Easy-Payment Plan To Buy Refrigerator Is Announced Here

Announcement of a plan whereby Seminole County residents can buy a brand new Frigidaire refrigerator with no money down and for only 25 cents a day was made today by John Nelms, manager of the Claude H. Wolfe appliance store at 305 Sanford Avenue.

The idea is called the Claude H. Wolfe Meter Ice Plan, according to Nelms. It is the first time the plan has been available here.

It works this way, Nelms said: "A purchaser simply comes into the store and selects the refrigerator he wishes. It is promptly delivered and a Meter Ice meter installed in the kitchen.

The purchaser deposits only a quarter a day and gets a receipt instead of a bill at the end of the month when coins are collected from the meter.

It is possible to deposit up to 23 additional quarters in advance. Nelms said, making provision for vacations or other absences from home.

A number of sizes of refrigerators are available on the Meter Ice plan, Nelms pointed out.

Key

(Continued From Page One) tion just before Symington was to leave for Europe.

Symington also said that because of his interest in maintaining Army morale, he had suggested that the investigation be held up until he returned.

"At the outset of the day, Symington had lodged a motion that the investigating subcommittee direct McCarthy to give the FBI any names he has of suspected Communists or security risks working in defense plants or the federal government.

A vote on Symington's motion was deferred.

Cohn, chief counsel to the McCarthy subcommittee, was in the witness chair for the sixth day but the debates over Symington's motion and the monitored calls consumed virtually all the afternoon session.

Still left up in the air today was the question of what is to be done with what McCarthy describes as a list of 133 suspected security risks in defense plants. The Defense Department so far has refused to accept the senator's terms for disclosing the list.

Ike's Program

(Continued From Page One) an \$1,000 new home from the present \$250 to \$400 and on a \$16,000 home from \$3,200 to \$2,200. Repayment periods would go to 30 years across the board on all new homes.

2. No change in the maximum FHA-insured \$2,000 home repair loan program, repayable in three years. Lenders would take 20 percent of the risk on each of these FHA-insured loans.

3. A program for more effective slum clearance with federal grants to communities to clear blighted areas.

But the Senate refused to take Eisenhower's program for no down payment, 40-year FHA-insured mortgages for low-cost homes in slum-cleared areas. It voted to require a 5 per cent down payment with a maximum 30-year term.

4. An increase in the amount of government money available for direct loans to veterans who can't get private credit to buy homes under the GI bill. The Senate voted to allow a total of 200 million, double the present authorization.

5. Tight new restrictions on apartment projects built with FHA-insured mortgages so that buildings cannot make "windfall" profits as they allegedly have in the past.

6. A program for more effective slum clearance with federal grants to communities to clear blighted areas.

7. Extension of the farm housing program and a new section to give farmers a chance to get government-insured mortgages without putting up their whole farm as security for the loan.

8. Continuation of the Federal National Mortgage Assn. as an agent to cover new equipment installed by private firms on a five-million-dollar research fund.

9. A new program of FHA insurance for home-travel mortgages.

The Senate refused to give the president these things he asked.

Flexibility in mortgage interest rates, with rates pegged to the yields of long-term government bonds, flexibility in repayment periods, and down payments in the big sales housing program, so that they could be changed to fit emergency conditions, equal mortgage terms for old and new homes.

RECENT ADDITIONS—The Sanford zoo's most recent additions are Hambi and Handessa, baby deer. Both were to take their first steps in about five days, but Handessa seemed a little slower than her brother, who is shown. (Staff Photo)

Monkey Ostracized Planned Resolution Put Up For Sale

For sale—our dictator, Junior size.

Angled, the Sanford Zoo's spider monkey with a dictatorial complex, has been put on the block by Arnold Hood, zookeeper, who says, "Anyone who desires a monkey and will part with 20 bucks can have him."

Last week angles got together with two other monkeys and formed a Sanford zoo storm troopers' society. The three then took over the food stand, fed their buddies and beat off those who weren't club members. This lasted for about five days. Then came the resolution.

Monkeys turned an opposition party stormed the food stand, beat all three monks and threw the leader, angles, into the monkey bin back on the island. And the remaining monkeys threw him into the monkey again.

For the past week, angles, like Napoleon, has been at his club, a separate cage. Yesterday, Hood tried again. The same result occurred—one wet dictator.

So there is nothing left to do but trade him off to somebody who may want a washed-out dictator, Junior size.

Ex-Sergeant Gets Life Sentence

MIAMI (AP)—Harold E. Taylor, 32, a veteran of 17 years in the armed services, yesterday was sentenced to life imprisonment in the fatal shooting Sept. 4 of his wife, Helen, 23.

He was denied bond while making an appeal.

Taylor, former Air Force master sergeant, was convicted of firing a .25 caliber bullet into the heart of his wife "because she had some dirty money."

The shooting occurred in their home only hours before they were to leave for a new assignment in Japan. They had been married eight months.

OFFICER ESCAPES

HANOI, Indochina (AP)—The first French officer to escape his captors at Dien Bien Phu and flee through enemy territory reached Hanoi yesterday.

Lt. Raymond Makowiak, 32, said he survived on corn and rice sneaked to him by friendly natives during his long trek through rugged mountains and jungles to the little post of Nam Bac.

ESCAPEE CAUGHT

FORT VALLEY, Ga. (AP)—A 12-year-old escapee from the Florida State Reform School at Marianna has been caught here and four of his companions are being sought.

Police Chief Grady Cochran reported yesterday that the boy admitted he and the other four Negro youths used a stolen car in their getaway.

Effort Made Today To Break Deadlock

GENEVA (AP)—The Indochina peace conference made another effort today to break its deadlock on the issue of how a proposed Indochina cease-fire should be supervised.

The nine-party party went into its 16th secret session, the last one planned before a long weekend recess, to be followed by a semi-public debate next Tuesday.

High level military representatives of the two Indochina commands also met in secret this afternoon on the problem of defining assembly zones for the regrouping of the rival armies after a cease-fire.

Yugoslavia, Greece Begin Pact Work

ATHENS, Greece (AP)—Greece and Yugoslavia today began drafting an agreement which will bind their countries with Turkey in a new Balkan pact for mutual defense.

Greek Premier Alexander Papagos, host this week to Yugoslavia's President Tito, described the Balkan alliance as "realistic because yesterday's danger of war has not been eliminated."

Mature ticks and mites have eight legs.

Junior High School Has 156 Graduates

Judge Stenstrom Principal Speaker Richard Rountree Wins DAR Award;

County Judge Douglas Stenstrom was the speaker this morning at graduation exercises held for eighth-graders at the Sanford Junior High School.

The Daughters of the American Revolution award for excellence in American history was presented to Richard Rountree by Mrs. H. W. Rucker.

The program was as follows: Processional, Ellen Vihlen and Sidney Vihlen; "Holy, Holy, Holy," eighth grade; invocation by the Rev. W. P. Brooks Jr.; "Bless This House," eighth grade; presentation of DAR award; "Tribute to Song," eighth grade; "This Is My Country," club presentation of speaker, R. T. Milner, County superintendent of public instruction; address by Judge Stenstrom; awarding of diplomas, R. E. True, school principal; eighth grade; presentation of the Rev. W. P. Brooks, Jr., and recessional, Ellen and Sidney Vihlen.

Dulles Says Third World War Is Not Answer To Problem

COLUMBIA, S. C. — Secretary of Defense Wilson said today "a third world war is not the answer" to the problem of stopping the spread of communism.

In an address prepared for the commencement and 150th anniversary of the University of South Carolina, Wilson declared "we cannot knock out false ideas with bullets, we must counter and destroy them with the truth, with superior ideas and sound philosophy."

In cautioning against attempting to eliminate the Communist threat by another global conflict, the defense chief said:

"Even a victory in such a war could be purchased only at the cost of such horrible waste and destruction that the course of human progress would be set back many decades. And even after the necessary reconstruction after such a victory in a third world war, the free world would still have the problem of what to do with the vanquished and how to establish conditions of peace in the world."

However, Wilson emphasized that the United States and the free world must remain militarily strong. He said that "it was not our failure to win a third world war that has caused the trend toward Communism." (Continued on Page Three)

Jax Team's Owners Considering City

Jacksonville Beach, the leading baseball team in the Florida State League, may come to Sanford for the second half of the league's season.

Julian Jaxson and H. G. Covert, owners of the Sea Birds, told John Kelder, Sanford president of the FBL, that he would be notified Thursday relative to the club's contract.

The Sea Birds have been drawing poor attendance at Jacksonville in spite of their league-leading status. At their last ball game, they only drew 178 customers.

Last week, Jaxson came to Sanford and looked over the baseball facilities. He also is considering two other cities for the club, Lakeland and Palatka.

State Southern Bell Manager Speaks At Rotary Meeting

At the regular weekly luncheon meeting of the Sanford Rotary Club held today, members were told by Jasper N. Dorsey, Jacksonville, Florida, manager for the Southern Bell Telephone Company that human relations in business was a matter of providing satisfaction to employees for a job well done.

"A sound business requires of its people not only that they be competent to do their work," Dorsey said, "but that they apply themselves to it and that they cooperate to help the business reach its over-all objectives. The essential problem of human relations in the business is how to develop and maintain the qualities among all employees so that the satisfaction employees need from their work will be assured."

Dorsey went on to say that people need and want economic security, personal security, recognition of status, self expression and self respect in connection with their jobs. Proper attention to these considerations will produce a definite improving effect on work done. He said that we must never lose sight of the fact that people are human beings. The fact that they might be working for us and depending upon our business as a livelihood does not make them any less human.

Public Library Has New Roof

The Sanford Library today is boasting a new built-up roof, according to City Manager Warren Knowles.

The project which had been bid up by bad weather, was completed Saturday by F. H. English, local contractor who submitted low bid of \$160.

The project was to have been completed in a matter of days, but due to the weather it took approximately three weeks. English had a three-man crew working on the project.

Defense Department Proposes 25,000 Military Housing Units

Bidault, Molotov Have Unsuccessful Cease-Fire Talk

GENEVA — French Foreign Minister Georges Bidault and Russian Vyacheslav M. Molotov were reported by French sources to have had a "useful" exchange of views today on supercession of the proposed Indo-China cease-fire.

The two met 30 minutes in what was described as "a cordial atmosphere," but were unable to reach an agreement on composition of a commission to police the cease-fire.

The French were reported, however, to have come around to the Soviet position that at least one Communist nation would have to be included in the supervisory agency. Molotov was reported to have insisted upon this as a must.

French sources said Bidault now believes something can be worked out by taking three Asian nations, possibly India, Pakistan and Thailand as a base and adding one Communist country and one West European nation to the commission.

Bidault was understood to have told Molotov he was finally open to any commission on which the Communists and non-Communists would be evenly divided, such as the Neutral Nations Supervisory Commission in Korea. This body consists of representatives of Switzerland, Sweden, Poland and Czechoslovakia.

Bidault also opposed supercession by a mixed French-Vietnam commission, unless such a body is limited to observation roles under control of an international commission.

The French foreign minister and Molotov also talked briefly about steps to speed up the military talks now going on in Geneva between representatives of the two high commands. These talks, dealing with the question of regrouping the rival forces after a cease-fire, were understood to have made no progress.

It was generally believed Molotov's attitude, as declared to Bidault today and to the conference tomorrow, would go a long way toward determining how much longer the Western Powers should be willing to continue the talks.

Another important factor in the Western position is the critical political situation in which the French government now finds itself.

In Paris high political figures predicted that unless the West secures a real success at Geneva this week, Premier Joseph Laniel's Cabinet will be turned out. Western delegates concede that if the French government falls, the Indo-China conference may collapse.

Search Underway Here By Officers For Accused Slayer

Sanford police and county sheriff's deputies are today searching the city and vicinity for a 27-year-old Negro, James Lewis, who is accused of fatally stabbing another Negro to death with a hunting knife Sunday.

Belle Glade local law enforcement officials radioed local law enforcement agencies that the alleged slayer may be in this area. According to the report, Lewis who is known to sometimes go under the alias of Robert in place of his first name, stabbed the man near Leesburg.

His description is as follows: Thirty-one years of age, height, 5 feet 10 inches; and weight, 160 pounds. He carries a four-inch scar above the wrist of his left forearm and another scar above the left eye. It was reported that he wears a mustache and dark glasses to cover a missing left eye.

The accused, who is known to be armed with a nine millimeter Luger is reported to be frugal and vegetable worker and may seek employment as such. The police department requests that any person seeing anyone answering this description to report it immediately to the nearest law enforcement agency.

The man is considered dangerous and persons are warned not to approach the alleged killer.

The nominee spent Sunday in a Gulf Coast Beach coffee conference with members of his best quarters staff on preliminary plans for a victory reception for the campaign workers who helped him roll up an unprecedented 57,000 vote. Duke County majority over Acting Gov. John in the May 23 primary.

Collins and his family returned Saturday from Annapolis where they visited Lottley Jr., a second year man at the U. S. Naval Academy.

Collins and his family returned Saturday from Annapolis where they visited Lottley Jr., a second year man at the U. S. Naval Academy.

The nominee spent Sunday in a Gulf Coast Beach coffee conference with members of his best quarters staff on preliminary plans for a victory reception for the campaign workers who helped him roll up an unprecedented 57,000 vote. Duke County majority over Acting Gov. John in the May 23 primary.

Collins and his family returned Saturday from Annapolis where they visited Lottley Jr., a second year man at the U. S. Naval Academy.

DOORPHY WESTWATER, 14, hovers between life and death in Bellevue Hospital, New York, as police search for the madman who stabbed, beat and strangled the girl in the hallway of her home. The attack occurred only a few blocks from the scene of the unsolved murder of Martin Luther King Jr. in a hallway last April. Dorothy was assisted as she left her apartment for school and was found by a neighbor, who said a short, dark man pushed past her. (International)

Young Assault Victim Dies; Alleged Attacker Is Jailed

NEW YORK (AP) — A schoolgirl rape victim died yesterday shortly after her alleged attacker was jailed without bond on charges of committing the assault and three other murders.

John Francis Roche, 27, a lanky, good-looking steam fitter, was the first of two alleged sex killers seized by police over the weekend. Police first got their hands on him when he was stopped Saturday for driving through a red light.

The second alleged killer, arrested yesterday, was Norman Royce, an 18-year-old Negro who police said admitted raping and killing three Negro women.

He assumed suspicion, police reported, as he stood on a rooftop jangling crackers and watching pedestrians as some of the body of his latest alleged victim, 16-year-old Mrs. Judith Goomes.

His open shirt revealed scratches across the stomach. Police began to question him and under intense questioning reported he admitted strangling and raping Mrs. Goomes and two other women.

The most recent victim charged against Roche was Dorothy Westwater, 14, who died Saturday after a long hospital stay. She was raped and strangled in her home last Wednesday in the hallway of the apartment house where she lived with her family in Manhattan.

The attack spread terror through the neighborhood, already stirred up by the sex slaying of Martin Brown, 18, less than two months before.

The killing of Mrs. Brown on August 18, one of the most heinous slayings, which Roche was charged with, also admitted were the fatal slayings of Mrs. Goomes and two other women.

Collins Returns From Vacation

TALLAHASSEE — Late Gov. Collins, Democratic nominee for governor, is back from a week's vacation and off again on the first of ten public appearance trips for this week.

He and Mrs. Collins left for St. Augustine where she was to launch the "Goodwill" youth shrimp trawler produced by a boat building fund there.

On Wednesday, Collins will go to Miami for a victory reception for the campaign workers who helped him roll up an unprecedented 57,000 vote. Duke County majority over Acting Gov. John in the May 23 primary.

Collins and his family returned Saturday from Annapolis where they visited Lottley Jr., a second year man at the U. S. Naval Academy.

The nominee spent Sunday in a Gulf Coast Beach coffee conference with members of his best quarters staff on preliminary plans for a victory reception for the campaign workers who helped him roll up an unprecedented 57,000 vote. Duke County majority over Acting Gov. John in the May 23 primary.

Building Is To Cost 3 1/2 Million State Slated For Dwellings

WASHINGTON (AP) — The Defense Department proposed today building 25,000 housing units for military personnel and their families at a total cost of 350 million dollars.

Franklin G. Floete, assistant secretary of defense, told the House Armed Services Committee the program would house only officers and top grade non-commissioned officers, entitled to quarters by permanent legislation.

He said full consideration will be given to local community support and the availability of privately owned housing within reasonable commuting distance (30 minutes driving either way) at a cost comparable to quarters already being built.

L. C. Bean, vice president of the Wherry Housing Assn., said the building could be done cheaper under the law sponsored by the late Sen. Wherry (R-Neb.) which provides government aid for private construction of such housing.

The program includes (first figure in each instance is the number of housing units involved, the second is the estimated cost) for Florida:

NAVY
Naval Air Station, Cecil Field, 35 and \$271,500; Naval Hospital Jacksonville, 30 and \$30,000; Naval Air Station, Key West, 20 and \$23,500; Naval Station, Key West, 81 and \$1,041,000; Naval Mine Countermeasures Station, Panama City, 25 and \$12,500; Naval Hospital, Pensacola 50 and \$41,800; Strategic Air Command Headquarters, 100 and \$2,052,000; Tactical Air Command Headquarters, 60 and \$1,950,000.

THE NAVY'S F-11F, vertical take-off fighter plane, goes into action in the dirigible hangar at Moffett Naval Air Station, Calif., held in check by five counter-weighted leash lines. The plane, nicknamed Fogstick, rests on its tail (top, left) until its proflights begin to lift (right) in a manner similar to a helicopter. The craft climbs slowly (bottom, left) to a height of 40 feet, where the leashes hold it (right), testing a new turning. The test was called an unqualified success. (International)

Guatemalan Workers Gather At Red-Dominated Meetings

GUATEMALA (AP) — Guatemalan workers gathered at four Communist-dominated mass meetings yesterday to organize vigilante defense units. The rallies served as a show of support for President Arbenz Guzman's leftist government.

The meetings were called by the nation's two biggest labor organizations—the General Confederation of Workers (CGTG) and the National Confederation of Farmers (CNGC). Both are controlled by the Reds.

The CGTG sponsored one meeting at the support of Puerto Barrios. The CNGC sponsored a meeting at the support of Guatemala City. El Progreso and Zarapa to the foundations for a farmer's militia to defend "the national sovereignty."

Some newspapers have reported the militia would be armed with weapons discarded by the army. Gen. Carlos H. Satti, army chief of staff, said, however, the army had no connection with the project.

Guatemala received a 10-million-dollar arms shipment last month from Stalin, in Communist-led Poland. As a result, the army reportedly is getting rid of some of its older weapons.

The former chief of the Guatemalan air force, Col. Rodolfo Mendez Azurdia, fled the country yesterday in a private plane. Informal sources said he had received asylum in neighboring El Salvador.

Col. Mendez got away by tricking airport guards with the excuse he wanted to go on a test flight. Newspapers reported he was accompanied by his brother Miguel, also a colonel and a former under secretary of defense.

Miguel is considered a leader of the opposition to the Arbenz government and is said to have been on the wanted list.

Secrecy Provisions Of AEC Prohibits Info For Allies

WASHINGTON (AP)—Secrecy provisions of the Atomic Energy Act are so tight that the United States can't tell its allies what it learns about Russia's nuclear weapons.

The Atomic Energy Commission is asking Congress to include in revision of the law, a section specifically to permit exchange of intelligence information on the "evaluation of the atomic capabilities of potential enemies."

A literal interpretation of the atomic law — and the AEC leans over backward in clearing to him the letter and spirit of an act which contains drastic penalties for violation — is responsible for the curious situation.

The present act, which the commission recommends be amended to allow some exchange of various atomic information with friendly powers, contains a definite ban on communication of "restricted data" to any foreign nation or national, information gleaned from intelligence sources on the capability or intentions of the foreign power is classified as "restricted" — top secret, secret or confidential.

This means that even information on Soviet atomic tests, picked up by seismograph (recording earth shocks at long range), by

Sanford Cardinals Deserve Credit For Showing Made In Their Playing

The Sanford Cardinals baseball team deserves a good pat on the back for the job it is doing in promoting the national pastime in Sanford.

This group, managed by Buddy Lake, former star with the Florida State League, is composed completely of volunteers who haven't received the first red cent for their playing. There is an admission charge for the ball games, but this money goes into new baseballs, bats and other expenses.

There are a few cracks and groans in the Cardinals' play as quite a few of the members aren't exactly young. One man is 44 years old, while the average age of the squad is about 30. However, in spite of the draw-

Play Ball!

The 1954 baseball season is well underway—and legions of fans are once more reveling in the national pastime.

Many diverse factors are involved in making a baseball season possible, and swift and dependable transportation is one of them. The 16 major league teams alone will have traveled more than 200,000 miles, the equivalent of eight swings around the world, by the time the last game is played next fall. And these clubs do some 90 per cent of their traveling by train, in the area bounded by Boston, Washington, St. Louis and Milwaukee. The railroads involved make elaborate arrangements to assure that the teams will move with the clockwork precision that is necessary to keeping the schedules. And they must be prepared for unpredictable changes, such as postponements and suddenly-arranged double-headers.

This is just one interesting little illustration of the manifold ways in which the railroads contribute to the pleasure of the American people, as well as to the strength of the American nation. Every hour, day and night, the rails move the equivalent of almost 70,000,000 tons of freight one mile; transport, figuratively, more than 3,600,000 passengers one mile; handle 20,800 express shipments and 1,300,000 pounds of mail—and, last but certainly not least, pay \$135,000 in taxes. The railroads are about as indispensable as anything on earth can be.

TODAY'S BIBLE VERSE
Did not your fathers thus, and did not God bring all this evil upon us, and upon this city? Yet ye bring more wrath upon Israel by profaning the sabbath. — Nehemiah 13:18.

HAL BOYLE

Courtship, Marriage Are Easier

NEW YORK—If your teenage daughter is hogging the telephone in long talks with her boy friends, why not solve the problem by buying her a courting stick?

The time seems ripe for a revival of this communication tool of lovers, popular in old New England.

An antiquarian friend of mine, doing research on old marriage customs for the Fuller Brush Co., which distributes cosmetics and brushes, said:

"Television has made the courting stick eminently practical again in the average American home."

What is a courting stick? Well, in colonial times it was a hollow wooden tube 6 to 8 feet long. Steadily chaperoned lovers could sit on opposite sides of big fireplaces and whisper romantic nothings back and forth, unheard by other members of the family.

While the courting stick, the forerunner of Alexander Graham Bell's invention, would seem to fit well in the television age, another old colonial courting custom now has few firm friends left at all, and why, I don't know.

That is the practice of bundling. This was an old New England boys-meets-girl formula designed to save papa's firewood bill.

The fully clad lovers, covered by quilts and separated by a wooden partition, lay propped up side by side in a bed as they discussed the local corn crop, apples, and other interesting topics, shivering on the firewood bill.

Some historical scholars claim that this depressing form of cold weather courting is directly responsible for the seductive nothings known as a "four-man gentleman." Both men and women look

back of a few aging bones, the boys are doing a bang-up job.

They have competed in nine games in Central Florida's league play and have been victorious in five of them: they are 76 and the Pinecastle Airmen and the Sanford Navy Indians. One game was won by the local team by the lopsided score of 13 to 2.

Members of the squad are Red Hires, Fulton Baxley, Gene Pennington, John Keeling, Bill Crabtree, Randy Reynolds, Bubba Blabee, Hugh Carlton, Pete Schirard, George Kenia, Wally Tyre, Bill Hardin, Glen Price, Lake, Bubba Richard, Carl Overstreet, Lloyd Swain, Charley Thomas and Floyd Sparkman. Willis Peacock is president of the club, while Tim Crawford is secretary-treasurer.

As is apparent, all members live in Sanford.

County Agent's Column

Way Down South In Sanford, Florida

GENS AND BIRDS—Rifery is a high spot of many a boys life. And there is no reason why they can't have it. Supervised target shooting is one of the safest outdoor sports—and it's the best time and place to teach the kids not to shoot and kill birds, the farmer's friend.

TABLE SALT—In case you have been worrying about why they don't prepare colored table salt which would be easy to distinguish when sprinkled on food—here's your answer: "On several occasions in the past we contemplated the manufacture of such a product, but after due consideration and some testing, our management decided the demand was not great enough to warrant the marketing of such a specialized product."

WEEDS—The Southern Weed Conference for 1955 will be held at the Soreno Hotel in St. Petersburg, January 17-19, 1955.

Developments in weed control method and reports of studies on weeds and weed control are featured at the annual sessions, attended by weed control specialists of all Southern States. The 1954 session was held at Memphis.

SAFE STORAGE—Sprouting of store potatoes and onions can be controlled with a chemical, maleic hydrazide, sprayed on the vegetable before they are harvested.

THE ROE—Few men ever solve the mystery of a garden plot.

BALDY—The only thing that will really prevent baldness is hair.

ELECTION—In accordance with the State's Soil Conservation Districts Act, the State Soil Conservation Board has designated the third Tuesday in July, July 20, 1954, as the date for election of supervisors to fill expired terms on the board of supervisors. Those whose terms expire this year are Homer L. Osborne, E. J. Cameron, Sr., and C. A. Wales.

Tourists Stranded In Deep Snow

ESTES PARK, Colo.—Eight carloads of tourists stranded in deep snow on Trail Ridge Road awaited rescuers early today.

Chief Ranger Barton Herschler said several plows were working toward the cars and he was certain the road leading from the vehicles to Estes Park, a distance of about 18 miles, would be open in a few hours.

Police said 25 to 30 persons were stuck at the 12,000 foot level along the Continental Divide as a summer storm lashed Colorado with snow, rain, hail and high winds across the eastern part of the state.

The blizzard blew into Rocky Mountain National Park as scores of tourists and local travelers were motoring along the highest sustained highway in the world.

By dark, Herschler said, snowdrifts one to two feet deep blocked the motorists.

The ranger chief said the motorists suffered no real hardships. Drivers kept their motors running to prevent freezing as the mercury dropped to about 15 degrees above zero.

Girl's Rescue Is Big Project

NEW YORK—A fireman rescued a girl from a house wrecked in a fire Tuesday.

The girl, who was scared but not seriously hurt, was rescued from a rooftop air duct in which she got caught yesterday.

First the rescuers cut off an entire section of the tin duct from which only the top of the child's head was showing.

Then they lowered the section six stories down an air shaft. At the first floor they broke through a bathroom wall, reached into the shaft and grabbed the section of tin pipe.

They cut the tin apart and freed the girl, who was scared but not seriously hurt.

FIRE-SET
PHILADELPHIA—A North Philadelphia elementary school was damaged by fire last night.

Officials said the fire was "definitely" from a rooming house. Police said turpentine had been spilled at three separate places in the building. Two classrooms were badly damaged and the custodian's quarters were virtually destroyed.

DRIVEN FROM HOMES
COLOMBO, Ceylon—Severe monsoon rains have driven 2,000 persons from their homes in the Galle area 70 miles south of the Ceylonese capital. Floods swept away houses and uprooted rubber trees.

Literary Guidepost
By W. G. ROGERS
OFF THE BOOK BEAT—As if day-long, or/ and night-long, sessions at a desk didn't satisfy a newsman (ish) to write, a lot of them seem to go home and keep it up, for a sort of busman's holiday.

June Jonathan Daniels, editor of the Raleigh (N. C.) News and Observer, will add to his growing list of publications "The Lip of Innocence." His publisher, Lippincott, calls it "an inside view of the days when America grew up and prepared herself for greatness. To make exactly sure what that means is not the Revolution, nor the Civil War, but the 1910s and 1920s and later, and the presidencies of Wilson and Roosevelt which Daniels as boy and man learned from their homes in the South."

Ralph McGill, editor of the Atlanta Constitution, is the author of a book just published by Abingdon Press and based on his daily syndicated column; the title is "The Pleas Come with the Dog."

Also recently published (Hawthorn) was "Eat, Think and Be Slender," by Leonid Rotkin, M. D. It was written "with the assistance of Fred Kerner," a slenderish fellow in the New York office of The Associated Press.

Coming June 1 from Macmillan is "Hall Columbia: The Thirty-Year Struggle for Grand Coulee Dam," by George Stunborg, managing editor and co-owner of the Juneau Independent is author.

married him on the king's highway and died in her chemise.

This was roughly equivalent to saying an eager widow couldn't win a thirty man unless she was willing to marry him in public view in Times Square wearing only a petticoat.

Naturally it is easy to see why this law, however, even in those days they already had enough traffic jams.

JAMES MARLOW Quick Look Given At Congress

WASHINGTON—This is a quick look at what Congress has done in 1954, what it hasn't done, won't do, and may do, before the lawmakers go home to face the voters in the November elections.

They want to quit here by July 31, so they can campaign for reelection, but probably won't get away until some time in August. Eisenhower has said he wants his program, or what happens to it in Congress, to be the campaign issue.

His Republicans run Congress. He has leaned over backwards to get along with them. But he has put them on the spot.

Last December he said the Republican party doesn't deserve to retain control of the government until Congress puts through his program. Last week he said he could think of nothing more important to the United States than its enactment.

The margin between Democrats and Republicans in Congress is so close that: (1) none of Eisenhower's program could be passed without some help from Democrats and (2) the Democrats could block passage any time they banded solidly together.

Boy's Difficulty Finally Cured
PHOENIX, Ariz.—Little Johnny Peller's trouble began under the Christmas tree five months ago when he grabbed an apple from his sister Kathy.

Kathy grabbed it back, Johnny sucked in his breath to protest, and choked. His father patted him on the back and out popped an apple.

But the 10-month-old youngster couldn't stop wheezing. He developed allergies and pneumonia. His condition grew worse.

Yesterday doctors slipped a tube with a light on it into Johnny's lungs. They removed a small, cone-shaped Christmas tree ornament. Now Johnny feels fine.

MONEY TAKEN
OMAHA—Housewives Mrs. I. D. Newton and Mrs. Violet Madson have reported to police that a strange small boy came to their homes in play hide and seek with their sons.

In both cases, detectives said, the kid hid, snatched and fled. He took \$2 from the Newton home and \$13 from the Madson home.

WASHINGTON—There are some other major items upon which there has been no final action either because only one house, or neither, has approved. Increasing the limit on the national debt; expediting the laws, easing restrictions on use of atomic materials; a \$3 billion 4-1/2% foreign aid program; insurance on private health insurance; and an increase in the postal rates.

Because the Democrats stuck together, two of Eisenhower's proposals were shelved: revising the Taft-Hartley labor relations law and lowering the voting age to 18. Last week Congress started rolling toward passage of a wider social security program and the kind of housing program Eisenhower asked for.

The House approved a bill to add about 10 million people to social security coverage while increasing both the benefits and the tax. The Senate is expected to vote for this too.

Meanwhile, the Senate blocked most of the Eisenhower housing program, including the building of 35,000 public units a year for the next four years, continuing government insured loan on houses, and the use of one billion dollars for slum clearance. The House earlier had knocked out the administration's proposal for 25,000 public housing units a year. There can be no final passage of a housing bill until both House and Senate agree—perhaps by compromise on both sides.

Three measures Eisenhower sought have little chance of getting through: (1) extension for three years of the reciprocal trade program; (2) flexible farm price supports; (3) Hawaiian statehood. The trade program will probably not be extended beyond a year, and in fact Eisenhower has indicated he will be satisfied with that. Eisenhower insisted again last week he wants the flexible price support system on farm products but that seems out. Hawaiian statehood proposals got tangled with Alaskan statehood proposals. The probable result: Statehood for neither.

Here are some other major items upon which there has been no final action either because only one house, or neither, has approved. Increasing the limit on the national debt; expediting the laws, easing restrictions on use of atomic materials; a \$3 billion 4-1/2% foreign aid program; insurance on private health insurance; and an increase in the postal rates.

Cardinals Fall Before Pinecastle Airmen Of 4-3 Margin

Cardinals Tie Game And Then Lose In Fourth

Pinecastle proved to be too strong for the Sanford Cardinals and won a close 4-1 baseball contest yesterday. The win gives Pinecastle nine straight wins in the Central Florida League without a defeat. The Cardinals now have a 5-1 record.

The loss broke a four game winning streak for the Cardinals. They had defeated Groveland and Clermont twice and came pretty close to turning the tables on the league leading Pinecastle team.

Sanford pitcher Loyd Swain gave up 10 base hits and struck out six, while losing his second game of the season. Jim Conroy fanned 13 of the two Cards and gave up four base hits, while winning his fifth game of the season off his first start.

The game started off very fast, as the first three Cardinals batters struck out. Pinecastle was not able to do anything either, because their first three batters were struck down in order. In the top of the second it went three up and three down for the Sanford nine.

Pinecastle drew first blood when the first man up hit a home run over the right field fence. The side was then retired.

Loyd Swain got the first hit of the game for Sanford when he singled through the middle of second.

Bill Crabtree came Pennington and base. This did not mean anything and the side was once again retired without being able to score.

Pinecastle collected one double in the bottom of the third, but was unable to score the runner before the inning ended. At the end of the third Pinecastle led by a 1-0 margin.

Cardinals Tie Game
Gene Pennington, first man up for Sanford, beat out a punt for an infield hit. Then he hit and run were dashed and Bill Crabtree lifted a long double into left field. Pennington came home to score and tied the game at 1-1.

Manager Al Lopez of Cleveland has a strong feeling that the Yankees are going to miss Vic Raschi until it hurts before the American League race is finished.

Pinecastle roared back in the bottom of the fourth and took the lead again. They combined three hits and two errors to put together two runs. Finally the side was retired. The Airmen now lead 3-1.

The remainder of the game went fast and only two Sanford batters were able to reach base. Randy Reynolds singled and Buddy Lake walked. Pinecastle scored another run in the bottom of the eighth and won the game 4-1.

CARD CAPERS: Crabtree got the only extra base hit for Sanford. . . . Baxley failed to get a hit in three times at bat. . . . Swain walked two batters. . . . The game lasted one hour and 50 minutes.

Sports Roundup

By GAYLE TALBOT
NEW YORK (AP)—There should have been no great surprise or indignation that a crowd of 36,000 was kept sitting through a cold rain for more than four hours the other night until the Brooklyn Dodgers and the Milwaukee Braves could contrive to struggle through the minimum five innings of a legal game and thus negate the crowd's rain checks.

Baseball remains the one big business which steadfastly refuses to believe that public relations are very important. In general, the game's attitude is that what was good for the customer in Grand-pave's day still is hot stuff. Bill Veeck was brave enough to challenge this moribund attitude when he took over the Cleveland Indians, and the young man no longer has a franchise.

Those fans who pay well for the opportunity of watching Ted Williams swing at a baseball are treated, instead, to the sight of a pitcher throwing four balls that the great man can't reach with an ear. It's good tactics, all right, but it's giving the crowd a run for its money.

The other night in St. Louis, Hank Thompson of the New York Giants hit a home run in each of his first three times at bat. When he came up for the fourth time he had a chance to tie a record of four consecutive homers in one game held jointly by Bob Lowe of the Boston Nationals of 1894 and Lou Gehrig of the 1927 Yankees. Hank drew an intentional pass.

Baseball is better than racing, but one is moved to wonder now and then if the so-called national pastime couldn't borrow just a little from the pachyderms.

Manager Al Lopez of Cleveland has a strong feeling that the Yankees are going to miss Vic Raschi until it hurts before the American League race is finished.

"Always before," says the senior, "we could count upon facing Raschi, Reynolds and Lopat in every series, and that was tough. Stengel always did the same thing again. They combined three hits and two errors to put together two runs. Finally the side was retired. The Airmen now lead 3-1.

The remainder of the game went fast and only two Sanford batters were able to reach base. Randy Reynolds singled and Buddy Lake walked. Pinecastle scored another run in the bottom of the eighth and won the game 4-1.

CARD CAPERS: Crabtree got the only extra base hit for Sanford. . . . Baxley failed to get a hit in three times at bat. . . . Swain walked two batters. . . . The game lasted one hour and 50 minutes.

Sanford Navy Team Faces Sanford Giants

By T. V. DAVIS

Tomorrow night, the Sanford Giants will meet the Sanford Navy in the first engagement between these clubs, the Navy handed the local Giants an ignominious 17-3 setback. Before then, the Giants had won seven straight games and now have posted for themselves an impressive 7-2 win and lost record.

When the Giants meet with Navy tomorrow night, they will have one objective in mind, and that is to repay the men in blue for the defeat they inflicted on them last night.

By doing so, they may eventually become Sanford's leading team. This, however, will not be as easy as talking about it.

Sanford Navy Indians have a strong team with every man present being a threat to the same at all times. One example is their pitcher John Schwartz who is the Navy's leading hurler and batter in the No. three slot.

The Giants will move into Memorial Stadium tomorrow night with a revised lineup and many different insertions. The team will be upset minded when they take on Uncle Sam's men in blue.

Big John "Battlemik" Henderson will be relying on the consecutive hitting of Ed Lee Johnson, Robert Black and "Case" Davis. It may be interesting to note that John Martin and Ed Martin may make a debut with the Orlando CB's. With Martin at third base and Robert Black at shortstop this will close the weak spot on the infield. Marvin Davis may be placed at second and brother Chice Davis at the first sack.

The pitcher has not been named but it is quite believed that manager Henderson will send Walter Grant to take over the mound chores.

Dykes tried out another new batting order yesterday at Yankee Stadium. It was No. 28 by unofficial count of the men who travel with his low-flying Baltimore Orioles.

"I've got a player - I won't mention any names - but no matter where I put him, he comes up with men on bases," said Dykes. "You could put his name out of a hat and he'd be up there with two men on. I even tried him leading off. Then the catcher and pitcher got on base for him."

"Our hitting is just anemic. That's the trouble with us. No mystery about it. Look at the averages. We've scored fewer runs than any club in either league and it isn't even close."

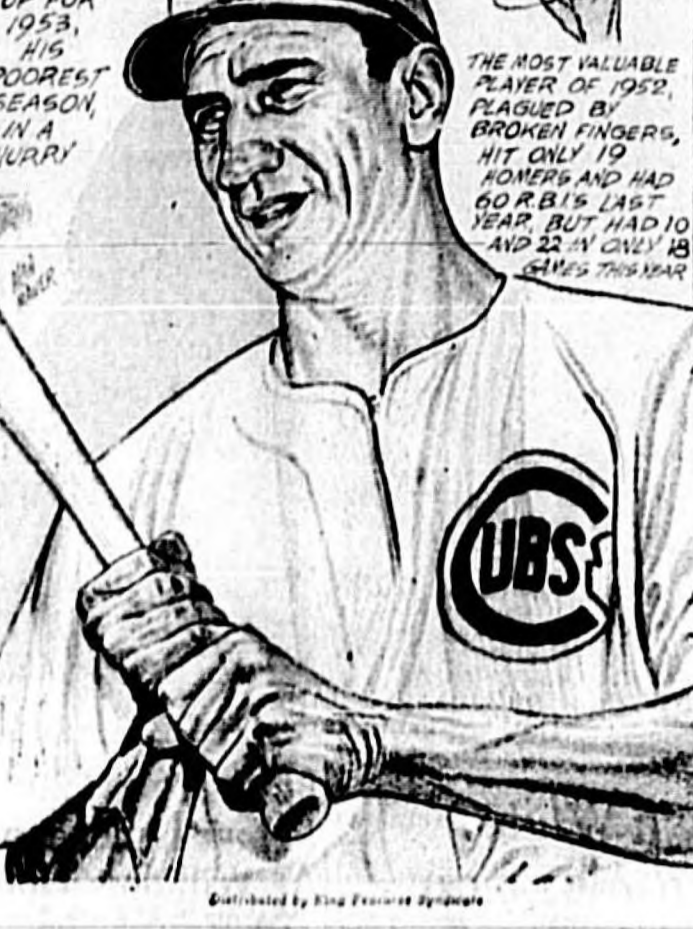

"That poor Turley never gets any runs. The most he ever had with us or the Browns was three. Once this year it took him out over a pinch hitter in the eighth. We got four in the ninth and won 7-3 or something like that but he wasn't in there."

While Dykes moaned about his hitting or lack of it he glared about his pitching staff.

A load may lay as many as 7,000 eggs at a time.

Strolling In Sanford

Herbert Roller, manager of the Ritz Theater, said available student passes will be available for the summer, which entitle holders to a reduction in admission price to 30 cents. However, Roller pointed out, holders of these passes, high school students, will have to be quieter during programs in order that adults may enjoy them. He said he would pick up any student on a moment's notice should he deem behavior of the holder should warrant such action.

The meeting of the Past Masters Club of 4015, which was scheduled for June 9, has been postponed until June 16. The luncheon will be held at the cottage of Mrs. Joe Corley at Lemon Hill.

Bill Shoemaker and Betty Hunter, both Sanforites, recently ran into each other on a subway train in New York City.

American Legion Passes Resolution Honoring Senator

The Campbell-Lossing post 53, American Legion, has passed a resolution in the memory of the late Senator Lloyd F. Boyle, who was active in Legion affairs. The resolution follows: "WHEREAS, on the 30th day of May, 1954, Almighty God called to His last reward the Honorable Lloyd F. Boyle, State Senator of the 37th Senatorial District of the State of Florida, and

"WHEREAS, Senator Boyle chose Sanford, Florida, as his residence and home many years ago and has over the years raised a fine family, and has unselfishly given of his time, energy and talent in civic, religious and political and cultural activities of the City of Sanford, the County of Seminole and the State of Florida, and

"WHEREAS, when called to duty in the service of his country, Senator Boyle did faithfully and courageously serve his country in Europe during World War I, and

"WHEREAS, Senator Boyle has faithfully given of his time and services to Veterans work and Veterans affairs by being Commander of Campbell-Lossing Post 53, Department of the American Legion, during the years 1925-1926 and 1936-1937, and during such times as Senator Boyle was Commander of Post 53, the membership attendance at the post meetings was the largest in history, there being from 125 to 150 members regularly attending meetings; Senator Boyle, as Commander of Post 53 at the Post Service Office for 19 consecutive years, Senator Boyle has all of his years the Legion have been very active in Department and District committee work and has received several citations for his untiring and self-sacrificing work for the American Legion, and

"WHEREAS, the members of Campbell-Lossing Post 53, Department of the American Legion, realize the great contributions which Senator Boyle has made to the success of said Post and greatly feel the loss of such an outstanding member and citizen of our community, state and nation,

"THEREFORE, BE IT RESOLVED by the members of Campbell-Lossing Post 53, Department of the American Legion, in session regularly assembled, that said members of Post 53 hereby recognize the faithful and contributing public service of the Honorable Senator Lloyd F. Boyle to the American Legion, the City of Sanford, County of Seminole and the State of Florida, and hereby expresses the gratitude of the members of the Campbell-Lossing Post 53 and through its membership the gratitude of the Department of Florida and of the people of the City of Sanford, County of Seminole and the State of Florida for the faithful and outstanding public service of Senator Lloyd F. Boyle.

LIONS MAKE CHANGE
The Sanford Lions Club has changed the date and place of their annual installation dinner. It will be held tomorrow at 7 p.m. at the Ritz Lake.

Constitutional Guarantees Suspended By Guatemala

GUATEMALA (AP)—Guatemala's Communist-backed government ordered a 30-day suspension of constitutional guarantees today.

The action was taken at an extraordinary session of President Jacobo Arben Guzman's Cabinet.

It followed three weeks of rising tension following U.S. objections to the delivery of a large shipment of arms from Communist Poland to the Central American country.

Among the civil rights suspended was the constitutional article establishing freedom of expression and the press.

The Cabinet said it was imposing the suspension in view of the "current situation." A week ago Arben

Adams Against Board Being Queried: Cohn

McCarthy Aide Says Army Counsel Threatened To Circulate Report

WASHINGTON (AP)—Roy M. Cohn swore today Army Counsel John G. Adams once said "nothing" to prevent the McCarthy subcommittee from questioning members of the Army's top loyalty board.

And, Cohn testified, Adams threatened to cause an "embarrassing" report to be circulated about him unless the subcommittee withdrew subpoenas for loyalty board members.

Cohn, 37-year-old chief counsel to the McCarthy subcommittee, was back in the witness chair for cross examination in the McCarthy-Army hearings.

His testimony on this point was in support of the McCarthy camp's contention the Army was trying to stop Sen. McCarthy's investigation of communism in the Army when it accused the senator and his aides of improper pressure for favored treatment for Pvt. G. David Schine.

Today's forenoon session of the 29th day of the televised hearings got underway 45 minutes late because the senators first held a closed door meeting to discuss the possibility of speeding up the hearing. There were reports of considerable sentiment to try to wind them up this week.

However, the closed meeting apparently produced little beyond another clash between Sen. Symington (D-Mo.) and Sen. McCarthy. Other senators described it as similar to their public row of yesterday.

The Democrats noted McCarthy's demand that Clark Clifford be called as a witness. Clifford was summoned to the witness chair immediately. The Republicans voted it down 4-3.

Clifford, a Washington lawyer, was special counsel to President Truman during part of 1 time. McCarthy declared yesterday he believed Symington and Clifford persuaded a "naive" Secretary of the Army Stevens to bring the charges against him.

Clifford, a U.S. described the Republican vote against calling Clifford now as one in "exactly as before" and in "subpoena witness on the advice of counsel."

Mundt said it did not receive possible eventual calling of Clifford if special counsel Ray H. Jenkins recommended it.

Rhee Accuses U. S. Of Wasting Funds For Reconstruction

SEOUL (AP)—President Syngman Rhee today accused the United States of wasting Korean aid funds, there being from 125 to 150 members regularly attending meetings.

Rhee said the ruins of Korean factories "stand gauntly for anyone to see, with few signs of reconstruction or rehabilitation despite the millions of dollars that supposedly were earmarked for that purpose."

"We have received billions of dollars worth of goods and materials, but most of it was wasted," Rhee declared in an interview. "Who ever may have been responsible, we do not want to make sure that every dollar is spent honestly."

The ROK president suggested that the United States "grant dollar credits to the Republic of Korea, to be used by the government with France and Great Britain to supply a small staff of financial and procurement advisers and provide for strict accountability."

"We want to make sure that every dollar is spent honestly," Rhee declared.

Informed of Rhee's criticism, a highly placed U. S. official said he was mystified by recent statements of South Korean government officials attacking the aid program.

He said joint approval of expenditures for all aid measures is required by law and the South Koreans have approved all major projects.

"The hardest job we have had here is to make haste slowly and try to advise Korea to spend the money wisely," he said. "They expect factories to spring up overnight."

Rhee said the United States and South Korea should withdraw immediately from the Geneva conference.

Give Ervin \$100,000 For Study

TALLAHASSEE (AP)—The Florida Cabinet today granted Atty. Gen. Richard Ervin \$100,000 in emergency funds for research in the state's effort to prevent segregation of the races in the public schools.

"I don't believe Florida is ready for non-segregation. If we have to accept it should be on a gradual basis," Ervin said.

The attorney general said he wanted the \$100,000 to permit research experts of the University of Florida, Florida State University and University of Miami to help determine the practical effects of the U. S. Supreme Court ruling about non-segregation in public schools.

The court has given states a full year to prepare for the possibility of desegregation. The court has given states a full year to prepare for the possibility of desegregation.

"The fairly optimistic on the time element," Ervin said, adding that he believed the court's action in delaying its mandate until hearing from the Southern states, indicated a willingness on the part of the justices to allow time to work out the problem.

Ervin said he would be back in Tallahassee by the end of September. He said "I don't feel based on research surveys."

"I don't believe the court would believe me as a political attorney general," Ervin said, adding that he would be back in Tallahassee by the end of September.

Ervin told the Cabinet made up of the governor and six elective officers, he wanted to see the situation in Florida—such things as the school facilities available and what the people both in metropolitan and rural areas, think of non-segregation.

Ervin said he planned to ask Dr. Lewis Killam, head of the FSU department of political science, Dean Ralph Eason of the FSU law school, and R. L. Johns, head of the department of administration and finance at the University of Florida, Dr. Manning J. Danner, head of the University of Florida, department of political science, and Dr. Don Larson, head of the department of political science at the University of Miami, to gather the information.

Fruit Concerns Here File Counter Suits

TWO Sanford fruit companies yesterday filed counter claims totaling \$115,000 against the Fruit Co. and Patrick Fruit Co. in Seminole circuit court.

The Fruit Co. cooperative had previously filed a suit against the Fruit Co. and Patrick Fruit Co. for \$65,000 and \$115,000 respectively. The suit charged both companies with breach of contract.

Both Sanford companies set parallel arguments in their counter suits. They charged the operators had invited them to join the group, which they did April 1, 1951.

However, according to the file, they argued the Fruit Co. operator that all their products were being used to supply regular customers and that Fruit supplied the group with fruit. The group purchased on the open market and thus command higher prices.

The Sanford Fruit Company is suing for \$100,000 and the Patrick Fruit Company for \$15,000.

Break-In Occurs At Auto Company

SANFORD police today reported that the Sanford Motor Co., 1000 French Ave. had lost night burglar \$300 in \$100 bills.

The report stated that entries had been gained through a window located on the south side of the building. The window had been broken sometime previously, according to the report.

The thieves who police believe were unable to open the cash register which contained the company's money, took registers, money and part of the counter, which the register was attached.

According to the report police have no leads as to whom the thieves are or their whereabouts.

Fuses Blow Up In Truck Fire

CHATTANOOGA (AP)—A trailer truck loaded with 19,000 pounds of naval detonator fuses caught fire and blew up at a service station near here early today. The explosion, which there were hundreds, were heard miles away.

Heavy blasts continued for three hours after the midnight fire. No one was reported injured, although a crowd estimated at 1,500 by a Hamilton County patrolman swarmed to the vicinity which was continuously showered with metal pieces from the fuses.

The truck driver, William Layton, 28, of Richmond, Ky., said the load was being moved from the Naval Ammunition Depot at Macdon, Ga., to the Naval Depot at Richmond. He said fuses suddenly exploded the vehicle after several gallons of gasoline were pumped into the truck.
