

# Social And Personal Activities

MARGARET PETERS, Society Editor Telephone: Office 148

## Personals

Mr. and Mrs. A. W. Smith, Miss Juanita Smith, and Miss Dorothy Haines spent today in Orlando.

Mr. and Mrs. W. H. Torrible spent the week-end in Sanford as the guests of friends.

Miss Dorothy Stokes has returned from Cincinnati and reports that she has been spending the summer.

Mrs. C. L. Stratton, of Wilmington, N. C., and Miss Louise Stratton, of Cordale, Ga. are the guests of Mrs. G. W. Brown.

Mr. and Mrs. Alex R. Johnson left today for Washington, D. C., and Chicago where they will spend about two weeks.

Mrs. J. J. Carver, and daughters, Mary Elizabeth and Louise, left today to spend a week with relatives in Willacochee, Ga.

Dr. and Mrs. W. D. Gardner, who have been spending the past few months in Chicago and other points in Illinois, returned home last night.

Mr. and Mrs. Harry Lee and children will leave tomorrow for Savannah, Ga. to spend the week-end with Mrs. Lee's sister, Mrs. R. S. Curry.

Miss Juanita McMullen, who has been employed in Daytona Beach for several months, has returned to Sanford and has accepted a position here.

Mrs. J. M. Hayes, Gwendolyn Hayes, and Miss Johnnie Lou Myrick left Wednesday for Allendale, S. C., where they will visit relatives for about two weeks.

Mrs. Philip Allen and daughter, Phyllis, left today for Martinsville, Va., where they will visit for some time with their daughter and sister, Mrs. Harry J. Byrd. Mr. Allen will accompany them as far as Jacksonville.

## Eastern Stars Of Sanford, DeLand Have Joint Picnic

Members of Seminole Chapter No. 2 Order of Eastern Star of this city combined with members of Volusia Chapter of DeLand to stage a joint celebration of the birthday anniversary of Robert Morris, founder of the Eastern Star, at Palm Springs yesterday afternoon.

Assembling at the Springs shortly after 3:30 o'clock, the group of more than 40 members and their families enjoyed swimming and water sports until about 5:30 o'clock. A picnic supper was served, followed by a social period.

During this period, Mrs. R. F. Crenshaw, worthy matron of Seminole Chapter read a history of the life of Mr. Morris, and Mrs. C. O. Bare gave a "pep" talk on the NRA program. A letter also was read, written by Mr. and Mrs. G. E. McKay and their daughter, Florence McKay, expressing regret at not being able to attend the picnic.

Before adjourning their picnic, the group voted that it was one of the most enjoyable ever held. They gave a vote of thanks to Mr. and Mrs. L. O. Bourgenries, operators of the springs, for having provided many courtesies.

## Social Calendar

**FRIDAY.**  
The Ladies' Auxiliary of Sanford Elks Lodge No. 1241 will meet at the Lodge rooms at 6:00 o'clock.

**TUESDAY.**  
First Baptist Church circles will meet at 3:30 o'clock at the following homes:  
Circle No. 1 will meet with Mrs. J. T. Newby, 1004 Palmetto Avenue.  
Circle No. 3 will meet with Mrs. R. R. Pippin, West First Street.  
Circle No. 4 will meet at the Church annex.  
Circle No. 5 will meet with Mrs. R. W. Lawton, 308 Park Avenue.  
Circle No. 6 will meet with Mrs. Uriel Mount, 231 E. 10th St.

The Althean Class of the First Baptist Church will meet at the church annex at 7:30 o'clock. Election of officers is scheduled, and the hostesses will be Mrs. R. F. Cooper, Mrs. Britton Johnson, Mrs. Nelson, and Mrs. G. S. Seaman.

## State's Jobless School Teachers Will Get Relief

TALLAHASSEE, Sept. 1.—(AP)—Florida's jobless school teachers who are in need will find employment and salary of \$30 a month under the wing of the state relief administration, Director Marcus Fagg said yesterday.

The federal relief administration has approved expenditure of relief funds for the aid of teachers who are unemployed and newly employed. Fagg said, and employment will be offered. Any county in the state, he said, which is absolutely unable financially to support its rural school teachers and can verify its financial inability, can make application to the relief administration to pay the salaries of teachers.

Need of the teacher must also be shown. Credit will be given on a work record basis and teachers who are unemployed and newly employed are eligible. Salary will not exceed \$50 monthly.

Fagg explained the relief administration was not authorized to supplement salaries—for example, if a teacher is employed in a rural school at a salary of \$30 a month, the relief administration will not add \$20 to make the pay \$50.

"We are not raising salaries," said Fagg, "but if a rural school is closed because funds are not available for a teacher's pay, we will help. This payment will continue for the duration of the school term."

In addition, the Division is offering to pay salaries of \$50 monthly to teachers, now unemployed and needy, who may organize classes for adults for the purpose of teaching them to read and write.

## U. S. Crop Loans In Central Florida Are Expected Soon

ORLANDO, Sept. 1.—(AP)—Livestock loans to central Florida farmers and grove operators may be expected within 10 days from the time applications were made if loans are approved of the Mac office.

Loans are being handled by the Regional Agricultural Credit Corporation and the Orlando branch is using all speed to rush requesting loans.

A number of applications for crop loans have already come into the local office for such items as citrus, poultry, barnyards, dairies and livestock.

In order to expedite loans the Regional Corp. has added to its field force in Central and South Florida and recently six new men have been placed with the 11 inspectors already in the field. More inspectors will be added as needed, until practically every county in the state has an inspector.

County agents of various sections are assisting farmers in making out their applications and if the loans are approved money vital to the farmers' interest should start in this section late this week.

Meanwhile the Orlando branch of the Federal Land Bank of Columbia, S. C., is speeding its work as fast as possible. Florida has been divided into three sections with Orlando in the eastern division embracing all counties from Duval to Dade and five Central Florida counties. Tampa has been established as headquarters for the western section of Florida and Tallahassee as center of activity in the northwest.

All applications for land loans are made according to the date on which they were filed. H. S. McLenihan, land appraiser in charge of the Orlando branch, announced yesterday.

## Crosby Is In College Film Here On Sunday

Life's tough for composers these days, Bing Crosby notes with a sigh of regret.

Radio has completely eliminated the good old days when the writer of popular melody could ride to fame and fortune on one hit tune. Now he has to bat 'em out at frequent and regular intervals even to make a living, the singer explains.

Crosby discussed the subject as he pondered the probable fate of his three hit tunes from "College Humor," musical-comedy of college life, in which he is featured, and which comes on Sunday to the Miami Theatre. The tunes, "Learn to Croon," "Moonstruck," and "The Old Ox Road," were written for the film by Sam Coslow and Arthur Johnston and already enjoy wide popularity.

"College Humor," a story of college as it ought to be, includes a cast, in addition to Crosby, including Arlen, Mary Carlisle, Jack Oakie, George Burns and Francis Allen, Coach Howards, Lona Andre, Mary Kornman and the On-Road Co-Eds. It is the story of a campus where romancing and necking replace mathematics and history on the curriculum; where reputations made on the gridiron are lost in the boondoggle; it is hilarious farce from start to finish.

## To Our Friends and Patrons

In the last few days the writer has been informed by several of our customers and friends that we are being subjected in severe criticism which is undue in view of the controversy and difference of opinion between Mr. Henry Ford and the officials of the M. H. A. program.

In behalf of ourselves the writer wishes to state that we have signed the code and have been displaying the Blue Eagle and living up to the restrictions set forth in it since Aug. 1st and do not feel that we should be criticized for differences of opinion of Mr. Ford.

We employ ten men in addition to the manager and six of these men are working subjects to the Code in both hours and wages and we have always tried to co-operate with every public move and program.

We earnestly solicit the patronage and cooperation of the citizens of Sanford and Seminole County and assure you of our intention to comply in the letter to the code that we shall endeavor to render the same service to Ford owners of Seminole County in the future that we have given in the past.

Soliciting your patronage and indulgence in this matter we beg to remain,

Very truly yours,

## AUTOBUS SCHOOL NOW IN CANADA PROVINCES AREA COLLEGES MUST CHANGE COURSES UPON ECONOMICS

### College Is As Fully Complete As Nomad Existence Permits Recent Important Developments Need To Be Considered

MONTREAL—Autobus College of the University of Wichita, Kan., a motored carrying 700 students, arrived here on its eleventh summer semester. Traveling in four sections, a day apart, the college is scattered through Quebec, somewhere in Ontario, and partly just outside Montreal West.

Each division carries 170 to 180 students. The college is as complete an institution as its nomadic nature could allow it to be. There is a full staff of officers of instruction, a commissariat department in cafeteria bases, and an accommodation squad, who secure camp sites, etc. Tents sprang up like magic on the arrival of the college here, and contingents of young women kept arriving to occupy the tents. More than 100, in the minority, the males being 10 per cent of the enrollment.

The college autobuses started out from Wichita and came up through Missouri, Tennessee, Alabama, Mississippi, Virginia, Maryland, the New England States, and into Quebec. From here the students proceed through Ontario to Detroit, then to Chicago, and back to Kansas.

Besides the knowledge to be gained by traveling the open roads and camping amongst strange people in strange towns, courses are being taken in history, geography, biology, sociology and journalism. The students elect one of these courses, the successful completion of which entitles them to a three-hour credit at the university.

Miss Marie Graham, dean of women, stated in an interview that the students arise with the birds at five A. M. and the autobus college is on the road by six. Lectures are held in the open.

History was studied on the spot in Montreal where the actual history was made, and to travel like these geography comes natural. "Students may not find sermons in stones but evidently they see good in everything. They are a care-free lot covering 250 miles without any trouble," said Miss Graham.

## Negroes Indicted In Girl's Brutal Death

SALLAS, Sept. 1.—(AP)—Less than 24 hours after Miss Kathryn Prince was taken from her escort on a lonely country road and brutally slain, a grand jury returned murder indictments against two young negroes. The escort, Mace Carver, 27, his spinal cord severed by bullet, was held in a much more critical condition today.

VINCOUNT GREY WEAKER

LONDON, Sept. 1.—(AP)—An official bulletin issued yesterday said Vincount Grey of Fallowdon, who has been critically ill the last few days, was weaker.

## Now It's The Two-Bike Family

Joe E. Brown, noted movie actor who always says a mouthful, is seen here eloquently smiling in favor of bicycles. Little Joe is out for a free ride, while Mrs. Joe and the dog prove that today the two-bicycle family is just as popular as the two-car household.

## SHAKE-UP OF NRA OFFICERS IS UNDERWAY

(Continued From Page 1)

Other developments of the day in the drive toward industrial stability included:

A move in the direction of price fixing under the NRA code for the oil industry, with the first meeting of the board of government for the petroleum world and Secretary Ickes recently fixing an objective of \$1 a barrel for crude, with a wholesale price of between five and six cents a gallon for gasoline at the refinery.

A new attack by the administration on planning named by the Department of Commerce, He is also a member of the federal advisory council of the United States Employment Service.

Dr. Willits, who is professor of industry and director of the industrial research department as well as dean of the Wharton School, is also actively identified with the work of the Administration at Washington, serving on the subcommittee of the committee's labor advisory board upon the automobile code's provision for hiring and discharging of employees on a merit basis without regard to their union affiliation.

A continuation of legislation designed to tying the retail and wholesale coal industries under codes next week.

In announcing that Cates, who was a Chicago insurance company executive before joining the NRA, had quit, Johnson said he was a close friend, "one of the kindest minds of my acquaintance and I expected him to be of the greatest value in his work."

The administrator said that differences of opinion on policy and interpretation of the law had arisen early in the administration and that efforts to reconcile these differences had failed.

Johnson said the general shake-up in the NRA would follow closely upon the completion of the emergency re-organization drive under the new single signatory. Most of the employees of the re-

organization are connected with the drive to bring all employers under temporary President's agreements, he pointed out, and when this ends a new setup will be sought.

He said this had not been worked out entirely in his own mind yet but he left it clear that much of the present staff will be when a permanent organization is created.

The administrator does not expect to remain at the head of the NRA long after the emergency drive is completed and codes are designed generally for industry.

Speaking for the labor advisory board, William Green, head of the American Federation of Labor, struck out at the wording in the automobile code permitting hiring, firing or advancement of employees on a basis of merit.

During the day Johnson edged forward with the negotiations for fixing the retail coal codes this afternoon.

Johnson told President Roosevelt by telephone at Hyde Park, New York, the coal charter would be ready for his approval when Roosevelt returns to the capital next week.

An unprecedented governmental price-fixing in the oil industry is the plan for complete stabilization of the Appalachian coal fields.

Retailers had been given until next week to come together upon a master code intended to cover drug stores as well as other stores, and efforts to get an agreement from all groups, particularly upon price stabilization, went ahead behind closed doors.

Johnson, meanwhile, was watching closely the reports pouring in from over the land of a stirring response to the appeal for support of the NRA's blue eagle.

# STATE SETS MILK PRICES

Effective Friday, Sept. 1, 1933, the following milk prices will be in effect in the City of Sanford and the surrounding area within ten miles of the Seminole County Court House, by order of the Florida State Milk Control Board.

Any violation of the following price list by dairymen, distributors or storekeepers constitutes a misdemeanor under penalty as follows: (except joint committee substitute for Senate Bill No. 786.)

Section 4. Violations—Remedies. A violation of any provision of this Act or of any rule or order of the Board lawfully made, except as otherwise expressly provided by this Act, shall be a misdemeanor punishable by a fine not exceeding FIVE DOLLARS (\$5.00) or by imprisonment not exceeding one year, or both, and each day during which such violation shall continue shall be deemed a separate violation. The Board may institute such action at law or in equity as may appear necessary to enforce compliance with any provision of this act or to enforce compliance with any rule or order of the Board made pursuant to the provisions of this Act, and in addition to any other remedy may apply to any Circuit Court, for relief by injunction, if necessary, to enforce the public interest, without being compelled to allege or prove that an adequate remedy at law does not exist.

| MINIMUM PRICES  |           |              |           |        |
|---|-----------|--------------|-----------|--------|
| Whole Milk and Chocolate Milk, Pasteurized or Raw     |           |              |           |        |
|   | Wholesale | Retail       |           |        |
| Quarts  | 14c       | 16c          |           |        |
| Pints   | 7c        | 8c           |           |        |
| Half Pints  | 4c        | 5c           |           |        |
| Buttermilk, Churned or Cultured                       |           |              |           |        |
| Quarts  | 8c        | 10c          |           |        |
| Gallons, Bulk, not delivered at Milk Plant or Dairies | 25c       |              |           |        |
| Heavy Cream   |           | Coffee Cream |           |        |
|   | Wholesale | Retail       | Wholesale | Retail |
| Quarts  | 30c       | 30c          | 56c       | 64c    |
| Pints   | 16c       | 16c          | 28c       | 32c    |
| 1/2 Pint  | 20c       | 25c          | 14c       | 16c    |

**NOTICE TO THE PURCHASERS OF MILK**

It is a violation of the law to purchase milk at less than the minimum price set by the Milk Control Board.

All dairies, merchants and persons selling milk within the above named area regardless of quantity are required to obtain a License from the State Milk Control Board.

### STETSON'S GRID PROSPECTS WILL REPORT MONDAY

#### Will Have One Month Of Practice Before Opening Tilt Sept. 30

DELAND, Sept. 1.—Monday Sept. 4, will be a day of labor in

every sense of the word for 20 prospective Stetson University gridlers who have been ordered to report at that time by Coach H. R. McQuillan. With the opening game of the season Sept. 30 against the University of Florida it will be one of the earliest starting practice dates in the history of the school.

The Hatter mentor will be handicapped as usual by lack of numbers on his squad. Unless one or two new prospects arrive on Monday McQuillan will have less than two full teams on the field for opening day activities.

Only six veterans will don the moleskins as they trot out on Hally Field Monday morning at 9 o'clock. Bus Sheball, veteran halfback and one of the best blockers in S. I. A. A. ranks will be the key man in the backfield while Red Elton will probably be the only other ball carrier who has seen previous service on the varsity.

Two veteran tacklers, Tite Thurby and Peck, will offer plenty of strength in the middle of the line. Dolly Horton has not communicated with McQuillan and therefore his return is doubtful. Dick Wilderson who was a capable backfield performer two years ago will probably be shifted into the line while Carpenter and Check are other varsity men who have had slight experience.

Probably the biggest shock to followers of the Hatters is the announcement by Red Petrie, diminutive Arcadia flash, that he will not return to school. Petrie had been counted upon for much of the ball carrying activities and

his loss will be keenly felt. An entire team of sophomores will be counted upon to furnish whatever strength the Hatters may offer on the grid-iron this season. Thirteen members of the strong 1932 freshmen eleven have signified their intention of returning to school and most of them will be ready for practice Monday morning.

Diamond of Palatka and Hainworth, another Floridian, will be candidates for the guard positions while Spot Weaver of Jacksonville is counted upon heavily to bolster the middle of the line at the pivot position.

Another Jacksonville boy, Ingram, along with a tall youth named Lawrence who hails from Chapel Hill, N. C. will make a strong bid for tackle berths while Paul and Hadcock, two light but fast youngsters, will seek end positions.

Coach McQuillan is depending strongly on a husky 190 pounder named Louton to fill the fullback roll while Owens, Haas, Scherer, Lockett and Knittle are other boys, up from the freshmen ranks, who are expected to gain varsity positions.

The Hatter mentor to date has refused any lengthy comment upon prospects but freely admits that 29 players will be just about half enough to combat the powerful Florida Gators on Sept. 30.

"We will have an extremely light but fast squad," said McQuillan Tuesday as he glanced over the list of boys whom he expected to report here for duty on Monday morning.

### Lake Monroe Ball Team Is Winner Of Contest By 15 To 8

By GEORGE STOVALL

When 12 base hits (of which seven were for two bases), nine errors, a walk, and a hit batsman got together yesterday afternoon on the Ninth Street diamond the result was a 15-8 victory for the Lake Monroe baseball team over the local Florida Times-Union boys. The game was a close affair for the first six innings, but in the first half of the seventh the Monroe club gathered in four runs on a walk, error and two doubles. Not satisfied with their lead, they came back again in the ninth and scored five more on a fielder's choice, two errors, three singles and a double.

Cordell could have held the game to a much closer score had it not been for the poor support given him on the field. All nine errors came in inopportune times. Only nine of Lake Monroe's 15 runs were batted in and all the Times-Union's came in via the fly pole.

Leslie Harnage was the feature batter by getting two singles and two doubles out of five times at bat. Both Earl Evans and Clyde Harnage had perfect days.

Evans getting two doubles and Harnage a single and double for two times at bat.

Score by innings:

|             |     |     |     |

# A VERY SPECIAL SALE... of America's largest selling SALAD DRESSING

THERE are plenty of reasons why more women ask for RAJAH SALAD DRESSING than any other kind. First... it's flavor is delightful—so rich, zestful and creamy smooth! Next... it's thrifty—so low in price that you wonder how we do it. But wait! We don't want you to take our word for it. Try it... without risking a penny of your money.

**Money Back Offer**  
Get a jar of Rajah at your A&P Store. Take it home... Dress your favorite salad with it... Taste it! You'll find Rajah as rich and creamy... as full-flavored and delicious... as any salad dressing or mayonnaise you've ever tasted. But, if for any reason you are not satisfied with it, just return the jar and get your money back.

**What Does Rajah Contain?**  
Rajah is so good, because it contains quality ingredients—selected eggs, spiced vinegar, salad oil, sugar, salt and arrow-root... long-whipped to hold its smooth consistency. Always fresh... it keeps well. Too, the large economy quarts give you the most for your money. Use the jars later for canning. They fit standard preserve-jar tops.

### Claire Windsor Weeps As Love Notes Are Read

(Continued From Page One)

broker, but she said she hadn't definitely decided. "I admired him," she said. "He was all I would wish of a man I would marry. I hoped it would work out that way."

unmarried, she rested her head in her hands and cried softly. A photograph of Miss Windsor was introduced and the actress, her voice vibrant with emotion, said she wrote the inscription on it reading: "Darling Al: You should never leave all this love I have for you in the world—P. R. Love, Claire."

### NEW LAWS ARE National Socialist Party Convention Given Support Opened By Hitler

(Continued from page 1) For the federalization of state and county police forces was "Malloy's own speech" Cummings advised that he had not read the address in advance of its presentation.

NURNBERG, Germany, Sept. 1.—The churchills of this ancient city pealed loudly last night, often drowning the prolonged cheers of the crowd, as Chancellor Hitler opened the first convention of the national socialist party since his ascendency to power.

er's family or hired workers' only one of the five might be considered an executive. This would require all but one member of the family to work the hours set in the code.

Under the suggested provision one member of the family would be an executive and the other two might work only the stipulated hours, ranging, perhaps, from 10 to 18, dependent upon hours of operation, with the result that a part-time employe, at least might be necessary.

#### HOLIDAYS TO BE OBSERVED

Miss Windsor, sitting in the witness chair, was wearing a white turtleneck, white skirt, black and white checked jacket with full sleeves and scarf collar, and white pumps. Mrs. Read wore the same blue ensemble and white turtleneck she had Wednesday.

Mallory's plan had become a subject of controversy, and many association members questioned its constitutionality. Cummings said yesterday that although the government hopes to coordinate the efforts of law enforcing agencies "so that there will be more efficiency in the job of capturing and prosecuting the kidnaper racketeer," such coordination would be "purely voluntary."

The chancellor, born in Austria, was greeted by a fanfare of trumpets, as he approached the city hall where he was greeted by Lord Mayor Liebell.

### Code Is Worked Out Which Will Affect Small Retail Shop

WASHINGTON, Sept. 1.—(AP)—A tentative plan by which the nation's small stores, especially those family operated, would bear a share of the labor load imposed under a general retail code was worked out yesterday at the recovery administration.

### Bookkeeper And Lawyer Testify In Bank Hearing

DETROIT, Sept. 1.—(AP)—A bookkeeper and a lawyer came before the one-man Detroit grand jury yesterday to present firm details of recent charges by Senator Couzens and the Rev. Charles E. Coughlin that there had been improprieties in Detroit banking conduct prior to the Michigan banking holiday Feb. 11.

"I hope, sweetheart, that while I am away from the dearest thing in my life you will think about me and know that whatever happens I will always love you. I am growing more confident all the time that as far as I am concerned, things will be able to be worked out."
