

PUBLIC HEARING CALLED FOR INTER-COSTAL CANAL TO BE HELD IN THIS CITY

Good Work of Central Florida Water Traffic League is Shown MAJ. LEMAN HERE

ON JUNE 27TH AT 9:30 A. M. IN
THE COURT HOUSE TO HEAR
FROM INTERESTED PARTIES

One of the finest bits of news for Sanford and Orlando people and all the other good boosters on the lower East Coast is the letter sent out today by the U. S. Corps of Engineers thru Major Leman with headquarters at Jacksonville, calling a meeting here on June 27th for the purpose of hearing those parties who are interested in an intra-coastal waterway from Jacksonville to Miami. This hearing was asked for by the Central Florida Water Traffic League at the Titusville hearing after the case had been presented to well by Judge Bland and the further hearing was asked for Sanford to present more facts and figures. The following is the letter sent out by Major Leman:

List No. 948.
Notice of public hearing to be held in the Court House at Sanford, Florida, on Tuesday, June 27th, 1922, at 9:30 a. m., in connection with preliminary examination of Intra-Coastal waterway, from Jacksonville, Florida, to Miami, Florida, called for by the Act of Congress, approved June 5th, 1920.

A public hearing will be held in the Court House at Sanford, Florida, at 9:30 a. m. Tuesday, June 27th, 1922, for the purpose of securing information upon which to base my report of the preliminary examination of the Intra-Coastal Waterway from Jacksonville, Florida, to Miami, Florida, called for by the River and Harbor Act approved June 5, 1920, at which all parties interested are invited to be present. While oral statements made at the hearing will be given due consideration, important facts and arguments to have special weight in the case, should preferably be submitted in writing.

There now exists an Intra-Coastal Waterway from Jacksonville, Florida, to Miami, Florida, but this waterway is not covered by a project adopted by the National Government except so far as that portion extending along the Indian River from Goat Creek to Jupiter Inlet. The adopted project for this portion of the Indian river provides for a channel 5 feet deep at mean low water. The act directing this preliminary examination does not define the location of the waterway to be reported upon, therefore, information is desired as to the most suitable location for an Intra-Coastal Waterway as well as data showing the necessity of such a waterway.

At this hearing information is particularly desired on the following points:

- 1.—What is the character, tonnage and value of the present outgoing commerce from your territory? What proportion of this tonnage moves by rail and what proportion by water, and to what markets is it shipped?
- 2.—How are the rail shipments handled, i. e., are they shipped on through bill of lading from point of origin to the market, or are they shipped to Jacksonville and there re-shipped by rail or water to their destination? What proportion of the outgoing shipments by rail is reshipped from Jacksonville by water to its ultimate market?
- 3.—How are the water shipments handled? Are they for local consumption in Jacksonville, or for reshipment to points beyond? If the latter case, what proportion goes forward by rail, and what by water from Jacksonville?
- 4.—Give similar information for any incoming shipments, stating character, amount, value, point of origin, and routing from point of origin to Jacksonville, and from Jacksonville to ultimate destination.
- 5.—Are the boats now running in the canal trade able to carry all the fruit, vegetables and other produce offered for water transportation? Do they get all the business they can handle? If not, why is not more produce shipped by water? If the present boats are offered more than they can handle

NEGRO ESCAPES FROM MOB BY NARROW MARGIN

HAD ROPE AROUND HIS NECK WHEN CAR WAS WRECKED AND HE BEAT IT

(By The Associated Press)
IRWINGTON, Ga., May 24.—Jim Denson, negro, is believed to have shattered all lynching records by escaping from a mob after a rope had been placed about his neck and today he is reported to be attempting to elude sheriff's posse and reach seon to take refuge in a mob proof jail. Denson was convicted of attacking a white woman, and was taken from jail here early yesterday after a battle between jail attaches and a mob. He was placed in an automobile, a rope about his neck, when the automobile crashed into another car. The occupants were thrown out, Denson was said to have recovered first and made a hasty retreat from the scene.

SENATE PASSES BILL TO AID THE FARMER

(By The Associated Press)
WASHINGTON, May 24.—Another bill by Senator Harris, Democrat, Georgia, designed to aid farmers in securing credit, was passed by the Senate and sent to the House. It broadens the government warehouse act by authorizing the department of agriculture to extend the list of farm commodities which may be stored in government licensed warehouses, and also to classify stored products.

TWELVE THOUSAND STOLEN BY HOLD UP MEN TODAY AT BRIDGEPORT, CONN.

(By The Associated Press)
BRIDGEPORT, May 24.—One bandit was killed and another was injured and twelve thousand dollar payroll of a Connecticut company was recovered after a hold up by four men and a pistol fight with the police today. The other bandits were captured.

BRIDGEPORT, Conn., May 24.—A twelve thousand dollar payroll of a Connecticut company which operates a traction system throughout the state, was stolen by robbers today who held up an official of the company and escaped in an automobile.

ALLEGED MURDERER MAKES HIS ESCAPE

(By The Associated Press)
MACON, Ga., May 24.—Lit Boatman, who was taken from the county jail here on Monday to Terrell county for trial on a charge of murder, has escaped, officers were informed by long distance telephone late yesterday.

CARLSTROM FIELD ABANDONED, WILL NOT BE USED LONGER, EQUIPMENT GOES TO TEXAS

And Officers and Men Will Be Transferred to Other Fields

(By The Associated Press)
JACKSONVILLE, May 24.—Carlstrom Field at Arcadia, Fla., will be entirely abandoned by the government in June, according to Major General M. M. Patrick, chief of the army air service, who arrived here yesterday afternoon by airplane from an inspection of the field. The field will be abandoned as an aviation training grounds after the graduation of the present class in June, General Patrick said. Announcement that the war department would transfer the field's activities to a Texas camp, was made several months ago. Since that time, vigorous protests have been made against the abandonment of the field. Senator Fletcher of Florida, was informed several days ago by Secretary Weeks that General Patrick would come to Florida with a view to determining if the field could be utilized by the government for other purposes. Apparently the general decided that it could not. At present there are stationed at the field about 500 officers, men and cadets. It is planned to transfer these men to other fields in line with the war department's announced policy of concentrating its training activities in favor of economy. General Patrick said last night that it was probable the government would consider private offers for its holdings at Arcadia. A movement he said, is now afoot to locate an enterprise on the land. Efforts were being made by local men, he said, to interest commercial aviation companies in the property. General Patrick plans to continue his trip northward by the air route today, going from here to Americus, Ga., and from there to Camp Benning, Ga.

Henry Ford Denies Report of Big Park Kept Up Ft. Myers

Said He Never Offered to Purchase a Tract or Keep It Up

(By The Associated Press)
JACKSONVILLE, May 24.—Henry Ford in a letter to Senator Fletcher denied he offered to purchase a large tract of land near Fort Myers for a park, if the government would keep it up, as reported last week, according to the Florida Metropolis Washington correspondent today.

TYLANDER ELECTED PRESIDENT OF LUMBERMEN MEETING AT ORLANDO

(By The Associated Press)
ORLANDO, May 24.—W. E. Tylander, of Fort Pierce, was re-elected president of the Florida Lumber and Millwork Association here yesterday at the closing session of the association's third annual convention, and Daytona was selected as the next convention city. Other officers elected were: A. McIntosh Tampa, vice-president, and J. P. Williams, Orlando secretary.

The following regional directors were chosen: B. F. Redstone, Vero; T. L. Howell, New Smyrna; A. L. Rossiter, St. Petersburg; J. A. Jones, Dugger, Winter Haven; C. C. Jones, Jacksonville; T. F. Alexander, Tampa; C. T. Reekard, Fort Lauderdale; R. L. Todd, Ocala.

President Tylander said yesterday that he considered the convention had been the most successful one since the association was organized, adding that both in attendance and interest it had exceeded his fondest hopes. Members of the association declared they had been royally entertained during their stay in this city.

Thrift consists in loving a savings account more than the good opinion of the neighbors.

Judge Bland Accepts Citizenship Papers as Honorary Sanfordite

Judge W. T. Bland, president of the First National Bank, of Orlando, the youngest in Florida citizenship, has already endeared himself to all those people of Central Florida with whom he has come into contact by his upstanding, honest and courageous fight for water transportation and St. Johns river improvements and lower freight rates. A few days ago the Herald made Judge Bland an honorary citizen of Sanford and he accepts the citizenship in the following letter:

"My attention was called to the very complimentary editorial with reference to myself in your issue of May 9th, and I sincerely and genuinely appreciate the fact that the Herald has made me an honorary citizen of Sanford. Needless to say, I accept.

"I intended to express to you my appreciation at an earlier date, but public demands as well as private business matters have deferred my attention. I notice in the Orlando Sentinel a quoted editorial from the Herald as to the spirit of co-operation and good feeling which should exist and does now exist between Sanford and Orlando. I believe this feeling is exactly as it should be and there should be the fullest co-operation between the two cities for their common good and development and also the interior of Florida.

"I again thank you.
"Sincerely and cordially yours,
"W. T. BLAND."

CITY FIREMEN KILLED IN MILWAUKEE FIRE IN DEEP TUNNEL

(By The Associated Press)
MILWAUKEE, May 24.—Three city firemen and two tunnel workers were killed by gas and electricity at the bottom of a fifty-foot shaft of sewer system this morning, and nearly a score of firemen were overcome. Firemen were trying to rescue two dead tunnel workers.

REDUCTIONS IN FREIGHT RATES AVERAGING 10 P.C. ORDERED BY I.C.C. TODAY

RADIO FANS WILL HEAR MARINE BAND

CONCERT TONIGHT AT EIGHT O'CLOCK AT WASH- INGTON

(By The Associated Press)
WASHINGTON, May 24.—The Marine band, known as the president's own, will give a radio concert at 8:00 o'clock tonight. The concert will last one hour and is expected to be heard throughout eastern part of country and Canada. Station will use wave length of 412 meters and signal N. O. F.

GENERAL WOOD SAFE MISSING 36 HOURS CAUGHT IN TYPHOON

(By The Associated Press)
MANILA, May 24.—Leonard Wood, governor-general of the Philippines, is safe after having been missing for thirty six hours on the yacht Apo, following a typhoon, according to word received here today. The yacht is reported to have taken refuge on an island near Mindanao, where Wood had gone Saturday on an inspection trip.

MINERS REFUSE WAGE CUT OF 21 PER CENT

(By The Associated Press)
NEW YORK, May 24.—Forty members of the Anthracite Miner's general scale committee convened here yesterday to frame a refusal of the operator's demands that wages be cut 21 per cent.

"Our men in the fields, whom we have consulted about the proposed cut, tell us to stick till doomsday," said a member of the committee who had just returned from a tour of his district.

CHARGES DAUGHERTY WITH HIRING SPIES TO SHADOW MEMBERS

(By The Associated Press)
WASHINGTON, May 24.—Attorney general Daugherty was charged by Senator Caraway, Arkansas, while speaking today in the Senate, with having assigned secret service operatives to shadow members of Congress.

CAUGHT IN MIAMI AFTER MANY YEARS REAL ESTATE MAN

(By The Associated Press)
MIAMI, May 24.—J. D. Myers, local real estate man who was identified by officials of Salt Lake City bank as Milton J. Joseph, clerk, who disappeared several years ago with fifty-four thousand dollars, will be extradited to Utah immediately under a ruling of the Supreme Court at Tallahassee today. Myers insists it was a case of mistaken identity.

Decision Resulted From Inquiry Into General Rate Structure OF THE NATION

TWELVE AND ONE-HALF PER CENT IN SOUTHERN AND MOUNTAIN TERRITORY

(By The Associated Press)
WASHINGTON, May 24.—A reduction in freight rates averaging about ten per cent, was ordered today by the Interstate Commerce Commission in a decision resulting from its inquiry into the general rate structure of the nation. The cut in freight rates was fixed by commission at fourteen per cent in the eastern territory; thirteen and one half per cent in the western, and twelve and one half per cent in the southern and mountain pacific territories.

All the reductions were ordered effective July first and constitute a greater cut than was generally expected.

The commission in ordering the reduction, held that the national railroads were entitled to earn five and one half per cent on the value of their property rather than approximately six per cent, which was fixed as a reasonable return in transportation act of 1920.

Transportation charges on passenger travel and pullman charges are left unaffected by today's decision. Rate cut horizontal and removes percentage of general increases given all railroad rates in 1920.

Agricultural products will not be affected by today's reduction. A reduction of sixteen and one half percent made in western hay and grain rates last fall and a voluntary ten per cent cut made in all agricultural products by the railroads January first, will be substituted for decision on these two commodities.

WASHINGTON, May 24.—Admin- istration intervention into railroad rate problems, as instanced most re- cently in President Harding's din- ner conference with carrier execu- tives, has disclosed the close rela- tionship between these and problems of railroad pay scales and railroad financing, it was indicated yesterday at the White House.

Railroad managements, it was said, while voicing approval of the general proposal that rates be brought down in the interests of general business betterment and expansion of enterprises, have taken the opportunity to tell of their own troubles with wage scales which they consider too high, with the financing of new equipment and repair of old, and the maintenance and betterment of their lines. The result is said to leave President Harding hopeful, however, that tangible immediate reduction can be obtained.

Railroad executives were told by the President and Secretary Hoover at the Saturday night conference that if they would leave class rates practically unchanged at existing levels, they could go into session with the Interstate Commerce Commission and at once cut sharply existing charges on coal, iron, ores, brick, paving materials, and other heavy tonnage low until prices commodities. This, in the administration view, would remove burdens which have acted to retard the wheels of commerce and at the same time leave high rates on traffic which can bear the burden, because of its high unit price. Many railroads regard the proposals with favor, but others look with concern on the plan as comprising a reduction in their chief source of revenue. Among the latter are listed the "coal roads."

Rail earnings in the East have developed a recent tendency to rise, it was argued by railroad managers, while Western roads are still at lower earning points, indicating a necessity for treating the rate problem regionally.

So far the bandits in other localities have not threatened to move to New York if further molested.

Explosion end of second act. "Wives" Here is where you look for the remains at Shrine Ceremonial, Saturday, May 27th

Scene From MARY PICKFORD'S "LITTLE LORD FAUNTLEROY" Which will be the feature attraction at the Princess next Friday and Saturday

PERSONALS

Sanford is about due for a regular cloudburst which we do not need.

R. S. Sheldon of Geneva was in the city today on business and visiting with friends.

If you have a room to rent for Saturday and Sunday, list it with the Shriner's committee.

Candidates are scarce in Sanford. Only a few of them have been here so far and they make but little noise.

Many new business houses are opening here, many branches of other businesses are opening here, many retail business houses are just waiting for store rooms to come here. Sanford will be some busy town this fall.

Let everybody clean up their yards and residences and get ready for the advent of the thousands of people here Saturday. Sanford will be talked about for many months to come and it is up to the people as to whether it will be favorable or unfavorable talk.

YOUNG MAN DROWNS IN SILVER SPRINGS

Herbert Chappell, a young man of Durham, N. C., who was formerly employed by the Dr. P. Phillips Company as packer, was drowned Sunday afternoon in Silver Springs, which is located about six miles out of Ocala. Mr. Chappell on Sunday with a party of friends, motored over to Silver Springs where they were to spend the day. In the afternoon the boys decided to go in swimming and Mr. Chappell, who was leading the party to water ran out on the springboard and dived in, swimming under water for several feet towards the float which is located a short distance out in the spring. He then came up and swam around for a while and went under again and didn't come up. One of the boys who was swimming nearby dived down and finally succeeded in bringing the body to the surface. A Dr. Peek, of Ocala, who happened to be at the Springs at the time, did all possible to resuscitate him, and it is thought that he died of heart trouble as a number of his friends say he was an expert swimmer.—Orlando Sentinel.

ANNOUNCEMENT!

On Friday evening at 8:15 at the High School the pupils of Miss Williams' class in Expression will give their first recital. The major part of this recital will be a charming play, "A Southern Cinderella," besides readings by various pupils. This is the first opportunity the people of Sanford have had of seeing some of Miss Williams' excellent work with her class in Expression. As Miss Williams has most generously donated the receipts of this recital to the Domestic Science fund, it is expected that all friends of the High School will be present. The program will be published in Thursday's and Friday's Herald. Tickets, 35c and 50c. 49-2tc

THE WEATHER

For Florida: Partly cloudy tonight and Wednesday; probably showers in extreme south portion.

DAUGHERTY IS SILENT AFTER SENATE FIGHT

(By The Associated Press) WASHINGTON, May 23.—More documents to support the charge that Attorney General Daugherty and Thomas B. Felder, Atlanta attorney, had a contract with Charles W. Morse through which they were to receive \$25,000 for obtaining his release from the penitentiary in 1912 will be placed before the senate this week, Senator Carraway, Arkansas said yesterday.

Carraway caused a stir in political circles here Saturday by reading to the senate copies of documents signed by Daugherty and Felder which he said showed the attorney general helped to obtain the Morse pardon.

Republican leaders of the senate were expected to confer yesterday as to how to meet Carraway's continued attack, his charges Saturday being made in the face of statements by Senator Watson, Indiana, who said the attorney general had told him that he was not in any way connected with the Morse pardon.

Carraway's presentation of the alleged Daugherty letter and the Daugherty-Felder contract already has caused friction between the department of justice and Republican leaders.

Early yesterday it was said at the department of justice that there was no statement from Daugherty in reply to the charges of Carraway. The attorney general has steadfastly refused to discuss the matter.

Representative Woodruff, Michigan, who has been demanding an investigation by a special house committee of alleged laxity on the part of the attorney general in prosecuting war grafters, this week probably will attempt to force Republican house leaders to allow the house to vote on his resolution for the inquiry.

Woodruff and Carraway have both made the charges that "a working partnership" still exists between Daugherty and Felder.

ONLY HOPEFUL OF REDUCTION IN R. R. RATES

SAYS PRESIDENT REGARDING THE WHITE HOUSE CONFERENCE

(By The Associated Press) WASHINGTON, May 23.—Harding represented at White House as merely hopeful of a voluntary reduction in transportation rates would result from Saturday night's White House dinner conference. Obstacles in the way of obtaining voluntary action by the railroads in the way of rate reductions on thorough going basis desired by the administration was described at the white house as somewhat formidable.

TIRE OF BLACKMAIL MILLIONAIRE SLAYS RATHER THAN PAY

(By The Associated Press) WHITE PLAINS, New York, May 23.—The slaying of Clarence Peters last Tuesday by Walter S. Ward, son of George S. Ward, millionaire head of the Ward Baking Powder Company, followed the elder Ward's refusal to give his son fifty thousand dollars to pay his alleged blackmailers, it was learned today. Ward was police commissioner of New Rochelle and vice-President of his father's baking company, had already paid the blackmailers thirty thousand dollars, said sheriff Warner.

AMERICAN MEDICAL ASSOCIATION ASKS FOR CHECK ON BOOZE

(By The Associated Press) ST. LOUIS, May 23.—House of delegates, of the American Medical Association, today adopted a resolution asking the Government to take over the distribution of whiskey for medical purposes only, in eight, sixteen and thirty-two ounce sealed packages.

FOUR HUNDRED MIDDIES WILL GRADUATE THIS YEAR FROM NAVAL ACADEMY

WASHINGTON, May 23.—The commission for all of approximately four hundred midshipmen in this year's graduating class at the Naval Academy was virtually assured today when the Senate Naval Committee voted unanimously to recommend the confirmation of their examinations for ensigns, was sent to the Senate by President.

If any subscribers of the Daily Herald have a copy of April 12th, the Herald office would like to have one or more copies and will pay five cents per copy for them.

ROTARY CLUB WILL ENTERTAIN S. H. S. SENIORS

NIGHT MEETING AT MONTEZUMA HOTEL WILL BE FULL OF FUN

The Sanford Rotary Club had a most interesting meeting today at the Valdez Hotel at which President Thrasher told them of some of the aims of the club for the year. He called upon chairman of the educational committee B. F. Whitner who explained that there will be a regular program of education from this time forward and each member will be asked to give a short talk on his own business and one on Rotary every meeting. Judge Householder of the entertainment committee reported that he would have everything ready at the next meeting to make it pleasant for the new members who have recently joined the Rotary Club. At this meeting the senior boys of the High School, Class of 1922 will be the guests of the Rotary Club and will put on a short program. With this program and with the program of the entertainment committee there will be something doing at the next meeting which will be a night meeting and will be held at the Montezuma Hotel starting promptly at seven o'clock and lasting until everything is over.

GENERAL WOOD AND FAMILY MAY BE LOST ON SHIP THAT STRUCK TYPHOON

(By The Associated Press) MANILA, May 23.—Wireless queries to Yacht Apo on which Governor-General Leonard Wood, his wife and daughter sailed "Saturday" for Mindoro, have not been answered and the typhoon which raged yesterday is believed to be responsible for delay in their return.

INVERNESS PLANTER KILLED YESTERDAY—TRACTOR FELL ON HIM

(By The Associated Press) INVERNESS, May 23.—G. W. Crille, a wealthy planter here, was killed late yesterday when a tractor which was hauling melons in his field turned over, pinning him beneath.

FLAPPER TO MAKE FINE WOMEN, SAYS PASTOR IN CHICAGO

CHICAGO, May 23.—The modern flapper was defended by the Rev. Albert Pennewell, pastor of the Covenant church, at Ranston yesterday in a sermon in which he approved of short skirts, bobbed hair and knickerbockers. "Flapperism is not a disease but a diversion," he said. "Bobbed hair, short skirts and knickerbockers are not signs of sin, but a declaration of independence. The girls are a jolly lot and they will give us the finest generation of women the world has ever known." "We are passing from the man age, a rough age, and emerging into the age of culture, the women's age. That is why the flapper exists today. The new age will be one in which their influence will be felt. Girls in the past have been pretty little birds in cages of husky beasts of burden."

CYCLING IS VERY POPULAR AMONG FRENCH PEOPLE

A recent Associated Press dispatch from Paris, France says: "Cycling which is practically a dead art in the United States, as far as use of the wheel for 'recreational purposes' is concerned, is more popular than ever in France. With 4,308,129 bicycles in commission, there is a wheel to every ninth man, woman or child in France. In 1920 there were only 2,272,324."

More rain, more rest

Nice cool weather for the candidates of the Shrine.

The Sanford Country Club is destined to be one of the best in the state and the golf links are already given up to be among the finest in the south.

Only 40 crooks among the post-office employees of New York city is not so bad. Might be called the "Days of 49" and send them to the big celebration at Sacramento.

Tampa is going after greater port terminals and docking facilities and Tampa is looking to the future. Sanford made no mistake in bonding for a better pier and dock and wharf for the landing of the big boats that will soon be coming up the St. Johns river.

Report from Ireland says Ulster has made prisoners of 300 Sinn Fein men. In that case there should be a surcease of war. There cannot be many more Sinn Fein or Ulsterites left and with 300 prisoners and 300 Ulsterites to guard them a truce will be necessary.

Advertise Sanford, eat Sanford products, wear Sanford clothes, buy Sanford stuff every time, talk Sanford wherever you go, tell them about our million dollars worth of new buildings, the bond issue, the golf links, the country club and everything. You should be proud of your city.

Perry G. Wall one of the best beloved men of south Florida and every other part of Florida said in a talk to the Rotary Club the other day that "lack of interest by the people in late years in the big problems of the country is to be blamed for the turning of political parties into aggregations for office getting." And Perry Wall never spoke any truer words and Perry knows whereof he speaks.

OUR GREAT WATERWAY

Col. G. W. Knight, chairman of the public improvement committee of the Sanford Rotary Club, was called upon for a few remarks at the meeting yesterday about the waterway meeting at Titusville last Tuesday and we wish every citizen of Sanford could have heard him. He stressed the great importance of this great waterway, told of the fine work done at Titusville when the case was presented to the engineer and presented by a city twenty-four miles from the river—Orlando—thus demonstrating that it is not a private enterprise for Sanford people but is most important to all the people of central Florida. He also said that when the engineers passed upon the St. Johns river that the work was only started and that then the real work of waking up

Congress to the importance of the St. Johns river would begin and that when that time came around the Central Florida Waterways Association should have 5,000 members for it will take a fund that large to put the matter up to Congress in the right light. His talk was very much to the point and the Herald quite agrees with him on this subject—it is by far the most important project that we have to take up and put over at this time. It means that with a twenty foot channel from Sanford to the ocean and ten feet from Sanford to Miami that there will be the greatest section in the United States opened up. It means that unless this waterway is put over and cheaper transportation obtained that South America and other countries will put fruits and vegetables into the eastern markets cheaper than Florida can do and they are doing it now and when they get into their real stride there will be no use raising fruits and vegetables in Florida for we cannot compete with them. It means that the merchants of this section will be enabled to get cheaper transportation and can pass the saving on to their customers. It means the establishment of many wholesale houses and manufacturing plants in this section and means the very life of business. It is strange indeed that the business men and the growers of central Florida and of all Florida cannot see this great day coming. That is it will be a great day if water transportation is obtained for Florida and a very dark day if it is not obtained. It is strange that the people residing here in the greatest fruit and vegetable section of the state are so blind to their future interests that they cannot see the handwriting on the wall and become members of this association that has started this great project and now ask for more members and for the money to finish the deal.

It is strange that the people of this part of Florida cannot be convinced of the fact that eventually and the day is not far off when it will be impossible for them to do business unless cheaper freight rates can be obtained and cheaper freight rates will only come with the water transportation. It is strange that the cattle men and the lumber men and the turpentine men and all the men who are doing business in Central Florida cannot see where they are heading.

The Central Florida Water Traffic League is your salvation.

KEEP THE LEVIATHAN

The Shipping Board and the government has decided wisely and well in the keeping of the Leviathan and spending a large sum of money in refitting and making over this fine ship. President Harding has also acted wisely and as a true American in refusing to allow the shipping board to change the name of the Leviathan to Harding. The president knows and all the boys who were in the war know the important part the Leviathan played in the war and none of them would want the name of this great monster changed. Our own Morris Spencer and other Sanford boys who were on the Leviathan during the war would probably resent the changing of the name of the great ship that carried so many boys over and carried them back during the war and after the war and those that were on the Leviathan were proud of her performance. Unwieldy perhaps at times and hard to manage, the old Leviathan never failed to draw forth the cheers when she docked in Hoboken.

LOVE AND HELP THY NEIGHBOR AS THYSELF

In a recent issue of The Lakeland Telegram Editor Harry Brown gave expression to a thought that no doubt exists in the minds of many men, and which, if more generally expressed and practiced, would go a long way toward lightening the burdens of our friends and neighbors. "When a business failure, a suicide or other revealing crisis occurs, we realize that here is a man or woman who has been carrying a heavy burden," he says, and "We wish we had known the situation so that we could have been more kindly and generous."

"And the next thought is that there are about us other men and women whose worries and modes of depression no tragedy has yet revealed. Who are they? We do not know; that is just it. If we knew, we should be helpful, friendly and cheering in our attitude to all these people. And they would notice our evident intention to be kind and neighborly, even if there was nothing we could really do, and they would feel a glow of friendly response and appreciation that would make the world seem a better place and life more worth the effort it

MICKIE SAYS

takes to live it. It is too bad that we do not know."

The expression is so close to the thought that a great many men and women often entertain that many papers in the state have reprinted, have printed and commented on it and given approval and commendation. Put into words and on paper there can be little doubt that it will do some measure of good, that it will set in motion generous spirits that have lain dormant for lack of encouragement.

There is no period of life exempt from misery. We enter it in tears; we pass through it in sweat and toil, and many afflictions; we end it always in sorrow. Great and little, rich and poor, not one in the whole world can plead immunity from this condition.

Sympathy is the first great lesson which man should learn. It will be ill for him if he proceeds no farther; if his emotions are excited but to roll back on his heart, and to be fostered in luxurious quiet; but unless he learns to feel for things in which he has no personal interest he can achieve nothing noble or grand.

No doubt there are men in this community weighted with cares and troubles. What a blessing it would be to them if they could go to some more fortunate friend or neighbor, unburden his soul, receive sympathy, advice, counsel and assistance. And what a pleasure it will be to almost any man to be thus consulted and confided in! Our greatest enjoyment after all, comes from doing a good turn. It is the saving of the world. It is the great spirit of brotherhood. And so, each man should live that he is open to the appeal of the less fortunate, that he turn not the back of his hand to the fallen.—Palatka News.

BUILDING CHEAP HOMES

The Lumber Trade Journal of May 15 declares the greatest problem of communities in the United States is that of building cheap homes for the medium classes of labor.

It is a fact that the medium paid labor class is paying, proportionately, the highest rentals in the United States, in proportion to ability to pay. Rentals for the higher classes have come down, or are being lowered gradually but effectively to a point where income and rental will again approximate a basis of equality. New Orleans reports this to be a fact, and Tampa is an example of the tendency downward. What is true in these cities is indicative of the trend elsewhere. But the rentals for cheaper paid workers is still too high.

There must be a way out of it, and the Lumber Trade Journal calls attention to something that may be affecting rentals. It says:

"Somewhere, somehow and by some means someone is making an exorbitant profit on the lumber produced by Southern manufacturers and sold by Southern dealers. Taking New Orleans market as a criterion, the profit to both manufacturer and dealer is as yet but an ordinary one."

Who is this "someone" making an "exorbitant profit" on the lumber produced by Southern manufacturing plants?

True, the trend of the lumber market is upward, but the unprecedented demand for homes continues, and from every section comes the story of increased building. The building permits issued in twenty-seven Northern and Eastern states during April totaled \$333,192,000, for highest valuation ever recorded for one month in the history of the nation. On long Island alone the records show 15,000 frame houses being

erected, structures now actually under process of completion.

But it is in the cost of the more moderate dwelling that the great average American is interested, and the figures show, according to The Lumber Trade Journal, that "somebody" is delaying the game and preventing the like activity in cheaper structures which is seen in the more costly buildings.

Lumber is no cheaper in Chicago, and certainly labor is as high, but at least one contracting manufacturer there has struck the solution to the moderate salaried man's home-owning problem. We quote The Lumber Trade Journal:

"Up in Chicago there is a concern known as the Kriakern Company, and it has prepared a plan to build homes for people who own lots at a cost of \$1,995. These homes are four rooms, with a kitchenette and bathroom and closet additional. They are intended for people who cannot afford to pay more than the price mentioned for a home. They include the installation of gas and electric light fixtures. If the Kriakern Company can do this in Chicago, it is possible of being duplicated in every city of the country and more especially in the larger cities of the South."

MOONSHINE WHISKEY

Long before prohibition, romance surrounded what was known as moonshine liquor. It may have been a trifle raw to the palate accustomed to the bonded article, but at least the "mountain dew" was regarded as pure stuff. When prohibition came upon the land and the bootleggers began the manufacture of synthetic whiskey, with its wood alcohol and other deleterious ingredients, and when the stocks of legitimate bonded goods grew scarcer and scarcer, faith still clung to the corn whiskey of the real moonshiners.

But alas! they are putting the fear of death by poison even into that remaining solace of the days of Volstead. A district judge in Texas, charging a grand jury, states that moonshine stills are now set up in most unsanitary surroundings and that the barrels and containers of the liquid are the rendezvous of rats mice and other vermin and reptiles that formerly were figments of the whiskey-fred imagination. He told the world that out of 1,500 samples of moonshine whiskey tested, only

15 were other than the rankest poison.

There seems nothing left except for congress to make bootleg liquor subject to the provisions of the pure food act.—Florida Post.

The World is Working for You

The manufacturer who makes your shoes is working for you. So is the store that sells you shoes, your grocer, your clothier and every concern or person who makes or sells anything you buy.

Often these people have messages for you. They want to tell you about new goods, new styles, new prices or other new things they think you should know about. They can't speak to you personally because they have so many customers to serve. So they put their messages in the newspaper in the form of advertisements. It is to your interest to read the advertisements. They are published for your benefit. They keep you informed as to what these folks are doing for you. They help you buy the right goods at the right time and to make the most of your money.

Moreover, you'll find that business concerns that tell you frankly what they are doing are the most dependable. Stores that advertise are progressive stores that have something real to say to you. Manufacturers who advertise their products have confidence in them, because it does not pay to advertise anything that is not good.

Reading the Advertisements is both Interesting and Profitable

UNDERWRITERS OPEN CONVENTION AT ORLANDO

ORLANDO, May 23.—Delegates to the eighteenth annual convention of the Florida Local Underwriters' Association, which opens in this city this morning, began arriving in Orlando yesterday, and by nightfall 200 delegates, secretary of the Orlando organization, estimated that more than a hundred and fifty representatives were in the city. More are expected to arrive today.

The meetings will be held in the Grand Theatre, beginning at ten o'clock this morning, and all of them will be open to the public. Mr. McKenney said, with the exception of the closing session on Wednesday afternoon, when the various committees will report and officers will be elected for the ensuing year.

LAY OUT AT DOOR OF KLUX KLAN

(By The Associated Press)
SANFORD, Fla., May 23.—An angry mob and a postcard signed "H. H. Hinkle" were the result of the Klux Klan laying out at the door of the Klux Klan. The Klux Klan, who were laying out at the door of the Klux Klan, were laying out at the door of the Klux Klan. The Klux Klan, who were laying out at the door of the Klux Klan, were laying out at the door of the Klux Klan.

FOUNTAIN OF YOUTH CASE AT ST. AUGUSTINE TAKES A NEW TURN

(By The Associated Press)
ST. AUGUSTINE, May 23.—Lyonella M. Day, of Jacksonville, has recovered her Fountain of Youth temporarily at least, just because she thought she was unmarried in 1919 when legally she was married, and had no right to deed away the property. Since that time, however, the husband died the case has died. It was all threshed out in a suit brought by Miss Day against the Fountain of Youth Company, in which she claimed that control of the property, which embraced other things historical, such as Spanish antiques, had been wrested from her through the organization of what she thought was to be a trust to operate for the benefit of disabled soldiers. The divorce papers of 1919 were brought into the hearing of the suit and acted in a most finicky manner. First the defense wanted to know just what Miss Day could show as authority for bringing the suit under the name of Lyonella M. Day. The plaintiff had on hand the final divorce decree, but the defense insisted that the full divorce proceedings were necessary to prove her single identity. It was necessary to hold up the hearing a day while all the papers were sent from Jacksonville. When they arrived Circuit Judge Gibbs told the plaintiff's attorneys that he would declare the papers invalid because a provision in them to cover the address of Miss Day's former husband was illegal. The provision read that the "address" of the husband was unknown whereas it should have read, it was ruled, that his "place of residence was unknown."

GILCHRIST IS CONFIDENT

(By The Associated Press)
JACKSONVILLE, May 23.—Gov. Albert W. Gilchrist, candidate for the democratic nomination for United States Senator, is spending practically all of his time in the field, visiting the various sections of Florida. He arrived in Jacksonville last Sunday morning after a tour of parts of the western peninsular and central Florida, and along the east coast to Miami and return. Wherever he visited he met with enthusiastic receptions and assurances of strong support. For nearly two weeks he made an intensive campaign and upon his return here expressed utmost confidence in victory at the polls June 6 next.

NEW TRIAL FOR THE HUNT-HULLEY CASE DENIED—TO APPEAL

(By The Associated Press)
ORLANDO, May 23.—Judge C. O. Andrews denied a new trial for the Hunt-Hulley case here yesterday morning, the motion for the new trial having been made during the morning by Massey & Worlow of this city, attorneys for Dr. Lincoln Hulley and the Stetson University. Miss Helen Hunt, plaintiff in the case, which has created state wide interest, was awarded \$25,000 by an Orlando jury Saturday evening in the case she instituted against Dr. Hulley and the Stetson University for alleged malicious and illegal expulsion of Miss Hunt from the University in 1907. The case was conducted in the Orlando court house practically all of last week, Miss Hunt being represented by L. W. Baldwin, of Jacksonville, who was chief counsel, and Davis & Giles of Orlando. Judge L. C. Massey announced yesterday that the case will be appealed to the Florida supreme court at the proper time. Miss Hunt was awarded \$15,000 in case of a verdict against Dr. Hulley in Volusia county in 1911, but the verdict was nullified later by the supreme court.

ROTARY EDUCATIONAL FUND PLAN ENDORSED

(By The Associated Press)
SANFORD, Fla., May 23.—The local Rotary club yesterday unanimously endorsed the plan advanced by District Governor John Turner of Tampa for a Rotary educational fund of \$100,000 to be loaned to needy students. The plan as understood by local Rotarians would provide that each Rotarian in the state be held responsible for the raising of \$100 toward the fund. An executive committee composed of the presidents of each club would administer it.

HILL HARDWARE COMPANY

BURR ATTENDS MEET ON SOUTH'S FREIGHT RATES

TALLAHASSEE, May 24.—R. Hudson Burr, chairman of the Florida Railroad Commission, left Saturday for Atlanta, where he goes to sit with the Interstate Commerce Commission for a hearing on freight rates in the south which will last through the week.

At the request of carriers operating within the Southern territory and of many interested shippers the Interstate Commerce Commission has instituted an investigation of the class rates applicable in interstate commerce within this territory; between that territory and the Mississippi river crossings; between that territory and the Ohio river crossings and points beyond; and between that territory, excepting North Carolina points and Virginia cities and eastern points beyond in trunk line and New England territory.

This investigation has been instituted because the rates in question, in many instances, differ materially for substantially similar hauls on like classes of traffic; because the relationship of the first class of the rates on the lower classes varies greatly in many of the difference scales and adjustments; and because many of the rates are higher for shorter hauls over the same line or route. The investigation is favored not only by the carriers and shippers but also by most if not all, the railroad commissions of the Southern States. The carriers have been working upon a revision of the rates for many months. The commission believes that by instituting this investigation it will be possible to secure results more constructive and harmonious than can be secured in the separate proceedings which will otherwise be inevitable and that much time and labor will in the end be saved.

The schedule for hearing various subjects beginning Monday, May 22, include every possible phase of rates. The matter of most interest to Florida will be reached on June 1, when rates between all origins and Florida points will be discussed.

The commission has called up members of five commissions from as many Southern States to sit with them in the discussion of this matter. These state commissioners are James A. Perry, of Georgia; Alexander Toward, of Virginia; R. Hudson Burr, of Florida; A. J. Maxwell, of North Carolina; and A. G. Patterson of Alabama.

NOVEL HIGHWAY TESTING USED IN STATE OF ILLINOIS

The Illinois Department of Highways and highway engineers of the Bureau of Public Roads have constructed a novel test road at Bates, Ill., two miles long and in sixty-three sections.

The different sections show various kinds of constructions, bases and thicknesses. A continual watch is kept for changes and effects of temperatures, loads and sub-grade conditions. According to a track tire official of the Firestone company expert work of this kind will do more for progress in transportation than anything of the kind advanced for years.

TOMATO CROP RETURNS ABOUT \$100,000 SO FAR DESPITE DRY WEATHER

Express receipts of tomatoes alone this season have totaled nearly ten thousand dollars. This is only about one-tenth of the tomatoes that have been shipped from this point, nine times this amount going forward in carload lots, which means that approximately one hundred thousand dollars has been derived from the tomato crop in and around Plant City this season, despite the drought.

Practically all vegetables are off the market except tomatoes. Five hundred and fifty-three packages went forward from the express platform in the past three days. Two hundred and seventy-eight of this number was tomatoes, leaving only one hundred and seventy-five packages of mixed vegetables shipped by express, and none by freight. Three cars of tomatoes went forward Friday, four Saturday and two cars yesterday.

Prices are averaging about the same as last week. Beans are selling for \$1, corn from \$1.75 to \$2, pepper \$1, okra is averaging \$2.25, squash \$1, tomatoes \$1 to \$1.50, and cantaloupes have dropped from \$3 to \$2 and \$2.50.—Plant City Courier.

Have you bought your ticket for "A Southern Cinderella" at the High School Friday night at 8 o'clock. 50-2tp

Freedom: The state of mind of those who are not chafed by the color.

Scene from MARY DICKFORD'S "LITTLE LORD FAUNTLEROY"

Which will be the feature attraction at the Princess next Friday and Saturday

H. S. NOTES

Have YOU bought your copy of "Salmagundi" yet? Only 60 left—and they're going fast. Bring your dollar to the play, "A Southern Cinderella," Friday night, 8:00, at the High School. Admission 35-50c, and buy a copy in the hall after the play is over. You'll never regret it!

Last Wednesday the Senior class was entertained at dinner by Miss Margaret Zachary at her home, and although two or three Seniors were absent, a good time was the unanimous vote of all present.

The big clock that the Seniors are giving the High School this year, arrived Tuesday, and it's surely a dandy. It will ring at the end of each period, and eliminate the chances of our teachers forgetting to ring the bell on time, (?) especially when they're concentrating on studies.

The Sophs will give the Seniors and faculty an entertainment Friday at 8 p. m. at the home of Miss Nan Paxton.

Junior-Senior banquet at Valdez Hotel Thursday night at 8 o'clock. This is surely a s-o-m-e week of entertainments for S. H. S.

The Seniors have contributed a generous amount to the "Domestic Science Fund" and hope that with the money already on hand for this course, the High School will be enabled to have this course for next year.

"Happy Jack," we neglected to mention last week, gave us an instructive and entertaining talk in chapel, of his trip around the world, telling of his being arrested in France and Germany, visiting the grave of Mrs. Wesley—these are only a few of his marvelous adventures, and he could not tell us short, but the Senior Class bought the book of his, "Around the World Without One Cent," and this gives the complete account. We certainly enjoyed his fine talk, even if he did have to cut it short.

Prof. Perkins, who was our professor eight years ago in Sanford High, visited us last week and commented on the marvelous growth of Sanford in the past eight years, and complimented us on the fine care we have taken of our school building. Yes, this is something on which everybody compliments us, and we can well be proud of it.

Kenny Deane, a graduate of Sanford High in '13, and for the past 7 years studying for the Ministry, visited us last week also, and although he didn't know a single pupil or teacher in this year's enrollment, he told of the class of '10's struggles in 1913, and we surely appreciated his comment on our present scholastic equipment.

Employment Bureau

The vocational committee of the Business and Professional Women's Club requests all young women desiring employment to register at the First National Bank.

AGNES G. BERNHEIM, Chairman

DRIVE FOR MEMBERS OF MODERN WOODMEN COMES TO CLOSE TONIGHT

The initial drive for new members by the local camp of the Modern Woodmen of America come to a close tonight when 100 candidates will be introduced to the "Goat" in the Masonic Hall, beginning at 8 o'clock.

Daytona degree staff will be here in full force as well as Neighbors from all of the nearby towns, including State Deputy C. E. Bullock of Jacksonville.

Refreshments will be served and all visiting members will be welcome as this will be Woodmen night in Sanford.

At this meeting, the prize offered by State Deputy Bullock, in the contest between Orlando and Sanford, in the drives for new members will be given to Sanford Camp, Sanford having beaten Orlando by a small majority.

"SINS OF HOLLYWOOD" CAN'T GO THROUGH THE U. S. MAILS

(By The Associated Press) LOS ANGELES, May 24.—A book called "The Sins of Hollywood" supposed to be an expose of the lives of certain motion picture acts and actresses is "too scurrilous" to be admitted to the mails, according to a ruling by Mark Herron, deputy United States district attorney here.

Clark E. Webster, post office inspector, has started an investigation to learn the author and the publisher.

The book contains 225 pages, and has upon the front cover a picture of Mephistopheles, a beautiful girl and a motion picture camera.

Evidently most of the modern evils are under control. The pure in heart have begun to jump on the poor old Darwin again.

Have you read the want ads today?

ATLANTA, Ga., May 23.—Georgia Tech, with a total of 45 points won the track and field meet held at Grant Field here yesterday under the auspices of the Southeastern Amateur Athletic Union. The University of Georgia was second with 19 points, while Oglethorpe and Birmingham Athletic Club tied for third place with 16 points each.

Hundreds of People Have Bought From 1 to 12 Bottles

Druggist Sells 12 Gross (1728 Bottles) of FERRALINE in Short Period. Only Wonderful Properties Could Sell a Medicine So Fast.

In a recent letter received by the Ferraline Medicine Company, the owner of Ortmann's Drug Store, a thriving Mobile, Ala., company, says: "Your salesman strolled into the store and introduced Ferraline. After listening to what he had to say, decided to try three dozen, classing it along the lines of patent medicine. In three days I ordered a gross and with your line of advertising, it has been one gross after another and up to the present time I have handled twelve gross. Going some for one kind of medicine. It sold strictly on its merits and I consider it one of the best repeaters I have handled. Hundreds of people have taken from one to a dozen bottles.

Could a medicine sell like this unless it really did bring to those suffering from rheumatism's aches and pains, indigestion's pangs and the effects of impure blood and poor functioning kidneys and liver, real and satisfactory relief? No. These large sales prove that Ferraline is what we claim it to be. Nature's one greatest tonic."—Adv.

DID HIM MORE GOOD

Many men and women suffer from backache, rheumatic pains, stiff joints, sore muscles and other results of kidney trouble because they neglected the first warning symptoms. Foley Kidney Pills aid the kidneys to throw out poisonous waste matter that causes

STRENGTH—PROGRESS—SERVICE

Buick Motor 1922 Six-48

More Facts You Should Know

- 1—Buick production has increased so immensely that it has been possible to make greater strides each year in the handling of each operation. The buyer of a Buick car profits by the consequently lowered manufacturing costs.
- 2—For twenty years the name BUICK has been indelibly linked with those car qualities that appeal most fondly to car owners—sturdiness, power and undependability.
- 3—The biggest advantage of buying a BUICK car is that you get a BUICK VALVE-IN-HEAD MOTOR and properly related chassis.

CALENDAR

Thursday—Mrs. D. P. Drummond will entertain the members of the Merrie Matrons Bridge Club at her home on Magnolia avenue.

Friday—The Sophomore Class of S. H. S. will entertain the Seniors at the home of Mrs. George Paxton on Myrtle avenue at 8:30 p. m.

Friday—The Daughters of Wesley will have a social meeting at the home of Mrs. Abercromby's on East Second street at 8 p. m.

Friday—Miss Ora Williams' class in expression, will give their recital and play "A Southern Cinderella" at the High School at 8:15 p. m.

Friday—Mrs. R. A. Newman will entertain the Duplicate Bridge Club at one o'clock.

L. W. Wallace is spending a few days in Jacksonville on a business mission.

Mrs. John T. Brady is in Jacksonville, the guest of her daughter, Mrs. Dan U. Wilder.

Mrs. C. M. Vorce will leave this evening for Cleveland where she will spend some time.

J. N. Warfield, of Fairfield, Ill., representing the Sexton Mfg. Co., was in the city yesterday calling on the local merchants.

Mr. and Mrs. H. A. Nagle, of Baltimore, Md., are spending a few days here, Mr. Nagle represents the Daniel-Miller Co., of Baltimore.

Mrs. Howard P. Smith left Friday evening for Columbia, Tenn., where she will spend a month with her parents, Mr. and Mrs. J. M. Burns.

Mr. and Mrs. D. L. Thrasher motored to Eustis yesterday where they were the guests of the latter's parents, Mr. and Mrs. E. L. Ferran.

Mrs. R. E. Beverley and two children, of Jacksonville, arrived here yesterday morning and are visiting her sisters, Misses Ora and Nonie Williams.

Father Hennessy left Monday for New York, from whence he will sail for Switzerland and other places in Europe. He will be away for three months.

ST. AGNES GUILD

The St. Agnes Guild held a very interesting meeting Monday afternoon at the home of Mrs. R. W. Pearman on West First street. A short business session was held after which the members mended the linen for the hospital. At the conclusion of the business the hostess served delicious ice cream and cake.

Among the members present were Mrs. Ravenel, Mrs. Paul Biggers, Mrs. A. W. Lee, Miss Helen Terwilliger, Mrs. John Leonard, Mrs. Clarke Leonard, Mrs. M. Minarik, Mrs. Chris Matthews, Mrs. Archie Betts, Miss Claire Walker, Mrs. Wm. Belding and Rev. A. S. Peck.

FOR MISS WIGHT

Mrs. Walter Wight was the charming honoree, at a lovely bridge party, given Friday afternoon by Mrs. W. C. Hill, at her attractive home on Fourth street, there being five tables of players, the guests including the members of the Lucky Thirteen Bridge Club and three extra tables.

The rooms were a veritable bower with quantities of vari-colored spring flowers combined with ferns, forming a beautiful setting for this pretty party.

Of exceptional interest was the game of bridge played during the afternoon, the prize for high score for the club members, a cut glass boudoir set was won by Mrs. R. E. Roumillat, the next high score, a handkerchief was won by Mrs. S. Puleston. The honoree was presented with silk hose.

Following the awarding of the prizes, the hostess served a tempting salad course followed by an ice course.

FAREWELL PARTY

Saturday evening, Mrs. F. E. Roumillat entertained at a farewell party for Father Hennessy, who left here Monday evening to spend three months in Switzerland and other European countries. There were four tables of players.

The rooms where the card tables were placed, were bright with quantities of spring flowers and greenery.

After several interesting games, the scores were counted and the prize for high score among the ladies, a silver pickle fork, was awarded Mrs. Schirard, while the men's prize, a nest of ash trays, was won by Clarence Ma-

honey. Father Hennessy was presented a box of correspondence cards.

At the conclusion of the card game, the hostess served a dainty ice course.

Those enjoying this pleasant evening were Father Hennessy, Mr. and Mrs. Andrew Mahoney, Mrs. Alice Peters, Mrs. June Roumillat, Mr. and Mrs. Clarence Mahoney, Mrs. Christine Hennessy, Mrs. O. P. Herndon, Mrs. Marion Giles, Mrs. Claude Howard, Mrs. Mary Louise Leonard, Mrs. John Schirard, Mrs. Ralph Wight, Miss Ammons, Thomas Reedy and Bill Rossidy.

SANS SOUCI BRIDGE CLUB

The recently organized Sans Souci Bridge Club was entertained Monday afternoon by Mrs. J. C. Bennett at her home on Magnolia avenue.

Fragrant pink roses and ferns were effectively used in the rooms where the card tables were arranged.

An absorbing game of bridge was played during the afternoon, and the prize for top score, a dainty fan, was won by Mrs. Percy Mero, while the low prize, a powder puff, was awarded Mrs. F. E. Roumillat.

A delicious salad course was served by the hostess at the conclusion of the game.

Members of this club are: Mrs. W. T. Langley, Mrs. E. P. Morse, Mrs. Percy Mero, Mrs. Robert Hines, Mrs. George Hart, Mrs. Fred Walsman, Mrs. F. E. Roumillat and Mrs. Hai Wight.

SOCIAL DEPARTMENT

Yesterday afternoon the members of the Social Department of the Woman's Club held a short business session followed by bridge, with Mrs. B. A. Howard as hostess. There were seven tables of players.

The prize for top score, a Maderia handkerchief, was won by Mrs. Field, while the low score prize, also a handkerchief was won by Mrs. R. A. Newman.

The hostess, assisted by Mrs. J. M. Wallace, served delicious strawberry ice cream and cake, after the awarding of the prizes.

PERSONAL NOTES

Miss Frances M. Hughey entertained Miss Ethel Moughton and mother at luncheon today.

G. M. Jacobs of Chalucota was in the city today on business and calling on his many Sanford friends.

Messrs. Landis and Hull of DeLand of the well known law firm of Landis, Fish & Hull are in the city attending court.

The County Executive Committee will meet at the court house at ten o'clock Friday morning to arrange a schedule for speaking for the candidates who want to speak at the precincts in the county and in Sanford.

The many friends of Judge James Perkins are glad to see him in Sanford again while he is holding court. Judge Perkins will not be a candidate for this position in the primary and expects to retire from the bench when his time is out in December.

REDUCTION IN FREIGHT RATES

We all rejoice today in reading the despatches on the front page of the Daily Herald that a reduction in freight rates has been ordered by the Interstate Commerce Commission. This sounds good and may in time amount to something but in reading farther down you will also note that the reduction does not apply to agricultural products which probably means that Florida growers will have to go right on paying the rates that are causing cabbage to rot in the fields and many of the other crops to fail to pay even the freight rates. The decision today says that since the ten per cent reduction in agricultural products went into effect last January that this new reduction will not be made on agricultural products. If any ten per cent cut was made January first we failed to head of it or feel it but we are feeling the high freight rates now and will continue to feel them until they are lowered by the water transportation.

ST. PETERSBURG GIRLS RESENT CHARGES OF A LOOSE MORAL STANDARD

ST. PETERSBURG, May 24.—Resentment of charges of loose morality among girls of high school age reported to have been made by local pastors at a mass meeting last Thursday, is expressed in resolutions adopted yesterday by girls of the St. Petersburg High School.

Declaring that it is unfair to condemn high school girls as a body, for what may be the indiscretions of a few, the students asked that an investigation be conducted of "our conduct before, during or after school, in or about school, day or night." Citizens were also requested "not to connect our names with every individual outside that we cannot be responsible for, and that the students not be placed at the mercy of careless, cheap, coarse and hurtful talk."

The action was taken as the results of remarks said to have been made by one of the pastors that he had witnessed a party of young girls of high school age in a shameful joy-ride on West Central avenue. The resolutions were drafted by the girl's council, composed of nine pupils representing the four grades in high school and were submitted yesterday afternoon at a mass meeting of all the girls.—Tampa Tribune.

TAMPA VOTES BONDS FOR MUNICIPAL PIERS

TAMPA, May 24.—By a vote of 460 to 69, freeholders of the city of Tampa yesterday voted in favor of a bond issue of \$600,000 for the construction of municipal piers and harbor facilities, including warehouses, approaches, etc., on the city's property on the west side of the Ybor ship channel.

With the result practically a foregone conclusion, little interest was manifested in yesterday's election, as is shown by the fact that the total vote was only 529; while in two precincts no election was held. These were No. 7, Fourth ward, and No. 13, Seventh ward. Only a small percentage of the registered vote was cast.

WONDERFUL JEWELS USED IN PICKFORD PRODUCTION

Jewelry was gathered from the four corners of the continent by Mary Pickford for her new photoplay, "Little Lord Fauntleroy," to be the feature attraction at the Princess Friday and Saturday of this week.

Owing to the fact that the story of "Little Lord Fauntleroy" is laid in the eighties, it was necessary to gather jewelry typical of that period. At one stage of the production, ten thousand dollars worth of rare old jewels were

spread out on a table on the Pickford set. This was when the ball-room scenes were being taken.

The special custodian for this collection was Geo. T. Hazenbush, who was delegated especially by Miss Pickford to gather the precious ornaments. Included in these unusual and exquisite jewels were old-fashioned earrings, ivory and ostrich plumed fans, filagree and bangle bracelets, cameo brooches, elaborate dinner rings, and marvelous lavallieres.

Included in this assortment of rich adornments was a set of jewelry worn by Miss Pickford's mother before the

famous star was born. This set consisted of a filagree watch and heavy gold neck chain, a cameo brooch and two diamond rings.

The pioneer families of the West contributed many valuable pieces for use in the picture. Because of the sentimental value as well as the intrinsic value of these pieces, Miss Pickford took out an insurance policy of twenty-five thousand dollars, which covered the collection for the three days that it was in use.
