## SMITH LEAVES SOUTH HEADED FOR ST. LOUIS

Will Deliver Important Speech In Missouri Tomorrow On Behalf Of Candidacy

Nominee Pleased With Dixie Tour

Believes His Southern Trip Has Gained For Him Entire Support

By George R. Holmes  
International News Service  
Staff Correspondent

ROUTE WITH GOVERNOR SMITH IN ILLINOIS, Oct. 15.—(INS)—Governor Al Smith left the south and its turbulent receptions today and struck westward through Southern Illinois and Missouri.

His objective was Sedalia, Mo., where tomorrow night he will deliver one of the major speeches of his border states tour. Governor Smith left Kentucky and Tennessee entirely satisfied with the situation from the Democratic standpoint. In both states he was told that prior to his coming there was considerable doubt as to the outcome of November, but that his visit and his speeches had turned the tide toward Democratic victory three weeks hence. Almost without exception the state leaders in Tennessee and Kentucky greeted the Democratic nominee on his way with their assurances that now they were pessimistic—but today, thanks to the Smith invasion and considerable enthusiasm (Continued On Page Four)

## Milne Closes For 3 Days To Install Vitaphone Service

With the arrival of A. W. Stevens, transferred here to install the Vitaphone, and Movietone equipment in the Milne Theater, it was announced today by J. L. Marenette, manager, that the theater will be closed today, Tuesday and Wednesday while work is completed in placing the equipment in order.

Parts of the new equipment have already arrived and preliminary plans for its installation have been completed by Mr. Stevens, who is an expert in the operation of the Vitaphone and Movietone apparatus.

The Milne will reopen Thursday, inaugurating the new service with the showing of "Tenderness" as the Vitaphone feature, and several Movietone specials including the "Palmae Pictures" Movietone News, Dick Richards orchestra, and introductory remarks about the Vitaphone by Will Hayes and Conrad Nagel.

Pictures originally scheduled for the Milne today, tomorrow and Wednesday will be shown at the Princess Theater, Mr. Marenette said.

## Entzinger Defends Democrats And Points Accusingly At Republicans

A defense of the Democratic party and its standard bearer, and a caustic criticism of the Republican party, and its record during the past eight years are contained in a statement given in The Herald today by C. W. Entzinger, former Seminole County citizen, life-long Democrat and member of the state legislature.

Mr. Entzinger defends the action of the Negroes in the primaries and the primary part, which he said ministers and church leaders had taken in the primaries, critics had been most by paid Republicans who have a "black record" among the Negroes because of the campaign, and nothing more he could say.

## Police Seek Men Who Beat Woman

CLARKDALE, Miss., Oct. 15—(INS)—Police today were on the hunt for three white men who invaded the home of Mrs. W. H. Bonner, 57, bound her hands and feet and started regatta her mouth, and beat her with leather belts. Government officials here said Mrs. Bonner is a witness in cases involving violations of the liquor laws in court which convenes Monday. According to Mrs. Bonner's story, two of the men knocked at her door about midnight. When she opened it, she was seized upon, dragged into an adjoining room and beat unmercifully. The third man waited at the wheel of a motor car in which they made their escape. Before leaving the men took the gun from her hands and her screams brought help.

## HOOVER GIVEN FINE WELCOME THROUGH EAST

Crowds Cheer Republican Candidate Who Is Touring New England and Seeking Votes

Nominee Speaks From Private Car

Appeals To People To Take More Interest In Campaign Issues

WORCESTER, Mass., Oct. 15—(INS)—Herbert Hoover was given one of the most enthusiastic greetings of his campaign here today when he made a brief appearance before 7,500 people gathered in the station plaza.

The crowd cheered Hoover, again and again, frequently interrupting his talk to shout approval. The nominee said he appreciated the greeting but that he took it as evidence of interest in the issues of the campaign, rather than a personal tribute.

"Those issues," he added, "are as vital as any that ever were presented to the American people."

Earlier in the day Mr. Hoover had been given a tumultuous welcome in Springfield where the Republican presidential candidate appealed to the American people, as a body, to take an active interest in politics generally and in the coming election in particular.

Hoover today's crowd of 10,000 which gathered around the end of his private train, that the issues of the campaign were so important every voter should take "vital interest" in the election.

He was introduced to the gathering by Mayor Fardin C. Parker, of Springfield who declared: "Massachusetts is all right and safe while Springfield is owned by Hoover."

"I can assure our distinguished guest," the mayor added, "that he is among friends in the zone of Calvin Coolidge."

The Republican nominee, making his first invasion of New England, paid a glowing compliment to President Coolidge. He told the crowd that he expected Massachusetts to go Republican, if for no other reason, as a commendation of Coolidge's administration as president.

Thirteen Hip Sings were in a gathering place in New York playing cards when a Chinese, masked but apparently recognized, entered and began shooting. Wong Chau and Wong Kai, alleged keepers of the gambling place, were killed.

Four hours later Lin Sing, of Boston, an On-Keeng, was shot.

The warfare then spread to Washington where two Chinese were shot into a meeting of the Hip Sing Tongmen. Two men were killed, but it developed later that neither was believed to be Tongmen, although they were believed to be.

Two years ago a similar war broke out between the two factions over gambling concessions. Forty-six died before the Tong heads achieved a truce.

## WATER HINDERS WORK

WEST PALM BEACH, Fla., Oct. 15.—(INS)—Rising waters in and around South Bay again caused difficulties yesterday and further delayed return of boats in other sections, return of proving, however, officials of farmers in their lands flood control.

The Red Cross reported today, in Jacksonville City, the principal problem was the reconstruction of dykes so that farm land may be safeguarded.

## O. C. Bryant Dies In Sanitarium At Jax From Heart Attack

O. C. Bryant, age 28 years, a resident of Sanford and Seminole County, died Saturday night at the Miller Sanitarium, Jacksonville, where he had been a patient for some time. Death was due to acute dilation of the heart. Mr. Bryant was 45 years old.

Funeral services will be held Tuesday afternoon at 2 o'clock at the Miller-Erickson funeral home, with Rev. Milton, pastor of the Baptist Church of Jacksonville, in charge. The minister will be assisted by the local representation of the Woodmen of the World, of which Mr. Bryant had long been a member. The Woodmen will also have charge of brief rites at the Lakewood Cemetery where interment will follow.

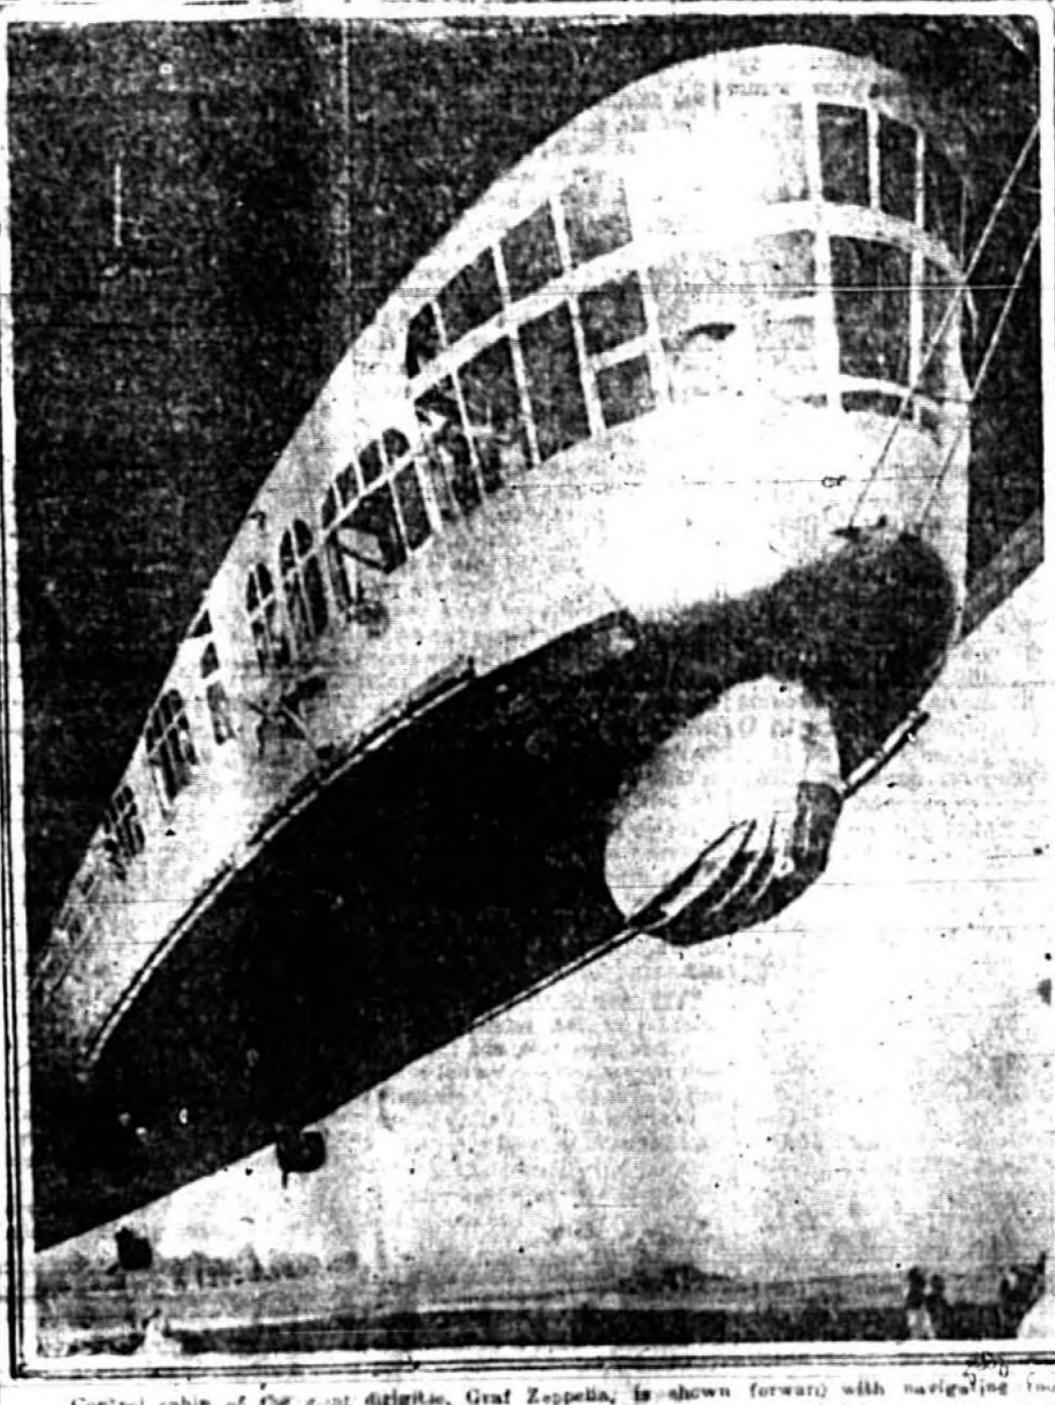

The deceased is survived by his widow, Mrs. Elizabeth Bryant; a daughter, Mary Bryant; his mother, Mrs. Mary Bryant of Dillon, S. C.; two brothers, J. E. Bryant of Vero, and two sisters, Mrs. Sallie Bryant and Mrs. J. T. Gough of Dillon, S. C.

## AGENT IS KILLED

NEWARK, N. J., Oct. 15—George H. Lee, 26, agent of the Public Service Co-ordinating Board, was shot and killed in the theater's cage at the corner of Lake Street, terminal this morning by a bullet she received with \$1,000 in wages.

## Zeppelin Completes Long Flight

Control cabin of the giant dirigible, Graf Zeppelin, is shown forward with navigating room, radio compartment and galley immediately to the rear. Dining room is in the centre of the gondola and sleeping compartments occupy the rear half.

## Graf Zeppelin Pays Visit To New York; Throngs Cheer Ship

### BIG CROWD CLOGS ROADS IN VICINITY OF LANDING FIELD

Lakehurst Area Flooded With People Seeking Glimpse Of Ship

James L. Killgallen  
International News Service  
Staff Correspondent

NAVAL AIR STATION, LAKEHURST, N. J., Oct. 15.—As dawn broke this morning the roads in the vicinity of Lakehurst were revealed as still clogged with parked automobiles, the occupants sleeping in cramped positions. They were what was left of the great multitude of upwards of 60,000 persons, perhaps 100,000, that gathered Sunday from a radius of a hundred miles in the expectation of being eye-witnesses to the successful termination of the first commercial air-line's epochal flight across the Atlantic.

Great indeed was the disappointment of those many thousands when after their day long vigil news of the dirigible's delay. A somber pall of gloom swept over the vast human behemoth as the news spread.

It seemed incredible to most of them, they had come so far to show their faith in the Graf Zeppelin and rigid discipline in general. They had denied themselves a good Sunday dinner for the chance of catching a glimpse of the monarch of the air and its valiant crew and when this privilege was denied them they slowly started to leave the curtains of the hangars.

And as eight fell the New Jersey police found themselves in the midst of one of the worst traffic snarls they had ever experienced. Automobiles emerged from the (Continued On Page Four)

Big Craft Approaches American Land Near Capital And Alters Route For Big Cities

Washington Gets Fleeting Glimpse

Airship Departs For Lakehurst Station After Gotham Trip

LAKEHURST, N. J., Oct. 15.—After flying one hundred miles out of its way in order to visit New York City where it was seen by five million people, the Graf Zeppelin German dirigible arrived here at 5:15 o'clock this afternoon, completing its long trans-Atlantic voyage from Friedrichshafen.

WASHINGTON, Oct. 15—Poking its long nose out of an overcast sky as gray as its own color, the Graf Zeppelin paid a fleeting visit to Washington day today enroute to Lakehurst from Germany.

The Zeppelin arrived over Washington at 12:30 o'clock. It will fly over Baltimore and Philadelphia before arriving at its destination about 4 o'clock.

Crossing the American coast at 10:10 A. M. at Cape Charles, Virginia, the monster dirigible with 100 crew and 70 passengers altered its course to swing over the nation's capital.

As the ship headed over Chesapeake Bay and the Potomac River, Dr. Hugo Eckener, commander, sent a radio message of greetings to President Coolidge. He asked permission to fly over Washington. Mr. Coolidge at once replied to Dr. Eckener and granted the permission granted.

On the flight of more than 107 hours, the dirigible battled much of the day against bad weather and adverse winds. A sudden rain squall ripped the cover off its port horizontal stabilizer. This reduced the liner's speed. The work of repairing the damage in midair was an exceptional feat. The Zeppelin (Continued On Page Four)

Democrats To Meet Tonight At Oviedo

Oviedo will be the scene tonight of another county Democratic rally when followers of the party gather at the school house for the purpose of listening to speakers on behalf of the national ticket and also for the purpose of organizing a community club as part of a movement to keep Seminole within the party fold in the November election.

Judge James G. Sharpen and Mrs. John G. Leonard will be the principal speakers. Mrs. Leonard is scheduled to make a special appeal for the support of the women. L. E. Jordan will preside over the gathering until a permanent chairman is elected.

## Complete Erasure Of Storm Damage Begins

WEST PALM BEACH, Fla., Oct. 15.—(INS)—Final erasure of hurricane ruins in West Palm Beach will be started tomorrow.

Todays was the deadline set by the city for tearing down structures which were damaged beyond repair and condemned. All buildings not raised by owners will be taken down by the city immediately.

The entire program of rehabilitation is being steered on the WDBO of Orlando and WJAX of Jacksonville. E. W. Ware, chairman of the County Democratic Club, today urged as many local officials as possible to hear Mr. Daniels, and to those who are unable to do so to telephone him and advise him of the damage done to their property. The work will be begun by the end of the week.

The Everglades work is progressing rapidly, area directors report. Felling up small plots of ground probably will be begun by the end of the week.

The老人 has declined to

draw any public conclusions but awaiting the outcome of Mr. Sharpen's condition to obtain a statement from the policeman. Sharpen today showed signs of recent recovery, despite his serious wound in the head.

Coroner Russell, who also recently became sheriff through the death of Sheriff Hardesty, announced Monday that the bullet which killed Mr. Russell was fired into his head in the fight.

Montgomery, wealthy hotel and business man, has related the secret story of his narrow escape and after discussing it had gone to bed on a bench outside his home.

## INSTALLATION OF VITAPHONE GETS UNDER WAY HERE

### Parts Of Equipment Arrive For Opening On Next Wednesday

Everything is being made ready for the Vitaphone opening of Movietone and Vitaphone on next Wednesday. Portions of the equipment are arriving daily and being installed.

Movietone, the latest development among talking pictures, works on the principle of "photographing" the voices and sound waves at the time the motion pictures are being taken, directly upon the film itself; and then at the theatre retranslating these photographed sound waves back into actual sound. Movietone, says J. L. Marquette, theater manager, brings to the public for the first time the voices of the great outdoors—the public speeches of great men, the sounds of nature, the noises of the crowd. These are all reproduced on the screen as the scenes change.

Mr. Marquette states that the Vitaphone, which with Movietone is being installed in the theater, is the latest, and finest type and is equal to anything now being used in New York or Chicago. The system by which Vitaphone is operated represents the successful combination and conversion of motion picture use of three major research developments. The first of these is the electrical recording system. This method employs a high quality of microphone of an improved type, capable of cutting off noise.

The second essential feature is the remarkable electric reproducer, which converts the movements of the needle into a sound record of electrical vibrations. The electrical currents from this device pass into an amplifier, and from there operate a loud transmitter of an improved type, capable of filling any motion picture auditorium.

The third link is between the reproducer and the audience. An adoption of a transmitter system makes it possible to pick up electrical vibrations from the reproducer, amplify them, and by means of properly located transmitters, transform them into sound. The loudness of the sound is so regulated as to give the illusion that the source is the actual screen. In the case of musical programs a specially constructed telephone transmitter insures the correct values and naturalness of the instruments. To effect the combination of these three factors in a complete system required the development of a mechanism for keeping the film and the sound producing instrument in synchronism, both during recording and during reproduction.

**SINGLE-TRACK IRISH LINES**

"For the good of the service" the Great Southern Railways is converting a number of lines in Ireland from double to single track. One section thus effected is nearly 100 miles long. No extensive changes, it is said, will be made in the road, says that additional labor from steeping has been double tracking for safety and it is said about 100 miles in the cities as well. The new road would have been a single track in Ireland.

**THE PARENTS ARTICLE**

My little girl, I am glad to say, has been a good child since we last wrote you. She is growing rapidly and is now about 18 months old. She is very active and likes to play with her toys. She is learning to walk and is now able to walk short distances. She is also learning to speak and is now able to say a few words. She is a happy child and I am sure she will grow up to be a good person.

I hope you will receive this letter soon and I hope you will be able to write back to me. I am looking forward to your reply.

Yours truly,

John Doe

#### Mrs. Sneed Has Party Honoring Young Son

**TUESDAY**  
Mrs. Fred Wilson, Mrs. Jim Partridge, Mrs. O. R. Extrude, Mrs. Brodie Williams, Mrs. Marion Spencer and Mrs. Marcus T. T. will entertain the daughters, Weasley with a Halloween Masquerade Party at the Church Annex at 8 o'clock.

The Music Department of the Woman's Club will meet at 8 P.M. There will be a musical and reception and all club members are invited.

The Junior High P. T. A. will hold its first meeting at 8:15 at the school house. All parents are requested to come.

The Evening Bridge Club will meet with Mrs. E. F. Hosacke, 112 West 11th Street at 8:30.

#### WEDNESDAY

Mrs. Wallace Wright, Mrs. James Wells, and Mrs. Lloyd Doyle will entertain with bridge at 8 o'clock at the Yacht Club.

There will be a luncheon for the members of the Welfare Department of the Woman's Club at 12 o'clock.

#### THURSDAY

The Grammar School P. T. A. will hold its first meeting at 3:30. A dance program has been arranged and a full attendance is urged.

There will be a called meeting of the Seminole High P. T. A. at 11:15.

The Mary Lambeth Circle of the Methodist Church will give a dinner to ten Tuesday afternoon from four to six at the Yacht Club. Everyone is cordially invited.

#### Bridge Club Honored By Mrs. R. E. Phillips

Mrs. R. C. Phillips entertained the members of the Merry-Ground Bridge Club last Friday afternoon at her home, 717 Park Avenue. Zinnias of brilliant colors, arranged with ferns in vases and bowls were used as decorations.

After several interesting progressions of bridge scores were made and high score prize, a ten apron, went to Mrs. Grant Wilson, while low score prize, a bridge pencil, was given to Mrs. Caution Hutchins, Mrs. B. F. Whitner Jr., Hutchinson, Mrs. E. F. Whitner Jr., and Mrs. Mary Graver, tea guest.

Those invited were: Mrs. Calvin Teague, Mrs. D. L. Gardner, Mrs. B. F. Whitner Jr., Mrs. Grant Wilson, Mrs. Paul Forbes, Mrs. Jno. Meisch Jr., Mrs. Caution Hutchins, Mrs. C. H. Mason and Mrs. Wm. Ravenel and Miss Mary Graver, tea guests.

Interesting Lesson Studied By Scientists

"ARE SIN, DISEASE, AND DEATH REAL?" was the subject of the lesson-series in the First Church of Christ, Scientist, on Sunday.

The Golden Text was from Jeremiah 17:14, "Heal me, O Lord, and I shall be healed; save me, and I shall be saved; for thou art my grace."

Among the citations which comprised the lesson-series was the following from the Bible: "And God saw every thing that he had made, and behold, it was very good. And the evening and the morning were the sixth day. Thus the heavens and the earth were finished, and all the host of them" (Gen. 1:31; 2:1).

The lesson series also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Sickness, sin, and death are not concomitants of Life; nor Truth. No law supports them. They have no relation to God whencever it establishes their power."
