Fire continues to consume Florida

By Nick Pfeiffauf
HERALD STAFF WRITER
CENTRAL FLORIDA - Although no fires threatened Seminole County this morning, surrounding counties continue to battle many devastating blazes, with all of the 35,000

residents of Flagler County asked to evacuate as of 10 a.m. today. As of 6 a.m. this morning, there were 13 active fires under way in Volusia County, with approximately 150,000 acres of land involved. Generally, fires have closed schools, nursing homes, and

almost 100 miles of Interstate 95 and U.S. 1. The Pepsi 400 race at the Daytona International Speedway has been moved to Oct. 17.
Road opening
VOLUSIA COUNTY - SR 44, between the fairgrounds near Deland and SR 415 has been

opened to traffic this morning. The highway had been closed because of heavy smoke and fires which have now reportedly been controlled.
Drinking water
SANFORD - The Salvation Army in Seminole County is now accepting individual size

water and sports drinks for distribution to firefighters. The Salvation Army facility, 700 W. 24th Street in Sanford, will be open until 4 p.m. this afternoon.
Government actions
TALLAHASSEE - Emergency

management officials say there are now 4,500 firefighters and equipment from 38 states and the federal government involved in fighting the fires in Central Florida.

America's 222nd birthday party in Sanford

Above, the Sanford fireworks display last year is expected to be even better Saturday night. The Independence Day fireworks scheduled is expected to begin at dark, between 9 and 9:30 p.m. In order to make it

as safe as possible, the fireworks will be detonated offshore, out in Lake Monroe. Some of the best vantage points will be in the Fort Mellon Park area and at the marina. Officials are urging private citizens to re-

frain from bringing their own sparklers and fireworks to the event, which has been the case in the past. The ignition of any types of fireworks, by anyone other than

licensed pyrotechnicians, has been prohibited in Seminole County by the County Commission, and by the order of the governor on a statewide basis.

Deputies seek Fern Park bank robbers, may be repeat offenders

By David Frazier
HERALD STAFF WRITER

FERN PARK - Seminole County Sheriff's Office deputies are looking for two black males who are wanted for a total of 10 to 12 robberies between Seminole and Orange counties. The subjects held up the Gulf States Credit Union in Fern Park Thursday afternoon.

Dressed in a jacket with a hood and a facial wrap with sunglasses, the culprits fled in a beige, 1983 Cadillac. The car was stolen earlier in the day out of Altamonte Springs. The car was recovered later in the day in Eatonville. The car's engine was still running when authorities found it.

Lt. Jack Cash, police information officer with the Seminole County Sheriff's Office, said that the suspects have a tendency to brag about their scores. "We are hoping they will tell somebody, and then that person will call us."

IN BRIEF

More than fireworks

SANFORD - Registered Sanford voters may have more to do this Saturday evening in the Fort Mellon Park area than watch fireworks. They may have the opportunity to become involved in a petition drive which has already launched fireworks.

The "Society for the Preservation of Fort Mellon Park" plans to circulate among fireworks watchers seeking signatures on a petition supporting an ordinance that would declare the park as such in perpetuity. It would prevent the proposed development of a hotel and conference center project in a portion of the present park.

The society says it will set up a special booth as well as patrol the park. Members will be wearing "Save Our Park" signs.

AMVETS fund raiser

SANFORD - AMVET Post 17 in Sanford has announced a fund-raising event Saturday, July 4, from 1 p.m. until 6 p.m., coinciding with the July Fourth activities in Sanford.

Commander Fred Mobley said the feature of the day will be "Fred's Famous BBQ Ribs," plus barbecue chicken and salad. The food, beverages and disco will be available for a \$15 donation.

Grease is the word that you've heard

By Kelly Werner
HERALD STAFF WRITER

LAKE MARY - Danny gets the girl. But Rizzo steals the show. Tonight is the final night of Lake Mary's High School's production of the hit Broadway musical, sound track and big screen blockbuster Grease.

Even though it is summer, the Players of the Arts at the school are putting on the stage production for three days, with tonight being the third and final show.

Don't expect a reproduction of the movie, however, as Lake Mary's rendition is closer to the Broadway version. The show opens with Vince Fontaine, played by Johnathan "Stew" Stewart spinning records and talking in classic 50-esque coolness.

An acapella version of We Go Together, the Alma Mater and the title song follow, performed by the company, before the audience is introduced to good old Rydell High. The usual hijinx follow when the

Stay cool everyone, beat the dog days

Of all the grand celebrations in America on the 4th of July weekend, the coolest has to be the observance of Air Conditioning Appreciation Days in the Northern Hemisphere.

Today is...
RUSS WHITE

The period from July 3 to Aug. 15 is known as the Dog Days, supposedly from an evil time when the sea boiled, wine turned sour, dogs grew mad and all creatures became languid.

It was believed that **Sirius, the Dog Star**, rose just before or at about the same time as sunrise. Ancients sacrificed a brown dog at the beginning of Dog Days to appease the rage of Sirius, believing that star was the cause of the hot, sultry weather.

All this really means is that it's hot and getting hotter, and we ought to appreciate our air conditioning units. We're definitely spoiled - especially those who were born well after air conditioners were in use.

The coldest place in America - according to experts - is the inside of the Ed Sullivan Theater in New York when **David Letterman** is doing his CBS show. No Dog Days for Dave.

Idaho makes it

On July 3, 1890, Idaho became the 43rd state. Anyone who can name more than five cities in Idaho qualifies for an appearance on *Jeopardy*. Idaho is probably a coined name with an invented Indian meaning: "Gem of the Mountains." There's an old song called "The Purple Hills of Idaho." The state song is "Here We Have Idaho." Hells Canyon is the deepest gorge in North America. Great place this Idaho.

Jeepers peepers

Return with us to those thrilling days of early television when millions of Americans watched the "Mr. Peepers" show. The late **Wally Cox** was **Robinson J. Peepers**, a mild-mannered nerd of a junior high school physics teacher. **Tony Randall** was one of the regulars on the show. TV Guide once wrote: "Mr. Peepers comes close to being the perfect TV show."

Happy birthday, Pete Fountain

Don't tell Copperlons

Today is the one that the big sultan lotion bosses fear - National Stay Out of the Sun Day. **Tom** and **Ruth Roy** thought this one up. They want everyone to give their skin a break. The Roys live in Mt. Greta, Pa., where there isn't all that much sun or fun. Their Stay Out of the Sun Day seems a bit shady to us, but good luck anyway.

Cruisin' for a bruin'

Our good buddy, **Tom Cruise**, is 36 today. He's from Syracuse, which is one of the reasons he went to Hollywood. Singer **Taylor Dayne** is 35 today. She's going to sing, "Love Will Send You Back" to herself in lieu of flowers. Jazz musician **Pete Fountain** is 68 today. Naturally, he was born in New Orleans. Singer **Laura Branigan** is 41 and actress **Betty Buckley** is 51.

Watch them lizards

By sundown today the town of Lovington, N.M. is going to be crawling with lizards. You can't get a room. The Inns have been sold out for months. Friday is the day of the Greatest Lizard Race. Thousands will cheer as lizards and iguanas race down a 16-foot ramp. Trophies will be awarded to the winners. The losers are soup.

tesy of Winn Dixie Market place at noon (while it lasts), elephant demonstrations at 11 a.m. and 2 p.m., and various animal feeding programs.

The Central Florida Zoological Park was first established as the Sanford Zoo in 1933 with a collection of donated animals held by the Sanford Fire Department. In 1941, the Sanford zoo relocated to new facilities in downtown Sanford, a site presently occupied by City Hall.

An announcement in 1971 that the city could no longer afford the animal collection brought about the formation of a support group which became the Central Florida Zoological Society, Inc.

Concerned citizens secured grants and raised funds to build a new zoo and on July 4, 1975, the Central Florida Zoological Park opened at its present location.

Since that time the zoo has become a valuable community resource for residents of Central Florida. Nearly 400 animals make up a diverse animal collection that includes cheetahs, elephants, gazelles, hornbills, crocodiles and more.

In addition, Geraldine the hippopotamus, one of the zoo's most popular animals and two spider monkeys, original members of the Sanford Zoo still reside at the Central Florida Zoo.

Regular admission rates (not including the \$1 off on July 4) are \$7 for adults, \$4 for senior citizens, \$3 for children 3-12, children under 2 and members of the Zoological Society are admitted free.

For more information on Red, White & Zoo, call 323-4450, extension 149.

The zoo is located at 3755 N.W. Highway 17-92, just east of Interstate-4 exit 52 in Sanford.

Deer meat sales
NEW SMYRNA BEACH - A 5-month joint investigation by the Volusia County State Attorney's office and Florida Game and Fresh Water Fish Commission (GFC) has resulted in the arrests of three New Smyrna Beach men involved in the illegal commercialization of wildlife.
The three were identified as Laurence Bonner King, 20, Lawrence Ballou King II, 27, both of 4823 Colony Road, and Timothy Shane Morton, 19, of 167 State Road 415. The three have various charges against them including illegal taking, possession and selling of venison (deer meat).
The two Kings have been booked into the Volusia County jail on \$3,500 bond and Morton is on \$2,500 bond.
The investigation reportedly began after a citizen reported the suspects were taking orders for venison, then illegally killing wild whitetail deer to sell the meat and fill the orders. It is against the law to sell wild deer meat in Florida.
Conviction of the crimes could lead to penalties of up to 5 years in prison and/or fines of up to \$5,000.

Presbyterian minister named Stetson chaplain

Special to the Herald

DELAND - Laura Walters Baskett, a Presbyterian minister and associate chaplain at the University of Tulsa, Okla., has been named Stetson University chaplain.

"We are happy to welcome someone of the Rev. Baskett's expertise and philosophy to our interfaith campus," said President Doug Lee. "She will be a valuable leader in developing a comprehensive campus ministry program."

Baskett has been associate university chaplain for six years at the University of Tulsa; in 1997 she also was named the university's director of church relations. Other positions held include staff chaplain at St. Vincent's Infirmity Medical Center, Little Rock, Ark., and interim pastor and associate pastor at Little Rock and North Little Rock churches. Baskett spent a year in China as English language expert at the Shanghai Institute of Mechanical Engineering, and has taught in the Intensive English Language Program at the Univer-

sity of Arkansas, Little Rock.

A graduate of the University of North Carolina at Chapel Hill with a bachelor's degree in East Asian history, Baskett also holds a doctor of ministry degree from Union Theological Seminary, Richmond, Va.

"Laura Walters Baskett brings to Stetson outstanding credentials and experience, in both university and church settings," said Jim Beasley, vice president for campus life and enrollment management, who chaired the committee that conducted a national search for candidates.

The title of university chaplain is new, but the post incorporates many duties held by now-retired Vice President for Church Relations John Pelham, Beasley said.

Among Baskett's chief responsibilities will be coordinating student religious organizations on campus; organizing periodic worship services for students, faculty and staff; offering support to members of the university community during personal

crises; and working to develop and expand Stetson's network of partnerships with Florida's faith groups.

In leading the development of a comprehensive program of campus ministry, the university chaplain will work closely with the Student Religious Life Council and Trustee Religious Life Council. The 42-member trustee council includes representatives from most of the major faith groups in Florida and welcomes representation from all religious groups committed to diversity and inclusion.

The Illinois native will begin work at Stetson July 20.

"I have always heard wonderful things about Stetson and found them to be very true during my recent visit," Baskett said from her Sharp Chapel office at the University of Tulsa. "Serving as university chaplain is a welcome opportunity for me to offer my support for the existing religious life on campus and to develop further opportunities for the university community's life of faith."

Celebrating the 222nd birthday of America

By Dr. Bob Parker
FIRST BAPTIST CHURCH
MARKHAM WOODS

America has the greatest "freedom" in all the world. It all began when the Pilgrims of Early America in 1620 came to a new land seeking freedom and hope. Over a hundred and fifty years later, this hope continued to materialize when the delegates from Virginia submitted a proposal to the Continental Congress to "declare the Colonies free and independent States, absolved from allegiance to or dependence upon the Crown." From this, five men wrote a historic document which was completed and accepted on July 2, 1776. After two days (July 4th), the Declaration of Independence was formally adopted by the Continental Congress. This was the beginning of "Let Freedom Ring" in America some 222 years ago.

Freedom and hope continued but not without great struggle and war between the Colonies and the mother country, Britain. Amid the War, when independence seemed to hang in the balance only by a thin thread, General George Washington fell to his knees in the snow at Valley Forge and called upon God for help. By Divine intervention, Washington led his discouraged, exhausted and tattered army to victory.

Following the war years, the signing of the Constitution of the United States climaxed a four-month debate. During this debate the Constitutional Convention saw tempers flare and former agreements disappear. At one point on June 2, 1787, Benjamin Franklin rose to his feet and spoke these words.

"How has it happened, Sir, that we have not hitherto once

thought of humbly applying to the Father of Lights to illuminate our understandings? We have been assured, Sir, in the sacred writing that 'except the Lord build the house, they labor in vain that build it.' I firmly believe this. I therefore beg leave to move that henceforth prayers, imploring the assistance of heaven and its blessing on our deliberations, be held in this assembly every morning before we proceed to business."

Reliance on prayer helped bring forth the Constitution which we now hold so dear. **America has a great history and heritage.**

Fifty-six American leaders made this history possible by pledging their "lives, fortunes, and their sacred honor." This was no easy pledge as nine of the Signers died of wounds of hardships during the Revolutionary War. Five of these were captured, brutally treated and imprisoned. Twelve of their homes were burned to the ground and another seventeen lost everything they owned. All fifty-six were labeled traitors. Many were offered immunity if they would recant their pledges. However, not one Signer defected or changed his stand, and their honor for freedom was sustained.

America has great seags

During the night of September 13, 1814, Francis Scott Key, a noted Washington, D.C. lawyer, and Dr. William Beanes, George Washington's physician who had been held in the harbor by the British but released to Key that day, awaited in a small boat to return to land. The British in an

attempt to take Baltimore planned to bomb Fort M'Henry that night and detained Key's boat not wanting Key or Beanes to warn the American Army. All night Key waited anxiously-walked the deck in anguish-wondering which flag would be flying over the Fort at dawn.

Dawn came. The gun fire died down; but because of the haze and smoke, they could not discover the outcome. Then suddenly a rift in the mist came at seven o'clock. Key looked, and over the Fort there was Old Glory tattered but still flying. Key, overcome with emotion, immediately penned the words to a poem on the back of an unfinished letter. He called the poem "The Defense of Fort M'Henry." The next day he shared it with a friend who took it immediately to a printer. An hour after the poem was printed, it was read all over Baltimore. These words became associated with the tune "To Anacrusis in Heaven." By an act of Congress on March 3, 1891, this poem - "The Star Spangled Banner" - became our national anthem.

Little did Samuel Francis Smith, a young Baptist minister, know that the words he penned would be forever in the hearts of America. On July 4, 1832, the following words were sung in public for the first time:

"My country! 'Tis of thee, Sweet land of liberty, Of thee I sing.

Land where my fathers died! Land of the Pilgrims' pride! From ev'ry mountain side, Let freedom ring!

America has a great God

Abraham Lincoln's creed exemplifies this truth: "I believe that the fear of the Lord is the beginning of wisdom and that it is the duty of nations as well as of men to recognize the sublime truth, announced in the Holy Scriptures and proved by all history. I recognize that those nations are blessed whose God is the Lord."

I believe the will of God prevails; without Him I cannot succeed; with His assistance I cannot fail. I believe I am a humble instrument in the hands of our Heavenly Father; I desire that all my works and acts may be according to His will; and that it may be so, I give thanks to the Almighty and seek His aid."

(Abraham Lincoln's Creed Adapted from Carl Sandberg's Abraham Lincoln, The War Years, Vol. II.

Psalm 95:1 reads: "Lord, thou hast been favourable unto thy land." And, we read in Ecclesiastes 4:7, "What nation is there as great, who hath God as high unto them, as the Lord our God is in all things that we call upon him for?" Think about that!

Groups honored at morning services

Recently, First Baptist Church Markham Woods honored two groups of people during the morning worship hour. All Senior Adults (upper photo) were honored with special recognition and flowers given to those in the worship service who have been married 50 years or more. Mr. and Mrs. Hubert Pearce recently celebrated their 68th wedding anniversary. From left are: Angela Diemer-flower girl, Neil and Marvel Krumlauf, Roger and Blanche Hurtles, Pastor Bob Parker, Hubert and Crill Pearce.

All mothers were recognized (lower photo) and given a notebook compiled and edited by Beale Daniel. Special recognition went to the youngest and oldest mothers attending the service. Pay attention to what raises your dander

Dear Readers,

I received an angry letter from a reader in response to the June 19 column from a young man who thinks his mom is an alcoholic. The letter from the angry reader has something to teach all of us. I will share parts of what she said with you, changing only what is necessary to protect her identity.

Ms. Balk,

I read your article in the June 19 edition of the Seminole Herald. It instantly raised my dander. How dare you print such trash without knowing all the facts, without living in that household.

My ex-husband had my children convinced I was a drug addict and an alcoholic. Now I had the time to do this was one question, the other was where

FAMILY COUNSELOR

MARY BALK

did I get the money. I am raising three children by myself without financial help from my ex. The ex-husband was the one sitting in a bar all night and missing work due to hangovers! On the other hand, I was the one working in excess of 40 hours per week, paying rent, utilities, buying groceries, taking care of my house, and trying to help my children through what was happening!...

To move into the future, my children now know that they had been brainwashed and their eyes are finally open. I have the divorce I so desperately needed (although I paid for it and it took over a year to be granted)!

My point to all of this, sometimes I do come home after work and have a drink or two. Sometimes I may get "plowed", but I am by no means an alcoholic. If you want to dispense advice, try having the entire picture before you put your opinion in print!

Our lesson comes from the reader's last paragraph. The lady has clearly done a lot of things right and has a lot to be proud of. Why in the world is she so defensive about protecting herself from what she sees as an "accusation"? She

acknowledges that she may get "plowed", but is highly offended that anyone might associate that behavior with alcoholism. If she is so confident that she does not have the problem, why does she protest so much?

The moral of the story, folks: Pay attention to what "rings your chimes" or "raises your dander". Your voice of inner knowing may be trying to tell you something. When you find yourself reacting strongly to something another person says, ask yourself why that statement is so important to you and what you might be afraid of or not willing to hear. When we can get past our own rationalizations and other defenses, we can learn important things about ourselves by simply paying attention to what we react strongly to.

Woman's head and heart battle over wonderful man

DEAR ABBY: I have been engaged to a wonderful man for more than two years, and cannot seem to set a wedding date. He loves me and my 9-year-old daughter. He does all of the laundry, the dishes and the cleaning, and he accepts my daughter as his own. He works two jobs so we don't go without anything.

Sounds perfect, right? The problem is, I don't think I love him. I say that I do, but I don't feel it in my heart. He is all a woman could ask for in a husband, but is that enough to replace love? Or have I read too many romance novels?

He wants to get married as soon as possible. I am 29, have never been married, and I feel my daughter needs a father. I am also afraid I won't find a man who will ever love me as much as he does.

Can I find a man whom I love, who accepts my daughter as his own - or should I marry a man I don't love, but who would be a wonderful husband and father?

FOR BETTER OR WORSE

DEAR FOR BETTER: If you carry this man, knowing in your heart that you do not love him, you will be doing yourself and him a great disservice. Marriage is supposed to last forever. And forever is a long time to live with yourself, feeling that you sold out because you were afraid you wouldn't find a man you can love. Let him go.

DEAR ABBY: When I read the letter from "Hurting in Whittier," I had to write. Your response was excellent, but I would like to tell "Hurting" about my mother.

Mother became a widow at 63. She, too, had deep wrinkles on her face, but no one noticed because she always had a smile and was interested in other people.

Mother's life was not without men. After Dad died, she joined a singles group for older people. There, at age 68, she met a wonderful man. He became my stepfather. When he passed away some years later, she grieved for him for a while, but then decided she wasn't going to stay at home and mope, so she rejoined the singles group and met another nice man with whom she kept company for many years.

ADVICE

ABIGAIL VAN BUREN

Then he died. Mom used to joke that it was dangerous to date her because she outlived all the men she had gone with.

Shortly before her death at age 79, she had begun dating yet another man from the singles group.

Abby, the reason for her popularity was not her looks. It was her warm and caring personality. She always made everyone feel she was glad to see them. That was her "secret." All her grandchildren (she had 11) adored her and visited her often. My 20-year-old son took her to Disneyland when she was in her 70s. Like all the grandchildren, he loved being with her.

"Hurting in Whittier" should forget about how she looks and focus on making other people comfortable. She should be glad to see them, offer them a ride, join a club, volunteer for a cause that interests her. She should get out and enjoy life. She may be surprised at the changes that will occur when she changes her point of view.

STILL MISSING MOM

DEAR STILL MISSING MOM: Your mother exemplified the adage, "It's what's inside that counts." How special she must have been.

I've always believed that there are two kinds of people in the world: those who say, "There you are!" and those who say, "Here I am!" Your mother was definitely one of the "there you are" people. That's the kind everyone is delighted to see.

DEAR ABBY: I have read, viewed and heard all that I can stand about nursing homes.

Your recent article, in which "Grieving in Orange, Texas" wrote

about visiting nursing homes and the need for volunteers, inspired me to the point of writing this letter. The writer states that she heard the residents crying out for their family members by name all night.

I have been in the nursing home business for years. For six of those years, I worked for Iowa's largest nursing home chain. I have visited many nursing homes statewide and never once experienced what this lady is talking about. Most nursing homes have staff with hearts bigger than Texas. They, in a sense, become like family to the residents and the residents' families. The staff care so much that they are usually with the residents at the time of death if no family is available.

Bottom line is that I'm tired of picking up the paper or turning on TV and hearing something negative about nursing homes. We care. We really do. Give us a break.

If you're looking for a good story, come to my nursing home. I will show you a dedicated staff and a nursing home full of satisfied residents. I know there are lots of homes around just like it.

MICHELLE PALMER, R.N., ADMINISTRATOR, LENOX CARE CENTER, LENOX, IOWA

DEAR MICHELLE: Well said. Your letter deserves space in this column, so here it is!

Extra Points...

Kellie Werner

Herald Staff Writer

It has been quite a year for Seminole

SANFORD - Since the last time I wrote a column, there has been so much that has happened.

Seminole County is one of the strongest counties in Florida for high school sports and I have been lucky to have witnessed all of the great things this community has done.

I have seen three state champions this year.

Actually, since January.

All three were in girls' sports. All three were at Lake Mary High School.

Nothing can compare to being at the Lakeland Center and watching the Lake Mary basketball team bring home the first girl's title in the history of the county.

Then there was the soccer team. Everyone knew those girls had talent and they proved it by bringing home the most coveted honor in girl's soccer...the state championship.

And the girl's softball team at the school erased the bitter memories of a shorter than expected season last year to play their hearts out and give Lake Mary an unprecedented third state title.

Mix in the Cinderella season of the baseball team and the boys' soccer team's run at the state finals and it's no wonder that the school was awarded the All Athletic sports award for the state of Florida.

Lacrosse is emerging to be one of the hottest sports in the county and Oviedo proved why this year. The girl's team advanced to the state finals and finished second in only its second official year of existence.

Not to be outdone, Brantley's boys team went all the way to the Final Four and had an impressive showing, also finishing second.

Lyman came back to the baseball of years past when a very strong team reminded many of their championship run in 1996.

Also at Lyman, the wrestling team had a great year and the girls basketball team served up many upsets on it's way to the district championship game for the second year in a row.

Speaking of basketball, Lake Howell's boys team won their first ever district championship this year, much to the delight of fans throughout the county.

Big things were going on at Seminole as well.

Jim Worthington brought the Seminole football team back into state prominence in his first year at the school and looks to have the program ready to take a shot at a state title in the near future.

The track teams won district titles yet again, in fact the 15th straight for the boys, and Tamara Gilchrist was the sole Seminole County student to win a state title in that sport.

Ken Braumann, boys track and cross country coach at Seminole, was named national (that's right for the whole country) coach of the year just a few short weeks ago, with fellow track coach Mike Gibson from Lake Mary also nominated for the prestigious award.

And Seminole baseball continued to turn heads, despite a sudden and unexpected end to their season. In a few short years, many of the players that have thrilled the county will be thrilling the nation in the Major League ranks.

Even Winter Springs, the baby in the Seminole County high school family, found success this year. The baseball team went to regionals in their first season and the softball team earned its first ever win with a surprising upset over the eventual state champions at Lake Mary.

There have also been some melancholy happenings around the area. Three long time staples in the sports world of the school system have retired this year. Oviedo girl's basketball coach Tom Bieri, Lake Mary football coach Doug Peters and Oviedo girls volleyball coach Anita Carlsson have all turned the reins over and will be sorely missed.

In all, however, it has been quite a year. While the memories are still fresh in my mind, I still can't help but wonder...

What will happen next year?

I can't wait to see.

A playoff it will be

Regulators best Beer :30, force three-team playoff

From Staff Reports

SANFORD - Nine regular season games were not enough for Blake's Boys, Beer :30 and the Regulators in the Sanford Recreation Department Men's Spring Thursday Night Chase Park Slow Pitch Softball League.

Blake's Boys had missed a chance to win the championship outright last week when it got blitzed by Beer :30, 15-7.

Beer :30 119 401 9 - 11 14
Regulators 000 044 2 - 10 21

The Regulators, who appeared out of the race two weeks ago when they lost to Blake's Boys, did the denying this week, keeping Beer :30 from winning the title with a 16-11 victory in a make-up for a game that had been rained out on

June 11.

With Thursday's result, the final regular season standings are: Blake's Boys, Beer :30 and the Regulators are all 6-3 and Sunniland Corporation is 0-9.

Because of the Regulators' mild upset, the scheduled tournament will be scrapped, thereby eliminating Sunniland Corporation, in favor of a **Please see Chase, Page 8A**

John Neubert (top, right) had two hits and was on base three times and scored a run for Adapco, but Sanford Central Baptist's Tom Gracey (top, left) was even better, going 3-for-4 with a run scored and three RBI as the No. 2 seed prevailed 11-9.

But Franke Phillips (left) was the pitching star of the evening, holding Bussard Lawn Service to 12 hits and going 3-for-3 with two runs scored and one RBI himself as Papa John's dropped the top seed into the Loser's Bracket, 11-7, in the Sanford Recreation Department Pinehurst Park Thursday Night Spring Post-season Tournament.

The other winner in the first round was Cactus Bob's, which edged the Knights of Columbus 12-11 in eight innings.

The double-elimination tournament will continue with three more games next Thursday at Pinehurst Park.

Top seed upset in Pinehurst tourney

From Staff Reports

SANFORD - One of the biggest upsets of the spring season highlighted a very good night of play in the opening round of the Sanford Recreation Department Men's Spring Pinehurst Park Thursday Night Slow Pitch Softball League Tournament.

Papa John's, which won only one game in the regular season, scored six runs in the fifth inning to erase a 7-5 deficit and knocked No. 1 seeded Bussard Lawn Service, which went 6-1 in the regular season, into the Loser's Bracket with an 11-7 triumph.

The second game of the night found Sanford Central Baptist Church, the No. 3 seed, scoring seven runs in the bottom of the fourth inning to build an 11-8 lead, but it nearly wasn't enough as Adapco came storming back before falling short, 11-9.

Game three was also a barn-burner as the No. 6 seeded Knights of Columbus scored three runs in the bottom of the seventh inning to tie the game with No. three seed Cactus Bob's, 10-10, and force extra innings.

But Cactus Bob's won the eighth inning, 2-1, to pull out a 12-11 triumph.

Next Thursday at Pinehurst Park, No. 4 seeded Matthews Associates and No. 5 seeded Westview Baptist Church will complete the first round with a 6:30 p.m. contest.

At 7:30 p.m., Bussard Lawn Service and Knights of Columbus will meet in a survivor's game and at 8:30 p.m., Adapco will take on the loser of the 6:30 p.m. game in another elimination game.

The remainder of the tournament schedule will be determined next week with both Chase and Pinehurst parks being used as necessary.

Data Max claims Industrial crown

From Staff Reports

SANFORD - Data Max used three four-run innings to double the score on Invacare and then padded its championship winning record by getting a forfeit win from Safety Kleen as the first Sanford Recreation Department Spring Men's Industrial Slow Pitch Softball League at Pinehurst Park last Friday night.

Invacare tried to keep its hopes alive on June 19, using an eight-run third inning to humble Safety Kleen 20-8.

But Data Max ended all doubts by beating Invacare 18-9.

Powering Data Max past Invacare were Chip Smith (three doubles, two singles, three runs scored, two RBI), Dee Richards (one triple, three singles, four runs scored, two RBI) and Chris Bryson (one home run, two doubles, two runs scored, four RBI).

three-team playoff for the championship. Next Thursday at Chase Park, the three tied teams will flip a coin with the two matching teams playing at 7 p.m. and the third team getting a bye.

The winner of the 7 p.m. game will take on the bye team for the championship at 8 p.m.

Mike McLohon led off the game for Beer :30 with a single and came around to score the game's first run on a pair of errors.

The lead grew to 2-0 in the top of the second inning as Mark Clatterback reached on an error, moved to second on a one out single by Steve Cook and scored on a single by Kenny Perkins.

The Regulators got into the game in the bottom of the second inning as Brian Curtis and Bobby Keefer led off the inning with back-to-back singles ahead of a home run by Bill Bingham, who would have a definite impact on the game offensively all evening.

David Goldstick followed with a triple and scored on a sacrifice fly by Cary Keefer and Eric Simmons doubled and scored the fifth run of the

inning on a single by Chris Nickle.

Beer :30 got two runs back in the top of the third inning on a single by Mark Hauman and a home run by Jerry Governale, but the Regulators pushed the lead to 8-4 in the bottom of the third inning on a double by W.L. Gracey, an RBI single by Larry Hingle, a single by Bobby Keefer, an RBI double by Bingham and an RBI single by Goldstick.

The Regulators took the lead for good in the bottom of the fifth inning, scoring four runs. Jerry Brussel singled, advanced to second on a fly and scored on a single by Hingle. Brian Curtis then singled and Bingham blasted his second three-run home run of the night.

Beer :30 got a run back in the top of the sixth inning on singles by Perkins and McLohon and a walk to Crutcher and a sacrifice fly by Jablonski.

But the Regulators pulled away with another four runs in the sixth inning. Cary Keefer and Simmons singled ahead of RBI singles by Chad Lee and Nickle, an RBI ground out by Gracey and an RBI single by Hingle.

Beer :30 scored the final two runs of the game in the top of the seventh inning as Governale doubled and Eric Bullock reached on an error and both runners scored on a single by Clatterback.

Powering the Regulators were Bill Bingham (3-for-3 with two home runs and a double, three runs scored, seven RBI), Larry Hingle (3-for-4, one run scored, three RBI), Chris Nickle (3-for-4, one run scored, two RBI), David Goldstick (one triple, one single, one run scored, one RBI) and Eric Simmons (one double, one single, two runs scored).

Tallahassee gears up for another sizzlin' summer of cycling action

Special to the Herald

TALLAHASSEE - The Tallahassee Sports Council is bringing back the Masters National Cycling Championships to the capital region, July 18-19.

As one of the most elite events organized by USA Cycling, the Championships will draw over 800 cyclists, ages 30 to over 85, from around the country to compete in a series of road races as they vie for national titles.

The 1997 France Masters Cycling Championships attracted 800 cyclists including nationally-acclaimed riders such as two-time Olympian Carl Sundquist and Olympian Kent Bostick's wife, Carol Ann Bostick, winner of 26 masters titles herself.

"Last year's races were very well organized," said Tec Thomas, owner of Tec's Pro Bike and a participant in last year's races. "The Tallahassee Sports Council did an outstanding job putting on a top quality race and I'm certain they will exceed all expectations again this year."

The five-day event includes three road races: the Time Trial, the Project 2000/Gadsden County Chamber Road Race and the Critérium.

On July 15, the Time Trial will take place in South Leon County through the

Apalachicola National Forest and will include participants starting in one-minute intervals as they compete individually against the clock.

The Project 2000/Gadsden County Chamber Road Race takes place July 18 and 17 in Gadsden County providing a very hilly terrain for cyclists as they compete around a 15.8 mile loop course.

The Tallahassee/Leon County Civic Center will again provide the perfect site for the Critérium races, July 18 and 19.

The Masters National Cycling Championships is again incorporating the Disabled National Championships into the five-day event.

Disabled athletes from the United States Association of Blind Athletes (USABA) and Disabled Sports USA will compete in all three of the road races. Last year in Tallahassee, tandem rider, Duane Wagner, won his fifth national gold medal.

This year will mark the third time disabled riders have the opportunity to be awarded USCF medals and jerseys for their efforts in the Masters Nationals.

For spectators, a full weekend of activities has been planned around the last and most popular spectator event, the Critérium races.

The Tallahassee/Leon County Civic Cen-

ter will be the hub of all activities, including the Capital Health Plan Bicycle Safety Rodeo & Jamboree for kids ages 5-12, BMX bicycle demonstrations, carnival booths, Media Challenge Celebrity Bike Relay, food vendors and more.

In addition, the Local Organizing Committee is again planning a "Taste of Tallahassee" reception for all participating cyclists, sponsors and families to enjoy southern hospitality, great food and live local music.

"We now know what it takes to host a successful cycling event," said Sheri Miryphy, TACV's director of events. "This year USA Cycling and the Tallahassee Sports Council are working to maintain that high level of competition and provide another year of exciting races."

The 1998 Masters Nationals are taking place in Tallahassee thanks in part to the Florida Sports Foundation, the City of Tallahassee, Leon County Tourist Development Council, NewsChannel 37, Cumulus Broadcasting and the Tallahassee Democrat.

To find out more about the Masters National Cycling Championships, contact the Tallahassee Sports Council at (800) 487-7030 or visit their website at www.co.leon.fl.us/visitors/masters98.htm.

Can people get heart cancer?

DEAR DR. GOTT: If people can get malignant tumors in any of the body's organs, why don't they get cancer of the heart?

DEAR READER: They do, but cardiac malignancies are as rare as hens' teeth. The most common are sarcomas, which occur primarily in children and are extremely difficult to treat.

Benign tumors of the heart, such as myxomas and fibromas, occur more frequently. Like their malignant brethren, they usually cause symptoms related to the obstruction of blood flow. Fortunately, such growths are easier to remove than the malignant types.

Having given you a brief overview, I must admit that I, too, have long been puzzled by the rarity of cardiac malignancies. I've never seen a patient with one, and I'll bet that very few physicians in general practice have either. Thanks for your provocative observation.

causes fatigue and muscle pains. Is there no cure for this?

DEAR READER: The Epstein-Barr virus causes mononucleosis, an infection marked by fatigue, swollen glands, sore throat and other symptoms. In virtually 100 percent of cases, people get over their EBV infections

without treatment. Many, however, continue indefinitely with a blood test that is positive for EBV, even though the infection is long gone.

I suspect that your daughter's symptoms are not related to her previous EBV infection. Other diagnoses — such as depression, fibromyalgia and connective tissue disease — should be considered.

That good lucky expression

By Phillip Alder

Is it better to be lucky or good? This deal occurred during the session I mentioned yesterday. Carry out another critique while I describe the play. South was in four hearts doubled. West led the club queen: five, seven, six. West continued with the club jack: eight, three, ace. Declarer played a heart to dummy's jack, happy to see East drop the eight. A diamond to the ace was followed by the heart 10, West ducking and East discarding a diamond. West took the next trump, then exited with a diamond. But declarer drew the last trump and continued with dummy's club 10. In a moment, South finessed dummy's spade queen

and had 10 tricks via two spades, three hearts, three diamonds and two clubs. Your thoughts?

I agree with West's opening bid. Playing five-card majors, you have to bite the bullet; and passing 12-point hands is a losing policy. However, I dislike East's first-round pass. It is tactically very bad. Even if you don't like to risk a one-spade response, at least raise to two diamonds. Make it harder for South to enter the auction. (True, here, if East bids two diamonds, it might be passed back to North. She should balance with a double, which South might pass. Two diamonds doubled is a disaster!) South's balancing one no-trump showed some 12-14 points. However, North thought it was strong, hence her Stayman and jump to game. West's double was daft, warning declarer about the bad trump break. After the double, there wasn't much to the play. It is best to be lucky and good!
