

Radio-TV Highlights

THE ROOM — The room is shown as the library contains several hundred books, a comfortable and some comfortable chairs and a television set.

The man creating a friend who is placed at the books and is pleased. "I'll bet you don't have much chance to read any more."

He says that my job requires that I view a lot of television. Yet I also read a lot. I read as much as I did when I read more intensively.

Generally, in one of the books I read some time ago, I read a lot of television. I read as much as I did when I read more intensively.

He says that my job requires that I view a lot of television. Yet I also read a lot. I read as much as I did when I read more intensively.

CAPTAIN ROBERT W. JACKSON, Commanding Officer of the NAAS, awarded Good Conduct Medals to four men attached to the station recently. The medals are earned for an outstanding conduct record over a period of three years. (L-R) Capt. Jackson, E. L. Williams, Airman W. B. Johnson, Aviation Mechanic Mate Third Class; C. D. Mason, Aviation Ordnanceman Third Class and D. L. Merritt, Aviation Stenographer Third Class.

State Still Needs Hi-way Betterment To Cost Millions

TAMPA — Even with such projects coming up as the state-long turnpike and a Tampa Lakeland Orlando limited access highway, Florida still will need high-way improvements costing hundreds of millions of dollars to keep up with traffic growth in the next 10 years, the State Road Board chairman says.

W. B. Jones gave his views during a question and answer session with WFLA-TV here yesterday.

Surveys are now being conducted for the Tampa Lakeland highway and Jones said it eventually will be extended to Orlando.

This would be in addition to the toll spur from Tampa to the state-long pike near Leesburg, he added. Jones said he has heard talk of increasing the state tax on gasoline a cent or two a gallon to provide more road funds.

"I'm not sure that will materialize" in view of the possibility the federal government will raise its gas tax a penny a gallon, he said.

Common Sense Said Best Cure For Delinquency

A large dose of plain, old-fashioned common sense is the best cure for problems of juvenile delinquency, says Sir Basil Henriques, who recently retired after 18 years as chairman of the East London Juvenile Court.

Tall, silver haired and one of Britain's foremost authorities on the problems of the young, Sir Basil paused briefly in New York at the start of a nationwide lecture sponsored by the British Foreign Office.

"I blame many of the ills of today's young people on unrealistic educational theories which ignore the characteristics of real life and try to train young people in an environment where there are no punishments, no rewards, no competition and no repression," he said.

"Naturally some of the youngsters go berserk when they leave school to meet a world where things become unpleasant if you break the rules, where the rewards of integrity and skill are great, where life is constantly competitive and where it is necessary to exercise some repression.

"Some of the so-called progressive schools instill in children the idea that they should exercise every whim at any time, that they must express themselves, no matter how disastrous the results, that if they don't like to read or do sums they don't have to, and that, no matter what they do they will never be punished.

"I believe you have more of this kind of schools in America than we do in Britain, but even there discipline is much more lax than it used to be."

Legal Notice

NON-RESPONSIBILITY NOTICE
C. E. Lee is entering this notice against his wife who has deserted him. He knows that he will not be responsible for any debts incurred by her name as Mrs. Charles Edgar Lee or Mrs. E. Lee, or any children made by a second marriage (than himself). C. E. Lee (signed)

WARRANT TO APPEAR
ROBERT J. COWDEN, Defendant, vs. A. B. E. Maintenance Squads, Inc. Plaintiff. WFLA-TV, New York City, New York.

This is to give you notice that on the first day of January, 1954, I was summoned by Matt J. Jones as plaintiff against you as defendant, in the Circuit Court of the 11th Judicial Circuit, Seminole County, Florida, in Case No. 1954-10000. The said suit is for divorce. You are hereby required to file a written answer, if any you have, to the said suit and to appear at the above Court at Sanford, Florida, on the first day of February, 1954, at 10 o'clock in the forenoon, to defend the said suit and to answer to a copy thereof to the attorney for the plaintiff, Messrs. J. Edgar Lee, 100 West Bay Road, Orlando, Florida. If you do not appear at the above Court and the said cause will proceed ex parte and by default against you, I will file my hand and the official seal of the above entitled Court at Sanford, Seminole County, Florida, this first day of January, 1954.

C. E. Lee
Circuit Court.

Spotlight On Hollywood

HOLLYWOOD — Now the tail is wagging the dog. Television used to be a dirty word among the movie studios. Film bosses spoke of the tiny screen only in terms of disdain. Look at them now! The studios are scrambling to cash in on the TV gold. Most of them are making films for TV, several are selling their features and shorts to the new medium, and all are using it to exploit their new pictures.

The most TV-conscious of the lots is RKO, which has already sold its old pictures to TV under the new ownership of the O'Neils of General Tire. Heading the studio is Daniel O'Neil, former Selznick executive most recently with CBS. His production chief is Bill Dozier, another film veteran who served with CBS.

Dozier is outspoken in his regard for TV as an aid for films. "I believe that television is the greatest developer of talent this country has ever known," said Dozier, who was in charge of CBS dramatic shows in the East and has a Hollywood production base. "Even more than vaudeville, which developed mostly entertainers, TV has provided training ground for actors, writers, directors, producers in comedy, drama and all fields.

"Look at the names TV has brought forth already. A few years ago, Audrey Hepburn did a show for me at \$600, including a week's rehearsal. Now you'd probably have to give her \$250,000 a picture plus a cut of the profit."

BEWARE! COUSINS FROM COMMON COLDS THAT HANG ON

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than **Chromolyn**. It goes into the respiratory system to help loosen and expel germs, reduce phlegm and aid return to normal and help your body recover from bronchitis.

Chromolyn is a natural substance extracted by special process with other non-toxic substances for example, it contains no nicotine.

Get a large quantity of Chromolyn at your drug store. For children get smaller size Chromolyn for Children. It is sold in the package. Ad.

Sanford Mfg. Firm Is Receiving Bids

Bids are being received on plans to expand the Sanford Manufacturing Company facilities here in Sanford, according to an announcement this morning by the Seminole County Chamber of Commerce Industrial Committee.

Local contractors who would like to bid on the construction of the new facilities can get in touch with Don Bales, Industrial Committee Chairman of the Seminole County Chamber of Commerce, Phone No. 1370.

Balloon Crosses Pacific

OFFAMA, Japan — A U. S. Navy weather balloon launched here Saturday passed above the U. S. coast at the California-Oregon state line about 9 p. m. yesterday, the Navy said today. The balloon crossed the Pacific in less than 32 hours, taking much the same path used by Japanese balloons in World War II.

Army May Intrude In Air Force Claim On Enemy Attacks

WASHINGTON — The Army may be edging into a field where the Air Force lays claim to primary interest—strategic air attack against distant enemy war goods centers far behind battle lines.

The Air Force has waged some long and wordy battles with the Navy over the same issue during the last decade.

The impending development of long-distance rockets, which can be designed and used by any of the three services, has broadened the ground for argument.

A weekend public showing of a scale model of the Army's new Redstone missile pointed up the matter. The Redstone itself, with a comparatively modest range of about 300 miles, probably can be considered a tactical weapon for the Army's traditional tactical role. But in offering the Redstone model for view, the Army suggested that it would be the basis for development of a mid-range, 1,500-mile ballistic rocket.

Doudney Reveals He's Not Candidate In Demo Primary

Tax Assessor Sanford Doudney said this morning, "I will not be a candidate to succeed myself in the forthcoming Democratic Primary."

Doudney, making the announcement of his retirement from the office of Tax Assessor said, "At the end of this term I will have completed 42 years of service in the Tax Assessor's office."

Future plans have not yet been completed, said Doudney when he stated that he would not be a candidate in the coming election.

He said that he originally began his service in the Tax Assessor's office here on the first Tuesday after the first Monday in January, 1915.

River Dedication Pictures Are Shown

Television news of the Sunday ceremonies when the St. Johns River was dedicated the "Nile of the Americas" have been shown in many places and to thousands of TV viewers.

The film, made by the State Development Commission, during the ceremonies here, was seen on two television newscasts in the Tampa area, according to word received from Tallahassee today.

Silhouette Gets Softened Look

NEW YORK — A woman should never look severe, in the opinion of Hannah Troy, who softens the uncompromising look of the straight silhouette this spring with feminine and trilly lingerie touches, ranging from a wide cape collar of crisp, white, embroidered organdy on a navy silk afternoon dress to a discreet little collar of linen and lace on a sheer beige wool sheath.

The white-collar girl is this designer's favorite for spring, and her crisp accents of linen and lace give a fresh and flattering look to the new fashions, viewed by the nation's fashion press.

Many of the Troy outfits achieve a two-piece look in a one-piece dress by simulated boleros and jackets. Others have real jackets which may be removed to turn a tailored costume into a cocktail dress.

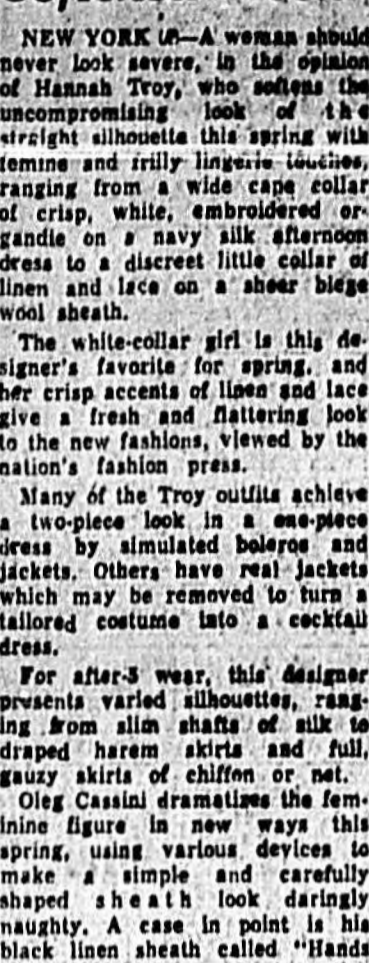

For after-3 wear, this designer presents varied silhouettes, ranging from slim shafts of silk to draped harem skirts and full, gauzy skirts of chiffon or net.

Oleg Cassini dramatizes the feminine figure in new ways this spring, using various devices to make a simple and carefully shaped sheath look daringly naughty. A case in point is his black linen sheath called "Hands Off," in which a cut-out section just above the bust provides air-conditioning and manages to give the high neckline a definitely daring effect.

With skillful drapery and fluid handling of fabrics, Cassini builds his dresses around the figure of the woman, considering that the principal purpose of fashion is to make women look more exciting.

George Carmel shows a distinguished group of trim spring suits with soft dressmaker touches that still look tailored. A highlight is a belted suit in navy shantung-weave collar and pockets.

Osceola WOULDN'T KNOW HIS EVERGLADES!

Today's vast stretches of rich Everglades farmland are a far cry from the savage wilderness of Seminole chief Osceola's time. Within our lifetime, free enterprise has carved huge modern farms all over Florida from wastelands of palm, pine and sawgrass. These farms, supplying a whole nation with healthful fruits and vegetables during dark winter months, are shining examples of private enterprise at work in Florida!

Another example of free enterprise at work in Florida is the remarkable expansion of Florida Power & Light Company—not only to keep pace with present population increases, but to stay ahead of all future needs as well. Since V-J Day, electrical capability has grown from 210,000 kw to 882,000 kw today. Freedom at work in Florida is your best guarantee of happier Florida living today...and tomorrow!

Odham Going All Out In Support Of Collins For Gubernatorial Race

Bratley Odham, whose second primary support in 1934 was a major factor in Gov. Collins' victory in the gubernatorial race, says he is "all out for Collins in 1934."

Odham, who campaigned actively for Collins in 1934 after his own elimination from the gubernatorial campaign in the first primary, said "I'm for Collins, I'll do anything he wants me to do in his behalf."

Odham said this included stump speeches.

The young Sanford businessman, who first rose to a political prominence in 1932 when he came from nowhere to be runner-up to the late Dan McCarty in the gubernatorial race, apparently has lost some of his distaste for former Gov. Fuller Warren whom he attacked bitterly in the 1932 campaign.

Warren is being urged by many of his former supporters to run for governor again this year.

"I would walk through the state barefooted if necessary to beat Fuller Warren," Odham told newsmen.

Camellia Fanciers Invited To Enter Orlando State Show

Camellia fanciers in Sanford are invited to enter blooms in the eighth annual Florida State Camellia Show to be held in Orlando Municipal Auditorium Saturday and Sunday.

The two-day event is one of the largest flower shows in the south and attracts thousands of visitors each year.

Mrs. William B. McGee of Tallahassee, general chairman, announced today that all space is taken for the commercial exhibits. Some of Florida's leading nurserymen will be displaying supervisory camellias in this phase of the show, she said.

Another attention-getting portion of the show is the division for artistic arrangements. One section will be on the Camellia Travels Through the Ages and the other is on Pageant of the Years.

Sanford and Seminole County residents who wish to enter competition for specimen blooms are asked to contact Mrs. J. C. West or Mrs. Leland Triplett in Orlando.

Entries will be taken from 8 to 11 a. m. Saturday.

The show will be open to the public from 10 to 10 p. m. Saturday and 1 to 9 p. m. Sunday with a small admission charge.

Rudy L. Sloan, 34, Among Candidates For Tax Assessor

Announcing his candidacy for Tax Assessor is Rudy L. Sloan, 34, who resides at 2001 Magnolia Ave.

His wife is Mrs. M. E. Sloan. He has three children, Kathie, six; Ellen, four, and Frank, two.

The newly announced candidate is a native Floridian and is a locomotive engineer with the Atlantic Coast Line with whom he has been employed for approximately 14 years.

He is a member of the First Presbyterian Church, 11 a s o n i c Lodge, Legislative representative of Division 760 Brotherhood of Locomotive Engineers and Veteran of Foreign Wars with three years service in the armed forces.

Sloan attended Wake Forest College in North Carolina. He brought out that he has studied real estate laws and has familiarized himself with the duties and obligations of this office and feels that he is completely capable and qualified to handle all necessary duties and obligations of the office.

C. P. Harkey is treasurer for the campaign and deposits are being made at the Sanford Atlantic National Bank.

U. S. Sen. Spessard L. Holland, who has shown no order for either Stevenson or Kefauver, has also suggested the possibility of an un-instructed state of delegates.

"One thing I would like and that's George Smathers for the vice presidency," Odham said.

Smathers, Florida's junior U. S. senator, has been mentioned as a vice presidential possibility.

Miss Mary Earle Reveals Candidacy For Tax Assessor

An employee of the Court House since 1931 announces her candidacy for the Office of County Tax Assessor today.

Miss Mary E. Earle said this morning, "I wish to announce that I am a candidate for the office of County Assessor of Taxes for Seminole County, subject to the Democratic Primary to be held on May 8, 1934."

Miss Earle said "I feel that my 22 year experience in the Tax Assessor's office, 19 years of which have been served in the capacity of Assistant Assessor, fully qualifies me for this position and will enable me to serve the citizens of Seminole County in an efficient and courteous manner."

The candidate for the office of Seminole County Tax Assessor has been employed in the Court House since 1931, beginning her service in the Clerk's office and two years later being employed by the Office of County Assessor of Taxes.

Miss Earle has been a resident of Seminole County for 31 years and is a graduate of Seminole High School.

She is the daughter of the late William S. Earle, Sr., Civil Engineer and Contractor.

Miss Earle is an active member of the First Presbyterian Church of Sanford.

Dr. Lin D. Cartwright, editor of The Christian Evangelist, St. Louis, will give three addresses on the history and future of the brotherhood of Deacons of Christ, Dr. J. Warren Hastings of the National City Christian Church, Washington, will give three messages of special interest and help to ministers, and will speak at a luncheon for the lady tomorrow at noon.

The Rev. Ralph Neill, public relations director of the International Convention of Disciples of Christ, Indianapolis, will be heard on "The Church and Community Good Will" and "Good Public Relations." He will also speak at the ministers' wives' luncheon Wednesday. Devotions at the various sessions will be led by Dr. Paul C. Carpenter, host pastor; Dr. Cecil E. Denny, Miami; the Rev. Richard L. James, Jacksonville; and the Rev. E. Emerson Brokaw, Lakeland. The meeting will conclude with an open forum.

According to the local attendance chairman, Mrs. W. H. Young, those from here who expect to attend include: Pastor and Mrs. Parry L. Stone; Mrs. Oscar T. Pearson; Mrs. George W. Morgan; and Mrs. Eugene W. Patten; Mr. and Mrs. Frederick L. Elliott; Mr. and Mrs. Harry Falky; and Mrs. Ida Hutchinson.

Seven Men Charged In Stealing Copper

MOBILE (AP)—Seven men were arrested on charges of stealing more than 800,000 feet of copper wire from lines ranges at Eglin Air Force Base, Fla., the FBI said yesterday.

The wire was valued at about \$18,000. Fred Hallford, special agent in charge of the FBI's Mobile office, said.

Four were arrested yesterday: John William Atwell, 23, McEville; Charles Webster Franklin, 23, and Cleveland Johnson, 19, both Rt. 1, Nicville; and James O'Keefe McCurley, 18, Rt. 1, Cratview.

Hallford said all were unemployed except McCurley who has worked as a civilian at the Eglin motor plant.

Mayfair Is Setting For Jaycee Caucus

The District Caucus of the Junior Chamber of Commerce will get underway Sunday afternoon at 1 o'clock here in Sanford at the Mayfair Inn.

Representatives of Central Florida Jaycee organizations will meet to discuss plans for the State Conference to be held later in the year.

Plans are complete for the event, according to the local Jaycee Journal, which will include a social hour, business meeting, entertainment, and dinner.

Van Eeghen Indicted On Slaying

Jury held the slaying was "at the hands of a person or persons unknown."

Sheriff M. T. Williams' deputies recalled him a few minutes after the grand jury report.

When found, Mrs. Van Eeghen, a native of Scotland, was covered with a blanket on the front seat of the family convertible. The child's body was in the trunk. Both had been struck in the back of the head three times.

Sheriff Williams said the death weapon apparently was a hatchet although it has not been reported found. He said the mother and child were killed at the rear of Van Eeghen's house, a few blocks from their home.

Van Eeghen, a former Canadian Army artilleryman, has denied any knowledge of the killing. He says he last saw his wife and child Dec. 7 at the laundry, thought they went to a movie that night and went to bed, waking up about 6:30 a. m. to find them missing.

The Van Eeghens were married at Ft. St. Johns, British Columbia in 1947. They moved to Melbourne three years ago. He is a native of St. Louis and once lived in Tampa.

The couple had one other child, Roger, 4, who died in 1934 of a head injury believed received when struck by a baseball while playing with friends.

Coffee Club Meet Set For Tomorrow

The Seminole County Chamber of Commerce Coffee Club will meet tomorrow morning at 10 o'clock at the Chamber of Commerce Building.

The half-hour get-together gives local businessmen an opportunity to meet one another and to greet newcomers who have arrived in the City.

Members of the Chamber of Commerce and their guests will be served coffee and doughnuts prior to getting the short, interesting program underway.

French Ave. Work 75 pct. Completed

Almost \$45 millions in road construction projects were underway in the state during December, according to a monthly progress report issued today by Wilbur E. Jones, Chairman of the State Road Department.

In addition to the \$24,950,598 of projects already under construction, Chairman Jones said, \$20,950,000 were received for \$12,531,023 in new construction. During the month contracts were formally awarded for other road construction totaling \$9,018,426 while work completed and accepted by the Department in the period amounted to \$6,401,001.

William H. Dial of Orlando, Road Board member from the Fifth District, reported that construction under 40 contracts in the 12 counties comprising this district amounted to \$17,740,568 of the state total.

In Seminole County, the grading and paving of French Ave. in Sanford was reported 75 per cent complete.

Garden Club School Course One Begins Tomorrow Morning

Course No. 1 of the Flower Show Garden School of the Sanford Garden Club will get underway tomorrow morning at 9:15 at the Garden Center located on East First St. and Melonville Ave.

Mrs. Mabel Boone of Orlando will instruct tomorrow morning with P. E. Parvin, a well-known member of the faculty of the University of Florida's School of Agriculture, teaching the horticulture phase of the school tomorrow afternoon.

Mrs. Ira J. Varnedoe of Jacksonville will instruct the school all day Thursday.

Mrs. Karlyle Housholder, chairman of the Flower Show School committee, said today that each day's session will begin at 9:15 a. m. and end at approximately 3:15 p. m.

Mrs. Housholder said that a small fee will be charged to defray the expenses of the school.

French Ave. Work 75 pct. Completed

Almost \$45 millions in road construction projects were underway in the state during December, according to a monthly progress report issued today by Wilbur E. Jones, Chairman of the State Road Department.

Tank Test Findings Submitted

A report was submitted to the Board of Sanford City Commissioners by Robert M. Angus and Associates, consulting engineers for the City, on the "new tank and pumping procedure for the water system."

The report is a result of a series of tests conducted by the consulting engineer's firm during a five day period Jan. 9 through Jan. 13, following a similar but shorter period test conducted by City.

Accompanying the report was a graph "plotting the line pressure at the plant against the height of water in the new tank and showing the actual time of pumping each filling period."

The tests, during the five day period, were conducted by Dave Newman, field engineer for Robert M. Angus and Associates. The report on the tests, submitted by Richard L. Lampp, following data on pumping time at the Sanford Water plant, stated, "It will be seen that these total pumping times compare favorably with those during so-called normal operations, insofar as they are in the same range."

"From a review of the above limited pumping records, we do not believe," the report said, "that the overall pumping time will be appreciably increased if the pumping is done principally during periods of daily maximum demand."

Six recommendations were submitted with the report.

1. That a minimum height of water of 10 feet be maintained in the bowl of the new elevated storage tank at all times;
2. That pumping operations be coordinated with peak demands as much as possible;
3. That steps be taken to determine when the Naval Air Station is pumping from the City mains so that, as often as possible, the City pumps can be operated at the same time;
4. That age and condition of the 12-inch geared gate valve at the old tank will probably necessitate its replacement in the near future. When anything is done at this location we recommend that the valve be replaced with a fully automatic altitude valve;
5. That, if it is your desire to operate the water plant without the manual operation of the aforementioned gate valve, the altitude valve be installed immediately; and,
6. That the plant engineer be instructed to shut down the pump when their reservoir exceeds 70 pounds per square inch during pumping operations, regardless of the height of water in the tank. It is highly improbable that pressures will exceed 70 p. s. i. before the tanks are full, but this will insure against excessive pressures in the water mains.

The Board of Commissioners, after hearing the report, and questioning closely the Field Engineer, approved the installation of an altitude valve to replace the 12-inch geared valve. Cost of the valve will slightly exceed seven hundred dollars. Installation will be done by city crews.

Fire Department Is Hit By Blasts

Hospital Preview Seen By Rotarians On Guided Tour

From the moment they entered the spacious reception room until they left to resume their various business and professional activities, the more than 50 members of the Sanford Rotary Club, who enjoyed a pre-open house visit to the Seminole Memorial Hospital, expressed themselves as well pleased, not only with the time they took to make the visit but with the building that culminated a dream and plans covering a period of over 20 years.

Following their customary luncheon at the Yacht Club at noon, the members accepted the invitation of Hospital Board Trustee Chairman, T. E. "Gene" Tucker to get an advance view of the building and its equipment. Forming a motorcade to the east end of the hospital, the Rotarians were divided into groups of 12 men and were personally conducted on a tour of the entire building by several members of the Hospital Auxiliary. After being greeted by Mrs. R. M. Blackwelder at the reception desk, they were escorted by the following newly formed guides: Mrs. Warren Adams, Mrs. Gordon Dean, Mrs. William Toll, Mrs. T. F. McDaniel, Mrs. Charles Vodopich, Mrs. F. E. Rouseffat Sr., Mrs. George Harden, and Mrs. John Crawford.

To mention the fact that the Rotarians were pleased with what they saw would be minimizing their feelings. The many favorable comments heard might be summed up in the statement of a past president of the club who remarked: "This is certainly one time that the taxpayers of Seminole County got their money's worth."

A special souvenir edition of The Sanford Herald, to be published Friday, will give to all its readers a comprehensive, detailed story of the new hospital, showing the floor plan of the three stories and will cover the route of the trip the Rotarians made yesterday.

Gatchel Questions Legality To Answer Calls Outside City

Two blasts were aimed at the inadequacies of the Sanford Fire Department at the meeting last night of the Board of Sanford City Commissioners when Commissioner John Krider cited the location of the department in relation to the center of the City and Commissioner David Gatchel questioned the authority of the department to answer calls outside of the City limits.

However, Commissioner Earl Higginbottom disagreed with Commissioner Gatchel when he said, "If a fire breaks out the trucks should go out, I'm not going to be a party to sitting here and letting a man's home burn down."

Gatchel said, "We want to expand the City of Sanford, but I want it to be known that this isn't a hatchet, over the heads of those outside the City in the fringe areas."

The Board of Commissioners, discussing ways and means of collecting fees for answering alarms outside of the city limits, considered endorsements on insurance policies, outright payment for the call and other methods.

Commissioner Ratigan, entering the discussion called attention to the Board of Commissioners that "the only thing we can do is stop the fire trucks from going outside of the City limits."

"We can take either of two steps," he said, "refuse to let the trucks go out of the city or change the City Charter. We have a right, according to our Charter, to send the trucks out of the city limits."

Taking another tack, in approaching the situation that faces the City at the present time, Commissioner Gatchel said, "We try to raise the standards of our employees and then give their services away."

Gatchel offered a motion for consideration, "that we discontinue sending our fire fighting equipment outside the city limits in accordance with the Charter."

Commissioner Ratigan seconded the motion but immediately asked that a vote on the question be tabled until the next meeting of the Board of Commissioners.

Commissioner John Krider, taking up the discussion surrounding the Sanford Fire Department said, "With the increase in our population and the building up of the area of the city, we must move our Fire Department to a more central location."

Continuing his statement about the consideration of the local fire department, Krider said, "It's come to the point where we're not offering fire protection anymore. Our equipment is in terrible shape—it's a disgrace."

"It's going to take some thinking on the part of this present Commission," said Krider. And he added, "It will cost quite a bit of money, maybe \$150,000 to get the new equipment and a new location."

Suggestions surrounded the moving of the Fire Department from its present location to a more central spot on French Ave. Said Krider, "The traffic situation is such that the fire department can't protect people's property."

"It's very serious," said Commissioner Krider. "We've gotten ourselves into a situation of protecting all of Seminole County—and we can't even protect the City."

Present Well Field Inadequate To Fill Additional Demand

"We might be sitting on a powder keg," Commissioner John Krider told the Board of Sanford City Commission last night.

"Should the Navy want additional water," and we find our present well fields inadequate to get additional water to furnish our City," Commissioner Krider asked.

The City, some months ago, piped a line on the old Lake Mary Road to locate, possibly, other wells to furnish the City with an adequate water supply. However, the well field has not been tested as to whether or not water is available at the new location.

"Suppose our present water supply is depleted and we find that there is no water available at this new well field we have purchased?—we will then be sitting on a powder keg," Krider said.

As a result of the explosive situation that might exist, the Board of Commissioners approved for the calling for bids for two-inch test wells on the new field site, of varying depths, to determine the quantity and quality of water available there.

Raleigh King Puts Hat Into County Tax Assessor Ring

Raleigh King, a resident of the County for 23 years but who has been in the ring today in Seminole County, as a candidate for Tax Assessor.

King was born in Putnam County, Florida, where he attended the public schools. After coming to Sanford and while working with the utilities company, he enrolled with the LaSalle Extension University and took its course in public accounting. He resigned as chief clerk of the utilities company to enter the real estate field. In 1927 he left the real estate business to engage in celery growing, and for 28 years was active in all phases of the vegetable industry. He is now connected with the sales department of the Panther Company of Fort Worth, Texas, as a Florida representative.

He is a recent graduate of the Dale Carnegie Course a member of the Masonic Lodge and a member of the First Presbyterian Church.

In 1923 he was married to Miss Kresol Little. Mr. and Mrs. King have one daughter, Mrs. Gilbert Blocker, and two grandchildren.

This is his first venture into politics.

Hospital Auxiliary To Meet Thursday Bailey Is Speaker

The auxiliary of the Seminole Memorial Hospital will meet Thursday night at 7:30 at the Yacht club, it was announced by Mrs. T. F. McDaniel, program chairman. The speaker will be Arthur Bailey, Administrator of the Orange Memorial Hospital in Orlando.

Mrs. A. W. Epps, president of the local group, urges every member to be present because of the widespread benefit that is to be derived from Bailey's talk.

One of the most successful operations of the ladies who assist in the many duties of hospital administration is carried on at Orange Memorial. It was said, and will be much that can make the individual jobs here easier and more comprehensive in the relations to the others.

In this way, Mrs. Epps said, it is possible to get the most effective results.

The importance of attendance at this session can readily be appreciated by each lady who has accepted a responsibility with the Seminole Memorial Hospital and will have its open house on Sunday and that will be ready to accept patients on Feb. 7, Mrs. Epps added.

At 7 o'clock immediately preceding the general meeting the Board will convene, Mrs. Epps said.

Seven Men Charged In Stealing Copper

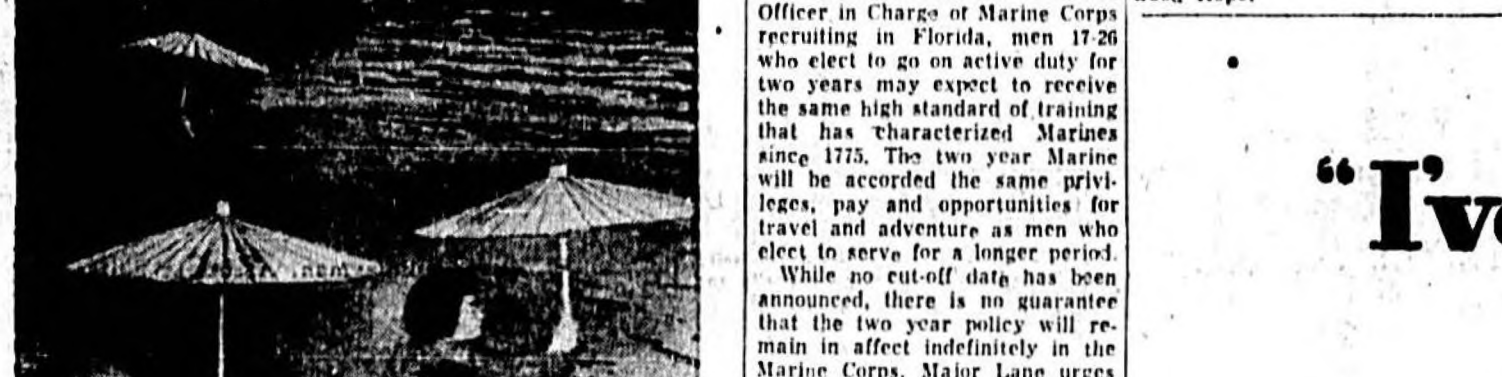

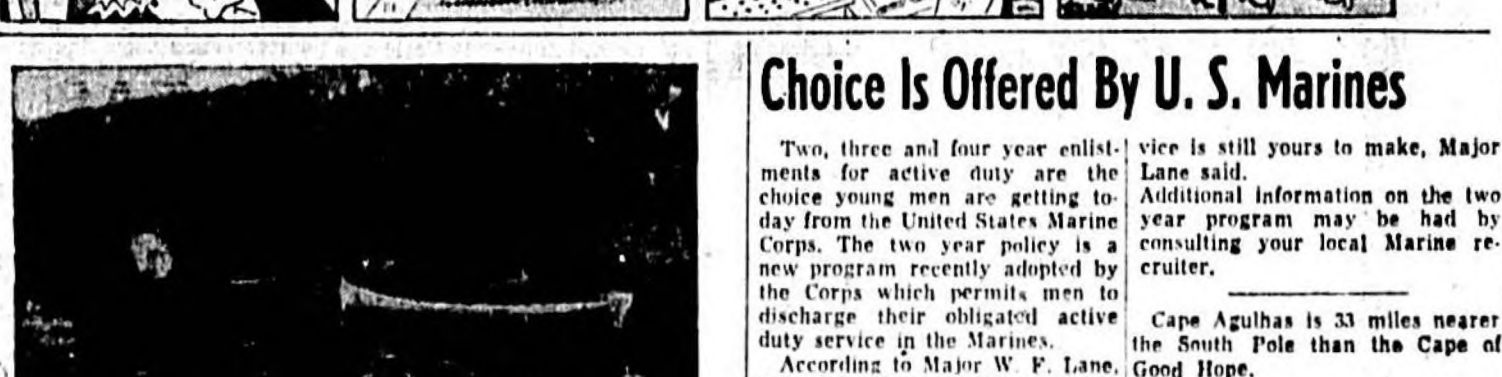

MOBILE (AP)—Seven men were arrested on charges of stealing more than 800,000 feet of copper wire from lines ranges at Eglin Air Force Base, Fla., the FBI said yesterday.

Mayfair Is Setting For Jaycee Caucus

The District Caucus of the Junior Chamber of Commerce will get underway Sunday afternoon at 1 o'clock here in Sanford at the Mayfair Inn.

French Ave. Work 75 pct. Completed

Almost \$45 millions in road construction projects were underway in the state during December, according to a monthly progress report issued today by Wilbur E. Jones, Chairman of the State Road Department.

Choice Is Offered By U. S. Marines

Two, three and four year enlistments for active duty are the choice young men are getting today from the United States Marine Corps. The two year policy is a new program recently adopted by the Corps which permits men to discharge their obligated active duty service in the Marines. According to Major W. F. Lane, Officer in Charge of Marine Corps recruiting in Florida, men 17-26 who elect to go on active duty for two years may expect to receive the same high standard of training that has characterized Marines since 1775. The two year Marine will be accorded the same privileges, pay and opportunities for travel and adventure as men who elect to serve for a longer period. While no cut-off date has been announced, there is no guarantee that the two year policy will remain in effect indefinitely in the Marine Corps. Major Lane urges eligible young men to act now while this minimum service opportunity is open. Draft age youths may volunteer to enlist in the Corps until they receive orders to report for induction from Selective Service. Once a man receives an induction notice he is no longer permitted to volunteer for the service of his choice. Join now while the choice of service is still yours to make, Major Lane said. Additional information on the two year program may be had by consulting your local Marine recruiter. Cape Agulhas is 33 miles nearer the South Pole than the Cape of Good Hope.

PARASOL-HOLDING GIRLS put on a ballet-like performance while swimming with one hand at the mid-winter swim for "spiritual and physical training" in Tokyo. Thousands of persons lined the banks of the Nakagawa Canal to watch some 60 persons including a 74-year-old man dive into the icy waters. (International Soundphoto)

Dallas Youth Claims Innocence As He Dies In Electric Chair

MCLESTER, Okla. (AP)—Hurbie Franklin Fairris Jr., born of a Texas desperado family, died in the Oklahoma electric chair early Wednesday for the slaying of an Oklahoma City policeman. Fairris also had consented to removal of the aorta, which will go to the aorta bank in Oklahoma City, where sections are being transplanted successfully to prolong lives of persons with defects of the artery. Fairris' father Hurbie Franklin Fairris Sr. lost a race against time and a winter blizzard in his effort to reach the prison before his son died. He had spent the day at the State Capitol in Oklahoma City pleading for his son's life, then started for McAlester, 135 miles away, by car. Roads, made slick by snow which drifted over eastern Oklahoma highways, slowed his trip and the father called from Wewoka, about 60 miles away, about an hour before the execution, unable to make it. Asked by Warden H. C. McLeod if he had any last words, Fairris grinned, waved and replied: "It's all for the kicks if that's the way they want it." Rod Riding Hood, a yearling filly, is the offspring of Wolf Balt.

GEORGE ALBERT (above), 87, of Boston, is shown after he was elected president of the New York, New Haven and Hartford Railroad. He succeeds Patrick B. McGinnis, who resigned. The latter was named president of the Boston and Maine Railroad. Albert, a lawyer, told New York reporters: "There are serious operational, maintenance and equipment problems. We are doing our best to work them out."

Come in and drive one soon! THE HOT ONE'S EVEN HOTTER HOLLER MOTOR SALES

Recent Events Reveal Necessity For County Recreation Program

Recent events point up the necessity for channels of full time activities, taking upon their shoulders the burden of the vast social activities that take them away from home day and night, leaving children to putter for themselves, ultimately leading them into the channels of least resistance in finding activities to take up their time while out of school.

Alcohol is, we have learned recently, available to youngsters under all years of age. That we have been shown by actual experience.

All of us must realize that our children are the best on earth, we are proud of them. Prouder of them because the biggest percentage find themselves in the channels of well-doing and refrain from taking part in the escapades of others they know are doing wrong.

But we must not let the burden rest entirely on the shoulders of the young people. You have read recently where children from Seminole High School appealed to the Seminole County Children's Committee at one of its recent meetings.

Still another related the activities of organizations within the school available for some of the students.

But there MUST be other activities, out of school to fill completely, the time a youngster has to himself, day and night. School organizations are wonderful. They are available to youngsters of high scholastic ratings and of certain degrees of popularity.

Our need is for ALL children, regardless of their creed, their scholastic standing, their attitudes, their fitting in with certain codes or learnings.

A trained recreation director knows that "among the least of these" there is probably a president, a senator, congressman, or a leading businessman, if he is led to those goals through proper leadership. If that child is allowed to take upon his or her shoulders the responsibility to provide recreation, then that honored person may not ever reach the goal that otherwise could be provided.

Our schools are doing a wonderful job, and they are providing, as time permits, as much outside activities for children that time away from teaching duties will allow. A teacher would not be in his or her job if they were not interested in a child's welfare. It is a tremendous undertaking to become a teacher or professor, and added curricular activities draw away from the superb job these people can do with our children during school hours.

We would like to ask our city and county fathers to earnestly look into the possibility of providing TRAINED LEADERSHIP for the recreational programs of our area. It is a necessity if we, too, want the children to stay away from jails, juvenile courts, law enforcement officers and the added burden of taking care of them through these channels.

The expense of taking care of misguided children is much greater than that of guiding children.

ANOTHER FRANKLIN ANNIVERSARY

JAMES MARLOW

Here Is Answer To 3 Questions

WASHINGTON (AP)—President Eisenhower's heart attack—and the possibility he may run again—raise three questions which are seldom mentioned but always are present with any man seeking the highest office.

What happens if, after nomination by his party's convention, a presidential candidate dies or is disabled?

(1) Before election day? (2) After winning the election but before the College of Electors can formally vote him in? (3) After winning the election and getting the electoral vote but before he can take office?

The first and third questions are easier to answer than the second.

No. 1—The Democratic or Republican National Committee, depending on which party nominated him, would name someone else as its party's presidential candidate. It could choose the vice presidential candidate into the top spot and pick another person to run for the vice presidency.

The committees get the authority to take care of this kind of emergency through a specific resolution approved every four years by their parties' national presidential conventions.

If a candidate died too close to election day—say, perhaps, the day before—the national committee might not have time to agree on a candidate to replace him because the numbers are so widely scattered.

No. 3 — If a man who wins the election and is formally voted for as president by the College of Electors dies or is disabled before taking office, his vice presidential running mate would automatically take office as president. This is provided for in the Constitution's 20th Amendment.

No. 2—This is a tricky one which

SAM DAWSON

New Problems Always Created

NEW YORK (AP)—All this prosperity everyone is talking about today means that America is raising its standard of living with new gadgets and more and better goods.

And each time it does, seems like, it creates a new problem.

Jet planes go faster. But they call for new techniques in metal-working and new alloys—or they melt. And they have created the problem of how to cut down on the noise and what to do about the old smaller airports.

Wrap-around windshields are popular with motorists — except when it rains. Then the old style windshield wiper finds the going rough around the curves. So golfer Ben Hogan explains how he corrected his hook as it is applied to a wiper using a kind of wrist and elbow motion.

Smaller homes save steps and expense—but the generously scaled furniture you inherited won't fit them. New furniture fashions are

born—convertible beds stand in living rooms, translators replace radio sets, and printed electrical circuits replace the maze of wires.

Business office techniques—spawn of personnel management, pension plans, overtime scales, union dues checkoffs, withholding taxes, multiple division corporations—call for so much paper work that mechanical brains had to be invented to keep abreast of the

new problem. Party telephone lines used to carry in their fashion but so many Americans want to gab on the phones at once these days that scientists had to think up ways of carrying multiple conversations over the same cable. And just ahead lies transcontinental dial phoning, the scientists say.

Your City Charter

Part 44
Section 151. BOARD OF ADJUSTMENT. GOVERNING AUTHORITY MAY APPOINT; BOARD MAY MAKE EXCEPTIONS TO ZONING ORDINANCE; MEMBERSHIP; TERM OF OFFICE; REMOVAL, VACANCIES, HOW FILLED; MAY ADOPT RULES; MEETINGS; TO BE PUBLIC; RECORDS; TO BE KEPT; APPEALS TO BOARD FROM ORDER OF ZONING AND PLANNING COMMISSION; APPEAL MAY STAY PROCEEDINGS; HEARING OF APPEALS.

The governing authority of the City of Sanford, Florida, may also provide for the appointment of a Board of Adjustment, and in the regulations and restrictions adopted pursuant to the authority of this Act may provide that said Board of Adjustment may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of any zoning ordinance adopted by the governing authority of the City of Sanford, Florida as its uniform zoning plan, in harmony with the general purpose and interest of said zoning ordinance and in accordance with general or specific rules therein contained.

The Board of Adjustment shall consist of five (5) members, each to be appointed by the governing authority of said municipality for a term of three (3) years. The members of said Board of Adjustment or any of them may be removed for cause by the appointing authority upon written charges and after a public hearing. Vacancies on said Board of Adjustment shall be filled for the unexpired term of any member whose office becomes vacant.

The Board of Adjustment shall adopt rules in accordance with provisions of any zoning or planning ordinance adopted pursuant to this Act by the governing authority of the City of Sanford, Florida. Meetings of said Board of Adjustment shall be held at the call of the Chairman and at such other times as the Board may determine. Such Chairman, or in his absence the Acting Chairman may administer oaths and compel the attendance of witnesses. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings showing the vote of each member upon each question or if absent or failing to vote, indicate such fact and shall keep records of its examinations and other official acts, all of which shall be immediately filed in the office of the City Clerk of said municipality and shall be a public record.

Appeals to the Board of Adjustment may be taken by any person aggrieved or by an officer, department, board or bureau of said municipality affected by any decision of the Zoning and Planning Commission, or any administrative officer acting under the authority of said Zoning and Planning Commission. Such appeal shall be taken by any person affected by any decision, as aforesaid, within three (3) days after the rendition of said decision by the Zoning and Planning Commission, and with the Board of Adjustment and with the Board of Adjustment a notice of appeal specifying the grounds thereof. The Zoning and Planning Commission or any administrative officer of said Zoning and Planning Commission, from whose decision the appeal is taken, shall forthwith transmit to the Board of Adjustment all the papers constituting the record upon which said appeal is based.

Woman Attorney Discusses Legal Rights Of Women At Meet

DEBARY — Legal rights of women in Florida were discussed Thursday afternoon by attorney Catherine H. Carter at the Plantation Estates Woman's club after a luncheon meeting at the mansion house.

"I'm pretty sure you won't need divorce advice," smiled Mrs. Carter, "for I understand that the lady in front of me, Mrs. Charles Wagner, has been happily married for over fifty years as are many of our listeners. So we may possibly discuss joint ownership of property and making of wills in this informal talk."

"You ladies may become 'free dealers' if you desire; that means you may manage your own money and property without being obligated in any way to your husband in disposal of same. Of course if he objects strenuously you may have to go to a little more trouble and expense but no one can hold you back from this right."

"Also you may wish to claim your dower right if your husband should pass away; this is one third of the property and cannot be touched for taxes or unpaid bills. He may leave you all he possesses in his will but that is subject to liens, taxes or outstanding claims. So you may prefer your dower right in entirety."

"Some have queried me about

the common disaster clause in Florida. This refers to both husband and wife meeting with a fatal accident. Heretofore the question as to who was deceased first has caused many legal angles. Involving the matter of a few moments survival. Now, even if the one lingers for a short time, they both are legally presumed to have died simultaneously.

"One's will should be made in Florida to accelerate settlements, etc. For instance if a will made up North should read, 'I, Mary Harris, a resident of New York' and this is no longer the situation, since she has declared residence in Florida, you can readily see that this statement alone would lead to legal confusion. So if merely has her will re-written and witnessed in Florida, it will be of benefit to her heirs."

Mrs. Carter is no novice in the legal field; she is of the third generation of family attorneys, her grandfather being Judge Isaac A. Stewart whose influence changed the county seat of Volusia from Enterprise to DeLand, her mother being Mary Stewart Horwath, the first woman attorney admitted to the bar, in 1908.

Westminster Choir To Give Concert At Rollins College

The world famous Westminster Choir will be presented in concert at the Annie Russell Theatre, Rollins College, Winter Park, on the evening of Thursday, Feb. 9, at 8:30.

This will be the last appearance of this famous organization in Central Florida under the directorship of its noted founder-conductor, Dr. John Finley Williamson, for Dr. Williamson will retire shortly from the conducting of this choir on tour.

Tickets for this concert may be obtained by writing the Student Music Guild, Rollins College, Winter Park, and specifying number desired, and enclosing check for each. The theatre has a limited same. All seats are priced at \$1.50, seating capacity and it is urged that those interested obtain their tickets immediately.

Enterprise P-TA Hears H. Smith Soak On Scouting

The regular meeting of the Enterprise P-TA was held recently in the school auditorium.

Following the regular business session a room count was taken and won by the fourth grade with Mrs. John Hicks as teacher.

The program was sponsored by the Boy Scout Troop No. 60 of Enterprise with scout master Gerald Nayer and assistant scout master, Willard Nieder helping.

The opening and closing exercises were given by the troop. Speaker for the evening was Howard Smith of DeLand, field scout executive of central Florida, Boy Scout Council, who spoke on "What The Boy Scouts Are Doing To Promote Reading For Youth."

Refreshments were served by the hospitality committee, Mrs. William Bartoszek, Mrs. Jack Neal and Mrs. Leona Brown to approximately 75 persons.

Paintings Will Be Shown In Leesburg

About 250 original paintings of Florida wild flowers and mushrooms will be shown in the Woman's club of Leesburg Jan. 25 and 26, opening at 10 a. m. both days, closing at 9 p. m. Wednesday and 7 p. m. Thursday.

The late Miss O. I. Worcester, the artist, was a graduate of the Art Institute of Chicago, and spent several years as the official illustrator of birds and flowers for the University of Illinois. When she came to live in a community just north of Lakeside over 50 years ago, she began painting in water colors the flowers and mushrooms found in the area, some of which are said to be now extinct. The colors are exquisite and the years have not dimmed the indescribable beauty of the color tones and shadings which make them so true to life.

The Founders circle of the Leesburg Garden club, who now proudly possess these paintings, are making a nominal charge to give everyone a chance to enjoy the exhibition, and will have coffee hours, each day at 10:30 and 3:30. Special easels and the spacious clubhouse will provide an uncrowded setting and display by related groups. The enter public, men, women and students, will be welcomed by Mrs. R. W. Oatman, exhibit chairman, and subcommittees from the circle.

Not confining her activities to the baton alone, the popular coed served on the staffs of the school newspaper and yearbook, was a member of the Y Teens, Sub Debs, the National Honor Society and Quill and Scroll. In her last year at Miami Edison, she reigned as Homecoming queen and elected the "sweetheart" of many of the school's organizations.

Now an upper-classman at the University of Miami, Janis appears as the band's solo baton singer, is a member of Delta Delta Delta sorority, writes for the Hurricane newspaper, was named to the school's Journalism honorary and she maintains well above average grades.

To round out her busy days, Janis teaches twirling at five local high schools, and has often instructed neophyte majorettes

around the country at summer band camps, including UM's. "Miss Majorette" was married late last year to U. S. Marine Lt. Roger Wyatt, who flies out of the Marine Air Station in Miami, upon graduating from the University next year, Janis hopes to be employed by the Dade County School Board, and continue teaching baton twirling in the local schools.

Garden Nook

BY RADIE BOUT

The time is here again when we all become quite azalea-conscious, and small wonder when we see everywhere their mounds of gorgeous color, so dense that scarcely a leaf of foliage may be planted at any time but while in bloom is ideal so as to select varieties that please you and colors that blend.

Types most generally grown in Florida are the Indicas and Kurumes, the former with large usually single flowers and the latter with either single or hose in hose (One corolla inside another) blooms.

Indicas take more sun than other varieties and come in different growth types, tall or low, slender or spreading. Favorite varieties are Formosa, lavender rose and tall; Phoenixia similar color but lower and more spreading; George L. Taber, pink and white variegated, a sport of Formosa; Elegans, pink, tall and slender; Fielder's white, tall and Pride of Mobile, watermelon pink. Many newer choice kinds are also available at your nursery.

Kurumes like a little shade and do not grow so tall although some reach a height of five feet or more in a few years. Many of the more dwarf varieties do well in pots and are much used by the florists for this purpose. Choice ones are Christmas Cheer, Coral Bells, Hexe, Hindogiri, Pink Pearl and Snow. The Kurumes are harder than the Indicas and can be grown much farther north.

In addition to these two types there are also Pericats (often called with Kurumes) with rounded glossy foliage and beautiful double flowers; Macranthas with large double flowers almost always in bloom and Belgians with large exotic blossoms. The Belgians are a little difficult and require more shade but they are well worth the extra trouble. The best known varieties of Pericats are Mme. Pericat, deep pink, and Sweetheart Supreme, peach rose. Macrantha varieties include a deep pink and a lovely salmon rose. Outstanding in the Belgian azaleas are Triumph, dark red; and Albert and Elizabeth, a variegated white and pink but there are many more admirable varieties, including white.

Azaleas require an acid soil with lots of leafmold or 50 per cent peat and sharp sand. They must have good drainage and plenty of water at all times and particularly in late summer and when they are setting buds. The holes need not be very deep but should be wide enough to allow for the spreading of their shallow roots. Do not plant close to concrete houses, sidewalks, and welcome high shade of deciduous driveways which are much too alkaline for azaleas. They would welcome the high shade of deciduous oaks, redbuds or dogwood which would provide protection from the heat of summer yet allow them to get sun while blooming.

They may be "fronted" with other plants to give color when they are out of bloom. Useful for this purpose are calladiums, coleus, glazias, begonias, hydrangeas, ixora, Easter lilies, rain lilies and chrysanthemums.

Florida Federation Women's Clubs To Choose Delegates At Orlando Meet

A meeting for the betterment of communities, entitled, "A National Conference for American Principles in Community Responsibility," will be held in Washington on March 28-29.

Sponsored jointly by the General Federation of Women's Clubs and the National Council for Community Improvement (composed of representatives from national organizations, industries and individuals interested in community development) the conference is issuing invitations in each state to appropriate groups to meet and select delegates for the March session.

The Florida Federation of Women's Clubs through Mrs. E. D. Pearce, President, has been asked to issue invitations for state leaders to attend a preliminary meeting to select delegates for the Washington conference. Working with Mrs. Pearce is Harold Cole, executive vice president and general manager of the Florida State Chamber of Commerce. Assisting are Mrs. Henry O. Shaw, past president of the Women's Division of the Miami Chamber of Commerce; Mrs. T. T. Stevens of the Florida Planning Council; and Chairman of Dade County Zoning and Planning Council; and Mrs. Paul L. E. Helliwell, State Publicity Chairman of the Florida Federation. The meeting, scheduled for January 30 in Orlando, will bring together about 150 community leaders and heads of state organizations throughout Florida, who are interested in the development of communities.

Purpose of the Washington conference is to impress upon the American people the importance of community development in America today, and to assist those attending to learn more about effective techniques of working with their own communities. The conference is being financed by such industries and foundations as Coca-Cola, Fuller Brush Company, General Foods, General Motors, Procter and Gamble, Radio Corporation of America, Sears-Roebuck Foundation and Standard Oil of New Jersey among others.

It will feature workshops and outstanding speakers such as Secretary George Humphrey of the Treasury Department, Dr. Arthur Burns, Chairman of the President's Economy Advisory Council, and Walter Fuller, Chairman of the Board of Curtis Publishing Company.

The group then proceeded to the Barnett Memorial Methodist Church for its regular evening session of the M.Y.F.

The visiting young people presented a most inspiring program on "The Creation" and their choir presented special music to complete the event.

The Rev. and Mrs. R. H. Carr and the Rev. and Mrs. Bascom Carlton joined the groups in the activities. Mrs. Carr, counsellor of the local members wishes to express "my appreciation to the young people of the Orlando Church and I want them to visit us again."

The honoree with his fine Culinary Art prepared the main dish of asparagus.

The back yard of the Hittell residence took on an air of festivity with the many gay lights strung through out the yard.

Tables were centered with large trays of celery, green onion with radishes gracing the center of each tray. On each of the long tables were pickles, onions and olives.

Potato salad, cole slaw and baked beans complimented the asparagus and wieners.

After his delicious meal friends enjoyed birthday cake and coffee, while Claude opened his many beautiful gifts.

With everyone "sufficiency fully satisfied," the group gathered around the large campfire, and "shooed" the chilly winds of the evening with their laughter.

Some of the many friends helping to celebrate his birthday were: Dr. Harry Silby, Pete Byars, North Carolina; Mr. and Mrs. Herbert Behrens, and son William; Sheriff and Mrs. Denver Cordell, son Jim; Mr. and Mrs. Fred Yeackle, and daughter, and son, Linda and Johnny; Mr. and Mrs. Bill Hittell, children, Larry, and Betty Lu; Mr. and Mrs. Grady Herman, daughter, Anna Lee; Mr. and Mrs. Herbert Thurston and son Brian; Mr. and Mrs. C. A. Hittell, Miss Mary Hittell, Linda, Tommy, Richard, and Claude Hittell Jr.

Local Organization Attends Meeting In Daytona Beach

The Seminole County School Food Service Association left Wednesday evening at 7:30 p. m. for Daytona Beach to attend a meeting of five counties, Seminole, Putnam, Brevard, Volusia and Flagler at the Ortona School there.

A panel discussion was held on the public relations regarding the associations and the parents. Mrs. Ruby Davis represented the local organization.

Mrs. Guard, regional director, introduced the supervisors from each county and then introduced the members. Also present were Mrs. Thelma F. Fennar, state supervisor and Dr. John N. Perryman of Denver, Colo.

Dr. Perryman is the executive director of the American School Food Service Association and is on his first field trip, touring Florida. Dr. Perryman spoke on personal relations between the school lunch program and the parents of the students. His high points were "where are we now, what can we do about it, and how important is it?" In closing he remarked that Florida is third in membership of the association.

Refreshments were served by the school lunch personnel.

Fourteen members of the Seminole County group attended.

Eastern Stars Have Obligation Night At Recent Session

The regular meeting of Seminole Chapter No. 2 OES was held in the Masonic Hall, Thursday evening at 8:00 p. m.

Routine business was conducted by Mrs. Mary Alice Wyatt, Worthy Matron, Mrs. Mary Eula Holtzclaw, Grand Instructor of District 24, and Mrs. Leona McLain, president of the Past Matrons Club, were introduced, welcomed and seated in the East.

A very impressive Obligation Service was conducted by P. H. Wyatt, with all officers and members taking part.

The Chapter room and dining room were decorated very beautifully in various colored cut flowers. After the meeting, delicious refreshments were served by Mrs. Grace Cordell and her committee.

us, glazias, begonias, hydrangeas, ixora, Easter lilies, rain lilies and chrysanthemums.

Personals

Mary E. Stone and John S. Stone, Miami, were the weekend guests of their brother, the Rev. Perry L. Stone and family.

Faye Bridges of White Plains, N. Y., and the Rev. Arthur Bridges of Burnt Hills, N. Y. are visiting their mother, Mrs. John E. Bridges, 812 Magnolia Ave. O. J. Fumond has returned from Holiday House Hospital in Orlando where he underwent surgery for glaucoma of his right eye.

Mr. and Mrs. W. D. Stine have as their house guest, Mrs. Owens Osmundson of Montegale, Tenn.

Mr. and Mrs. Frank Foster of Suvianna, N. Y. have been the guests of Mrs. E. W. Biggers and Mr. and Mrs. Richard Holtzclaw.

Miss Rose Levy left Sunday morning by plane for New York City on a buying trip for the Hollywood Shop. She will return next week.

Orlando Youths Visit MYF Members

ENTERPRISE—Approximately 45 young people of the First Church Orlando arrived Sunday evening at 5 p. m. to meet with the Enterprise M.Y.F. members in the dining room of the Children's Home for a supper and fellowship together.

The group then proceeded to the Barnett Memorial Methodist Church for its regular evening session of the M.Y.F.

The visiting young people presented a most inspiring program on "The Creation" and their choir presented special music to complete the event.

The Rev. and Mrs. R. H. Carr and the Rev. and Mrs. Bascom Carlton joined the groups in the activities. Mrs. Carr, counsellor of the local members wishes to express "my appreciation to the young people of the Orlando Church and I want them to visit us again."

Claude Hittell Given Barbecue In Lake Monroe

BY GRACE THURSTON

Lake Monroe

An aroma of barbecue still lingers at Lake Monroe: The Claude Hittell's entertained in honor of Claude senior's birthday recently.

Tourist Club Is Entertained Friday By Stetson Cast

The Sanford Tourist and Shuttleboard Club was "delightfully" entertained Friday evening by a group of Stetson students who presented a play, "Without Words." The play was presented with a "professional touch" and was "most outstanding."

Mrs. James Howard, Mrs. Ashby Jones and Mrs. Benard Harker composing a trio, then gave a program of music. Some of the songs sung were "Long Long Ago," "In the Gloaming," trio; "Jeanie With the Light Brown Hair," solo by Mrs. Bozard; "Drink To Me Only With Thine Eyes," trio and several rounds led by Mrs. Bozard.

Delicious refreshments were served composed of homemade cookies and coffee.

Winners Are Told

ENTERPRISE—The winners of the Enterprise School spelling contest recently held have been announced. They are Marie Braddam, winner last year also of the Elementary division; runner up, Gary Bennet; Jean Hutcheson, Junior High with Elaine Darnell as runner up.

Additional Society Page Eight

USO

The weekend at the Sanford USO was "exciting and stacked with fun."

Saturday night a "Fire Side Dance" was held with refreshments of coffee and cookies being served to the large crowd attending.

Mrs. Ann Witt and Mrs. J. Millihen were hostesses for the evening representing the Catholic Women. Junior hostesses were Miss Melba Johnson and Miss Mary Lou Bowen.

Sunday night a Fudge Party was held. The candy was made by the junior hostesses in charge and was "greatly" enjoyed. Steaming cups of coffee were served along with the fudge.

Miss Pat Cassube and Miss Mary Lou Bowen were Junior hostesses ably assisted by senior hostess Mrs. Mary Millihen again representing the Catholic Women.

US Hopes Dwindling For Strong Showing In Winter Olympics

By TED SMITH
CORTINA D'AMPEZZO, Italy (UPI)—The United States hopes for a strong showing in the Winter Olympics which opened today in Cortina, Italy, but the odds are against it. Mrs. Andrea Mead Lawrence of Parkersburg, Colo., who won two women's skiing events in the '52 games, has two places in the carnival opening.

But the Russians have shown themselves to be invincible in speed skating. Even the Americans admit they can't beat them. Mrs. Lawrence's latest bulletin is that she'll be all set and today she tested her skis in the ill effects.

Even one of the "certain" American winners appears to be in doubt. Tenley Albright of Newton Center, Mass., regarded as a sure gold medalist in figure skating, injured her ankle.

Ball Tournament Expected To Draw Large Gathering

HOLLYWOOD By The Sea, Fla. (UPI)—Fourteen of the nation's top-ranking women golfers have accepted invitations to compete in the annual Women's International Golf-ball tournament Feb. 3-5, announced chairman Ben Swift.

The tournament will have thirty-two players and four alternates, with the entrants choosing their own partners. The additional twenty-two women golfers to be invited will be picked from the leading amateurs showing in the Times Open and the Doherty at Coral Ridge.

The tournament is strictly match play with the best ball winning each individual hole. All winners will receive prizes. Japan's president Bob Watling said: "Every year we look forward to the tournament and to meeting the wonderful people who visit Hollywood because of the golf-ball tournament, but this year I feel we have really rolled out the red carpet and gone all out to make it a successful and entertaining event."

SOCC

LAST NIGHT'S RESULTS
First Place - 8/10 Mile Time 22.2
Second Place - 8/10 Mile Time 22.5
Third Place - 8/10 Mile Time 22.8
Fourth Place - 8/10 Mile Time 23.1
Fifth Place - 8/10 Mile Time 23.4
Sixth Place - 8/10 Mile Time 23.7
Seventh Place - 8/10 Mile Time 24.0
Eighth Place - 8/10 Mile Time 24.3
Ninth Place - 8/10 Mile Time 24.6
Tenth Place - 8/10 Mile Time 24.9

giving birth to her third child. And finally, the Italians look unbeatable in the bob sleds.

Hayes Allen Jenkins of Colorado Springs, Colo., is the best men's figure skater on the scene and he should score impressively. His younger brother David probably is the second-best skater here.

Miss Albright, however, is under the care of her physician-father and appears to be recovering fast. Her father's latest bulletin is that she'll be all set and today she tested her skis in the ill effects.

The United States won four gold medals in the 1952 games in Oslo to pile up 80 1/2 points in the unofficial team score. This was second to Norway, the "home" team, which came out on top with 125 1/2 points. Russia did not compete in '52.

If anyone beats the Italians, who know the bob run here like their own streets, it probably will be the Americans.

ART DEVLIN, 33-YEAR-OLD VETERAN OF THE AMERICAN OLYMPIC SKI JUMPING TEAM WHICH HOPES TO MAKE THIS COUNTRY'S BEST SHOWING EVER IN THE GAMES WHICH START JAN. 26, AT CORTINA, D'AMPEZZO, ITALY.

MIAMI, Fla. (UPI)—William George (Billy) Evans, one of the best known figures in baseball, though he never played the game as a professional, died in North Shore Hospital last night.

Evans, 71, was visiting his son in Miami when he suffered a stroke Saturday.

Hogan Tells Sportsmen 'Golf Is Simple Game'

OKLAHOMA CITY (UPI)—Ben Hogan, the mighty little Texan who four times won the U.S. Open golf tournament and conquered the tough British Open on his first attempt, says "Golf is a simple game."

Dons, Dayton Lead In Associated Poll

Renowned Baseball Figure, B. Evans Dies In Miami

By The Associated Press
It's unbeaten San Francisco and Dayton atop the list of the nation's top 10 college basketball teams, but after those two giants it's every man for himself.

Sauer To Report Early This Year

CHICAGO (UPI)—Hank Sauer, veteran Chicago Cub slugger who experienced his worst season in the majors last year, will report to spring training early this year.

Evans, a native of Chicago, was a 15 1/2-week sports writer for the Youngstown (Ohio) Vindicator and was reporting a game in the Class D Ohio-Pennsylvania League when he was drafted as an umpire at \$15 a game.

Sauer slugged 41 home runs and drove in 103 runs in 1954 but slumped to 12 home runs and 28 RBI's last year while batting .211 in 79 games.

Cardinals Need 3 Contracts To Sew Up Player Roster

By THE ASSOCIATED PRESS
The St. Louis Cardinals today needed just three contracts to become the first major league club to sew up its 1956 player roster.

Evans continued his work on the newspaper and in 1906 moved into the American League—the only umpire in baseball history to jump from the lowest classification to the highest. He served in the American League 22 years.

He was regarded as one of the most able arbiters in the business, substituting diplomacy for belligerency.

SCORING WHIZ By Alan Meyer

ROBIN
FREEMAN OF OHIO STATE, WHO'S MAKING ANOTHER STRONG BID FOR THE SCORING TITLE WHICH HE WON LAST YEAR, HAD BEEN ABLE TO FINISH THE SEASON.

HE'S ONLY 3' 8" BUT GETS SO MUCH SPRING AND HE'S THE EQUAL OF THE BIG FELLOWS—AVERAGED 31.5 POINTS BEFORE HE WAS FORCED OUT OF ACTION LAST YEAR, AND HE'S BEEN CONNECTING ABOVE AVERAGE THIS SEASON.

Advising golfers, looking for a way to lower their scores on local links, Hogan said:

"After you gain the mechanics of the game, there should be no reason why anyone shouldn't shoot a respectable game of golf."

"All of a golf game is in your fingers," said Hogan. "You've got to have that feel in your fingers or you can't play the game. Your fingers telegraph the feel of a golf club."

Demonstrating his form with a club, Hogan pointed out some of the methods he used to gain victories over the world's best golfers.

Emphasizing that he uses the standard overlapping grip, he said he wouldn't advise that method for everyone. He said that although it's the best he has met, "If you don't like it, throw it away."

"I throw away a lot of things every day."

Thirty to 40 minutes of practice a day, plus strict compliance with fundamentals, is the only way to obtain the kind of game wanted, Hogan said.

WHY THE CHRYSLER WINDSOR V-8
Everything about driving a Chrysler is new! You touch a button on the left (and right) side... and Push-button PowerPilot, the smoothest of all transmissions, goes into action.
From four lengths behind to four lengths ahead of a moving truck going 40 m.p.h. in 8 seconds flat. That's the kind of reserve power you get in Chrysler's great airplane-type V-8 engine.
Full-time PowerPilot Steering does 80% of the work... gives you a cat-footed feel of the road every inch of the way... requires less pull... only 3 1/4 turns from full left to full right.

Weird Incidents Arise From Smog Covering London

By STANLEY GODFREY
LONDON (U-P)—Ever had some
body try to mail a letter in your
left ear?
Such things happened recently
in the choking yellow London
smog—an evil-smelling mixture of
fog, sulphur fumes and smoke
which blacks out the city for days
on end in the winter.
Medical men are worried about
its effect on health, but the aver
age Londoner knows how to make
the best of it. A new cult—the
smog story—has found favor. And
the more embarrassing the inci
dent, the bigger the laugh.
The tabloid Daily Mirror invited
readers to share their smog
stories. These are some of the
letters that flooded in. (The paper
didn't vouch for their truth):
There was the coalman from
Harrow who asked a local man to
show him where the coal bunkers
were. Next morning he found he'd
carefully emptied a sackful into
four separate telephone booths.
Truck driver Jim Hagerly re
ported a colleague halted his big
truck and climbed down — into
water up to his knees. Terrified
he might have driven into a
river, he stayed shivering in the
cab all night—until the fog lifted
and he found the truck parked be
side a horse trough.
There was the man from Kent
who wrote: "My wife stopped in
the fog to look at a fur coat in
the window. After a while I joined
her, gave her an affectionate pat
where she sits and asked, 'What
would you give me for that, my
pet?'"
"A slap on the face was the
answer, with a shout of, 'This, you
old wolf! It was a woman I'd
never seen before.'"
Mrs. Dallywater of West Wick
ham was the unfortunate who said
she was mistaken for a post box
in the fog, and Miss "S. J." con
fessed she walked out of a party
one night, hailed a waiting taxi
and was driven home—only to find
she had stepped into a police
squad car.
"I asked my wife to wait on
the corner while I fetched an
evening paper. When I came back,
I said to her, 'Come on, dear, the
best place on a night like this is
in bed.'"
"Unfortunately, it wasn't my
wife."
Milo Savage, who boxed Edu
ardo Lausse to a draw, worked in
Utah copper mines for three
years.

WESTMINSTER Bob Murphy, 29,
of Boston, is shown with heavy-
weight champion Rocky Marciano
after he received the "Bookie
of the Year" award. Murphy has
a professional record of 13 vic
tories and one draw. The presen
tation was made in New York at
the thirtieth annual dinner of
the Boxing Writers' Association.

Proposal Appears To Be In Making

NEW DELHI, India (U-P)—A new
states into only five big subdivi
sions appeared in the making to
day. It would be aimed at forestall
ing recurrence of the death and
destruction last week after unvel
ling of government plans to re
draw state boundaries along lan
guage lines.
The first step toward such a
compromise was taken with the
announcement that the chief min
isters of two big eastern states—
West Bengal and Bihar — had
agreed to merge their territories
into one state of 65 million people
and nearly 100,000 miles.
Calcutta, India's largest city and
the present capital of West Bengal,
would be the capital of the new
state.
There was no indication yet how
the 25 million people of West Ben
gal and the 40 million in Bihar
would react to such a merger,
which must be approved by the
two state legislatures and the na
tional Parliament.

Agriculture Dept. Sets Most Prices Up On Farm Goods

WASHINGTON (U-P)—The Agricul
ture Department said today that
prices of most farm products have
improved slightly in recent weeks,
halting a five-year decline.
In a report on the market out
look for agricultural commodities,
the department said prospects are
that farm product prices in the
early months of this year will aver
age somewhat above the low levels
reached in December.
A 7 per cent drop in the general
level of farm prices last year deep
ened the political controversy over
farm policy and it now shapes up
as a possible major issue in the
November elections.
The department gave no specific
figures on price improvements this
month. A formal report giving
these prices as of mid-January will
be issued Jan. 31.

Abbot Murder Trial Jury Starts Sixth Deliberation Day

OAKLAND, Calif. (U-P)—The per
serving Burton Abbott murder
trial jury today starts its sixth
day of deliberation.
Abbott, 27-year-old accounting
student, is charged with the kid
nap-murder of Stephanie Bryan,
14-year-old Berkeley schoolgirl.
The state has demanded the
death sentence.
The 12 jurors were unwilling to
say their job was hopeless. They
asked delay of their dinner last
night to stay in session until after
8 p.m., when they retired to their
hotel.
Abbott was told yesterday by
his father of published reports, en
tirely speculative, that the jury
stood 11-1 for conviction. The fall
ers said the report left Abbott
downcast.

Westinghouse Co. Strike On 100 Days

PITTSBURGH (U-P)—The Westing
house Electric Corp. strike—one of
the most costly labor disputes in
the nation's history—was in its
100th day today and there were
no indications when a settlement
might be reached.
Federal Mediator John R. Mur
ray has been closeted daily with
top negotiators for Westinghouse
and the AFL-CIO International Union
of Electrical Workers but they
have withheld comment on their
progress.
The latest negotiations were be
gun last week after five days of
secret sessions among Murray and
the negotiators to seek a basis for
the resumption of collective bar
gaining.

Calendar

TUESDAY

FRIDAY
Miss Elizabeth Dickenson, state singing specialist, from Tallahassee will conduct an 4:30 train
ing session for the singing chairman of the Seminoles High School
Chorus at 4:30 p.m.

Reading Volunteer Fire Department Saves Much Money

READING, Pa., (U-P)—Does your youngster dream of this day when he will be old enough to climb aboard a shiny new fire truck and ride happily split to the nearest blaze? This is the place to live.
For in this Southeastern Pennsylvania city there are 8,000 grownups from every walk of life who often do just that. Yet none ever gets a penny for it. They are all members of the largest and oldest active volunteer fire department in the United States.
Born in the days of American Revolution, the Reading Volunteer Fire Department saves this city \$16,000 an estimated half million dollars a year.
"We have the best fire department in the country," boasts Fire Chief Russell C. Bowers, one of 115 men in the department of more than 8,000 who gets paid.
"The reason the department is so good is that each man is fit enough to save his home or his city when a fire breaks out."
This spirit, of which the fire chief is so proud, has undergone a more than noticeable change since the first fire company was organized 197 years ago.
In those days the men who heaved the leather buckets and worked the antiquated pumps developed keen, intricate rivalries. Legend has it that, as a result, many buildings burned while men

Reading Volunteer Fire Department Saves Much Money

bers of rival units engaged in heated arguments over who was to put out the fire.
Today the spirit is one of full cooperation. The change came after the Civil War when the fire men's union was formed. The union now consists of five delegates from each of the 14 companies. It elects the fire chief and his assistants and represents the firemen in all their relations with city officials.
The drivers of the trucks, which make up most of those who receive a salary, are always on constant call.

BIRTHS

Mr. and Mrs. Clyde Randall Collins of Jacksonville announce the birth of a daughter weighing 7 lbs. 11 oz. Jan. 20 in the St. Vincent's Hospital. The proud father is a former resident of Sanford.
Mr. and Mrs. N. W. Stripling announce the birth of a daughter, Jan. 22 at 2 p. m., weighing 8 lbs. 2 oz. The young miss was born in the Fernald Laughton Memorial Hospital.
Mr. and Mrs. James H. Wade announce the birth of a daughter, Lou Ann, on Jan. 20 at the Orange Memorial Hospital. The young miss weighed 6 lbs 9 oz.

Don't hold back—pour it on!

Borden's Half and Half
A blend of milk and cream

Enjoy real luxury — and economy, too! Borden's Half and Half costs way less than light cream — so you can pour it on!

**Richer than milk!
Lighter than cream!**

Use thrifty Borden's Half and Half in coffee, in your coffee, and for cooking cream soups, gravies and sauces. Makes everything taste better!

PERFORMANCE made it the Largest Selling "8" in the World...

the FORD V-8

Here's why!

People just naturally go for 8 cylinders in the FORD package!
And to a world record extent!
Just think, in the first 11 months of 1955 alone, 344,496 more people bought Ford V-8's than bought the two other low-priced competitive eights combined! They even bought 390,689 more Ford V-8's than the next competitive six!

Of course, the reason the Ford V-8 is the largest selling eight-cylinder car in the world is that more people like its brand of performance—the kind that comes with the car!

These people aren't amateurs in judging engines. Nearly 24 years of building Ford V-8's to supply their demand is convincing proof of that.

And the Ford V-8 of today is the best yet — by a country mile!
Smoother and quieter—you can scarcely hear it, even with the hood up! Safer—just ask the highway patrol officer who drives one. He knows it takes a Ford to catch a Ford!

And, for the very practical question of durability—ask a Ford cab driver. He knows how Fords take it days on end.

So, if it's performance that you want—and wrapped like a gift—the '56 Ford V-8 is your baby.
Come in :: try it today!

Model	Ford Sales Leadership
FORD V-8	1,241,743 in 1955
Car O-V-8	684,578 in 1955
Car F-V-8	263,570 in 1955
Car O-6	845,153 in 1955
Car F-6	334,540 in 1955

Spectacular Game Finds Oviedo Lions Holding Tight Grip

By MARION JONES

In one of the most spectacular games to date the Oviedo Lions Quintet, which gains a tighter grip on the Central Florida Conference second place standing, registered its sixth circuit triumph in seven games by defeating the revitalized Bishop Moore Hornets 73-52 in Oviedo last night.

The first quarter started with Hubert Priest being fouled gaining a two point lead for the Oviedo Lions. The contest was very close, one team forging ahead and the other, throughout the entire first half.

It was the one-two punch of Keith Malcolm and Hubert Priest again pacing the Lions attack, Malcolm hitting for 28 and Priest netting 18 despite a severe cold.

The first quarter ended 18-16 in favor of Oviedo. The half at 35-23 in favor of the Lions.

When the Hornets came back in the second half trailing by 12 points the quick punch of John Ellis and Danny Green as well as Benny Baumann made them surge within five points of the Oviedo Lions.

But again Malcolm came to the rescue and quick goals by Malcolm, Priest and Andy Duda, who was put in the first string in Jim Hill's place last night and netted 33 points for the victors, kept Oviedo in the lead throughout the game.

Ray Fore, captain of the team, did a beautiful defense job and netted some beautiful long shots for the Oviedo Lions. One of the most spectacular points of the game was Malcolm's tip in.

The Oviedo B Squad defeated the Hornet B Squad 43-28 in the preliminary game.

The Hornets completely overpowered the Lynx B quintet but height did not seem to register from the score point.

Lorne Mathers was high with 13 and Raymond Miller and Joseph Duda came second with 10 points each for the victors. But the playing of Tom Smith, tiny guard, a transfer to the Oviedo school was spectacular in the game, especially one of his long shots. The crowd came to its feet with cheers and laughter as tiny Freddy Alford, a eighth grader put in the last few minutes of play, completely stole the ball from a tall Hornet player and while they stood spellbound carried it through to the basket for two points.

High scorer for the B string was a man named Bill Kiedvick with 13. This gives Oviedo a 6-1 lead in the Central Florida Conference and a 7-4 overall lead. The Oviedo Lions will show who is the Central Florida Conference top team when they meet Groveland in Oviedo Friday night.

Groveland stands 7-0 in the Central Florida Conference and has not been defeated this year. But it is understood they have not played such teams as Pearson, Moore and Edgewater thus far this year.

January Pack Meeting Is Set For Tomorrow

Cub Scout Pack Ten of Sanford will conduct its January pack meeting tomorrow night at 7:30 in McKinley Hall at the First Methodist Church. The pack leaders met Monday night at the church to plan the boys' pack meeting and the coming month's activities.

At the same time, W. P. Ball interviewed parents of prospective Cubs, in order to explain the Scouting program thoroughly, and to place the new boys as conveniently and quickly as possible. Ball's next meeting with parents of Cub applicants for Pack 10 will be on Monday evening, Feb. 20, at 7:30, at the First Methodist Church. In the meantime, anyone interested in joining may telephone him during the day at 3101, or after working hours at 3190.

Also at the leaders' committee meeting, Woodrow Cash, secretary, announced the formation of a new pack in Pinecrest section, due to the increased number of interested boys there. Mrs. A. E. Grell will be the Den Mother, assisted by Mrs. V. M. Smith. Further plans were made for the probable organization of a den in Loch Arbor, to be composed of both new and experienced Cubs.

E. D. Kirchhoff, chairman of the pack leaders, urged that all Cubs participate in annual Boy Scout Week, Feb. 6-12, climaxing in the St. John's area Kickapoo at the Sanford Municipal Stadium on Saturday night, Feb. 11, and in the observance of Scout Sunday the following day.

Cubmaster Ted Williams completed details of the private Pack Meeting tomorrow night. At that time Carl A. Prescott will form a Webelos den of the highest ranking Cub Scouts training to become Boy Scouts.

The Oviedo B Squad defeated the Hornet B Squad 43-28 in the preliminary game.

The Hornets completely overpowered the Lynx B quintet but height did not seem to register from the score point.

Lorne Mathers was high with 13 and Raymond Miller and Joseph Duda came second with 10 points each for the victors. Heart Disease Leading

Seminole County is richer by 200 additions to its population during the first 11 months of 1955, according to a release today from the Florida State Board of Health in its monthly Vital Statistics Report. The report states that during the first 11 months of 1955 there were 783 births and 274 deaths.

Of those totals, there were 300 white children born in Seminole County during the 11 month period and 307 colored children. And of the 274 death total, 152 were white and 122 colored.

The Vital Statistics report states that there were 278 marriages in Seminole County during the January-November period of 1955 but more than half of them ended in divorce; 134 divorces were recorded in the County during the 11-month period.

Thirty-four infant deaths were recorded during the period, 6 of them white and 28 colored.

The 274 deaths, says the State Board of Health's Vital statistics report, from certain causes were: Three from tuberculosis, one from syphilis, 47 from cancer, six from diabetes, two from anemia, 11 from influenza and pneumonia, 26 from cerebral vascular disease, 87 from heart disease, 12 from all other circulatory diseases, six from nephritis and nephrosis, six from motor vehicle accidents, and 14 from other accidents.

Through the first 11 months of 1955, chief cause of the greatest number of deaths remains from heart disease followed by cancer.

Wild Chase Ended With Driver Jailed

Clerk Of Court Job Sought By R. Cobb In May Primaries

A citizen of Sanford for 45 years announces his candidacy for the office of Clerk of Court, Seminole County, today.

R. A. "Bob" Cobb, employed by the J. C. Hutchison & Co. firm here, made known his intentions today that he will be a candidate for the office of Clerk of Court subject to the Democratic Primary to be held on May 8.

Cobb was born in Live Oak, Dec. 8, 1899 and moved to Sanford on Jan. 10, 1910. He has lived here since that time.

He attended local schools until the end of his Junior year in high school at which time he enlisted in the U. S. Navy during World War I.

Following his discharge from service in September 1919, he attended business school studying bookkeeping and accounting.

Cobb started work with Sanford Truck Growers most of the time as Secretary-Treasurer and was with that firm until August 1933 when he began his work with the J. C. Hutchison & Co. firm where he has remained.

In September 1931 Bob Cobb married the former Iselta Stone, a school days sweetheart.

They now live at 313 West 13th St. in Sanford. They have one daughter, Frances, who lives at home and teaches at Lyman School in Longwood. They also have one son, Thomas A. Cobb, who lives at 815 Oak Ave. with his wife and two sons, Tommy Jr., and Mike.

Cobb is a member of the First Presbyterian Church of Sanford, Campbell-Losing Post No. 38 of the American Legion, Veterans of Foreign Wars Post No. 3282, Sanford Lodge No. 1241 of the Elks, Sanford Lodge No. 42 of the Masons, Monroe Chapter No. 15, Taylor Commandery No. 28, Morocco Temple, Sanford Shrine Club, and the Seminole County Chamber of Commerce.

\$150 Damage Estimate Put On Station-Wagon

Mid-Winter School Starts Thursday At Orlando Church

Dr. Guy P. Leavitt, editor of the Lookout, Cincinnati, Ohio, will conduct a mid-winter Bible school conference in the First Christian Church at Orlando, Thursday and Friday of this week for the churches of Florida. Bible school superintendents, teachers and special workers will have a special privilege to prepare themselves for more efficient work in churches.

Dr. Weishimer is minister of the First Christian Church in Canton, Ohio, will deliver the keynote address Thursday at 7:30 p. m. It has been planned to take care of delegates from all churches in Florida.

Dr. Weishimer is minister of the largest church and Bible school in the Christian brotherhood and is considered the best authority on Bible school methods. It was reported, he has been minister of the Canton Christian Church for 34 years which has over 7,000 members and a Bible school above 7,000.

Other church people are cordially invited to attend this conference at the Orlando church which is located on West Central St. across from the Chamber of Commerce building.

Politics Underway As Three Hopefuls Reveal Intentions

Politics got underway yesterday, in earnest, when three hopefuls for the office of Assessor of Taxes for Seminole County made known their intentions to be in the race.

The Democratic Primary elections are still 100 days away on May 8 and dates for qualifying are set from March 6 to next March 31.

Those announcing for the office yesterday, and whose announcements appeared in The Sanford Herald were Mrs. Mary E. Earle, who has been associated with the Tax Assessor's office for 22 years; 34-year-old incoming engineer Rudy Sloan; and Raleigh King, farmer-salesman.

The three announcements for the office being vacated at the end of his present term by Sanford Doudney who has spent 42 years in the office of the Seminole County Tax Assessor will undoubtedly enliven the political talk that has been circulating, more or less under cover of rumors rather than announcements.

Some candidates appear reluctant to make known their intentions since an accounting must be made of their expenses when announcement is made.

So far, there are no committed candidates other than the incumbent for the office of Clerk of Court, Tax Collector, Sheriff, County Judge, County Commissioner, Constable, and Justice of the Peace.

Qualifying dates for statewide offices have been set beginning Feb. 21 to March 6.

2 FSU Students Accused Of Taking Examination Papers

TALLAHASSEE (AP) — Two Florida State University students accused of stealing and selling final examination questions for \$10 a set have been recommended for indefinite suspension.

The student honor code made the recommendation yesterday on the basis of an investigation in which the student government organization took a leading part.

University President Doak B. Campbell said further investigation was being made in an effort to uncover possible accomplices. Still unexplained is how the questions were obtained.

Names of the two male students were withheld pending a final determination in the case.

Students who bought stolen questions made a bad deal.
