THE WEATHER

Unfavorable cloudiness through Friday with scattered showers mostly in afternoon and evening.

Foreign Ministers' Council Adjourned

Molotov Okays Proposal to Form Commission to Study Nazi Disarmament

PARIS, May 16, (AP)—The four power Foreign Ministers Council adjourned today after holding a three-hour discussion of Germany that was almost fruitless. However, some work was done on revised armistice terms for Italy.

An encouraging development at today's session was Soviet Foreign Minister Molotov's agreement to an American proposal to send a four-power commission to all four zones of Germany. The commission would investigate German disarmament. The proposal was made by Secretary of State James Byrnes several days ago to counter a Soviet objection to Byrnes' offer of a 25-year four-power mutual assistance pact. The pact was proposed to guarantee the continued disarmament of Germany. Molotov said at that time that Germany's present state of disarmament should be studied before such a pact was considered. Byrnes then proposed formation of the commission.

British Foreign Secretary Ernest Bevin today finally registered London's approval of the pact proposal. He said Prime Minister Attlee would make a statement in the House of Commons on the matter later in the day. France already has accepted the proposal.

Secretary of State Byrnes is expected to leave Paris for the United States tomorrow.

OBEYING STRIKE TRUCE TERMS

MINERS COME OUT OF THE PIT at the Republic Steel coal mine in Indiana, Pa., after their first day at work in accordance with the 12-day strike truce. More than 78,000 miners in Pennsylvania and other thousands in Kentucky refused to return to work.

Secrecy Rule Adopted Today By United Nations Security Council

New Regulation Permits Group To Keep Records Of Executive Sessions From Every U. N. Member Not Present

U. S., Japanese Press Criticized By Russian Paper

MOSCOW, May 16, (AP)—The Russian government newspaper *Izvestia* complained today that the Japanese press had failed to print anything about the Soviet Union's May 9 Victory Day celebration—one of the greatest holidays in the Soviet Union. *Izvestia* asserted that this failure on the part of the Japanese press had shown what the Russian organ called "an unfriendly attitude toward the freedom loving peoples of the world."

Izvestia noted also that the Japanese edition of the United States Army newspaper *Stars and Stripes* had failed to mention the Russian Victory Day. *Izvestia* said:

"The democratic world had the right to expect that the press would be properly observed in Japan, where at the present time there exists the important task of rallying democratic forces."

The anniversary of victory in Europe is celebrated by the western powers on May 8.

G. W. Morgan Named Manager Of Cowan's

G. W. Morgan of Richmond, Ky., who was formerly stationed for 28 months at the Sanford Naval Air Station with an *SE-2* seaplane, has been appointed as manager of the Cowan Store on First Street.

Prior to entering the Navy service, Mr. Morgan was manager of a Montgomery Ward store in Michigan. Mrs. Morgan is now in Kentucky teaching school and with their little girl, will come to Sanford after the school term ends in June.

CONVICTED

TOKYO, May 16, (AP)—A soldier from Baltimore, Md., Pvt. John S. Marchak was convicted today by a Fifth Air Force court martial of murdering another soldier after a drinking party. The slain man was Pvt. John E. Conser of Republic, Pa., and he died on Apr. 18. Marchak was sentenced to life imprisonment. Marchak testified he shot Conser in the belief that he was a Japanese prowler.

RUTH IN MEXICO

MEXICO CITY, May 16, (AP)—Babe Ruth arrived in Mexico today and made a plea for what he called "international baseball." Ruth's plea was met by a cheering crowd which besieged him for readily given autographs. Ruth is in Mexico on the guest of President Jorge Pasquet of the Mexican League.

WARRING ISSUED

BERGAP, Germany, May 16, (AP)—British military food administrators warned today 5,000,000 Germans in the British occupation zone that they have 10,000,000 pounds of grain imports in the next few weeks.

24 Persons Die In Crash Of Airliner

Plane Plunges Into Woods 20 Minutes After Leaving Byrd Field At Richmond

FAIRFIELD, Calif.,—An Army B-17 with eight persons aboard crashed today on a hillside three miles west of Fairfield, Calif. It is believed that some of the occupants may have been killed. The pilot and copilot, both critically injured, got out of the wreck and telephoned that six persons were trapped in the plane. None, they said, were still alive.

RICHMOND, Va., May 16, (AP)—At least 24 persons have been killed in the crash of a commercial airplane six miles southwest of Richmond. The ship crashed into the rain-drenched woods of Henrico County about 1:30 A. M. Eastern Standard Time, 20 minutes after it took off from Byrd Airport.

The plane was a twin-engine Viking airliner and it was believed to be on a chartered run between Miami and Canada. It plunged into the pine woods and came to rest on the banks of a creek.

Horses and wagons were being used to bring out the bodies, which were being sent to Richmond funeral homes.

The Byrd Airport said that the weather for the station was an indefinite 200 foot ceiling and visibility was one mile. A spokesman for Eastern Airlines, which uses Byrd Airport as a regular stop on the New York-Miami run, said the airline's ships were bypassing Richmond during the night because of weather conditions.

At Newark, N. J., a Newark Air Service spokesman said the Viking airliner had left Newark airport at 11:30 o'clock last night, Eastern Daylight Time.

In New York City, airlines said that the Viking Transport Company operated non-scheduled air carriers on east-country flights.

The Civil Aeronautics Administration in New York said that its report showed 27 persons were killed in the crash.

Police found a passport on one of the badly burned bodies bearing the name of Jose Majerona Zambrini. This, together with the muscular appearance of most of the bodies, has led to the thought that the plane might have been chartered by a group of Latin American workers.

Former Jap Heads Using Allied Justice Weapons To Escape Trial

WAR CRIMINALS EXPLOITING EXISTING LAW AND ANGLI-SAXON CONCEPTION OF LEGAL FAIR PLAY TO SIDESTEP PROSECUTION

C. E. Bradshaw Estate Sold For \$107,500

CLINTON GROVES comprising only 2 1/2 acres, together with the grounds and country estate of Mr. and Mrs. Charles Bradshaw near Spring Lake in Seminole County midway between Forest City and Maitland have been purchased by Lamont Brothers Arrigo Company of Chicago.

According to revenue stamps affixed to the deed of the property as recorded at the Court House, the consideration of the sale amounted to approximately \$107,500. Mr. and Mrs. Bradshaw live in Orlando.

Bender To Attend Refresher Course In Panama City

State Patrolman L. C. Bender revealed today that he will leave for Panama City Sunday where he will receive a three-week refresher course in accordance with the recently announced program of the State Highway Patrol to an effort to continually maintain efficiency in the latest methods of highway safety maintenance, police action and investigation.

Examinations for automobile driver's licenses will continue to be held by a state patrolman at the Sanford Armory at 2:00 P. M. Mondays and Thursdays during the three weeks of Patrolman Bender's absence, he said.

It is necessary that the license applicant have his car with him ready for inspection and that a licensed driver accompany him or her to the Armory. The car will be tested for safety such as brakes, lights, horn and windshield wiper which must be up to standard; otherwise the driver's license will not be issued; even if the applicant has passed personal and driving tests, said Bender.

NEW PREMIER

TOKYO, May 16, (AP)—Conservative Shigeru Yoshida was named premier of Japan today and quickly dominated an organizational session of the Japanese House of Representatives. His Conservative Party supporters mustered a narrow margin—on a straight party vote—to elect the speaker and vice speaker of the house. The election came shortly after Yoshida was named by the cabinet to form a new government.

Small Urges Government To Crack Down On John L. Lewis

Lavy And Local Officials View Base Properties

City Files Request To Enter, Occupy Naval Air Station

City and Chamber of Commerce officials yesterday visited the Sanford Naval Air Station and with Navy officials examined the inventory of real and personal assets of the Station.

Local officials at the meeting were Mayor H. J. Galt, City Manager E. N. Sawyer, County Commissioner Chairman W. G. Kilbee and Seminole County Chamber of Commerce President H. H. Cole. Jim and Edward Higgins, manager of the City of Sanford, said Mr. Higgins has agreed to accept the responsibility for the real and personal property at the station and has made application to the Bureau of Docks and Yards for a permit to enter and occupy the station.

It was estimated by the naval officials that this permit will be approved and back here in three to six weeks. At that time the City and County arrangements for operation of the station as a training school, also the operation of a medical center with dispensary and buildings in that area will be put into effect.

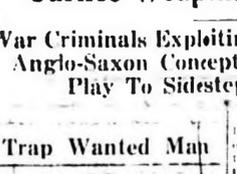

This permission to occupy the station is revocable, said Mr. Higgins, until final dealings are made with the War Assets Commission for title to the property, both real and personal.

STORE WINDOW IS VET'S HOME

ALTHOUGH LACKING PRIVACY, Leonard finds his living quarters quite comfortable as he smokes a pipe before going to sleep in the window of a New York furniture store. He is an estimated 200,000 veterans unable to find homes in the area are still coming to the city to find the housing situation with his and many other veterans.

Trap Wanted Man

CALIFORNIA Politician Raymond A. Burr is shown in a San Francisco hospital after he was arrested in an auto accident in Florida and revealed his identity Burr was sought for 11 years by the FBI in connection with charges of defrauding estates in bankruptcy. The long sought fugitive told authorities that many times while G-men were combing the country for him, he was in and out of the same building in which the FBI was housed in San Francisco. (International)

LIBERATION VETOED

WASHINGTON, May 16, (AP)—President Truman has vetoed legislation passed by the Puerto Rican Legislature which provided for a plebiscite on the permanent political status of the country. A companion bill, providing for a poll of Puerto Rican voters for the purpose of recommending a Puerto Rican for appointment as governor, also was vetoed.

TO SLASH RATIONS

STUTTGART, Germany, May 16, (AP)—An official notice of a ration cut has been sent to 18,000,000 Germans in the American occupation zone. They were told that effective May 27, their so-called "hunger" food ration will be cut more than seven percent to 1,180 calories.

DRAFT

WASHINGTON, May 16, (AP)—The Army has asked President Truman to lift the ban on the drafting of men between 25 and 35 years of age. A War Department official says that Mr. Truman may act later today.

POSTAGE REDUCTION

WASHINGTON, May 16, (AP)—The House voted unanimously today for a reduction in air mail postage rates from 8 cents to 5 cents an ounce. The legislation must be approved by the Senate and the White House before it becomes effective.

Truman Asks Owners And Union Head To Submit Dispute To Arbitration Today

WASHINGTON, May 16, (AP)—Civilian Production Administrator John D. Small today has asked the government to crack down on John L. Lewis. Small issued a statement in which he charged that Lewis has thrown industry into chaos, and he called for legislation which would outlaw strikes for at least half a year. He said that the mine workers' chief had pulled the switch on American industry. He also said that he had reluctantly come to the conclusion that some form of anti-strike legislation is needed.

John L. Lewis and the soft coal operators have been asked to submit their dispute to arbitration. The request came today from President Truman, who gave Lewis and the mine owners until 6:30 P. M. Eastern Daylight Time to make up their minds. The President made known his proposal at a hastily called press and radio conference, after he had spent 20 minutes talking to Lewis and the spokesman for the operators, Charles O'Neill.

Mr. Truman warned that the country still is in a desperate situation as a result of the coal strike and he said coal must be gotten out of the ground to prevent even greater hardship. He declared that both sides now openly acknowledge that their efforts to end the strike have failed. He said he hoped the two parties could agree on an arbitrator, but added that he'd appoint one himself if they couldn't. He proposed that the miners keep on working during arbitration proceedings.

Lewis and the operators agreed to face an Mr. Truman's arbitration plan with their respective negotiating committees. Both men said they'd return to the White House with their answer at 6:30 P. M. today, Eastern Daylight Time.

Mr. Truman's opinion is sharply divided on the chances of preventing a nation-wide railroad strike on Saturday. Union representatives said the negotiations have broken down and that nothing has been settled. The railroads maintain that the door still is wide open for a resumption of the talks, but either side still can keep negotiations in the latest developments. The railroads turned down a 10-day extension of their position on May 14.

22 Veterans Have Returned To Work With Power Firm

In the Sanford district of the Florida Power and Light Company, a total of 22 veterans have returned to the job after their discharge from the service. 26 have been re-employed by the company.

This is 85 percent of those getting out of the armed services and is believed to be an unusually high percentage. The power company is co-operating with the Veterans Administration by offering its returns valuable on-the-job training. Eleven employees gave their lives in the nation during the war.

Veterans Service

Any veteran in need of service (free of charge) in any of the following categories is requested to visit the office of the responsible agencies listed below:

Coordinator — E. H. Carter, Atlantic National Bank Building.

Employment — U. S. Employment Service, 112 North Park Avenue.

Vocational Training and Education — T. W. Lawton, Court House.

Legal Assistance, Hospitalization and State Service Officer — Contact through Lloyd F. Boyle, County Service Officer, Takach Building.

Home Service Assistance to Servicemen, ex-Servicemen and their Dependents — American Red Cross, Lakefront Boulevard.

Veterans Administration — Martin M. Hudich, Sheriff's Office every Tuesday.

STORM

(From Haldograph)
Between the shutter and the
wall,
Hid from the wind, the storm-
wet sparrow
Sleeps while the hurricane assails
His anchorage, austere and nar-
row.
Roofsless, while rain pours dia-
monds down,
And sleet hangs silver on the
eaves,
His shelter owns no furniture
But mould and web and last
year's leaves.

It may be, since divinity
Befriends the sparrow lest it fall,
This house, two centuries old,
May share
Beneficence with one so small.
Now are we brothers of one
feather;
I in the firelight, he in rain;
By God's look championed, this
house
May weather one more hurricane.
LEILA JONES.

headline. The old hag!

We see where King Victor Em-
manuel has decided to abdicate.
He'll see how, who in the dickens
is he?

CIO Steel Workers Deny AFL
Charges of Communist Ties—
headline. You wouldn't expect
them to admit it, would you?

Co-operate with the Police De-
partment in its traffic safety
campaign. Let's make this an
accident free town.

Down in Fort Myers the other
day "Doc Rogers," bolita baron,
was sentenced to serve 18 months
in the State prison at Raiford
for operating a gambling racket.
It is a business that doesn't pay
in the long run.

The President has signed what
he calls a "bad bill," the Selective
Service Act extension as passed
by Congress. The President had
to choose between the lesser of
two evils, said his secretary.
Congress just couldn't bear to
face the issue.

Congratulations to the people
of Oviedo who are soon to have
another bank, home owned and
home financed, big enough to
take care of that growing com-
munity's needs. Not since 1929,
we believe it was when the
Bank of Oviedo failed, has Sem-
inole County's second largest
city had a bank, and its business
interests, its farmers, and its
workers, have sorely felt the
need for it.

We have a new recipe for
omelets which you should try
sometimes when your wife is
taking her afternoon off. First
you separate the eggs and whip
the whites into a nice stiff
meringue. Then add a little milk
to the yolks, a half teaspoonful
of salt, a dash of pepper and
fold into the meringue without
too much stirring. Put the whole
mess into a well greased frying
pan over a very slow fire and
cover with another frying pan.
After about five minutes take
off the cover and slip into a
medium oven until browned on
top. It makes a nice thick fluffy
omelet. But of course you've
got to know how to do it.

What we have been contending
all along that The Florida Ever-
glades alone, not to mention Sem-
inole County, could feed the en-
tire world if given free rein by
the government to do it, was
repeated again, and better than
ever said it, by Clarence
Hitting, resident of the United
Nations Sugar Corporation, who
in one year during the immor-
tal '30s was paid \$500,000 for
the growing sugar. He said
there is the freedom for which
Americans have always fought
and that we are now in a
money world with more than
\$1 billion pounds of sugar
more than 100 million pounds
of starch, more than 50 million
pounds of feed, and so on.

The Navy Hospital

Official action is being taken to secure from the Navy Department possession of the hospital at the Sanford Naval Air Station and turn it over to the Fernald-Laughton Memorial Hospital Association to operate. The old hospital at Fifth Street and Oak Avenue would be closed and the equipment there moved out to the Navy Hospital, the name of which would be changed to the Fernald-Laughton Memorial Hospital.

There are several disadvantages to this plan, not the least of which would be the cost of moving and of operating the hospital at its new location until increased patronage could bring in additional revenue. There is also the additional help needed for the increased accommodations and the difficulties of transportation incident to its distance from town. Furthermore, there is the possibility that the acquisition of the Navy Hospital may militate against the financing and construction of a modern hospital downtown.

However, The Herald is convinced that whatever its disadvantages, acquisition of the Navy Hospital is a step in the right direction and the City and County officials, the Hospital Association, the Medical Association and other groups which have expressed themselves in favor of the move, are working along the right lines in seeking to promote the removal of the hospital to the new location.

In the first place, there is the matter of accommodations, something of vital concern to our people at this time. There are 125 beds at the Navy Hospital, only 32 at the Fernald-Laughton. And as was brought out at the Association's meeting yesterday, there are between 25 and 30 Seminole County residents in Orange county hospitals at the present time because they could not get accommodations here. We do not know how many more are in Volusia county hospitals, Jacksonville hospitals, or elsewhere.

Then, too, there are a lot of sick people in Seminole County who ought to go to the hospital but who are remaining at home because they can't get in the one here and don't want to go out of the county, or who can't afford it. It is a great inconvenience to a sick person, and to a person's family, to have to go to Orlando, or to Jacksonville, to have a baby, or for an operation. And it costs a lot more.

And so, because many people who should go to the hospital can't get in and therefore stay at home, the efficiency of our already overworked doctors is greatly reduced. It takes time to visit a patient in one part of town, and then drive a mile or two to call on a patient in another part of town. If they were both in the same hospital, they could be seen in a matter of a very few minutes.

The hospital building at the Naval Station is a temporary frame structure and not designed for a permanent hospital. At best it will not last more than a few years longer. But it will serve the purpose for two or three years until labor and materials are available and a modern hospital building can be constructed on east First Street. And the Navy Hospital is equipped with x-rays and other medical supplies which are worth at least twice what they will cost and which at the present time are hard to procure at any price.

New Kingdom

There is to be a new kingdom. Trans-Jordan, east of Palestine and about the size of Maine or Indiana, is to start operations as a kingdom on May 25, with its present ruler, the Emir Ibn Muslein Abdullah, taking the more high-sounding title of king. Heretofore, his country has been under British protection; now Great Britain is letting Trans-Jordan go it alone.

While the country is mostly desert, it may contain mineral wealth and even oil. As the people are mostly Arabs, Trans-Jordan is a member of the Arab League which is writing a new chapter in the history of the eastern Mediterranean. It is a small state, but does not intend to remain so. Its hopes are to expand into Iraq, Syria and part of Palestine. These ambitions may bring it into conflict with its Arab neighbors, who would be unfavorably affected by such expansion.

While no startling developments are expected yet from this birth of a new state, Trans-Jordan and the neighboring territory are storm-centers which will bear watching.

SANFORD FORUM

Editor, Sanford Herald:
If we are short of newspaper
how about leaving remarks on
Mrs. Roosevelt for some other
time. John L. Lewis is already
taking up lots of your valuable
space. Sanford news is good and
unbiased; world news also.
Sincerely,
Clover Marrs

Effort by local organizations,
county commissioners and, in the
case of navigable streams, the
Federal Government.
Orange County has recently
purchased a unit designed to
destroy this pest plant, and I
see no reason why Seminole
County cannot do the same. Such
equipment would pay for itself
in a short time on a rental
basis to interested property
owners.
I would greatly appreciate your

Social Calendar

THURSDAY
The regular meeting of the Seminole Chapter No. 2 O.E.S. will be held at the Masonic Hall at 8:00 P. M. A covered dish supper will be served at 6:30 P. M.

Townsend Club will meet in the Court House at 7:30 P. M. with L. P. Hagan, president, presiding.

FRIDAY
Woodman Circle Gladiola Grove 367 will meet at 8:00 P. M. at the W.O.W. Hall. All members are urged to attend.

Each member of the Sanford Garden Club is requested to bring her silver and dish for the covered dish luncheon to be held at 1:00 A. M. at the U.S.O. Building. This will be the last meeting of the year.

MONDAY
The Womens Auxiliary of the Holy Cross Episcopal Church will meet at 3:30 P. M. at the church.

The annual piano recital in memoriam to Mrs. Fannie Stemberge Munson will be given by the pupils of the Fannie R. Munson Piano School in the Seminole High School Auditorium at 8:00 P. M.

Miss Anne Colley of Osteen is wed to W. S. Moses. The Lutheran Church of the Redeemer in Macon, Ga. was the scene of the wedding of Miss Anne Elizabeth Colley, of Osteen, Fla., and Arthur Clayton Gledhill, Jr., son of Mr. and Mrs. A. C. Gledhill, Sr., of Macon, which took place Wednesday at 2 o'clock.

The bride, the daughter of Mr. and Mrs. William Colley, of Osteen, Fla., was given in marriage by her brother-in-law, Allen T. Ball, of Sanford, Fla. She wore a dress of aqua crepe, the waist self-trimmed in narrow criss-cross bands of the material, the sleeves short, and the skirt-lengthened with front fullness. Her hat was of white flowers and she carried a bouquet of talisman roses showered with staphanotis.

The bride's attendants were her sister, Mrs. Allen T. Ball, and the bridegroom's sister, Mrs. F. Impink. Mrs. Ball wore a crepe dress in a summer shade of brown with white lace straw hat and accessories. Mrs. Impink's dress was of rose crepe and her straw hat and accessories were white. They carried arm bouquets of yellow iris and blue delphinium.

The couple left immediately after the ceremony on a wedding trip to Niagara Falls. Upon their return they will live in Macon.

Following the rehearsal, the bridegroom's parents entertained at a reception at their home which was decorated for the occasion with massed palms and white gladioli. Mr. and Mrs. Gledhill received with their son and Miss Colley. In the dining room, the bride-elect's table was covered with a cloth of Cluny lace, centered with linen. A crystal bowl held white carnations and snapdragons and the bride's cake was three-tiered and embossed in white flowers.

Mrs. T. H. Halliburton, Mrs. J. W. Herin and Mrs. I. F. Impink, sisters of the bridegroom, assisted their parents in serving.

Bob's a job just home from the sea and ready for love! Charming June Allyson is the bride who finds the first week of married life is the hardest!

Emma Kate McCoy Is Wed to W. S. Moses

Miss Emma Kate McCoy, daughter of Mrs. Stella Nelson of McKinney, Texas, was married to W. S. Moses, son of Mr. and Mrs. M. Moses of this city, Sunday afternoon at 3:00 o'clock in Dallas, Texas.

Mrs. Moses has been a resident of McKinney for the past 18 years. Mr. Moses was engaged in the wholesale fruit and vegetable business prior to his entering the armed forces where he served for three years.

The couple will make their home at 104 Bradley Street, McKinney, Texas.

Miss Anne Colley Of Osteen Is Wed In Ga.

The Lutheran Church of the Redeemer in Macon, Ga. was the scene of the wedding of Miss Anne Elizabeth Colley, of Osteen, Fla., and Arthur Clayton Gledhill, Jr., son of Mr. and Mrs. A. C. Gledhill, Sr., of Macon, which took place Wednesday at 2 o'clock.

The ceremony was performed by the Rev. Robert F. Shelby, pastor of the church.

Palms, white gladioli and carnations formed a background for the wedding party. Crockett Odum, organist, and Harold Beatty, singer, presented a program of traditional music.

The ushers were Kingman Herin and I. F. Impink, brother-in-law of the bridegroom. Another brother-in-law, J. W. Herin, was best man.

The bride, the daughter of Mr. and Mrs. William Colley, of Osteen, Fla., was given in marriage by her brother-in-law, Allen T. Ball, of Sanford, Fla. She wore a dress of aqua crepe, the waist self-trimmed in narrow criss-cross bands of the material, the sleeves short, and the skirt-lengthened with front fullness.

Her hat was of white flowers and she carried a bouquet of talisman roses showered with staphanotis.

The bride's attendants were her sister, Mrs. Allen T. Ball, and the bridegroom's sister, Mrs. F. Impink. Mrs. Ball wore a crepe dress in a summer shade of brown with white lace straw hat and accessories.

Mrs. Impink's dress was of rose crepe and her straw hat and accessories were white. They carried arm bouquets of yellow iris and blue delphinium.

The couple left immediately after the ceremony on a wedding trip to Niagara Falls. Upon their return they will live in Macon.

Following the rehearsal, the bridegroom's parents entertained at a reception at their home which was decorated for the occasion with massed palms and white gladioli.

Mr. and Mrs. Gledhill received with their son and Miss Colley. In the dining room, the bride-elect's table was covered with a cloth of Cluny lace, centered with linen.

A crystal bowl held white carnations and snapdragons and the bride's cake was three-tiered and embossed in white flowers.

Mrs. T. H. Halliburton, Mrs. J. W. Herin and Mrs. I. F. Impink, sisters of the bridegroom, assisted their parents in serving.

Refreshments were served to the following: Mrs. R. T. Thomas, Mrs. C. C. Sanders, Mrs. F. E. Bols, Mrs. H. E. Turner, Mrs. Josh Phillips, Mrs. L. Garvey, Mrs. Fred Cooper, Mrs. O. G. Raller, Carolyn and Ann Turner, Mrs. Carl Moss and visitors, Miss Maude Jenkins and Mrs. A. J. Peterson.

Sanford Musical Entries In State Festival In Tampa; Won High Acclaim

Miss Ollie Reese Whittle, Seminole High music instructor, reported today that she was highly pleased with the results of the state music festival held in Tampa Monday and Tuesday at which the Seminole High boys' glee club, boys' quartet and mixed ensemble placed in the highest competitive division with 2,500 students from all parts of the state.

Climaxing the festival a concert program was presented Tuesday evening at which time the Sanford boys' glee club was selected as the outstanding organization of Class B which included schools with a range of students from 200 to 700. 90 of the Sanford group of 90 students only 8 boys and 12 girls had had previous glee club training prior to this year, Miss Whittle stated.

The Pensacola glee club represented Class A, Sanford Class B and Bartow won as Class C. The divisions were I, II, III, IV and V with I representing the best. A school was classed by the number of students enrolled but it was possible for any group from any school to receive the same divisional rating as they were graded by merit.

Results of the Sanford entries are as follows: Placing in I division was the boys' quartet which included: Dwight Peck, George Spencer, Houston Babcock and Wayne Rucker. Mixed Ensemble: Phyllis Allen, Dorothy Canley, Daphne Connelly, Bobby Jones, Harold Kastner and Clarence Grantham. The boys' glee club which is the largest in the state also placed in the highest division sang "Jubilate, Amen" by Kjurell and "Song Of The Joy Roger" by Canlish.

I division: Soprano solo: Elynn Mathews, Phyllis Allen, Houston solo: Clarence Grantham, Harold Kastner, Violin solo: Houston Babcock, Anne Lowell, Piano solo: Myra Anne Sothward, Lillian Moran, Nancy Williams, Girls Trio: Helen Slaghter, Martha King and June Roy. Duet, Glee club which sang: "Night Song" by Cleary and "In The Time of Roses" Mixed glee club which sang: "All In The April Evening" by Tolson and "The Cherubin Song" by Mazehski-Tkach. II division: Tenor solo: Dwight Peck, Contralto solo: Dorothy Cleary.

Baritone were: Mrs. Justin Lynch, Miss Jessie Durden, Mr. and Mrs. Herman Morris and Miss Whittle.

TERRACE TALK
BY
CECELIA TULUCK

DOROTHY CRUMLEY, DAPHNE CONNELLY and EVELYN MATHEWS had their purses stolen Monday evening while down in Tampa for the state music festival. Someone broke in WAYDE RUCKER'S car and took purses which contained money, glasses, passes, certificates. MR. and MRS. T. C. BLAIRBELL have departed for New Smyrna Beach where they will spend a week in celebration of their 53rd wedding anniversary. The Seminole High School Glee Club was rated tops in the B class in the State music festival at Tampa Music Festival. Instead of the time Seminole County merchants being bothered with \$2 and \$3 contributions every other day, wouldn't a Community Chest Fund for the County be a wise move with one annual drive.

Many progressive cities have adopted this system of supporting clubs... why not Sanford? The Sanford women are canning these days for the Europeans. Wonder if they in turn would ship us a few carloads of coal? Among the celebrities attending the recent Kentucky Derby was E. H. BENTLEY, who flew by plane to Louisville, Ky. and had the time of his life! He said the 105,000 paid admissions jammed the stadium and excitement filled the air. He saw WALTER CONNELLY, manager of the Sanford Orlando Kennel Club, there. "MONK" flew home and enjoyed every minute of the trip and the races... Ask him about the stewardess who woke him at 6:00 A. M. for breakfast! Members of St. Monica Chapter enjoyed an outing last evening on Lake Orono at the home of Mrs. MAYME HODGKIN, chairman... Swimming, boat riding and a good fried chicken supper was enjoyed by all... The baseball fans are increasing as you glance around the stands many fans are spotted... Also the ladies are increasing the number of golfers at the country club... A race track habitue told his wife "The dearest thing happened to me at Atlantic this afternoon I was betting down to the my shoe lace and some near-sighted gonn stopped a saddle on me." A school girl asserts the Army and Navy Journal never pursues a man. Nor, it continues, does a mousetrap pursue a mouse.

St Monica Enjoys Supper Meeting
The St. Monica Chapter of the Holy Cross Episcopal Church met last evening at the home of Mrs. Mayme Hodgkin on Lake Orono for an outdoor supper and meeting with Mrs. Raymond Lundquist as hostess. Some of the guests enjoyed swimming and Steve Hodgkin took the guests around the lake in his outdoor motor boat. Frank Carpenter spoke to the group concerning the current building program of the church and the expenses involved. It was announced that St. Monica will take charge of the small children up to school age during the church hour beginning June 1. Mrs. Ava Davis, Mrs. John Fatum assisted Mrs. Lundquist in preparing and serving the fried chicken supper to the following: Mrs. Wallace Phillips, Mrs. Helen Jane Moyes, Miss Carol Stone, Mrs. Bruce Lane, Mrs. J. W. Altman, Mrs. James Crapps, Miss Margaret Reed, Miss Elizabeth Dyson, Miss Barbara Ruprecht, Mrs. Robert Bruce, Mrs. Don Gallant, Mrs. Carrie Fuller, Mrs. Robert Pease, Mrs. J. W. Moss, Rev. and Mrs. Mark Carpenter and Mrs. Hodelin.

MAILED as the prettiest girl in Sweden, Maude Betty Blomberg poses in the traditional ship news style on her arrival in New York aboard the Drottningholm. She came to the United States to fulfill a night club engagement. (International)

children up to school age during the church hour beginning June 1. Mrs. Ava Davis, Mrs. John Fatum assisted Mrs. Lundquist in preparing and serving the fried chicken supper to the following: Mrs. Wallace Phillips, Mrs. Helen Jane Moyes, Miss Carol Stone, Mrs. Bruce Lane, Mrs. J. W. Altman, Mrs. James Crapps, Miss Margaret Reed, Miss Elizabeth Dyson, Miss Barbara Ruprecht, Mrs. Robert Bruce, Mrs. Don Gallant, Mrs. Carrie Fuller, Mrs. Robert Pease, Mrs. J. W. Moss, Rev. and Mrs. Mark Carpenter and Mrs. Hodelin.

Dance Review Begins This Evening At 8:15

One of the outstanding features of the Capron School of Dancing Review which will stage this evening at 8:15 o'clock in the Seminole High School auditorium will be the fairy tale ballet "Coppelia" with choreography by Mrs. P. H. Tepes, director of the school, and music by Delius. Sixty local dancing students will present a spectacular show with colorful costumes and unusual dance arrangements.

Jacquelyn MacDonald will dance Swanilda in the ballet and peacocks will include: Ayla Aiken, Dorothea Sackritt, Jean Sayer, Eloise Cook, Jane Chapman, Ann Whitaker and Gretchen Kuehnoff. Bobo Denn will be the dollmaker and automatons will be Harriett Brown, Patsy Collins, Ellen Lyon and Patricia Tooker.

One night accompanied by her friends, Swanilda dons a costume and steals into the toyshop where she changes places with the lovely Coppelia, a life-sized doll. She plans to make the queer old man think his doll has come to life, but to the amazement of all a group of fancy dolls really do perform and Swanilda with them!

Mrs. J. L. Luster of 450 Elliott Avenue plans to leave Tuesday for Scranton, Pa. to spend some time.

Kettles Permits Red Hats Only Five Hits During Overtime Fry

Silverman Leads Fed Attack On Two DeLand Hurlers With Two Doubles And Single; 1,200 Fans Witness Engagement

By JULIAN STENSTROM
The Sanford Celer's Fed's resumed their winning ways last night at the Municipal Park and some 1,200 Fed fans saw Manager Ed Levy's scrapping youngsters capture a 2 to 1 contest over Manager Bill Fuch's DeLand Red Hats in a tilt which required two extra innings of play. Gussie Kettles limited the Red Hats to five blows last night during the contest while his mates were collecting eight off the services of two DeLand hurlers, Cribb and Bob Kennington.

DeLand tallied their one and only marker in the fifth when Ted Rosa singled to right and took third on Beman's double. Pavlich followed with a single to left field to score Rosa. Cribb fanned, and Glorin lined a drive to third baseman Bob Tuttle who recorded a double play, unassisted.

Cribb only permitted the Fed's three hits during his six inning tenure on the hill. He was taken out in the seventh for a pinch hitter and was replaced on the mound by Kennington. The Fed's nicked Kennington for five hits during the four official innings he hurled.

Sanford tied the count in the fifth when Levy was safe on Glorin's miscue at third base. Justice forced Levy at second. Tuttle grounded to Glorin who tossed to Rosa to force Justice. However, Rosa dropped the ball and both runners were safe. On the next play Zappel grounded to Cribb who threw to first to nab the Fed receiver. Harrington, the Red Hat first sacker, relayed the pill to the plate in an effort to catch Justice. The throw was good. Justice was out but the Fed second baseman plowed into the plate with such force that Pavlich, the DeLand backstop, was knocked cold, dropping the ball, permitting Justice to tag the plate and score a run.

The winning tally came with one away in the final half of the 11th frame. Lake led off grounded to Beman who fumbled the ball, going to third. Justice dropped a single into short left-center and Lake crossed the plate.

Silverman led the Fed attack with a pair of doubles and an infield single in four official flips to the platter.

Dave Bride, Fed right fielder, won an electric shaver last night which was donated by the Touch-Tone Drug Company when he clapped a double into left-center field and the ball hit the Touch-Tone sign.

Tonight the Feds travel to Daytona Beach to open a two game series with the Islanders. Levy said this morning that Schantel will pitch for the locals tonight. Levy also revealed that Jim Payne will hurl tomorrow evening when the Islets come here for a return engagement.

PRESIDENT SEIZES NATION'S RAILROADS

Revolution In Cuba Predicted By General

Former Police Head Says Today's Uprising Only Forerunner To Revolt

MIAMI, May 17, (AP)—A statement that an abortive military uprising in Havana is "only the forerunner of a big revolution" in Cuba has been made in Miami by General Manuel Benitez.

General Benitez says Batista was "not connected with today's uprising." In fact he says, the former president is in New York writing a book.

In an interview, the general said "today's outbreak was an explosion of the Army without any previous planning." He added "There will be a real revolution at any moment."

Explaining the uprising, the general said "The Cuban people can endure no longer the regime of President Ramon Grau San Martin, who has given himself over to the Communists, with the result that disorders exist in the whole island."

He went on to say "conditions are terrible in Cuba because of the Communists who are organizing the people of Cuba against the United States. They call the people of the United States 'imperialist yankers.'"

General Benitez, who left Cuba in voluntary exile before Batista's defeat, says he will return to Cuba "the minute the Cuban Army starts a real revolution."

Delivers Draft Bill

SECRETARY of the U. S. Senate, Leslie Biffle arrives at the White House with the stop-gap draft bill for the President's signature.

General Biffle, who left Cuba in voluntary exile before Batista's defeat, says he will return to Cuba "the minute the Cuban Army starts a real revolution."

On Wednesday and Thursday, May 29 and 30, problems facing the Florida vegetable industry will be discussed at the annual meeting of the Florida Vegetable Committee at the Angebilt Hotel, Orlando.

Members of the United States Bureau of Agricultural Economics in co-operation with the Central Florida Experiment Station, will start a statistical survey as soon as the present vegetable deal is over, or about June 1, to determine the main commercial vegetable products of Seminole County.

The survey, he said, would be conducted for the purpose of gathering data for determining acreages, total production, economic loss and valuation.

These statistics will be compiled on a county basis which he said, has never been attempted before by any agency in the state. This information, he pointed out, will be valuable to growers, shippers, buyers and transportation agencies.

Mr. Rose conferred this morning on the matter with County Agent C. R. Dawson and Assistant County Agent Oris Mathews.

Remarks in regard to the organization were made by Frank Stewart, worshipful master, and James Huff, treasurer, Mrs. (Iva) F. H. Wight, worshipful matron, president.

Following the supper the regular meeting was held. It was announced that on May 31 the school of instruction for officers will be held demonstrating the changes in ritualistic work. On June 7, candidates will be initiated.

Morrison Says Food Agreement Reached

WASHINGTON, May 17, (AP)—A British cabinet official has announced in Washington that a joint Anglo-American agreement has been reached on the food crisis. The announcement was made by Herbert Morrison, Lord President of the Council of the British Cabinet.

Building Slump In City Blamed On Shortages

Permits Issued Thus Far In Month Of May Total \$14,450

A decrease in the estimated value of building application at the City Hall for the first 15 days of May as compared with the corresponding period in April is indicated by the fact that May applications to date total \$14,450 in value, whereas between April 1 and 15 the estimated value of permits issued was \$81,650.

Local building contractors and materials supply men yesterday attributed the building slump to shortage of materials caused by two factors: strikes and resulting limitation of transportation as in the coal strike, and to complicated OPA restrictions and regulations.

A. H. Levey of the Hill Lumber and Supply Company declared "These innumerable regulations make it almost impossible for us to operate."

"The only cure for the lumber and building material industry," he said, "is a surgical operation by Congress cutting in the death of the OPA."

W. C. Hill stated that cement block construction had been completed on the company warehouse at Fourth Street and Elm Avenue, but that work was tied up for lack of lumber.

Work is proceeding Thursday at the Miracle Concrete Company at Elm Avenue and Fourth Street, but Manager John Terwilliger expressed concern at the lack of shipments of cement during the past three weeks, which he said, might hinder future operations.

Mrs. H. W. Rucker, president of the Woman's Club, sponsors a statistical survey through UNRRA, this morning made an appeal to the public to assist in the canning project at the local canning kitchen.

Mrs. Rucker especially urged those women who understand the process of canning and sealing to act as supervisors to instruct those who are inexperienced at the work.

The Seminole County Commissioners are furnishing the cans and members of the Pilot Club have volunteered to type labels for them and numerous farmers have donated the produce for canning. Mrs. Rucker stated, "There is plenty of food but a shortage of women to prepare it and can it, she said."

Women of the Methodist Church assisted in the church kitchen yesterday, then went to the county kitchen to help with the work.

Anyone who is interested in helping with either preparing the food or canning it, is asked to contact Mrs. C. R. Dawson, telephone 169-W. Mrs. Rucker has urged the high school girls who have had Home Economics to lend their services also.

Civil Aeronautic Inspector Asks Probe In Crash Of Viking Airliner

RICHMOND, Va., May 17, (AP)—A civil aeronautics authority inspector said today he will ask the Federal Bureau of Investigation to investigate certain aspects of the crash of a Viking airliner near Richmond. 27 persons were killed when the airliner plowed into swampy pine-land in Henrico County yesterday shortly after it took off from Richmond.

URGE END OF ITALIAN MONARCHY

DENOUNCING THEIR NEW KING Humbert II a crowd of over 50,000 Italians gathered in the Piazza del Popolo, Rome, during an anti-monarchical demonstration today.

The demonstrators, many of them young men in the group carried banners reading "La Repubblica"

Nazi S. S. Members Charged With Murdering Yanks In Bulge Battle

War Crimes Court Hears Prosecution Assert That German Soldiers Followed Orders Issued Directly By Adolf Hitler

DAKOTA, Germany, May 17, (AP)—The prosecution charged today that the German First Panzer Regiment murdered between 48 and 72 American prisoners during the battle of the Bulge in December, 1944. It was charged further that the SS troops acted in direct order from Adolf Hitler to show the human indignities toward the Americans.

Total Judge Advocate Lyle Col. Horton, U. S. Army, New York City, presented the charges against the defendants in the war crimes court at Dachau.

The court is trying 13 officers and men of the Sixth Panzer Army for the murder of the American soldiers. Said Col. Horton: "These figures do not represent the historical truth as to the total number of victims murdered by the First SS Panzer Regiment during this offensive."

Ellis said he would prove the Hitler had a meeting of his commandants shortly before the attack started to give his orders regarding American prisoners.

Barbecue Supper Served At Elks Club Last Night

Members of the Sanford Lodge of Elks, their wives and visitors enjoyed a barbecue supper last evening at the club house on West Second Street. The supper was followed by dancing and entertainment.

The barbecue which included "trimmings" was prepared under the supervision of W. E. Hathaway, and Peter Thurston. The serving tables were on the side porch and at 7:30 o'clock long lines of people filed by the "expert" meat cutters including such champions of the carving knife as John Leonardy, Dr. L. T. Doas, J. R. Stewart, Claude Locke and M. C. Ginder. Harold Knutson was at the bread table. The servings included fine ears of locally grown golden corn.

Exalted Ruler James Rowland welcomed the visitors and members and announced that club facilities would be available to member's wives for occasions having to do with charity. John Leonardy, chairman of the committee on arrangements also welcomed many arrivals when he finished his carving.

U. N. Security Council Ends Present Session

Resolution Adopted Halts Action On Albanian Request

NEW YORK, May 17, (AP)—The United Nations Security Council today wound up its current session after adopting a resolution that in effect delays consideration of an Albanian request for United Nations membership. The resolution was offered by the United States, but forwarded by U. S. delegate Edward Stettinius.

The resolution provides that all applications of UN membership submitted up to July 15 shall be considered by the council in August. Albania's application for membership is the only one on file. The Soviet delegate, Andrei Gromyko, said the resolution had no point in view of new rules on admission adopted earlier in the day.

Albania's application for membership is the only one on file. The Soviet delegate, Andrei Gromyko, said the resolution had no point in view of new rules on admission adopted earlier in the day.

Stettinius said the United States will do everything possible to see that every application is given fullest consideration. The French delegate, Alexandre Parodi, said today as chairman of the council under the system of rotation he told council members that their task is to maintain and develop the spirit of cooperation. The council adjourned indefinitely subject to the call of the chairman.

Henry Witte, Jr. Elected Head Of Local Lions Club

Henry Witte Jr., vice president of the club, was elected head of the club, F. S. McCall as second vice president and John Meach as third vice president.

Other officials elected were Al Egan as secretary, William Lyman as treasurer, Dick Elbert as "roll taster" and J. H. Gibson, who is present on a business trip in the north, as life member.

Charles Powell and J. D. McCall were elected as I. O. O. F. delegates to the state convention at Jacksonville.

W. R. Williams, produce merchant, was granted lease of the new building on the corner of West Second and Elm streets.

W. R. Williams was welcomed back to the club by King Linn Gamby.

W. R. Williams Opens Realty Office Here

A real estate office has been opened on the fourth floor of the Sanford Atlantic National Bank Building by W. R. "Bill" Williams.

Mr. Williams, a brother to Police Chief Roy G. Williams, served three years in the Pacific theater with the Sea Bees. He returned during Sept., 1946, and since that time has been affiliated with the Market Fruit Company.

Mrs. A. W. Epps Is Installed By Mrs. H. H. McCaslin As Garden President

The Sanford Garden Club has grown until it now includes six circles and has a total active membership of 150. Mrs. H. H. McCaslin, retiring president, announced at the last meeting of the year held at the A. W. Epps building today where Mrs. A. W. Epps was inaugurated as the new president.

Mayor James Gut announced that the lot for the proposed Garden club house measuring 100 by 200 feet is located at Malloryville Avenue and First Street. He stated that every effort would be made by the City to appropriate some money for the beautification of the City parks.

Mrs. McCaslin stated that a meeting of the building committee will be called in the immediate future and plans for the building will be discussed with the architect, Elton Moughton. Mulford Foster of Winter Park has offered to landscape the grounds, she said, and W. M. McKinnon has agreed to furnish the fertilizer. A total of \$400. has been raised toward the new building, she disclosed.

In reporting on the state convention held recently in Miami with eight delegates from Sanford present, Mrs. A. W. Epps stated that there are 214 clubs now in the state with 7,214 members. Eight new clubs have been organized this year and six affiliated. The next state meeting will be held in Orlando, she said.

Life Savings Burned

WORLDWIDE Marine Insurance of Atlanta, Ga. look at the pocket handkerchief full of cash and that remains after a fire that destroyed the home of a man along the coast.

The man, who is a member of the Fire Department in Washington, is hoping to exchange it for a new home.

Negro Confesses Slaying Of Two U. S. Soldiers

Army Newsmen Are Ambushed Friday Night In Frankfurt

FRANKFURT, Germany, May 17, (AP)—An American soldier confessed today to slaying two U. S. soldiers in Frankfurt, Germany.

The United States Army Press stated that the soldier, who was named as James Earl Ray, did not disclose the name of the slain soldier, but the motive for the slaying.

Authorities said the soldier confessed after military tests showed that the bullet had been fired from a .38 Smith & Wesson revolver.

Ray, who is a Negro, had been in the city since he was arrested in a slaying of a white man in Washington, D. C., in 1945.

Ray was arrested at the slaying of a white man in Washington, D. C., in 1945. He was charged with the slaying of a white man in Washington, D. C., in 1945.

Ray was arrested at the slaying of a white man in Washington, D. C., in 1945. He was charged with the slaying of a white man in Washington, D. C., in 1945.

Truman Stands Pat On His Suggestion Yesterday For Ending Coal Walkout

Whether the nation's railroads continue to function after the strike deadline tomorrow is up to the engineers and workmen as individuals, President Truman has ordered the seizure of the railroads and has appealed over the heads of the Brotherhood leaders to the union membership to keep at work. But A. F. Whiting, president of the Railroad Trainmen, and Abner Johnston, president of the Engineers, say they will not ask their men to go to work for Uncle Sam.

WASHINGTON, May 17, (AP)—President Truman this afternoon signed an executive order taking over the railroads. The President signed the order in an effort to head off the threatened railroad strike set to start at 1:00 P. M. Standard time tomorrow.

The seizure is effective at 1:00 P. M. today, but will be in full effect at the 1:00 P. M. Standard time of tomorrow.

Whether the railroad workers will stay on their jobs for the government is another matter. Some union leaders predict that they will. However, the President of the Brotherhood, Abner Johnston, said he would not ask his men to go to work for Uncle Sam.

The union of the railroad engineers, Abner Johnston, also declared at the same time that members of his union like he would not go to work with its plan to strike. The Brotherhood method, however, says the President, is to strike the railroads.

The union of the railroad engineers, Abner Johnston, also declared at the same time that members of his union like he would not go to work with its plan to strike. The Brotherhood method, however, says the President, is to strike the railroads.
