

Rev. J. W. Austin Retires At Local Ebenezer Methodist Church

AN IDEAL HOME
By MRS. A. W. HAMILL

As I was putting the last stitches in my mending, there came a knock at the door. As I opened the door, a stranger stood there. "Good morning, lady," "Jones is my name," "King is our name," I replied.

"Lady, I am looking for an ideal home, and I've been told that you could tell me all that a home should be. Well, have a seat in that easy chair that John made years ago, for it is long story, I hope you don't get tired."

"You, know, years ago when John and I were very young, we started out with an ideal home in our minds. So as we stood here on this plot of ground, like two little fledglings, we looked up and saw Grandpa and Grandma coming down the road, in their little cart, driving the old gray horse. We were so happy to see them, I'll never forget how sweet Grandma looked in that snow white apron and little pink bonnet.

Grandpa putting his hand on John's shoulder, said "Son, what is your problem?" "Building a home, Grandpa." Then, remembering, four walls and a door to go in and out, does not make a home. Grandpa told us how we must have a good foundation to build on, and as he was leaving he said, "John, you have your wings, now fly a straight course. Grandma took from her apron pocket, a little book and gave it to me, saying "Mary, you will find rest, peace and life everlasting in the pages of this book, read this to your children. And as they left us, we felt stronger for we had been taught their advice which was free and good.

As the days passed, we were busy, our foundation laid, our house soon went up. We have lots of windows so God's beautiful sunlight will fill our house and keep us sweet. We hung pictures on the walls. First we hung God-lines ever in the open fireplace, where his light will ever shine in our home, second we hung Love, yes, love our neighbor as ourselves. We hung Faith, that fear may not enter our hearts. We hung Forgiveness, yes, God forgave us and we must forgive seventy times seven. We hung Charity, that we may be ever ready to lend a helping hand. We hung that sweet picture of prayer—pray without ceasing that sin enter not in. And yes, the beautiful picture of Hope, a place where moth and rust doth not corrupt, a home not made with hands.

Oh yes, you know the physical side of home must be taken care of too. We mothers must be good cooks, seamstresses, doctors, nurses, lawyers and very often a mother must be a Judge—let her be. Live that her children will rise up and call her blessed.

"I see you have beautiful flowers," said the stranger. Oh yes, as they teach the children the handwork of God, and as they watch the bees, I tell them how the flower is made stronger and more fruitful because of their visit, and as they grow up they too must be pleasing to people. I tell them they must grow strong and sturdy like the big oak trees that shade them and not be blown about by every wind of doctrine. Yes, John has always been a good provider, so patient and kind.

Tell me about the paths that I see leading here and you. Oh, they lead to our good neighbors, you see, we take time to visit and help out in sickness or any work they might be behind with. Our Pastor says that he never wants to see those paths grown up with thorns and thistles for that looks like though there was discord, and he says that God doesn't like that.

I see this well trodden path, tell me where that leads? "Oh, to our church that stands on

Rev. J. W. Austin, pictured above with his wife, completed 15 years service to the Ebenezer Methodist Church at Sanford May 27 when he retired at the age of 74. He preached his first sermon in this church in September, 1900.

yourer hill. You see, each Lord's day, we dress our children in little starched Sunday clothes and take them to Sunday School, they learn so many things that help to make good boys and girls. And our dear Pastor, Brother Austin has stood on the watchtower for 57 years. He has served us here for many years, he has baptized all our children, married our young people and has buried our loved ones. He has been such a comfort to us all. He has pointed out all the pitfalls to our children and told them of the many wayside dangers that might cause them to fall, he tells them to be not unequally yoked together. Many of our young people have come out of our church to build Christian homes. Brother Austin tells us we can have a little heaven here to go to heaven in. And I would not forget his sweet wife that has stood by his side all these years. Many were the visits she would have loved to have made with him. You see they reared a lovely family, so the had to remain at home and keep the home fires burning. Now their grandchildren are pointing the way to the Cross. So you see Brother and Sister Austin's shining forth.

Your story has meant so much to me, said the stranger—One more question and I must be going. What are you all going to do without this dear Saint of God, when he leaves you? With bowed heads—then we looked up tears were falling fast. Well, through all these years, he has taught us to be submissive to God's will, so as the sun goes down behind the western hills we will lead them through that beautiful garden of prayer, where the dew is always on the roses, and to that great fountain, where they can drink and never thirst again—there we will leave them with God and the angels.

Sunday is homecoming, we will meet you at the Church—Written and dedicated to Rev. J. W. Austin, pastor of Ebenezer Methodist Church of Sanford and his wife, by one who loves them.

McGrew and come to California. They were divorced two years later.

In 1932, she married Paul Bern, film executive. A month later, his rifle body was found on the bathroom floor of their Beverly Hills home, a bullet in his temple and the gun in his hand. He left a cryptic note:

"Dearest Dear: Unfortunately, this is the only way to make good the frightful wrong I have done you and to wipe out my abject humiliation. I love you. P.S.—You understand that last night was only 20.

Her death was a profound shock to her co-workers, because she had been the friendliest of all the stars. It was rumored that the nation's big studio had denied a serious illness for a week, saying it was only a cold. Movie goers mourned as her body was placed in a marble room which Powell bought at Forest Lawn Memorial Park.

When she died, Miss Harlow was earning \$4,000 a week. But when the estate was figured up, only \$41,000 was left.

General Heads For Showdown With Jap Reds

Prime Minister Goes Into Conference With MacArthur

TOKYO, June 7—(AP)—General MacArthur appeared headed for a showdown fight with Japanese Reds tonight after pusing 17 policy makers of the homelost party newspaper Akahata.

The new order brings to 41 the number of Red wheelchairs landed in 24 hours from Japanese political life. Eight of them are members of parliament.

The two moves set the stage for possible strikes, violence and world wide repercussions.

The Reds were caught napping by the new order. They had just named a "leading group" of eight members to replace the 24 political leaders who felt MacArthur's wrath yesterday.

But, far from quailing before MacArthur, Akahata blasted him with a headline today declaring "The Communist Party together with the people is indignant." Another banner screamed for party members "to defend the Communist Party."

A general strike was called by Akahata. But there was no indication party members were rallying to the call.

Japanese police raided headquarters searching for a list of Communist Party members. MacArthur called for termination of the occupation and ousting of occupation troops. The letter was read at a Communist meeting Saturday.

Prime Minister Shigena Yoshida, whose government is trying with the Communist party until immediate conference with MacArthur.

As they met, rumors flashed around the city there would be more purges. One hinted the Russian mission might be asked to leave Japan. Another J. Sobal, chairman of the Allied Council of which Russia is a member, said he had heard nothing to substantiate or even indicate such a move. Russians were active over the weekend in Japan. They were seen photographing police assembled for a strike called for Saturday by the Communist.

Neither the strike nor scheduled student demonstrations materialized.

MacArthur explained in a letter to the Prime Minister that the new purge order was an alternate "method of coercion" to closing Akahata or re-establishing censorship. He said 100 were repatriated. Meanwhile, in Manila, President Elpidio Quirino said he would welcome additional American troops in the Philippines.

He told a news conference in Washington that a fleet invasion of the Philippines "to take over" the Philippines. But, asked what his reaction would be if the United States were to greatly increase its troops here, Quirino replied: "That would be favorable. I would welcome it. Especially in view of troubled conditions in this part of the world."

Lashing out at reports that the Philippines are rotten with graft, the President said the stories were "originated by Communists, deprecators, and other ill-wishers."

And in Tokyo, a fleet invasion of the Tachien Islands, 190 miles south of Shanghai and an important Nationalist blockade base, was anticipated.

Official dispatches said the Communists were massing troops on the mainland preparatory for an assault on the island. The Nationalists have been trying to divert the Tachien into a stronghold since the loss of the Chusan Islands last month.

Osteen News

By MATINA DUNNING

Rev. and Mrs. H. Herring and family moved into the upstairs apartment at the McCullough apartment last week. They will welcome their friends at any time.

Junior Todd who is attending school in Enterprise was taken suddenly ill last Friday. He was quite bad and Saturday went to see a specialist in Orlando.

The W. M. U. was well attended on Thursday P. M. for business meeting. Afterward a missionary program was given. Ladies attending were Mrs. J. E. Peterson, Mrs. W. Lloyd, Mrs. B. Barke, Mrs. G. Hosack, Mrs. A. Herring, Mrs. George Hill, Mrs. K. Oldham, Mrs. W. Love, and Mrs. A. Haught.

A class of even will graduate Tuesday from the Eighth Grade, Frances Lawson, Darlene Viano, Corbinette McLanore, Eloise Snyder, Barbara Gidycz, Peggy Clark and David Hosack.

George Sweet and Miss Eda M. Perry of Winter Garden brought Mrs. Dunning home Thursday afternoon.

Mr. and Mrs. J. E. Peterson are entertaining his mother, Mrs. Bonnie Peterson and grandson Bryant Peterson of Daytona Beach, Mrs. Emma Peterson of Lakeland, Mrs. Joe Dunn and son Joe, Jr. of Deleville, N. J., for a few days.

A delegation from B. T. U. went to Barberville Friday night. They brought home the three banners and a Cleveland to attend the graduation of their son Clyde from Western Reserve Engineering School, Mrs. Snyder and girls will remain in Springfield for the summer.

Mr. and Mrs. C. F. Snyder and daughter Lucy Ann and Eloise leave Wednesday for Springfield. Mr. and Mrs. Snyder will see on to Cleveland to attend the graduation of their son Clyde from Western Reserve Engineering School, Mrs. Snyder and girls will remain in Springfield for the summer.

Mr. Edward Todd spent the weekend with his parents. He is stationed at Ft. Riley, Kan.

Mrs. E. Cochran will remain for the summer and son-in-law R. Lawson will go with Mr. and Mrs. Snyder to East Liverpool, O., to visit relatives. Mr. Lawson and Mr. Snyder will return to Florida about June 18.

Ultra-violet electric lights are available for installation in chicken houses to cut down disease germs.

A tractor mower can cut as much hay in 10 minutes as 10 men can in a day.

HOUSING CONFERENCE
George H. Williams, Jr., executive director of the Sanford Housing Authority, left this morning for Virginia Beach, Va., to attend the annual meeting of the Southeastern Regional Council of the National Association of Housing Officials.

DRIVERS HONORED
Three Sanford men will share honors for safe-driving at a dinner for Sun Oil Company truck drivers next Monday night at Adair's Steer House, Jacksonville. Gold pins for consecutive no-

accident years, behind the wheel of Sunoco trucks will be presented to Lawrence S. Wilkins, West First Street, six-year award; Charlie Adams, next Monday night at Adair's Steer House, Jacksonville. Gold pins for consecutive no-

award.

Truman Declares Economic Aid To Europe Is Vital

General Eisenhower Sees Big Military Expenditures Necessary For U.S.

COLUMBIA, Mo., June 8—(AP)—President Truman declared today that post-Marshall Plan abandonment of aid to Western Europe would be disastrous to peace.

In a world "full of dangers," he declared, the United States must continue its contributions to a free nations lest "the Communist move in."

He made it clear in an address prepared for graduation exercises of the University of Missouri that he is convinced "our vital national interest is a healthy world economy" will not end when Marshall Plan aid stops in 1952.

"You hear a lot of talk these days to the effect that the world is full of dangers, and that our civilization is heading straight for disaster," the President asserted.

"Of course, the world is full of dangers—the world has always been full of dangers, for people in every country and in every period of history."

But in spite of these dangers he said, "our civilization will not end in disaster."

"It can go on to greater heights. Those who are frightened and dismayed do not have faith that we will use scientific advances for good ends. They see only the dangers in the world—not the opportunities."

Taft Asks For Quick Treaty With Japanese

Solon Charges Delay Against U. S. Military Authorities

WASHINGTON, June 8—(AP)—Senator Lott (R-Ohio) said today "there should be a quick Japanese treaty" because without one the situation Japan may begin to favor against American interests.

Defense Secretary Johnson and Republican adviser John Foster Dulles of the State Department have set Tokyo later this month to consider on a Japanese peace settlement with General Douglas MacArthur.

Taft said in an interview that he understood the delay in pressing for a peace settlement for Japan has been "largely caused by the failure of the military authorities to agree on what they want with regard to bases."

"Since the advent of atomic weapons and the possibility of atomic warfare," Taft added, "I am told that Okinawa (American island base south of the main Japanese island) is not sufficient because it is too vulnerable to attack."

Taft said he understood that the United States supreme allied commander for the occupation, desires an early peace treaty but would not say what MacArthur thinks about the so far critical question of whether the United States troops in Japan and maintain them with or without a treaty. Most of all state and defense department officials reportedly feel such a treaty is necessary.

Taft's interview covered a wide range of foreign policy questions. He grew out of a talk he had made at the request of a group of newspaper men at a private meeting in the Senate.

A string of eight survivors of the Western Transport plane that crashed in the Atlantic Ocean on route from Puerto Rico to Wilmington, N. C., Friday, June 4, are picked up by the crew of the U.S. Coast Guard cutter USCGC (CG-38) on June 5.

Salt In Wells Is Reviewed At Tourist Center

Experts Will Start 14 Point Program In Near Future

Two meetings were held yesterday afternoon at the Tourist Center regarding salt infiltration in irrigation wells in Seminole County which some growers have reported has caused crop damage.

The first meeting, called by Soil Conservation officials of the district which Lee Jacobson is local representative was attended by a few growers who conferred with soil conservation experts and officials of the Central Florida Experiment Station in regard to salt infiltration.

Following the first meeting, a number of Soil Conservation experts and local officials met and mapped out a 14 point plan of study and research which will be outlined in detail to the experts whose findings will be made available to growers.

This information, said Mr. Jacobson, will be available to the City of Sanford for the purpose of its water supply.

Present at the conference of officials were Robert F. Withall, district conservation officer from Orlando; Mr. Jacobson; James A. Wood, hydrological engineer of the southeastern region; Dr. Philip Westgate, horticulturalist of the Central Florida Experiment Station; Arthur Morgan, soil conservation officer; H. H. Cooper, U. S. geological survey engineer; City Commissioner Randall Chase; H. James Cox, David Powell, soil scientist and Mrs. E. Smith, engineer of the Florida Soil Conservation Service.

London Sparkles With Pageantry As King Celebrates His Birthday

LONDON, June 8—(AP)—London sparkled with pomp and pageantry today as King George VI marked his official birthday by creating seven new peers and bestowed honors on distinguished Britons.

Around the world British diplomats and governors entertained at annual king's birthday receptions, though the monarch actually was born Dec. 14, 1895, the anniversary officially is celebrated today by more than 60 million.

Within the capital the highlight of the day's ceremonies was the "Straw Hat Parade," by which some 50,000 dressed in colorful uniforms, dancing back to the capital.

These named for the king by his birthday honorees included political figures, actors, musicians, labor leaders, a motorist, a poet and a British sea pilot.

The straw hat parade, brought down the Whitehall steps, included unidentified parades being atop the 310-foot spire of the House of Commons. Today he was awarded the order of the British Empire for general competence as an industrial worker during a venturesome career.

The award of the order of the British Empire, awarded to Sir Thomas A. Blaney, owner of a Fleet Street station, he was the second soldier from outside the United Kingdom to be so honored. South African, Jan Christian Smuts was the other.

Lack Of Wharves Blocks Move To Get Boat Service

ICC Refuses Application Of Marine Transportation Co.

The application of C. G. Willis of the Marine Transportation Co. for common carrier authority to operate non-self-propelled vessels with the use of separate towing vessels in the transportation of commodities between Jacksonville and Sanford has been denied by the Interstate Commerce Commission.

The denial, said Mr. Higgins, was contained in a report by S. R. Dixon and A. I. Gordon, examiners of the ICC, and represents the decision of the ICC on the hearing held at the Maylin Inn, Jan. 13, to consider the application of Mr. Willis for common carrier rights on the St. Johns River.

The basis of the denial was that "there are no adequate terminal facilities at Sanford."

Mr. Higgins stated that Mr. Willis told the ICC that he would not operate in Sanford until the proper facilities had been developed. He stated that the ICC would not grant the application until the facilities had been completed.

It was pointed out, however, that the application can be renewed when the facilities have been developed. Mr. Higgins said and declared, "I consider the completion of the dock facilities and terminal at Sanford a one-time investment that should be done for the benefit of the community."

Senate Committee Alanley Johnston Recommends Three Year Draft Plan Hints At Quitting

WASHINGTON, June 8—(AP)—A three year extension of the present draft act was recommended to the Senate today by the Armed Services Committee.

The present draft act is due to expire June 30. It would continue the President's power to order actual induction of youths between 18 and 26 years of age if found that necessary.

It also includes an amendment by Senator Russell (D-Ia) to require actual registration in any of the armed services if this is requested in writing by any person drafted.

Under direction of President Truman all of the armed services—Army, Navy and Air Force—have been gradually eliminating segregation of whites and Negroes.

The Russell amendment actually would require separate racial units for draftees who requested it.

The Senate bill differs widely from one previously passed by the House and on which Senator Johnston has been working. The House bill extended the present act for only two years instead of three asked by the act.

U.S. Economist Is Indicted By Grand Jury For Perjury

Kiwanians Hear Glass Blowing Art Explained

Henry Clay, Jr. Clemons, High School Head, Delivers Talk

The art of glass blowing in the manufacture of fine quality tumblers, vases and other glassware, was explained to Kiwanians yesterday by Henry Clay, Jr., principal of Clemons High School and a Kiwanian.

The art of glass blowing in the manufacture of fine quality tumblers, vases and other glassware, was explained to Kiwanians yesterday by Henry Clay, Jr., principal of Clemons High School and a Kiwanian.

Various vases and tumblers were used to illustrate the process. Mr. Clay explained that the glass is blown into a mold and then shaped into the desired form.

White teachings at the high school in West Virginia, said he was called to fill the position of principal which had just received a contract from the Rockwell National Bank to simulate glassware which had been found in West Virginia, which has been found to be original colonial glassware.

In the restoration of the high school in West Virginia, said he was called to fill the position of principal which had just received a contract from the Rockwell National Bank to simulate glassware which had been found in West Virginia, which has been found to be original colonial glassware.

Federal Group Says W. Remington Lied In Denying Membership With Reds

NEW YORK, June 8—(AP)—William W. Remington, government economist, was indicted by a federal grand jury today on one perjury count for denying he ever was a member of the Communist Party.

The indictment was presented to federal Judge John J. Clancy. It charged that when Remington was asked by a grand jury whether he ever had been a member of the Communist Party, he lied.

The grand jury charged that Remington's answer was "untrue in that the defendant had been a member of the Communist Party."

The 32-year-old Commerce Department economist had been questioned in connection with the grand jury's investigation of the Board of Economic Warfare, which was set up to coordinate the war effort.

The next month Remington was suspended from his \$10,000 a year job in the Commerce Department.

When Miss Bentley reported her findings to a subcommittee of the House, Remington said he had been a member of the Communist Party from 1941 to 1945.

He said he had been a member of the Communist Party from 1941 to 1945. He said he had been a member of the Communist Party from 1941 to 1945.

Warren Surprised At Resignation Of 2 Citrus Members

TALLAHASSEE, June 8—(AP)—Governor Warren today declined to comment on the resignation of two members of his Citrus Commission.

He said the resignations of Loren T. Rice of Gaines City and Tom Turnbull of Orlando came as a "complete surprise" to him.

He said he has not discussed the Citrus Commission with Griffith. Warren said he made no recommendation for the selection of a commission chairman. He said it was not even discussed at a conference held with members of the commission here earlier this week.

William C. Tison Dies At ACL Hospital

William Charles Tison, 44, died at 12:45 o'clock in the Atlantic Coast Lines Hospital at Wavercross, Ga. Tentative funeral arrangements have been made for funeral services Sunday afternoon at 3:00 o'clock at the First Christian Church.

Mr. Tison started work with the Atlantic Coast Line Railroad, Jan. 5, 1927 as a telegrapher, and on July 30, 1948 was promoted to the post of dispatcher in the local or Jacksonville district, serving in this capacity until his recent illness.

FARMERS KILLED

COURTLAND, Calif., June 8—(AP)—A farm truck carrying workmen home from the fields plunged at least eight men to their deaths in an irrigation canal near here yesterday.

The death toll may rise to 14. The number was uncertain until checks today determined definitely the number riding on the stalled truck.

American Appetite For Meat Is Stronger Now Than It Was In '48

WASHINGTON, June 8—(AP)—The American appetite for meat is stronger now than at any time since the summer of 1948. The Agriculture Department in reporting this today said the desire for more meat—particularly beef—is reflected in a heavier demand at the meat counter and in rising prices.

Just after the war, demand for meat was unusually strong relative to consumers' incomes, the agency said. In the summer of 1948, demand rose to a peak. It then weakened, beginning a prolonged decline.

County Farm Bureau To Meet Tuesday

Plans to put the growing of celery and other vegetables on a more stable basis will be discussed Tuesday night at 8:00 o'clock at a meeting of the Seminole County Farm Bureau at the Future Farmers Building, Orie Mathews, president, announced today.

All growers of winter vegetables are urged by Mr. Mathews to attend the meeting, ask questions and to state approval or disapproval of the elements of the plan that will be offered.

Truman Declares

(Continued From Page One)
of wisdom and a sign of strength
He cited American foreign aid
to the democracies after the last
war when it "became clear that
one nation did not want to help

World Recovery

Obviously speaking of Soviet
Russia, he continued:
"Instead, that nation wished to
prolong and intensify the misery
of others, so that it could gain
domination over them. The plan-
tation of that nation was to over-
throw the tradition of freedom
which is shared by our country
and many others."

NEW YORK, June 8.—(AP)—Gen
Dwight D. Eisenhower said today
that huge military expenditures
are necessary but "if unwatched,
may dangerously bleed the econ-
omy and even destroy what we
are trying to protect."

Eisenhower made the statement
in a speech prepared for the 19th
commencement exercises of Colum-
bia graduates that "stupendous
military expenditures," though
"essential for the country's safety,"
are one of the major problems
to be faced in the future.

Eisenhower recently said before
a U. S. Senate Appropriations
Subcommittee that military
budget had been trimmed as far
as was wise—"even too far."

He said at that time that he
might have added a few hundred
million dollars—no more than
\$500,000,000—to the proposed
budget for arms, if he had his way.

However, before the committee
he also listed a healthy economy
as an essential for national safety.
Gen. Eisenhower said today that
the danger of wrong answers to
the nation's own problems is as
great as the danger from "social
revolution, with an announced
purpose of destroying the Ameri-
can system of government."

Japan Treaty

(Continued From Page One)
"Can as much as you are
and added he thought that 'Abe-
son was in the same fix. He ex-
plained first the problem was ac-
tually in the Russian mind, that
we know we are not going to
start a war but we won't know
what the Russians intend. It
seemed he was optimistic that

Senate Committee

administration. It also gives Con-
gress control over actual imple-
mentations. Men could not be
sent to the lawless, declared a
national emergency or found that
inductions were needed to meet
unforeseen needs by congressional
action.
The Senate committee will be
held closed doors and a report on
actual votes was not immediately
available.

Railroad Chief

(Continued From Page One)
Johnston was J. P. Shields, first
assistant grand chief and an ad-
vanced candidate to succeed John-
ston when election comes up later
in the convention of 400 dele-
gates.
Another testimonial to John-
ston came from M. W. Clement,
chairman of the board of the
Pennsylvania Railroad, who said:
"I hope that labor in the
United States, in the years to
come, will have the kind of lead-
ership that Mr. Johnston has given
in the brotherhood in the last
25 years."

Lack Of Wharves

(Continued From Page One)
serve Sanford, the examiners said
it was impossible for a water
craft to operate without the nec-
essary wharves and warehouse
facilities, and stated that Sanford
did not have the necessary facili-
ties.
The examiners stated that Mr.
Willis had shown that he is fit
and able to conduct the proposed
operation, but had failed to show
there was sufficient traffic to war-
rant the granting of the instant
application. This, they said, was
without prejudice to the filing of
an application when the City of
Sanford has the necessary termi-
nal facilities.

U.S. Economist

(Continued From Page One)
accusations against him.
On May 16, a 10-member divorcee
wife, Mrs. Ann Moss, Remington
of Alexandria, Va., spent nearly
five hours with the jury.
A few days later Miss Bentley
testified before the jury for an
hour and a half.
Other witnesses included How-
ard Allen Bridgman and Kenneth
McConnell, ex-Communists, who
testified before a congressional
hearing in Washington earlier in
May.
Also testifying before the
grand jury was Joseph North,
former writer for the Communist
Daily Worker. Miss Bentley, that
said North introduced Remington
to her friend Jacob Golos, whom
she described as the head of an
espionage ring.
After Remington appeared be-
fore the jury he told reporters he
had been asked whether he ever
was a Communist and said he had
answered "no."

When McConnell testified before
the House un-American Activities
Committee, he described Remington
as a Communist organizer in
what he had known Remington when
she later was a member for the
Tennessee Valley Authority.

Colorado boasts the highest

N. Y. Police Say Son Owns Pistol That Killed Dad

Officers Arrest 16-Year Old Youth In Hoboken, N. J.

HOBOKEN, N. J., June 8 — Police today quoted the father of 16-year-old Stanley Openshaw as saying she knew her son had killed her estranged husband in a Bronx park yesterday last Saturday. Detective Lieut. Arthur Marotta said the plump, 41-year-old wife of the elderly New York reporter made the admission after constant denials during last night's persistent questioning.

climbed into the patrol wagon. Lieut. Arthur Marotta, head of the Hoboken detective bureau, said New York police made a ballistic test and reported that the pistol was the same that killed the boy's aged father.

Police said Mrs. Openshaw told them her son had threatened her. "Why should I give him up? I would be dead. I would be shot. I didn't know what to do," officers quoted her.

New York police had been searching for the boy since his father, an importer of office machines, was killed.

The trial led to New Jersey two days ago after a bus driver told police he thought Stanley had been among his passengers. His arrest came after passersby reported a man acting strangely in a doorway.

View of the Original Edifice and Extension of the Mother Church

Hungarian In U. S. Makes Grade After Two False Starts

AP Newswriters — MEMPHIS, Tenn. — Four months after arrival in America on a shoeing, the brilliant family of a Hungarian professor talked today about plans for a home.

her search for steady employment. She also entertained in night clubs here.

Walter Cross Named Mother Church Head

BOSTON, Mass., June 8 — (Special) Walter S. Cross of Fitchburg, Mass., has been named President of the Mother Church of the First Church of Christ, Scientist, in Boston, Mass., it was announced in Boston today.

FAIRFIELD, Ill., June 8 — (AP) — The last two active members of the Shelton clan were held up in their fortified homes today while police pressed their search for Roy Shelton's killer.

Authorities had little to work on — a man's footprint and the jacket and pellet of a rifle shell.

He was the third of the five Shelton brothers to be killed from ambush in three years. His slaying was a surprise, because he never had been publicly connected with the activities of the Shelton gang which terrorized southern Illinois during the prohibition era.

Mr. Cross has been active in various capacities in the Christian Science movement, having joined The Mother Church in 1925 — and for many years has been a Christian Science practitioner.

During World War I he was an Army chaplain with the 89th and 27th Divisions. Later he served at the Christian Science War Relief Depot at Le Mans, France.

Prior to World War I he served as Christian Science Committee on Publication for the State of Massachusetts. He has served on the Bible Lesson Committee which prepares the lessons for churches by all Christian Science churches for their Sunday services.

Mr. Cross is a graduate of Yale University and also attended Phillips Exeter at Andover, Mass. He is the father of Fitchburg, Mass.

He fled to Austria, where he managed to keep his 10-member family together. Then Dec. 27 the Samaya arrived in New Orleans from Bremerhaven, Germany, as displaced persons.

Not long after they arrived at Little Rock, Ark. they got their first job — the man who said circumstances wouldn't permit it, things had changed.

They moved into an abandoned, rattletrap flatner of a war camp in the vicinity. To them it bore a striking resemblance to European concentration camps still vivid in their minds.

That was the situation when the Red Cross and local relief stepped in. Abundant help followed.

Picks Up Odd Jobs — Papa Samaya, 47, who at one time was professor of agriculture for deaf and dumb students in Budapest, is stacking lumber and doing odd jobs at a lumber yard here.

Anthony, 24, a college graduate, is working in the catalog department of a large mail order house. At the 21, with two years of college, is wrapping and shipping merchandise for a department store.

Ediko, 19, is learning to run an office building elevator on a part-time basis while she waits for a promised job as secretary.

The total income of the family runs about \$100 a week.

They employers say the Samayas are genuine workers, well-liked by fellow employees and in general they have "made a hit" with all their associates.

Hope to Make Rugs — But the Samayas have their heart set on re-establishing themselves in rug making. In fact, they have a factory which is to begin operations, "soon on the way."

The mother, Maria, is keeping house in a ten-room residence owned by a Catholic Church. At home with "Ma" are two small sons — Zombor, 5, and Marot, 3, both born in Austria.

These other children attend school. They are Edwin, 16, Farkas, 12, and Gail, 7.

In the short time the Samayas have been in Memphis they have learned to fit into religious and social groups despite language difficulties, which they are trying to remedy with evening lessons.

Entertain the Archduke — At home, Papa plays the violin and Maria the piano to add to the musically talented family's entertainment.

One of their greatest thrills so far was the recent appearance here of the Archduke of Hungary, the first of the throne in a field that greeted the national hymn and folk songs of their native country for Otto.

Hints To Housewives

Dresses and blouses with a suggestion of a sleeve are more becoming and practical for women generally than the extremely cut, bare-shoulder styles featured in some of the new fashions, according to Margaret Smith, clothing specialist of the U. S. Department of Agriculture. The completely sleeveless garment is most appropriate for young girls. But for older women slight cap sleeves, brief kimono sleeves, winged sleeves, or a straight band finish around the armhole are more attractive. These are just as cool for summer, as economical of fabric, and usually easier to make.

strength, edges must be finished with binding or facing without stretching the armhole in the process. The finish must be put on so that it is smooth, flat, and tailored-looking. Shoulder pads also are a problem with bare-shoulder styles. They need to be covered with the dress fabric, made rather flat, and shaped to fit the shoulder or they will be conspicuous.

NOW A MARINE

CAMP LEJEUNE, N. C. (AP) — When Marine Pfc. Lawrence R. Lambert of New York City tells of fighting Nazis and Japanese at the ripe old age of 34, many of his Marine buddies are a little skeptical but his is no idle boast. Born and raised in Italy, Private Lambert participated in many Pacific war activities including bridge blowing, sniping and small scale warfare, when the Germans occupied that country.

"Super Right" Steak

FOR MORE GOOD EATING—MORE VALUE—CHOOSE A

How often have you bought a steak at a bargain price, only to be disappointed when it was served? Tough, less of bone and fat, little flavor. If that has happened to you, you'll join the thousands who choose A&P's "Super-Right" method of selecting steak. Here are five reasons why:

1. They're cut from corn-fed beef exclusively.
2. They're selected "Super-Right" quality, graded to conform to existing A&P standards.
3. They're "Super-Right" trimmed before weighing to remove excess bone and fat.
4. They're priced as low as possible to give you the most good eating for your money.
5. All A&P "Super-Right" steaks are guaranteed. You can see your reputation as a "super-right" steak.

Hollywood

By BOB THOMAS

HOLLYWOOD, June 8.—(AP)—Annie Murphy, "faded" with being a movie star, died today of a heart ailment.

Mrs. Murphy, 47, died at her home in Hollywood. She had been ill for several days.

Mrs. Murphy was born in New York. She was a former movie star and had appeared in several films.

Mrs. Murphy was married to a man who died several years ago. She had two children.

Mrs. Murphy was a member of the Hollywood Chamber of Commerce. She was also active in the community.

Mrs. Murphy was a devoted mother and a kind neighbor. She was remembered for her generosity.

Mrs. Murphy was buried in Hollywood. Her funeral services were held at a local church.

Giants Are Blanked By Four Hit Hurling

Shutout Ends Locals' Seven Game Streak; Manager Ed Levy Twirls 8th Frame

ST. AUGUSTINE, June 8.—(AP)—Bill MacDonald, tall St. Augustine righthander, blanked the Sanford Giants, 8 to 0, here tonight with a brilliant four-hit hurling job. The shutout ended a Sanford seven-game winning streak and marked the third triumph for the Saints in the last four starts. The Saints scored all the runs they needed in the first inning to please a large ladies night crowd. A five-hit attack off Robert Rivers, highlighted by Hank Davis' two-run double, put the five tallies on the scoreboard. Davis, who played for the Saints last year, returned to the lineup tonight and slatted a triple, double and single to tip St. Augustine's 18-hit attack. The Saints backed up MacDonald's fine hurling with flashy, errorless ball.

Sanford Legion 9 Roller Derby Gals Loses Opener To Oviado Team 4-2

The Sanford American Legion nine dropped a 4-2 contest to the Oviado Legion team this week. Fleischer went the distance for the locals allowing six hits and three walks. He struck out five. E. Duda, Oviado hurler, gave Sanford but three sacrifices. He struck out 11 and walked seven. Tison, Smith, and Bibbe collected Sanford's three base knocks. The Legion team will journey to Mt. Dora next Tuesday to take on the service squad there. Box score: SANFORD ab r h e: Fleischer 4 0 0 0; Duda 4 0 0 0; Tison 4 1 1 1; Smith 4 0 0 0; Bibbe 4 0 0 0; Oviado ab r h e: Duda 4 1 1 0; Tison 4 0 0 0; Smith 4 0 0 0; Bibbe 4 0 0 0. Total: Sanford 22 4 5 6; Oviado 22 4 8 4.

Sanity Code Ruling Is Ignored By Six Schools Says NCAA

CLEVELAND, June 8.—(AP)—The National Collegiate Athletic Association will haul six more colleges on the carpet for "sanity code" violations at an NCAA council meeting in Chicago in August. This was disclosed yesterday following a three-day meeting of the NCAA enforcement committee headed by Clarence P. Houston of Tufts College. "We uncovered evidence that schools are giving aid to athletes in excess of that allowed by the code," Houston said. He declined to name the schools, but said any punishment the council might decide to inflict on them would be withheld until next winter. The N.C.A.A. "sanity code" provides that financial aid given athletes must come from an outside source. Unless the athlete helped is in the top fourth of his class, school aid is restricted. In addition to the six schools to be considered at Chicago, Houston said seven others are to be investigated further when additional information is received. At its January convention the NCAA found seven schools in violation of the sanity code: two of them—Boston College and the University of Maryland—have since complied, and the Citadel withdrew from the association. Action remains to be taken on the other four—Villanova, the University of Virginia, Virginia Military Institute and Virginia Polytechnic Institute.

AP News Feature:
NEW YORK—Gerry Murray, says the roller derby experts, is about the fastest thing on wheels. Before joining the roller derby, Gerry held the national quarter and half-mile track roller skating championships. This is her 11th season in the derby sport. Born in Des Moines, Ia., Sept. 20, 1930 of Irish-American parents, Gerry is Mrs. Gene Gammon in private life. Gene also competes in the derbies and helps coach the speedy Billy Bogaah, who like the Gammons, skates for New York. Gerry is captain of the female contingent.

When the Gammons hang up their skates they stay in Minneapolis where they have a home. Besides being fast on the roller turns, Gerry also plays a mean game of softball and volleyball. She also plays a fair game of gin and rides motorcycles. Even with all this she finds time to sew her clothes and her hubby's shirts. In 1938, Gerry pitched her softball team to the Nebraska State title and reached the quarterfinals in the national tournament. When she wasn't pitching for the team she played second base. A graduate of North High in Des Moines, Gerry also competed in swimming there. Since joining the roller derby in 1938 she has missed only six months of action. That was last year when she was sidelined by a hip injury. Gerry has a son, Mike Gammon, six, he has been making the derby circuit with her.

Another top roller champ is Alyce Brober, a headstrong teenager. Her aim in life differed from that of most young girls. She wanted no lace curtains and fancy clothes. She sought the exciting life of the roller derby competitor. When Alyce was 17 and the Washington Jet team was appearing in Milwaukee, she tried out for the team and made it with ease. However, there was one hitch in her plans. Since she was a minor her parents refused to give their written consent. Alyce waited another year and when the derby again appeared in Milwaukee she made the team. Today she is one of the best female skaters on the derby circuit.

Hill Prince Is Not Being Worked To Death, Claims Trainer Hayes

NEW YORK, June 8.—(AP)—Trainer Casey Hayes, who would saddle Hill Prince in the rich Belmont Stakes Saturday, scoffed good-naturedly today at stories criticizing his handling of the colt. "I get a great laugh when I read about how I've drilled Hill Prince too much," said the affable conditioner whose charge is an early favorite for Belmont Park's \$75,000 added mile and a half classic, third and longest of the American triple crown events. Hayes continued with a smile: "My competitors work the heck out of their horse, but nothing seems to be said about that. I don't understand it. I don't think I've drilled Hill Prince like some thing." "Last Monday he was worked a mile and a quarter. He was flocked in 2:07 2/5. It was his first good, stiff drill over a distance in a training move. I usually have let him work on out at the end of his actual races for a week or two, but this Monday, he did his real running in the late stages and was only 'walking' during the first part." The colt's conditioning had a good foundation this spring. He was brought a long slow and easy. Down on the farm in Donwell, Virginia, before we shipped him north, Hill Prince had two good mile works.

Cloverleaves Are Making Bid For 7th Slot In Loop

By ASSOCIATED PRESS
Maybe it's the touch of old pro Bert Niehoff which is turning the wilted Selmia Cloverleafs into a full bloom baseball team now blowing throughout the Southeastern League. Manager Niehoff's Cloverleafs led their first six straight games and over all into a nine-game losing streak. Selmia now has put together a four-game victory string and the Cloverleafs look only a game and a half from getting out of the cellar where they have spent the season thus far.

Hogan And Snead Are Favorites In Golf Tournament

ARDMORE, Pa., June 8.—(AP)—Sam Snead's putter, Ben Hogan's legs and the weather were the chief topics of conversation as 165 of golf's very best collected today in the 80th National Open championship. The first of 66 throresomes set out over Merion's 6,694 well-trapped, well-fringed yards at 7 A.M. Contenders will be swinging until almost dark in the opening round of the rugged 72-hole test and the sport's only "grand slam" tournament. The tournament winds up with a double-banquet 36 holes Saturday. Two days of near-90 temperatures have left the broad, undulating greens hard as concrete and slick as glass.

ROLONS WIN
ORLANDO, June 8.—(AP)—Ray Trava made his home debut a successful one tonight by hurling Orlando to a 6 hit 10-1 win over Palatka to give the Senators a clean sweep of the two-game series. Consecutive doubles by Dan Porter and Bruce Barnes, gave Orlando a run in the first inning and Porter's triple with two on accounted for two more runs in an second. The Senators chased Spot Kash to the showers in the fifth inning with a six run outburst. George Rivera finished. Trava was in difficulty seven times but light by hurling Orlando with the exception of the sixth inning when Charles Rodriguez soured it by allowing Mike Garcia to score and spot Trava's shutout.

Selmia whipped Vicksburg last night 8-7 and it was the fourth time in a row Selmia won by one run. Vicksburg opened with one run in the first on a walk to Binger and singled by Williams and Poodle. A single by Dickens and Bandooh's double extended the Billies lead to 2-3. Vicksburg added two in the fourth on three singles and two walks. A Leaf uprising in the sixth on five hits, gave them a 4-4 lead. Walks to Bandooh and Rowe and Chandler's single gave Vicksburg a run in the sixth. Vicksburg scored two in the seventh on Willie Blair's fly and Forreth's single. Ray Krupa doubled in the ninth with one out and scored the winning run on Joe Sauch's single. Dick ankle came in with one out in the ninth inning to win it. Pensacola rally and Gadson went 7-5. Jack Cardey hurled great ball until the ninth when he loaded the bases on Bandooh and Rowe and Chapman's single scored the final run. Chapman's single and Johnson's triple and an infield out scored two in the second for the Pilots. Willie's double and Forreth's single scored one in the third and hit by Seal, Chapman, Humerson, Jarmon and Willett scored three in the sixth. A walk, a sacrifice and Chapman's single scored the final run. Herb Chapman led the hitting with three singles. Ed Nicholson's two run double in the fourth broke a 2-3 deadlock and gave Montgomery a 5-4 victory over Jackson and an edge in a three-game series. Ralph DePrima and Ray Van Noy were on base via singles when Nicholson got his double. A walk and successive singles by Ralph Franch, Bernie Gerl and Edson Childs gave the Rebels two runs in the second. Frank's double and Nicholson's single who had trailed with another run in the fifth. Jackson led the score in the fourth. Hebsie and Bandooh got three hits and Tom Davis getting singles to produce three runs. The Senators added a run in the seventh on a sacrifice. McDonald's double, Franch's double and Bandooh's single who had trailed with another run in the fifth. Jackson led the score in the fourth. Hebsie and Bandooh got three hits and Tom Davis getting singles to produce three runs. The Senators added a run in the seventh on a sacrifice. McDonald's double, Franch's double and Bandooh's single who had trailed with another run in the fifth.

Rocky And Jake Make Paces At Sugar Ray

NEW YORK, June 8.—(AP)—Former champion Sugar Ray, who has made a comeback, said he has no intention of going back to his old ways. Rocky and Jake, former champions, were on hand to watch their old boss. Rocky said he would like to see Ray get his old ways back. Jake said he would like to see Ray get his old ways back.

GO FOR DIMAGGIO
NEW YORK.—(AP)—Joe DiMaggio, Yankee outfield star, was a landslide winner in a re-opened poll of New York football fans on their favorite athlete. The Jolted got nine of 47 possible first place votes. Babe Ruth and Bronko Nagurski were runners-up with two apiece. All other votes were split. One player listed, Frankie Albert, San Francisco, was quarterback star, at his choice.

MARBLE CHAMP
The Veterans of Foreign Wars, sponsors of the annual city-wide marble tournament, presented first prize to David Galloway at a special championship program in the Sanford Grammar School Wednesday morning. The grand was presented by Volie Williams, member of the local chapter and urged the boys to continue to support the tournament. Galloway is a member of the local chapter and introduced Mr. Williams to the school.

Navy Bomber Down At Sea With 3 Fliers

Massive Aerial And Surface Search Is Quickly Launched Off Atlantic Coast

NORFOLK, Va., June 9.—(AP)—A Navy Grumman torpedo bomber with a crew of three is down in the Atlantic about 70 miles east of Cape Henry and a massive aerial and surface search is under way.

The TBM was on anti-submarine training maneuvers with three other craft from the Norfolk Naval Air Station's composite squadron 24. At 12:25 A. M. the other planes radioed a submarine operating in the area that one had gone down. There was no fire. The sub, the USS Tigrone, forwarded the SOS to the air station.

Six ships, including five submarines and a submarine rescue vessel and 75 planes are conducting the search. The first planes were ordered to the rescue task at 1 A. M. and others have been roaring out to sea, 60 of them from the Oceana Naval Auxiliary Air Station alone, ever since the news was flashed ashore.

The three bombers which had been operating with the lost craft remained in the area as long as their fuel supplies held out to direct searches.

The Norfolk's carrier group commander dispatched the cutter Juniper and three planes from the Elizabeth City, N. C. Coast Guard air station. In addition to the cutter, a number of small navy surface craft are assisting in the widespread search.

The merchant ship SS Ames Victory, near the scene of the disappearance, steamed to the area.

Quizzed By Reds

CAPTAIN of the freighter California Bear, William Murray is being "detained" in Tientsin by Chinese Reds. The Communist charge that Murray's "negligence" caused the Bear to ram a Chinese steamer on the night of April 20, in a fog off China. News of the "detention" came when the Bear, manned by junior officers, docked in San Francisco. (International Soundphoto)

Amerasia Issue Is Blasted By Ex-OSS Officer

O. C. Doering Charges State Department As Source Of Leaks

WASHINGTON, June 9.—(AP)—Senator Knowland (R-Calif.) demanded today that Senate investigators look into the 1945 Amerasia case subpoena the diary of the late defense secretary James Forrestal.

NEW YORK, June 9.—(AP)—A former executive officer of the wartime Office of Strategic Services Department "leak" spewed top secret documents into the offices of vice-charged today that a State Amerasia magazine.

O. C. Doering, I. now a partner in a New York City law firm issued a statement which he said was an answer to criticism of OSS by an assistant attorney regarding the Amerasia case.

"The discovery that Amerasia had obtained secret government papers was made through the assistance of a member of the OSS staff," Doering said.

He said the staff member, who was not named, read an article in the magazine which "set forth the contents of a secret government document" he had prepared.

"The OSS raid on the defunct publication's office followed, Doering said, and five copies of the published secret document were recovered.

Saying that there was no indication that anyone with OSS was connected with the magazine.

RFC Examiner On Carpet For \$400,000 Loan

Examiner Approved Amount That Went To Now Defunct Florida Company

WASHINGTON, June 9.—(AP)—A Reconstruction Finance Corporation (RFC) examiner who approved a \$400,000 loan to a Florida company that went bankrupt estimated today one of the company's officers is worth at least \$500,000.

This prompted Senator Fulbright (D-Ark) to ask why his director, Wiley L. Moore, Sr., had not financed the company himself if he had faith in the tycoon gadget it planned to produce.

Fulbright, chairman of a Senate Banking Subcommittee, said Moore apparently could afford to take the risk "a lot better than some of us taxpayers."

The examiner, Charles R. Lewis, acknowledged that Moore, whom he identified as a friend of his for 40 years, had a part in convincing him of the worth of the gadget.

Fulbright said it seemed to admit to this that Moore persuaded you that this was a good deal.

Lewis said no, that he had "just put all the facts together" and reached his own conclusions. "You don't think your friend ship for Mr. Moore influenced you?" asked the senator.

"No, sir," Lewis replied. "I know it didn't. But I had more confidence in it after talking to Mr. Moore, I'll say that."

Fulbright, noting that various RFC advisory committees and the manager of the lending agency's Jacksonville office had recommended against the loan, told Lewis:

"The fact is that nobody was for this loan but you, and the board of RFC directors" relied on your advice."

A \$400,000 loan to the Ribbin Corporation of America at Dania, Fla., was approved by the directors but only \$200,000 was actually advanced to the company.

The first payment was made May 16, 1949, and on July 23, 1949, the company went into bankruptcy.

An RFC memorandum placed in the record yesterday by Fulbright cited reports that Sheriff Walter B. Clark of Broward County, one of the company's vice presidents, was "a very close personal friend of the President."

Fulbright said the memorandum, dated Aug. 25, 1949, was written by Fred H. Parson, manager of the RFC at Jacksonville, and was sent to RFC General Counsel James L. Dougherty.

It commented that Clark was generally understood to be "in the money," and added:

"It has been said also that he is a very close personal friend of the President."

Telephone Cable For DeBary

Workers of the Southern Bell Telephone and Telegraph Co. are shown laying telephone cable from Enterprise to the new community of DeBary and Plantation Estates. Following the completion of the connection with the local telephone exchange, the cable will be laid on the ground in a trench cut by the big digger at right and laid through a pipe on the approach to DeBary. Photo by Cox.

No Mad Scramble For Freedom As County Schools Shut For Summer

BY WILLARD CUNNINGHAM

The school term ended at noon yesterday in Seminole County, and contrary to the general idea as expressed by many cartoons, there was no mad scramble for freedom and the breaking out of the school term. In fact, some of the younger children were so reluctant to leave teachers that they cried about it.

At the Sanford Grammar School where 115 pupils passed to the Junior High School exceptional order and dignity was shown, said B. C. Steele, principal, and many had perfect attendance records.

At the school auditorium, a group of 500 children were shown by Mrs. Frank Shuman, principal, the modern child's attachment to his school is revealed by the comradely and understanding attitude which exists not only between teachers and students, but which includes mothers and fathers as well. Last week, for example, pupils of Rooms 4 and 9 with Mrs. Pickett and Miss Campbell, teachers, and many mothers met for a Mother's Day luncheon at the school.

School records showed that more than 50 had achieved grades of 90 or better, and of the 230 pupils in the school, 100 had perfect attendance records.

"The modern child's attachment to his school is revealed by the comradely and understanding attitude which exists not only between teachers and students, but which includes mothers and fathers as well. Last week, for example, pupils of Rooms 4 and 9 with Mrs. Pickett and Miss Campbell, teachers, and many mothers met for a Mother's Day luncheon at the school."

Senator Releases New Broadside At Secretary Of State

Safety Council Is Created By Local Citizens

Recognizing that highway and city traffic safety is an important problem of the moment that traffic fatalities are on the increase and that the public interest is becoming aroused over the present situation, a group of law enforcement officers and citizens of Sanford met last night to create an organization to be known as the Seminole County Safety Council.

These meetings to formulate the plan for such an organization were held last night in the home of Judge Douglas Stenstrom, Judge J. G. Sharon, Representative M. R. South, City Manager Clifford McKibbin, F. J. Moughton, J. P. Flood, Highway Patrolman Bob Harrison, Florida Highway Patrolman C. E. Bullock, Sanford Police Chief Roy Williams, Deputy Sheriff Ramsey and Marion Haney.

Following the completion of the meeting, the organization was named and the members were elected. The members are: Judge Douglas Stenstrom, Judge J. G. Sharon, Representative M. R. South, City Manager Clifford McKibbin, F. J. Moughton, J. P. Flood, Highway Patrolman Bob Harrison, Florida Highway Patrolman C. E. Bullock, Sanford Police Chief Roy Williams, Deputy Sheriff Ramsey and Marion Haney.

Governor Assigns Top Investigator To Probe Slaying

TALLAHASSEE, June 9.—(AP)—Governor Warren has assigned his special investigator, J. J. Elliott, to look into the slaying of a young man on the highway near Panama, Fla., last night.

Frank Wright, the governor's assistant, said Elliott has been asked to look into the slaying of a young man on the highway near Panama, Fla., last night. A year ago, after Jimmy Velasco had been slain in a similar fashion, he sent a warning to Hillsborough County Sheriff Hugh Culberson and the county's two major prosecuting officers that he would use his powers to suspend them if they were any more such attacks.

Governor Warren held rigidly today to his policy of "no comment" on all matters pertaining to recent agitation over gambling and crime in the state.

He declined to make any statement about:

1. A Tampa Junior Chamber of Commerce resolution demanding city and county law enforcement officials "carry out their duties by effectively eliminating both legal and organized gambling." A copy had been sent to the governor.
2. A resolution of the Florida conference of Day Camps, Legionnaires demanding that the state eliminate both legal and illegal gambling.
3. A new Tampa movement to outlaw legal gambling in Hillsborough County by local referendum. In his most recent discussion of Florida law enforcement, Governor Warren told a statewide radio audience a month ago there was less gambling in the state than at any time in many years.

Florida Today Has 911 Fewer Miles Of R. R. Track Than In '28

TALLAHASSEE, June 9.—(AP)—Florida today has 911 fewer miles of railway track than it had at the peak of its railroad development in 1928.

Motor vehicle competition, changes in industrial factors and failure of some areas to fulfill boomtime expectations are blamed for the decrease.

The State Railroad Assessment Board, which sets the taxable value annually for all railroad and telegraph properties in Florida, reported today there is only 4,880 miles of track compared with 5,791 miles 22 years ago.

Part of the 18 percent drop in track mileage came when rubber-tired buses replaced 100 miles of street car lines, mainly in Jacksonville and Tampa.

The Seaboard Airline Railroad way abandoned 600 miles of track, mostly in short pieces and small lines it took over from independent companies on lines and later ceased operating. The Atlantic Coast Line Railway dropped only 18 miles of track.

The biggest loss came when the famous 190-mile Panama rail road was abandoned after part of it was wrecked in the 1939 hurricanes. The old roadbed later was used for the present Overseas Highway.

The FPC also noted that a big piece of track was abandoned in 1939 when the old Sanford Road was abandoned.

Senator Asks Final Rites Will Be Held For Mr. Tison

WASHINGTON, June 9.—(AP)—A Senate Committee today asked a Justice Department report on speculative trading in coffee.

The request was made by the Agriculture Subcommittee, headed by Senator Gillette (D-Iowa), which has been investigating the sharp rise in coffee prices in recent months.

The group recommended that the attorney general and his assistants take these actions:

1. Seek "injunctive relief" against futures contracts now used for speculative trading in coffee on the New York coffee and sugar exchanges unless these contracts are promptly revised.
2. Bring a "civil suit under the anti-trust laws" unless coffee stocks held in this country by Columbia and other foreign coffee interests are immediately disposed of in channels of trade.
3. That the attorney general of the United States investigate the details of the purchase of coffee by Mr. George W. Robins, Maxwell House Division, General Foods Corporation, from the National Coffee Department of Brazil in the year 1948 to determine if any federal laws have been violated.
4. That the Justice Department have a representative present at all future meetings of the special commission on coffee of the Inter-American economic and social council, or any similar groups that meet here or in which the United States participates.

Alabama Not Caught Napping By Supreme Court Segregation Rule

MONTGOMERY, Ala., June 9.—(AP)—Whatever the outcome the Supreme Court's latest decision on racial segregation in the classrooms didn't catch Alabama napping.

School authorities, aware of what might happen, have been working on the problem of Negro education for years. And, says State Supt. A. R. Meadows, they've made "phenomenal" success, especially in the elementary and high school grades.

Negro teacher salaries, for instance, have increased from an average of \$287 a year in 1938-39 to \$1,700 a decade later, a gain of 450 percent, while the average pay of white teachers has risen only 250 per cent, from \$418 to \$511.

And in per-pupil expenditures, the state has raised Negro schools over the same 10-year period from 10.65 to \$16.10, a 600 per cent gain, while white schools from \$39.05 to \$98-77, up 270 per cent.

There's still a difference of \$33.67 a year, but Supt. Meadows says most of that is accounted for by the higher training level of white teachers.

Since 1947, the pay scale has been exactly the same, based on the amount of experience. In other words, a Negro teacher with three years of college gets just as much as a white teacher with three years.

But the average Negro instructor hasn't had as much training and consequently the salary is lower.

The big headache now is in

McCarty Tags Acheson "Red Dean Of Fashion" At Milwaukee Meeting

MILWAUKEE, June 9.—(AP)—Senator McCarthy (R-Wis.) loosed a bitter new blast at secretary of State Dean Acheson today and demanded again that Acheson be fired immediately.

Referring to him as "the red dean of fashion," McCarthy declared that Acheson had "worked on the team of world strategy to create a Red China and a Red Poland" and "should be removed from the high command of our foreign policy at once."

McCarty spoke out in a speech prepared at the request of the Wisconsin Republican State Convention.

"You can condemn Communism in general terms," the Wisconsin Senator declared, "but the Acheson manner with a face book, a silk glove and a Harvard accent, if you please.

"But you can't fight Communism in that fashion. I know of not one single reason why Communists should be handled with kid gloves. They don't use kid gloves or powder puffs or make-up."

McCarty devoted a large part of his speech to criticism of a questionnaire American Radio-Communist-Planet in 1948, at a time when Acheson's former law firm was handling Poland's lawless in the courts, the winks, the black.

"It was Mr. Acheson who placed snakes and the clubs in the hands of those Communists. It was Mr. Acheson who handled them with a bullet, to keep a Christian population under Soviet discipline. It was Mr. Acheson who helped put state Poland.

"The substance was announced here by the Justice Department."

In addition to the indictment named "John Doe," also named "John Doe" and "John Doe," and a search of the state and correct names of these persons were unknown to the jury.

Gold was arrested at Philadelphia last May 23.

The extensive information filed against him at the time of his arrest mentioned also a "John Doe" described as an agent for the Russian government.

This "John Doe" was alleged to

Firemen Extinguish Stubborn Grass Fire

Firemen spent considerable time yesterday fighting a stubborn grass fire during the afternoon and evening in protecting property from a grass fire which increased in size between the Orlando Highway and Palm to Avenue south of Twenty-fifth Street, P. O. Box 157, Cleveland reported this morning.

The only nearby barrier reported was that a white fence near the William F. Smith garage. The fire came close to the trailer park on the highway.

Animal For Zoo

B. C. and D. T. Angle, who recently moved to Sanford from Tampa, Va., have donated to the Sanford Zoo an alligator measuring six feet, eight inches in length. The gator was captured in the vicinity of the Municipal Air Port.

Senate Group Asks Crack Down On Trading In Coffee

WASHINGTON, June 9.—(AP)—A Senate Committee today asked a Justice Department report on speculative trading in coffee.

The request was made by the Agriculture Subcommittee, headed by Senator Gillette (D-Iowa), which has been investigating the sharp rise in coffee prices in recent months.

The group recommended that the attorney general and his assistants take these actions:

1. Seek "injunctive relief" against futures contracts now used for speculative trading in coffee on the New York coffee and sugar exchanges unless these contracts are promptly revised.
2. Bring a "civil suit under the anti-trust laws" unless coffee stocks held in this country by Columbia and other foreign coffee interests are immediately disposed of in channels of trade.
3. That the attorney general of the United States investigate the details of the purchase of coffee by Mr. George W. Robins, Maxwell House Division, General Foods Corporation, from the National Coffee Department of Brazil in the year 1948 to determine if any federal laws have been violated.
4. That the Justice Department have a representative present at all future meetings of the special commission on coffee of the Inter-American economic and social council, or any similar groups that meet here or in which the United States participates.

3 Soldiers Injured On Lakefront Drive

Three soldiers received minor injuries shortly after midnight last night near the Dew Drop Inn on the lakefront highway when the 1948 Ford coach in which they were riding turned over after being forced off the road by the bright lights of a motorist who "hoaxed" the middle of the road, according to P. D. Harrison, state highway patrolman.

The men received emergency treatment at Fernald-Laughter Memorial Hospital from Dr. Orville Parks and today were sent to the Army Air Base hospital at Orlando.

At the time of the accident the men were returning to Orlando from Daytona Beach where they had attended the graduation of a sister of Sgt. Tim Yasahida, 19, driver of the car. The other two men are Joe Olivera, 31, and James Shippen, 25, who was treated for minor scalp lacerations.

Senate Approves

WASHINGTON, June 9.—(AP)—Senator Cahn (D-Wash.) called for an end to the "bitterness" of the Senate vote on a bill to amend the Federal Reserve Act to require a balance sheet for the Federal Reserve System.

The bill is aimed at curbing inflation by requiring the Federal Reserve to publish a balance sheet showing its assets and liabilities. It also requires the Fed to publish a statement of its operations and to report to Congress on its activities.

The Senate vote on the bill was 68-29.

Off To Jail

WASHINGTON, June 9.—(AP)—Mafia writers John Howard Lawson and Dalton Trumbo, who have been called Communists, were ordered today to start serving one-year sentences for contempt of Congress.

The men also must pay \$1,000 each for refusing to tell the House Un-American Activities Committee whether they ever were Reds.

City Removes Muck Making Small Lake

Removal by City workers of muck from a bed on the south end of Washington Court near the intersection of Geneva and Mellonville Avenue has formed a small lake which will improve the insect picture in that part of the city, City Manager Clifford McKibbin pointed out this morning.

The muck was removed by means of the city dragline and trucks, and a portion was hauled to Ft. Mellon Park and other city parks and to a stock pile for future use.

Previously, he declared, a virtual jungle had grown up on the site, harboring mosquitoes and other insects. Now the jungle is gone and a lake is there instead, with a large enough surface on a small breeze will discourage mosquito breeding.

Winning Medal

Robert James Lawton, son of Supt. T. W. Lawton, graduated on May 30 from Florida Southern College in Lakeland. Specializing in study on the pipe organ, he won the highest possible musical award, the William Gaylor medal.
