

TRAMMELL, SEARS, LAKE, MEISCH, BLEDSOE ENTZMINGER AND CURLETT ARE WINNERS IN PRIMARY ELECTION HELD YESTERDAY

ALL MEMBERS OF CONGRESS ARE NOMINATED BY COMFORTABLE MAJORITIES, ACCORDING TO THE EARLY RETURNS; LOOKS LIKE TRAMMELL LEADS GILCHRIST THREE TO ONE.

Eaton Appears to Be Winner Over Campbell in the Railroad Commission Race; Ku Klux Klan Won in Volusia County, and One Woman is Defeated for Legislature.

JACKSONVILLE, June 7.—Returns compiled at one p. m. by the Jacksonville Journal and other state newspapers served only to increase the lead of Park Trammell, Frank Clark, W. J. Sears and Smithwick. The three cornered race for Railroad Commission between Campbell, Eaton, and Bowden was still close at that hour.

JACKSONVILLE, June 7.—All members of congress apparently have been re-nominated by large majorities, according to the latest figures compiled early today by the Times-Union. Trammell is leading Gilchrist approximately three to one. Available returns from forty odd counties showed close race between Campbell, Eaton and Bowden for Campbell's place on the Railroad Commission.

In Volusia county, the so-called Ku Klux Klan ticket made virtually a clean sweep, according to the DeLand News. State senator, both representatives, county judge and at least two of the five county commissioners and candidates for minor offices were nominated.

One of two women candidates for the legislature apparently defeated, fate of other in doubt. W. T. Hendry is leading Miss Myrtice McCaskill for the house.

In Pinellas county Mrs. Katherine B. Tippetts, running for the house, was second in a three cornered race. Leading candidate did not have majority on face virtually complete returns and count of second choice votes will be necessary.

Additional returns this forenoon served only to increase the lead of Trammell over Gilchrist. Only few counties complete. Pinellas gave Trammell 1,266, Gilchrist 387; Dade, Trammell 2,556, Gilchrist, 1,125. Throughout the Third District Sears' majority over MacWilliams for congress increased. j With only four precincts in Duval missing Trammell got 5,765 votes and Gilchrist, 3,679. The missing precincts have a total registration of 335. For congress Sears is leading MacWilliams by 1,200 votes. The defeat of Bryan Jennings for the legislature by A. Y. Milam is assured.

Jennie Ketchum, candidate for the Board of Public Instruction of Monroe county, was defeated nearly two to one by Millard Gibson.

JACKSONVILLE, June 7.—Incomplete returns from 30 counties as reported by Florida newspapers to the Associated Press indicate the re-nomination of Park Trammell as United States senator from this state by a majority over former Governor Albert W. Gilchrist, three to one.

On the face of these incomplete returns, the former governor was leading in only four counties, Bradford, Hardee, DeSoto and Jackson. Meager returns were received from West Florida which Mr. Gilchrist claimed as a stronghold.

The first returns from the fourth congressional district showed Rep. W. J. Sears far in the lead of W. A. MacWilliams, president of the state senate. Mr. MacWilliams was defeated in his home town, St. Augustine.

A strong race developed in the second district where Representative Frank Clark is opposed for re-election by Edward Robert W. Davis, who served congress 18 years ago. On the face of the incomplete returns received, however, Representative Clark was clearly in the lead.

Returns from the third district were meager, but the scanty results compiled here showed Representative J. H. Smithwick leading for re-election over Ben S. Hancock, of Pensacola.

In the first district, Representative H. J. Brane was unopposed.

Incomplete, but apparently decisive returns received here from Taylor county, told of the defeat of Miss Myrtice McCaskill, one of two women candidates for the state legislature. These incomplete figures gave W. T. Hendry, her opponent a lead of four to one.

The candidacy of the other woman, Mrs. Katherine B. Tippetts, of Pinellas county, remained in doubt. She ran a close second to M. W. Ulmer, but he did not get a majority in the three-cornered race, and a count of the second choice votes will be necessary to determine the winner.

Probably the warmest race of statewide interest developed in the fight of the one contested office of the state railroad commission. The outcome of the three cornered race was still in doubt late today. Robert L. Eaton, of Monticello, and the incumbent, A. D. Campbell, were running neck and neck on the face of the incomplete returns from the 30 counties, and J. T. Bowden, of Key West, was only a few votes behind. Obviously further returns will be necessary to get a line of these respective candidates.

In Volusia county the so-called Ku Klux Klan ticket won out, in part at least, on the basis of virtually complete returns. This ticket which based its campaign around a fight on an alleged ring now controlling the county's government, comprised: Howard Putnam, for state senator; E. L. Shear and A. L. Harper, for the legislature, and J. E. Pencock, county judge. Opponents of this group of candidates charged that the candidates were put in the field by the Ku Klux Klan, a charge that was never denied or affirmed. During the campaign a representative of the Klan came down from Atlanta and defended the organization, while the imperial wizard, W. J. Simmons, was also present in the city on one occasion several days ago.

Supporters of the ticket also claimed the victory of three of the five county commissioners.

INVESTIGATION BY LARKER INTO SEIZURE

OF AMERICAN STEAMER BY THE BRITISH AUTHORITIES

(By The Associated Press) WASHINGTON, June 7.—Investigation by Chairman Lasker, of the shipping board, of circumstances surrounding the seizure by British of the steamer Seattle Spirit on the Irish coast Monday on the ground it had war munitions, disclosed shipment ostensibly of forty barrels of lead proved to be forty barrels of munitions.

DEMOCRATIC VICTORY IN IOWA IS A VICTORY

NOT ONLY FOR SEN. BROWDER BUT FOR THE DEMOCRATIC PARTY

(By The Associated Press) WASHINGTON, June 7.—The nomination by the Iowa Republicans of Smith W. Brookhart for United States senate was declared by Chairman Cordell Hull, of the Democratic National committee in a statement today to be "Even more emphatic a repudiation of the Harding administration and Republican congress than the votes for Beveridge in Indiana and Pinchot in Pennsylvania."

ALACHUA AWARDS TWO BIG ROAD CONTRACTS

(By The Associated Press) GAINESVILLE, June 7.—The board of bond trustees of Alachua county yesterday awarded two road contracts which are of prime importance to the highway system of central Florida. Mickle & McLeod, of Tampa, were awarded the contract for constructing a hard surfaced road between Gainesville and Waldo, the surfacing to be limestone.

The second contract was for a fill of slightly more than a mile which when completed will save a distance of fifteen miles between Island Grove and Citra. J. D. Donahoe, of Jacksonville, was awarded the contract for constructing the 5,000 foot fill across an arm of Orange Lake between the two points. The fill will parallel the fill and main line of the Seaboard Airline Railway between Island Grove and Citra. It is necessary now when making the trip over the roads, to go around the eastern arm of Orange Lake.

CUCUMBERS PAY

ZEPHYRHILLS, June 7.—Owing to the great success of the cucumber farm the past season, arrangements are being made to plant 50 acres for next year. The farm cleaned up \$10,000 on a \$12,000 investment.

WANT WATER AND LIGHT

ZEPHYRHILLS, June 7.—Zephyrhills is planning to vote on a bond issue for the construction of a water-works and electric light system.

INCORPORATE DAIRY

BROOKSVILLE, June 7.—The Hernando Dairy with a capital stock of \$25,000 is in course of incorporation. A meeting for the election of permanent officers will be held this week.

KILLED BY FLY WHEEL

VALPARAISO, June 7.—Frank Lego, employee of the Bayou Fish company was caught in a fly wheel at the plant and instantly killed. He was alone at the time of the accident but it is believed that he tried to switch a belt with a stick and got caught in the wheel.

OLYMPIC GAMES WILL BE IN PARIS

(By The Associated Press) PARIS, June 7.—Premier Poincare informed the International Olympic Committee today the French Parliament would vote immediately additional six million francs for financing olympic games. This insured definitely the holding of the 1924 games in Paris.

WILL IMPROVE GROVE

COCONUT GROVE, June 7.—Bonds totaling \$60,000 were voted by the residents of Coconut Grove. Only one issue was defeated, that of \$60,000 for municipal parks.

WILL FIGHT CATTLE TICK

FORT PIERCE, June 7.—Cattle-men of the east coast have determined to put up a strong fight for tick eradication and will hold a meeting here June 24 to effect a permanent organization.

PINELLAS REPUBLICANS BUSY

ST. PETERSBURG, June 7.—The Republicans of Pinellas county announce that they will put out a full ticket for county offices in the November election.

READY FOR DISCUSSION

(By The Associated Press) PARIS, June 7.—The French foreign office was informed yesterday that the United States government was ready to discuss the question of refunding. The French minister of finance announced the French mission was ready to start for America as soon as President Poincare gave the word.

ST. PETERSBURG VOTES POWER PLANT BONDS

(By The Associated Press) ST. PETERSBURG, June 7.—Bonds for the establishment of a municipal power plant to cost \$300,000 and for the expenditure of \$50,000 developing Bayboro harbor here yesterday by a majority of nearly 12 to 1. Provision was also made for the building of a sewerage disposal plant.

ITALIAN AMBASSADOR REPLIES TO WATSON SAYS HE WAS PROPER

(By The Associated Press) WASHINGTON, June 7.—Taking notice of objections made in the senate by Watson, Republican, Indiana, to discussion by him of tariff and other legislation, Signor Ricci, Italian Ambassador, in formal statement today declared tariff duties and international problem and as such were proper subject for discussion by diplomatic agent of foreign country.

"No feminine wardrobe is complete without a few things that may be slipped on hurriedly." Well, well; banana skins are cheap.

One should call a spade a spade but under stress of spading the garden he may be permitted to add a few qualifying adjectives.

CHIEF INTEREST YESTERDAY WAS IN CONTEST FOR REPRESENTATIVE AND COUNTY COMMISSIONERS; TRAMMELL WAS AN EASY WINNER; SEARS BEAT MacWILLIAMS; BLEDSOE AND MEISCH WIN.

Vote Was Light as Many of the Ladies Did Not Vote and Quite a Few Had Not Registered, Despite the School for Voters and the Instructions Received Therein.

With a light vote polled yesterday in contrast with what the wiseacre thought would be polled the primary election passed off very quietly and sanely and last night the results of the city precincts were known before 9:30 as the inspectors and clerks buckled down to business and counted the votes in record time. There were no surprises in the various results as the people who usually size up the situation had the proper dope several days ago and the only surprise might be in the majority the winners put over.

The official count will be given in this issue if all the precincts bring in the ballot boxes in time to be counted this morning and the tabulated account will be given today.

In Sanford the county commissioners elected were John Meisch and G. L. Bledsoe. Meisch opposed John Bell, of Monroe, and Walter Hand of the West Side. G. L. Bledsoe, of Celery avenue opposed D. L. Thrasher, of Sanford, and won easily.

Much interest was centered on the race for legislature between O. P. Swope, of Oviedo, and Forest Lake, of Sanford, in which Lake proved a winner in the Sanford precincts and some of the country precincts, running true to form and the prognostications of the ones who know.

C. W. Entzminger won in the commissioners race for Longwood, Lake Mary and Altamonte. Endor Curlett won for commissioner in the Geneva, Chuluota and Osceola precincts.

Following is the votes of the two city precincts:

- Precinct No. 1. For U. S. Senator—Gilchrist, 75; Trammell, 273. For Congress—MacWilliams, 138; Sears, 219. For Railroad Commissioner—Bowden, 98; Campbell, 59; Eaton, 122. For Representative—Lake, 247; Swope, 122. For County Commissioner—Bell, 21; Hand, 146; Meisch, 197.
- Precinct No. 3. For U. S. Senator—Gilchrist, 78; Trammell, 281. For Congress—MacWilliams, 159; Sears, 200. For Railroad Commissioner—Bowden, 103; Campbell, 65; Eaton, 113. For Representative—Lake, 273; Swope, 106. For County Commissioner—Bledsoe, 248; Thrasher, 129.

HARDING NOT TO INTERFERE WITH MINE STRIKERS

(By The Associated Press) WASHINGTON, June 7.—There is plenty of bituminous coal in the country for everybody for the current month, at least, it was declared yesterday at the White House. Pointing out that there is a continuing slight increase in coal production, officials declared no new emergency or crisis was threatened by the continuing miners' strike. The administration, however, will continue to follow the situation and maintain contact through the proper officials with both the miners' union and operators of mines.

ST. PETERSBURG VOTES POWER PLANT BONDS

(By The Associated Press) ST. PETERSBURG, June 7.—Bonds for the establishment of a municipal power plant to cost \$300,000 and for the expenditure of \$50,000 developing Bayboro harbor here yesterday by a majority of nearly 12 to 1. Provision was also made for the building of a sewerage disposal plant.

ITALIAN AMBASSADOR REPLIES TO WATSON SAYS HE WAS PROPER

(By The Associated Press) WASHINGTON, June 7.—Taking notice of objections made in the senate by Watson, Republican, Indiana, to discussion by him of tariff and other legislation, Signor Ricci, Italian Ambassador, in formal statement today declared tariff duties and international problem and as such were proper subject for discussion by diplomatic agent of foreign country.

WASHINGTON, June 7.—Attempts of Southern railway to increase rates on strawberries shipped from stations in Virginia were ended yesterday by the Interstate Commerce Commission which suspended the operation of the new schedule from June 6 to October 4 to await investigation. Present rates from Boone, Wilroy and Beaumont, Virginia, typical points on the division are 84 cents per crate of 48 quarts destined to New York and the new schedule would have made the charges run from 94.5 to 98 cents per crate.

Great men always seem very mortal when at the request of some magazine, they take pen in hand to explain what made them great.

LIQUOR RUNNER

KEY WEST, June 6.—The two masted schooner Arcadia, whom federal prohibition officials termed a liquor runner, will run no more. While awaiting disposition of the authorities whose charge the vessel was held by virtue of seizure, the vessel turned over at its dock here during some bad weather recently and sank. The vessel had been captured 16 months previously by a coast guard cutter. After being shifted around by the various departments engaged in anti-liquor operations, the vessel was turned over to Deputy United States Marshall Lopez here. The schooner's bottom became wormeaten and a leakage set in. In this weakened condition high seas came along and the vessel turned over and died.

PERSONALS

Mrs. Frank LaRoche and baby of Waycross, are visiting Mrs. M. M. Stewart.

Mrs. C. A. Reed has returned home after spending several weeks with friends at her old home in Ocala.

Mr. and Mrs. A. J. Lossing leave tomorrow for a month's visit to northern cities, and will visit a daughter, Mrs. Ruth Ludecke in Rockport, N. Y. They will make the trip via the Clyde Line.

Dr. Brendon of Anderson, South Carolina is here for a visit with his sister, Mrs. Dr. J. N. Robson. Dr. Brendon has been in Sanford before and he thinks the city is growing faster than any city in the south.

F. R. Wilson a prominent young attorney of DeLand and a member of the Landis, Fish and Hull firm of attorneys is in the city today on business. Mr. Wilson has many friends in Sanford and is thinking about locating here.

Ralph Yearby, the Delco Lighting System man of Orlando was in the city today on business and also calling on his many friends. Ralph is making a great record in the lighting system and sells them all over the state.

Mr. and Mrs. Cleveland Hill spent Sunday in Sanford visiting the latter's parents and relatives. On their return they reported an extremely uncomfortable motor trip because of the horrible condition of the detour road after the heavy rains.—Orlando Sentinel.

Among the prominent Orlando visitors here today in Hon. Wilbur Tilden who came up on legal business. Mr. Tilden is a very prominent and popular attorney of Orange county and has many friends in Seminole county and Sanford where he is always made welcome.

The showers and the hot weather are blighting the tomatoes and the peppers and are not good for the sweet corn although tomatoes and corn are bringing good prices. Peppers are not strong and it looks like the fine pepper crop around here will bring but very little to the growers, there being so much going forward that the markets cannot take care of.

Mrs. Maude M. Cox and daughter, Miss Margaret, left Sunday at 3:55 p. m. for Jacksonville and northern points, enroute to their home in Steubenville, Ohio. They have been residents of Sanford for the past nine months, Miss Margaret being a Junior in the high school. They leave Sanford and her people with much reluctance, and have enjoyed her hospitality immensely. They are boosters for the City Substantial. Mrs. Pyles, mother of Mrs. Cox, left two months ago.

ALTERATION SALE—STARTS June 14.—Lloyd Shoe Store. 61-8tc

Dancing Tues. Eve, Lake Mary.

ELECTION DAY WAS VERY QUIET ALL ALONG THE LINE

Election day was quiet and only candidates and their friends were active at the polls. Up to noon there were about 160 votes cast at the two polling places and no excitement of any kind occurred. It was a most earnest election as everyone seemed to keep their own counsel and there was very little talk about the candidates or who the individual expected to vote for and it looks like a tight vote.

Many of the ladies found out they had not registered for the primary but were only registered for city elections—a mistake that they were warned against several times during the past two months. There were also several men in the same boat.

The ticket is not a large one and should be counted long before midnight as there are good tellers at both polling places and they are men who know their business.

The voters in the two city precincts voted at the Lakeland Laundry office on First street for No. 1 precinct and at the court house for No. 3 as the city hall will not be used again on account of being in the way of the fire equipment during election day.

LENINE IS SUFFERING FROM GASTRITIS HIGH TEMPERATURE

(By The Associated Press) RIGA, June 6.—The Russian Soviet Ambassador to Latvia announced today that Premier Lenine is suffering from gastritis, with a high temperature.

YOU CAN PREVENT FIRES BY CAREFULNESS

A few weeks ago I wrote an article for the Herald as a warning against fire from Spontaneous Combustion resulting from the careless use of polishing rags saturated with vegetable oils. A few days later a local garage owner came to me and said he stopped a fire which had its origin in this way. Fires often occur in attics and other roof spaces and it is well known that sparrows will carry any thing to their nests that they can fly with and waste filled with polishing oil with their nest conditions makes an ideal starter. This may have been the cause of the fire in the Hill-Newman building over Perkins and Britts store as there are a number of ventilator holes through which this pest could pass. Destroy all nests about the eaves of your house and screen the ventilators to attics. G. P. PAXTON, Chief Fire Dept.

WAGE IS TOO LOW FOR LIVING COST RAIL HEADS SAY

UNION LEADER DEFENDS POLICY OF ORGANIZATION IN CALLING STRIKE VOTE

(By The Associated Press) CINCINNATI, O., June 7.—Railroad wages under the new railroad labor board orders for seven of the larger groups of the country's railway workers, soon will be at a level which does not measure to the American standard of living and which will make vigorous protest necessary, according to B. M. Jewell, head of the railway employes department of the American Federation of Labor, in explaining the quick strike vote of the action of the railway union heads yesterday.

In less than two hours the heads of eleven railroad unions arrived at an understanding whereby each organization will take a strike vote immediately on issuance of wage reductions orders from the labor board for its membership.

The votes will be returnable in 30 days and the strike vote for the six shop crafts, set out by President Jewell's orders will be in his office in Chicago by June 30.

The strike votes decided on yesterday will affect about 1,200,000 of the country's railway employes—all except the train service men, whose wages are not in dispute before the board. Although wage cuts have not been announced for any classes but the shop crafts and maintenance of way, pending decisions are expected to add five other classes of labor to the general slash. Union executives of these organizations yesterday decided to print their ballots and have them ready to send out to the memberships immediately, if the board, as anticipated, orders further reductions in their pay.

"The new wages do not permit a minimum living wage," declared Mr. Jewell yesterday, "and they are wholly at variance with the saving wage championed by Secretary of Labor Davis and President Harding. The labor board, a federal body, has totally disregarded the secretary's attitude as well as the employes' own evidence showing the amount necessary to maintain a railroad man's family."

No further action will be taken by the union heads at this time, pending return of the strike ballots. When the result is known—and the union heads freely predict an overwhelming vote to walk out—a working agreement is expected to be made by which any stoppage of work would take place simultaneously by all organizations.

Meanwhile, President Jewell intimated that a persistent fight would be made to keep the necessity for gaining a "living wage" before the board and other responsible authorities.

COTTON MILLS RECALL 25,000 WORKERS; BUT FEW HUNDRED RESPOND

(By The Associated Press) MANCHESTER, N. H., June 6.—The gates of six of the cotton mills of New Hampshire were opened yesterday for the first time in three months. When the whistles blew to call the 25,000 workers back to their places thousands were near the mills but only scanty hundreds responded, according to observers. There were demonstrations at all the mills.

The strikes were called because of a wage reduction of 20 per cent and increase from 48 hours in working schedules.

Thousands of strike sympathizers filled the streets for a mile on either side of the mills and would-be workers were jeered and hooted. Two arrests were made on charges of inciting to riot.

STANDARD OIL CO. WILL ERECT BUILDING FOR JACKSONVILLE OFFICE

(By The Associated Press) JACKSONVILLE, June 6.—Plans have been announced at the Florida headquarters here of the Standard Oil Company of Kentucky for the building of an office building on the company's property in Riverside to cost approximately \$100,000. The building has been made necessary, it is stated by the increased importance of the local headquarters, the employees of which have been increased from approximately 20 to 75 in the last few years. It will be a modern office structure with additional space devoted to recreational appointments for the employees.

CARD OF THANKS

Mrs. S. M. Gordon and children wish to extend their appreciation to the several lodges, railroad brotherhood and friends in Sanford and vicinity and also the O. R. C. for their kind deeds and floral offerings in their present bereavement.

HOOVER IS AGAIN UNDER WATSON'S FIRE IN SENATE

(By The Associated Press) WASHINGTON, June 7.—Senator Watson, Democrat, Georgia, renewed in the senate yesterday his attacks on Secretary Hoover's administration of war relief organizations and charged him with having aided in efforts to overthrow the Soviet and restore the Czarist government in Russia. He asserted that Mr. Hoover had caused a shipping board steamer, commanded by Captain James B. Martin, to transport a cargo of military motor trucks and supplies from Bordeaux to the northern army in Russia to be used in General Yudenitch's offensive against the Soviets.

The steamer, Mr. Watson said, was loading for the United States when the commander received a message cancelling the return home and ordering him to re-load with army supplies. To substantiate this statement, he said, he had what appeared to be photostatic copies of the cables ordering the Russian shipment.

Referring to the recent White House statement in defense of Mr. Hoover, Mr. Watson inquired why the secretary was above criticism. He also reiterated the charge that Mr. Hoover had not published detailed statements of the war relief expenditures and also that allegations that food intended to go to stricken peoples of Europe had been permitted to decay on wharves or in vessels thru alleged lack of proper administration.

WOMEN WANT RAIN WATER FOR THEIR HAIR MAKES MORE MOSQUITOES

(By The Associated Press) MIAMI, June 6.—The predilection of milady for rainwater for to wash her hair in coupled with the recent bountiful supply of the water has added another mosquito menace, according to local health officers. The placing of receptacles to catch the soft water has long been a fad, but when the skies respond freely the mosquito hazards become numerous in the opinion of the health seers. Their decision was rendered after inspecting several of the basins in which they took statistical swims and figured just how many mosquitoes were bred of the standing water.

ORDINANCE REFUSED

(By The Associated Press) BIRMINGHAM, June 7.—By unanimous vote the city of Birmingham yesterday refused to adopt an ordinance proposed by the Birmingham Bar association and backed by numerous civic and commercial bodies prohibiting masked parades. F. J. Mashburn, of Atlanta, who said he was a representative of the Ku Klux Klan, made a lengthy argument against the proposed ordinance.

The commission later passed an ordinance proposed by the bar association making unlawful the abduction and whipping of private citizens and providing penalties. The chamber was packed during the discussion of interested organizations, the speakers being frequently interrupted.

GIRL IDENTIFIES NEGRO

(By The Associated Press) HIGHPOINT, N. C., June 7.—A negro who was captured by two Highpoint men about six miles from here, charged with the attempted assault of a young white woman near here yesterday, was identified by the girl and her brother as the right man. The negro was rushed to the Greensboro jail for safe keeping.

NO TUBERCULOSIS IN SEMINOLE CATTLE

So far Dr. Giles has not reported finding any Tuberculosis among the cattle of Seminole County, which is a record breaker. The work will be continued among individual owned cattle next week. This being one of the sources of communicating Tuberculosis to humans especially children it is very important that application be made at once to have your cow tested.

NATURE FORESTALLED HER

The Wife Could Not Do What Her Husband Accused Her Of Trying To Do.

Emmet C. King, who essays the role of Richard Fletcher in "Habit," the society drama, which will be at The Princess Theatre tonight, quotes a conversation he heard between a man and his wife. The husband can't find his tools which he has misplaced and barks:

"Some one is trying to make a fool of me. You can't do it; I've held this job too long!" "Yes. Too long," said the wife with a sigh.

For quick results, try a want ad.

HENRY FORD READY TO BEGIN WORK AT ONCE

JUST AS SOON AS GOVERNMENT GIVES WORD HENRY WILL CRANK UP

(By The Associated Press) DETROIT, June 7.—Henry Ford is prepared to begin work on the development of the Muscle Shoals water power and nitrate Shoals water power and nitrate plants upon a few hours notice should his offer to take over and operate the project be accepted by congress, it was learned today from sources close to the manufacturer.

Acceptance of his offer, it was said, would be followed immediately by the dispatch of telegrams to various parts of the country that would initiate the Detroit manufacturer's plan to create an industrial center around Muscle Shoals that would be the "crowning achievement of his career."

Mr. Ford believes acceptance of his proposal and fruition of his plans will prove the worth of water power and that an enterprise like Muscle Shoals can be made to become an asset to the public rather than a liability. The project, it was pointed out, will under Mr. Ford's plans, have paid for itself before the lease expires.

W. B. Mayo, chief engineer of the Ford company, has returned to Detroit, and Mr. Ford no longer is personally represented at Washington in connection with the shoals project. No plans have been made for further negotiations with congress, it was stated, because Mr. Ford's reply to the counter proposal of the house military committee was his final statement.

A reaction is inevitable, and in a few years the dear girls may become old-fashioned again and work samplers reading: "God bless our jitney."

CALENDAR
Friday—The Book Lovers Club will be entertained by Mrs. Harry Ward at her cottage at Daytona Beach.

C. J. Barnes of the A. C. L. Railroad is in the city on business.

J. R. Roberts of Lake City spent the day here yesterday transacting business.

J. I. Mahoney of Jacksonville was in the city yesterday attending to business.

Mrs. D. L. Thrasher and a party of friends are spending the day in Orlando today.

W. F. Hill of Tampa is a business visitor in the city stopping at the Germania.

Miss Thelma Ballard of Gainesville is the attractive guest of Miss Lucy Ford Smythe.

Robert Robertson of Tampa is making his headquarters at the Montezuma while in the city on a business visit.

Miss Ann Lou Huff and Miss Winifred Manning of Atlanta, Ga., are the charming guests of the formers later. Mrs. Ben Caswell.

Miss Lucy Byrd Smythe returned home yesterday from Stetson University where she is a student and will spend the summer with her mother, Mrs. Charles Campbell. She was accompanied home by Miss Thelma Ballard of Gainesville and Miss Irma Jeffries of Gaffney, S. C.

ROTARIANS HAD FINE MEETING

The Rotarians had a fine meeting Tuesday and although it was election day the attendance was good and with songs and story the luncheon hour was most pleasantly spent. The address on Rotary was read by Judge Bessholder on account of the illness of J. G. Ball who wrote a fine article in Rotary and the benefits to be derived from a membership in this club. E. B. Lewis gave a good talk on business, taking up the matter of irrigation as he knew it in the far west and then giving the club the idea of Sanford drainage and what a great country we have here and closed by saying that Florida was the best state in the Union and the Sanford section by the best part of the state. Each week one member of Sanford Rotary must give a talk on Rotary and another talks about his own business and these talks are most interesting to the members as well as giving those who make them, better speakers. A campaign will be made

for 100 per cent attendance during the month of June. A wire from president D. L. Thrasher stated that he was having a fine time stopping at various places en route to California where he will attend the meeting of International Rotary.

America is Ready To Discuss Debts Made by Others

France Names Delegation to Meet and Talk it Over

(By The Associated Press) PARIS, June 7.—Notification from Washington that the United States government was ready to discuss the settlement of war debts was presented to the foreign office yesterday by Sheldon Whitehouse, counselor of the American embassy. Though fixing no date, this notification is understood in official circles as a reply to Premier Poincare's note to the debt commission informing it that a French mission headed by Jean V. Parmentier had been appointed and was ready to proceed to the United States whenever the commission deemed it advisable.

M. Parmentier is only awaiting the word from Premier Poincare. It was explained at the ministry of finance yesterday afternoon. While the foreign office is reticent, pending the premier's decision, which may be delayed until the bankers' committee and the reparations commission finish their work, or arrive at a point where it may be foreseen with some certainty what the results will be.

The payment of reparations and the payment of war debts are closely allied, in the French viewpoint, and it is held that M. Poincare, in opposing any reduction of the total due from Germany is really protecting the interests of the creditors of France, whose capacity for payment is affected by any reductions or postponements of payments by Germany. Consequently, it is thought that final instructions to M. Parmentier may be modified by any action of the reparations commission today.

The secret of yesterday's deliberations of the commission is closely guarded; the delegates are dumb as to what action they are likely to take at the official meeting today. It is forecast in well informed quarters, however, that the French attitude will be sustained so far as it concerns the reduction of Germany's reparation debts.

There is much speculation as to whether this will end the mission of the international bankers committee. It is suggested in some quarters that it will affect only the amount of the proposed international loan and that the bankers committee may still find it possible to float a billion dollars. In French official circles last night, however, the feeling was pessimistic as regards the complete success of the loan plan.

Daugherty Will Push War Fraud Investigations

(By The Associated Press) WASHINGTON, June 7.—Attorney General Daugherty announced yesterday the creation of a new division of accounting—investigation of the war frauds section—and the appointment of James Cameron, of New York, as its head. At the same time, the acceptance of a post as special assistant to the attorney general by Meier Steinbrink, of New York, in connection with aviation contracts, was also announced.

Meantime the special grand jury now hearing the lumber case involving a contract made by the war department with the firm of Phillips & Stephens, continued its deliberations under the usual shroud of secrecy. John Lewis Phillips, Republican state chairman for Georgia is at present under \$25,000 bail in connection with that case notwithstanding that no indictment has been returned yet.

Mr. Cameron, according to the department, is "one of the most prominent investigators in the country in the field of general accounting."

"He made a national reputation in 1907 in the investigation of the Pennsylvania state capitol frauds at Harrisburg," the statement said, "his reports forming the basis of the criminal and civil actions subsequently taken by the state and upon which recoveries were made of upwards of a million dollars. He has made his reputation almost wholly in the field of fraud investigations and will bring to the department of justice, perhaps the largest experience of any professional accountant."

Dancing Tues. Eve, Lake Mary.

PERSONALS

Election is over for the time being.

And now we can settle down to real business and build a big city here.

J. H. Huddleston of Geneva was in the city early this morning bringing in the ballots from Geneva.

Charlie Britt is laboring faithfully in trying to get Sanford in the ranks of the ball towns. He has a good team here but very little encouragement.

Visitors to the city are amazed at the many signs of improvement on every hand and think that Sanford looks more lively than any city in the state.

Miss Edna Underhill returned to her home in Barberville, Fla., this morning, after spending the past few days here as the guest of Mr. and Mrs. W. D. Lees.

The regular showers have been absent this morning but we will probably get more rain tonight. Rain is bringing out the lawns in the city and work in the yards will now be taken up in earnest.

Endor Curlett of Geneva was in the city today wearing a smile that will not come off. Mr. Curlett just passed through a hot campaign for Commissioner in the 5th district and was victorious over E. H. Kilbee.

Capt. W. M. Lovell of Orange Bend temporarily was in the city yesterday visiting his wife and family and also exercising his privilege to vote. Capt. Lovell never fails to visit Sanford on election day and he can always be counted upon to cast his ballot.

Rev. M. E. Gabard, of Geneva, was in the city this morning en route home from the general assembly at Des Moines, Iowa. He stopped over at Nashville, Tenn., to see his brother Rev. C. S. Gabard, a member of the Tennessee conference, and also visited his mother.

Mr. and Mrs. J. E. Snyder of Chuluota were in the city today en route to Abilene, Kansas, where they will spend several months vacation. Mr. and Mrs. Snyder have been operating a general store at Chuluota for the past four years and are now taking a well earned rest having disposed of their store interests. They will return in the early fall to reside at Chuluota for the winter.

EPWORTH LEAGUE WILL NOT MEET IN ORLANDO THURSDAY

The Sanford chapter of the Epworth League will not attend the Union Meeting in Orlando Thursday night due to the condition of the roads.

Signed, RUTH HAND, President.

You won't find us on the street corners, blocking traffic; you get us by phone 498. 60-tfc-m

After you have done everything else, and can no longer get a kick, the resulting condition of boredom is called wisdom.

CIRCLOT PRICE \$1.00

The Circlot is more than a Brasier. It's Self-Adjusting, and simply slips over the head, claps at the waist and under-arm, and smooths out ugly lines.

If your dealer can't get it, send actual bust measure, name, address and \$1.00. We'll send the Circlot post paid. Sizes 34 to 44.

ORGANIZATION SUPPORT FOR BROOKHART IS PLEDGED BY REPUBS

(By The Associated Press) WASHINGTON, June 7.—Republican organization support for Brookhart, nominated as Republican Senatorial candidate in Iowa, was pledged in a statement issued today by Senator McCormick, chairman Senatorial campaign committee. Brookhart defeated the commonly known organization candidates in the primary.

AMERICAN SHIP HELD UP OFF IRISH COAST

(By The Associated Press) TRALEE, Ireland, June 7.—It was stated yesterday that when the American steamer Seattle Spirit was held up by a British torpedo boat destroyer four miles west of the Fenit, County Kerry pier, a search of the vessel revealed 42 barrels supposed to contain land. The barrels were consigned to the order of the Manhattan Lard Company at Cork. It is declared that when they were opened each barrel was found to contain 10,000 rounds of rifle and machine gun ammunition.

The torpedo boat destroyer which has been waiting three days outside the bay, took the barrels aboard.

A dispatch from London on Monday quoted the press association as saying in a message from Tralee that the Seattle Spirit which was bound from New York to Fenit had been held up by a sloop and a large quantity of ammunition in barrels seized. This dispatch added that the Seattle Spirit was then berthed at Fenit river.

The vessel sailed from New York May 18 for Irish ports by way of Boston.

In the old days there was one generation between shirt sleeves and shirt sleeves, but that was before Congress learned the art of taxing.

SUMMER FORAGE AND PASTURE CROPS

In summer the thoughtful farmer makes plans for hay and summer pasture crops. Florida is naturally adapted to the growing of a number

of valuable crops suitable for these purposes.

To enrich the soil and to furnish feed high in protein, beggarweed and cowpeas are unsurpassed for planting at this season, says Professor W. E. Stokes, of the Florida Experiment Station.

Sow beggarweed seed 10 to 12 pounds to the acre, if hulled, or 15 to 20 pounds to the acre if unhulled. One or more cuttings of hay, equal in feeding value to the best alfalfa, may be had from this crop, if cut when about half through blooming. Where not desired for hay this crop makes excellent summer grazing.

Cowpeas or cowpeas and sorghum are unexcelled for summer pasture crops for Florida. Sowing the peas in rows as close as can be conveniently worked, or broadcasting alone or in combination with sorghum, are satisfactory methods of planting.

The amount of seed varies with the individual farmer and the method used. Two to three peck of seed to the acre, when planted in rows, is satisfactory. When broadcasting and in combination with sorghum, four to six pecks of peas and twenty-five to fifty pounds of sorghum is ample.

Either Brabham or Iron cowpeas with Amber sorghum will give good results. These varieties of cowpeas are more or less disease resistant.

Amber sorghum is fine stemmed and is ready to be cut about the same time as the peas. Where not desired

for hay, these crops make excellent summer pasture.

For silage, that is cutting and feeding green, or for silage, there is probably no crop that can be planted at this season that will do better than sorghum. Although it is best to have sorghum up and past its slow growing stage before summer rains set in, it may be planted as late as June.

Thorough soil preparation and liberal fertilization with a fertilizer high in nitrogen is essential for best results with sorghum.

Seed drilled in four-foot rows, cultivated a you would corn and cut as the seedheads reach maturity, gives an excellent silage crop or makes a silage about equal, pound for pound, to corn silage for either milk or beef production.

For maximum yields the large later maturing varieties, such as, Ed Top or Sunac, Orange and Japanese Honey, will be found satisfactory.

Dancing Tues. Eve, Lake Mary.
