# In Sanford \$50 Million PUD Development

By BOB LLOYD  
The president of a development firm that paid \$15 million this week for 175 acres of a planned unit development in Sanford said Thursday the \$50 million development of the tract is slated to begin in late April or early March.

Burl McCormick of McCormick Enterprises of Sanford, Inc. said by telephone from the firm's Hialeah headquarters that plans call for 660 townhouse units and 1,500 apartment units on the 175 acre tract his firm has purchased in the "Carriage Cove" PUD south of Airport Boulevard, east of U.S. 17-92 and north of the Old Orlando Highway.

Dreyfus Interstate Development Corporation, Sarasota, assembled 277 acres for the development of 2,708 housing units earlier this year and obtained PUD zoning in July after the property was annexed into Sanford.

This week Dreyfus took title to the acreage from trustee Robert Morris, local attorney. Recorded price of the transaction was \$780,566.

The same day Dreyfus sold the tract, less 87 acres slated to become a 462 lot mobile home park, to Dimension Four International Ltd. of Sanford Inc. for \$1,045,000.

Dimension Four reportedly retained 17 acres planned for commercial use along U.S. 17-92 and Airport Boulevard and sold 175 acres to McCormick Enterprises. Sale price as recorded by the circuit clerk's office was \$1,500,000.

Burl McCormick said Thursday, "I'm really sold on Sanford." He said his brother, Gerald McCormick, secretary of the corporation, will be in charge of the Sanford construction.

"But I will personally be active in the project," Burl McCormick said.

The McCormicks and another brother, Tom, are now developing townhouses, apartments, warehouses and offices in several south Florida locations.

Martin Newby, Florida manager of Dreyfus Interstate Development, presented preliminary plans for the mobile home park fronting on the city of a "Big Inch" major sewer collector main to serve the rapidly developing acreage south of Airport Boulevard.

Financing for the \$200,000 "Big Inch" project was contained in financing for the \$1.5 million city sewerage treatment plant expansion now underway and scheduled for completion in June on Lake Monroe at the west city limits on U.S. 17-92.

# Bullard Is Found Guilty In Orlando

By John A. Spolski  
We've got some slick crooks around... slickest of all presumably are still in New York City though.

Fifty-seven pounds of pure heroin seized in the now famous "French Connection" case has vanished from a police department evidence vault. Police Commissioner Patrick V. Murphy says it was stolen.

Brings back memories of this past Saturday night's Policemen's Ball. It was staged at the Sanford Civic Center with planned accommodations for 600 persons.

Chief Ben Butler said that "there must be about 800 here tonight."

After the tickets were counted, it was closer to 1,000. (Society Editor Doris Williams will cover this in detail in tomorrow's edition.)

In the meantime, Sheriff Polk, who was a guest was overheard to say, "Somebody stole my table." (As were lots of other folks, Sheriff.)

The important thing is that it seemed like everybody was having a good time.

Happy Birthday.....to J. Paul Getty celebrating his 80th birthday. He says he's gonna live to be a hundred.

Was planning on sending him a present, but.....he IS the richest man in the world. So what could I get him? E.H?

Orlando, Fla. (AP) — Charles Bullard, 36, of Orlando was convicted Thursday by a federal jury in Orlando of two counts of obstructing justice by plotting the deaths of four witnesses scheduled to testify at his bombing trial.

U.S. Dist. Judge James King of Miami delayed sentencing pending a presentence report. Bullard and Herman Witt, assistant business agent of Orlando Teamsters Local 385, are to be tried Feb. 12 in Jacksonville in the dynamiting of an Ocoee hauling office and of two trucks. Larry M. Gonzales, 30, of Orlando, and Henry J. Long, Bullard's cellmate in the Orange County Jail, testified that Bullard offered them \$5,000 ahead to "waste" four witnesses in his pending trial by thrusting a pencil through the ears of victims and piercing the brain and central nervous system.

Long testified he was asked to kill Johnny Mack Brown of Winter Park and Brown's wife, Mary Ann. Brown was named as a co-conspirator but not a defendant in the bombings case.

Gonzales said he was asked to eliminate Curtis Leroy Love, 33, of Ocoee, and Alto Oglesby, 37, of Killarney, currently serving 18 month prison terms for tossing a bomb at the Overland Hauling Corp. of Ocoee. They are also indicted in the Bullard bombing case.

Gonzales said Bullard assumed that he would be sent to the federal prison in Atlanta, Ga., on his gambling charges and would be able to contact Love and Oglesby at the prison. Bullard denied the allegations.

Krider also listed an unnamed auto parts rebuilder, who would construct a 30,000 square foot building at an undisclosed location to employ 75 workers.

Listed as prospective industrial board members are a plastics firm wanting a 10 acre tract for a 30,000 square foot structure; a structural steel fabricator desiring 30 acres for a 100,000 square foot building to employ 120 male and 40 females; plus a distribution center desiring 10 acres for a 200,000 square foot building to employ more than 100 workers.

# 'No Jury Will Convict Me' Turner Advises Deputies

ORLANDO, Fla. (AP)—"Ain't no jury gonna convict me of nothing," proclaimed tycoon Glenn Turner when Orange County sheriff's deputies greeted him with a fistful of subpoenas.

Turner, whose companies have been taken to court in at least 12 states, seemed unruffled when deputies served him with 18 subpoenas based on civil suits in five states.

Deputies served the legal documents on Turner as he arrived to address an Orlando civic club luncheon.

"The only way they're going to stop me is to pass a law against hairlrips," said Turner, the hairlipped son of a sharecropper who parlayed \$5,000 and a bottle of mink oil into a multicompany conglomerate.

"I get 'em (subpoenas) every day," Turner told the West Orlando Rotary Club. "I don't know why they just can't drop them in the mail. I've built a special mailbox for subpoenas."

Turner said he heard the latest investigation of his business operations was a postal fraud probe being conducted by a grand jury in Orlando.

"I think I may have glued on a stamp by mistake instead of licking it," he joked.

"In New York City four years ago they were investigating the same thing," he added. "They made the mistake of letting me talk to the grand jury then and I got a standing ovation when I walked out. This time the word is out not to let Glenn Turner talk to any grand jury."

Turner, 38, added that he was writing a book about his experiences with legal attacks against his enterprises. He said it would be titled "Me Against the U.S." with a subtitle of "I Always Did Like A Fair Fight."

Most of the legal actions against Turner's businesses have been aimed at his "Dare to Be Great" motivational courses and Koscof Interplanetary Inc., a cosmetics firm, alleging deceptive sales practices or use of pyramid marketing procedures.

# Railroad Crossing Hearings

TAMPA, Fla. (AP)—Florida Senate Transportation Committee Chairman Ralph Poston says he'll bring his panel to a public hearing on railroad crossing signals.

The Miami Democrat made the announcement Thursday after inspecting a crossing in Hillsborough County where a car-train crash fatally injured five persons last Saturday.

"The committee intends to probe apparent delays in installing signals at hazardous crossings across the state.

"We are going to find out why the priority schedule has not been dealt with in an expeditious manner and why the hazardous crossings have not been corrected," Poston said.

"This accident was a tragedy," he said, standing at the crossing east of U.S. Highway 41 and just south of Gibsonton.

"With lights, even if a person was dead, then five lives would not have been snuffed out," he said.

William Whitehurst, the driver of the car, and his wife Nancy, were both dead.

FLAMES DESTROY THIS 1967 BUICK

William Ray Lewis, 41, of 41 Devon Avenue, Winter Springs, escaped with only minor injuries after his car traveled approximately 200 feet out of control, came to a rest on its top and burst into flames. Investigating Trooper C. L. (Tommy) Tomlinson said an animal apparently ran in front of the car and Lewis had to take evasive action. The car burned about 40 minutes before the Geneva Volunteer Fire Department responded. The accident occurred about five miles east of Sanford on SR 66. (Gary Taylor Photo)

# Job Training Offered County Welfare To Shrink

By BILL SCOTT  
Seminole County welfare recipients who are untrained for a job, but physically able to work, will soon be offered an opportunity to train for a job, with all expenses such as transportation both to and from training centers and baby-sitting services, paid.

This was disclosed at this morning's Greater Sanford Chamber of Commerce luncheon.

Pastor's Corner Joy To The World

By JAMES E. MARTINEZ, O.S.A.A. St. Augustine Church

The message of Christmas put into one world is joy. It is in this frame of mind that the prophet Isaiah cries out: "I rejoice heartily in the Lord, in my God is the joy of my soul."

There are deeper signs of joy. There is evidence of cease fire and peace. And there is joy and concern about men on the moon and in space.

Shall we deny our sorrows? Can we overlook the war, poverty, bigotry, the cross of suffering, the agony of pain and death? Joy can be associated with suffering.

Joy is one of the authentic signs of our witness as Christians. In the Gospel Jesus tells his disciples that they should rejoice when they are slandered and persecuted.

WASHINGTON, D.C. — Commission assigned to study the request of at least 100,000 people in Zaire, West Africa, to join the Seventh-Day Church has reported to world headquarters here.

At the same time baptismal classes will be set up in districts where the people requesting membership live, and through these they can learn more fully the faith of the Adventist Church.

The commission visited with the members of the various church groups as well as the leaders. They report a great similarity of doctrinal teaching in all cases.

Other teachings common to most of the groups include salvation by faith in Christ, baptism by immersion, observance of the Ten Commandments as a way of life, and healthful living by abstinence from use of tobacco or alcohol or what the Bible lists as unclean foods.

Requests for membership began coming in to the headquarters of the Adventist church in Zaire early this year. Behind the similarities in faith are explanations such as "We share the Seventh-Day Adventists because they teach what the Bible teaches."

Another leader declared, "The leader of the largest group had read the Adventist book 'The Great Controversy Between Christ and Satan.'"

Living Christ Breaks Down All Barriers

PORT WASHINGTON, N.Y. (AP) — In an Eskimo igloo, two seals look up at the newborn babe, a dogged and team strud outside in the snow. Under a rugged cliff in Utah, an Indian maiden holds the infant. In a thatched hut among palm trees in Africa, a black Mary cradles a black Christ child.

These are among the multinational images of The Nativity as depicted in an unusual collection of settings carved in wood by a German artist, Albert Fehrenbacher, who started the immense, painstaking task as a prisoner of war in Russia.

It signifies how the living Christ breaks down all barriers of race, nation and culture," says Fehrenbacher, 61, a tall, thin man whose deep-set, somber eyes still bespeak the ordeal he endured.

His elaborate group of carvings, called the "Creche of All Nations," has been displayed extensively in a continuing tour of churches in this country, including the Parkridge, N.J., Methodist Church today.

The detailed scenes, each set in its own dramatic background, include hundreds of tiny wooden figures — people, animals, trees, plant life, furniture and utensils, each styled and outfitted according to the place represented.

In the varied scenes, the infant Christ is shown in a tent beside the ruins of a Hindu temple in India, in a water-mill shed in the snow-clad Alps.

Fehrenbacher, who presently also works as a model maker at the Brooklyn Museum, says he wants to sell the display — which was appraised by one art dealer at \$75,000 but for which he asks \$12,000 — so he can devote full time to carving another set on a much larger scale.

"It would be the culmination of my life's work," he says.

Redeemer Lutheran Baptists Present Cantata

"The Dawn of Redeeming Grace," a cantata for mixed voices by Jeanne and Robert Graham, will be presented by the members of the choir of the First Baptist Church of Orlando Sunday at 7 p.m. under the direction of Terry Rabun.

Mrs. Louise Martin will be guest soloist. Also singing solos will be Charlotte McDaniel, Alva Jernigan, Keith Bovard, John Daniel, Fay Bovard, Beverly McIntosh, Keith Bovard and Bill Herzog.

William H. Martin is organist and Mrs. George Meeks, pianist and Rev. A. Flournoy Jernigan, pastor.

There will be a live Nativity scene on the lawn of the church Wednesday and Thursday, at 7:30 p.m., which will depict the birth of Christ from the announcement to the birth at Bethlehem. The youth of the church will be in charge of the Christmas scenes, which will be given in five parts.

Prosperity is only an instrument to be used, not a deity to be worshiped — Calvin Coolidge, 30th U.S. President

There will be a "Children's Corner" near the bottom with the creche and smaller Christmas.

The Joyful Mystery, a Christmas drama will be presented at 7:30 p.m. Sunday in fellowship hall. The story narrator will be David Bach and rhyming narrator, Betsy Howse. The choral group will be directed by Dickie Allen and dance group by Tom Juras, Lisa Hollingsworth and Kim Erickson. The organist is Gene Adams.

Young people of Holy Cross Episcopal Church will sponsor a family night on Wednesday at 6:30 p.m. Following the supper there will be singing, praying and joyfulness in the Lord.

There will be an informal party Sunday for the Senior High EYC at the home of Mary Cochrane at 1101 Hosanna Dr. at 6 p.m.

Contract Awarded For Sea World

ORLANDO — Sea World, Inc. announced today it has awarded a \$9 million contract to McDevitt and Street Co. of Charlotte, N.C. to build Sea World of Florida located near Orlando.

The contract calls for development of an initial 85 acres in the \$15 million marine park, the third and largest undertaken by the San Diego-based company. Ron Harper, Vice President, Development and Mike Demetrius, Vice President and General Manager of Sea World of Florida, made the announcement today. Harper reported that Sea World also has an option on an additional 50 acres for expansion.

McDevitt and Street Co., general contractors in the southeast for over 40 years, last year completed a \$35 million contract at the new Tampa International Airport. The firm maintains offices in Palm Beach, Florida.

Demetrius said the marine park is expected to open to the public in late 1973. Grading and utility work will be finished this month under a contract with B. B. McCormick & Sons, Inc. of Jacksonville Beach, Florida.

Sea World of Florida, located eight miles from Orlando near Walt Disney World, will feature four major shows, nine marine life exhibits, Japanese and South Seas villages, restaurants, gift shops, children's playground and picnic area.

Major construction projects will include a 17-acre lake, two 3,000-seat open-air stadiums, a 19,000 square foot Fountain Fantasy building with seating for 900 persons, a 10,000 square foot aquarium building and the two villages. All exhibit areas, shows, food service and gift shops will be air-conditioned.

Architects for the new park are Richard George Wheeler and Associates, AIA, of San Diego. The firm also designed Sea World of Ohio, located 23 miles from Cleveland.

Sea World utilities and the roadway network will be completed by the Florida Land Co. of Orlando.

While construction of Sea World of Florida is under way a free public preview center is to open in the Court of Flags motel complex in Florida Center a few miles from the Sea World site. This display center featuring motion pictures will open in January.

By Airport Authority Contract Problems Anticipated

Sanford Airport Authority members have voted to approve a contract between fixed base operator Page Airways Inc. and Avis Car Rentals if the Authority gets direct from Avis five percent of gross car rental revenues at the airport.

Authority chairman A. K. Shoemaker Jr. said vendors should be charged minimum fees and required to carry proper insurance coverage.

In other business Shoemaker reported Senator Edward Gurney is working to speed approval of a request for a U.S. Customs station and part of entry for foreign flights at the airport.

Authority attorney William Hutchison said he expects to meet with Avis officials to discuss the situation today.

The Airport Authority would hold a short business meeting followed by a gala Christmas party on Sunday, Dec. 17 at 3 p.m. at the Community Center. Dinner tickets may be purchased from the President Leon Gendron or any club officer, according to Don Lavery, publicity chairman. Entertainment will consist of community singing of all well known Christmas carols accompanied by an accordionist and pianist.

The next regular meeting of the Club will be held on Sunday, Jan. 21 at 3 p.m. in the Community Center. Guest Speaker will be Dr. Louis Perez of Sanford, who will speak on Americanism.

Nixon Jolts Washington Bureaucracy

When he became President in 1961, Thomas Jefferson found it impossible to direct the small but already growing federal bureaucracy in the manner he wanted. He coined a phrase that many of his successors have found apt to describe the tenacity of officialdom: "Few die and none resign."

Jefferson could prepare a lawsuit, map a township, design a home, compose a sonata or write the Declaration of Independence. Yet he found it difficult to implement his programs as chief executive because of the basic resistance of entrenched bureaucracy to change.

Today another President, Richard Nixon, has spent countless hours at his retreat in the Catoctin Mountains pondering, as Jefferson did, how he can make the executive branch of government function more efficiently economically and responsibly. His first announcement of high-level changes in his Administration will place seasoned administrators in charge of two of the largest federal enclaves — the Defense Department and the Department of Health, Education and Welfare — and bring a successful corporation president into the government to head the Office of Management and Budget.

The reform Mr. Nixon has in mind will not be easy to achieve, as he is fully aware. Nearly two years ago he proposed a reorganization of the executive into four super-departments. The response by Congress has not been heartening, although many members admitted openly that the present structure is unwieldy. Instead of proceeding with reform, however, Congress is looking in the other direction, suggesting new agencies to administer new programs, such as those in cancer research and consumer protection.

Faced with an impenetrable bureaucracy, the President, in desperation, has added some

655 persons to the White House staff in the last four years while he was trimming 193,000 civilian workers from the Administration as a whole. The White House staffers have succeeded in cutting through much red tape that otherwise clogs government channels.

In the long run, however, neither the addition of new agencies by Congress nor enlargement of executive offices — or even decentralization of government through revenue sharing — is the answer. These steps may have short-term benefits, but they leave the immense, bloated and turgid U.S. civil service relatively intact.

Undoubtedly the President realizes this. His

answer, in part, may have been the unprecedented request for resignations from about 2,000 of his key staff people. In itself that number is small compared with the nearly 3 million federal employees. However, it served notice that Mr. Nixon means business. It reportedly sent a tremor through the entire federal establishment.

We can presume that the President, like the farmer who hits a mule over the head with a two-by-four, has gained the attention of the bureaucracy. Thus awakened, it might begin turning in a better performance even before Mr. Nixon and the Congress move ahead with more serious reform.

Take Time From Shopping To Play

By HAL BOYLE  
NEW YORK (AP) — Let's take a little time off from Christmas shopping to play a game. It's the cliché game — a good one because it prepares us for life.

For where would we be without clichés, except tongue-tied? They seem to be necessary to the educated as the uneducated man. They enable us to make conversation without really thinking.

Here's how you play the game: One player asks a question that has to be answered by a recognizable cliché. The one who can come up with the most clichés is the winner, whether he regards it as an honor or not.

To get the ball rolling — nothing like starting with a good cliché — here are a few examples that ought to give you food for thought — oops, there's another one.

"What kind of a spectacle was it?" "It was a sordid spectacle."

"How pure was her character?" "It was as pure as the driven snow."

"It was, that is, before what happened?" "Before she drifted."

"Well, what is your own character above?" "It is above reproach."

"Where do you think would be a good place to put my money?" "Where your mouth is."

"What is handsome?" "Handsome is as handsome does."

"When our hostess serves us an exceptionally good dinner, what is it we tell her she must have done?" "We tell her she must have put the big pot in the middle one to come up with a meal like that."

"What is a left-handed baseball pitcher?" "He's a southpaw."

"Well, then, what is a northpaw?" "You're just trying to mix me up now. There isn't any such thing as a northpaw. A right-handed pitcher is simply a right-handed pitcher. Finger lickin' good."

"What is it we simply must get together for sometime?" "Lunch."

"What is a left-handed baseball pitcher?" "He's a southpaw."

"Well, then, what is a northpaw?" "You're just trying to mix me up now. There isn't any such thing as a northpaw. A right-handed pitcher is simply a right-handed pitcher. Finger lickin' good."

Global Report

Some Key Execs Sabotaging Nixon

By RAY CROMLEY

WASHINGTON (NEA) — A relatively small group of willful men scattered in key positions throughout the government have for almost four years actively sabotaged the programs sponsored by their President.

In the main, these are holdovers from the Kennedy administration and still emotionally loyal to the late president, men who believed at the start that Mr. Nixon would be a one-term president and that his administration and all its works would pass. These men stand in contrast to their more dedicated brothers. The problem is that they hold posts through which they can harm programs with which they do not agree.

Some of these men are outside the civil service and can be removed without too much difficulty. Some are section or division chiefs within the higher service grades and can be shifted from their key posts only by abolishing the positions or transferring the men to other tasks. Theoretically, an obstructionist could be fired for incompetence. But in practice this is virtually impossible to accomplish.

In office after office men and women have reported to this writer in some detail the behind-the-scenes planning aimed at slowing down or blocking President Nixon's favored projects. In private staff meetings, supervisors have waxed eloquent in sarcasm aimed at the President's innovations. Some loyal men have been forced, in self protection, to hide their aims.

Some Nixon appointees, in fact, have been forced out of key positions because entrenched opposition in their offices made it impossible for them to accomplish anything. They have had to stay on, at high salaries, writing endless memoranda, doing makework assigned by immediate superiors, and waiting for an administration that would be allowed to operate effectively. White House aides found that intervention was useless; the supervisors said "yes sir" and went about business as usual.

Even where Nixon men have dominated a section or an agency, they have sometimes found their plans blocked effectively by anti-administration men in other agencies.

This reporter talked at length a few days ago with the deputy chief of one important agency, given sizable new tasks by the White House, and with the year-round use of facilities and personnel heretofore geared only to war. But accomplishments have been extremely disappointing to date. Most states are cooperating. But government anti-fighting between agencies has slowed effectiveness.

The fault in part is Mr. Nixon's. When President Kennedy came to office, he quickly cleared the decks, reaching far down into government, ousting entrenched officials, and inserting his own men. He was not absolutely successful, but far more so than President Nixon, in exerting his will over his departments.

In passing, it may be noted that when President Johnson took over, he was reluctant to make many changes. Lately he has reported his administration suffering deeply from disloyal men in rather high places, even in the White House, working against him and his objectives.

President Nixon, though he took steps to insure a loyal staff, did not come to office prepared to sweep so far as President Kennedy. He discovered all too late that if there is not a sweep out at the beginning of a term, then a cleanup is virtually impossible. Opposition men have too much time to burrow. In weeding out time-consuming problems was that at the start Mr. Nixon's recruitment was not prepared. They did not come with an adequate portfolio of known able and loyal personnel to fill the thousands of slots which needed filling. So it was that, one way or another, considerable numbers of men stayed on who were loyal to his predecessors.

In part, it is these men the President now aims at weeding out.

One Man's Opinion

A Bit of Comfort In Our Inflation

By DON OAKLEY

Although it has been kept down to about 3 per cent over the past 12 months, the dismal fact remains that the cost of living index (CPI) has soared by 26 per cent since 1967, and only the most ungenerous optimist expects anything but continued inflation.

The situation, fortunately, is not necessarily as dismal as the figures. The reason, points out F. Lee Moore Jr. in Money magazine, is that the CPI, the government's basic "market basket" of certain goods and services, measures changes in prices but seldom takes into account changes in the quality of the goods and services it keeps track of.

Consider one simple example, he says. Motor oil is up 70 per cent on the CPI since 1956. But because of technological advances in both oil and automobile engines, one quart of oil now goes up to three times as far as it did in the mid-1950s.

Most of today's cars require oil changes only every 4,000 to 6,000 miles, compared with the 1,000 to 2,000-mile intervals recommended 15 years ago. Thus the per-mile cost of oil is actually down by more than 40 per cent.

House paint prices, for another example, are 24 per cent higher than they were in 1964. But the usual purchase today is an acrylic water-base paint that lasts 25 to 40 per cent longer than the typical oil-base paint of the early 1960s. It also covers better and is more convenient to use, since brushes or rollers can now be washed in water.

According to the CPI, sheets have gone up by 20 per cent since 1964. In fact, most buyers have switched to polyester-cotton combinations that cost about 50 per cent more than all-cotton sheets but last at least twice as long and require no ironing.

There are provisions in the agreement that either side may request the conversion of its yen and yuan holdings into a third currency (such as sterling) when holdings have reached a certain level. And that's the interesting provision. The yen-yuan trade agreement between Tokyo and Peking effectively serves as a means of giving China a large trade credit.

'Dixie' Sparked Disorders

PENSACOLA, Fla. (AP) — State Sen. W. D. Childers, after joining some 50 special deputies at Tallahassee, Fla., on Tuesday, said disorders among students were sparked by playing of the song "Dixie."

Childers, a Pensacola Democrat who was once a high school teacher in northwest Florida, said the problems at the high school are "deep seated."

Students and parents are under tremendous tension," Childers said, adding the traditional use of the Confederate flag at school-sponsored sports events was another cause of trouble.

Childers said he had drawn his conclusions following personal interviews with some of the pupils.

Rotary-Anns Are Christmas Guests

The meeting of the Rotary club at the Civic Center on Dec. 18 at noon will be highlighted by two unusual features. The members' Rotary-Ann's (wives) will be guests at the annual Christmas party; the gathering will be entertained by a 28 member selected ensemble from Orlando's Jones High School choir under the direction of Mrs. Edna Sampson Hargrett.

The full complement of songsters from Jones High School have frequently appeared with the Florida Symphony Orchestra and will do so again in the current season. They are widely heralded for their musicianship as well as the showmanship that makes their headline attractions wherever they appear.

While their appearances in Florida are numerous and encompass the entire state, they also have been commended in such cities as Washington, D.C., Baltimore, Arlington, Va. and Philadelphia.

The source said he was not sure if he was named in the choir has chartered at many benefits for charity groups such as the Religious Conference of Florida, the State Guidance Workshop and the Orange

Command Decision

While the Navy is facing cutbacks in personnel and ships, it is obvious there is no cutback anticipated in its responsibilities in the Pacific. If anything, the prospect under the Nixon Doctrine of fewer U. S. forces permanently based abroad portends a more important role for the mobile Pacific Fleet.

Transfer of the command and staff of the First Fleet from San Diego to Hawaii next February to become the command of a new Third Fleet, while not a welcome matter for San Diego, will move that fleet command closer to the center of gravity of all U. S. military operations in the Pacific.

Signs Of A Chinese Credit Switch

By ARTHUR C. MILLER

Copley News Service

There are few claims Peking takes greater pride in making than the fact that China is free from any internal or external debts.

It has been years since China paid off—aboard of schedule—the last of its debts to the Soviet Union. And since then Peking has religiously adhered to a policy of avoiding any new debt obligations.

Whether or not that is a wise decision, viewed against the backdrop of China's great economic needs and its relatively slow pace of economic developments, is a moot question. Recently, however, there have been growing signs that Peking may be relaxing its attitude about the use of other peoples' money in its development and trade efforts.

This does not mean China has abandoned its hesitancy in taking on new foreign debts. Rather it means that the Chinese are showing greater flexibility than before in using indirect, disguised foreign credits.

It is the Japanese who have the inside track on this matter, although others—including some U. S. firms—are

trying to interest China at least in use of short and medium term credits to finance trade deals. Several attempts have been made by American companies to get Peking to accept short-term financing for large, high-cost orders.

In each case, the Chinese have declined the offer and insisted on paying cash on delivery.

The Japanese breakthrough has come in a subtle yet typically Oriental fashion. China and Japan have now worked out arrangements for the two sides to write trade contracts expressed in Japanese yen and Chinese yuan currencies with settlement also in those currencies. The Bank of China has opened a yen account and the Bank of Japan has similarly opened a yuan account.

There are provisions in the agreement that either side may request the conversion of its yen and yuan holdings into a third currency (such as sterling) when holdings have reached a certain level. And that's the interesting provision. The yen-yuan trade agreement between Tokyo and Peking effectively serves as a means of giving China a large trade credit.

Heading for the big outdoors? If so, there's a newly published book that may be of interest. It's "The Hiker's and Backpacker's Handbook" by Bill Merrill, (\$2.95—Arco Publishing Co., 219 Park Ave. South, New York, N.Y. 10003). This paperback book offers a lot of tips on how to go light and right—covering everything from foot care to complete selection.

# Seminole Nurses Celebrate Christmas

Seminole Chapter of the State Nurses Association held the annual Christmas party at Holiday Inn on Marina Isle.

The tables were beautifully decorated by Mrs. Melaine Stewart. Centered around red and green net Christmas trees and coach house candles were poinsettias and holiday greenery.

The invocation was given by Rev. E. P. Richards.

The featured speaker was Charlotte Anzalone, Associate Director of Florida Nurses Association, who had a continuing education Bill for 15 years. Currently, 10 hours are required for re-licensure.

Dr. J. C. Ringling informed the group that dentists belong to the Academy of General Dentistry Practice which requires 15 hours of dental education each year.

Both Miss Anzalone and Dr. Richards were presented with lovely Christmas corsages. Several door prizes as well as all 10 Christmas trees were presented to the guests.

## Choir Entertains Clubbers

By LIZ MATHIEUX

Oviedo High School Concert Choir appeared as guests at the December meeting of the Oviedo Women's Club. Their chosen selection was the "Wonder of Christmas" a Christmas Cantata by John Peterson; their accompanist was Paula Reech.

Soloists were Paul Warren, Phyllis Hatcher, Larinda Schell, Melaine Schell, John Bojak with Glenn Jordan as the narrator.

Members of the choir are Bonnie Baker, Lea Ann McDonald, Veronica Banks, Denise Hinton, Cathy Smith, Donna Huere, Jean Miller, Jim Davant, Rhoda Smith, Denise Miner, Melaine Whitaker, April Laten, Cassandra Harris, Carol Mims, Dorothy Wilson, Robin Mueller, Shirley Schoore, Walter Cripps, Ron Roach, Luanne Willis, Kathy Klingmeyer, Mary Lou Ivo, Liz Wingo, Debbie Barnes and Nancy Link. Mrs. Charlotte McDaniel is the director.

A short business meeting proceeded the musical program. The club house was festively ornamented with brilliant garlands of greens and red poinsettias. A holiday menu of Quiche Lorraine, frozen Christmas salad, green asparagus spears, hot rolls, strawberry parfait, Christmas cookies and tea and coffee were served to all in attendance.

Hostesses for the happy occasion were Mrs. C. M. Arie, chairman, Mrs. W. H. Martin, Mrs. Alecia Anderson, Mrs. B. F. Wheeler Jr., Mrs. N.E. Henson, Mrs. John Kuhn, Mrs. Katie Chase and Mrs. John Newson.

VERLA BUTLER, decorations chairman, and Helen Keyser, president of the Altamonte Springs Women's Club, add the finishing touches to the extra special decorations for their annual Christmas luncheon. (Marilyn Gordon Photo)

**Dear Abby**

When husband's away the wife shouldn't play

By Abigail Van Buren (© 1972 by Charles Scribner's Sons, Inc.)

DEAR ABBY: I am 22 and have two children, 7 and 5. I married the first time when I was 14. I grew up very fast because he found somebody else. He married her the day after our divorce was final.

I was hurt and swore I'd never marry again, and I would use men like they did women. I dated a lot, and then I met John. He's 15 years older than I, and in the Air Force. We fell in love and got married in three months. Two months later he got orders to go to a remote site in Alaska for a whole year.

John trusts me and I'd never do anything to hurt him. I got all the men out of my system before I married him. John said before he left I should go out with the girls and have a good time, that he didn't expect me to stay home for whole year.

When I got off work yesterday I asked my mother if she'd sit with my kids so I could go to the N. C. O. Club on the base for a while. All hell broke loose! She said she wouldn't sit with my kids while I ran around on my husband. Abby, I don't consider this "running around." I just need male companionship—a few drinks, a dance or two and some conversation, or I'll go nuts. I work five days a week and am saving my money so John and I will have something when he gets home.

Please give me your thoughts on this matter.

**LOVELY IN TEXAS**

DEAR LOVELY: Married women who "seek male companionship" for drinks, dancing, and conversation are asking for trouble. Why tempt fate? Keep busy with the girls until Johnny comes marching home.

Figures Where Honors Are

By Oswald & James Jacoby

Here we are back with our code word "ARCH." Analyze the lead. Review the bidding. Count winners and losers. How can we make the contract?

West opened the king of clubs; continued with the ace and shifted to the six of diamonds.

South analyzed the diamond lead as showing the ace, but not the queen. He analyzed the club lead as showing ace and king, but not the queen.

This analysis marked West with the king-queen of spades and the king of hearts.

"How can I make this contract?" asked South. The question was in his mind only. South was a good player and good players don't talk while playing a dummy. He gave his mental answer and proceeded to rise with dummy's king of diamonds.

Then he led a T R U M P; thought for a while, checked his previous assumptions and clattered up with the ace of hearts.

West's king dropped. That was luck, but the sort of luck good play will produce on occasion. West had to hold the king and it did turn out to be a singleton.

After this it was a simple matter to play West for both spade pictures and make his nine tricks.

**CARROLL RIGNER'S HOROSCOPE**

from the Carroll Rignier Institute

GENERAL TENDENCIES: You have a good chance now to go over your financial or holiday plans and arrange them in an intelligent manner. Be sure you find the right plan to pursue. A goal that means much to you can not be easily attained. Don't be too extravagant when shopping. Gain through the experience of others.

ARIES (Mar. 21 to Apr. 19) A fine day for making payments and collections so that your financial status is in the right footing. Make plans to improve your budget so you can start making repairs on your property.

TAURUS (Apr. 20 to May 20) Plan time for improving your health and then get about socially and make big headway. State your aims to good friends and gain their support. Make sure you are not extravagant in any way.

GEMINI (May 21 to June 21) You can make preparations now that will make the coming weeks operate more successfully, so be precise. After work is done, show particular devotion to mate. This brings about real rapport.

MOON CHILDREN (June 22 to July 21) Get together with congenials for the kind of recreation mutually enjoyed, and show how much you like to be with them. You have a business plan that needs more study. Do this tomorrow.

LEO (July 22 to Aug. 21) Plan how to get the backing of close ties for a project you have in mind. The evening can be a very happy one for you, romantically speaking. Show the masterful side of your nature.

VIRGO (Aug. 22 to Sept. 22) You have fine new ideas that require much work on them now if they are to operate successfully. A new associate can give you the right advice. Show that you are a wise and productive person.

LIBRA (Sept. 23 to Oct. 22) Analyze well those responsibilities ahead of you and plan to discharge them in a fine fashion, and meet the expectations of higher-ups. Show more affection for mate and increase harmony.

SCORPIO (Oct. 23 to Nov. 21) Cement better relations with those who have power over your affairs. Talk over any moot points and straighten out former misunderstandings. One who opposes you may try to upset you.

SAGITTARIUS (Nov. 22 to Dec. 21) You can labor into the night and get caught up on all those duties that are ahead of you, so get an early start right now. Find a new and better way to improve your state of health.

CAPRICORN (Dec. 22 to Jan. 20) If you make the appointments early with congenials, you find you can have a better time than when you called on friends at the spur of the moment. A special talent needs to be expressed.

AQUARIUS (Jan. 21 to Feb. 19) Study the situation at home carefully and then do whatever will bring more accord. Relieve the pressure there easily and quietly. Use reason and avoid any harsh display of your temper.

PISCIS (Feb. 20 to Mar. 20) Have a more workable plan for handling routine work and get far better results in the future. Buy whatever appliances will make your work more efficient. Don't forget correspondence.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those delightful young people who will be thorough in figuring out difficult projects, which is fine, but teach that there is the time element to be considered, and this should first be taken into consideration. Special care to the diet is important. If an individual forecast for your sign for January is now ready. FORECAST FOR SUNDAY, DECEMBER 17, 1972

from the Carroll Rignier Institute

GENERAL TENDENCIES: There's a considerable amount of confusion in the handling of your financial accounts. It would be wise for you to study those principles which have long proven satisfactory and then follow them so that your life may become more in tune with righteousness.

ARIES (Mar. 21 to Apr. 19) Engage in outside activities since you find it difficult to figure out how to handle those pressing business matters right now. The solution will come to you later. Show that you have wisdom.

TAURUS (Apr. 20 to May 20) Remain cheerful and kind toward others even though you find it difficult at times. Keep calm and poised and avoid the social as much as you can. Don't argue with anyone. Read tonight.

GEMINI (May 21 to June 21) If you quietly go about getting rid of limitations, you can make your life much happier and be able to advance more quickly in the future. Take time for meditation on right principles.

MOON CHILDREN (June 22 to July 21) Plan exactly what it is you want out of life instead of just floating along with the tide and taking the scraps. Obtain the answers you need from important persons and friends.

LEO (July 22 to Aug. 21) Make sure you do nothing to jeopardize the fine reputation you have so carefully built up, since others are in a mood to criticize. Follow every regulation that applies to you. Be thankful!

VIRGO (Aug. 22 to Sept. 22) Important that you appreciate the Golden Rule and practice it now. Study into the matter further before you make any radical changes you have in mind. Evening is fine for entertaining.

SCORPIO (Oct. 23 to Nov. 21) Make sure that you carry through with obligations toward associates. Show that you are one who can be relied upon. You have to handle a private matter wisely. Don't just shrug it off.

SAGITTARIUS (Nov. 22 to Dec. 21) Make sure you do something thoughtful for those who are loyal to you. Make your wardrobe more charming so that it brings out your own individuality. Relax at home with mate tonight.

CAPRICORN (Dec. 22 to Jan. 20) You are able to enjoy the recreations that make you feel more alive and happier. Assist a younger person who comes to you for help. Avoid a trouble-maker who opposes you.

AQUARIUS (Jan. 21 to Feb. 19) That condition at home requires quiet analysis instead of losing your temper. Keep calm and you will soon solve the problem. Relax at home and restore your energies for the new week.

PISCIS (Feb. 20 to Mar. 20) You can get at the truth of a condition that has been puzzling to you for a long time, so be sure to stick to the basic principle. Later engage in your hobbies and avoid spending money.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those charming young people who can do well in the field of business, but it is wise to give the finest ethical and spiritual training you can early in life. Otherwise your progeny could easily become so engrossed in the acquisition of money and power that much of the happiness possible in this chart will be lost. Sports are fine here.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

### Merchants Contribute Big Prizes

Several local businesses have contributed prizes for the sixth annual Maitland-South Seminole Chamber of Commerce Christmas Lighting Contest. Charles N. Jay, contest chairman, announced today.

First and second place prizes will be presented for the best religious and non-religious residential displays, while one major winner will be chosen for the best commercial display.

In the residential category, first place in both religious and non-religious displays is a fun-filled, three-day weekend in a self-contained camper-trailer arranged by Maitland Campers, Hwy. 17-82, Maitland. Second place in the religious category is an electric blender donated by J. C. Punney Company, Winter Park.

Noll's Furniture Sales, Casselberry, will present the second place winner in the non-religious category with a multi-top table.

For the first time, a \$5 gift certificate from Seminole Garden Center, Longwood, will be awarded as consolation prize in the religious category.

As in past years, Gale Associates, Maitland, will provide an attractive plaque for the commercial winner, Jay said.

Many entry blanks have already been received at the Maitland-South Seminole Chamber office, Jay added.

Deadline for entries is 10 a.m., Dec. 18, and applications are still available at the chamber office, 111 Independence St., Maitland.

### Meeting Cancelled; Lack Of Quorum

By DONNA ESTES

LONGWOOD — For the first time in recent years, the City Council meeting Thursday night was cancelled due to lack of a quorum.

With a meeting room full of land developers, Council Vice Chairman William Klosky announced that Council Chairman Eugene Jaques had a previous commitment elsewhere while Councilmen Dick Greenhaw and E. E. Williamson were ill. The meeting scheduled for 7:30 p.m. was cancelled at 8 p.m.

Councilman Jaques showed up at city hall at 8:30 p.m. after the two members of the board, Mayor Kenneth Brown, City Attorney S. Joseph Davis Jr., and the audience had left.

Altamonte Springs Mayor Lawrence Swoford, with whom Jaques was scheduled to fly by regular airline to Atlanta today to discuss with federal officers possible funding for sewer systems for the two cities, was visibly perturbed at the absence of a quorum.

One of the main items to be handled at last night's meeting was the adoption of a resolution authorizing execution of applications for federal funding. The resolutions — one from Longwood and one from Altamonte Springs — were to be hand-delivered to the federal government offices in Atlanta this morning.

The Altamonte Council Tuesday night adopted its resolution. Klosky called a special Council meeting for 9 a.m. Monday to adopt the resolution and process other pressing city business.

"THIS MEETING IS cancelled," Longwood Council Vice Chairman William Klosky tells a meeting room of land developers at 8 p.m. Thursday night when it became obvious a quorum would not be present for the regular meeting of the City Council. Sitting at the Council table (nearest to the camera) are Councilman Agnes Weber with City Clerk Onnie R. Shomate between Mrs. Weber and the vice chairman. (Donna Estes Photo)

### Virginia Man Jailed On 2 Counts

By GARY TAYLOR

A 20-year-old Hampton, Virginia, man was arrested on charges of possession of stolen property and possession of marijuana and jailed under a \$2,000 bond.

Patrolman T. R. (Bob) Hey of the Winter Springs Police Department arrested Phillip Dallas Childress and placed him in the county jail. According to the arrest records, the man was charged with having a stolen tag on his car, and a search of the vehicle turned up samples of marijuana.

Douglas Gary Drummond, 18, of Altamonte Springs, arrested early Thursday morning on charges of loitering and prowling, was re-arrested Thursday afternoon on charges of attempted breaking and entering, according to Sheriff John Polk.

Detective Robert Kunkler arrested the teenager in connection with an apparent attempt to break into a Forest City service station. Bars in the window were cut sometime Wednesday and Drummond and another suspect were arrested on the premises early Thursday morning. Drummond was jailed under \$2,500 but was entered and a portable tape recorder, record album and money taken.

Det. William Hogan arrested William Sherman Evans, 216 Carriage Hill Drive, Casselberry, on charges of aggravated battery. He was arrested on a warrant charging him with beating Evelyn J. Evans with a telephone receiver.

Frank Mayo, 7545 Village Green, Goldenrod, told deputy Scott Grant that \$17 and a cassette player were taken from his car while it was parked at the Stromberg-Carlson plant on Rhinehart Road, and took a tape player and speakers valued at \$90.

## Astronauts United Again; Most Successful Landing

By PAUL REEVE

AP Wirephoto Writer

SPACE CENTER, Houston (AP) — Three American astronauts, united again after the Apollo program's final and most beautiful moon-landing expedition, surveyed in lunar orbit today, lingering the surface below for still more knowledge.

Gone was the landing ship Challenger, which had carried Apollo 17's Eugene A. Cernan and Harrison H. Schmitt to the surface for 75 hours and then returned them safely to the command ship America and reunion with Ronald E. Evans.

In the early morning hours, Challenger was thrust away from the command ship, and a radio signal from Mission Control sent it crashing into the moon.

Today, and for most of Saturday, the astronauts took to probe the moon with cameras and sophisticated sensing devices. They were in orbit 69 miles above the surface.

After transferring the precious lunar treasures into America, the astronauts cast off their home, the astronauts took to probe the moon with cameras and sophisticated sensing devices. They were in orbit 69 miles above the surface.

## Minister Pleads Innocent In Second Morals Trial

By MARION BETHEA

"Saint or sinner? ... This analogy might describe the trial of Rev. William Greagan, 61-year-old pastor of First Baptist Church, Geneva, who is charged with lewd assault upon a female child.

The dapper, balding minister testified this morning in a drawn-out trial in Geneva, Ga., that he was seeking converts, and at one point, when admonished not to answer a question until the court had ruled upon an objection, did so, and then smiled and covered his face with his hands.

Greagan was nattily attired in a grey business suit, white shirt and red tie.

Rev. Greagan, upon cross-examination by Assistant State Attorney Claude Van Hook III, denied he had approached the little girl in his parsonage.

Objections by Defense Attorney Ned Julian Jr. were sustained to queries as to whether the pastor thought the little girl would think the event happened, and if she were telling a lie.

Rev. Greagan told the all-male jury that "hundreds" of children frequent his home and that he had made a name tag for the little girl who he is accused of fondling at his home.

He related, when asked to name the girls, approximately 8-10 other little girls, in one particular family he said, came to his home requesting food.

Quizzed as to if, if the children's mother being a nurse he was saying they were hungry, the pastor reiterated his testimony that he asked for food. He further testified that he did not allow children in his home on week-ends because he is busy preparing his sermons; therefore he said, the little girls came to his home after school.

Van Hook interrogated the defendant as to his church in Geneva being 10 miles away from his home on Rosalia Drive, and whether the minister spends more time at his home or the duties of his parish, since he testified the children were at his home on week-days.

Rev. Greagan related that he must return home every three hours to attend his diabetic mother.

The minister, in dulcet tones, told the court that he often gives children frequenting his home goodies such as cookies, cookies and fruit.

Asked as to whether he told the little girl "I'd like to buy you a birthday gift, but I don't know what your mother would think about it," the minister hedged the question. Rev. Greagan mentioned he has been a Baptist minister for 10 years, was pastor of the First Baptist Church, Geneva, from 1964-65 and then ministered at the Prairie Lake Baptist Church.

He admitted to seeking the professional services of a psychiatrist in Gainesville, "because I knew I didn't do it and I knew I was not crazy."

## Bus Driver Negligence Suit Filed

By MARION BETHEA

The District School Board of Seminole County and Travelers Insurance Company will be taking trial in civil cases beginning on Monday before Circuit Judge Volie Williams, Jr., in a suit brought by a mother and son alleging injuries as a result of negligence of a school bus driver.

Bringing the charges are the plaintiffs, Kevin White and his mother Lois Whitecher. They each are seeking redress in excess of \$500.

Kevin's suit, filed on Aug. 25, 1971, while a passenger in the bus driven by Mrs. Juanita Gano, that due to the negligence of Mrs. Gano in operation of the bus, he was caused to fall or be thrown against a seat in the bus, thereby injuring himself.

As a result, the suit alleges, he received injuries to mind and body and suffered disability and physical impairment in future earnings.

The suit alleges the plaintiff was caused to undergo medical treatment and losses and damages not reimbursed or continuing in nature.

Mrs. Whitecher alleges in her claim, the incident caused her to incur medical and travel expenses for medical treatment.

In reply, the School Board denies the driver of the vehicle in which the plaintiff was allegedly riding was in any respect liable, and deny that the plaintiff is entitled to any sum.

The School Board further denies that the condition of the plaintiff is due to negligence on the part of the defendant and that at the time and place of the complaint, the plaintiff "so negligently conducted himself as to proximately and appreciably contributed to the occurrence of the incident and to his injuries and damages, if any. Therefore the reply states, Kevin White and his mother are barred from any recovery.

Judge Williams entered an order on Aug. 1 granting the defendant's motion to limit liability to \$10,000 and for the plaintiff to submit to a physical examination.

The suit alleges the youth had a cast on his arm as a result of the alleged incident and that the bus driver caused the "bus to lurch without warning." This, the suit says, caused Kevin to fall or be thrown back against the seat.

The plaintiff's have 18 announced witnesses for the trial and five exhibits.

# In AAAA Title Tilt Merritt Island, Leon In Tangle

By HERRY CUSH Herald Sports Editor  
Florida State University football coach Larry Jones can just about look out his back window tonight and take in the action involving two of the top football powers in the state.

How's that you say, Wall Tallahassee Leon (11-1) and Merritt Island (12-0) square off this evening at Doak Campbell Stadium in Tallahassee, home of the Fighting Seminoles.

However, Jones will not be the only "interested" party sitting in on the Class AAAA state title game this evening.

There will be a great many followers of the Islanders as well as the home town favorites, Leon, on hand for the annual classic.

For Merritt Island coach Ed Feely the task of getting his number one ranked Mustangs "up" for tonight's game was not exactly the toughest job in the world.

Feely has not forgotten that loss and he's not about to let his 1972 team forget it either.

But how much good that extra incentive will be remains to be seen for Leon has another powerful rival this season, even with the one loss.

Both teams face quite a bit of quarterbacking department and for Leon the field general is

enter the playoff caste through the servants' entrance.

With a 7-and-3 from last week's upsetting results, we turn for the 14th and final regular season week with a 7-6 regular season record and a 7-6 regular season record.

Here's the other 12 calls this week: DOLPHINS 21, COLTS 17—Miami celebrates the first 14-0 NFL season in history in Saturday's other NFL offering, but not before its hottest rival puts a scare the Orange Bowl's 20,000.

STEELERS 21, CHARGERS 17—Finally seeing up the NFC Central for Pittsburgh.

FALCONS 17, CHIEFS 10—Just in case San Francisco stumbles, Atlanta will be hungry to step in.

RAMS 20, LIONS 10—Just in case the 49ers and Falcons stumble, the Rams will happily

coach the downtrodden Dolphins, building them into instant contenders in the American Conference. He hopes to claim only the third NFL team in history to go unscathed through regular season.

The Chicago Bears of 1934 won 13 straight and the 1942 Bears captured 11 in a row.

In the process, Mercury Morris will try to gain 95 yards rushing and the team 100 rushing yards for new marks.

If Morris succeeds, he will make Miami the first team in the NFL to ever have two runners gain over 1,000 yards in one season.

As a team, the Dolphins can shatter the season rushing record of 2,885 yards set in 1966 by the Detroit Lions.

Shula said he'd like to see the records set, but maintains the only record he is really interested in is winning the Super Bowl.

And, unlike many football observers, he doesn't mind the pressure of being undefeated will hurt his team entering the playoffs as much as the momentum of continuing to win will help.

# Lions Expecting To Notch Fourth Victory Tomorrow

Oviedo's "Young Lions" return to battle tomorrow night and are heavy favorites to win their unbeaten record to 4-4 for the season.

The best effort by Allen was in the Lions' upset victory over Lyman when he ripped the credits for 37 points. Allen had 19 in the Lions opener but that was against Eastis and there was no pressure on the Lion ace.

Cobb had 17 points against Eastis in the first meeting and followed it up with 19 against Leesburg and then canned 14 in the win over Lyman.

Clemmie Patterson and Carlton Brundage have also been instrumental in the Lions' offensive machine. Both hit double figures in the first two games of the season.

Patterson opened with 15 against Eastis and then ripped for 16 against Leesburg while Brundage had 11 in the opener and 12 against Leesburg.

Miller has been able to combine the talents of veterans Freddie Rhodes, Allen, and Brundage with the newcomers, Cobb, Patterson and Mike McCall. Also playing important roles for the Lions are Frank Gooch and Allen Daniel.

William Clarke, newly elected PGA president, announced Thursday the association has signed a two-year lease for a two-story office building in nearby Lake Park, Fla.

MacArthur, one of the world's wealthiest men, said last month he wanted the PGA out of its office wing here by Dec. 31, but he extended the eviction deadline until March 1 after negotiating with Clarke.

The delayed moving date will allow the PGA to stay in its present office for the association's Winter Activities Program in January, which includes five tournaments and a merchandise show.

MacArthur had branded the PGA as a "very hostile tenant" in an announcing plans to evict the association at the end of the year. "I've had trouble with the PGA since the day we met," he said.

# Congress On To 'Sack' Pete Over Blackouts

By FRANK MACOMBER  
Cape News Service

A Senate commerce subcommittee is still hot over the collar about National Football League commissioner Pete Rozelle's claim that regional television blackouts are justified, especially since its members found out business never was so good in the NFL as it is this year.

Rozelle argued before the subcommittee that televising games within a few hundred miles radius of where they are played soon would put a big dent in the box office receipts. Subcommittee members disagreed.

Now the subcommittee has come upon new information that convinces Rozelle he has no business even considering a Southern California blackout of Super Bowl VII to be played in San Antonio's Alamodome in January. It found out, for example, that NFL football set attendance rec-

ordas even for the mean-thing pre-season exhibition games. The group headed by Sen. John O. Pastore (D-R.I.) also discovered that stadiums are being used for other purposes for the exhibition games and that Cincinnati and Cleveland drew \$4,815 fans to a pre-season caper, though neither was considered a serious division contender at the time.

Pastore and his colleagues also found that the New York Jets sell standing room only on a season ticket basis, that the Kansas City Chiefs the first year in their new stadium at \$70,000 and now have a long waiting list.

Or how about Cincinnati, where the Bengals sold over their season tickets weeks before the first game, \$50,000 and then set up a waiting list and under the stadium where they charge \$5 to park a car and \$6 for general admission?
