PLACING "CON MEN" AND VICTIMS IN SAME CLASS

The Lakeland Star is deeply concerned over the lack of law enforcement and professional crookedness in Florida.

This concern is commendable in any newspaper or individual, but The Star covers a little too much territory in saying victims of confidence games "are as deep in the mud as the con men are in the mire." The Star assumes that every confidence game is presented in the form of a gambling scheme, which is hardly correct even in its general application. To quote:

In the first place no one could be victimized if it were not for the fact that he were willing to gamble. Every scheme put forth by confidence men is a gambling proposition. It is always a promise of big returns for a small investment.

We are inclined to the opinion the nature of confidence games is erroneously stated in the above many confidence games are successful in that they are presented to gullible investors as legitimate propositions. Compared to these "legitimate propositions," the number of wire tapping schemes is small.

As a class men are "smooth tongued." Necessarily they are students of human nature and plan their games to suit the persons they hope to " fleece." Stock-selling is one of the most popular schemes, and if it were possible to estimate the amounts garnered by the confidence men annually, the chances are fake stock returns would head the list. There is a reason for this. The possibilities in really legitimate stock investments are already established, therefore it is not much trouble to sell the idea. Legitimate stocks, investments bear no relation to gambling. They are founded in the sense of business.

One of the first lessons taught by confidence men is to stay away from bankers and others who are supposed to be authorities on investments.

Therefore, it is always safe to ask the advice of bankers and other financial authorities on financial propositions, especially those that involve investments in stocks. If everybody approached by confidence men and salesmen of legitimate propositions would do this thousands of dollars would be saved to residents and visitors who are always on the alert to expand their resources.—Jacksonville Metropolis.

BODY FOUND NEAR WRECK OF SCHOONER AT PANAMA CITY

(By The Associated Press)
PANAMA CITY, Fla., Jan. 2.—The leg of a white man with a shoe on the foot and encased in underwear was found in the bay near where the liquor laden yacht Glendover sank several weeks ago after a fire and explosion aboard. It was reported at the time that there was some life loss but was not confirmed. The discovery of the leg is believed by authorities to indicate that at least one death resulted in the disaster.

WHISKEY BOTTLES CONTAINED WATER

TAMPA, Jan. 2.—Federal officials here while destroying 100 cases of liquor this week discovered in the lot a case, whose bottles bearing labels of well known brand of whiskey, were filled with water. The liquor was two two lots captured on Monday of last week.

Everybody should buy a ticket to the Chamber of Commerce Luncheon for Thursday night. It will be a general gathering of the clans and something good for everybody.

To Waterproof Matches.

One of the commonest experiences of the camper is that of finding that matches are so damp that they will not strike. All this trouble may be avoided by providing oneself with waterproof matches. These are easily made in the following way: Melt a few lumps of candle wax in an old can on the stove. Allow this to cool a little and then, before it has set, dip the matches in, one at a time. Treat the heads and about half of the wooden part. Place the matches on one side to cool. Matches treated in this simple manner have been soaked in water for many hours, and they have ignited as readily as those which were perfectly dry. The only difference is that, in striking, it is needful to do so a trifle more firmly so as to get through the thin film of wax surrounding the head. When once the flame starts, the match burns very readily, owing to the wax which had adhered to the wood. Any ordinary matches can be treated in the manner described.—S. Leonard Hostin in St. Nicholas.

Use the Hours Wisely.
Many men whose time had never been turned to account until they were past 40 have still had enough left to accomplish great things in the world.

But these are the most sincere mourners for the years that might have been utilized. If you will begin to-day to bear in mind that time cannot be hoarded, and that every hour of it should be converted into something that can be hoarded, you may lay the foundation for a fortune. You will certainly lay the foundation for happiness by and by.

Count your hours and allot each one to some task or to some profitable recreation. See that none of them slip by. They are as water through a mill, which, if sent over the wheel, creates valuable energy, but which spilled over the dam is gone forever.—John Blake, in Chicago Daily News.

You Never Can Tell.
Guest (upon approaching his host's home in the suburb)—Ah, there are some of your family on the veranda. See if I can guess who they are. The girl in short dresses is your daughter, the young man in riding breeches is your son and the lady in the—er—ten gown is your charming wife.
Host—No, you are all wrong. The girl in the short dresses is my grandmother; the young fellow in riding breeches is my wife and the lady in the ten gown is my 19-year-old daughter, who likes to dress up in her great-grandmother's dresses.—Judge.

OVIEDO

Mrs. C. S. Lee entertained at a family dinner on Christmas day. Places were set for thirty-four, including the family of Mrs. J. H. Lee, sr., Mr. and Mrs. R. W. Lawton and daughter, Mr. and Mrs. Cator Lawton and baby of Orlando, Mr. and Mrs. S. W. Swope, Misses Mable and Francis Swope. A splendid course dinner was served, the table being in the shape of the letter "L" being beautifully decorated in Christmas colors. Immediately after dinner a shower of presents were taken from the large Christmas tree to delight the hearts of all.

Dr. and Mrs. Mathison and daughter of Fort Myers are spending the holidays with Mrs. J. H. Lee, sr.

Mr. and Mrs. Z. Spinks and baby of Leesburg are visiting Mrs. M. M. King and family.

Mr. and Mrs. R. W. Lawton spent Thursday in Sanford.

Miss Mable Swope entertained her Sunday school class on last Friday afternoon at her home on Graham avenue.

On Monday afternoon Mrs. W. J. Lawton entertained the members of her Sunday school class at a Christmas tree. After the distribution of the presents games were played and a most enjoyable afternoon spent by the boys and girls.

Mrs. W. B. Young entertained at dinner Wednesday night in honor of Miss Mable Swope who is leaving this week for St. Augustine where she will remain through the winter and spring.

Miss Gayle Marshall of Sanford, is spending several days with her sister Mrs. R. W. Lawton this week.

A. F. Way, of Connecticut is at the Oviedo hotel and expects to spend the winter in Oviedo.

On Tuesday evening the annual installation of officers of the Masonic lodge was held at the lodge rooms at Lake Charm, following which was a banquet given the members of the lodge and their families and friends.

The following officers were installed by a most impressive service led by C. L. West: Dr. T. G. Simmons, Worshipful Master; Verne Slay, Senior Warden; J. H. Lee, Junior Warden; J. E. Parton, Treasurer; L. E. Wright, Secretary; Theo. Aulin, Senior Deacon; R. R. Wright, Junior Deacon; W. J. Lawton, Senior Sergeant; E. G. Hancock, Junior Sergeant. A most delicious banquet was provided by the entertainment committee after which Rev. L. E. Wright, toastmaster called on a number of visitors and members for speeches, all of which were greatly enjoyed.

Mrs. Mary Williams, of Wierdale, spent Christmas with her daughter, Mrs. W. B. Englett.

H. B. McCall, sr., J. N. Thompson, Edward and Warren McCall, Allen Thompson and Olin Wright are spending this week at the Prairie on a camp hunt.

Mr. and Mrs. Hal Edwards of Palmetto, were visitors to Oviedo Wednesday. Mrs. Edwards before her marriage on Christmas day was Miss Eula M. Howard of Bradentown and formerly lived in Oviedo. It was a great pleasure to her many friends here to see her once more and to congratulate her upon her marriage. Mr. Edwards is a prominent young business man of Palmetto.

Mr. and Mrs. S. W. Swope and family left by auto for St. Augustine Friday.

Mr. and Mrs. A. J. McCulley and Mr. and Mrs. I. L. Cook motored to Manatee Saturday to spend Christmas with Mrs. D. E. Lundy.

Edward Argo and Andrew Aulin motored to Jacksonville Saturday night, returning Sunday afternoon.

H. B. McCall, Jr., Emmott and Edward McCall were all at home with their parents Christmas. They also had as their guest, Mr. Henry, of Lakeland.

Mr. and Mrs. Frank Norris spent Friday in Sanford.

Mrs. Mary Sundell died Saturday night at the home of her daughter, Mrs. S. McBride and was buried Sunday afternoon at Lake Mary. Mrs. Sundell was over eighty years of age and had been in bad health for many years. Although a native of Sweden, she had lived for over thirty years in Seminole or Orange counties, her husband having been for many years pastor of the Presbyterian church at Lake Mary. Mrs. Sundell is survived by four daughters, Mrs. Rose of Apopka, Mrs. Willsey of Wildwood, Mrs. Moran of Geneva and Mrs. McBride of Oviedo. The funeral services were conducted by Rev. J. N. Thompson, pastor of the Oviedo Baptist church.

Mrs. A. K. Crawford and Olive Lozette, returned from Jacksonville Friday to spend Christmas with their parents.

M. A. Kilvert returned Wednesday from an extended visit to New York and other northern points.

HAMILTON, Ala., Jan. 2.—Nine members of the Alabama National Guard charged with murder in connection with the lynching of William Baird, a miner, near Jasper last January were arraigned here today and the trial set for January nine to be tried separately.

INDUSTRY LOST TO CANADA

Country Failed to Take Advantage of Ability to Build Tonnage for the High Seas.

Canadian shipbuilding dates from 1805 with the small vessels built at Port Royal (Annapolis) by Francois Grave, sailor from St. Mulo. Seventy years later Interdent Talon's trading vessels are voyaging from Quebec to the West Indies and France—forerunners of those on the later triangular course—Canada to South America, Marseilles and return.

The year 1833 is the famous sea-mark when the Royal William, capacity 303 tons, left Pictou on August 28 and reached London in 25 days—the first ship to cross the ocean under no power but steam. Though this ship was built in Quebec, it was to Nova Scotia in the persons of the three Cunard brothers that the vision came. Steam power, however, was as yet a baby. In 1850, Mackenzie of Pictou astonished Glasgow with the Hamilton Campbell Kidston, the biggest sailing ship the Clyde had ever seen. In 1864 Nova Scotia was launching 300 vessels, and by 1880 eastern Canada building, sailing, owning and selling, had become one of the four greatest shipping districts of the world. For a period between these dates Canada headed the lists of tonnage in proportion to population.

It was not so much the use of steam that caused the decline as the change from wood to metal. Had Nova Scotia developed her metal industries a generation sooner, the 500 Canadian vessels, built in 1875, would surely not have dwindled to 20 in 1900.

EARTH NOT REALLY CROWDED

Trouble is That Nature Has Not Seemed to Arrange a Division That is Equitable.

Somebody has reckoned that if the earth's population had increased 4 1/2 per cent every hundred years since the birth of Christ, by now there would not be standing room left on the globe, including all the islands. Yet England and Wales in ten years increased their population 10 1/2 per cent, and the increase in the United States has been much greater.

The earth's population at the present time is about sixteen hundred million. Different parts of the earth vary greatly in the matter of density of population. Certain portions of China, the Ganges valley, and parts of Europe are too crowded for comfort. On the other hand, large tracts of Central Asia, Russia, the American, Africa and Australia could accommodate many more people.

The Turks by their religious fanaticism have caused devastation in the last five hundred years in the valley of the Danube, in Macedonia, Asia Minor, Syria, and Mesopotamia. These countries, as a result of massacre and famine, are dried-up deserts.—Popular Science Monthly.

ANNOUNCING The January Distribution Drive A big sales event to clear the way for the dawning national prosperity Starting Wednesday, January 4th CONTINUING 10 SELLING DAYS--CLOSING JANUARY 14

There is just ONE BIG THING to be done by the merchants and people of the U. S. in order to CLEAR THE WAY for the greatest prosperity that our nation has ever known. Nothing stands in the way of full production by factories everywhere, except the MERCHANDISE NOW ON HAND in stores throughout America. Now the time has come, in the opinion of this store as well as all economic authorities to GET THAT MERCHANDISE INTO THE HANDS OF THE PEOPLE, so that the stores may place new orders with the mills and factories, and thus put MILLIONS OF WORKERS BACK ON THEIR JOBS, and thus create happiness and prosperity for workers everywhere.

Cutting Prices on Everything in Our Store and making many prices so low that we are losing money on the prices that we paid for the goods. Now it is right up to the people to do the rest. If everybody will BUY THE GOODS THEY NEED right now, while prices are lower than at any other time and at a time when it is so important to SEND ORDERS TO THE MILLS to put people to work--if this is done

The Dawn of New Prosperity Will be Here Every dollar's worth that you buy will help the success of this great nation-wide movement. Come and see the extraordinary offerings that we have created for our January Distribution Drive.
