## WATCH FOR THE SIGNS

Mike was lucky! He lost his way completely along the thickly-wooded roads during his vacation last summer until suddenly he came upon a small service station. The friendly attendant told him he was only a short distance from the lake. "Just watch for the signs," the man said.

It's easy to get lost... It could happen to anyone. At times, our lives get so confused that we don't know which way to turn, and we feel that nobody cares. When that happens, just watch for the signs.

What signs? Well, there's the fragrant beauty of a rose, the laugh of a child, the glory of sunrise, the sound of great music... signs all around that point to the constant presence of God who loves us.

The Christian Church is the most important of all... created solely to reveal a new and meaningful way of life to all who seek it.

**THE CHURCH FOR ALL - ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character - a good citizenship. It is a source of spiritual values. Without a church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible!

# Russia Orbits 3 Men In Space Ship

## Craft Is Reported Running Smoothly

MOSCOW (UPI) — Russia today launched the first passenger-carrying space ship. A pilot and two passengers—a scientist and a doctor—were aboard the craft launched at 3:30 a. m. (EDT). Moscow television said the space ship "Vostok" (sunrise) had gone into orbit and was operating smoothly.

The launching of the first space craft to carry more than one person came 3½ years after the Russians sent up Yuri Gagarin as the first man in space. The American two-man "Gemini" space shot is not expected until February at the earliest. The first three-man U. S. spaceship probably will not be launched for at least two years.

Soon after the start of Vos-

khod's flight, which was expected to last at least 24 hours, the Soviets hinted at an even more spectacular space feat. The official Soviet News Agency Tass quoted a visiting French space scientist as saying that one or two of the three Russians now in orbit may venture outside the space craft during the flight.

Tass said it had interviewed Jean Coulobme, chairman of France's National Center for Space Research, in Leningrad and quoted him as saying: "The fact that there are three spacemen in one ship will enable one or two of them to venture outside the ship."

Vostok was orbiting the earth every 90.1 minutes on a path taking it as far as 235.6 miles from the earth and as near as 112.5 miles.

The pilot and flight commander is Col. Vladimir M. Komarov, 37, whose hobby is strumming the guitar and playing folk music.

The engineering scientist is Konstantin Feoktistov, 38, who according to Tass, is not a Communist.

The doctor is Boris Yegorov, 27, who became a physician only three years ago.

Premier Nikita S. Khrushchev talked to the space ship by radio and promised the men an overwhelming welcome when they return to earth. The Soviet television carried the first transmission from aboard Vostok.

The flight was man's 12th journey into space.

How much will it cost this year to operate Seminole County's fleet of school buses? At least \$125,000. Of this amount, \$90,000 is provided by the state and \$35,000 by the county's tax payers. Of course, the \$90,000 comes from the taxpayers, too. The Board is spending \$45,000 more this year for new buses.

Lady at a school board meeting: "We've never had so many dissatisfied people." Reply from Dr. A. W. Epps, Jr., a board member: "We've never had so many people!"

The School Board has agreed to permit schools in the county to close one hour earlier than usual on Dec. 2, so that pupils can attend the Christmas Parade in Sanford.

Remember the three days the county's school children lost during Hurricane Dora? The School Board has decided to eliminate three scheduled conference days in order that the missed days can be made up and the term's closing date, June 4th, will remain the same.

By the way, we all know that the Naval Air Station has the largest monthly payroll in the county. Which has the second largest? Best we can figure is the Seminole County Board of Public Instruction. We understand the Navy's payroll runs about \$1 million a month. The school board's payroll hits \$300,000 a month.

Remember Thursday, October 15? This is the day the NAS Officers Wives are staging their gigantic Treasure Hunt, which will be held at the corner of Hiawatha and Highway 17-92 from 10 a. m. to 8 p. m. There will be bargains galore, and the profits will benefit the community through a charitable donation.

Today, Oct. 12, is Columbus Day. And, strange as it may seem, we recall that last week the United States government officially recognized Lief Eriksson as the discoverer of America.

Well, Christopher did pretty well. He held the honor from 1492 until 1954.

And, speaking of dates, our almanac tells us that the cornerstone for the White House was laid 172 years ago tomorrow. No wonder HST moved out during his administration so the structure could be rebuilt.

Many Sanford and Seminole County officials will be on hand Thursday when Florida's newest golf course will be dedicated in Deltona.

Among those from Sanford expected to "tee off" the new layout will be Mayor A. L. Wilson, County Chamber Manager John Krider and State Sen. Mack Cleveland.

**Program Tonight**  
Sanford's Starlight Promenaders square dance club and the city recreation department will be host to a Columbus Day Dance at 8 p. m. at the Civic Center tonight. All square dancers are invited. Caller for the occasion will be well-known New Orleans caller, Johnny Crael.

## UF Drive Off To Fast Start

"THE KICKOFF" of the 1964 United Fund Drive is symbolized by this football held by the campaign leaders who posed before a model of a football field at the Florida State Bank lounge today. In the center is President Paul Lewis, flanked at left and right by Campaign Co-Chairmen E. D. Kirchhoff and Troy Ray. Goal of the campaign is \$40,000. Advance pledges for \$3,524 were announced today. (Herald Photo)

Seminole County's 1964 United Fund drive got off to a fast start today with the announcement that \$3,524 in advance gifts had already been received.

The announcement was made by Chairman Troy Ray at a kick-off breakfast held at the Florida State Bank early today.

More than 60 division chairmen and captains gathered for the beginning of the drive were told by Ray:

"We have the people, we have the 'know how' and the material. All that remains is for each person to give that little 'extra something' that will make this drive a success and bring us to the goal-line for a touchdown."

Last year's president Loring Burgess and chairman Paul Lewis were presented with United Fund engraved plaques for their previous service.

President Lewis praised the work of Mrs. Margaret Ganas, secretary of the organization and said that without her the drive could not have been successful.

Ray introduced publicly chairman, Stafford Derby, who said that he was privileged to work with the leaders of the community who take part in the United Fund drive.

"This year's campaign will cover all the communities in the county which have been individually organized with their own chairmen, captains and workers."

Also introduced at the breakfast was campaign co-chairman E. D. Kirchhoff. Other officers of the organization who greeted division workers were Mrs. Walter Glew and Bert Hollingsworth.

## Mrs. Reynolds Named By Democratic Club

MRS. REYNOLDS

Mrs. Kathleen Reynolds of Sanford was elected vice president of the Fifth Congressional District of Florida for the Democratic Women's Club at the state convention held in Miami last weekend.

Mrs. Reynolds, who is past president of the local Democratic Women's organization, is also state committeewoman and local precinct committeewoman.

Central Florida Democratic women swept the elections with Mrs. Ella DeBerard of DeLand being named president, Mrs. Eva Palm of New Smyrna, second vice president and Mrs. Fae Owles of Winter Park, secretary.

## City Hearing To Rezone Area On Agenda Tonight

Tonight's meeting of the Sanford City Commission will include a public hearing for consideration of proposed rezoning of an area north of East 24th St. which has been under discussion for several months.

Also slated for action is the recognition of John Abraham who recently retired after 40 years service with the city.

Commissioners will take under consideration requests for use of the municipal stadium for spring training by the Mets and that state laws be enforced requiring architect on all public or commercial buildings and on residences in excess of \$10,000 construction cost.

A discussion of the possibility of a bus operation in the city is slated, along with first and second reading of ordinances, authorization of bids for equipment and materials; consideration of the architects contract for proposed additional city recreational facilities and plans for the protection of the city's recently acquired police dogs.

**Theft Probed**  
Theft of \$61 from the Carlton Grocery Store, 1303 S. Sanford Ave., is being investigated by city police. The thief tried a door open and took the money from a cash register, police said.

## Sun Oil Bringing In Another Rig

FORT MYERS — Sun Oil Company Friday announced apparently successful completion of its Red Cattle No. 2 well at Felida, 25 miles east of here, which it hopes is the discovery well for the state's second oil field.

Testing will continue, but at 1 a. m. today the well was flowing at a rate of 111 barrels per day of 24.5 gravity crude oil on a 20/64th inch choke. Tubing pressure was 36 pounds and casing pressure 310 pounds. Production is from 11,472 feet to 11,485 feet.

Tom F. Hill of Dallas, Texas, manager of Sun's Southwest Production Division, announced that Sun plans to go ahead immediately with a drilling program to develop the new field, which the company will name the Sunoco Field. It expects to have at least one rig in the area for further drilling by Oct. 15.

The Sun discovery is in Hendry County, and is only about 20 miles north of Florida's only producing field, the Sunland, in Collier County. An earlier test, the Red Cattle No. 1, was drilled a mile and a quarter to the northwest of the No. 2. It encountered about 1,000 feet of oil but also about 8,400 feet of salt water on a drillstem test, which did not indicate a commercial well at that time.

Sun is a veteran in the hunt for oil in Florida. It has been active since the mid-30's and has been drilling since the mid-40's. Sun itself has drilled 34 wells and supported 38 more during the years. As a result of recent efforts, it now has a total of 108,516 acres under lease in the area around Felida, and a total of 115,162 acres in the state.

## Apportion Rehearing Rejected

WASHINGTON (UPI) — The U. S. Supreme Court refused today to reconsider its landmark decision of June 15 that both Houses of a state legislature must be based as nearly as possible on population.

A petition for reconsideration was filed by two participants from Alabama, one of six states involved in the ruling.

Re-hearing petitions were also filed by officials of Florida and Illinois, whose cases were handled briefly on June 22 on the strength of the decision.

## Two SNAS Men Die In Crash

Two Sanford Naval Air Station men were killed Saturday night when the car which they were riding crashed into a tree on Route 427 near Elder Springs.

Dead on arrival at Seminole Memorial Hospital were men identified as ATN2 Jimmie Dean Pugh, 21, of Coffeeville, Kan., and AN Duane M. Duvall, 17, of Hammond, Ind.

Florida Highway Patrol Cpl. Bill Stringfield said the car was being driven at a high rate of speed when it went out of control and rammed the tree.

## Officer Tows In Disabled Boat

Police Lt. Ben Butler used the city rescue boat Sunday afternoon to pull a man and his boat to safety after the latter's boat motor conked out in the middle of Lake Monroe.

Saved was R. D. Connors of Orlando, Lt. Butler said.

FAMOUS DEMO DONKEYS seem to be enthusiastic about the opening of the local Lyndon B. Johnson-Ford-President headquarters office at the corner of Magnolia Ave. and First St. Friday. Posing with the national symbols are Campaign Chairman Dr. Vincent Roberts; Co-ordinator Bill Tanner; Mrs. Swofford and County Commission Candidate Lawrence Swofford of Altamonte Springs. ## 2 Boys Arrested In LBJ Threat

DENVER (UPI) — The Secret Service said today that two Wyoming teen-agers were arrested Sunday night for allegedly threatening to kill President Johnson, who is scheduled to campaign in Casper, Wyo., this afternoon.

Roland Osborne, special agent in charge of the Secret Service in Wyoming and Colorado and based in Denver, said that the boys, 16 and 17, as yet unnamed, were arrested in Casper. He said bond of \$25,000 each was set at a preliminary hearing.

## 3 GIs Among 300 Casualties

SAIGON (UPI) — More than 300 soldiers have been killed or wounded in 24 hours of savage combat in South Viet Nam, military spokesmen reported today. The casualties included two Americans killed and one injured.

Two American military advisers—an officer and an enlisted man—were killed along with a Vietnamese battalion commander when their jeep was shattered by a mine.

A U. S. military spokesman said the men in the jeep were deliberate targets of the Communist Viet Cong. He said the mine was electrically detonated by a terrorist hiding by the road.

As the peak battle period closed early today, a U. S. Marine Corps officer was slightly injured in a helicopter crash 330 miles northeast of Saigon. The crash was blamed on mechanical failure.

The mine blast occurred on the fringes of a battle that turned out to be one of the biggest and bloodiest ever fought in the Saigon area. Government casualties in the battle were listed at 98 and the Vietnamese Defense Ministry said 150 Communists were killed.

## Two Injured In 431 Accident

Two persons were injured, one seriously, Sunday afternoon at 4:30 when the car in which they were riding rammed a utility pole off State Road 431, south of Forest City.

Being treated at Florida Sanitarium and Hospital for a compound leg fracture and severe head cuts is Everett R. Rogers, 30, of Orlo Vista. He was a passenger in a car operated north on SR 431 by Kenneth Henderson of Orlando.

The car failed to negotiate a sharp turn, according to Florida Highway Patrol Cpl. Bill Stringfield, and hit the pole. The pole was cut in two by the impact, the corporal said. Henderson was not seriously hurt.

## Hospital Agents Elect Williams As President

Cleo Williams, purchasing agent for Seminole Memorial Hospital has been named president of the newly formed Hospital Purchasing Agents of Central Florida organization.

Williams was elected at a meeting held Wednesday that included representatives from hospitals in Lakeland, Orlando, Daytona, Titusville, Eustis, Sanford, and Brevard County.

The aim of the new organization, according to Williams, is to bring about general improvements in purchasing practices in the hospitals, to foster and promote exchange of ideas and to strive to be of more value to management.

Williams said that between \$150,000 and \$200,000 worth of medical and surgical supplies and equipment are purchased by the local hospital each year.

### Burns At Parley In White House

United Press International Democratic gubernatorial nominee Hayden Burns canceled a Jacksonville speaking date Friday to fly to Washington to attend a White House conference on the Inter-American cultural center in Miami.

"As I have been actively participating in the furtherance of this project and have conferred with the President on two previous occasions in its support, it is deemed imperative that I should attend the conference," Burns said. The Republican nominee, Charles Holley, campaigned in South Florida Thursday and called for laws requiring periodic reviews of state expenditures.

## Burns At Parley In White House

United Press International Democratic gubernatorial nominee Hayden Burns canceled a Jacksonville speaking date Friday to fly to Washington to attend a White House conference on the Inter-American cultural center in Miami.

"As I have been actively participating in the furtherance of this project and have conferred with the President on two previous occasions in its support, it is deemed imperative that I should attend the conference," Burns said. The Republican nominee, Charles Holley, campaigned in South Florida Thursday and called for laws requiring periodic reviews of state expenditures.

### New Postmaster At Lake Mary Honored

By Frances Westor

"Cracker" Donaldson, the new Postmaster of Lake Mary, was honored by a buffet supper given by a group of his friends at the home of Col. and Mrs. Harry E. Sandusky, on Lake Mary Lake, Saturday night, Oct. 3. The serving table was decorated with flowers from the Candle Bush. Several gimmick gifts, such as a toy Deputy Dog and a little red auto like

his own car, were presented to "Cracker."

Mrs. Einar C. Turning brought her famous fruit salad bowl, which was beautiful as well as delicious with every kind of fruit in it. Mr. and Mrs. W. C. Hopkins brought special home-made ice cream.

Mrs. Joe Smathers made the cake for the occasion, which looked exactly like a letter, complete with stamp,

return address: From The Gang, and addressed to Postmaster "Cracker" Donaldson, right down to the Zip Code number.

Those attending were: The Honoree, his mother and father, Mr. and Mrs. C. S. Donaldson, Mr. and Mrs. W. C. Hopkins, Mr. and Mrs. John Ulmer, Capt. and Mrs. Einar C. Turning, Mr. and Mrs. Joe Eith, Mr. and Mrs. Joe Smathers, Mrs. Edith Edwards, Mrs. Richard Beebe,

Most of us need to earn money to live. Whether we earn it doing something we like to do, or at any job we can find. Depends a lot on how long we stay in school. So give yourself a break—graduate!

### Plans Discussed By Casselberry Auxiliary

By Jane Casselberry

American Legion Auxiliary Memorial Unit 256 of Casselberry met Monday night to discuss plans for the coming year at the Casselberry Woman's Club.

Mrs. Harold Kryder, president, reported on the District School of Instruction held at Post 19 in Orlando, which she and the secretary, Mrs. Ken

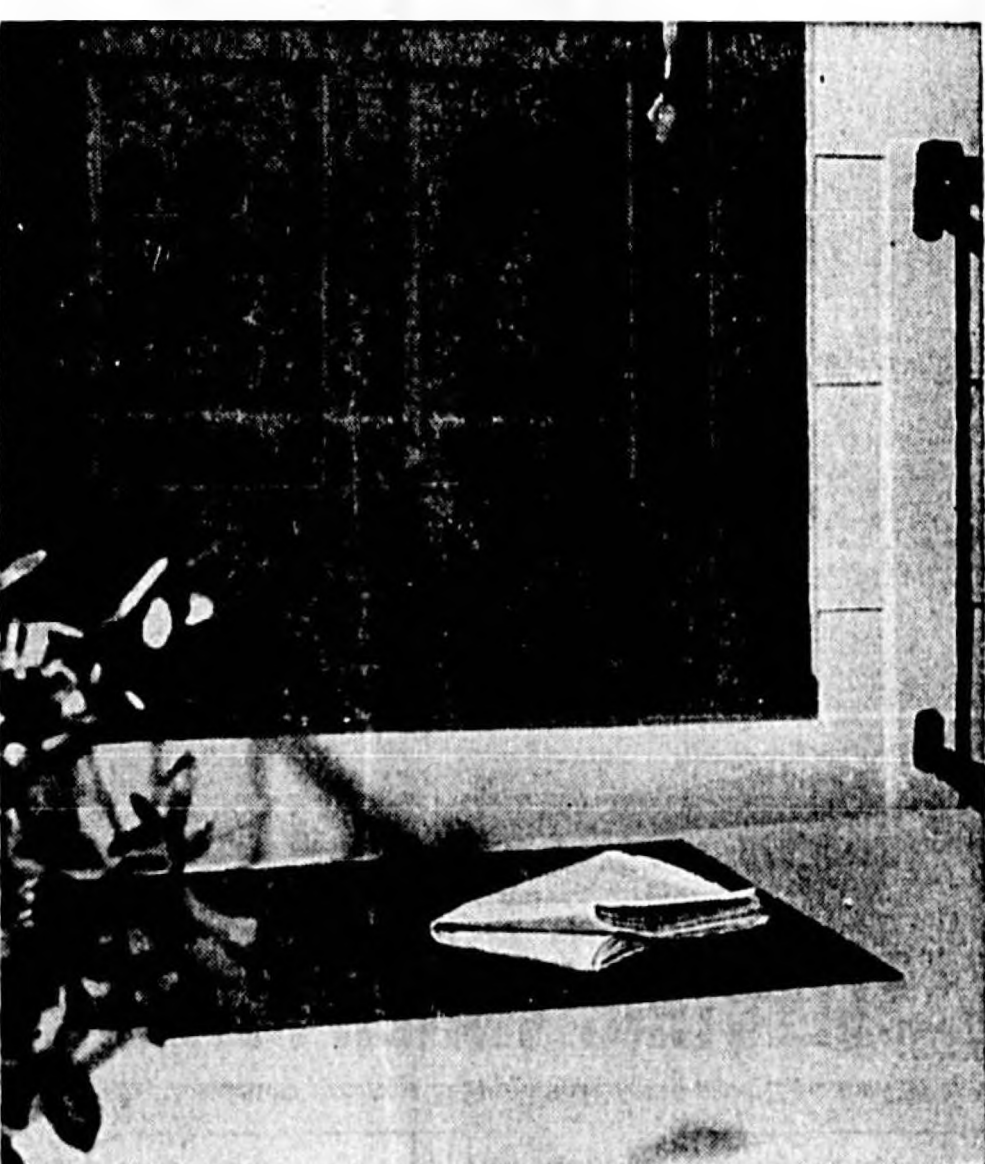

Walbridge attended. The Casselberry unit will join with Campbell Lassing Unit No. 33 of Sanford, which will be host, and other area auxiliaries in a dinner honoring Mrs. E. A. Roberts, Department President, on Wednesday, Oct. 21, at 6:45 p. m. at the Trade Winds Cafeteria in Seminole Plaza.

In other business the members voted to send \$10.50 for veterans rehabilitation and \$21 for hospitalized veterans' Christmas gifts.

A new member joining at the meeting was Mrs. Elsie Brown, who recently moved to Casselberry.

Following the meeting the women joined the men of the Legion for coffee and doughnuts.

# Davis, Swofford Picked

Normally The Sanford Herald does not indulge in the procedure of endorsing candidates for municipal and countywide races.

However, as times and circumstances change so must procedures. Although The Herald does not intend to make a public selection in all municipal and countywide races this year, today it does endorse the candidacy of two Seminole citizens who are seeking public office.

First, The Herald urges the re-election of Sanford attorney Joe Davis to the state legislature.

During Davis' initial term in the House of Representatives he was given seven committee assignments — an unusually large number for a first-time member of that body.

From all indications he carried out those assignments in both an effective and dignified manner. It was the kind of service we feel was not only beneficial to the state but it also brought honor to the people of Seminole who chose him two years ago to represent them.

Beginning in 1965 Seminole will have only one voice in the House of Representatives and we feel, as others do, that Seminole must have a voice that will be heard and respected.

Second, The Herald gives its support for election to the office of County Commissioner to Lawrence Swofford, the mayor of Altamonte Springs, who is the Democratic Party's nominee.

Swofford has previously served on the County Commission, being a member of the Board for four years during which much of the present procedures and policies for county government were established. So far they have proved to be effective and have been carried out for the bene-

fit and welfare of the people of Seminole.

Swofford's experience as Mayor of Altamonte is also an important factor in his favor. He is accustomed to handling matters on local government level and the fact that he has been elected to the office of mayor on five previous occasions is sufficient evidence for us to believe that his constituents in that municipality must have confidence in his abilities.

The fact that Swofford has lived in his district for some 30 years is also evidence that he must know not only his district but also the county like the back of his hand.

He is not only a resident of Seminole but he also has his business in this county and he, naturally, is 100 per cent concerned with the economy of the area in which he lives and makes his living.

No doubt Swofford in the course of his public life has made some mistakes in the process of making governmental decisions. What public office holder doesn't?

But The Herald is convinced that our Board of County Commissioners must not only be comprised of Seminole County residents but also by people who know the county, know its problems, and are best qualified to cope with them.

Undoubtedly the opponents of both Davis and Swofford are fine men. But aside from the fact that they are Seminole County residents, it must be pointed out that in both cases their business interests are outside the geographical limits of Seminole.

For this reason, among others, The Herald recommends that careful consideration be given to the candidacies of Davis and Swofford and that Seminole electors lend them their support in the general election.

### Political Notebook

**WASHINGTON (NEA)** — An unpublished government study on what crises the United States will face worldwide in the decade ahead can be summarized as follows:

We'd better learn how to win the type of war we're fighting in South Viet Nam, because we're going to run into more and more such guerrilla wars in the years ahead.

These wars are going to become more difficult to win as the Communists improve their techniques. Numerous spots in the world—in Africa, Asia and Latin America—are ripe for such outbreaks. Any such wars we lose will make the rest much more difficult to win, because native peoples will lose confidence in our will to back them up.

The government study outlines the situation in Africa as an example of a continent ripe for insurgencies. It says: "Economic growth is slow and many economies are virtually stagnant."

"The countries of northern Africa are overpopulated in terms of available resources; the race problem will cause great troubles in southern Africa; nearly everywhere development capital is scarce and qualified people are few; expectations are rising; many cities are full of semiliterate unemployed people who are still unaroused and complacent."

"Many situations, such as those in Algeria, the Congo and the Horn of Africa, are very fragile."

"Nkrumah is an unstable man who has created and will create considerable instability in West Africa."

"Even nations led by mature and able leaders such as Nigeria and Senegal have deep divisions."

"Developments of the type which recently occurred in East Africa probably will be repeated elsewhere: 'Reliable' regimes left behind by the departed colonial power will be thrown out and the succession will be a source of conflict between leftist and moderate nationalists."

"Some of the new states in Africa may continue to be relatively stable and may even grow in strength. But in most of the continent the picture appears much more clouded than it did a year or two ago. There are likely to be many more eruptions of violence and perhaps some changes of a major character."

"By and large, the drift seems to be toward political and social chaos. Although revolutionary forces of a serious and dangerous character remain largely undeveloped or unorganized, the milieu in one in which these forces may become suddenly generated and difficult to control."

"The area is certainly be-

coming increasingly vulnerable to meddling from the outside."

Sino-Soviet rivalry for control of portions of Africa, Latin America and Asia will spur the trend toward guerrilla wars.

But in addition to the Sino-Soviet motivated insurgencies, the experts see a series of "wildcat" guerrilla wars in the coming decade. They say: "Individuals and groups calling themselves Castroists or Communists might stage revolutionary attempts or initiate guerrilla movements, not on the orders of Moscow, Peking or Havana, but in the hopes of gaining their support."

All in all, the study concludes, it's going to be a rough decade.

## To The Editor

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter also carries the writer's true name and address. Letters of fewer than 300 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Poetry is not published by The Herald.

In a letter to the editor published in the Sanford Herald on Oct. 8, 1964, certain statements therein are completely false as proven by official records which were available to the writer of the letter.

Town of Altamonte Springs tax receipts numbers 3635, 3636 and 3663 show the total assessed taxable value of my commercial property for 1963 to be \$22,200 and \$6,730 for home property, totaling \$28,930 for which the sum of \$292.93 was paid for town tax.

Editor, Herald:

I appreciate very greatly indeed your fine editorial endorsement in a recent issue of The Sanford Herald, entitled "Above All, Sen. Holland." I am grateful for the

confidence expressed therein and I am sure that the editorial will do me a great deal of good throughout the area of your circulation.

I want you and your associates to know that I appreciate your kindness and your support.

### Dr. Crane's

## Worry Clinic

Prof. Kozodoyev is using the "Stutter Triangle" with marked success, as indicated below. For the usual case of stuttering is simply an emotional complex that develops in a child, due to stage fright, coupled with public humiliation and shame. Alter any one of these factors and you free the victim.

CASE U-401: Marcia G., aged 28, is a speech teacher in college.

"Dr. Crane," she began, "when I was a graduate student we used your 'Stutter Triangle' to help clarify this problem."

"And I have employed it in my teaching, for I have had several children who stutter."

"But some of the professors at Indiana University have first declared they never had heard of such a 'Stutter Triangle.'"

"Then they later denied that it could help a stutterer. But I have just seen an article from Russia that confirms your 'Stutter Triangle.'"

Stutter Triangle

Then Marcia handed me the article dealing with Prof. Kozodoyev who said he himself had stuttered till he was 30 years old.

Then he began learning English and found, to his surprise, that though he stuttered in his native Russian, he could speak fluently in English!

And he then visited a medical institute where the faculty cited 11 other cases which had likewise been cured of stuttering by simply shifting to English.

The "Stutter Triangle" is a graphic way to depict the

typical case of functional stuttering.

A few people stutter because of organic brain damage, so they can be called "neurological" stutterers in contrast to "functional" stutterers, who make up the vast majority of such speech problems.

Suppose a shy youngster is guilty of a slip of the tongue while reciting in class. Laughter ensues.

He is shamed, humiliated and so emotionally upset that he wishes the floor would open up to let him drop out of sight.

Thereafter, he may stutter when in a similar situation.

And this original pattern is best diagrammed by the "Stutter Triangle," whose three corners indicate:

(1) Normal conversational tones;

(2) While speaking to human beings;

(3) In his native tongue.

That is the typical situation in which his first humiliating experience developed.

Whenever he again gets into the same psychological pattern, his tongue and throat muscles react with stuttering.

Alter any one of the three corners of that triangle, however, and you help free him

from slavery to this nuisance habit.

For example, change languages, as Prof. Kozodoyev indicates, and you have shattered the pattern. For that alters No. 3 above.

Try ventriloquy and you alter No. 1. Ventriloquists' dummies do not stutter.

Pitch your voice higher or lower than normal and again you alter No. 1 and can speak smoothly.

Demosthenes changed No. 1 by holding pebbles in his mouth, for this altered the "normal" conversational pattern.

Patients can do likewise by biting down on their tongue with their molars and then holding the tongue imprisoned until they launch into speech.

Stutterers can speak to dogs, horses, cats and parakeets for they are not human beings and thus No. 2 is changed.

Send for my booklet on "How To Stop Stuttering," enclosing a long stamped, return envelope, plus 20 cents.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

# Gov. Bryant Says He Believes Johnson Will Carry Florida

By United Press International

The Tennessee Valley Authority was still a debatable political issue in the South where political figures stepped up activity Monday in the final three weeks before the Nov. 3 general election.

Former Vice President Richard M. Nixon, speaking at Chattanooga Saturday night told a cheering crowd estimated at 5,000 that "we're for TVA."

"Goldwater will support TVA," Nixon said, "and he will stand squarely for social security."

But at Oak Ridge, Tenn., William R. Anderson, Democratic nominee for congress from the Sixth District, charged that the Goldwater crowd has forecast doom for Oak Ridge and that "it would become an atomic ghost town" because "they stand for the doom of TVA."

Most Southern Democratic governors—there is a Republican governor from Oklahoma in attendance—said that President Lyndon B. Johnson seemed to be gaining ground in his campaign for the South.

Florida Gov. Farris Bryant said that after a tour of north Florida he believed for the first time that Johnson would carry his state.

Louisiana Gov. John McKeithen said Goldwater "didn't help himself by his recent visit to our state by his failure to hit out at civil rights and the tidelands issue."

Mississippi Gov. Paul B. Johnson said that Goldwater is about 70-30 ahead in his state but had slipped from a 90-10 advantage immediately after his nomination.

Elsewhere: Atlanta: The Atlanta Times, one of the nation's newest major newspapers, Sunday editorially endorsed Goldwater.

Anderson, S. C.: Sen. Strom Thurmond, who recently left the Democratic party to join the Republicans, planned to hit the campaign trail for the Republican ticket Tuesday with four speeches scheduled.

Columbia, S. C.: The University of South Carolina's Young Democrats have objected to the school newspaper's endorsement of Goldwater.

Danville, Va.: A week-long straw poll by the Junior Chamber of Commerce at the Danville fair showed Goldwater outpolling Johnson 1,810 to 771.

## Officers Nominated By Lake Mary Church

By Frances Wester  
Officers were nominated by the Friendship Class of the First Baptist Church of Lake Mary at a meeting Tuesday night in the Westmoreland Wing of the church.

Nominated were Mrs. Crawford Shelton, vice president; Mrs. M. P. Matheson, secretary and treasurer; Mrs. T. M. Whigham, assistant secretary and treasurer; Mrs. C. N. North, teacher; and Mrs. W. T. Wansley, assistant teacher. The president will be nominated at a later date.

Mrs. Lamar Stokes, the class president, presided and the meeting was opened with a prayer by Mrs. W. T. Wansley.

Mrs. J. A. Varn gave the yearly report on the coupons and trading stamps collected for the Baptist Children's Home in Lakeland.

The devotional was given by Mrs. Charlotte McQuillan, who used "The Tabernacle" as her theme.

Mrs. T. M. Whigham volunteered to act as social chairman and "Secret Pals" were drawn for the year. Mrs. Varn asked that the flower chart for the church be re-

membered and filled out.

Closing prayers were given by Mrs. V. C. Ladd and Mrs. Harley Wilhelm.

Refreshments were served by the hostesses, Mrs. W. A. Hoopengardner and Mrs. Crawford Shelton. Also present at the meeting was Mrs. Leon Keel.

# Eagles Capitalize On Tribe Mistakes; Win 13-0

## SHS Falls Into Tie For Second With Two Clubs

By John Stetson  
We thought the Seminoles of Sanford had accounted for the season's total of major mistakes when they were tied 13-13 by the Titusville Terriers in the season's opener.

But they hadn't. The locals came up with a pair of them Friday night at Sanford's Memorial Stadium and it cost them a ball game plus the undisputed lead in the Metro Conference.

Mistake number one—and that one was enough for the Edgewater Eagles of Orlando—came shortly after the second half opened. After returning a punt to their own 23, the Eagles used 10 plays to move the pignin to Seminoles' 37.

Harold Moore, Eagle QB, who had tossed only a total of six passes and completed one in three previous games, lobbed one downfield to RB Randy Schmidt who got behind Sanford's defenders to take it for the TD.

Until then, both clubs had locked horns in a defensive battle and appeared so evenly matched it was obvious to everyone that either a scoreless tie was in the making or a break would win it. The Eagles got the break—the first defensive error—and capitalized.

Seminole's chance to bounce back came when the Seminoles forced the Eagles into a fourth and 18 situation on Edgewater's 23. The punt was accompanied by two Eagles and one of them pounced on the ball after it was bobbed by Seminole's receiver on Sanford's 11.

Five plays later Moore went over for Edgewater's second TD. Randy Smith, who booted the first PAT, failed on the second when Joe Farless blocked it.

Seminole threatened only once but they were stopped at the Evans 24 when a Ron Hinson pass fell incomplete on a fourth and four situation.

Indicative of the defensive struggle was the fact that Edgewater punted five times and Seminole seven times during the fray.

Seminole rolled to only seven first downs while Edgewater posted 11. Actually, Seminole got four of their seven in the first half while Edgewater got three of their 11.

Starters for Sanford included Center Dave Howe, guards Steve Harris and Joe Purdy, tackles Dave Neill and Earny Steels, ends Mike Gray and Leroy Nopper, Hinson at quarter, Chuck Scott and Buddy Burton at the halves and Lee Sparkman at full. Head Coach Jim Pirott also used Al Bonifacio and Frank Whigham at quarter.

The Seminoles went back to work this afternoon in preparation for their Metro tilt here Friday night when the Boone High Braves of Orlando.

Croom's High's Panthers defeated a stubborn Hungerford Bobcat team by a score of 9-7 Friday night at Eatonville. It was a hard fought contest.

TRIBE HALFBACK BUDDY BURTON (41) skirted his right end and fought his way for nine yards and a first down on this second quarter play against Orlando's Edgewater Eagles Friday night at Sanford's Memorial Stadium. ## Terriers Tame Lyman's Greyhounds, 27 To 6

By Jim Seachon  
In a contest that wasn't quite as one sided as the score might indicate, the Lyman High Greyhounds dropped a 27 to 6 decision Friday night to the strong Titusville Terriers at Lyman Field in Longwood.

But David Ward and Charlie Huggins of the Terriers were just as tough on the Greyhounds as they were earlier in the season when the pair of backs gave the Sanford Seminoles fits and the Titusville eleven tied the Tribe 13 to 13.

The dust went right to work on the 'Hounds in the opening period. Starting from their own 15, the Terriers climaxed a 65-yard drive when Huggins fired to Ward for a TD with just four minutes of the game on the boards.

Titusville took over again when a bad pass from center by Lyman gave Titusville the ball on the 'Hounds' 33. Huggins ran for 13 yards but a 15-yard slipping penalty reeled them back to Lyman's 35. But it didn't stop Huggins, Ward and Co. Huggins fired a 35-yard pass to Ward for Titusville's second score.

In the second stanza, Lyman took over on its own 35. Phil Perrant of the 'Hounds ran several times, picking up five and six yards on each try. It was then that Sophomore halfback Paul Lambert posted 35 yards on a jaunt that took Lyman to Titusville's 20. Perrant got 10 and QB Jack Blanton skirted right end for the touchdown.

Titusville bounced right back when they took over on their own one-yard line. A series of short gains moved the ball to the Terrier 31, from which point Huggins uncorked a 69-yard jaunt for a TD.

Bob Grissim, a defensive end for the Terriers, recovered a blocked Lyman punt and went 43 yards for Titusville's fourth score. Huggins kicked his third PAT in four attempts.

## Women Golfers To Host Meet

The Sanford Women's Golf Association of the Mayfair Country Club will be the host club Wednesday when 104 women from 12 Central Florida clubs tee off in an inter-city golf tournament.

Clubs participating are Ocala, Daytona, De Land, Dubuque, Howey-in-the-Hills, Mayfair, New Smyrna Beach, Palatka, Pine Meadows, Silver Lake, Riviera, and Ocean Side Country Club. A luncheon will be held at the club house after the tournament at which time prizes will be awarded the winners.

Lyman's offensive tactics were a marked improvement over those of the two previous games. However, the

Greyhound's defense was not quite up to par against the bigger Terrier offensive unit. Titusville posted 14 first downs to nine for Lyman and gathered in 217 yards on the ground plus 108 in the air to 166 for Lyman groundwise and 88 through the airline. Lyman connected on three of 10 aerials while Titusville completed seven of 10.

LYMAN'S PAUL LAMBERT (20), sophomore halfback, is brought down on Titusville's 20-yard stripe after posting 35 yards for the Greyhounds' longest gainer Friday night at Longwood. Titusville won 27 to 6. Lambert was a guard last season for the South Seminole Junior High Hurricanes. (Herald Photo)

## Cards Chances Better Than Ever: Keane

By Steve Halder  
UPI Sports Writer  
NEW YORK (UPI)—"I like our chances now better than I did when the series opened."

And with that confident remark, Manager Johnny Keane of the St. Louis Cardinals sent out his favorite clutch pitcher — righthanded fastballer Bob Gibson—in an effort to grab the lead in the fifth game of the World Series against the New York Yankees today.

A victory for the dead game Cardinals would give them a terrific edge on their home grounds when the series returns to St. Louis for game No. 6 on Wednesday.

For the Yankees, with the series all square at 2-2 as a result of Ken Boyer's grand slam home run for a 4-3 Cardinal triumph Sunday, it was rookie pitcher Mel Stottlemyre, who bested Gibson in the second game at tiny Busch Stadium last Thursday.

But this time, it was a different sort of Cardinal team facing the 22-year-old right-hander who has been a Yankee only since Aug. 11 when he rushed to the rescue from Richmond to shore up New York's sagging pennant hopes

with a 9-3 record down the pre-series stretch.

The Cardinals, says Keane, know something now they only hoped for when the series opened at St. Louis last Wednesday.

They've proved in four games they're as tough and resilient as the vastly more experienced Yankees, who are competing in their fifth straight World Series with a "strictly business" attitude.

Only minutes after blowing Sunday's fourth game, many of the top Yanks were relaxing in front of a television set watching New York's football Giants against the Dallas Cowboys.

"Coming back the way we did does something for a club," said Keane. "And it shows we're even in every game. Those so-called odds just don't mean a thing."

Odds on today's game showed the Yankees favored at 17-10 and 2-1 to win the series. Keane shrugged that off, too. The Cardinals actually made two comebacks Sunday — one to overcome a three-run Yankee lead achieved in the first inning and another to even the series at two games each.

## Panthers Claim 9-7 Win Over Hungerford

By Robert E. Thomas Jr.  
Croom's High's Panthers defeated a stubborn Hungerford Bobcat team by a score of 9-7 Friday night at Eatonville. It was a hard fought contest.

Following a good run back of the kickoff by halfback Periman Brinson, the Panther eleven penetrated deep into 'Cat territory. Quarterback Andrew James connected with Brinson on consecutive passes for 28 and 4 yards respectively, but Hungerford forced them to give up the ball on their 10 yard strip. However, Hungerford fumbled on its second play, and it was pounced on by a Panther.

Coch Holt's boys failed to make a first down, and had to give up the ball again. The Bobcats could not get a drive underway, and had to punt. A high pass from center led to the 'Cats' punter being thrown into the end zone for a safety.

In the closing minutes of the first period, Crooms blocked a punt on Hungerford's 20-yard stripe. Periman Brinson drilled to the 10 and John Pritchard slanted to the seven as the first quarter came to a close.

At the beginning of the second stanza, Ransom Browdy carried to the two yard line and the 'Cats were guilty of an infraction—moving the ball to the one yard line. From that point, Browdy slammed in for the TD.

Brinson ran the conversion on the dazzling run as he side-stepped three would be tacklers. There was no further scoring during the first half which ended with Crooms' 9-0 victory.

The second half was strictly a defensive battle until the closing minutes of the game when Hungerford's quarterback threw a 27-yard touchdown pass to get the Bobcats on the scoreboard. The PAT was good.

The 'Cats unleashed an aerial attack featuring the shotgun formation that rattled Crooms' defense with short passes but they could not score until the final minutes of the game.

## Bellhorn Leads Lions In Posting 13-0 Win

OVIDEO'S TED BELLHORN not only paced the Lions offensively Friday night, he played a tremendous defensive game in helping his mates blank the strong Ocoee Cardinals 13 to 0 at John Courier Field in Oviedo. Here's Bellhorn (41) stopping Ocoee's highly touted Dave Grant (10) on a Cardinal effort. (Herald Photo)

By Marshall Lange  
Through the strong defensive efforts of the Oviedo Lions and the running of fullback Ted Bellhorn, the Lions were able to break the Ocoee Cardinals' winning streak by defeating them 13-0 in Oviedo Friday night.

The Lions started their drive in the first quarter when Bellhorn intercepted a Cardinal pass on the Ocoee 36-yard line. The Lions drove the Cardinals back to their own six when Bellhorn grabbed the ball, plowed through the Cardinal line, and raked up the first TD for the Lions. Tim Colbert kicked the extra point to give the Lions a 7-0 first quarter lead.

In the second period the Lions were everything but lucky. To start things off, halfback, Billy Miller, made a spectacular 50-yard touchdown run that was called back because of a clipping penalty. Later in the same stanza, quarterback Jimmy Courier broke loose for another TD run—good for 20 yards. This one was called back because of an Oviedo personal foul.

Finally, in the same quarter, Bellhorn ran for 14 yards, coming within inches of a touchdown. Bellhorn then ran it up the middle, scoring for the Lions again. The kick was blocked.

The Cardinals never did threaten to score throughout the entire ball game.

Quarterback David Grant, Ocoee's number one man, was stopped when the Lions set up a passing defense that knocked down over 90 per cent of his pass attempts and accounted for four interceptions.

Courier, Oviedo's passing marvel, completed 35 percent of his passes, giving the Lions 82 yards in the air.

The Lions advanced 119 yards on the ground. Bellhorn led the Lions with 40 yards. Courier had 28, Miller had 32, Dowlen got 13, and Miller packed 6.

The Cardinals were limited to 39 yards on the ground. They were led by halfback Gerald Adkinson who accounted for 22 yards.

The Lions advanced to the first downs while the Cards were able to get only two.

# Thinking Out Loud

By Julian Steinman  
Herald Sports Editor

"Well, that took care of this season," declared one Seminole fan as he left Sanford's Memorial Stadium Friday night.

It may have taken care of the Seminoles' chances for an unbeaten season. But the locals aren't out of the race by a long shot.

Instead of being in a tie with Boone and Edgewater for first place the Tribe is now in a tie with Boone and Colonial for second place—but only one game out of first. And the Eagles still have to face Boone and Colonial. Either one of these clubs could knock off Edgewater. There's a possibility of a two-way tie for first, a three-way tie, even a four-way tie if you project it far enough.

True, the Seminoles were up against a good ball club in the Eagles. But the first half of play showed that Sanford had just as good an offense and except for those two second half defensive mistakes it probably would have been a scoreless tie.

Yes, we're disappointed. But we won't give up on the Seminoles because, first, it's too early, and second, they're still as good or better than anything we've seen yet in the Metro. It's still going to be an interesting season, at least that's our forecast.

It looks like the game of the year, in collegiate circles, could be that late season contest between Florida's Gators and Florida State's Seminoles.

Can you imagine the FSU-ers being the underdog against Kentucky and beating the Wildcats the way they did?

And how about those Gators! According to local fans who saw the affair, Florida's offensive and defensive units were hotter than a blow torch cutting through tin. And that's about what happened.

And we'll agree with the way that said, "I've been following the Gators since 1929 and I think it's about time I had something to yell about." It looks like he may have the chance this year.

And out Oviedo way, we had high hopes Coach Arthur Scott and his crew could gather enough steam to play a respective game against the Ocoee Cardinals, an unbeaten club—before Friday night, that is—who had rolled to wins over such clubs as Lyman and Apopka. And the Blue Darters, you'll notice, were nipped by Evans by just one extra point.

But the Lions weren't to be denied. They played a whole of an offensive game in winning 12 to 9 but their defense also was outstanding. They held the highly touted Dave Grant and his Cardinal mates to just three first downs, 30 yards on the ground and 30 in the air. Should we tip our hat or just turn moist in the cage?

We didn't see the Lyman-Titusville affair but those who did concur that it was a much better game than the score indicated. Even in losing, Lyman picked up nine first downs, 55 yards in the air and a whopping 166 on the ground. This was done, too, with a pair of sophomore halfbacks, Paul Lambert and Larry Lott, who played for Jim Clark's South Seminole Junior High club just last fall.

Meanwhile, there's another state of games this week.

# Saturday Was Great Day For U. Of F. And FSU

By James Gilroy  
United Press International  
TALLAHASSEE (UPI)—Mark Saturday, Nov. 21 as the best football day this state is likely to have in many a year. Weekend play by Florida State and the University of Florida points to a tremendous brawl here between the two now-unbeaten on that date. Florida State clubbed formerly unbeaten Kentucky over the head with the Wildcat's

seventh national ranking 48-4 here Saturday and is sure to climb into UPI's top 10 this week with a 4-0 record so far this season. Over in Gainesville, Mississippi went to town with a vengeance to regain its top national ranking after an upset by Kentucky. The Rebs had no sooner grabbed the Gator by the tail, however, than they lost two arms and a leg, 30-14. The 11,000-plus FSU student

body has gone crazy. Everybody's shouting "We're number one," including Coach Bill Peterson—but for a different reason. "We're number one all right," winced Peterson after the game despite his elation over a whopping victory. "We're number one on everybody's list from here on out. What happened to Kentucky can happen to us." The Wildcats came here with

back-to-back upset wins over Ole Miss and Auburn, but it didn't even take the Seminoles a quarter to show who was top Indian in camp. Lanky Steve Tread, tallest quarterback in the land at six-five, hurried two touchdown passes to get things going and the winners built up a 21-0 lead before the quarter ended. Kentucky managed to score with only 29 seconds left in the game after a Florida State

fumble deep in Seminole territory with FSU leading 48-0. They simply could not move against the rock-ribbed FSU line, dubbed the "magnificent seven." The Seminoles, led by Tread, the pass catching and running of flankerback Fred Biletnikoff and the running of Phil Spooner, scored once in the second period, once more in the third and twice in the final quarter.

"They just kicked us in the teeth," said a disappointed but impressed Coach Charlie Bradshaw of Kentucky. "They were spirited, we were lousy." To give Kentucky some credit however, two of its top men-star halfback Roger Bird and end Rick Kestner—were hobbled with injuries.

### Joy Circle Of Grace Methodist Has Meeting

The Joy Circle of the Grace Methodist Church welcomed Mrs. Thomas Brown and Mrs. James Griffin as new members at the Oct. 8 meeting. Mrs. Jack Roseman opened the meeting with devotions and Mrs. Roger Harris presided. Mrs. Lamar Williams served as hostess and Mrs. James Leonard presented the program on the book, "Jesus Christ is Lord." Reports were given by Mrs. John Martin, secretary; Mrs. Lamar Williams, treasurer; Mrs. F. J. Murray, sunshine chairman, and Mrs. John Hiras, membership chairman. Several members will be attending the Religious Workers Training School, which will be held Oct. 19-23 at the First Methodist Church. Mrs. Richard Breeze and a guest, Mrs. J. C. Williams, also were present. Mrs. Jack Roseman will serve as hostess for the next circle meeting on Nov. 12. Coin-operated drycleaning shops now handle 100 million eight-pound loads annually. Approximately \$186 million is being spent on drycleaning this year, reports do Post, which makes drycleaning fluids.

### Alaska Pilot's Wife Hopes For Happy Landing

NOME, Alaska (UPI) — It's not good to be a worrier if you're the wife of an Alaska bush pilot. Mary Pilcher's husband, Harold, belongs to the daring breed of men who fly in the land of the Eskimo and the Midnight Sun. The weather is treacherously changeable and landing strips are few and far between, although bush pilots think nothing of landing on the tundra or a frozen river. Pilcher flies for Wren Alaska Airlines. Mrs. Pilcher said the line had lost an average of one pilot per year as the result of accidents.

"I thought I lost 'Plich' three different times, but he always showed up," the attractive blonde said. "Once a friend at FAA called and told me he was just then making a crash landing on the ice and they would call me back in 10 minutes to let me know if he made it or not. He did."

"I don't worry about him now. I figure his three narrow escapes completed the bad luck cycle. I guess it's the Irish in me." She keeps an aeronautical radio turned on in her home so she can keep track of her husband's comings and goings. "When I hear he's on his way in I get dinner ready. We have a quiet meal together—he's too tired to talk much. "But in the morning I give him breakfast in bed. Over coffee he tells me what happened the day before." The Pilchers have been married 15 years. Mrs. Pilcher works in a Nome curio shop. Each May, after the long darkness-filled winter, the Pilchers go "outside" for several weeks vacation. Because he's an airline employe, they travel cheaply on other lines under reciprocal fare agreements. After visits to San Francisco, New Orleans and Davenport, Iowa, her former home, they're ready to return to their home on the Bering Sea.

The future bridegroom was graduated from Pensacola High School, where he was valedictorian of his class. He attended Emory University and was a member of Delta Tau Delta Fraternity. He is also a member of Alpha Epsilon and Phi Beta Kappa, Honorary Fraternities. Presently he is a sophomore at Emory University Medical school. The wedding will be an event of June, 1965, with complete details announced at a later date. The bride-elect is the granddaughter of Mr. and Mrs. Lea R. Lasher, 2004 Magnolia Avenue, Sanford.

### Budgeting Guide Now Available Upon Request

To help young newlyweds who sometimes are more romantic than realistic about what it costs to run a household, the U. S. Department of Agriculture has prepared a new publication, "A Guide to Budgeting for the Young Couple" (HG-98). In this guide, family economists of USDA's Agricultural Research Service tell how to set up and use a simple, workable budget. The budget is designed so any couple can tailor it to their income and situation, and gear it to their individual goals. Single copies of HG-98 may be obtained by mailing a postcard request to the Office of Information, U. S. Department of Agriculture, Washington, D. C. 20250.

"NETWORK TROUBLE. Oh, good! Now we can talk!"

Dear Abby:

DEAR ABBY: I am a college freshman. I drew a girl's name for the freshman mixer. When I called for her at her dorm I was pleased to find a nice-looking girl with a friendly personality. After one dance she suggested we go somewhere and "talk." We spoke hardly ten minutes when she was all over me. I spent most of the evening trying to talk her out of what she was trying to talk me into. Abby, I want to be pure for the girl I marry, but if this one is any example of what I have to put up with, I am going

to have some fight on my hands. How can a fellow act like a gentleman with college girls without getting the reputation for being a square or a cold fish? SAVING MYSELF DEAR SAVING: Don't identify all college girls with the miss you got mixed up with at the mixer. Hang on to your gentlemanly instincts and your reputation will take care of itself.

DEAR ABBY: I just read the letter from the lady whose husband keeps his first wife's picture on his dresser. There must be lots

of us. I have been a second wife for 12 years, and I can sympathize with her. My husband still carries his first wife's picture in his wallet. (None of me.) He named OUR son after his first wife's father. He also has moved a cardboard carton of her love letters around with us every time we've moved. Why don't men who just can't love again hire a housekeeper and leave women who need love and affection alone? Please print this. My husband reads your column. I think I have taken enough punishment for a loss I had

By Abigail Van Buren

nothing to do with. A BLUE DOMESTIC APPLIANCE DEAR APPLIANCE: If your husband is really the end you portray him to be, you'd do better hiring yourself out as a housekeeper. At least if you didn't like the place, you could quit.

DEAR ABBY: I have a friend with whom I went all through school. I shall call her Mary. Mary has many good qualities, but she doesn't make friends easily. I believe I am her only friend. A few months ago I became acquainted with another girl. I will call her June. June is a very likeable person and has many friends. Mary let me know that she did not care for June, but I didn't see what that had to do with me. Now Mary has told me that if I don't give up June's friendship she and I can't be friends any more. I like them both, Abby, but don't want to make a choice. We are not kids. We are all young married women. What would YOU do if faced with such a choice?

TROUBLED: DEAR TROUBLED: I'd choose June. No one has the right to dictate who your other friends shall be. CONFIDENTIAL TO BIG BROWN EYES: Yes, some women have husbands who cheat and lie. Yours confesses to you, which means he only cheats. Big deal. You're only half-safe!

Jacoby On Bridge

By Oswald Jacoby

When Gilbert and Sullivan wrote, "A policeman's lot is not a happy one," they might well have been referring to bridge columnists as well. Some of the questions are tough.

Today's North-South cards were sent to me by a California reader. He wrote, "Maybe my partner and I bid too much, but without a club lead I would have had no trouble with my four-spade contract. West's club lead was surely a singleton or a doubleton. If it were a doubleton, my play was to win the trick in dummy, lead a heart to my ace, ruff a heart, come back to my hand with the nine of

clubs, ruff my last heart and wind up making my contract. "If the club lead were a

singleton that play would put me down two while I would have a chance to make the hand if I went right after trumps, and the defense slipped. Is there any reason to prefer one line of play to the other?" There is considerable reason to prefer the first line of play which assumes the club lead was a doubleton and my correspondent has given the reason for the preference. He points out that the play of ruffing two hearts is sure to work if the clubs go around twice, while the play of attacking trumps will only work if the clubs are 4-1 and the defense slips.

We The Women:

By Ruth Millett

Speaking of married college students, a university registrar (a man) had this to say: "If the students are going to waste so much time dating and socializing they would be better off to go ahead and get married. I have observed that the students' grades often improve remarkably after marriage. I've heard parents say the same thing and that they encouraged the marriage for that reason." In commenting on that point of view a college dean (a woman) said: "I see the other side of the picture: the bright girls dropping out of college soon after they marry in order to get a job and push their husbands through school. All too often, these marriages break up once the young man has his degree.

"Part of the reason for those break-ups, I think, is because the wife has had to take over two responsibilities that don't belong to her. "She has had to become the breadwinner. And she has had to take over the parent role to her husband. Unless he is hard-working and conscientious about studying, she becomes the parent nagging him to study harder, worrying about his grades, urging him to be more ambitious. He resents such prodding from a wife, just as he resented it from his parents. And sometimes when a young man leaves his wife as soon as he is through college, he is actually leaving her because he has grown to resent her parental role. "As for parents saying

they encouraged a college marriage, I'll bet they were mostly parents of sons who weren't doing well in school who were marrying ambitious girls, willing to get a job and put the husband through school. "Why shouldn't those parents be pleased to be relieved of the financial burden of sending a son through college and the parental struggle of trying to make him study hard enough to get good grades?" Obviously, there's no easy answer to the question of whether or not college marriages are a good thing, even though they seem to be increasing. Who is it good for? The college? The husband? The wife? Or is it his or her parents?

"I have such dry skin that it hurts when I wash it with fine soap. What should I do? I usually use no foundation, only face powder. I am fifty-eight.—Hilda F."

The sweater is very good fashion. Team it with a black skirt in sheer black wool, short if the affairs are not very formal, long if they are. You can wear the short skirt more often and to more places than the long one. "I have a gray and black tweed suit. Would a black blouse or a white one be best?—S."

Try a face powder in a soft pink tone under one of the pale ravel. Wear a touch of pink near your face. This, in powder, has a lovely effect on a sallow skin. "Which would be best with a simple, sleeveless, black crepe dress for after-five—gather with the pink-toned long chain of golden links or

TV Time critics preview coming television shows by attending rehearsals, watching screenings, studying scripts in New York and Hollywood. Here are their previews for today.

TV Time Show of the Night: 8-10 p.m. NBC. The Andy Williams Show (Color) Another good musical hour which should provide a welcome antidote to everyone fleeing in terror from this season's on-

slaught of situation comedy. Andy sings "I've Got You Under My Skin," "You'll Never Walk Alone," and several other songs in between. Antonio Carlos Jobim, one of the originators of the Bossa Nova, sings and plays a medley of his wonderful tunes (including "The Girl from Ipanema"). Liberace attacks Garthwin at the piano and Phil Harris and the Good Time Singers do a medley of rousers from yesterday (i.e.: "Waiting for the Robert E. Lee"). And of course some of the best moments on the show come when the guests combine their talents with those of Andy.

10-11 p.m. CBS. Slattery's People. "Question: Whatever Happened to Ezra?" Loaded with warmth, wistful appeal and excellent acting. Here we have a handful of old folks whose home-for-the-aged is threatened with closure because its director (Richard Kiley) violates some rules to

make the oldsters happy. 10-11 p.m. ABC. Ben Casey "You Fish or You Cut Bait."

## Russia Brings 3-Man Space Ship Back To Earth After 16 Orbits

### Trio Aboard Described As 'Feeling Fine'

MOSCOW (UPI)—The Soviet Union today brought its three-man space ship safely back to earth.

The pilot and his two passengers were reported "feeling fine."

The space bus called Voskhod (Sunrise) orbited the earth 16 times in 24 hours and 17 minutes, traveling 437,500 miles.

Then, on orders from the ground the biggest of all space vehicles came back to earth at 10:47 a.m. (2:47 a.m. EST). It landed "at the pre-assigned area after successfully accomplishing the set program of scientific exploration," said Tass, the official Soviet news agency.

Tass did not say where Voskhod was launched or where it landed. But it said it was designed to stay up 24 hours, although other sources indicated the space journey may have been planned for a longer period.

The feat of the three Soviet spacemen — pilot-commander Col. Vladimir Komarov, 37, scientist Konstantin Feoktistov, 38, and space surgeon Boris Vozgorev, 27 — raised speculation that Russia is ahead of the United States in the race for the moon.

James E. Webb, chief of the U. S. National Aeronautics and Space Administration, said in Washington Monday that the United States is "in a period of catching up." But he said the American Saturn V rocket "is designed to overcome that lead."

### Escapee Caught In Maitland

A night of freedom ended this morning for a prison camp escapee when he was nabbed in the Maitland area by Maitland police and sheriff's deputies.

The escapee, identified as Ernest E. Grant, 22, was serving two five-year sentences on breaking and entering charges. He fled from a work gang on Highway 415, about five miles south of Highway 11 at about 1:25 p. m. Monday.

Early this morning, John Cunningham of Lake Ashby said the prisoner stopped him in his car, tied him up and then drove off in the automobile. Cunningham was able to free himself and he told city police of the incident.

Twenty-five minutes later, at 7:55 a. m., the subject was caught in Maitland and returned to the county jail for State road camp officials at De Land.

## Seminar Set Tonight On Merchandising

Sanford area merchants will converge on the Florida State Bank tonight for a merchandising seminar. The meeting will start at 5:30 and conclude at 9:15 p. m.

T. E. Tucker, bank president and host for the event, has issued invitations to all area retailers and merchants to attend the program. Top ranking officials in the industry will be on hand to discuss the various phases of the seminar.

Among them will be Henri Guertin, Jordan Marsh vice president and general manager; David Jacobs, JM sales promotion manager, and Richard Hedenberg, JM Display manager.

More than 130 reservations have been made and bank officials report standing room only. Assisting in the arrangements is Loring Burgess, the bank's executive vice president.

The seminar will be held in the main lobby of the bank with dinner being served in the bank's lounge and lunchroom.

## SNAS Begins Drive For United Fund

The 1964 United Fund drive was on the wing today at the Sanford Naval Air Station following briefing meetings and the receipt of material for workers in the four-week drive.

Capt. C. W. Swanson, commanding officer, set the pace with these words:

"This campaign means a lot of work on the part of the key workers. But when it is over those who have taken part have a greater degree of satisfaction than just making a money contribution.

"The United States Navy sponsors only a few drives. This United Fund is one. I hold it second to none."

G. Troy Ray Jr., chairman of the Seminole County campaign, attended this kick-off meeting at the base and expressed appreciation for the fine spirit at the base.

He told them: "If it wasn't for such people as you, there'd be no United Fund."

Chairman of the station personnel is Lt. Cdr. Leo J. McDonald, chaplain. Lt. Peter A. McLeod is treasurer and Lt. Lowell D. Frazier publicity chief.

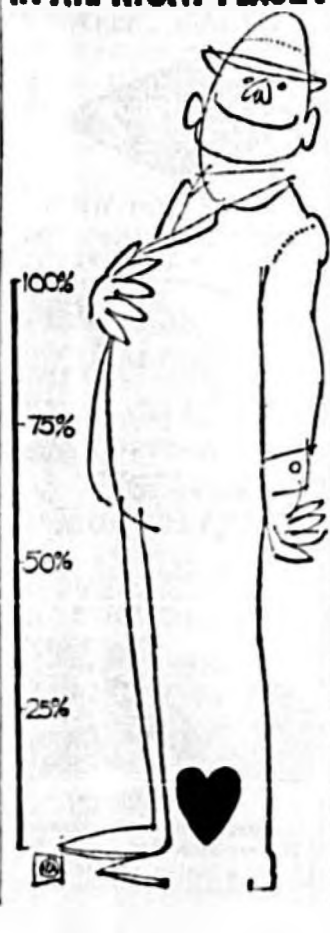

The 12 departments of the station and the project officers are:

Operations, Lt. Robert F. Hauser; NAMTD, R. L. Martin, ATC; Civil Service, J. C. Brown; Aircraft maintenance, Lt. John W. Martin; Security, CWO L. H. Huddleston; Marines, S/Sgt. V. C. Lawson; Public Works, Lt. Timothy R. Holmes; Navy Exchange, Lt. Robert J. Gabel; Supply (inc. comptroller), Lt. Richard (N) Mennarini; Administration, Lt. Peter A. McLeod; Medical, CWO J. F. Eberhart, and dental, Lt. Thomas J. McGowan.

Reconnaissance Attack Wing One, Capt. James O. Mayo, commanding, has its part of the drive already under way.

Lt. Ray Milburn is chairman with five officers from the following squadrons in charge: RVAH-1, Lt. Joe Roeca; RVAH-3, Lt. Bill Walsh; VAH-7, Lt. Bill Hynes; RVAH-8, Lt. Bill Malczowski and RVAH-13, Ens. Jack Katona. VAH-11 Det. 8, now aboard the USS Independence in the Mediterranean, is part of the drive.

## IS YOUR HEART IN THE RIGHT PLACE?

An airlift will bring about 30 members of Heavy Attack Squadron 11 to the Sanford Naval Air Station tonight. The men have been deployed aboard the carrier USS Roosevelt since last spring. Five squadron aircraft flew to the station over the weekend.

The unit will be home only until repairs are complete on the Roosevelt which returned to New York from the Mediterranean after having propped problems. Repairs are expected to take about a week or so. The squadron is commanded by Cdr. Robert W. Kennedy and will return to the Mediterranean with the ship when it leaves New York.

The USS Independence, home carrier for VAH-11, Detachment 8, has assumed the Roosevelt's commitment in the Mediterranean during the repair period.

Those high waves spilling over the Lake Monroe seawall yesterday made a pretty picture but probably caused some concern with state officials. The seawall has taken virtually a perpetual pounding since the two recent hurricanes, the nor'easter and a couple of cold fronts moving down the state.

Seminole County Tax Assessor Mary Earle Walker said today her office will complete the 1964 tax roll this week and it will be turned over to Seminole County Tax Collector John L. Galloway.

Sales tax collections in Seminole County continue to rise, according to the latest data given by J. Ed Strahoun, director of the Florida Revenue Commission. Last September the take was listed at \$88,981.90 compared with \$79,424.62 for the previous September.

And while in the statistical department, we're told that the gasoline tax take in the county for last September was \$109,022.97 compared with \$94,539.20 a year previous.

## Isbell Blowing 50 MPH Squalls

MIAMI (UPI) — Tropical storm Isbell traveled slowly toward western Cuba today with 50 mile-an-hour squalls and assured storm-weary south Florida of its third day of rain.

Isbell sprang out of the western Caribbean Monday night and the Miami Weather Bureau said the storm was located about 450 miles southwest of Miami or 70 miles south-southeast of Cape San Antonio, Cuba, early today.

## Johnson Pleased With Stump Tour

WASHINGTON (UPI) — President Johnson returned to the White House today, elated by a 9,000-mile stump tour which saw him attract record crowds while campaigning on a "peace and prosperity" platform in 14 states.

The President ended his campaign trip in Boise, Idaho, Monday night very hoarse after the week-long trek. He resumes his campaigning in New Jersey Wednesday. Johnson announced plans Monday to campaign in Texas, his home state, this weekend.

## Treated Well, Smolen Says

CARACAS (UPI) — Air Force Lt. Col. Michael Smolen of Chandler, Ariz., told newsmen early today he was "relatively well treated" by the Communist kidnapers who held him prisoner for 87 hours over the weekend.

Smolen was released late Monday night in Caracas Florida district. He said his captors neither threatened him nor made any move to harm him despite their handouts to news media here saying he might be killed.

## Theft Attempted

Police were told yesterday afternoon someone had tried to break into the concession stand at the municipal stadium but nothing was taken. The incident took place sometime Sunday night, police said.

## Harper Qualifies For City Contest

E. C. Harper Jr., candidate for a City Commission seat in the Nov. 3 election, qualified today at City Hall.

Following his official qualification Harper issued this statement:

"The citizens of Sanford are entitled to know why I am a candidate for City Commission. I am familiar with the problems facing the City of Sanford, and my immediate efforts would be devoted to . . .

"1. Urging removal of all parking meters to enable the citizens of this community to park wherever they choose without paying for the privilege.

"2. 100 per cent support for the development of Sanford's lakefront to the fullest extent.

"3. An accelerated program for the attraction of industry to the Sanford area, and full support and cooperation with all recognized industrial groups.

"4. Cooperation with school officials and parents to patrol all dangerous crossings and high speed traffic areas adjacent to schools.

"5. Assurance to school officials and Booster Clubs complete cooperation in the use of recreational facilities.

"6. Friendly cooperative support of all citizens' groups working to make Sanford a better place in which to live.

"7. Approaching all city problems with fiscal responsibility."

## County Sets New Garbage Policy

The Board of County Commissioners today established a new policy under which garbage collections firms must operate.

In addition, the Commission voted to deny the ABC Garbage Collection Company further use of county dump areas and instructed attorney Harold Johnson to proceed to collect \$595 past due to the county for using the dumps.

County Sanitarian Val Robbins told the Board that the company's "overall operation is unsatisfactory."

## Renewed Space Effort Urged

TOPEKA, Kan. (UPI) — Sen. Barry M. Goldwater today demanded "a major redirection" of U.S. space efforts in light of what he called "the shocking news" about a multi-passenger Soviet orbital flight.

The Republican presidential candidate said this in leveling a broad scale attack on President Johnson as "a part-time President" who is out politicking while "major crises . . . are burning."

## County Sets New Garbage Policy

The Board of County Commissioners today established a new policy under which garbage collections firms must operate.

In addition, the Commission voted to deny the ABC Garbage Collection Company further use of county dump areas and instructed attorney Harold Johnson to proceed to collect \$595 past due to the county for using the dumps.

County Sanitarian Val Robbins told the Board that the company's "overall operation is unsatisfactory."

The Board adopted an amendment to the County Zoning Regulations which calls for a \$10 fee on applications for variances and a \$15 fee on applications for special use permits.

The Board certified the 1964 tax roll received from County Tax Assessor Mary Earle Walker and verified it to County Tax Collector John L. Galloway

EXAMINATION OF THE SUPPORTS of the bulkhead along Sanford's waterfront was made convenient by recent Hurricane Dora which washed away some soil surrounding the supports. Here Reynolds Clark, planner with the Connell engineering firm retained by the city make a cursory check of the situation with City Manager W. E. Knowles. Clark is doing the preliminary planning work on the waterfront development plan.

## City 'Perfect' For Marina

Editors Note: This story is the subject of a National Newspaper Week feature today. See display on pages 8 and 7 of today's Herald.

By Dottie Austin  
Sanford has been pronounced "a perfect setting" for a waterfront marina.

This opinion was voiced this week by Reynolds Clark, planner with the Maurice H. Connell engineering company of Miami, who has been retained by the City to make a study of the proposed waterfront development plan.

Clark said, "most cities would give anything to have this waterfront."

Clark indicated that his approach to the proposal would be in terms of a "downtown redevelopment feature."

"There seems to be great potential here," Clark said, "when the barge canal comes through, you will be on the 'boulevard' of the waterway, and Sanford will be the only city of any consequence on the canal."

Arriving in town a few days ago, Clark immediately began interviewing the proponents of the plan, city officials, local citizens, owners of boating and recreational businesses throughout Central Florida and "getting the feel of things, as well as the reactions of the public."

"I want to find out what people expect of this marina development, what kind of image they want to project, what boaters want and need," Clark noted.

"We will also study city records, water levels, flood stages, the condition of the seawall, zoning problems, and many other facets, then we will express a number of solutions for the consideration of the Commissioners," he added.

Clark indicated that public reaction to the marina proposal is very important and said that he was interested in all opinions, both pro and con.

"You already have a very attractive area here along the waterfront, which would add much to the feasibility of the overall plan, including your civic center, pool, recreation area, zoo, parking facilities and the present boat basin.

"Along with this immediate consideration there is the added attraction of hundreds of miles of shoreline, and the connections with a vast chain of inland lakes, which are linked to this particular site," he commented.

## Casselberry Gets New Liquor Laws

By Julian Stenstrom  
Casselberry today has a new alcoholic beverage ordinance, a new location for the sale of "off-the-premises" beer and new commercial property to accommodate two business firms. Town Council Chairman Edward Lunn, on all three measures, voted to break 2-2 deadlocks.

The Council adopted a new alcoholic beverage license to replace the "gentlemen's agreement" under which stores have been operating.

It also approved a license for the sale of beer on an off-the-premises basis to Robert Newell, operator of the Elk Service Station on U.S. 17-92 and the Seminola Boulevard cutoff.

The Council approved retaining "commercial" certain sections of the Normandy Addition to permit the construction of buildings to house Hirsch Chemical Company and Advance Design Associates.

This action is contingent upon an agreement by Seminole Little League, Inc., which now holds a lease from the Town of Casselberry.

The Council referred to the town's Road Board bids opened on the paving of 1,182 feet of roadway known as the Casselberry "Y" near the South Seminole elementary and junior high schools.

Bids for a new road grader were opened and referred to the Road Board for consideration.

## U. S. Seeks Help
