

## Gibbons, Lyman Roubin, 12-2

**By Sam Cook**  
**Harold Sports Editor**  
Sometimes it's the little adjustments a baseball player makes which can turn him around his career.

Take Lyman's second baseman Tom Gribbons for example. Last year, the junior infielder struggled through the season as a utility player with a batting average down around Bruce Sutton's career run left.

But this year, a simple half-step to the left in his batting stance has opened a blossoming career.

That career blossomed some two weeks ago when Gribbons singled twice and drove in three runs as the Lyman Greyhounds stamped Sanford's Fighting Minutemen, 12-2, in prep baseball action at Longwood. The game was stopped after five innings due to the 10-run Greyhounds lead.

Gribbons had medium talent last year, but he worked his built off during the American League season. He was named starter and made himself a good ball player," Lyman coach Buck McCutcheon said about his senior second baseman. "He believed in himself enough and worked hard enough to accomplish it."

Wednesday, he made believe only at Seminole, too. The Greyhounds, running even with Sanford and Ireland in the Pioneer Conference with an 8-3 record, had a one-game winning streak which had brought Bobby Lunsford's team back into the top of the C-10.

On Wednesday, Lyman's routine score early inning control problems — and Gibbons — which led to his success. Lyman's hitting .395 going into the game, Lyman's pitcher, Mike Stewart, hit five of the mound which could make a play on.

Lyman's Mike Stewart on the curve ball, but Mike "Duck" Sawyer and Robert Williams, Mike Wilk and Robert Williams.

They had three hits apiece for Bruce's Chevrons and also added three to the 13-hit offensive attack. Lyman's Department also added two.

Lyman's Chevrons won 11 runs on seven hits in the final inning Wednesday and went on to rout Sanford 18-6 in the sectional final American League action at Bay Ave. Field.

## Prep Baseball

First at getting off the ball, Lyman's Steve Lorenz worked the count to 3-1 before swinging and missing a fastball. Hill then missed low in the strike zone in the 327 strike in walk to the first run. Gibbons produced what proved to be the game-winning RBI near when he singled to right center to chase home Sawyer and Puykoff by a 3-0 Lyman advantage.

"I just opened my stance a little and I was able to get both eyes on the ball," said Gibbons about his emergence as a .364 hitter prior to the game.

Gribbons, who's left catcher Steve Dennis (named thumb) an injury during prep games, bounced back in the top of the second. Kevin Smith walked and Terry Ross reached when Lyman's starter Jeff Barbeck threw the ball into center field trying to force Smith at second.

Greg Carter popped in second, but sophomore Tony Cox came through with a single to right to chase home Smith. Ross already went to third on the play and scored when Rogers grounded out to second to cut the Lyman lead.

The Ysouds, though, put the Greyhounds in a two-run lead in the second. Four in the fourth and three in the fifth.

After sophomore Paul Algre walked, Marriot fanned him. Algre's sophomore, Paul Algre, followed with the ball down the right field line allowing the soft center to reach first base.

## Men's Softball

### Raines Hit Mobilitie

Sanford's best softball team may have switched watering holes — but it hasn't built its batting average over one.

The DeLair Bay, city champion last year as Harry B. pounded out 32 hits Wednesday night en route to a 27-10 pasting of Mobilite in the Sanford Softball League play at Pritchett Field.

In other games, Uncle Nick's Oyster Bar crushed Harcar, 10-3, and Sevin Team nipped the Awookee Devils, 10-0.

## Houston, Louisville Hog Media Basketball

ALBUQUERQUE, N.M. (UPI) — Much of the pre-tournament attention at the NCAA championship has focused on the semifinal game between No. 1 Houston and No. 2 Louisville.

"When you've got your No. 1 and No. 2, you're going to think they deserve a lot of attention," said Coach Hugh Durham of Georgia, whose Bulldogs face North Carolina in the other semifinal game Saturday.

"It's only natural that they're going to receive a lot of the media attention," he said. "If we had some national attention, we would have received it. So I look at it as something that they've earned and deserved."

Durham and the other coaches — Houston's Guy Lewis, Benny Crum of Louisville, and Jim Watkins of North Carolina State — were linked by long-distance telephone Wednesday for a joint news conference.

However, Valvano was effectively left out of the session because of communications problems. He made several attempts to join the conversation, but he said he couldn't get through to a man who would be asked and his responses were not clear.

The clearest comments from North Carolina came from a telephone speaker trying to set up the conference and a man who said near the end of the new conference that Valvano had just two minutes ago because of the communications trouble.

Asked if they feared the winner of their semifinal matchup would suffer a letdown in Monday's title game, Lewis and Crum said they were including only on Saturday's game.

"I know they're doing well," he said. "I know they're practicing this morning. Very rare, but I know they're doing well."

In other games, Utah trounced Dallas 117-103, Philadelphia out of a lead 120-113, Cleveland defeated Houston 122-112, Washington topped New Jersey 125-107, and San Diego clipped New York 103-97.

# British Intelligence Full of Soviet 'Moles'

**NEW YORK (AP)** — Britain's anti-espionage intelligence agencies are so thoroughly penetrated by Soviet double agents that defectors from England and seek U.S. refuge toward a British official here.

Walter Hunt, a former intelligence researcher, said the counter-espionage service, MI6, has steadily washed British agents and American intelligence as he has deep Kremlin "cover" has been found.

Hunt says a former intelligence researcher said the counter-espionage service, MI6, has steadily washed British agents and American intelligence as he has deep Kremlin "cover" has been found.

"I think you see top MI6 officials were targets of secret investigations in the few following days after the book 'The Circus — MI6 Operations 1945-1972'."

Double agents linked to the notorious Philby spy ring that passed Allied secrets to Moscow during World War II still hold high positions in Britain's secret services, Hunt said.

Hunt claimed two top MI6 officials were targets of secret investigations in the few following days after the book 'The Circus — MI6 Operations 1945-1972'.

Several defectors show Britain and generally go over to the United States because they fear the "moles" hanging from the ceiling here, Hunt said.

It was also revealed British intelligence checks "suspected" documents prepared by intelligence operations on Philby and subsequent affairs.

Hunt said his material came from people who are close to MI6 but declined to release documents. The British government would accept the book in England because it contains previously secret data.

Publications followed by three days the death of former royal adviser Anthony Blunt, the "fifth mole" in a ring of Cambridge-educated aristocrats who betrayed secrets to the Soviets through the 1940s and 1950s. Hunt's espionage ring was hidden until a few years ago when he resigned as a spy.

Hunt's account parallels British author John LeCarre's novel about "The Circus," a spy novel published by LeCarre's novel "The Honourable Schoolboy" dealt with attempts to regain American intelligence after a spy scandal.
