School Lunches Should County Continue Subsidies?

By DONNA ESTES
Herald Staff Writer

Should the Seminole County School Board continue its school lunch program, with its required subsidy of at least \$250,000 annually, or get rid of it?

This is only one of the questions Dr. William R. Brown, chairman of the Department of Sociology and coordinator of the masters' program in applied sociology at the University of Central Florida (UCF), and a team of 10 students are to answer in a study of the lunch program in the 42 public schools of Seminole County.

A report on the study, costing \$5,000 according to a contract between the board and UCF, is to be completed by April 23.

Board member Bill Kroll, who urged that the study be undertaken, said today he is especially interested in the study with a view toward whether the lunch program should be continued. "Can we afford to continue using education dollars to subsidize a food service program?" he asked.

Kroll said the study will reveal a number of answers to questions about school lunches.

"We need to know: Why some students who have never tried the lunches say the lunches are lousy."

"Whether something should be included in the curriculum to show

students why they should eat peas or green beans.

"Whether cafeterias should be built in new schools.

"Whether we should continue satellite lunches into schools without cafeterias or build cafeterias at existing schools.

"Whether class schedules should be adjusted to give students more time to eat their lunches.

Kroll, in line with this question, said that currently school class times are built around transportation schedules and perhaps this should be changed to give the students more time to eat.

The long-range goal, he said, is to make the school lunch program more productive and to make students happier with the program. "Some students are throwing their lunches away simply because they do not have time to eat them," he said.

Kroll, who eats lunch at a public school at least once a month, said he has asked that the Brown team survey the lunch programs at every one of the 42 schools.

"If the bottom line is that kids and parents are comparing school lunches to home-cooked meals, we already know we can't compete with Mama at home," he said.

Meanwhile, Darrell Kirkpatrick, assistant program director for the schools' food service, is blaming the decline in the number of students in the

middle schools buying lunches on milkshakes.

In October the School Board voted to reinstate the serving of milkshakes in all 42 schools.

In a report submitted to School Superintendent Robert Hughes, Kirkpatrick said that although 2,028 students in the county's middle schools bought lunches in September, only 1,612 bought lunches in October, while 3,662 milkshakes were sold in the same schools during the period.

In November the number buying lunches declined further to 1,551, while the number of milkshakes served leveled off during the same month, to 2,647. In December 1,571 lunches were sold, a slight increase, while milkshakes sales declined to 2,474.

Kirkpatrick attributed the daily loss of 457 paid lunches in the middle schools and the resulting 21½ cents loss per lunch directly to the milkshake sales.

"Although the offering of a la carte milkshakes has not seriously affected food services finances, it is disturbing that 457 middle school students formerly eating a nutritious lunch are now subsisting on a milkshake consisting of milk and sugar and possibly an order or double order of later tots," Kirkpatrick said.

Kroll disputed Kirkpatrick's report, saying that when a program is in trouble you don't take away something. Students

don't just buy one thing like a milkshake because they do not like standing in line, he said.

"If milkshakes are all the students are buying, but they are drinking the milkshakes, that is more nutritious than their buying an entire meal and throwing it in the garbage," Kroll said, adding that he has seen that done.

Kirkpatrick's report said that countywide a total of 6,838 students bought lunches in September 1980, while 1,671 lunches were sold at reduced prices and 6,016 were given away free for a total number of lunches served at 14,525.

In September 1981, a total of 6,412 bought lunches, 1,042 reduced-price lunches were sold, and 5,136 free lunches were served, for a total of 12,590 — a loss of nearly 2,000 lunches.

The participation went up in December 1981 to 7,066 paid, 1,241 reduced and 5,542 free, for a total of 13,789 — a loss of about 800.

Kirkpatrick attributed the overall loss in participation to several factors including: A 10-cent price increase for lunches above last year's price and a drop in reduced-price lunches because prices went from 10 cents last school year to 40 cents.

"In addition," he noted, "the base income level to qualify for reduced-price lunches was lowered, rather than being

A SKIRL OF PIPES

Former Evening Herald staff photographer Tom Netsel, now in public relations at the University of Central Florida, plays his bagpipes Saturday with the host band, Rosie O'Grady's Scottish Highlanders, at the fifth annual Orlando Scottish Highland Games at the Central Florida Fairgrounds. The clans gathered to compete in Scottish dancing, piping events, and traditional games such as the caber toss, haggis hurling and 56-pound weight throw.

Sanford Woman, 88, Dies In Fire

By TENI YARBOROUGH
Herald Staff Writer

An autopsy was being conducted today to determine the cause of death of a Sanford woman found dead in her burning home at about 7 a.m. Sunday.

Carrie Hodges, 88, of 900 Pomegranate Avenue, was discovered lying on the living-room floor near the front door of her home by Sanford fire officials answering a call to extinguish the blaze.

Fire officials said the blaze was caused by a portable kerosene heater placed too close to the bed where Mrs. Hodges apparently had been sleeping.

"The valve (of the heater) was wide open and it was sitting about 15 inches from the bed," said Sanford Fire Chief William O. Galley. "The bed clothing caught fire and according to relatives, she was known to wear flannel clothing.

However, when we found her she wasn't wearing clothing. She was found by the front door, apparently trying to get out of the burning home. She was burned pretty badly."

Relatives of Mrs. Hodges said she was "very, very old and crippled," having had surgery several months ago. Relatives speculated her poor health may have prevented her from being able to escape the burning home.

Mrs. Hodges' body was taken to Seminole Memorial Hospital, and later will be turned over to Wilson-Eichelberger Mortuary for funeral arrangements.

Galley said an estimated \$11,000 damage was done to the home and its contents during the blaze. He added that fire officials, including the state fire marshal, have ruled the fire accidental.

Wetlands Consultant Wins Planners' Endorsement

By LEE DANCY
Herald Staff Writer

A Gainesville-based consulting firm rates No. 1 on a list of three candidates being considered to survey wetland areas in Seminole County.

A staff recommendation from the county land planning office endorses the Center for Wetlands, of Gainesville, as the best firm to complete a study of county wetlands. The County Commission will consider the recommendation at its regular meeting Tuesday, beginning at 9:30 a.m.

Joyce Sellen, the county's principal planner, said the Center for Wetlands is the county's best choice because it presented the most comprehensive approach to evaluating the soggy parts of Seminole County.

The county Planning Department wants more information on wetlands in Seminole. By hiring a consultant to tell the

county which wetland areas should remain undeveloped and which could be modified, the county planners will be able to adjust the land-use plan to correlate with the firm's recommendations, Ms. Sellen said.

A more scientific basis for application of land-use controls to the wetlands category of the land-use plan was one specific request made by a citizens' committee appointed by the commission in 1977 to review the document prior to its adoption.

Second choice for the firm to evaluate wetlands was Miller & Miller, of Orlando. CH2M Hill, of Gainesville, was the county planning staff's third choice, Ms. Sellen said.

"The Center for Wetlands was ranked first, since it presented the most comprehensive approach in matching the request for proposal (of state funds)," she said in a memo to the commission. "They also indicated they would provide

updated mapping of the wetlands for the county as part of the work product."

Money to cover the cost of a consultant will come from a state grant for \$20,000 from the Florida Department of Veterans and Community Affairs, Ms. Sellen said.

She said the commission should choose one of the three recommended firms at its Tuesday meeting. The wetlands evaluation should take approximately three months to complete, she said.

Wetlands study is the first part of the total land-use-plan review, Ms. Sellen said. Many county departments, including Drainage, Environmental Services, and the Office of Management and Budget, will be involved in the evaluation of the plan.

Assistant County Administrator Jim Easton said there will be opportunity for public input to the county review of the plan

all the way through the process.

"Each and every element of the plan must be evaluated," he said. "It will be generally updated in stages, and that's why we need the technical expertise of biologists, botanists and other specialists."

The comprehensive land-use plan was adopted by the commission Sept. 27, 1977. Its "natural resources" element contains policies encouraging protection of environmentally sensitive areas, such as wetlands.

Few specifics are given in the original plan, however, on characteristics, functions, benefits or values of the wetlands areas. Approaches or performance standards required for protecting environmentally sensitive areas also are not specified in the plan, Ms. Sellen said.

A MINK STOLE?

No, it's not the latest in fur wraps. It's an Asian binturong (civet cat) named "Bing." Raymond Palmer, 16, of 204 Ridge Drive, Sanford, is the proud owner of the six-month-old "Bing" and says she weighs about 25 pounds, but can grow to weigh about 65 pounds.

Longwood Needs Paramedics, But...

Longwood's Fire Department soon will have only one paramedic on its staff, but three are needed.

Fire Chief Charles Chapman, who also happens to be the city's soon-to-be solo emergency medical technician, is worried. He said the city's starting salary for paramedics is below that of most other area municipalities.

In an attempt to make his department's pay scale comparable to other cities, Chapman will ask the City Commission for about \$1,200 to boost the starting salary for paramedics from \$13,056 to \$14,456.

Chapman actually needs \$2,900 to raise the salaries for three paramedics his department

requires. He is currently saving salary money from his budget, however, because of the recent resignation of a six-year veteran paramedic, the fire chief said.

The salary saving gained by hiring a new paramedic at starting wages to replace the veteran will give Chapman \$1,700 to add to the money needed for boosting the pay scale, he said.

Longwood needs to offer a better "incentive pay" to potential paramedics, Chapman said. By bumping the current \$720 annual incentive figure to \$2,100, Longwood's paramedic salary figure would be about midway compared to salaries offered by

other city and county departments, he said.

In order to back up his assertion that Longwood is not currently competitive with other municipalities' wages for paramedics, Chapman polled the cities for a comparison study.

According to Chapman's survey, Winter Springs and Altamonte Springs currently offer the highest starting salaries for paramedics. Winter Springs pays \$15,322 and Altamonte Springs \$15,504 to starting emergency medical technicians.

Maitland offers \$14,539 and Winter Park \$14,648, while Orlando pays \$14,900, according to Chapman's survey. — LEE DANCY

New Contract OK'd

Sanford Commission Settles Rinker Dispute

The Sanford City Commission settled the dispute with Wes Rinker, operator of Florida Baseball Schools Inc., to continue using the Sanford Memorial Stadium at a special meeting today.

The commission voted unanimously to purchase \$30,000 to \$33,000 worth of lighting fixtures for the stadium and to sign a new lease contract with Rinker. The five-year lease arrangement calls for Rinker to pay the city \$9,600 annually on March 25 each year for five years for the lights.

The new agreement also calls for him to pay a token \$1 a year as a rental fee.

Rinker has been leasing the stadium since 1977 as the site of his baseball schools. In addition to his schools, Seminole High School and Seminole Community

College have regularly used the stadium for athletic events.

The commission a week ago considered whether to cancel the lease when Rinker was unable to purchase the 30 new lights outright and sign their ownership over to the city as required in the lease.

City Manager W.E. "Pete" Knowles proposed the compromise at this morning's meeting, explaining to the commission that Rinker was in jeopardy of having to pay Musco Lighting Inc., of Iowa, \$10,000 for defaulting on a contract to purchase the lights over a five-year period. The commission instructed Knowles to notify the Iowa firm that the city will pay cash for the lights. Rinker is to reimburse the city for that cost with the five annual payments.

The new lease allows two additional five-year options. — DONNA ESTES

NATION IN BRIEF

Reagan Hopes Bill Will Defuse Racial Uproar

WASHINGTON (UPI) — The administration likely will introduce legislation this week to defuse a simmering controversy that made President Reagan appear to condone racial discrimination.

Presidential counselor Edwin Meese said Sunday that the bill, whose sponsors in Congress have not yet been named, probably will be sent to Capitol Hill this week. The legislation will specifically seek to end unilateral action taken without congressional guidance by administrative agencies such as the Internal Revenue Service.

Williams Trial Continues

ATLANTA (UPI) — The FBI agent who questioned Wayne Williams after the body of his last alleged victim was found testified today Williams failed to resolve the discrepancies in his story — and even added some new ones.

Agent William McGrath began the fourth week of Williams' murder trial with testimony of the marathon June 3 session at FBI headquarters when the dumpy defendant was questioned for seven hours about his actions on the morning of May 22, when he was seen driving slowly off the Jackson Parkway Bridge. The body of Nathaniel Cater was found downstream in the Chattahoochee River two days later.

Barge To Raise Jet Wreck

WASHINGTON (UPI) — Accident investigators abandoned salvage efforts in bone-chilling cold Sunday, but hope a barge with a giant crane will be able to raise the tail section of the Air Florida jet from the bottom of the Potomac River and recover the plane's flight recorder.

Gusting 30-mph winds and record-breaking cold forced diving crews to curtail efforts to locate more victims of the crash. The winds also made plans to lift the tail to a bridge 40 feet above the water too much of a risk, and necessitated bringing in the barge today from Indian Head, Md., 25 miles down the river.

Cancer Deaths On Rise

NEW YORK (UPI) — Lung cancer deaths are increasing, and the disease will kill a record 111,000 Americans this year even though it is "among the most preventable" cancers, the American Cancer Society says.

The society said Sunday in its 1982 edition of "Cancer Facts & Figures" that an estimated 430,000 Americans will die of cancers this year — 9,000 more than in 1981. Two-thirds of the additional deaths will be directly attributable to lung cancer, which in 1980 accounted for only 8.7 percent of the cancer mortality rate.

Legal Aid Society Elects New Officers

The Seminole County Bar Association Legal Aid Society, Inc., with offices in Casselberry, recently elected new officers. They include Bill Stern, Altamonte Springs, president; Steve Coover, Sanford, secretary-treasurer; and Harvey Alper, Altamonte Springs, vice president. Directors include Richard Mamele, Larry Solodky, Terry Ackert and Harry Reid.

Alper has also been appointed to serve as Domestic Relations Commissioner for Seminole County.

The Jan. 20 general membership meeting of the Seminole County Bar will be at 6 p.m. at the Quality Inn, Longwood. Mamele will report on the present status of the Legal Aid Society and Bill Eaton will report on the Lawyer Referral Service. In addition, a presentation on the Individual Retirement Act will be given by Cindy Grubbs of Dean Witter Reynolds Inc., Winter Park. This will not be a dinner meeting.

Altamonte Man Wounded In Bar Fracas

By TENI YARBOROUGH
Herald Staff Writer

A 19-year-old man is listed in fair condition today at Florida Hospital-Altamonte following a shooting early Saturday morning in an Altamonte Springs bar.

Alphonso Hall Jr., of 110 Ford St., Altamonte, was admitted for surgery upon arrival at the hospital for gunshot wounds to his right thigh and abdomen, hospital officials said.

Willie M. Thomas, 34, of Sanford, was being held today without bond in the Seminole County jail following his arrest Saturday at about 12:30 a.m. in connection with the shooting. Thomas has been charged with attempted murder, sheriff's deputies said.

Thomas was apprehended by deputies behind the Altamonte Springs Men's Club located at 30 North Street, after a bar patron was shot with a small caliber automatic gun three times, deputies said.

JEWELRY LIFTED

Assorted jewelry and a coin collection were stolen from a Longwood man's home Friday sometime between 4:30 and 8:30 p.m.

George M. Johnson, 37, of 704 Sweetwater Club Blvd., told sheriff's deputies the burglar gained access to his house through an apparently unlocked bedroom window. No signs of forced entry could be found on the window, according to sheriff's reports.

Johnson said he had locked the window, but four maids had been in the house to clean that day and could have left it open.

Johnson said a coin collection with approximately 15 coins in a clear plastic case were stolen. A gold running shoe ornament on a gold chain and 15 pairs of gold earrings were also removed from Johnson's bedroom, according to reports.

FORMER DIRECTOR SENTENCED

Ralph Lee Willis, former director of Seminole County Animal Control, has been sentenced to 360 days in the county jail for the July 28 shooting of a 19-year-old Sanford youth.

In addition to the jail time, Willis also was ordered to serve 30 years probation on charges of aggravated assault and battery stemming from the incident. He must also pay \$289 in

Action Reports

★ Fires

★ Courts

★ Police

court costs and another \$494 in restitution.

Willis, 59, of 99 Exeter Court, Sanford, pleaded guilty in October to shooting Roger McDonough in the neck with a .22-caliber pistol. McDonough, of 170 Windsor Court, Sanford, was swimming in the pool at the Carriage Cove trailer park when he was wounded. The shooting followed an argument between Willis and McDonough's brother, Jeff.

In other court action, a 25-year-old University of Central Florida student was sentenced to one year in prison for the June 20 shooting death of his wife.

In addition, Donald O. Langlais, of Howard Avenue near Oviedo, was ordered to serve 15 years probation after his release from prison and pay \$750 to his public defender. He pleaded guilty in October to a charge of manslaughter.

Langlais' wife, Regina, 25, was found dead on a living room couch in the couple's home shortly after she was shot in the face with a .38-caliber pistol.

Langlais said he was pointing the gun at a book when his wife kicked the weapon and it went off.

EXXON STATION HIT

When J&J Exxon employee Jerry McIntosh arrived at the Casselberry gas station for work Friday morning, he noticed one of the station's garage doors had been opened.

Further investigation by McIntosh revealed \$25 and an undetermined amount of cigarettes were stolen from the station.

Burglars gained access to the station office by bending down a piece of metal at the bottom of the garage door which held it closed. Sheriff's reports indicated there were no signs of forced entry.

Death Toll To 274

Record Cold Eases

United Press International
Arctic cold that set 20th Century temperature record for a second straight weekend began to crack in the East and Midwest today, but beleaguered residents had to settle for a "warming trend" of freezing temperatures.

The Midwest got a heavy dose of blowing snow Sunday and winds up to 136 mph roared down the eastern slopes of the Colorado Rockies, injuring 15 people, knocking out power to thousands and wrecking 50 homes.

Temperatures plunged to record lows for the 20th Century in Ohio, Wisconsin and New York Sunday as a cold wave blamed for 274 deaths faltered in the beginning of its second week.

Minus 5 readings in the nation's capital Sunday — the first below-zero temperatures in Washington in 47 years — forced rescuers to abandon efforts to recover any more victims

of an Air Florida 737 jetliner crash in the Potomac last Wednesday that killed 78 people.

Sub-zero temperatures were recorded in Birmingham, Ala., for only the fifth time since 1896 with a reading of 1 below. Tennessee records were set at Nashville, 11 below; Memphis, zero; and Chattanooga, minus 2. Temperatures in the upper teens and 20s hit the Gulf Coast states, leaving icicles in the Florida Panhandle.

In contrast, high temperature records were equalled in the Southwest, where just last week the first snows in years had cities scrambling to keep going. Temperatures reached into the 70s over the southwestern high plains as warmer air returned north on the west side of the arctic air mass centered off the Tennessee Valley. Amarillo, Texas, reached 73, which tied its record high for the date set in 1923.

Weather—Worst Yet To Come

DETROIT (UPI) — "Astrometeorologist" Joseph Goodavage, who predicted in 1978 that this winter would be one of the coldest and deadliest on record, says the worst is yet to come — in March.

Goodavage, whose weather forecasts are based on the activity of the sun and planets, said in a 1978 interview with the Detroit Free Press that the winter of 1981-82 would be one of the worst on record and produce more than 200 weather-related deaths in the United States. The death toll has already far exceeded 200.

In a followup interview published Sunday, Goodavage, who is also a science writer and the author of "Our Threatened Planet," had

more bad news, saying even worse weather is on the way.

"I can say with some degree of confidence that March will be the worst part of winter," he said. "Europe, particularly, will be very hard hit... (This winter) is going to be a true catastrophe."

"The winter (in the United States) will continue with sub-freezing temperatures, alternating blizzards, heavy precipitation," he said. "New England is in for a deep freeze, the likes of which it has never seen."

Goodavage's methods of forecasting are based on sunspots and solar flares and the relative positions of planets around the sun.

Graham Calls For Local Tax Hike To Aid Police

TALLAHASSEE (UPI) — Gov. Bob Graham urged the Legislature today to give law enforcement agencies new power and more money and let cities and counties raise the state sales tax.

As expected, Graham recommended no statewide tax increase. He asked only for a half cent local option increase to raise \$400 million to help local governments reduce property taxes and soften the impact of federal fund cuts.

Graham's speech opened the 1982 legislative session.

WORLD IN BRIEF

Dozier's Death Predicted; Israel Helped Terrorists?

ROME (UPI) — An expert on Italian terrorism predicted the Red Brigades will kill U.S. Brig. Gen. James Dozier and accused Israel of having aided the urban guerrillas in an attempt to destabilize Italy.

"On the basis of my experience I believe that, unfortunately, the Red Brigades will follow their usual logic and kill their prisoner," magistrate Ferdinando Imposimato said in an interview published Sunday, one month after the NATO general was kidnapped.

Military Attache Killed

PARIS (UPI) — Lt. Col. Charles Robert Ray, the assistant U.S. military attache in France, was shot and killed outside his home in the second gun attack on an American diplomat in Paris in two months.

Ray, 41, was shot through the head at 3 a.m. EST as he left his home in Paris' well-to-do 16th residential district, said police officer Marcel Lecler.

...School Meals May Be Dropped

Continued From Page 1A
increased as in all previous years, resulting in fewer eligible families."

He said the income level for eligibility for free lunches was also lowered this year, and tighter requirements were instituted, resulting in fewer families being eligible.

Measures the school food services have taken to increase participation, Kirkpatrick said, include improved and

streamlined menus; serving favorites such as pizza and fried chicken more often; in elementary schools on most days only one vegetable is being served rather than two; less favorite vegetables such as frozen broccoli, spinach and turnips are seen less often and are on their way out; an international menu featuring a meal from a foreign country is featured once a month; and one day monthly is reserved for managers' choice, where a manager plans a menu featuring a school's favorite dish using ground beef.

In addition, in high schools beginning this month a salad bar is offered as a choice for lunch. Also expected to help school lunch participation is the halt on sales of candy and carbonated beverages from vending machines until after the last lunch period, in compliance with federal law.

The Next Best Thing To Turning TV Off

GARDEN GROVE, Calif. (UPI) — Inventor Mark DiLorenzo has come up with Censorview — an electronic device that can be conveniently programmed to block out anything deemed unsuitable for the family television.

The 27-year-old inventor says the device is perfect for parents not crazy about the idea of the kids secretly tuning in to racy movies when mom and dad are out of the house.

And it can put a stop to tube-watching during the time when they should be doing their homework.

DiLorenzo says the micro-processor attaches to the

television's antenna system — allowing it to control all the sets in the home — and the purchaser types in the secret security code on a keyboard.

Then a video display appears on the television screen and the user types in hour, day and channel (one or all) to be blocked.

DiLorenzo is currently negotiating with a manufacturer to produce his brainchild, and he predicts the device will be on the market within the next three months for about \$150.

He describes his market as "any parent concerned with what their child watches."

Controversial Appointment On Casselberry Agenda Again

By TENI YARBOROUGH
Herald Staff Writer

Following the rejection of a mayoral appointment to the Casselberry planning and zoning commission which erupted in a war of words last week, City Council members are slated to vote on another board nominee at tonight's meeting.

Mayor Owen Sheppard is expected to recommend that council appoint Beverly Heroy of 160 Lemon Lane, Casselberry, to the board to fill the seat held by Vincent Ballassona, of 30 Apple Hill Hollow, Casselberry.

Ballassona's reappointment was rejected last week on a 4-1 vote. Councilman Jim Lavigne was the lone dissenter.

The opposition to Ballassona's reappointment was led by Councilman Frank Schutte who said he questioned Ballassona's May 4 request to delay action on a matter that could have influenced a controversial condominium project. However, Ballassona said he requested the delay as "a citizen of Casselberry, not as a board member."

Councilman Bill Grier said last week he could not support

the reappointment after receiving reports that Ballassona swore in front of two women in a local business and was asked to leave the store.

Ballassona said he will attend tonight's meeting with his attorney to address Grier's remarks.

Site plans for two businesses and a condominium project are also slated for review at tonight's council meeting. Popeye's Famous Fried Chicken and Godfather Pizza have developed plans in hopes of receiving the go-ahead to build restaurants on State Road 436 near Oxford Road.

Pending council approval, Waters Plumbing Co. of Casselberry plans to build a 74-unit condominium complex, Lake Triplet Condominiums, on the corner of Winter Park Drive and Seminola Boulevard.

In addition, Utility Director Ed Keuling is asking the council not to accept the "loan" of 215,000 gallons of sewage capacity from Seminole County to the Iron Bridge regional sewage treatment plant.

Keuling said he does not feel the city needs the additional capacity because of refurbished sewer lines which have reduced the amount of rainwater seeping into the lines, thereby decreasing the volume of effluent requiring treatment at Iron Bridge.

The meeting will begin tonight at 7:30 p.m. at City Hall, located at 95 Lake Triplet Drive.

Former County Tax Assessor Dies

Former Seminole County Tax Assessor Richard E. McCanna, 65, of 1320 N. Maitland Ave., Maitland, died Saturday at Florida Hospital-Altamonte. He served as mayor of Maitland from 1949

to 1951 and was county Tax Assessor from 1959-60. He also was a member of the first Seminole County Zoning Board. Born Nov. 1, 1916, in Altamonte. He served as mayor of Maitland from 1949

moving to Maitland in 1947 where he became a real estate broker and appraiser.

He is survived by his wife, Dorothy; daughter, Mary M. Kebik, Altamonte Springs; two sons, Richard E.

McCanna Jr., Homosassa Springs, and John C. McCanna, Maitland; and five grandchildren.

Funeral arrangements will be made by Woodlawn Funeral Home, Orlando.

AREA DEATHS

ROYDON A. BARTH SR.
Royden A. Barth Sr., 66, of 2662 Magnolia Ave., Sanford, died Friday at his home. Born Oct. 30, 1915, in Morris, Alberta, Canada, he moved to Sanford from Miami last June. He was the former owner of the Barth Construction Co., Fort Lauderdale, and a former maintenance supervisor at Calder Race Course, Miami. He was a member of the Lutheran Church of the Redeemer, Sanford.

Survivors include his wife, Mary; three daughters, Mrs. Marion Koppe, St. Cloud, Mrs. Irene Russ, Miami, Mrs. Roberta Schmidt, Fort Lauderdale; a son, Royden A. Jr., Ocala; a sister, Mrs. Mazy Phillips, Sanford; and 11 grandchildren.

Funeral services were held today at Gramkow Funeral Home, Sanford. Burial was in Oaklawn Memorial Park.

MRS. MILDRED I. KIRBY
Mrs. Mildred Lee Kirby, 77, of 1019 Magnolia Ave., Sanford, died Sunday at the

Lakeview Nursing Center after an extended illness. Born March 15, 1904, in Oviedo, she was a longtime Sanford resident. She was a homemaker and a member of the First United Methodist Church of Sanford, where she was active in the United Methodist Women and the Sunday school class. She was a volunteer at Seminole Memorial Hospital and had served as local president and secretary of the United Daughters of the Confederacy.

Survivors include her husband, William B.; a daughter, Mrs. Francheon K. Boone, Tallahassee; a sister, Mrs. Ann L. McNeill, Miami; four grandchildren; and four great-grandchildren.

Brison Funeral Home-PA is in charge of arrangements.

HIRAM D. STEVENS
Hiram D. Stevens, 75, of 210 Alpine Drive, Maitland, died Saturday at his home. Born July 5, 1906, in Stensenville, Ky., he had lived in Maitland for the last year and a half

moving there from Sanford. He was a Pentecostal and a retired farmer.

Survivors include two daughters, Mrs. Frank (Mae) Judy, Independence, Mo., and Mrs. Frank (Ruth) Hathaway, Maitland; a son, Kent, Atlanta; seven grandchildren; and 14 great-grandchildren.

Gramkow Funeral Home, Sanford, is in charge of arrangements.

VINCENT GONZALES
Vincent Gonzales, 84, of 741 Raven Terrace, Deltona, died Friday at University Convalescent Center West, Deland. Born May 11, 1897, in Puerto Rico, he moved to Deltona from Miami last year. He was a retired butcher and a member of the Church of Christ, Deltona.

He was an Army veteran of World War I and a member of the Veterans of World War I, Barracks 879, Miami.

Survivors include a daughter, Mrs. Irma Aquayo, Deltona; and two grandchildren.

Stephen R. Baldauff Funeral Home, Deltona, is in charge of arrangements.

GREGORY T. CUYLAR
Gregory Tyrone Cuyler, 23, of 841 Williams St., Altamonte Springs, died Friday at

Florida Hospital-Altamonte. Born Oct. 27, 1958, he was a lifelong resident of Altamonte Springs. He was a laborer and a member of the Freewill Baptist Church, Altamonte Springs.

Survivors include his parents, Russell and Catherine; three sisters, Arietha Walker, Winter Park, and Cathy Hardy and Jackie Christopher, both of Altamonte Springs.

Bruton's Funeral Home, Orlando, is in charge of arrangements.

Funeral Notices

KIRBY, MRS. MILDRED LEE — Funeral services for Mrs. Mildred Lee Kirby, 77, of 1019 Magnolia Ave., Sanford, who died Sunday, will be at 2 p.m. Tuesday at Brison Funeral Home, with the Rev. Leo King officiating. Burial in Evergreen Cemetery. Brison Funeral Home PA is in charge of arrangements.

STEVENS, MR. HIRAM D. — Funeral services for Mr. Hiram D. Stevens, 75, of 210 Alpine Drive, Maitland, who died Saturday at his home, will be at 10:30 Wednesday at Gramkow Funeral Home Chapel, with Brother R. L. Thorne officiating. Burial in Oaklawn Memorial Park. Friends may call at the funeral home Tuesday from 10 a.m. to 4 p.m. and 7 to 9 p.m. Gramkow Funeral Home, Sanford, is in charge of arrangements.

FREE SPINAL EXAMINATION

Danger Signals of Pinched Nerves:

1. Headaches, Buzzing, Loss of Sleep
2. Neck Pain, Tight Muscles
3. Pain Down Arms, Shoulder Pain
4. Numbness in Hands or Feet
5. Pain between the Shoulders
6. Painful Joints, Nervousness
7. Lower Back Pain, Hip Pain, Pain Down Legs

Why FREE? Thousands of area residents have spine related problems which usually respond to chiropractic care.

This is our way of encouraging you to find out if you have a problem that could be helped by chiropractic care. It is also our way of acquainting you with our staff and facilities.

Examination includes a minimum of 10 standard tests for evaluating the spine and a contour analysis, photo as shown above.

While we are accepting new patients, no one need feel any obligation.

"Losing Hair? Try This At No Risk"

HOUSTON, Texas—If you don't suffer from male pattern baldness, you can now stop your hair loss...and grow more hair.

For years they said it couldn't be done. But now a firm of laboratory consultants has developed a treatment for both men and women, that is not only stopping hair loss, but is really growing hair!

They don't even ask you to take their word for it. They invite you to try the treatment for 32 days, at their risk, and see for yourself!

Naturally they would not offer this opportunity unless the treatment worked. However, it is impossible to help everyone.

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

But, if you are not already slick bald, how can you be sure what is actually causing your hair loss? Even if baldness may seem to "run in the family," it's certainly not proof of the cause of YOUR hair loss.

Hair loss caused by sebum can also run in your family, and many other conditions can cause hair loss. If you wait until you are slick bald and your hair roots are dead, you are beyond help. So, if you still have any hair on top of your head, and would like to stop your hair loss and grow more hair, now is the time to do something about it before it's too late.

Lesch Laboratory Consultants, Inc. will supply you with treatment for 32 days—at their risk—if they believe the treatment will help you. Just send them the information listed below. All inquiries are answered confidentially, by mail.

Democracy Totters On African Coast

Fragmentary reports from Ghana, on the West Coast of Africa, say that a military regime headed by former Flight Lt. Jerry J. Rawlings has overthrown the elected government of President Hilla Limann.

It is the second time that Rawlings seized power, and the sixth coup in the 25 years since Ghana became the first African colony to win independence in 1956.

In 1979, Rawlings overthrew the military dictatorship, executed three former military presidents, and installed the democratically elected government of Limann, and then retired to private life.

But what Rawlings gave, he also took away. With lightning speed he and other junior military officers overthrew the two-year-old government, arrested Limann and 60 officials, suspended Ghana's constitution, annulled all political parties, and ordered foreigners, mainly Lebanese and Indians, to get out of the cocoa and retail and wholesale business to "save themselves from embarrassment."

Rawlings' declared mission: to root out corruption that has "mutilated and destroyed all the positive and concrete achievements of the people in order to pave the way for their own corruption and greed."

Reports from Accra, the Ghanaian capital, say that hundreds of people streamed into the streets after the takeover shouting "Down with corruption" and "Jerry, our savior."

Rawlings' popularity stems from his relinquishing of power four months after his first coup, a move which was viewed as personally disinterested and statesmanlike.

But he is viewed as a protégé of Libyan strongman Moammar Khadafy, and whether the Ghanaian people will back his return to power on a long-term basis remains to be seen.

The major problem facing Ghana's 12 million people is economic. Unlike nearby Nigeria, which has immense petroleum profits, Ghana depends on cocoa for its export revenues.

Although it has a lively market economy, mainly controlled by village women, poverty and agricultural backwardness have plagued the culturally rich Ghanaians.

America must not interfere in the internal affairs of Ghana.

But the Reagan administration should withhold aid and credit if the Rawlings regime turns its coup into a bloodbath.

Corruption cannot be rooted out by violating human rights, and economic greed cannot be righted by greed for power.

Ghana deserves a government that neither steals the hard-earned money, nor destroys the fragile democracy, of its people.

Handgun Dispute

There will be appeals, of course, but the decision on handguns in the Chicago suburb of Morton Grove has the whole nation taking notice.

Last June, the Morton Grove Village Board adopted an ordinance that forbids residents of the community from owning handguns. The only exceptions are antique-gun collectors, licensed gun clubs and military and police personnel.

The opponents of handgun controls took the ordinance before a U.S. District Court Judge Bernard Decker. He ruled recently that the ordinance "was properly enacted and did not infringe on rights guaranteed by the U.S. Constitution nor the Illinois Constitution."

The judge's lengthy opinion further stated that the Morton Grove ordinance has as its basis the proper goals of protecting the safety and health of the people — and, because rifles and shotguns still can be owned, does not infringe on constitutional provisions guaranteeing the right to bear arms.

Martin Ashman, the attorney representing Morton Grove, said, "If other communities around the country follow our actions, there will be a lot fewer persons killed by guns in this country."

Well said.

BERRY'S WORLD

Revisions to the Altamonte Springs and Winter Springs city charters were approved by the voters of the respective cities in November.

A committee has under study changes in the Sanford city charter and the Lake Mary City Council is scheduled at a 7:30 p.m. meeting Thursday night to name a committee to study its city charter.

While Lake Mary's charter is only 7½ years old, it was evident almost immediately after its adoption that at least some corrections should be made.

In Section 4.05 of Lake Mary's charter is the command: "At each regular election a mayor shall be elected for a term of two years..." At another place in the same section, it says: "He (the mayor) shall preside at meetings of Council and shall be recognized as head of the city government for all ceremonial purposes and be

the governor for purposes of military law."

Obviously the mayor isn't elected every year for a term of two years, that would be impossible. He is elected every two years.

The same error was in the Winter Springs charter before recent corrections were made.

Lake Mary is to have an eight-member charter committee including four citizens appointed by the City Council, one member each from the Planning and Zoning Commission and the Board of Adjustment chosen by the respective boards, Mayor Walter Sorenson and a councilman.

It seemed like a good idea to the Lake Mary City Council some months ago when it adopted an ordinance prohibiting burning in the city unless a permit was first obtained from Fire Chief Jim Orioles.

However, after only a few months, Orioles

wanted out of the permit business. It was taking too much of his time. Now the Council plans to adopt an ordinance delegating authority for burn permits in the city to the Florida Permit Service.

The U.S. Senate Budget Committee of which Sen. Lawton Chiles, D-Fla., is a member is to hold three public hearings in the state this week dealing with the effects of high interest rates on the state's economy.

On Wednesday, a hearing is scheduled at 1 p.m. at the Loch Haven Art Center, 2416 N. Mills St.

Witnesses are to include leaders from the state's banks, lending institutions, educational systems, small businessmen and private citizens.

Chairing the Orlando meeting will be Sen. Peter Domenici, R-New Mexico.

ROBERT WAGMAN How High Will Gas Prices Go?

WASHINGTON (NEA) — Since he took office a year ago, President Reagan has held only seven full-fledged press conferences — far fewer than the "one every few weeks" he talked about early in his administration.

It's an open secret that many of the president's senior advisers are not comfortable with his facing a room full of reporters on national television. They much prefer that Reagan communicate with the American people through "fireside chats."

The consensus seems to be that the former actor excels on television but does not easily absorb large masses of facts or want to devote time to the detailed briefings that are necessary to prepare for all questions.

As a result, Reagan often seems unprepared or worse, responds off the cuff with answers that are wrong or that contradict administration policies.

This happened at Reagan's most recent press conference when he was asked whether his plan for more rapid decontrol of natural gas would significantly raise prices for the consumer.

No, the president replied, because gas producers get only 15 percent of the retail price while the rest goes to transportation and to middlemen in the delivery chain; thus, an increase in the wellhead price would not have great impact on the consumer.

"I find it difficult to believe that the (consumer) price would double or triple or quadruple," said Reagan, "because, of the price that the retail buyer pays, only 15 percent has to do with the gas itself."

The president was simply wrong — or, as a White House spokesman put it, he "misspoke."

Government, industry and industry critics agree that gas producers receive about 45 percent of the retail price of natural gas. And that percentage is rising.

There is some disagreement about how high the percentage will go. Gas utilities, the largest buyers of natural gas, estimate that it will have risen to almost 80 percent by the middle of this decade.

The decontrol law, which was passed during the Carter administration, completely decontrols the wellhead price of most natural gas by 1985. Producers want that process speeded up, and the administration is expected to introduce legislation shortly that would do just that.

Moreover, the current plan retains controls on some "old" gas — that is, gas discovered and in production before 1978. The administration's bill will probably seek to decontrol the prices of old and new gas alike.

Most experts agree that the existing plan will result in a continual, albeit gradual, increase in consumer gas prices to about double the current level by 1985.

But producers and users disagree on exactly what might happen if controls — including those on old gas — are lifted more rapidly. The major buyers, the gas utilities, predict that consumer prices could triple by 1985.

What most worries the gas utilities is that rapid and complete decontrol might push the price of gas higher than that of an equivalent amount of oil.

JACK ANDERSON

Wife Says Weinberg Bamboozled FBI

WASHINGTON — Mel Weinberg, the consummate swindler and ABSCAM "sting man," wound up bamboozling the FBI agents who employed him and siphoning some of the ABSCAM bribe money into his own pocket. This is the sworn allegation of his wife, Marie, who was a witness to his double-ecam.

My associate Indy Badhwar has spent three months interviewing Marie Weinberg and checking her story. He has obtained independent, corroborative evidence that her irrepressible husband may be guilty of criminal perjuries and conspiracies which could implicate FBI agents.

The charges are so serious that I have provided a transcript of Mrs. Weinberg's statements to the Justice Department and ABSCAM defense attorneys. This has now become the basis for a massive, internal investigation of the FBI.

There is the question, for example, of what happened to the payoff money that was supposed to have been delivered to New Jersey Casino Commissioner Kenneth MacDonald. The payoff may never have reached MacDonald, but may have been grabbed by Weinberg.

Here are the available facts: The man behind the alleged payoff, Camden Mayor

JEFFREY HART Over There, Long Ago

Just recently, Charles H. Dolan died in Honolulu at the age of 92. He was the last surviving member of the Lafayette Escadrille, the Americans who volunteered to fly as an American unit within the French army before the United States entered World War I.

All wars are awful, and the first World War was especially dreadful, but it had its romantic side.

It has occupied a special place in my own ancestral memory, and was born at Dartmouth College. I taught a seminar in the literature that emerged from it.

What everyone knows about WW I is that the Western Front was ghastly. There was the incredible attrition — at Verdun, on the Somme, at the Second Marne, all along the line in the trenches and in the mud.

After the war my mother, who was a young actress on Broadway, volunteered in the veterans' hospitals and was shocked by the shot-up men, the gasping mustard-gas cases. She delivered her message to me: never again.

But there was another side to the war, recalled by the experience of Charles Dolan. A graduate of MIT, according to his obituary, he traveled to Europe in 1915 as an aeronautical engineer. An American from Boston was organizing a flying squadron on the Allied side, and Dolan joined it — risking the loss of his citizenship to join a foreign army.

On the Western Front, a combat pilot's life span averaged 15 hours in the air. Dolan, according to his New York Times obituary, was one of only six of the 35 members of the Escadrille to survive the war.

It was another age, long ago.

The American fighter pilots were housed in elegant villas, and threw lavish parties for guest French aviators. They had a cook who had been a chef at the Ritz in New York.

As their mascot — I learn from Dolan's obituary — they adopted two lion cubs, whom they named Whiskey and Soda. The Times: "One pilot once struggled Whiskey aboard a train with the unconvincing explanation to the conductor that the animal was an African dog."

When Ernest Hemingway arrived in Paris in 1918, he hired a taxi cab to take him to where the shells of the German long-range gun, Big Bertha, were landing within the city.

For most of those who have written about that war, it was the decisive event of their lives, powerful and ambivalent. They keep going back to it, often at unseemly levels.

Lieutenant Charles Egan made a subsequent career in commercial aviation, was recalled to service in both World War II and the Korean War, and retired in 1959.

The final paragraph of the Times obituary is a work of art. It says all that can be said, and I want to circulate it to those who do not normally read obituaries in the Times: "In a letter written to The New York Times in September 1940, Mr. Dolan provided a list of the original members of the Lafayette Escadrille. By the name of each deceased member he carefully placed an asterisk, and at the bottom of the page, to explain the asterisk, he wrote the euphemism that World War I pilots used for death: 'Gone West.'"

BUSINESS WORLD Electronics: Office Problems

By LeROY POPE
UPI Business Writer

NEW YORK (UPI) — The physical and mental strain for workers in modern electronic offices is very real and business so far is reluctant to take adequate steps to overcome it, says Dr. Robert Arndt.

A University of Wisconsin professor on the Madison campus, Arndt does research in a new scientific field called ergonomics, which studies workers in relation to their physical environment.

Although still a very young field, it already has yielded information that could affect nearly all office workers: the video display screen and other electronic office machines are so exacting in their physical demands on the worker it no longer is possible to design office machinery or office lighting for the average person.

"Every work station must be tailored to fit the person who is going to use it and the equipment should be adjustable if it is to be used by anyone else," Arndt told United Press International.

The electronically equipped office, he said, is definitely more confining to the worker than the old-fashioned manually equipped office. The worker sits in front of the video screen most of the day in a fairly fixed posture. This physical immobility not only often results in eye strain, but it puts a static load on the body that results in muscle cramps and pain in the neck, back, arms and legs. The eyestrain can cause the worker to experience double vision and pain.

Office managers also may get complaints from workers that prolonged stints at the tube make them irritable, then very depressed, he said.

The air traffic controllers cited the effects of overexposure to the cathode tube as one of the biggest grievances that led to their disastrous strike in August.

Arndt said the only solution for most of these problems so far, and probably the only solution that will be found, is to tailor equipment to each worker individually until it is perfectly comfortable.

Getting the lighting right is most important, he said. This can be either a very simple problem or can require drastic overhauling of all the lighting in the office.

Tailoring the equipment cannot be done cheaply, Arndt said. The adjustable equipment available now costs from \$750 to \$1,500 per individual work station.

But the cost of the equipment probably is the least factor in employers' reluctance to tackle the task. The real problem is the difficulty in getting reliable expert advice on a particular situation, Arndt said.

Neither the manufacturers of office furniture nor the makers of the electronic machines have gone into the matter thoroughly enough so far, he said, and there isn't much reliable scientific literature available on the subject.

Barry Wright Corp. of Watertown, Mass., one of the makers of adjustable work stations, did hold a seminar on the matter in New York recently at which Arndt spoke.

Larry Lerner, head of Environetics International, Inc., of Los Angeles and New York, who has designed many ultramodern offices, agreed with Arndt about the need for individual comfort and completely adjustable furniture in electronic offices. He said a critical need is to have the wrists and hands at the most comfortable level possible when operating a keyboard.

But Lerner told UPI he doubted if workers in most electronic offices are tied down to the tube all that much. "Personally," he said, "I think the well designed electronic office can and should be less confining and fatiguing to workers than the old-fashioned office."

When Ernest Hemingway arrived in Paris in 1918, he hired a taxi cab to take him to where the shells of the German long-range gun, Big Bertha, were landing within the city.

Pats Hand Carpenger First Wrestling Crown

By SAM COOK
Herald Sports Editor

One look at the past wrestling champions of the Five Star Conference may shed some light on the outcome of the 1981-82 tournament at Lake Brantley High this past weekend.

- 1981 — Lyman
- 1980 — Lake Howell
- 1979 — Seabreeze
- 1978 — Spruce Creek
- 1977 — Seminole

Nowhere on the aforementioned champions' list do you find coach Ken Carpenger's Lake Brantley Patriots. Nowhere that is until Saturday night.

Now, you can place them right above the Lyman Greyhounds since the Patriots knocked off their arch-rival neighbors, 154.5-137.5, for a convincing victory in this evenly-matched grappling conference.

The Patriots led the whole way — except for one brief point in the wrestlebacks when Coach Skip Pletzer's 'Hounds squeaked a point or so ahead — en route to Carpenger's first-ever victory over the Greyhounds in five years.

Dan Loyden's tough Seabreeze squad was third with 125 points. Mainland (106), Lake Howell (102.5), Seminole (80), Apopka (54) and DeLand (34.5) completed the field. Spruce Creek dropped wrestling a couple of years ago.

Scott Sherman's Seminoles, a surprising second after one round, tumbled out of sight on the second day of activities. Just two — Vince Clark (128) and Mike Thorman (188) — of Sanford's seven winners from the previous day reached the finals. Both lost. Fiery Ronnie Watson (108) battled through the wrestlebacks to whip Lyman's Juwan Lee, 11-6, for a consolation championship.

"I don't know if that's a wide margin to win by or not," laughed Carpenger about the 21-point victory difference. "I haven't ever won a tournament before."

"We've finally developed some consistency in our program, though. The kids work in the summer also paid off. Jack Likens (101) is very strong and smart. He looked real good."

Jeff Horn (122) is one of the most intelligent wrestlers I've seen. He uses his legs very well too. Richard Farmer (135) is the takedown artist and he has a great ankle pick," concluded Carpenger.

Likens, Horn and Farmer each won individual championships and spearheaded the Brantley effort. Lyman's Cory Stanley (14), Curt Schuster (148) and Willie Perkins (188) also took titles.

Seabreeze's Marshall Free (108), Mike McKernan (158), Johnny Butts (170) and Rod Williams (UNL) topped the Patriots and the Greyhounds with one more individual champ as the big three grabbed

5 Star Wrestling

10-of-13 titles.
Lake Howell's Joe Dutko (118) and Dan Rae (223) along with Mainland's Brian Huff completed the honor roll.
Here's a tug and roll breakdown of each class:

101

JACK LIKENS
Brantley's Likens assumed a 3-2 edge after Mainland's James Williams opened the scoring with a takedown. Likens had his man close to being pinned at :40 of the first period, but Williams used a beautiful back bridge to escape the fall and reverse Likens for a 4-3 edge.

In period two, Likens built the bulge to 9-4 with a reversal, takedown and back points before showing Williams the ceiling at 3:34.

108

MARSHALL FREE
No contest. Mainland's Calvin Jackson scored first for a 1-0 lead, but Free reeled off a reversal, takedown, back points, takedown and back points en route to a pin at 2:34.

115

JOE DUTKO

Wrestling in the toughest weight class in the tournament, Howell's Dutko and the Pats' Jamie Offenberger went at it tooth-and-nail for two periods with the only point to Dutko on a stall call.

Offenberger tried to flip over out of a Dutko hold in the third period and it cost him. The Silver Hawk senior added three back points, then pinned Brantley's fine sophomore at 5:38 with a half-Nelson.

122

JEFF HORN

Defending champion Horn had all he could handle with Lyman's talented junior Joey Lockwood, who jumped to a 2-0 lead before Horn, using his legs effectively, reversed Lockwood and then added back points for a 4-3 edge.

Horn was whistled for a penalty point near the end of the period which drew Lockwood within, 4-3, but the mat-smart senior became angered at the call and went all out.

He reversed Lockwood at 1:15 of the final two minutes and 15 seconds later added back points for a 5-3 bulge. A stall call gave Lockwood his final point as Horn claimed an 8-4 decision. These two go at it again Wednesday when Lyman hosts the Patriots.

129

BRIAN HUFF

Seminole's Vince Clark grabbed a quick 3-0 edge on a takedown, but could do little thereafter with Mainland's Huff. The veteran senior escaped to cut the margin, then seized a 3-1 lead with a takedown in the last 10 seconds.

In the second period he added back points for a 5-2 decision over Sanford's

promising junior.

135

RICHARD FARMER

Brantley's Farmer, a defending champion and a good bet in the upcoming state tournament, destroyed Apopka's Eddie Hamblett, 17-2.

Called the "Takedown Artist" by Carpenger, Farmer used his patented ankle pick to build a 7-0 bulge after one period. He built it to 12-0 and finally, 15-0, before Hamblett scored the first points against Farmer in the tournament on an escape.

141

CORY STANLEY

Lyman's rugged senior built a quick 6-0 lead over Lake Howell's Bill Brucato with two takedowns and a reversal early in the second period.

Brucato rallied with an escape, a stalling point and another escape with 45 seconds left, but Stanley picked up a stalling point for a convincing 7-3 victory.

158

MIKE MCKERNAN

Seminole's other hopeful — Mike Thorman — didn't get too far with the Sand Crabs' tough Irishman. McKernan took Thorman down at the outset and stuck him to the mat in just 34 seconds.

170

JOHNNY BUTTS

Seabreeze's Butts picked up a rib dinner for his third-period pin of Lyman junior Dirk Smith. Butts moved ahead 2-0 on a takedown, but Smith escaped. Another takedown made it 4-1 after two minutes.

Butts piled it on in period two with an escape and two takedowns. Smith rallied within, 9-4, but Butts had another takedown before pinning the well-built Greyhound at 4:40.

188

WILLIE PERKINS

Here's another Lyman-Silver Hawk matchup which highlighted the night's activities (see Schuster vs. Knoblauch, same page). Perkins, a solid senior, took immediate control with a takedown, takedown and back points for a 6-1 first-period edge.

Howell's Vic Dunlap stormed back with a reversal in the second period, but Perkins escaped and added a takedown for a 9-3 edge. Dunlap added a reversal before Perkins went wild in the last period, running off eight straight points for a 17-5 decision.

223

DAN RAE

If an award was given for the most outstanding wrestler, it would be tough to bypass Lake Howell's rugged junior Dan Rae.

Just a first-year wrestler, Rae locked horns with another "rookie" and outstanding footballer, Brantley's Kyle

Herald Photo by Tom Vincent

Lyman's Joey Lockwood (on top) didn't have much trouble with his first round opponent Steve Stange of Seabreeze Friday, but he didn't know that smiling young man. Jeff Horn, was looking

over his shoulder. Lockwood pinned Stange, but Horn whipped the Lyman junior, 8-4, for the 122-pound championship at Lake Brantley. It was Horn's second straight title at 122.

Davis in a dream match of beef against quickness.

Davis, using his weight advantage (25 pounds) and superior upper body strength, took a 2-0 lead on a takedown. Rae escaped, but so did Davis for a 3-1 match.

Rae tied it with a takedown, but Davis rolled him over with 10 ticks left for a 5-3 lead after two minutes.

In the second period, Rae picked up a

point when Davis locked his arms. Down 5-4, Rae quickly turned the Patriot linebacker over and pinned him.

In the two-day tournament, Rae whipped previously-undefeated Sand Crab Alsa Toumainen, 11-6, pinned Apopka's Gary Gallant in a scant 21 seconds and disposed of Davis at 2:50.

All, remarkably, in his first year of competition.

UNL

ROD WILLIAMS

Lyman's Jeff Brannen jumped to a 1-0 lead over Seabreeze's fourth champion, but couldn't hold on as Williams grabbed a takedown with just five seconds left in the first period for a 2-1 edge.

The burly Greyhound tied the match on a stalling call in period two, but Williams came on strong in the final two minutes with a reversal and back points for a 7-2 victory.

148- Schuster Vs. Knoblauch

Kramer vs. Kramer may have brought several academy award nominations, but the brilliant divorce story would have paled in comparison to the spectacle put on by Schuster vs. Knoblauch Saturday night in the finals of the 148-pound division.

The match had everything. A surprising lead, suspense, strategy, an exciting comeback and great lines by each actor (Lyman's Curt Schuster and Lake Howell's Paul Knoblauch).

Knoblauch, a transfer from Pennsylvania, broke quickly with a takedown before Schuster reversed him and used a takedown of his own for a 4-3 edge. Knoblauch, though, promptly reversed the gangly Greyhound and had him on his back with 10 seconds to go.

"Yeah, I was worried," said Schuster about the near fall. "But I knew there wasn't too much time left and I could fight it off."

The back points gave Knoblauch an 8-4 edge and forced Schuster to use his "give one, take two" strategy. "I knew I was better off on my feet," said the 'Hound who is an excellent takedown artist. "So I gave up the escape to get two for a takedown."

The 2-for-1 plan paid off as Schuster crept within 9-8, but then the sturdy Silver Hawk added a reversal to a "glimmer" escape with 30 seconds left in the second period to put Schuster in trouble, 12-9.

Schuster, sticking doggedly to his plan, gave up one at the outset of the final two minutes.

With the tally at 13-9, both grapplers locked up when suddenly Schuster incredibly picked Knoblauch three feet off the mat and tumbled down on top of him.

The subsequent takedown and back points tied the match at 13-13 and the following pin at 4:15 gave Schuster a hard-earned victory over the tough-tack Silver Hawk.

"I thought I could get him in the air, but I didn't know I could pin him," said Schuster.

Knoblauch was also thinking about air, the kind that surrounds heavenly bodies. "People go to church for years and don't get a miracle like that," Knoblauch snorted. "I can't believe it."

— SAM COOK

McCray Hurts Knee

FJC Cools SCC

By BRENT EMARTT
Herald Sports Writer

Seminole Community College's tough 80-87 setback to Florida Junior College Saturday night was enough to make coach Joe Sterling stand up and shout.

Which he did he was whistled for back-to-back technical fouls and would have probably received several more had he not been restrained by his assistant coaches.

Despite the outburst and free throws, the Raiders still clung to a 54-53 halftime advantage in this battle between Mid-Florida Conference powers.

While Sterling was losing his temper, Sanford all-star Bruce McCray was losing a battle with a "locked knee." Seminole held a 19-13 advantage at 14:38 of the first period when McCray went down on a drive to the hoop.

The 6-4½ forward clutched his knee in agony. "Bad Bruce" had been off to a fast start with 18 points, but the injury popped up twice more during the game and limited his playing time severely.

Without McCray, "Mr. Clutch," SCC's Lonnie Jones picked up the scoring lead, dropping in nine field goals and 8-of-7 free throws for 23 points.

Jones, and backup center Mike Smith who filled in for a foul-plagued Reggie Butler, led a Raider surge which propelled SCC into a 60-60 bulge with 13:51 to play.

FJC came storming back, though, on the hot shooting of forward Rufus Jenkins to pull even at 71 all. Both teams exchanged buckets until it was knotted again at 83 all with 2:33 remaining.

The Stars finally broke the ice when Mark Thomas rebounded a missed free throw and laid it in for a three point edge, 86-83.

This forced the Raiders to play catch-up, but two turnovers gave the ball back to FJC before guards Jones Woods and Sam Walker exchanged talkies for an 88-

15 Basketball

86 game with just 11 seconds left.

Forced to foul, Seminole sent the Stars' David Smith to the foul line. Smith a 6-4 forward from Green Cove Springs, calmly provided the margin of victory as a layup by Woods was of little value.

Both coaches were disturbed with the officiating.

"Yes, the officials were inconsistent," said FJC's Lyndie McCrory. "But I don't think it caused any breaks either way. We knew we had to beat their press and force them into turnovers, and I think we did."

"Gentleman Joe" wasn't so kind. "The officiating was terrible," grumbled Sterling.

The Raiders, 13-3 and losers of two straight, head to the road for three games. SCC battles St. Johns on Wednesday.

All Systems Go For Golden Gloves

Golden Gloves

All systems are go for Friday and Saturday's Golden Gloves card at the Sanford Civic Center beginning at 8 p.m. each night.

A threat of a proposed boycott of Golden Gloves tournaments by the American Boxing Federation Florida Association was canceled Sunday in Tampa when not enough members showed up for a quorum. Only nine of 20 districts were represented, less than majority, according to Kent Foyer.

ABF's Florida Association state chairman Mark Biero spearheaded a drive to boycott the tournaments because Pennsylvania Golden Gloves director Frank Cariello had bilked Orlando advertisers out of \$8,000 in advertising for a proposed series of bouts last July 17 which never came off.

"Biero just wanted to make the Golden Gloves look bad because one of his buddies (Floyd Self, former Golden Gloves coordinator) was fired," said Central Florida Golden Gloves director Foyer. "You don't condemn 55 years of a good organization because of one bad apple (Cariello)."

"The Sanford show is ready to go. We'll give the fans some great fights." Stan Gallup, executive director of the national Golden Gloves association, confirmed what Foyer felt.

"We had a bad apple, but Golden Gloves isn't on trial here," said Gallup. "The problem Frank Cariello has created for you in Orlando has become a personal vendetta which has split your organization."

Gallup said he would deal with Cariello and would try to get a list of the bilked advertisers, but the "Golden Gloves will not put \$8,000 back into Orlando."

"If we have to," continued Gallup. "We will publish the ads ourselves and send them to Kent Foyer as a special program insert for his upcoming

(district and regional) tournaments."

Here's a breakdown of the district set for Sanford.

Tournament winners will be seeded at the regional championships in Orlando at the American Legion Coliseum, I-4 and Lake Ivanhoe Drive, on February 4 and 5, 1982. All contestants entering in the Sanford Tournament will be eligible to participate in Orlando.

Regional Tournament winners will be seeded at the Florida State Championships in Tampa at the Curtis Hixon Hall in early March, 1982. All participants (winners or losers) must enter the Orlando Tournament in order to be eligible to fight in Tampa. Open Class winners in Tampa will represent Florida at the Nationals in Kansas City, Missouri (late March).

There will be four divisions:
Open — 16 years or older — 10 or more bouts (up to age 35).
Novice — 16 years or older — less than 10 bouts (up to age 35).

High School — 16 and 17 years old — less than 5 bouts. Must be high school student.

Junior Open — 14 to 15 years old — 10 or more bouts.

Weight classes: Eleven weight classifications in each division, from flyweight (106 lbs.) to heavyweight. There are 8 pound weight differentials.

Weigh-In: Sanford Civic Center, January 22, at 8:00 p.m. Physical exams will be given at that time by licensed physician.

Tickets are available from Jack Horner at the Greater Sanford Chamber of Commerce and at Cook's Corner on U.S. 17-92. Ringside costs \$8 and general admission, \$3. If purchased in advance you save a dollar.

Sorry Second Half Sours Seminole, 67-47

By GEOFFREY GIORDANO
Herald Sports Writer

The Boone Braves trampled the Sanford Seminoles, 67-47, Saturday night backed by 15 points by Andy Hungerford, a great second half performance, and 23 free throws.

That's right. Twenty three free throws out of a possible 42. Those figures are indicative of just how much foul trouble the Tribe had — 28 personals. It was surprising that only Richard Grey and Vernon Law fouled out for the Seminoles, as freshman William Mitchell had four fouls midway through the third period and numerous others had two or three behind them.

Hungerford broke the ice when he hit a basket with 7:04 to play in the first period, and, after two minutes of solid defensive efforts by both teams, Lennie Grace added another two for Boone to give them a 4-0 lead in the middle of the first.

The Tribe appeared to have had enough of the tight defensive game, and Mitchell tossed in a basket with 4:32 left in the first quarter. Two missed charity shots by Boone's Craig Mateer enabled Seminole Calvin "Kiki" Bryant to tie the score at four.

With less than three minutes left in the first, the game tempo picked up considerably, and Seminole began to take advantage of it, working their way to a 12-9 lead. Boone closed to 12-11 on a shot by Bob Schneckenberg before the earliest form of the Tribe's foul problems set in. Two fouls ended up in four more points for the Braves.

Bryant put Seminole one point away with his two-point, 15-14, and one of Seminole's three turns at the lead had been erased.

Anthony Shorter, who was a big second half factor for Boone, nailed down a basket early in the second period for a 17-14 lead. A foul by Seminole's Dwayne Hunter during the shot gave Shorter his first of 11 charity attempts, and one of his six successes alone with an 18-14 Boone advantage.

Seminole once again clawed their way back, to a 20-20 tie, when, with 4:34 left before the half, a see-saw battle ensued. The Tribe at one time had a 28-25 lead, after they connected on six foul shots, with Mitchell, Law, and Stuart Smith each getting two. But, in the final minutes, Darryl Shorter hit his only basket of the night, and Pat Lewis made one of two free throw tries to tie the game for Boone, 28-28 at the half.

More defense opened the third period, but Mitchell put Seminole in front for the last time with a basket with 6:06 left. Grace shot back for the Braves, putting them on top again with two quick hoops from the field.

Mitchell tied the game again, 32-32, but Hungerford negated the basket when he

Prep Basketball

hit the shot that put Boone in front to stay.

Schneckenberg added two more for a 36-32 lead for the Braves. After another by Hungerford, Law and Smith closed the gap for the Tribe, 38-36. Than, A. Shorter hit the shot that put Boone in front to stay. After that shot, the Tribe's play fell apart and they couldn't muster much offense, until a short, late fourth quarter comeback.

After Hungerford made a shot that gave Boone a 44-36 lead, Grey was called on a foul, giving A. Shorter two charity throws. He missed the first one, and after he released the ball on his second shot, which was also missed, the Tribe's Chris Detreville entered the court. The result was a technical foul for six men on the court. Mateer put the extra shot in for a 45-36 lead.

By the end of the third period, Seminole trailed 48-38, and were fading fast.

Early in the fourth, the score now up to 51-40, Grey received his final foul, and within seconds, Law was also gone. Soon after, Boone began to put the power to the Tribe, and pulled off some snappy pass plays, as well as picking off quite a few Seminole passes.

Meanwhile, the Seminoles were starting a "mini-surge" picking up their last seven points. The final score of the game for Boone came when D. Shorter delivered a spectacular assist to Keith Dunmore, who promptly put the last Boone points on the board — Detreville finished the Tribe's scoring with twenty one seconds left.

Seminole's varsity squad faces Daytona Seabreeze Tuesday at Seminole.

The JV team of Seminole did a little better, pulling off a hard-earned victory over Boone's tenth graders, 60-54. Seminole's long shooting guard Steve Alexander was hot as ever, as he pulled off 16 points to lead the Seminole scorers.

This game started with Boone out on top first, 2-0, but the teams went back and forth until Seminole had taken an 18-16 lead at the end of the quarter, which it extended to 32-28 by halftime. Boone seemed to be shooting better from the inside, while Seminole used long outside jumpers by Alexander and Bruce Franklin.

"We allowed a couple of drives there. We're teaching a new defense, man to man; we're trying to stick a man, etc. We're coming around better," explained Tribe coach Tom Smith.

Seminole picked up in the second half, leading Boone 44-38 going into the fourth period. Both teams scored 16 points in the fourth. Seminole's William Brooks, who fouled out later in the game, nailed down ten points, and teammates Franklin and Ike Walker each hit eight.

In addition, Smith said, "Brooks, (Tom) Stiffey, (Tracy) Hollomon, and (James) Gilchrist did a good job on the boards. Franklin, Alexander, and (Steve) Grey got the ball inside. They (Boone) tried an early press, but we broke it."

In other county basketball action Saturday night, the Oviedo Lions downed the Lake Brantley Patriots, 67-62, but it took some strong second half playing to accomplish that.

This was also a game full of fouls, as Oviedo was caught 25 times, and Lake Brantley, 24. The Patriots, however, had a better free throw night, hitting 22-of-30.

Lake Brantley jumped out to a 21-12 first period lead, but Oviedo closed to 36-28 by halftime.

In the second half, particularly the third period, the Lions rushed back, tossing in 21 points, while holding the Pats down to only nine. Oviedo's Ron Murphy had the hot hand, as he dumped in a game leading 22 points, 18 of which came in the second half. In addition, he played the last two periods with four fouls, while three of Lake Brantley's starters were in foul trouble. Pats' Todd Boss and Robert Lynch finally fouled out, and three other Lake Brantley teammates ended up with four infractions.

After Oviedo took the lead, 49-45, going into the fourth quarter, they scored 17 more points, while Lake Brantley got 17. Patriot Bill Powers had a total of 19 points, while partner Tim Heath finished with 17. Both contributed to the great charity shooting of Lake Brantley, as Heath hit 9-of-12, and Powers, 5-of-6.

"We were pressing early," stated Patriot coach Bob Peterson. "But we only had three offensive rebounds, and they pretty heavily outbounded us. They came out really strong in the second half, and at the end we got a little cold."

SPORTS IN BRIEF

Lakeview Sweeps 3 Foes; Williams Wins Hoop Shoot

Lakeview's Raymond Hartfield and Robert Hill threw in 10 points each Saturday to lead the eighth grade Mustangs to a 63-37 romp over the Teague Tigers in SVSA basketball.

The Mustangs raced to a 31-19 edge at halftime and never looked back.

Guard Daryl Williams, who won the Elks Hoop shoot by connecting on 23-25 free throws in Cocoa Saturday, returned in time to score eight points as did Sean Fulce.

Williams, whose artistry gave him the district title Saturday, will compete in the state title this Saturday at St. Petersburg.

In another SVSA game, Catherine Anderson popped in 16 points and Temika Alexander scored 14 as the Lakeview eighth grade girls ripped Tusawilla, 50-22.

The Lakeview seventh grade boys gave the Mustangs a sweep for Saturday as Oscar Merthie, Sam Hill and Terry "The Cat" Miller combined for 25 points as they whipped Milwee, 44-19.

Perry, McCoy's Clinch Crown

McCoy's Cleaners clinched the first half championship in the Sanford Junior Boys Basketball League Thursday with an 84-39 win over Joe's Variety in a makeup game.

Perez Perry scored 37 points for McCoy's to boost his league-leading scoring average to 29.3 points per game. Reggie Bellamy scored 26 points for the winners and Mike Burke added 10.

Sian Price scored 14 points for Joe's, while teammate Willie McCloud scored 12.

In the Sanford Biddy Basketball League, the Hawks opened their second half campaign with a 16-7 win over the Celtics.

The Hawks out-scored the Celtics 4-0 in the first period and 6-1 in the second period to take a nine-point lead into the halftime break.

Mayfair Ladies Resume Play

The Mayfair ladies resumed their weekly competition recently on the renovated Mayfair Country Club with a field day of groves and puts.

Here's a look at the results: Gross — Horne 86, Eissele 88, Williams 88, Net — de Ganah 67, Anderson 68, Guth 68. Putts — Pank 31, Moore 32, Smith 32.

In And Around Winter Springs

Parent Education Group Set

Sterling Park Elementary School will hold a Parent Education Group beginning Wednesday, from 7-9 p.m. and every Wednesday for the next five weeks.

The topics include development, dealing with children's feelings, encouragement and cooperation, alternatives to punishment and fostering independence.

The course is open to the public. There is no fee. For information call Marie Cashion, School Outreach Counselor from the Seminole County Mental Health Center, (31-3411), ext. 38.

The Jackson Heights Ecology Club sponsored a dance after school on Jan. 14.

Mrs. Pat Feverson, teacher of the IDEA (gifted) class, took her students on a field trip to UCF where they toured the computer department.

Cora Jensen, guidance counselor, reminds parents of the student holiday-teacher workshop on Jan. 20.

Ms. Jensen also said that Carl Dickey will soon be a full time guidance counselor. A new teacher is due at Jackson Heights to teach geography and English.

The Winter Springs Fire Department is offering CPR courses to its residents. Gordon Spencer, EMS Director, said CPR is an 8-hour course which can be given in either two nights, four hours each night, or all day on Saturday. Classes of eight to ten persons are needed. Upon completion of the course the students will receive a certification card.

With heart attacks so prevalent, it might be a good course for all. Clubs, homeowner organizations or interested parties can call Spencer at 327-2323.

Dee Gatrell

Winter Springs Correspondent
327-4378

Dr. Steve Jordan, child psychologist from Winter Park, was guest speaker at Seminole County ACLD on Jan. 11. He spoke on understanding the learning disabled child's problems and gave suggestions on how to help the child at home. The next meeting will be on Feb. 15. Dr. Brent Weinman will be guest speaker.

Boy Scout Pack 196 will be having its annual Pinewood Derby on Jan. 30, at the playground of Winter Springs Elementary.

There will be 38 boys competing in the race. The boys have kits to put together and they can then design their wooden cars anyway they wish.

The prizes will be for first, second and third place winners, with one prize going to the most original design.

The winners will then go on to compete in the Seminole District Race on Feb. 27.

Brownie Troop 907 has begun its father-daughter project which will include making a gift for their fathers and then deciding on what they will cook or bake for them.

On Feb. 2, the fathers of the girls will be designated to pick up their daughters from their meeting, at which time they will be given their gift and food.

The girls have been measured for their kimonos they will be wearing to International Night on March 13. Mrs. Pat Briggs has volunteered to make the kimonos. The troop has chosen China as the country they will represent.

During the next few weeks the girls will be busy making oriental table decorations, posters and a Chinese flag. Troop 907 will be the hostess troop for International Night. Meta and Jim Porter will be unit coordinators for the Merigold Unit.

The Sugar Tree Station Homeowners Association will meet today at 7:30 p.m. in the home of Mr. and Mrs. Mike DePasquale, 618 Alton Road.

Saturday is the date set for a progressive dinner for the Sugar Creek Homeowners Association. The dinner will begin at 7 p.m. with hors d'oeuvres at the home of Mr. and Mrs. Doug Everson. The salads will be served at Mr. and Mrs. Paul Cheeseman's home, main course at Mr. and Mrs. Jim Bostwick, and dessert at Mr. and Mrs. Ron Baker's home.

The association will provide refreshments. If any members have any questions concerning the dinner they should contact Margo Marten, 204 Inkwood Court.

Several new members have joined the association recently, which brings the membership to 37 members. They are Craig and Debbie John, Phil and Jan Mings, Bradley and Brenda Robinson, Ray and Chau Hardesty and Jim and Sharon Miller.

Maronda Homes has donated a Sugar Creek sign to the association which has been moved to the corner of Sunset, Edgemon and Murphy Roads.

Maryanne Cheeseman, president of the association, said this was accomplished through the work of the community improvement committee.

NOTICE OF PUBLIC HEARING
THE BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY will hold a public hearing in Room 200 of the Seminole County Courthouse, Sanford, Florida, on February 9 at 7:00 P.M. or as soon thereafter as possible, to consider a specific land use amendment to the Seminole County Comprehensive Plan and REZONING OF THE described property.
AN ORDINANCE AMENDING ORDINANCE 7723 WHICH AMENDS THE DETAILED LAND USE ELEMENT OF THE SEMINOLE COUNTY COMPREHENSIVE PLAN FROM LOW DENSITY RESIDENTIAL TO MED. DENSITY RESIDENTIAL FOR THE PURPOSE OF REZONING FROM A1 AGRICULTURE TO R3A MULTI-FAMILY DIST. THE FOLLOWING DESCRIBED PROPERTY:
The North 1/2 (less the Southwest 208 ft. by 300 ft. of the West 1/2 of the North 1/2 of the West 1/2 of Section 36-21-30, Seminole County, Florida. (Further described as three acres more or less, on Tusawilla Road, 1/2 mile North of SR 426 (Alma Ave.) on the East side of the Road.) (DIST. No. 1)
APPLICATION HAS BEEN SUBMITTED BY JAMES L. CONSIDER (P22138214)
Further, the PLANNING AND ZONING COMMISSION OF SEMINOLE COUNTY will hold a public hearing in Room 200 of the Seminole County Courthouse, Sanford, Florida, on FEB. 9, 1982 AT 7:00 P.M. or as soon thereafter as possible, to review, hear comments and make recommendations to the Board of County Commissioners on the above captioned ordinance and rezoning.
Additional information may be obtained by contacting the Land Management Manager at 323 4330, Ext. 180.
Persons are advised that if they decide to appeal any decision made at these meetings, they will need a record of the proceedings, and, for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

Holidays Spoiled By TV Sports

DEAR ABBY: What can be done about TV-addicted husbands? My sister and her family made a 600-mile trip to be with us for Thanksgiving. Her husband doesn't care much for sports, and I think it was extremely rude of my husband to spend Thursday through Sunday glued to the TV while his brother-in-law looked for something to read. We teach our children to put

Dear Abby

the wishes of their guests before their own, but what's to be done about a husband who violates that basic rule of

good manners? It's embarrassing for me and sets a poor example for our children.
TV reigns as a "god" in many homes. One friend told me, "I knew my husband would spend the whole day in front of the TV, so I served Thanksgiving dinner at halftime!"
Another friend said she invited two lonely strangers

for Thanksgiving, and her husband kept the football game on during the meal and peered around the guests so as not to miss a play.
Sure, we tell our husbands how we feel, but they don't believe in compromising.
I know it's nothing to divorce a man over, but it sure does spoil the holidays. Any suggestions?
FED UP WITH FOOTBALL

DEAR FED UP: You have several choices: You can yell, scream, threaten, berate and criticize your TV-addicted husband in an effort to get him to sacrifice watching his beloved game in favor of being a good host. Or you can make a trade-off and agree to do something for him if he does something for you.
You can also refrain from inviting guests for Thanksgiving if you don't want to entertain them alone. Do whatever works best at your house.

DEAR ABBY: I feel wonderful this morning! This is the first Christmas that I actually felt that my gifts were really appreciated.
Do you know what I did? Instead of giving gifts to ungrateful relatives and fair-weather friends, I took the \$300 I had set aside for Christmas gifts, went to a discount liquor store and bought 150 bottles of wine. I tied a red ribbon around each bottle, drove down to skid row and passed out my gifts to the bums.
Abby, you wouldn't believe the thanks I got! Every one who got a bottle shook my hand, wished me a merry Christmas, and asked God to bless me! You could tell it was straight from the heart.
Most people would condemn me for this, but, Abby, many organizations hand out food baskets, toys and gifts to the orphans and poor people at Christmastime, but nobody thinks about the homeless, down-and-out drifters on skid row. They are the forgotten men nobody cares about.
Now I know what the joy of giving means.

DEAR DON: Far be it from me to judge anyone for his brand of generosity. But since your motive in giving this year was to be "thanked and blessed," you certainly found a way to get your money's worth.

DEAR ABBY: My husband and I received a Christmas card with the following message: "Seasons Greetings from Mr. and Mrs. John Q. Smith and Richard."
Abby, Richard is their 33-year-old, unmarried son who lives at home. He is mentally competent and gainfully employed. My husband says that as an adult, Richard should send his own Christmas card instead of taking a free ride with Mom and Dad. I say, as long as they all live in the same house, it's perfectly proper. What do you say?

TRIANGLEDALE SUBDIVISION
PB 4, PAGE 21, RUN NORTHERLY
ALONG THE EAST BOUNDARY OF
SAID LOT 7 TO THE CORNER OF
LOT 7, RUN NORTHERLY ALONG
THE BOUNDARY OF LOT 7 A DIS-
TANCE OF 250 FEET, RUN SLY
325.5 FEET TO A POINT ON
WILDMERE AVENUE ON THE S
BOUNDARY OF LOT 7, SAID
POINT BEING 330 FEET W OF
SAID INTERSECTION, MEASURED
ALONG THE S BOUNDARY OF
LOT 7 A DISTANCE OF 250 FEET
TO POINT OF BEGINNING,
REDEFINING THE CORPORATE
LIMITS OF THE CITY OF
LONGWOOD, FLORIDA, TO
INCLUDE SAID LAND WITHIN
THE MUNICIPAL LIMITS OF
THE CITY; AUTHORIZING
AMENDMENT TO CITY MAP TO
INCLUDE SAID LAND AND
PRIVILEGES OF CITIZENSHIP
IN THE CITY; SEVERABILITY
AND EFFECTIVE DATE.

Said Ordinance was placed on
first reading on December 14, 1981,
and the City Commission will
consider same for final passage
and adoption after the public
hearing, which will be held in the
City Hall, 175 West Warren Ave.,
Longwood, Florida, on Monday,
the 25th day of January, A.D. 1982,
at 7:30 p.m., or as soon thereafter
as possible. At the meeting in-
terested parties may appear and
be heard with respect to the
proposed Ordinance. This hearing
may be continued from time to
time until final action is taken by
the City Commission.

A copy of the proposed Or-
dinance is posted at the City Hall,
Longwood, Florida, and copies are
on file with the Clerk of the City
and same may be inspected by the
public.

A taped record of this meeting is
made by the City for its con-
venience. This record may not
constitute an adequate record for
purposes of appeal from a decision
made by the Commission with
respect to the foregoing matter.
Any person wishing to ensure that
an adequate record of the
proceedings is maintained for
appellate purposes is advised to
make the necessary arrangements
at his or her own expense.

Date this 15th day of December,
A.D. 1981.

ORDINANCE NO. 543
AN ORDINANCE OF THE CITY
OF LONGWOOD, FLORIDA, AN-
NEXING TO AND INCLUDING
WITHIN THE CORPORATE
AREA OF THE CITY OF LONG-
WOOD, FLORIDA, AN AREA OF
LAND SITUATE AND BEING IN
SEMINOLE COUNTY, AND MORE
PARTICULARLY DESCRIBED AS
FOLLOWS: (See Legal Description
Below). REDE-
FINING THE CORPORATE
LIMITS OF THE CITY OF
LONGWOOD, FLORIDA, TO
INCLUDE SAID LAND WITHIN
THE MUNICIPAL LIMITS OF
THE CITY; AUTHORIZING
AMENDMENT TO CITY MAP TO
INCLUDE SAID LAND AND
PRIVILEGES OF CITIZENSHIP
IN THE CITY; SEVERABILITY
AND EFFECTIVE DATE.

WHEREAS, there has been filed
with the City Clerk of the City of
Longwood, Florida, a Petition
containing the names of property
owners in the area of Seminole
County, Florida, described as
follows:
Begin at the Southernmost
corner of LOT 7 TRIANGLEDALE
SUB PB & PG 21, run North-
erly along the east boundary of said Lot
7 to the NE cor. of Lot 7, run Wly
along the North boundary of Lot 7
a distance of 250 ft., run Sly 325.5 ft.
to a point on Wildmere Ave. on the
boundary of Lot 7, said point
being 330 feet W of said southernmost
cor. as measured along the S
boundary of Lot 7, run SE along the
S boundary of Lot 7 a distance
of 250 feet to point of beginning.

WHEREAS, said Petition was
duly certified to the Seminole
County Property Appraiser
pursuant to the Charter of the City
of Longwood, Florida, Chapter 48,
Laws of Florida, 1949, and
Chapter 75 297, Laws of Florida,
1975, and the certification of the
Seminole County Property Appraiser
insofar as to the sufficiency of
said Petition pursuant to the
terms of said Charter received; and

WHEREAS, the City Com-
mission of the City of Longwood,
Florida, has deemed it to be in the
best interest of the City of Longwood
to accept said Petition and to annex
said area.

NOW, THEREFORE, BE IT
ORDAINED BY THE CITY
COMMISSION OF THE CITY OF
LONGWOOD, FLORIDA, AS
FOLLOWS:

SECTION 1: That the following
described property to wit: Begin
at the Southernmost corner of
LOT 7 TRIANGLEDALE SUB PB &
PG 21, run Northerly along the east
boundary of said Lot 7 to the NE
cor. of Lot 7, run Wly along the
North boundary of Lot 7 a distance
of 250 feet, run Sly 325.5 feet to a
point on Wildmere Avenue on the S
boundary of Lot 7, said point being
330 feet W of said southernmost
cor. as measured along the S bound-
ary of Lot 7, run SE along the S
boundary of Lot 7 a distance of 250
feet to point of beginning.

SECTION 2: That the Corporate
limits of the City of Longwood,
Florida, be and the same are
hereby redefined so as to include
said land herein described and
annexed.

SECTION 3: That the City Clerk
is hereby authorized to amend,
alter and supplement the official
city map of Longwood, Florida, to
include the annexation contained
in Section 1 hereof.

SECTION 4: That upon this
ordinance becoming effective, the
resident and property owners in
the above described annexed area
shall be entitled to all of the rights
and privileges and immunities as
are, from time to time, determined
by the governing authority of the
City of Longwood, Florida, and
the provisions of said Charter of the
City of Longwood, Florida,
Chapter 48 1248, Laws of Florida,
1949, and Chapter 75 297, Laws of
Florida, 1975.

SECTION 5: If any section or
portion of a section of this or-
dinance proves to be invalid,
unlawful or unconstitutional, it
shall not be held to invalidate or
impair the validity, force or effect
of any other section or part of this
ordinance.

SECTION 6: All ordinances or
parts of ordinances in conflict
herewith be and the same are
hereby repealed.

SECTION 7: This ordinance
shall take effect pursuant to the
provisions of Florida Statute
§171.044.

Legal Notice

IN THE CIRCUIT COURT OF
THE SECOND JUDICIAL CIR-
CUIT OF FLORIDA, IN AND FOR
LEON COUNTY, FLORIDA
CIVIL ACTION NO. 81-3021
DIVISION OF BOND FINANCE OF
THE DEPARTMENT OF
GENERAL SERVICES OF THE
STATE OF FLORIDA, a public
body corporate, Plaintiff,

vs.
STATE OF FLORIDA, and the
several Taxpayers, Property
Owners and Citizens thereof, in-
cluding Non-residents owning
property or subject to taxation
therein, and All Others having or
claiming any right, title or interest
in property to be affected by the
issuance of the Bonds described in
the Complaint, and All Others to be
affected in any way thereby, De-
fendants.

IN RE \$150,000,000 FLORIDA
HOUSING FINANCE AGENCY,
LOANS TO LENDERS MULTI-
FAMILY HOUSING REVENUE
BONDS.

NOTICE TO STATE OF
FLORIDA, AND THE SEVERAL
TAXPAYERS, PROPERTY
OWNERS AND CITIZENS
THEREOF, INCLUDING NON-
RESIDENTS OWNING PRO-
PERTY OR SUBJECT TO TAX-
ATION THEREIN AND ALL
OTHERS HAVING OR CLAIMING
ANY RIGHT, TITLE OR IN-
TEREST IN PROPERTY TO BE
AFFECTED BY THE ISSUANCE
OF THE BONDS DESCRIBED
HEREIN, AND ALL OTHERS TO
BE AFFECTED IN ANY WAY
THEREBY:

You, and each of you, and the
State of Florida, through the State
Attorneys for the First, Second,
Third, Fourth, Fifth, Sixth,
Seventh, Eighth, Ninth, Tenth,
Eleventh, Twelfth, Thirteenth,
Fourteenth, Fifteenth, Sixteenth,
Seventeenth, Eighteenth,
Nineteenth, and Twentieth
Judicial Circuits of Florida, are
hereby required to appear before
this Court in the Chambers of the
undersigned Circuit Judge at the
Leon County Courthouse in
Tallahassee, Florida, on the 28th
day of January, 1982, at 3:00
p.m., and show cause, if
any you have, why the prayer of
the Complaint filed in the above-
stylized cause should not be granted
and the Bonds and proceedings
validated and confirmed as therein
prayed. The Bonds to be issued by
the Plaintiff are described as
follows:

\$150,000,000 FLORIDA
HOUSING FINANCE AGENCY,
LOANS TO LENDERS MULTI-
FAMILY HOUSING REVENUE
BONDS (the "Bonds") to make
loans to lending institutions to
enable them to finance the con-
struction of new multi-family
rental housing projects in each of
the sixty-seven counties in the
State of Florida for persons and
families of low incomes as more
fully described in the Resolution of
the Governor and Cabinet of
Florida (the "Resolution") as the
Governing Board of the Division
of Bond Finance of the State of
Florida Department of General
Services (the "Division") when it
said Resolution, dated November
3, 1981, annexed to the Complaint
as Plaintiff's Exhibit 2, authorizing
the issuance of the Bonds. The
Resolution provides that the
Bonds, in aggregate principal
amount of not to exceed One
Hundred Fifty Million Dollars
(\$150,000,000) for the purposes set
out in this Resolution, the Trust
Indenture, and the Loan
Agreement, shall bear interest at
such rate or rates, shall be dated,
shall be subject to redemption or
shall mature on such date or dates
and in such years and amounts,
and may be sold in series to be
designated alphabetically as
Series A through Series Z, shall
be provided by subsequent
resolution of the Division adopted
prior to the sale of the Bonds. The
Bonds are to be issued in coupon or
registered form without
coupons, shall be substantially in
the form provided in the Trust
Indenture, and shall be subject to
other terms and conditions as
provided in the Resolution and the
Trust Indenture. Said Trust In-
denture and the Resolution, and
the Resolution of the Division
adopted prior to the sale of the
Bonds shall be issued pursuant
to the provisions of the Florida
Housing Finance Act, (Chapter
486, Part VI, Florida

Blood Loss Often Can Go Unnoticed

DEAR DR. LAMB — Recently my husband had a check up at the hospital and had a hemoglobin of only five. They gave him four pints of blood. They examined his stomach, bowel and kidneys and diagnosed his condition as bleeding from internal hemorrhoids. I would like to know if it is possible to have a hemoglobin that low from bleeding hemorrhoids.

DEAR DR. LAMB — I am told we should drink eight to 10 glasses of water a day. Does that mean that much water in addition to other liquids we drink, such as milk and fruit juices, coffee, tea?

DEAR DR. LAMB — I favor drinking water but the hard and fast rule of eight glasses a day leaves a lot to be desired. A good guide is how much urine your kidneys form. If you are not drinking enough fluids your urine will be concentrated and you will not pass urine frequently or in large amounts. You might drink eight glasses of water a day and if you work hard and sweat a lot eight glasses may not be enough water to form sufficient urine. How much urine should you form? Probably at least a quart each day.

HOROSCOPE

By BERNICE BEDE OSOL

For Tuesday, January 19, 1982

January 19, 1982
Your possibilities for personal gains look promising for the months ahead. Funds could be funneled your way through two different channels.

CAPRICORN (Dec. 22-Jan. 19) In business matters today don't play your trump cards too early. Keep your ace in reserve so that they can be used at the critical moment.

LEO (July 23-Aug. 23) Sometimes it's not wise to let your heart rule your head, but today when dealing with those you're truly fond of let compassion override practicality.

VIRO (Aug. 23-Sept. 23) Today, implement changes which you feel would be beneficial to the family. You may be able to see ways to help them which they are not aware of.

LIBRA (Sept. 23-Oct. 23) Let the one you love know how you truly feel today. Your expressions of sincere devotion will do much to make this person's day a rousing success.

SCORPIO (Oct. 24-Nov. 23) Unusual conditions prevail today in matters which could contribute to your material security. These unique circumstances can be beneficial if handled properly.

SAGITTARIUS (Nov. 23-Dec. 21) Gracious comments will get you everywhere today, especially if they are deserved. Go out of your way to praise those who warrant it.

GEMINI (May 21-June 20) Two heads are better than one today in solving problems affecting your work or career. Listen carefully to suggestions of your associates.

CANCER (June 21-July 23) Constructive changes could be made today which will help others as well as yourself. You can serve as the catalyst to get everyone thinking along the same lines.

Predictions of what's in store for you in each season following your birth date and where your luck and opportunities lie are in your new Astro-Graph, Mail #1 for each Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.
