#### FOLDER EXPLAINS PLAN

Every family in Sanford interested in having fewer colds has a chance now to get acquainted with the unique aid in preventing colds—Vicks Va-tro-nol.

Va-tro-nol is especially designed for the nose and throat—where most colds start. It aids and stimulates the functions provided by Nature—in the nose—to prevent colds, and to throw off colds in their early stages.

Va-tro-nol is easy and convenient to use. Use one or two drops in each nostril at the first sign of a cold. In the nose—irritation, dryness, stuffiness, sneezing, it helps to avoid a cold entirely.

When infection has led to a cold, Va-tro-nol is a sure and speedy relief. It is especially helpful in the throat—where it soothes and relieves the irritation, and helps to prevent a cold.

Get Your Trial Samples Now

Your druggist has a limited supply of de luxe combination sample packages. These contain trial samples not only of Va-tro-nol, but of Vicks VapoRub (famous natural treatment for colds) and other Vicks aids to better Colds. Also, a modern, practical guide to mothers to help your family to have fewer, shorter and milder colds this winter. All yours for the asking—no charge. The Chamber of Commerce committee appointed to study Referendum 67 of the Chamber of Commerce of the United States met yesterday, discussed the problem, took a preliminary vote and decided to stage a final meeting next advocated.

St. Louis was formally selected as the 1935 convention city. The time of the meeting will be set by the National Executive Committee.

The greetings of President Roosevelt to the Legion, expressed by letter through National Commander Hayes, were presented to the convention by National Adjutant Frank Samuels.

The President expressed his "interest in your proceedings" but said previous engagements prevented his personal attendance.

"While I realize your interests are in many directions, our national welfare is paramount. I urge you to carry such a spirit into your convention," the President said.

Sanford Kiwanis today officially elected Sanford Dondan as their 1935 president, and along with him the following officers: W. B. ## Will Relieve Small Home Owners and Farmers From Paying Six Million Dollars in City, County, and State Taxes

### NOW and Forever AFTER!

ITS PASSAGE WILL SAVE YOU THOUSANDS OF DOLLARS IN TAXES ON YOUR HOME OR FARM OR SMALL GROVE DURING YOUR LIFE TIME.

NOVEMBER 6TH IS THE ONLY TIME YOU WILL EVER HAVE AN OPPORTUNITY TO VOTE ALL TAXES OFF YOUR HOMES.

TAX DODGING OPPONENTS OF THE AMENDMENT ARE DISTRIBUTING MILLIONS OF CIRCULARS SOME OF WHICH WILL BE PLACED IN THE PACKAGE YOU BUY AT THE STORES, CLAIMING THAT THE PASSAGE OF THE AMENDMENT WILL MEAN A TEN PERCENT SALES TAX. THIS IS BUNK AND THE OPPONENTS KNOW IT BUT ARE USING SUCH UNTRUTHS AS A BOGEY MAN TO CONFUSE YOU, AND FOR NO OTHER REASON. THEY THEMSELVES DO NOT BELIEVE THAT FLORIDA WILL EVER HAVE A SALES TAX OF ANY KIND.

A TEN PERCENT SALES TAX, ACCORDING TO THE UNITED STATES DEPARTMENT OF COMMERCE FIGURES, ON THE BASIS OF NORMAL SALES, WOULD RAISE \$40,000,000 TO REPLACE THE SIX MILLION DOLLARS SAVINGS TO HOME OWNERS EFFECTED BY THE HOMESTEAD EXEMPTION AMENDMENT.

THE TOTAL COST OF ALL GOVERNMENT IN FLORIDA IS ONLY \$104,000,000.

DON'T BE FOOLED BY TAX DODGERS WHO HAVE RAISED A QUARTER OF A MILLION DOLLARS SLUSH FUND TO FIGHT YOU, AND WHO ARE ADVISING YOU NOT TO TAKE TAXES OFF YOUR SMALL HOMES AND FARMS. ASK YOURSELVES WHY ARE THESE NOTORIOUS TAX DODGERS SO INTERESTED IN WHETHER OR NOT YOU VOTE A TAX OFF YOUR FARM OR HOME?

THESE TAX DODGERS ARE MAKING THE MOST NOISE IN THIS FIGHT, AND REMEMBER IT IS THE HIT DOG THAT ALWAYS HOWLS LOUDEST.

THEY SEEK TO SCARE YOU BECAUSE THEY KNOW THAT THEY WILL NOW HAVE TO PAY THEIR FULL SHARE OF TAXES WHICH THEY SO LONG HAVE EVADED. AFTER YOU HAVE PASSED THE HOMESTEAD AMENDMENT ON NOVEMBER SIXTH.

REMEMBER THIS IS A FIGHT TO VOTE A TAX OFF YOUR HOMES, AND NOTHING MORE. NOT A FIGHT TO PUT ANY TAX ON OPPONENTS KNOW THEM.

## Balance Budget, Bankers Tell President

### Bank Lending Held Dependent Upon Business, Association Says To Roosevelt

### Challenge Both Lauded, Attacked

### Group Applauds Editor Who Assailed Administration Policies

WASHINGTON, Oct. 25.—(A.P.)—A double-barreled reply to President Roosevelt's challenge to American bankers came today at the closing session of their convention in the form of resolutions demanding a balanced budget and a report that bank lending was dependent upon business.

At the same time, the Bankers' Association adopted a resolution pledging co-operation with the government.

The President had called upon them to demonstrate their confidence in the American people. His speech evoked both favorable and adverse criticism.

The demand for the balanced budget, said the Association, (Continued On Page 4)

The marriage plans of Ellen Wilson McAdoo (above), daughter of Senator William Gibbs McAdoo, to Rafael Lopez de Onate, an actor, met opposition from several sources. A California county clerk said De Onate would have to prove he did not have Filipino blood, and Miss McAdoo's mother and father also opposed the marriage. (Associated Press Photo)

### WALLACE WARNS AGAINST USE OF OLD LAND POLICY

ST. LOUIS, Oct. 25.—(A.P.)—Secretary Wallace warned last night that continuation of land use policies followed by the United States in the last 50 years would "destroy our civilization."

Addressing the American Civic Association on a "unified land policy," the secretary of agriculture said the American record of land misuse was rivaled only by that of the Chinese people whose "individualistic handling of the land has exposed millions of Chinese to flood and drought, to famine, pestilence, and death."

"During the past 150 years in the United States we have managed our lands in ways that indicate even more destructive possibilities," he added.

"Over large areas the American record is worse than the Chinese, for we have made no real effort to restore to the soil the fertility which has been removed."

Lands have been overgrazed, (Continued On Page 4)

### South Ready To Put Out Plenty Newsprint

SAVANNAH, Ga., Oct. 25.—(A.P.)—Dr. Charles H. Herty yesterday warned newspaper manufacturers that the South was ready to put out five times as much paper as is now annually consumed in the world, at a great reduction in price and with a tensile strength many times greater than now is required by the most modern newspaper press.

Dr. Herty, who has been experimenting with Georgia pine for several years, said his research work was complete and "simple economics is going to settle this matter eventually."

### Youth Missing Year Found At FERA Camp

JACKSONVILLE, Oct. 25.—Alfred Distelhorst, Jr., 18, of Nashville, Tenn., reported missing for more than a year, was found yesterday morning in the Florida Emergency Relief Administration's transient camp at Camp J. Clifford R. Foster.

The missing youth was located by agents of the division of investigation, Department of Justice, and was taken back to Nashville by an uncle, R. A. Alt, special agent in charge of the office here, reported.

### ROOSEVELT CHALLENGES U.S. BANKERS

WASHINGTON, Oct. 25.—(A.P.)—President Roosevelt addressed to the nation's bankers last night something of a challenge, asserting that he expected them to supply the credit need of the country and to begin supplying it at once.

Talking to the annual convention of the American Bankers Association, he held out the promise that as quickly as the banks are able to assume their task of lending money to industry, just as soon will government's lending activities be curtailed.

In March, 1933, I asked the people of this country to renew their confidence in the banks," he said. "They took me at my word. I fought to renew their confidence in the people of this country. I hope you will take me at my word."

As he spoke the last phrase, applause all but drowned out his words. Given an enthusiastic reception as he entered the auditorium, Mr. Roosevelt was interrupted several times during his address by handclapping.

The Chief Executive said that after numerous conferences with members of the banking fraternity at which he had "not come all the way," he had formed many points of disagreement but almost "general agreement" that governmental credit agencies must continue to function until the private banks are ready to take over their functions.

"And when that time comes," the President said, "I shall be only too glad to curtail the activities of these public agencies in proportion to the taking up of the slack by privately owned agencies."

Jackson Reynolds, president of the First National Bank of New York, in introducing the Chief Executive himself brought up the question of monetary stabilization, but did so in a way that left Mr. Roosevelt silent.

### POLITICIANS SEE DEFEAT FOR SINCLAIR

WASHINGTON, Oct. 25.—Politicians predicted privately last night that Upton Sinclair will be defeated in his race for governor in California.

Preliminary figures for a Literary Digest poll of California sentiment are a factor in the judgment. But Washington bases its opinion largely on President Roosevelt's action in slamming the White House door in the face of California's Democratic candidates.

The Digest poll of 18,854 straw voters gave Governor Merriam, Republican candidate, a lead of more than two to one over the famous former socialist.

Sinclair's statement that Roosevelt had promised to "issue a statement on certain public policies" was denied at the White House press conference yesterday. If the statement were made his election was assured.

The consensus is that the Administration hopes Sinclair will lose. Existence of that hope cannot be demonstrated. Neither Roosevelt nor Postmaster General E. A. Tamm will discuss California politics. But the evidence of Administration feeling is too obvious to escape remark.

The Administration is not with holding aid from the California ticket as a whole merely because Sinclair will share in the benefits. (Continued on Page Two)

Judge Luke was president of a Building and Loan Association of which Groover was secretary-treasurer, and following the shooting of Groover on a downtown street, Luke said he had "accidentally killed his best friend." ### STREAM LINED TRAIN SETS NEW SPEED RECORD

NEW YORK, Oct. 25.—(A.P.)—The record-breaking streamlined train of the Union Pacific rolled into Grand Central station at 9:56 o'clock this morning, completing its cross-country run from Los Angeles to New York City in 50 hours, 56 minutes.

The running time for the coast-to-coast trip set a new record by 14 minutes and 31 minutes over the previous record set in 1906 when the late E. H. Harriman, then chairman of Union Pacific, traveled from San Francisco to New York in 71 hours 27 minutes.

A sub-zero bullet, the Union Pacific's record-breaking streamlined train, shot out of Chicago yesterday toward the next stop on its trans-continental dash to New York.

Defying superstition, the sleek six-car flyer, looking like a huge caterpillar, slipped into the La Salle Street station in downtown Chicago at 2:54 P. M., central standard time, and came to a halt on track 13. It was ahead of its schedule. Promptly at 3:30 P. M., the new speed king headed into the East.

Thousands of persons broke through police lines to cheer the arrival of the 32 persons aboard who had zoomed over mountains. (Continued On Page Four)

### Frank E. Jennings To Speak Against Amendment Friday

Frank E. Jennings of Jacksonville, president of the All Florida Protective Association, will speak to a Sanford audience at Park Avenue and First Street tomorrow night instead of the City Hall as first announced. His address will be heard at 8:00 o'clock.

Robert L. Glenn, chairman of the Brotherhood of Locomotive Engineers and Firemen, will preside over the meeting, and City Attorney Fred R. Wilson will introduce the speaker. His address, as head of the Association, Mr. Jennings will outline his views in opposition to the Homestead Exemption Amendment. He is on a speaking tour of this section, and large audiences have heard him in recent weeks.

Mr. Jennings declares that "While I have practiced law in the state for over 30 years, I have never represented any bank or any railroad or any public utilities corporation, and I am not representing any at this time. I have never represented any bondholding company, and I am not representing any bondholding company at this time."

### Tennessee Refuses Entry Of Long Troops

BATON ROUGE, La., Oct. 25.—(A.P.)—Huey P. Long's plan to use Louisiana state police as armed guards on the special trains he has chartered to transport practically the entire Louisiana State University student body to Nashville, Tenn., for the LSU-Vanderbilt football game Saturday, brought from Tennessee's attorney general yesterday the legal equivalent of "They shall not pass."

In answer to a request to Governor Hill McAllister for permission to send the armed police on the football trains, Attorney General Roy H. Beeler of Tennessee issued an opinion that there was "no authority for the governor nor any other state official to commission these Louisiana highway patrolmen to carry arms."

### Jasie Identifies Hauptmann As 'John'

TRENTON, N. J., Oct. 25.—(A.P.)—Dr. John E. Condon yesterday identified Bruno Richard Hauptmann as the man, "John," to whom was paid the \$20,000 ransom money for the promised return of the Lindbergh baby, it was learned today from an authoritative source.

### U. S. Protests Against Manchukoo Policy

WASHINGTON, Oct. 25.—(A.P.)—The United States has made representations to Japan against the proposed Manchukoo state oil monopoly on the grounds that the monopoly would be detrimental to American oil companies and in violation of the open door policy and the great power treaty.

Great Britain and the Netherlands, whose nationals likewise are affected, are understood to have made similar representations. It is believed there has been no joint action by the three powers.

### Naval Pow-Wow Seen Headed For Disaster

LONDON, Oct. 25.—(A.P.)—A lengthy battle over the principle of equality in defensive naval armaments, urged by Japan, faced representatives of the world's three major sea powers last night, with fears expressed that the tripartite conversations might be wrecked.

Both British and American delegates held steadfast coolness toward the Japanese proposal for a new naval treaty.

987 Vote For It; 183 In Opposition

Body Also Asks U. S. To Cancel Russian Recognition Pact

MIAMI, Oct. 25.—(A.P.)—Raising its voice in a monstrous "aye," the American Legion today demanded the immediate cash payment of veterans' bonus certificates by the government.

The vote was 987 to 183. The payment, Legion officials have estimated, would require an outlay of about \$2,000,000,000 by the government.

There were some boos as several states cast votes against the bonus resolution which not only calls for the cash payment of the bonus but the remission of interest on loans already made on service certificates.

New York's solid vote of 81 against the resolution drew boos, but there were rollicking cheers as Pennsylvania, 73, California, 60, Illinois, 77, Massachusetts, 42, Michigan, 33, and the votes of other big states went for the bonus.

A roll call was demanded by New York, Tennessee, Connecticut and Illinois, although after the aye and no vote by voice from the floor, Commander Edward A. Hayes of Decatur, Ill., had said "There's no question in the mind of the chair."

Adoption of the resolution came after only a few speakers had been heard.

Immediately after the vote was (Continued On Page 4)

### Lee Determined To Collect Licenses When They Are Due

TALLAHASSEE, Oct. 25.—(A.P.)—Comptroller J. M. Lee Tuesday advised county tax collectors by letter that occupational licenses on stores carry a 25 percent penalty if not renewed by Nov. 10.

There is no penalty on lapsed occupational licenses other than store licenses, the comptroller said.

"Your attention," Lee wrote the tax collectors, "is called to the fact that the collection of the penalty is mandatory and neither the tax collector nor the comptroller has any discretion in this matter."

A fine of \$25 to \$100 is provided for violations. Occupational licenses become due each year on Oct. 1. Comptroller Lee said applications for renewal of licenses should be made by Oct. 31.

### Merriam Leading 2-1 In Poll By Digest

NEW YORK, Oct. 25.—Gov. Frank F. Merriam of California, was leading Upton Sinclair by more than two to one in the first returns of the Literary Digest's poll of the state, the Digest announced yesterday.

In a total of 18,854 ballots received from six different cities Raymond L. Haight was third in the ballots thus far counted with 2,332.

### Marshall Was Decoy In \$63,000 Robbery

MICHIGAN CITY, Ind., Oct. 25.—(A.P.)—Five armed men kidnaped the town marshal of suburban Long Beach late last night and using him as decoy obtained entrance to the home of Thomas Maloy, head of the Chicago Motion Picture Operators Union, robbing it of cash and jewelry reported to total \$63,000.

Town Marshall Thurman Riordan said he was halted by the gang on Long Beach Street and forced to go with them to the Maloy home where they ordered him to knock on the door.

Riordan is known to the family, he said, and the door was opened whereupon the gang rushed in, overpowering Mrs. Maloy and two others in the house.

They tied up those in the house and ransacked the place, escaping after taking the money and jewelry from its hiding place in a closet.

### Malone Bank Robbers Identified By Clerk

MARIANNA, Oct. 25.—(A.P.)—A bookkeeper, Miss Bernice Hatten, identified as bank robbers two of the three men who went on trial here yesterday on charges of staging the recent Malone Bank hold-up here.

The two men, identified by Miss Hatten as bank employes, were booked as Harrison McKinney and Buford Means, who with Miles F. Duffell are being tried on the bank robbery charges.

### Way Loses 2 Votes In Precinct Recount

ORLANDO, Oct. 25.—Ballots cast in ward three Tuesday were recounted Wednesday afternoon with the result that Mayor Sam Way lost by two more votes.

At the request of Mayor Way, the ballots were recounted and the final tabulation for the ward was 461 votes for Mayor Way to 460 votes for V. W. Estes, successful candidate in the runoff primary.

In the first counting, the ballots stood at 460 for Mayor Way to 460 for Mr. Estes.

### Surgeons To Remove 184 Pound Tumor

DALLAS, Texas, Oct. 25.—(A.P.)—Surgeons yesterday started an operation to remove a 184-pound tumor from the abdomen of Sophie Johnson.

They said the tumor weighed at least 10 pounds more than any which they had been able to find on record. The operation will require several days, said Dr. L. H. Leberman, surgeon, as sudden removal would prove fatal.

The woman weighs 254 pounds.

### Committee Seeks House To Remodel

Have you an old well located residence in Sanford that you would like to see remodeled at a moderate price, and would you like to co-operate with the Better Housing Administration of Seminole County by offering your property for a demonstration and agree to pay the actual cost for the remodeling? If so, J. L. Marantette, chairman of the Publicity Committee invites the property owners of Sanford to file their application immediately in writing, addressed to the Better Housing Committee in care of the Seminole County Chamber of Commerce. The committee will select from the applications a well located property which would make a good demonstration so that other property owners will be able to see the results of a moderate sum of money. All applications must be submitted in writing by noon, Saturday, Oct. 27.

What The Editors Think

Most Florida editors are against the Homestead Exemption Amendment. Most Florida editors own their own homes. Most Florida editors have the best interests of the people sincerely at heart. In opposing the Homestead Exemption Amendment, they are doing so because they believe it is contrary to their own interests as home-owners and will work an unbearable hardship on the vast majority of the people who do not own their own homes.

"It (the amendment)," says the Miami Daily News, "is ideal in that it appears to offer relief to the poor folk, yet it is so sure to shift additional burdens on them that large financial interests are willing to go the limit in backing it. You may be sure that Senator Hodges also has a definite commitment of support from these same interests for the gubernatorial campaign if the amendment goes over. He has been in politics too long to accept airy promises. When he calls the present battle a modern Armageddon he is not far wrong as concerns his own political future. But even if the amendment should be approved at the polls this November, many political observers believe the chaos it will create in the financing of local governments and the schools will become painfully apparent before its leading advocate can capture the nomination in 1936."

The Fort Myers News-Press agrees with the home-steaders that business interest should prepare to take a sock if the amendment carries, but insists that most businesses in Florida are in no better condition to carry an additional load than are the home-owners. "Senator Hodges is right about one thing," the News-Press declares, "and that is that business interests can prepare to take a sock. He says they have it coming. Perhaps they have but a man who owns a home and also his own business will be hard put to decide which is bearing the heavier tax burden. For one reason and another he may prefer to lighten the home end but if he does he can be sure, with Senator Hodges adding to the assurance, that if he does he will put it right on his business."

The Tampa Times estimates the loss in revenue to cities, counties, and state, through homestead exemption, at \$35,000,000, and also insists that no such sum could possibly be raised through additional taxes on "big interests." "Business properties could not furnish it," the Times insists; "utilities could not make the deficit good; the gasoline tax, good old stalking horse of the gather-ers, can stand little if any more elevations. The State Constitution forbids the levying of an income tax. There remains, then, no source other than a general sales tax; and it should be borne in mind that the little fellow, supposed chief beneficiary of the homestead exemption proposal, will be the chief sufferer from this sort of tax."

The Key West Citizen says the amendment is another one of these "something-for-nothing schemes"—a sort of Gold Brick Amendment, if you please. Whatever is saved in taxes on the home will be lost through sales taxes, and sales taxes place a heavier burden proportionately on the poor man than on the rich. "The collection of sales taxes," the Citizen adds, "would add greatly to the cost of government, and at the same time would provide more opportunities for the practice of favoritism and downright graft. Then think of the liars this exemption would make! There wouldn't be a handful of homes in the state worth over \$5,000 for taxing purposes if the measure passes!"

The Brooksville Journal thinks the proponents of the amendment are prompted by purely selfish political motives. They are sponsoring the amendment because it sounds good and will help build up political support for them among the home owners, BUT, says the Journal, "Two years hence will tell the tale when they become candidates for political office. Then they will have a chance to say why they favored a measure winding a sales tax around the necks of everyone."

"What will inevitably happen, unfortunately," says the St. Petersburg Independent, "is that the bond sharks and the sales tax sharks will quickly take advantage of the hysteria and direct the new line of taxation. They want nothing better than to throw the legislature into the desperate position of having to snatch at anything to raise money." While the Daytona Beach News Journal says, "Senator Hodges' refusal to accept the challenge of Frank Jennings for a debate on the homestead amendment shows the weakness of Senator Hodges' arguments in favor of the amendment."

"The proposal is fundamentally wrong, and being fundamentally wrong, it cannot operate to the public good," says the Marianna Times-Courier, while the Pensacola News declares, "A lot of Floridians were fooled just as Arthur Brisbane was by the surface appearance of the homestead exemption idea. It looks like a beautiful, ripe, red apple, but instead it is full of worms and decay. One need only dig into it a little to find how deceptive is its surface appearance. The chances are that the sales tax would hit them much harder than the customary tax on a small home."

"The public must beware," warns the Lake City Reporter, "The amendment's passage will affect one and all. The man who owns no home and pays no taxes will have a sales tax assuredly and possibly a severance tax to pay. He will be worse off than before. The home-owner will save possibly, on his ad valorem tax payment, but on the other hand will daily pay out more in the form of a sales tax. The business man will find himself hamstringed whichever way he turns. And here, near the Georgia line, automobile, furniture and other dealers might as well plan to close up shop if the amendment passes."

One can hardly believe that all of these editors can be so seriously mistaken.

INFORMATION ASKED—AND DUE

The Miami News and Jacksonville Journal go to "headquarters" for accurate information on the effects of the proposed Home Exemption Amendment. They ask for a "non-controversial statement of facts by Governor Sholtz or those members of his Cabinet whose activities will be directly affected by adoption of the amendment." In specific reply to the following questions: 1. What effect will adoption of Homestead Amendment have upon the governmental revenues of the State of Florida? What revenues now coming to the state will be eliminated? 2. What effect will adoption have upon revenue now coming to the counties and the special road and bridge districts? 3. What effect will adoption have upon revenue now coming to the incorporated cities and towns? 4. What effect will loss of operating revenues to the governmental agencies of this state through adoption of the amendment? 5. Will adoption have the effect of giving the bondholders a first-mortgage on the homes of Florida through eliminating all other taxes levied against such homes, as claimed by opponents? 6. What sources of revenue are practically available to replace the operating revenues which would be lost to the state, the counties, the schools, the special road districts and the cities and towns through adoption of the amendment? 7. Regarding the outcome of the Homestead Amendment election, will the Legislature be required to raise new revenues in substantial amount to provide a contribution by the state assuring the continuation of federal relief in Florida? 8. We hold that it is the duty of the Governor, either himself or with the heads of state departments, to answer these plain and pertinent questions, from the records. Thus and thus alone can voters be specifically and authoritatively advised just what the amendment will mean to the state governments, the schools, the bondholders, present and future taxation. We are sure the Governor will be glad to compile and publish the information desired, at the earliest possible date.

New Deal Comes Under Guns of James Warburg

(Continued From Page One) national bankruptcy. There is nothing new about dictatorship. "Most of the inflationists honestly believe, I think, that all they want is a little inflation. They honestly believe that when they ask us deliberately to jump out of the fifth story window, we shall be able to stop in mid-air and climb in again at the seventh floor. The fact this would be quite a feat to accomplish does not trouble them at all. "Advocates of crop control do not want to destroy individual freedom and initiative; they merely want them controlled by government initiative. "Most of the New Dealers do not recognize the simple laws of nature. The simple truth is the New Deal has changed or sought to change fundamental conceptions of our American order. "Our forefathers sought to guarantee us 'life, liberty and the pursuit of happiness.' The New Deal is more ambitious; under its program we are to be guaranteed 'happiness' itself. "Leaving aside the practical consideration that dictatorial powers over human activities would still leave unsolved the problems of how to acquire dictatorial powers over floods, droughts and earthquakes, which might from time to time embarrass the New Deal guarantors, let me ask a simple question: "Can you conceive of being happy without liberty? Would you be willing to give up the right to think and work and express yourself as you desire, in order to give the governmental power to fulfill its guarantee; that is what happens under planned economy. That is how Italy came under the might of Mussolini. That is how Germany came under the heel of Hitler. "The choice is not between the New Deal and going back to what we had before. It is between abandoning our whole political, social and economic order in favor of some form of state capitalism, or on the other hand, improving and building upon past experience without changing the fundamental order."

POLITICIANS SEE DEFEAT FOR SINCLAIR

(Continued From Page One) But he has had no individual aid except in a letter from the Democratic National Committee which went into the mails when Farley was not looking. Form letters were prepared at committee headquarters, with blank spaces for insertion of the names of appropriate candidates. They were sent into every state. A subordinate committee employee wrote Sinclair's name into the form and sped it to California. Farley refused to discuss the letter or even to admit he wrote it. But the facts are as stated. Sinclair charged yesterday his foes were buying bullets in a large-scale straw vote, the fruits of which he showed: Acting Governor Merriman, Republican candidate, leading about 2 to 1. The former socialist made his accusations at San Francisco when a huge crowd boomed, as he referred Tuesday night to unofficial reports of the straw voting. He asserted his enemies were paying 25 cents each for all the bullets they could get.

## John Brown Presides At Christian Endeavor

John Brown presided over a council meeting of officers and committee chairmen of the Seminole Christian Endeavor Society of the First Presbyterian Church held Wednesday evening at the church. It was decided that the committee chairmen should continue to function without committees and that they should appoint committees pro tem when needed.

As social chairman Miss Margaret Vernay appointed a committee to make arrangements for a

party to be held in the near future. It was decided that persons not members of the Christian Endeavor or be invited to give talks on the Sunday evening programs.

Those present were: Miss Laura Mae Brown, program chairman and corresponding secretary; Miss Harriett Brown, chairman of missions; Miss Margaret Vernay, social chairman; Miss Ada Singletary, publicity chairman; John Brown, president; Sam Dighton, Jr., vice-president; Jack Wilkinson, treasurer; Bruce Muirhead, recording secretary; Ronald Muirhead, chairman of pastor's aid committee; and the Rev. E. D. Brownlee.

Mrs. M. N. Cleveland, and Mrs. Smeltz have returned from West Palm Beach, Fort Pierce, Fort Lauderdale, and Miami where they spent a few days. Mrs. C. W.

### Wallace Warns Against Use of Old Land Policy

(Continued From Page 1)

The public domain has been deeded by private operators, virgin forests have been cut without provision for seed trees and grass lands have been plowed, Wallace declared.

"All of this has been careless, thoughtless, wanton and to the disadvantage of nearly every one," he asserted.

Apkewking of the national competence to the need for conservation marked "a significant reversal of our traditional land policy," he added, and was likewise an admission that individualistic land management, free from the check rein of a social conscience, does not always add up to the common good.

He enumerated some "tentative, experimental steps" which he said

Persons who do not expect to be in the city on General Election day may cast absentee ballots at the office of County Judge J. G. Sharon in the Court House until midnight Nov. 2. Three or four persons had cast absentee ballots through noon today.

Exalted Ruler F. C. MacMahon will preside at the regular meeting of Sanford Elks Lodge No. 1241, scheduled to be held in the Elks Club rooms tomorrow night, starting at 8:00 o'clock. Howard Overlin, secretary of the Lodge, urges the attendance of every member. Refreshments will be served at the conclusion of the meeting.

As President of District Two Woodmen of the World, C. C. Collins of Sanford announced this morning that it has become necessary to postpone the district meeting scheduled to have been held here tonight. ### ROOSEVELT CHALLENGES U. S. BANKERS

(Continued from page one)

Roosevelt free not to speak on the subject.

Raynolds asked the bankers to let their "secret selves" answer whether they would have the President "at one stroke both the our hands vis-a-vis the currencies of Europe and the Orient and risk consolidating into one irresistible program the inflationary demands here, by making a statement today that the very definite stabilization of the dollar effected last January and since maintained should stand for all time under all circumstances."

Many who had expected Mr. Roosevelt to give some hint of his future monetary or other plans found few, he confined his talk mostly to the past and present, but did look forward to a future reduction of the relief burden and to a revival of business activity.

The time now has arrived, he said, "for an alliance of all forces intent upon the business of recovery." In such an alliance, he continued, "will be found business and banking, agriculture and industry and labor and capital."

"What an All-American team that is!" he exclaimed. "The possibilities of such a team kindle the imagination—they encourage our determination—they make easier the tasks of those in your government who are leading it."

Mr. Roosevelt's remarks were addressed to a convention which had been through its speakers—severely critical of many Administration relief, monetary and financial policies, and which had insistently maintained that the banks were not only willing, but eager to lend their money.

This contention was disputed earlier in the day by Jesse Jones, chairman of the Reconstruction Corporation. He asserted that the lending records of that agency showed the banks had been unwilling to make loans which the RFC considered sound.

Of monetary uncertainty, which the bankers had urged be cleared up, the President did have this to say:

"With respect to international relationships, I have been glad to note the growing appreciation in other nations of the desirability of arriving, as quickly as possible, at a point of steadiness of prices and values. This objective of a greater steadiness we have constantly kept before us as our national policy."

This passage, which some thought pointed toward stabilization of the currency on an international basis, was quickly contradicted with Mr. Roosevelt's statement of a fortnight ago that such stabilization could not be undertaken until the prices of certain unnamed American commodities had reached a more desirable level.

### Bank Lending Held Dependent Upon Business Association Says To Roosevelt

recognized that emergency expenditures were at times called for in the interest of human welfare.

The co-operative resolution said that reports indicated encouraging signs. "That business is now beginning to seek the greater volume of bank credit which has been and is available for its use. It is to be hoped that to a steadily increasing degree, industry and trade will avail themselves of the comprehensive banking facilities which both government authorities and bankers are recommending that they utilize."

Just before adjournment, the Economic Policy Commission of the Association presented conclusions that "American business will again become the good customer of American banking when prospects for business profits promise to justify the risks of borrowing. The initiative must be that of the business man. It cannot be that of the banker."

The concluding session saw bankers rise to give a vote of appreciation for a speech by David Lawrence, Washington newspaperman, in which he assailed policies of the Roosevelt Administration.

announced, the big theater began to empty, justifying a remark of Ray Kelly, legislative committee chairman, "This is what we were all waiting for."

There was no minority report, and although Commander Hayes and others had forecast controversy over the bonus, the resolution went through to adoption within an hour.

The Florida delegation, with 15 votes, went 11 for the bonus payment and four against it.

The Legion also adopted a resolution asking the cancellation of

### Randall Team Defeats New York Life Bowlers

The Randall Electric Co. team in the Sanford Bowling League pulled the New York Life team into the cellar with it during a league match on the local alleys Tuesday night by scoring a two out of three game victory which had as a feature the 300 point score turned in by Captain Roy Holler of the losing team in a single game. This is the highest score bowled to date in the league.

The final match of the short league season is scheduled for tonight, with the New York Life and Hi-Grade Bakery teams as competitors.

Standings this morning: The Western Union team is winner, Neb., in one minute flat. Eighteen and one-half miles between Kimball, Wyo., and Sidney, Neb., in 10 minutes, averaging 109 miles per hour.

Five hundred and eight miles from Cheyenne, Wyo., to Omaha, Neb., with a sustained speed of 84 miles per hour.

The fastest record of a steam train is 112.3 miles an hour, made in 1904 by the Philadelphia and Reading road for 4.8 miles.

The Burlington's new streamlined train, the Zephyr, set a mark of 112.5 miles per hour last summer on a part of its dash into Chicago from Denver. It negotiated the 101.8 miles at an average speed of 77.6 miles per hour.

## FLORIDA MOB SEIZES NEGRO IN ALABAMA

### Victim Allegedly Had Confessed Killing Young White Girl; His Fate Unknown

BREWTON, Alabama, Oct. 26.—(A.P.)—An armed mob estimated at 100 men stormed the Escambia county jail here today, and seized Claude Neal, 23-year-old negro, who allegedly confessed yesterday to the attack and murder of Miss Lola Cannidy, 23, at Greenwood, Fla., a week ago.

Sheriff G. S. Byrne said, the men came to the jail in 30 automobiles bearing Florida license plates.

We are going to take him to Marianna and turn him over to the girl's father and let him do what he wants to with him," leaders of the mob told the jailer, Jake Shanholster.

Shanholster, who was covered with pistols by mob leaders, unlocked the negro's cell door, the sheriff said.

"They assured Mr. Shanholster that they were not going to harm Neal, and were going to turn him over to Miss Cannidy's father at Marianna," said Sheriff Byrne. "I know something already has happened to him, of course."

At Marianna, Sheriff W. F. Chambliss had heard nothing of the mob and a citizen at Greenwood where the attack occurred said nothing had been heard there either.

The body of Miss Cannidy was found beneath a mound of pine boughs near her home in Florida last Friday.

Neal had been beaten near the head and the hammer was found near the body.

Neal was arrested and hastened to several jails in an effort to escape mob. Yesterday he was quoted by Sheriff Byrne as confessing to the attack and murder.

## PWA Paying Way For Another Big Sum For Projects

WASHINGTON, Oct. 26.—(AP)—The PWA quietly is paying the way for another huge appropriation for projects designed to create jobs in every corner of the nation.

The Administration, certain well-advanced persons said, is to ask for more millions, perhaps billions.

How much Congress will provide is only a guess.

The exact amount to be asked has not been decided.

The question of how much will be spent apparently is linked with future trends in private business activity.

President Roosevelt, though not mentioning the PWA specifically, had said that government spending and lending will taper off as soon as private initiative takes over the job.

His industrial recovery chief, Donald Richberg said in New York yesterday that the "clearly emerging" issue is whether private enterprise shall re-employ "four or five million willing workers" or whether the government must do it. He said he preferred to have private resources do it.

## FRANK JENNINGS WILL EXPLAIN HOMESTEAD ACT

### Jacksonville Lawyer To Speak At Mass Meeting Here At 8

Frank E. Jennings, president of the All-Florida Protective Association, will speak at a mass meeting here Friday night against adoption of the proposed \$5,000 Homestead Exemption Amendment to the state constitution.

Mr. Jennings, an ardent fighter against adoption of the Amendment at the general election Nov. 6, is leaving his work in Jacksonville, where he has been directing the state-wide campaign against the Amendment, for a series of five addresses in this section of the state and on the lower west coast.

## Yon Found Guilty Of Murdering Spinster

QUINCY, Oct. 26.—(AP)—Earl Yon, convicted yesterday of first degree murder with a jury recommendation of mercy for the slaying of Miss Nancy Burns, faces a sentence of life imprisonment.

The jury's recommendation of mercy, after it had deliberated all night reaching its verdict of guilty, made such a sentence mandatory upon the judge.

Miss Burns and her niece, Miss Annie Burns, were killed and robbed at their farmhouse near here last April. Yon pleaded not guilty. He was tried only for slaying the aunt.

## BANK CALL ISSUED

WASHINGTON, Oct. 26.—(AP)—The Comptroller of the Currency issued a call today for the condition of all national banks at the close of business Wednesday, Oct. 17.

## Donkey Baseball To Make Appearance Here Wednesday, Thursday, Friday

Donkey baseball will be the feature attraction in Sanford next week for three nights.

Municipal Park will be the scene of the one-hour contests which will begin at 7:30 o'clock on Wednesday, Thursday, and Friday nights.

Rocky Mountain burros will be the mounts needed by seven of the nine players on each side. The pitcher and the catcher are not mounted.

The batter must stand at the plate with his bat until he hits the ball. Then he must mount his burro and head for first base, if he can. Fielders must pick up the ball by dismounting after which they must again mount the burros for the throw to the various bases.

All games will be played for the benefit of the Sanford Municipal Zoo and the Seminole County Chamber of Commerce is the sponsor.

The first game, Wednesday night, will be played between the Sanford and Rotary Club teams. The latter organization sponsored the Kiwanis challenge to the Rotary team is scheduled

## PRESIDENT TO RESIST BONUS DEMAND

### Administration Spurs Plans For Drive Sure To Be Feature Of Next Congress

WASHINGTON, Oct. 26.—(AP)—The Administration spurred detailed plans yesterday to resist a drive for cash payment of the soldiers' bonus that is sure to mark the coming session of Congress.

At the White House there was no comment forthcoming on the American Legion's vote for the bonus yesterday but it was recalled. President Roosevelt spoke in unmistakable terms against immediate payment of the adjusted service certificates in dedicating a veterans' hospital at Roanoke, Va., last week.

Preparing to attack, the veterans' administration put together an estimate that it would cost \$2,500,000,000 to meet the legion's demand.

That the President would veto an immediate cash payment bill is certain. When the issue was before Congress last spring, the President sent word to Democratic leaders that he would use his veto power if it reached the White House. Although it passed the House, the bonus bill died in the Senate.

Many observers here believe the action of the legion in demanding not only cash payment but cancellation of interest on loans made on the certificate enhances the possibility.

## Joe Cronin Goes To Red Sox In Big Deal

WASHINGTON, Oct. 26.—(AP)—Joe Cronin, young manager of the Washington American League baseball club, was sold today to the Boston Red Sox, and reports here said he was given a five-year contract as player-manager.

In one of the biggest major league deals of recent years, Boston bought the shortstop for a price reported to be the highest ever paid for a player, considerably more than \$125,000 the Yankees paid for Babe Ruth in 1919. The Red Sox also sent shortstop Lynford Lary to the Senators.

## Lonnie Parrish Gets 25-Year Jail Term

ORLANDO, Oct. 26.—(AP)—Criminal Court Judge W. M. Murphy yesterday sentenced Lonnie Parrish, escaped Georgia convict, to 25 years imprisonment for highway robbery.

"I'd rather die or serve life in a Florida prison than go back to Georgia," the 24-year-old youth said as he pleaded guilty to a charge of robbing Henry Hughey near Orlando last March.

Parrish escaped from a Georgia chain gang last June. He was recaptured at Baldwin by Duval county officers several days ago.

## THERE IS A SANTA CLAUS—IT'S HUEY

Who said Good Saint Nick was just a myth? At least there's one in the flesh down Louisiana way—and his name is Senator Huey P. Long, sometimes known as the "kingfish." Bent on taking the whole student body of Louisiana State University to Nashville, Tenn., for that school's football game with Vanderbilt, he advanced each student \$7 for railroad fare in exchange of their "I. O. U." The boys fairly mobbed the "kingfish" at sight of his fat roll, as this picture shows. (Associated Press Photo)

## MILLS CHARGES THAT RECOVERY IS BEING DELAYED

INDIANAPOLIS, Oct. 26.—(AP)—The Roosevelt Administration, Ogden L. Mills declared last night, has paid more heed to reform than to recovery.

Addressing the Indianapolis chamber of commerce, the secretary of the treasury in Herbert Hoover's Administration said "the Administration did not directly and vigorously address itself to the task of recovery, but emphasized what are known as the reform features of the New Deal."

Mills surveyed the course of the Roosevelt Recovery program since Mar. 4, 1933, and voiced belief the Administration "either underestimated the importance of certain fundamental factors in our economic system, or determined to ignore them in an attempt to supplant our existing system with one of a different character."

"How otherwise," he asked "can we account for the suppression of individual initiative and enterprise by continued uncertainty; the limitation of production; the discouragement of saving by the threat to security of value . . . the restriction on the flow of capital; the hamstringing of the price mechanism by the threat of inflation and by the arbitrary fixing of prices; and the wholesale regulation by government of all business, large and small?"

"Given these inhibitions, limitations and restrictions, our economic system cannot function."

"Isn't that what's happened?" asked Mills.

## Citrus Shippers Elated Over Prices

LAKELAND, Oct. 26.—Citrus shippers of this section are elated over fancy prices early oranges are bringing in the Eastern markets.

Demand for Florida oranges is due to a shortage of California fruit, which is of very poor quality, it was explained. The grapefruit market lags because the Puerto Rican crop, green and rick, filled Florida's early market.

The first full car of oranges sent from the local exchange sold Wednesday in New York for \$4.03 per box, it was announced by Walter Merrill, exchange manager. This will net growers about \$2.39 on the tree, he said. Another car is to be shipped Friday.

## Liquor Drinking Okey Liquor After Election

TALLAHASSEE, Oct. 26.—(AP)—Attorney General Landis yesterday ruled the proposed constitutional amendment repealing state-wide prohibition would become effective immediately after the general election Nov. 6 if a majority of voters cast their ballots in favor of it.

"It is my opinion," the attorney general said, "that if a majority of voters, voting on said proposed amendment to Article 19, vote in favor thereof, it will at that instant become a part of the constitution of Florida and effective without awaiting the certificate of any canvassing board or proclamation of any executive officer."

STARKE, Fla., Oct. 26.—(AP)—Second of a series of four meetings to designate grower members of the Florida strawberry marketing agreement control committee was held Tuesday afternoon at Plant City.

## NEW DEAL TURNS INTO NEW AVENUE

### Business And Industry Given Notice Either To Put Up Or Shut Up About Spending

WASHINGTON, Oct. 26.—The New Deal moved last night into a new era in which business and industry are asked to put millions back to work or stop waiting about government spending.

Developments within 24 hours have etched more clearly the path President Roosevelt will follow as he throws his recovery troops into a new assault upon the depression.

The feeling of the new dealers directing the drive is:

A firm foundation has been laid for a new economic structure which will yield a national income in which a greater number may share. Business is improving but millions remain unemployed. The government is anxious to reduce relief costs but is unable to do this or balance the budget until private agencies absorb the huge work expenditures.

A large volume of bank credit is available but business and industry are too timid to utilize it. Until this credit is used and the wheels of industry hum again, the government must continue to make money available to those unable to obtain it through normal banking channels and to provide relief for the unemployed.

"In brief, it is notice to business 'to put up or shut up.'"

President Roosevelt led the attack Wednesday night by assuring the American Bankers' Association convention that he would curtail the activities of government lending agencies as soon as private capital displays its willingness and ability to provide credit and work.

He reaffirmed the faith of the (Continued on page eight)

## Robinson's Father Must Go On Trial

NASHVILLE, Oct. 26.—(AP)—United States Commissioner Julian Campbell ruled today that the question of guilt or innocence of Thomas H. Robinson, Sr., in connection with the kidnaping of Mrs. Alice Speed Stitt would not be considered in the hearing on his removal to Louisville where he is under indictment.

The ruling was given at the completion of arguments by William E. Fort, special assistant United States Attorney General who contended that an indictment in itself established a "probable cause" to believe one guilty as charged, and that the question of the guilt or innocence is one for the trial court to answer.

Robinson, under question by his attorney, said the only time he had seen his now fugitive son since the youth left home in April was when Robinson, Jr., "Called on me" on Sept. 8 or 9.

## BANKERS TO CO-OPERATE FOR RECOVERY

### Hecht Tells President That His Group Is Prepared, Anxious To Make Big Loans

WASHINGTON, Oct. 26.—(A.P.)—A pledge of co-operation in the recovery program was made personally today to President Roosevelt by officers of the American Bankers' Association. Rudolph S. Hecht, president of the association told the President the bankers are prepared and anxious to lend money to business.

We are going through with the program of co-operation. Of course, it is known that bankers can't lend if business does not grow, but the bankers are making it known that they are willing to do their part," Hecht said.

Two of the most powerful groups within the association, the resolutions committee and the economic policy committee, urged greater participation by bankers in the Administration program for economic rehabilitation.

Both groups recognized the need of continuing federal relief expenditures, but cautioned that any balancing of the budget would go far toward dealing the depression a death blow.

The feeling was general in the capital last night that President Roosevelt's speech had laid a new basis of co-operation between the Administration and the bankers.

Winthrop Aldrich, chairman of the board of the Chase National Bank, New York, called on Mr. Roosevelt yesterday and expressed his congratulations for his splendid address. He said it was "inspiring to all of those who either as a member of the government or as bankers, are earnestly working together for the general welfare."

The speech also drew the praise of Senator Glass, Democrat, Virginia, critic of the New Deal fiscal policies and once described Mr. Roosevelt as an "unrepentant struck rebel."

"It is a debatable question as to how far at fault the banks have been in their omission to make loans and how grievous the government has been in encroaching on the legitimate business of the banks," Glass said in a telegram.

"Whatever may be the decision on this point, it is heartening to find there is now a spirit of co-operation on the part of both the government and the bankers."
