

### Forecasts Are That U. S. Will Eat Well In '48, Even Top Pre-War Rate

By CECILY BROWNSTONE

Associated Press Food Editor  
American families will continue to eat well in 1948. During the last two years, food consumption in this country has been running some 17 to 45 percent above the pre-war average. Figures based on our food production goals and the amount of foodstuffs that will have to be sent abroad for foreign aid indicate that 1948 will see food consumption in this country still 13 to 14 percent above the pre-war average.

The big item in food reduction facing Americans is meat. Altogether it is estimated that the average amount of meat available per civilian during the coming year will run about 145 pounds as compared with about 156 pounds in 1947. The shortage of meat will be most pronounced next spring and summer.

**More Water in the Stew**  
Meat reduction can't really be figured in terms of many less steaks per month. Americans will be urged to use low grade meats from grass-fed beef; this means that cuts will be less tender, in order to make them palatable, hamburgers, steaks and stew will probably be the order of the day.

There will be more fresh fish from all signs, on the 1948 dinner table than there was in 1947. It is predicted that canned fish supplies will be larger in 1948; tuna leads the way here with a 20 percent increase, salmon's increase will not be as great. Sardine production is expected to be smaller

than in 1947.  
More turkeys and fewer chickens is the prediction when it comes to poultry. Prices of both turkey and chicken are expected to average higher in 1948. Small weight quick-frozen turkeys can be a good buy later on in the year. In the next months, however, so that new cooks had learn how to make old-fashioned fare—fricassees, stews and pot-pies.

The outlook for the egg a day Americans have been eating for enjoyment and good nutrition seems fairly good from now to the spring—although the price of eggs will be high. If consumers who have eaten more than an egg a day during 1947 see fit to complain they need to remember that fewer eggs are the result of the reduction of flocks essential for grain saving and the feeding of hungry people abroad.

Good news for this nation of milk-drinkers is that fluid milk will probably be available for consumption in about the same quantity as it was during 1947. Evaporated milk will also be the same as for 1947, with the possibility of more cheese and butter. Lovers of whipped cream will be glad to know that cream will probably be as available as it is at present.

Edible fats and oils will be in about the same supply as 1947 with the exception of lard, which is expected to be lower. Gourmets will once again be able to make their special salads since supplies

ALTHOUGH THEY CAN'T SEE the lovely doll that actress Loretta Young gives them, little Nancy Jackson, 3½, and Johnny Pulytel, 5, both agree that "it feels beautiful". The children, members of the Lighthouse Nursery School in New York, plan to give the actress' gift "star-billing" beneath the nursery's great big Christmas tree. (International)

of olive oil from the Mediterranean countries will be the largest since 1941.

World fat supplies, however, are still critically short and consumers will continue to be asked to do their bit in fat salvaging. This means to save and reuse food fats, to salvage meat trimmings and droppings and to render, store and reuse them whenever possible.

**An Apple a Day**  
The fruit and vegetable outlook is good. If Americans eat more vegetables and fruits, both fresh and processed, to make up for smaller supplies of other foods, the national diet will probably be improved in two different vitamins, A and C, which have been low in many American families in the past.

Apple and pear crops are good and citrus fruits such as oranges, grapefruit and lemons should be in good supply. Bananas are rapidly approaching prewar supplies and it is predicted that by next spring monthly imports may even exceed prewar rates.

There ought to be as much canned fruit available in 1948 as in '47 with supplies of canned orange juice and blended orange and grapefruit juice probably even larger. There also should be plenty of quick-frozen fruit.

Ample and reasonable will be the dried fruits. Raisins and prunes, which ordinarily make up about four-fifths of our total dried fruit pick, may even reach five-sixths of the total. Figs and dates will also be in ample supply. Dried apricots may be slightly less than in 1947.

Commercial production of fresh vegetables is expected to hold up and campaigns for home gardeners will be pushed. Canned and quick-frozen vegetables are expected to continue in good supply. Supplies of both sweet and white potatoes are now plentiful but the former are expected to be below average in later months and the latter may be no more than adequate next spring.

**Let 'Em Eat Nuts.**  
Nut cracking will be able to go on apace for a while after the holidays. Close on the heels of a record crop of walnuts, pecans and almonds are filberts, of the hazelnut family.

Peoples in Europe will need to rely on our export of grains and grain products until the next harvest and so Americans in 1948 will be asked to continue their conservation program.

### Women Like Gifts Of Flattering Jewelry

By DOROTHY ROE

Associated Press Fashion Editor  
The woman never lived who didn't welcome a gift of jewelry. There's something personal and flattering about jewelry, whether it's the fabulous type or merely an inexpensive custom job. And no woman ever had enough of it.

This year the field is wide and the price range unlimited in the jewelry category. Fond husbands or suitors can shoot the works with diamond necklaces or jeweled wristwatches set in wide solid gold or platinum bracelets which cost the price of a house and lot, or they can achieve practically the same effect with

fine costume jewelry which won't wear so long but looks beautiful just the same.

The trend in all jewelry this year, real or fake, is toward elegance and elaboration. That's in keeping with the much-discussed "new look" of femininity. Neck-

laces run to the court decoration style, bracelets must at least look fabulous, and pearls are worn not in a single strand but by the dozens.

Even costume jewelry has a precious look this year, with delicate workmanship and Jew-

elry that look surprisingly real, even though they may be made of the same stuff as the windows.

Enough milk is produced annually in the United States to fill a river 3,000 miles long, 40 feet wide and 3 feet deep.

### TIME TO HANG UP YOUR STOCKING!

Whether it's Santa Claus, Kris Kringle or Father Christmas, let us hail the patron saint of children on this day of days.

Christmas is the season that, above all others, turns the thoughts of mankind back to the all-enveloping innocence of childhood—away from the pure selfishness and commercialism of the every-day world towards the joys of giving and sharing.

It is in that true spirit of Christmas that we wish for you all the blessings of this joyous season.

TO GREET YOU AT Christmas

If we could—  
we would say "Merry Christmas" to each of you personally. Since we can't, the next best thing is to put our greetings in print.

SHEAFER'S JEWELRY

## President May Sign Cost Bill Next Monday

### Snyder Says Insurance Companies To Pay No Income Taxes For This Year

WASHINGTON, Dec. 26 (AP)—President Truman will act early next week, probably Monday, on the anti-inflation bill passed by the special session of Congress. Telling reporters this today, Press Secretary Charles G. Ross said Mr. Truman will issue "an adequate statement" of his views on the legislation.

It has been indicated the President will sign the bill, although he has criticized it as inadequate. The heart of the measure is a provision for the government to promote voluntary industry agreements to hold down prices. Mr. Truman asked Congress to give him power to put on price and rationing controls.

Secretary of the Treasury Snyder said today that nearly all life insurance companies will have no federal taxes to pay on this year's income.

This results, he said in a statement, from a 1942 law which this year brings about the "effective removal of federal income tax liability from insurance companies. Snyder asked that Congress give "immediate attention" to changing the law to prevent a repetition of this "unavoidable result."

The Treasury Secretary explained that the 1942 law fixes a formula for determining what portion of net investment income life insurance companies may deduct from tax liability in order to maintain reserves for the benefit of policy holders.

This year, the formula works out so that the companies may deduct 100 percent of their life insurance investment income, Snyder said.

"I have no alternative (under the law) to this," he said.

ST. LOUIS, Dec. 26 (AP)—A negro was killed in a gun battle with police in a tavern early today and a demonstration by 150 or more negroes followed.

Three detectives were treated for cuts and bruises and two tavern patrons were hospitalized with gunshot wounds which police said were caused by bullets from the automatic pistol of the slain negro.

About 40 police responded to a call to the tavern when five patrolmen who were trying to hold the crowd at bay were struck by missiles, including ash trays, knives, beer and whisky bottles.

Police reported the man killed, James Taylor, 35, fired several shots at two patrolmen when they walked up to inquire why Taylor was being led, bleeding, from the tavern.

The report to headquarters by the patrolman stated that when Taylor ignored their commands returned the fire and Taylor ran back into the tavern still shouting.

The patrolman reported the tavern was jammed with customers, who, unaware of what had occurred outside, immediately showed hostility and began making threats and throwing objects.

Sixteen scout cars crusing the city at the time responded to the call for reinforcements and restored order. Forty negroes were booked for investigation.

At the meeting of the City Commission, Monday evening, a letter to Mayor Gut from the hospital executive committee was read, calling attention to the fact that the building, owned by the City, and previously operated as a hospital for the City by the Fernald-Laughton Memorial Hospital Association in accordance with the will of the late Mabel Laughton Fernald, could be rented.

The committee also requested that minor alterations be made with the view of renting the building, with proceeds to aid in the upkeep of the present hospital. The Commission granted the request, provided the City supervise or approve the alterations.

A regular meeting of the Hospital Association will take place on Jan. 10, said Mr. Lawton.

Appreciation for financial assistance as well as moral support of the hospital program from the City during past years, was expressed in the letter.

At West Palm Beach, an odd lot man, David Ralph Brundage, 48, entered his lawyer's office on Christmas eve. A moody man, Brundage suddenly drew a Boy Scout knife from a pocket, slit the throat of his wife, his son and two attorneys in the office. While his wife's life ebbed out on the office floor, Brundage leaped to death from the sixth floor of the building. One attorney, E. M. Baynes, who was severely wounded, is recovering, as well as the other two wounded victims.

## Seize Haganah Members In Jaffa

A GIRL AND A YOUNG MAN, members of Haganah, Jewish defense army, clasp their hands behind their heads as ordered by a British armed escort which guards them in Jaffa, Palestine. The Haganah called on Arabs to bring order back to Holy Land. (International Red Cross photo)

## Agency Official, And 12 Other Jews Slain By Snipers

### Total Deaths In Recent Hostilities In Palestine Are 363

JERUSALEM, Dec. 26 (AP)—A Jewish agency official and 12 other Jews died today with one Arab and two British civilians in the Holy Land's sniping war.

Snipers concealed atop rocky hills near Jerusalem, along the road to Tel Aviv, killed Hagar Beit, acting director of the Jewish Youth Aliyah. Two more Jews were killed and six wounded in the attack on a convoy.

An Arab ambush of a Jewish bus killed four and wounded seven. Snipers' bullets also killed a three-year-old Jewish girl in her crib and a woman, 70.

The other deaths, which occurred at several points, brought to 363 the total of Palestine fatalities since partition was approved by the United Nations.

Beit was an organizer of immigration for Jewish children, he formerly was an aide to the late (Continued on Page Two)

## Old Hospital To Be Altered For Renting

Plans to alter the old hospital building at 500 Magnolia Avenue so that it can be rented will be made in the near future by the Fernald-Laughton Memorial Hospital Association at a meeting of the hospital executive committee, it was announced this morning by T. W. Lawson, president of the Association.

Since the hospital was moved to the Air Station site, the old building has been unoccupied for the past year with the exception of a room used by the Red Cross for its local headquarters with Mrs. Ethel Geisler in charge.

At the meeting of the City Commission, Monday evening, a letter to Mayor Gut from the hospital executive committee was read, calling attention to the fact that the building, owned by the City, and previously operated as a hospital for the City by the Fernald-Laughton Memorial Hospital Association in accordance with the will of the late Mabel Laughton Fernald, could be rented.

The committee also requested that minor alterations be made with the view of renting the building, with proceeds to aid in the upkeep of the present hospital. The Commission granted the request, provided the City supervise or approve the alterations.

A regular meeting of the Hospital Association will take place on Jan. 10, said Mr. Lawton.

Appreciation for financial assistance as well as moral support of the hospital program from the City during past years, was expressed in the letter.

## 56 Perish As Typhoon Hits In Philippines

### 6 Ships Destroyed; Old City Razed By Storm Lashed Fire As Gale Whips Isle

MANILA, Dec. 26 (AP)—A savage typhoon swept the Philippines today, leaving at least 56 persons dead or unaccounted for—46 of them from the Danish motorship Kina, which sank off Samar.

Five other ships were damaged, 70 per cent of the historic city of Tacloban was reported wiped out by storm-whipped fire, and portions of Manila were hard hit.

The latest official death toll in Manila and nearby Quezon city was five, and the Red Cross reported five persons missing in Laguna province.

President Roxas declared an emergency holiday to permit all energies to be devoted to recovery as the storm—the worst December typhoon to hit the Philippines in 29 years—swept over the China Sea toward Hainan.

The typhoon stripped the last vestige of Christmas gaiety from the Philippines and left residents gasping from the shock of the island's fifth and most violent storm in two months.

The Danish motorship Kina, bound from Tokyo to Europe with a crew of 40 and 15 passengers, was reported a "total loss" in the Samar Sea.

The 9,823-ton vessel of the Danish East Asiatic Lines was driven aground. Its loss was reported by the Norwegian motor vessel Samuel Bakke, which was grounded itself but managed to pull free.

The Bakke radioed that it had picked up five survivors, all from the Kina's crew. It added there were "more survivors," but did not say whether they were passengers.

The Kina crashed on Rocky Camanig Island, about five miles off the coast of Samar Island and between Samar and (Continued on Page Eight)

## Guerrilla Fighting Rages On In Greece

ATHENS, Dec. 26 (AP)—Guerrilla forces opened heavy attacks near the Albanian border today in what military experts said was an attempt to expand territorial holdings for the newly proclaimed Communist state within northern Greece.

More than 500 persons have been arrested by Greek authorities in the Athens area since the proclamation of the state by General Markos Voulafas, leader of the anti-government Communist forces in the northern fighting zones.

The guerrillas attacked 1,500 strong south of Ioannina and sliced Greek army supply lines to Epirus.

Two guerrilla brigades and two additional battalions launched a heavy attack yesterday at Konitsa, covering the assault with a heavy barrage of mortar and artillery fire. An army communiqué said they were held back with "very heavy losses."

Police in Sanford reported only one row to mar the peace of the holiday. Following a fight at 5:00 o'clock yesterday afternoon at the De-Duck-Inn on West Thirteenth Street, O'Zell Vickers and Floyd Bradshaw, negroes, were arrested by Capt. Roy Willis and Patrolman C. B. Sparks. A plate glass window was reported knocked out during the fighting.

No traffic accidents involving injury were reported. State Highway Patrolman J. W. Wells reported that Daniel Warren's Model T-Ford had been damaged in front end by an ACL train at the Lake Monroe crossing during the afternoon, after it stalled on the tracks but that Daniel had gotten out before the train struck it.

David White, negro, was arrested for reckless driving after his 1936 Chevrolet ran into a ditch on East Geneva Avenue at about 8:00 o'clock. He was later released by the County on bond.

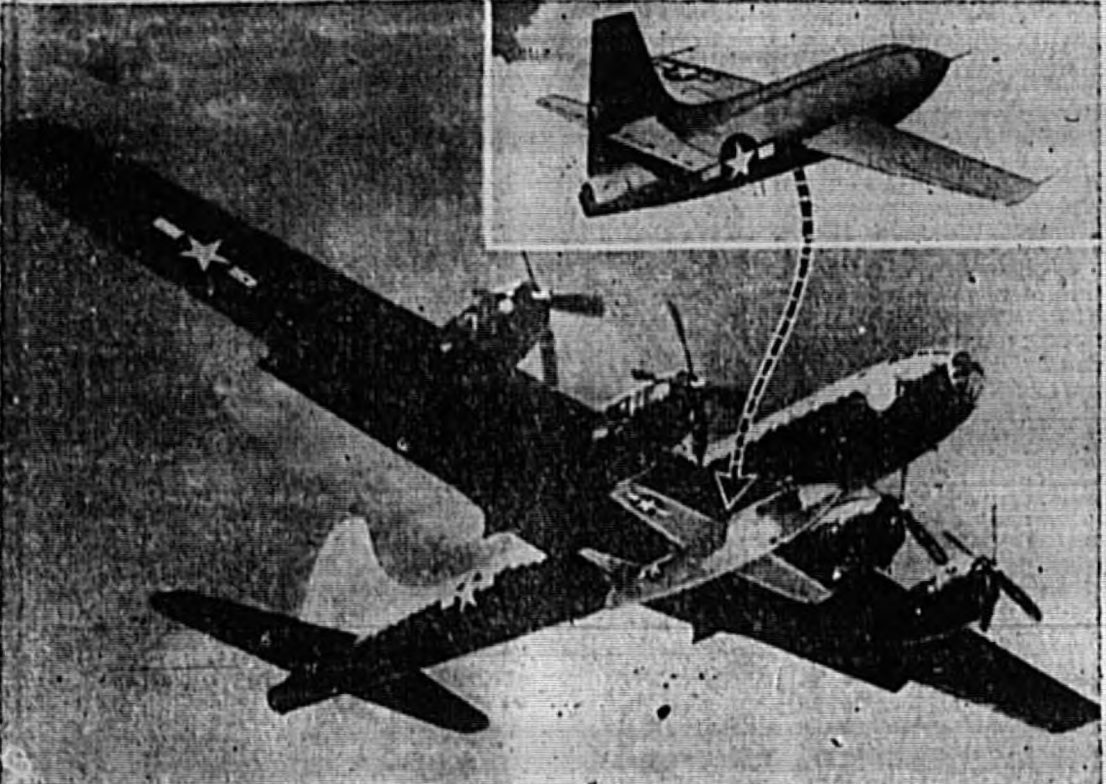

At West Palm Beach, an odd lot man, David Ralph Brundage, 48, entered his lawyer's office on Christmas eve. A moody man, Brundage suddenly drew a Boy Scout knife from a pocket, slit the throat of his wife, his son and two attorneys in the office. While his wife's life ebbed out on the office floor, Brundage leaped to death from the sixth floor of the building. One attorney, E. M. Baynes, who was severely wounded, is recovering, as well as the other two wounded victims.

## Report XS-1 Plane Flies Faster Than Sound

THE U. S. AIR FORCE'S NEW ROCKET-ENGINE PLANE, the XS-1 (shown in flight—insert) has broken through the "supersonic barrier" to fly faster than the speed of sound, it is reported in Aviation Week magazine. The plane is launched from the belly of a Superfort bomber as shown above. Its rocket motors have about a one-minute life, after which the plane is glided to a landing. Flights at speeds above 800 miles an hour, at record altitudes, assertedly have been made several times during the last month. (International)

## Seven Persons Perish In Fire In Texas Hotel

### 13 Guests In Hotel When Fire Was Discovered At Night

ORANGE, Tex., Dec. 26 (AP)—Seven persons perished in the flame-swept halls and rooms of a small hotel last night while 13 other guests jumped from windows to safety.

Only five of the seven dead had been identified early today. Nineteen persons were registered but only 13 were in the hotel when the blaze broke out.

The identified dead were listed as Junius O. Carter, from Pennsylvania, city not available; W. L. Jordan, 41, Tampa, Fla.; known; and Ralph Slade, 72, Bill Douglas, 35, address unknown; and Early Giesler, 43, both of Orange.

The bodies of a man and a woman had not been identified. Three of the bodies were found in halls and four in rooms. All were in sleeping garments.

Assistant Fire Chief E. L. Harker estimated damage to the building and furnishings at \$50,000.

Smoke and screams awakened some guests and one, L. A. Blesitt, leaped from a window to the roof of an adjoining building.

Blesitt said he was awakened by smoke and heard a man scream. He said he threw his clothing out the window onto the roof of the building, then jumped.

Another guest, Cecil A. Haines, said he was awakened by a woman pounding on his door. He did not know if the unidentified (Continued on Page Four)

## Heavy Toll Of Deaths Saddens Nation's Christmas Holidays

### By ASSOCIATED PRESS

A heavy toll of violent deaths—with traffic and fires the principal cause—marred the nation's celebration of the Christmas holiday.

Accidents on the highways, as usual over a holiday period, resulted in the largest number of deaths—at least 171. But fatalities from miscellaneous causes were just the 100 mark, more than double the toll last Christmas.

Sixty-nine-year-old Jon de Sertis at Greensboro, N. C., brooded over an eviction notice, armed himself with a shotgun and pistols and began shooting. He killed two men and a woman, including his landlord, and wounded three others.

While a posse was seeking the aged man, he stood in a fire-station, wished the firemen a merry Christmas and put a bullet through his head.

At West Palm Beach, an odd lot man, David Ralph Brundage, 48, entered his lawyer's office on Christmas eve. A moody man, Brundage suddenly drew a Boy Scout knife from a pocket, slit the throat of his wife, his son and two attorneys in the office. While his wife's life ebbed out on the office floor, Brundage leaped to death from the sixth floor of the building. One attorney, E. M. Baynes, who was severely wounded, is recovering, as well as the other two wounded victims.

## Stimson Reveals Allies Balked At Invasion Of France In 1943

### NEW YORK, Dec. 26 (AP)—Former Secretary of War Henry L. Stimson in his wartime biography, "On Active Service," wrote that if he or George Marshall had been the American commander-in-chief the invasion of France would have been launched in 1943, one year earlier than actually occurred.

"Would the war have ended sooner?" he conjectured. "This is a problem in a dozen unknowns. No certain answer is possible, and the matter is here left open."

But Stimson's declared that President Roosevelt's decision to land an Allied force in North Africa in the Fall of 1942 was disappointed at the time both by Stimson and the American War Department staff.

The first installment of his biography written in collaboration with McGeorge Bundy of Harvard University, appears in the January issue of the Ladies' Home Journal.

Describing in detail the behind-the-scenes maneuvering that forced postponement of Operation Bolero, the proposed Normandy landing, in favor of Operation Torch, the assault on North Africa, Stimson said:

"The Torch decision was the result of two absolutely definite and final rulings, one by the British and the other by the President (Roosevelt)."

"Mr. Churchill and his advisers categorically refused to accept the notion of a cross-channel invasion in 1942. Roosevelt categorically insisted that there must be some operation in 1942. The only operation that satisfied both of these con-

ditions was the invasion of North Africa, Stimson said.

By ASSOCIATED PRESS

New falls of snow were reported today from Michigan southward to Ohio and eastward to the Atlantic coast as the New England area remained the country's coldest section.

The earliest morning weather map was 8 below at Lebanon, N. H., and Houlton, Me. However, later the mercury climbed to above zero at Lebanon, N. H., and Houlton, Me. (EST) to -11.

From one to three inches of snow fell in Michigan, eastern Wisconsin, northeastern Illinois and northern Indiana over the holiday.

Generally fair weather prevails over the rest of the country, with temperatures above normal in the western states and the southern plains states. They were near normal over most of the Midwest. Yesterday's high across the nation was 84 at Los Angeles. The reading was the second highest ever recorded on Christmas day in the history of the Los Angeles Weather Bureau. The all-time high was 86 on Christmas, 1914.

TWO INDIAN DIE IN INDIANAPOLIS, Dec. 26 (AP)—The Spoor Siamese (wino, boy) joined at the top of their heads—one of the rarest births in medical history—died on Christmas day, 27 days after their birth, about one hour apart.

The twins, sons of Mr. and Mrs. Edward Speer, were born in Bedford Nov. 29 by Caesarian section and were brought to the Indiana University Medical Center soon afterward. They lived out their short lives lying head to head, their faces up, most of the time in an incubator.

## More Names Of Speculators Demanded

### Secretary Anderson Asks For All Names Of U. S. Employees Trading In Markets

WASHINGTON, Dec. 26 (AP)—Secretary of Agriculture Anderson today called upon brokerage firms to supply him with names of any government employees or members of their immediate families, who, as customers, traded in futures commodities between Jan. 1, 1946, and Dec. 15, 1947.

The request was made in connection with the department's efforts to determine whether any "government insiders" have been speculating in grain and other commodities.

The request went to more than 600 brokerage firms registered under the Commodity Exchange Act.

The brokers were instructed to report by Jan. 3, and to supply detailed information not later than Jan. 10.

An aide to Anderson said the request applied to any employee of the United States government, its agencies or commissions, or any person employed by any state or its subdivision, including local school boards.

The department's Commodity Exchange Administration reported earlier this week that 71 local, state and federal government employees were among traders in wheat on the Chicago Board of Trade on Sept. 17, 1947.

The names of these officials have not yet been disclosed.

They will be made public, the department said, at the time it gives out a list of all traders in wheat on the Chicago market on that date.

Two congressional committees have begun investigations of speculation in grain. (Continued from Page Two)

## Five Injured As Passenger Train Smashes Freight

### 14 Cars Damaged As Train Jumps Rails Into Other's Path

MIAMI, Fla., Dec. 26 (AP)—A sharp plunge in temperature early today was blamed for a train wreck which injured five persons and caused concern for five persons overdue at Miami aboard a 33-foot cabin cruiser.

Thermometer readings in the mid 70's slid 20 degrees to 53 A. M. today, Munn Norwood, Florida East Coast Railroad trainmaster, said the sharp drop probably caused a rail to split and a freight train to careen into the path of a Miami-to-Jacksonville passenger train.

The passenger train, en route from Miami to Jacksonville, derailed into a freight train here early today, injuring five members of the crew. Fourteen railroad cars were either demolished or badly damaged.

J. R. Ashworth, of Miami, engineer on the passenger train, escaped death as his locomotive plowed through the freight car and on into another. He was injured and taken to a hospital.

The most seriously injured was Frank Ray, 38, a negro employe of the Railway Express Company who sustained a severe head injury. His condition was described as fair.

Ashworth, 65, also was reported in fair condition with burns about the face and body.

G. E. Learn, of Jacksonville, another Express Company employe, was released from the hospital after treatment for a wrenched ankle.

Eleven passengers, all negroes, were brought to the hospital for examination. The accident occurred just north of 118th Street.

No one was able to recount (Continued on Page Two)

TWO INDIAN DIE IN INDIANAPOLIS, Dec. 26 (AP)—The Spoor Siamese (wino, boy) joined at the top of their heads—one of the rarest births in medical history—died on Christmas day, 27 days after their birth, about one hour apart.

12 Jews Die

(Continued from Page One) American philanthropist, Henrietta Szold.

An agency source said the car in which both were killed and another Jew was wounded also carried Mrs. Golda Meyerson, acting head of the Jewish agency's political department, and Isaac Gruenbaum, an agency member.

The convoy was en route to Jerusalem from Tel Aviv. Jewish agency source said it was attacked twice—once at Rabel Quad, about half way between Jerusalem and Tel Aviv, and again at Jerusalem's outskirts.

The attack on the second convoy, in which four Jews were killed, was made inside Jerusalem. The child, victim of the border strike in the Tel Aviv-Jaffa area, was found by her mother this morning, lying in a pool of blood.

The 70-year-old woman was slain by a sniper as she stood on a balcony during an attack in Haifa by Hagana, the Jewish militia. The house under attack was believed sheltering Arab riflemen.

Two British civilians were found shot to death in the area of Hadar Carmel in Haifa. Both were believed to have fallen in the fighting between the Jewish and Arab snipers. One was identified as Christian engineer, William Thornton, 41, diesel engineer for the Iraq Petroleum Company.

Two other Jews and one Arab died in Hagana's attack and one Arab was wounded. Five other Jews were wounded in Haifa, one an eight-year-old girl who was on her way to school.

Reliable but unofficial reports said 10 Arabs and two Jews were killed in the running Haifa battle yesterday.

At a naval torpedo depot near Acre, several Arabs penetrated the guard room but were driven off and fled in a taxi. Police said they did not know whether the Arabs had succeeded in seizing any arms.

The new deaths raised the Holy Land toll to 354 since communal fighting was touched off by the United Nations decision Nov. 29 to partition Palestine.

More Names Asked

(Continued from Page One) nation in commodities. They are a special House investigating committee and the Senate Appropriations Committee.

The latter group has asked Anderson for names of traders. Anderson is making the lists public at the same time he sends them to the committee.

Sen. Anderson (R-Minn.) said the House group, which he heads, has information that "strongly indicates" there has been speculation "on a fairly large scale" by persons with inside information on government commodity purchasing plans.

Secretary Anderson said in a statement that his request to the brokers "constitutes another and

5 Injured

(Continued from Page One) how the accident occurred, but most railmen believed a part of the front car section of the freight train heading south jumped the rail as the passenger train, going north, was passing. The freight train locomotive continued south on the FEC tracks, carrying a few cars with it for almost a mile.

Four of the passenger train cars were derailed in the accident. The passenger locomotive did not explode, but steam poured from the sides of the big engine for two hours afterward.

The locomotive of the passenger train was almost on its side after the collision seemingly held up by a freight car which it had torn through. The tracks were ripped from the roadbed for a distance of more than 100 feet at the wreck scene. Some parts of the steel rails were bent almost like pretzels, and lay fully 25 feet in some instances from their roadbed anchorages.

The freight and passenger cars were piled up together, some of them nearly standing on end and others reaching out flat on their sides for considerable distances from the track. The scene was one of jumbled confusion, with the scattered cars covering palm-trees giving the appearance of a giant house of matches which had just been pushed over.

Twelve passengers on the north-bound train, six white and six negro, were bound from Miami to Jacksonville at the time of the accident. Several of them suffered minor cuts and bruises.

Conductor G. B. Coltron, of Jacksonville, was in the rear coach with the passengers. He reported:

"It all happened in about 30 seconds. As soon as I found out the front cars were turned over, I ran to a telephone to call for help, for it looked as if somebody might be buried down there."

Coltron added it was, in his opinion, a "miracle" that engineer Ashworth and his fireman were not killed.

additional measure directed to the purpose of determining the identity of any government employees who may have been speculating in commodities."

He added: "The Department of Agriculture and various other government agencies have already issued questionnaires directing all key employees to file statements concerning any such trading which they may have had during the past two years."

Answers to today's request must be in affidavit form. The affidavit must answer "Yes" or "No" the question whether the broker had any public official or member of an official's family as a customer during the specified period. If the answer is "Yes" detailed information must be furnished the department.

ACTING FOREIGN MINISTER of Panama, Francisco Filios affixes his signature to the new treaty which gives the United States canal defense bases on Panamanian soil. U. S. Ambassador Frank T. Acheson (right) reaches into his pocket for his pen to sign the document. In center is Senor Octavio Vallarino, Panama Minister of Public Works. Following the treaty-signing ceremony in Panama City, 25 persons were injured in a street battle between police and university students who protested the leasing of the bases to the United States. (International Soundphoto)

AT THE CONCLUSION of her concert in Constitution Hall, Washington, Margaret Truman catches a bouquet of roses tossed to her by an admirer. Among those present were President and Mrs. Harry S. Truman. It was the first time they had attended one of their daughter's concerts. Most of the Cabinet attended the performance. (International Soundphoto)

At THE CHURCHES

**BAPTIST REVIVAL**  
The First Baptist Church announced today a series of revival services to begin on Jan. 18 and continue through Jan. 25. This series of services will be in charge of the Bible department of Stetson University with Dr. O. L. Walker, head of the department as the guest preacher and Dr. Pope A. Duncan, associate professor of Bible, as the song leader.

The services will be held each evening at 7:30 o'clock. The public is cordially invited to attend.

**CHRISTIAN & MISSIONARY ALLIANCE**  
Glean E. Smith, Pastor  
10:00 A. M.: Bible School, Mr. A. Wiebitt, Supt.  
11:00 A. M.: Morning Worship  
7:45 P. M.: Evening Service.  
The pastor will continue his messages from the book of Revelation. He will speak from "Revelation, chapter four, on 'Heaven Opened.'" All are welcome.

**FIRST PRESBYTERIAN CHURCH**  
E. D. Brownlee, D. D., Pastor  
Rev. Douglas E. Charles, Assistant Pastor  
9:45 A. M.: Sunday School for all ages.  
11:00 A. M.: Morning Worship Service. Sermon by Dr. Brownlee.  
8:30 P. M.: Junior and Senior Young People's Meeting.  
7:30 P. M.: Evening Worship Service. Student Night and the Service will be in charge of the College Students.

**HEARDALL AVENUE CHAPEL**  
Heardall Avenue, Sanford  
Rev. Douglas E. Charles, Pastor  
3:00 P. M.: Sunday School.  
3:45 P. M.: Worship Service.

**FIRST CHRISTIAN CHURCH**  
(Disciples of Christ)  
Sixteen Street and Sanford Avenue  
William Perry Vesley, Minister  
Sunday School, 9:45 A. M.  
Worship and Communion, 11:00 A. M.  
Sermon: "Freedom for the Human Spirit."  
Christian Youth Fellowship, 6:30 P. M.  
Sermon: "A Profitable Look Backward," 7:30 P. M.

**UNITY**  
Faith Cornwall, Minister  
TUESDAY  
7:45 P. M.: Prayer Service at Valdez Hotel.  
8:00 P. M.: Class in "Lessons in Truth" at the hotel.  
FRIDAY  
9:15 A. M.: Radio Program, "The Voice of Unity," Station WTHR.

**HOLY CROSS CHURCH**  
Mark T. Carpenter, B. D., Rector  
1st Sunday after Christmas  
8:00 A. M.: Holy Communion.  
9:30 A. M.: Church School.  
11:00 A. M.: Morning Prayer and sermon.  
Daily—M., T., W., T., 7:45 & 8:00 A. M. Friday, 8:45 & 9:00 A. M.

BIBLE VERSE FOR TODAY

EVEN PLATO SAID NO BAD THING CAN HAPPEN TO A GOOD MAN IN THIS LIFE OR THE LIFE TO COME. MANY THINGS THAT LOOK LIKE MISFORTUNE WORK OUT BETTER THAN WE FEAR...

General Eisenhower says he is not a candidate for the presidency, and the question immediately arises as to whether it is any longer news when the General says he is not a candidate.

Government bonds are being allowed to decline on the bond market, indicating that the federal budget is balanced at last and that the Administration believes that it will not have to borrow any more money for some time to come.

While we cannot agree with all of the report of President Truman's Commission on Higher Education, we do think that federal scholarships for needy non-veterans of exceptional ability would prove a most worthwhile and meritorious undertaking.

Washington wonders what to do, now that a rival government has been set up in Greece by the Communists, and a French Communist newspaper warns this country against interfering in Greek internal affairs.

A survey conducted at the University of Florida reveals that living expenses cost the average single student \$100.27 a month, while the married student must spend \$163.43, indicating there are certain disadvantages to being married while a student.

John Foster Dulles, who has just returned to this country from the ill-fated London Foreign Ministers Conference, says he sees no present danger of war in Europe. What he does see is trade rivalry approaching the status of an economic war...

Look Up And Marvel

An antidote for human vainglory is offered by Clyde Fisher, honorary curator of astronomy, American Museum of Natural History, in The Reader's Digest for January.

Stars vary greatly in size. Among the large ones is Betelgeuse, with a diameter of 270,000,000 miles - three times the distance from our earth to our sun.

About 3,500 stars are visible to the naked eye. But a good pair of field glasses detects 120,000; the Mt. Wilson telescope about 1,500 million.

Sirius is twice that far; light from it reaches us in eight years, traveling at 186,000 miles a second. But these pinpoints are "merely the foreground of the cosmic picture."

A star is a vast atomic pile perpetually in explosion, the author says. So terrific is the resultant internal pressure that the substance of a star's core may weigh several tons per cubic inch.

Astronomers and philosophers have seen the universe differently. Sir James Jeans' theory is that the stars came into existence only to burn themselves out.

Powerful League

The League of Women Voters has become a real force in American political life, and is being respectfully watched by politicians who are shaping the issues for next year's campaign.

The L.W.V. has come a long way since 1920. The 550 chapters have a combined membership of 72,000, and these members influence a large group outside the organization.

These energetic, articulate women are creditable descendants of Susan B. Anthony and the other pioneers who hacked and chopped at the forests of ignorance and prejudice which for centuries had blocked women's progress.

Farmer Never Had It So Good Before 1947-Some Think

By WILLIAM FERRIS AP Newsfeature CHICAGO—The farmer never had it so good as in 1947. People earning hefty salaries and wages in urban centers bought and ate more food than at any time in the past.

Result: Prices for farm products which would have seemed fantastic before the war.

And the possibility is even higher prices for some foodstuffs, for example—in 1948.

Gross farm income for 1947 will total around \$34,300,000,000. Net incomes, after paying production expenses, will amount to about \$18,000,000,000.

Price records were made during 1947 for such basic farm products as hogs, cattle, corn and oats. Wheat sold at a 27 year peak.

A few commodities received government support—potatoes and eggs among them.

Studies by the Bureau of Agricultural Economics showed the farmer now was more likely to have electricity, a telephone and an automobile—each an important item in modern living.

In contrast, the farmer can argue that he doesn't have a 40-hour work week, isn't a participant in social security and usually lacks the medical facilities available in cities.

But, on balance, the farmer is doing all right. Somewhere in the future exists that old buzzword of the nation's economy—the Farm Problem.

Neither condition prevails as the new year starts. The Agriculture Department is urging farmers to increase grain crop production.

Prices generally are expected to continue high. So high, in fact, that as the year ended the administration was urging Congress for power to clamp back price controls if that should be considered necessary or desirable.

Many congressmen felt it wasn't either.

7 Die In Fire

(Continued from Page One) woman made her way to safety. The hotel occupied the top floor of a two-story building with several small business concerns on the street level.

DES MOINES, Ia., Dec. 26. (AP)—Mr. and Mrs. James Rhodes and their 12 children, who lost everything except the night clothes they were wearing when their 8-room house was destroyed by fire yesterday, were fairly well equipped to set up housekeeping again today.

In Saugub, Mass., the youngest of a family of five children died in a fire when he slipped out of a blanket in which his father, Richard Crowe, 35, had slung him over his shoulder for an escape down a ladder.

Other fire deaths were reported in Michigan, Maryland and Connecticut.

FREDERICKSBURG, TEX., Dec. 26. (AP)—Four persons perished last night in a fire which swept a huge, single-story dance hall only minutes before a Christmas night ball was to begin.

The dead were identified as: Mrs. Ite Beipp, 53, wife of the owner of the dance hall; Albert Fetzl, 35, and his wife, 46, of San Antonio.

Mrs. Banno Eckhardt, 55, an employee of the concession stand. The blaze started around 8:30 P. M. and swept the building in a few minutes, spreading to the adjoining grandstand of the baseball park.

Only about 30 persons had arrived for the dance when the fire started.

Department admits good soil conservation principles demand smaller acreage in 1948, but such principles can't hold against the world's urgency for food.

They also want less tobacco and peanuts. Prices generally are expected to continue high.

Prices generally are expected to continue high. So high, in fact, that as the year ended the administration was urging Congress for power to clamp back price controls if that should be considered necessary or desirable.

Many congressmen felt it wasn't either.

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

It is a most unfortunate circumstance—even potentially dangerous—which has impelled the republic of Panama to refuse the republic lease of military bases to Uncle Sam for defense of the vast canal which represents one of the most important strategic spots of the entire Western Hemisphere.

Panama ranks as one of the little nations of the world in size (estimated population some 600,000 and area only 31,667 square miles), but in importance it's a mighty atom.

No it was a shock when the Panama national assembly unannouncedly refused to ratify an already signed agreement between Washington and Panama, renewing the leases on 14 military bases.

Why did Panama take such drastic action? Well, there are quite a number of angles to it, but one Administration official in Washington attributed the move to a "wave of hysteria."

Contrary to general expectations the United States took Panama at its word and promptly began withdrawing some 2,000 troops from the 14 bases, thus transferring the defense to the narrow and inadequate Canal Zone.

The Panama Canal was first projected more than 400 years ago when Balboa and other Spanish explorers actually made surveys between 1515 and 1525 across the isthmus.

While Panama derives much monetary profit from Washington in connection with operation of the canal, many citizens of the republic have been unhappy over their country being split in two by the waterway.

However, many close observers believe that Panama may see fit to reconsider its rejection of the leases, and that the matter may be satisfactorily adjusted.

Notice that a number of job openings for qualified engineering and skilled workers offering attractive salaries and working conditions are now available at the huge research laboratory of the National Advisory Committee for Aeronautics, Langley Field, Va., was received today by the Sanford office of the Florida State Employment Service.

Lawrence W. Emerson, manager of the office, declared that this research facility, operated by NACA, is seeking building architects, electrical mechanical and aeronautical engineers, statistical technicians, psychiatrists and draftsmen—architectural, mechanical and structural, the ES office manager said.

Openings also are available for skilled Instrument Makers and Radio Mechanics at yearly salaries ranging from \$1,706 to \$3,057.

Mr. Emerson said that full details on each position will be made available to interested persons.

It is a most unfortunate circumstance—even potentially dangerous—which has impelled the republic of Panama to refuse the republic lease of military bases to Uncle Sam for defense of the vast canal which represents one of the most important strategic spots of the entire Western Hemisphere.

Panama ranks as one of the little nations of the world in size (estimated population some 600,000 and area only 31,667 square miles), but in importance it's a mighty atom.

No it was a shock when the Panama national assembly unannouncedly refused to ratify an already signed agreement between Washington and Panama, renewing the leases on 14 military bases.

A star is a vast atomic pile perpetually in explosion, the author says. So terrific is the resultant internal pressure that the substance of a star's core may weigh several tons per cubic inch.

Astronomers and philosophers have seen the universe differently. Sir James Jeans' theory is that the stars came into existence only to burn themselves out.

The League of Women Voters has become a real force in American political life, and is being respectfully watched by politicians who are shaping the issues for next year's campaign.

The League of Women Voters has become a real force in American political life, and is being respectfully watched by politicians who are shaping the issues for next year's campaign.

The L.W.V. has come a long way since 1920. The 550 chapters have a combined membership of 72,000, and these members influence a large group outside the organization.

These energetic, articulate women are creditable descendants of Susan B. Anthony and the other pioneers who hacked and chopped at the forests of ignorance and prejudice which for centuries had blocked women's progress.

Farmer Never Had It So Good Before 1947-Some Think

By WILLIAM FERRIS AP Newsfeature CHICAGO—The farmer never had it so good as in 1947. People earning hefty salaries and wages in urban centers bought and ate more food than at any time in the past.

Result: Prices for farm products which would have seemed fantastic before the war.

And the possibility is even higher prices for some foodstuffs, for example—in 1948.

Gross farm income for 1947 will total around \$34,300,000,000. Net incomes, after paying production expenses, will amount to about \$18,000,000,000.

Price records were made during 1947 for such basic farm products as hogs, cattle, corn and oats. Wheat sold at a 27 year peak.

A few commodities received government support—potatoes and eggs among them.

Studies by the Bureau of Agricultural Economics showed the farmer now was more likely to have electricity, a telephone and an automobile—each an important item in modern living.

In contrast, the farmer can argue that he doesn't have a 40-hour work week, isn't a participant in social security and usually lacks the medical facilities available in cities.

But, on balance, the farmer is doing all right. Somewhere in the future exists that old buzzword of the nation's economy—the Farm Problem.

Neither condition prevails as the new year starts. The Agriculture Department is urging farmers to increase grain crop production.

Prices generally are expected to continue high. So high, in fact, that as the year ended the administration was urging Congress for power to clamp back price controls if that should be considered necessary or desirable.

Many congressmen felt it wasn't either.

# Social And Personal Activities

## Social Calendar

**MONDAY**  
The Sanford Story League will meet at the Mayfair Inn at 7:30 P. M.

### Mrs. McKinnon Is Hostess To Circle

The Beardsall Avenue Chapel Circle met Monday with Mrs. W. M. McKinnon at her home, 901 Magnolia Avenue. The chairman, Mrs. Kirby Fite, opened the meeting. Mrs. Green offered prayer. The McKinnon home was very attractive with beautiful Christmas decorations with a lighted Christmas tree and a gift for everyone.

Mrs. McKinnon entertained with some very interesting Christmas stories. Refreshments were served to the following members: Mrs. Fite, Mrs. Boston Steele, Mrs. Helen Hale, Mrs. R. C. Long, Miss Herbie Long, Miss Jennie Cowan, Mrs. J. C. Fortson, Mrs. M. Bennett, Mrs. Alice Cowan, Mrs. Sarah Wood, Mrs. Wood, Mrs. Sarah Myers, Mrs. Maude Hilderbrand, Mrs. W. M. Roche, Mrs. Gatlun, Mrs. Raymond Schell, Mrs. L. G. Hunter, Mrs. J. C. Ellsworth and a guest, Mrs. Victor Green, Mrs. McKinnon and Mrs. Markwood.

### Sanfordites Attend Dance In Orlando

Among those from Sanford who attended the inter-fraternity dance held on Tuesday night at the Coliseum in Orlando were Mr. and Mrs. Dale Scott, Jr., Mr. and Mrs. William Booth, Capt. and Mrs. Jack Bolt, Mr. and Mrs. Richard Brown, Mr. and Mrs. Clyde Towilligan, Jr., Mr. and Mrs. Frank Perkins, Jr., Mr. and Mrs. Charles Goddard, Mr. and Mrs. Robert Hickson, Mrs. Martha Fitts-Hayes and the Misses Lolo Lee, Marty Perkins, Camille Hatten, Kathryn Wiggins, Margaret Greenawald, Lucille Altman, Ruth Stensrud, Elizabeth Fite, Shirley Eick, Barbara Saunders, Jean Sawyer, Carolyn Skinner, Betty Bassor, Dillon Baker, Dahline Connolly and Betty Jo Brock.

Also Kirby Fite, Bill Brumley, Herbert Moreland, Kenneth Leffler, McKay Truitt, Harry Lee, Earl Jeter, Laurier Beard, E. C. Harper Jr., Edward Lantz, Karl Schultz, Paul Hickago, Cullen Wright, John Dunn, Charles Parks, Albert Fitts, Billy Gray and Glenn Hughes.

### Story League To Meet On Monday

The Sanford Story League will meet on Monday at 7:30 P. M. at the Mayfair Inn. Included on the program were a story, "The Other Wise Man" by Van Dyke to be told by Mrs. P. R. Stephenson. Mrs. Phyllis Allen Proctor will present a story and a song, "The Gift" by Behrend. Mrs. E. C. Williams, president of the group, stated this morning that she hoped all members would be able to attend the meeting.

**BRUMLEY XMAS GUESTS**  
Mr. and Mrs. W. S. Brumley had as their guests for dinner on Christmas day Mr. and Mrs. A. J. Anderson of Jacksonville, Mrs. George Cross of Bishbee, Ariz., Mr. and Mrs. Rodman Lehman and daughters, Gall and Lewis, and Mrs. Sally and Helen Lewis all of Winter Park. Mr. and Mrs. Herman J. Lehman of Sanford and Billy Stanley, Herman and Rodney Brumley.

### Louise Fulford Wed To Wilbur O. Nolan

The marriage of Miss Deanna Louise Fulford, daughter of Mr. and Mrs. J. Dalton Fulford, Sr. of Ocala, to Wilbur O. Nolan, son of Mrs. Minnie L. Nolan of this city, was solemnized last Saturday at 11:00 A. M. in Ocala. The bride wore a winter white dress with black accessories. Her corsage was of yellow roses and sweet peas.

She had as her only attendant, Miss Doris Grey of Ocala, who wore a brown wool suit with brown accessories. Cecil Brooks of Sanford served as best man. Mr. and Mrs. Nolan are at present making their home with Mr. Nolan's mother in Sanford.

### Hollywood

**HOLLYWOOD**, Dec. 26 (AP)—Despite the pre-Christmas lull of production, Hollywood's famous still manage to make some news. Nelson Eddy is getting back into production again and his new picture will be "The Hollywood Story." It's a behind-the-scenes yarn and Eddy may be able to make it before he starts his concert tour in March.

Glenn Ford was seen similar with a top man of a major studio. It's no secret that Glenn has been having difficulties with his lot, Columbia, which won't permit him to do any outside films on his own. The actor's contract has only two years to go and it's possible he may align with another studio after that.

Gene Tierney is apparently at peace with South-West Coast. Her suspension is over. Alfred Hitchcock is planning to go right into a comedy, as yet unnamed. Gene left her daughter in the East and will continue to maintain her residence there.

Claude Rains joins Errol Flynn in "The Turquoise" from the Anva Seton novel. Rains will play a Scotsman transplanted to Santa Fe, N. M.

Errol Flynn reports he is buying a diving bell to be operated from his yacht. After he finishes "Don Juan," he says he'll head for Jamaica waters where he'll attempt some underwater research in association with the Scripps Institute of Oceanography, a part of the University of California.

Larry Parks was reading about the possibility of Gene Kelly starring in the new Nelson picture. Larry remembered his long hours of matching his own actions to the singer's voice and commented, "I don't envy Gene."

Paulette Goddard finished "Harold" and planned out to New York holidays with Burgess Meredith. They'll go in Paris Jan. 8 and Paulette plans to visit occupying troops in Germany while her husband finishes his film for the British government. Paulette still wants to make "Night Watch" in Palestine and she may get a chance next year.

Gene Kelly is now walking on his broken right ankle without a cane and reported for wardrobe fittings for "Three Musketeers."

Expectant Eleanor Parker has been ordered to stay in bed over the holidays.

Bila Hayward tells me she is getting matching blue screen with a doll house for Christmas. Also another pearl. By the time Rebecca is of age, she'll have a necklace. ... What's with Marshall Thompson at MGM? He hasn't worked in more than a year.

### Personals

Mrs. Harry B. Lewis is spending the holidays with her son and his family in Miami.

Mr. and Mrs. Oscar M. Harrison have as their guests Mrs. Harrison's parents, Mr. and Mrs. A. J. Petty, of Falls Church, Va.

Dr. Charles L. Persons is spending a few days with his parents, Mr. and Mrs. C. L. Persons, in Ft. Myers.

Phil Grashoff arrived by plane from Decatur, Mich., to spend Christmas with his family in Sanford.

Hosman Eundley, a student at Rollins College in Winter Park, is spending the holidays in Sanford with his parents.

O. W. Douglas of Savannah spent his wife in Sanford to spend Christmas with Mr. and Mrs. A. C. Williams.

Mr. and Mrs. Leon Walker have as their guests for the holidays Mrs. Walker's sister, Miss Billie Leaton of the Duke University Library in Durham, N. C.

Mr. and Mrs. Clyde Russell and sons, Kenneth and Edgar, of San Antonio, N. Y. are spending the Christmas holidays with relatives and friends in Sanford.

Mr. and Mrs. Arthur H. Beck with Jr. have returned from spending Christmas in Waycross, Ga. with Mrs. Beckwith's parents, Mr. and Mrs. J. J. Matthews.

Mr. and Mrs. F. Dexter Murray of Spartanburg, S. C. are visiting their daughter and son-in-law, Mr. and Mrs. Roy Symes, Jr. for the holidays.

Billy Epps left today by plane as the guest of Welborn Phillips and son, Welborn, Jr. of Orlando, for Miami where they will spend several days.

Mr. and Mrs. Julian Sirmonts of Dallas, Tex. are the guests of her parents, Mr. and Mrs. H. A. Manning and his mother, Mrs. Rosa Sirmonts.

Mr. and Mrs. J. W. Vickery and children, Wylene and Wylie, of Palatka, are spending a few days as the guests of Mrs. Lilly Vickery.

Mr. and Mrs. J. L. Jackson were called to Athens, Ga. on Thursday because of the death of Mr. Jackson's mother, Mrs. K. C. Sanders. Mrs. Sanders was a frequent winter visitor in Sanford.

Miss Minnie Neubauer of Dayton, O. arrived Sunday to spend the holidays with Mr. and Mrs. Lewis Bradmeyer and Mrs. Hattie Adams, formerly of Dayton, also Mrs. E. H. Kilien at the latter's home in Geneva.

The Misses June and Holly Jivins, who have been staying with Mr. and Mrs. Ben Small at the Valdes Hotel, returned to New Smyrna on Wednesday to spend Christmas with their mother. June returned today to resume her position at the hotel.

Mrs. Peyton Turner Wilson, the former Patricia Maxey of Frostproof, whose marriage to Mr. Wilson was solemnized in a beautiful garden wedding at the home of the bride's parents in Frostproof last Sunday afternoon. The couple plans to make their home in DeLand where Mr. Wilson is enrolled as a sophomore at Stetson University.

### Patricia Maxey Is Wed To P. T. Wilson

In a beautiful garden setting, Miss Patricia Maxey, daughter of Mr. and Mrs. Latimer Magye of Frostproof, became the bride of Peyton Turner Wilson, son of Mr. and Mrs. Arthur Linwood Skinner of Charlotte, N. C. and this city, last Sunday afternoon at 4:00 o'clock at the home of the bride's parents.

The bridal party approached the palm banked altar through an aisle lined with tulle-covered fern and carnations. The Rev. Hugh M. Jefferson, pastor of the Presbyterian Church of Frostproof, performed the double ring ceremony.

Mrs. H. B. Cordes played the traditional wedding marches and Wagner's "Evening Star," "Penny" by Fitch and Schuler's "Serenade." Mrs. Elbert McLeod, accompanied by Mrs. Cordes, sang "Sweetheart of Sigma Nu," "Handmaid's "Because" and "The Lord's Prayer."

The bride, who was given in marriage by her father, wore a gown of white satin fashioned along period lines. The dress featured a marquise yoke trimmed with imported French lace set in a fitted bodice. The long sleeves ended in points over the hands and a full skirt fell from the bodice. Clusters of orange blossoms and dainty lace ruffles along the hemline gave a period effect to the full hoop skirt.

A tulle interlaced with satin and illusion pearl trim held her fingertip veil. The bride's only jewelry was a pearl necklace given to her by the bridegroom. She carried a muff of small white orchids centered with a large orchid.

Miss Laura Jean Maxey, sister of the bride and her maid of honor, and Mrs. W. M. Barnett of Irlochsville, matron of honor, also wore gowns fashioned along period lines of emerald green velvet with marquisette yokes set in a soft draped bodice. The dresses were made with fitted bodices, full skirts and three-quarter length sleeves. They carried muffs of mistletoe and white berries centered with a cluster of white carnations.

The bridesmaids, Mrs. R. H. Gibson of Avon Park and the Misses Miriam Ragdale of Atlanta, Mary Gene Bailey of Williston, Joyce Blackwell of Fort Lauderdale and Carol Skinner.

Members of the Sanford Tourist Club are scheduled to take a moonlight boat ride to Blue Springs this evening at 7:00 o'clock.

### Christmas Is Not Fun For Everyone, So Says Detective

By RALPH DIGHTON  
LOS ANGELES, Dec. 26 (AP)—Christmas isn't fun for everyone.

Divorce, suicides and crime in general—with the attendant heartaches—are higher during December than any other month of the year, say Frances Siltson, a private detective, who adds that her own business jumps 40 percent in the holiday season.

"It's a sentimental period," reasons Miss Siltson. "People tend to exercise self pity. They steal everything from money to toys—either because they're broke and can't buy them or just to keep up with the Joneses."

"They begin to feel they're not properly appreciated and institute divorce proceedings. Women are especially bad about this. If they don't get expensive presents, they say hubby doesn't love them any more."

"In extreme cases, people even jump in the river."

"This is all very profitable for private detectives. Stores hire them for protection against shop lifters. Unhappily married people seek professional help in providing evidence against their mates. A suicide's relatives may employ a private detective in an attempt to prove the death was accidental."

"Sure, we're glad to see Christmas come around," says Miss Siltson. "But we know it won't be fun."

Miss Siltson, 46, has been a private detective since 1932. She is the only fingerprint expert listed in the Los Angeles city directory phone book. She is stout, stout and somehow manages to look motherly, even when you know she's got a gun in her purse.

Perhaps because of this, people like to tell her their troubles. "I know it's my living," she says, "but I get awfully tired of family squabbles. Talk about your happy family reunions on Christmas. That's where I get a lot of my trade."

"Mothers-in-law go visiting and start meddling in the minute they enter the door. First thing you know there's a family fight and I collect another fee."

Edward (Ned) Ten Eyck, Syracuse University crew coach, was indicted at sculling between 1895 and 1901.

All basketball candidates for the Villanova squad are to wait out with the cross country team for several weeks.

SECRETARY of State George C. Marshall makes a last-minute address before taking off from Northfield Airport, England, for the United States. Marshall said that he was sorry over the breakup of the Big Four conference.

**Snow Storm Blankets Northeastern Coast**  
NEW YORK, Dec. 26 (AP)—A swirling snow storm, intensifying as the day wore on, blanketed an area extending from southeastern New York to Washington, D. C. today with the era's deepest snowfall.

The snow was expected to reach a depth of six to 10 inches in southeastern New York.

By 11 A. M. eight inches had fallen in New York City.

Six inches were reported in Atlantic City, N. J.—the heaviest fall there since 1874.

In New York City trains, buses and autos moved slowly. All planes were grounded. Thousands of commuters braved sub-freezing temperatures and growing drifts to get to work.

All-weather snow removal workers toiled to keep roads and highways open in the borough of Manhattan alone. 10,000 men were working with the aid of 900 large snowplows, 300 motorized plows, 50 motorized brooms, and 100 sandspreaders.

**GENERAL APPOINTED**  
BALTIMORE, Dec. 26 (AP)—Lieut. General John C. H. (Court) Leavelle, whose command in Italy was subjected to a special Army investigation after a newspaper columnist had charged some of his top officers with abuse of their authority, was appointed general secretary of the Brotherhood of St. Andrew of the Episcopal church today.

Santa Clara and LSU were Sugar Bowl rivals in consecutive years—1917 and '28.

Delaware Park will hold thoroughbred racing on 30 days beginning May 29.

### Britain's New Task Surpasses, One He Tackled January 1

By DON SCHWIND  
LONDON, Dec. 26 (AP)—The British taxpayer, who becomes his own railwayman at midnight Dec. 31, inherits a problem which for complexity and ability to generate political heat surpasses even the coal business he took over last Jan. 1.

The take over of the Britain's gigantic transportation assets will be wholly academic for the average Briton. Beyond the newspaper stories heralding it there is little to bring home that he shares ownership in 52,000 miles of railways, over 2,000 miles of canals, thousands of miles of bus, tram and trucking routes, the nation's dock and haulage yards—and the bill for four billion dollars.

For a long time yet he'll pass his ticket to the same scoundrelly uniformed collectors, say a morose "charismatic" to the same porters and use the same shabby carriages sporting the colors of the late "big four" companies, the Great Western, Southern London and North Eastern, and London, Midland and Scottish.

To some extent, the railway nationalization is a pig in a poke, for not until Jan. 2 will the 500,000 stockholders know the interest rate they'll get once their holdings are converted into government obligations.

High officials of "British railways" in a pig in a poke called, say they'll have a good proposition if the interest is pegged at three per cent but a paper loss if the figure is two and a half.

Taxpayers' hopes that nationalization will cut rates were dashed months ago.

Transport Minister Alfred Barnes, speaking just after one increase had been levied and shortly before another was imposed, warned that "the changes of our transport system have got out of gear with the general level in the community."

Jack Henstead, general secretary of the powerful national union of railwaymen, was just as blunt: "We must not treat a nationalized industry as a sort of which care for wages, rates, and conditions; the prime consideration must be to give the maximum of efficient service to the community."

Delaware Park will hold thoroughbred racing on 30 days beginning May 29.

### Speed Against Speed Will Be Keynote Of Kansas-Tech Contest

MIAMI, Dec. 26 (AP)—Speed against speed will be the keynote when Georgia Tech and Kansas clash in the Orange Bowl New Year's day.

Tech, averaging 135 pounds in the line and 175 in the backfield, was generally conceded to be one of the swiftest combinations turned up in Dixie the past season.

The Jayhawkers, with a 192-pound average in the line and 179 in the backfield, produced a lot of the zip of the Kansas plains native, Jackrabbits.

Among with their speed foot, both teams boast of probable starting lineups with a height-average of six feet, accompanying an 187-pound weight average.

The stadium addition which will increase the seating capacity to 50,000, is expected to be ready. The seats sell for a flat six dollars each, with a few boxes going at \$10 per seat.

Kansas brings three linemen, Center Dick Monroe, Guard Don Fambrough and Tackle Don Ertmer, who are converted backs.

Ertmer at 204 pounds is the heaviest among the Jayhawkers' star strikers. Guard Dick Crawford weighs 203 and Tackle Joe Tomlinson, 195. Five into that, the drop off is to end Marvin Small and Fambrough at 184, and finally to Otto Schnellbacher, the lightest, at 173.

Except for 220-pound All-American Tackle Bob Davis, the average for the Georgia Tech starting forward wall would be 188 pounds. Davis pulls it up to 193, one pound more than the average of the Kansas line.

The center for the engineers, Lewin Hooks, weighs 170 pounds. Ewell Pope, left guard, pushes the indicator up only five pounds more, and Left End Jack Griffin is 180.

### American League Establishes New Records In 1947

CHICAGO, Dec. 26 (AP)—The American League, highlighted by the Cleveland Indians making the fewest errors in the major leagues, established a new unit fielding record of .977 in 1947.

The old unit mark of .974 was set in 1946 by the National League.

The Junior Circuit set or tied 16 individual and unit fielding marks during the last season, official league statistics released yesterday disclosed.

Cleveland committed only 104 errors in 157 games to eclipse the Major League record of 112 miscues set three years ago by the St. Louis Cardinals.

After catching 147 games without an error—a Major League record—Philadelphia's Warren (Buddy) Rosar finally miscued on one last May 20.

Two Major League records were tied when shortstop Eddie Joost of Philadelphia took part in five double plays in one game—Sept. 1—and Larry Berry, New York catcher, made an unassisted double play June 15.

The league set a new record with 1,304 double plays. Ferris Fain, Philadelphia first baseman, tied another record for both leagues by helping complete six double plays in one game on Sept. 1.

Joe Di Maggio of the Yankees tied an American League record for outfielders with a .997 percentage in 139 games.

That same season, Georgia set a record of not scoring a free pitch in defeating Auburn, 36-31. The fewest number of free goals by both teams was five in 1938 when Georgia Tech beat Auburn, 33-42.

### The Clubhouse

NEW YORK—Baseball men have closed their books on the record-hattering 1947 season but few will ever forget the precedent set by the fines and suspensions meted out by Commissioner Albert B. (Happy) Chandler.

Foremost of these was the full season suspension of Manager Leo Durocher of the Brooklyn Dodgers for conduct detrimental to baseball.

Others who were fined or suspended in the Durocher case were New York Yankee Coach Charley Dresser (30 days and \$200) and Road Secretary Harold Parrott of the Dodgers (\$500).

The St. Louis Cardinals charged hands at the close of the season, Sam Breadon selling his team and minor league holdings in 16 cities for an estimated \$3,000,000 to a syndicate headed by Robert E. Hannegan, former Postmaster General.

The St. Louis Browns did everything at the close of the season, disastrous season in which they finished a dead-last, the Browns sold close to \$500,000 worth of talent, most of it to the Boston Red Sox who are now the 1948 favorites to dethrone the Yankees in the American League.

Walker, younger brother of Dixie, won the National League batting championship with .362, tons in the majors, while Ted Williams, Red Sox home run king, won the American League crown with .343. Williams lost the most valuable player award in his circuit to Joe DiMaggio of the Yanks by one point, while Bob Elliott, Boston Braves' third baseman, won the award in the senior circuit.

Three No-Hitters—Ewell Blackwell, elongated buggy whip-arm right hander with the Cincinnati Reds, was the talk of the pitchers. He went off on a 16-game winning streak, pitched a no-hitter against the Braves and at the end of the season was top hurler with 22 victories and eight defeats.

The New York Giants set a new team home run record of 221 and their first baseman, Johnny Mize, in the American League Williams tied Ralph Kiner of the Pirates for home run honors, each hitting 51. Led two rookie standouts in pitcher Larry Jensen, who won 21 games and lost five, and Center fielder Hobby Thomson who hit 29 home runs.

There were the usual managerial changes. Four teams in addition to Brooklyn face 1948 with a different field leader. Joe McCarthy, who won eight pennants and seven World Series as Yankee manager, but who retired in 1946, returned to replace Joe Cronin as Red Sox pilot; Bill Meyer replaced Billy Herman at Pittsburgh; Joe Kuhel succeeded Ossie Blazquez in Washington and Zack Taylor

### Schroeder Is Seeded First In Tourney

NEW ORLEANS, Dec. 26 (AP)—The Nation's No. 1 amateur, Ted Schroeder, has been topped in the Sugar Bowl Invitational Tennis Tourney which opens here Sunday.

Second seeded is Gardner Mulloy, of Miami, No. 3 ranking player and Davis Cup team member. Victor Seixas, of Philadelphia, a University of North Carolina student, drew third position, with Irving Dorfman, of New York City and Yale University, taking the fourth spot.

The three day tourney drew two replacements for Frankie Parker and Jack Tuero, who will take Herold (Muddy) Ruel's place with the Browns. Ruel became a Cleveland coach, while Cronin "was moved up" as Sox general manager.

Four stars of another day were added to baseball's Hall of Fame at Cooperstown, N. Y. They were Frank Frisch, Carl Hubbell, Mickey Cochrane and Lefty Grove. And baseball finally got around to holding a "Babe Ruth Day" in honor of the home run slugger who had been hospitalized for a long stretch and who has meant so much to kids throughout the country.

There were the usual managerial changes. Four teams in addition to Brooklyn face 1948 with a different field leader. Joe McCarthy, who won eight pennants and seven World Series as Yankee manager, but who retired in 1946, returned to replace Joe Cronin as Red Sox pilot; Bill Meyer replaced Billy Herman at Pittsburgh; Joe Kuhel succeeded Ossie Blazquez in Washington and Zack Taylor

### Soaring Basketball Scores Make Lean Days Look Incredible

ATLANTA, Dec. 26 (AP)—In this day of soaring basketball scores, some of the Southeastern Conference's records seem incredible.

For example, in 1934—the year the league was formed as an offshoot of the old Southern Conference—Tennessee scored only two field goals in losing to Alabama, 43-15. That same year, Auburn and Florida scored only nine field goals in one game as Florida won, 16-11.

The 27 points they managed to score as a combined effort is also a record for ineffectiveness by both teams in one game. The low for one team is shared by Tulane and Sewanee at nine points. In 1934 LSU beat Sewanee 69-9 and the next year Kentucky beat Tulane, 38-9. Sewanee dropped out of the league in 1940 after winning only three games in 80 tries.

Last year saw the teams Y-out a good portion of the record book as Kentucky averaged better than 70 points per game and Auburn set a new record for defenselessness in allowing an average of 54 points per game. Both these records cover conference games only.

Alabama scored 23 foul goals against Mississippi to set a new record in winning, 83-20. In another game last season, Kentucky racked up 22 foul goals and Georgia Tech got 21 to set a new two-team total.

For the entire season, Alabama just missed by one point tying the record of 840 points set by Mississippi State in 1943 in 20 conference games. The Crimson, however, had a better per-game average since their 839 points were scored in only 18 games.

The only perfect game where foul goals are concerned was played in 1943 when Florida missed none in beating Georgia 47-27, while the most free shots missed in one game was 13 by Kentucky last year in beating Tennessee, 61-46. It was in that same game the most fouls (50) were committed by both teams.

Kentucky was charged with 24 infractions and Tennessee with 26. Auburn and Vanderbilt share the dubious honor of having committed the most fouls in one game—47. The Tigers were charged that many times in losing to Georgia last year, 40-44. Vanderbilt committed that many infractions in beating Mississippi, 80-47, in 1941.

That same season, Georgia set a record of not scoring a free pitch in defeating Auburn, 36-31. The fewest number of free goals by both teams was five in 1938 when Georgia Tech beat Auburn, 33-42. Each team made 20 field goals, but Tech converted on three foul shots and Auburn made good on two.

### NOTICE

City licenses became due October 1, 1947. New license ordinance provides that when a license tax remains unpaid for a period of ninety days there shall be added thereto a penalty of 10% of the original amount, and it shall be paid at the same time of issuance of license.

A PENALTY OF 10% WILL BE COLLECTED ON LICENSES NOT PAID BY JANUARY 1st.

15 Killed In Clashes With Bombs, Guns

Police Say Fighting Started When Jews Hurdled Grenade Into An Arab Vehicle

JERUSALEM, Dec. 29 (AP)—At least 12 Arabs, two British constables and one Jew were killed in a clash at Jerusalem's historic Damascus gate today after Jews hurled grenades and sprayed an Arab bus with machine-gun bullets.

(Continued from Page One)
Police at the scene said the motor crew, who the occupants of a Jewish taxi heaved a grenade into a crowded street near the massive stone gate and machine-gunned an Arab bus preparing to leave for the all-Arab town of Nablus.

Reds Release 60,000 Tons Of Food, Material

U.S. Is Among Those To Receive The 1st Russian Allotment Agreed At Potsdam

PARIS, Dec. 29 (AP)—Almost 60,000 tons of wheat, wood, and motor fuel in reparations from eastern Germany have been made available for the first time by Soviet cooperation authorities and were allotted to ten countries today.

(Continued from Page One)
The French foreign ministry announced the allotment of the reparations was made at the 14th session of the assembly of the Inter-Allied Reparations Agency.
