## House Votes 112 To 46 To Jail Hoarders

### Mandatory Wage And Price Control Bill Jinked At Plea Of President Truman

WASHINGTON, Aug. 4.—(AP)—House group has approved a proposal to give the "Voice of America" money enough to try blasting its way through the Iron Curtain. Members of an Appropriations Subcommittee said today they had taken such action after hearing Secretary of State Acheson emphasize that the truth is the ammunition they had taken to counter Russia's major propaganda weapon: "The lie repeated again and again." Acheson's testimony—in support of President Truman's request for \$2,200,000 more for the State Department's "Sell America Abroad" program—was made public today by the subcommittee.

WASHINGTON, Aug. 4.—(AP)—President Truman asked Congress today for an extra \$950,000 for naval plane construction and procurement. In a message to House Speaker Sam Rayburn, Mr. Truman said the funds are to be in addition to the \$10,000,000 emergency defense appropriation requested last month after the outbreak of fighting in Korea.

WASHINGTON, Aug. 4.—(AP)—The House today jinked its mandatory wage and price curb bill and started over on the job of writing an economic control measure. Beginning with the limited control President Truman has asked, the House added an anti-hoarding provision as its first step in trying to put together a new and broader bill. Approved 112 to 46, this would make hoarders subject to a year in prison and a \$10,000 fine.

The mandatory wage-price bill providing for savings to go on automatically if living costs rise 3 (Continued on Page Eight)

## Reece Leads In GOP Primary Comeback For House Seat

NASHVILLE, Tenn., Aug. 4.—(AP)—Waging a comeback fight, Carroll Reece held the lead today in his bid for his old job as representative in Congress from Tennessee's first district. With the count in from all except 27 of the district's 295 precincts, Reece had 29,496 votes to 27,909 for incumbent Dayton Phillips in yesterday's GOP primary.

Reece, an east Tennessee banker-industrialist-publisher, represented the first district for 24 years before stepping down in 1947 to take over his party's chairmanship. In the Second District—which like the first is heavily Republican—incumbent Jim Jennings Jr. trailed far behind Howard H. Baker, a Reece-favored candidate. The vote from 23 of 227 precincts gave Baker 23,765 to 11,509 for Jennings.

## City Commission Okeys Resolution

The City Commission last night approved the resolution completed and submitted recently by bond attorneys in regard to issuing bonds for the water front terminal project. The City, however, cannot formally adopt the resolution until the Reconstruction Finance Corporation gives its full approval, and this approval is expected in the near future, said City Manager C. F. McKibbin this morning.

## DAMAGE SUIT

Weather injuries received in an inter-fraternity fight on the University of Florida campus was an "assault" or a schoolboy "prank" is being argued in circuit court here today.

William Hallman, a member of the Kappa Alpha fraternity, is claiming \$3,000 damages from Harold I. Sebring, Jr., a member of the Sigma Alpha Epsilon fraternity and the son of State Supreme Court Justice H. L. Sebring Sr. Hallman claims he was assaulted and severely beaten during an early evening fracas on Oct. 27, 1948. While he and other members of his fraternity were on a walkway which met out to paint the S.A.E. lion, a statue which adorns the S.A.E. lawn.

## Downed By Enemy

THE FIRST Navy aviator to be shot down by North Korean anti-aircraft fire. Lt. W. Boyd Munroe of Warner, Okla., about 100 miles and happy about his career after being flown by helicopter from a British hospital that fished him out of the Sea of Japan. (International Newsphoto)

## Tampa Educator Urges Americans Learn To Shoot

### Dr. E. C. Nance Says Russia Knows Only Law Of The Jungle

TAMPA, Aug. 4.—(AP)—Dr. Edward C. Nance, president of the University of Tampa, advocates Americans learning all there is to know about how to kill because of the present crisis. He said: "We should have total preparedness based on the law of the jungle" because that is the only by which Russia and her satellites know how to live.

Dr. Nance, who has served in several Christian Church parishes, said: "If I were minister, altar leading my congregation in prayer services, I would invite them in the title range for practice in the arms."

Dr. Nance said if he were to offer advice to all organizations, including the church which are interested in peace, it would be to "launch a campaign of instruction in the use of fire arms, civil defense, guerrilla warfare and a few every man, woman and child in the United States."

## Sportsmen's Group Seeks 500 Members

Plans for a membership goal of 500 were made Wednesday night by directors of the Seminole Sportsman Association at a meeting at the Tourist Center with Porter Leasing presiding. The next regular meeting of the association was scheduled for Aug. 24, and on the last Thursday of each month thereafter.

Among the directors present were Forrest Gatchel, Mr. Lansing Charles D. Furrer, R. L. Johnson, Deaver Cordell, John Melchior George Maffit, E. J. Moughton, Jr. and George A. Speer, Jr.

**CITY PERMIT**  
Ole Weeks and Miss Annie Weeks have obtained a City permit to erect a one-story five room frame dwelling at Eighth Street and Laurel Avenue at an estimate cost of \$7,000. E. B. Anderson is contractor.

## Soviet Asks U.S. Troops To Leave Korea

### Malik Also Demands North Koreans Be Heard By Security Council Members

LAKE SUCCESS, Aug. 4.—(AP)—Russia today demanded the immediate withdrawal of United States and all other foreign troops from Korean soil as part of a two-point Soviet "peace" proposal. It asked the Security Council to hear both the North and South Koreans and threatened to exercise its veto power unless the Council hears the North Koreans.

A Soviet resolution was laid before the 11-nation Security Council by Jakob A. Malik as a counter to a United States proposal designed to prevent the spread of the fighting to other areas.

"The issue," Malik said, "is whether the Security Council will adopt a decision for peace or for war."

The brief Soviet resolution provided for:

1. Immediate cessation of hostilities in Korea and withdrawal of all foreign troops.
2. Inviting representatives of Red China and the Korean people to take part in U. N. peace negotiations.

Malik made it clear he would veto the U. S. proposal by pointing out that he regarded the issue as a matter of substance. (This means it can be killed if anyone of the five big powers vote against it.)

Malik told the Council it should invite "both parties participating in these hostilities" that is, both the North and South Koreans.

The Soviet Union will insist, he said, that the North Koreans be invited before the Council. He asserted:

"The United States resolution is directed against the authorities of North Korea. Our idea is that it would be unfair and intolerable, if the Security Council decided to be an international body for the settlement of international business, for the consolidation of peace."

## Bond Of \$2,500 Is Set For Keigan In Slaying Of Carter

Bond of \$2,500 was set this morning by Judge Douglas Stenstrom for Ian Keigan, 50, and he was ordered held for action by the Circuit Court following a hearing conducted by Assistant State Attorney Hubert Griggs into the circumstances of the fatal shooting of Walter Carter, father of five children, near Altamonte Springs on July 23.

John Levanov represented the defendant, who was arrested soon after the shooting and who has since been held in County Jail pending the hearing.

One of the principal witnesses at the hearing was Elliot C. Buchanan, who in scarily audible tones, told of having visited the Carter place, and of hearing a shot immediately behind his automobile as he sought to fill the radiator with water.

# Korean Commies Bring Up Reserves As U.S. Stiffens Against Attack

## Reservists To Be Called Out In September

### 62,000 Individual Reservists To Get 21 Months Of Duty

WASHINGTON, Aug. 4.—(AP)—The Army announced today it will call out 62,000 individual reservists during September and October, "with or without their consent," for 21 months of duty.

"They will come from a pool of about 185,000 enlisted male reservists who are not members of the organized Reserve Corps units. They will be used primarily to bring the National Guard and organized Reserve units to full strength."

The group to be called out consists of enlisted men, not of officers.

The first 32,000 will be in camp by Sept. 15, the remainder by the middle of October, the Army's announcement said.

Those called first will be between 19 and 25 years old.

Priority will be determined by the number of dependents. Those with no dependents are to be called first, those with one dependent, second, and those with more than one dependent later on.

This was the first time the Army has called up enlisted reservists who are not in units. About 116,000 reservists who are in units, and whose units have not yet been called out, are exempt from the September-October call. Evidently it is planned to call them out as units.

Most of the enlisted Reserve are veterans of World War II. The Army said that those members serving reserve enlistments for three to six years under the terms of the Selective Service Act of 1948 will be subject to call on the same basis as all other reservists. This group, which is part of the 185,000 pool, includes men who served on active duty for less than three years after the war and then reverted to reserve status.

The Reserve will come from all parts of the nation. Quotas for Army areas, which are about in proportion to the total strength of the enlisted Reserve Corps in those areas, are as follows: First Army (New York, Maine, Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island, New Jersey) 9,440; Second Army (Maryland, Pennsylvania, Ohio, Virginia, West Virginia, Delaware, Kentucky) 12,012; Third Army (Georgia, Tennessee, North Carolina, South Carolina, Alabama, Mississippi, Florida) 6,487; Fourth Army (Texas, Arkansas, Oklahoma, New Mexico) 6,270; Fifth Army (Illinois, Indiana, Michigan, Wisconsin, Missouri, Iowa, Minnesota, North Dakota, South Dakota, Nebraska, Kansas, Colorado, Wyoming) 18,406; Sixth Army (California, Montana) 6,487.

## Knowland Says South Koreans Asked Arms Aid

### Roberts Claims U. S. Refused Aid Asked By Korean Republic

WASHINGTON, Aug. 4.—(AP)—Senator Knowland (R-Calif.) disclosed today that he brought a special personal appeal from the president of South Korea to Washington officials for additional arms and defense equipment seven months before the South Korean communists invaded in June.

Knowland made the disclosure in a report after being General William E. Roberts, former head of the U. S. Military Mission to Korea, had given similar secret testimony on the Korean situation.

Senators said Roberts testified that Washington officials refused numerous requests for additional tanks, planes and heavy guns to the South Koreans.

South Koreans evacuated all civilians from a strip 10 miles wide above the 38th parallel before the invasion started.

A Roberts had no assigned military intelligence officers among his mission of 500, including 300 officers and 200 men.

Some persons believed South Koreans might attack North Korea if provided with tanks, planes and heavy equipment.

In an apparent effort to dispute reports of an invasion threat by South Koreans and to confirm reports of a lack of U. S. aid, Knowland pulled from his pocket notes he made Nov. 19, 1949 while talking with President Syngman Rhee of the Republic of South Korea.

Knowland was in Korea on a general inspection of the Pacific area and defense bases as a member of the Senate Armed Services and Appropriations Committees.

The Senator said his notes should be read with the South Korean leader at Rhee's request. He said Rhee "insured me that there would be no aggression on the part of his government but they did not need weapons to defend their freedom."

## U. S. Trading Space For Time

COMMUNIST ARMIES, throwing "caution to the winds," attacked "without abatement" across a forty-five mile battlefront stretching northward from Masan (1) on the western perimeter of the shrinking American beachhead. Although reinforced U. S. units counter-attacked around Masan, elsewhere on the central and northern lines brigaded Korean and American defenders fell back to prepared positions. (Central Press)

## Korean Communists Reported Using South Korean Recruits

WITH U. S. TROOPS IN KOREA.—(AP)—Leaves from a war reporter's notebook.

Some prisoners of war report that the Red Army is beginning to use South Korean recruits to replace casualties in heavy fighting. "These people (South Koreans) have been damn well trained."

A favorite trick of the Reds is to put command post under fire to try to demoralize it as they infiltrate into American military positions. That leaves the U. S. infantry without support, and the Reds then come streaming through.

How can they be stopped? "We will have a stabilized front when a soldier in a hill position can look five yards and say 'Hi, Joe' to another soldier," Spoo said. "Then if we have proper reserves we can crack them back anywhere they get something through."

Staff officers along the front are convinced that most of the atrocity stories about the conduct of the war are lies.

How can they be stopped? "We will have a stabilized front when a soldier in a hill position can look five yards and say 'Hi, Joe' to another soldier," Spoo said. "Then if we have proper reserves we can crack them back anywhere they get something through."

## Over 600 Enemy Dead Are Counted After Counter-Attack 8 Miles From Masan

TOKYO, Saturday, Aug. 5.—(AP)—North Korean invaders, checked by a sharp American counter-attack at the southwest corner of the South Korean front, were reported bringing up two new divisions today for their determined push on Pusan, the all-important port 35 miles to the east.

The Americans, newly reinforced by elements of the First Marine and Second Infantry Divisions, confronted continuing heavy pressure in their struggle to maintain their narrowing foothold in Korea. General MacArthur's headquarters summary, issued at 12:10 A. M. today (9:10 A. M. Friday, EST), placed the fighting scene along an arc running from 20 miles southeast to 11 miles east to 15 miles northeast of Chnju.

It said in that area alone 600 enemy dead had been estimated after the hot battle of Thursday. Front-line field dispatches, covering later information, placed the scene of the American counter-attack eight miles west of Masan. That would be 20 miles east of Chnju and 35 miles from Pusan.

It was there, reported AP correspondent Don Whitehead, that the 600 enemy dead were counted after the 27th Regimental Combat Team of the U. S. 25th Infantry Division met a North Korean advance head-on and hurled it back in a wild four-hour battle.

MacArthur's summary said "the fighting continues along that front. It said the undisciplined Reds were maintaining steady pressure and possibly shifting two more divisions from other sectors to that key position. They had not, however, been able thus far to stand."

In the Yongdok vicinity, on the east coast at the extreme other end of the 126-mile defense line, MacArthur's summary reported heavy enemy artillery and mortar fire. Elsewhere along the square-cornered east-west and north-south line, the North Koreans were reported "disorganized."

It was along the relatively quiet central sector that the Americans were dug in behind the Nakdong River. Officers freely described it as the best defense line they had yet found and at which they intended to stand.

The vital point—key at present (Continued on Page Eight)

## Search Warrants Are Not Needed By Beverage Agents

TALLAHASSEE, Aug. 4.—(AP)—Search warrants to stage gambling raids on liquor dealers' establishments, Attorney General Richard Ervin ruled today.

Answering questions from Duval County Solicitor Wayne E. Ripley, Ervin said beverage agents also have the right to break open either outside or inside doors to a gambling room constituting a part of the licensed premises where they are refused admittance to such room after notice of their authority and entrance.

Ripley's request for an opinion was the result of the Beverage Department's July 1 raid on the Havana Nite Club in Jacksonville. The Beverage Department said there were 76 whites and Negroes in the club when it was raided and evidence of lottery operations was discovered.

The Attorney General added "in my opinion, the licensed premises (Continued on Page Four)

## Almost \$1 Million Worth Of Building

Although July was a relatively inactive month in the building line in Sanford, permits for the first seven months of the year are approaching the million dollar mark. The total being \$917,574, John Gilson, building inspector, announced today.

This figure is nearing the record breaking total of last year of \$1,160,259 in building permits. To date, permits have been issued for 146 new homes, costing \$600,950.

Permits for the past month included the construction of two two-story homes, and with permits for repairs totaling \$51,549 in estimated value. In July, 1949, the figure was \$60,369, and during that month also, but two homes were built.

Permits for the past month included the construction of two two-story homes, and with permits for repairs totaling \$51,549 in estimated value. In July, 1949, the figure was \$60,369, and during that month also, but two homes were built.

GI'S DRAW ENEMY FIRE IN DASH FOR NEARBY COVER. These dramatic front-line photos show the deadly give-and-take conditions that exist on the battlefield as American forces seek to drive the Communist invaders from South Korea. Shown in sequence, a small Korean village infested with Red snipers is set afire (top) by a U.S. tank. Moving in, tank commander Lt. Robert Freeman, Watertown, N. Y., fires carbine at snipers from turret of his vehicle. Retaliating with heavy mortar fire, Reds knock out tank's guns as shell explodes nearby. Ordered to abandon their armor, GI's duck enemy fire (bottom) as they dash for hilltop overlooking the burning village. (International)

## POLIO PRECAUTIONS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

WHEN POLIO IS AROUND, the National Foundation for Infantile Paralysis recommends these simple precautions: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay too long in cold water or sit around in wet clothes. And always wash hands before eating. Watch for feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. Call your doctor and then, if help is needed contact the National Foundation Chapter in your area.

FRIDAY, AUG. 4, 1950 TODAY'S BIBLE VERSE

But don't search for temptation. Avoid it and deny it. Blessed is the man that endureth temptation.

Virginia is not the only state which is suffering from a serious polio epidemic this summer.

An Arab watchman at a fuel dump at Jeddah in Saudi Arabia got even hotter than we were the other day.

Let's hope that our congressmen will prove to be somewhat heroic in the next few years and refrain from that favorite congressional pastime of voting little gifts to the folks back home.

From the depraved direction of Drew Pearson, we note renewed attacks upon General MacArthur, blaming him for the setbacks in Korea.

Former Democratic National Committee Treasurer Paulley says the United States should have gone to war with Russia in 1946.

It is rapidly becoming increasingly apparent why Russia returned to the Security Council and why Malik wants to be president.

Always in American history moments of great crisis have produced men of great genius to handle those crises.

Get Ready

Members of the National Guard will know within 15 days what their future is to be as a result of the recent developments in Korea.

National Guardsmen, as well as Reserve officers, and young men subject to the draft, might just as well set their house in order and get ready for the inevitable summons which is sure to come within the next few months.

We do not like to be pessimistic about the international situation, nor a gloom spreader here at home, but as we see it there is very little chance of conditions getting any better until they have gotten considerably worse.

By that we mean that the United Nations need a great many more divisions in Korea than they have there now.

We do not expect the need for a strong military force to subside when the Korean hostilities are over.

We hope that we are wrong. But seeing things as we do, the only advice that we can give is to get ready.

Blame The Translator

When President Roosevelt spoke of the forgotten man, he did not have translators in mind, but he well might have.

This is true within limitations. The late Samuel Putnam prepared his recent translation of "Don Quixote" out of a conviction that all previous renderings of this Spanish masterpiece were bad.

On the other hand even the work of a conscientious translator may involve problems. Most of the classic Russian novelists were brought to the attention of English-speaking readers through the versions of Constance Garnett.

At least all can agree that more attention should be given to translators.

50,000 Guests

Even the most ambitious party-giver might think twice before inviting 50,000 guests. The Armco Steel Corporation of Middletown, Ohio, apparently did not turn a hair when doing so in celebration of its fiftieth birthday.

The party used 150,000 hot dogs and 160,000 bottles of soft drinks. Orders on this scale would, to put it mildly, tax any grocery. Other statistics were in proportion.

United Nations

(Continued From Page One) more considers this a matter of substance and not procedure.

A matter of substance is subject to vote by Russia and the other big powers on the council. The Council voted 8 to 1 yesterday to take up as the first order of business today a United States resolution condemning North Korean defiance of the United Nations and asking all countries to join to isolate the conflict.

U.S. Delegate Warren R. Austin denounced Malik's charges as a new slander, a new threat, a new provocation. It was one of the most heated speeches heard in the Council.

Austin said he doubted that the Soviet Union wanted to go into "the question of who is to command the unending bloodshed which has overtaken the international community."

pose the villain," the American declared. Malik retorted that Austin was "hysterical and his hand wavering and shouting don't make any impression on me as a Soviet delegate. If he is trying to blackmail me, he has directed his remarks to the wrong address."

British Delegate Sir Gladwyn Jebb commented that Malik's "offensive and indeed irregular speech makes it completely clear that his government is determined to maintain what is the reverse of the truth."

Juan Chauvel of France branded Malik's charge of U.S. aggression in Korea "false" and added, "I repeat, it is false."

Warren R. Austin, U. S. delegate, said the Russian resolution was "entirely beyond the agenda and the business now confronting us."

"Note that the Russians say the representatives of the Korean people," Austin said. "We decided that (Korean representation) in the General Assembly and in two meetings of the Security Council. That body is the Republic of Korea—the only body that represents the Korean people."

AT A WHITE HOUSE CEREMONY, President Harry S. Truman signs into law the Organic Act for Guam, thus granting the people of Guam U. S. citizenship and the Bill of Rights as well as establishing a representative form of government through an elected legislature.

U. S. Fighters

(Continued From Page One) expected to give a big lift to the Nationalist Air Force.

Previously, Nationalist airmen faced the prospect of meeting Soviet-built jet planes of the Chinese Red air force without anything to match them.

The American jets landed at Hsinchu airfield, on the western seacoast facing the Communist mainland. Hsinchu is 30 miles southwest of Taipei.

Almost simultaneously the U. S. Far East Air Force announced in Tokyo that B-29s bombing North Korea are based now on Okinawa. American air bases on Okinawa are about 700 miles from the same distance from the Amoy in Red China, logical staging area for a Communist attempt to invade Formosa.

It's no secret that many airfields on Formosa are being strengthened and improved. The Nationalist air force itself resumed activity this week on the heels of a flying visit from Tokyo by General MacArthur, who conferred at length with Generalissimo Chiang Kai-Shek on the defense of Formosa.

MacArthur promised aviation gas would be supplied. The first tanker is due tomorrow under U. S. naval escort.

Chinese dispatches reported sporadic Communist shelling of Quemoy, a Nationalist-held island lying off Amoy on the other side of Formosa Strait.

Beveridge Agents

(Continued From Page One) miss include not only the rooms where liquors are stored or sold by the licensee but also all other rooms in the building which are so closely connected therewith as to admit of free passage thereinto.

control over or the right to use, such other rooms." He told Riney Florida law permits beverage agents to search liquor dealers' premises at any time during business hours without a warrant.

Reserves Called

(Continued From Page One) tans, Idaho, Oregon, Washington, Nevada, Utah, Arizona) 9,449.

Reservists first will be selected tentatively and ordered to their nearest mobilization facility for physical examination. Then they will return to their homes and be ordered to active duty from there if their physical condition has been found satisfactory.

They will be given 21 days from the date of receipt of their orders to settle personal affairs before reporting to training divisions or reception centers.

In addition to using the enlisted reservists for filling out National Guard and reserve units, the Army said it will need some of them as "key specialists" in expansion of the regular Army. This apparently would include such technicians as radar and radio

men. Commanders of the separate Army areas will decide what types of technicians they need and make their calls accordingly.

The Army, Navy, and Air Force today began a new policy of allowing Reservists and National Guardsmen a little extra time in civilian clothes if they hold critical jobs.

Secretary of Defense Johnson announced that the armed services will be guided in this by a list of 48 "critical occupations," prepared by the Labor Department, and a list of 72 "essential activities" (industries), prepared by the Commerce Department.

Thus the old top-of-war between industry and the military for the country's manpower started over again, only five years after the end of World War II.

The Pilot Club will hold a picnic at "Time and Tide" beginning at 5:00 P.M.

The Chapel Choir of the First Baptist Church will meet at 6:45 P.M.

The Woman's Bible Class of the First Baptist Church will hold their monthly meeting at the home of Mrs. B. R. Beck at 8:00 P. M. Co-hostesses will be Mrs. C. Newson and Mrs. J. A. Strang.

**WEDNESDAY**  
The Prayer Meeting service at the First Baptist Church will be at 8:00 P.M.

**THURSDAY**  
The Douglas John Junior Brotherhood of the First Baptist Church will meet at 7:30 P.M. in the Men's Bible Class Room.

## Hollywood

By GENE HANDSHER (For BOB THOMAS)

**HOLLYWOOD, Aug. 4.—(AP)—**This probably will strike you as top in the ridiculous, what with all the serious news on the wires these days. But I've just had my own little bit of fun, trying to interview Martin and Jerry Lewis. My eyes were tightly shut, my knee reflexes checked and my ear pulled. Dean Martin and Jerry Lewis kicked, slugged an interviewer who like noisy wild mink come mad.

But they swore they're the best of friends and angrily denied a rumor they might split up. Jerry Lewis, 24, born in Newark, N.J., wears a crew cut and sometimes a simian expression. Dean Martin, 33, of Steubenville, O., and Long Beach, Calif., is the dark, good-looking crooner of the pair.

They were featured in "My Friend Frank" and "My Friend Irma Goes West." Now they're stars and investors in an independent production called "At War With the Army," based on a play that ran four months on Broadway last year.

Dean and Jerry began brawling each other at the end of the luncheon. Jerry explained, "We've been having a lot of fun on this picture. Dean? I think they're plotting to shove the picture and release us."

Jerry spontaneously assumes an character that comes to his agile mind. Suddenly he was a shoe salesman examining my record. "We can give you a 9 1/2-B if you prefer."

Then he was a corny vaudevilian: "A funny thing happened on the way to the studio today. I drove my car between two street cars. Do you know anybody who's like a tall, thin Buck?"

Next he was a doctor, tapping my knee with a pencil and fingering my eyes and ears.

Jerry: "When we work, we really go to town." Dean: "We don't get back, but we go to town. Jerry flicked his cigaret ashes in my face."

"How much can I take?"

I asked about that rumor of possible break-up. Jerry: "Where you hear that? We stay home, we have ourselves, have a lot of fun. We're happy people. We get in when we hear something that's not true."

Dean: "It's jealous people who say those things. We'll get up when Jerry dies." Jerry: "That may be soon. My oxygen tank due at 7 A.M., but it hasn't rived."

Dean had the make-up man on some artificial blood on his face. "Beach chair! Get your beach chair! Fifteen cents!"

They moved onto the set. De slugged Jerry with a back to the bellied stove, hurred it, he knocked down, the director liked working with Martin and Lewis.

"Look at me," he said. "I'm crazy already. No, they're really wonderful fellows."

## Birthday Enjoyed

By Susan Ann Dekle

Mrs. Melvin Dekle honored her daughter, Susan Ann, on her second birthday with a party Monday at the Dekle home on West First Street.

The honoree received many lovely gifts from her little friends, and late in the afternoon refreshments of ice cream, cake and baskets of candy were served.

Favors of magic hats were passed out to the children.

Those attending the party were: Marcia Kay Lippincott, Pamela Eaddy, Wayne and Marth Keeling, Charles, Susan and Steven Stein, Wade and Leroy Griggs, Toni and Elaine Echols, Patsy Owens, Joy and Gay Stanley, Fay Holloway, Brenda David, Sharon Lee, Ricky Galloway, Tomm and Jimmy Palmer, Jackie Bohannon, Lon Revels, Mikey and Donna Davis, Buzz and Hutch Holly.

Also Mrs. Bob Lippincott, Mrs. K.M. Eaddy, Mrs. Harold Keeling, Mrs. Fred Stein, Mrs. O.H. Griggs, Mrs. Lamar Echols, Mrs. H.B. Owens, Mrs. Alfred Stanley, Mrs. A.D. Holloway, Mrs. Hike David, Mrs. Bob Lee, Mrs. Richard Galloway, Mrs. Lambert Palmer, Mrs. G.R. Bohannon, Mrs. Gelon Revels, Mrs. Jeff Davis, Mrs. John Holly, Mrs. R.D. Dekle, Miss Louise MacAlexander and Miss Melba Johnson.

Assisting Mrs. Dekle in serving were Mrs. A.D. Holloway and Mrs. Bob Lippincott.

## BAPTIST SOCIETY

The W.M.S. of the Central Baptist Church honored Mrs. T.P. Cason with a stork shower on Tuesday evening.

Interesting games were enjoyed by all. Delicious refreshments were served by the hostesses, Mrs. R. Masey, Mrs. Charles Hayes and Mrs. J. M. Davis. To the following: Mrs. Carl Summerlin, Mrs. Boyle, Mrs. T.P. Cason, Mrs. S.L. Whitley, Mrs. S. Hannah, Mrs. Regina, Mrs. J. M. Davis, Mrs. J. M. Davis, Mrs. J. M. Davis, Mrs. J. M. Davis.

## CIRCLE MEETING

Circle No. 4 of the W.S.C.S. of the First Methodist Church held their regular meeting at McKinley Hall on Monday.

The meeting was presided over by the chairman, Mrs. J.H. Anderson. Judge Stenstrom talked to the members of the circle on juvenile delinquency.

## ANNOUNCEMENT

Judges for the "Miss Sanford" beauty contest which will be held at the Ritz Theatre tonight at 8:00 P. M. are Mrs. Helen Bennett, past president of the Organizational and Professional Women's Club, Joe McMullen, head football coach at Stetson University and Lloyd Hoover Galber, landscape architect in Orlando.

## Personals

Arnold Van Ness is visiting relatives in New York City.

Al Smetzer returned this week from a three month's vacation during which time he toured 30 states.

David D. Caldwell left yesterday for Washington D.C. after spending some time with relatives in Sanford.

Mr. and Mrs. J. D. Cordell and sons, Terry and Jimmy, left today for points in North Carolina, where they will spend two weeks.

Mr. and Mrs. R.M. Mason Jr. of Panama City are the guests of her brother-in-law and sister, Mr. and Mrs. C.L. Powell.

Mr. and Mrs. A.D. Johnson of Lakeland spent last weekend in Sanford with friends. They are former residents of Sanford.

Dick Simpson of Atlanta is spending a week with Neil Powell at his home on Palmist Avenue. Both are students of Emory Dental College.

Mr. and Mrs. J.W. Taylor of Atlanta, Ga. are visiting with their cousins, Mr. and Mrs. R.W. Turner at their home on Park Avenue.

H.H. Coleman leaves tomorrow for Rockport, Me., to join his wife who has been visiting there for some time. They will return to Sanford home in Sanford soon.

Mr. and Mrs. M.J. Meeks have returned to their home after spending the past two months at the peach section of Georgia.

Mr. and Mrs. O.W. Douglas of Savannah, Ga. are spending a two weeks' vacation with Mr. Douglas' parents, Mr. and Mrs. A.C. Williams.

Mrs. Blanche Gordinier of Cleveland, Ohio, is the houseguest of Mr. and Mrs. M.L. Wright. She is also visiting with her brother-in-law and sister-in-law, Mr. and Mrs. C.W. Edridge in Goldensville.

Mr. and Mrs. John L. Lee and two children, Jonelle and Allison have returned from Waveross, Ga. where Mr. Lee has been confined to the Atlantic Coast Line Hospital. They are now spending a few days at New Smyrna Beach.

Mrs. A.J. Peterson has just returned from Vera Beach, where she has been the guest of her sister, Mrs. J.K. Perritt. Her niece, Jeanette Perritt, accompanied her home and will be the guest of the Petersons for a week.

Mrs. E.S. McCall and child have returned from Atlanta where she attended the annual convention of the Georgia Seedsmen's Association with Mr. McCall. She was accompanied home by her sister, Mrs. Parks Hunter of Atlanta.

Mrs. R. A. Cobb returned home Wednesday after spending two weeks in Cherokee, N. C., which

SPINLER TRACY and ELIZABETH TAYLOR enjoy breakfast, in this scene from MGM's "FATHER OF THE BRIDE."

Senator Bridges (R-NH) said that on many occasions he had made requests of Washington for additional military supplies and equipment for South Korea and in all instances these were refused.

Somebody in Washington put Korea on such a low priority they only got a token of supplies and equipment," Bridges added.

Senator Hayden (D-Ariz), one of the ranking members of the appropriations group, said General Roberts' testimony "was just a pot-boiler."

He said Congress had authorized and voted \$5,000,000 last year for use in the general China area and another \$27,000,000 earmarked for Korea, the Philippines and Iran "which could be split any way officials wished."

# Lake Sets Azaleas Down With 8 Hits For 10 To 4 Win

## Modest Ladies Night Crowd Sees Giants Defeat Azaleas In Heavy Hitting Game

Before a modest crowd of Ladies night fans last night the Sanford Giants collected 13 hits and 10 runs to defeat the Palatka Azaleas by a score of 10 to 4.

The Giants held hitting practice against the Azaleas last night, collecting 13 hits off two Palatka pitchers. Of the 13 hits, 4 were for extra bases. Merce Poelker and Al Neville collected a double a piece while John Heffner and left fielder Murphy banged out a triple apiece.

Looking like a different ball club than the night before the Giants committed only one error last night which was a throw from right fielder Ed Jackson that got by third baseman Joe Tomak.

Veteran Buddy Lake went the route for the Giants giving up 8 hits, which were pretty well scattered except in the fourth inning when the Azaleas managed to reach across 4 runs. Entons Lake sent 7 of the Azaleas down via the strike out route while walking only one.

The Giants journey to Palatka tonight for a return engagement with the Azaleas. Rookie right hander Charlie Tedesco will be out for his 16th win when he takes the hill tonight.

Tomorrow night the Giants return to Municipal Ball Park to meet the first place Orlando Senators with Southpaw Jim Singleton slated to start on the hill for the Giants.

**DELAND-SAINTE**  
DELAND, Aug. 4.—(AP)—DeLand managed to outscore St. Augustine 12 to 12 here last night in a game filled with base hits and infield errors.

A live-run inning by the Saints nearly tied the score after Gene Fullard socked out two run triple and scored when pitcher Bill Joe Simonian singled him home.

Ed Noreiga rescued Ed Bas on the mound for DeLand however, getting the last man on base out as the Saints held their margin of victory.

**DAYTONA-LEESBURG**  
DAYTONA BEACH, Aug. 4.—Edoia Glacou limited Leesburg to five scattered hits here last night to defeat the visitors 9 to 2, the latter's fourth straight win over Leesburg.

The Islanders go nine safeties off started Roy Coas and relief Ed Brickley, including a double by Gasque in the seventh which scored two runs.

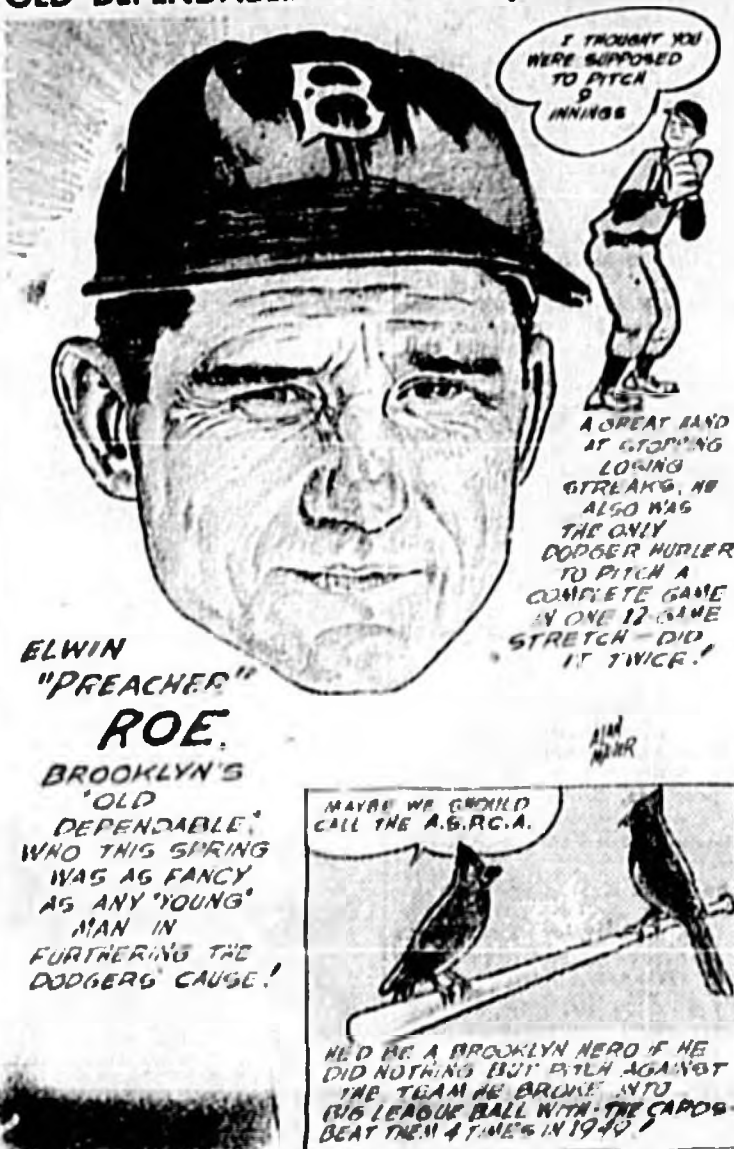

**ORLANDO-GAINESVILLE**  
GAINESVILLE, Aug. 4.—(AP)—Jumping lefty Jimmie Brown for four runs in the first inning and coasting behind the two-hit pitching of Bill Phillips and Red Roberts, the Gainesville 11-Men added to a 7-3 verdict over the league leading Orlando Senators.

**Junior Tennis Match Mostly Californian**  
KALAMAZOO, Mich., Aug. 4.—(AP)—Hamilton Richardson, considered the nation's top junior tennis player, remained with an unblemished New Jersey boy today to challenge six Californians in the 25th National Tournament.

Top-seeded Richardson of Baton Rouge, La., also unseeded Pablo Eisenberg of Millburn, N.J., are the only non-Californians left in singles competition reached the quarter-finals.

Richardson made easy work of Richard Carson of Santa Paula, Calif., 6-1, 7-3 yesterday and Tom Norman Peterson of

## President Reports Lead In Women's Moultrie Cubs On Verge Of Collapse

For 12 seasons the Georgia Moultrie Cubs has leaned heavily on the Moultrie Cubs as one of its mainstays, but the Cubs are in great danger of not completing their 13th season.

An emergency plea for funds has been sent out by Ramsey Pitlock, president of the Cubs. Pitlock spoke candidly when he says "There's no use kidding ourselves any longer. The club has been struggling financially since the season began."

The Cubs cannot do, says Pitlock, the things that have made them the club of the team immediately and then support through the rest of the pennant race.

At least two other teams, Brunswick and Lake City, Fla., are understood to be hunting a spot in the Georgia League, one of the fastest Class B leagues in minor league baseball.

As Pitlock indicated the unhappy situation the Cubs were facing in Georgia 7-5 where the largest crowd of the season turned out about 2,000 saw the game.

Cordle had suffered the straight setback before hitting the victory trail. The athletics started off on the right foot by scoring three runs in the second inning as Jack Spruiell, Kester Kell and Peppermint singled and the Cubs committed another error.

Lefty Wes Brachini hurled the Thomasville Tigers to a 5-3 victory over the league-leading Tallahassee Pirates. It was the fifth win in a row for the Tigers, who have won 10 of their 12 second division all season. In the past five games Tiger Pitchers have given up an average of only four hits per game.

America rallied for seven runs in the eighth and gained a 9-8 decision over Valdosta in the Dodgers' home park. Ernie Piet relieved John Hushbeck and eating started a Dodger fire in the bat.

**WOMEN SWIMMERS**  
HIGH POINT, N. C., Aug. 4.—(AP)—A classy team from the Hawaiian Swimming Club of Honolulu was the team to beat here today as the Women's National A. A. U. Swimming Championships started.

The team girls displaced runner yesterday that could have had some of their star swimmers. Nothing to it, they said, and went on to prove their fitness by placing two girls among the eight qualifiers in the 1,500-meter freestyle event.

Dean could retire but one man in the first frame before he was out of action. Three base hits, a walk and two Senator errors got the G's off to their winning start.

Lefly Ed Dunn took over and went until the seventh when he was lifted for a pinch-hitter. Jim Romeo worked the final frame.

## Orlando Will Be Honored Saturday At Volusia Track

DAYTONA BEACH, Aug. 4.—(Special)—Volusia County's ace greyhounds will gallop Saturday night at the dog track in honor of Daytona's friendly neighbor, Orlando, and the feature ninth race, which has been designated the Orlando Handicap, will bring to the post an all-star cast of sires.

The contents will be watched by a large delegation of prominent city officials, and residents of Orlando. Mayor William Beard, who is on vacation, will not be able to attend, but City Commissioner L. M. Johnson will act as his representative in the Orlando Handicap.

For tonight's feature ninth race Racing Secretary Merrill Walls has selected eight top performers to compete in the Handicap. They are Kelly Maule, Grey Topper, Bushy, Tough, Montine, Meat Bowl, Mom's King and Well Remembered.

Some sportsmanlike fans in Birmingham today may be cheered because Sawatski had just earned another try at the big league and they were glad to see him get it.

Maybe one or two of the 5,243 did cheer for that reason alone. Sawatski goes back to the Cubs with about a .300 batting average. He's lost 24 balls by homers to prove his selection was no fluke last year when he was picked as the Southern's most valuable player. Sawatski spent the early weeks of the season with Chicago but needed a bit more flavoring and Nashville was glad to give it to him.

Now the Southern is glad he's gone and gone from Dixie. The two games were among the fastest ever played in Birmingham. The first lasted 1:25 and the second 1:52. Roy Peterson followed Sawatski's homer with one of his own to win the Vols. In the

second game Nashville got off in front but failed as Birmingham battered Pete Modica. The doubleheader split helped Birmingham to a half game edge in the race to overtake leading Atlanta. The lost to Chattanooga 6-3. Memphis won the first round in the battle against New Orleans to remain in the first division. Little Mark Rothbart topped the Atlanta. The lost to Chattanooga 6-3. Memphis won the first round in the battle against New Orleans to remain in the first division. Little Mark Rothbart topped the Atlanta.

## Swish Sawatski Of Nashville Goes To Glory In The Majors

Swish Sawatski, Nashville's lefthanded catcher, has gone to glory in the majors and the only lament in the Southern Association comes from the Vol.

Of all the happiness generated by King Carl's promotion, none is so high as that from Birmingham for the Baron's suffered hard last night in his hammy hands.

On the night the Chicago Cubs sent for their 210-pound minor league prize, Carl Sawatski batted .666. Without his homer in the first game of a doubleheader in Nashville might have lost. Instead the Vols won 2-1. Nashville lost the second game but in no way was that the fault of King Carl. He got three hits in four times at bat, made five putouts and didn't fumble a ball.

During the game the public address system in Birmingham's Rickwood Park called out the name of Sawatski's departure for the Cubs. The news was so good that 5,243 fans roared and cheered. Some sportsmanlike fans in Birmingham today may be cheered because Sawatski had just earned another try at the big league and they were glad to see him get it.

## Matches To Solve Problem Of Davis Cup Tennis Team

NEW YORK, Aug. 4.—(AP)—A series of singles "tryout" matches the week before the Davis Cup tennis finals of Aug. 25-27 may help solve the tough problem of choosing the U. S. team.

Eleven players, including veteran Ted Schroeder, La Crescenta, Calif.; Billy Talbert, New York, and Gardner Mulloy, Coral Gables, Fla., were named yesterday by the U. S. Davis Cup Selection Committee to try for the four berths on the squad.

Rounding out the group of aspirants are Rudge Patti, Los Angeles, new Wimbledon champion who spent much of his time in Europe; Tom Brown, San Francisco; Herbie Flam, Beverly Hills, Calif.; Art Larsen, San Leandro, Victor Seixas, Philadelphia, and Tony Trabert, Cincinnati.

Schroeder, Talbert and Mulloy have played on the Cup team ever since the war. Schroeder never has been beaten in Cup competition but he has been no ball of fire in the little tennis he's played this season. He has had to give most of his time to business and the moot question now is whether he can up his game to the standard that makes him a topnotcher for a year-decade.

Alick Man, Jr., non-playing captain of the U. S. team, is one of the first to admit that trying to select the 1935 foursome to defend the international trophy held by America since it was returned from Australia in 1946 is a real problem. He hopes the planned "tryout" matches may clarify the situation.

Mulloy, touring on 27, and Talbert, a dandy, are currently teamed in the Doubles of the Eastern Grass Court Championships at South Orange, N. J., and victory for them in that tournament, which still needs to be played this week, would go a long way toward keeping them in as America's Davis Cup tandem.

Mulloy passed up the singles completion in the Eastern. He has been over-enthusiastic and wanted to conserve his strength in a bid for a Davis Cup singles berth, as well as doubles.

**RADIUM GOLF**  
ALBANY, Ga., Aug. 4.—(AP)—The members of the championship flight begin the first round of the Radium Springs Invitational Golf tournament today with either par or subpar putting scores.

The special George Jackson of Albany, toured the hometown over 27 layout yesterday with a 67. The long ball hitting amateur played a steady game and posted almost equal scores going out and coming in. He made a 34 on the first nine holes and finished with a 33.

Trailing Jackson on the 32 hole championship flight were Pierce Miller of Atlanta and Ralph Harrison of Columbus, Ga.; Dick Cherry of Albany and the Mattie and Duck Wright of Albany, and Mont Thomas of Ocala, Fla., 72.

Two 18-hole matches are scheduled for today and Saturday. The 36 hole finals are set for Sunday.

Stanforth of the U. S. was third. Brawner's time was 2:37.6, shattering the Japanese record of 2:40.4.

No Full-Scale Offensive In Korea Until Spring? Depend on South Koreans For Token Support Only

WASHINGTON—The Korean war has mushroomed into such gigantic proportions in so short a time that the military leadership does not now expect to get a full-scale offensive under way until spring.

They fear that the American divisions now in Korea will be badly battered before substantial aid reaches them, and that months will pass before ground forces of overwhelming power can be built up through Korea's only deep-water port of Pusan.

The days when military experts thought that air and naval support alone would enable the South Koreans to win seem to Pentagon observers to have receded into the almost forgotten past.

No reliance now is placed in the South Korean army for anything more than inspirational and token support. Guerrilla activity supported by the South Korean population may prove to be one of the United States Army's greatest problems.

Most significant of recent developments have been reports of guerrilla activity in eight areas behind the American lines. These areas cut a cross rail and highway communication lines feeding United States troops.

A high Army spokesman dismissed the guerrillas as "easy to deal with," but history from America's Civil war onward suggests that guerrillas have never been easy to deal with, even when they were few in number.

WORST FEAR—The President, the Cabinet and military leaders worry about one thing above all others in these days of worrisome events. The prime fear is that an American vessel, especially a troopship, will be sunk by a submarine.

Logically, such an attack could come only from a Soviet undersea raider, and without doubt that would mean World War III—all out.

Military experts do not think the Kremlin would order such an act, but they are apprehensive lest some trigger-happy Red submarine commander take the fateful step.

American leaders know that an all out war would be just that. Korean Communist massacres of United States troops are a grim indication of what could happen in another world war. The enemy would not bother taking prisoners, either civilian or military.

It is known that Russian submarines are in Korean waters in some force, according to American troop movements. The Pentagon and White House fervently hope the Reds will confine their activities to scouting.

DOCTOR DRAFT—Congress expects to take up soon legislation to get more doctors into the armed services.

Military lawmakers warn that as the size of America's fighting force increases, more doctors and dentists will be needed.

Chairman Millard Tydings (D), Maryland, of the Senate armed services committee, said this is one of the issues on which his group contemplates action. Tydings told a reporter: "I am sure that the Army in particular must be in a very serious situation (in regard to doctors) at this very moment. Serious Shortage Of Doctors"

"They were already very short in these categories and I would assume that the problem of providing additional medical and dental personnel is going to be extremely difficult."

ATLANTIC PACT LONDON, Aug. 4.—(AP)—Deputies of the 12 Atlantic Pact nations agreed today to urge their governments to boost their armed forces as quickly as possible.

Legal Notice IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA, IN PROBATE. IN RE: ESTATE OF SAULIE JACOB, Deceased. TO ALL CREDITORS AND PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE: You are hereby notified and required to present any claim and demands which you, or either of you, may have against the estate of SAULIE JACOB, deceased, late of said County, in the County Judge of Seminole County, Florida, at his office in the court house of said County at Sanford, Florida, within eight calendar months from the date of the first publication of this notice. Each claim or demand shall be in writing, and shall state the place of residence and post office address of the claimant and shall be sworn to by the claimant, agent, or attorney, and any such claim or demand not so filed shall be void. VERLIE MAE SLATER, Administrator of the Estate of Saulie Jacob, deceased. First publication August 4, 1950

Korean War

(Continued From Page One) to the whole American position in Korea—was at the southern end of the line. It was there that the Reds were bringing up their reinforcements and shoving steadily to try to smash off Pusan.

Besides the American counter-attack that had rocked the invaders momentarily back on their heels, there was another encouraging factor on that front: MacArthur's headquarters said that 45 enemy tanks, which it previously had reported advancing toward Chinju from the north, had proved to be burned-out hulks, abandoned after earlier American blows.

American and South Korean lines above Chinju now are east of the winding Nakdong. But the extreme southern forces are south of the big stream and west of its delta, which is just outside of Pusan.

A Tokyo headquarters spokesman reported the North Koreans were pouring tank and infantry reinforcements to the southern battle sector.

He said Red soldiers were coming into battle as recruits from Korean settlements in Soviet-dominated Manchuria. Many are Japanese trained and veterans of the Chinese Communist wars.

Allied planes kept a sharp watch for troop trains bearing down from the north. Some rail-borne reinforcements sneaked out of Chongjin, in North Korea, under a smoke-screen covering the marshalling yard.

Into this battle the 25th put all it had after a quick shift from the Kumsong area, to the north. The battered 24th was sent to another unidentified front when the 25th took over with expected Marine and other reinforcements.

The reinforcements were troops of the U. S. First Marines, the Second Infantry Division and the Fifth Regimental Combat Team from Hawaii. The Marines have 47-1/2 ton Pershing tanks, super-lazookas and flame-throwers.

While the battle raged in the south against the hinterland of Pusan, South Korean troops protecting the northern flank pulled back to the village of Pian, some 18 miles from Hamchang. They took up positions along the Nakdong's river side.

Red patrols probed without let-up at the South Korean lines and kept American outposts farther

Price Controls

(Continued From Page One) per cent above the level of June 15—was denounced yesterday by President Truman. He called it an invitation for a five percent rise.

The House threw it out on a standing vote of 172 to 161 on which the members were not recorded by name. The idea had been tentatively approved yesterday 159 to 128.

The action left before the House a controls bill providing only standby allocation and priorities powers for the President, authority to requisition war-needed materials, to grant production loans and to curb credits.

This bill, however, was subject to amendment to add wage-price controls.

The junking of the mandatory bill climaxed four days of House maneuvering in this order: The Banking Committee sent to the House floor a bill providing only the limited controls Mr. Truman had asked—not including wage-price powers.

With Congress clamoring for some sort of wage-price controls, Democratic leaders offered a substitute providing power for Mr. Truman to slap ceilings on prices and wages, and ration goods, when and if he thinks those steps are needed.

By adoption of amendments, the House proceeded to rewrite the substitute. It voted for mandatory price-wage controls, limited all control powers to eight months, added a "Buy American" clause, and forbade controls on commodity market speculation.

The result was something completely unacceptable to the Truman Administration.

So today's vote tossed out the amended substitute and left the House back where it started—with the Banking Committee's bill.

The House began then to deal with proposed changes in the committee bill.

First, Rep. Crawford (R-Mich.) wanted to change the policy declaration. He didn't like assertions that the bill's powers were needed for this country's support of the United Nations and mutual defense. His attempt to change the language was defeated on a standing vote of 131 to 91.

The House next slapped down a proposal by Rep. Hoffman (R-Mich.) that the Secretaries of Defense, Commerce and the Treasury be required to establish fair average prices on all materials and services as a guide to federal and local agencies for enforcing fair prices.

A standing vote of 112 to 46 approved an amendment by Rep. Rogers (D-Fla.) to make boarders subject to a year in prison and a \$10,000 fine.

Rogers said the provision was similar to one passed by Congress in 1917 and upheld by the courts.

It forbids the holding of more than "reasonable requirements" of "necessaries" and defines them as "foods, feeds, wearing apparel, automobile tires, containers primarily designed or intended for containing foods, feeds or fertilizers; fuel including fuel oil and natural gas; fertilizer and fertilizer ingredients; tools, utensils, implements, machinery, and equipment required for the actual production of the above-named articles and materials; and any other articles and materials the equitable distribution of which the President shall find and shall by proclamation declare to be essential to carry out the purposes of this act."

Stomach Ulcers

H. K. Ring, D. C. Headache, vomiting, nausea, faintness, and very severe pain after eating are symptoms of this condition.

A healthy stomach never has ulcers. Something has been wrong with the stomach lining for a varying length of time preceding such a condition. There can be many influencing conditions, leading to ulcers such as an extreme nervous condition, over indulgence in drink, etc.

However, the basic incoordination of that stomach lining comes from inability of nerves supplying the stomach to deliver the vital energy from the brain as nature intended. This interference occurs in the spinal column when a vertebra has become subluxated.

When a chiropractor adjusts and removes this interference to nerve transmission the forces of the body will again work to return health to the stomach lining.

And we're talking about genuine ARMSTRONG linoleum with the color inlaid all the way thru! And too, \$49 includes a complete installation by skilled linoleum mechanics. Call us for a free estimate. We'll be glad to measure your room and see just what it will cost if you'll call us, and you'll be pleased with the large variety of patterns now in stock. Sanford FURNITURE Company, Ned Smith, Mgr., 300 East First Street, "Right Where We've Been For 29 Years"

Large advertisement for Buick Roadmaster. Features a large image of the car and text: 'Even Wiser than He Seems. PLAINLY, here travels a man wise in the ways of fine motorcars. You know that, by the four Ventiports and the rich sweep of chrome which mark his car as a ROADMASTER. You know it, should you trail him on the highway, by the smooth lift of the big Fireball power plant at his toe's command, by the obvious levelness of the ride he enjoys, the swift ease with which Dynaflow Drive solves his traffic problems. What is not so plain from what you see is that here also is a man very wise in what today's dollar should buy! For this man has all that a fine-car owner can ask for—brilliant performance, a ride without equal for gentle softness, finger-easy handling, abundant room all around him, styling that is easily the most distinguished on the highway. Yet he paid considerably less than comparable merit costs elsewhere. He found fewer extra charges in his delivered price, with such things as Dynaflow Drive, foam rubber cushions, windshield washers, electric clock, even non-glare rear-view mirror included in the price. If you know fine cars, it won't take fifteen minutes behind a ROADMASTER wheel to see that here is one of the finest. If you have inquired about prices, a single glance at the delivered figures establishes this as the big buy of the field. Why not make both checks—especially since your Buick dealer will be glad to arrange a trial run in a ROADMASTER any time you care to call on him? Only BUICK has Dynaflow Drive\* and with it goes HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New V-363 engine in SUPER models.) NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights, WIDE-ANGLE VISIBILITY, close-up road view both forward and back, TRAFFIC-HANDY SIZE, less over-all length for easier parking and maneuvering, short turning radius, EXTRA-WIDE SEATS cradled between the axles, SOFT BUICK RIDE, iron all-coil springing, Safety-Ride rim, low-pressure tires, ride-steadying torque-tube, WIDE ARRAY OF MODELS with Body by Fisher. \*Standard on ROADMASTER, optional on extra cost on Super and SPECIAL models. YOUR KEY TO GREATER VALUE. Buick Roadmaster with Dynaflow Drive. NICHOLSON BUICK CO., 210 MAGNOLIA AVE., SANFORD, FLA., PHONE 1034

## Senate Nears Agreement On Price Control

### Banking Committee Nears Completion Of Work On Home Front Mobilization

WASHINGTON, Aug. 7.—(AP)—The Marine Corps announced today it will mobilize all of its 60,000 volunteer reserves. A Marine spokesman said the initial call is going out to approximately 50,000 officers and men who will report for active duty between Aug. 15 and Oct. 31. The Marine Corps said it also is calling up additional organized units of its Air Reserve.

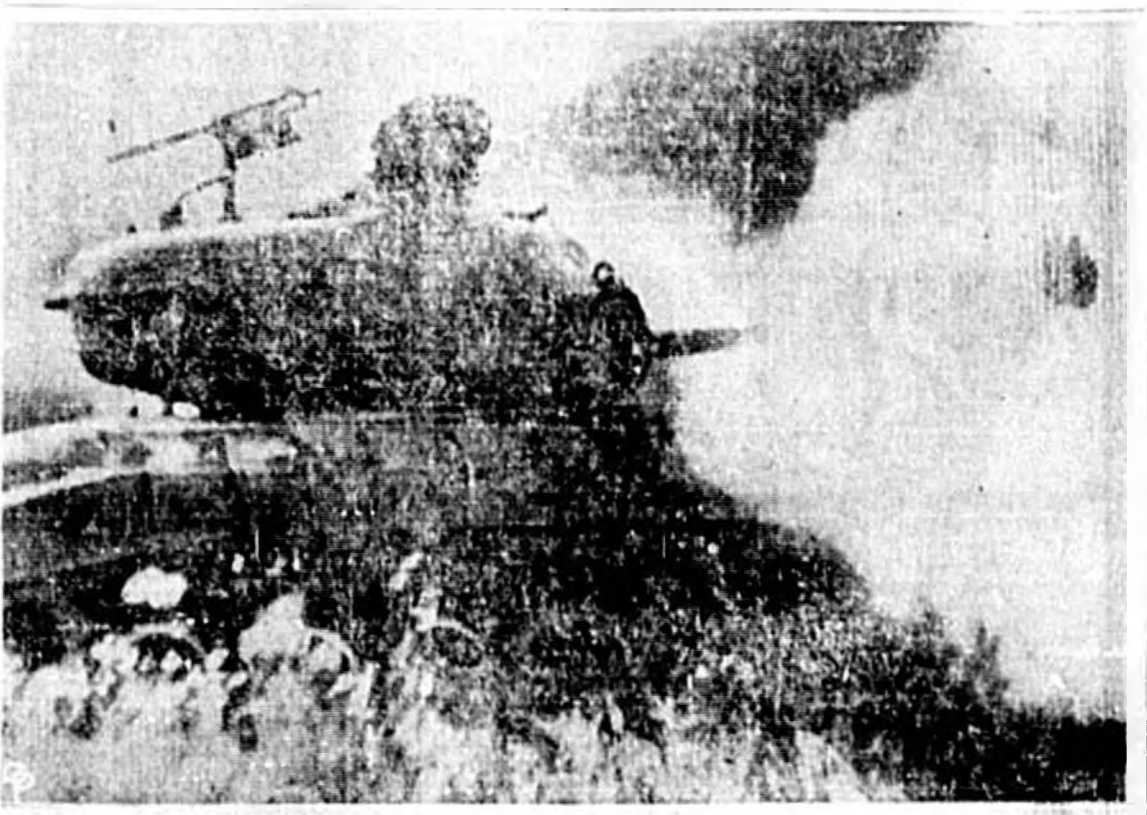

WASHINGTON, Aug. 7.—(AP)—Senate Banking Committee members today predicted completion by nightfall of a home front mobilization bill giving President Truman free hand to invoke wage-price-restricting controls.

The committee worked for three and a half hours behind closed doors. When the group recessed for lunch, Chairman Maybank (D-SC) and Senator Sparkman (D-Ala.) reported considerable progress.

"We are going to stay at it, even tonight if necessary, until we have finished the bill," Maybank said.

The Senate tentatively plans to start debating the bill Wednesday. Last Friday the committee approved the general principle of letting Mr. Truman put wage-price

## American Tank In Action On Korean Front

HEAVIEST UNITED STATES ARMOR in action on Korean front, this M-26 tank (The General Pershing) blasts away at the Communist-infiltrated equipment in South Korea. These "Persings" mount a 90-mm. gun, compared to the 85-mm. of the Red tanks. (Telephoto News Photo from International)

## Trygve Lie Says UN Could Meet On 24 Hours Notice In Emergency

LAKE SUCCESS, Aug. 7.—(AP)—Trygve Lie said today the U. N. General Assembly could meet on 24 hours notice in case of an emergency such as a new aggression.

The Secretary General told a weekly news conference he would not hesitate to call the 59-nation Assembly at such time.

He said the present rules provide for a 14-day period of notice to the Assembly members, but that he believed he had the authority to set aside the rules in an emergency.

Some delegates have suggested the Assembly meet in special session if the Soviet Union ties up the Security Council by using its veto powers.

Soviet Deputy Foreign Minister Jakob A. Malik, president of the Council this month, threatened last week to use the veto if the Council refused to invite the Communist North Koreans to take part in debate on the Korean War. He cannot use the veto, however, to halt U. N. military decisions already taken.

Earlier, Lie said a bold and energetic act of statesmanship is needed to resume negotiations on world problems and to halt further deterioration toward a Third World War.

He gave this view in his 100-page annual report to the Assembly which meets in regular session at Flushing Meadows, New York City, Sept. 19.

Lie was asked about demands in some quarters that the U. N. declare the Soviet Union the aggressor in the Korean War.

"I really think still that the Soviet Union wants peace," Lie replied. "I will not go further into details on conditions. I still believe all leaders of the nations of the world want peace. As for aggression against the Korean Republic, my information is that the Korean Republic was attacked by North Korean divisions."

Lie was asked about the use of Soviet material by the Communist North Koreans.

"I do not know when it was delivered to the North Korean troops, and that is a point for the U. N. Commission on Korea to investigate," Lie repeated, stating that he would repeat statements that he had made.

## National Guard Back From Camp In Good Condition

Two Weeks Of Intensive Training Turns Them Into Soldiers

Fifty-nine tired men of Company I, 124th Infantry arrived home Sunday morning at 11:00 o'clock from Ft. Jackson, S. C., happy in the realization that in two weeks of intensive training that they had been transformed from "greenhorns" into soldiers, as their commander, Capt. David Gatchel expressed it.

He had high praise for his men, pointing out that Company I did not go unnoticed during the grueling three days of sham battle practice in which they participated in the battalion comprising approximately 130 men from Central Florida under the command of Lt. Col. Clyde Travelstead of Orlando.

"I did not lose the services of a single man due to illness," said Capt. Gatchel proudly. He added that the men were in good condition.

## Army Announces Korean War List Of Casualties

153 Reported Dead, 1,590 Are Wounded And 873 Missing

WASHINGTON, Aug. 7.—(AP)—The Army announced today that its Korean War casualties reported to families and released for publication through Aug. 6 totaled 2,615.

There are additional casualty lists awaiting release after notification of families.

Today's total covered only army personnel. Losses with other services have been relatively light.

The breakdown of those casualties released for use shows 153 killed, 1,590 wounded and 873 missing, spokesman said.

It was noted that the Army always waits to inform families until they are positive of a killing. He said that the Army is trying to handle casualty notifications in a dignified and considerate way.

An officer said that the time lag in reporting casualties will decrease now that the front in Korea is "more or less stabilized."

The subject of the casualty count came up at the briefing because of a report by columnist Edward Preston that the casualty total up to Aug. 1 was 660 killed, 2,075 wounded and 3,000 "actually missing in action."

Preston wrote that he had seen "the secret casualty list kept by the Army General's office."

The Army spokesman said in answer to questions, that the totals given by Preston "do not agree with casualty lists I have seen."

Replying to a specific question about a "secret list," the spokesman added that it is the Army's Adjutant General that handles casualty reports.

## Plans Are Prepared For Deland Hospital

DELAND, Aug. 7.—(AP)—Working drawings and specifications for Deland's proposed 50-bed general hospital are now being drawn by G. Medwin Peck, local architect, and are scheduled for release to contractors for bids about the first of the year, J. E. Pollard, general manager of the Hart Fish Terminal Trust, announced yesterday.

Pollard emphasizes that the Fish Trust doesn't want to make any promises as to when the hospital will be completed. The new seven and a half million dollar hospital and possible building material shortages might slow the start of construction considerably.

The hospital, which the state plans to locate on the site of the old College Arms Hotel, will be of masonry construction and a large portion of the building will be air-conditioned. The latest modern equipment will be installed throughout, Pollard said.

The hospital site has already been cleared and graded to the approximate level of the proposed building.

The hospital has taken shape as a visible dream in the form of a small-scale model which was built by Exhibit Builders Inc. under Peck's supervision. It is laid out on an angle with the hospital entrance facing New York Avenue. The plan includes an administrative and staff lounge, operating and medical wing, maternity wing, and three wings for outpatients. Also there will be a parking lot on the west side of the hospital.

## Plans Are Made To Expand Activities Of Local Realtors

Plans were made for expanding the Sanford Real Estate Board and officers for the coming year were nominated at a meeting of the group held in the office of Fred Bender, local realtor, Friday afternoon. It was voted to change the name of the organization to the Seminole County Board of Realtors and to invite all realtors and brokers in the county to affiliate.

Mr. Meeks was the agent here for the Fruit Growers Express by which he had been employed for the past 26 years, and was widely known in the county. His estimates of celery acreage and production were used yearly by the Fruit Growers Express.

## Funeral Services Held Sunday For M. J. Meeks, 65

Funeral services for M. J. "Major" Meeks, 65, who died Friday night at a local hospital, following a sudden illness, were held Sunday morning at 10:00 o'clock at the First Baptist Church, officiating the Rev. W. P. Brooks, Jr. of Jacksonville. Burial was in Oak Lawn Cemetery, Jacksonville.

## Miss Betty Lou Partin Wins First Prize At B.&P.W. Beauty Contest

Miss Betty Lou Partin, 16 year old Seminole High School senior, won first prize in the "Miss Sanford 1950" beauty contest staged at the Ritz Theater Friday night by the Sanford Business and Professional Women's Club.

Before an enthusiastic audience that jammed the theater to capacity, Miss Partin was crowned beauty queen by Herman E. Morris, master of ceremonies, and was given a wrist watch donated by William Kader, jeweler.

The second prize, a three day vacation at the Princess Isabella Hotel, Daytona Beach, was won by Miss Frances Moore. Third prize, a bathing suit donated by Yowell, went to Miss Martha English. Peggy Hiss won the fourth prize, luggage presented by the Sanford Jewelry and Luggage Co. Penny Hutchison got fifth prize, a cosmetic kit, donated by Roumiltz and Anderson.

The judges were Helen Bennett, past president of the Orlando Business and Professional Women's Club; Lloyd Hoover Gallagher, Orlando landscape architect and Joe McMullen, head football coach at Stetson University. Mrs. Marvin Milam provided piano accompaniment as the contestants appeared one by one on the stage. First in evening gown and then in bathing suit.

Participating in the contest were the Misses Margaret Ansel, Ella Mae, Novella Davis, Barbara Gill, Martha English,

## France Plans Rearmament Against Reds

Proposal Would Give Her 15 New Divisions And Set Up Unified Command

PARIS, Aug. 7.—(AP)—France got her first three-year rearmament program today to help guard against Communist aggression and called on Britain and the United States to station "a substantial number of divisions" in continental Europe.

Thus she joined the vanguard of European countries who have announced step up spending for defense, with the aid of American arms and money.

The government announced that France will spend the equivalent of \$7,710,000,000 on rearmament in 1950, an immediate increase in military spending from \$4,900,000,000 in 1949 (\$1,000,000,000) to \$6,000,000,000 in 1950 (\$1,420,000,000) next year. This would divert an estimated 8.2 per cent of the national income to defense costs, and the three-year program is expected to take at least 10 per cent of the total income. But this stepped up program will cost that much less.

The statement said the program will give the French Army 15 new divisions. It also proposed a unified command of all units of the Western World now deployed against possible Communist attack, and suggested a pool of financial resources to make it effective.

France was the fourth to reply to President Truman's recent request to Atlantic Pact nations as to what they would do about rearmament in view of the present world situation.

Britain, Denmark and Norway have made similar announcements. The British are ready to spend \$2,520,000,000 on defense over the next three years with American help.

Denmark plans to spend 400,000,000 kroner (about \$57,000,000) in the next two years. No other reply proposed to spend the equivalent of \$5,125,000,000 for defense. Her 1950 military budget equals some \$1,200,000,000.

Calling for unified defense, the French statement said:

"The French government points out that this considerable effort on the human, industrial and financial plane would be useless if it were not supported by the other nations of the West."

## Four Mile Advance Is Made By Marines And Doughboys In Korea

### Naktong River Battle Imminent

AS U. S. AND SOUTH KOREAN troops continued to consolidate their positions behind the Naktong River, the remaining Communist forces made a final attempt to break through the Waegwan area (11) in the Chongju-Masan sector of the U. S. 24th Division held since the 20,000 American and South Korean troops are dragging in along the Naktong River to face 100,000 Communist Red invaders. (United Press)

## Marion Harmon Tolls Rotary Of Highway Hazards

Urges Large Attendance At Safety Council Meeting

The importance of highway safety and accident prevention was emphasized to Sanford Rotarians at the regular luncheon of the club today by Marion Harmon, chairman of the recently organized Seminole County Safety Council, who invited every interested citizen to attend a meeting of the group next Thursday night at the City Hall.

Mr. Harmon, who was introduced by Jack Rutigan, program chairman, outlined the three lines of highway safety: engineering, enforcement, and education, and said the individual citizen can help eliminate accidents by pointing out to highway officials needed highway improvements, by supporting enforcement officers in curbing reckless and drunken driving, and by studying the causes of highway accidents and helping to eliminate them.

"Every man has a right to drive safely on the nation's highways in safety," Mr. Harmon said, as he contrasted the hazards of the highways with those which existed in 1921 and pointed out that no one can any longer drive a car in safety.

"Hardly a day goes by that you do not pass an automobile wreck on the highway," Mr. Harmon said. "The number of highway accidents is increasing every year, and with this increase there is a growing consciousness of the need for more emphasis on accident prevention and safety."

Mr. Harmon traced the organization of the Seminole County Safety Council, outlined the scope of its work in trying to prevent auto accidents, pointed out that the police, highway patrol, sheriff, judges and press are all co-operating and urged that every citizen lend all the support he can.

## Marines Delayed As Tank Wreck Interupts Traffic On Area's Only Road

TOKYO, Tuesday, Aug. 8.—(AP)—American Marines and doughboys blazed forward an estimated four miles to the southernmost front in Korea Monday in their first offensive of the six-week-old war.

The three-pronged American attack which began Monday was continuing today in a slow-difficult battle against a withering barrage of North Korean artillery and mortar fire.

A bottleneck that blocked the Marines' Chon Peshing tanks at the outset early Monday just west of Chindong apparently had been broken.

Official sources at the front told AP correspondent Tom Lambert last night that earlier difficulties in that area now had been smoothed out and the American attack was proceeding.

The bottleneck had occurred when Red artillery knocked out the lead tank. Blocking the only road, Lambert reported the Marines had suffered their first casualties of the war but gave no details.

He said both the Marines' reinforced fifth Marine regiment and the army's fifth regimental combat team from Hawaii had scored four mile advances at unspecified places.

One battalion of the fifth regimental combat team was cut off, Lambert said, but Army and Marine elements were being sent to relieve it. They were supplied with ammunition and food by air drops.

No late reports were available on the third element in the American offensive, the 25th Infantry Division.

It was the first American offensive after five bitter weeks of defensive retreat.

About 2,000 Americans and some South Korean commando units were thrown into the attack. They clashed head-on with the Communist forces.

## Harriman Flies To Korean War Front For Observations

TOKYO, Aug. 7.—(AP)—Dean Acheson's special assistant, George Harriman, flew to the Korean War front today on an American transport plane to observe the fighting.

On the return to Japan, Mr. Acheson said in a brief statement that Harriman's mission was to observe the fighting and report on the progress of the war.

Harriman visited a battalion command post close to the front lines, while American soldiers fought an intense battle.

"Slightly above our heads," he said, "the Harbin army is attacking."

Harriman also visited U. S. Eighth Army Headquarters and conferred with the commander, Lt. Gen. Walton H. Walker.

The Harriman party returned to Tokyo's Haneda Airport at 8:35 P. M. in General MacArthur's plane, the Bataan.

The plane took Harriman to Korea early today. News of the flight to the war front was held for security reasons until after the presidential news had been announced.

## State Contends Citrus Law Seen Strictly Enforced

JACKSONVILLE, Aug. 7.—(AP)—Florida's new citrus code was strictly enforced in its first season, the state contended today in a federal court hearing testing the law.

The issue was raised when Judge Robert L. Russell of the fifth circuit court of appeals, presiding just after what citizens have been doing about the law since it went into effect 11 months ago.

G. L. Reeves of Tampa, attorney for 21 growers attacking the Citrus Code, said he frankly didn't think the law was properly enforced. He explained that the growers felt the Citrus Commission had tried to change the law by its interpretation.

But Citrus Commission attorney W. J. Steed of Orlando told the three-judge panel that inspectors kept constant check on cutting plants throughout the season.

Today's hearing in the case involves a motion by the growers to hold off a decision in the federal case until completion of one case now pending and others expected to be filed shortly in state courts.

Steed and Chester Bedell of Tampa, also a Citrus Commission attorney, asked the federal court, instead, to set a final hearing and quickly bring the case to a conclusion.

The hearing was extended by a preliminary review of the case by both sides for the benefit of Judge Russell who entered the case after the death of Judge Curtis Walker.

A recess was called in early afternoon, after which more arguments were scheduled to be made by both sides.

## Sanford Weather

High yesterday, 91.  
Low this morning, 70.  
Total rain, August, 1.05 inches.  
Normal August rainfall, 7.10 inches.  
Tides today, low at 8:16 A. M.
