## RICHARDSON CO. BUILDS VALDEZ

### "THE CONTRACT TO BUILD THE NEW VALDEZ HOTEL HAS BEEN LET"

"Such were the words of one of the members of the board of directors of the Sanford Hotel Construction Company yesterday when the Herald reporter approached him for information on the subject.

The successful contractor was the W. P. Richardson Company of Jacksonville. Work is to begin on the contract about May 15th, and the contractor guarantees the board of directors that the hotel will be ready for guests by November 1st, 1919.

The contractors have had a number of large jobs for the government and others, and the organization built up by them for the handling of their vast amount of building business is an assurance that Sanford will enjoy a real modern up to date tourist commercial hotel within the time limit of their contract.

#### Children's Party

Mrs. A. B. Mahoney entertained at a children's party Monday afternoon from 3 to 6 o'clock at her home in honor of her daughter, little Miss Mary Lillian, who celebrated her sixth birthday anniversary on this occasion. Pink and white were used in decorating the living room and dining room, and the little guest of honor wore a white frock with pink ribbons. After a couple of hours' entertainment and a jolly good time the fifteen little guests were invited into the dining room, where pink ice cream, cake and bonbons were served. The dining table was laid with a lace cloth and centered with an arrangement of pink and white flowers around the beautiful birthday cake, which was adorned with six little pink candles. Assisting Mrs. Mahoney in entertaining the little folks were Mrs. Chas. L. Britt and Mrs. Colcotte.

## TANK HERE IN INTEREST OF V LOAN

### ONE OF THE GOVERNMENT'S CELEBRATED "WHIPPET TANKS" WAS HERE YESTERDAY

The tank had been scheduled to arrive on Wednesday afternoon, but for reasons unknown to the local committee who had arranged a magnificent program, its arrival was postponed until Thursday morning. The tank was unloaded on First street and cranked up, Capt. Geo. A. DeCottes of the Home Guards and Lieutenant of the Tank Corps, U. S. A. assumed a commanding position on the turret of the tank and gave the command to proceed. The tank was driven down First street, up Magnolia, down Third to Sanford avenue, back to First street to the Seminoke Bank corner. There Capt. DeCottes explained the workings of the tank and what could and had been done with that particular tank, and urged the people to respond to their government's call by buying Victory Bonds. Capt. DeCottes then introduced Hon. W. P. A. Dineen, an attorney of Palatka, who was traveling with the tank, and who made an inspiring address, depicting the trials of the men of the tank corps, and telling what real service was like. Mr. Dineen pointed out the battle scars on the tank and told that often when the tanks came out of action they were bright as a silver dollar from being hit so much with bullets, and would have to be re-camouflaged. At the close of his address he made a stirring appeal to the people to buy bonds, and began taking subscriptions at once. Buying began thick and fast, but owing to the smallness of the crowd not a very large amount was subscribed at the meeting—some thirty-five thousand being taken.

After the meeting a tank demonstration was given on the vacant lot next to Pace's store and the people given a chance to see the tank take down trees, cross ditches, logs, railroads, and do many other most unbelievable stunts. The tank was then loaded on the train and taken to the shops where the Loan Committee had an opportunity to meet the "Boys of the A. C. L." and explain the workings of the tank to them. The shops assured the committee that they were behind the Loan.

With subscriptions coming in pretty fast it is expected that Seminoke will go "over" on most any day now, and the committee asks the people who intend to invest to make their subscriptions early.

#### Pretty Bridge Party

Tuesday afternoon one of the prettiest parties of the season was given by Mrs. L. P. McCuller in honor of her sister, Miss Owens. The rooms of the lower floor, which opens en suite were artistically decorated for the occasion with spring flowers, roses, sweet peas, pink and white carnations and quantities of green.

At the conclusion of the game scores were compared, Mrs. Claude Howard having highest was presented with the daintiest of lingerie. Also the guest of honor was presented with a pretty piece of lingerie. Mrs. Galloway cutting highest received a beautiful hand painted dish and Mrs. Floyd a deck of cards for consolation.

The card tables were laid with pretty lunch cloths and a most elaborate salad course was served, followed by an ice cream course, where the color scheme pink and green was carried out in every possible detail. Mrs. McCuller was assisted in serving her guests by Mrs. Allan Jones.

#### Baptist Church

The pastor's theme next Sunday morning will be "Aeob or an Army?" There will be no preaching in the evening, the congregation uniting in the exercises in the High School Auditorium. The program for next Sunday will be:

- Sunday school, 10:30 a. m.
- Preaching, 11:45 a. m.
- B. Y. P. U., 7:30 p. m.

Ray Ferran of DeLand was the guest of Mr. and Mrs. D. L. Thrasher on Tuesday.

## BIG RALLY M.E. CHURCH ON SUNDAY

### NOTED SPEAKERS WILL BE PRESENT AND A BASKET DINNER WILL BE HELD BY THOSE IN ATTENDANCE

Sunday will be a "big day" at the Methodist church in Sanford if present plans mature.

The occasion will be a district meeting of the Methodist churches of this section on account of the Centenary movement which is to be launched in the very near future.

Speakers of state wide reputation will be present and will address the meetings, the most prominent of whom, perhaps, is Hon. Don C. McMullen of Tampa, formerly attorney for the State Railway Commissioners and one of the best known Methodists in the state.

Services will begin with Sunday school at 10:00 in the morning, and will be followed by meetings through out the day. At noon a basket dinner will be held in the park across from the church at which every member of the congregation and all visitors will be expected to be present.

The program for the day is as follows:

- 10:00 Sunday school
- 11:30 a. m. Address, Hon. Don C. McMullen
- 12:15 a. m. Address, Dr. W. J. Carpenter
- 1:00 a. m. Checking up charges on Cultural Organization, by Presiding Elder
- Dinner on ground
- 2 p. m. Devotional by Rev. L. K. Sessions
- 2:30 p. m. Stewardship of Prayer by Dr. Ira S. Patterson, Missionary Secretary
- 3:00 p. m. Stewardship of Tithing, by Dr. W. J. Carpenter.
- 3:30 p. m. Testimony on Tithing by Presiding Elder

#### Study Work of the Local Church Campaign Director

Checking up charges on organization, C. E. Howard.

On the Sundays of May 18 and May 25 twenty thousand minute men connected with the Centenary Campaign will speak both morning and night in the Methodist churches of the south. This army of speakers will go out into the rural districts and see to it that the Methodist congregations of every community understand what the campaign of their church is for, explain the world needs which the denomination is trying to meet, and outline the missionary program for work both at home and in foreign fields. There are 20,000 congregations affiliated with the M. E. Church, South, and the great majority of these are housed in tiny frame churches scattered over the rural districts of the south. It is to these small and sometimes inaccessible churches that the minute men will particularly go May 18 and 25.

The reason such an army of speakers will address southern Methodist congregations on these particular dates is because the financial drive of the church for \$35,000,000 will open May 18 and close May 25 and these two Sundays mark the most important days in the Centenary calendar. In the rural churches where there is one circuit rider to four, six and some one circuit rider to four, six and sometimes ten churches it will be necessary for a great number of minute men to take care of the entire services both morning and evening in all of the churches.

As the minute men of the Southern Methodist church represent its leading and most distinguished citizens, the addresses in the churches of the denomination on these two dates will represent an assemblage of speakers and speeches both unique and unparalleled in the denominational world.

#### Spring Festival

One year ago energies were fairly elbowing each other for good expression in all lines pertaining to War Work. Foremost in the air was the cry for funds whereby the Red Cross work might claim a budget. That was first and entertainment was last. Hearts were heavy with impending gloom, brought about by the World War. Yet at

any time human nature demands a little jollity for clean entertainment in order that it may be better prepared to weather every stormy gale that should block our progress. You who attended the Carnival or Festival, (and everybody did attend) can vouch for the good evenings enjoyed.

Now this year Father Time smiles a bit younger as he emerges from the stage of life. We seek a good time now, but our energies of last year go on unabated and in a happier vein, we are building as never before, the visions are realizations, building on a new and newer Sanford, our hearts are attuned to the possible beauties, the command of all our resources: to do this it is necessary that every coin cashed into the treasury remain here in our own town. We want it too and so do you, so help us have a good time and the Welfare Department of the Woman's Club shall see that you get it at the Spring Festival. When? In the May days of the 20th, 21st and 22nd. This means afternoons and evenings. Where? Ninth Street Park.

What shall you see there and what shall you hear? Surely you will have forgotten your mental picture gallery when, afar you deary lights glistening from tents everywhere and hear music. You will be greeted with an essence of Japan in that booth, girls in Japanese costume will serve cold drinks, ice cream and cake. There'll be a minstrel show, too, with usual fun. You always enjoy something new yet something ever old, a prettily arranged country store; there'll be a very good dancing floor too, and then too a bit of our own store delicacies. A booth arranged with tempting jellies and jams, all from Geneva in charge of Mrs. Wakefield. A fair wouldn't be a fair if we were minus the gay balloons and confetti, these will be floating and flying too. Children must ever play an important part in all things so there will be a contest to decide for the Queen of the May.

Of course you wouldn't miss knowing some future incidents of the (Continued on page 6)

## LAKE HEADS FLA. BANKERS ASS'N

### HEAD OF LOCAL BANK ELECTED PRESIDENT OF THE FLORIDA BANKERS' ASSOCIATION AT JACKSONVILLE

Forrest Lake, president of the Seminole County Bank of this city was elected to the presidency of the Florida Bankers' Association at the meeting in Jacksonville on Saturday.

The meetings of the association were held in the Chamber of Commerce building on Thursday, Friday and Saturday of last week. It is the twenty-sixth annual convention of the association.

At the final meeting Saturday a large amount of business was transacted, the annual election of officers held and at night a banquet attended by over 200 was enjoyed at the Atlantic Beach Hotel, at which occasion Senator Duncan U. Fletcher delivered an address, the toastmaster being Giles L. Wilson, vice president of the Florida National Bank.

#### Officers Elected

The newly elected-officers are: Forrest Lake, Sanford, president; president of the Seminole County Bank.

G. G. Ware of Leesburg, vice president; president First National Bank. George R. DeSaussure of Jacksonville, secretary; treasurer; manager of Jacksonville branch, Federal Reserve Bank of Atlanta.

Executive committee: J. S. Reese of Pensacola; Dr. L. A. Bize of Tampa and T. P. Denham, C. P. Kendall and A. P. Anthony of Jacksonville.

At the morning session an address by Joseph A. McCord, chairman of the board, Federal Reserve Bank, Atlanta, was the closing feature. Mr. McCord spoke on War Savings Certificates, emphasizing the importance of thrift among the American people.

The American Institute of Banking was discussed by L. A. Perkins, consul for the organization in Jacksonville. Lincoln Hulley, former president of the association and senator from Volusia, spoke opposing the passage of the guarantee bank deposit bill.

#### Resolutions Passed

A resolution was adopted opposing the passage of the guarantee deposit law. It also was voted that \$300 from the treasury be appropriated for three scholarships to the state agricultural college, to be divided between west, south and central Florida.

A resolution was passed urging the legislative committee to encourage the passage of the bill appropriating \$50,000 for the Florida State and South Florida Fairs.

#### New Constitutions and By-Laws

L. L. Bean proposed that the convention adopt the new constitution and by-laws which have been under consideration for the last year. The motion was seconded and adopted unanimously.

At the close of the meeting the American Bankers' Association held a brief session at which L. A. Bize, vice president of Florida presided.

#### Banquet at Beach Hotel

At 3:30 o'clock in the afternoon a large delegation left in a chartered train over the Florida East Coast Railway for Atlantic Beach, the afternoon and evening being devoted to the attractions at the Atlantic Beach Hotel and to recreation out of doors.

At night, beginning at 8 o'clock, the two hundred and more attended the banquet at the Atlantic Beach Hotel. Giles L. Wilson, vice president of the Florida National Bank presided most ably as toastmaster. An excellent menu was served and during the progress of the dinner there was music by the orchestra stationed in the foyer of the hotel.

At the close of the banquet, the majority returned to the city, quite a number remained over for the dance which was featured and to remain at the beach until Monday.

E. J. Engle made a stirring speech having for his topic the Victory Liberty Loan.

## FARMERS OPPOSE FERTILIZER BILL

### MET MONDAY NIGHT AND TOOK STEPS TO FIGHT PROPOSED CHANGE OF LAW

A matter which is creating unusual interest among Sanford farmers is the fertilizer bill now before the legislature at Tallahassee.

The bill was introduced by Mr. Bryan of Osceola county and provides for a radical change from the present law compelling fertilizer companies to guarantee the analysis of fertilizer sold in Florida and provides for a heavy penalty for selling fertilizer which does not measure up to the analysis claimed for it.

Under the old law thousands of dollars have been returned to farmers of this section on goods of this nature which did not analyze as per specifications in the past few years.

It seems that the Sanford farmers are about the only farmers who have taken advantage of this law to any extent. They are extremely interested and are taking the lead in the movement to defeat the proposed change.

At a meeting held on Monday night a committee composed of A. K. Powers, L. A. Brunley, E. A. Douglas, Boyce Bell and Tom Hawkins were appointed to visit Tallahassee in the interests of the farmers here. This committee left Wednesday afternoon and were promised a hearing before the joint committee. The time set for the hearing was yesterday afternoon. This is the second committee sent to the capital on this matter.

The farmers claim that they do not want their money back for fertilizer that is not up to specifications. They want the ingredients to be in the goods as represented. A difference between the analysis claimed and the actual analysis of the fertilizer may mean many hundreds of dollars loss before the shortage can be discovered. They claim that the penalty clause is only necessary for its moral effect upon manufacturers.

## AMUSEMENT

### "Jane Goes a-Wooling"

Revealing her in a new and unusually captivating characterization that of a brave, resourceful, high-minded Irish stenographer, Vivian Martin, in her latest starring star, appeared in her latest at vehicle, "Jane Goes a-Wooling" at the theatre yesterday. The picture made an instant and emphatic hit with the audience and every scene of the gripping story was watched with breathless interest.

"Jane Goes a-Wooling" unfolds a story that has great love interest and the whimsical quality that one expects of Miss Martin's pictures. In addition it has more real drama than most of her recent offerings and it should and doubtless will prove one of her most successful vehicles.

Miss Martin plays the part of Jane Neill, a courageous little girl who chews gum and who takes dictation for a living. She has all the spunk of the best type of American business girl and she is loved by Mickey Donovan, who runs the "White House" lunch cart.

But Jane doesn't think she loves Mickey quite enough to marry him. When her father, who is somewhat of a vagabond, goes away and leaves the twins, her two younger sisters, in her care, Jane decides that she is quite able to take care of them. She obtains a position as stenographer to an eccentric old millionaire who is writing a play. There she meets Monty Lyman, the old man's relative and heir, a handsome, happy-go-lucky youth and she falls in love with him.

At the Star Theatre Monday.

### "THE EAGLES-MATE"

A WONDERFUL STORY OF WONDERFUL APPEAL

Displaying her remarkable talents in a photoplay of exceptional power, Mary Pickford will be seen to splendid advantage in "The Eagle's Mate" at the Star Theatre next Friday. "The Eagle's Mate" is a story of wonderful appeal. It is a tale of the hills, of men who make their living outside of the law. Primitive men in whom rebellion at restraint rears the natural consequence of the stifled air they breathe; men inclined to make love in the same brutal manner as that in which they make war, either on revenue officers or on their unneighborly neighbors.

Miss Mary Pickford portrays the role of a gently reared girl, who is taken from her home in the valley and thrown in with the moonshiners. We see her surrounded by luxuries and by penury, or at least by the outward evidence of it, but she is at home.

### The Forbidden Room

A gripping photoplay at the Star Saturday, has Gladys Brockwell as its star. This talented William Fox luminary has an intensely dramatic story which holds one's acute interest because of the unique way in which it is developed. It is a story of corruption in official circles, so familiar in most cities. It shows the lengths to which ambitious but unscrupulous men will go to gain power and fill their pockets with the money of the taxpayers—dragging the reputations of others in the mire without a qualm if by this means they can benefit themselves.

Such men met their match in the character that Miss Brockwell portrays. They separate her from her sweetheart and blacken the reputation of both. She makes herself seem even worse than she is painted, in her endeavor to clear the man whom she loves and who has scorned her because of plotter's tales; but in the end she wins back his love and confounds the enemy. Miss Brockwell's work is worthy of her enviable reputation as an actress of great emotional strength.

### "Under the Top"

If you have youth in your heart, no matter what your age, you should see "Under the Top," which will be at the Star Theatre Wednesday. This second Artercraft picture starring Fred Stone is a wonderful story of laughter and thrills. The famous comedian is so absolutely different in his methods of fun creating that he is in a class by himself and he bids fair to create a new style in aerobic humor.

"Under the top" is a story of circus life and it is said to be taken from Fred Stone's early experiences, when, as a youngster he longed for the life "under the big tops." He is introduced in the prologue as Jimmie Jones, a boy with a laugh, and years later he is the most daring painter of buildings in Three Forks. The circus again visits his village and pretty Pansy O'Neill who has inherited the circus from her father, is left in the town to stay with an old ex-circus woman, Lotta Crust. Then her guardians, two crooked circus nifts, go on with the show,

thinking that they can take all the money that belongs to Pansy when she is out of the way. Jimmie and Pansy fall in love and Jimmie decides to look after Pansy. When the circus men return and kidnap Pansy and try to force her to marry one of them, Jimmie follows to the circus, grabs the marriage license at the opportune moment, and leads them a pretty chase about the circus, doing stunts at stunts, as he eludes his pursuers. Incidentally, he wins Pansy in the end.

### Shipping of Ticky Cattle

The State Live Stock Sanitary Board, at a meeting held in Tallahassee, April 21, passed an order permitting the shipping of tick infested cattle for slaughter without dipping to recognized slaughtering points. After a consultation with Dr. E. M. Nighbert of the Federal Bureau of Animal Industry and the live stock sanitary authorities in states where tick eradication work has been carried on for a number of years, it was felt that cattle destined for slaughter might be permitted to be shipped by rail or boat through free territory or territory in which systematic tick eradication work is being carried on, without great danger of re-infecting such territory, if done under proper regulations.

J. W. DeMilly,  
State Veterinarian.

IT IS HEREBY ORDERED that tick infested cattle may be shipped by rail or boat without dipping to any public stock yard or slaughtering center in this state for slaughter, provided that such stock yards and slaughtering centers as are located in counties released from state and federal quarantine or in counties in which systematic tick eradication is established are equipped with separate unloading pens, chutes and other facilities as will prevent the spread of ticks in such territory; and provided further, that persons, firms or corporations, owning or operating such facilities make application to the Board, in writing, and agree to comply with all requirements in the safe handling and disposition of such shipments as prescribed by the Board.

Any present rule or regulation, notice or order conflicting with the provisions of the above order is without force and effect.

Done and ordered at Tallahassee, Fla., this 21st day of April, 1919.  
W. A. McRae, Pres't.  
J. W. DeMilly, Sec'y.  
State Veterinarian.

## A Good Tire Year

You have doubtless noticed the growing preponderance of United States Tires.

Every one is asking for tires of known value and proved dependability.

And that is precisely what United States Tires represent in the minds of motorists here and everywhere.

The idea back of United States Tires—to build good tires—the best tires that can be built, is appealing to rapidly growing numbers.

We can provide you with United States Tires to meet—and meet exactly—your individual needs.

Willie Tyner left on Friday for a couple of days' visit with his mother in Tampa, being accompanied home by his cousin Elmer for the trip.

Mr. and Mrs. Kroll were guests at the home of her parents, Mr. and Mrs. Tyner on Sunday.

Mr. and Mrs. Andrew Bertleson left on the 15th for a short visit with her parents, Mr. and Mrs. Reid in Georgia. Andrew returned to his work at the shops but his wife remained for another week.

Mr. and Mrs. Robbins and Kenneth Robbins were guests at the home of Mr. and Mrs. Vihlen for luncheon Saturday.

We understand that the large Haines grove, one of the finest in this section has recently been purchased by Mr. Lofler, J. E. Lundquist has had charge of this fine property for 42 years and at present truck loads of late orange are being sent to the Chase packing house.

The many friends of Mrs. A. F. Westerdick will be sorry to learn that she has been seriously ill this week at their home in Grapeville, being threatened again with auto-intoxic fever. Dr. Puleston has been coming out daily and thinks he has it now under control.

Mrs. Geo. Ballinger spent Tuesday in town with her friend, Mrs. Vernon Collar.

Clarence Bergquist visited with the Lundquist boys on Saturday.

Rev. Albertson of DeLand expects to be with us again, we are glad to announce, next Sunday and at Lake Mary.

Services were omitted last time on Sunday in honor of the wedding but Sunday school will be at 3:00 and preaching at 4:00 as usual.

Mrs. Bengston spent Wednesday with Mrs. H. G. Lundquist.

Every Room—Steam Heat.  
SPECIAL RATES FOR APRIL

Last Sunday, April 27th, 1919, was a big day in Upsala—a beautiful day on which occurred the marriage of one of her sweetest girls, Miss Signa Elizabeth, the eldest daughter of Mr. and Mrs. Leonard Vihlen to Kenneth Wise Robbing at their home on Belair Grove. The ceremony took place on the wide veranda which encircles the house which was prettily decorated and on which seats of honor had been placed for Grandpa and Grandma Robbins, the family and a few friends. At the hour of two, distant strains of music led us to look up and we saw the bride daintily gowned in white French voile with a large drooping hat of Milan straw and carrying an armful of white roses approaching on one side on the arm of her father and they were met at the center by the groom and his friend, Gus Schmah. The sacred words that made them man and wife were spoken by Rev. Mho. H. Massey. Afterwards came congratulations and refreshments, consisting of delicious home made cakes and ice cream which were served the guests, the most of whom had seats on the pretty grounds below. Assisting in serving were the Misses Olga Vihlen, a younger sister of the bride, Margaret Ericson and Mr. Schmah. Ere we knew it, the bride had slipped into a natty green travelling suit and accessories to match and they were ready to depart for the 3:00 train for Jacksonville, but ere leaving Mrs. Chase among others saw to it that they were plentifully showered with rice. They will visit for ten days at the home of Mrs. Alice Harvey, an aunt of Mr. Robbins and then down on the East Coast with Mrs. Robbins' relatives, after which they will be at home in Sanford to their many friends on French avenue and Third street. The bride has been in the office of Chase & Co. for the last four years, while the groom is a valued employee of the A. C. L. shops. An overflowing dining table, heaped with beautiful gifts showed the esteem in which they are held by all who know them. May God's blessing go with them through life's journey.

### EAST SANFORD

Mr. and Mrs. L. A. Brumley returned home from North Carolina last week, bringing their son, Willie with them somewhat recovered from his recent illness. Mrs. Brumley is at home from the sanitarium at Port Orange with every indication of a complete cure from her attack of tubercular trouble and is very happy to be well again. She is receiving congratulations from a large circle of friends.

G. C. McDougal will go to Chicago, Ill. this week for a ten days' stay attending the air brake convention.

Mr. and Mrs. Will Raynor, Miss Isabelle Raynor and some west side friends went to Daytona Beach Sunday.

Mr. and Mrs. Walter J. Ward came from Jacksonville Friday for a visit with Mrs. Ward's parents. Mrs. Ward will remain for a week. Mr. Ward has accepted a position in Jacksonville instead of going to Salem, Mass., as planned.

Mr. and Mrs. I. D. Hart and daughter drove to Daytona Beach Sunday in their new seven passenger Chandler car and had as their guests, Mrs. James Estridge, Herman Middleton and Frank Roper from town and Miss Florence Moremen of Winter Park. The party dined at The Breakers and had a delightful day.

Mr. and Mrs. Ross King and three daughters and their guests, Mrs. Jennie Sheehan and two children spent Sunday very pleasantly at Daytona Beach.

Mr. and Mrs. Joe Cameron have recently had a large screen porch built on their house and are further adding to the appearance of their home by newly painting it.

Price & Collier are building a large back porch and breakfast room on the G. C. Chamberlain home and have plans for a fine new garage for the new car.

Mr. and Mrs. Nick Zernovene have let the contract to Mr. Shinholler for a \$4500.00 house to be built opposite the Ellsworth home. It will be of interest to the Herald readers to know that the Chamberlain celery before mentioned in this column is making a wonderfully good yield, cutting out 2½ cars per acre. There are about 15 acres and has all been sold through the Sanford Truck Growers, Inc., to Mr. Ahurn representing a Chicago brokerage firm.

**WEST GENEVA AVENUE**  
We are having awful dry weather

Mr. and Mrs. Nicola are busy getting off their Irish potatoes this week and they are fine and a fine lot of them.

Mrs. Vaughn has sweet corn in silk now and rain is needed bad to make it fill out.

Mr. and Mrs. Will Robinson are selling some vegetables now from their garden. We will soon have sweet corn and cow peas and Irish potatoes to eat and that will save the food bill some.

There is nothing like having a good home garden, it is a big help at home.

Mr. and Mrs. Jesse Thompson, Miss Gladys Robinson and Mrs. Will Robinson were calling at Mrs. Vaughn's Sunday.

Mrs. Neal Gulp made a pop call on Mrs. Will Robinson Monday afternoon.

Mrs. Tom Fortier was shopping in town Monday.

Mrs. Nicola was attending to business in town Tuesday.

Mrs. Gladys Robinson was calling at Mrs. Tom Fortier's Tuesday afternoon.

Mr. and Mrs. Geo. Ballinger made a short call on Mrs. Vaughn Sunday afternoon.

The sweet potato planting time will soon be here. I see some people are fixing to plant now and that will be another saving of food bills.

I don't think this high cost of living will last much longer for people are raising the most of their food at home.

The war has put lots of people to raising food at home.

Home raised food is so much better than what we buy.

Nice lot of rice and corn and potatoes, then we can live good and rest at ease and not be at much expense. Rice is easily raised.

### GENEVA

Mr. and Mrs. Brannon and two interesting children of Mimms spent the week end with Mrs. Brannon's parents, Mr. and Mrs. W. J. Daniels.

Fred Ballard, another of our soldier boys returned home from France last week.

Mr. and Mrs. Theodore Tice and Mr. and Mrs. Aubrey Moran were visitors in Orlando Sunday.

Mr. and Mrs. H. H. Pattishall received a telegram from their son, Lt. W. A. Pattishall that he had arrived in New York and would soon be home. Their many friends rejoice with them.

Misses Edna and Alice Geiger of Orlando spent the week with their parents, Mr. and Mrs. Geo. Geiger.

O. R. Nicholson visited his brother's family at Mims last Sunday.

Mrs. Ira Starling is recovering from her recent illness under the care of Dr. C. J. Marshall of Sanford.

Mrs. R. G. Nicholson, Mrs. Troy Proctor, Mrs. Geo. Peters and Mrs. F. V. Wicks were shopping in Sanford last Wednesday.

Mrs. Aubrey Moran and Misses Helen and Pauline Moran expect to leave for Miami this week, where they will visit Mr. and Mrs. D. W. Moran.

A chicken pillau was given on the shore of Lake Geneva last Saturday evening in honor of our recently returned soldier boys, Fred Ballard and Robert Hill. It is needless to say the evening was very much enjoyed. Those attending from Sanford were Mr. and Mrs. David Speer and Mr. and Mrs. D. C. Marlowe.

THE SMOOTHEST SMOKING TOBACCO

WHEN I smoke, I want my tobacco cured by Mother Nature—  
not by Mother-in-law Process.

*Velvet Joe*

There is nothing harsh in Nature's methods—no stunts, no "hurry-up."

Her quiet, patient way with VELVET during its two years ageing in wooden hogsheads, brings out all the kindly comfort of fine Kentucky Burley leaf.

The quicker, less expensive methods cannot possibly produce the fragrance, coolness and downright pipe qualities of VELVET, cured in Nature's way.

Today it is your privilege to enjoy, with hundreds of thousands of other smokers, this mild and friendly VELVET tobacco.

Roll a VELVET Cigarette

VELVET'S nature-aged mildness and smoothness make it just right for cigarettes.

### Telephone Rates Revised

There was filed with the State Railroad Commission April 26th, by direction of the United States Telephone and Telegraph Administration, new schedules of telephone exchange rates, to become effective May 1st, the purpose of which is to meet as nearly as possible under commercial conditions a heavy deficit which is being accumulated during the period of operation of the telephone properties by the United States Government, and which can be met in no other manner than through revision of rates, except by direct payment from the United States Treasury.

In the letter of transmission with which the Southern Bell and Cumberland Companies file these new schedules of rates, in this and other states in which they operate, the several State commissions are invited to call upon the companies for any financial or statistical data showing cost of operation and income, all of which the companies offer to submit in support of the new rate schedules. Attached to the schedules is copy of the order of the postmaster general to the operating board of the United States Telephone and Telegraph Administration approving these rates and directing that they be put into effect at the earliest practicable moment; and copy of letter from the operating board to the companies, directing that these new rates be put into effect May 1st or at the earliest date thereafter consistent with the ability of your organization to handle the details.

The schedules of rates proposed are not wholly an increase of exchange rates, but rather a readjustment of the rate structure, based upon commercial conditions of today, with a view to bringing nearer to a balance the cost of operation and the income derived from the service; the need for which is made, at once apparent when it is considered that almost without exception the schedule of rates for exchange service heretofore in effect was made up in a time when 12-cent bacon, \$1.00 shoes, \$15.00 clothes and 8 and 10 cent cotton were satisfactory prices for these commodities. In the main the new schedule filed increases rates for local telephone service and yet under certain local

community conditions it has either the effect of slightly affecting existing rates or leaving many of the rates substantially as they have been.

"In short, the United States government—as indeed would be true of these telephone corporations if they were in possession and control of their properties—is in exactly the same position as is every individual in this country engaged in business. First, it just as individuals, are, is obliged to pay high prices for everything used in its business; and next no business, whether run by an individual or corporation or by the United States, can continue to furnish any product, commodity or service for a price which is less than it costs to produce it. If any individual or corporation undertakes to furnish an article or service for less than it costs to produce or furnish it, bankruptcy is inevitable. If the United States undertakes to furnish a service for less than it costs to produce it, the deficit must be paid out of the United States Treasury, which in turn means that those who may not use such service are taxed equally with those who do use it, to raise the revenue.

This order increases the Sanford rates 50c per month on each station.

### Florida Times-Union on the Methodist Centenary

(By Edward F. Loy)

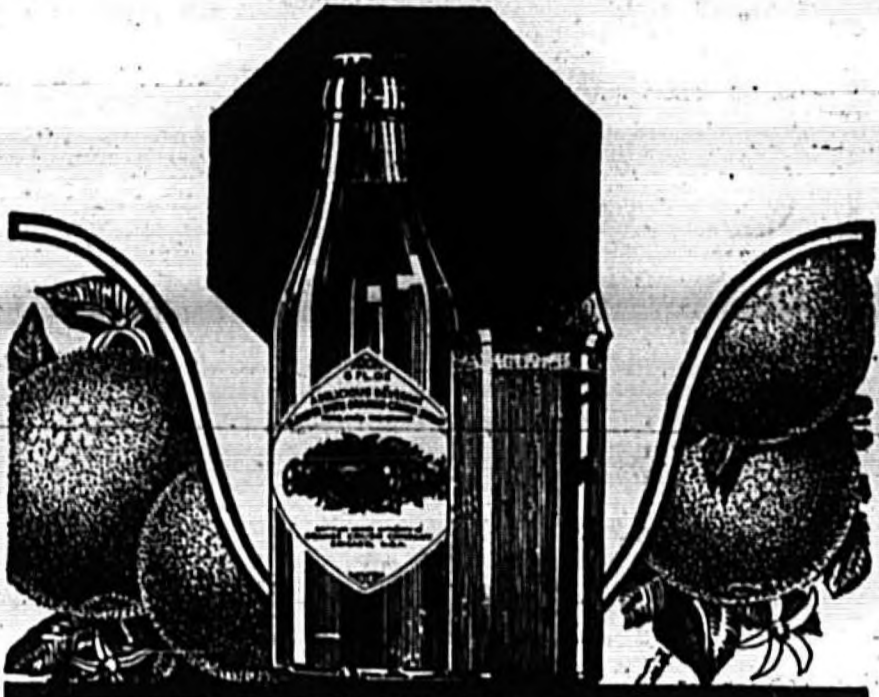

One hundred years, one week and one day the Methodist Episcopal church entered into the work of organizing missions. The Methodist Episcopal church, South, is observing this centenary by an effort to secure money to expand its work. It asks of its members thirty-five million dollars to be expended during the next five years and has published a world's survey showing the needs of the various mission fields, what it proposes to spend on each and the number and class of workers it wishes to send out. The survey is a wonderful publication in its clarity and completeness of statement.

The people of the United States have been called on to give immense sums of money during the last few years with no other statement than the general purpose for which money was intended. No attempt has been made to enlighten the people as to how much of the money they were called on to give was to go to those who were supposed to be the beneficiaries and how much would be taken out before reaching them for press agents, salaried officials or the various other expenses that so often eat up a very large part of what is given in charity. The Methodists might have been pardoned if they had pursued the usual course and asked the contributors to give blindly, for they were appealing to their own people. While of course they would gladly accept any aid coming from the outside they are appealing only to their membership.

So it is doubly refreshing to see that they are telling those whom they ask to contribute just what they propose to do with the money. No one is asked to give blindly. Every one knows how the money is to be used. Besides the fact that this is honest with the contributors the decision of all these matters and their publication before hand shows a definite program already formed with nothing left to whim or caprice.

But the thing that impresses us more than anything else is that they have started out to do a certain thing and tell all who are interested just what that thing is. They show a thorough study of the needs of the different fields and of the best means to supply them. They tell where every man they propose to send out will go and tell what he will do—whether preacher, educator, physician or nurse. The man who contributes to the big fund this church proposes to raise will know precisely what they are doing.

**Sympathy as a Fine Art.**  
Sympathy is one of the fine arts. It should enrich, not impoverish; strengthen, not weaken; inspire while it comforts. It is easy enough to say you are sorry. It is easy to grieve with your friend over his trouble and pity him for his mishaps. But the sympathy which is a fine art does not encourage him to give way to despair. It stimulates. It puts hope in place of heartache. It points on and up. Do not wrong your friend with the sympathy which will make him feel like pitying himself.

dollars—well, I am willing to pay my share of that, even if I do not have a car or a truck or even a horse and buggy to ride with. I am willing to pay my share of the tax to see Seminole county be the banner county of the state and the leader of all other counties in building good roads. Every one, I believe, should feel this way about it. Even those people who are fortunate enough now to have the brick roads running by their homes—they should feel that it is their duty to see that their neighbor gets the same benefit from the county by having a road built by or near his place. Think this over, dear readers, and vote for the bonds that will make it possible to have more good roads.

Well, they tell me that the Governor signed the bill introduced by the Representative of Seminole to put hogs of Seminole county in pens, instead of scattering them all over the face of the landscape, and teach them to be no respecters of persons or cabbage patches. Now I refer directly to the four foot species of hogs. This is a good thing, and the people of the county should rally around the polls at their earliest opportunity and vote their convictions on this hog law. If you don't want other people's hogs "bothering" your tater patch and don't want your hogs bothering other people's tater patch, then vote for the adoption of the law—the law contains a referendum and does not go into effect until thirty days after its ratification at the polls. Again the people must speak and it is the duty of every voter to go to the polls and speak his convictions on this question of whether or not hogs should run at large in Seminole county. As all voters expect of all officers that they do their duty, it must be expected of all voters that they will do their duty. I tell you now that I am voting for the adoption of the law, and would advise you to do likewise.

Sanford is now in the midst of a wonderful lot of prosperity and it appears to me to be the "dawn of a new era" for the little old burg. As recorded in the editorial columns of the Herald last week there are many things that speak for the prosperity and the general waking up of the city. The new charter that is to be submitted to the citizen voters of Sanford within a short time after the legislature adjourns, carrying with it the provision of a manager plan is one of the best things for the city—it is a change of system and in short it is the system of the present day municipal government. It places, so I understand from one of the charter committee, who I talked with the other day responsibility where it belongs—in a man who gets paid for being responsible, and also where a common citizen of the town has

and wants to demand his rights, and the man who is responsible for this, that and the other. It makes a man's business to look after the people's business. This man is to be selected for his fitness, regardless of his religious, or political belief or duties, he they what they may. If he is fitted for the job he proceeds with it; if he is not fitted he does not get the job, or having gotten it he can be relieved just as soon as the commission discovers his unfitness. He is not bound to the city by the strong cord of a political pull, and for that and other reasons he must do his work well. The charter committee said also that "Another provision of the charter that every one ought to be glad of is the creation of a municipal judge, or municipal court to handle all violators of the municipal ordinances. This judge will have for his job the municipal court and he will not have any other duties with the city. He ought to escape the ever ready charge that he is thinking of something else when he enters a fine. He is appointed and fired by the city commission. He must be a good judge or he goes. The committee man went on to explain the whole system and stated that the charter would be ready for inspection within a few days, so it is needless for me to try to enumerate the many good points. We will just wait until we see it and then judge for ourselves. It is to be submitted to us voters for ratification or rejection and then we can take a shot at it as we think it deserves.

The new hotel is another of the things that will make Sanford appear to have new life. The Hotel Company is now in possession of the Welbourne Block and just as soon as the court officials can get into the new court house I understand that work will commence on remodeling the Welbourne Block into a hotel. They say we won't know that old building by November 1st. The company, so Doug says will entertain in the new hotel on Thanksgiving day, but one of the other live wires, the vice Pres. says he thinks we will celebrate the completion of the new hotel on World Peace Day, Nov. 11—now just let's see who is right.

**Letter From French Boy**  
The following letter was received by Robert Holly, Jr., from a little French boy. Robert thought it would be of interest to the Herald readers, also parents who have sons over there to know the French are doing all they can to make "our" boys happy:

Libourne, C. 27th March, 1919  
Dear Friend:

You will be perhaps astonished to receive a letter from a young French, but when I have taken cognizance of your brother, who we have received with a grand pleasure, he had given to me your address for to correspond with you.

You will excuse me if I do some short-coming, but there are only two years and half a year I have begun to study the English.

We have been very happy to receive your brother at home, and also, to fill the place of his parents, who are very far from him. But you may be sure he is happy and we shall be very nice for him.

He comes often to sup and to sleep at home; he arrives on the Saturday and replies on the Sunday evening. It's not very removed, there only three or four miles. He comes sometimes since the week.

He had said to us he prepare his officer examination, and we shall be very happy to may feast him before his departure.

I think you will be willing to correspond with me, and I ask to you, to have the kindness to correct my mistakes.

I expect you will answer to me writing French, and I shall correct your mistakes as well as I shall may. I think I shall receive your answer shortly.

Your new French friend,  
T. Gellie.

Excuse me if I do some stains.

Are you going to vote for bonds to make a complete system of good hard surfaced roads in Seminole county? I know that I haven't much property on which to pay taxes, but at the same time my taxes are probably as hard for me to pay as he that owns sections after sections of good rich lands, and while his taxes will be more in amount to him, they may not be more in proportion to his income than will mine, nevertheless, I am voting for bonds I believe in the good road system and I know that we cannot enjoy the privileges without it costing a few

### OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haskem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haskem Oil is inclined in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haskem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haskem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand, in sealed packages.

**Home Guards Called**  
One hundred county guards of St. Johns county have been ordered to Jacksonville and to escort from there to Lake City the four prisoners to be tried this week in Lake City on a charge of murdering Mrs. Wylie Koons and seriously wounding her husband. The guards were ordered out by Governor Catts with instructions to defend the prisoners, if it were necessary to take human life. Three of the prisoners are white men.

The prisoners were hurriedly brought to Jacksonville by Sheriff Perry of Columbia county shortly after the crime. Because of the high feeling in Columbia county mob violence was feared. The prisoners were secretly taken from the jail there and rushed by automobiles to Jacksonville and lodged in the Duval county jail for safe keeping.

St. Augustine, April 26.—(Special.) Complying with telegraphic orders received last night from Governor Catts, Adjutant General Christian today ordered the three companies comprising the St. Johns County Guards to be assembled to the strength of one hundred men and held in readiness to march upon further orders. Captains Brown, C. J. Donell and Leonard have been ordered by Major Bailey, commanding the battalion to assemble their companies in their respective armories at 6 o'clock this evening for instructions in respect to movement of the battalion to Lake City.

This is the first call that has been made upon the St. Johns County Guards for duty and it has been ordered for the purpose of escorting to Lake City for trial and protection the four alleged murderers of Mrs. Koons, who are now held in the

Duval county jail at Jacksonville for safe keeping, as lynching was feared in Columbia county.

Adjutant General Christian and officers and men of the Home Guards will await further orders from the Columbia county officials and it is expected they will escort the prisoners to Lake City the early part of the week.

(By Mary McGinniss.)  
Tallahassee, April 26.—(Special.) Governor Catts issued the following order today:  
General J. B. Christian, St. Augustine, Fla.

You are hereby commanded to get in touch with Sheriff Perry, Lake City, Judge Horne and Solicitor Caldwell, Madison, in regard to moving one hundred troops from St. Augustine via Jacksonville and receive from the sheriff of Jacksonville four prisoners to be tried at Lake City for the murder of Mrs. Koons. Arrange with either or all three above officials the date you leave St. Augustine with troops, arriving at Lake City as per agreement. Do not send prisoners even to taking human life and see that they have fair trial by protection of military troops. Have decision from attorney general that home guards can be called into any part of the state under present law, therefore, as adjutant general you have right to summons troops and force them to go.  
Sidney J. Catts, Governor.

**Better Baby Contest**  
During the week of the spring festival, May 20, 21, 22, the Woman's Club will hold a Better Babies' Contest and Parade. The contest will be held in the club house on Oak avenue (between 3rd and 4th streets) on Monday, 20th, Tuesday, 21st and Wednesday, 22nd, with Dr. Grace Whitford, State Health Officer as the examining physician. The hours for the contest of perfect babies will be from 9 a. m. to 12:30 o'clock, and from 2 p. m. to 5:30 p. m.  
Will all mothers please confer with Mrs. R. R. Deas, phone 67, that she may get ready for this work. Enter your babies, that the list may be made out, and hours given for examination. The contest cards will not be handed out as in the past. They will be held at the club for use on these days, and all a mother needs to do is to place her baby's name on the roll. The roll will close on Saturday, May 17th, and any names coming in after that date will not be eligible. This is to avoid any confusion and misunderstandings.  
Age limit for contest 6 months to 2 years. Age limit for parade 1 months to 3 years.  
The parade will be on Wednesday, May 21st, at 5:30, forming at the club house, crossing Central Park and up to the Ninth Street Park, where the festival will be held, and here will be awarded the prizes for the prettiest baby conveyance, and one for the most original vehicle too. The prizes for the better baby contest will be awarded at this time.  
Watch for further notices in following issues of the Herald.

**Married in France**  
Mr. and Mrs. R. F. Washburn announce the marriage of their son, Corporal Floyd Washburn to Miss Esther Vollaume at Romorantin, France, April 9th, 1919.  
Floyd enlisted at the President's first call for volunteers and has been in the service three years; the last year in France. Miss Vollaume lost her father in action early in the war.  
This culmination of a pretty romance shows that not only two hearts but two nations, whose hearts beat as one, can make love as well as war.  
The couple will make Sanford their home as soon as Floyd is mustered out of service.

## COMING TO SANFORD

**Electro Medical Specialists**  
Will be at  
**CARNES HOTEL**  
One Day Only  
**THURSDAY, MAY 8TH**  
Wonderful Results — Marvelous Demonstration in Chronic Disease Cases by the X-Ray and Electro Medical Methods

Offer Service Entirely FREE

Work comes that the Electro Medical Scientists will be in Sanford for one day only.

This should be welcome news for those who cannot conveniently visit the central laboratories at 117 West Forsyth St., Jacksonville, Fla.

The offer to treat all those who call on this visit absolutely free (medicine excepted) is their original plan to get their methods before the public quickly.

The X-Ray has long proven itself a most valuable aid in determining actual ailments. This, combined with the thorough and critical examination made with delicate electric lighted instruments, makes the diagnosis doubly certain, thereby enabling the correct method of treatment to be administered. It can be added that all examinations are entirely free from pain or unpleasantness of any kind.

When you take into consideration the remarkable success being made by the Electro Medical Scientists in the relief and permanent benefit of chronic ailments, there is absolutely no excuse for chronic sufferers going through life mangled and afflicted with disease.

Naturally these people realize their unfortunate condition and feel they must do something to get well; but having been disappointed by old time treatments and useless patent medicines, have become dubious, and are seemingly indifferent in their further search for health. It is just such people who are earnestly urged to call.

Electro Medical Science means comfort, happiness, long life. It means good digestion, sound sleep, a clear head, rosy cheeks, sparkling eyes, a placid mind, content and a joy to be alive.

Stimulates the body to activity, brings about a purified blood supply, the elimination of poisons, the strengthening of the nerve centers, bringing about an equalization of all the bodily forces, returning thereby a feeling of well being, health and strength that is the rightful heritage of every man and woman. This new system eliminates useless drugs and surgery.

You have only yourself to blame (now that you know the truth), if you continue to suffer from rheumatism, uric acid poisonings, stomach disorders, nervous trouble, blood and skin conditions, liver, kidney and bladder complaints, bed wetting, gall stones, ovarian and female troubles, indigestion, constipation, catarrh and asthma, bronchitis and the general run down feeling following influenza, enlarged glands, varicose ulcers, discharges, epilepsy, neuralgia or any of those diseases about which most people dislike to consult the general practitioner or have done so unsuccessfully.

Bear in mind that this will likely be the last visit when the doctors will offer their examination and their services without charge.

Married women must be accompanied by their husbands and minors by their parents.

Remember the hotel days and dates—one day only.  
Hours 9 a. m. to 3 p. m.

**Guards Drill Monday**  
At the last regular drill of the Seminole County Guards held on Friday evening it was decided to change the night for regular drill to Monday night in the future instead of Friday night as formerly.

The change in the time was brought about in order to accommodate several of the men who work late on Saturday nights. As Saturday is a very hard day for a great number of the men it is believed that the Monday night drill will be less trying for those who have this Saturday work.

The change is effective next week and the first drill under the new schedule will be on Monday evening at 8:30.

Come on Good People We are Not Quite Through With Our Part of This War Job.

You told Uncle Sam to bestir himself—to spare no expense in order to beat Germany to the ground in the quickest possible time.

American materials on top of American valor, ingenuity, and resourcefulness did the job and did it well.

So let's wind up our War Account—our own debt of honor, and thank our lucky stars that we are through, and with Victory and Prosperity for our reward.

The best advertised individuals in
the country—Uncle Sam and his
Victory Loan.

The ex-paiser is now telling the
world that he never wanted war and
did his utmost to prevent it. But an
incredulous world is very like the
state of Missouri—it will have to be
shown.

If the present generation dispose
of all alcohol it will be very ungenerous
of them to leave nothing for
their descendants to reform. Let
posterity fight sin—let it be shown.

According to the Victory Loan
poster, all the left handed men want
to "finish the job." But this does
not excuse you for holding off just
because you are right handed!

To those who think the Versailles
peace conference slow he stated that
the congress of Vienna in 1814-15
required eleven months to produce
a peace treaty. And the issues then
were much less complicated and
far reaching.

The "American" or army of occupa-
tion on the Rhine have gotten out
a stunning manifesto describing their
life as all joy and sunshine and ending
on fifty thousand volunteers to
enlist. But we have yet to learn
that these heroes make any request
to have their time extended when
the government calls them home.

OUR RETURNING SOLDIERS
Throughout our country our sol-
diers are making their way to their
home towns. And complete are
made that in many places they are
received with little enthusiasm.

We do not believe that the lack of
enthusiasm comes from any lack of
feeling. Americans are not given to
expressing their emotions. The
American youth is trained to re-
pression and self-control, and the
result of this training remains with the
adult.

But when soldiers come home in
the time, if ever, to give expression
to our feelings. These young men
have risked everything in the service
of their country. They have en-
dured discomfort and suffering and
peril for our protection. They come
with the stripes of honorable service
and honorable discharge upon their
sleeves.

Let us greet them with the hearti-
est of welcomes. The small town
cannot give its returning heroes tri-
umphal arches and wonderful music
and great parades. The more good
that we should show them the depth
of our feeling, our enduring pride in
them, and our joy in their return.
Let the time if their home coming be
a time that they will always remem-
ber with satisfaction and happiness.

General Orders
No. 1

1. The Commanding General an-
nounces to the Command the splen-
did conduct of the following officers
and soldiers in action against the en-
emy as described after their respec-
tive names:
EXTRACT
Chaplain George Hyman, 326th Inf.,
During the Argonne Offensive,
October 2-30, 1918, he displayed
great determination and devotion to
duty in searching for the wounded
and dead and conducting burial ser-
vices under heavy shell fire. His unselfish-
ness and courage furnished a splen-
did example to the men, and assisted
materially in maintaining their morale.

2. The Commanding General takes
particular pride in announcing to the
Command these fine examples of
courage and self sacrifice. Such
deeds are evidence of that spirit of
heroism which is innate in the high-
est type of the American soldier and
responds unflinchingly to the call of
duty, wherever or whenever it may
come.

3. This order will be read to all
organizations at the first formation
after its receipt.

COMMENCEMENT NEXT WEEK

Will Be a Banner Week for Sanford
Schools
Next week will be Commencement
week in the Sanford schools—the
time looked forward to by teachers
and pupils alike.

The High School will have a gradu-
ating class this year of twenty-two,
the largest, it is said, in the history
of Sanford. In addition there will
be a good class of graduates from the
Grammar schools.

The program for the week is as
follows:
Sunday evening, May 4th, 8:30
o'clock, Commencement sermon,
Rev. Dr. E. D. Brownlee.

Tuesday evening, May 6th, recital
by Mrs. Munson's music pupils.
Wednesday evening, May 7th,
Graduating Exercises Eighth Grade.
Thursday evening, May 8th, Jun-
ior-Senior Reception.

Friday afternoon, May 9th, 5
o'clock, Class Day exercises.
Friday evening, May 9th, Grad-
uating Exercises Senior Class.

All evening exercises will begin at
8:30 o'clock.

The Herald has arranged for a
complete resume of the Commence-
ment exercises for next week's issue.

NEW EXCHANGE TELEPHONE RATES  
EFFECTIVE MAY 1, 1919

A new schedule of telephone exchange rates became effective in Sanford, May 1st, by direction of the Operating Board of the United States Telegraph and Telephone Administration, acting under the order of the Postmaster General of the United States.

As you know all of the lines and property of this company are in the possession, control, and are being operated by the United States Government under the direction of the Postmaster General of the United States. The new rates are necessary in order that additional revenue may be secured by the government to meet the increased operating expenses. The causes which make greater telephone revenue necessary are due to the new conditions and the new price levels introduced by the war and are entirely beyond the control of the United States Telegraph and Telephone Administration or of the Telephone Company.

More than two years ago the Company foresaw that the telephone system would be operated at a loss unless the rates could be adjusted to meet the increasing costs of all elements entering into the production of service. A similar rate adjustment would have been unavoidable under private control and the new rate schedule is practically the same we would have sought in 1918 if the government had not taken possession of our property.

As stated by the Postmaster General, the owners of the telephone system do not benefit in any way from rate changes. Practically all of the increased operating expenses which require this additional revenue are due to increased wages paid to employees to enable them to meet the new conditions of life in the present day. It is neither practicable nor desirable to reduce wages, and so far as wages are concerned we believe that portion of the increased operating expenses to be permanent.

The new rate schedule is fair and reasonable and the percentage of increased revenue which it will produce is much lower than the increased cost of other services and commodities of a similar character. Complete detailed information about the new rates may be obtained at the manager's office. We are making every effort to change our records promptly and your courteous consideration will be appreciated. The new rate for your service is shown on your statement for May 1.

Birds Not Man's Enemies. It is a fact that if it were not for the bird life we would starve to death. The great natural enemy of man is any force that will destroy his food-stuffs. Every field is the home of thousands of insects, and agricultural reports will verify the fact that each year millions of dollars' worth of crops are destroyed by insects.
