Massachusetts Bishop Is Quick To Answer Colorado Divine On "Obey" Question

Marco People Want Officials Removed
MARCO, Fla., Aug. 26.—(AP)—The resignation of officers of the county and calling of a special election will be demanded of Governor Martin by a delegation of Marco county citizens, who assembled in Fort Myers today and left by automobile for the state capital. The committee will present a long list of grievances to the governor and urge him to take prompt action. Barron G. Collier, New York advertising magnate and owner of thousands of acres of land in Marco county, whose claims to the "lost land" on the island of Marco stirred up a hornet's nest among citizens of the county, is expected to reach Fort Myers today.

Rev. Slattery Feels Certain That Recommendation Urging Revision Will Receive Approval of Church Parley
NEW YORK, Aug. 26.—(AP)—Protest of the Rt. Rev. Irving P. Johnson, Episcopal bishop of Colorado against the elimination of the word "obey" from the Episcopal marriage ceremony brought a quick response Tuesday from the Rt. Rev. Charles L. Slattery, bishop coadjutor of Massachusetts, and chairman of the joint committee on prayer book revision which proposed the change. From Hancock, N. H., where he is having a vacation, Bishop Slattery sent to the Associated Press his rejoinder summarizing the attitude of the commission. The amendment which he says he feels will be ratified at the triennial general conference at New Orleans in October, is he says, in the interests of a simplification and directness. He believes that the promise and the espousal being the same for the man and the woman will be stronger because of the elimination of "obey" and further, that marriage being a mutual relationship, the use of a mandatory expression has lowered the divine height of matrimony. Below is his elaboration of this thought.

Sanford Merchant Declares Reports About Rush This Season Not Exaggerated, Favors Eastern Advertising
M. Kronen, local merchant just back from a 15 day business trip to Baltimore and New York, today states that the "Florida craze" reported by many to be prevalent in northern sections has been in no way exaggerated and that the people of the communities where he visited were intensely interested in the great land boom that has sprung up in this state for a number of years.

Florida "Craze" Grips The East, Asserts Kronen
Sanford, Fla., Aug. 26.—(AP)—The Florida craze, reported by many to be prevalent in northern sections has been in no way exaggerated and that the people of the communities where he visited were intensely interested in the great land boom that has sprung up in this state for a number of years.

CITIZENS FAIL TO BRING PEACE TO MINERS' ROW
Workers Offer to Resume Negotiations But Operators Will Not Listen to Terms Dictated by Them In Note

Answer to Miners Is Filed By Operators
GLENN ADEN HEADS OWNERS' ATTITUDE REMAINS SAME AS WHEN NEGOTIATIONS ENDED

Operator Head Talks
Sentiment of the operators on the Lewis offer later was voiced by W. W. Inffis, president of the Glenn Aden Coal Company, of Sanford, in as follows:
"Our attitude toward the demands of the mine workers is unchanged. We did not break off the negotiations, you know. We still insist that we cannot agree to anything on the new contract that will increase our production cost, because that would increase the price of coal to the public."
In leading up to his offer, Mr. Lewis warned that the miners would not consider arbitration. He quoted figures from the earnings of large hard coal producers to show that wages without increasing the cost of coal to the public by a cent. He charged openly that the operators "wanted" a suspension in order to move their accumulated stocks of steam size coal at better prices.

Efforts Being Made To End Tong Warfare
NEW YORK, Aug. 26.—(AP)—An expedition to prevent tong wars in large cities in the east and middle west in an attempt to cut short the new Chinese Tong war in which four have been killed and three wounded during the last 24 hours.

Noted Austrian Soldier Succumbs in Germany
VIENNA, Aug. 26.—(AP)—Field Marshall Von Conrad Hoetzendorf, Chief of the Staff of Austrian Army in the World War and later commander in chief of the Italian front, died today at Mergentheim in Wurttemberg, Germany.

Kiwanians Are Told That Florida Will Be Over-Run This Season
Returning Kiwanians who have been on vacations told members of the Kiwanis Club today of their trips to various parts of the country. Dr. B. D. Caswell, J. C. Hutchison, and L. C. Bebout, who returned in their places after absences of several weeks. All report an exceptionally great interest in Florida and predict that the coming winter will bring enormous crowds of tourists.

COOLIDGE SAYS ENGLANDS DEBT PLAN IS BEST
President Believes That France and Italy Should Be Required to Observe Same Terms of Payment

Terms Of Belgium Debt Do Not Apply
Chief Executive Plans To Return To Washington On Or Before September 7th

SWAMPSCOTT, Mass., Aug. 26.—(AP)—Settlement of the French and Italian indebtedness of the United States, in President Coolidge's opinion, should be based on the ability of the two nations to pay, and the terms need not be the same necessarily as those granted Great Britain or Belgium.

Georgia Road Seeks To Establish Water Line
WASHINGTON, Aug. 26.—(AP)—The Illinois Central and Central of Georgia Railroad Companies today applied for authority to extend the service of their subsidiary company, the Ocean Steamship Company by establishing a water line between Savannah, Ga., and Miami, Fla.

Florida Outdoors Succeeds Trucker In Magazine Field
The first edition of "Florida Outdoors," a monthly publication formerly known as the "Florida Trucker" is off the press and the editors are in receipt of many congratulatory letters from all sections of the state complimenting them on the composition of the attractive magazine, which is said to be one of the most representative Florida publications in circulation.

Chicago, Aug. 26.—(AP)—The Chicago Daily News, one of the largest and most successful newspapers on the continent, will be continued under its present policy and management, under provisions of the will of the late Victor Freeman Lawson, owner and publisher.

Importance of State Real Estate Statute Stressed At Meeting
At its weekly meeting Monday, the Sanford Real Estate Board had as its guest, R. E. Grassfield, secretary of the Florida Association of Real Estate Boards, who spoke at length upon the new real estate license law for Florida.

Public Warned Against Operations Of Woman Soliciting Funds In Sanford
A warning to the general public that she was seeking money with which to help a family at Longwood that was in destitute circumstances on account of the father having lost a leg in an accident and the three children and wife left from under nourishment. Recognizing her as the woman whom he had met in Palatka, Mr. Zachary told her that he knew her "game." As he started to call police headquarters, Mr. Zachary said the woman admitted the truth of his accusation and begged him not to turn her over to the officers. When he finished with the call, the woman had disappeared, he said.

RESOLUTION NO. 239

A Resolution providing for an issue of Bonds by the City of Sanford, Florida, in the sum of Two Hundred and Twenty-Four Thousand Dollars, the proceeds derived from the sale thereof to be used to finance in part the cost of certain street improvements assessed against privately owned property fronting and abutting said street improvements, prescribing the form and conditions of said Bonds to be so issued, and providing for a sinking fund for the payment of the principal and interest of said bonds.

Whereas, the City of Sanford, has heretofore, by appropriate proceedings, provided for the paving, repaving, hard surfacing and re-hard surfacing of certain streets and avenues in said City, and

Whereas, the following streets and avenues in the City of Sanford, Florida, are to be, and are now being so paved and improved, and

Whereas, the proportionate part of the cost of the improving and paving of said streets, public ways and thoroughfares assessed against privately owned property abutting and fronting on said streets and public thoroughfares to be and now being improved is as follows, to-wit:

Under authority of Resolution No. 202: Fourteenth Street from Magnolia Avenue to Oak Avenue \$1,526.00.

Under authority of Resolution No. 203: Oak Avenue from Thirteenth Street to High Street, \$7,200.88.

Under Authority of Resolution No. 204: High Street from Park Avenue to Oak Avenue, \$2,127.94.

Under authority of Resolution No. 205: High Street from Oak Avenue to French Avenue, \$12,939.72.

Under authority of Resolution No. 206: Fourteenth Street from Sanford Avenue east 1060 feet, Cypress Avenue from Fourteenth Street South to Valencia Street, and Valencia Street from Cypress Avenue East to a point 1060 feet East of Sanford Avenue \$23,039.43.

Under authority of Resolution No. 207: Plumosa Drive from Sanford Avenue East 1060 feet, \$13,511.42.

Under authority of Resolution No. 210: Sixth Street from French to Pecan Avenue, Maple Avenue from Fifth Street to Sixth Street and Holly Avenue from Fifth Street to Sixth Street, \$17,305.84.

Under authority of Resolution No. 211: Eleventh Street from French Avenue West to Holly Avenue, \$6,946.56.

Under authority of Resolution No. 214: Fulton Street from Park Avenue west to A. C. L. Railroad, \$1,922.24.

Under authority of Resolution No. 219: Chapman Avenue from Union Avenue to First Street, \$5,505.65.

Under authority of Resolution No. 220: Locust Avenue, Lakeview Avenue, San Juan Avenue, Lee Avenue, and San Carlos Avenue, from Union Avenue to First Street, \$23,522.41.

Under authority of Resolution No. 221: Fourth Street from Mellenville Avenue to Locust Avenue, \$17,519.39.

Under authority of Resolution No. 222: Fourth Street from Summerlin Avenue to Mellenville Avenue, \$5,280.41.

Under authority of Resolution No. 223: Seminole Boulevard from Park Avenue to Myrtle Avenue, \$5,289.42.

Under authority of Resolution No. 225: Union Avenue from Center Line of Chapman Avenue to San Carlos Avenue, \$17,218.50.

Under authority of Resolution No. 224: Union Avenue from Pump Branch to Center Line of Chapman Avenue, \$1,500.00.

Under authority of Resolution No. 226: Union Avenue from San Carlos Avenue to Mellenville Avenue, \$5,740.80.

Under authority of Resolution No. 227: Celery Avenue from Mellenville Avenue to Summerlin Avenue, \$1,940.01.

Under authority of Resolution No. 228: Eighth Street from Summerlin Avenue to Mellenville Avenue \$7,464.65.

Under authority of Resolution No. 227: Eighth Street from Mellenville Avenue to East line of Teir "H" in

E. R. Trafford's map of Sanford, Florida, \$1,225.84. Under authority of Resolution No. 230: Randolph Street, Crescent Street, Court Street, Hughey Street, Washington Avenue, Jefferson Avenue, Adams Avenue, Summerlin Avenue, Lutz Drive and Bel-Air Boulevard, in Bel-Air, Sanford, Florida, \$100,150.44.

Under authority of Resolution No. 231: Summerlin Street and Montezuma Avenue in the Plat of Buena Vista Estates, and Daughan Street and Elliott Street from Celery Avenue to Montezuma Avenue, \$27,213.38.

Under authority of Resolution No. 232: Douglas Street and Elliott Street from Montezuma Avenue to A. C. L. Railroad, \$6,225.46.

Whereas, the total sum of the proportionate cost of the paving and improvement of the streets and avenues aforesaid, assessed against privately owned property fronting and abutting upon said streets and avenues is the sum of Three Hundred Twenty-One Thousand One Hundred Eighty-One and 9/10 (\$321,181.09) Dollars, and

Whereas, said assessments are payable at the option of the property owners within thirty (30) days after said assessments are equalized, approved and confirmed, or in ten (10) equal annual installments, with interest at the rate of eight per centum per annum on all deferred payments from and after the time said special assessments stand equalized, approved and confirmed, and

Whereas, contracts have been let by the City of Sanford, Florida, to Hutton Contracting Co., a partnership consisting of M. B. Hutton and W. J. Hardy, for the paving and improving of all of the streets and avenues hereinabove specifically described, in the manner and with the material authorized by the resolutions aforesaid, and

Whereas, the City of Sanford, Florida, desires to issue bonds to an amount not in excess of seventy per centum of the proportionate part of the cost of the improvement of all of the streets and avenues aforesaid, assessed against privately owned property fronting and abutting on the streets and avenues above described, now being paved and improved, therefore,

BE IT RESOLVED, That a bond issue in the sum of Two Hundred

Twenty-Four Thousand (\$234,000.00) Dollars, for the municipal purposes enumerated and specifically set forth in the preamble of this resolution, be and the same is hereby authorized; that said bonds shall be of the denomination of One Thousand (\$1,000.00) dollars each, bearing interest at the rate of six per centum per annum, interest payable semi-annually, on the first days of July and January, said bonds to be numbered from One (1) to Two Hundred and Twenty-Four (224), both numbers inclusive; said bonds to mature serially in the following manner, to-wit:

Bonds numbered from 1 to 22, to mature January 1st, 1927.

Bonds numbered from 23 to 44, to mature January 1st, 1928.

Bonds numbered from 45 to 66, to mature January 1st, 1929.

Bonds numbered from 67 to 88, to mature January 1st, 1930.

Bonds numbered from 89 to 110, to mature January 1st, 1931.

Bonds numbered from 111 to 132, to mature January 1st, 1932.

Bonds numbered from 133 to 154, to mature January 1st, 1933.

Bonds numbered from 155 to 176, to mature January 1st, 1934.

Bonds numbered from 177 to 198, to mature January 1st, 1935.

Bonds numbered from 199 to 224, to mature January 1st, 1936.

Said entire issue of bonds to be payable at some bank in the City of New York, State of New York, in lawful money of the United States of America. Said bonds be signed by the Mayor of the City of Sanford, Florida, and by the Clerk of the City of Sanford, Florida, affixed thereto. The interest coupons to be attached to said bonds shall be signed with the original or lithographed fac-simile signatures of said Mayor and said Clerk; the said bonds and coupons with the necessary variations to indicate the different numbers and different dates of maturity, shall be substantially in the following form, to-wit:

Number Dollars 1900

SERIES J. UNITED STATES OF AMERICA STATE OF FLORIDA COUNTY OF SEMINOLE CITY OF SANFORD IMPROVEMENT BOND

KNOWN ALL MEN BY THESE PRESENTS, That the City of

Sanford, in the State of Florida, a municipal corporation duly organized and existing under and in pursuance of the Laws of the State of Florida, for value received, acknowledges itself indebted, and promises to pay to the bearer hereof, the sum of ONE THOUSAND DOLLARS in lawful money of the United States of America, on the first day of January A. D. 19—, with interest thereon at the rate of six per centum per annum, payable semi-annually, July first and January first of each year, on presentation and surrender of the interest coupons hereto annexed as they severally become due, both principal and interest being payable at The Chase National Bank, in the City of New York, State of New York.

This bond is one of a series of Two Hundred and Twenty-Four bonds, aggregating Two Hundred and Twenty-Four Thousand Dollars, of like date and tenor, except as to maturity, issued by the City of Sanford, Florida, for municipal purposes, in strict conformity with the Constitution and Laws of the State of Florida, including among other things:

Chapter 9298, Laws of Florida, 1923, entitled: "An Act Providing a Supplemental, Additional and Alternative Method of Making Local Improvements in Cities, Towns and Municipal Corporations, Authorizing the Issuance and Sale of Bonds of Such Municipalities in Connection with Said Improvements, Said Bonds to be General Obligations of the Municipalities," and Chapter 9307, Laws of Florida, 1923, entitled:

"An Act to Abolish the Present Municipal Government of the City of Sanford, Seminole County, State of Florida, and to Organize, Incorporate and Establish a City Government for the Same; and to Prescribe the Jurisdiction, Powers and Functions of said Municipality."

and also pursuant to certain orders and resolutions of the City Commission of the City of Sanford, Florida, duly had and adopted by the City of Sanford, Florida, maturing and made payable as

follows: Bonds numbered from 1 to 22, to mature January 1st, 1927. Bonds numbered from 23 to 44, to mature January 1st, 1928. Bonds numbered from 45 to 66, to mature January 1st, 1929. Bonds numbered from 67 to 88, to mature January 1st, 1930. Bonds numbered from 89 to 110, to mature January 1st, 1931. Bonds numbered from 111 to 132, to mature January 1st, 1932. Bonds numbered from 133 to 154, to mature January 1st, 1933. Bonds numbered from 155 to 176, to mature January 1st, 1934. Bonds numbered from 177 to 198, to mature January 1st, 1935. Bonds numbered from 199 to 224, to mature January 1st, 1936.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED, That all acts, conditions and things required by law to exist, happen and be performed, precedent to and in the issuance of this bond, have existed, have happened and have been performed in regular and due time, form and manner, as required by law, and that the amount of this bond, together with all other indebtedness of the City of Sanford, Florida, does not exceed any limit prescribed by the Constitution and Statutes of the State of Florida, and that before the issuance of this bond, provision has been made by resolution of the City Commission, to assess annually a tax upon all real and personal property, railroads, telegraph and telephone lines, owned or situated within the City of Sanford, Florida, to realize a sum sufficient to pay the interest upon this bond as it may become due and to create a sinking fund for the payment of the principal hereof at the maturity of the same; and that the issue of bonds of which this bond is a part has been duly confirmed and validated by a decree of the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County, in a proceeding begun by the City of Sanford, Florida, a municipal corporation,

against the State of Florida, of which proceeding due notice was duly and regularly given to the State of Florida, and to the public. And for the payment of the principal and interest of this bond the full faith and credit of the City of Sanford, Florida, is hereby irrevocably pledged.

IT WITNESS WHEREOF, the City of Sanford, Florida, has caused this bond to be signed by its Mayor, and by the City Clerk, and its corporate seal to be affixed hereto, and has further caused the interest coupons hereto attached to bear the lithographed fac-simile signatures of the said Mayor and said City Clerk, and this bond to be dated the first day of July A. D. 1925.

Mayor of the City of Sanford, Florida. Attest: City Clerk (Form of Interest Coupon) (Interest Coupon) No. ON THE FIRST DAY OF JANUARY 19— JULY THE CITY OF SANFORD, FLORIDA will pay to the bearer Thirty \$30.00 Dollars in lawful money of the United States of America, at The Chase National Bank, in the City of New York, State of New York, being six months' interest then due on its Improvement Bond, dated July 1st, 1925, payable from a tax to be assessed, levied and collected upon all taxable property within the boundaries of the said City of Sanford, Florida. SERIES J. No. (Bond No.) Mayor City Clerk. (Form of Validation Certificate) Validated and confirmed by a decree of the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County, rendered on the day of A. D. 1925,

and entered and recorded on the day of A. D. 1925, in Chancery Order Book on page of the records of the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County.

Clerk of the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County. (Said bonds to be endorsed on the back as follows) Number

CITY OF SANFORD, FLORIDA IMPROVEMENT BOND SERIES J. \$1000 Interest 6 Per Cent. Dated July 1st, 1925. Interest Payable Semi-annually on January 1st and July 1st. Principal Due January 1st, 19—. Both Principal and Interest Payable at The Chase National Bank New York, N. Y.

BE IT FURTHER RESOLVED, That any and all special assessments levied and imposed by the City of Sanford, Florida, upon the property benefitted by the street improvements constructed out of the proceeds of the bonds authorized by this resolution, shall, upon their collection, be immediately paid into the sinking fund and pledged solely for the payment of the principal and interest of the bonds hereby authorized to be issued, and in event the proceeds of said special assessments shall be insufficient to provide for the payment of the principal and interest of the said bonds as the same become due and payable, the City of Sanford, hereby covenants and agrees with the holder or holders of said bonds, or any of them, to levy annually upon all taxable property of said City, a tax sufficient to meet said deficiency, it being the intention of said City to

provide for the principal and interest of said special assessments levied and imposed by the City of Sanford, Florida, upon the property benefitted by the street improvements constructed out of the proceeds of the bonds authorized by this resolution, shall, upon their collection, be immediately paid into the sinking fund and pledged solely for the payment of the principal and interest of the bonds hereby authorized to be issued, and in event the proceeds of said special assessments shall be insufficient to provide for the payment of the principal and interest of the said bonds as the same become due and payable, the City of Sanford, hereby covenants and agrees with the holder or holders of said bonds, or any of them, to levy annually upon all taxable property of said City, a tax sufficient to meet said deficiency, it being the intention of said City to

MIAMI COMPANY ASKS FOR RIGHT TO DEVELOP LAND

North Venetian Islands Company To Petition Government to Construct Bulkhead and Fill in Big Area Near

MIAMI, Aug. 25.—(AP)—A public hearing on the application of the North Venetian Islands Company to the War Department in which permission is asked of the department to construct bulkheads and to dredge and fill in an area north of Venetian Way, Fla., will be held in this city on Wednesday, Aug. 26, according to an announcement by Colonel Gilbert A. Youngberg, district engineer, of Jacksonville.

Plans as submitted by the applicant show four islands proposed to be constructed, the islands being 1,000 feet wide and varying in length from 4,200 to 10,800 feet. Immediately following this hearing, application of the Normandy Bridge Properties, who ask the same privileges in Biscayne Bay at Normandy Isle, Miami Beach, will be discussed. These interests wish to extend Normandy Isle in a westerly direction for approximately 1,000 feet beyond the limits previously authorized by the department in 1924.

Other arguments following in thirty minute periods, are: Application of Reuben B. Gryzmith, to fill in and dredge and construct bulkheads at Normandy Isle, Miami Beach forming an island distant 1,800 feet in a southwesterly direction from Normandy Isle to be 2,400 feet long, running east and west and 1,130 feet wide in a northern and southern direction. Application of the Biscayne Point Realty Corporation, to construct bulkheads, dredge and fill in Biscayne Bay at a point approximately four and one quarter miles north of Collins Bridge, Miami Beach, resulting in an extension 600 feet westerly into the bay of the fill authorized by a previous department permit issued in 1923.

Application of A. O. Henderson, to construct bulkheads, dredge and fill in Biscayne Bay at an area south of Key Biscayne, Fla., resulting in the erection of several islands on the shoal areas south of Key Biscayne.

Pine Manufacturers Will Hold Meeting In Jacksonville Aug. 28

A general meeting of all the members of the Florida Dense Long Leaf Pine Manufacturers will be held at their headquarters in Room 16, Mason Hotel, Jacksonville, Fla., on Friday morning, Aug. 28, at 10 o'clock. This meeting will be of interest to lumbermen all over the State of Florida as it is the intention of the manufacturers to discuss and make new plans in regard to the educational advertising campaign they have been carrying on for the past four months in newspapers all over the state. According to the manufacturers this meeting was made necessary on account of the unusual heavy demand for their product, Florida dense long leaf yellow pine lumber.

RESOLUTION OF THE COUNTY BOARD OF PUBLIC INSTRUCTION FOR SEMINOLE COUNTY, FLORIDA DETERMINING WHAT AMOUNT OF BONDS IS NECESSARY FOR SPECIAL TAX SCHOOL DISTRICT NUMBER ONE, SEMINOLE COUNTY, FLORIDA. SAID DISTRICT BEING ALSO KNOWN AS SANFORD SPECIAL TAX SCHOOL DISTRICT. THE RATE OF INTEREST TO BE PAID THEREON THIS TIME WITHIN AND THE PLACE WHERE PRINCIPAL AND INTEREST SHALL BE DUE AND PAYABLE, AND PROVIDING FOR AN ELECTION TO DETERMINE WHETHER OR NOT THE SAID DISTRICT SHALL ISSUE BONDS. WHEREAS, on the 7th day of July A. D. 1925, a petition was presented to and filed with this County Board of Public Instruction for Seminole County, Florida, signed by more than twenty-five percent of the duly qualified electors residing within Special Tax School District No. 1, Seminole County, Florida, said District being also known as Sanford Special Tax School District, asking and petitioning that an election be called and held throughout said district to determine whether or not bonds in the sum of \$450,000.00 should be issued by said district for the purpose of acquiring, building, enlarging, furnishing, or otherwise improving school buildings and school grounds, and for the exclusive use of the public free schools within said special tax school district, the proceeds of the said bond issue amounting to \$450,000.00 to be used for the purposes set forth in said petition and to be expended and disbursed in the following manner, to-wit: 1. \$125,000.00 to be used in purchasing site for new high school building.

2. \$250,000.00 to be used in the construction and erection of a new high school building. 3. \$50,000.00 to be used for the completion of the South Side Primary School. 4. \$50,000.00 to be used for the construction of a high school building for negroes. 5. \$10,000.00 to be used for repairing and replacing the heating systems in the Grammar and Primary School buildings. 6. \$10,000.00 to be used in repairing the present high school building. 7. \$5,000.00 to be used in repairing and plumbing in the Grammar and Primary school buildings. 8. \$45,000.00 to be used for furnishing and incidentals for all the schools in Special Tax School District No. 1 (Sanford). 9. \$15,000.00 to be used for the payment of paving liens on school property, and

10. \$15,000.00 to be used for the payment of paving liens on school property, and

11. \$15,000.00 to be used for the payment of paving liens on school property, and

12. \$15,000.00 to be used for the payment of paving liens on school property, and

DEFENSE GROUP QUESTIONED BY DAYTON JUDGE

(Continued on Page Three) The question involved in this case is whether or not the defendant taught that man descended from a lower order of animals. One of the defendant's distinguished attorneys appeared before the jury and requested a conviction on this issue that they might test the constitutionality of the statute in the higher court.

"Florida Outdoors" Succeeds 'Trucker' In Magazine Field

(Continued from Page One) Illustrated with agricultural and sporting scenes. "Golf Through Sanford Lens," by L. L. Voorhees; "Summer Fishing at Coronado Beach," by R. M. Fletcher Berry, and the "Florida Citrus Organization," by L. M. Rhodes are among the many interesting articles in the first edition. A complete poultryman's review and a two page home demonstration section are also listed among other features of the magazine which will be published on the fifteenth day of every month and sold for twenty-five cents a copy.

State Weather And Crop Report Given

JACKSONVILLE, Aug. 26.—(P)—The weather was hot and dry over most of Florida during the fore part of the week ending yesterday, such conditions giving way, however, during the last days beginning Friday afternoon to broad distribution of showers locally. There were heavy rains and high winds over portions of northern and western divisions. Temperatures fell from 94 degrees to 70 at some stations within a half hour, bringing great relief. Four inches of rain at Jacksonville was the high mark for the week.

FREE STATE POPULATION 3,163,000

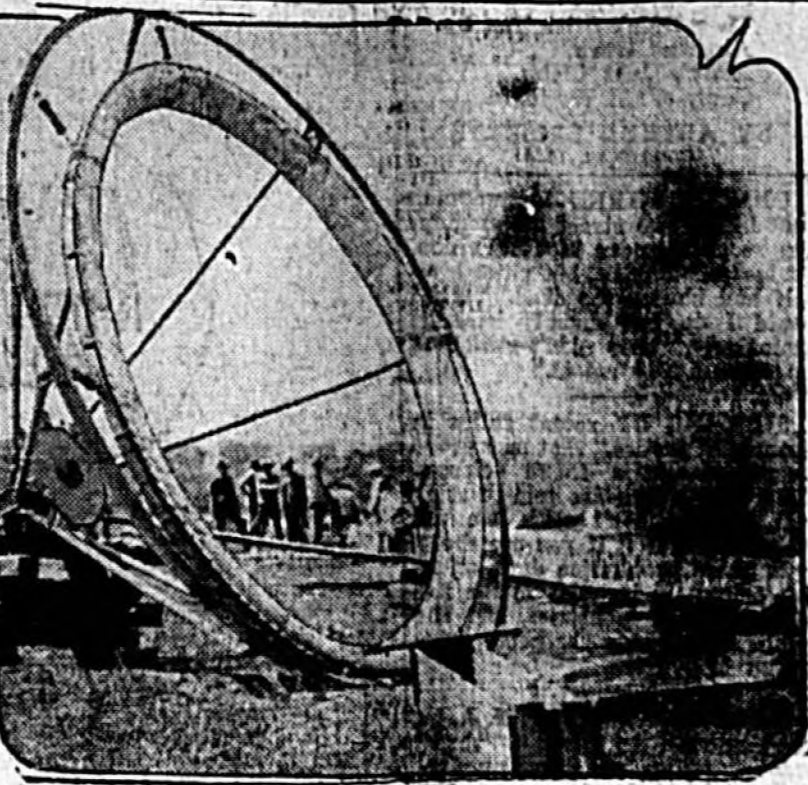

DUBLIN, Aug. 26.—(P)—An official estimate gives the population of the Free State as 3,163,000. There is a slight decline in the birth and death rates. The Free State has not yet taken a census.

JAPANESE DESTROYERS SOLD

TOKYO, Aug. 26.—(P)—The destroyers Oboro and Okebono were auctioned off to Yasutaro Kagawa of Kure at 7,109 yen apiece recently at the Kure naval station. The ships originally cost 200,000 yen each. They are for breaking up, the steel to be used for building purposes. The warship Suma and the destroyers Nowake, Matsukaze, Shirayuki and Arare are to be put up for auction at the Sasebo Naval Station shortly. Ensigns and coats-of-arms will be removed and placed in the museum to be created on the warship Mikasa.

Port Richey—Plans under way for erecting new \$150,000 hotel.

The New Hitching Post

Here's the modern hitching post. To this queer-shaped apparatus the giant dirigible Sherman will be hitched when it comes to Fort Leavenworth early in September. It is called a "scarf mount," and the bow of the ship it attached to it.

Coal Problem Still Political Question Among Europeans

BERLIN, Aug. 26.—(P)—Coal still rises in Europe as an important political factor, being involved in many of the political and economic negotiations between the nations. Around it revolve many problems of industry, unemployment and diplomacy, with Germany, France, Poland, England and the Star district all affected to a greater or less extent. Recently coal proved the most important factor of a German-Polish controversy. Poland insists upon Germany taking a monthly allotment of 350,000 tons of Polish coal, whereas the German government has emphatically fixed the minimum of Polish coal imports at 100,000 tons.

reparations coal, the growing importance of German coal in solving the acute ironore problem of the Lorraine mines, and many other similar developments all tended to place coal in the center of political discussions. Unemployment in England has been attributed here, to a considerable extent, to the reaction that set in after their period of coal prosperity, enjoyed while competing fields in Germany's Ruhr district were involved in settlement of war reparations.

Davenport—New paper, "Davenport Times," now in circulation.

There are 52 public school buildings, 20 of them constructed of brick, which are attended by nearly 12,000 students.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by Laney's Drug Store.

MIAMI COMPANY ASKS FOR RIGHT TO DEVELOP LAND

North Venetian Islands Company To Petition Government to Construct Bulkhead and Fill in Big Area Near

MIAMI, Aug. 25.—(AP)—A public hearing on the application of the North Venetian Islands Company to the War Department in which permission is asked of the department to construct bulkheads and to dredge and fill in an area north of Venetian Way, Fla., will be held in this city on Wednesday, Aug. 26, according to an announcement by Colonel Gilbert A. Youngberg, district engineer, of Jacksonville. Interested parties, particularly navigation interests and officials of any county, city town or local association whose interests may be affected by the construction of the proposed fill, are to be invited to attend the hearing, and will be given opportunity to express their views, according to Col. Youngberg.

Plans as submitted by the applicant show four islands proposed to be constructed, the islands being 1,000 feet wide and varying in length from 4,200 to 10,800 feet. Immediately following this hearing, application of the Normandy Bridge Properties, who ask the same privileges in Biscayne Bay at Normandy Isle, Miami Beach, will be discussed. These interests wish to extend Normandy Isle in a westerly direction for approximately 1,000 feet beyond the limits previously authorized by the department in 1924.

Other arguments following in thirty minute periods, are: Application of Reuben B. Gryzmith, to fill in and dredge and construct bulkheads at Normandy Isle, Miami Beach, forming an island distant 1,800 feet in a southwesterly direction from Normandy Isle to be 2,400 feet long, running east and west and 1,130 feet wide in a northern and southern direction.

Application of the Biscayne Point Realty Corporation, to construct bulkheads, dredge and fill in Biscayne Bay at a point approximately four and one quarter miles north of Collins Bridge, Miami Beach, resulting in an extension 600 feet westerly into the bay of the fill authorized by a previous department permit issued in 1923.

Application of A. O. Henderson, to construct bulkheads, dredge and fill in Biscayne Bay at an area south of Key Biscayne, Fla., resulting in the erection of several islands on the shoal areas south of Key Biscayne.

Pine Manufacturers Will Hold Meeting In Jacksonville Aug. 28

A general meeting of all the members of the Florida Dense Long Leaf Pine Manufacturers will be held at their headquarters in Room 16, Mason Hotel, Jacksonville, Fla., on Friday morning, Aug. 28, at 10 o'clock.

This meeting will be of interest to lumbermen all over the State of Florida as it is the intention of the manufacturers to discuss and make new plans in regard to the educational advertising campaign they have been carrying on for the past four months in newspapers all over the state.

According to the manufacturers this meeting was made necessary on account of the unusual heavy demand for their product, Florida dense long leaf yellow pine lumber.

RESOLUTION OF THE COUNTY BOARD OF PUBLIC INSTRUCTION FOR SEMINOLE COUNTY, FLORIDA DETERMINING WHAT AMOUNT OF BONDS IS NECESSARY FOR SPECIAL TAX SCHOOL DISTRICT NUMBER ONE, SEMINOLE COUNTY, FLORIDA SAID DISTRICT BEING ALSO KNOWN AS SANFORD SPECIAL TAX SCHOOL DISTRICT. THE DATE OF INTEREST TO BE PAID THEREON THE TIME WHEN AND THE PLACE WHERE PRINCIPAL AND INTEREST SHALL BE DUE AND PAYABLE, AND PROVIDING FOR AN ELECTION TO DETERMINE WHETHER OR NOT THE SAID DISTRICT SHALL ISSUE BONDS.

WHEREAS, on the 7th day of July A. D. 1925, a petition was presented to and filed with this County Board of Public Instruction for Seminole County, Florida, signed by more than twenty five percent of the duly qualified electors residing within Special Tax School District No. 1, Seminole County, Florida, said District being also known as Sanford Special Tax School District, asking and petitioning that an election be called and held throughout said district to determine whether or not bonds in the sum of \$150,000.00 should be issued by said district for the purpose of acquiring, building, enlarging, furnishing, or otherwise improving school buildings and school grounds, and for the exclusive use of the public free schools within said special tax school district, the proceeds of the said bond issue amounting to \$150,000.00 to be used for the purposes set forth in said petition and to be expended and disbursed in the following manner, to-wit:

1. \$115,000.00 to be used in purchasing site for new high school building.
2. \$25,000.00 to be used in the construction and erection of a new high school building.
3. \$50,000.00 to be used for the completion of the South Side Primary School.
4. \$50,000.00 to be used for the construction of a high school building for negroes.
5. \$10,000.00 to be used for repairing and replacing the heating systems in the Grammar and Primary School buildings.
6. \$10,000.00 to be used in repairing the present high school building.
7. \$5,000.00 to be used in repairing and replacing plumbing in the Grammar and Primary school buildings.
8. \$15,000.00 to be used for furniture and incidentals for all the schools in Special Tax School District No. 1 (Sanford).
9. \$15,000.00 to be used for the payment of paying liens on school property.

WHEREAS, it is the determination of this Board at the first meeting after the receipt of said petition that it is in the best interest of said Special Tax School District to issue bonds in the sum of \$150,000.00, the proceeds from the sale thereof to be used and expended in the manner and for the purposes and objects as set forth above and in the aforesaid petition set forth.

Therefore Be It Resolved, By the County Board of Public Instruction for Seminole County, Florida, that this Board determines that the amount of bonds required for the purposes and objects as set forth hereinabove and also in said petition is the sum of \$150,000.00; which said bonds together with the estimated interest thereon of said Special Tax School District No. 1 does not exceed twenty per cent of the assessed value of the taxable property of such district according to the last assessment for State and County purposes prior to the issuing of such bonds; that said bonds shall bear interest at the rate of five and one-half per cent per annum; the interest on said bonds shall be semi-annually; said bonds shall be dated January 1st, 1926, and mature as follows, to-wit:

1. Bonds numbered 1 to 14, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1927.
2. Bonds numbered 15 to 28, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1928.
3. Bonds numbered 29 to 42, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1929.
4. Bonds numbered 43 to 56, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1930.
5. Bonds numbered 57 to 70, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1931.
6. Bonds numbered 71 to 84, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1932.
7. Bonds numbered 85 to 98, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1933.
8. Bonds numbered 99 to 112, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1934.
9. Bonds numbered 113 to 126, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1935.
10. Bonds numbered 127 to 140, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1936.
11. Bonds numbered 141 to 154, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1937.

Bonds numbered 155 to 174, both inclusive, for \$1000.00 each, shall be due and payable on January 1, 1938.

DEFENSE GROUP QUESTIONED BY DAYTON JUDGE

(Continued on Page Three) "The question involved in this case is whether or not the defendant taught that man descended from a lower order of animals. One of the defendant's distinguished attorneys appeared before the jury and requested a conviction on this issue that they might test the constitutionality of the statute in the higher court. "It seems they would have me discontinue my church relations because I presided in the Scopes trial. One of the attorneys terms himself an armistice. So long as I have sufficient intelligence to direct my thoughts I will consult no agnostic as to my duties toward the church."

"Florida Outdoors" Succeeds 'Trucker' In Magazine Field

(Continued from Page One) "Golf Through Sanford Lens," by L. L. Voorhees; "Summer Fishing at Coronado Beach," by R. M. Fletcher Berry, and the "Florida Citrus Organization," by L. M. Rhodes are among the many interesting articles in the first edition. A complete poultryman's review and a two page home demonstration section are also listed among other features of the magazine which will be published on the fifteenth day of every month and sold for twenty-five cents a copy. The editorial staff consists of R. J. Holly, editor; L. C. BeBout, managing editor, and R. M. F. Berry, associate editor.

State Weather And Crop Report Given

JACKSONVILLE, Aug. 26.—(AP)—The weather was hot and dry over most of Florida during the fore part of the week ending yesterday, such conditions giving way, however, during the last days beginning Friday afternoon to broad distribution of showers locally. There were heavy rains and high winds over portions of northern and western divisions. Temperatures fell from 94 degrees to 70 at some stations within a half hour, bringing great relief. Four inches of rain at Jacksonville was the high mark for the week. Warm, dry weather is favorable for harvesting crops. Citrus trees are doing well and fruit hanging on but prospects are not as good as last year. Cotton gins are running night and day in Madison county to keep up with the rapid harvesting.

FREE STATE POPULATION 3,163,000

DUBLIN, Aug. 25.—(AP)—An official estimate gives the population of the Free State as 3,163,000. There is a slight decline in the birth and death rates. The Free State has not yet taken a census.

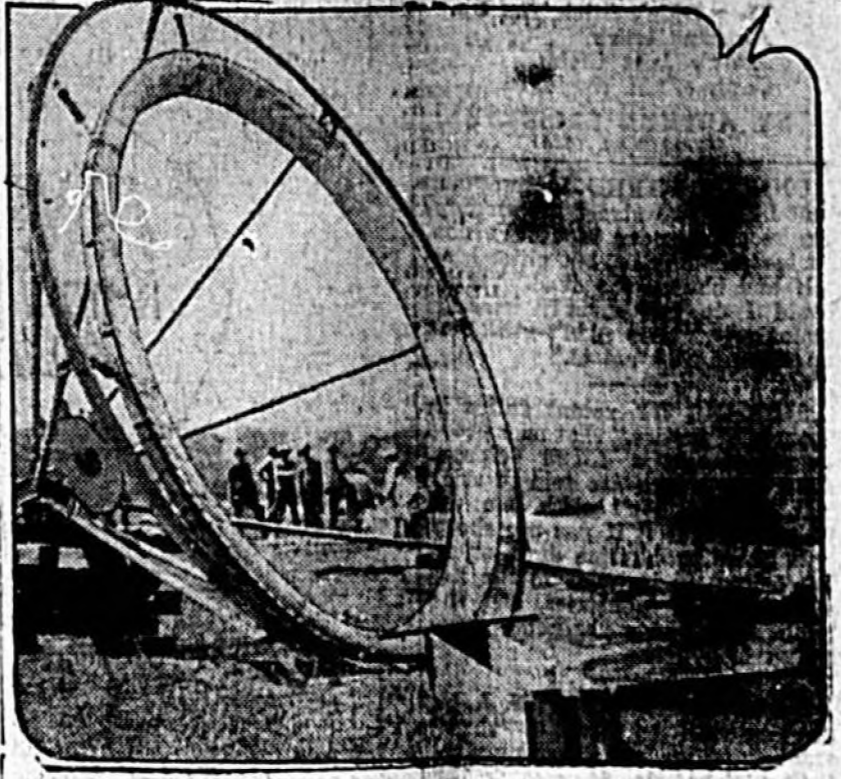

Although the population of the state has increased more than double since Governor Jennings served at the beginning of this century, the number of prisoners sentenced to death have decreased from 47 to 14 during the quarter century.

Laws have been enacted for the protection of food fish to prohibit their use for fertilizer purposes and few, if any, are caught with the class of fish that are chiefly used by factories in the manufacture of this product.

Records of the Secretary of State show that the number of crimes, carrying the death penalty as committed in Florida during the past four years has not kept pace with the increase of population as compared to the number committed from 1901 to 1904.

BY TAYLOR

The New Hitching Post

Here's the modern hitching post. To this queer-shaped apparatus the giant dirigible Shenandoah will be hitched when it comes to Fort Leavenworth early in September. It is called a "scarf mount," and the bow of the ship is attached to it.

Coal Problem Still Political Question Among Europeans

BERLIN, Aug. 26.—(AP)—Coal still rises in Europe as an important political factor, being involved in many of the political and economic negotiations between the nations. Around it revolve many problems of industry, unemployment and diplomacy, with Germany, France, Poland, England and the Star district all affected to a greater or less extent. Recently coal proved the most important factor of a German-Polish controversy. Poland insists upon Germany taking a monthly allotment of 350,000 tons of Polish coal, whereas the German government has emphatically fixed the minimum of Polish coal imports at 100,000 tons. The semi-official Deutsche Diplomatische Correspondenz pointed out recently the significance of coal as a political factor and cited how, in the economic negotiations between France and Germany that commodity had become the central object for consideration; how the problem of the Saar coal mines, the deliveries of war

reparations coal, the growing importance of German coal in solving the acute ironore problem of the Lorraine mines, and many other similar developments all tended to place coal in the center of political discussions.

Unemployment in England has been attributed here, to a considerable extent, to the reaction that set in after their period of coal prosperity, enjoyed while competing fields in Germany's Ruhr district were involved in settlement of war reparations.

Davenport—New paper, "Davenport Times," now in circulation.

There are 89 public school buildings, 20 of them constructed of brick, which are attended by nearly 12,000 students.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by Laney's Drug Store.

BIBLE THOUGHT FOR TODAY SOURCE OF TRUE HELP: My help cometh from the Lord, which made heaven and earth. Psalm 121: 2.

ELEGY OF A LITTLE PILGRIM She ran away a hundred times And where her feet would pass; There'd be a crumpled larkspur bed, There'd be the broken grass.

We always knew which way it was Her mimic feet had gone; By broken thistle-downs at dusk, By scattered weeds at dawn.

It wasn't hard to follow where She stormed the lily beds; Or left a ruinous, bright trail Of dandelion heads.

But yesterday she ran away, And in the morning sun; There's not a larkspur crumpled down, And not a weed undone.

She always broke a yellow bowl, Or something that was blue; The days she came in starched frock To make a call on you.

Her gentle little hands would stray Across a shining cup; Politely she would play with it, Politely break it up.

She'd be so very sorry, though, You'd call her precious lamb; And catch her tight against your heart, And give her bread and jam.

I think the angel folks won't mind, As she goes walking through, If she should climb upon a shelf And break a star or two. —Kathryn Worth in the New York Times.

"Where were you last night," asks an exchange. "Proves sake, you don't think we would tell, do you?"

Today's best laugh: "Adam was made first so he could have a chance to say a few words." —Providence News.

Headline in the Chicago Tribune says, "Scientists Favor Scanty Clothes." Gosh, aren't they already getting their money's worth?

It's a good thing there's nothing in a name because C. W. Crooke, head of the anti-Saloon League in this state, would probably be in hot water all of the time.

Friends of the president declare he is not worried about the threatened coal strike. He's not by himself, can you imagine Explorer MacMillan losing sleep over it?

Our idea of the meanest trick in the world is told by life in the following tale. She: "Can you drive with one hand?" He: "You bet I can." She: "Then have an apple."

An advertisement in the Illinois State Register says, "Special Values in Sateen Bloomers—with sitting room in every pair. Buy, page the camera man, we're registering astonishment."

African girls are demanding more clothing, showing that the more civilized you become, the less you want to wear. But our office boy says it isn't the civilization that bothering us, it's the doggone weather.

The New Orleans Times-Picayune says, Divide the length of one arm plus the length of one leg by the volume of your body trunk and the result is your northologic index. If the index is low it denotes that you are brachymorph. A high index on the contrary, proves you are a delichomorph. Seems to us like there's no choice between the two, they "low-rate" you in both instances.

Frank Parker Stockbridge declared Sanford has the most desirable location of any city in the state and is destined to become the greatest inland city in Florida. Coming from a noted writer like Stockbridge means a great deal and Sanford may be reasonably certain that it will get due recognition from the editor of Reviews of Reviews in his article on Florida which will appear in the December issue.

Your Credit Standing

Does your name come up for discussion at the weekly meetings of the Retail Credit Men's Association? Are you one of those whose credit standing it is necessary to discuss?

Gathering every Tuesday is a group of business men representing many lines of business in this city. At these meetings one business man asks another what he thinks of the credit of Bill Jones or of Sam Brown. If Bill or Sam owe money and are slow in making payment, it doesn't take the other business men long to find it out. They discuss only those person who by their slowness in paying their obligations, are building a reputation for poor pay and bad credit. By this method of exchange of experiences between the merchants and business men of the community, those who extend credit soon find out just who's who and why.

The business men of Sanford are striving to keep close tab on those individuals who are careless in paying their bills. For their own protection they are desirous of knowing those who fail to pay what they owe when it is due.

A man may be worth several thousand dollars, he may own valuable property and may be considered as being well able to pay, and yet be a poor credit risk. It isn't just a man's ability to pay a bill that makes him have good credit. It is his ability to pay and his willingness to pay. The two must work together. Frequently it is the man with few assets in a financial way who has the best credit, due to the fact that he buys only what he can afford and then he sees that payment is made when it is due.

If you have poor credit you can blame nobody but yourself. By your own actions, you are deciding your credit standing in your community.

Consider The Cat

The average individual today has a habit of making every minute in the day count for the most. And so he awakens with a start in the morning and glancing at the clock and finding it to be late, he jumps quickly out of bed and dresses hurriedly.

This business of tumbling out of bed the moment you awake they say, is liable to upset a person physically for a whole day. Doubtless this accounts for the crabbiness of some of the people we come in contact with.

So, valuable ideas on how to start the day correctly are given by George H. Holde, in Boy's World. He urges people to copy the actions of a cat when getting out of bed, if they would be in a cheerful mood all the day.

During sleep, he says, the vital organs have been more or less at rest so that the vitality is low and the circulation weak. To suddenly jump out of bed the moment one awakens is to check the entire system, especially the heart, starting it working hard too suddenly.

If you seem to be unable to really wake up until some time after you have been out of bed, Mr. Holden suggests that you try this: Stretch every limb before you jump out of bed. Stretch every muscle in your body, the arms, legs, neck and try to increase the length of the body several inches.

After exercising in one position, roll over and yawn and stretch and stretch and yawn. If you do this, he says, you will get up feeling wide awake, and the heart, the lungs, and the stomach will resume their work without shock or jar.

"If you watch a cat, you will see he carries out all these movements immediately on awakening. In his case, it takes only a few seconds. In yours it need not occupy more than three to five minutes at first and less as you get into the swing. But, however long it takes remember you are getting up in the right way, the way Nature intended, and that the bodily functions will start off in a normal, healthful manner. Then you will start the day without that heavy feeling or the dizziness that follows a quick jump from bed."

MY FAVORITE STORIES

By IRVIN S. COBB

Bram Stoker, the friend and biographer of Sir Henry Irving, used to tell a story illustrative of his distinguished patron's well-known aversion to having any counter-attraction sharing the attention of a theatre during one of Sir Henry's performances.

Sir Henry was playing his annual London engagement once when Nansen, in the height of his fame as an Arctic explorer, returned from an expedition from the polar regions. The curtain was just about to rise one evening when Stoker came behind the scenes with news

that Nansen was sitting in the royal box. Irving received the news with silence.

A few minutes later one of the Irving merely grunted. And right on members of the company bustled up to the star to tell him the same thing, the heels of this up came a fluttering woman "super" and said:

"Oh, Sir Henry, did you know Nansen was in the 'box'?"

"Nansen? Nansen?" said Irving as though he were trying to remember who this person Nansen might be. "Oh yes—the chap who stands the cold so well!"

Further, we do not understand how a newspaper can thoughtfully print an editorial expression that is nothing less than advocacy of law breaking or mob murder. It can not be justified, even though we all realize that there are many, many cases where all good citizens are strongly tempted to take the law into their own hands.

Lynchings have been on the decrease in recent years, but there will be an increase unless we make enforcement of law more certain.

If a criminal gets out "in less than six months," he has been aided and abetted by the jurors, the lawyers, the pardon board, or by the criminal or silly public sympathy, as in various cases in the past.

Some action is needed against all men. Education for ignorance, punishment for crime. Whatever the solution, it is not lynching.

We can't believe our Ocala friend meant just what he said.

EXPENSIVE COFFEE

PROVIDENCE NEWS

Some of us are interested in the price of rubber, but all of us are interested in the price of coffee. And when we think of coffee prices we have to think of Brazil, where two-thirds of our coffee comes from. For instance, in the year ending June 30, 1924, we bought 1,429,600,000 pounds of coffee from Brazil at an average price of almost 14 1/2 cents a pound. That seemed a fair price, and everyone who knew the habits of the United States public hoped that, for Brazil's sake, it would continue.

But it didn't continue. The Brazilian government hit on what it thought to be a brilliant idea. It started a "valorization scheme." In other words, a scheme like that of the British government in regard to rubber. It limited output and raised prices.

As Brisbane Sees It

They Didn't Stick 'Em Up. Airplane Work. Airline's Just Claim. Curse of the World. BY ARTHUR BRISBANE (Copyright 1925)

ONE OF THREE highwaymen that killed two street car employes recently, near Mount Vernon, confesses his guilt, but blames himself and blames the dead. "What could I do but shoot?" he asks plaintively, "they didn't stick 'em up when I told 'em to."

JUDGING BY recent antics in "courts of justice," that may prove to be almost a sound defense. After all, if you are told to stick 'em up and don't stick 'em up, whose fault is it if you are shot?

In these prohibition days, sticking 'em up is included in the list of recognized industries, and the public should play the game properly.

NEAR HAMMONTON, N. J., an airplane will be used to "dust" cranberry bogs, the propeller scattering chemicals to protect the plants from destructive pests. One plane will do the work of 200 men. At present wages, 200 men would cost \$800 for a day. The plane should cost about \$50, allowing \$25 for the airman.

HIGHER WAGES, fewer workmen must solve this country's problems, under our immigration laws, and the airplane will help. Presently, airplanes will be used in agriculture, sowing seeds on a big scale, reforesting burnt-over tracts, killing off boll weevil, other crop pests, etc., and the next generation of children will take it for granted, "father is off in his airplane spraying trees."

TWO FRENCHMEN, Coll and Tarascon, war veteran, of course, and both crippled, will start in a few days on a non-stop flight from Paris to New York, 3,725 miles. They will use a 100-horsepower, nine-cylinder airplane. Tarascon will be pilot and Coll will be navigator. The flight, if all goes well, should be finished inside of 20 hours. Neither man will sleep.

THERE IS REASON in debt payment that her terms in Italy were more reasonable than the terms granted Belgium. Compared with Italy, Belgium is a very rich country. Her natural resources, in coal, iron and otherwise, are much greater. Belgium's wealth per capita is \$1,337. Italy's only \$568.

As for "services in the war," in which, by the way, this country was not at all concerned, it is certain that without Italy's neutrality, in the beginning, and her cooperation later, the allies would have been beaten. It was Italy that stood between the central powers and the side roads that Napoleon built into Italy, and the Austrian and German troops could have used into France.

THE FRENCH are conceiving the Riffs that modern methods, including flying machines and tanks, in the hands of Frenchmen, make up a deadly combination.

French soldiers push and pull at light artillery weapons when the horses give out in swift pursuit of Riffs, and you realize that even the big war, the years of desperate fighting, and the millions of deaths among young men have not weakened French courage. What other nations, bled and stripped of wealth as France has been, would enter with such spirit into another war? The courage and spirit of Verelogeux, Crillon, Desguessin, Lehere and Bayard still live in France.

THE UNIVERSAL Christian conference at Stockholm decides that money making is the curse of the world. Powerful men try to get more for themselves instead of worrying about their less fortunate brothers.

That is not news. Saint James knew about it when he wrote, "Go to, now ye rich, weep and howl, etc."

HOW CAN YOU put noble emulation in place of base competition, and how persuade the powerful man that it is better to make a million men happy than to make ten million dollars. Also how will you make the average man work, if freed from necessity's lash? All that will come, but not quickly.

SECRETARY Mellon's medication that a cut in tax rates would reduce higher tax revenue, comes true.

In spite of the tax cut of 1925, Uncle Sam's tax receipts for this July were \$15,000,000 above last year. You can make taxes so high as to cut revenue and just high enough to give maximum revenue. There is no doubt that taxation much below the present rate would yield revenue more than ample for all government needs.

DR. FOSDICK, who will soon pay for the League of Nations at headquarters in Geneva, is a moderate. He thinks it unlikely that any man could live long in a whale's belly.

The Rev. Arnold Gabelein says Dr. Fosdick is descended directly from the ancient tribe of Sadoceans. A harsh thing to say of anybody. The Rev. Gabelein cannot endure philosophers, especially if they teach evolution. "There are three distinct types of being," says the reverend gentleman—"angels, man and animals. And an animal could become a man no more easily than a man could become an animal."

If the Rev. Gabelein could watch the effect of bad whiskey, he would know that man can become an animal very easily.

AFTER ALL, IT'S THE ANTICIPATION THAT'S THE WORST

LEAD PENCILS TAMPA TIMES

Duncan U. Fletcher, senior United States senator from Florida, has a way of saying something when he indulges in the pastime of talking. The senate has been talking some here recently. As usual he has said something forcible.

Senator Fletcher unburdened himself in the economy policy of the present administration. He intimates that the rule that there shall be only two pencils per employe and three per postmaster per month is rather a miserly one for so rich a fellow as Uncle Sam. Then he opens up on the administration, charging that it cries in one breath—when appropriation bills are under consideration—that if the amounts recommended there will be a deficiency and in the next breath, after will be a surplus of several hundred million dollars during the following fiscal year.

Admitting that there are many economies which can be effected in the business of government without hampering morals and efficiency, Senator Fletcher announces himself in favor of all necessary appropriations. He strongly advocates the elimination of waste and sets up that we find, however, that the reduction of taxes and charges are seldom reflected in the cost of necessities.

The senator is correct. He is likewise a friend of the people and a safe man to follow. For instance, he has recently pointed out the utter folly of the republican proposal to issue \$100,000,000, or more, of bonds, for the carrying

PIONEERING DIFFICULTIES ST. PETERSBURG TIMES

Barron Collier is evidently learning that pioneering has difficulties other than overcoming the obstacles placed by nature.

Down in his Florida Everglades empire there have been for many years a number of widely separated and very small settlements, whose people had never gotten anywhere in a community sense, and who never would because they had neither the numbers or capital to build communities. Their first and only opportunity came with the advent of Mr. Collier with his vast development plans and ample wealth to make them realities.

The holdings of a great many of these settlers were sold to Collier at prices advantageous to them and they themselves entered into profitable employment with his companies, and some into official positions in the county created by him.

Having created and practically owning the county, furnishing both plans and capital for its reclamation and development, it was natural that his representatives should shape those developments according to his wishes. And it is also natural that, while probably greatly benefitting everybody in general, there should be instances in the work of some persons or communities receiving deals that should look to them, and perhaps be, in some respects unfair. It scarcely could be otherwise. And now these people, being human, are resenting this overlordship, are resisting some of Collier's plans, and are asking the governor to remove certain county officials charged with being but tools of Collier.

And so, there is trouble again. It is probable that if given full swing and all possible aid the plans of Collier once carried out would enormously benefit everybody down there; and yet, if some of those people find incidental cause for hostility they have every right to lawfully oppose him. It is a regrettable but unavoidable phase of every such great undertaking.

WHY NOT? TAMPA TIMES

A woman writer in New York, in an indignant letter to a newspaper, touches something that is a very live question throughout these United States. It concerns one's attitude toward social drinking and smoking. This woman says that she has a very strong dislike for alcoholic drinks, as also for hot chocolate, sarsaparilla, ginger ale, coca cola, peppermint, sauer kraut and parsnips. But—"when I go to a party or a dinner, I find my fellow guests think themselves entitled to make for me which dislikes I decline ginger ale, I notice a slight shade of suspicion creeping into the atmosphere. Ginger ale is sometimes used in connection with the liquors which it is socially forbidden to dislike or disapprove of, and I am getting near the danger line. But let me decline whiskey, beer or gin, and—whew! The coldest blizzard that ever raged outside is comfort compared with the chill that envelops me and separates me from my fellows." She doesn't smoke simply because she doesn't want to, although she might have wanted to "if the smokers had not been so darned intolerant on the subject." She is willing, she says, to let the other people indulge their peculiar tastes without interfering. The explanation of this particular kind of intolerance is given by Heywood Brown, critic of things in general, as follows: "It isn't neighborly to say to kind and cordial friends: 'No, thanks, I don't smoke,' or 'and if you please, no more liquor for me.' In any such remark there is an implied criticism of the manner in which the lady with the ladle is living her life." So there is, no doubt—also, perhaps, of the manner in which the other guests are living their lives. Yet why should not the hostess and the other guests be as considerate of the feelings of a guest whose taste differs from theirs as they expect that guest to be about their feelings?

LAKELAND COPS TWIN BILL FROM THE CELERYMEN

Highlanders Hit In Pinches, Backed Up Excellent Hurling With Good Fielding; Frisbie Pitches Part Game

LAKELAND, Aug. 26.—(AP)—The Highlanders battered their way to two victories here Tuesday in a doubleheader with the Celerymen, hitting in two pinches when the bases were loaded, to win in the first, 15 to 2, and the second game, 10 to 2. The second game scheduled for seven innings, was called in the sixth because of darkness.

PITTSBURG LOSES CLOSE GAME TO BOSTON BRAVES

Mann's Timely Hitting Responsible For Defeat of League Leaders; Dodgers Take One From the Cards

BRAVES BEAT PIRATES
BOSTON, Aug. 26.—(AP)—Mann's hitting was responsible for Boston's 2 to 1 victory over the league leading Pittsburgh Pirates at Braves' Field Tuesday. After Welch singled in the first inning he was sent over the plate with the Braves' first run when Mann tripled to the score-board. In the sixth, Gautreaux's single, Welch's sacrifice and Mann's base hit gave Boston its winning run.

Somerville fans turned out in large numbers to show honors to their fellow townsman Harold "Pie" Traynor, Pirates' third baseman. They presented him with several gifts. His triple after Gooch drove out a two bagger, gave Pittsburgh its only run. After the second inning, Barnes, the Braves' hurler, held the Pirates to but two hits.

Score by innings:
Pittsburgh 0-0-0-0-0-1-4-0
Boston 1-0-0-1-0-2-7-1
Batteries: Yde and Gooch; Barnes and O'Neill.

NEW YORK, Aug. 25.—(AP)—The New York Giants strengthened their hold on second place Tuesday by winning the first game of their series with Cincinnati 7 to 6. Catcher Hartley's hitting was the big factor in New York's victory. He doubled in the fourth and scored on Nehf's single. He cleared the bases with a triple in the fifth and scored the winning run in the eighth on Frisch's single. After Young was hit with a pitched ball by Donohue in the sixth he rushed out to the box and took a few punches at the Cincinnati pitcher. Third baseman Pinelli got between the players and Umpire Quigley carried Young away. Young and Donohue were both put out of the game.

Score by innings:
Cincinnati 1-0-2-0-0-3-0-6-11-2
New York 2-0-0-1-3-0-1-7-12-1
Batteries: Donohue, Brady and Hargrave; Nehf and Hartley.

ROBINS DOWN CARDS
BROOKLYN, Aug. 26.—(AP)—Hank DeBerry's single with the bases filled, in the ninth inning scored Dick Cox with the run that

LEAGUE LEADERS WIN TWO GAMES FROM BLOCKMEN

Cobb Has Easy Times With Saints in First Game and Swanson Bests Houston in Pitchers' Battle in Second

ST. PETERSBURG, Aug. 26.—(AP)—Tampa took two games of a double header from St. Petersburg here Tuesday, the league leaders punting Hewitt for 13 hits and a 6 to 2 victory in the opener and getting to Houston for a 3 to 2 margin in the second contest.

Cobb held the Saints helpless in the first game with the exception of the ninth inning when four hits netted two runs. Swanson allowed only four hits in the second game but two of these were grouped in both the third and ninth innings, one run crossing the plate each time.

Weik's triple scored Estrada in the first inning of the opening game and the Smokers added another in the second on singles by Lee and Lopez and Casares sacrifice. A single by Jesmer, Cobb's double and Snead's home run brought in another trio in the fifth stanza.

The second game saw the Smokers again jump into the lead when singles by Jesmer and Snead counted a run in the third frame.

INDIANS EXECUTE TRIPLE PLAY TO BEAT ATHLETICS

Browns Defeat Champs When Gaston Hurls Fine Game; Yankees Bunch Hits And Easily Defeat White Sox

CLEVELAND, Aug. 26.—(AP)—A triple play executed by Cleveland helped the Indians defeat the Athletics 4 to 3 Tuesday.

Miller led off in the second inning with a double and took third on Perkin's single. Galloway hit to Spurgeon who tagged Perkins out on the baseline and threw to L. Sewell in time to get Miller at the plate. Galloway in the meantime had rounded first and was thrown out at second. L. Sewell to J. Sewell. Walberg prevented Cleveland from scoring until the sixth when Buckeye led off with a single and scored on Jamieson's sacrifice and Lee's single. Lee scored on J. Sewell's single and Bishop's fumble of Spurgeon's grounder. Rommel replaced Walberg in the seventh and Cleveland scored 2 more runs on singles by Hodapp and L. Sewell and McNulty's double.

Philadelphia made its first run in the fourth on a single by Simmons' and Miller's double. In the eighth the visitors got 2 more on a double by Lamar and singles by Miller, Perkins and Hale. S. Smith replaced Buckeye and Rommel hit into a double play.

Score by innings:
Philadelphia 0-0-0-10-0-3-12-1
Cleveland 0-0-0-2-0-4-8-2
Batteries: Walberg, Rommel and Cochran; Buckeye, Smith and Sewell.

TIGERS WALLOP BOSTON
DETROIT, Aug. 26.—(AP)—Detroit walloped Boston Tuesday, 14 to 4, in the series opener, cutting loose in the first inning to score nine runs and send Zahniser to the showers. The Easterners treated the crowd to a rare double play in the seventh when Rigney doubled to deep center. Bassler was on second and Haney on first. Haney was on Bassler's heels as they trotted across the rubber to be tagged out together by Stokes after Flaegstead had relayed the ball to the plate via Rothrock.

Score by innings:
Boston 0-0-0-2-0-4-7-5
Detroit 1-0-1-11-14-14-0
Batteries: Fahr Zahniser and Stokes; Stoner and Bassler.

YANKS BEAT CHISOX
CHICAGO, Aug. 26.—New York lunched his Tuesday and easily defeated Chicago, 7 to 4, in the first game of the series. Thurston, who started for the locals, was driven off the mound in the first inning. Kerr checked the hitting until the third inning when the Yankees scored two more runs.

Edwards, the third pitcher to go on the hill for Chicago, pitched a better game, but was touched for two runs, one of which was a homer by Meusel in the seventh inning, it being his 25th of the season. He knocked out his twenty-fourth homer off Kerr in the third inning. No one was on base either time. Joe Dugan, third baseman of the Yankees, was unable to play and probably will be out for the rest of the season due to an injury to his knee.

Score by innings:
New York 3-0-2-1-0-0-7-14-1
Chicago 0-0-0-2-0-2-4-7-2
Batteries: Jones and Bengough; Kerr, Edwards and Crouse.

Many regions of Latin America have excellent hardwood timber forests far in excess of their own needs, so much so that in some instances they destroy them to utilize the land for agriculture.

Three Of The Four Contenders Suffer Defeat On Tuesday

CHICAGO, Aug. 26.—(AP)—Sad things Tuesday befell three of the clubs gasping with hope of attainment of major league pennants. Pittsburgh, Washington and Philadelphia, the American leaders today were separated by one game, and the Pirates held a five game advantage.

The Giants indicated that the damaging setback administered by the Pirates in the recent series is not to be taken too seriously for the McGraw men staged a courageous late inning rally to nose out Cincinnati, 7 to 6. The batting eyes of the Pirates, which had glanced miserably at a parade of Giant hurlers during the last five games, softened perceptibly when they beheld Barnes, the Giant cast-off who sauntered along to give the Braves a two-to-one victory. The National standing today:

The "busy bee" spends more time in the hive than she does outside hunting nectar. She only makes 31.65 trips during her lifetime and gathers only eight-tenths of a gram of nectar.

DODGE BROTHERS COMMERCIAL CAR

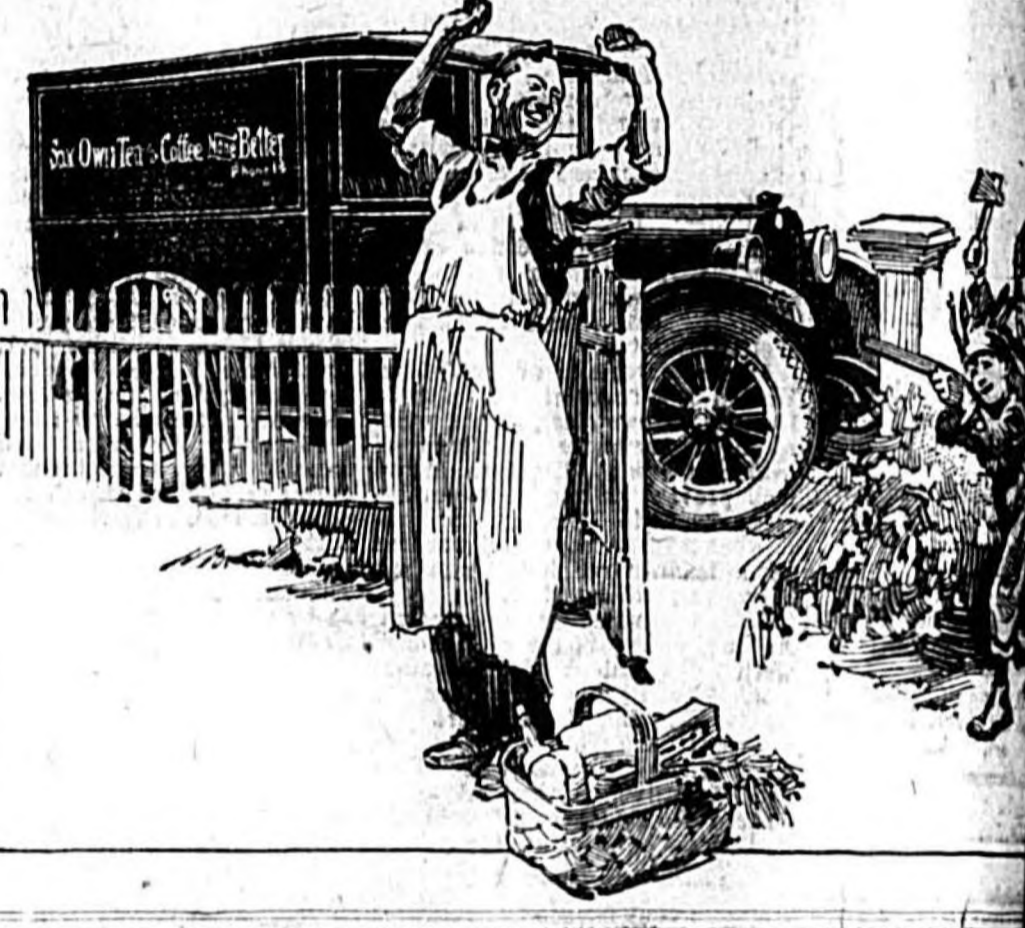

With the following improvements in the Panel Commercial Car, Dodge Brothers have gone beyond current practice both in point of smart appearance and greater comfort for the driver:

A closed cab is now provided, steel throughout, with a full-length and extra wide steel door. The windows, operating in noiseless runways, are raised and lowered as in passenger cars.

The seat is deeply cushioned and equipped with a spring back, hinged to fold forward, assuring exceptional riding comfort. The tire carrier is under the rear, freeing the full area of the side panels for display advertising.

Attractive and practical in design, this sturdy car offers the additional advantage of complete, year-round protection from rain and cold.

The conference will be held in Tokyo, under the Imperial Government, from Oct. 11 to 31, under the leadership of the Japanese government. The conference will be held in Tokyo, under the Imperial Government, from Oct. 11 to 31, under the leadership of the Japanese government.

MAYO HAS PLANS READY FOR RADIO AT GAINESVILLE

Agricultural Head to Present Them to Board of Control At Its Meeting Today; Call Letters of Plant Are WFLA

TALLAHASSEE, Aug. 26.—(AP)—The State Board of Control will at its meeting today be presented by Nathan Mayo, Commissioner of Agriculture, with plans for the establishing of Radio Broadcasting Station WFLA, as authorized by the legislature of 1925.

Under an act of the 1925 legislature \$50,000 was appropriated to establish a radio broadcasting station at the University of Florida, Gainesville, connecting by remote control the state capitol and Florida State College for Women at Tallahassee. As outlined in the provision the station is to have a maximum power of five kilowatts, the use of the station to be equally divided between the two cities in which apparatus is placed.

It will be the duty of the Commissioner of Agriculture to see that all useful and necessary information concerning in market conditions, crops, weather and other matters of interest to the state and in matters to the state are broadcast.

The station will be symbolized by the letters WFLA, denoting the slogan, "Watch Florida Lead All." subject to approval of the United States licensing authorities.

"Florida," says T. J. Brooks, chief of the Immigration Department, "will be in the air as well as on the map."

In the estimation of C. J. King, advertising editor of the state, a radio broadcasting station devoted to Florida will afford greater advertising for the state than any other one thing.

Daytona Would Place Ban On Beach Holes

DAYTONA, Aug. 26.—(AP)—An ordinance prohibiting the digging of holes on the beach shores within the city limits of Daytona is being prepared by City Attorney Deen to be presented to the commission at the next meeting. Instructions have been given to the police department by City Manager Davis to prevent the practice, which, it is claimed, is dangerous to automobile traffic on the beach.

Jacksonville—Approximately \$25,000,000 provided for expansion of Seaboard Air Line Railway in Florida.

On the other hand, advances were down to 139,000,000 yen at the end of May as against 167,000,000 at the end of January this year.

Other Countries remarkable Gain In Month This Year

26.—(AP)—Following advantages of near-ly yen export surplus, Korea's foreign trade show remarkable improvement the first five months of the year. Statistics show Korea shipped abroad 142,000,000 yen as against 139,000,000 yen at the end of May, an increase of 3,000,000 yen. A study of the figures shows that, while there was a decline in current dollars, there were notable increases in fixed accounts, which were up more than 7,000,000 yen a year ago.

Tougher Than Racing

Sig Haugdahl is an auto racing driver and as such is used to fighting it out with competitors for supremacy on the racers. But in all his career he never experienced as tough a battle as this 116-pound tarpon put up in the seat off Daytona, Fla., recently. Sig fought over an hour before he succeeded in landing the monster, towed his 30-foot boat three miles out from shore.

GOLD PLACER IS FOUND IN IDAHO RIVER BOTTOM

Deposit Expected to Be Rich As That of the Boise Basin, Discovered in Early Days

POCATELLO, Idaho, Aug. 26.—(AP)—At a desolate point at the juncture of Clarke, Butte and Jefferson counties in northeastern Idaho, where three rivers sink into the sands of the Snake river basin, a gold placer which is expected to be as rich as that of the Boise Basin of early days has been discovered.

Announcement from Dubois confirmed the discovery and with the movement just started claims are being rapidly staked out.

The three streams, Big Lost River, Little Lost River and Birch Creek, have in ancient times and up until the advent of irrigation in the early eighties, virtually merged their waters and disappeared in the sands on the same square mile of desert.

For nearly 50 years these mysterious rivers have been the despair of geologists, engineers and gold seekers because they gave but a niggardly indication of the gold values that geologists insisted must be present.

D. T. Murphy, a Dubois civil engineer, sometime ago set out to locate the deposit. Concluding that three torrential streams carried values but moved too fast to deposit them the search rapidly led to the sinks where the theory was verified.

Besides gold and indications of platinum, gems of the corundum family of which emeralds and rubies are typical, have been found.

ARGENTINE FARMERS ARE PROGRESSIVE

BUENOS AIRES, Aug. 26.—(AP)—Farm machinery imported from the United States during 1924 is reported to have totaled nearly \$17,000,000, an increase of \$1,000,000 over the previous year. The imports included 4,085 tractors, 46,497 plows, 4,874 harvesters and reapers and 2,428 tractors.

HELSINGFORS, Aug. 26.—(AP)

—Paavo Nurmi, the champion distance runner, is now a Finnish knight and the possessor of the Order of the White Rose. These honors were conferred upon the athlete by President Ikelander upon Nurmi's return from America and were in recognition of his advancement of Finnish interests through his athletic prowess.

Who Bought the Brooklyn Bridge TO-DAY?

ALMOST EVERY DAY the Brooklyn Bridge is sold to some gullible visitor to New York. Every day someone is swindled. Selling this famous old bridge has become a national joke.

Suppose, however, the City of New York decided really to sell the Brooklyn Bridge—to give the buyer the privilege of placing toll on all who crossed it. They would advertise it for sale. And the prospective purchaser would know the offer to be genuine.

He would know that the paper would not accept the advertisement if it were intended to defraud. He would know that the advertiser would not dare advertise unless his offer were honest.

The advertisement would give the world confidence in the enterprise.

Just as the advertising of all merchandise gives the world confidence in that merchandise. Only honest products can tell their stories where all may read.

That is why it pays to read advertisements. You can rely on advertised goods. You know that a worthy manufacturer stands back of them. They are a guide to better buying. They teach you to spend wisely—economically—and with the knowledge that you are buying merchandise which is minus all vain regrets or misrepresented values.

Read the Advertisements every day.

ADVERTISING IS A BRIDGE—SPANNING THE RIVER OF DOUBTFUL VALUES—TO THE SHORE OF WORTHY MERCHANDISE

What the World Is Doing

As Seen by Popular Mechanics Magazine

Surfboard Riding on Land Is the Latest Sport

Surfboard riding on the turf, behind a motorcycle, was introduced

recently at the Crystal Palace, London. The boards were attached to fast machines and the skill of the drivers and riders furnished new thrills to the thousands of spectators. It is said that greater ability is required to navigate the surfboard on land than is necessary for its use on water, while the speeds made were often in excess of those that have ever been attained.

When Plants Sleep

The riddle of sleep, which scientists for centuries have endeavored to solve, is likewise perplexing in the case of plants, for their habits in this particular are widely different. A variety of sensitive plant, the mimosa, gets drowsy and folds up its leaves on the slight provocation of a dark cloud passing over the sun, while the night-flowering cereus bursts open only at the approach of darkness. Some plants go to sleep at midday while many kinds of aquatic flowers open at dawn and close at night with great regularity. Plant sleep is said to vary from ten to eighteen hours and is believed to indicate a nervous system in vegetable life somewhat akin to that of animals.

Radio Programs Are Bottled for Future Broadcasting

Radio programs from America are "bottled" and re-broadcast a day later to European listeners by means of a system a German inventor has devised. His equipment consists partly of a

long hard steel wire which is run on spools through a powerful magnetic field. As the impulses are received, they are stored within the wire and when it is run through the broadcasting apparatus later, they are re-sent just as they were registered.

Bees' Honey Output Doubled

Bees will be able to store up more than twice as much honey with aluminum combs that are being made for them. It is figured that it takes fifteen pounds of honey for the bees to manufacture a single pound of honeycomb. Since they require several pounds of wax in which to store their honey, they will save at least seventy-five to a hundred pounds of honey by using the manufactured holders. The metal combs are painted with pure beeswax and are used in the production of extracted honey, where the combs are placed in a machine, called a honey extractor, and whirled around and the honey thrown out by centrifugal force. The empty combs are returned to the bees for refilling.

To remove scratches from glass negatives make a thick paste of emery flour and alcohol and rub over the scratches with a piece of flannel.

Cleaning Tarnished Silverware

Tarnished silverware can be cleaned by means of a solution consisting of 1 cc. of cyanide of potassium (poison) dissolved in a quart of water. The work can either be immersed in the solution or rubbed with a rag saturated with it. After cleaning, the silverware must be thoroughly washed in clean water and wiped dry.

Corn-Shock Tightener

Binding corn shocks is easily done with a simple device of the kind shown in the drawing. It consists of a broom handle, about 3 ft. long, and a length of sash cord provided with three steel hooks, as shown. In use, the cord is whipped around the shock and one of the hooks is slipped over the handle about 10 or 12 in. from the end. By pulling the handle toward himself, the user causes the hook to slide down to the end and the cord is drawn tight. The handle may then be turned downward, the cord holding the shock together while it is being bound with ordinary twine. The

tightener is released by lifting the handle so that the hook can be detached.

Navy's Champ

Here's Jim Sigan, heavyweight boxing champion of the U.S. navy. He won the title recently after having put in a four-year "hitch" with the gobs. He's 23, stands 6 feet 3 and weighs 200 pounds.

Hired men on many western farms refuse to plow unless the farmer gives them at least twelve horses in a hitch. Twenty horse hitches frequently pull six fourteen inch bottoms.

FOR HOME AND STABLE

The extraordinary Borozone treatment for flesh wounds, cuts, sores, scalls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Lane's Drug Store.

RESOLUTION PROVIDING FOR THE HOLDING AND GIVING NOTICE OF A SPECIAL BOND ELECTION TO BE HELD IN SPECIAL TAX SCHOOL DISTRICT NO. 1, SEMINOLE COUNTY, FLORIDA, SAID DISTRICT BEING ALSO KNOWN AS SANFORD SPECIAL TAX SCHOOL DISTRICT.

WHEREAS, on the 27th day of July 1925, a petition was presented to the County Board of Public Instruction for Seminole County, Florida, signed by more than twenty

five per cent of the duly qualified electors residing within the Special Tax School District No. 1, Seminole County, Florida, said petition being also known as Sanford Special Tax School District, asking and petitioning said Board to call and order an election to be held within said Special Tax School District, to determine whether or not there should be issued by said District, bonds in the sum of \$450,000.00, the proceeds of the sale of such bonds to be used for the purpose of acquiring, building, plumbing in, heating, or otherwise improving school buildings and school grounds and for the exclusive use of the public free schools within said district, and to be disbursed and expended in the following manner, to-wit:

- \$15,000.00 to be used in purchasing site for new high school building.
- \$250,000.00 to be used in the construction and erection of a new high school building.
- \$50,000.00 to be used for the completion of the South Side Primary School.
- \$50,000.00 to be used for the construction of a high school building.
- \$10,000.00 to be used for repairing and replacing the heating system in the Grammar and Primary School Buildings.
- \$10,000.00 to be used in repairing and replacing the heating system in the Grammar and Primary School buildings.
- \$5,000.00 to be used in repairing and replacing plumbing in the Grammar and Primary School buildings.
- \$45,000.00 to be used for furniture and incidentals for all the schools in Special Tax School District No. 1 (Sanford).
- \$10,000.00 to be used for the payment of paying liens on school property.

AND WHEREAS, This Board has determined that more than twenty-five per cent of the duly qualified electors residing within the said Special Tax School District did in fact sign said petition, and

WHEREAS, This Board has, by resolution this day adopted, determined that bonds in the sum of \$450,000.00 be issued and that said bonds should be dated January 1st, 1926, and that said bonds shall mature as follows:

- Bonds numbered 1 to 14, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1927.
- Bonds numbered 15 to 28, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1928.
- Bonds numbered 29 to 42, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1929.
- Bonds numbered 43 to 56, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1930.
- Bonds numbered 57 to 70, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1931.
- Bonds numbered 71 to 84, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1932.
- Bonds numbered 85 to 98, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1933.
- Bonds numbered 99 to 112, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1934.
- Bonds numbered 113 to 126, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1935.
- Bonds numbered 127 to 140, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1936.
- Bonds numbered 141 to 154, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1937.
- Bonds numbered 155 to 170, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1938.
- Bonds numbered 171 to 186, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1939.
- Bonds numbered 187 to 202, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1940.
- Bonds numbered 203 to 218, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1941.
- Bonds numbered 219 to 234, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1942.
- Bonds numbered 235 to 250, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1943.
- Bonds numbered 251 to 266, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1944.
- Bonds numbered 267 to 282, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1945.
- Bonds numbered 283 to 298, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1946.
- Bonds numbered 299 to 314, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1947.
- Bonds numbered 315 to 330, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1948.
- Bonds numbered 331 to 346, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1949.
- Bonds numbered 347 to 362, both inclusive, for \$1,000.00 each, shall be due and payable on January 1, 1950.

AND WHEREAS, THE BOARD OF PUBLIC INSTRUCTION FOR SEMINOLE COUNTY, FLORIDA, THAT, IN PURSUANCE TO LAW AND IN PURSUANCE OF THE RESOLUTION OF THIS BOARD HERETOFORE THIS DAY ADOPTED, NOTICE BE AND THE SAME IS HEREBY GIVEN THAT ON THE 28th

FLORIDA FACTS

The grounds of the Florida Industrial School for Boys at Marianna covers 1,200 acres. The land is rich and rolling with 800 acres in cultivation. The boys cultivate this farm and produce food for themselves, as well as feed for 300 hogs, 30 horses, 40 cows and more than 500 chickens.

Conditions are so pleasant at the school that the boys confined there do not want to leave, according to Judge Edward C. Darlington, of the Tampa Juvenile Court.

Rug weaving, basket making and fancy sewing are taught at the Florida school for the Feeble Minded at Gainesville.

The girls at the Florida Industrial School for Girls have a well rated curriculum in their academic studies and in addition are taught light farm duties such as dairying and chicken raising. The girls care for several head of cattle and about 500 chickens and have cultivated practically all of the 200 acres of land on which the school is located.

Florida has a greater percentage of undeveloped territory than any state east of Rockies, says a bulletin put out by the State Department of Agriculture.

Florida produces thirty per cent of all the citrus fruits produced in the United States. In 1921 according to a report of the United States Bureau of Chemistry. The state has at least maintained this standing since then it is estimated.

Silver Springs in Marion county has a flow of 368,913 gallons per minute, says "Why I Like Florida" issued by the State Department of Agriculture.

According to Athan Mayo, commissioner of agriculture for Florida, this state will in time be a great live stock, dairy and poultry producing center.

Florida in part or in whole has at different times since it was first discovered by Juan Ponce de Leon on March 27, (Easter Sunday) 1513, has been under control of three different nations. These are Spain, France, Great Britain, and the United States.

Tomatoes ranked first in shipments from Florida in total export and car lots, during the season of 1923-24, according to the department of agriculture.

Shipments during this season, says the department, amounted to 4,276 car loads, which included express and freight shipments.

The varieties mostly grown for commercial purposes are the Livingston Globe which comprise about 50 per cent of the Florida acreage, Early Detroit, Stone, Bonny Best, Florida Special, Beauty and Earliana.

The yield per acre ranges from 75 to 300 crates, or an average of 165 and the required time averages between 60 to 90 days, although the Livingston Globe usually requires approximately 114 days.

Among the more important shipping points are Larkin, Perrine, Pompano, Ocala and Okeechobee.

The cost of producing these varieties range from \$75 to \$125 per acre, depending upon the amount of fertilizer and labor required. The cost per crate on the market is estimated at \$1, including about sixty cents for packing, packing and marketing. Contract prices run anywhere from ninety cents to \$1.25 per crate, the aver-

age price being given at \$10 per acre in advance.

The season begins December 15 and continues to June 20. The east coast section generally moves the greater proportion of its crop by April 1, while the area around Okeechobee does not begin until around April 15 to 20 and is shipped by the first of May. Ordinarily, the Ocala district begins to ship its crop by the first of May and concludes the latter part of June.

In excess of one million winter visitors were entertained in the state last year who leave from \$50,000,000 to \$100,000,000 in the state, says a report of the department of agriculture. Florida, it claims has one half of the winter tourists in the United States.

A report made by the Department of Commerce of the United States states that the total wealth of Florida increased from \$21,296,000 to \$2,423,692,000 during the ten year period of 1912 to 1922.

This is an increase of 164 per cent. The per capita wealth increased for the same period from \$1,148 to \$2,341, an increase of 104 per cent.

The tenth anniversary of the founding of the Dixie Highway will be celebrated during the first three weeks in October in the manner of a motorcade tour from the two northern ends of the highway to the southern end at Miami.

The motorcade will arrive in Jacksonville on October 15 where it will be joined by a Florida del-

egation and the tour will continue its trip down the east coast to Miami where it is scheduled to reach October 17. The return trip will be made up the west coast.

An estimate put out by the United States bureau of agricultural economic at Gainesville places the prospective crops in Florida for the 1925 season as follows: corn, 12,388,000 bushels as compared with 12,252,000 bushels of last year; cotton, 27,000 bales compared with 25,000 of last year; hay, 123 tons as compared with 118,000 tons of last year; sweet potatoes, 3,680,000 bushels as compared with 3,150,000 bushels of last year; tobacco, 6,375,000 pounds as compared with 5,600,000 pounds of last year; peanuts, 59,480,000 pounds as compared with 61,000,000 pounds last year. Peanuts showing a slight decrease despite the fact that the acreage was somewhat larger.

The per annum farm values of strawberries of Florida for the five year period of 1919-23 average \$816,000. The per annum value per quart on the farm average 27 cents.

The national annual meeting of the American Association of Investment Bankers will be held in St. Petersburg during December 7th through 11.

One of the largest delegations in the history of the association is being prepared for and two entire hotels have already been reserved for their exclusive accommodations.

The annual meeting of the National Association of State Comptrollers and Auditors will be held in Miami in November.

The World's Greatest Automobile Value!

What you get for your money - that is the definition of value.

Chevrolet offers you the most for your automobile dollar. It possesses 83 distinct quality features. It possesses construction typical of the highest priced cars - a powerful, economical motor - dry plate disc clutch - selective three speed transmission - sturdy rear axle with pressed steel, banjo type housing - semi-elliptic springs of chrome-vanadium steel - beautiful streamline fenders, with closed streamliners by Fisher, finished in handsome colors of Duco, whose luster and color last indefinitely.

Chevrolet gives you power, durability, dependability, comfort, economy and fine appearance. And because this car provides such an extent of quality at low cost, Chevrolet has become the world's largest builder of quality cars with sliding gear transmission. See these remarkable values today.

Now You Can Get -

- A fully equipped, quality car for \$525
- A ray, streamline radiator for \$525

SANFORD REALTY CO., Inc.

H. S. LONG, Mgr.

Rooms 9-10-11 Ball Bldg. Phone 657.

THERE'S A DIFFERENCE

My prices on Tires and Tubes are lower.

Oil prices are lower too.

And there's more push in the gas.

RINE'S FILLING STATION

1113 Sanford Ave. Sanford, Fla.

LANG SUCCUMBS TO MOVIES

OBERAMMERGAU, Aug. 26. (AP)—Anton Lang, the famous Christ impersonator of the Passion Play, has at last succumbed to the offers of a film company. Standing in his workshop he was filmed as one of the principal characters in a local film.

SETS NO PRECEDENT

SWAMPSCOTT, Mass., Aug. 26. (AP)—The Belgian debt settlement, in President Coolidge's opinion, does not set a precedent for refunding settlements still to be worked out with France and Italy.

President

By GEORGE McMANUS

WING UP FATHER

MR. JONES: I THINK FATHER WOULD EMPLOY YOU IF YOU CAN PROVE HIM THAT YOU'RE THRIFTY.

THANK YOU. I'LL CALL ON HIM.

NOW MR. JIGGS IF IT IS A THRIFTY MAN YOU WANT IN IT.

DO TELL.

I DON'T MIND TELLING YOU THAT I'VE GOT TWO THOUSAND DOLLARS SAVED IN THE BANK.

REALLY?

MISS JIGGS: I JUST SAW YOUR FATHER AND HE (BORROWED TWO THOUSAND DOLLARS FROM ME.)
