

Hoiriis, Former Sanford Flier, Lands In Germany, Then Hops For Copenhagen; Post And Gatty Reach Moscow, Russia

Round-World Aviators Have Already Completed 5,000 Miles Of Scheduled Trip

MOSCOW, June 25.—(AP)—Wiley Post and Harold Gatty, American round the world fliers, landed here at 10:30 (Eastern Standard Time) today covering the 950-mile flight from Berlin in slightly less than nine hours. The fliers, who left New York early Tuesday and landed in Berlin late yesterday afternoon in a successful crossing of the Atlantic covered 5,000 miles of the 14,000-mile circuit of the world which they hope to complete in 16 days.

Their next goal is Irkutsk, 2,800 miles from Moscow. Both fliers appeared fresh as they climbed into their plane at Berlin after a slight's sleep. With the plane refueled and greased the aviators will set a course on a direct route across Middle Poland. They plan to remain here tonight and start the next leg of the flight early tomorrow.

Berlin had been waiting for the fliers for hours and tired as they were they could not escape the most vociferous welcome the city has given anyone for years.

So enthusiastic was the crowd and so complicated were the police preparations to protect the fliers, that Gatty became tangled up with the hero worshippers and was almost shouldered off the field by guards herding newspapermen and others from the news. Only the intervention of an airplane pilot saved him.

When the blue and white Winnie was touched her wheels to the ground the crowd went up a roaring cheer. A truck took it to town and hauled it over to a place where the movie camera and microphone had been set up. The delay there was so long that the fliers were late for their flight.

LOUITT DEcriES LEGISLATION TO FORCE MORALITY

Scores Participation In Politics For Selfish Motives Only

Acclaimed as one of the most forceful speakers ever to appear before the local Kiwanis Club, the Rev. H. Irving Louitt, of Holy Cross Episcopal Church yesterday received an ovation at the close of a short, but powerful address on "The Possible Failure of Democracy."

The Rev. Louitt, speaking before more than 30 Kiwanians and their guests, declared that democracy is on trial during these times of depression just as was Russia with its five-year plan, and Italy with its dictatorship. He said that if democracy failed, three principal reasons could be attributed to its failure: The government no longer protects the rights of the minority; the government wrongfully undertakes to set up a moral code by law; when all the legislation in the world will not bring about the effect desired; the leaders of our nation have gradually and almost completely declined to take part in politics unless for the most selfish of motives.

Rev. Louitt saw as one of the primary needs for the maintenance of a democracy a return to the old principles of conduct which found men going good for the commonwealth; which found them practicing self-control in their every dealing, and which saw the people of the nation heeding the lessons taught by educational campaigns along moral lines.

People must be educated to turn from their present ideal of trying to get as much out of life without giving unselfishly in return, said Rev. Louitt. "Our mad rush for power and wealth and glory has touched the most fertile sections of our country," he continued, "with the result that we are leaning more and more away from the natural laws upon which our nation was founded, and setting up for ourselves kingdoms which are ruled by ourselves exclusively for ourselves."

In pointing out an example of how the American government no longer protects the minority, Rev. Louitt said:

FORMER SANFORD FLIER SPANS OCEAN

Wiley Post (left) and Harold Gatty, who today completed the 12th successful east-west crossing of the Atlantic Ocean by air when they landed their plane at Krefeld, Germany after a 32-hour flight from Harbor Grace, Newfoundland, begun yesterday morning. They refused and set out for Copenhagen, their original destination. Hoiriis is well known locally, having spent the winter here last year.

EMILY PURDON IS GIVEN \$150 FINE BY JUDGE WRIGHT

Was Convicted Of Receiving Goods She Knew Were Stolen

Found guilty last week of having purchased property she knew to have been stolen, Mrs. Emily B. Purdon, Lake Monroe, was sentenced to 30 days at hard labor in the County Jail and a cash fine of \$150 when she appeared before Judge Wallace W. Wright for sentence this afternoon. The jail sentence was ordered suspended upon condition of good behavior, provided she paid the fine.

Sentencing of Mrs. Purdon was the second matter handled by Judge Wright who convened Circuit Court this morning at 9:30 o'clock after a week's recess. Shortly after court opened this morning, a venire of 20 names was ordered presented, and Sheriff J. F. McClelland reported that all but four of them had been subpoenaed. The following answered for jury duty: Joe Linnhart, C. M. Stone, J. W. Spivey, E. S. McCall, H. B. Fennell, D. G. Smith, R. P. Geiger, J. H. Urquhart, H. A. Abell, Carl Foster, H. C. Parker, O. H. Flynn, D. J. Garrett and J. E. Terwilliger. The following were not located in the county: Henry Thurston, Joseph Smith, J. W. Childers, and O. L. Sipes.

A jury of six was selected to hear the case of Mrs. F. Abell versus John M. Kelley, asking damages of \$5,000 because of the illegal removal of trees by Mr. Kelley from the Abell properties. Mrs. Abell was represented by George G. Herring, while Mr. Kelley was represented by Wilson, Boyle and Household.

The trial came to a sudden end when Mr. Herring asked for a non-suit. Judge Wright, before sentencing Mrs. Purdon declared that since she had restored the property to its original owners, the crime of which she was convicted was changed from a felony in a misdemeanor, and that the sentence would be considerably lighter than a sentence which follows conviction on charges of felony. After sentencing her, he declared that he had given her the minimum.

Court was adjourned at 2:00 o'clock this afternoon until 9:30 o'clock tomorrow morning when the civil suit of Mrs. Flora H. Spurling against O. J. Pope, will be heard.

Church And Drama League Of America No Longer Exists

NEW YORK, June 25.—(AP)—J. G. Mitchell, attorney for the Church and Drama League of America, Inc., said yesterday the organization had ceased to function.

It was formed in 1924 by a number of prominent men to stimulate an intelligent and extensive interest in the drama as a social force.

The Evening Post, declaring the organization stopped functioning because of financial difficulties, said it was informed a substantial judgment had been obtained against the league and a number of its debts were unpaid.

The league originally a branch of the Federal Council of Churches of Christ in America, became involved in 1929 in a heated discussion with the Motion Picture Producers and Distributors Association, headed by Will Hays.

A statement at the time said Hays and Carl E. Milliken, secretary of the motion picture organization — whose resignation from the administrative committee of the federal council of churches was announced by the Herald-Tribune yesterday — had been dropped from the league's board because of efforts to use the league for motion picture propaganda.

Two Danish Aviators Became Lost, Flying Over Spain, France And Using Up Fuel

BERLIN, June 25.—(AP)—Otto Hillig and Holger Hoiriis, trans-Atlantic fliers, landed at Krefeld in the Rhineland late this afternoon after a 32-hour flight from Newfoundland, and after refueling, started for Copenhagen, their goal.

The aviators, for whose safety fears were felt as they were long overdue at Copenhagen, landed with empty fuel tanks. Their plane was not damaged. The fliers said they had lost their way, and had flown over Spain and France, thereby exhausting their fuel. Krefeld is about 400 miles southwest of Copenhagen.

Considerable anxiety had been felt for the long overdue fliers at Copenhagen, and guide planes sent out to search for them. Huge crowds, including the Hoiriis family gathered at the airport there to greet the fliers.

Otto Hillig, who migrated from Germany 40 years ago, and Holger Hoiriis, who left Denmark seven years ago, took off at 3:24 A. M. (E. S. T.). Yesterday for Copenhagen, which they hoped to reach in 28 hours. From Copenhagen, they planned to fly to Hillig's birthplace in Germany. They called their trip a "joy ride."

Copenhagen is 1150 miles from Harbor Grace. They were scheduled to arrive in the Scandinavian city last before 7:30 (E. S. T.).

Hillig conceived the idea two years ago of flying home as a fitting contrast to his method of coming to America. He bought a ticket to Germany via the Graf Zeppelin, but two days before the flight he was notified his reservation had been cancelled. He brought suit which was finally settled out of court for a sum reported to have been \$25,000. With that money he bought the plane in which he and Hoiriis crossed the ocean.

Hillig, who is 55 years old, met Hoiriis, who is 29, last year when the latter was in Liberty, N. Y., on a barnstorming trip. Hoiriis had been looking for someone to finance an Atlantic flight and Hillig readily fell in with the plan. Hillig, during the months of preparation has learned enough to be able to take the controls occasionally to relieve his pilot.

Man Seen Slinking From House Which Had Been Ignited

An epidemic of incendiary fires seems to be sweeping over this city. Early this morning, Fire Chief Mac Cleveland and his men were summoned to a vacant house at 209 East 22nd Street where a blaze of considerable proportions, believed to have been caused by an unknown person who poured gasoline about the house, had made such headway that damages amounting to nearly \$200 were suffered. It was the third fire of known incendiary nature during the past 10 days.

A small explosion awakened a resident of that vicinity shortly after 1:00 o'clock this morning. Glancing through a window, the resident saw a man slinking away from the building which had caught fire. Before she could summon aid, the unknown person had vanished, leaving only a series of foot-prints in deep sand leading to a paved street south of the house.

The house is the property of J. B. Crawford. It is a vacant, one-story structure. Chief Cleveland and Firemen Tatum and Dunsen went to the blaze.

ENDS LIFE

HOUSTON, Texas, June 25.—(AP)—William A. Davis, 45 years old, cabinet maker, was fatally wounded yesterday. He was shortly afterward. He had been dependent over his inability to employment.

CARLTON CALLS THIRD SESSION OF LAW BODY

Legislature Preparing To Go Home For Brief Rest Until Reconvening July 7

TALLAHASSEE, June 24.—(AP)—The Florida Legislature was closing its 70-day special session today while preparations went forward for the second extra session to start July 7. The call for the second extraordinary session was issued by Governor Carlton while senators and representatives stood at ease awaiting the completion of clerical work before adjourning the first special session sine die.

Clocks of both Houses were stopped before noon and both bodies recessed until three P. M. Following the call for the second extra session the House named a steering committee of 12 to determine what bills would be considered at the extraordinary session.

In the Senate an emergency appropriation bill holding in force the 1929 appropriations until a new general bill is passed was approved 26 to nine. The House bill for a tax on intangibles including a levy of one-tenth of a mill on money was indefinitely postponed without a record vote.

The emergency bill authorizing postponement of making state and county district tax levies until the first Monday in September was passed by both Houses. A joint committee investigating an alleged forgery in connection with the purported passage of the regular session of a bill to regulate laundries has not completed its work in time. A report today of Senator Parrish, Titusville, said the committee will report at the next special session.

Treasury Knott today said the 70-day special session of the Legislature cost the state \$44,000 in salaries of the legislators and attaches. The cost of printing and other expenses was not included in the figure. The 60-day regular session cost approximately \$200,000 including salaries, printing, and other expenses.

Aimee McPherson To Continue Fight Upon Tax Payment

WASHINGTON, June 25.—(AP)—Aimee McPherson yesterday obtained permission from the board of tax appeals to continue her contest against paying the government an additional \$17,486 in income taxes.

The board overruled a motion by the internal revenue bureau to disallow the application of the Los Angeles evangelist for a re-determination of her 1927 and 1928 taxes.

The bureau contended the application was void because it had not been signed by Mrs. McPherson. Livilyn A. Luce of Washington, one of the evangelist's attorneys, explained she had not signed it because she was in Europe when it was presented. He filed an amended petition bearing her signature.

The internal revenue bureau announced the additional tax on the ground she should have reported income of \$19,239 for 1927 instead of \$9,712 and \$197,994 for 1928 instead of \$18,668. The evangelist contended that she had reported all her income which was taxable.

In her petition she said the \$17,486 added by the government to the 1927 income was a gift from the congregation of Abingdon Church, of which she is pastor, and which was not taxable.

She explained it had been considered as a "donation fund," following her widely publicized disappearance in 1926, to obtain recognition that she had been kidnapped.

The amount added to her 1928 income included a payment of \$9,000 by a life insurance policy for her by the Echo Park Evangelical Association, \$2,000 in a similar association drawn from a John L. Anderson bank account maintained by "Elizabeth Johnson" and profits from real estate transactions.

PORT HENRY, Tenn.—(AP)—The operations underway here by the U. S. Coast Guard cutter, the USS Albatross, in the Gulf of Mexico, are continuing.

Mussolini To Have Conference With Pope To Heal Rift

ROME, June 25.—(AP)—The Pope and Benito Mussolini will convene a sort of diplomatic conference to thresh out their differences over the kind of clubs for laymen the church may have in Italy.

The Vatican first proposed such "conversations" and Italy agreed in a note which was delivered yesterday to the Holy See by the Italian ambassador, Cont De Vecchi.

This definite reference to a conference at which the differences between the Vatican and the government might be talked over by diplomats of the two powers is one of several indications construed as promising, despite the Pope's continued pessimism in his speeches, to which Italy again objected in yesterday's note.

Even after the note was delivered, the Pope told a group of pilgrims from towards Pado that circumstances "do not point towards a return to normal."

Some progress in the negotiations was seen in reports that the difficult matter of the apology which the Pope first demanded within 24 hours had been settled. The government note yesterday explained the promise of persecution of those guilty of insulting the Pope and damaging church possessions implied that the violence was "deserved."

This was understood to be satisfactory to the Vatican.

Debs that have been closed must remain open, as Italy makes the view that they forfeit the protection of the concordat by anti-Fascist.

HEADS AIR CORPORATION

NEW YORK, June 25.—(AP)—Thomas A. Mearns, president of North American Aviation, Inc., has been elected president of the Curtiss-Wright Corporation, it was announced today.

Pajama Parade Staged Last Evening; Bathing Suits Will Be Worn Tonight

Before a large audience which included the six judges who will decide the ultimate winner of the contest, 23 Sanford and Seminole County girls appeared in a pajama parade on the stage of the Milano Theater last night as the first step in an elimination contest which ends tonight, and will result in one of the girls being chosen as "Miss Seminole County."

The winner will be sent to Clearwater, with all expenses paid by the management of the theater, where she will appear in a statewide bathing beauty contest for the mythical title of "Miss Florida" and the \$100 in gold which accompanies the title.

The girls, representing all types of girlish loveliness, were first presented in a group, seated and reclining upon silver furniture, which, with a colorful background, presented an attractive picture. Each girl wore the newest in pajamas, with colors varying from the most brilliant reds to the quietest tones of blue.

As they walked from the stage they passed momentarily to the front of the audience to identify them from names painted on sashes worn across the pajamas.

The ballot method was used to determine the first five choices of the audience, and the judges announced this morning that the voting was kept and close. No announcement was made as to whom the first five girls were. Tonight the same group of girls will appear in a bathing suit parade.

MARKET PRICES STARR FAITHFULL IN MANY NATIONS SURGING UPWARD

Wall Street Has Varied Bullish, Bearish Developments

NEW YORK, June 25.—(AP)—World financial markets read the news of France's qualified acceptance of President Hoover's war debt proposal with rose-tinted spectacles yesterday.

Security prices in New York, London and Paris surged up strongly, and the Berlin bourse rallied after a moderate setback early in the session, advances at New York rivaled those of Saturday and Monday, and stock sales were the largest in four months.

Wall Street was treated to a variety of bullish and bearish developments, but had eyes only for the bullish news. Equity values surged up \$2 to \$12, in the second 5,000,000 share day of the week.

Experts Are Scrutinizing Letters To Prove Authenticity

NEW YORK, June 25.—(AP)—Starr Faithfull's post-humously revealed letters to Dr. G. James Carr, bachelor physician of the Luer Clinic, provided the state yesterday with a new enigma in the death of the Greenwich Village resident, drowned June 8, at Long Beach, Long Island.

Handwriting experts engaged by county authorities scrutinized the letters, in which were disclosed the grand jury Tuesday night the long sought motives which would have prompted the girl to commit suicide.

They strove to answer the questions raised by Stanley E. Faithfull, her step-father's charge of forgery.

Did Starr Faithfull write the suicide letters offered as genuine by Dr. Carr?

Were they forged? If so, why? By whom?

Dr. Carr, the authorities announced today, brought the letters with him to America Monday, on the S. E. Luce, and personally tendered them to District Attorney Edwards in Minola.

The letters, written on stationery which could have been produced only in New York, were regularly postmarked and dispatched on eastward bound liners and delivered to Dr. Carr at the Cunard.

Thermometers In Many U.S. Sections Go To High Levels

CHICAGO, June 25.—(AP)—Summer got down to business today as much of the country sweated anew under high temperatures that in sections neared all-time records.

Jowa was the hardest hit. The thermometer reached 105 at Waterloo. Three men and a baby died from the heat. Crops were scorched and are in a critical condition. Four deaths in Georgia were attributed directly or indirectly to the heat.

Michigan, Ohio, and Indiana were moderately cool but Illinois roared. One death was recorded in Chicago, and one at Quincy. Nebraska was scorched and Southern Minnesota scalded. Now records for the year were recorded at Minneapolis and St. Paul with 94 and 94. Seven deaths were reported in Missouri while more moderate temperatures were encountered in the Dakotas.

As the Capital

TALLAHASSEE, June 24.—(AP)—It is 100 days as if this gang had been here for 78 days just cannot get together enough to accomplish anything constructive. There have been a few bills passed that are constructive, but in the time we have been here trying, we COULD have passed all that are necessary.

Excise tax, additional gas tax, commission bills have all been killed, and I do not know but what we are just as well off, if not better. The occupational license schedule should have been included in the above, also, although it was really needed.

The plan which we hope will be carried out now, is that the Senate will pass early Thursday, the emergency appropriation bill which was passed Wednesday night, in order that there may be a few days intervening between the end of this extra session Thursday afternoon and the beginning of another one. It is necessary to do SOME-THING to prevent the outrageous expense of 1931, which will be as much as \$100,000,000. The Senate will pass the bill on Monday.

Some of us have been trying to get the emergency bill for the purpose of getting the bill passed. It is necessary to do SOME-THING to prevent the outrageous expense of 1931, which will be as much as \$100,000,000. The Senate will pass the bill on Monday.

The Speaker has some nearer before than anyone else, but he is not doing anything for any of us. He is taking the floor and making a speech. He is not doing anything for any of us. He is taking the floor and making a speech.

There has been a resolution passed which will be adjourned at 11:00 o'clock today. The only man who is not here is the one who is not here. The only man who is not here is the one who is not here.

The Braves and Reds split a couple. The Reds won the first, 5 to 4 when Jersey Joe Schupp, with four hits in five trips, led the Reds to 15 hits, most of them timely. Ed Brandt was knocked from the ball in that game. Tom Zachary gave up 10 hits in the second game, but his mates got 16, to give the Braves a 11 to 8 decision. Not a home run was made during the afternoon, most of the batters being content with singles and doubles.

BATTING AVERAGES FALL TO NEW LOW LEVELS AFTER SUNDAY TILT

By PETER SCHAAL
With five and six hit games coming with increasing regularity, the Central Florida Baseball League is rapidly becoming a pitcher's paradise with real sluggers becoming conspicuous by their absence.
That low hit pitchers duel here Thursday afternoon when Olin Hytto, the league's most valuable player, outpitched Buddy Lake, the sensational 17-year-old Fed hurler, was not the only game which saw team batting averages suffer for low hitting was the order of the day. The Saints, league leaders for weeks, got but 14 hits in two games, and dropped under the .300 mark for the first time this year.

Winter Park replaced Daytona in second place while the DeLand outfit crept a little closer to fifth place in batting, held by the Cocoa Indians for some weeks. The Reds, getting but four hits off Hutto, dropped four points in the standings.

Individual batting averages took a decided slump, with Bussey of the Saints taking the biggest tumble. He fell from a .514 mark to .485, only 16 points ahead of Allan Mobley, the crack Daytona catcher. Mobley lost a great chance to go ahead of Bussey by being held to one hit in four trips by the sensational Buddy Lake.

Few of the Big Twelve lost their standings although they lost some points from their averages. Robertson of DeLand did slip from the list, and his place was taken by Elmer Spake, Daytona's out-pitcher.

Extra base honors changed but little. Shaumen, Daytona, has the most homers, three; Pitman, Winter Park, the most triples, four; and Mobley, Daytona, the most doubles, seven. Eddie Harral, Cocoa, went into a tie with Spake for base stealing honors, each now having six.

Games today will find the Parkers with Al Rogers on the mound invading Sanford where Louis Tofaletti, the Gator ace, will be handled by Bert Chapman, former Red Sox catcher, who is now managing the Reds. St. Augustine visits DeLand where Al Whitley will tangle with Douglas or Burkhardt. The Cocoa Indians will visit Daytona, home of the league leaders, where Atkinson and Phillips.

MARKET PRICES IN MANY NATIONS SURGING UPWARD

(Continued from Page One)
year on the Stock Exchange. The total quoted value of all shares listed on the New York Stock Exchange has increased roughly \$5,000,000,000 since last Friday, price indices indicate.
The advance was also resumed on most of the commodity markets. Wheat and corn futures gained about a cent at Chicago and New York cotton ended the day 50 to 70 cents a bale higher. Non-ferrous metals, rubber and sugar also advanced.
The New York Stock Market opened with a spectacular upturn in the tobacco shares, which at once gave the advantage to the bulls. This reflected an announcement that manufacturers had increased their prices of popular brand cigarettes 45 cents. The price of \$6.25 a cent. It is estimated that this will add about \$45,000,000 to the annual income of the four leading manufacturers.
The advance soon spread throughout the list. Copper and lead prices were again marked up making total additions to the prices of these metals of 1-2 cent a pound so far this week. This stimulated further buying of the iron will oppose Lefty Lane or Roy Glanzer.

Stage Set For Girls' Diamond Ball Game
By R. H. CULLUM
Everything is set and ready for the exhibition diamond ball game between two girl teams from Orlando tonight.

The game will be played on the lake shore diamond here and is scheduled to start not later than 8 o'clock. It is understood that quite a large crowd from Orlando will accompany the teams to Sanford tonight.
If you want to enjoy yourself, stay cool, and at the same time take advantage of seeing two complete teams of girls play ball, don't fail to be on hand tonight. There is no admission charge to see the game. However, an opportunity will be given all those who feel like contributing towards taking care of the expenses of the game.

PENSACOLA—Pensacola Bay beach and casino at Pensacola beach, \$3,000,000 development projects, formally opened.

STARR FAITHFUL DEATH MYSTERY MORE PUZZLING

(Continued from Page One)
line offices in England. They had been seen on fast boat, evidently to outstrip the liner Franconia on which the physician was bound for Liverpool and arrived before he did.
No sooner had they been offered to the grand jury Tuesday night than Faithfull denounced them as forgeries and part of a "frame-up" to prove that Starr committed suicide.
Martin W. Littleton, Jr., assistant district attorney, said production of the letters had "by an means closed the case." Police Inspector Harold King, all along inclined to the suicide theory, declared he was "still hard at work, seeking a motive, for either suicide or murder." Prosecutor Edwards asserted search with "renewed vigor" would be made for a "prominent and wealthy man" with whom a taxicab driver said he saw Starr on the day of her disappearance.

This latter angle caused the prosecutor to send several more detectives to New York yesterday. They checked up once more with Harry Goldstein, the chauffeur, held on a Los Angeles larceny and wife-desertion charge, on a story Goldstein told of having driven Starr and the unidentified man through France and Germany on an eight-day tour in 1928. Goldstein saw the pair in Manhattan again when he was the witness who said he saw Starr on the night of the Grand Central station.

When the grand jury meets again Friday the letters will be scanned again and the experts will report on their comparisons and determine if the same person wrote them and Starr's diary. Upon this report, it was indicated, hung the outcome of an investigation pursued tirelessly for nearly three weeks.
Meanwhile Dr. Carr returned to New York from Mineola late in the night and today remained in seclusion.
It was indicated the physician might be called for additional testimony as to his friendship for the girl.

Edwards also announced that Starr Faithfull's diary never will be made public.
"No reporter has seen any part of it and none will see it," he said. It is to be burned by agreement with her parents.

LEGAL NOTICES
NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 215 OF THE GENERAL STATUTES OF THE STATE OF FLORIDA.
