Navy Budget Cut

(Continued from Page One)
"some reductions will be necessary."

The extent to which they will be made, he added, will depend on economies the Navy can effect in its own uniformed organization. For instance, he said, "they can cut down on the number of high-paid officers and keep more enlisted men, while if they keep the officers, they will have to cut down on the enlisted personnel."

The committee recommended a cut of 7 per cent from budget estimates of \$1,344,171,000 for pay and subsistence of naval personnel and a slightly higher cut in the \$209,000,000 the Marine Corps requests for the same purpose.

"While the reduction in the bill will necessitate a reduction in the total number of men available to the Navy," the committee said, "it is the opinion of the committee that this cut can well be made without harming the effectiveness of the fleet."

On the basis of a planned average enlisted strength of 425,000 for the Navy next year and 90,000 for the Marine Corps, the cuts if carried into effect would amount to approximately 30,000 and 4,300, respectively, plus 3,200 naval and 525 Marine Corps officers.

By ALEX H. SINGLETON
WASHINGTON, May 16 (AP)—Fleet Admiral Chester W. Nimitz contended today that world peace and security "depend on a balance of power in which American and British seapower are arrayed on the same side."

Nimitz' opinion disclosed in testimony made public by the House appropriations committee as it sent the Navy's 1948 supply bill to the floor.

In addition to cautiousary advice from both Nimitz and Secretary Forrestal, the United States Navy has not yet insured peace, Forrestal declared that until the U. S. "is a going concern" with "power to compel the

acceptance of its decisions" this nation must retain military and naval strength. He laid down the Navy's general requirements to keep that strength. Nimitz, as Naval chief of operations, elaborated on that program.

The Navy figures it would take a year to bring the full power of the fleet into another year. The fleet is in "fairly good condition" from the standpoint of repairs. But about 60 percent of the 2,330 active ships need some overhauling. They have about 72 to 78 percent of their full manpower.

Both active ships and the 3,200 in reserve need some alterations. Those in service should be changed to improve them for fighting submarines, for submarine offensive, and to allow carriers to handle faster, heavier planes.

It would cost about \$200,000,000 to give the Navy up-to-date fire-control equipment. Even the newest now in use is obsolete because of the development of high-speed planes.

Some 4,000 planes in storage are "so outclassed in military performance that they would never be used in combat except under desperate circumstances."

Only 40 percent of the planes in fleet combat squadrons "are second-line aircraft of the same models as those in storage" and "we are using the old and surplus aircraft to a degree which influences the present combat potential of the fleet."

The Navy says "push button" warfare still is a long way off, but the sea arm intends to be ready for it when it comes.

It may take years to perfect them, but Navy men are working on such "revolutionary" things as guided missiles, pilotless interceptor planes and target-seeking torpedoes. Meanwhile, the fleet will depend on the same old weapons used to whip Japan.

German Workers

(Continued from Page One)
more than 1,000,000 tons of food to their economically-combined zones, 75 per cent going to predominantly industrial British areas.

The report held little hope for immediate improvement in rations, but noted an industrial acceleration.

But as they spoke, Max Beyers, chairman of the Peace and Trade Union Federation, told 7,000 hunger demonstrators in that British-zone city that workers "will under no circumstances accept quietly further cuts" in food rations.

"We have had enough," Peysars, said. "Confidence in the victorious powers is sinking and it will sink further. We if the touch of unreason and hate is thrown among the German people, Germany awaits the victors as liberators, but the opposite came."

Far only the reactionary forces, he said, have succeeded in breaking the peace and trade union leaders, assured Newman the labor leaders "have repeatedly stressed the utter futility of striking and will do utmost to prevent such a strike."

But he succeeded only if all responsible agencies do all they can to lessen the suffering," he said. Brig. General Walter J. Muller, military governor of Bavaria, urged the Germans to "stop our trading union leaders to together to call for the food shortages."

He met with trade union leaders, German officials and farmers and told them the arguments between the different occupation areas "will not bring you more food." He urged union leaders to protest strikes. "Strikes and demonstrations would only make the American taxpayer say, 'Why should we feed the Germans who bite the hand that feeds them?'"

The Flensburg food demonstrators voted a resolution asking the

State Legislature

(Continued from Page One)
I think if anything like that happened, the proper place to put it is in the courts where it belongs. All I can say is I'm sorry I couldn't pass the bill. Nobody offered me any money."

Rep. Cobb of Orange said he felt the matter should be investigated fully because "that remark is believed all over the state of Florida. I think Mr. Brailley Osham should be brought before this committee and asked to name the man who offered him money. I think it should be in executive (closed) session, though." House rules prohibit closed meetings of committees.

Rep. Simpson of Jefferson said he thought the charges should be brought before the rules committee but "I don't see how we can do anything about it without having the man come before us."

He recalled a similar charge was made while he was Speaker of the House. "I told the man if he could prove the charges we would hear him. I never heard any more from him."

A motion to reconsider the Senate resolution was made by Sen. Gray of Panama City. The reconsideration vote will be taken Monday.

The resolution by 11 senators did not refer to Osham by name but said Floridians "have been shocked as a result of the statements to the effect that he had been offered a bribe to vote against the bill."

A report recommending ratification of \$19,053,805 worth of building projects undertaken by the cabinet and assigning top priority ratings for \$8,292,060 in additional construction was ready for filing in the Legislature today.

Along with it were amendments to a pending 1948 building act repeal bill in the House which

did not refer to Osham by name but said Floridians "have been shocked as a result of the statements to the effect that he had been offered a bribe to vote against the bill."

The proposals were made jointly by a special House committee and the Senate Committee on State Institutions, named at the request of Governor Caldwell and the cabinet to examine the board's two year building activities and recommend policies for the future.

Work at the correctional institutions took up most of the \$8,292,000 assigned to top priority, although at the last minute the committee inserted \$800,000 for construction of a medical college building at an undersigned location.

The House received a bill which would authorize counties and cities to tax cigarettes at the rate of 2 cents a standard pack. The measure, by Rep. Stokes of Bay County, would levy the tax in addition to the present state cigarette tax. The revenue would be used for county and municipal purposes.

Stokes estimated the tax would give cities \$4,000,000 annually and counties between \$1,000,000 and \$1,500,000.

Gun Fight

(Continued from Page One)
argument ensued and Deverdorff was shot in the face. Then, the assailant turned to another part of the office toward Dalsell who was shot in the shoulder and face.

Eyewitnesses said the negro walked calmly into the hall. A negro court messenger, George Clemons, said the man stopped and reloaded his gun. Dalsell just then staggered to the hallway. Bystanders said the gunman fired wildly in the general direction of Dalsell. Then, the gunman took an elevator to the ground floor and walked quickly out of the building.

Walter Bramhall, municipal court clerk, saw him then. Suspicious, Bramhall ran after him. "The negro was walking rapidly out of the building with his left hand holding his gun in his coat pocket," Bramhall told reporters afterwards. Bramhall said he called out police and bystanders help.

Estes and Claig gave chase, firing as they ran. Two blocks from the building, the fugitive turned and shot back. Both pursuers were hit.

The court building is about five blocks from the Capitol building and a block off Pennsylvania Avenue, which runs from the Capitol through Washington's downtown business section past the White House.

Superforts

(Continued from Page One)
started joined for the run. Busy New York was pushed "Operation Pacific." Its primary purpose, he said, was training.

The bomb bays yawned empty and the B-29s flew much lower than during actual war-time operations, but otherwise the flight was a simulation of the sortie and strike of a heavy bomber force.

The formation droning over the most thickly populated area of the country represented every available B-29 in the United States, Air Force sources said. It had a total bomb capacity of 1,250 tons.

General Kenny's lead plane peeled off the formation as it completed its sweep over Manhattan and wheeled for LaGuardia field where city officials waited to greet the war-time commander of the Far East air forces and entertain him at a city hall reception.

Message received at La Guardia field reported that superfortresses took off in the following strengths for a rendezvous over Cape May, MacDill Field, Tampa, Fla., 25; Tucson, Ariz., 23; Salina, Kan., 28; Selfridge Field, Mich., 12; Roswell, N. M., 25; and Fort Worth, Texas, 20.

Relief Sent

DAMASCUS, Syria, May 16, (AP)—The Syrian government allotted 100,000 Syrian pounds (\$46,000) and 500 tons of wheat today for relief of North African Arab territories which are short of food. A Red Crescent Commission with drugs and medical equipment also will be sent.

Truman Seeks Federal Plan On Insurance

Health Program Provides Government Pay To Injured Or Sick Workers

WASHINGTON, May 19, (AP)—President Truman asked Congress today to give "immediate attention" to enactment of a federal health and disability insurance program. In a special message to Congress, Mr. Truman declared such legislation is "crucial to our national welfare."

Under the type of program he envisions, a worker unable to work because of injury or illness, would receive government payments.

Mr. Truman told Congress: "Of the four basic risks to the security of working people and their families—unemployment, old age, death and sickness—we have provided some insurance protection against three."

"The President asserted that an insurance plan is the democratic way of coping with the menace of serious illness which requires expensive care and services. 'Until it is a part of our national fabric, we shall be wasting our most precious national resource and shall be perpetuating unnecessary misery and human suffering.'"

He continued: "It is the only plan broad enough to meet the needs of all our people. It is—in the long run—far less costly and far more effective than public charity or a medical dole. Under the program which I have proposed patients can and will be free to participate or to reject participation. And a national health insurance plan can and should provide for administration through agencies, subject only to some national standards." Mr. Truman's message renewed (Continued on Page Six)

Lynch-Trial Judge

PRESIDING AT THE SOUTH'S first mass lynch trial in Greenville, S. C., is Judge J. Robert Martin, Jr. Thirty-one men, most of them tax drivers, are on trial in Greenville in connection with the lynching of Willie Earle, a Negro. (International)

Newspapermen Held Not Guilty By Supreme Court

Contempt Ruling Of Texas Judge Is Reversed By Tribunal

WASHINGTON, May 19, (AP)—The Supreme Court today ruled three Texas newspapermen were improperly punished for contempt of court for publication of several news stories and an editorial.

Justice Douglas wrote the court's 6-3 majority decision. Justice Jackson wrote a dissent and Chief Justice Vinson concurred in Frankfurter's dissent.

The decision was given on an appeal by Conway C. Craig, publisher of the Corpus Christi Caller-Times; Bob McCracken, managing editor; and Tom Mulvaney, reporter.

Judge Joe D. Brownning of the Neuces county court in Texas adjudged them guilty of contempt after the publication of items dealing with an eviction case which he tried. The newsmen were sentenced to three days imprisonment each, but the sentences were stayed pending the Supreme Court's decision.

In the eviction case, an Army unit unsuccessfully sought to hold possession of a building where he operated a cafe, Judge Brownning said that the news stories and editorial were "calculated to prejudice and influence"

(Continued on Page Six)

Jack Grant Becomes Co-owner Of Paper

Jack Grant, former Sanford resident, and Emmet Peter, Jr., have purchased the Lake County Citizen at Tavares and plan to make it a county-wide newspaper, according to information received by Mrs. J. E. Watson, mother-in-law of Mr. Grant.

Mr. Grant until recently has served as advertising manager, and Mr. Peter as editor of the Leesburg Commercial. Grant, who served in the Navy during World War II, is the grandson of Mr. and Mrs. C. C. Earl of Sanford.

Armadillo Killed Under Hunt Home

Cricket moles, chickens, dogs, cats and even horses have been reported as destroyers of gardens, and now a new marauder has appeared on the scene, an armadillo which was recently killed by police under the home of Mr. and Mrs. A. F. Hunt at 2455 Palmtoe Avenue.

Armadillo are timid nocturnal animals about three feet long and covered with armor consisting of small, rounded and bony plates. Several have been found near Eau Gallie and presented to the Sanford Zoo. This is the first time one has been reported as a garden destroyer here. They are not native to Florida but to Central and South America. Capt. Roy O. Willis and Patrolman George Smith located and killed the animal.

EXPLOSION
BRUNSWICK, Germany, May 19 (AP)—Twelve persons, a British soldier and eleven German employees, were killed today when an explosion ripped a munitions dump here.

Defense Calls No Witnesses In Lynch Trial

3 Acquitted, 7 Cleared Of Two Charges; Defense Arguments Slated For Tuesday

GREENVILLE, S. C., May 19, (AP)—The defense rested today in the trial of 20 white men accused of lynching a South Carolina Negro, without offering any witnesses in its behalf.

The dramatic climax to the week-long trial came a few minutes after Circuit Judge J. Robert Martin, Jr., had directed full acquittal of three of the original 31 defendants, and given acquittal on two of four counts to seven others.

The court, at the same time, announced that statements allegedly made by the defendants in violation of their arrest would be admitted in evidence only against the persons making them, Judge Martin said he would instruct the jury to disregard the allegations as applying to any co-defendants.

The court granted outright acquittal to three men who refused throughout the investigation to make any statement to police. These were Earle Martin, a member of a prominent South Carolina family, Varley McInnis, a taxi driver, and Ernest Stokes, another driver. Other defendants claim Stokes had extracted a confession from the lynch victim, Willie Earle, who was slain in reprisal for the fatal stabbing of a white man.

Judge Martin said evidence was insufficient to convict them on any count.

Additionally, the court directed acquittal of seven men on charges of murder, and of being accessory after the fact, but left standing the accusations of being accessories before the fact, and of conspiracy to commit murder.

Those freed on two counts were Woodrow Wilson Clardy and Samuel D. Stewart, who refused to give statements to police; Willie Eugene Bishop, W. D. Oakley and Howard Thompson, whom the court said were not at the scene of the crime; and John B. Marchant and James Arthur Fowler, who were charged with planning without witnessing the murder.

The decision of the court leaves 21 defendants accused on all counts of the indictment, and seven accused on two counts.

Immediately after reading his five-page decision, Judge Martin (Continued on Page Six)

Harriman Declares Economic Revival Of Germans-Japs Vital

LOS ANGELES, May 19, (AP)—Secretary of Commerce W. Averell Harriman said today that peacetime economic revival of Germany and Japan is essential to recovery of all Europe and the Far East.

Pointing what he called a "disturbing picture of the world which the over-all picture is one of hardship," Harriman said in an address prepared for the Los Angeles town hall meeting: "Just as a functioning peacetime world is unable to strike again at her neighbors but able to carry on normal peacetime processes of trade, it is essential to European economic revival, so the activation of the Japanese economy is indispensable to general reconstruction and economic progress in the Far East."

"Japan must never again be placed in a position to assault the peacetime nations of the world, but neither must she lay like a dead weight across the channels of economic production and exchange."

"An impoverished Japan, like an impoverished Germany, will not only remain an open sore of resentment and bitterness, but it will frustrate all efforts to rebuild other nations in the region."

Warren Expected To Recover From Wreck

DAYTONA BEACH, May 19 (AP)—Fuller Warren, one-time candidate for Florida Governor, is expected to recover from injuries received last night in a head-on automobile collision near here, his physician said today.

Five others, including Charles Jackson, state news editor of the Jacksonville Journal who was driving the car occupied by Warren, were injured.

Warren, a Jacksonville attorney, has represented both Calhoun and Duval counties in the Florida Legislature.

MUCK AVAILABLE
Through the efforts of the Seminoles County Parks Bureau, muck from the river area near the Ocala Bridge is now available to local farmers. It was announced by L. C. Coulter, president. Edward Parker of Oviedo is hauling the muck for growers.

Snyder Says Tax Cutting Period Nears

20 Major Matters In Need Of Attention In Revising System Aired By Secretary

WASHINGTON, May 19, (AP)—Secretary of Treasury Snyder told Congress today that a "period of tax reduction is approaching." But he made no recommendations as to what taxes should be cut or when.

Snyder further told the House ways and means committee that Congress should "consider" how to reduce taxes at some later—and unspecified—time.

The 5,000 word prepared statement by the Treasury head made no mention of the \$4,000,000,000 tax reduction bill passed overwhelmingly by the House despite administration opposition. The bill is now awaiting Senate action. Nor did Snyder's statement say whether President Truman might veto this tax cut bill if it reaches him.

Snyder was the first witness as the committee began hearings on a general revision of the entire tax setup.

He did not elaborate on his reference to an approaching period of tax reduction, saying simply: "We are seeing lower peacetime levels of government expenditures and continuing high levels of national income and production. A period of tax reduction is approaching."

Snyder's statement contained thumbnail sketches of 20 issues which have been under Treasury study, but made no recommendations concerning them.

"It is highly unlikely that the fiscal and economic situation will warrant enactment of all the ultimately desirable revisions at the same time," he said.

At another point, Snyder said that "at this time we have a unique opportunity to modernize the federal tax system." But he added that "it is not my intention today" (Continued on Page Six)

Truman's Family Joining Him At Mother's Side

By ERNEST B. VACCARO
GRANDVIEW, Mo., May 19 (AP)—President Truman spent another day at the bedside of his gravely ill mother today, she expected to join him here in Kansas City tomorrow.

While thin, courageous 94-year-old Mrs. Martha F. Truman maintained cheerfully that she "expected" attending physicians said there had been "no material change" since yesterday afternoon's turn for the worse following a Sunday morning rally.

The grand old lady's professional nursing career for Pittsburgh, Pa., tomorrow night and said her remaining engagements hinged on her grandmother's progress.

TWA officials said Margaret traveled one of their airplanes at Pittsburgh, Pa., today. Pittsburgh people who saw her said, was too distressed over the news from Grandview to make an appearance tomorrow.

With his mother's condition so critical, the President hurried to the nation's highest office from his suite in Kansas City's Hotel Muehlebach, 17 miles from here, and from his mother's frame bungalow here where she has been bed-ridden since she fractured her hip in a fall in mid-February.

Mrs. Truman said she "felt better" after a restful night, but Graham said she planned no attempt to get out of bed today, that "she is tired."

Chinese Communists Besiege Capital City

NANKING, May 19, (AP)—A Chinese Communist column moved to a point only seven miles south of Changchun today to place the Manchurian Capital virtually under a state of siege, nationalist dispatches reported.

The Red army unit pushed to the city's suburbs after taking Hwataih, 25 miles west of Changchun. The fall of Hwataih exposed the capital city to direct attack. Changchun was under martial law.

JAP FAIR OPENS
TOKYO, May 19, (AP)—Mrs. Douglas MacArthur officially opened the Japanese government-sponsored silk fair today. The exhibit is aimed principally at allied personnel with a view toward stimulating silk exports.

Marshall Asks 'Voice' Be Kept

APPEARING BEFORE A House Foreign Affairs subcommittee in Washington, Secretary of State George Marshall (left) and other officials (right) discussed the information and communications program in America to be continued. At left is Rep. Karl E. Mundt, of South Dakota, chairman of the subcommittee. The House turned down a State Department request for \$31,281,220 for the program for 1948. (International)

Greek-Turk Aid Fraud Charges Vanguard Leaves On Istanbul Trip

General L. E. Oliver Heads Group Of 20 Army And Navy Men

WASHINGTON, May 19, (AP)—A 20-man vanguard of the official U. S. missions assigned to administer the \$400,000,000 Greek-Turkish aid program departed today for Istanbul.

General Lumbard E. Oliver of the War Department general staff was in charge of the group. It will lay the groundwork for a projected \$100,000,000 outlay in the next year to bolster Turkey's military defense.

Eleven other Army officers, seven naval officers and a State Department representative made up the remainder of the party. Rear Admiral Ernest E. Herman headed the Navy group.

At Istanbul the military mission is expected to work closely under Ambassador Edwin P. Wilson and to Washington, including equipment, air field and road construction and other projects figuring in the assistance program.

The group's departure was arranged without waiting for President Truman to act on the assistance legislation. The signing has been delayed by Mr. Truman's absence from the White House because of the illness of his mother.

Grandview, Mo. This, in turn, has delayed completion of the larger Greek mission, including military elements, which will administer the aid program in Greece.

May told the federal district court jury in his war fraud trial that as an "accountant" he signed a note for Murray Garson to borrow the money from Flischa Walker, whom he identified as a "New York banker" with Kuhn, Loeb and Company. Asked by his attorney, Warren Magee, if the note was ever repaid, May replied: "I don't know."

May is charged with taking \$550,000 in bribes while he was wartime chairman of the House military committee. On trial with him are Murray and Henry Garson, key figures in a \$750,000,000 (Continued on Page Six)

U. S.-Soviet Talks On Korea Delayed

SEOUL, May 19, (AP)—Bad flying weather may delay the resumption of American-Soviet negotiations on Korea, scheduled for tomorrow.

The Russian delegation was due from the Soviet North Korean zone yesterday but failed to arrive. American military sources said unfavorable weather will delay the joint commission meeting possibly one or two days.

Other members of the 75-man Soviet staff will travel here by train. Representatives of the two occupying powers will sit around a big table in Duk Soe palace a little more than a year since original efforts to reach an agreement on formation of a Korean provisional government collapsed.

W.O.W. MEET
Woodmen of the World will have their initiation Tuesday evening, May 20 at 8:00 o'clock at the W.O.W. Hall at 116 Park Avenue. All members of the Uniform Rank team are requested to be present.

Rep. Odham Names Papy Of Monroe As Bribe Giver

Churches Back Odham's Stand Against Bribery

Messages Of Commendation Are Relayed To Representative

The First Baptist Church of this city went on record during the morning worship service yesterday as standing solidly behind Rep. Bradley Odham of Seminole County, who last week declared that he had been offered a bribe by gambling interests, through a fellow member of the House of Representatives, to vote against a bill that would prevent book-makers from using wire services for gambling purposes in Florida.

Dr. W. P. Brooks, Jr., pastor of the church, denounced legalized gambling, declaring: "I'm against it both in theory and in all the way through." The pastor went on to describe all gambling, whether legalized or not, as immoral. He commended Representative Odham, a member of the First Baptist Church, for his courage in facing wealthy gambling interests.

The First Christian Church also passed a resolution commending Rep. Odham in his stand against bribery and gambling influence in the Legislature, according to the Rev. W. P. Yesley. A telegram to this effect has been sent to Mr. Odham. A message has also been sent to Rep. Odham by the Rev. J. E. McKinley, as pastor of the First Methodist Church, urging him to "stand by his guns."

Following Dr. Brooks' remarks, Volie A. Williams, Jr., a Stetson University student, commended Rep. Odham for refusing to take the bribe. Mr. Williams charged that our state is gradually falling away from the principles of government of the people, by the people, and for the people.

Another motion to telegraph Governor Millard Caldwell, the Speaker of the House of Representatives, and the chairman of the House and Rules Committee and inform them of the church's action, made by Julian Stenstrom, also was approved by the membership.

During his sermon, Dr. Brooks pointed out that whenever efforts are made to eliminate various phases of legalized gambling, the gambling interests will always find a way to get around such things as old age pensions and schools. He pointed out that the people behind the liquor traffic expound the fact that the government receives \$2,000,000,000 a year in taxes. The industry, he said, receives some \$8,000,000,000. But we do not stop and consider, he pointed out, that the cost of crime alone to the taxpayers in this country, as a result of the liquor business, far exceeds the revenue derived from the industry. "And," he emphasized, "that is not good business."

It was announced that Mrs. E. E. Russell is retiring after 22 years of teaching at the Southside Primary School. She has been teaching the fourth grade, Mrs. J. C. Mitchell, principal of the school, presented Mrs. Russell with a bouquet on behalf of the club.

Three school supervisors, Mrs. Ruth Hand (education), Mrs. Mildred Babcock, art and Mrs. Escar Price, music, were commended by Supt. Lawton for their work.

Dr. J.B. Root Elected President Of Teachers Club

The Seminole Teachers Club elected Dr. J. B. Root as president to succeed R. T. Milwee at a meeting held Friday evening at the Junior High School.

Need for continuous professional advancement upon which basis the Legislature should fund for teachers' salaries was stressed by Supt. T. W. Lawton in a talk to the teachers. This advancement is based on securing of new degrees through study, he said.

The teachers' fund for Seminole County although augmented by \$31,000 of 1946 Income Commission funds plus \$44,000 for this year, together with the state allocated transportation fund, will fall from \$45,000 to \$29,000 short of expenditures on teachers' salaries for the fiscal year, Mr. Lawton predicted.

Mrs. Frances Stone was elected as vice-president of the club and Miss Ernestine North as secretary.

It was announced that Mrs. E. E. Russell is retiring after 22 years of teaching at the Southside Primary School. She has been teaching the fourth grade, Mrs. J. C. Mitchell, principal of the school, presented Mrs. Russell with a bouquet on behalf of the club.

Three school supervisors, Mrs. Ruth Hand (education), Mrs. Mildred Babcock, art and Mrs. Escar Price, music, were commended by Supt. Lawton for their work.

Nitti Confers With Political Leaders

ROME, May 19, (AP)—Rome newspapers said today that premier-designate Francesco Saverio Nitti probably would be able to say by tonight whether he could form a new Italian government.

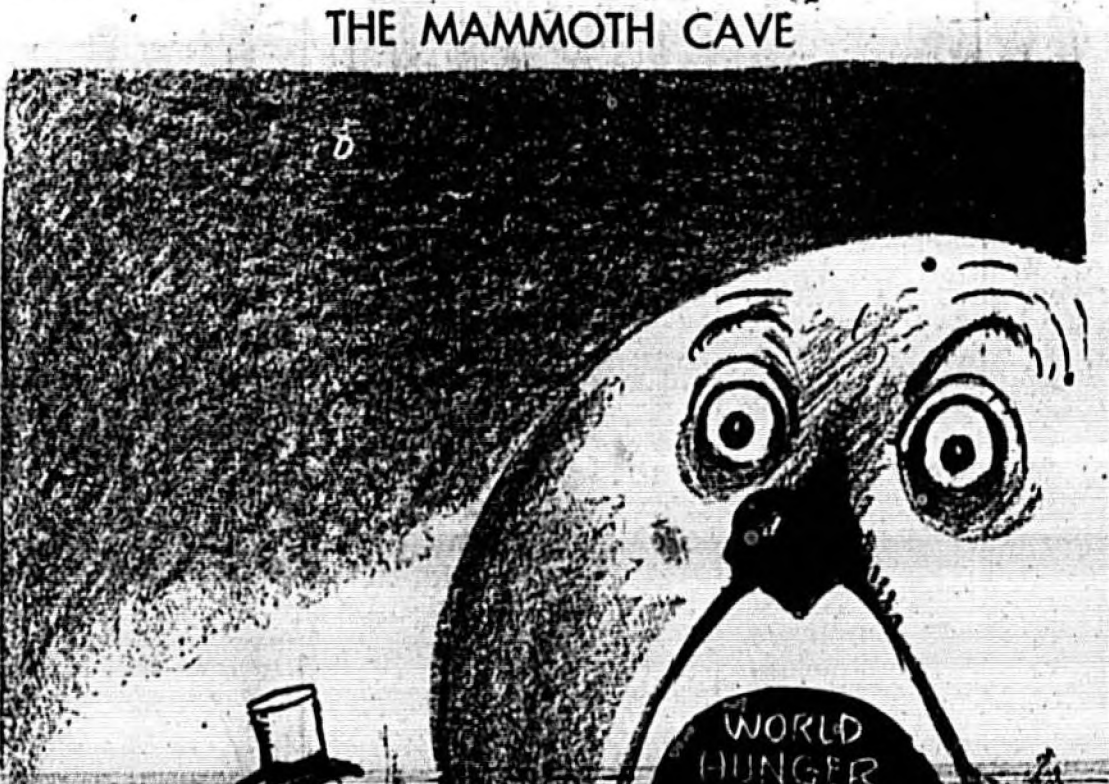

Nitti conferred this morning with Communist, Socialist and Christian Democratic leaders. There was no reliable information as to what posts the major parties were seeking.

Celery Feds To Meet St. Augustine Saints Here Tonight

George Green Slated To Pitch Contest; Locals Driving For First Division Slot

Manager Buddy Lake announced this morning that George Green would receive the starting mound assignment for the contest against St. Augustine Saints at the Municipal Park tonight. The game will get under way at 8:00 o'clock.

By ARTHUR BECKWITH, JR. Herald Sport Editor

The Sanford Celery Feds entered the first division in the Florida State League pennant race during the weekend for the first time this year. The Feds trounced the Palatka Aszeas Saturday night while the Orlando Senators were drubbing the Gainesville G-Men, moving the locals into fourth place in the league standings.

Yesterday the Feds dropped back into the fifth slot when they were edged by the Palatka Aszeas in a hotly contested hurlers duel by a 2 to 1 margin. The Leesburg Pirates tripped the Daytona Beach Seals to force ahead of the Celery Feds.

Big Bill Stanton turned in his sixth victory of the current campaign when he tripped the Palatka A's in a 12 to 4 tilt Saturday night.

In the last 11 days the locals have tallied 12 wins against 77 for their opponents. In spite of their run-making the Feds are resting squarely in fifth position in the league standings.

During the past week manager Buddy Lake has added nine points to his batting average and is the club's leading hitter with .337. Martin Zula is one of the most improved men on the club in the hitting department. During the week Zula moved from .222 to .310, the 10th best batter in the league. Bryant boosted a .279 average to .300 during the period, while Silverman dropped to .287, but remained the fourth best hitter on the Fed club. Dave Bryant completed the week with a .270 average for fifth place.

Sanford is leading the league in runs scored with 264. Orlando is the runner-up in this department with 228.

ROTARY LEAGUE COMPLETES YEAR WITH STAR TILT

Chimexing a successful season of activity in baseball for boys between 13 and 16 years of age, the Sanford Rotary Club is sponsoring a contest between the league pennant winners, the Midnets, and an All-Star aggregation at the Municipal Park Tuesday night at 8:00 o'clock.

The All-Stars, composed of boys from all teams in the league except the Midnets, will include Galway, Cooper, Wells, Clauson, Ludwig, Stafford, Axt, Smith, Myers, Reynolds, Brumley, Howard and Meisch. Roy Holler has been designated as manager for the All-Star team and Gomez is the captain for the game.

The Midnet roster includes Yarbrough, Salisbury, Rusels, Rosier, Tyre, Couper, Graham, Lee, Lansing, Johns, Harper, Kilpatrick, Byrd and Futrell. Jim Higgins is manager and Lansing is the captain of the team.

ENROLLMENT IN KNOT HOLE GANG MOVING BRISKLY

Registrations for the Knot Hole club moved at a brisk pace Saturday and over 75 boys and girls were issued membership cards that will serve as season passes to the home games. The organization is sponsored by the Sanford Baseball Association and the Junior Chamber of Commerce.

The top age of eligibility for the Celeryed rooting section is 15 and the only other qualifications for local baseball fans is that they display good sportsmanship, be enrolled in school, remain seated in the north part of the stands during the games in a section set apart for them, and refrain from any rowdiness.

Saturday night those lads and lassies who had already gotten their cards behaved themselves in a splendid manner, according to club officials and Manager Duddy Lake said that they really keep that third base line a source of encouragement for the Feds and of nerve-wracking worry for the opponents.

It is expected that many more youngsters will take out memberships which are free before the game tonight against St. Augustine, runners up in the league standings.

COMMENTS FROM THE SIDELINES

By ARTHUR BECKWITH, JR.

PLAYER CLASSIFICATIONS

At the League directors meeting in Palatka last week it was decided that player classifications in the Florida State League would remain for the remainder of the year. There are plenty of Card supporters that heartily believe that the Red Blinds will be right in there making a bid for the first division, and the league slot, come those hot afternoons in July.

There is, however, something definitely wrong with the Cardinals. Certainly other teams have not strengthened their rosters to the extent that players such as Marty Marion, Howie Pollit, "Country" Slaughter, Whitey Kurowski, Terry Moore and Del Rice should be doubted continually as they have been during the first of the 1947 campaign.

One thing that may be wrong is that there may be an understatement of "sabotage" in the National League. We mean by that that there may be a concerted effort being made by all the clubs to trim the Cardinals.

The Cards on the other hand may be trying to win 1947 because of the fact that the Cardinals went into the 1946 series rated as the underdogs by 3 to 1 odds, and some experts were so sure that Boston would take them that they stated the Red Sox would be the World Champions in four straight contests.

JET'S PILOT

THE CLUBHOUSE

By FRANK ECK

AP Newfeatures Sports Editor

NEW YORK—What the baseball men are saying, or letting other people wispy columns: Joe DiMaggio, on whom Lucky Harris is counting to keep the Yankees in the American League pennant fight: "My head is aching. It's my hitting that bothers me."

Charles DeWitt, traveling secretary of the St. Louis Browns: "We'll finish second this year."

Ed Doherty, director of public relations for the Boston Red Sox: "After taking it on the chin from the A's a couple of times, people around here (Boston) are getting panicky. I can't see that anyone has gotten a tremendous lead over us, so I haven't started to worry. Just before we left on our first western swing Ted Williams said as soon as we get away from this Pneuonia A. C. we might win a few ball games."

Our final game against Philadelphia was played in a 50-mile gale. Any kind of a pop fly went off the wall in left field and any balls that didn't go that far were not caught because even Dom (DiMaggio) himself was struggling all over the place.

Tennis Fans Enjoy Exhibition Matches Sponsored By Club

Sanford tennis fans provided a fine gallery yesterday afternoon for the exhibition matches played by Rollins College stars at the Sanford Bath and Tennis club court opposite the Mayfair Inn with Charles Morrison as umpire.

In a game teaming with terrific driving and placement shots, Enrique Buse, Peruvian net singles champion, defeated Edward Copeland, coach of the Rollins College team, by a score of 6-4, 6-1. Buse's backhand was most effective.

In the women's singles, Betty Rosenquest defeated Jean Clarke, 6-2, 6-4. The games started at 2:30 P. M.

The program was concluded by a mixed doubles set in which Miss Clark and E. Buse defeated Miss Rosenquest and Gus Peoples, 6-2.

The following six local tennis fans officiated as line-men: Cecil Kines, Hamilton Bisher, D. W. Swann, Clay Williams, S. R. Dighton and R. Steele.

Charles Morrison also officiated at matches held at 10:00 o'clock.

All Stars Trimmed By Cubs In Contest

The Cubs tripped the All Stars in the final contest of the year in the Lions Club Junior League play at the Lake Front Park Friday night by an 11 to 10 margin.

The contest was a scheduled seven inning fray, but was extended to eight frames since the contest was tied at 10 all at the end of the scheduled time.

Stenstrom and Pennington were batterymates for the Cubs while Crawley, Wheelch and Frank worked for the All Stars.

Saturday morning to mark the finals of the Florida State High School Tennis Tournaments and in which Buddy Behrens of Ft. Lauderdale successfully defended his championship of St. Petersburg, 6-1, 6-2.

Behrens also teamed up with a school mate, George King to defeat Disher and Allan Dee, 6-0, and 6-3.

IT IS A LAW

Florida Automobile Financial Responsibility Law requires a driver who is at fault in an automobile accident to establish financial responsibility within 30 days providing a \$10,000 automobile liability policy, or possess property worth \$40,000 net, or his driver's license will be revoked.

Unless you have \$40,000 worth of unincumbered property, we suggest you get insured before you have an accident. Very few, if any, insurance companies will want to insure you after an accident in which you were at fault.

Policies issued thru this agency are STANDARD in their provisions and are free from technicalities and restrictive clauses. They comply fully with the Financial Responsibility and other Laws of the various STATES and are non-assessable.

For BETTER THAN AVERAGE SERVICE—LOWER THAN AVERAGE COST, place all your insurance thru a mutual agency.

Wilson Elected Head Of Newly Organized Group

Formation Completed Of National Body Of Market Heads

JACKSONVILLE, May 19 (Special)—Completion of an organization designed to co-ordinate efforts of individuals and agencies interested in better distribution of agricultural products throughout the Nation was effected during the last week in Washington, with election of William L. Wilson, Jacksonville, as president of the new National Association of Market Managers, and approval of a program of activities, according to dispatches received by local offices of Florida State Markets.

The Jacksonville man, who has served for years as director of Florida State Markets had been active in the leadership of forces formulating plans for the new National body, and some months ago was chosen to serve as acting president during the period preceding formal organization.

Sales of tomatoes on the Florida City State Farmers' Markets during the last weekly report period totaled 3,000 bushel field crates, prices ranging from \$2 to \$5.25. Yellow squash, in light volume brought \$1.50 to \$3.50, per hamper, Market Manager C. S. Phillips reported, and pole beans brought \$1.50 to \$3.00 per hamper.

The Fort Pierce Market reported a weekly total of 31,330 field crates of tomatoes, selling at an average of \$7.20, which brought the season's total to 75,369 crates, and receipts to \$583,740.05. Total of all commodities handled at Fort Pierce reached 84,548 units for which producers received a gross cash total of \$621,287.85. The peak of the tomato season is approaching, Market Manager M. E. Williams reported at the week-end.

Market Manager Jack Taylor, Jr. of the Palmetto State Farmers' Market reported sales growing \$48,306.62 during the last week. Tomatoes comprised the bulk of the offerings, 5,114 bushels of No. 1 grade bringing an action average of \$6.99, and 1,968 bushels of No. 2 quality averaging \$3.48. Light offerings of pole beans averaged \$3.65.

Sales on the Plant City Market totaled 63,432 units during the report period, producers receiving \$372,490.40, Manager R. E. Johnson revealed in figures submitted to Jacksonville offices of Florida State Markets. Peppers took top position in volume and cash returns on this market, 20,475 bushel-hampers of fancy bell selling at \$5 to \$13.25 for a total of \$204,448.50 and 970 units of choice quality adding \$5,085.76. Heavy sales of beans, cucumbers, squash and other produce were handled.

During the last week the Wauchula State Farmers' Market handled 25,341 packages, Manager Frank E. Conner reported. This total included 15,550 bushel field crates of cucumbers, mostly the early green market variety, at a price average of \$4.40, the auction price average on tomatoes stood at \$6.06, the market handling 9,318 bushel field crates. Light offerings of squash, okra, pepper and corn were among the additional commodities handled during the week.

The Pahokee Market handled a small volume of mixed vegetables during the week, Manager J. A. Dulany reported. Demand for celery continues good, with the market slightly stronger, an all sizes and varieties. The movement of sweet corn has started, and is averaging around three cars daily.

Insurance Plan

(Continued from Page One) a proposal he had made previously to Congress. In Kansas City, his press secretary, C. G. Ross, disclosed that Mr. Truman began work on the message last Saturday. He signed the final draft yesterday in Grandview, Mo., as he sat with his ill mother, Mrs. Martha Truman.

The President's message said two states now make payments to workers who are ill and that similar programs are being considered by other states.

"Comprehensive disability insurance should exist throughout the nation," he said. "It can and should be a part of our social insurance system."

Mr. Truman noted that in many states and counties limited funds have reduced public health activities "to a dangerously inadequate level." Coupled with the shortage of hospitals, doctors, and nurses, he said, is the added problem that "these we have are unfairly distributed."

"The unequal distribution of doctors and hospitals will plague this nation until means are found to insure modern medical care for all our people."

The Amazon is the world's greatest river in volume of water it carries.

The largest ocean steamers can travel 1,000 miles up the Amazon during the period of low water.

Court Decision

(Continued from Page One) the court in its ruling on a request for a new trial of the eviction proceedings. He finally denied a new trial. The Supreme Court's ruling overturned a ruling of the Texas court of criminal appeals which had upheld Browning's contempt findings.

Justice Douglas for the majority wrote that "the law of contempt is not made for the protection of judges who may be sensitive to the winds of public opinion. Judges are supposed to be men of fortitude, able to thrive in a hardy climate."

In comment on the news articles, Douglas said: "Inaccuracies in reporting are commonplace. Certainly a reporter could not be laid by the heels for contempt because he missed the essential point in a trial or failed to summarize the issues to accord with the views of the judge who sat on the case."

Justice Jackson sharply criticized the majority's reasoning in his dissent.

He asserted that "the right of the people to have a free press is a vital one, but so is the right to have a calm and fair trial free from outside pressures and influences."

"Every other right, including the right of a free press, itself, may depend on the ability to get a judicial hearing as dispassionate and impartial as the weakness inherent in men will permit."

"I think this publisher passed beyond the legitimate use of press freedom and infringed the citizen's right to a calm and impartial trial. I do not think we can say that it is beyond the power of the state to interfere with the course of trial as we have here."

Jackson asserted that this was the result of the publication: "The judge was put in a position in which he either must appear to yield his judgment to public clamor or to defy public sentiment. The consequence of attacks may differ with the temperament of the judge. Some judges may take fright and yield while others become more set in their course if only to make clear that they will not be bullied. The judge was evidently of the latter type."

"He was diverted from the calm consideration of the litigation before him by what he regarded as a duty to institute a contempt proceeding of his own against his tormentors."

Jackson said he feared that "the press of the country may rightfully take the decision of this court to mean indifference toward, if not approval of, such attacks upon courts during pending cases."

Odham's Charge

(Continued from Page One) ford representative said they had met on the House floor before the bill was brought up for a final vote. It was then, Odham charged, that the \$500 was made.

The Monroe county representative said Rep. Martin of Hillsborough had asked him "Where is all this money?" and he had replied, "I've heard it talked about, but I haven't seen any of the floor, and he had asked Pappy jokingly about it while at his desk, and Pappy had given the reply in a "siding" manner. Martin's desk is immediately behind that of Camp, and Pappy sits behind Martin.

Camp rose to say that the \$100 offer Pappy made to him was not made on the House floor but in an anteroom where mail is distributed.

To Pappy's statement that he had said, only he understood "They are offering \$100 for a vote," Odham rose to ask "Who are they? Why were you the self-appointed infanter?"

Pappy replied he didn't know who "they" were, and added there was similar talk "any time you have any bill before this house involving gambling."

The question of the charges was temporarily shoved aside when Rep. Clement, of Pinellas, sponsor of the original bill which was defeated 41 to 37, arose to ask the committee of the whole to join him in sponsoring an almost identical bill.

"This just looks like such a good opportunity to get it on the floor and get it considered."

Rep. Simpson asked, "Wouldn't this be a good opportunity for the 17 who were not on the floor?" when the bill was defeated last week "to show how they stand?" Simpson was one of the 17 non-voters.

Clement's move brought immediate objections from opponents of the bill that it was out of order, and that the committee should devote itself exclusively into the inquiry of the charges against Pappy.

Tax Cutting

(Continued from Page One) to make recommendations on any specific tax question."

Tax subjects on which the Treasury head commented included personal income taxes and the splitting of family income; corporate income taxes; taxation of dividends; tax-exempt organizations such as cooperative, electric, and gift taxes; and social security taxes.

Snyder said of individual income tax rates: "The rates must be re-examined to determine their effect on incentives to work and invest and their effects on living standards and purchasing power. Revision of the rates should be coordinated with other changes in the income tax such as personal exemptions and the treatment of family income and with changes in other taxes."

Lynching Trial

(Continued from Page One) recessed court. Defendants rushed to windows at the rear of the court house, and some shouted the news acquaintances to friends below.

The disallowance of incriminating statements, except as each applies to the individual making it, appeared to strike sharply at the prosecution's case on the primary count of murder, since persons identified by some co-defendants as ring leaders have in their own statements denied active participation.

Four defense attorneys thus began their fight to block conviction on the major counts, and to check the state's efforts to implicate others on the conspiracy counts.

The court announced the trial would be suspended until 9:30 A. M. tomorrow when the arguments will begin. He said each side would be allowed four hours for summation and final argument. Meanwhile, he said, defense counsel and the state will submit opposing argument on legal technicalities, adding he would receive these at 5 P. M. today.

(Continued from Page One) arms manufacturing combine, who are accused of conspiring to pay the alleged bribes.

As the opening defense witness, the 72-year-old May testified also that he signed notes for \$10,000 in 1941 to help Murray Garson finance the purchase of a manganese mining lease on a 7,000-acre tract in Greenbrier county, W. Va. May was then president of a firm holding the mining lease.

May resumed his testimony, begun last Friday, after the defense had called another witness, J. Howard Pobot of Grundy, Va., for a brief appearance on the stand. Pobot reviewed details of a proposed sale by May to him of the Cumberland Lumber Company in Kentucky.

The government charges that the bulk of the payments the Garsons allegedly paid May were made through the Cumberland firm.

More than a million out-of-state motor vehicles entered California in 1946.

HOME CANNING'S BEST 2-piece metal lid

Use this newest development in 2-piece metal lid. There's no doubt of a safe seal for your home-canned foods. Just press to use. It doesn't dent, jam, or rust! Fits any Mason jar. Easy to use because it's new. Can cover the easy way, too. Buy PAL AND HOME LIDS.

AT YOUR DRUGGIST

ON THE SQUARE

YOU will note on studying the above design that the numbers 1 to 16 have been arranged in consecutive horizontal order in the 16 squares, with the numbers in each of the two diagonal rows totalling 34.

The problem is to rearrange only two rows of numbers so that the total of 34 is reached in all directions—vertical, horizontal and diagonal.

If you make the arrangement correctly, each quarter of the whole square will add up to 34; so will the inner square of four; and finally, so will the four extreme corners of the large square.

The puzzle is by "The Square" by R. J. Scott. Copyright 1947 by R. J. Scott. All rights reserved.

CONUNDRUM

Luke had it first, Paul had it last; boys never have it; girls have it only once; Miss Sullivan had it twice, but when she married Mike Murphy she never had it again. What?

The answer is the letter of the alphabet (A-Z).

Navy Cut Hit As Weakening Fleet's Power

Rep. Thomas States Slash Would Mean Discharging Of 82,000 Of Personnel

WASHINGTON, May 20, (AP)—Rep. Albert Thomas (D-Tex.) said today the Navy and Marine corps will have to discharge 82,000 men if Congress accepts the 11 percent cut the House Appropriations Committee recommended in funds President Truman asked for the Navy.

In a prepared speech as the House started debate on the \$3,697,761,100 bill, Thomas said the Navy gave him that information. Proposed cuts in pay and subsistence items, he contended, will cause a reduction of 70,000 in the average enlisted strength of the Navy during the coming year and 12,000 in the Marine Corps.

The effect will be a force "entirely insufficient to carry out the Navy operating force plan," Thomas said.

"During these troubled times," he added, "I doubt the wisdom of these substantial cuts. Maybe 12 months hence, after world conditions are clarified, these cuts can be substituted by even going deeper. But, at this particular time, I do not approve of the chances we are taking."

On the other side, Rep. Taker (R-N.Y.), chairman of the appropriations committee, called for an ordinance of activities of the Army, the Navy, the Air Corps, the Marine Corps and the Maritime Commission.

"No one of these organizations dovetails into the picture or program of the other," Taker said in a statement. "The interests of national defense absolutely demand that this coordination take place. If it does not take place, the committee will proceed with the operation of coordination."

U.S. Scientists Observe Eclipse Of Sun In Brazil

BOCAIUA, Brazil, May 20 (AP)—A total eclipse of the sun occurred here today in clear weather, which promised success for the preparations of a large group of American scientists gathered on a wooded plateau at Bocauiua to witness the phenomenon.

The eclipse began at 8:22:38 A. M., became total at 9:34:48, remained totality three minutes and 48 seconds, and continued in partiality until 11:03:36. The eclipse was not visible to the naked eye, however, at a similar observation station at Araxa, 275 miles southwest of Bocauiua, because the sky was cloudy and overcast.

The eclipse was not seen in the northern hemisphere.

A broadcast heard in Rio De Janeiro quoted Prof. C. C. Kless, of the U. S. Bureau of Standards, as saying "the total eclipse at Bocauiua was one of the most successful, pending of course, development of the films."

Garner Is Back From Civil Service Meet

N. O. Garner, delegate from Sanford at the April 21-25 Civil Service state convention at Miami, reported today upon his return from West Palm Beach where he spent a vacation of several weeks that he had learned a number of valuable facts to apply in Civil Service here.

Jury Indicts 26 Persons For Primary Election Vote Fraud

Radio Station WTRR Starts Daily Broadcasts

Staff Congratulated By City Officials On New Project

Radio Station WTRR, Sanford's first commercial broadcasting station, went on the air this morning at 9:00 o'clock at 1400 KC. Notice was received last evening at 7:00 o'clock from the Federal Communications Commission in Washington to go ahead with the broadcasts. James H. Rivers, owner, announced today.

Mr. Rivers and his staff were congratulated in the initial broadcast by Mayor H. J. Gut who wished them "every success"; by City Manager H. N. Sayer, who termed the station the completion of Sanford's No. 1 project, and by Chamber of Commerce Manager (Continued on Page 5)

Defense In Lynch Trial Raps North For Interference

By ROMNEY WHEELER GREENVILLE, S. C., May 20 (AP)—Defense counsel appealed to a Greenville county jury today to acquit 28 white men who are accused of lynching a negro, and assailed "northern interference" with the suggestion that the Democratic National Administration hoped "to get votes in the North in a crucial election" by prosecuting suitcases.

White defendants, most of them Greenville taxi drivers, chewed gum and chuckled from time to time as counsel referred to the negro lynch-victim, Willie Earle, and at one point likened him to "a mad dog" that should have been killed.

Appealing to the jury, aging defense attorney Benjamin Bolt declared it had in its keeping "lives of 28 men, and not only the happiness of their little children." That responsibility, he said, was not with the defense, or the prosecution, or the court. "Nor, thank God, with the F.B.I."

"I am happy," he continued "that the responsibility for the lives of these men and the liberty of these men is in the hands of a Greenville county jury."

Speer Is Elected Head Of Men's Club

George A. Speer was elected president of the Men's Club of Holy Cross Episcopal Church at the last meeting of the Spring held at the Parish House last night. John Galloway was elected secretary.

ANTI-SEMITISM FOUND

FRANKFURT, Germany, May 20 (AP)—Pastor Martin Niemöller, returning by plane from a six-month tour of the United States, said today he had found a feeling of anti-Semitism in some parts of America.

KANSAS CITY, May 20, (AP)—The Jackson county grand jury today returned indictments against 26 more persons on charges related to alleged vote frauds in last August's primary election here.

Almost simultaneously in Washington, Senator Kem (R-Mo.) introduced a resolution calling for an investigation of what he termed Attorney General Tom Clark's "failure" to act on alleged irregularities in Missouri's 5th congressional district primary last year.

In that primary, Enos Astell, endorsed by President Truman and backed by the Pendergast organization here, defeated Rep. Roger C. Staughter by 271 votes, according to the official count. Albert L. Reeves, Jr., Republican, defeated Astell in the general election.

Senator Kem told the Senate that Astell was backed by the "ruthless and corrupt" Pendergast machine which, he asserted, "rules Kansas City in strict gangster fashion."

The jury began its work March 29, digging into a stack of statements and evidence gathered by the Kansas City Star. Investigators for the newspaper interviewed more than 8,000 individuals, uncovering, they said, cases of outright vote theft, falsification of returns and bribery.

Group Okays Bill On Education Exchange

WASHINGTON, May 20 (AP)—The House Foreign Affairs subcommittee today approved legislation to establish an "office of information and educational exchange" in the State Department.

No New Relief Funds Seen By Marshall

War Department To Ask Expense Money For Korea Totaling \$78,000,000

WASHINGTON, May 20 (AP)—Secretary of State Marshall disclosed today the administration has put off decisions on further foreign aid programs, such as the \$400,000,000 Greek-Turkish measure, until it completes a global survey of postwar needs.

WASHINGTON, May 20, (AP)—Secretary Marshall said today he does not foresee any further appropriations for such purposes as the \$400,000,000 Greek-Turkish and the \$50,000,000 foreign relief programs.

The secretary told a news conference, however, that he is not prepared to say what may be required in the future.

Marshall added that while the State Department does not plan any further requests for foreign funds, the War Department soon will ask more money for expenses in the overseas zone, including \$78,000,000 for Korea.

Chinese Reds Break Important Railway

NANKING, May 20, (AP)—Communist troops cut the Peiping-Mukden railway south of the Great Wall in a startling new episode of China's civil war today, nationalist dispatches reported.

Public Is Invited To See Junior Ball Game

The pennant winning Midway will meet the All Stars of the Rotary sponsored junior baseball league at the Municipal Ball Park tonight at 8:00 o'clock.

Greece Hits Liaison Body's Interference

Albania, Yugoslavia, Bulgaria Charged With Using Force To Urge Communism

By LARRY BAUCK LAKE SUCCESS, N. J., May 20, (AP)—The Greek government charged today that Albanian, Yugoslav and Bulgarian liaison officers with the United Nations Balkan inquiry commission engaged at Athens in "interference" designed to aid those who would bring Greece by forceful means into the Communist camp.

Greek Ambassador Vassili Demetriades made the accusation before the security council in opposing a Russian demand that the U. N. Balkan border watch group move its headquarters to Athens from Salonika, near the troubled frontier.

Demetriades said his government had protested unsuccessfully against what he called "the abuse by the liaison officers and agents of the disputant countries of their privileged status."

Demetriades also opposed a Soviet proposal for sharp curtailment of the powers of the interim border investigators. Russia would request further inquiries to specific cases assigned by the council.

Senate Passes Bill To Build Medical School

\$1,800,000 Appropriated By 34 To 3; Odham's Charges Go To Grand Jury

TALLAHASSEE, May 20, (AP)—The Florida Senate passed today by a 34-3 vote a bill to appropriate \$1,800,000 for establishment of a state medical-dental school in Dade county. The bill now goes to the House where a similar measure has been rejected in committee.

Final vote on the bill came after the Senate had downed an amendment which would have provided for a two-year survey before beginning a medical school.

Most of the talk centered about the amendment by Senators Matthews of Jacksonville and Sheldon of Tampa which would have granted \$25,000 for the two-year study.

Senator Coleman of Miami, junior member of the Dade county bill, and establishment of the school would initiate the "greatest medical center in the United States." But Senator Shands of Jacksonville opposed the entire bill because he said the State couldn't afford it.
