeded Clark Shaughnessy shortly thereafter as grid boss of Maryland, a member of the Southeastern Conference.

Tatum was coach, too, at the Jacksonville Naval Air Station before going with Oklahoma.

Annual U. S. expenditures for education more than doubled in each of the ten-year periods from 1910 to 1930.

Dewitt Says Browns Prepared To Trade Any Player On Team

By JOE REICHLER
MIAMI, Fla., Dec. 1 (AP)—The St. Louis Browns, richer by \$125,000 following four startling transactions, sought more gold today, trading around such speculators as outfielder Jeff Heath and Catcher Jake Early among other front line players.

Among the first to arrive for the annual Minor League convention which goes under way Wednesday, the Browns' delegation of General Manager Bill Dewitt, his brother, Charles, secretary of the club, and Zach Taylor, the new manager, already have set up shop in one of this winter resort's leading hotels.

Bill Dewitt made it plain that others of last season's squad which finished a dismal last in the American League race are certain to follow Vern Stephens, Jack Kramer and others who made Thanksgiving merry for St. Louis' stockholders, financially speaking.

"We are not through trading by any means," Dewitt said. "We are prepared to trade anybody on our roster if we feel those deals will improve the club."

"We are determined to field a young, speedy, hustling team next year. Except for pitchers Nelson Potter and Clem Dreisewerd, whom we obtained from the Red Sox, all players will be under 29 years of age, unless we get stupendous offers, we will build our team around such speculators as Third Baseman Bob Dillinger and Outfielders Paul Lehner and Al Zarilla."

Mexico is the only country outside the United States to grow pecans commercially and production in that country is on a small scale.

of Michigan, Ike Owens of Illinois and Lenny Fird of Michigan who are candidates for the flanks. Dick Harria of Texas, Zygmunt Czarbowski of Notre Dame, Melard Fills of VMI and Johnny Ferraro of Southern Cal. are outstanding tackle nominees.

William Fischer of Notre Dame, Lee Nomenich of Minnesota, Rod Franz of California and Mike Dimitro of UCLA could be moved into a guard position on the first team.

Jay Rhodenryre of Kentucky or Charles Hednarik of Penn have good chances of being named center on the All-American aggregations.

Oviedo

A fairly close race is anticipated in the city election to be held on Tuesday. The candidates for mayor are Joseph L. Lehart and Frank W. Talbot. Mr. Lehart has been a resident of Oviedo for a long time. He is a former mayor of Oviedo and has been in the city for many years. He is now a farmer and has a large farm in the city. He is a former member of the city council. He is a former member of the city council. He is a former member of the city council.

Strawberries

(Continued from page one) showed the harvest and received the merest of high waters which delayed producers earlier in the fall. Over 110,000 hampers of berries have been sold at the Sanford State Farmers' Market in the last three weeks. The total value is approximately \$350,000. Market Manager H. J. Lehman reported to William W. Wilson, Jacksonville, Director of State Markets, that 1,500 crates of berries were sold at an average of \$4.05. The Sanford market officials estimate that next week we expect to have beans, cabbage, celery, cucumbers, escarole, romaine, lettuce and Boston lettuce, English peas, tomatoes, squash, peppers, radishes and other produce on the Sanford Market.

Christmas Buying

(Continued from page one) Christmas buying has been in a boom since the start of the year. Household appliance sales will top last year both in numbers sold and in dollar value. More washers, refrigerators, ironing machines, vacuum cleaners, high-quality radios and other "consumer" goods will be offered and sought. Toys are abundant, varied and of good quality. Some department stores didn't buy enough. Spring because the merchants were heading gloomy government forecasts of a recession this fall. But when business kept surging a rush of re-ordering began in September. The lower-priced lines of goods which disappeared during the war are back. At higher prices, of course, but at least the buyer has a choice. Suits and shirts, even white ones, are to be had. Nylon stockings, which many stores had to ration last Christmas, apparently will be offered freely despite difficulties arising from a new style trend to darker shades. In fact, stocking sales have been down in recent months. Expensive jewelry and luxury goods won't sell as well as last year—not with food prices what they are. But "junk jewelry" won't be back, either. More buyers are insisting on quality. There will be shortages of course. If your taste in gifts runs to expensive things, better ask Santa for a fur coat or a cabin cruiser instead of an automobile. Some lines of washing machines and certain of the high-grade cabinet radios also are still shy.

6 Dead, 10 Missing

(Continued from page one) The organization, with headquarters in the damaged building at Oxford and Marshall streets, used the first floor for a shop in which new and repaired toys are sold during the Christmas season and furniture and clothing the remainder of the year. The second and third floors are dormitories for homeless men—many of them elderly and many of whom work as street cleaners. Santa Claus collecting donations for charity. The fourth floor is a repair shop. Charles Berry, a reporter for the Philadelphia Inquirer, who was one of the first to reach the scene, said he saw "four or five men jump from the second and third floors of the building."

Cabinet Head Says More Pay Boosts Coming

(Continued from page one) Secretary of Labor Schweitzer said today another round of wage boosts is in prospect unless Congress acts to cut the cost of living. Schweitzer went to the Capitol to back President Truman's broad economic controls program as increasing complaints came from some Republican legislators that the Administration is not presenting sufficiently specific legislative proposals in that field. The Labor secretary testified before the House Banking Committee while another congressional committee is studying the problem. He said that the Administration is not presenting sufficiently specific legislative proposals in that field. New Ruling Is Made By NLRB Under Taft Act

(Continued from page one) MILWAUKEE, Dec. 2 (AP)—Leaders of Local 248 Allied-Chemical Workers Council who were ordered removed from office yesterday by the CIO-United Auto Workers executive board refused today to recognize the action and retained possession of records behind locked doors at union headquarters. The National Labor Relations Board, which issued the Taft-Hartley Act, has asked the courts to prevent a union from forcing an employer to pay for services not performed. An official of the board said today the unique action is directed against Local 294 of the AFL teamsters Union, which operates a bus line in the city of New York. He told reporters the federal district court for the northern district of New York, sitting in New York City, has issued a show-cause order against the union. The union was ordered to show cause Dec. 9 why injunction should not be issued to bar four different unfair labor practices which employers have practiced. The court acted upon a request by NLRB Regional Director Charles T. Douda, at New York City.

Four Objects Of Rotary Explained By Orlando Group

(Continued from page one) A Rotary information program for the special benefit of about 30 comparatively new members of the Sanford club was presented at the meeting of the original Chicago club, held in the city last night by a group of Orlando Rotarians including James B. Keith, J. C. Brower, Rabbi Morris Slop and M. H. Hane who explained the four objects of Rotary. Mr. Keith, president of the club, said that the four objects are: 1. To promote the best interests of the community. 2. To encourage the highest type of business and professional conduct. 3. To advance the interests of international friendship and understanding. 4. To assist in the solution of world peace.

Plutonium And Uranium Are Both Used For Atomic Power

(Continued from page one) ATLANTIC CITY, N. J., Dec. 2 (AP)—David E. Lilienthal, chairman of the Atomic Energy Commission, disclosed today that the United States now is producing atomic weapons from both uranium and plutonium. Both of these products are used for atomic power, he said. Lilienthal said that the new weapons are bombs, such as were dropped on Hiroshima and Nagasaki, or represent atomic power. Such details are classified as "secret." In a speech prepared for the American Society of Mechanical Engineers, Lilienthal said the weapons are being assembled at the isolated Los Alamos, N. M., laboratory where the first bomb was produced. "Yesterday the Atomic Energy Commission announced that the production of atomic power is being created at remote sites on a national scale," he said. Lilienthal's speech came on the fifth anniversary of the successful demonstration of experiments demonstrating that the energy within the nucleus of the uranium atom may be released upon fission. He said that Rotary is sponsoring the instruction in the interest of food sanitation and public health.

Patricia Threw Shoes At Her Boy Friend In Public

(Continued from page one) HAVANA, Dec. 2 (AP)—A Havana policeman described today a public fight which he said broke out between John Lester Meo of Chicago and dancer Patricia (Saitra) Schmidt, 22, who is engaged to be married to a Cuban. Meo abandoned his yacht here last April. The trial, often interrupted since it started Sept. 17, was resumed today after a 12-day recess. Police Lt. Rafael Garcia (Rigo) said that during the fight which he said occurred at the nearby town of Casa Blanca, Meo struck the Toledo dancer and the shoes she had in her hand were hurled to the dock to take a water taxi for the yacht, he said. Lamas said Patricia was staying at a hotel here at the time. "Meo stayed there two days with her," he continued, "and both left without paying the bill. The witness said Meo looked threateningly at persons trying to collect bills and also displayed an overbearing manner to many persons besides Patricia." Lamas said Meo's yacht arrived here last night. The trial was resumed today after a 12-day recess. Police Lt. Whiskey - Wine Rum - Gin

(Continued from page one) The whiskey, wine, rum, and gin are all available at Nick's Package Store. The store is located at 410 Sanford Avenue. The store is located at 410 Sanford Avenue. The store is located at 410 Sanford Avenue. The store is located at 410 Sanford Avenue.

RAILROAD SUPPORT

(Continued from page one) OMAHA, Dec. 1 (AP)—President A. F. Whitney of the Brotherhood of Railroad Trainmen said today that if President Truman is reappointed in 1948, "I will give him my support." Whitney said that he would support Truman if he is reappointed. Whitney said that he would support Truman if he is reappointed. Whitney said that he would support Truman if he is reappointed.

Plans Made For Christmas Party By Legion Post

(Continued from page one) Plans for a big Christmas party at the Legion Post on the evening of Dec. 18, were made at the meeting of the post held last night. The party will be held at the Legion Post. The party will be held at the Legion Post. The party will be held at the Legion Post.

Churchill Praised

(Continued from page one) MIAMI, Dec. 2 (AP)—Lord Beaverbrook, one of England's wartime leaders and British parliamentarian, was praised today by a group of Miami Rotarians. The Rotarians praised Churchill for his leadership during the war. The Rotarians praised Churchill for his leadership during the war. The Rotarians praised Churchill for his leadership during the war.

147 Marshall Islanders Will Be Moved To Make Way For Bomb Tests

(Continued from page one) HONOLULU, Dec. 2 (AP)—Climaxing negotiations to learn that even the Marshall Islands' closest friends had agreed to move 147 Marshall Islanders to make way for America's scheduled nuclear experiments in atomic warfare. The islanders appear voluntarily to have evacuated some 2,500 miles southwest of Honolulu, for a long, 100-mile farther. But they are being moved to make way for the Marshall Islands' closest friends had agreed to move 147 Marshall Islanders to make way for America's scheduled nuclear experiments in atomic warfare.

OWNERS LIKE THE KAISER and the FRASER!

THEY WRITE FROM EVERYWHERE PRAISING PERFORMANCE, RIDE AND SERVICE

Owners of Kaiser and Fraser cars write letters to Willow Run by the thousands, praising the performance, ease of control, roominess, economy and, above all, the ride that these great postwar automobiles give them. The following excerpts from unsolicited letters tell the whole story of why Kaiser and Fraser owners like these fine cars.

These Voluntary Statements Are Typical of Thousands

All Around Satisfaction: "I purchased the first Fraser car in our town. It is the best automobile I have ever owned or driven—and that is in a goodly number."—From a Hamilton, Mont. Farmer.

Whispered Drives: "I have never experienced such performance and effortless driving as I have since I bought the car of a Kaiser—wonderful to handle in traffic."—From a Boston, Mass. State Farmer.

The Best Ride of All: "I have driven my Fraser 2,477 miles. On a recent 2,700-mile trip through Canada I averaged 30 miles to the gallon. I have owned and operated many different makes of cars over a period of a great many years and never until I bought my Fraser have I enjoyed a car that was so economical and I can truthfully say that this car gives the best ride of any automobile I have ever owned."—From a Canton, N. J., Physician.

Safety: "For comfort and safety, I am convinced that no 10,000 miles or no other car in my price range can compare with my Kaiser."—From a Mayfield, Ky. Ship.

My Favorite: "Driving my Fraser an average of 18 hours a day, I made the run from New York to San Francisco in 5 1/2 days without the slightest fatigue. The road stability of the car is remarkable. Total absence of vibration. Absolute steadiness of the wheel."—From a Boston, Mass. State Farmer.

Service Assembly: "I bought my Kaiser as I was told on the workmanship, design and performance. Have just completed a 4,200-mile test trip and I like the handling layout and the way you can get at the engine. All parts that might need repair are more accessible than in any other car. These words are not only mine but those of service station attendants in many localities."—From a Florida, Fla. Post Office Supervisor.

Comfort: "After averaging 30 miles a day for 17 straight days on a round trip to California by way of Florida when my wife and three children went with me to travel—without when we got home, the Fraser is still going strong."—From a Detroit, Mich. Businessman.

Good Service: "A product is only as good as the service it back of it. My Kaiser has been very service everywhere, from the start, and I am rapidly acquiring a new car."—From a St. Louis, Mo. Auto Vehicle Inspector.

Performance: "If any of your prospects want performance figures, here are a few I just submit."
