# Then check these facts that prove that FORD is your best buy !

There hasn't been any question about Ford being the best buy throughout the '57 season -Ford's sales leadership has proved it! And now that the model-year end is here, Ford's an even better buy. To make room for our '58's, we Ford Dealers are offering you buys that have never been equaled.

#### You save when you buy Ford

As a smart buyer, you'll want to compare prices. When you do, you'll find that model for model, right across the board, Ford cars are the lowest priced of the low-price three. And as far as the medium-priced cars are concerned, you'll discover you can buy a '57 Ford for hundreds of dollars less than a similarly equipped medium-price model." · June nemperior of many laterer's segurine mini delivered prices

You save when you drive Ford Ford showed dramatic proof of its low-cost operation in the only nationally recognized test of gasoline economy-the 1957 Mobilgas Economy Run. In a field of twelve different makes of cars, a Ford Six delivered more miles per gallon than any of them. Proof, indeed, that Ford delivers the kind of economy you want!

#### You save when you trade a Ford

Not only is Ford worth more when you buy it, but it's solidly built to be worth more when you sell it, too! So your Ford savings start the day you buy and continue on right through to the day you sell.

minole County continue to grow \_\_\_\_\_ to some intering, insustrially, commercially and SWSY alationwise.

Projects, plans, dreams and visions are beginning to materialize with nearly each day bringing new announcements of another istion that will add to the importance of the Sanford area.

54

One of the newer plans would bring usands of business people and pleasure ters to Sanford and Seminole County for varying lengths of time. As these plans begin to materialize our city and county will be better known as "Florida's Newest Convention City."

Aiready being readied for distribution to industrial, commercial, civic, fraternal and religious organizatons is a convention folder showing the advantages of Sanford and Seminole County as a convention city and area. The attractions shown in both color and black and white would make any travcier's eyes "water" with ecstacy for our mmunity has so many more advantages than others of the entire southeast area.

The plans to bring upward of 35 conventions a year to Sanford and Seminole County are those of the Seminole County Chamber of Commerce "Tourist and Convention Committee" with Frank Mebane Jr., general manager of the New York Giants Mayfair In start

Speaking of Frank Mebane Jr. and his leadership of the Tourist and Convention Committee of the Seminole County Chamber of Commerce, we also recognize the unlimited possibilities of the new Camp For Boys which the New York Giants has authorized for Sanford beginning next year.

Following the 1958 spring baseball training of the New York Glants organization here and beginning in the early summer facilities will be readied for up to 800 boys. Simultaneous with the announcement of

Elaborate plans for the circularising of the thousands of groups who meet regularly each year for annual conventions and gettogethers have already been crystalized. Brochures will be accompanied by letters and personal invitations attracting conventions of 800 to 1800 people from all over

piene, ices than three months

the country. Many Sanford people are contacting orranizations, businesses and industries with which they come in contact to issue invitations to come to "Florida's Newest Convestion City,"

This is just one of the activities of the Seminole County Chamber of Commerce which provides the leadership and planning Upled Pros Blaff Correspon that accelerate the growth, expansion and economic activity for our community.

There is no hard and fast rule to de-termine or estimate the value of 85 or more ing of an earth satellite, followconventions in Sanford. Here's another opportunity for Sanford and Seminole County to benefit economically. The New York Giants Camp For Boys will be an attraction that will not only bring up to 300 boys here for summerlong activitiss but will also bring their parents for visits at varying intervals during the boys' stay here.

It's one more industry added to the list that is growing now by leaps and bounds -one more opportunity for Sanford and Seminole County to attract hundreds of people to our area to "see what we have to offer."

WASHINGTON (UP)-The mar- | declined to a rate of 2 per 1,000 ket value of the nation's farms farms in the year ended last jumped 8 per cent to a new rec- March 15. This was a slight drop ord high of \$102,400,000 in the year ended July 1, the Agriculfrom the 2.3 rate one year earlier.

ture Department reported today. The value was expected to be even greater for the late summer and early fall months, the de-partment added in a farm real estate report.

The 8 per cent climb was the largest annual increase since the year ended in mid-1951. Farm values increased by 2 per cent or more in 47 states, with the sharpest advances-averaging 12 per cent-reported in the Southcast.

Farm land and building values increased by 3 per cent betwen last March 1 and July 1, the re- port noted. This brought the July 1 index of value per acre to 151 per cent of the 1947-49 average. The report said the strength in farm values was due to:

· Generally favorable crop prospects as of mid-1957. Pressures to enlarge existing

farms. Increased demand for porquality land in some areas. Farm

ers and non-farmers want such land to "deposit" in the soil bank

The "continued high level" of

Coat Of Arms **Good Business For** New York Woman By GAY PAULEY United Press Women's Editor NEW YORK @ - It's been a long time since knightbood was in

flower, but the cost of arms business still thrives. "It'll have another boom when Queen Elizabeth gets here," said Mrs. Mary E. R. Mulford, a bright-eyed little woman who for 40 years has studied and painted heraldic insignia. "The British are great for trappings. . . there was a lot of new interest in coats of arms during the coronation." If you're going through life without a cost of arms and figure some ancestor belonged to a medleval "400," Mrs. Mulford is the genealogical research and, if she finds you rate a coat of arms, she will paint one for you. Some of her works will be displayed at the New York Antiques Fair Oct. 14-19.

"I research and paint about 150 a year," she said, "It's a lovely occupation for an old lady." Coats of arms are . suitable for framing and hanging on the wall and frequently are reproduced on scal rings, on personal stationery, or on business cards.

Originally, only knights and peers were entitled to the insig-

Date to Middle Ages

nia.

Mrs. Mulford, a widow in her 50's, said coats of arms began with the Middle Ages, date at least as far back as William the Conqueror. This, she explained, was before reading and writing

#### **Russia Said To Be Using Hypnotism To Startle World**

LONDON IN - A British journal says that Russia is using hypnotism, "a secret weapon far more deadly than the intercontinental ballistic missile," to startle the Western world.

The Journal of Medical Hypnotism, official organ of the British Society of Medical Hypnotists, said Moscow is using "modern psychological methods developed by the Russians employing the scientific principles of hypnotism and suggestion based on Pavlovian theor ies."

"Scientific propaganda has had the Western world jumping to the Russian tune like a 'stooge' oneying the commands of a stage hypnotist," it said.

"Whole armies have been bogged down and the West put to colossal expense without the St viets firing a shot.

"Whatever 'ultimate' weapon is developed, it will still require the mind of man-perhaps only ONE man-to set it off. Only a proper understanding of men's minds can avert eventual world catastrophe."

#### BURDETTE "SWEETEST"

CHICAGO IN - The Retail Candy Institute is sending Mil-World Series.

hence the term, coat of arms. Designs at first were simple, maybe an animal. But they be-Ireland, Scotland, and Wales, and someone waved money in front of a vast library on the subject.

Here's dramatic proof that repeated quality dry cleanings do not alter look and feel of newness!

No longer need you worry about how often to have your clothes dry cleaned. Do it whenever they are soiled or mussed because ingrained soil and perspiration are hard on clothes - NOT QUALITY DRY CLEANING! The makers of SANI-TONE ran exhaustive tests to prove

pictured above, was Sanitone Dry Cleaned 50 (fifty) times and even experts could detect no significant difference between it and the one that was brand new . . . either in appearance, or in the feel of the fabric. This

One of the identical brand-new suits display, so come in and see for your-

self how safe Sanitone Dry Cleaning is for your family's clothes. In fact, we believe you'll agree that

all clothes will stay new-looking longer WITH regular Sanitone Dry Cleaning. Our regular patrons will

#### **REGISTRATION NOTICE**

The Registration Books of the City of Sanford, Florida, are open at the City Hall, commencing Monday, September 16, 1957, for the purpose of registering for the Municipal General Election to be held on November 5, 1957, and will remain open each day except Sundays and holidays, up to and including Friday, October 25, 1957.

Only those who have reached the age of 21 during the past year or who have acquired a legal voting residence in Sanford are required to register.

All others previously registered since December 1, 1930, are already qualified to vote and do not have to re-register unless they moved from Sanford during said period.
