Court To Hear Appeals Of 2 Condemned Killers

STARKE (UPI) - A federal appeals court blocked a scheduled double execution today, but one of the condemned killers only got a 24-hour reprieve and still could be put to death in Florida's electric chair.

Lawyers for James Dupree Henry were ordered to present their case at a hearing today before the 11th U.S. Circuit Court of Appeals in Atlanta.

The court gave Henry, 34, a stay of execution until 7 a.m. EDT Thursday, but his death warrant doesn't expire until noon Thursday and Florida officials could execute Henry if the Atlanta court rejects his appeal.

The federal appeals court granted an indefinite stay of execution Tuesday to Aubrey Dennis Adams Jr., 26, of Ocala, who had also been scheduled to die today in the nation's first double execution in 19 years.

Adams, who is white, was sentenced to death for the 1978 killing of an 8-year-old Ocala girl.

The 24-hour stay granted to Henry late Tuesday may be a trend in the 11th Circuit. The court gave Ernest John Dobbert a temporary stay that expired two hours before his death warrant ran out on Sept. 7. After a hearing, the court rejected his appeal, refused to extend the stay and Dobbert was electrocuted.

In a final interview with reporters Tuesday afternoon, a somber Henry repeated his claim that he is innocent and expressed bitterness had any oysters before."

"Innocent or guilty doesn't have much to do with my being here." he said.

My being here has to do with a situation wherein there are people in Florida who wish to have their sadistic attitudes satisfied and this whole situation is for that purpose - to satisfy that need to kill."

Florida has electrocuted eight - six this year of the 24 men who have been put to death in the United States since the Supreme Court lifted its death penalty ban in 1976.

Henry ordered a last meal of a dozen raw oysters with hot sauce because he said. "I never

Oviedo Police Struggle With Faulty Radios

By Rick Brunson Herald Staff Writer

Oviedo police officers will have to make do with citizens band radios and faulty portable radios for another year until the city can afford to buy a \$25,000 communications system, Oviedo Police Chief Robert Hancock said Tuesday.

Four of the five portable radios were taken to a repair shop last week after they quit transmitting. Hancock said. This left the department's seven patrol cars with three mobile radios and one portable. The radios were spread out to the different shifts so no officers were without communication, but Hancock said there is a potential for danger to the officers and the citizens they serve

unless the present system is updated.
"It hasn't hampered law enforcement yet." Hancock said. "The question is, how long it is before it does?"

The portables, which were bought used, Hancock said, are old and worn. Officers often have trouble, communicating with the department because the radios do not transmit property Hancock said. properly, Hancock said.

A Seminole County sheriff's deputy is plaining about Ms. Stephenson winning the contest while on duty. Polk ordered an investigation.

Ms. Stephenson won the money last week when she called WWKA-FM. Orlando, and correctly identified two songs the station had played in a promotional contest. The call was made after 6 p.m., while Ms. Stephenson listened to the radio at her duty station.

Spolski said that, although to his knowledge, the sheriff's department has not received a single call of complaint from the public related to Ms. Stephenson's participation in the contest. Polk is forced to reprimand her, because she was not concentrating on her duty and had used the department's phone line to make the call. The department. Spolski said, has no authority over whether or not Ms. Stephenson accepts her winnings.

"We had to acknowleged it. We can't make exceptions, because then other situations can develop. We have to set a precedent and let our deputies and detectives know that they can't be derelict and Ignore their duty." Spoiski

Although "her assigned duty and obligation to the taxpayer was not fulilled to the extent that she participated in the contest while on the job," Ms. Stephenson's Job is not in Jeopardy, Spolski said.

She was not available for comment. The flap over her winning the contest, whether it is justified or not. Spolski said, appears as if it might be the result of jealousy on the part of a co-worker. The investigation into the incident is not complete, he added.

Courtroom Scuffle Ends In Mistrial

By Deane Jordan Herald Staff Writer

A clothes-ripping Judge-damning demonstration in a Sanford courtroom Tuesday followed an hour later by a courtroom scuffle between the same defendant and four sheriff's deputies resulted in the mistrial of a south Seminole County man charged with

Circuit Judge Robert McGregor, who declared a mistrial after the verbally obscene, spit-flinging skirmish, set Oct. 5 for another trial.

Harold Earl Moore, 30, of 2561 Crawford Road, was on trial in courtroom C at 9:30 a.m. charged with a robbery that occurred in March 1982.

At the beginning of trial, according to Assistant State Attorney Donald Marblestone, McGregor politely asked Moore, who was dressed in blue prison garb, if he choose to wear his prison clothes to the trial rather than civilian

Marblestone, who is prosecuting the case, said McGregor was required to ask Moore if he freely chose to wear prison clothes while appearing in court. The judge must ask the question to determine if anyone was trying to

influence the jury by denying Moore civilian clothes to wear.

According to several courtroom witnesses. Moore, who had refused to wear civilian clothes, became verbally abusive by shouting obscenities. He reportedly took off, crumpled and threw to the floor a blue blazer a public defender had loaned him and ripped open his blue khaki shirt, attempting to

remove It. At the same time. Moore was asking McGregor if he disliked his (Moore's) prison clothes, witnesses said. Moore was also reported to have spit and laid on the defense table and tried to take

his pants off. At the order of McGregor, Moore, who was handcuffed by deputies after the disturbance, was removed from the courtroom and the trial temporarily stopped.

An hour later, after the trial resumed. Moore, handcuffed, refused to sit down with Public Defender Don West, who Moore did not want for a defense counsel. Moore reportedly shoved the large defense table then rounded the table headed towards McGregor. Moore was grabbed by the handcuffs by a deputy, dragged to the floor and held on the courtroom carpet by four deputies who shackled him and then handcuffed him to a chair. Moore stands about 5-foot-9 and weights about 200 pounds, according to depu-

Doctors, Dentists Lost Millions

5 Nabbed In 'Ingenious' Fraud

ORLANDO (UPI) - A resort-referral investment scheme that bilked almost \$6 million from doctors and dentists nationwide was one of the most sophisticated frauds in Florida history, state officials said.

The masterminds of the scheme were charged Tuesday with more than 170 securities violations.

State Comptroller Gerald Lewis, who filed a civil complaint against the five people charged with operating the ring. described the scam as one of the largest he has encountered.

'It was a rather complicated scheme and a rather ingenious one," said

Lewis said 140 doctors and dentists from across the United States, including nine in Florida, paid \$5.7 million into the scheme that was operated for six months in 1983.

Authorities said they had not determined the number of states involved.

The announcement Tuesday ended a year-long investigation into Orlandobased Vacondo Corp., a firm that authorities say used an elaborate network of fraudulent companies to match condominium developers with real estate brokers who have interest in time-share condo investments.

However, Lewis said none of the physicians received anything for their investments as the money "went into the pockets of the principals." Investigators said the scheme began in April 1983 with the distribution of direct mail advertisements to doctors and dentists nationwide. Investigators believe physicians were chosen because of their relatively high income.

Serious Crime Up

TALLAHASSEE (UPI) - The Florida Department of Law Enforcement said today serious crime increased by two-tenths of one percent during the first six months of this year, costing Floridians \$294 million.

FDLE Commissioner Robert J. Dempsey said incidents of murder and theft declined, but all other major crime categories were up from the first half of 1983. He said the .2 percent increase might indicate a reversal of the previous downward trend in statewide crime

The FDLE crime report showed a drop in murders from 644 in the first half of 1983 to 590 in the first six months of this year. Larceny and theft reports also declined by 2 percent, from 200,751 to 196,683 for the first half.

Beating Sentence Called Fair

DETROIT (UPI) - A man sentenced to 25 years for beating Chinese-American Vincent Chin to death with a baseball bat received a fair sentence, a Chinese-American civil rights leader says.

Ronald Ebens was ordered to report Oct. 18 to begin serving his sentence. Ebens has been free on \$20,000 bond since his June 28 conviction of violating Chin's civil rights by killing him.

Defense attorneys contended Chin's death was the result of a drunken barroom brawl and denied racism was involved. Prosecutors argued that Ebens and his stepson apparently mistook Chin for Japanese and blamed him for layoffs in the U.S. auto industry.

"The fact that he was sentenced to 25 years seems like a fair sentence for the brutal murder of a man." Laura Chin. executive director of the Organization of Chinese Americans, said Tuesday. She is not related to the victim.

First Black Police Chief Gets 6 Years In Protection Scam

WEST PALM BEACH (UPI) - Former Riviera Beach Police Chief Boone Darden has been sentenced to six years in federal prison for his part in a scheme to sell police protection for an illegal gambling parlor.

The sentence imposed Tuesday by U.S. District Judge C. Clyde Atkins also included a \$10,000 fine and three years probation. Darden, 58, who was Florida's first black police chief, could have received a maximum 40-year prison sentence.

Darden, who had been police chief for 12 years, was convicted in July for accepting a bribe to provide protection for a gambling club in 1981 and 1982. The club actually was staffed by undercover FBI employees as a sting operation designed to uncover mobsters moving into Palm Beach County.

Darden claimed at his trial that he was dealing with the undercover agents because he was conducting his personal investigation of illegal gambling.

Pulled Molar Sparks Lawsuit

A Sanford man is suing a Sanford dentist for a tooth removal that has allegedly caused permanent loss of feeling in the man's mouth and face.

Claude Herbert Roberts has filed suit against Dr. Andrew Greenberg of the Lakeview Professional Center, of 819 E. 1st

Roberts is asking for an unspecified amount of damages in excess of \$5,000 and a trial by jury. No trial date has been set.

In the suit, Roberts states that he was treated by Greenberg between Aug. 20 and Sept. 1, 1983. During that time, he had a third right lower molar extracted.

He states that the dentist opted to remove the tooth without first using antibotic therapy, used inadequate X-rays and failed to notice that two nerves ran close to the roots of the tooth. Roberts claims Greenberg was not qualified to extract the tooth with such nerve placement, falled to provide "expected" care, did not refer him to an oral

surgeon and used improper medical tech-

The result, Robert alleges, was abnormal scusations in the mouth and face, and an open nerve where the tooth was extracted.

Roberts states that he has been forced to incur medical expenses, experienced disfigurement and suffered the loss of the capacity to enjoy life plus permanent loss of feeling in his mouth and face.

Citrus Canker May Have Infected More Nurseries

tural experts say more Florida nurseries could be infected with the deadly citrus disease canker because of new proof the outbreak occurred at least three months earlier than first re-

Collins said inspectors initially determined the outbreak of canker at Ward's began in April or May. It was not discovered until Aug. 24.

As a result, Collins said, inspectors would have to review repords dating back to Sepseedlings and other citrus materials were shipped from Ward's. 'We have called in additional

personnel. We have 100 inspectors, 75 from Florida and 25 federal. California has offered to send 25 of their own... and we're going to start our own hiring soon," Collins said. The new proof of the January

The highly contagious canker causes brownish yellow lesions on citrus fruit, twigs and leaves and reduces the vigor of stricken trees, eventually killing them.

There is no known cure and the only way to cradicate the disease is to burn infected trees.

The confirmed infestations have been limited so far to nurseries, but growers fear it tember 1983 to see what could spread into commercial groves as trees are planted to replace those killed in the Christmas weekend freeze.

SAT Scores Finally End A 20-Year Skid

By Patricia McCormack UPI Education Editor

NEW YORK (UPI) - College-bound students taking the Scholastic Aptitude Test this year scored 4 points higher than their counterparts a year ago, but educators were hesitant to interpret the figures to mean a 20-year plunge in scores has bottomed out for

In 1963, SAT scores averaged 478 in the verbal test and 502 in mathematics. By 1983, the respective scores had deteriorated to 425 and

The U.S. Office of Education said Tuesday the combined scores for 1984 were 4 points better than last year - but it did not provide specific tallies from the two tests. It said. however, the largest increase was in math scores.

The increase in the average score was the biggest since 1982 when scores moved up a

lotal of three points. In 1984 about 1 million college-bound high school seniors took the SAT.

Education experts say although the improvement in 1984 is a hopeful sign, there is nothing to indicate it will develop into a trend.

The decline in SAT scores has been widely pointed to as proof that America's schools are failing to produce eduated graduates. Several educaton task forces have led a reform movement in education but observers say it is far too early to tell if their efforts are paying

Secretary of Education Terrel Bell has said he expects the SAT scores to rise by about 10 points by 1985, signaling that the turnaround from the long slump is genuine. However, this year's rise of 4 points could be just a quirk that does little to lift overall scores from their decline, he said.

The mathematics average last year rose to 468, compared to 467 in 1982, while the average verbal score fell to 425 to 426.

The tests are scored from 200 to 800. Students who score in the 700 to 800 range usually gain entry to the nation's most academically demanding universities such as Harvard, Yale, Princeton and Stanford. The tests predict the level at which a student will do well in college work.

College Board officials last year and in previous years have cautioned against pouncing on increases or decreases In the SAT scores as proof that the schools are doing well or poorly.

Injured In Truck Accident

Man Sues To Find Out Who He Should Sue

A Sanford man has sued a fictitious company so he can find out who may have been responsible for a tire repair that reportedly led to an accident in which he was injured.

Orlando, Waters' suit was filed against a

non-entity so subpeonas could be issued to determine which: if any, companies were responsible for improper truck maintenance that led to Waters' injuries.

Waters states in the complaint that on

March 12 he was driving a truck of Six Flags Nursery Supply Inc., 1600 N. state Road 427, Longwood, when an improperly installed tire collapsed, causing the truck that was travelling 45 mph to overturn.

Waters stated that the accident caused him permament injury, pain, suffering.

disfigurement, mental anguish, loss of the capacity for the emoyment of life, medical expenses and the aggravation of an existing condition.

Waters maintains that the wheel was "negligently installed" and "defectively selected" on or about March 1.

Since it is not known to Waters who performed the installation, he has to file the suit to get subpoena powers to not only find out who to sue but also whether he has a case, Coward said. -Deane Jordan

Congress Considering Taxing Benefits

WASHINGTON (UPI) - It won't happen this election year, but Congress is taking its first, serious look at taxing fringe benefits such as pensions, insurance and day care, now provided free to millions of American workers.

"There's no need for anyone to get frightened about this," Rep. J.J. Pickle, D.Texas, said Tuesday as his Ways and Means Social Security subcommittee and another subcommittee opened

"All we want to do is examine the issues involved calmly, responsibly and thoroughly," Pickle said. He said no proposals are under consideration now.

The opening session heard Treasury and Social Security Administration officials warn that the dramatic growth of company-paid, tax-free fringe benefits threatens the government's ability to

Employers now may deduct standard com-pany-paid fringe benefits as a business expense and those benefits are not included in employees' taxable income.

But tax-free benefits are growing faster than taxable wages, which means there is less income to tax at a time of ballooning federal deficits. President Reagan's pledge not to raise income tax rates puts pressure on Congress to find money

elsewhere. The Treasury estimates it lost \$64 billion in

1983 Social Security and Income taxes because fringe benefits are tax-free and predicts it will lose \$78 billion in 1985.

Tax-free benefits will account for 34 percent of total compensation by 2060 if nothing is done, the Social Security Administration estimates.

Ronald Pearlman, acting assistant Treasury secretary, said the government is concerned the growth of tax-free fringe benefits "has caused tax rates to be higher than they would otherwise be.

If Social Security and Income tax rates are not increased, "Hard choices must be faced as to which fringe benefits can be granted tax-favored treatment." he said. The administration wants a ceiling on tax-free

health insurance and no tax breaks for "flexible spending arrangements," under which workers can set aside some salary to pay for tax-free Harry Ballantyne, Social Security's chief

actuary, said the current fringe benefit growth rate will cost Social Security the equivalent of a half percentage point of payroll tax over the next

In addition, he said, because wages are shrinking as a proportion of total compensation. workers will get smaller Social Security benefits when they retire because benefits are based on actual wages paid.

Nicaraguan Misadventure

It appears to be true, as the State Department, the CIA and the White House claim, that the two Americans killed when a rebel helicopter was shot down over Nicaragua on Sept. 8 were only soldiers of fortune. Presumably they weren't on the CIA payroll, had no connection — official or unofficial — with the agency. And maybe they would have been there, on a rebel mission against a Nicaraguan military training camp, even if Congress hadn't refused to expand official U.S. assistance to the contra guerilla war against the leftist government of Nicaragua.

In short, maybe it's just another of those incidents that's more the stuff of paperback fiction than of political high drama. But the Reagan administration, by its dogged determination to go on fueling this pointless guerilla action against the will of Congress and of a majority of Americans, and against all common sense, has created an atmosphere of suspicion that won't go away until this country's policy toward Nicaragua starts to make some kind of sense.

Does it make sense, for example, to wage a proxy war that has no chance of success but which brings international criticism of such a cynical enterprise? Does it make sense to sustain such a war and at the same time allow unfettered trade between the two countries? Does it make sense to proclaim that all Washington wants is for the Sandinistas to restore democracy and leave their neighbors alone while allowing the CIA to direct the mining of Nicaraguan harbors?

Congress approved \$24 million in aid to the contras for fiscal 1984, but wisely refused to appropriate \$21 million in supplemental assistance sought by the administration for the same period. The issue will come up again soon, when the administration plans to seek \$28 million for fiscal 1985. Congress should refuse any appropriation, except the modest sum it would take to extricate the contras from their hopeless mission. Only by shutting from their hopeless mission. Only by shutting down that war, and by taking steps to discourage the private support now being funneled to the contras by right-wing organition hope to achieve any success in the

ongoing talks with Managua and bring an end to the mutual hostility that carries the everpresent threat of a wider war.

Soviet Shakeup

Moscow's sudden announcement that Marshal Nikolal Ogarkov, former chief of the Soviet general staff, has been demoted and made head of the Voroshilov Academy of the General Staff in Moscow came as somewhat of a surprise.

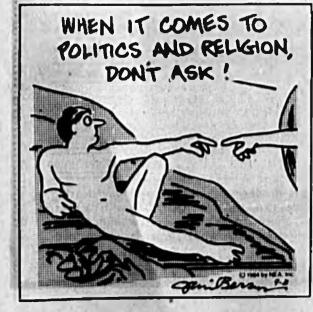

There was no earlier indication that the Soviet chief of staff was on the outs politically. Quite the contrary; Ogarkov had a very high professional reputation as a nononsense officer.

In hindsight, there do appear to have been some policy or military doctrine disputes that could have led to Ogarkov's downfall. He made recent policy statements that indicated that more Soviet military spending should go to conventional forces rather than to strategic weapons. That is against the grain of current policy. It is also possible that Ogarkov is being given the blame for the poor showing of the Soviet army in Afghanistan.

However, Ogarkov's dismissal may have as much to do with intra-Kremlin politics as with defense policy. Even though it is a dictatorship, the Soviet Union still has a very strong tradition of civilian control over the military. Since taking office in 1977, Ogarkov had — by Soviet standards — unprecedented public exposure, including interviews with foreign newsmen and his conduct of the Soviet press conference on the downing of the KAL 007 last year.

As with Premier Nikita Khrushchev's sacking of Soviet Chief of Staff Marshal Georgi Zhukov (the most respected Soviet general of World War II) in 1957, Ogarkov's firing may have been due in part to a fear by civilian party leaders that Ogarkov was becoming too politically powerful and influential.

BERRY'S WORLD

The dynamic duo has struck again. Linda Evans and Doraine Harrington have been named Volunteers of the Year for 1984 by the Dividends. Seminole County Schools' volunteer program.

Both have logged 1,087 hours each in the last two years, helping children at Geneva Elementary School Improve their learning skills. In addition to helping in the classroom, they have presented numerous community resource programs all over the county. They assisted in the fingerprinting program for the youngsters and organized and ran the Math Superstars Program.

In other Dividend news, the mentorship program is entering its second year in Seminole County schools. The program, unique to Florida, matches local retirees with special abilities and experience in certain fields with students who are considered bright and creative. Then, according to Jo Starks of Dividends. 'these one-on-one partnerships explore each other's interests; then they plan and schedule the execution of a project to be shared with others.

The results of these "magic mat-' she says, are lasting friendships and the expanding of the childrens' minds and experience.

There will be a workshop on developing childrens' potential Oct. 4 at Sanlando United Methodist Church, Interstate 4 and state Road 434. This free workshop will be held from 9-11:30 a.m. and will feature Mrs. Vanda Williamson, Palm Beach County, as speaker. Parents, teachers or anyone else interested may attend.

On Oct. 5, there will be a presentation on the materials and

methods used in the reading program in Seminole County schools. The free program will be held in the Eastmonte Civic Center, state Roads 436 and 427, from 9-11 a.m. or noon to 2 p.m. Parents and teachers may attend. For more information about either workshop call the Dividends at 834-8211

Lake Howell High School will be having an auction Oct. 6 at the Willia Springs Plaza, Red Bug and Tuscawilla roads. Geraldine Ferraro's Dilemma

NEW YORK (NEA) - Underlying the current furor over the Cuomo-Ferraro position on legalized abortion is one important unrecognized fact: The Roman Catholic bishops, or at least some of them, have decided to blow the whistle at last on various liberal politicians who have been getting away with posing as faithful Catholics while simultaneously supporting abortion.

Why have the bishops decided to act on this subject at this particular time? Because the question has ceased to be a matter of mere intellectual inconsistency and become a burning issue based on a grim fact: Since abortions were extensively legalized by the Supreme Court in Roe v. Wade in 1973, there have been about 15 million legal abortions in this country, many of them financed by such "progressive" states as New York and California. These operations, which abortion opponents sincerely believe amount to the brutal extinction of innocent human lives, are now proceeding at the brisk pace of 1.6 million every year.

The problem is what to do about politicians who profess to be Catholics, and serenely reap the often considerable political benefits of that status, then turn around and squarely oppose the Catholic posi-tion on abortion. Geraldine Ferraro is our model here. Right after her nomination for vice president, Peo-

ple magazine quoted her as saying. 'My husband, my children and I are churchgoing Catholics. We feel very strongly about our religion." And yet, as the 1984 Almanac of American Politics admiringly put it: "She was able to get away with supporting government-financed abortions for the poor."

How does she do it? Her explanation is glib: "My foremost duty as a public official is to uphold the United States Constitution, which guarantees freedom of religion. I cannot fulfill that duty if I seek to impose my own religion on other American citizens.

At Notre Dame, New York Gov. Mario Cuomo argued, quite rightly, that a public official of the Catholic faith should not be expected to tow the Catholic line on the whole series of public issues on which his church has positions (e.g. contraception). but on which a pluralistic society can only proceed by a larger consensus. But the church certainly has the right to define a particular stand - in this case opposition to abortion - as doctrinally central to its teachings, and to ask politicians who do not support it to stop bidding for Catholic votes on the grounds of a shared faith.

After all, the Catholic church is entitled to participate in the development of that national consensus,

Religion In Politics

Walter Mondale's tactic of pushing the "religion" Issue into the foreground of his campaign has several goals. When Mondale and Ferraro talk about the "separation of church and state" they are really using code words. They are talking about Reagan's appeal to conservative religious groups, notably but not only the fundamentalist Protestants as represented by the

For one thing. Mondale is signaling the major Jewish organizations that Reagan is trying to "Christianize" America. During the primary campaign. Mondale lost a lot of ground with the Jewish organizations and their leadership because of his pusillanimity in handling the Rev. Jesse Jackson, of "Hymletown" fame, and because of Jackson's relationship to the blatantly anti-semitic Louis Farrakhan. Mondale is trying to recover his lost ground here with his

"Christianization" theme. Now no one really believes that Reagan is out to turn America into a Christian theocracy. Even if he wanted to do so, and he doesn't, Reagan would not have the power to bring that about, or even make a start toward it. We are operating here in the realm of symbols and of status. What Mondale is really signaling is that if he is elected president he will appoint Supreme Court justices who will oppose Nativity displays in Pawtucket, R.I., and ban the singing of "Silent Night" in public school auditoriums. To some people, those symbols are very negative, and Mondale is signaling that he opposes them.

During the primary campaign. Mondale also lost a lot of ground among the constituency that came to be known as the Yuppies, whose champion was Gary Hart. In fact.

Mondale may have made a major mistake in picking Geraldine Ferraro instead of Hart as his vice presidential running mate. After all. Hart got about as many votes during the primaries as Mondale did, he appeals to a distinctive constituency, and he buried Mon-dale in the climactic primary in the crucial state of California. But, in loan Didion's phrase, Mondale now sais to play it as it lays and he has to

appeal to those Yuppies - the Young Upwardly Mobile Professionals.

These people don't like Jerry Falwell. They are not great Bible readers. If they need an abortion or a little pot they want them to be readily available. They would regard any sort of censorship as skilled and moving into the higher tax brackets, and they voted for Gary Hart because they understand that Walter Mondale has designs on their bank accounts. When Mondale issued his famous promise to "raise taxes." this constituency knew exactly what he meant. That is, he meant a large "income transfer" from the high-tech and skilled Job holders to the low-tech "Rust Belt" and to the welfare underclass. The Yuppies understand that Mondale was bought and paid by the AFL-ClO, and that when Gary Hart flattened him in New Hampshire, it was the AFL-CIO, and its probably tilegal campaign contributions that saved his political life. Polls taken during the primaries indicated that many of the Yuppies would vote for Reagan if Hart lost to Mondale, and Mondale is now trying

to frighten them with Jerry Falwell.

Mondale's use of the "religion" issue also addresses a growing Catholic problem, which might be put succinctly as The Pope Is Not a

Sinking Of The 'Float'

WASHINGTON (NEA) - The often-promoted but long-delayed checkless, cashless society is rapidly emerging — in a form which will cause many consumers to rue its

Linking virtually all retail customers' financial transactions directly with their bank accounts will be the "debit card," a plastic card superficially identical to a credit card.

There is, however, one very important difference: When a store makes a sale to a customer using a debit card, the purchase price is immediately debited to the buyer's account and credited to the merchant's account.

Credit cards, on the other hand. have a built-in "float" - the period between the purchase and the actual transfer of funds from buyer to seller - which typically ranges from 30 to 45 days. Those who pay by check enjoy the benefit of a shorter float, usually from two to four days.

Thus, there's little enthusiasm among consumers for debit cards and that's one reason why their introduction in the late 1970s was a marketing disaster.

Nevertheless, the banks which issue debit cards and the businesses which accept them now have mounted a new campaign to gain compumer acceptance because allelectronic transactions using debit cards are cheaper to process than any other form of payment.

One survey of service station expenses in handling an \$18 gasoline purchase found that it cost 54 cents to handle a cash payment, 60 cents to \$1 for a check, \$1 for a credit card - and 10 cents for a debit card.

Automatic teller machines or ATMs already are in thousands of banks and are rapidly spreading to shopping centers, supermarkets. airports and other locations. Millions of bank depositors have been persuaded to rely upon them, as an alternative to dealing directly with tellers, for making deposits. withdrawals and intra-account transfers.

When the Federal Reserve Bank of Atlanta recently surveyed the 35 largest grocery and convenience store chains in the Southeast, It found that two-thirds of those stores expected to have ATMs installed within the next two years.

The instrument used to gain access to ATMs is a debit card although banks have carefully avoided identifying it as such and instead have promoted its ability to provide "instant cash."

But ATMs located in retail outlets also are only one step away from the cash register - the point of sale or POS - where merchants can instantly collect the full purchase price from customers' bank.

Health Provider's Exemption Denied

WASHINGTON - No one needs to be reminded that the costs of federally funded health care are soaring into the stratosphere. Many companies that provide the equipment and services needed to treat Medicare and Medicaid patients charge top dollar whenever they can get away with it.

To prevent this unconscionable profiteering on the misery of the nation's sick and needy, the Department of Health and Human Services has laid down certain regulations intended to keep some kind of control over runaway costs. One of these prohibits "sweetheart" deals between health providers and subcontractors that inflate the cost of goods and services.

This is the story of a major health provider's request for an exemption from the sweetheart-deal rules and its rejection by HHS after an investigation by the agency's inspector general.

The exemption was sought late

last year by National Medical Care inc. of Waltham, Mass., the nation's largest provider of life-sustaining kidney dialysis treatment. HHS auditors discovered that one of the corporation's subsidiaries, Erika inc., sold dialysis supplies to another subsidiary, the Artificial Kidney Center of Queens, N.Y., at prices from 22 percent to 56 percent above the going rate.

As a result, the auditors found. Erika made \$181,671 in excess profits in 1977 on that deal alone. Erika also netted \$4.3 million in excess profits during 1981 from sales to its corporate siblings, ac-cording to the still-unreleased IG report.

Under federal regulations, such corporate incest is permissible only if the company can prove that the charges were "comparable" to the going rate, and that a "substantial" part of the company's business is with unrelated firms.

Erika flunked both tests, according to the auditors.

Data it submitted on 1981 sales showed that the company did more than half its business outside the corporate family. The HHS in-vestigators concluded that the correct figure was only 48 percent.

As for comparable prices, the auditors looked at Erika's charges to its parent corporation's 170 clinics and to other, unrelated clinics and concluded: "Contrary to NMC's assertions, sales to related organizations were at generally higher prices than sales to unrelated organiza-

NMC Vice President Timothy 1. McFeeley urged HHS not to release the information gathered by the inspector general. It's easy to un-derstand the company's concern. For example:

The company claimed that Erika actually charged NMC clinics an average of \$21.93 less for dialysis machine filters than it did to unrelated clinics. The IG reviewed four filter mudels and found that Erika had in fact charged

clinics in the corporate family any where from \$38.08 to \$83 more per filter, for an excess profit of \$1.3

The company claimed its clinics paid only 84 cents more for blood-line sets from its Erika subsidiary; the auditors found the markup averaged \$8.46. for an excess profit of \$271,693 on that

A spokesman told my associate Tony Capaccio that the company could not appeal the rejection of its exemption request. Though he conceded the audit was done legally, he said, "The problem is with the regulations themselves."

In his letter to the IG. McFeeley called the audit "a colossal waste of tax money." But if HHS had allowed the higher prices resulting from NMC's sweetheart deal with its subsidiary, they would have af-fected the federally established reimbursement rate for kidney dialysis treatments nationwide.

REALTE-

ST. LOUIS (UPI) - The best may be yet to come for Tim Raines, who "stole" his way into baseball's record

Raines became the first player in major-league history to steal 70 or more bases four seasons in a row Tuesday night when he swiped four in five attempts to help the Montreal Expos to a 7-4 win over the St. Louis Cardinals.

The four steals gave him 70 on the season, best in the National League.

"You talk about the best players in the game," Raines said, "and this makes me one of the elite. This is my fourth year in the major leagues and I feel I'm going to get better."

But Raines also issued a warning. "Records are made to be broken," he said. "Some of the young ballplayers coming up are better than a lot of us."

Raines said he is learning more and more about stealing bases each times he goes out for a game and that will make him a better baserunner.

"I learn more about each pitcher and catcher so that as a baserunner, I don't rely on pure speed." he said. "Sometimes I'll pick my spot, but I try not to use the same pattern. I feel as long as I keep them off balance and always keep them guessing. I'll be able to steal some bases."

Bryn Smith evened his record at 12-12, going seven innings, giving up

six hits and four runs and striking out six. Jeff Reardon pitched the final two innings for his 21st save.

Raines didn't waste any time, hitting a single in the first inning off Joaquin

Andujar, 19 13.

Raines stole second and took third on Bryan Little's sacrifice. Andre Dawson walked and with two outs. Dan Driessen homered to right, his 13th of the season to give the Expos a 3-0 lead.

The Expos tied it in the second as Rene Gonzales scored on an error by Andujar and put the game away in the seventh, scoring three runs on a RBI double by Little and a two-run double by Tim Wallach. In the Inning, Raines drew a walk, then stole second and

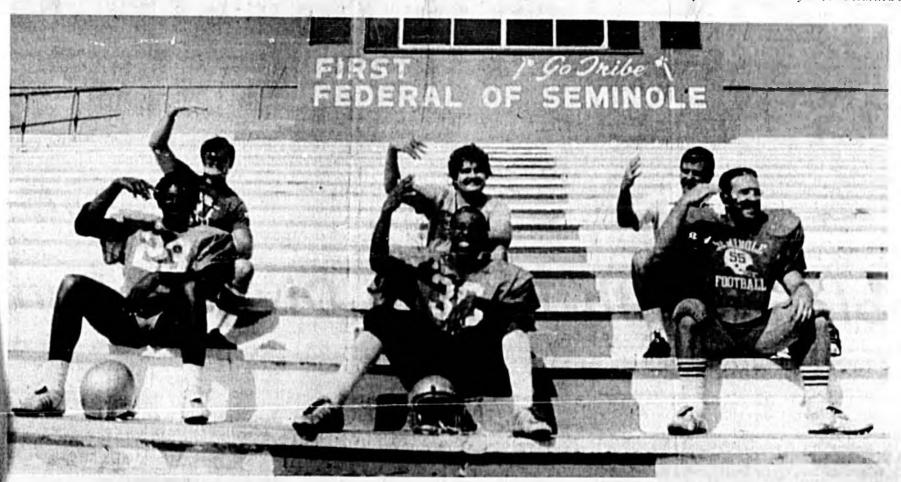

"I've been stealing third more the last two months than all year," Raines said. "This year, I've learned that I can

steal third a lot more and you can bet that next year I'm going to take advantage of that. The opportunity is

He said Andujar has a good move to first, but "he goes to plate slow because of his kick," Raines said.

Raines tried to steal again in the eighth off reliever Kevin Hagen, but this time was thrown out by catcher Darrell Porter, only the fourth catcher this season to throw Raines out.

"I felt the throw was high," Raines sald. "You're never happy when you're thrown out and I felt I was safe. But it's tough to be an umpire and a

Crabs' Hurricane Claims Seminole, Rams As Victims

By Chris Fister **Herald Sports Writer**

The Lake Mary and Seminole volleyball teams were looking forward to getting at one another for the first time in the 1984 season. But, before the two Seminole County rivals would meet, each would have to go up against Daytona Beach

And that was no easy chore. Seabreeze's Lady Sanderabs blew into Seminole High for Tuesday's tri-match and did almost as much damage as Hurricane Diana did to the North Carolina coastline. Scabreeze rolled to straight-game victories over both Seminole.

15-10, 15-5, and Lake Mary, 15-5, 15-6. The Lady Sandcrabs put a damper on the Seminole-Lake Mary contest but the Lady Rams were the fastest to rebound as they came back to upend Seminole, 15-12, 15-8 in Tuesday night's final match.

Lake Mary now stands at 1-4 on the season and will be back in action Thursday at Apopka. Seminole, 0-3, hosts Spruce Creek Thursday.

"I didn't want to go to practice tomorrow (Wednesday) with an 0-5 record," Lake Mary coach Cindy Henry said. "We started moving a little better and communicating better against Seminole. We're starting to play as a team a little

While Lake Mary started to communicate better, it was lack of communication and a

number of missed serves that killed Seminole.
"We were moving well, but we had no communication and our serving was terrible." Seminole coach Beth Corso said. "Everytime we'd get something going, a missed serve would kill us. It's going to be fixed. It's just a matter of how long it takes."

Seminole and Scabreeze squared off in Tuesday night's opening match and the Lady Sandcrabs wasted no time in taking charge. With the score tied at 2-2, Jennifer Toliver's hit gave Scabreeze a side out and Toliver went on to serve 10 straight points, giving Seabreeze a 12-2 lead. Included in Toliver's string was two aces and spikes by Donella Wesley and Silvia Pessoa.

Seminole regained the serve but couldn't score and Seabreeze went up 14-2 as Pessoa served two

points, the second an ace.

The Lady Tribe bounced back with four points on Janet Hauck's serve and, after a pair of Seabreeze missed serves, Seminole pulled to within 14-10 on Beth Nelson's serve.

An impressive block by Toliver gave the Sandcrabs a side out and Michele Theodore came on to serve the final point which came when Toliver drilled a spike into the Seminole defense.

The closest Seminole could get in the second game was 13-5 and Michelle Efferson put the finishing touches on the Lady Seminoles as she served the final two points on the match for

Lake Mary couldn't get anything going against the hard serving of Seabreeze in Tuesday's second match. In the opening game, Lake Mary held an early 5-4 lead but Seabreeze scored 11 straight points on Pessoa's blistering serve to win the game, 15-5. Included in Pessoa's service string was one ace and eight of her serves were not returned by the Lady Rams.

Seabreeze coasted to a 7-0 lead in the second game as Theodore served seven straight points. Theodore also came back to serve the final point as Seabreeze won the second game, 15-6, and the

"They've got some good hitters and blockers," Henry said of Seabreeze. "We missed too many serves against Seabreeze and couldn't return their serves."

Lake Mary came back with a fine much better performance against Seminole, led by senior setter Lisa Simkins. "She's (Simkins) the one that makes things happen for us," Henry said.

The first game between Seminole and Lake Mary was close from start to finish. The game was tled five times, the last time at 10-10. With Seminole holding a 10-9 lead, Kathy Hodak's dink gave Lake Mary a side out and the Rams reeled off four points on Anquenette Whack's serve to take a 13-10 lead.

A Seminole missed serve gave it back to Lake Mary and Misty Duncan served one point to give the Lady Rams a 14-10 lead. A spike by Hauck kept the Seminole's alive and they pulled to within 14-12 on Hauck's serve. But another missed serve gave Lake Mary a side out and Robyn Christensen served the final point, giving the Lady Rams the game, 15-12.

Seminole couldn't get anything going in the second game, as its biggest rally was good for just three points. Lake Mary broke a 7-7 tie with a pair of points on Sloan Stewart's serve, one an ace.

Seminole pulled to within 9.8 on Jill Witherow's serve, but that was as close as the Tribe would come. Simkins, who hustled all over the floor Tuesday, served three points to give the Rams a 12-8 lead. Seminole would get the serve three more times without scoring.

With Lake Mary holding a 14-8 lead, a missed spike gave the Rams a side out and Christensen's ace gave Lake Mary the match, 15-12, 15-8.

Last year at this time, Lake Howell's Silver Hawks were fresh from 44-0 and 17-14 victories over Bishop Moore and Spruce Creek, respectively. It was a thrilling reversal that left Bisceglia and his troops in shock. They were reduced to tears. It was a disaster which turned around their season. They never recovered from the stunning upset. The preseason favorite finished 5.5 despite playing Apopka and Winter Park

Lake Mary Suffocates Pats, 21-0 Andys Are Dandy For 2-0 Lions

The stingy defense of Lake Mary's freshman football team gave up just 45 yards of total offense to Lake Brantley while the Rams' offense rolled up over 350 yards Tuesday night in Lake Mary's 21-0 whitewashing of the Patriots at Lake Brantley High.

Lake Mary improved to 2-0 with the victory and will be back in action Tuesday, Oct. 2, at Osceola

Our defense pretty much shut Lake Brantley down," Lake Mary coach Jim Hughes said. "They didn't move the ball at all."

The defenses dominated most of the first half as neither team scored in the first quarter and the only score of the second quarter came on the last play of the half. That play was a screen pass from quarterback Kelly McKinnon to fullback Terry The Cat" Miller. Miller broke into the open and scampered in for a 40-yard touchdown. McKinnon added the conversion kick to give the Rams a 7-0 halftime lead.

Lake Mary upped its lead to 14-0 in the third quarter as its other fine running back. John Curry, rambled 50 yards for a touchdown and McKinnon again added the conversion kick.

Curry's two-yard plunge in the fourth quarter put the game out of reach for Lake Brantley, McKinnon's kick gave the Rams a 21-0 lead.

Lake Mary ground out 260 yards rushing Tuesday and McKinnon threw for 98 yards. Lake Brantley had just 45 yards rushing and no yards

After a scoreless first half, Ovledo took a 6-0 lead when McCurdy punched the ball over from the one-yard line with seven minutes left in the third period. The extra point attempt was botched because of a poor snap.

Oviedo added some insurance with 1:30 to play in the game when Devine muscled in from one yard out. The kick for the PAT failed.

Smithart, a defensive guard, led the defensive effort with six tackles and two assists. Devine, a linebacker, collected five solos and two assists while defensive tackle Palmer had five tackles

Pernfors, Svantesson 'Drop Shots' Surprise Old Coach

Mike Perfnors gets in a few practice swings. Former SCC All-America will return to Georgia for his senior year. He hopes to repeat as the #1 singles player in the NCAA tournament.

I was sitting in my office last Friday morning reading the paper, er sorry Dr. Weldon, grading papers, when the phone rang. On the other end was a familiar voice.

'Coach, this is Mike Pernfors," the voice said, "I just got back to school and I thought I'd call. I've decided to come back to Georgia for my senior

We talked awhile and Mike related details of his decision to go back to college instead of turning pro at this time. It was a nice visit on the phone and when we hung up I could not help starting to reminisce about Mike's two great years with us at SCC and his rise to the top of the colligiate tennis world

As I was deeply lost in my thoughts. a voice brought me back around. "Hey Coach, how's it going?"

I looked up and there was Mike standing in the doorway. It seems that he had called my office from a phone in the lobby of the gym. He wanted to surprise me and he certainly did.

Well, needless to say I was delighted to see him. We spent a couple of hours talking about old times and all the things that took place last year and this summer.

Mike had an unbelievable year last year at Georgia. From the first week at school, he established himself as its number one player. This is quite remarkable since Georgia is the third-ranked team in collegiate tennia.

Mike had a great fall winning two major tournaments at Clemson, the Southern Intercollegiate and many other team matches. Even before the regular season started Mike had established himself as a major force in college tennis.

When the regular season opened in

Larry Castle Herald Tennis

the spring. Mike took up where he left off in the fall. He raced through the regular season with a 21-2 record, won the Southeastern Conference at number one, and went on to win the NCAA singles champloship, thus finishing the year as the number one player in college tennis.

Mike, of course, now had a big decision to make on whether to turn pro or not to turn pro. Several great offers came in but Mike decided to wait until he had played several tournaments in the summer to make a

If he did well and got a good number of computer points he would go pro. If not, he would return to school.

Well, as it turned out Mike had a bad summer. Injuries sidelined him for about six weeks and the "down time" really hurt his game. He played in four tour events, including the U.S. Open, but only collected nine points. This was not enough to get him in most events for the coming year, so back to Georgia for his senior year.

Mike will definitely turn pro at the end of this year. He will also have a degree in business and another year of good, tough college experience.

Will he win the NCAA again? That's almost impossible but if anyone can Mike Pernfors will do it - he's just that sort of person.

Having Mike visit for the week-end was great but on Saturday I got a big bonus.

Tobias Svantesson, who played number one doubles for us and, along with Mike, made All-America in 1983, came over from Flagler where he is now attending college.

Tobias was a key player for SCC on the National Championship team of '83. In fact, Tobias was the only player to defeat Pernfors that year in an official match.

He and Pernfors met in the finals of the SCC benefit tournament put on by Tim and Joy Anderson at the Altamonte Springs Inn and Racket Club. Tobias was awesome that day, beating Mike 6-1, 6-4 for the championship.

Tobias won the state and nationals for SCC at the #3 singles position and the #1 doubles position, thus being named All-America.

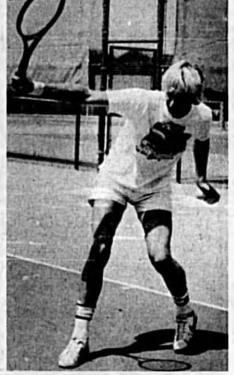

Last year, Tobias went to Oklahoma State University on a full tennis scholarship. He played number one for OSU, the #19 ranked college team in the U.S. Tobias had a great year but really wanted to get back to Florida and the good old sunshine.

Flagler College in St. Augustine was delighted that Tobias wanted to come to their school. It offered him a full ride and he is now playing number one on the team.

To be honest, Tobias has more real ability than Pernfors. He is bigger, stronger and possesses more natural

Tobias simply does not love the game as much, though, and consequently has never really devoted himself to becoming a great player.

A change in this area could occur at any time, however, and if and when

Ex-SCC star Toblas Svantesson delivers a backhand.

this happens. Tobias could be world

Anyway, it was great having these two quality young men visit for a few days. From their homes near Maimo, Sweden to Sanford and then on to four year schools, they have forged a remarkable record in tennis and made many friends along the way.

Tigers Complete Teeth-To-Tale Division Run

The Detroit Tigers made official Tuesday night what had seemed likely for months.

After posting a record 35.5 start this season that launched the rest of the American League East in futile pursuit, the Tigers clinched the division with a 3-0 victory over the Milwaukee

"I've been feeling good since we left Toronto," said Detroit manager Sparky Anderson, the second manager to win division titles in both leagues. "I knew our kids had done the things they had to do. After we won that three in Toronto I knew we were ready to play and I knew we were ready to go into the playoffs."

Anderson's 97-54 team is only three games away from making him the first manager whose teams won 100 games in both leagues.

Rookie Randy O'Neal clinched Detroit's first AL East life since 1972 — and the first wire-to-wire championship in the American League since A.L. Baseball

1927 with a four-hit shutout over seven

Making his first major-league start, O'Neal received even more adrenalin when teammate Mike Laga told him a Detroit radio station was Who is this guy O'Neal? Who is this Detroit is pitching on the day it's trying to clinch

"I don't want people to ask who Randy O'Neal ta," O'Neal said. "I want them to know."

Royals 10, Angels D

At Anaheim, Bret Saberhagen and two relievers combined on a four-hitter to solidify the Royals' hold on first place in the West. Kansas City's

fourth straight triumph, coupled with Minnesota's loss to Chicago, put the Royals two games ahead of the Twins and 2 1/2 games ahead of the Angels.

White Sox 5, Twins 3

At Minnesota, Ron Kittle hit a two-run homer and Harold Baines added a solo shot, his fourth in his last six at-bats, to power the White Sox. Gene Nelson, 3-5, picked up the victory in relief by striking out six in six innings as the White Sox posted two victories in a row for the first time since Aug. 6-7.

Yankees 10, Orioles 2

Red Sox 10, Blue Jays 3

At New York, Ray Fontenot scattered six hits over eight innings and Mike Pagliarulo's grand slam highlighted a seven-run second for the Yankees. Fontenot, 8-8, who tust returned from his three-game league suspension, struck out four and walked one. Don Mattingly socked a two-run homer. Dennis Martinez, 6-8, took the loss.

Dravecky Blanks Reds, 2-0

United Press International Let's face it, who can get their prayers answered better than a

team named the Padres? The San Diego Padres have been looking for help in shoring up a floundering pitching staff and, lo and behold, it came Wednesday in the person of Dave Dravecky.

Dravecky allowed only three hits Tuesday and stopped the Cincinnati Reds, 2-0, to help the Padres move a step closer to the National League West pennant. The Padres' victory, combined with triumphs by Houston and Atlanta, dropped San Diego's magic number for wrapping up their first NL West title to four over the Astros and three over the Braves.

It was the first victory since July 30 for Dravecky, 9-8.

"I came back at the right time because our bullpen was short." he said. "It's been a long time. I was well rested and it was a great day to pitch. It's been a humbling experience for me, but I had a lot of fun today because my sinker was very effective and my teammates made some fine plays behind me."

Dravecky's batterymate, Terry Kennedy, supplied most of the San Diego offense by hitting a two-run homer off loser Joe Price, 7-12, in the second inning. Kennedy slammed his 14th homer and fifth since Aug. 28 following a single by Carmelo Martinez.

Dravecky had a no-hitter for 5 1-3 innings before Ron Oester doubled to left in the sixth. The victory was only the sixth in the last 17 games for the West Division leading Padres.

Steve Garvey of San Diego tled a major league record for first basenien by playing his 178th straight errorless game over the past two years.

Lady Seminoles, Rams Tune Up With Dual Wins

By Chris Fister **Herald Sports Writer**

Seminole High's girls, fifth ranked in the state, and Lake Mary's boys, the state's seventh ranked team, came out on top Tuesday in the Seminole-Lake Mary dual cross country meet at the Seminole course near Lakeview Middle

The dual meet was a tune up for Seminole and Lake Mary going into Saturday's Lake Brantley Patriot Invitational at Seminole Community

The Seminole girls had all of their top five in ahead before Lake Mary's third runner as the Lady Seminoles came away with a team score of 21, compared to 37 for the Lady Rams.

Lake Mary, the 10th ranked girls team in the state, was without its number three runner, Heather Heikkila who was under the weather, and its number five runner Jodie McCurdy dropped out of the race because of asthma.

In the individual duel, Seminole freshman Shownda Martin outlasted Lake Mary's Sue Kingsbury for first place. Martin linished with a time of 12:55, shattering her own course record of 14:04. Kingsbury came in second at 13:10.

A pair of Seminole runners fought it out for third place and freshman Dorchelle Webster came in third with a time of 13:53 with junior Debbie Coleman right on her heels at 13:54.

Lake Mary senior Fran Gordon took fourth place at 14:15 followed by Seminole's fourth and fifth runners, Jennifer Roberts (sixth at 14:50) and Katrina Walker (seventh at 15:09). Lake Mary's Niki Hays finished eighth at 15:23

followed by Seminole's Glenda Bass (ninth at 15:49), Lake Mary's Lisa Shelby (10th at 16:15), Seminole's Lisa Grant (11th at 16:25), Lake Mary's Liz Stone (12th at 16:51) and Lake Mary's Kristin Pawlowski (13th at 20:29).

The girls ran a good race, getting our top five in ahead of their (Lake Mary's) top three was the difference," Seminole coach Ted Tombros said. "Shownda (Martin) ran a super race. She was going up against an intelligent runner (Kinsbury) and made her run Shownda's race. I couldn't be any happier than I am with the girls right now."
In the boys race Tuesday, Seminole's Billy

Penick continued to lead the pack, but the pack behind Penick was all Lake Mary. Penick came in first with a course record of 16:12 (breaking his own mark of 16:48), but Lake Mary had the next five finishers in a row giving the Rams a team core of 20 compared to 41 for Seminole.

Included in the string of Ram finishers were en Rohr (second at 16:36), Matt Palumbo (third 16:38), Harold Pitts (fourth at 17:08), Bobby Howard (fifth at 17:28) and Tom Walt (sixth at 17:39).

Debble Coleman heaves a sigh of relief as she completes the course.

Seminole's second runner, Kelly Faint, finished seventh at 17:53. The Tribe was without number two man Larry Cosby who is out with the flu. Following Faint were Lake Mary's John Amrhein (ninth at 17:58) and Eric Peterson (10th at 18:09).

The second 10 Tuesday consisted of Seminole's Kelvin Abney (11th at 18:51), Lake Mary's Jeff Hale (12th at 19:11), Seminole's Randy Drury (13th at 19:22), Seminole's John Herberger (14th at 19:26), Lake Mary's Chris Dapore (15th at 19:45). Lake Mary's Chris Bonham (16th at 19:45), Lake Mary's Joel Smith (17th at 20:07), Seminole's Freddie Gadskin (18th at 20:09).

Report Says Ali Has Parkinson's Disease

boxing great Muhammad Ali has returned to the United States from West Germany and checked into a hospital, reportedly suffering from Parkinson's disease.

All was admitted to Columbia Presbyterian Hospital's Neurological Institute Tuesday night for tests and evaluation.

Dr. Martin Ecker, who has accompanied Ali in a recent trip to Europe, said the once threetime heavyweight champion is suffering from Parkinson's disease, a chronic and progressive disorder of the nervous system. The disease is marked by a tremor and a weakness of the muscles.

McKAY HAS EYE SURGERY

MIAMI BEACH (UPI) - Tampa Bay Buccaneers Coach John McKay was scheduled to undergo cataract surgery at St. Francis Hospital today, officials said.

McKay, 61, is expected to return to the job Thursday and be on the sideline wearing an eye patch Sunday when the Bucs play the New York Giants at East Rutherford, N.J.

Carter Leads State Qualifiers

Three Sanford gymnasts qualified for state competition and three qualified for sectionals at a qualifying meet held last Sunday (Sept. 9) at the South Brevard Gymnasium in Palm Bay,

An all-around score of 32 qualifies a gymnast for the state meet in December while a score of 29 qualifies a gymnast for the sectional meet in November. Another qualifying meet will be held in October so the gymnasts who didn't qualify will have another chance.

Glenda Carter's 34.15 all-around score was the best of the Sanford group at Palm Bay and qualified her for the Class III State Meet in the 9-11 age group. Carter was third in the all-around competition including a first place on the balance beam, a second on the vault and a sixth on the bars.

Two Sanford gymnasts qualified for the Class III State Meet in the 12-14 age group. Shari Siegrist recorded an overall score of 33.10 including a second place on the balance beam, a tie for fifth on the vault and a tie for sixth on the uneven paralell bars. Karen Grainger posted an all-around score of 32.10 including a tie for fifth place on the vault, a tie for sixth on the bars and a seventh on the floor.

Qualifying for sectionals for Sanford included

Gymnastics

Lisa Milligan, Shannon Wilcoxson and Tracey Kaleel, and and all three just missed qualifying for state. Milligan, competing in the 15 and over age group, posted an all-around score of 31.45 which was good for second in the all-around competition in that age group. Wilcoxson's all-around score of 31.75 was just .25 short of qualifying for state in the 12-14 age group. Included in that score was a third place on the vault, an eighth on the beam and a 10th on the bars. Kaleel had an all-around score of 31.50 in the 9-11 age group.

Jentler Kopp just missed qualifying for sectionals in the 9-11 age group as she had an all-around score of 28.55. Heather Todd (26.70) also competed in the 9-11 age group were. Also competing for Sanford in the 12-14 age group were Camilla Kennedy (26.10), Heather Cooper (25.05) and Kim Walker (23.40).

Sanford Gymnastics will have new hours starting Monday (Sept. 17). The new hours will be from 4:30 to 7 p.m. for team girls and from 4:30 to 6 p.m. for all other girls. - Chris Flater

IN BRIEF

Martina Moves Within 1 Of Breaking Evert Streak

PALM BEACH GARDENS (UPI) - Ten years after Chris Evert Lloyd's record streak of consecutive tennis triumphs was set, Martina Navratilo: stands ready to break the mark, after unknowingly tyling it.

Navrattlova, the world's No. 1 woman player and winner of the last six Grand Slam events, goes after another piece of tennis history tonight in her match against 16-year-old Melissa Brown in the first round of a \$150,000 tournament in Deerfield Beach.

The Women's Tennis Association ruled Tuesday that the 56-match consecutive victory streak established in 1974 by Evert Lloyd has been reset at 55. The ruling by the association means Navratilova tied the mark for consecutive victories when she defeated Evert Lloyd in the finals of the U.S. Open for her 55th straight triumph.

fronically, if Navratilova breaks the record, it will be on the home turf of Evert Lloyd, a native of Fort Lauderdale.

The WTA reviewed the validity of the streak after tennis statisticians and reporters at the U.S. Open noted the streak contained one victory by default. That occurred April 8, 1974, during a tournament at Hilton Head, S.C., when Wendy Overton took sick and was unable to play in the second round.

Sting Gets Stung In OT, 1-0

The magic of the Cube apparently is of little help to the Sting.

And should the Whitecaps win Game 2 of the best-of-three series Sunday in Vancouver, that will be it for the outdoor version of the Sting. Chicago joins the MISL after the season and is not expected to return to the NASL

Canada's Tonelli Top Players

EDMONTON, Alberta (UPI) - In the last game of the Canada Cup final, Canada's NHL All-Stars lived through five years of frustration in microcosm.

They started like a wheel of fire, coasted into dangerous complacency and finally rolled home. Safe, victorious, vindicated. Canada used overwhelming speed and skill to score five

goals in the first period Tuesday, then survived a gallant Swedish comeback to win the Canada Cup championship 6-5. The Canadians took the best of three final series 2-0. "The emotion, the happiness of winning this and winning my first Stanley Cup is the same," said New York

Islander John Tonelli, selected the top player of the tournament for Canada.

"If they ask me to come back to this tournament in 1987, I'll be here in a minute," Tonelli said. "I would love to come back."

Just one year later, Lake Howell has that same 2-0 record. But the Hawks do not envision any plans for a conference title. "No, this team is not as talented as last year," says Bisceglia. "But it has a lot more heart. We're having a lot more fun this Donnelly. year because everybody is pullour schedule."

There are some formidable foes. The Hawks are done with the patsies. Seminole, DeLand, Lake Brantley and Lake Mary come next. The Seminoles, however, are the prime concern as Friday's 8 p.m. kickoff at Lake Howell looms just two days hence.

"We definitely have to contain their speed," said Bisceglia about the Tribe trio of Dexter Jones, Cliff Campbell and Jo-Jo-McCloud. "They have three people who can break it at any time. I think their passing game is much improved, too.

Jet Crashes Into Neighborhood Killing 48, 44 On The Ground

QUITO, Ecuador (UPI) - A cargo jet struggling to lift off hit a utility pole, splitting the aircraft apart and sending flery debris into a residential area - killing 48 people. including 44 on the ground.

Another 75 people on the ground were injured.

Civil aviation officials said the four-engine DC-8 crashed Tuesday due to a fault in one of its jet turbine engines. But airport sources said the jet could not maintain altitude

because it was overloaded. One witness said the Ecuadoran Cargo Airlines plane roared "like an earthquake" when it hit a utility pole and

split into flaming pieces. Witnesses said residents ran screaming in terror as the aircraft smashed into an empty Baptist church and more

U.S. Choppers To El Salvador

United Press International

The United States will provide the Salvadoran army with 10 to 15 additional Huey helicopters, effectively doubling the armiv's fleet and increasing its ability to attack leftist

The Hueys, which cost about \$1 million each, are being bought with \$196.5 million in military aid, appropriated by the U.S. Congress this year. The choppers will be shipped during the next three months.

In May, the United States delivered four Hueys equipped for medical evacuations and it was recently revealed that another 10 had been sent since mid-August.

With the additional ten to fifteen helicopters, the Salvadoran army's fleet will have swelled from 18 in January to at least 42 and perhaps 47.

Quake Leaves 75,000 Homeless

ANKARA, Turkey (UPI) - At least three people died and 35 were injured when an earthquake measuring 6.4 on the Richter scale rocked eastern Turkey, wrecking more than 75,000 homes

Officials from the Kandilli Meteorological station said the quake struck Tuesday and the center was some 1.280 miles east of Istanbul, in an area near the borders with Iran and the Soviet Union.

Four towns and at least 20 villages were badly affected. the officials said, and some 75,000 homes in the area were

Defector: 'I Was Drugged, Tortured'

MOSCOW (UPI) - A Sovici journalist who defected to the West a year ago has accused British spies of using torture and drugs in "cloak-and-dagger" tactics that forced him to renounce his country.

Oleg Bitov, 52, surfaced with the tale of intrigue Tuesday at a packed Moscow news conference just over a month after he vanished without a trace from London where he had been granted asylum. He denied he was a traitor and said his

year-long defection was orchestrated by British intelligence. In London, the British Foreign Office summoned the Soviet charge d'affairs to say

the charges were untrue and to lodge a formal complaint.

Friends in Britain remarked on the awiftness of Bitov's departure, the fact his car was found by the Soviet Embassy and that he left \$51,000 in his London bank account.

Bitov said he returned to the Soviet Union of his own free will, and was knocked out and kidnapped by British agents at last September's Venice Film Festival.

I had to experience a wide array of techniques and expedients of the cloak and dagger gentlemen." Bliov said.
"Blackmail and stage managing of provocative situations, application of medical innovations for inhuman purposes, bribery, threat of being discredited in the eyes of the Soviet people, and, finally, the use of

violence, including physical violence.

Bitov claimed his abductors were bitterly disappointed when they found he was not a high-level KGB agent. "Those Sherlock Holmeses found I had nothing to do with intelligence." he said.

According to one report, he had claimed he was a KGB agent sent to Italy to obtain evidence about the assassination attempt on Pope John Paul II. If that were true, Soviet officials might go to any lengths to get him

Bitov said he played along with his captors, however, accepting political asylum, giving anti-Soviet interviews and promising to write a tell-all book.

Mother-In-Law Recipes Guaranteed To Please

Herald Correspondent

Whew! It's pouring down rain. you just walked through the door and the telephone's ringing. It's your mother-in-law and she says she'll be "right over."

Panic? Not today, because Cheryl Burch has "mother-in-law" recipes guaranteed to please and they don't take a lot of time. What a relief!

Cheryl says that she was a "Navy brat who lived all over" until she moved to Sanford at the age of six. Her father was stationed at the old Sanford Naval Air Base, and after his retirement the family decided to make Sanford their permanent

Activity is the by-word at the Burch household, which includes husband Terry and their three children. When Cheryl isn't attending to duties as a registered nurse in the intensive care unit at Central Florida Regional Hospital, she is involved with her sorority, Beta

Sigma Phi. She was a past Valentine Charity Ball chairman and now represents the sorority on the city council. The Sanford Gymnastic Association is also a beneficiary of Cheryl's talent and creativity. She is a board member and chairman of the

building fund. When it comes to food, Cheryl says, "I love to cook and cat everything God calls food! I read cookbooks the way other people read novels and I would rather cook at home than go out. I love all food, from the exotic to the ordinary.

This works out beautifully because Cheryl and her faintly vacation each year in Key West where they get shrimp, lobster and conchs. They round out their scafood supply by getting oysters at Turtle Mound in New Smyrna Beach. Terry brings home an abundant supply of fresh fish and game. Hospital Offers To Help Plan A Safe Halloween For Children

DEAR ABBY: It's a little early to be thinking about Halloween. but I know you prepare your column several weeks in advance so I'm writing you now.

For several years, we at Mercy Hospital in Charlotte, N.C., have watched the fun of Halloween being replaced by fear and dread among parents as more incidents of candy tampering are reported in the news media.

We don't want to see this tradition of Halloween come to an end, so we hope hospitals around the country will pick up on our idea in an effort to make Halloween safer for children and more enjoyable for parents.

This year, for the 10th consecutive year, Mercy Hospital in Charlotte and the Mercy Urgent Care Center in Pineville, N.C., will offer free X-rays of candy for children in our area.

Over the year, hundreds of families have taken advantage of this offer. X-rays, as you probably know, will detect only metal or solid objects in candy or fruit. X-rays will not detect poisons or drugs, however, so parents should still check their children's candy for signs of tampering: discoloration, or torn or punctured wrappers.

I'm happy to say we have never found anything in any of the candy or fruit that has been checked at Mercy. We have, however, heard of reports of candy tamptering in this area of North Carolina.

We hope other hospitals across America will join us in this project at Halloween.

Yes, it costs the hospital some

Blahs At The **Box Office**

HOLLYWOOD (UPI) - The top six movies held their positions at the box office last week and studio executives cited sluggish ticket sales and the fact that no new films were released.

Clint Eastwood's "Tightrope" remained the No. 1 moneymaker for the fith straight week, studio executives announced, collecting \$3.3 million for a total to date of \$40 million.

"Ghostbusters" neared the \$200 million total with \$3.2 million last weekend for a cumulative gross of \$196.9 mil-

"Purple Rain," rock star Prince's low budget musical. ranked third with \$2.4 million for a two-month gross of \$52.5 million.

"The Karate Kid" stayed in fourth with \$2.2 million, and a 13 week take of \$75.5 million.

"The Woman in Red," Gene Wilder's sex farce based on a classic French film, held on to fifth with \$2.1 million.

"Revenge of the Nerds," a college hijinks comedy, was sixth with \$1.9 million.

"Ninja III — The Domination," a low budget martial arts film from Cannon, which produced "Bolero," debuted in seventh with \$1.7 million. "Red Dawn," a fantasy

adventure of a Russian-led invasion of the United States. dropped one rung to eighth, commandeering \$1.5 million for a six-week gross of \$34.2 mil-

Steven Spielberg's "Gremlins" stayed in ninth place with \$1.4 million, for a 15-week take of \$140.6 million.

"Exterminator II," a vigilante movie featuring an armored garbage truck and also produced by Cannon, opened only in Eastern and Midwestern states, but still squeezed into the bottom of the Top 10 with \$1.2 million.

"Bolero," the revealing Bo Derek period piece that was panned by critics, and the highly regarded "Indiana Jones and the Temple of Doom" both fell off the Top 10 list last weekend.

Woman Sues United Telephone Co. For Sexual Discrimination

An Altamonte Springs woman is suing a telephone company for sexual discrimination.

In a suit filed Monday, Carolyn B. Bazzo claims United Telephone Company of Winter Park eliminated her permanent part-time job and didn't give her similar employment alternatives or severance pay as required by the company's non-bargaining employee plan.

Mrs. Bazzo also states that she and other woman who are non-bargaining employees of the compnay were not informed of their nonbargaining rights and were thus discriminated

Mrs. Bazzo is asking for an unspecified amount of damages in excess of \$5,000.

According to court records, Mrs. Bazzo worked for the company for 12 years, about 8 years of that time as a part-time employee. Her attorney. Ned Woolfolk of Orlando, said she left full-time employment to become a part-time "human resource" clerk when she started raising a family. He said Mrs. Bazzo is about 30 years old and has a 7- or 8-year-old daughter.

She states in the suit that on Feb. 15 she was told her position was eliminated and the only human resource position that was open was full-time in an Altamonte Springs office.

According to her suit - which also asked that all of the employment records of male and female non-bargaining employees be examined - Mrs. Bazzo was not informed the company's policy on file with the federal government entitled her to a separation pay equal to 60 percent of her salary, or \$6,940. She also said the offer of a full-time position or no job was deceptive.

What You Saw Is What You Got, Court Rules In **Boundary Suit**

By Deane Jordan Herald Staff Writer

An Altamonte Springs landowner has lost a claim to 110 square feet of land erroneously built upon by a veterinary clinic.

The 5th District Court of Appeal in Daytona Beach said that everyone involved in the suit bought, sold and built in good faith and that the landowner inspected the property before he bought it. What he saw is what he bought. regardless of a possible survey error, the court

The opinion reversed an order that the hospital pay damages to the landowner and court costs. It also reversed a decision issued by Seminole Circuit Judge C. Vernon Mize Jr. The case, according to procedure, will be rescheduled for further lower court action.

According to the appeal, officers of the Saniando Springs Animal Hospital Inc., 2500 W. state Road 434, purchased land from Albert Harris in 1971 to build a veterinary hospital. To satisfy set-back requirements, however, the hospital needed a slightly larger piece of property. Harris agreed to sell the additional land. The hospital directors ordered a survey and Harris agreed to relocate an existing fence along the new boundary. In relocating the fence, Harris apparently did not place it on the line shown in the survey, resulting in an encroachment onto his property of about 110 square feet.

The directors of the hospital built the facility and paved their land for parking. On the rear of the property the hospital built a concrete block building part of which extended onto Harris' land as did the paved parking lot.

The dispute began in 1978 when Thomas Douglass became interested in buying Harris' land adjacent to the hospital. While looking at the property, he was told by Harris that the fence was located on the line between his property and the hospital. Since Harris was unaware of any encroachment, the 110 square feet occupied by the hospital was conveyed to Douglass as part of the lands described in the deed.

Douglass bought the land, had it surveyed, and learned of the encroachment. He demanded the hospital directors vacate the property. They refused. Mize, acting on a civil suit filed by Douglass in 1979, ordered the removal of all encroachments (the paving and building) and awarded Douglass damages. The hospital appealed.

According to the appeal, Mize did not cite his reasons for deciding in favor of Douglass.

The high court said that Douglass argued the property was claimable by him because the fence boundry had not leagally established by dispute as required by law. The high court however, said the boundry can be established by other means than just dispute.

The appeal court said uncertainty of a boundry can create a boundry of sorts, and an agreement that a certain line will be treated as a true boundry also constitutes a boundry. The court also said occupation of both properties according to such an agreed boundary also proves a true or legal boundary.

Douglass, the court said, was made aware of the assumed boundary between the properties, bought all the land shown to him and bought all the land Harris intended to sell.

Sanford Fire Calls Listed

The Sanford Fire Department responded to the following calls.

—12:53 a.m., 3100 S.

Sanford Ave., fire. Firefighters extinguished a dumpater fire. There were no damages or injuries.

-9:08 a.m., 1702-B Ridgewood Lane, fire. A pan of grease caught fire after the stove was left on. No injuries were reported and the amount of damage was undetermined.

-10:49 pm., 25th Street and French

Avenue, rescue. A 41-year-old man was treated for minor cuts after his car was hit by another vehicle which left the scene of the accident. Isaynette Falcon, 21, of 172 Crystal Lake Ave., was given two tickets, according to Sanford Police Department Assistant Police Chief Herb Shea — one for running a red light and one for leaving the scene of an accident with injuries. Wayne Edwards, 125 Country Club Road, was treated and refused transport to the hospital.

She states that she was not informed of the policy, that she has not been paid her separation pay and that other non-bargaining female employees were also similarly misinformed or not informed.

She states that not only did a breach of contract occur but there was a conspiracy to defraud her

The suit also asks that the company provide copies of its discrimination policies and reveal if the company, which has branches in other states. is being sued elsewhere for discrimination. -Deane Jordan

have sex. During our pre-sex required to train to that level. fooling around, I maintain an erection. However, just prior to having intercourse, I lose the erection, and it is difficult to revive.

by Chic Young

ESPECIALLY WHEN YOU

HAVE CUSTODY FIGHTS

OVER THE WEDDING

DEAR READER - You may be the victim of a lack of con-fidence. Just because a man has been sexually active before does not mean he can't lose his confidence. It is often called a

fear of failure." How do you overcome that? 13 Linn One way is: Don't force yourself 14 Slow (mus) to have sex. Instead, enjoy a 15 City in New close, intimate, loving situation, with the understanding that it is not going to lead to sex at that time. As you get used to loving and being loved, your confidence may be restored, and eventually, 20 Pertaining to when you are ready, Nature will do the rest.

If that doesn't work, then you might consider seeing a doctor. Just because you are young doesn't mean you couldn't have a medical problem causing impotence. The fact that you have normal early responses does suggest that you have all the normal mechanisms and that you really have a psychological 36 Unsophistibasis for impotence.

I have discussed some of the 38 Poet Ogden psychological aspects of impotence in . The Health Leter 40 Ancient name 18-6, Help for Impotence.

WIN AT BRIDGE

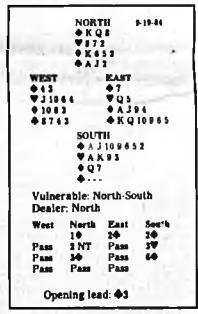

By James Jacoby

South knew something about planning the play at trick one. He could see a heart loser and a diamond loser. However, East had bid two clubs and should hold the diamond ace as part of his values for that overcall. If East had fewer than four diamonds with the ace, the contract could be made. Our thoughtful declarer won the club ace, discarding a heart. A diamond was played from dummy, won by the queen, and another diamond was led to East's ace, dummy playing low.

South trumped the king of clubs return, entered dummy with a spade and played a third round of diamonds. If the diamond ace came up, the hand would be over. Such was not to be. East played the jack of diamonds, and

the contract was eventually down one when a heart trick had to be lost.

The key to success to using the ace of clubs at the right time. That is not at the first trick. Declarer should play low from dummy and trump the opening lead. He now plays a spade to the queen and a low diamond. East must duck; otherwise both the diamond king and the club ace will provide heart discards. When South wins the queen of diamonds, he can play another spade to dummy and cash the club ace, throwing his small diamond. He returns to his hand by ruffing a club or a diamond and plays his A-K-3 of hearts. West wins the third heart but South will be able to trump his fourth heart in dummy and make the contract.

HOROSCOPE

What The Day Will Bring.,.

YOUR BIRTHDAY SEPTEMBER 20, 1984

Take advantage of any opportunities you get this coming year to join worthwhile organizations. Many valuable contacts can be established that can help you in other areas of your life.

VIRGO (Aug. 23-Sept. 22) Social involvements should work out pleasantly for you today, as long as they are not overly expensive. When going out on the town, leave your credit cards at home. The areas in which you'll be the luckiest in the year ahead are revealed in your Astro-Graph predictions for the coming year. To get yours mail \$1 to Astro-Graph. Box 489, Radio City Station, New York, NY 10019. Be sure to state your zodlac sign.

LIBRA (Sept. 23-Oct. 23) An important objective can be achieved today, but be extremely careful you do not

step on the toes of others in order to accomplish your aim.

6CORP10 (Oct. 24-Nov. 22) If you have points you want to get across to others today, do not be coy or beat about the bush. However, make certain you state your case diplomatically.

SAGITTARIUS (Nov. 23-Dec. 21) You have the ability today to improve upon the basic ideas of associates. If your efforts turn out successfully, be sure to share the credit.

CAPRICORN (Dec. 22-Jan. 19) Partnership situations hold promise today, but only if you and your cohorts are in total agreement, down to the smallest of details.

It's important today that you establish reasonable objectives for yourself. You're capable of doing a lot but you still have your limitations.

PISCES (Feb. 20-March 20) In order to maintain a harmonious relationship with a valued friend today, it's best that you don't pry into matters he or she fingers.

wishes to keep secret.

ARIES (March 21-April 19) To achieve maximum productivity today, you'll have to keep your nose to the grindstone. However, still take time to be of service to those who need you.

TAURUS (April 20-May 20) Your fertile imagination will furnish you with good ideas today, but you must implement them yourself, not delegate them to others.

GEMINI (May 21-June 20) Your financial prospects are beginning to brighten a bit, but do not use this as a signal to loosen your purse strings for extravagant expenditures.

CANCER (June 21-July 22) AQUARIUS (Jan. 20-Feb. 19) Self-Interests can be successfully promoted today, provided you do not permit negative thinkers to dissuade you from your purpose.

LEO (July 23-Aug. 22) Your potential for personal acquisition looks good today, but there is also a danger you could let what you gain slip through your

Quiche

Hearty Entree With Delicious Ethnic Accent

of quiche as one of those foreign dishes about which only gourments knew. However, times have changed and most Americans now know it as a hearty, cheese-custard, main dish. Americans have adopted quiche as one of their favorite entrees.

Freezing the cheese mix as well as the pie crust is an American idea that fits in with today's busy lifestyles. You can mix at leisure on those days when you feel like stocking the freezer or after finding cheese at a bargain price. The mix keeps up to three months. Twenty-four hours before you plan to serve. let it defrost in the refrigerator. Just stir the filling before pouring into a pie shell.

With so many American cheeses available, it's easy enough to vary quiche. U.S. made. Italian-type mild Mozzatella and sharp Parmesan give quiche an ethnic accent. Another interesting innovation consists of three natural cheeses. Cheddar, Swiss and Monterey Jack. They blend well together to provide a popular flavor com-

PASTRY CRUST Yield: 2 pastry shells

2 cups all-purpose flour ¼ teaspoon salt

6 tablespoons butter

4 tablespoons lard 6 to 8 tablespoons cold milk

Combine flour and salt. Cut in butter and lard until mixture resembles coarse crumbs. Gradually add milk, 1 tablespoon at a time, mixing just until dough holds together. Shape into a ball. Divide in half. Roll out each half on a lightly floured surface to a 13-inch circle. Line two 9-inch pie plates with dough. Trim and build up edges with a high flute. Freeze several hours: then if planning to freeze for any length of time, wrap with freezer paper. Leave frozen until ready to use. (Unbaked pastry shells may be frozen up to 3 months.)

NOTE: A frozen prepared deep dish pastry snell may be substituted for homemade crust. Use as recipe directs

Cherished Celebrations Call For Elegant Foods To Offer 'Best Wishes'

soon, many cherished celebrations are sure to be coming along the way. Engagement announcements, bridal party gettogethers and even a warm welcome home from the honeymoone are only a few of those very special moments which will never be forgotten. To make any of these occasions extra memorable, offer your best wishes by hosting this elegant brunch created by The Lipton Kitchens.

Start by treating your guests to Peaches 'N Almond Cream made with almond pleasure herbal tea. With just a whirl of the blender, this rich and fruity beverage promises to be an eye

opener. Then show how easy omelets for six can be with Sensational Pinwheel Omelet. This cleverly rolled omelet has a delicious spinach-ham filling tucked in-side and Golden Mushroom-Wine Souce drizzled over the outside. The sauce is tastefully seasoned in one convenient step by golden mushroom soup mix.

For a lusciously grand finale, serve Berries Au Chocolate. This spectacular creamy rasberry custard is handsomely presented on a chocolate base. It's a perfect choice for entertaining since its unflavored gelatine base allows you to make it well in advance of your elegantaffair.

Of course, you don't have to put this menu on hold until you hear wedding bells. This festive brunch is perfect not only for special celebrations, but also for times as casual as a weekend get-together of close friends.

Hangtown Fry A Real Forty Niners Delight

When it comes to creating a expensive yet simple meal in a hurry few chefs can rival the ingenuity of the Cary House Hotel in Hangtown, California whose sole claim to fame is an oyster dish with the unlikely name of Hangtown Fry.

HANGTOWN FRY

12 medium-sized shucked

3 tablespoons all-purpose flour 1/2 teaspoon salt

1 beaten egg

2 tablespoons butter or marga-

6 cggs 15 cup milk ¼ teaspoon salt

Pat oysters dry with paper toweling. Combine flour, the 14

teaspoon salt and the pepper. Dip oysters into the 1 beaten egg, then into the flour mixture.

or margarine over medium heat. Cook oysters in butter till edges curl, about 2 minutes on each side. Beat the 6 eggs with the milk and the 4 teaspoon salt. Pour into skillet with oysters. As egg mixture begins to set on bottom and sides, lift and fold over with wide spatula. Continue cooking and folding for 4 to 5 minutes or till eggs are cooked throughout. Remove from heat. Makes 3 or 4 servings.

Training Your Tastebuds Sharpens Food Enjoyment

By Rebecca Kolberg

HUNT VALLEY, Md. (UPI) -People train their voices, their muscles and their minds but few ever put their tastebuds through the paces in order to better savor the flavor of food.

"The average person is much better at tasting than they think they would be.With training almost anyone can do what we do," said Marianne Gillette, head of sensory evaluation at Mc-Cormick & Co.'s research facility in Hunt Valley, near Baltimore.

Gillette says the four basic tastes are sweet, salty, sour and bitter. Yet flavor is really "a sum of all sensations" including taste, smell, texture, appearance, pungency and reaction to heat or cold, she said.

McCormick, the world's largest spice producer, requires all employees at its research and development division to undergo 18 months of taste training under Gillette's supervision.

Tasters are taught to use their senses of taste and smell to detect, and describe, a wide variety of very specific flavors.

While an average consumer might describe bacon as "salty" or "smoky," tasters learn to distinguish at least six different components in the smoke flavor alone. Those components include charcoal, hickory, sweet maple, vinegar, wood and phenol, a chemical used in disinfectants.

Gillette said the key to sharpening one's sense of taste is practice.

'It's like learning music. If you have no training and you listen to a symphony, it just sounds like one body of sound. But if you know music, you can pick out the sound of different instruments," Gilette said. "It's the same way if you have flavor training - if you have it, you can pick out different 'notes' of

In order to disassociate a food's appearance with its flavor. tasting trainees sample gelatin that has been deceptively colored or flavored. A dish of yellow gelatin might be laced with blueberry flavoring.

The trainees' final examination consists of tasting a glass of water containing nine different ingredients - salt, sugar, or-egano, anise, nutmeg, cumin, black pepper, cinnamon and onion powder - and identifying as many of those flavors as

After completing their flavor education, the tasters serve on panels responsible for helping McCormick chemists make artificial flavorings. It took five years for such panels to approve a suitable substitute for natural vanilla flavoring.

Although the average person may not need - or even want -

Deep Dish Pizza Goes For Status Of Gourmet

Some 1.6 billion pizzas are consumed every year in the fifty states. So popular are these yeast dough concoctions that different versions vie for the consumer's attention: Neapolitan, Sicilian and deep dish.

Deep dish pizza, also known as "Chicago-style," is prepared in a heavy skillet or ple/cake pan. Now found across the country, the Midwest specialty is topped withe every imaginable assortment of ingredients and is easily a meal in itself. Quality flavoring can make it a "posh pizza," worthy to be served by gourmet establishments. Fortunately, the aficionado can easily feed a passion for the hearty creation by making it at home.

Deep Dish Pizza Piraeus gives this dish a Greek flavor and a vivid savoriness, with spinach. feta cheese and black olives in the topping and the tangy zest of Tabasco pepper sauce and garlic in the seasoning. Drain the spinach thoroughly, squeezing out excess moisture before adding it to the topping. This will help avoid a soggy crust.

Deep Dish Pizza Napoli celebrates the home of the pizza. Naples, and the surrounding Campania region. Campania. produces fine tomatoes and eggplants, and typical herbs there include oregano, mozzarella cheese, a local staple. Sweet Italian sausage and piquant Tabasco pepper sauce provide exuberant flavor, a distinquishing characteristic of Neapolitan cuisine.

A substantial meal, a dish with gourmet possibilities and a highly successful American adaptation of Italy's most popular food export, deep dish pizza is a delicious, new way to enjoy one

of America's favorite foods.
