## MEXICAN RULE HARMS CHURCH SAY CATHOLICS

First Pastoral Message Sent Out Since 1919 Is Warning That Church's Foundations Are Attacked, Undermined

Message Following Example Of Calles

Message Brought To American People In Order To Contradict Charge Of Mexico

NEW YORK, Dec. 16.—(AP)—The Catholic Episcopate of the United States in its first pastoral letter since 1919 warns "Christian civilization that its foundations are being attacked and undermined" by religious restrictions in Mexico.

The document, containing more than 12,000 words and compiled by a committee consisting of Cardinal Hayes, Archbishop Glennon, of St. Louis, Archbishop Dowling, of St. Paul, Bishop Schrems, of Cleveland, and Bishop Kelley, of Oklahoma, is being sent to 30,000 clergymen and to Catholic organizations.

The bishops state they are carrying the case of the church to the American people, following the example of President Calles "who has come into the American forum through diplomatic and consular agencies and otherwise, in an attempt to justify the stand of his government."

Not Appeal For Action

The bishops state the letter is not an appeal for political intervention or for action of any sort by the American government.

The letter takes up the differences in religious and civil liberties under the American and Mexican constitutions and asserts "no American can accept the Mexican theory of government as in accord with fundamental justice without repudiating his own traditions and ideals."

"In the commonly accepted American doctrine, a constitution vests the government with such rights and powers as are necessary for the proper exercise of its just functions, and at the same time forbids it to encroach upon the rights of a higher order which come to man not from the people to the state, nor from any aggregation of states, but from the creator of both men and states. Almighty God. This conception is wholly in keeping with the teaching of the Catholic Church."

Many Authorities Quoted

The letter quoted from the Declaration of Independence, the Catholic theologian Thomas Aquinas, the supreme court and Blackstone, in support of the new view that the dictates of conscience are in many cases superior to the enactments of the state when these are in clear contradiction to the divine law.

Charges of the Mexican government against the church in Mexico including those of undue wealth, of neglecting education, of entering politics, of opposing separation of church and state are declared by the letter to have been fabricated for campaign purposes.

Bigger Accomplishments Expected To Be Attained By Science In The Future

SE. LOUIS, Dec. 16.—(AP)—Radio, movies, an invisible ray that permits vision in total darkness, airplanes which fold up their wings like birds and an electrical "third degree" apparatus to detect robbers are some of the possibilities and accomplishments peeping from the magic box of modern science.

Not so long ago as time is counted on this earth, man bridged the Atlantic ocean in a ship, a few decades ago he stretched cables, more recently he telegraphed and transmitted photographs across the water, and for the future looms the radio movies.

A glimpse into the dream realm of the radio movie which may soon be a dream, was given by the late Dr. Alexander Graham Bell.

## Two Witnesses For State "Identify" Pat McDermott In Canton Slaying Trial

CANTON, Ohio, Dec. 16.—(AP)—Patrick Eugene McDermott, on trial for the murder of Don R. Mellett, publisher of the Canton Daily News was "identified" twice by state witnesses today.

Charles Gaston testified McDermott came to the Canton Daily News office the day before the murder and asked to see Mr. Mellett. Gaston is circulation manager of the News.

Previously O. E. Crouse, Canton sinking fund trustee, had testified he had seen McDermott go into police headquarters the Sunday night preceding the murder.

Gaston declared McDermott came to his office the afternoon of July 16 and asked to see Mr. Mellett and was told he was in the business office. McDermott went out and Gaston said he saw him watching Mellett through a window.

E. L. Mills, on cross examination inquired about the campaign Mellett is said to have waged in the News against vice conditions in Canton.

He also asked Gaston if the News had not "paid a bootlegger's fine" and printed stuff from "an attorney." Gaston replied he did not know.

SEARCH IS MADE ARMED OFFICERS FOR NEGRO TAKEN BY MASKED MEN

"Smokey" White, Arrested On Charge Of Theft, Spirited Away Brookville; Hanging Of Black Is Scouted

BROOKVILLE, Fla., Dec. 16.—(AP)—Hernando county authorities today were searching for a negro known as "Smokey" White who was kidnaped by a band of masked men last night.

The negro was taken from Constable J. W. Crum, who had arrested him on a theft charge and spirited him away in an automobile.

Chief Deputy Sheriff G. R. Ellis stated today he thought White had "either been whipped or run out of the county."

"We searched for him last night and are continuing our efforts to find him," said Ellis. "It is unlikely he was lynched because we would know doubt have found his body by this time. The mob could not have taken him far."

White was arrested by Crum following complaint that he had stolen two pistols. There were also reports that the negro had been annoying white women here. He was found by Crum at a minstrel show and, authorities say, admitted he had stolen the pistols. Crum was taking his prisoner to a house in the negro section of Brookville to recover the guns when the band of masked men appeared.

The constable said the kidnapers threatened to kill him and the negro unless he allowed them to take the prisoner. White was then shoved into an automobile which was driven away at high speed.

Committee On Road Returns To Sanford

R. J. Holly and Leon Leroy, representing the Sanford and Seminole County Chambers of Commerce, returned this morning from Tallahassee, where they conferred with Dr. Foss A. Hathaway, chairman of the state road department, regarding the construction of the Geneva-Titusville highway.

A preliminary survey and establishment of the exact route will be necessary before other details of the project can be started, according to Mr. Holly, who stated that many preliminaries remained to be threshed out by the interested counties before state action can be expected.

Beverly county has appropriated \$100,000 and Seminole county, \$50,000 for the completion of the road, which will give this county an outlet to the east coast and at the same time save many miles of necessary travel.

Twelve Fires Are Reported In Month

There were 12 fires in Sanford during the month of November, with an estimated damage of \$10,000, according to the report of Fire Chief Mac Cleveland, which was recently submitted to the City Commission.

Only one of the fires caused a large amount of damage, that being the one which burned the barn and store house of Frank Hiesch, on West First Street. The balance were of small proportions.

Fourteen arrests were made for alleged violation of the non-beer street ordinance. This charge has decreased gradually, police say, as the majority of local drivers are becoming acquainted with the streets and the law governing them.

Of the total arrests, 16 cases were transferred to the county and 24 were dismissed.

## Jury Frees Doheny And Fall Of Conspiracy In Leasing Of Oil Tracts

Decision Reached By The Jury Nineteen Hours After Case Is Submitted To Them

Bribery Charges Still Facing Fall

Two Defendants As Wives Joyful When Verdict Is Delivered

WASHINGTON, Dec. 16.—(AP)—Albert B. Fall and Edward L. Doheny were acquitted today of the conspiracy charge which grew out of the Senate oil disclosures.

Nineteen hours after the case was placed in its hands, a jury in criminal court here decided there had been no proof of criminal conspiracy in the oil leasing negotiations of 1921 and 1922 resulting in the award of government leases to Doheny interests.

While Fall was Secretary of the Interior after Doheny had paid him \$100,000 in a little black satchel.

The verdict was returned a few minutes after Justice Hoelbling had reconvened court after an overnight recess. Receiving news from the jury room to the time he opened the day's session, the judge indicated that if no verdict was reached he would hold the jury over another night at least.

Verdict Ends Court Session

Five minutes later, however, a message came to the bench that the jury had reached its verdict. The jury had deliberated for 19 hours and 10 minutes. At its foreman's announcement a verdict of acquittal was returned.

The case had been placed in the hands of the 12 men at 10 o'clock yesterday and when they still were unable to agree at 10 o'clock last night, Justice Hoelbling had declared a recess until 10 o'clock this morning.

The verdict ended the conspiracy proceedings against the former cabinet official and oil magnate, as no appeal is possible. Both are still under indictment on bribery, however, as a result of the \$100,000 transaction. The counsel believe that charges will be pressed but the prosecution had dictated today that no decision drop the bribery charge had been reached.

Fall and Harry Sinclair, with whom he also agreed to an oil lease, are under conspiracy bribery charges.

Mrs. Fall Weeps In Court

The defendants and their relatives received the verdict with disguised emotion. Mrs. Fall was in happiness giving thanks and praying before the crowded courtroom.

Fall himself said his confidence in the court "had been justified."

"I have said all along that I would leave it to the court and that I had confidence in them," he said. "I have never liked to see a case in the newspapers, and I have nothing else to say now."

Doheny said he was "gratified" (Continued on Page 2)

TO BID FOR CLASSIC

NEW YORK, Dec. 16.—(AP)—Stephen Sanford, turfman of Amsterdam, N. Y., who won the Liverpool grand national steeplechase in 1923 with Sergeant Murphy, will bid for the March classic again this year.

His entry will be Blaneona, an Irish gelding, considered one of the finest jumping prospects in England, which has been beaten only twice in his racing career.

Members Of Lions Club Endorse City Bond Issue For Erection Of Hospital

Members of the Sanford Lions Club today endorsed and promised their support of the proposed bond issue for \$250,000 with which to erect a municipal hospital and also promised to assist in the sale of tickets to the three performances of the San Carlos Grand Opera Company, which is to be at the Miami Theater on Dec. 30 and 31.

Brief reports on various projects and a short talk by H. M. Martin, of the National Playground Recreational Association, were also made at the meeting.

The club listened to an explanation of the city's proposed bond issue for a hospital and then voted unanimously to work among the voters in order to assure passage of the measure.

Distribution of the schedule of the opera led to the members pledging to assist, if necessary, in the sale of tickets.

WINTER HOLDING ON FAST IN EAST; WEST IS WARMER

Gradual Rise Of Mercury Is Experienced Over Plains Of Far West But Freezing Weather Still Grips East

CHICAGO, Dec. 16.—(AP)—Winter's outposts held fast from the Mississippi Valley eastward today while a flanking movement of warmer weather advanced from the west coast.

Gradually rising temperatures in the Rocky Mountain and Great Plains states heralded the passing of the bitter weather that has held sway since Sunday, but the forecasters promised no general relief toward a seasonable thermometer reading until tomorrow.

Even with the advances recorded in the central states, the mercury was uncomfortably close to zero over wide areas and additional snow was predicted in western states and the Great Lakes region.

Searching parties went out from Sioux Falls, S. D., last night in quest of four persons believed lost in drifts, radio stations aiding in the search. At Sheridan, Wyo., an 80-year-old Civil war veteran was found frozen to death and a storm fatality at Sildaw, Mich., added to the score already reported.

The wave reached down to southern Florida today but in modified degree. Navigation on the Great Lakes was officially closed, and the giant ice crusher Saint Marie.

The weather bureau at Chicago was ordered into winter mourning, offering consolation to a shivering midwest by revealing that 55 years ago today the mercury went to 12 below zero here and never passed a minus two.

Recreational Ground Action Is Expected

Action on the proposal to establish a tourist recreation ground opposite the Hotel Forrest Lake, which has recently been proposed to the City Commissioners, according to City Manager W. B. Williams, who is preparing a report on the project.

The city may appropriate the sum of \$1,000 for the construction of tennis courts, shuffle board courts, croquet grounds and bowling alleys on the property and then open it to the public, according to present plans.

"We are going to ascertain just how much money will be required to adequately furnish the grounds before any action is taken," Mr. Williams said today.

It is said that provision will be made for enlarging the grounds in case play thereon warrants such action and that \$1,000 will probably take care of the initial expense.

MURDER TRIAL OF DAVIS AT DELAND GETS UNDER WAY

Deland Occasioned By Court's Order For Mistrial Proves To Be Short As Man Goes On Trial Morning Session

DELAND, Fla., Dec. 16.—(AP)—From an ellisor's vantage of 50 men, a jury was quickly accepted this morning and prosecution of Arthur "Doc" Davis was begun by State Attorney William B. Smith, following the mistrial ordered by Judge W. W. Wright yesterday when a juror became ill.

Davis, charged with the killing of J. A. Higginbotham the afternoon of October 21, 1925, was on trial last spring but the jury was unable to agree. After exhausting practically all peremptory challenges a jury was chosen and the trial started last Tuesday, only to be halted by the illness of a juror. The Higginbotham slaying is alleged to be the result of a feud among moonshiners in the Tomoka section.

On motion of the defense Sheriff S. E. Stone was disqualified to select a new venire when the clerk reported that such procedure would be necessary because of the names in the jury box being exhausted and ex-Sheriff Leo Morris was appointed ellisor by the court.

The widow of the slain man for the third time this morning took the stand to tell her version of the shooting. While Davis claimed he fired in self-defense, Mrs. Higginbotham claimed that Davis was the aggressor prior to the shooting.

Natatorium Plans Are On Display City Hall Office

Plans for a municipal natatorium and recreation building have been submitted by the city engineer and are now in the hands of the City Manager, W. B. Williams, where they will remain until such time as the city commissioners decide to raise the tax.

At the bond sale this morning, the sum of \$100,000 for the erection of such a building was approved by the city commissioners. It is expected that when the structure will be the most modern of its kind in the south.

There has been no word as yet made by the Coast and until such time as the plans are taken up, the building will be the most modern of its kind in the south.

## CLUB MANAGERS SHOP MUCH BUT BUY VERY LITTLE

### National League Pilots Talk Trades With New Managers Taking Lead; Committee Is Named, Joint Conference

CHICAGO, Dec. 15.—(AP)—Much Christmas shopping but very few purchases was the net result of the first day of the annual meeting of baseball managers here.

Between the bidding on players the American League club owners decided to re-elect Commissioner K. M. Landis and then get him to re-establish the advisory board, and league's committee of three started today in search of Landis to talk over the situation.

The American League committee consists of Col. Jacob Ruppert, of New York, E. S. Bernard of Cleveland and Phil Ball, of St. Louis. Ball is known as a strong partisan of President Ben Johnson, and it was difficult with Johnson that caused Landis to ignore the advisory board for the last several years.

The five new managers in the league made the player market unusually brisk, with St. Louis in receipt of the most offers, and Ray Schalk, of the White Sox, well in the lead in bids.

Schalk talked trade for McNamara, of St. Louis, Ward of New York, Peckinpaugh of Washington, O'Rourke of Detroit, and several other infielders who might be able to fill Eddie Collins' vacant shoes.

Detroit offered three players for McNamara, and Bucky Harris, of Washington, offered to take over some of St. Louis' surplus catchers. Connie Mack said he had signed one minor leaguer but declined to discuss his relation with Eddie Collins.

The American League executives had left on their formal program today the various proposals submitted by counsel for revision of the constitution and decision on the opening and closing dates of the season. A closing date one week later than last year, October 2, seemed likely to be agreed upon to avoid too many double-headers within the 164 game limit.

## Bathing Suits Are Required In Race

BRIDGEPORT, Conn., Dec. 15.—(AP)—Mrs. Millie Corson, first mother to swim the English channel, who has criticized the plans of some long distance swimmers to enter the Catalina Island contest clad only in grease, was advised today that bathing suits would be required.

The assurance was contained in an invitation from the Los Angeles Surf Club, which is in charge of the arrangements for the swim for William Wrigley, the New York and Chicago sportsman and donor of the \$25,000 prize. The club wishes her to wear its colors.

## Harvard-Princeton Truce Now Appears To Be Farther Away

CAMBRIDGE, Mass., Dec. 15.—(AP)—A Harvard-Princeton truce seemed farther away than ever today.

Despite general taciturnity after a meeting yesterday of the Harvard student council it became known that efforts to bring the student bodies of the two universities together had been dropped, temporarily at least.

It had been agreed that five representatives from each student council would confer. The Harvard council now has decided not to name delegates because the basis of a possible agreement was unacceptable.

This basis included the stipulation that the peace move appear to be initiated by Harvard, and an agreement that Harvard alternate the final football game of the year between Yale and Princeton.

## 1932 Olympic Games May Be Held In U. S.

WASHINGTON, Dec. 15.—(AP)—Because George Washington was a stellar performer as track and field sports, it is proposed to bring the 1932 Olympic games to the United States, as part of the celebration of the bi-centennial of his birth in that year.

The plan was announced today by the committee in charge of the national celebration.

Washington held a record in the broad jump, it was related by a direct descendant of his brother, Oliver Washington, that remained unequalled for a century. He also was a leader in running and jumping events.

## Norwood To Meet Johnny Harcourt In 10 Rounds Of Battling Here Tonight

Fight fans are to have the opportunity tonight of again watching one of their prime favorites in action when Willie Norwood, Greenville ace, is pried with Billy Wilden, of St. Augustine, in the main go of a 34 round card at the Armory. Wilden is said to be one of the best at his weight in the south and the mixup tonight, from all available reports, should prove an interesting one.

Willie's career has been followed with much interest by Sanford fans and as he has always delivered every ounce of effort in his previous shows before Armory customers, it is expected that a large

crowd will be on hand to welcome him tonight.

The semi-final is to bring together Johnny Harcourt and Jack Stacey. Stacy has displayed his wares here on several occasions and is popular in Sanford and Orlando fistic circles.

Reports from the Harcourt camp are that a fight is going to be stage from going to gong and that the star of the camp, Johnny, is ready for the battle.

Two good preliminaries have been arranged, according to Dr. George Lewy, and the usual battle royal is to be presented.

## Boxer Dies After Bout Last Night In Minneapolis Ring

MINNEAPOLIS, Minn., Dec. 15.—(AP)—Harry "Berg" Berghind, Minneapolis light heavyweight boxer, who was knocked out in the last round of a scheduled six round bout here last night, died at a local hospital early today.

Berg's skull was fractured last night when he was knocked to the canvas 15 seconds before the fight would have ended. Augustine shot over a stiff left which caught Berg on the chin and sent him down.

George Barton, referee, said the injury which resulted was caused by Berg's head hitting the floor of the ring with considerable force, rather than by Augustine's blow.

Augustine was arrested at the ringside as the unconscious Berg was carried from the hall. Berg, regarded as "a good preliminary boy," has engaged in many fights.

The death of Berg occurred scarcely 24 hours after Charles Pegulihan, French light heavy weight, died at Hartford, Conn., following a bout with Elmer Friedman.

## TRACK RECORD IS BROKEN TUESDAY BY YOUNG FILLY

### Mazette Goes Five And One Half Furlongs In 1:06 2-5; Long Shots Upset Talent In Two Of Days Race Events

Steered to the front as the barrier went up and setting the pace for the entire distance, Mazette, a black three year old filly from the stable of M. L. Cooper, yesterday raced the five and one-half furlong of the 10th event at Seminole in the first time of 1:06 2-5 to establish a new track record.

S. Bullman was her pilot. The race was the feature of a day that saw previous high prices of \$200 and \$300 for the best odds of the meeting cranked under the pressure.

Vanishing Boy at 17 to 1 came down in easy fashion in the second race, paying his backers the longest price of the meeting. Lou Shank, the favorite, led until the stretch where he was disposed of by the winner.

Mill Boy in the first event came fast to the stretch to get his head down first to the judges' eyes, but the favorite, beat Wood Fawn for the place.

Warning was the first favorite of the day to get down in front. Topanga looked the winner. 100 yards out but Warning coming fast on the outside with a good edge by McCrone just did get up in time to win. Klaxon was the best of the others.

Foreman, the favorite in the fourth race, followed the pace and got resistant for the first part of the race, moved up at the far turn and came on to win going away.

La Kross, the seventh round second heat for the long distance sprinters when he got down in front of Trajanus to win at odds of 27 to 1.

Harry Garner, brother of Mack Garner, arrived today from New Orleans. He expects to get into his riding togs tomorrow.

Redwood, the chestnut mare of Mrs. B. E. Lamporte, was jumped on during the running of the fourth race, and sustained a badly cut tendon. She had to be destroyed.

## SUIT FOR \$18,000 IS FILED AGAINST TUNNEY BY MARA

### New York Sportsman Claims Champion Owe Him Money For Getting Big Bout; Gibson Denies Mara's Claims

NEW YORK, Dec. 15.—(AP)—Gene Tunney, heavyweight boxing champion, has stepped from one court action into another. Although he is clear of the charge that he violated the state boxing law by appearing in an unlicensed exhibition during a vaudeville act, he is being sued for breach of contract.

While the champion yesterday heard Magistrate Silverman dismiss charges against him and six other men connected with his act on the grounds that the proceedings were not instituted in good faith, he was served with papers in a suit by Tim Mara, sportsman, to recover \$18,000.

Details were withheld but Mara is said to seek a percentage of Tunney's \$200,000 share of the Detroit fight. Mara is said to have filed his claim in attempt to gain a share of a championship match with Dempsey in New York.

Bill Gibson, manager of the challenger, declared that Mara's agreement was with himself and not Tunney.

Mara, who has had no claim on Tunney, Gibson said. He is agreed to accept a commission and gave no authority to Mara to sue Tunney.

### Jury Finds Doheny And Fall Not Guilty Of Oil Conspiracy

(Continued from Page 1)  
that "the ordeal has been a terrible one."

"After a lifetime of honorable work, which was to make a good name to hand my son and my grandchildren, almost destroyed," said Doheny. "I hope that the American people, whose belief in trial by jury amounts almost to a religion, will accept the verdict of this typical American jury."

**Mrs. Doheny Is Overjoyed**  
From her sick room at the Shelton Hotel, Mrs. Doheny sent word to defense counsel that her prayers have been answered.

John J. Roberts of government counsel had only this to say: "It has been submitted to 12 men and 12 women, of course, and we will go along with the other case."

The return of the verdict touched as high a key of drama as any during the four weeks of the trial. The jury and Harry B. Dertz, clerk of the court, asked them to rise in their places.

"Have you a verdict to report?" asked Alphonse E. Parker, a lawyer stand proprietor, who had assisted foremen.

"We have," said Parker.

"Do you find the defendant Edward L. Doheny guilty or not guilty?"

"Not guilty," he said, firmly.

The courtroom was palpitated by an irrefragable but restrained outburst of emotional reaction. Several bailiffs tapped for order.

Dertz continued: "Do you find the defendant Alphonse E. Parker guilty or not guilty?"

"Not guilty."

The clerk then asked the jury as a body if the report of its foreman represented its "true, collective verdict," and all nodded affirmatively.

"Very well, gentlemen, you are discharged," said Justice Hoehling.

Court adjourned immediately and there was a happy gathering about the defendant as the judge passed out to his chambers and the foremen said good-bye to one another and hurried away to their families.

**Done For Photographers**  
Walking slowly in the midst of a group of friends and relatives, Fall and Doheny emerged at about the same time from the dingy court room into the sunlight of a bright December day. They took up a position together on the front steps of the old court house and a battery of photographers swung into action.

Then they were rolled away to their hotel headquarters down town in two big limousines.

The Doheny entered his car, he paid to say to those about him "I got just what I expected, and just what I deserved."

The jury had spent most of the night in argument and reached its verdict at 8:30 this morning, a half hour before the reconvening of court.

The acquittal leaves Fall under two other criminal indictments, Doheny under one and Edward L. Doheny, Jr., his son, under one.

### Chinaware Display At Ball Hardware Store Is Large One

The entire east wing of the Ball Hardware Company store has been converted into a display room for china and glassware and a complete line of kitchen and cooking utensils, making it one of the largest display rooms for this class of merchandise in the state of Florida, according to J. G. Ball, head of the company.

Modern china and glassware counters and cabinets have been installed in the store at a great expense and are placed in position, which attractively display their contents.

Other displays which are arranged within this wing are those of fireplace ornaments, refrigerators and pottery ware. One of the front show windows is decorated with brass and iron ornaments for the fireplace, while the refrigerator display occupies a position in the center of the room.

Pottery ware, from the markets of the far east and from European countries line the shelves of a department devoted to it alone.

"The china and glassware department of our store is one of the most complete in the south and we are endeavoring to furnish the public with every modern line. As gifts, these commodities are among the most preferred," an official of the company said today.

Mr. and Mrs. Paul Lake, formerly of this city but now of Tampa, announce the birth of a daughter Dec. 16. The baby has been named Mary Louise.

Mr. and Mrs. James Robson Jr. were among those from Sanford attending Earl Carroll's "Varieties" Wednesday evening at De Land.

### Additional Society Merry Go Round Club Entertained By Mrs. Gardiner Wednesday

Most enjoyable was the bridge party given Wednesday afternoon by Mrs. W. D. Gardiner at her home on Myrtle Avenue, when she entertained the members of the Merry Go Round Bridge Club.

Bowls of varicolored flowers were arranged with artistic effect in the rooms where the tables had been placed for play.

When scores had been collected after the game it was found that the prize for top score, a box of stationery, had been won by Mrs. James A. Pittman, while the consolation prize, a dainty handkerchief fell to the lot of Mrs. Benjamin Whitner Jr.

The hostess served a delicious salad and sweet course following the awarding of the prizes.

Those enjoying this delightful affair were: Mrs. Benjamin Whitner Jr., Mrs. Ned Chittenden, Mrs. William J. Hardy, Mrs. John Meisch Jr., Mrs. Braxton Baggett, Mrs. James A. Pittman, Mrs. Raymond Fox, and Mrs. Emmett McCull.

The many friends of Mrs. Ella Leffler will be glad to learn that she is improving after a severe illness at her home on Magnolia Avenue.

### Daughters Of Wesley Enjoy A Christmas Party Tuesday Night

One of the most enjoyable social affairs given by members of the Daughters of Wesley class of the Methodist Church this season was that of Tuesday evening when they entertained at a Christmas party at the home of Mrs. Weyman E. White on Mellenville Avenue.

The hostesses for the evening were Mrs. L. M. Nott, Mrs. Weyman E. White, Mrs. Claude Herndon, Mrs. Morris Spencer, Miss Leola Evans and Mrs. C. C. McCrory.

The spacious home was adorned with quantities of holly, poinsettias, red roses and ferns, forming a lovely setting for this affair. A brilliantly lighted and decorated Christmas tree occupied a prominent place in the room.

Christmas carols were sung during the evening, and several most amusing contests and games were also enjoyed. The feature of the evening was the receiving of gifts, which had been placed on the tree by the members upon their arrival. When these packages were opened they were found to contain many novel gifts as well as toys of all kinds. These were later collected and will be sent to poor children in the community.

### Mrs. Osborne Herndon Hostess On Thursday To Bridge Associates

Entertaining with her usual cordial hospitality, Mrs. Osborne Herndon was hostess Thursday afternoon at bridge at her home on Sanford Heights, the guests being members of the Idlers Bridge Club.

Synthetic of the approaching Yuletide were the decorations of holly, mistletoe, poinsettias, hibiscus and ferns. The tally cards were also symbolic of the holiday season and were in the form of miniature Christmas trees.

After an exceptionally interesting game of bridge had been played, scores were counted and the prize for high score was a lovely fan shaped vase.

At the conclusion of the card game the tables were cleared and laid with dainty covers and refreshments of creamed oysters in patties, Christmas salad, sandwiches, coffee and apricot mousse were served by the hostess assisted by her sister, Miss Josephine Knight.

Club members playing were: Mrs. Harry Heeren, Mrs. George Davis

Hart, Mrs. Alexander Vaughan, Mrs. John Bender, Mrs. Endor Cullett, Mrs. W. H. Tunnell, Mrs. John Meisch. Acting as substitute was Mrs. Henry Wight.

The discovery that 17 drops of solder, and not 18, were needed in closing a can, saved an oil company \$10,000 in one year.

BIBLE VERSE FOR TODAY

READY TO PARDON.—Thou art a God ready to pardon, gracious and merciful, slow to anger, and of great kindness. Neh. 9:17.

OLD MASTERS When I have borne in memory what has tamed Great nations; how ennobling thoughts depart When change swords for ledgers, and desert The student's bowler for gold—some fears unnamed

I had, my country!—am I to be blamed? Now when I think of thee and what thou art, Verily, in the bottom of my heart Of those unfilling fears I am ashamed.

For dearly must we prize thee; we who find In thee a bulwark for the cause of men; And I by my affection was beguiled; What a wonder if a poet now and then Among the many movements of his mind, Felt for thee as a lover or a child!

When business is dull, advertise As Arthur Brisbane says, "The time to swim hard is when the current is against you."

The consensus of opinion at the Rotary Club yesterday noon seemed to favor a bond issue to raise money for the construction of a hospital.

Will Rogers, says a dispatch, has been elected mayor of Beverly Hills. It's funny how a liar's thrower of his caliber could get roped into anything of that kind.

Clayton Codrington, popular editor of the DeLand News, has been elected president of the Associated Dailies of Florida. That organization always a potent factor in Florida newspaper life, will now function more smoothly and efficiently than ever.

President Coolidge seems to be establishing the custom of inviting guests to the White House for breakfast instead of dinner. Most people don't eat much for breakfast so also President probably found the invitation quite in line with his plans for economy.

The City Commissioners are considering the suggestion to improve the grounds opposite the Hotel Forrest Lake with tennis and croquet courts. If the city is going to do anything, let them do it well. If they are going to build any tennis courts, let them build good ones.

Actually Wants School Men For Schools

The chairman of the board of trustees of the Miami Beach schools would like to have educators put in charge of the state school system.

Shocking as this may sound to some citizens the gentleman thinks that a county school superintendent should be selected for the job because of his ability to do the work. He thinks that the superintendent should not be chosen in a political primary, but be appointed by a school board on the credentials the candidate could show, and, presumably, prove.

That strange Miami Beach man seems to think that his fellow who could dash about and get enough votes to make him county superintendent of schools would not always be a trained supervisor of schools. He has a notion that the man who is really boss of the public school system in his county should have a superior education, technical training in the work of school supervision, and be clear and straight enough to stand as an example of good manhood.

Florida, if the reader doesn't happen to know, has a board of education made up of members of the governor's cabinet. They with the State Superintendent of Public Instruction run the schools from the state end of it, and leave each county to the care of its county superintendent, who is elected along with the sheriff for a period of four years.

As has happened a few times in some parts of the state too, the county superintendent need know very little about reading and 'rithin' and 'rithmetic to land the job. He may even be a cheap sport or a thief and land the job, if he had a politician's skill. Only in communities where the people are honestly interested in their schools must a man measure up as a high class educator to obtain the superintendent's office. And the reader would be surprised to learn how few counties are in which such interest is shown in the schools.

Obviously unaware of the labyrinth of laws entangled about the school system of Florida, the Miami Beach man suggests a number of improvements that could be made. He would have men of national ability brought in to the state to form a state school board. That would necessitate amendments to the state constitution. The change in the method of selecting a county superintendent would also require a change in the constitution. And when he talks about the importance of doing away with the county unit of school management in the state, he has touched upon another place where the constitution would have to be repaired.

The facts are that Florida will have to grow in culture and in its appreciation of the need of good schools before there will be any chance of replacing the present archaic system of school management by something better. But it is well that there are agitators who are willing to show up the weaknesses of the present system. Some day the agitation will crystallize into successful action.

Make An Orphan Happy

One week from today will be Christmas and the children in your home will be up as early as the chickens diving into their stockings to see what Santa Claus has left for them, and jumping gleefully about the Christmas tree with eyes glistening with wonder and sticky fists full of gorgeous red and white candy. It will be a great day for youngsters who are fortunate enough to live in happy homes.

Not far away the Children's Home Society of Florida in Jacksonville shelters several thousand orphans who are probably wondering today if good old Saint Nick is a democratic gentleman who visits the poor and helpless as well as those more favored by fortune. The Children's Home Society has been put to unusual expense this year on account of the large influx of newcomers, and the hurricanes, and at present hasn't one cent in its treasury to spend toward giving its children a merry Christmas.

Only the drab ordinary meal, grats and cabbage! None of the good things which go with every Christmas dinner! None of the decorations, no Christmas tree, no spangles for a 'Not a single present! That's the merry Christmas for the little orphans of the Children's Home Society, unless Santa Claus is the jolly good fellow the story books say he is, and unless he can figure out some way, in these hard times, to get around to everyone.

The thought has occurred to us that there might be some real kind folks in Sanford who would be glad to help him. The real pleasure of Christmas, you know, is in giving rather than in receiving. To make someone else happy is the surest way to be happy yourself. And there is probably no way in the world that you could make little children happier, and thus have a happy Christmas yourself, than by helping Saint Nicholas next week give the Florida orphans the best time of their lives.

They are expecting nothing. Their poor ayes have held nothing for them to warrant any different expectations. They will be glad that other little boys and girls are happy, but they are afraid that Santa won't have time for them. How happy they will be if the good people of Florida get together and help out so that they too can have a merry Christmas. The Children's Home Society at Jacksonville is appealing for your aid.

INITIATIVE

ELBERT HUBBARD

The world bestows its big prizes, both in money and honors, for but one thing; and that is Initiative.

What is initiative? I'll tell you: It is doing the right thing without being told.

But next to doing the thing without being told is to do it when you are told once. That is to say, carry a message to Garcia; those who can carry a message get high honors, but their pay is not always in proportion.

Next there are those who never do a thing until they are told twice: such get no honors and small pay.

Next, there are those who do the

right thing only when necessity kicks them from behind, and they get indifference instead of honors, and aittance for pay. This kind depends most of its time polishing a bench with a hard luck story.

Then, still lower down in the scale than this, we have the fellow who will not do the right thing even when some one goes along to show him how and stays to see that he does it; he is always out of a job, and receives the contempt he deserves, unless it happens to have a rich pa, in which case destiny patiently awaits around the corner with a stuffed club.

To which class do you belong?

MONEY FOR INSTRUCTION

TAMPA TRIBUNE

Yale's call for a large sum of money to be employed entirely in improving her instruction is greeted as a startling innovation in college fund campaigns. New buildings, stadiums, physical equipment of all sorts, are the usual alms which are offered by institutions of higher learning in asking people to donate money to endowment funds.

The quality of instruction is Yale and elsewhere probably needs and deserves more attention and more money spent on it. As colleges and universities have felt the pinch of depression, they have turned to the state for help.

As Brisbane Sees It

No New Ford. A New McNary Bill. Killed Their Bootlegger. We Are Religious. BY ARTHUR BRISBANE (Copyright, 1926, Star Co.)

THE FORD COMPANY sends to agents the statement published some days ago in this column, that Ford is "not" going to put out new models or new cars of any kind, six, eight or any other number of cylinders. That should be generally known to prevent disturbance of one of the greatest and most valuable industries.

THE EMBATTLED western farm bloc and southern cotton planters fired their first gun for relief legislation yesterday. The McNary-Haugen bill, thrown out a year ago, is back, revised by McNary, head of the agricultural committee.

It's not a "price fixing plan," you are assured, just a suggestion that the government make loans to help cotton, wheat, corn, hogs, rice.

GENTLEMEN WHO think it all right for government to relieve railroads with higher taxes, sincerely believe it is socialism to try to help farmers "artificially."

However, one thing worse than farm socialism would be defeat for the Republican party in 1928. The farmer may have something done for him.

BOOTLEGGING, ALWAYS profitable, is sometimes dangerous, which may comfort real prohibitionists.

Louis Wallinger, father of five, supported them nicely. He had sold several bottles of whisky to tax collector "artificially." The haul returned for more at three in the morning. Wallinger said "You are too drunk," and they killed him, one bullet in his head, one in his chest.

IF CUSTOMERS could kill all bootleggers and bootleggers poison all the customers, prohibition would be a problem solved, but nothing works one hundred per cent.

WE ARE MORE religious than the people of England. There such questions as "do you believe in God in immortality in hell— heaven, the divine birth of Christ, etc.," bring all sorts of strange answers.

Here we usually answer "yes" to such questions. Good times have something to do with it. Many are too prosperous and busy to devote much time to thinking of questions.

PAY LITTLE attention to stories about Mrs. Charles Chaplin or somebody else applying to Rome for annulment of marriage. No such application can be made in Rome. Local diocesan courts hear and consider evidence and make marriage annulments. Their findings are not valid until passed upon by the pope in Rome. The rota decides for or against the decision of a lower court. No annulment cases are taken direct to Rome.

LIKE OTHER European countries, Bulgaria, Hungary, Rumania, and Serbia have kings, and a king is close to his death, which will leave everything in a mess.

It is suggested to combine the three countries in one country. But it is not easy to make a healthy man by combining three men with consumption, amnesia, and the grippe. That is what Europe has been trying to do.

THE BRITISH TAKE notice seriously. Young Arthur, Healy and a young woman made a suicide pact. He didn't buy the poison, she got it, swallowed her share, died, and he will be hanged, for starting something that caused death.

Should millions of women read of the death of Sir Oliver Lodge, Marconi, Millikan, and a dozen other great scientists, the majority would say, "that's too bad," and not be much interested.

EVERY ONE OF millions will be interested to hear the legislator to restore the death penalty for murder. He says a burglar will shoot more recklessly if he knows the worst penalty is life imprisonment. In fact those that practice robbery with violence deliberately select states where there is no gallows or electric chair.

Perhaps exceptions may be made in these days of promiscuous shooting but it has been proved in thousand ways that under normal conditions, murder increases when the government sets an example in killing.

ATTORNEY-GENERAL Shaffer of North Dakota, says the legislature to restore the death penalty for murder. He says a burglar will shoot more recklessly if he knows the worst penalty is life imprisonment. In fact those that practice robbery with violence deliberately select states where there is no gallows or electric chair.

Perhaps exceptions may be made in these days of promiscuous shooting but it has been proved in thousand ways that under normal conditions, murder increases when the government sets an example in killing.

## MAYOR FORREST LAKE ADDRESSES WELFARE DEPARTMENT MEMBERS

The Welfare Department of the Woman's Club held its regular business meeting Wednesday afternoon with the department chairman, Mrs. L. P. Hagan, presiding. Mayor Forrest Lake addressed the gathering in the interest of the proposed bond issue for the purpose of building a modern hospital properly equipped to meet the needs of Sanford. He stated that the difference in taxes would not be over a dollar per capita a year. The department and the Woman's Club as a whole endorse this movement and offered its hearty cooperation.

Mrs. E. P. Morse, Seminole County welfare worker, spoke in behalf of the Smith-Hughes school for boys. This is a part time school and has proven a success. There are 17 boys enrolled at present, and equipment is badly needed. The department voted to donate \$50 toward this worthy institution.

A request for help to assist in packing Christmas boxes for over 200 needy persons met with hearty response. Quite a large number of members offered to devote several hours each day to the packing of these boxes.

## What price delay?

When failure to receive materials is costing you money, service is of major importance. Delays mean idle men, idle machinery—the job is held up. Both owner and contractor are the losers.

Our "on-time" service prevents these losses, just as the quality of the materials we sell insures against the costly wastes of inferiority.

Take cement, for instance. We recommend Lone Star, not only because of its super-quality and uniformity; but also because in back of our own supply are the stocks of a whole chain of cement mills. We offer you prompt service and complete assurance of satisfaction.
