Many Are Killed In Earthquake Which Shakes California

About 4,000 Injured And Property Damage Runs Into Millions Of Dollars

LOS ANGELES, Mar. 11.—(A.P.)—Counting its earthquake dead at 132 or more, the injured at about 4,000 and property damage in the tens of millions, Southern California felt the aftermath today of the 22 major shocks which struck at intervals last night and this morning.

Long Beach, where the tremors struck the hardest, reported at least 67 dead, and a thousand injured.

Anaheim Boulevard, extending almost two miles into the residential section, was the hardest hit, scarcely a building escaping without damage.

Rehabilitation work started immediately with 2000 men called to clean up the city.

Los Angeles, which counted five dead and an estimated 3000 injured, witnessed the crumbling of many brick walls, the collapse of

Local Persons Will Attend Eustis Dinner

Six members of the Seminole County Chamber of Commerce today were looking forward to a dinner to be held at Fountain Inn, Eustis, next Tuesday evening, when Mr. and Mrs. Frank Waterman, of New York and Eustis, will be hosts to the members of the Central Florida Council of Chamber of Commerce.

The dinner is expected to be of unusual interest in that Mr. Waterman, millionaire pen manufacturer, has arranged another lavish program with many features. The principal speaker will be the chaplain of the Philadelphia Athletics baseball team, considered one of the most forceful speakers in that city.

Mr. Waterman has invited the following persons to represent Seminole County at this dinner: Mr. and Mrs. H. M. Panewitz, Mr. and Mrs. B. F. Haines, of Altamonte Springs, and Mr. and Mrs. Karl Lehmann, of Sanford.

Trade Body Group To Take Yacht Cruise

Captain and Mrs. Hugh C. Carver, whose yacht has been anchored in Lake Monroe for the past several weeks, will entertain members of the Women's Civic Committee of the Seminole County Chamber of Commerce on a cruise around the lake Monday afternoon at 3:00 o'clock, shortly after a scheduled committee meeting has been concluded.

Guests will include those committee members who have sent in their acceptances to an invitation extended them by the Carvers last week through the trade body.

It was announced today that with Mrs. W. L. Morgan presiding, members of the committee who will meet at 1:30 o'clock will discuss plans for the complete State Tournament of Little Theatre Players, the State Conference of Social Workers, and other events scheduled for the next few weeks here.

Canning Plant Will Employ Hundred More

Women and girls who wish steady employment for the next few weeks are urged to call at the Eckerson Fruit Canneries Inc. plant on Thirteenth Street at once.

Due to recent changes in production operations there is a need for 100 more women or girls, according to J. R. Kenney, manager of the plant, who said that while 100 girls were added last week, it is absolutely necessary that 100 more be secured at once.

More than 400 girls and men are now employed daily, he said, to meet the demands for orders that are coming into the plant in growing volume. A force of men workers are working in a night shift, putting up grapefruit juice.

SPIRITS HIGHER IN NEW YORK MONEY AREAS

Wall Street Banking Institutions Ready For Resumption Of Business On Monday

NEW YORK, Mar. 11.—(A.P.)—Spirits were buoyant in financial centers of the nation yesterday by the prospect of resumption of normal banking activity in many localities by today or Monday.

The big Wall Street banks were ready to resume normal business today, and awaited permission of Treasury Secretary Weldon, while stock exchange quarters looked for resumption of business next week.

Wall Street banks continued to make limited funds available for payrolls and other essentials, and to accept deposit checks and cash, subject to credit to depositors' account "on removal of restrictions."

Gold and currency was returned to the banks in large volume in New York and many other cities, as gold hoarders turned pent-up.

Commercial activity still was much handicapped by the banking restrictions, but some localities

ROOSEVELT WILL TURN ATTENTION TO HELP JOBLESS

Third Point In Emergency Program Is Aimed To Aid Idle

WASHINGTON, Mar. 11.—(A.P.)—President Roosevelt was preparing last night to submit to Congress possibly today—as the third point in his emergency program—a far-flung plan for recruiting a huge army of 500,000 unemployed to be quartered in work camps throughout the country.

The plan, to be submitted by special message—his third in rapid succession—contemplates a \$500,000,000 bond issue to be expended in wages for the men and materials upon which they will work.

A corps of army engineers last night was engaged in drawing up plans for carrying the project into effect should Congress provide the authorization. The work upon which the unemployed would be engaged would fall under the supervision of the engineers.

The President, in view of the comparatively slow progress made upon his plan for reducing federal expenditures yesterday, possibly may withhold his unemployment program until the first part of the next week. Decision may not be made, however, until today.

The President plans for his unemployed army to be strictly civil in nature, although organized along the lines of an army corps. There would be no military training.

Interesting Program Of Trade Body To Be Staged In Fern Park Theater

Last minute additions to what already was an interesting program that is to be presented free to the public at the Fern Park Little Theater building Monday night, today drew from Chamber of Commerce officials, who are co-sponsors, the opinion that "It will be a community get-together meeting that should draw a great throng."

The affair is one of several staged by the trade body for the purpose of uniting each county community in a stronger bond of fellowship. Similar events have been held at Oviedo, Geneva, and Lake Mary, and it is anticipated that a record throng will attend.

H. M. Papworth, president of the trade body, will preside. Captain C. Hallett, of Fern Park, will extend a welcome to the guests, a representative of Fern Park, while Judge J. G. Sharon will respond for the county.

Other speakers will include R. F. Haines, of Altamonte Springs; H. W. Lofers of Leeswood; John Melish, Listen E. Allen, and Karl Lehmann, of Sanford.

The program that had been arranged at noon today has several

Flood Of Hoarded Gold Is Deluging Reserve Banks; Money Is Fast Returning

NEW YORK, Mar. 11.—(A.P.)—Lines of men and women, were in front of those throughout the day. The guards at the bank estimated that more than 2000 persons had exchanged their gold for federal reserve notes before closing time.

One bank reported an important customer had \$200,000 in gold that he wished to return, not he said, "because I especially favor penalties, but for the reason that I believe it my patriotic duty to put this gold back into the vaults of the government where it can be used to expand credit."

The bank in question, situated in a truck for the gold, the currency being received for the gold was deposited in its account.

Federal reserve officials were of the opinion that, if the gold tide continues for a few days, not only the funds withdrawn just prior to the banking holiday will have been returned, but coins and bullion that have been in hiding for several years may find its way to daylight.

CERMAK BURIED AMID IMPRESSIVE FUNERAL RITES

Throng Of 50,000 Persons Estimated To Have Been Present

CHICAGO, Mar. 11.—(A.P.)—Mayor Cermak, Chicago's first foreign born mayor, who started in the coal pits, rose to the mayoralty and died from an assassin's bullet, was buried in the Bohemian national cemetery yesterday in the most impressive funeral the city ever saw.

It was just 23 days after he was elected by a shot intended for President-elect Roosevelt at Miami.

Police estimated 50,000 persons—soldiers, sailors, municipal employees and citizens—marched in his funeral procession—a line five miles long. The 12-mile route to the cemetery was lined with additional crowds estimated in hundreds of thousands.

Before the burial, civic services were held in the Chicago stadium, huge amphitheater on the near west side of the city where Mayor Cermak once, as Democratic national committee man, took part in the political convention which nominated Roosevelt for the presidency.

Mayor Cermak was not a member of any denomination, his services were non-sectarian. Governor Horner, of Illinois, his longtime friend and political associate, Rev. John Thompson, of the First Methodist Church, Father Daniel Prawley, of St. Jerome's Catholic Church, and Rabbi Louis Mann, of Sinai Temple eulogized the mayor.

Mayor Cermak's casket was placed in the family vault beside the body of his wife, Mary, who preceded him in death several years ago. Brief Masonic rites were administered.

Spencer Brothers To Play For Golf Title

The Spencer brothers, Jim and C. W., will battle it out for the 1933 title as City Golf Champions. Disposing of their semi-final opponents without trouble yesterday, the pair today stood ready to stage another match which will be the equal or better of their 12-hole final match of last year, the match which saw Jim Spencer score a two-up victory to win the title as well as a new amateur course record of 68 which is still unbroken or unbroken.

Jim Spencer defeated E. F. Housholder, 6 and 4 yesterday, while his brother was defeating Ray Heller, 5 and 4.

Other semi-final 2nd, 3rd, and 4th flight results had not been arrived at early today, nor had all consolation matches reached a conclusion. It is expected that every match in the Men's Tournament will have been concluded before 1:30 o'clock tomorrow afternoon, when the Spencers begin playing.

Party Will Attend New Smyrna Races

Enlaced was represented at the annual New Smyrna Yacht Club regatta and boat races in that city this afternoon by City Commissioner H. J. Lehman, H. M. Papworth, and Mr. and Mrs. Karl Lehmann. The three former have been named as honorary judges of the races that will be held this afternoon.

It is expected that several other local persons who have been named as honorary judges for Sunday's events, including the feature race for the Governor Dave Sholtz trophy, will be in their places when the races begin early tomorrow afternoon.

SANFORD BANK MEETS CHECKS FOR PAYROLLS

Local Requirements Met With Limited Restrictions Placed By Federal Ruling

After minor delays, received from their parent institution in Jacksonville, the Federal Reserve Bank and the Treasury Department, the Sanford Atlantic National Bank today met the payroll demands of its customers with only a slight deviation from the usual Saturday procedure.

All persons seeking payrolls first had to sign a statement to the effect that the payroll money "is in compliance with the spirit and purpose of the regulations issued by the Secretary of the Treasury under the authority conferred upon him by the President of the United States" proclamation declaring a bank holiday, viz: "The following request is absolutely necessary to meet needs for food, medicine, other necessities of life, for the relief of distress, for the payment

EXCHANGE VOTES AGAINST MOVE TO FIRE COMMANDER

Other Recommendations Are Referred To Group For Study

TAMPA, Mar. 11.—(A.P.)—Directors of the Florida Citrus Exchange by a vote of 15 to 3, rejected by a special meeting yesterday recommendations of Executive William Edwards for the immediate replacement of C. C. Commander as general manager and the resignation of all department heads.

The other recommendations contained in a 12-point reorganization program Edwards submitted at Lake Wales Thursday at a meeting of the exchange presidents association, were referred by the board to its advisory and finance committees for study and report April 21.

The present board held its office until the annual election in June and supporters of the motion to disapprove immediate retirement of the executive personnel won their fight on the ground that a change during a shipping season would mean a bad business move under existing conditions.

Warning Issued On Tag Requirements As To Foreign Cops

Warning was issued today by the State Department that foreign police officers who are in the United States must carry with them a certain number of tags.

The tags are to be used in the event of an emergency, such as a fire or a riot, and are to be carried by all foreign police officers who are in the United States.

\$156 Per Capita Gold Holding In U. S. Feb. 28, And \$22.23 Cash

WASHINGTON, Mar. 11.—Money in circulation at the end of February amounted to \$2,745,867,100, an increase of \$200,000,000 during the month, the monthly statement of the Treasury Department revealed recently. The total of all money in the United States, of whatever kind and wherever held, was \$12,745,100,454 on Feb. 28, an increase of \$200,000,000 for the month. The per capita amount was \$22.23, against \$22.84 a month earlier.

Gold coin and bullion in circulation on Feb. 28 amounted to \$2,745,867,100, or \$2.23 per capita, against \$2.23 a month earlier. The increase of about \$200,000,000 was accounted for by the sale of gold bullion on the basis of the weekly statements of the Federal Reserve system. The total of gold coin and bullion now in public hands is somewhat more than the latest available Treasury figures indicate, as a good deal of hoarding took place in the first three days of the month.

The gold hoarding movement has been in progress for about three years, reaching its peak in the late days of February and early in March as a result of the bank restrictions. Two years ago the amount of gold coin and bullion in circulation was only \$258,000,000, or \$2.10 per capita. The last Treasury statement shows:

Kind of money	Total amount	Amount per capita
Gold coin and bullion	\$2,745,867,100	\$2.23
Gold certificates	\$1,250,000,000	1.00
Standard silver dollars	\$1,000,000,000	.83
Treasury certificates	\$1,000,000,000	.83
Treasury notes of 1909	\$1,000,000,000	.83
Subsidiary silver	\$1,000,000,000	.83
Minor coin	\$1,000,000,000	.83
United States notes	\$1,000,000,000	.83
Federal Reserve notes	\$1,000,000,000	.83
Federal Reserve bank notes	\$1,000,000,000	.83
National bank notes	\$1,000,000,000	.83
Total Feb. 28, 1933	\$12,745,100,454	\$12.74

These amounts are not included in the total, since the money held in trust against gold and silver certificates and Treasury notes of 1909 is included under gold coin and bullion and standard silver dollars, respectively.

The money in circulation includes any paper currency held outside the continental limits of the United States.

"Sign Of The Cross" At Milane On Sunday

History's most famous conflagration was repeated recently when a man turned on a gas valve. Before the fascinated eyes of hundreds of workmen, flames burst out among a group of buildings, great billows of smoke rolled skyward, and a multitude of men, women and children ran screaming through streets.

Rome was burning again, 2000 years after the famous blaze during which Nero fiddled. This time the fire was created for the exclusive use of Cecil B. DeMille's cameras, filming the spectacle, "The Sign of the Cross," which comes to the Milano Theater Sunday and Monday, with a cast headed by Freddie March, Elissa Landi, Claudette Colbert and Charles Laughton.

The setting was 20 miles from Hollywood, at Paramount's ranch in the foothills of the Santa Monica mountains. Everything was ready for the made-to-order conflagration before nightfall on the evening on which the "takes" were scheduled. As soon as the sun had set, DeMille gave the order for the beginning of the scene. A man at the pilot gas valve gave it a twist, and in every building on the lot an incendiary blaze was started.

Fidac Award Brings New Prominence To University Of Florida

CAMPUS

PRESIDENT JOHN J. TIGERT

FIDAC DIPLOMA

FIDAC MEDAL

CAMPUS

The award to the University of Florida this past week of the Fidac Medal was an event of international significance, and brought new national honors and attention to the 27-year old state university. In the above lay-out is shown the Fidac Medal, and the Fidac Educational Diploma, with the inscription, "to the University of Florida, the programme of which has contributed greatly to international understanding and friendship." Two recent photographs on the Florida campus are shown, together with President John J. Tigert, who in 1926 founded the Institute of Inter-American affairs, the organization which developed and carried out the program leading to the university's recent outstanding tribute. Noted Americans came to the university to confer appropriate honors, and in behalf of the institution, President Tigert accepted the medal and diploma.

State Listed As "Doubtful" By Observers; Financial Advantage Of Wet Group Questioned

By TRUMAN T. FELT
Miami Daily News Staff Writer
MAYNARD'S NOTES: This is the fifth and last of a series of articles outlining the status of the prohibition repeal movement in Florida, following submission to the state of a resolution asking the repeal of the 18th Amendment from the Florida Legislature. Florida, despite its apparent leaning toward repeal in straw votes and regular elections, is classified as "doubtful" by dry forces. They have not abandoned hope of winning support for the 18th Amendment, but now groups have been designated, unofficially, as one of a score of states where an intensive drive will be made to block ratification of the recent move by Congress. If they can carry 11 of the 20 most hopeful states from the ar-

may be wiped out by zeal of small contributors in rural areas. "Sally and the babies" may have barely enough chittins and corn pone to last through the winter, but Sally will find a dime or so for the collection plate after hearing the exhortation and perhaps seeing with her own eyes the horrible parts showing what alcohol will do. The rank and file of prohibitionists seem more inclined to passiveness when contributions are mentioned.

That there will be no lack of activity upon the part of the Association Against the Prohibition Amendment, the Florida Society for Prohibition Reform, and similar organizations.

Joett Shouse, incidentally, sounds the keynote of this campaign for the national reorganization in strikingly wild language, as compared to that of a Bishop Cannon or Dr. McBride.

"I, for one, maintain that unless a majority of the people in three-fourths of the states favor such a change in our constitutional provisions, that change should not be made," he said recently. "If there is any majority of the people in three-fourths of the states in favor of such a change, that change should be made."

In a Democratic South, committed to majority rule, it would seem there could be only one answer to this question, but Mr. Shouse himself warns ratificationists against over-confidence. To carry the message of repeal advocates, there will be weekly radio broadcasts from stations at Miami, Tampa, Orlando and Gainesville over the Florida society's program is in full swing. Billboards likewise will be used throughout the state, reinforcing the advertising campaign through newspapers.

The press, generally labeled "wet" by the prohibitionists, will be divided in editorial opinion in Florida, a large number of weeklies and several dailies supporting the 18th Amendment. But all this you will not need to be told a few weeks hence. The battle will be on and no one will be able to escape it. Unless all signs fail, a presidential campaign will, by comparison, seem a brief and colorless affair.

WIENER ROAST HELD
A wiener roast and picnic supper were enjoyed by the members of the Intermediate Boys Class of the First Christian Church recently at Lake Lillian. Games were enjoyed following supper. Those present were: Mrs. O. T. Pearson, Robert, Dorothy, and Marian Pearson, Karl Lee, Ralph Williams, Donald Pearson, and Witter Newsome.

The lakes of Florida for the most part have been formed by the settling of the earth's surface, caused by the disintegration of the lime-stone formation beneath. The cassava, a staple article for diet in Central America, is grown in Florida.
