

Jaycees DSA Deadline Slated Thursday

Thursday is the deadline for nominations for the Distinguished Service Award and the Young Farmer of the Year, presented each year by the Sanford - Seminole Jaycees.

The public is invited to nominate a man between the ages of 21 and 35 for these awards. The Young Teacher of the Year is chosen by the members of the teaching profession in the county and the Young Sailor of the Year, through nominations and choosing among divisions of the Sanford Naval Air Station.

Nominations for the DSA and the Young Farmer may be made by calling the Jaycee Information Office on French Ave. or by picking up nomination blanks there.

The Distinguished Service Award is given each year to a young man whose service to the community, participation in all-round community activities and civic enterprises and leadership ability gives evidence of a lasting contribution to the community.

Tom Speer, general chairman of Jaycee week urges that these nominations be sent in as soon as possible, to insure deserving candidates receiving recognition.

DOES GETTING UP NIGHTS MAKE YOU FEEL OLD?

Most common kidney or bladder irritations often occur and may make you feel old because of the frequent urination both day and night. Benadryl may help ease discomfort from irritation. "LET'S TALK DRY CLEANING"

By - WOODROW CASH

A great many factors go into the choice of a particular dress or blouse by the average woman. Fabric design is one of the most important. When you choose a particular garment because you like the striking design in the fabric, be sure to consider whether or not it will wear well, clean well, and generally prove serviceable.

A design which is woven into the fabric is usually more serviceable than one which is affixed to it by pressure or embossing. Pressure application can damage the fibers of the yarn around the edges of the design, creating a weakness that might cause trouble later. Adhesive or embossed designs will sometimes wear out quickly or will be affected by cleaning.

A blouse or a lovely dress may be so appealing that its beauty will outweigh its limited serviceability. If it gives pleasure it may still be worth buying.

Extra care in the handling and cleaning of every garment is part of our normal service. Bring us your delicate and better clothes. If it can be cleaned, we can clean it . . . with CARE!

Tshombe Ends Congo Revolt; Katanga Secession Over

ELISABETHVILLE, Katanga, The Congo (UPI)—President Moise Tshombe has surrendered Kolwezi, his last stronghold in Katanga, and announced the end of Katanga's secession. It was reported here today.

Earlier in the day that Tshombe had surrendered his forces to the United Nations and announced the end of Katanga secession. The sources said Tshombe sent messages to UN Secretary General Thant and Congo Premier Cyrille Adoula announcing that Katanga's secession was over and granting the United Nations freedom of movement throughout the province.

The sources said Tshombe told Thant and Adoula he would return to Elisabethville to implement this arrangement with his ministers as soon as the central government gave him a safe conduct pass.

Reports reaching Elisabethville said Tshombe made his announcement at a news conference in Kolwezi this morning.

The reports came as UN Indian brigade commander Brig. Norhana prepared for a final assault on Kolwezi, the last Katanga location. An Indian spokesman said this morning the bridge over the Lufira river had been completed and Indian armor was prepared to move forward from Jadotville.

CAP Squadron Formed

The organization of a Civil Air Patrol Squadron in South Seminole County for adults and teenagers has been announced by Henry A. Ward of North Orlando.

Ward, a first lieutenant in the CAP, will serve as commander of the South Seminole Company Squadron. Membership will be open to both male and female.

Civil Air Patrol, a non-profit volunteer service organization, was first chartered in December, 1941, as an official auxiliary of the U. S. Air Force. Its primary mission is the training of cadets in leadership and aerospace education, search and rescue and communications. CAP is not a reserve unit of any branch of the military and carries no reserve credit or obligation.

Senior Squadron membership is limited to adults between the ages of 18 and 62 years. Membership in the Cadet Squadron, for teenagers only, is limited to those between the ages of 14 and 18 years.

Mature males are needed to assist in communications operation and maintenance, instruct first aid courses, coordinate squadron activities, maintain all financial records and to publish news releases.

Mature females are needed to assist in cadet training and records, assist female cadets where needed and to maintain squadron personnel records.

Interested persons wishing further information should contact Ward at his home in North Orlando.

Geneva HD Club Sees Film On Stock Exchange

By Lester Grayson

The color film, "Lady and the Stock Exchange" was shown for members of the Geneva Home Demonstration Club at the regular monthly meeting last Wednesday.

The film was provided by the A. M. Kidder offices in Sanford.

County Agent Cecil Tucker discussed damage of citrus trees and fruit and Miss Myrtle Wilson, home demonstration agent, announced the Meat School to be held at the Home Demonstration Center in Sanford this Thursday. Club members wishing transportation to attend the school were advised to contact Mrs. T. E. Chalfant.

Refreshments of coffee and rolls were served at the close of the meeting by Mrs. J. W. Byrnes and Mrs. Harold Wallace, hostesses.

The next meeting will be held on Feb. 18 at which time the club will have a Valentine Party and White Auction. The meeting will be held at the new home of Mrs. W. B. Heath.

Home Trustees Hold Meeting

By Helen Snodgrass

The Board of Trustees of the Florida Methodist Children's Home in Enterprise met last Tuesday at the home for their annual meeting.

Members were invited for supper on Monday night and to spend the night. Those taking advantage of this opportunity because of long traveling distances included Mrs. Raymond White of Tampa, Mrs. Grady Swope of St. Petersburg, Rev. Lewis Head of Ft. Lauderdale, Rev. J. E. Walker of Clearwater and Rev. John Sikes of Jacksonville. Mr. and Mrs. Marion McDonald of DeLand joined the group for supper.

Try Home Merc hants

Everybody is considering the plight of the citrus grower after December's hard freeze, but how many of us have given thought to the impact of the freeze on our merchants?

The other day we exchanged thoughts over a cup of coffee with one of our leaders in the Chamber of Commerce. We were glad to know that this problem is uppermost in the mind of that organization.

This is a time, we agreed, when shoppers ought to be loyal to home merchants and purchase as many of their needs as possible in the city and its immediate trading area.

Buying at home when possible helps not only the merchants, who now are forced to exist in a curtailed economy, but it keeps the available money in circulation and indirectly helps everybody including the shopper.

We are happy to join the chamber in suggesting that people shop local stores first before deciding to buy out-of-town. In many cases the shopper will be agreeably surprised to find that merchandise either is available immediately or within a very short time from your local merchant, who must continue to maintain payrolls and pay taxes.

Keep The Watchdog

Though the new Congress is barely under way, fresh attempts to abolish the House Committee on Un-American Activities already are being pressed. They deserve to be beaten off.

Among the new year's petitioners for abolition are several dozen members of the organization, Women Strike for Peace. They are presumably outraged because the committee recently looked into alleged links between their movement and communism.

We are also hearing again from the National Committee to Abolish the House Un-American Activities Committee. It supports its new call with an alleged 5,000 signatures.

Without here going into the matter of reported subversive elements operating in—and behind—the abolition group, it is possible to argue that the case against the House committee should be dismissed on its face.

Our principal national watchdog against subversion is, of course, the FBI. Few question that, overall, it does a superb job in ferreting out Red spies, keeping tabs on Communist activities and aims, measuring the size of the internal threat.

But the Communist adversary is ingenious, resourceful, many-faceted. We should welcome some reasonable diversity in our investigative approach to the problem.

The need for such diversity is perhaps sufficient justification for the House committee's continued existence. Yet there are other reasons.

There is no point in leaving the field of Red subversion to the executive branch alone. It is a legitimate arena of inquiry for Congress, with its properly wide latitude in investigation.

Furthermore, anyone who examines closely the printed record of the House committee's hearings and studies over the years will find the documents informed, with a very substantial knowledge of communism in most of its multifarious aspects.

To argue that what this group does other, regular committees could do as well or better is to ignore two things: the special committee's long background in this field and the already overburdened operations of other committees.

To argue that the Un-American Activities Committee should die because it has sometimes trampled individual liberties is to contend that no instrument is better than an imperfect one.

If that standard were applied broadly, we would have no president, no Congress and no business corporations. We would also have no committees to abolish other committees.

Let the House committee mind closely the rights of those it investigates. But let it stand as the useful second watchdog it is.

Dick West Says

For Whom The Bells Toll

WASHINGTON (UPI) — Almost everything in Congress is done by the bell. They have bells for roll calls, bells for recess and bells for adjournment to mention a few. So what they need now is a school bell.

It would be an appropriate method of calling freshmen congressmen to classes.

where they can learn, among other things, what all of the other bells mean.

Such classes are being conducted at the Capitol this week, the purpose being to teach newcomers in the House of Representatives some of the finer points on the practical side of lawmaking.

Let's face it. Most new congressmen are, as a veteran House member said last year in another connection, "still green behind the ears."

They may not know, for example, how to go about getting a relative on the office payroll, or where to acquire extra ice cubes in event they want to cool a case of ginger ale.

Many of these things will be explained during a series of lectures, or seminars, arranged for the benefit of "Class of '62."

I have been looking over the curriculum for this year's school and I must say that it appears to be very educational. There will be four class periods at which 20 topics will be discussed.

The faculty is composed of legislative scholars who already have mastered such arts of statecraft as acquiring Capitol flags for Boy Scout troops back home and sending constituents free government pamphlets on termite control.

The title of one of the lectures, to be given by Prof. Morris K. Udall, (D-Ariz.), is "Lobbyists: Their Care and Treatment." It might well be subtitled "Never Look a Gift Horse in the Expense Account."

The free mailing privilege will be discussed by Prof. Peter Prelingerwayne Jr., (R-N. J.). I suggest that this lecture be called "Using the Congressional Frank for Fun and Profit."

There also will be lectures on conceiving in the House gymnasium and, should the need arise, where to find the House doctor for a bottle of free liniment.

The intricacies of the office payroll, under which a \$7,500-a-year clerk winds up receiving about twice that amount, will be explored by Prof. John E. Moss, (D-Calif.).

Any congressman who completes the entire course will be so weighed with academic matters he won't have much time for extracurricular campus activities.

I think this is a pity. Perhaps arrangements could be made to let the honor graduates try out for the administration's tough football team.

"That Man's Here Again!"

Dr. Crane's Worry Clinic

Nellie's tragic situation shows you the danger in "sibling blackmail." So beware lest you make your youngsters financial cripples! Instead, urge the boy to carry a newspaper route, for that gives the BEST training in America nowadays in the various phases of business. Do not put your child on an allowance!

CASE G-432: Nellie G., aged 41, is a spinster teacher.

"Dr. Crane," she began, "I have a brother 10 years younger. I have always spoiled him, even when he was a child.

"For I furnished him too liberal an allowance. And I paid his way through college. Then, when I was thinking of getting married, he eloped with a girl whom he had made pregnant and as he had no job, I had to defer marriage in order to help him.

"Indeed, I used the trousseau money I had saved to help him make a down payment on a little house.

"Before I could save a large enough savings to get married, his wife gave birth to twins, and he begged me for more aid.

"Well, it has been going on like that till I have lost my last chance of matrimony. Recently, I refused him any more aid, for he has been leaning on me as a financial crutch ever since he entered kindergarten.

"He owes me in unpaid notes over \$15,000. And now he is trying to blacken my reputation by saying I am a shylock and greedy and intently selfish.

"I was dating a new man when this brother of mine actually stabbed me behind the back with those very words, so I have washed my hands of him.

"Maybe I should have done it long ago. What do you think, Dr. Crane?"

It may seem harsh to some of you doling mothers and overly indulgent older sisters like Nellie, but you actually harm two people when you place a child on a dolé, otherwise labeled an "allowance."

First, you create a financial weakling who will tend to rely on you to get him out of his bad debts.

And if you ever submit to this sibling blackmail (for that's what it often amounts to) you yourself may ruin your own happiness, too!

Nellie thus lost a chance at happy marriage because she subsidized her wastrel younger brother with ready cash.

And she kept getting in deeper and deeper. She would

probably still be submitting to his selfish appeals if his un-gallant remarks to her new boy friend hadn't wakened her to reality.

Now she has cut off her unwise generosity to that brother—but about 25 years too late!

Always remind your youngsters that money represents human sweat and elbow grease—not a Santa Claus free gift.

So pay your child for chores or regular duties around the house. Then he will become far more respectful of money. He will not be inclined in flinty fashion to fill a slot machine with a handful of quarters. Or to run the juke box endlessly with your "allowance" money.

Kids who work for their cash, are frugal spenders thereof.

Youngsters on an allowance, let money slip away for they are educated in the "easy come, easy go" philosophy. Look at our presidents who were sons of wealthy men and you will see why our federal budgets keep zooming.

WASHINGTON—(NEA) — Secretary of Labor W. Willard Wirtz and American Farm Bureau Federation President Charles B. Shuman started a little argument the other day which is worth keeping alive for a little further research and analysis.

At AFB's annual convention in Atlanta, Shuman delivered a denunciation of organized labor. There is nothing new in this. Because the unions have made numerous attempts to organize farm labor, the big commercial farmers are against them.

Also, organized workers in farm food and fiber processing plants, demanding and getting higher wages and better working conditions, are believed by farm operators to be responsible for raising consumer prices, while higher wages in industry raise the price of things farmers buy.

The AFB convention then went on record in a series of resolutions against industry-wide bargaining, the union shop, secondary boycotts, featherbedding and all the other things the National Association of Manufacturers have been against for years.

Farm Bureau resolutions also asked for repeal of the wage-hour laws, opposed further liberalization of minimum wage laws, unemployment insurance benefits and railroad retirement. Finally, they asked that unions be brought under the anti-trust laws.

But the Farm Bureau did invite Labor Secretary Wirtz to address them, to get his measure. Three days later he told Shuman and his convention that, "Surely, those interests which unite American labor and American agriculture are much stronger than those which divide them."

And by all means send for my 200-point "Tests for Good Parents," enclosing a stamped, return envelope, plus 20 cents.

FEC Railroad Strike Seen
WASHINGTON (UPI) — The Railway Labor Executives Association chief said Thursday that 1,500 non-operating employees of the Florida East Coast Railway will go on strike Jan. 23 for higher wages.

Working Out
TALLAHASSEE (UPI) — Conservation Director Randolph Hodges said today his department is aware of the new outbreak of red tide in waters of Sarasota and Charlotte counties and is working on it.

Cabinet Seeks Aid To Farmers
TALLAHASSEE (UPI) — The cabinet called on Florida's congressional delegation today to sponsor legislation to permit Florida farmers and growers to get long-term loans at a low interest rate under the Farmers Home Administration Act (FHA).

The legislation was requested by the state legislative delegations of 34 counties hardest hit by the December freeze in Florida.

The cabinet adopted a resolution to forward to the congressional delegation seeking amendments to the FHA act that would permit loans at three per cent for up to 20 years in the event of disaster. As presently written, the law restricts loans under FHA to a shorter period and does not permit the reduced interest rate.

Each year the automobile industry eagerly awaits the selection of one car as "Car of the Year" by Motor Trend's impartial experts. For 1963, this most-wanted, hardest-to-get honor goes to Rambler... for outstanding design achievement and engineering leadership. Read why Rambler won this prized award over all other cars.

Here are some of the expert reasons:

"New styling is based on lean, clean lines that are apparent from almost any angle."

"Motor Trend's Car of the Year prove their motive in actual testing, confirm their engineering excellence, reliability, sturdiness and performance."

"Quality has always been one of American Motors' largest selling points."

"In unitized bodies, which American Motors pioneered, this latest design represents a real advancement... biggest single reason we chose Rambler Car of the Year."

"This new construction method results in a unit so strong it'll take punishment longer and naturally hold its resale value."

"The interiors of both the Classic and Ambassador are roomy and comfortable... offer plenty of legroom."

"A good safety device. Self-adjusting brakes and dual master cylinders... if one system fails, the other brings the car to a safe stop."

"Trunk is large. Low loading lip makes it simple to load."

"Our Classic... with the rugged, rhy in-line Six... gave a high of 28.7 mpg highway cruising... mixed city and freeway gave 23.4."

"A sportier, more performance-oriented vehicle, the Ambassador V-8 should satisfy the wants of the Rambler buyer who favors performance."

"There isn't any pitch or choppy ride noticeable even on rough roads."

"Summing up... it looks like the new Rambler will be an even better buy than it has been in previous years."

Why don't you look at the 1963 Rambler? Best-selling Rambler ever built!

Stenstrom Talks On Wills For DeBary AARP Chapter

A record attendance was present for last Friday's meeting of the DeBary Chapter of the American Assn. of Retired Persons for which former county judge and state senator Douglas Stenstrom was guest speaker using as his subject, "Wills and Estate Planning."

Florida Power Has Annual Safety Dinner

The annual Safety Dinner sponsored by the Florida Power Corp. was held Jan. 7 at the Florida Power Club in Enterprise at which time the George E. Turner Plant received its sixth consecutive award for no loss of time due to accident.

Announcement also was made that for the first time in the history of the company, more than three million hours were completed in the production department with no loss of time due to accident.

Out-of-town dignitaries attending the dinner included W. C. Johnson of Winter Park, Frank Roedel of DeLand, W. E. Moore, S. L. Allen, M. F. Bunnell, H. B. McMahan and W. R. Spencer of St. Petersburg and J. K. Bailey of Avon Park. Retired employes attending were H. E. Braddock of DeLand and Andrew Evans of Enterprise.

Introductions were made by D. J. Parker, chief, who served as master of ceremonies for the occasion.

Stenstrom emphasized the importance of residents from other states revising their wills in accordance with Florida laws to simplify settlement and to reduce costs of administering estates. He outlined the difference between Florida inheritance laws and those of other states, explaining the advantages to wives of the "Constitutional Homestead" and "Dower Rights."

Under dower rights a wife may claim one third of the gross estate free from all claims and costs, he advised.

He explained that where property is jointly owned with right-of-survivorship it passes automatically to the surviving spouse without any court, legal or appraisal costs except for the \$2.50 filing fee.

However, he stated that where the gross estate may exceed \$120,000 there are substantial federal tax advantages in dividing the property ownership.

Special problems arising from the death of husband and wife in a "common disaster" and from inheritance provision in second marriages emphasize the importance of carefully prepared wills which anticipate these problems, the speaker pointed out, adding that in such cases legal aid is recommended.

It was reported that 27 new members joined the AARP Chapter at this meeting by Mrs. Charles Ulrich, president of the DeBary group.

Howard Middleton, program chairman, announced that the February program will be on Federal Income Tax Reporting.

C. H. Largent Celebrates Birthday

C. H. Largent of Longwood was honored recently with a family get-together at his home. The celebration was in honor of his birthday.

Mrs. Carl Lommel, one of his daughters, baked the cake and on the icing was a message in the form of a telegram "Happy Birthday."

Others helping with the celebration were his wife and two other daughters, Mrs. T. E. Hicks and Mrs. A. J. Metcalf and children, Becky and Gary, if Ovidio.

American Home Department Meets Thursday

The American Home Department of the Sanford Woman's Club will hold the monthly meeting this Thursday at the Club House, starting at 7:30 p.m.

Guest speaker will be W. L. Gramkow, using as his topic, "Family Crisis."

Mrs. A. C. McReynolds and her committee are in charge of refreshments.

Mary Ellen Celebrates Sixth Birthday

ALL DRESSED UP in party hats and helping Mary Ellen Coleman celebrate her sixth birthday are seven of her playmates. Left to right are (front row) Danette Leonhardt, Charlotte Bruce, Linda deJong and Cindy Peterson. Back row, Debra Dove, the birthday girl, Mary Ellen, Janice Catenazzo and Cindy Musgrove. (Herald Photo)

Miss Mary Ellen Coleman celebrated her sixth birthday with a party given by her parents, Mr. and Mrs. J. A. Coleman, at their home in Ravena Park.

A group of neighborhood playmates were invited to share in the celebration. After enjoying refreshments of punch, ice cream, candy and "bunny rabbit" birthday cake, they helped the honoree open her gifts.

The young guests all donned colorful birthday party hats and Mrs. Coleman took them first to a movie then to the zoo.

Guests included, Danette Leonhardt, Debra Dove, Janice Catenazzo, Linda deJong, Cindy Peterson, Terri Adams, Cindy Musgrove and Charlotte Bruce.

O. W. Club Elects President And Adopts Constitution

A new constitution, a new president, and a new year were the themes of the Naval Officers Wives Club Election Coffee held last week at the NAS Ballroom. Mrs. Robert Lovelace was elected by the members to succeed Mrs. Edward Decker as president. She takes office for a term of six months.

Serving with her will be eight new executive board members, each one representing her unit. They are Mrs. O. W. McGuire, Mrs. Roger Leonhardt, Mrs. David Olmstead, Mrs. Barkley Wood, Mrs. John Hogganson, Mrs. Robert Drain, Mrs. Harley Helms, and Mrs. Jack Youngblade.

Outgoing president Mrs. E. A. Decker reviewed the accomplishments of the club during the past six months. They included bequests to the Little Red Schoolhouse and to the Navy Marine Memorial Fund in Washington, D. C., the revision of the constitution, the improvement of the Thrift Shop services, and the sponsoring of two social affairs.

First Vice President Mrs. C. T. Covill presented Mrs. Decker with a silver tray from the club in appreciation of her work.

Decorations for the coffee were composed solely of kitchen articles. The VALL-5 ladies hosted the affair and collected a large, fascinating array of unusual kitchen and pantry items for display. Particularly notable were a pair of three-foot-long, handcarved salad tongs, owned by Mrs. Lovelace, and a pair of china canisters owned by Mrs. Nick Sette. Other items included a pair of tinable irons, a kitchen sampler worked in 1810, an antique spice box and a French cook book.

Many members also brought items from their kitchens. Mrs. Fred Stipp brought a century-old brass and wrought iron spice scale, while Mrs. James Shipman displayed a

The Adult Ladies Sunday School class of the Osteen Baptist Church met in the church annex. Mrs. L. W. Jones was hostess and Mrs. Albert Clark gave the devotions.

Mr. and Mrs. Vernon Hopper and daughter Phyllis were dinner guests of her parents, Mr. and Mrs. Robert Williams last Sunday.

Mr. and Mrs. Lyle Jacobs of Mountain City, Ga., were dinner guests of Mr. and Mrs. Joe Masters, Saturday.

Recent dinner guests of Mrs. Hazel Gilhuly were Mrs. Martha Scoun of Miami; Mrs. Eta Van Brackle and Mr. and Mrs. Clarence Hall of DeBary.

Dinner guests at the MQ Ranch Sunday included, Mrs. Ruth Schotts of Kent, Ohio, Mrs. Thelma Lewis and Miss Martha Lewis of Sanford and Mrs. Clarence Snyder.

Pilot Club Holds Business Session

The Pilot Club of Sanford held the first business meeting of the new year with the president, Mrs. John Lambertson, presiding.

After receiving routine reports Mrs. Lambertson announced that a school of instructions for new members is scheduled for Jan. 15 at the home of Mrs. Raymond Ball in Lake Mary starting at 7:30 p.m.

Mrs. B. E. Chapman, chairman of the milk fund, reported that a new family (mother and seven children) was now being helped.

Mrs. H. A. Swanson told of plans being made for the club's annual "Civic Night" meeting, Feb. 26 at the Civic Center. Past International President, Mrs. Mae Pinchon, will be the featured speaker.

Members were asked to plan to attend the district spring convention, May 3 to 5, in St. Petersburg. It was voted to send \$3 to the Salk Institute building fund, in memory of Mrs. Jean Coniger.

Members were requested to participate in the community health program and also to write to Mrs. Ed Randall, a pilot member who is recuperating at the home of her sisters, at 20 East Livingston Ave., Orlando.

Stoddens Return From Ohio Visit

By Mona Grinstead

Mr. and Mrs. Richard Stoddens and daughters, Bonnie and Anita, of North Orlando have returned home after spending the holiday season with Mrs. Stoddens' brother and his family, Mr. and Mrs. Robert McCabe Jr., and boys, Douglas and David, of Englewood, Ohio.

It had been three years since the two families had seen each other, so they had quite a reunion.

They spent part of the time with their parents and grandparents, Mr. and Mrs. Robert McCabe Sr., in Avon Park.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Our son, 26, is being married soon. He has asked his brother, who is 29 and unmarried, to be his best man. The bride has asked her sister to stand up for her. The sister is eight months pregnant and our son refuses to stand up with a lady in that condition. Do you think he is right? GROOM'S PARENTS

DEAR PARENTS: If the bride's choice is a pregnant sister, she is privileged to stand up as long as she can stand up. Your 26-year-old will be a better man if he tells his best man to grow up.

DEAR ABBY: I am an intelligent woman of 42 and can trace my ancestors back to Roger Williams. I have been feeling dizzy and weak and I can't sleep nights. I've been to four doctors and they all said it was nothing but NERVES. It seems to be the style these days for doctors to blame everything on nerves when they can't diagnose a case. Why don't they just admit they don't know? NERVOUS

DEAR NERVOUS: Go back to one of those doctors and let him explain how uncontrolled emotions can (and do) turn into physical ailments. It's true.

DEAR ABBY: At the beginning of the school year I was over at my girl friend's house and some kids were there. One boy I have liked for a long time said, "Hey, if you get down to your normal weight I'll take you out."

I went to a doctor and he put me on a diet. I have lost 16 pounds since October. I have 12 more to go and am sticking to my diet. When I get down to my normal weight, should I remind him of what he said? GETTING THINNER

DEAR GETTING: Don't "remind" him. Now that there is less of you to notice, chances are he will notice you more. If not, his eyesight is no better than his memory.

CONFIDENTIAL TO LIZ C.: Yes, you read right, if a man buys his wife shoes, the least she can do for him is to shine his.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

Central Circle Presents Program On Arrangements

SOME OF THE FLORAL ARRANGEMENTS used in the program given at the meeting of Central Circle are displayed by Mrs. E. R. Wood, president, left, Mrs. George McCall, center and Mrs. A. F. Collum, at whose home the program was given.

Central Circle of the Sanford Garden Club met at the home of Mrs. A. F. Collum for the January meeting. Mrs. Volie Williams Sr. opened the meeting and Mrs. B. C. Moore, devotion chairman, read "A Prayer for the New Year." Members voted to send a note of sympathy to a former member, Mrs. Frank Hill, of Delray who recently lost her husband, Mrs. E. R. Wood, president, gave a report on the sale of mixed nuts, which was a most successful project.

Members were urged to attend a film on "Birds and Conservation," scheduled for Jan. 22 at 1:30 p.m. in the Caucus Room of First Federal. The Garden Club is sponsoring a card party on Feb. 11 at 8 p.m. at the Woman's Club Building. Mrs. Moore, Mrs. Williams and Mrs. Frank Evans were appointed on the nominating committee for 1963-64. Mrs. George McCall presented a program on flower arrangements, Mona's Flower Shop.

sent some beautiful arrangements to be used in the demonstration. Mrs. Frank Evans will be hostess for the next meeting. Guests attending were Mrs. Irene Whitener, Mrs. C. E. Chanlot and Lynn Chapman. Other members present were Misses Lawrence Tinsley, W. L. Merrill, Ira Southward, George Chapman, A. Kent Rossiter, J. M. Thompson, H. N. Brewer, W. T. Cavanaugh, Mrs. Evans and co-hostess Mrs. McCall and Mrs. R. W. Turner.

Jacoby On Bridge By Oswald Jacoby

The bidding in the box is exactly what would take place in the ordinary American game.

Table with columns for NORTH, WEST, EAST, SOUTH (D) and a grid for bidding options.

was able to raise to four with full confidence that game would be made.

The hand is shown in the column because while the average American player would open the South hand with a game forcing two spade bid the average American expert would open with one spade only and wind up playing one spade and making three odd.

You see, the South hand is an ACOL two bid. It is not a standard American two bid and the American experts lean backwards not to open doubtful two bids. In fact they lean backwards so far that they are likely to topple over as they would with his hand.

Banks Continue Upward Climb

ORLANDO—Reflecting the continued rapid growth in the state's economy, loans and deposits in Florida's 343 commercial banks have continued their upward climb. Figures released here Monday by Fleyd Call Executive Vice President, Florida Bankers Association, indicate an overall growth of 12.3 percent in bank loans and a healthy 9.4 percent growth in deposits when compared with the totals of a year ago. Current deposits are just short of \$5.8 billion with loans totalling \$2.4 billion.

These growth figures are in line with those prevailing over the past ten to twelve years here in Florida. The average has been 9 and 10 percent increase in deposits and about 12 to 15 percent increase in loans. National average increase in deposits of commercial banks has been between 4 and 5 percent.

Chisox Trade Aparicio, Smith

CHICAGO (UPI)—The Chicago White Sox lost two front-line players in Luis Aparicio and Al Smith but general manager Ed Short believes the four Baltimore Oriole players he got in exchange might have solved three big problems. The Sox obtained relief pitcher Hoyt Wilhelm, shortstop Ron Hansen, rookie third baseman Pete Ward and outfielder Dave Nicholson in the switch.

We The Women: By Ruth Millet

Memo to girls looking for a husband: Don't get serious about a young man who lets you have your way about everything and leaves all the decisions up to you. He won't make the best husband. And if a young man agrees with you that a wife should be her husband's full and equal partner, let some other girl have him.

From this study it would seem that every family should have on hand—not two—and that the head of the family should be the husband and father. If that seems to you like going back to the Dark Ages just recall that as we got more and more together in marriage and less and less division between the responsibilities of a husband and those of a wife, we started getting more and more broken homes and more neurotic women and problem children.

So go right on looking for a husband until you find a man who not only WANTS to be the head of his family, but fully intends to BE the head.

89 Cubans Repatriated

MIAMI (UPI)—Eighty-nine refugees, most of them Cuban-born U. S. citizens, flew out of Havana Sunday night in the latest freedom airlift from Cuba. The group, which includes 65 Cuban-Americans, 23 Cuban refugees and one Mexican, was brought to Miami aboard the same Pan American Airways plane that flew more than 15,000 pounds of ransom supplies to Cuba early Sunday.

10:30-11 p.m. ABC. As Caesar Sees It.

If you've seen the Caesar specials that preceded this one, rest assured of more of the same, which is reason enough for tuning in. There's an old shit that is always funny about the frustrations at a movie provided by an elbow-rubbing neighbor. In another sequence on outer-space communications, Sid does a transition from Eskimo musician to Italian aristocrat to South American president.

Highlights TV Time Previews

7:30-8:30 p.m. CBS. Young People's Concert. The presentation of young performers is too often based more on sentimentality than professional appreciation. Tonight is an exception. Leonard Bernstein introduces four pianists who combine the thrill of youthful accomplishment with the skill of budding professional artists. Joan Weiner, 14, of Falls Church, Va. Claudia Hoza, 12, Buffalo, N. Y.; Pamela Paul, 13, Oyster Bay, N. Y.; perform one movement each of the Mozart Piano Concerto in A Major. The feature is Andre Watts, 16, of Philadelphia, playing Liszt's Piano Concerto No. 1, in its entirety, with Bernstein conducting the New York Philharmonic.

Shipping Talks Negotiations On

NEW YORK (UPI) — Negotiations in the longshoremen's strike, now in its 23rd day, resumed Monday following a weekend recess.

The dispute has crippled shipping operations from Maine to Texas since Dec. 23. Going into the meetings, there was no indication from either the International Longshoremen's Association (ILA) or the New York Shipping Association (NYSA) that prospects for a settlement had improved.

However, in New Orleans legal pressures were brought to bear against the union in an effort to end the walkout.

The New Orleans Steamship Association filed charges over the weekend with the National Labor Relations Board (NLRB), accusing the ILA locals in that city of refusing to bargain locally and in good faith.

Strikes . . . Spares

By John Spolaki

Goa, but did you ever have so many different tournaments going at the same time? Real good ones, too.

Locally, I believe our Charles Music Co. Sunday Sweeper ranked with the best throughout the entire state. I only hope that more of our "localites" take part in it again this coming Sunday.

Remember, it's handicapped and is on an equal basis to everyone regardless of your average.

Special recognition to Bill Hall of the Sanford Manufacturing team in the City League for coming thru and winning this tourney two weeks ago.

Squad times are at 1 p. m. and every hour and a half thereafter!

A couple of the fellows from the Jet Lanes team went down to Fairville Lanes in Orlando this past Sunday to compete in the C. O. B. P. A. Team Handicap Tournament. It only costs \$8 per man and if your team is one of the top entries (it's handicapped), then your way and entry will be paid into the Southeastern Tournament. Last time to get in on it is this coming Saturday and Sunday.

On the 26th of the month, Saturday, Jet Lanes will be playing host to the Central Florida Monthly Classic. All of the top bowlers throughout the entire state will be on hand trying for the big prizes.

This is a scratch tournament but it's divided into two categories. . . A—176 average and up and the B Division—176 average and under.

On the following day, Sunday, January 27th, we'll again be the host. This time it'll be for the Junior Traveling League of the Greater Orlando area.

The Jet Lanes entry is made up of young men who also bowl in our Saturday morning Junior League. I sincerely hope that we have a huge crowd out there cheering for them. It starts at 2 p. m. and it's free. There are some real good young bowlers in this league. They're averaging well over the 170 mark.

Remember, 26th & 27th of this month. . . Sweeper and Junior Traveling League.

Here's a note from the publicity director of the Sanford Women's Bowling Association, Rita Stein.

The open meeting will be held Tuesday, January 22nd at 8 p. m. in the American Legion Hall on Highway 17-92. The City Association urges all bowlers to attend and help decide tournament dates and rules. The "Door Prize" presented will cover all entry fees for tournament and refreshments will be served.

It think it's most important that all of you gal "legierettes" plan now to attend this very important meeting. It'll be short in duration and NOW'S THE TIME TO BE THERE AND HELP OUT. Be a doer and not a complainer after it's all worked out!

I understand that there are so many different teams want-

ing to enter into our largest league, Tuesday Night's Navy in the Central League, that there's a possibility of expanding the league even past the 20 teams. There would be a second shift on the same night at 9 p. m. More on this later after checking it out with special services.

If Old Santa is listening I surely hope that he would provide me with about two couples who'd make up the nucleus of a team into the Thursday Nite Mixed League.

These fine folks have been having just a bit of a problem and are in real need of filling in a complete team. The league bowls at 9 p. m. on Thurs. If you're interested, please give me a call at the lanes.

A note to this column from Shirley Martin telling me that Etta Dorman has been named to the Legislative and Rules Committee of the SWBA. Etta'll have a box down here at the lanes available for your signed changes to the constitution of the association.

Again, some mighty fine bowling turned in by our "local pros."

Tony Rodriguez hammered home a high series in the City League, 637—Tony had games of 210, 224 & 203. Who rolls that much ball at Jet Lanes?

Individual high was that of Lake Monroe Ian's John Uhr with a 238!

The Shooting Stars of this same named league this past week were Betty Church with a 183 and Betty Allen and her 478. Hey, there were quite a few of these league cuties rolling games above 150. . . .

Helen Altman 171 & 153; D. Anderson 100; Gene Lambert 150; Dot Johnson had games of 157 & 154; Peggy Pfister shot a 173. Come on John. . . look at those sheets again!

What was the high game? Ooops. . . I see whatcha meant! Special spotlight on Ann Grindley for her tops. . . 195!

That'll do it for this week. Remember, Sunday Sweeper this Sunday. And double in-lane on the 20th & 27th.

VAH-3 Leads Motor Loop

VAH-3 Enlisted Wives, with a 39-25 score, leads the Holler Motor Navy Wives bowling league. VAH-1 Tigers follow closely with 36 wins and 26 losses. VAH-9 Officer Wives and NAM 7 D 1 are tied for third with 37-37.

Clara Barber had high game with 189 and Lucie Mayers had high series with 491.

Tournament rules will be decided at a meeting Jan. 22 at 7:30 p. m. at the American Legion.

Top Team

BOSTON (UPI)—The Green Bay Packers, the National Football League champions, today were voted the top professional team of 1962 in the weekly sports editors' poll.

In the Men's Basketball League sponsored by the Recreation and Parks Department, Florida State Bank defeated VAIL-3 by one point. The score was 58-57 with the men playing the closest game of the season. Cliff Laub scored a high of 22 points for Florida State and Tim Grady scored 25 for VAIL-3.

VAIL-11 won over the O. K. Tire team 43 to 35 with Christoff scoring 18 points for VAIL-11 and Miller, 10 for the opposing team.

Next game will be held at Sanford Junior High at 7 p. m. with VAIL-3 vs. O. K. Tire and at 8:15 p. m. with VAIL-11 and Marine Barracks.

W. D. (Red) Stroud, Mississippi State's skinny backcourt man who beat Georgia Tech with a last-second basket last year, scored 30 points in an 81-69 rout over the Yellow Jackets Monday night at Starkville, Miss. The loss knocked Tech off the unbeaten list, leaving only top-ranked Loyola of Chicago and Niagara, ranked No. 18, on the major college perfect record list.

Long a winter training center for trotters and pacers, the Casselberry plant has been completely rebuilt, including a 2,500-seat grandstand and a 2,000-space concrete parking area.

L'I'L Buggers Hold Loop Lead

L'I'L Buggers still hold the lead in the Jet Bowlerettes League with 46 wins and 18 losses. Cut 'n' Curl is second with 43-21 and Karns Insurance third with 40-24.

Jane Spolaki had high game with 207 and Shirley Martin took high series honors with 508.

Locals Play Trounce McCoy Golfers

Leesburg Tonight

The Sanford Seminoles will be out for revenge tonight when they face the Leesburg Yellow Jackets on the local court. Game time is 8 p. m.

Coach Ralph Stumpf said his boys are primed to take Leesburg in retaliation for the two-point defeat when the Yellow Jackets downed the Seminoles 44-42 in the Christmas tournament at Leesburg.

"After defeating Wildwood last week," the coach said, "we feel we are ready to take Leesburg tonight."

Winter Park leads the conference with Apopka, DeLand and Sanford tied for second place.

The Sanford Juniors will face the undefeated Leesburg Juniors at 8:30 p. m.

Stetson University will meet Rollins College at 8 p. m. Wednesday at the Sanford high school court.

Sanford faces DeLand there Friday evening and Winter Park here Saturday evening.

It's a week filled with basketball," said Coach Stumpf.

John Zeuli Bags Big 639 Series

Action in the Jet Lanes All-Star League last week found John Zeuli having the pins falling his way to the tune of a 639-series. John had games of 205, 221 and 213.

He also helped his team win one game from the Handy Food store men.

Woody Wilson also was having a good night. Woody started off with a dutch 200 game. This consists of all strikes and spares. He went on with games of 215 and 196 to end up with a 611-series. Behren's 235-347 was high in the futile effort by Jet Lanes.

B&W Marine Service, firmly entrenched in the cellar, seems out to prove that any team in the league can be a threat. Although they only took one point in their match, they managed to throw a scare into 2nd place Lake Monroe Inn. Tony Rodriguez led the way for his team and the league by hurling his "big ball" to the tune of a 637 series, good enough to take over 3rd high individual series to date. John Uhr's 228 was high single for Lake Monroe and the league, while team mates Fox and DePalma contributed 201 and 224 respectively.

Team No. 4, paced by duplicate 327's by Smith and Haney, took a 3-1 win from Team No. 1. Schautteet's 213 for the losers was the only 200 game rolled in this match.

Sanford Mfg. Co. welcomed

Franklin and Marise, 0-1; Tooke and Powell, 7 1/4 vs. Saloca and Fredericks, 1 1/4; Hamilton and Cannell, 2 1/4 vs. Coburn and Thomas, 6 1/4; Bradford and Weber, 7 1/4 vs. Langston and Crane 1 1/4.

B Division teams: Sherwood and Maliczowski, 7 vs. Burke and Pottock, 2; Hamilton and Harrington, 9 vs. Brigham and Caperton, 8.

Rowman and Durzo, 9 vs. Thomas and Whitaker, 0; Westler and Simas, 9 vs. Ilurt and Weiman, 0; Goodman and Kreschke, 7 vs. Wynn and Noonan, 2.

C Division teams: Broons and Sowell, 9 vs. Waldron and Thacher, 0; Billups and Jernigan, 8 vs. Jackson and Hunt, 1; Vost and Duncan, 9 vs. T. Heitaley and C. Heitaley, 0.

Zok and deGanahl, 9 vs. Lott and Bell, 0; Heckenbach and McCallum 9 vs. Cullis and Barch, 0;

The tournament gave three points for an individual match and three points for the team match.

Losing Ground
NEW YORK (UPI)—Unbeaten Loyola of Chicago ran its season record to 15-0 but lost ground today in its battle to overtake Cincinnati as the nation's No. 1 major college basketball team in the United Press International ratings.

Sweeney's 'Tightens' City Loop Standings

Action in the City League last week was pin-pointed on the match between Jet Lanes, the league leaders, and third place holders, Sweeney's.

Taking full advantage of an "off" night for Jet Lanes, and the absence of Sweeney's from the line-up, Sweeney's blasted the pins for a 4-0 sweep, the first time the league leaders failed to take a single point.

As a result of this loss, Jet Lanes' lead was cut to only four points over 2nd place Lake Monroe Inn and five points over Sweeney's.

"Cap'n Paul" was top dog for Sweeney's, leading the way like a good leader should with a 213-530 series. Behren's 235-347 was high in the futile effort by Jet Lanes.

B&W Marine Service, firmly entrenched in the cellar, seems out to prove that any team in the league can be a threat. Although they only took one point in their match, they managed to throw a scare into 2nd place Lake Monroe Inn. Tony Rodriguez led the way for his team and the league by hurling his "big ball" to the tune of a 637 series, good enough to take over 3rd high individual series to date. Zok and deGanahl, 9 vs. Lott and Bell, 0; Heckenbach and McCallum 9 vs. Cullis and Barch, 0;

The tournament gave three points for an individual match and three points for the team match.

Bonnie Shoots For 2nd Straight

With one feature victory in the bag, Lawrence B. Hughes' Bonnie Abbe will try to make it two straight tonight when she goes to the post in the ninth race, the evening's top attraction at the Sanford-Orlando Kennel Club.

In winning the main event Thursday Bonnie Abbe was clocked at a fast 31.21 seconds and crossed the line a length-and-a-half in front of last season's inaugural winner, O. B.'s D.D.T. The Oswald Brothers' veteran speedster is also in the lineup and may turn the tables.

Others running will be Pac Sac, Speed Beam, Texas Lace, Rapid Roy, Duke Drake and Rank Son.

Cecil Austin's Texas Lace cannot be overlooked for she already has a grade B win to her credit. She won the eighth race Thursday, her first start since arriving here from Tampa.

Fred Trevillion's Pac Sac, who starred at Daytona, schooled here to three straight wins but has missed the money in her two official outings.

Tonight's tenth race will send grade B Greyhounds over the long 3/8ths mile course. Rocklin Mollie, Mystery Tamer and Joyce L. have already scored over the marathon route.

JFK 'Shuns' Barge Canal

WASHINGTON (UPI) — President Kennedy asked Congress to approve nearly \$25 million in public works projects for Florida today but did not mention the highly controversial Cross-Florida Barge Canal.

Legislative Apportionment Survey On Bulletin

House Speaker Mallory Hornum abruptly abandoned today a plan to initiate a "self starter" petition to force the Legislature into a third special session on reapportionment.

TALLAHASSEE (UPI) — House Speaker Mallory Hornum started a telephone poll of legislators at 10 a. m. today to get the necessary approval to initiate a move to force a third special session to try to solve reapportionment.

Hornum is checking with 55 House members who signed undated petitions at the close of the full November session approving another session. If at least 27 of these

feel the same way, Hornum said he will date the petitions and file them with the secretary of state around noon.

Hornum warned Tuesday he would give Gov. Farris Bryant until noon today to complete a telephone poll of the Legislature on the 42-senator, 14-representative plan backed by Bryant.

The speaker said that the governor would probably not get enough backing for the plan, and warned if Bryant did not call a session despite the drawback, he would take steps for a self-called meeting of the lawmakers.

Hornum was scheduled to meet this morning with members of the House Appropriations Committee, here for budget hearings, and said he would be in close touch with the other House members in preparation for his move.

He said he had a "self-starter" petition ready to deliver to Secretary of State Tom Adams at noon. The petition contained the required signatures of 20 per cent of the Legislature.

The signatures were collected at the end of the abortive November special session, however, and Hornum indicated he would like to check with the signers to see if they still felt the same way.

Rights Board Aid Sought

WASHINGTON (UPI) — President Kennedy will ask Congress to extend the life of the Civil Rights Commission.

In his budget message, Kennedy said he wanted the extension to permit the commission "to continue its valuable contribution to our understanding of civil rights problems."

UN Alered Near Tshombe 'Stronghold'

ELISABETHVILLE, Katanga, The Congo (UPI)—UN troops kept alert near Kolwezi today pending proof that Provincial President Moïse Tshombe will carry out his agreement to end Katanga's secession.

High UN military sources said the troops, poised 45 miles northwest of Jadoville, would continue their build-up. The Indian contingents could drive on Kolwezi should Tshombe fail to back his words with actions. Kolwezi, a mining center and air base, is Tshombe's last Katangese stronghold.

While UN officials were hopeful that Tshombe would move fast to implement his agreement, they pointed out that several times in the past he made promises only to do an almost immediate about-face.

The Katangese leader announced Tuesday in Kolwezi that he was ready to end Katanga's secession, give the UN force freedom of movement throughout the province, and return to Elisabethville to work out plans for reunification with the rest of the Congo.

Freezing Temps Rack Midwest

By United Press International Sub-zero temperatures clung to the Midwest today after the mercury fell as far as 50 below in one of the harshest cold spells in 75 years.

The early-morning readings were not quite so severe as 24 hours earlier when the bitter arctic blast came close to giving Milwaukee, Wis., and Minneapolis-St. Paul, Minn., their coldest weather in history.

Already nearly 100 persons were dead since the huge frigid mass penetrated 48 states. The Weather Bureau held out hope of warmer temperatures from the Rocky Mountain region through the middle and lower Mississippi Valley. There were rising temperatures forecast also from Southern California to Georgia.

Three Policemen Quit

Fasula Fires Fire Chief

North Orlando Mayor Frank Fasula today dismissed Councilman Bob Stephenson as Village Fire Chief and accepted the conditional resignation of three police officers.

The action was taken during a special council meeting called for 9:30 a. m. at the North Orlando Co. offices and lasted less than 20 minutes.

Only after protest from Councilmen W. W. Anderson and Stephenson that he had no authority to "dismiss any appointed and approved official" did the mayor term his action as a

"suspension" and set a public hearing to be held after a 16 day period.

The resignations of Dave Tilson, Michael Crosby and Stephenson as police officers were included in a resolution of complaint against Police Chief Jack Sutton.

Included in the document were charges that Sutton "has been incompetent and derelict in the duties of his office; that he has, in public, displayed conduct unbecoming a police officer in uniform and that he has in public violated the peace and dignity of the Vil-

lage of North Orlando."

It stated that if "at the next regular or special council meeting, the council fails to act on these complaints, then this document shall serve as formal resignation of each for reasons cited herein."

Copies of the resolution, in addition to being released to area newspapers, will be sent to Orlando Junior College President Morris Hale, to the Silver Creek Mining and Precision Co. and to a national magazine publication for chiefs of police.

SR 427 Bid Letting Expected By Fall-Avery

The bid letting of State Road 427—this county's No. 1 secondary road priority is expected before the fall, County Commission vice chairman James P. Avery indicated today.

Avery, as well as County Engineer Bill Bush and Road Supt. J. C. Lavender met with SRD engineers L. D. McCallum and G. F. McKinney today to discuss planning for the stretch of road between Altamonte Springs and Longwood.

The first phase of the project—estimated at over \$100,000, will extend from SR 436 in Altamonte to SR 431 in Longwood.

SRD engineers said today that planning of the second phase of SR 436 from Hwy. 17-82 to Interstate 4 should be completed within 60 days and then the SRD will proceed at a "fast pace" on SR 427.

The SR 427 project has already been surveyed and a center line alignment conducted, Avery added.

Chamber One Punch Drive Termed Success

Five men won \$25 savings bonds for "going over the top" Tuesday in the Chamber of Commerce's membership drive.

Bonds will be presented to Charles Tetenbaum, Sheriff J. L. Hobby, Jack Wilber, J. S. Best and John Kader for meeting their quotas in signing up Chamber members.

Results still are being tabulated, according to Chamber manager John Kridler, but "we are very gratified at the number of new members being signed up."

Members of the winning team and their wives will be guests at a steak dinner. The winning team will be selected when tabulations are completed.

Chamber Manager John Kridler stated today that absolute deadline for reservations will be Thursday. He added that no reservations will be accepted after Thursday because the number already has reached near-capacity.

Special guests at the dinner will be H. L. Hunt, of Dallas, Texas, head of the Hill Products processing plant which will be formally opened Saturday morning; Mrs. Hunt and other H.L.H. Products officials.

The woman, identified by Trooper J. L. Sikes as Onalee Tyrell Cornelius, suffered from bruises and abrasions in the accident. Sikes said she was going south on Dadd Rd. when the car skidded and turned over.

She was charged with speed too great for conditions. Damage to her vehicle was estimated at \$1,200.

Citrus Estimates Not In Accord

LAKELAND (UPI)—Florida Citrus Mutual took issue today with the U. S. Department of Agriculture's citrus estimate and slashed the estimated Valencia orange crop in half.

Robert W. Rutledge, executive vice president, said USDA forecast that the state would produce 35 million boxes of Valencia oranges.

"Mutual believes that the Valencia harvest will be far less than this forecast and on Dec. 19 estimated only about 18 million boxes would be harvested," Rutledge said.

He said the reasoning was based on the fact that about one-third of the Valencia acreage is non-bearing, the loss in juice content will be very heavy in Valencia, some oranges will never pass maturity laws, the dropage rate of Valencia will increase, and the Indian River area which escaped freeze damage has only 10 per cent of the total Valencia crop.

Rutledge said that with the end of the mid-season orange harvest in sight and with processors planning to use Valencia in quantity within the next few weeks, the industry was vitally concerned with the amount of Valencia that can be harvested.

Protection

DETROIT (UPI)—Helicopters operating in Viet Nam are being equipped with armor plating to protect them from Communist guerrillas, Maj. Gen. Aiden K. Sibley said Tuesday.

Crisis Not Ended—Castro

MIAMI (UPI)—Cuban Prime Minister Fidel Castro fell into step with Red China's hard line today and urged revolutionaries throughout Latin America to "hurl the masses into combat."

"That is the duty of revolutionary leaders..." he said. "That is what they did in Algeria and what the Communist patriots are doing in South Viet Nam..." That is what we did too."

The bearded Cuban leader, in a speech broadcast by Havana Radio, said that as far as he is concerned the Caribbean crisis has not ended.

Although Castro did not name the Soviet Union or Premier Nikita S. Khrushchev, he assailed unidentified "critics" in a way that described Moscow and its policy of "peaceful coexistence."

It's Back To School For Regional Planners

A comprehensive educational program for members of the year-old East Central Florida Regional Planning council was outlined Tuesday afternoon at a meeting at Mayfair Inn.

In effect, the members will be "going to school" in a long-range schedule designed to educate them in any and all phases of planning for the future for the six-county area.

Chairman Claude H. Wolfe, Orlando, named council members on two panel sub-committees. Planning Director Robert H. Doyle outlined the study program aimed at preparing

the council members for the task of drawing up future development plans. This latter program is designed for completion and distribution in mid-summer, Doyle said.

Douglas Stenstrom, Sanford attorney, will be moderator of a panel discussion with consultants representing various governmental agencies and institutions of higher learning. Serving on this panel with him will be Dr. B. Q. Waddell, Indian River county; F. B. Burguine, Orange county; Paul Kirkpatrick, Osceola county; and Cecil Cunningham, Volusia county.

This panel sub-committee will sit Jan. 31 and Feb. 1 at the San Juan hotel in Orlando. Although not a public session, the discussion will be open to representatives of county, municipal, state and other governmental agencies.

Doyle reported that appearing before the panel will be the following: Doyle E. Conner, commissioner of the State Department of Agriculture; G. E. Dall Jr., executive director of the Central and Southern Florida Flood Control district; Col. H. W. Tarkington, state director of the Civil Defense Council; J. B. Culpepper, execu-

tive director, Board of Control; Otis Trimble, Florida Development Commission; C. H. Coulter, Florida Board of Forestry; Dr. Albert C. Hardy, assistant state health officer. John Wakefield, Southwest Florida Water Management district; Olin C. Lewis, U. S. Department of Agriculture, soil conservation service; Dr. John N. Webb, professor of economics, and Dr. Ernest H. Bartley, professor of political science, University of Florida; Dr. Charles M. Griggs, professor of sociology, Florida State University; Dr. J. Ollie Edmunds, president of Stetson University; T. A. Waybar,

dean of engineering college, William Wallis, Osceola county; C. S. Lee, Seminole county; and William E. Owens, Volusia county.

Doyle explained that invitations have been extended to work with the sub-committee to specialists in population analysis and forecasting, economic analysis of land use, community design, transportation, residential development, commercial and industrial development, open space and recreation facilities, regional facilities such as educational, cultural and special; land development controls and general planning.

Dean Downs, Orange county; William Wallis, Osceola county; C. S. Lee, Seminole county; and William E. Owens, Volusia county.

These specialists, Doyle stated, will come from throughout the United States for a two-day program next month. They will meet with the panel members in Orlando, have a briefing at Cape Canaveral and a flight over the six-county area.

Then, in May, Doyle continued, these specialists will return for a season with panel members at Daytona Beach. At that meeting the specialists will present their evaluations of their studies made in February.

From all information gained by the two sub-committees they will prepare a develop-
