Central Baptist Church Schedules School Next Week

Central Baptist Church is cooperating with the Seminole Baptist Association in a School of Missions beginning Sunday Jan. 26 through Thursday Jan. 30th.

The schedule is as follows:
Sunday Jan. 26 at the 11:00 A. M. service Dr. Ferrell Runyan, Baptist Missionary, principal of the Husa Baptist Pastor's School in Kaduna, Nigeria.
Monday Jan. 27 7:30 P. M. Rev. Marion F. Boyd. His work is in Michigan and is part of the Baptist Home Mission Board's Pioneer Mission work.
Tuesday 8:15 P. M. Mrs. Sam T. Mayo, a field worker from the Baptist Home Mission Board, Atlanta, Ga. She works with Migrants.
Wednesday 8:15 P. M. Miss Faye Taylor, a Missionary to Indonesia.
Wednesday 8:15 P. M. Miss Helen McCullough. She has served in Shanghai, Honolulu, Hawaii. She is now serving on the Hong Kong Staff.
Thursday 8:15 P. M. Dr. Ferrell Runyan
Monday through Thursday each evening at 7:30 P. M. preceding the speaker of the evening, classes in Missions will be held for Primaries, Juniors, Intermediates, Young People and Adults. The Nursery will be opened. "You are invited to attend these services," said Rev. J. W. Parham. Visitors will be welcomed.

The world's largest bats, the "flying foxes" of Java, have a wingspan of nearly five feet.

Quarterly Bombing Derby Scheduled

Commander J. M. MILLER, USN, Chief Staff Officer of Heavy Attack Wing ONE, is studying the Conover Trophy which is awarded each quarter to the Heavy Attack Squadron amassing the greatest number of points during the Quarterly Bombing Derby. The squadron participating in the derby will be VAM-1, VAM-2 and VAM-11.

Any squadron that is able to hold the trophy three competitions in succession will be awarded permanent custody of the trophy. Heavy Attack Squadron FIVE won the trophy for the first two derbies of 1957 giving the rest of the contending squadrons quite an obstacle to overcome. In August 1957 Heavy Attack Squadron ELEVEN proved by their results that they could compete with the best of them, cutting off Five's two legs thus preventing permanent custodianship of the trophy. Unfortunately during the late evening hours of 29 January and the early morning hours of 30 January the unforgettable whine of twin J-47 engines will awaken the sleeping populace of Sanford at fifteen minute intervals, as the fourth derby draws to a conclusion. Even as the crews taxi to their parking areas their scores will be posted as long distance

Feathers Moved To Fredericksburg

Clyde E. Feathers, mechanical engineer in the research division of the American Viscose Corporation here, has just been transferred to the film division of that company in Fredericksburg, Va. He and his wife Ruby and their twin daughters Joan and Judy, who have been living at 603 W. 27th St., left Friday for their new home. They will reside at 802 Brompton St. in Fredericksburg.

Feathers in the 24 years he lived in Sanford was quite a place for himself in the life of the First Christian Church. He taught a class of intermediates, served as business manager of the monthly church paper, and was appointed to fill a deacon's unexpired term. As chairman of the board of officers in 1957 he was given a rising vote of thanks for his mastery and improvement of the functional organization of the congregation. In December he was elevated to the eldership and was named one of the three trustees. On Jan. 7 the board re-elected him as chairman. Vice-chairman Chandler Vail is expected to take his place.

Pastor Perry L. Stone said today, "Mr. Feathers was one of our finest workers and will be sorely missed. He and his family take with them to their new home our best wishes and brotherly love."

The world's largest bats, the "flying foxes" of Java, have a wingspan of nearly five feet.

Cousins, Crew Make 10,000th Landing On Ship

Captain A. R. Matter, USN, the USS Saratoga's skipper congratulated VAM-2's LCDR. J. E. Cousins and his crew who made the 10,000th landing on the super carrier. With LCDR Cousins in his crew were the bombardier-navigator, Ensign R. L. Martin, USN, and third crewman, C. D. Arrington, Aviation Machinist Mate Second Class, USN.

Lieutenant Commander Cousins' ASD Sky Warrior was the last plane to cross the Saratoga's flight deck on Jan. 9 as the ship completed her flight schedule and headed for Mayport.

Cousins, a native of Hannibal, Mo. attended Hannibal-LaGrange College in his home town and later received his BS degree from the University of Missouri. In addition to his flying duties, he serves as VAM-2's assistant maintenance officer. He presently makes his home in Sanford with his wife and two children.

It was altogether fitting that the ASD Sky Warrior — the largest carrier-based plane in the Navy — should make the Saratoga's historic 10,000th landing. Heavy Attack Squadron Nine, which flies the giant ASD, is home based in Sanford. The squadron was aboard the Saratoga last fall for the NATO maneuvers.

18 To Qualify In Operation

VAM-2's "Savage Sons" are preparing for carrier qualifications aboard the U.S.S. Ranger. The period assigned is from Feb. 4-8. Eighteen pilots will qualify in the five day operation. They are presently involved in intensive field carrier landing practice. Preparation includes flying morning and afternoon on a 7-day week schedule. Briefings take up their time on the ground.

All of the plane commanders will be landing the huge ASD Skywarrior aboard the carrier for the first time. Also, some of them will be experiencing angle deck landings with its complicated relative motion problems for the first time.

Cdr. Joseph M. Tully Jr. is commanding officer of VAM-2.

Mrs. Meriwether's Sister Visiting

Mr. and Mrs. C. J. Meriwether have as their guests, her sister and husband, Mr. and Mrs. F. E. Weldon Jr., of Flemington, N. J.

There are 25 thousand facets in the eyes of some insects.

Former Resident Dies Thursday

Mrs. Bertha Hand, 79, passed away at Fort Lauderdale Thursday morning after a short illness.

Mrs. Hand was born Feb. 12, 1879 in Grand Rapids, O. She was the wife of the late W. H. Hand and was a member of the First Baptist Church of Sanford.

Mrs. Hand has lived in Fort Lauderdale for the past 12 years. Survivors include: one daughter, Mrs. S. O. Taylor, Fort Lauderdale; one son, W. C. Hand, Kansas City, Mo.; three grandchildren; six great grandchildren; several nieces and nephews. Among the nieces are: Mrs. Helen Jorgensen, Fort Lauderdale; Mrs. A. L. Betts and Mrs. G. J. Meriwether, of Sanford.

Funeral services will be held at 11 a. m. tomorrow morning at Erlson Funeral Home with the Rev. W. P. Brooks Jr. officiating. Burial will be in Evergreen Cemetery.

Stemper Installed As New President Of Realtors Board

William H. Stemper was installed as president of the Seminole County Board of Realtors for 1958 at the organization's annual installation of officers held last night at the Pinescrest Inn.

Other officers installed were: Wally Dietrich, vice president; Laura B. Oiler, secretary and treasurer; Cecil B. Waller and Raymond M. Ball, directors.

Raymond M. Ball, retiring president of the organization, served as installing officer. Two new members were also admitted to the organization at last night's meeting. They were Mrs. Rosa Payton and Omar B. Ringer.

"We had a very good turn out in spite of the weather and an enthusiastic meeting," said Raymond M. Ball this morning.

The Seminole County Board of Realtors plans to hold two meetings a month during 1958, it was revealed.

Lutheran Church Services Changed

Church services at the Lutheran Church of the Redeemer have been changed effective Sunday, Jan. 26.

Services will begin at 10:45 a. m. instead of the 10:30 hour which has been observed for many months. However, the 15-minute change in church services will not affect the Sunday School. The church school will begin at 9:15 as usual.

Agriculture Dept. Inspection Service

LAKELAND — The U.S. Agriculture Department says its inspection service will prevent any inferior frozen orange concentrates from reaching the consumer market despite a new regulation allowing it to be made from freeze damaged fruit.

Meanwhile, Florida Citrus Mutual reported the state's determination to prevent freeze-damaged fruit from reaching the fresh fruit market is paying off with bigger sales.

The Florida Citrus Commission reported Monday that the agricultural department's inspection service had advised it will demand that all concentrate in interstate shipments meet the rigid standard imposed by the commission.

The commission, in repealing a ruling limiting use of freeze-damaged fruit to 25 per cent in concentrates, added other regulations to insure a good quality product. It said all concentrate shipped must meet Grade A requirements and must be held for 45 days after freezing to pass special flavor and stability requirements.

Lamar English of the inspection service said most of the concentrate now being packed is at the lower flavor limits of U. S. Grade A. When concentrate is abused he said, that made from freeze damaged fruit, loses flavor faster than that made from top quality fruit.

Mutual reported that after the December freeze big buyers in New York, Philadelphia, and Chicago stopped buying in volume and began ordering on a day-to-day basis.

The big cooperative said that when no damaged fruit showed up, most returned to volume buying and that the week which ended last Saturday might set an all-time record for orange williamita.

Officers Named, Reports Heard At Church Meet

The annual congregational meeting of the Upsala Presbyterian Church was held recently with the Rev. J. M. Thompson presiding. Reports of the work accomplished during the past year by the various organizations within the church were read and approved. All reports showed encouraging progress during the year closing, a spokesman revealed.

George Pasold, Mrs. George Simmons and Mrs. Albert Hodge were elected to serve as elders and trustees increasing the board to a total of seven.

Pasold was also elected to serve as Sunday School Superintendent. A. K. Nettles was named assistant superintendent and secretary while Robert Carroll was chosen treasurer.

The business meeting was preceded by a covered dish supper served in the Sunday School annex.

Revival Services At Church Of God To Begin Sunday

Revival services will begin Sunday night at the Church of God on French Ave. at Twenty Second St., with Rev. C. B. Donohue of Chattanooga, Tenn. as the Evangelist.

The pastor, Rev. Joel Brown, says the public is urged to attend these services to be held nightly and hear this outstanding speaker.

MRS. CHRIS NICHOLS is the new receptionist at the Jaycee Information Booth, Park Ave. and Seminole Blvd. She took over her new duties last Monday.

BURNING BOMBER SAFE

NORFOLK, Va. (UP)— Fire broke out in one of the two engines of a Navy patrol bomber flying from Bermuda to Norfolk Thursday but the pilot, Lt. Cdr. Kenneth J. Cory of St. Paul, Minn., flew his crippled craft safely 250 miles back to Bermuda. The Navy said the plane, with 12 persons aboard, made the return flight to Bermuda at an altitude of only 700 feet.

Birthplace of the Gulf stream is between Africa and South America.

Attacks On Party Could Be Challenged With 'Lets' Look At Record'

WASHINGTON (UP)—It would be a fair question to inquire why Republican members of Congress fail to challenge some attacks on the Eisenhower administration by means of the device which the late Alfred E. Smith found so handy in the political wars.

Smith, of course, was a master politician, proud of his policies and confident that they could withstand partisan attack. It was his habit

to answer up personally when his public acts were challenged. In a gravelly voice rich with the curbstone accent of New York's lower East Side, Smith would cite a challenge and exclaim: "Let's look at the record!"

Business Slant Charged

Right now the Eisenhower administration is under a scattering fire of charges that it has no heart for the little fellow but is dedicated

to the welfare of the fat cats of business and industry.

More specifically, the complaint is that the Republicans under President Eisenhower's leadership tend to put economy and tax relief ahead of human welfare, a heartless program without much vote-getting oomph.

If the charge be true, it could not be for lack of any willingness on the part of the administration

to spend the taxpayers' money for the taxpayers' welfare.

A comparison of the spending record of the last five Truman years with the last five Eisenhower years seems not to support such a charge. The 10-year span covers the fiscal period 1950-59, inclusive. Former President Truman made the budgets up to and including the fiscal year 1954.

In the comparative five-year

periods, the Republican Eisenhower administration outspent the Democratic Truman administration by a score of \$27.9 billion to \$21.1 billion.

Five in Four

The budget lists by function nine major categories of government spending. The record will show that, on a comparative basis for the two five-year periods, the Eisenhower administration outspent the Truman administration

in five categories. Mr. Truman topped Truman in spending for:

- Major national security (\$21.9 billion to \$18.1 billion).
- Labor and Welfare (\$15.9 billion to \$11.1 billion).
- Agriculture (\$8.4 billion to \$6.9 billion).
- Interest on the public debt (\$36.3 billion to \$30.3 billion).
- General government (\$7.1 bil-

lion to \$5.8 billion).

Truman was tops in spending for:

- International affairs and finance (\$10.7 billion to \$4.8 billion).
- Commerce and housing (\$10.1 billion to \$8.7 billion).
- Veterans (\$25.4 billion to \$24 billion).
- Natural resources (\$8.8 billion to \$6.3 billion).
- Currency inflation which made goods de-

arer was a factor in the higher Eisenhower spending achievement. That scarcely could explain wholly the comparatively high rate of spending under an administration which won office in 1952 with something quite different in mind. It could be that the Republicans do not brag about their spending record because they are not proud of it. They are in pretty good shape, however, to say: "Let's look at the record!"

4-Year Education Plan Sent Congress

WASHINGTON (UP)—President Eisenhower sent Congress today an "emergency" four-year plan to speed up and expand scientific education and maintain American leadership.

Its key provision was for 10,000 scholarships a year for "able" high school graduates who lack the financial means to get to col-

Canal To Be Discussed At Called Meet Friday

A meeting to "bring together all interested organizations and parties to discuss the Sanford-Titusville Canal," has been called by John Krider, Manager of the Seminole County Chamber of Commerce.

The meeting will be held Friday, Jan. 31, at 11 a. m. at the Angell Hotel in Orlando. Krider said in a letter distributed and

City Commission To Tackle Six Problems Tonight

The board of Sanford city commissioners tackled a half dozen problems tonight at its regularly scheduled meeting.

Already meeting on a near daily basis to consider application for city planner and recreation director, the commissioners tonight will consider two proposed sales of city property.

A site for an industrial area for expansion of the firm of Lee Brothers Plumbing and Heating will be discussed with Harry Lee Jr., a representative of the firm.

Another site, proposed by Architect John Burton IV, is for the possible location of a bonded warehouse and would be on city property.

High on the agenda for tonight is a discussion on a request for annexation. Commissioners have planned an approach to the annexation proposal forwarded by the city. It was predicted that the city would complete annexation during 1958 and the solution to the problem would be much easier than expected.

A request for a blinking caution traffic light at the intersection of 20th St. and Mellonville Ave. has been filed with the City and will come up for discussion and possible approval tonight.

A public hearing date will be set tonight to consider rezoning recommendations of the zoning and planning commission of the city headed by Clifford McKibbin.

Follies Director Arrives Today

Chris Carter, director of Jerome Carroll Inc., arrived in Sanford on the 12-30 train today. Mr. Carter will direct the *High Fever Follies* for the Hospital Auxiliary.

Three weeks of vigorous activity will begin tonight with Talent Night at the Mayfair Inn at 8:30 p. m. At this time the director will be introduced and the contestants for the High Fever Queen presented. All those interested in helping with the show are urged to attend. There will be no try-outs tonight.

Money in Budget

The President's budget called for an expenditure of 217 billion dollars in the fiscal year starting July 1—including 225 million in new money—to start the science-weighted education program.

The National Science Foundation would get 80 million dollars to expand its scholarship program, bringing to 119 million the total recommended for the support of basic scientific research and study.

The President said the new, five-point program would help supply "additional highly competent scientists and engineers vitally needed by the country at this time."

Marion B. Folsom, secretary of the Department of Health, Education and Welfare, said the

EB Assn. Meeting Scheduled Tonight

The quarterly meeting of the Seminole County Health and Tuberculosis Association will be held tonight at 8 p. m. in the Educational Building at the First Baptist Church.

Ray Slaton, president of the local association, "urges all members to be present."

City Manager Gets Jr. Service Award

The Junior Chamber of Commerce Distinguished Service Award, presented for annually outstanding community service, went this year to Warren E. Knowles, Sanford's City Manager.

Knowles received the award Friday night at the annual "Jaycee Week" banquet and dance held at the Shrine Club.

Ox Fibre Brush Co. President, Wife Burn To Death

The president of the Ox Fibre Brush Co. and his wife were burned to death in their home south of Woodstock, Va.

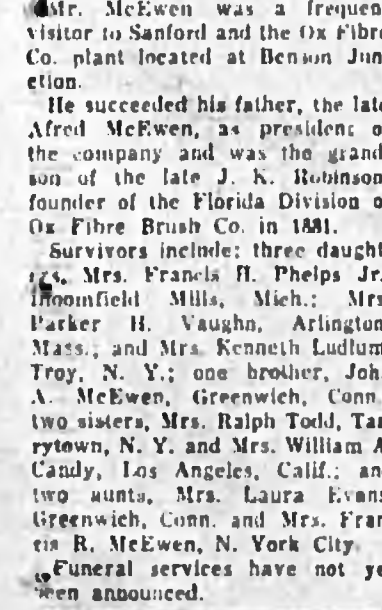

Alfred R. McEwen, 51, and his wife Mrs. Francis McEwen, 51, died in their home early Sunday morning.

The fire was discovered by a breaker of homes in that area. Mr. McEwen was a frequent visitor to Sanford and the Ox Fibre Co. plant located at Benson Junction.

He succeeded his father, the late Alfred McEwen, as president of the company and was the grandson of the late J. K. Robinson, founder of the Florida Division of Ox Fibre Brush Co. in 1931.

Survivors include: three daughters, Mrs. Francis H. Phelps Jr., Bloomfield Hills, Mich.; Mrs. Parker H. Vaughn, Arlington, Mass.; and Mrs. Kenneth Ludlum, Troy, N. Y.; one brother, John A. McEwen, Greenwich, Conn.; two sisters, Mrs. Ralph Todd, Tarztown, N. Y. and Mrs. William A. Candy, Los Angeles, Calif.; and two aunts, Mrs. Laura Evans, Greenwich, Conn. and Mrs. Francis R. McEwen, N. York City.

Funeral services have not yet been announced.

CITY MANAGER WARREN E. KNOWLES (right) receives the Jaycee Distinguished Service Award from Tommy Blythe, National Director of the U. S. Jaycees, at a banquet held Friday night at the Shrine Club building. (Photo by Bergstrom)

Scout Executive To Talk Wednesday At Kiwanis Meet

Members of the Sanford Kiwanis Club will hear more about the Boy Scout movement at their noon luncheon meeting Wednesday at the Yacht Club.

Guest speaker for the luncheon will be C. D. Caldwell, Boy Scout Executive of the Central Florida Council.

Jim Grant, program chairman for the meeting, said that Caldwell will speak on the Boy Scout Movement in Central Florida.

Waterways Committee Underway

A statewide membership drive for the Florida Waterways Committee, headed by John Krider of Sanford as president, is underway.

Letters calling for members throughout the state to support the Florida Waterways Committee were mailed from the Tampa office of the committee and are signed by W. S. Arthur, Executive Director.

"Only those who have been interested since the inception of the Florida Waterways Committee, can realize the rapid and certain growth of this new organization," said Arthur.

Four meetings have been held since with members attesting to the great accomplishments during the past seven months.

Krider said "members will see even greater progress when they attend the next meeting slated to be held in the Tampa Chamber of Commerce auditorium on Feb. 14."

"Every man interested in channels for all crafts, conservation of our water resources, drainage, irrigation and future betterment of Florida's industry, commerce and agriculture, is invited to join us," the Executive Director noted in his letter.

Krider, this morning, said that letters have been mailed to nearly 500 citizens in the Sanford-Seminole County area.

Individual memberships are \$5 with the most popular contribution at \$10. Corporation memberships are \$50 and group memberships from \$50 up. Associate memberships (non-voting) from \$1.

A membership card will be mailed to all who join the statewide waterway organization, said Arthur.

City Improvement Program Project Nears Completion

The city's Capital Improvement Program is more than 50 per cent completed according to City Manager Warren E. Knowles.

A survey of the three building projects show that construction on the Sanford Civic Center, Fire Station No. 2, and the Goldsboro Swimming Pool are all more than 50 per cent toward final completion.

The roof on the Civic Center, said the City Manager, should start to go on some time this week. All of the laminated wood arches have been installed and mechanical equipment, including plumbing, electrical, boilers, air conditioning, could start when the roof is completed.

The Civic Center is approximately 50 per cent completed, said Warren E. Knowles with work progressing as scheduled.

"There has been no hitch at all in the construction of the new Fire Station," said Knowles and the roof is nearly one-third completed. Mechanical equipment is being installed here, the City Manager said, and work should be completed somewhat ahead of schedule. Construction is 60 per cent

Career Day Set Jan. 31 At SHS

By Pam St. John
Seminole High Journalism Club Career Day will take place at Seminole High School on Jan. 31 when regular classes will be bypassed in favor of the bi-annual event.

Every other year this day has been set aside for the education of the student in the various job opportunities available for the high school graduate.

Each student will pick three fields in which he is particularly interested and classes will be held at certain times of the day for the student to attend.

Many courses are being offered this year. They range from aviation and scientific research to beautician and actor. Many people will be at Seminole High School to represent their respective jobs.

Though the majority of the business representatives come from

Sanford a few will be here from Jacksonville, DeLand and Orlando.

The career and consultants are as follows:

District Service Manager, Ford Motor Co., auto mechanics, Jacksonville; Wes Berner, Athletic Director, Stetson University, DeLand; Nolley Trapp, draftsman, Melbourne; Mrs. Butters, interior decorator, Orlando; Dr. Wallace, scientific research — biological, University of Florida, Gainesville; Dr. W. M. Jones, scientific research — chemical, University of Florida, Gainesville.

N. W. Pfeilaut, radio jobs, Sanford; Earl Sawyer, scientific research — physical, University of Florida, Gainesville; Mrs. George Shinnaberger, nurse, Sanford; Miss Katherine Brown, religious education, Sanford; Don McAllister, television, Orlando; Kenneth Sainford, forestry, University of Florida, Gainesville.

Howard McNulty, bank worker, Sanford; Al Doudney, civil engineer, Sanford; Mrs. Margaret Reynolds, elementary teaching, Sanford; Stewart Gatchel, high school teaching, Sanford; Mrs. Joe Corley, house making, Sanford; Joe Davis, lawyer, Sanford; Dr. Stanley or Dr. Parker, physicians and surgeon, Sanford; R. F. Cooper, agriculture, Sanford; Mrs. S. E. Ives III, social worker, Sanford; Chris Carter, actor and showman, Sanford; Mrs. Randy Reynolds, beautician and manufacturer, Sanford; W. Scott Burns, electrician, Sanford; Chuck Saunders, policeman, Orlando.

Francis Roumillat, pharmacy, Sanford; Mr. Griner, laboratory technician, Sanford; George Bergstrom, photography, Sanford; J. H. Arnold, railroad worker, Sanford; Miss Mary George, stenographer, Sanford; Dr. James B. Foley veterinarian, Sanford; Mrs. Gordon W. Swain, typist, Sanford.

U of F Graduate Students Doing Research Work

GAINESVILLE—Research into things invisible to the naked eye by two University of Florida graduate students and a professor provide scientists with more material for conquering space. The two are gathering data on bent light rays as they are related to crystal glass, heat, and turbulence of air. Someday their results will be used to calculate wind velocity at any height in the atmosphere—a valuable aid in space travel or rocket launching. The work is being done in the Department of Physics under a contract with the Ordnance Corps of the Army. One of the amazing things about the research is that a method of photographing the invisible has been developed to assist the study. The gimmick, invented by Muzil Lal Vatsia, 32, New Delhi, India, employs a single lens reflex camera, a powerful magnifying glass, and a phase plate. Vatsia contends the phase plate, a glass slide etched with hydrofluoric acid, is the secret of the phenomenon. He demonstrates it by setting

up his apparatus on a well cut grass lawn. A look through the viewfinder shows a sort of cloud rising up from the ground. What the camera sees is actually light rays bent by ordinary heat from the ground. The rays are seen through the magnifying glass and the phase plate, explains Vatsia. The same experiment Vatsia has performed over glass, concrete, water and asphalt both during the day and night. It will provide the nucleus of another phase in the study of ground turbulence on telescopic images. The Indian student, who is working on this doctorate, finds this part of the research especially interesting—it dovetails with his hobby of photography. He has adapted photo optics to the study with his special apparatus. Another laboratory study is centered on acoustic waves from crystal. Another on ultrasonic waves as they are sent through water. The study at the University has been going on for two years under the direction of Dr. Alexander G. Smith, professor of physics. Vatsia, who has been working on it for a year, is assisted by Arthur H. Phillips, 29, Gainesville, a graduate student working on his master's degree.

Enterprise

By HELEN SNODGRASS
The regular meetings of the P. T. A. held at the school library Tuesday evening at 7:30 was preceded by a covered dish supper. This special meeting was set aside as Father's night and during the room count period each father counts twice. Rev. Summers of Debary gave a most inspirational devotional and during the business session which followed a report was given that the playground equipment which the P. T. A. helped to purchase, was installed during the holidays and the children were enjoying it greatly. The third grade won the room count with an attendance of 21. The program for the evening was given by Scout troop 60 of Enterprise and Debary under the leadership of Willard Neider of Debary and was very interesting, depicting some of the scout work and the scout laws and pledge. Prof. Hayman announced today that under the school assignment program Enterprise has had an increase of 90 new students since the opening of school this first semester.

Mrs. James Eubanks and children Carol Ann and Jimmy were week end guests at the home of Mrs. Eubank's parents, Mr. and Mrs. John Light. Mr. and Mrs. Wesley Tyler and Linda, accompanied his sisters and aunt, who have been visiting in Osteen to Chipley for a visit with another sister, Mrs. Lenora Blocker, over the week end. Mr. and Mrs. Tyler and Linda returned to their home Sunday afternoon.

Mr. and Mrs. Harold Voney of Aurora Missouri are house guests of Mr. and Mrs. Jerry Bohm at their home on Hickory Street. Miss Bertha Wright of Jacksonville spent the weekend at the home of her parents, Mr. and Mrs. L. M. Wright.

Mrs. Lillian Carter of Reynolds, Georgia arrived Monday to spend several weeks with her daughter, Mrs. Rex Lee Peckman. Mrs. Harold Stultz was guest of honor at a surprise stork shower Thursday evening at the Florida power club with Mrs. E. C. Snodgrass, Mrs. Fred Bender, Mrs. Homer Sarver and Mrs. Jack Ryan as hostesses. Gifts were presented from a table overlaid with pink cloth and decorated with pink and blue flowers. Suspended over the gift table was an open umbrella covered with pink and blue and decorated also with flowers. Games and contests were enjoyed through the early part of the evening and the honoree received many beautiful and useful gifts. Delicious refreshments of decorated cake, ice cream and coffee with favors of mints and nuts in tiny umbrellas were served to approximately 35 invited guests. Mr. and Mrs. Harold Niver, accompanied by Mr. and Mrs. Nathaniel Hedco, formerly of Pine Plains, New York, who are winter residents of Holly Hill also were Thursday afternoon callers of Rev. and Mrs. Willard A. Kilmer. While here they visited the

Lake Mary News
By ETTIE JANE KEOGH

LAKE MARY— In a wedding solemnized Jan. 16 in Farmville, N. C. Cornelia Ann Gay of Farmville became the bride of Calvin Brown of Lake Mary. The couple arrived in Lake Mary this week and are making their home on Poyd Ave. in the former Ed Cochran home. Mrs. Olin Boutwell called Thursday and gave me several items of interest. Mrs. Walter Clabaugh from the Sanford Home Demonstration Club will be at the Chamber of Commerce Bldg. in Lake Mary the first Tuesday of each month between the hours of 9 and 2 to help anyone with their sewing problems. Mrs. Boutwell stressed that you need not be a member of the Club to come to Mrs. Clabaugh for help. The First Aid Class that was to have begun on last Wednesday evening has been postponed. If you are interested Mrs. Boutwell asked that you contact Mrs. Leon Taylor. They hope to have the class within a short time. Lake Mary will have a candidate for the High Fever Folies Queen sponsored by the local Chamber of Commerce. Tuesday morning on the WTRR radio program Wagon Wheels at 9:45 Mrs. Ruth Galligan will interview the Lake Mary Queen. There will be

Jars placed in Sjoblom and Gleasons Stores, the Post Office, Doggie Diner and Bennet's where you may put your money and vote for our candidate. The Florida Power Corp. is sponsoring an Orange Cake Baking contest. First prize will be a beautiful electric range. The Home service representative from the Florida Power will speak at the Feb. 11 meeting of the Lake Mary Home Demonstration Club. I'll try to get a full list of rules and have them in the column soon. Our son Colin celebrated his second birthday with a party Saturday afternoon. Invited were the children of the neighborhood in the two year old age group. Some of the older brothers and sisters came along to serve as "chaperones". The Association Meeting of the PWO will be Tuesday at 8 p. m. at the church. Circle No. 1 will serve as hostesses. Mrs. H. M. Cochran, program chairman, promises an interesting program.

People Demand County Spending! Board Moves To Solve Problems

If every meeting of the Board of Seminole County Commissioners could be as constructive as the meeting held last Tuesday, Seminole County would no longer be lagging in economic, population and industrial gains.

The board of commissioners accomplished more in that one-day session than had been accomplished in a hundred meetings before it.

There was an air of progress about the commissioners' room even though one of the primary and most important problems before it was not successful. Frankly, if meetings to come hold as much for Seminole County's future there will be no trouble whatsoever in securing the full amount of the Chamber of Commerce appropriation request.

Take into consideration these facts: the board approved a resolution calling for a \$1 million bond issue for securing rights of ways necessary to get several important road projects underway; improvements at Big Tree Park were approved and no doubt will be carried on to conclusion; the appointment of a citizens committee to study the tax and other problems of the county was approved; the need of additional financial assistance by the Chamber of Commerce certainly made an impression.

These are forward steps toward an aggressive program which Seminole County sorely needs.

The one approval — that of appointing a citizens committee to study primarily the tax problems of the county — was one of the most important steps the commission could have taken, a step that has been looked forward to for many weeks.

Commissioners, to a man, agreed that something has to be done about the tax situation in Seminole County, even to the point of stating that professional help is necessary to solve the problem.

The board of county commissioners needs now to move toward a county manager plan to take care of the growing problems in the field where professional planners and engineers are needed. The county is expanding at such a rate that should helter-skelter planning be allowed now, there will only be

a jumbled mass a few years hence.

Another forward step would be to create an agenda for each meeting so that orderly discussions could be conducted at appointed times.

Seminole County's business is no "penny ante" affair—it's big business that can't be handled on a "little business" basis. This is being realized more and more each day as commissioners are faced with the demands of the people.

Commissioners do not want to spend the money taxpayers are assessed. They prefer not to spend it.

People demand that money be spent. For instance—the county jail and court house; the building of new schools and the expansion of the school system; ample fire protection for county citizens; and the demands for county roads in every section of Seminole County. These are not projects of county commissioners—they are the demands of the people—streams of them appearing before the commission each time it meets asking for more and more!

The problems before the commissioners now make it imperative that every person in the county share the cost. Roads, schools, fire protection, jail and others are all of service to the people.

There are many developments underway in Seminole County at the present time—developments that will include in plans as many as 3,200 homes. As these huge areas are purchased from unimproved status and developed into homesites, property is taken off the tax rolls.

Now the county is to the point where the question constantly before them is "What are ye going to do about it?"

Under the present flux structure, industry will be driven out of Seminole County — or driven away from it — and that is one program we cannot stand at this point of going forward.

The appointment of the citizens committee to study all of these problems and come up with an answer is one sure way to find an answer!

However — we can't move slowly, something must be done as quickly as possible!

Family Farm Economic Backbone

Writing in The Reporter, Carroll Kilpatrick says: "The movement away from the farms has not meant the development of corporate farms in this country but rather the strengthening of the family farm. The proportion of family farms in the total number has held steady in recent years. The trend is toward larger mechanized farms operated by a single family with little or no outside labor."

Red Cross Creed

I believe in the service of mercy. Whatever disaster calls, there I will go to alleviate suffering and sorrow. I ask not who calls price for my service but accept gratitude that out of its largeness I may expand my mission. I know no barriers of race, class, creed or country, no barriers of ideology, no obstacle of rivers, mountains continents or seas.

Wherever human beings are in need, there I shall go to minister unto misery under my banner of merciful, fraternal love. An earthquake in Tokyo, a typhoon on the China coast, typhus in Asia, a landslide in Chile — all these call

alike to my heart. An epidemic in Alaska, starvation in Greece, ravages of disease, fires, and storms or floods in our own America — all these needs find me ready with my service.

I know no distinction between French and English, Italian and German, Czech and Pole — I serve all because I am of all, having

been born of the finest instincts of mankind, faith in God and His Son's redemptive mission which my cross symbolizes, and merciful love for all, which my crimson color declares.

You who believe in me, so many of whom I have mothered in your sons and daughters, strengthen my hand and reanimate my courage, for I am the spirit of humanity marching beneath her cross.

TODAY'S THOUGHT

"And he walked in all the days of his life, which he had done before him."

Lighter Side Of Congress

By FRANK ELEANER, United Press Staff Correspondent

WASHINGTON (UP)—The lighter side of Congress:

With most of our lawmakers each day more deeply involved in problems of space, photographers around the Senate are wrestling with a matter that is merely, but increasingly, global.

It has to do with a senator's head.

"Don't shoot the bald spot," Democratic Leader Lyndon B. Johnson of Texas has been warning them lately. Johnson laughs, but this is not to be mistaken to mean he is kidding. Officially, Johnson is not running for president. But he'll have a hard time making the picture men believe it.

On occasion, Johnson has stopped a press conference until he got all the photos around up in front of him. So far they haven't had too much trouble co-operating. But they wonder how long they can remain in his good graces and still take their pictures. Bald spots have a way of spreading.

Speaking of hair, the Senate currently can't boast a single good example of what used to be thought of as the classic senatorial haircut — either the long, flowing mane, with ducktails in the back, or the mostly bald dome, with wispy strands hopefully swept across the top, fooling nobody except possibly the man who combed it that way.

The "new look" in senatorial appearance seems to be running these days more toward the handsome, suave, successful-businessman-type. Iron gray hair, neatly clipped; chiseled features; and just enough lines in the face. Sens. Stuart Symington (D-Mo.) and Prescott Bush (R-Conn.), for instance?

They are, in every respect, a better buy. This has been the result of engineering research. And that research, in turn, has been spurred on by competition. There are many farm equipment manufacturers. Each seeks to offer a more attractive product than his competitors. When that is the case, in this or any other field of enterprise, maximum progress follows.

Finally, the fact that the family farm is growing stronger rather than weaker should come as good news to us all. This kind of farm is the backbone of American agriculture. The equipment people deserve a bow for all they have done in its behalf.

the old senatorial haircut as a matter of fact are being displayed by two House members—Reps. L. Mendel Rivers (D-S. C.) and Leslie C. Arends (R-Ill.), neither of whom has said anything yet about parlaying the overdue hair cut into a seat in the Senate.

Vice President Richard M. Nixon, who has been presiding over the Senate since 1953, not only has not succumbed to the uninhibited Senate-type haircut but lately has been wearing his noticeably shorter.

"It's not Madison Avenue," he claims. "It's Martin of the Senate barber shop."

Barber Martin, Nixon reports, has been cutting his hair for years. Lately, Martin decided it would look better shorter.

It used to be that a man's wife made important decisions like that.

Sen. George Smathers (D-Fla.), tall, lean, and 41, has a full head of black wavy hair, with a nice touch of gray at the temples. It is beautiful, and he aims to keep it that way.

Smathers takes all kinds of precautions against going bald. He even owned up recently to standing on his head now and then, to encourage good circulation in the scalp. In 20 or 30 years we will let you know how that works.

Speaker Sam Rayburn, a man who as everybody knows had his last problems with hair years ago, was posing for pictures this week with Hop, Howard W. Robison (R-N. Y.), who had just taken his seat in the House.

Rayburn introduced the ubiquitous picture men to the new member as follows: "They're nice fellows, but sort of like warts. They are all over you."

Inside Washington

NEW YORK—Things one New Yorker thinks about: There's a tidy little (27 1/2-acre) island for sale hereabouts that you may be interested in, and if you've got a stray few million around, you might be able to snap it up—if your references pass the eagle eye of President Eisenhower.

The island is the one called Ellis, which for 65 years was the way-station for immigrants barreling into the U. S. A. From 1890 to 1954, when it finally was shut down, Ellis Island played host to 15 million newcomers to this country. Now it's up for public auction and sealed bids are being accepted, to be opened Feb. 14.

The government's been trying for the last year to find some way to use the old landmark itself, but no dice. Now it's feeling out the buyers market—but the report is that whoever makes a satisfactory bid will have to pass the President's personal approval test.

There's a lot of hoary tradition surrounding old Ellis and it is likely that if it's passed on to someone planning a nice little marijuana factor or a home for indigent pigs, the government would more than float 'the coat, wall, you see, that money doesn't come directly into the city coffers, and . . . Maybe we can get all the police lieutenants together and have them pony up the money.

Anyway, if you've got an itch to buy an island to carry on your experiments of transplanting live brains into dead bodies, while lightning flashes and Boris Karloff hovers around with his fangs bared, here's your chance. It's within commuting distance of Manhattan, where the rest of us hover around with our fangs bared.

FLORENCE KNOLL, the designer who is doing the decor for the new Golden Door restaurant at Idlewild Airport's new International Terminal building, says it'll be "the world's most exciting restaurant." Does Florence mean there'll be a horse room on the premises?

Miss Pearly Mae Bailey, the most, is naturally fattening the customers with her comedy routines in the Waldorf's Empire

WARNING ON CHEMICALS NEW YORK—The Army's chief chemical officer warned Monday of possible Soviet developments in chemical, biological or radiological warfare comparable to the Sputnik. The officer, Maj. Gen. William M. Creasy, said the United States must be alert to "the fact that the hazards in the field of chemical, biological and radiological warfare can be as great and as far-reaching in their effects upon our ability to survive and defend ourselves as those in atomic warfare."

The springs in early watches sometimes were made of hog bristles.

Room—but here's one wistful soul who wishes some night she'd do a whole program of ballads. Best thing I ever heard her do—better than That's Good Enough For Me, even—was the torch song, Come Rain Or Come Shine in the Flamingo hotel in Las Vegas.

From King Features editor Louis Messolobites, commenting on my sole occupancy of new hotels in Puerto Rico and Cuba: "The back of my hotel register to you. My wife and I spent ONE night in TWO hotels in TWO cities 500 miles apart. It was in August, 1956, returning from the San Francisco Republican convention. Our plan broke down in El Paso; we were billeted there until midnight; then flew to San Antonio to sleep from 3 to 10 a. m. before going to Austin."

IN THE MAIL COMES A COPY of the new book How to Make Money Make Money from its author, Henry Gellermann of Bachs and Company. "If it doesn't show people how to make money," the affable Henry says, "it should certainly help them to stop losing money." . . . Arthur Malah, the New York restaurateur—he has 15 places and a \$10 million annual gross—has more than 200 former convicts working for him. Lady Luck smiled on me," Arthur says "so I'm trying

to make her smile on others."

The new Cavalier Room of the English dining club Cheers, in West 41st street has—easy, now—wall-to-wall carpeting on the ceiling. . . . The hottest (he means most popular) plus saloon in town is the Terminus Room, where Carol Channing is spilling her great talent in all directions.

Leg Department, West Coast division: "Don't sell Debra Page's legs short," writes Bud Lewis, "until you've given them a chance. The discovery of Debbie's legs is of momentous importance to the continued well-being and peace of mind of the leg watchers of America."

Mrs. Blackwelder Chosen President Of S.M.H. Auxiliary

A special Board Meeting of the Auxiliary of Seminole Memorial Hospital was called on Friday, January 24, 1958. The resignation of Mrs. F. E. Rasmussen was accepted with regret. The nominating committee reported that the First and Second Vice-Presidents were unable to accept the Nomination for President. Mrs. R. N. Blackwelder's name was then presented and unanimously accepted.

Follies Patrons Revealed Today

Patrons who have purchased tickets for the High Fever Follies have been revealed by Mrs. C. H. Cole, Mrs. James Reedy and Mrs. Lionel Arthur, chairman of the patron committee. The following is a list through January 23: Captain and Mrs. Lionel Arthur, Capt. and Mrs. Stutsman, Cdr. and Mrs. T. C. Deane, Cdr. and Mrs. Eric Bower, Cdr. and Mrs. Ralph Chandler, Mr. and Mrs. Gustavson, Cdr. and Mrs. H. H. Osborne, Cdr. and Mrs. F. L. Harris, Cdr. and Mrs. I. M. Rowell, Cdr. and Mrs. Joe Tully, Cdr. and Mrs. Ray Fernandez, Cdr. and Mrs. V. E. Savage, Cdr. and Mrs. W. R. Hazlett, Cdr. and Mrs. H. A. Pahl, Cdr. and Mrs. R. C. Andres, Cdr. and Mrs. D. E. Runyan, Cdr. and Mrs. E. R. Horrell, Cdr. and Mrs. Cyrus Filton, Cdr. and Mrs. Ed Ross, Cdr. and Mrs. E. H. Dohne, Cdr. and Mrs. F. E. Harrison, Cdr. and Mrs. W. N. Webber, Cdr. and Mrs. R. E. Bear, Mrs. Marilla Bell (Orlando) and guests, Mr. and Mrs. Brailley Odham and guests.

Record Player To Be Purchased For Civic Center

A record player will be purchased for the youth wing of the civic center by the American Home Department of the Sanford Woman's Club. This decision was reached Tuesday night when the club held a business meeting to decide what would be purchased with the funds raised from the Womanless Wedding and Fashion Show in November.

A committee was appointed to investigate the purchase. Serving are Mrs. Robert Mahan, Mrs. Douglas Stenstrom, Mrs. Ralph Austin Smith and Mrs. George Pittard. The meeting was held at the Woman's Club, Mrs. Ralph Austin Smith read the Club Collect. The benefit card party February 28 was announced by Mrs. W. C. Hiers.

New members were introduced. They were Mrs. Grady Harrelson, Mrs. Paul E. Coleman, Mrs. Madeline Kuhn and Mrs. Ed Christensen.

Hostesses were Mrs. Theo Pate, Mrs. Lamar Echols, Mrs. Roger Harris, Mrs. George Dabbs and Mrs. Bob Carruthers. Others attending were Mrs. G. A. Sweeney, Mrs. W. A. Woodall, Mrs. Donald Flamm, Mrs. Alfred Chiles, Mrs. Ralph Jarvis, Mrs. N. V. Farmer, Mrs. Bill Kirk, Mrs. W. H. Stiemper, Mrs. J. P. Wilson, Mrs. Bob Karnes, Mrs. S. J. Nix, Mrs. Ken Reiman and Mrs. A. O. Roberts.

Important Meeting Slated For S.H.S. P.T.A. Tuesday

An important meeting of the Seminole High School P. T. A. will be held Tuesday night at 7:30 p. m. in the Glee Club Room at the High School.

Final plans are to be presented at this time for the P. T. A. project of the year. This will be the physical education court beside the school. Committees will be formed to carry the project to early completion.

Bids are being opened this week for contracting materials. The P. T. A. believes that it will be to the interest of all parents of high school children to be present at this meeting, and receive first hand information.

A number of other items of important interest will also be discussed.

Woman's Page

Miss Eleanor Vining To Marry James E. Woods On February 14

February 14 at 7:00 p. m. in the Congregational Christian Church. Officiating will be Dr. J. Bernard Root and Dr. Fred Enaminger. A reception will follow in Friendship Hall. No invitations will be sent, but all friends of the couple are asked to attend.

Saturday Wedding Planned For Miss Betty Hunter

Final plans have been revealed today for the wedding of Miss Betty Hunter, daughter of Mr. and Mrs. Lee Graham Hunter, to Vernon Leigh Vinson of Portsmouth, Va.

The wedding will take place Saturday, February 1 at 4:00 p. m. in the First Presbyterian Church. The Rev. Angus G. McInnis will officiate assisted by Mr. Richard Little of Union Theological Seminary in Richmond, Va.

A program of nuptial music will be presented by the organist, Mrs. George Touby. Stanley Brumley will be soloist.

Miss Hunter has chosen her sister, Mrs. Thomas Ratliff Jr., as her matron of honor. Miss Patricia Old Green of Fishersville, Va., will be maid of honor.

Thomas Vinson Jr. of Richmond, Va., will be best man for his bride.

Ushers will be George Samuel Brown of Bridgeport, W. Va., Robert Lee Hunter and Thomas Ratliff Jr.

No invitations are being sent locally. Friends are invited to attend the wedding and reception.

Mrs. H. Whelchel Wins Silver Bowl At Card Party

Mrs. Hugh Whelchel was winner of a beautiful silver bowl for scoring high in bridge at the annual card party sponsored by the Sanford Club which was held in the lovely Mayfair Inn Ballroom on Thursday evening.

Other prizes were won by Mrs. Marie Mont'Pelle, Mrs. Rose Roth, Mrs. M. Brucker, E. B. Randall, Jr., J. Burke Steele, Mr. David and Mrs. Robbhood. Door prize, a fish garden, was won by Mrs. Margaret Gallela.

Prizes for the party were contributed by the Yowell Company, Kader's Jewelry Store, Ro-Jay's, Fowell's Office Supply and Gift Store, Sanford Electric Company, Father's Dress Shop, Touchton Drug Company, and A. K. Rosseter Florist.

General Chairman in arrangements for the party was Mrs. H. A. Swanson who was assisted by all members of the club. Miss Lucy Novlin was chairman of the refreshment committee, while several delicious refreshments to the large crowd in attendance at the conclusion of the games.

Calendar

MONDAY
The Sanford Story League will meet at the Episcopal Parish House at 8 p. m.

Seminole Arabubon Society will meet at 7:30 p. m. in the Civic building in Fort Mellon Park. Mr. C. Blickenderfer will speak on "Plants and Wildlife".

Talent Night at the Mayfair Inn at 8:30 p. m. Entertainment and dancing all evening for the High Fever Follies. No admission charge. No refreshments.

THURSDAY
DeBary Memorial Post No. 259 will meet Thursday, February 6th, 1958 at 8 p. m. Meeting will be at the Fire House and as there are matters of vital importance to the Post, a full attendance is desired. The second reading of the Constitution and by-laws will be read and some new members will be welcomed.

BIRTHS

Mr. and Mrs. Albert Pell of Osteen announce the birth of a son January 13 in Seminole Memorial Hospital. The baby weighed 8 lbs. 12 1/2 oz. and has been named Ross Albert.

After Mrs. Townsend opened her gifts presented her in a pink baby shower given by Mrs. John Dunn and Mrs. W. W. Tyre at the Tyre home on Oak Ave.

Games were enjoyed by the guests and winning prizes were Mrs. Mary Mickler, Mrs. Curtis Lavender, Miss Patty Walker, Mrs. R. L. Kootz and Mrs. Shirley Steyler.

After Mrs. Townsend opened her gifts presented her in a pink baby shower given by Mrs. John Dunn and Mrs. W. W. Tyre at the Tyre home on Oak Ave.

Games were enjoyed by the guests and winning prizes were Mrs. Mary Mickler, Mrs. Curtis Lavender, Miss Patty Walker, Mrs. R. L. Kootz and Mrs. Shirley Steyler.

Garden Gate

SANFORD GARDEN CLUB BY MRS. ALFORD CHILES, CAMELLIA CIRCLE

The first thing to be remembered about camellias is that effectiveness of the bloom on many varieties drops rapidly as prolonged temperatures rise above 60 degrees during their blooming period. This is a principal reason why difficulty in having them perform successfully increases when they are planted in Florida. Most common difficulty is failure of buds to finish opening before discoloring and dropping from the plant in various stages of partial bloom. Among gardeners this is called "bud-nosing."

The best way to combat this disappointing occurrence in your garden is through careful selection of varieties that bloom early and have a record of satisfactory performance in this particular area. Here in central Florida, selection must be made carefully. There is a considerable list from which to choose, and a variety of coloring and flower forms to please every taste. Recommendations are as follows: Mathotian Rubra is perhaps the easiest to grow and gives least trouble. At the same time it is one of the most beautiful—Rose-Reds with large blossoms tinged with white edges with shades of purple coloring and flower forms to please every taste. Recommendations are as follows: Mathotian Rubra is perhaps the easiest to grow and gives least trouble. At the same time it is one of the most beautiful—Rose-Reds with large blossoms tinged with white edges with shades of purple coloring and flower forms to please every taste.

Alba Plena probably rates as the most reliable white camellia. White Empress also gives good results.

Lady Marion, pink flowered is possible the only camellia that can be guaranteed never to "bud-nose."

Pink Perfection and Manolia Florida Blush (pink Andros Dawn is Rose-Pink).

Variegated Blossoms—Variegated Mathotian Rubra, gigantea, Lady Neal and Vello De Nantes (red and white).

Location of planting is a major consideration in Camellia culture. Pick the coolest place on the property. This generally means a northerly exposure and shade. In such location, flowers generally are more brilliant, and less bud-dropping is experienced. The more sun camellias are subject to, the more likely wilting, under summer sun, and failure

of buds to open are to be encountered.

The best time to plant camellias is late fall or early winter, after buds have fully developed, show color, but have not yet blossomed. The next best time is while in full bloom. Never move in summer if it can be avoided. Move with as much burlapped ball of earth around the roots as possible. Disturb as little as possible in planting, merely loosening, not removing the burlap wrappings and ties.

The maximum results in cultivation of any plant depends on soil. This is particularly true for camellias. An ideal soil would be constantly moist but never soggy. It would be filled with such organic material as rottenwood, decayed leaves, peat or muck—constantly cooled by moist air, constantly shaded with exception of filtered sunlight, and definitely acid. You can remove soil from areas to be planted and replace with a "reasonable facsimile" of the ideal soil described by making 1 from 10 parts of muck or peat; 5 parts of cypress sawdust or shaving; 1 part of cottonseed meat; and 1 six-inch pot of aluminum sulphate to each 3 bushels of the soil compound.

Camellias should be set at the same depth as originally planted. Setting too deep frequently stunts or checks growth—generally resulting ultimately in the death of the plant. Each plant should be allowed 8 to 10 foot spacing for best results. Form a basin of soil around each plant adequate to hold quantities of water during period in which plant is becoming established. Water not only the ground, but plant itself frequently after transplanting to minimize transpiration and subsequent loss of foliage.

Don't cultivate camellias. Shallow roots will be damaged in so doing. Keep a 3 to 4 inch mulch of straw, pine needles, oak leaves or peat around them at all times. This discourages competing growth and retains moisture, also keeping roots cool.

Water is essential to camellia success. It must be ever present in long dry seasons. Three times the usual quantity is required while the plants are in bloom. Lack of water sometimes is the principal cause of bud-dropping.

which always can be leached by maintaining proper moisture. Don't prune camellias if you can help it. They grow too slowly for wood to be wasted. Do it only to prevent overcrowding, which encourages dieback.

Also prune to remove split stems sometimes resulting from cold damage, cutting close to point of origin and always painting to prevent disease entry.

Most gardeners fertilize camellias twice a year. . . Immediately after bloom and again in July. Later feeding frequently results in loss of some flower buds if an appreciable amount of nitrogen is present in the fertilizer used.

Loss of acid balance in the soil is especially dangerous to camellias. Recognize it by appearance of smaller leaves with green veins on a yellowish background. It will be especially prevalent if plants are grown near masonry walls or foundations where water has leached out lime into the soil. With highly alkaline Florida waters you can even water camellias to death. Such leaves then generally turn brown, mummify and drop. Twigs and branches follow in browning and dying back. Before it is too late, put a handful of ground alum to each 2 foot spread of camellia plant. You will not have to worry if you put 1/4 pound of this per square foot of soil area occupied by camellias every 4 months.

Scales, purple, cotton cushion and mealy bug are no 1 enemy of camellias. Yellow spots on otherwise healthy green leaves indicate scale on the underneath side of these leaves. Oil sprays are traditional remedy.

Camellias are as southern as "Dixie" and should be found in every garden.

Parents Give Party For Sharon Maxwell

Sharon Maxwell celebrated her thirteenth birthday Friday night at the Yacht Club, when her parents, Mr. and Mrs. Donald Maxwell gave a party for thirty young guests.

The Yacht Club was decorated with paper streamers. Refreshments were served during the evening, including the birthday cake. Dance contests were held. Winners were Mary Helen Washburn and Jimmy Ray, Kenny Tebbert and Pat Wight, and Sandra Ketrige and Curtis Barnes.

MISS ANN DAVIS was honored Saturday with a luncheon at the Mar-Lou Restaurant. Hostesses were Mrs. Charles Bowers and Mrs. J. Thurmond. Among the guests were bridesmaids who will attend Miss Davis next Saturday when she is married to Jerry Murphy. (Left to right), Miss Dottie Bollinger, Miss Davis, Miss Joyce Benton. (Staff Photo)

Luncheon Honors Bride-Elect

A bridal luncheon was given Saturday at 1:00 p. m. for Miss Ann Davis at the Mar-Lou Restaurant. Hostesses were Mrs. Charles Bowers and Mrs. J. P. Thurmond.

The centerpiece for the table was made by Mrs. Fred Ganas. It was composed of driftwood covered with corsages which were given to the guests. A special corsage was given to the honoree, who also received a gift of a crystal reliquary from the hostesses.

Attending were Mrs. J. C. Davis, the bride-elect's mother, Mrs. Floisie Goodson, Mrs. L. B. Gilstrap, Mrs. Sam Thurmond, Miss Davis, Miss Joyce Benton, Miss Frances Middleton, Miss Joanne Hughey, Miss Sylvia Price, Miss Sandra Lee, Miss Marcia Lochelt, and Miss Dottie Bollinger.

Church Calendar

MONDAY
The Commission on Education of First Methodist Church meets Monday at 7:30 p. m. at the Church.

Primaries, Juniors, Sunbeams, and Jr. G. A.'s will meet at the First Baptist Church at 3:30 p. m. for an interesting course on missions, Mon. thru Thursday.

The Boy Scouts of the First Presbyterian Church will meet at 7:00 p. m.

TUESDAY
The W. S. C. S. of First Methodist Church is holding the last session on the Mission Study, "Crosses and Crisis in Japan" Tuesday at 9:30 — 11:00 a. m. in McKinley Hall.

Girl Scout Troop 242 will meet at the First Baptist Church at 3:30 p. m.

The Brotherhood of the First Baptist Church will meet for their monthly supper and program at 3:45 p. m.

Brownie Scout Troop No. 233 of the First Presbyterian Church will meet in the Youth Building at 3:00 p. m.

The Senior Girl Scouts of the First Presbyterian Church will meet at 3:30 p. m.

The Junior Fellowship of the First Presbyterian Church will meet at the Church at 3:30 p. m.

The Junior Choir of the First Presbyterian Church will meet for rehearsal at 4:15 p. m.

Completion Of Ed. Building Set Feb. 1

LAKE MARY— Cold weather and illness on the part of some of the men who donated work for the finishing of the new educational building have slowed down its completion. A new goal has been set, February 1, and every effort is being made to have the building in use by that date. A number of activities are being planned as soon as the building ceases the interest and activity in the social life of the church as is ready. It is expected to include as well as add much needed facilities for the younger members of the Sunday school.

Personals

BILL TYRE RECEIVES A FOOTBALL SCHOLARSHIP to Florida State University at Friday night's Booster Club dinner honoring the Seminole High School basketball team. Looking over the scholarship is Jim Pigott, Seminole High School football coach (left) and Dave Laude, assistant coach. (Photo by Bergstrom)

Tyre Gets Scholarship To FSU

By JERRY COVINGTON
 Billy Tyre, co-captain of the Seminole High Football squad, signed a contract last week that entitles him to a full four year grant-in-aid scholarship to Florida State University. Billy will enter the state school this fall and is anxious to get started on the same grid-iron where Sanford's Buck Metts made his fame.

Billy was first spotted in the Cocoa game this fall and the coaches liked what they saw so well that they returned to see him in action against Bishop Moore in the Brahman Bowl on Dec. 6. And as everyone knows, Billy was terrific in the team effort that gave the Seminoles their victory so he was quickly summoned to the campus at FSU. After a short interview Billy was quickly signed to the scholarship that will provide everything from soup to nuts.

He will be entitled to his room and board, laundry, books, and the books he needs for his studies. The contract also states that if Billy is injured in his freshman year he will still be entitled to his four years at the school.

In his junior year at FSU Billy became the school's first 4-letter man, participating in football, basketball, track, and baseball. He is also working toward the same number of letters this year and currently he is on the basketball squad.

During this past season young Tyre went all out in his job at the helm of the squad and became one of the best tackles the school has ever seen. He led in the individual tackle department all season and was also responsible for the extra point kicking. The big, six-two strong man of the line saw action in every quarter of the season and never was down on the field.

The entire city wishes Billy the best of luck at FSU and will be anxiously awaiting the day when his name appears in the lineup

Boosters Honor Cagers Saturday

By JERRY COVINGTON
 The Seminole Boosters Club honored the Varsity Basketball squad with a steak supper here Saturday night at the Shrine Club. A crowd of 60 persons was on hand to enjoy the big feed and enjoyed a fine program.

President W. W. Tyre opened the program by introducing Coach Bud Lauer who gave a brief talk on the fine team and its record this season. He noted that the tournaments are fast approaching and his squad seems to be ready to go all out to give the city its first tournament victory.

Coach Dave Laude, who has resigned his position at the local school to enter business for himself in Deland, was also recognized for the outstanding job he did for the football squad this year. The Club presented Laude with a small token of its appreciation. Laude stated that he will always hold a spot in his heart for the boys at Seminole High and he said that it will be difficult to leave a fine community like Sanford.

Coach Jim Pigott and Dave Laude had the honor of presenting co-captain Billy Tyre with a four year grant-in-aid scholarship to Florida State University. They filled in for Florida State Coach Tom Nugent who was unable to attend this fine get-together. Pigott led off the wonderful job that Billy had done all season

and stated that Florida State had done themselves proud by securing a fine athlete like Billy.

The climax for the program was the showing of the Brahman Bowl film that had been financed by the club. Coach Pigott narrated the movie and recalled all the thrills that he and all the local fans received in the Tangerine Bowl that night. Pigott stressed the importance of the films and stated that they played a big part in the success of the ball club.

Tyre closed the meeting by asking the club and all local sports fans to follow the basketball squad throughout the remainder of the season and see the results of all their many hours of practice.

BELGIUM ROOTS U. S.
BRUSSELS — The United States military soccer team was blanked, 1-0, by the Belgian military team Thursday on a frozen field. Sterken scored the game's only goal after 57 minutes of play.

Seminole Defeat Leesburg 44-37 On Friday Night

By JERRY COVINGTON
 The Sanford Seminoles continued their winning ways in Leesburg Friday night by defeating the Yellow Jackets by a score of 44-37. The forward wall of the Seminoles controlled the boards throughout the evening and Leesburg never seriously threatened. The Seminole record now stands at 10-3, the best that has been in Sanford in many a year. Coach Bud Lauer and his lads have shown great improvement in every contest and they should be plenty tough when the tournament play starts next month.

Forward, Ken McMurray, was, by far, the most outstanding performer of the evening, and although he hit for only four points, he was terrific on rebounding. On several occasions he was able to get off the floor and out-jump big Eddie Parker.

Guard Cecil Dandridge paced the attack for the Seminoles with 15 points and also did a remarkable job in the ball handling department. He was followed in the scoring by Joe High who hit 13 points. Joe also did a fine job on the boards and the thirteen points gave him a little better edge in his scoring lead for the year.

Forward, Bruce McCoy, was a big help under the basket and also added five points to the impressive victory total. Mike Tammy, Ray Lundquist, and John Barley also got into the scoring act to run up the 44 points for the winners.

Hunts, Appliance Mart Tie For First Place

Three weeks of bowling competition in the Mixed Bowling League puts Hunts Tuxedo Feed Store and the Appliance Mart in top place tying with six games won and three lost.

To come out even with each other Hunts took only one game in last week's play while the Appliance Mart came out on top in three games.

Clark's took all three of their games moving them up the line in League standing with five games won and four lost. Harvey's Plumbing and Heating 4265 was marked up last week by the Appliance Mart giving them high team three handicap. The high team single scratch is 780 by Clark's. High team three scratch went to Harvey's with 2211.

Splits were picked up by Andy Bolton 37; Warren Donat 310; G. E. Kapka 65; Gladys White 2-4-10; George Kenis 4-10; and Ellen Betts 6-7.

This week's competition will find Harvey's vs Appliance Mart; Powell's Office Supply vs Lou's Bar and Grill; Clark's vs Hunts.

had 463; Gladys White 454; and Verna Bolton 429.

Up to date the high team single handicap 377 was rolled by Clarke Plumbing and Heating 4265 was marked up last week by the Appliance Mart giving them high team three handicap. The high team single scratch is 780 by Clark's. High team three scratch went to Harvey's with 2211.

Let's Have Soup

Yes, soup is a favorite of everyone on all occasions. From early morning until late at night, soup hits the spot.
Soup starts the day... hot, steaming mugs of tomato soup... and all are off to a good start. You'll find it's a real star on breakfast menu, especially on cold, brisk winter mornings.
For that mid-day break... enjoy a cup of warming bouillon or consommé for renewed energy. A quick, low-calorie pickup.
Lunch time at last!... and what could be more welcome than a turkey well filled with a rich "TRIO CROWDER" (see recipe). It's a delicious combination of three kinds of canned soup. Have plenty on hand to fill those requests for seconds.
When Dad and your children ask "What's for dinner?"... you need only mention the turkey, chicken, vegetable, soup. Watch their eyes light up for they love this brand new soup that comes condensed and ready to use.

Start your New Year right... resolve to keep a well stocked pantry shelf of canned soups. And most planning will be a breeze!

THE CARD OF THANKS
Very often a Card of Thanks in The Sanford Herald meets a need which is difficult to fill in any other way. Not only is it a gracious expression of gratitude to those who have sent floral tributes but also courteously acknowledges the services and kindnesses of the many to whom a personal note of thanks cannot well be mailed.
Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on etiquette, feels they serve many good uses.
There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you.

THE "IN MEMORIUM" NOTICE
It is the custom of many families in this country to commemorate a bereavement by an "In Memorium" notice in newspaper classified columns. They find a real solace therein. Preparation or selection of a suitable verse brings back to them tender, pleasant recollections. As Eliza Cook, the English poet has so beautifully expressed it:
"How cruelly sweet are the echoes
That start
What memory plays an old tune
On the heart."
Most frequently an In Memorium is inserted on the anniversary of death. However, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christmas are among other significant occasions chosen.
If you are hesitant to express your tender thoughts in poetic form, you may avail yourself of the Herald's collection of original verses. These express in poetic beauty the emotion of the heartstrings. Among them are verses appropriate to any circumstance.

THE RATE
Cards of Thanks and In Memorium notices, due to the fact they may run to considerable length, are billed at \$1.00 per column inch.

HatWing One Bombing Derby Starts Today

The Heavy Attack Wing One (HatWing ONE) Quarterly Bombing Derby started this morning and will continue until Wednesday night. The crews will be scored on their bombing ability, navigation and knowledge of weapons. At stake will be the Conover Trophy, currently held by the winners of the last Derby, Heavy Attack Squadron Eleven (VAH-11). Donated by North American Aviation Corp., the trophy is named for a North American test pilot killed testing the AJ-1 "Savage".

Lake Monroe Resident Dies

Frank Farmer, 73, died at 8:30 p. m. Saturday at the Seminole Memorial Hospital after an illness of 10 months. Born May 22, 1884, in Yorkers, N. Y., he was a retired electrician and came to Lake Monroe eight years ago from Mays Landings, N. J. Mr. Farmer was a member of the Lake Monroe Baptist Church.

He is survived by his wife, Mrs. Annie E. Farmer, Lake Monroe; two daughters, Mrs. Anna Connelly, Atlantic City, N. J.; Dr. Frances M. Simpson, Owatonna, Minn.; and one sister, Mrs. John Hurgeton, Paola. Funeral services will be held at 2 p. m. Tuesday at Brison Funeral Home with the Rev. B. G. Brown and Dr. Edward D. Simpson officiating. Burial will be in Oaklawn Memorial Park. The family requests that flowers be omitted.

WRONG WAY AUTOS! The truck and car in a collision Thursday noon were declared total losses by Florida Highway Patrolman Olin Garrett who investigated the crash. (Staff Photo)

Brotherhood Meet Tomorrow Night

The Brotherhood of Sanford's First Baptist Church will participate in the Week of Missions as its program meeting for the month of January. The meeting on Tuesday evening, January 28, begins with supper at 6:45. Feature at 7:30 will be the showing of a film-strip in color, "Big China, USA," with settings in Chicago. Guest speaker at 8:15 will be Miss Helen McCullough, a native of St. Louis, Mo. Miss McCullough was educated at Moody Bible Institute, Rice Institute in Houston, Texas, and Southwestern Baptist Theological Seminary in Fort Worth. After teaching in Houston's public schools for several years she became a contract worker in Wu-

Andrew Hunkins Dies Last Night

Andrew Hunkins, 82, passed away at the local hospital at 10:30 p. m. last night after a short illness. Mr. Hunkins was born Nov. 11, 1875 in Herman, N. Y., and had made his home in Lake Mary since Dec. 13 of last year. He was a retired paper mill machinist with the St. Regis Paper Co. of Pyrites, N. Y. He is a member of the Presbyterian Church of Lake Mary. Survivors include his wife, Mrs. Andrew B. Hunkins, Pyrites, N. Y.; two daughters, Mrs. J. L. Hobbs, Sanford and Mrs. H. M. Gleason of Lake Mary; five grandchildren; and one brother, Floyd Hunkins of New Smyrna. Funeral services will be held at 11 a. m. Tuesday at the Brison Funeral Home with Rev. Lucius Scott officiating. Remains will be sent to Canton, N. Y. for interment in Fairview Cemetery.

\$1,000 Damage Reported In Two Auto Collisions

Property damage estimated at \$1,000 resulted from two automobile collisions "Tuday at noon. A passenger automobile driven by Maria Garcia King of Oviedo attempted a left turn into SR-418 Thursday at noon when another car, driven by John Harold Ingram of Jacksonville came from behind a road barrier on 17-92 and met near head-on. Both cars were damaged an estimated \$100. No charges were filed. At 12:30 Thursday, a Ford Pick-up truck driven by Cleveland Johnson of Sanford came out of a filling station area into SR-46 falling to yield the right-of-way and collided with a passenger automobile driven by Eire Doll of Sanford. The accident occurred at the intersection of the Longwood-Markham Rd. and SR-46. But's car was traveling east on 46 when the accident occurred. Both cars were declared total losses. Florida Highway Patrolman Olin Garrett investigated the two accidents.

Lo Stretch Seeks 6th Win Tonight

Lo Stretch, who resigned as temporary queen of Sanford-Orlando greyhound until hitting a slump recently, bids for her sixth win of the season in the featured ninth race tonight. The 55-pound dark brindle mares bagged four out of her first six starts, including a couple of victories over the "hot box" lineup of stars, in the early weeks of the campaign. However, Lo Stretch suddenly went 6-1 her top form and ran out of the money three times straight, dropping into Grade B. She won with the greatest ease the last time out Thursday in the lower classification and is now ready to shine again in Grade A. Nationally famous Surprised, Mixed Signal and Circus Supreme are among other contenders to watch in the main event.

Capital

(Continued from Page 1) completed, he said. The Goldboro Swimming Pool is approximately 50 percent completed with buildings completed. However, the pool itself is yet to be dug with this portion of the construction getting underway Wednesday of this week. Mechanical equipment for this project is being installed now. All of the projects are slated to be completed late in March, Knowles said this morning.

4-Year

(Continued from Page 1) "survival of our freedom" may be at stake in the nation's classrooms. He said the proposals outlined by the President were "an essential part of our national security effort."

Williamson Funeral Is Held Yesterday

Funeral services for Mrs. M. Williamson, 83, were held at 2:30 p. m. Sunday at Brison Funeral Home with the Rev. W. P. Brooks Jr. officiating. Burial was in Evergreen Cemetery. Mrs. Williamson died at 1:50 p. m. Friday at the local hospital. She was born May 9, 1874, in Farmers Mills, Pa., and had lived here for 35 years residing on West 29th St. She is survived by one brother, Elmer C. Hettlinger, Spring Mills, Pa.; two sisters, Mrs. Mabel Roush, Millersburg, Pa.; and a sister, Mrs. Ida Long, Casselberry.

Canal

(Continued from Page 1) fore the Rivers and Harbors Board in Washington already set for Feb. 10. However, an extension of time can be secured. Leaders in waterway development from over the entire state of Florida are expected to attend the meeting. Already slated to attend are representatives from Miami, Tampa, Jacksonville, the Mississippi Valley Association and the Atlantic Gulf Association. Forest lands make up 48 percent of Kentucky's land area.

Legal Notice

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA. CHARGES FILED: "SHUT UP SHUT UP" MILLER V. MILLER, INC. A Florida Corporation Plaintiff vs. Defendant: W. P. ORCUTT, et al. NOTICE TO DEFENDANT: TO: NELLIE AGINCOURT and AGINCOURT, her husband; CAROLINE M. RAMAGE and RAMAGE, her husband; and W. G. ORCUTT and ORCUTT, his wife. If any of them be living and if they are dead, their unknown heirs, devisees, legatees, executors, administrators, assigns and trustees, and against any and all other persons having or claiming to have any right, title and/or interest in and to the property hereinafter described, said lands situated, lying and being in Seminole County, Florida, to-wit: Block 2, WEST WILDMERE, Longwood, Fla. according to Plat No. 12,200 as recorded in Plat Book 2, page 58, of the Public Records of Seminole County, Florida. YOU ARE HEREBY NOTIFIED that the Plaintiff herein has attempted a suit against you in the Circuit Court of the Ninth Judicial Circuit, Florida, to quiet her title in the above described property, situated, lying and being in Seminole County, Florida, as hereinbefore more particularly set out. You are hereby required to file your answer with the Clerk of the Circuit Court, in and for Seminole County, Florida, and serve a copy thereof upon Daniel M. Hester, 121 Park Avenue, South, Winter Park, Florida, Attorney for the Plaintiff in the above action, on or before the 15th day of February A. D. 1958, else a Decree Pro Confesso will be entered against you. IT IS ORDERED that this be published in the SANFORD HERALD, a newspaper published in Seminole County, Florida, once each week for four consecutive weeks, beginning the first day of the month of January, A. D. 1958. D. P. Herndon, Clerk of the Circuit Court, Seminole County, Florida. By Arla J. Lundquist, D. C. W. E. Windwardale, Attorney at Law, 121 Park Avenue, South, Winter Park, Florida. Investigators Find Evidence Of Lavish Entertainment For CAB

WASHINGTON (UP)—Evidence purporting to show airline executives lavishly entertained Civil Aeronautics Board (CAB) members has been unearthed by House investigators, it was learned today.

While details of the evidence were not available, it was reported that investigators for a House commerce subcommittee were examining the books of several country clubs outside Washington and Georgia. Sources said airlines were being checked to see what was spent on CAB entertainment.

One source said the evidence thus far was "as bad" as that dug up on the Federal Communications Commission. A subcommittee report charged FCC members with accepting color TV sets and other favors from broadcasters they are charged with regulating.

"Miscellaneous" Related
The disclosure of evidence against the CAB, which is responsible for regulating the airlines, came after public hints investigators have evidence of possible "misconduct" and White House interference in CAB decisions.

Walter P. Reuther, head of the United Auto Workers Union, charged in testimony prepared for a Senate anti-monopoly subcommittee hearing that auto firms were rigging prices to insure father profits without regard to demand for cars. He urged Congress to make big corporations explain the reason for price hikes before putting them into effect.

Reuther also suggested that Congress establish an "independent office of consumers' counsel" to protect consumer interests before all government agencies.

Atom Hearings Open
The Joint Congressional Atomic Energy Committee began closed-door hearings on the request for five President Eisenhower broad powers in helping United States allies beef up their atomic weapons arsenals.

The Atomic Energy Commission urged the relaxation of present restrictions against sharing atomic secrets with friendly nations to let them have nuclear materials and design information for making atomic weapons.

Two congressional Democratic leaders on education and the National Education Assn. (NEA) charged President Eisenhower's one billion dollar education program is inadequate. The NEA hit at the failure to provide more classrooms and increase teachers salaries.

Partial defeat loomed in the Senate Finance Committee for the administration's request to boost the debt ceiling by five billion to 280 billion dollars. The committee appeared closely divided over a proposal of Chairman Harry F. Byrd (D-Va.) to hold the increase to three billion dollars.

Other congressional news:
Views: Defense Secretary Neil H. McElroy said in testimony released by the Senate preparedness subcommittee that he had no objection to military men giving personal views on the state of the nation's defense.

Conflict with...
He said he would be consistent in "Defense Dept. Matters: Sen. (D-N.M.) said program was in danger of hand. He said by concentrating on fewer missiles an "awful lot" of money could be squeezed out of the program.

Exchanges: Congressional leaders expressed hope that a cultural exchange program providing for swapping radio and TV broadcasts with Russia would help ease cold war tensions—if it goes into effect. They said it could lead to better understanding between the people of the two nations.

Weather
Generally fair today followed by increasing cloudiness with showers late tonight or Wednesday.

Pact Tentatively Okays Plan To Join Forces

ANKARA, Turkey (UP)—The Baghdad Pact nations gave tentative approval today to a plan to mesh their armed forces into a solid shield against further Soviet penetration of the Middle East.

Informed sources said the pact council, with Secretary of State John Foster Dulles sitting in as an observer, approved secret proposals for cooperation worked out by the pact's military committee. The United States, though not a member of the Baghdad Pact, is a member of the military committee. Dulles pledged Monday that American "mobile power" would back up the individual pact members in case of communist aggression.

The ministers met for an hour and a half today and approved a formal program for the rest of their meetings as well as hearing the report of the military committee.

The report is secret. But informed sources said it included plans for meshing national forces of the Baghdad Pact nations—Britain, Turkey, Iran, Iraq and Pakistan—into a more solid shield against the Soviet threat from the north.

American sources said the plan was based on a NATO-type concept—that an attack on any Baghdad Pact nation in the Middle East would be considered an attack on all.

This was bolstered considerably by Dulles' promise of powerful mobile aid, which American sources said meant the missile-packing 8th Fleet in the Mediterranean and the U.S. Strategic Air Command.

The ministers completed their plenary session today and then went into an even more secret restricted session on Soviet penetration. The top ministers of each of the six nations here were accompanied by only a few top advisers, and no minutes were kept.

Informed sources said the chief subject was the growing Soviet Middle East penetration during the past year. It was also believed they were discussing the possible Middle Eastern effects of a "summit" conference.

For Turkey, events in the British island of Cyprus were almost overshadowing the meeting here.

This reaction followed talks Monday and today in Cyprus where the Turkish minority is demonstrating for partition of the island rather than permitting it to unite with Greece. The Turks said here they oppose a British reconciliation plan.

Group Seeks Annexation In Pinecrest Section

The question of annexation confronted the Board of Sanford City Commissioners last night as they considered a request, signed by a number of residents, to annex the Pinecrest area.

The letter stated: "We understand the city now has the legal machinery to annex. A number of people in the Pinecrest area would appreciate your taking action."

Commissioner Robert S. Brown stated "It would be the privilege of this commission to set the area."

The City Attorney, William C. Hutchison, told commissioners "You can accept requests of property owners to come in, however, they should designate the area they want annexed."

Commissioner Brown suggested that the board of commissioners give "some thought to this" and designate the area to be considered.

"We don't want to bring people in without telling them we can furnish certain services within a certain date and there are areas in which we could give these services at once—others it would take as much as two years," said Commissioner Brown.

Relative to the question of a recommendation from the Zoning and Planning Commission, Commissioner David Gatchel stated "I feel our Zoning and Planning Commission is concerned with the city as it is now and I feel that this problem is up to us."

He said "We've heard in the past few days how Tampa has doubled its size—all done with careful prior planning. It is definitely up to this commission to set up a proposed area for annexation and our best bet is to set a target date of March 10 to designate the area."

A spokesman in the audience stated "Most people would like for the date to be set so that annexation would be accomplished by July 1 when fire protection ceases."

Mrs. Edna Norman, attending the commission meeting with three other representatives of the local Taxpayers Association said "I am pleased with the attitude of this commission—I think the people out here are not near as opposed to coming into the city as they were. My request is that you let us know what your plans are."

"This is the first time annexation has come up," Mayor Merle Warner said. "This commission wants to work with your organization—we need your cooperation."

Commissioners agreed to set Mar. 10 as the target date for designating an area to be annexed.

Station Wagon, Truck Collide At Intersection

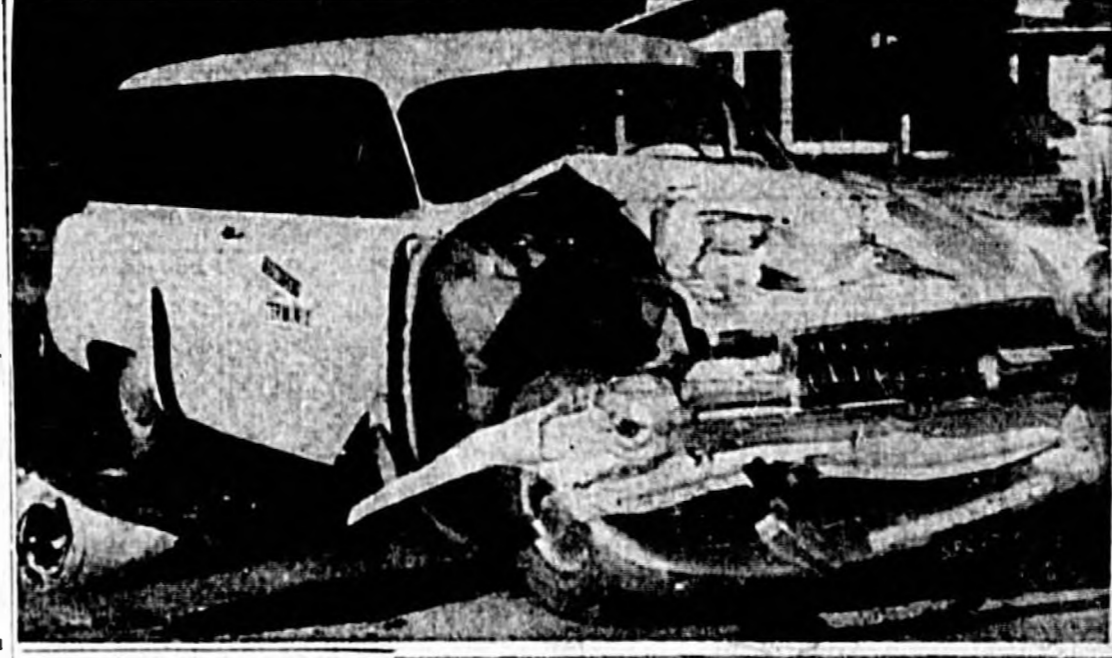

The front end of a station wagon was practically torn off in a collision with a pickup truck at the intersection of the Old Orlando Highway and south Sanford Ave. this morning about 9:30.

The station wagon, traveling north and the pickup truck traveling south, collided in the center of the intersection as the truck, apparently heading toward Lake Jessup on Sanford Ave. pulled in front of the station wagon.

Damages to the station wagon, owned by Terminix Co. of Orlando, were estimated at \$400. The driver was Andrew W. Deason, 37-year-old representative of the Orlando firm. He was not injured.

The truck, a 1950 Chevrolet, is owned by Stokes Fish Market and was driven by Alphonso Walden, 44-year-old Negro of Sanford.

James L. Sikes, Patrolman for the Florida Highway Patrol, investigated the accident. He said charges of violating the right-of-way and operating a vehicle with no drivers license would be filed against Walden.

THE TWO AUTOMOBILES above were damaged this morning about 9:30 in a collision at the intersection of Sanford Ave. and the Old Orlando Highway. Damage to top car is estimated at \$400. Truck, which plowed into a roadside field, was a total loss. (Staff Photos)

Roy Campanella Suffers Broken Neck In Wreck

GLEN COVE, N. Y. (UP)—Los Angeles Dodgers star catcher Roy Campanella suffered a broken neck in an automobile accident early today. He is "paralyzed from the chest down," his wife told newsmen.

An operation to relieve pressure on his spinal cord and to return to baseball cannot be known until the operation is completed, the hospital said.

A doctor, who declined to be identified, said, however, that "his playing days may be over."

Mrs. Campanella, mother of six children under 18, told newsmen she saw her husband shortly after he was admitted to the hospital at 4:12 a. m. and "the just moaned. He's paralyzed from the chest down."

Worried Dodger officials gathered at the hospital and Dodger president Walter O'Malley kept in touch by telephone from New York. The chunky Negro catcher, the National League's most valuable player in 1951, 1953, and 1955 had been due to report to the Dodgers' Vero Beach, Fla., training camp about Feb. 29.

Campanella was nearing his \$50,000 home in a real estate development on the former estate of the late financier J. P. Morgan when his car skidded on a sharp curve near the crest of a hill and crashed into a telephone pole.

R. S. Griffin Dies Yesterday

Ralph Samuel Griffin, 77, died suddenly Monday morning at his residence in Sanford, 2910 Maple Ave.

Mr. Griffin was born Sept. 26, 1880 in New York. He was a former resident of Palenville, N. Y. and had been in Florida most of his life as a caretaker.

Surviving are two sisters, one of Merchantville, N. Y. and one from Fort Lauderdale.

Remains will be shipped today to Ustler County, N. C. for funeral services and interment in Blue Mountain Cemetery.

Grankow Funeral Home is in charge.

City Commission Discusses Natural Gas, Franchise

Natural gas and a franchise for the existing gas company were discussed last night by a member of the Sanford Gas Company board of directors and members of the Board of Sanford City Commissioners.

Arthur S. Dewing, a director in the Sanford Gas Co. organization told commissioners the "franchise was originally given in 1928" and "will expire in March of 1958."

There are two important provisions, Dewing said. One is that if the City of Sanford wishes to buy the gas works it should so notify the company a year in advance of the franchise expiration; and two, if the City of Sanford does not wish to buy, the franchise must be renewed.

Commissioners took exception to the statement by the gas company executive that the franchise must be renewed.

City Manager Warren E. Knowles explained that the commission wished to obtain natural gas for Sanford. However, officials of the Sanford Gas Co. could not furnish information that the gas would be furnished. "To this date," said Knowles, "this evidence was not forthcoming."

Dewing said that the matter could be briefly summarized and explained "We signed with authorities we would take natural gas and deliver to our customers and the federal power commission definitely allocated gas to Sanford."

According to Dewing "We have hesitated to make any definite statements but we do have a commitment to take natural gas from the Houston Gas Co."

Commissioner Earl Higginbotham asked Dewing "Are you in a position to give us a commitment that you will furnish natural gas when available?"

The commissioner said "If so, and when such a commitment is in our files, we would be in a position to talk franchise."

Sidewalk Machines Ordered Removed

The Board of Sanford City Commissioners last night ordered Chief of Police Roy G. Williams to remove weight machines from the sidewalks in Sanford.

"You will not allow them to be installed again," the commission told Chief Williams.

The move by the city was made when several citizens apparently were referred to the City of Sanford to make claims for injuries received when they stumbled over the machines.

"Let's announce our intentions on the removal of merchandise from the sidewalks and put the discussion on the agenda for the next meeting," Commissioner David Gatchel said.

"This move is going to be far-reaching," one commissioner said, "and we will have to back the chief 100 per cent."

The entire question of merchandise on sidewalks throughout the city was discussed as examples of injuries reported to the commission were reviewed and the types of merchandise or equipment appearing on sidewalk right-of-ways were described.

Commissioner Gatchel said "We've got to be prepared for what will hit us."

The scope of the discussion covered the selling of foods from cardboard placed on the sidewalks in front of stores which Commissioner Higginbotham stated is "unhealthy." "This is a touchy situation but a bad one," he said.

Social Security Rep. Will Be Here Next Month

A representative of the Social Security Administration District Office will be at the Civic Center Building, Fort Mellon Park in Sanford on Friday, Feb. 7, Friday, Feb. 14, and Friday, Feb. 21, 1958, between the hours of 9:00 a. m. and noon.

This service is made available to those who wish to apply for Old-Age and Survivors Insurance benefits, social security account numbers, or obtain information about the social security program.

Local Firm Seeks Site From City

A major property deal for local industry expansion brought varying comments from commissioners last night when an offer was made for the purchase of an industrial site in the downtown area.

John Burton IV, architect, and speaking for Lee Brothers Plumbing and Heating, stated that a cash offer of \$6,000 was made for the property in question.

"French Ave. property is unquestionably valuable," Burton told the board of commissioners.

However, he explained, this is a home industry, well established, sales in excess of \$20,000 annually and an annual payroll of \$170,000.

Commissioner Earl Higginbotham objected to the offer since "we have been offered over \$15,000 for the same piece of property."

Referring to other sales of city property, Burton asked that the home industry receive the same cooperation as those industries outside the city.

Commissioner David Gatchel commented "Just because one city commissioner made a mistake there is no reason this one will."

Commissioner A. L. Wilson stated "when you look at the appraisal and at the offer I don't see how we can get together."

Commissioner Robert S. Brown said "the offer is way below what I've dreamed of."

Burton revealed that immediate building plans of Lee Brothers would be in the neighborhood of \$30 to \$50 thousand.

In a poll of commission members Commissioner Wilson said "I think we should do as much for home people as outside but we should get as much as a third of the amount appraised."

Commissioner Higginbotham said "It wouldn't be less than that."

Mayor Merle Warner explained that his figure would be "\$15,000."

Commissioner Gatchel said "I don't have a figure," and Commissioner Brown stated his figure would be \$18,000.

City Manager Warren E. Knowles told the board of commissioners "I think it is a very good time to point up the need of a policy on which to sell city property. We have sold 17-92 property for \$200 on which we won't get taxes. We are now talking about a city firm, well established. Let's don't slam the door on hometown industry."

Commissioner Gatchel commented "That's true. It's a hard thing to say no to a well established firm."

Burton raised the offer of the property in question to \$40,000 and the Board of Commissioners agreed to take the offer under consideration and place the matter on the next meeting's agenda for discussion.

Local Barracks To Meet Friday

A regular meeting of World War I Sanford Barracks 494 will be held at the American Legion this Friday, Jan. 31, at 7:30 p. m. Joel Field said today.

Plans will be made for a charity night dinner to be held in February he said.

Registration Cards Should Be Returned By Friday

Seminole County citizens are reminded that return cards for registration should be received at the office of the Seminole County Supervisor of registrars no later than Jan. 31.

All persons whose names appeared on the Seminole County registration books have been mailed cards notifying them of the necessity to register by mail.

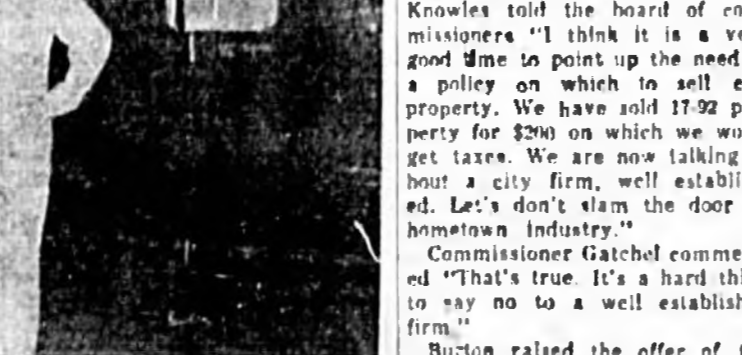

Mrs. Camilla Bruce, Seminole County Supervisor of Registration, said today that those not returning the card will have their names stricken from the registration list.

"Those who have not received cards may register in person on Tuesdays at the Registration Office in the Chamber of Commerce Building," Mrs. Bruce said.

Coffee Club Meet Thursday Morning

The Coffee Club of the Seminole County Chamber of Commerce will meet Thursday morning at 10 o'clock at Mrs. Appleby's Valdez Restaurant. Charlie Morrison, Seminole County's "Good Will" Ambassador, will be in charge and will welcome several newcomers to Sanford and Seminole County.

Special guests of the Coffee Club will be E. S. (Gene) Johnson, president of Johnson Electronics of Casselberry, and Ralph Weber, executive vice-president, of his new industry.

THE HELICOPTER Salvage Crew stands beside rescue aircraft after salvage operations completed NAS Sanford, yesterday. Left to right: T-Sgt. Alford, Corporal Murnighan, Cpl DeLee, Maj. Teebow, Cpl. Moore, T-Sgt. Caron, T-Sgt. Dangerfield, Lt. Gernaghy, and M-Sgt. Barr. (Official USN Photo)

Additional Local News On Page 8

Helicopter Scores 'A First' Yesterday

NAS Sanford reported a first late yesterday when a Sikorsky transport-type helicopter lifted a smaller utility-type helicopter from the swampy shores of Lake Jessup at 4 p. m. Major W. J. Tebow, directing the operation, stated that a lift of this type had not been accomplished prior to the actual salvage operation yesterday afternoon.

Major R. D. McKittrick, at the controls of the Sikorsky transport-type helicopter, lifted the stricken craft from the mud to an altitude of approximately 200 feet and delivered it across Lake Jessup to the concrete apron on the North West runway of Naval Air Station, Sanford.

The need for a helicopter salvage operation came into being on Jan. 23 when a light utility-type helicopter, departing the NAS Sanford at the time of the forced landing, South East of the Naval Air Station on the southern bank of Lake Jessup. The forced landing was executed from an altitude of approximately 300 feet with no damage to aircraft, property, or injury to any of the crew members.

First Lieutenant Charles Popak was at the controls of the aircraft at the time of the forced landing.

AMATEUR ROCKETER HURT

NORFOLK, Va. (UP)—Amateur rocketeer Harold Bryant, 15, lost two fingers when fuel for a homemade rocket exploded. Injuries to his hand necessitated amputation of the fingers.

TROOP PULL-OUT BEGINS

MANILA (UP)—U. S. Ambassador to the Philippines Charles E. Bohlen said today American military forces expect to complete an intensified pull-out from Manila by next July 31. It is a note delivered to the foreign office, Bohlen said stepped-up evacuation of the Manila Air Station by U. S. military forces will begin this week. He said this was made possible by the conclusion of arrangements for a commercial concern to handle U. S. military cargo through the port of Manila.
