'KING KONG' KELLER'S BACK

By **CHIP ROYAL**
AP Newsfeatures Sports Writer
NEW YORK—That loud knocking you hear could be the knees of American League pitcher now that Charlie (King Kong) Keller is out of the Merchant Marines and back in his old Yankee uniform.
 The dark-h haired outfielder has been a chatter ever since he started playing pro ball with Newark in 1937. Before that he had batting marks of 470, 506 and 404 in college. He also hit .285 and .466 for two years in a North Carolina summer league. It is doubtful if any young player, excepting Bobby Feller, who also is coming back to the baseball wars after time in the Armed Forces, ever came up to the big leagues with such a spectacular rush as Keller.
 The boss of the Yankees' farm system, George Weiss, discovered Charlie at the University of Maryland when he told the youngster he was interested in him, the then 10-year-old fence buster wanted to start his earnings in college.
 But, he was persuaded to finish school. Then, he went with Newark and promptly started making the hurlers shake. The Old Liners' grad wound up with a .353 average that year and won the International League batting championship.
 With George Selkirk doing okay in Babe Ruth's spot at the Yankee Stadium, Ed Barrow decided to give Keller another year with the Bears. The 100-pounder promptly started knocking the ball harder than ever.
 He hit .349 in 1940, 13 homers and batted in 88 runs in 1937 with Newark, he walloped 211 safeties, 22 homers, and knocked in 129 runners in 1938 for a batting average of .265.
 The Yankees couldn't keep King Kong down any longer. He came up to the big show in the Spring of 1939 and promptly won an outfield job. Then he got out and hit .334 in 111 games. That's the year his teammate, Joe DiMaggio won the batting title with a .381 mark.
 Charlie B. A. went down in 1940 but he improved his RBI and homers, knocking in 93 runs and 21 circuit clouts.
 His best year in the round trippers came in 1941 when he connected with 33. He finished behind Ted Williams, however, for the league leadership.
 And so it went for Keller, always threatening to be a bride, but not getting married for the most part. Now, that he has had almost two years of service with the Merchant Marine under his belt, maybe things will be different for the improved muscle man from Middletown, Md.
 The King is only 29 years old and he should be good for quite a few more seasons in the Standard League.
 He is a natural center fielder, but his natural spot seems to be left field.
 He's already been in four world series (1939, '41, '42, '43), and the All-Star games of 1940-41 and 1942. He has three home runs on July 28, 1940; leading the American League in home runs, 1943; and hitting a homer in every major league park in 1943. There will be more.
 Charlie loves to play baseball. He'll be back in the Yankee uniform threatening to knock the heads and legs off opposing pitchers as long as his new boss, Larry MacPhail, wants him—which should be for many years to come.

LEGAL NOTICE
IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA, IN PROBATE.
IN RE: ESTATE OF JOHN ROSS HOUGHTON
 TO ALL CREDITORS AND PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE:
 You and each of you are hereby notified and required to present any claims and demands which you, or either of you, may have against the estate of John Ross Houghton, deceased, late of said County, to the County Judge of Seminole County, Florida, at his office in the court house of said County at Sanford, Florida, within eight calendar months from the time of the first publication of this notice. THANK YOU!

A personal message from Mr. Fletcher E. Bolls owner of the Sanford Paint and Glass Company.

The month of August just ended has been the best for Sanford Paint and Glass Company since I purchased the business from Mr. G.U. Stuart on April 1st, 1943.

The public confidence reflected by the biggest month in my Sanford business history is deeply appreciated. By trying to do the little things that show personal interest in every customer and keeping a complete stock of paint, glass and mirrors, I hope to serve you even better in the future.

Sanford "The Friendly City", has been good to me and it is with much pleasure that I say to one and all,

THANK YOU!

Sincerely,

Fletcher E. Bolls

Tommy Harmon To Captain All-Stars

AP Newsfeatures
CHICAGO—Tommy Harmon, former All-Star back who broke Red Grange's Western Scoring record while at the University of Michigan, returns to the football wars, August 30, when he leads the College All-Stars against the Green Bay Packers of the National Professional League.
 Harmon, recently discharged from the Army Air Forces after three years service, is also helping Bernie Bierman coach the All-Stars.
 In one of his first practice sessions, Tommy shook loose for long gains, completed passes and got off long punts, indicating that the Packers are in for a busy night.
 Harmon will receive the best support possible from the Tied Army Air Forces which will be represented by ten former college stars.
 Among the "flying soldiers" are Sgt. Charlie Trippi, former University of Georgia back who scored 42 points in eight games for the 3rd; and Sgt. Ernest Bonelli, 25-year-old former Pittsburgh fullback who expects to be discharged soon.
 As the All-Stars continue to gain strength, word has come from Green Bay that Don Hutson, one of the most dangerous offensive and defensive ends in the pro league, has been starting in scrimmages and once again Coach Curly Lambeau is building the team around the nation's top scorer.

Demobilized Yanks Begin Return To U. S.

First Cavalry Named To Occupy Tokyo; British Troops Take Over In Singapore

TOKYO, Sept. 5, (AP)—The First (dismounted) Cavalry Division was assigned today to march into Tokyo Saturday (Friday night, U. S. time), as Admiral Nimitz disclosed the first demobilized Americans from Japan are already homeward bound aboard some vessels of the Third fleet.

First Cavalry and other Eighth Army forces have been instructed to liberate all Allied prisoners. Lt. Gen. Robert L. Eichelberger, the Eighth's commander, said the prisoners' stories of Japanese atrocities will be given General Marshall's attention against the guilty Douglas MacArthur for court-martining.

SINGAPORE, Sept. 5, (AP)—British Indian troops landed in Singapore today and the occupation of this wartime bastion of the British Empire which surrendered to the Japanese on Feb. 15, 1942. The troops went ashore this morning without opposition. At first observation, damage to the harbor appeared slight. Allied prisoners in a camp near the quay cheered their liberators.

CHINKAI, Sept. 5, (AP)—A mass airborne movement of the new Chinese Sixth Army to Nanking, pre-war China capital, began today.

Headquarters reports indicated that occupation of the capital itself might be imminent—possibly before Friday.

MacArthur in General Order No. 2 to the Japanese imperial headquarters gave directives for the surrender of the two formidable Japanese armies and Second Generalissimo in the home islands.

The First Army was put under the jurisdiction of Gen. Robert L. Eichelberger's Eighth Army and the Second under Gen. Walter Krueger's Sixth Army.

Eichelberger's men are occupying the Tokyo area. Krueger's started landing in numbers yesterday by sea and air in the Kanoya-Takasu area of Kyushu Island, along the shore of Kagoshima Bay at the southwest.

YOKOHAMA, Sept. 5, (AP)—Crack First Cavalry Division troops have moved up to the station outside of Tokyo, it was announced yesterday as Gen. Douglas MacArthur outlined a sweeping program for seizing Japanese resources and industries.

Official Opening Of Headquarters Held By Legion

Barbecue, Boat Trip Dance And Business Mark Celebration

The officers and members of Campbell-Lossing Post of the American Legion were hosts at the statewide celebration of Legion here last Friday, Saturday, Sunday and Monday. The occasion was the official opening of State Headquarters in Sanford.

At 4:00 P.M. Saturday a reception and open house was held at department headquarters of the American Legion at the Valles Hotel. The reception was presided over by Mrs. Edith Montgomery who is secretary and treasurer. This meeting was held at the Valles Hotel and followed by a luncheon at the Mayfair Hotel.

At 1:15 P.M. Sunday a motorcade of cars left the Valles Hotel for the boat trip at the end of Teley Avenue where the visiting Legion and Auxiliary department officials boarded the fleet of Sanford boats and rode down the St. John's River and thru Lake Monroe to Birds Camp where a barbecue was served.

W.A. Morrison, general chairman, received many compliments for the capable way in which the celebration was carried out. He was assisted in arranging the dance by Dr. H.W. Rucker, E.C. Harper, Morris Forsgren and Joe Platt, J.O. Huff, Robert Deane, Victor Greene, and Carl Myles had charge of ticket sales and reservations. Frank Pavlik, Chester Miller and Jack and arranged by Fred Holly; refreshments were served by William F. (Bill) Thorne, assisted by Frank Weller, Harry W. Cotten was chairman of the serving committee assisted by Brown Miller, Sid Richard, Forrest Gatchel, Chester Miller and Mrs. Joe Platt.

Mrs. Sybil Routh had charge of committee on decorations and flowers in Department Headquarters Office assisted by members of the local unit of the American Legion Auxiliary.

H.B. Pope planned the schedule for the fleet of yachts that provided the delightful boat trip for the Legionnaires and their wives, many of whom had never been on a boat before.

It was declared by all visiting dignitaries of the Legion to be the most outstanding celebration that the department had ever had and all expressed their wish that Sanford be made permanent headquarters of the American Legion in the State of Florida and that their celebration be made an annual affair. It was decided to hold the annual department membership round-up in Sanford on Oct. 17 and 18 when Sanford will again be host to all department officials of the American Legion.

Hatton Addresses Sanford Members Of Realty Board

Says Time Has Come To "Spruce Up" For Flood Of Visitors

T.T. Hatton, assistant to the president of the Florida State Board of Realtors, of Orlando, told the members of the Sanford Board of Realtors at a dinner meeting at the Mayfair Hotel last night, that the time has come "to spruce up", to paint, renovate and repair old buildings and get in shape to welcome the biggest influx of visitors that Florida has ever known.

The only town in Florida that has any excuse for being proud of dilapidated buildings, Hatton said, is St. Augustine, and its fame rests on its being the oldest city in the United States. Mr. Hatton added that many Florida cities look a little run-down now because it has been difficult to obtain labor, but now that the war is over there is no excuse for this condition any longer.

Mr. Hatton was introduced by President Ed Lane who presided over the meeting and called attention to the importance of courtesy in dealing with the public when selling a piece of real estate. It is up to each of us, he added, to perform our duty and help boost Sanford, one of the best towns in the state.

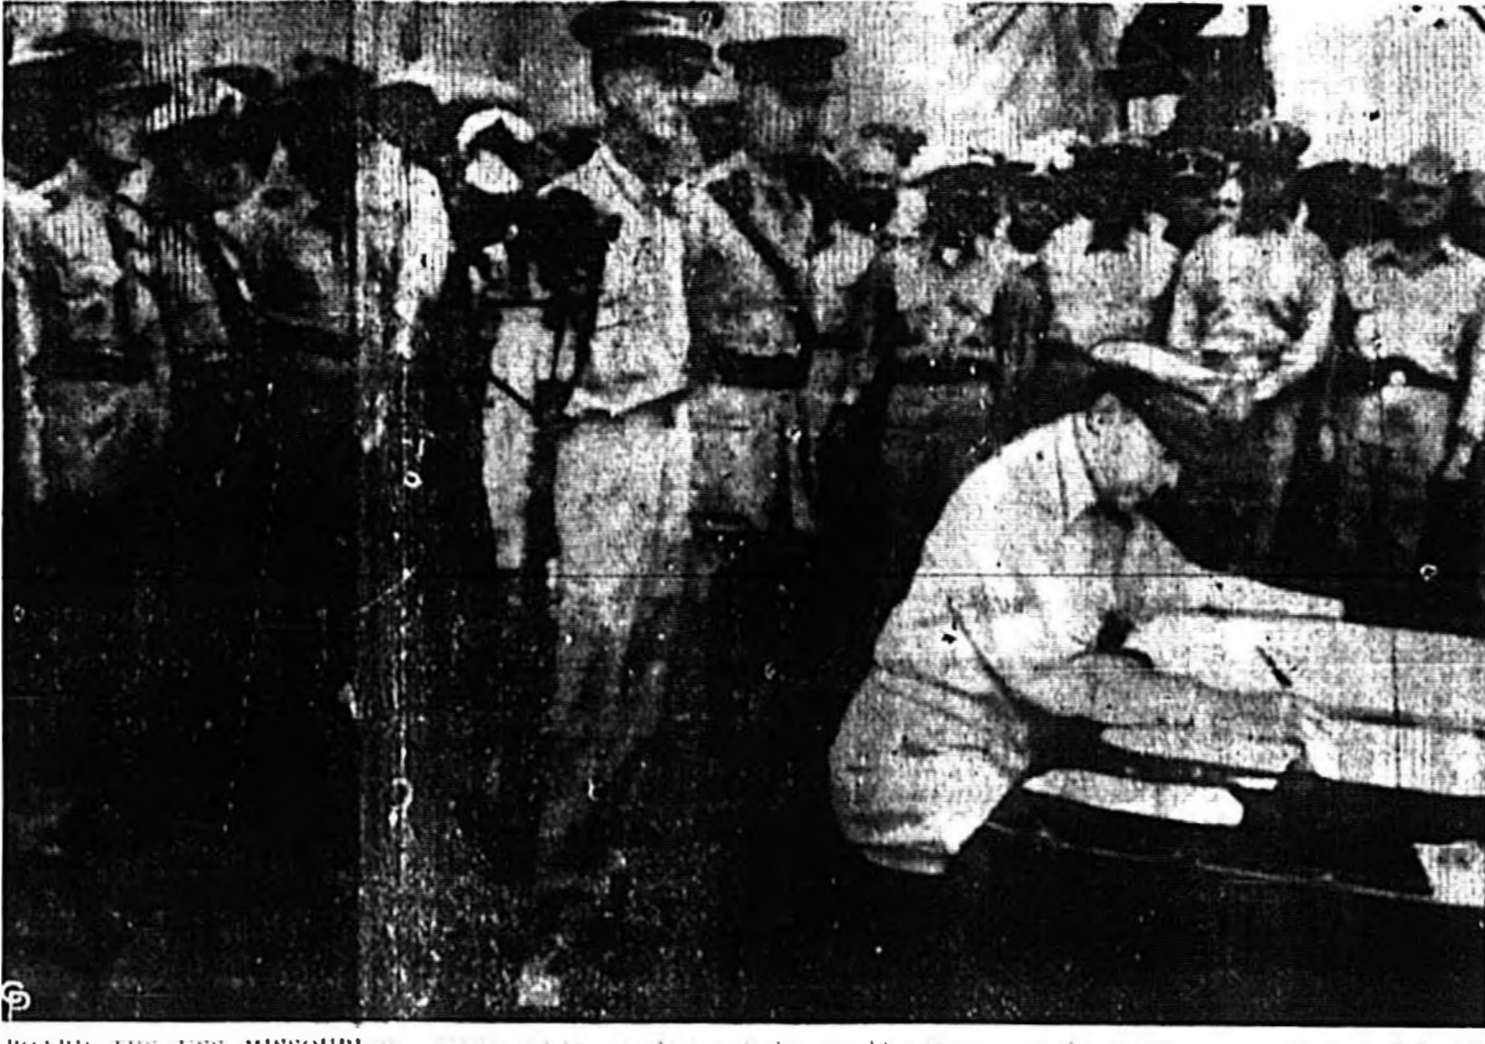

Jack Robinson, district vice-president of Daytona Beach, spoke to the board, emphasizing the value of organization and cooperation. As Gilman, appraiser in Daytona Beach, he revealed that a number of GI loans have been made in Daytona and have begun a real boom in returning veterans.

Raymond Ball of Sanford also spoke on GI loans and as loan appraiser in this county mentioned some of the problems connected with the present law. He said that so far only two GI loans have been made and that a third application is now on file.

Other speakers at the meeting (continued on Page Three)

CEILING PRICES ARE STILL IN EFFECT
Ceiling prices on butter and milk still in effect, Mrs. Mary McCaul, secretary of the Price Panel, warned today, pointing out that the ceiling price on one quart of sweet milk is 18 cents, sold over the counter, and 19 cents delivered. The ceiling price on butter, all brands, 98 score, is 65 cents in Gross. I can be operated on a common-carrier railroad in the United States was the "Tom Thumb", an experimental engine built in 1929 by Peter Cooper.

Labor Unions And Veterans Groups Headed For Clash

WASHINGTON, Sept. 5, 1945

Labor unions and veterans organizations appear headed for a clash over peacetime jobs.

That opinion was expressed yesterday by many persons in Washington who have worried over the employment problems that will come with the eventual return of 15,000 veterans. The do not want to be quoted by name, but they all say that:

1. Legislation demanded by veterans groups never has been accepted willingly by organized labor.

2. So far no acceptable compromise has been found.

When the showdown will come, no one can say. But it will be fairly soon, over a bill by Rep. Knutson (R., Minn.).

This bill has the support of the Veterans of Foreign Wars and the American Legion, while not specifically endorsing the Knutson bill, has agreed with its principles. These two service organizations have a combined membership of about 3,000,000, and are growing so rapidly they soon may double in size.

State's Growth Is Revealed By Census Figures

Population Increase From 528,000 In 1900 To 2,219,619

The state's growth in population is revealed by the census figures for 1940. The population of Florida in 1900 was 528,000 and in 1940 it was 2,219,619.

The increase in population is due to a number of factors, including immigration and a high birth rate. The state's growth is one of the most rapid in the nation.

The census also shows a significant increase in the state's industrial and commercial activity. This is a result of the state's strategic location and its natural resources.

The state's growth is a testament to the hard work and dedication of its people. It is a source of pride for all Floridians.

The census figures also show a significant increase in the state's educational and cultural activities. This is a result of the state's investment in education and its commitment to cultural development.

The state's growth is a testament to the hard work and dedication of its people. It is a source of pride for all Floridians.

Holiday Speaker Jewish New Year, Rosh Hashanah, Observed Friday

ROSH HASHANAH, the traditional Jewish New Year, was observed in Sanford on Friday.

The observance of the holiday was held at the Jewish Community Center, 1010 S. Broadway, where a service was held at 8:00 o'clock and a sermon was given by Rabbi Bernard.

The service was a beautiful one, with many songs and prayers. The Rabbi's sermon was a powerful one, reminding the congregation of their responsibilities to God and to their fellow man.

The observance of the holiday was a wonderful experience for all who participated. It was a time of reflection and renewal.

The service was a beautiful one, with many songs and prayers. The Rabbi's sermon was a powerful one, reminding the congregation of their responsibilities to God and to their fellow man.

Plc. Ralph Eckles Gets Silver Star For Combat Action

WITH THE 100th DIVISION OF AVIATION, U.S. Army, Pfc. Ralph Eckles, of RFD No. 2, Sanford, Fla., has recently been awarded the Silver Star for combat action.

The award was given for his gallant and distinguished service in the European theater during the war. He was a member of the famous 100th Infantry Regiment.

The award recognized the part he played in the division's fighting through France and Germany during the Vosges Mountains campaign in November, 1944.

The 100th Division cracked the German defenses at the Meuse River, and later fought to take the elaborately fortified town of Bitchon on the Maginot Line.

Standing off a major German counter-attack at the turn of the year before Bitchon, the 100th crashed through the fort's defenses to wrest the historical defense position from the enemy in mid-March. After speeding to Ludwigschwan on the Rhine, the 100th crossed the river and then began its assault upon Hellbronn, important natural barrier and key rail center at the western gateway to the German National Redoubt.

After nine bitter days of building-to-building fighting under enemy artillery directed by the French in a pincher movement which forced the capitulation of that industrial metropolis.

The award recognized the part he played in the division's fighting through France and Germany during the Vosges Mountains campaign in November, 1944.

Improving City Is Vital Need, Crumley States

Doss, Hall, Smith Are Delegates To Ki- wanis State Meet

The Kiwanis Club of Sanford is sending three delegates to the state convention of the organization, which will be held in Orlando, Fla., this week.

The delegates are Mr. Doss, Mr. Hall, and Mr. Smith. They will represent the club at the convention, which will discuss various matters of interest to the organization.

The club is also planning a number of activities for the coming year, including a picnic and a dance.

The club is a very active organization, and its members are dedicated to improving the city and the lives of its citizens.

Dr. Leland Dame Urges Public To Have X-rays Taken

Dr. Dame, in Landing County Health Unit Office, Urges Public To Have X-rays Taken

Dr. Leland Dame, in Landing County Health Unit Office, urged the public to have X-rays taken to detect tuberculosis early.

He said that X-rays are a simple and painless procedure that can detect tuberculosis before it becomes a serious illness. He urged the public to have X-rays taken as a matter of routine health care.

Dr. Dame said that tuberculosis is a preventable disease, and that early detection is the key to successful treatment. He urged the public to have X-rays taken as a matter of routine health care.

Job Chances Revealed For Homing Vets

WMC Says More Men Needed In Building, Farming And Selling Industries

WASHINGTON, Sept. 5, (AP)—Building, farming and selling look like the biggest openings for job-hunting war veterans and laid-off war workers, the War Manpower Commission reported today. It said retailers would need 200,000 more salespeople by October and even for the Christmas shopping season. There would also be a high emphasis on a slow start in the building industry and another boom for repair and maintenance work. Because Japan collapsed at harvest time, it is ready to hire about 100,000 more workers from August to October. There will be a seasonal employment boom.

Sanford Association Plans To Open Monday

The Sanford Association of Veterans is planning to open its new building on Monday, Sept. 11. The building is a modern one-story structure with a large auditorium and a number of classrooms. It will be used for the association's meetings and for the instruction of returning veterans.

CITY BRIEFS

There will be a special prayer meeting at the First Methodist Church this evening at 8:30 P.M. The sermon subject will be "The Unmerciful Servant."

Oak Ridge Gains 3 Huge Plants By Atom Bomb

Each Tried A Different Method To Isolate U-235 Successfully

By Stephen White
 OAK RIDGE, Tenn., Sept. 5.—The wedding of research and engineering for the production of atomic energy, gave birth to three thriving offspring here in Oak Ridge—possibly to the surprise of both parents.

When the decision was made to go into large-scale production of U-235 or an equivalent from which atomic bombs might be made, there were five known laboratory methods. None of them had ever been attempted in plant size.

Of the five, the separation of U-235 from U-238 by high speed centrifuges, was dismissed as impossible on the scale required. A second method, the use of a slow controlled explosion of the U-235 in natural uranium to produce plutonium, was established in Hanford, Wash. The other

three were tried here, and all worked.

The most spectacular of the Oak Ridge plants is known here by the automatic designation K-25. The principal buildings in the world, and the only one that describe its size monstrous appearance. Shaped like a U, its wall length is nearly three miles, and it is as high as a six-story building.

The K-25 plant contains also seventy addition buildings, and the whole installation covers 600 acres. All this was built on the basis of experience gained in small laboratories, working with minute amounts of uranium.

The method used in K-25 is uranium is made up principally of U-238 and about 7 per cent of U-235. Of these two forms, the U-238 is the heavier.

In the laboratories, scientists had found that two gases of different speeds will pass through a porous barrier at different rates. By converting natural uranium into a gas and applying force to the gas, the scientists were able to give U-238, the lighter of the two forms of uranium, a higher speed than U-238. Then, if the gas was started through the barrier, the first gas to pass through had

more U-235 than the original gas.

By repeating this process thousands of times, the K-25 plant was able to produce gas that was almost pure U-235. Changing it back to solid form was relatively easy, and thus the separation had been achieved.

A second mammoth plant known as Y-12 used still another method of separation, known as the electro-magnetic method. There is no building here as tremendous as the single great building in K-25, but instead there are 270 permanent buildings, covering 500 acres and stretching two miles down a Tennessee valley.

This plant, too, converts uranium into a gas before beginning the separation process. A stream of the gas, carrying an electric charge is started along a straight line, then deflected in a curve by an electro-magnet.

But the U-235, being lighter, curves more rapidly, stream widens out, with the portion nearest the magnet richest in U-235. This can be drawn on, and by repeating the process many times, a relatively pure U-235 can be obtained.

The third plant is called, in Oak Ridge, "the little plant," since it contains a mere twenty buildings and employs only 2,000 persons. Here a thermal dif-

fusion method is used. This depends on the fact that two different forms of the same gas, such as U-235 and U-238, may separate when entire gaseous mixture is extremely hot on one end and cool on another.

To run this plant, great quantities of steam were needed, and one of the largest power-houses in America was built. It has three giant boilers, each producing 750,000 pounds of super-heated steam an hour, and its total energy output is about three-quarters as large as that of Boulder Dam.

The three plants, as well as the Hanford plant, were put into construction in the hope that if any one of them actually were to produce uranium, the investment would be a sound one. All the plants have produced. From the moment that they were put

into operation, there was no doubt of their success.

The total cost has been set at \$1,665,000,000 for Oak Ridge, Hanford, and the installation in New Mexico, where the atomic bomb was first tried.

RATIONING CALENDAR

MEATS AND EGGS
 Red stamp, Q2, R2, S2, T2, U2, now valid, expires August 31; V2, W2, X2, Y2, Z2, now valid, expires September 30; A1, B1, C1, D1, E1, now valid, expires October 31; F1, G1, H1, J1, K1 now valid, expires November 30.

U. S. Lists Cost Of European And Pacific War

252,885 Killed, 43,969 Missing In Combat; 287 Billions Spent
WASHINGTON, Sept. 5, (AP)—In terms of human loss in the war, European and Pacific combat casualties both Army and Navy—included 252,885 killed, 43,969 missing and 122,747 prisoners. There were 17,300 surgical

amputations, 7,300 men were deafened to some degree, 1,120 were blinded in one or both eyes. In money, the war cost the United States a total of \$287,181,000,000, compared with \$280,000,000,000 spent by Germany, \$49,154,000,000 by Japan, and \$135,856,000,000 by Russia, the nearest Allied competitor in spending.

Americans paid \$119,346,229,000 in taxes during war times. War-developed Treasury indebtedness will hit \$208,226,445,700, with War Bond subscriptions and all other securities.

Record Food Output
Agriculture produced \$29,800,000,000 in food for the armed forces, lend-lease and foreign relief. Even with agricultural manpower reduced by military calls,

production reached a peak in 1944 of 15 per cent over the pre-war level.

The war effort meant a \$20,300,000,000 expansion in the country's manufacturing facilities—more than 11,000 facility additions—with the major share of the costs coming from public financing.

A peak of 10,300,000 workers was reached for the munitions industry alone, approximately one munitions maker for every man in the more than 11,000,000-strong Army and Navy.

With 14,070 labor strikes between Pearl Harbor and the end of July, 1945, the cost in man-days was 34,787,000, one-tenth of 1 per cent of all available working time.

Sickness Is Carried By Chicken Mites

TALLAHASSEE Sept. 5, (Special)—With the season for late summer flare-ups of sleeping sickness now here, health authorities today reported that chicken mites have just been added to the list of carriers of this afflictive disease of horses.

The virus of sleeping sickness was isolated from a mite on a farm where horses had come down with sleeping sickness. The American Foundation for Animal Health reported.

"It is believed that the mites pick up the virus from chickens and in turn transmit the disease to people as well as to horses," the report said. Veterinarians had previously found that the virus could be harbored from year to year by birds and moul-

ting quills. The mites are small, but big Mites in the case of sleeping sickness.

In view of the fact that sleeping sickness is a common disease of horses, it is suggested that mites be kept away from horses and mites be kept away from horses.

Animals that have been mended in their area of disease have reported that the mites are found in the area of lowland pastures and in the trees that are used for work.

An army of 1,000,000 mites is slightly larger than a human mite. The mites are found in the area of lowland pastures and in the trees that are used for work.

the final year of war it was producing 45 per cent of the world's munitions. It had raised its munitions production 700 per cent since 1941 to 553,000 tons in 1944, double almost the output from 1942 to 1944.

The Navy's output of more than 100,000 tons of munitions in 1944 was a record for the Navy's output of more than 100,000 tons of munitions in 1944.

As for airplanes, from December, 1942, to the end of the war in the Pacific, 223,131 aircraft of all types were produced from 107 major plants in the United States and the figure includes 184,449 tactical craft.

The Army alone obtained 119,100 tanks, armored cars and self-propelled vehicles, 1,116,000 artillery pieces of all types, 182,000,000 small arms, 180,000 tractors, bulldozers and other construction equipment, 2,000,000 trucks, including 600,000 jeeps, 1,200,000 radio sets of all types, 2,000,000 telephones, 29,000,000

tees, which includes shelter halves, and the more important 11,000,000 pairs of shoes and 7,000,000 pairs of socks.

The United States produced 100,000,000 pairs of shoes and 7,000,000 pairs of socks.

Home ownership in the United States increased 10 per cent between 1940 and 1944.

The word "radio" derived from Czech "radio" which means work.

South Atlantic Coast states of Georgia, Florida, Alabama and Mississippi.

Both MAN-MADE!

The drama of the war is a story of man-made destruction. In America, the war will destroy our forests, our pulpwood and timber so vital to our nation.

From the South, the war has taken many more men and women to the front lines. The paper and pulp mills are located in the South and Southeast.

SEABOARD
AIR LINE RAILWAY
THROUGH THE HEART OF THE SOUTH

"CALLING JIMMY'S MOM"
The boys returning from overseas have waited months for this first call home—so let's say "Welcome" in the true Southern spirit—give returning service men first call on long distance!

What other telephone message is so important right now as those precious words "Hello, Mom?"
Since long distance circuits are carrying a heavy burden, surely your call can wait if it isn't really necessary. And when you must call, be as brief as possible.

SAVE CALLS FOR SERVICE MEN!

BIBLE VERSE FOR TODAY: WE ARE JUDGED AT LONG LAST BY OUR DEEDS...

Teen age workers are being urged to return to school...

The more we hear about the result of the atomic bomb explosion in Hiroshima...

Prime Minister Attlee admits that the second World War started with the Jap invasion of Manchuria...

We see where Emperor Hirohito is gravely concerned over proposed changes in the Japanese Diet...

The war cost the United States 287 billion dollars...

Secretary of the Treasury Fred Vinson says government expenditures should be stabilized around \$25 billion a year...

General Wainwright left the Philippines for the United States two weeks after his release from a Jap prison camp...

The American Legion, according to some, will soon be going into politics...

Seminole County citizens can get their chests X-rayed without it costing them a single cent during the next few days...

Interesting population figures are produced by the State Census Bureau which show...

If the government has spent \$175,000,000 in Florida on the construction of Army bases...

Honorable Mention

Before the second World War recedes too far into the dim distant past when only the dusty pages of history will recall its deeds of valor...

We have previously mentioned the members of the Draft Board, the Ration Board, the Tire Panel, and the Gasoline Panel...

Mrs. S.O. Chase was chairman of Special Volunteer Services and had charge of the knitting, Miss Irene Hinton served as Red Cross treasurer...

No greater contribution to the morale of servicemen in this community could have been made by the 100 women and girls who have in some instances freely given as much as 500 hours of time...

Most active in the establishment of the USO here was Frank Shames, first chairman of the Recreation Committee of the Defense Council...

Among those women who have been most responsible for the success of the USO are: Mrs. M.L. Wright, who was chairman of Senior Hostesses for three years...

Lea Leshar also served as chairman of the Fire and Water Control Section of the Defense Council and was a contact member of the War Price and Ration Board...

C.R. Dawson was chairman of this scrap drive which put Seminole County first among all the counties in the state...

He has assisted in this work by Mrs. M.B. Smith, chairman of the women's division, and the various drive leaders...

Alex Johnson has made one of the outstanding contributions to the war effort by organizing and directing the War Production Training Program...

THE MOON IS ON THE WANE

two thousand Sanford citizens trained in war work. Mr. Johnson is also commander of the local Coast Guard unit...

Others who aided materially in organizing the war effort in Seminole County were: Mrs. James Moughton, who had charge of the Block Leaders...

These and many others deserve full credit for organizing and leading Seminole County's contribution to the war effort...

TOO LATE TO CLASSIFY

It now appears that Florida will not be hit with post-war unemployment to any alarming degree...

Work will be available at packing houses, canning plants and processing establishments within the next 60 or 90 days...

months, factory workers now out of employment, many of whom have had no vacation for several years...

Travel restrictions that will permit the operation of tourist trains and additional buses as fast as equipment is available...

While some of our military bases will close, many will be maintained, some on a permanent basis...

Plants are being made by the Florida Fair, Florida Orange Festival, Festival of States and other events for victory shows and celebrations in 1946...

Circle No. 3 Mrs. C. R. Dawson, Chairman, at the home of Mrs. H. J. Lehman, 616 Palmto Avenue at 8:30 o'clock.
Circle No. 4 Mrs. A. D. Smith, Chairman, at the home of Mrs. Carl Harris, 1920 Myrtle Avenue at 8:30 o'clock.
Circle No. 5 Mrs. H. C. Whelchel, Chairman, at the home of Mrs. George Touhy, 2001 Magnolia Avenue at 8:30 o'clock.
Circle No. 6 Mrs. J. D. Woodruff, Chairman, at the home of Mrs. W. M. McKinnon, 901 Magnolia Avenue at 8:30 o'clock.

TUESDAY
The Azarian Class of the First Baptist Church will meet at 8:00 P. M. in the church annex with Mrs. J. T. Denton, Mrs. A. L. Barneau and Mrs. F. L. Dunoyer as hostesses.

WEDNESDAY
The Azarian Class of the First Baptist Church will meet at 8:00 P. M. in the church annex with Mrs. J. T. Denton, Mrs. A. L. Barneau and Mrs. F. L. Dunoyer as hostesses.

THURSDAY
The T. E. L. Class of the First Baptist Church will meet at the church annex at 8:00 o'clock. Group No. 1 will act as hostesses.

FRIDAY
The Seminole Chapter, No. 2, O. E. S., will entertain Mr. and Mrs. Glenn McKay of Miami in the Masonic Banquet Hall at 6:30 o'clock. A covered dish supper will be served. All members are invited to attend.

SATURDAY
The Townsdown Club will meet in the Court House at 8:00 o'clock with L. P. Hazan presiding. The public is invited to attend.

SUNDAY
Mrs. F. E. Bols entertained the Alathean Class of the First Baptist Church Tuesday evening at 8:00 o'clock when they met for their regular business and social meeting. Co-hostesses for the occasion were Mrs. J. A. Strange, Mrs. W. D. Stone, Mrs. H. E. Odham and Mrs. W. H. Garner.

Mrs. Bols presided over the meeting and Mrs. G. S. Nelson gave the devotional. Reports of the nominating committee were read and the new officers for the coming year were elected.

After the meeting, a social hour was enjoyed with the class honoring Mrs. Stone with a birthday party. Refreshments of birthday cake and ice cream were served to the following members attending: Mrs. Stone, Mrs. H. R. Beck, Mrs. E. S. Rodey, Mrs. Volle Williams, Mrs. M. S. Nelson, Mrs. J. T. Newby, Mrs. Lloyd McLane, Mrs. J. W. Hill, Mrs. A. B. Lavey, Mrs. C. C. Gibbs, Mrs. Joder Cannon, Mrs. A. K. Housetter, Mrs. A. C. Maden, Mrs. Selman M. Odham, Mrs. Strange, Mrs. Garner and Mrs. Bols.

Robert Morris Day Celebrated in Geneva

Members of Semole Chapter No. 2, Order of Eastern Stars celebrated the birthday anniversary of the founder of the Order, Robert Morris, with a picnic at the home of Mr. and Mrs. J. C. Hills in Geneva Wednesday evening.

Music was furnished by the Geneva school orchestra and the occasion opened with a grand march and formations of those present under the direction of Mrs. W. E. Sieg. A talk on the life and history of Mr. Morris, the founder of the order, was given by Mrs. Hills.

Tables were arranged on the spacious lawn facing a beautiful lake at the Hills' home and the meal was barbecued fish, furnished and prepared by the Geneva members of the order, while covered dishes were brought by the Sanford group. Ice tea and coffee were also served.

About 50 people enjoyed the outing, which is an annual affair.

Friends of Miss Helen Quarterman will regret to learn that she is undergoing treatment for rheumatic fever at the Florida Sanitarium and Hospital in Orlando.

Miss Lucy Ward Is Engaged To Navy Man

Mrs. Charles Edward Ward of 110 Scott Avenue is announcing the engagement of her daughter, Lucy Ellen, to William Earl Harrigan, AMN 2/c USNR, the son of Mr. and Mrs. George Harold Harrigan of 214 Fourth Avenue, Baltimore, Md.

Miss Ward attended the local schools and was graduated from Seminole High School with the Class of 1945. While in high school she was a member of various school clubs. She plans to attend Seton University in Deland this Fall where she will major in voice.

Mr. Harrigan has recently returned from overseas duty in England and is at present stationed at Whidbey Island, Washington, as an Aircraftman. He has been in the Navy since August, 1942. He received his education in the Baltimore schools and was graduated from Mount Saint Joseph's College in 1939. He took an active part in all scholastic sports. Prior to entering the service Mr. Harrigan was a statistician for the U. S. Railroad in Baltimore.

The date of the wedding has not been set.

MRS. THORNTON HONORED

Mrs. W. S. Thornton was honored Saturday evening with a birthday dinner given by Mrs. Martha Moffitt and Mrs. Kenneth McLeod at their home on Telery Avenue.

Enjoying the dinner were Mr. and Mrs. Thornton, Mrs. Annette Hutchins of Philadelphia, Pa., Mrs. Moffitt and Mrs. McLeod.

Poultry Show To Be Held In Sanford Soon

Seminole County 4-H girls will show their best New Hampshire pullets at a special poultry show at Sears, Roebuck and Co. Store, Sept. 14. It was announced this morning by Mrs. Ouida Wilson, Home Demonstration Agent.

Judging will begin at 10 in the morning. A W. H. Brown of the State Agricultural Extension Service is making the winners.

Girls entered in the contest include Mildred Mathews, Evelyn Leffels, June McGill, Hazel G. Gentry of the Geneva Club, Margaret May Hall, Joanne Wilson of Sanford, Dorothy Buckle, Mary Carlton of the Lake Mary Club and Eleanor Tison, Lan Lewis of the Longwood Club.

On May 21 each girl was given 100 baby chicks. The girls will pay for the chicks when they sell their flocks. This money will become a revolving fund for county. The contest is one of the poultry contests in Seminole County in the State with the Agricultural Extension Service and the Sears, Roebuck Foundation.

The girls have good records. Mrs. Thelma Butler, Manager of the Sears' office, is offering prizes which include housing equipment and other things needed around the poultry yard. Two girls, who will be awarded blue ribbons, will receive \$50 worth of material each. Three girls, who will be red-ribbon winners will each receive \$20 worth of materials, while the remaining five girls, who receive white ribbons, will be awarded \$7 worth of material.

In determining the winner percentage of chickens raised will count 100 points, the exhibit book 50 points, and the exhibit 50 points.

Elizabeth Bailey Weds John Crichton

The Presbyterian Church was the scene of the beautiful candle-light wedding ceremony Friday evening at 8:00 o'clock which united Grace Elizabeth Bailey, 8 2/c USNR, daughter of Mr. and Mrs. Leo Bailey of Philadelphia, Pa. and John E. Crichton, ARM 3/c USNR, of New York City. The Rev. E. D. Brown, pastor, performed the marriage before a large group of friends.

The altar was decorated with antigon, Crepe Myrtle and a background of fern and palms set off by tapers in branched candelabra.

Following the ceremony, a wedding supper was held at the Anchor.

HAPPY BIRTHDAY

Lieut. (jg) Peaz, I. Robson

BIRTH ANNOUNCEMENT

Mr. and Mrs. Johnny A. Beasly, of Sanford announce the birth of their son, Johnny, Jr., at the Fernald-Laughton Memorial Hospital on Aug. 31. Mrs. Beasly will be remembered as the former Mrs. Gloria June Weatherington.

CIRCLE MEETING

Circle No. 1 of the First Methodist Church met at the home of Mrs. J. A. Calhoun on First Street with Mrs. R. W. Sturdivant acting as hostess. The Circle was honored by the presence of the Society president, Mrs. B. B. Crumley.

Those present at the meeting were: Mrs. Brodie Williams, Mrs. G. W. Brown, Mrs. C. F. Brannan, Mrs. W. L. Clark, Mrs. Ella Irish, Mrs. Crumley, Mrs. W. A. Longbottom, Mrs. M. E. Bacon, M. Calhoun, Mrs. M. E. Baker, Mrs. W. E. Raines, Mrs. R. L. Shindler, Mrs. Sturdivant.

Normal annual consumption of iron ore in the United States is about 50 million gross tons.

charge points is made The new computation will take into account service up to September 2 instead of May 12.

What does "qualified" mean? It would give either an employer or a union a loop hole if they didn't want a veteran. They could say, "He isn't qualified," and that would be that.

Here are two sample arguments on the seniority issue.

He'll have a hard time getting a job, and he'll be the first to go when the cut comes. All we want is something fair and equitable. We want something that will give the veteran an even break with the man in an organized industry.

Colonel Stewart Wants No Role In A War Film

Has 'Had Enough Of That Stuff'; Hopes To Be Discharged

NEW YORK CITY, Sept. 5. (AP) Col. James Stewart, Hollywood actor, who entered the Army

in 1941 as a private and came home from Europe on the Queen Elizabeth on Friday as commandant of the 2d Combat Bomb Wing of the 8th Air Force, hopes he is going back into motion pictures soon.

The 37-year-old pilot drafted his way through a press conference at the headquarters of the New York Port of Embarkation at the Army Base in Brooklyn yesterday and said that he believes his 123 discharge points will entitle him to leave the Army.

"Of course," he added, "I'm not quite sure, because I can't

find out exactly what the policy is for Air Force officers, but I'm not going to coax them to let me stay in."

The winner of the 1940 Motion Picture Academy award appeared only slightly changed by his twenty-three months overseas in his twenty combat missions over Germany. He talked in the bashful manner familiar to thousands of motion picture fans, and as he talked he stuck out his lower lip to emphasize a point. When stumped by a question he tugged at his nose, as he has done in dozens of films.

One change reporters noticed was that his hair was now flecked with gray and when they asked him about it he laughed and remarked, "I don't care what color it gets as long as it stays in."

Colonel Stewart said he hopes his first picture will be coming out about five months hence. "I would like to make anything but a war picture," he said, "because everybody's had enough of that stuff for a while. A good comedy would be better."

Several times during the conference he proved himself a diplomat in answering questions, and once when photographers asked that he move a bit to the right so they could get a better shot he turned to the War-Sergeant Judith Weiss, of Providence, R.I.

in front of whom he moved, and asked, "See if you were in the movies, would you really be sure?"

Asked whether he prefers American or British girls, he looked startled and replied, "I don't consider myself qualified to say."

Colonel Stewart was wearing ribbons with six battle stars and ribbons for his decorations: the Distinguished Flying Cross with three clusters, the Air Medal with three clusters, and the Croix de Guerre with Palm. He said that the most satisfying mission in which he went was that for which he received the Distinguished Flying Cross on a flight over Brunswick, Germany, on Feb. 20, 1944.

Colonel Stewart planned to leave yesterday afternoon by automobile for his home in Miami, Fla., with his parents, Mr. and Mrs. Alexander M. Stewart, whom he met in New York on Friday night after leaving Camp Forrest, Ala., where he was sent for processing, where he was sent for processing.

He said he has a thirty-day leave and after a few weeks at home will go to Hollywood, then to his assembly station at Tuscon, to discharge.

RAINFALL LOW

The actual amount of rain for the month of August proved to be somewhat lower than normal rainfall during this period for the Sanford area, the weather report of H. F. Whitner shows with 4.92 inches the total average and 3.24 inches the amount recorded at the official station on Oak Avenue.

The census of 1940 gave that southernmost of the four population figures for the State, an increase of 1,000,000 since 1930 and the first time since 1920 that the population had increased. In 1920 the number had grown to 2,957,171. Then came the boom period and Miami became a city almost overnight. The 1930 census placed Miami's population at 110,461. Today Miami is the second largest city in the State with a total of 162,122 residents.

Jacksonville at the turn of the century was the State's largest city, a position it has retained since 1900. Its 1940 population was 108,190. Other figures for Jacksonville are 1910, 57,529; 1920, 67,768; and 1930, 82,429. Key West with a total of 14,142 in 1940 was the smallest city in the State and the only one to show a decrease in population since 1930.

The census of 1940 gave that southernmost of the four population figures for the State, an increase of 1,000,000 since 1930 and the first time since 1920 that the population had increased.

Population of five Florida cities which today exceed 10,000 and for which no figures were reported in 1900 are: Miami Beach, 32,256; Fort Lauderdale, 14,881; Panama City, 13,533; Sarasota, 13,557; and Lake Worth, 10,618.

FLORIDA FARMERS SHOW SPIRIT IN MAKING GOOD FOOD PRODUCTION RECORD

For the fifth straight year Florida farmers are making a good record in food production. They will fall a little short of some of their 1943 production goals but their accomplishments in the face of labor shortage with which they have had to contend for four years and the worst drought they have experienced in years are striking evidence of their spirit, ingenuity, and industry in time of stress.

For example, it looks like they will fall five percent short of their goal for milk this year because of other difficulties, but they are producing 275,000,000 pounds or 55,000,000 more than they produced in 1944. They have 3,000 more milk cows than their goal called for which clearly shows that they step out to achieve or exceed their production goal but they don't let anything about their own losses get in the way.

They are exceeding their goal for oats, which shows a growing realization of the importance of food raised on the farm for chickens, excluding broilers for beef cattle, and sugar cane for energy. They are three percent short of their goal for peanuts for all purposes, but they will use their goal for harvest because they dig more than they set out intended. There is a little bit of their crop which is not used but they will use what they can.

The story of all their work shows one of earnest endeavor to do as well as possible to help meet the food needs of the nation.

They are exceeding their goal for oats, which shows a growing realization of the importance of food raised on the farm for chickens, excluding broilers for beef cattle, and sugar cane for energy. They are three percent short of their goal for peanuts for all purposes, but they will use their goal for harvest because they dig more than they set out intended. There is a little bit of their crop which is not used but they will use what they can.

THANK YOU!

A personal message from Mr. Fletcher E. Bolls owner of the Sanford Paint and Glass Company.

The month of August just ended has been the best for Sanford Paint and Glass Company since I purchased the business from Mr. G.U. Stuart on April 1st, 1943.

The public confidence reflected by the biggest month in my Sanford business history is deeply appreciated. By trying to do the little things that show personal interest in every customer and keeping a complete stock of paint, glass and mirrors, I hope to serve you even better in the future.

Sanford "The Friendly City", has been good to me and it is with much pleasure that I say to you and all,

THANK YOU!

Sincerely,
FLETCHER E. BOLLS

Hatton Address Sanford Members Of Realty Board

Included Mayor Higgins, who said that authority had recently been granted to build 30 new homes acute; Joe Hall, director of the situation in Sanford but that the housing board, who described his work with service men and discharged veterans; Frank Evans, who stressed the importance of courtesy in the selling game; R.A. Williams, who said that kindness and consideration pay in the real estate business; the same as in any other business; and J. James Guk, who said the realtors must take the lead in selling the town to the home folks as well as to outsiders, or "someone else will come in and do it for you."

Job Chances Revealed For Homing Vets

The Government lends up to 90 per cent of development cost, is paid back over a 60-year period with interest. The income of a family eligible to rent one of the modern, well-built dwelling units can't be more than five times the gross rent. This was \$18.00 on the average before the war, including utilities. Rents generally are called on ability to pay. Before the war the average income of families situated was \$22.22 a year.

BUSINESS SERVICE

Living Memorials Are Being Planned For Heroes Of War

AP Newsfeatures. Instead of the monuments and camouflaged runs of World War I, living war memorials are being planned by many U.S. communities, to keep green the memory of the heroes of World War II. Most of the 48 states as well as largest cities throughout the country already have under way their plans for memorial parks and playgrounds, stadiums and sports arenas, parks and community centers. For the smaller towns and suburban communities, however, less costly projects are in order, and it is for these that the suggestion is made to plan simple memorial flower gardens. More than 100 inquiries a day are received at the Columbus, Ohio, headquarters of the American Commission for Living War Memorials, from cities and villages alike. Several projects with in the reach of the average small town budget are suggested by Charles H. Perkins, father of two sons in the service and head of the 73-year-old nursery firm of Jackson and Perkins, Newark, N.Y. Says Mr. Perkins: "Small towns which already have community centers might think automatically of planting on the surrounding grounds. But what about a popular intersection where people wait for trolleys or buses? Most of these could stand some brightening up. If yours is a town filled with commuters, the area around the railroad station might be planted with fragrant blooms to welcome

Living Memorials Are Being Planned For Heroes Of War

AP Newsfeatures. Instead of the monuments and camouflaged runs of World War I, living war memorials are being planned by many U.S. communities, to keep green the memory of the heroes of World War II. Most of the 48 states as well as largest cities throughout the country already have under way their plans for memorial parks and

Truman Offers 21-Point Plan For Recovery

President Asks For Limited Tax Relief, War Time Controls, And Wage Increase

WASHINGTON, Sept. 7. (AP)—President Truman offered to Congress yesterday a 21-point program designed to smoothe the way for the greatest era of "high prosperity" in American history.

In a 16,000-word message which droning clerks read to the legislature, the President declared that if the Government meets the problems of peace courageously, it will help usher in "the greatest peace-time industrial activity we have ever seen."

Among other things the President proposed:

- Continued war time controls until all fear of inflation is dispelled; limited tax relief; an increase in the 40-cent minimum wage; higher social security benefits; vast power, highway, and other public works projects; 3,000 new airports; a boom in housing; doubled salaries for Senators and Representatives; stockpiling of strategic war materials and orderly disposal of surplus war materials.

There was no overall estimate of the cost of the program, although it obviously would amount to billions.

Reaction in Varied
Reaction in Congress ran all the way from hearty approval by the President's supporters to some Republican comment that "it's the same old New Deal dressed up in new clothing."

While some elements of the program seemed headed for easy passage, others were already in for a fight. The President's plan for increasing unemployment compensation throughout the Nation was a week had formidable opposition.

The message was so lengthy that Mr. Truman made no effort to deliver it himself. It was the longest since President Theodore Roosevelt sent a 20,000-word document to Congress in 1901.

Mr. Truman took occasion to praise the legislators' contribution to the war effort. He recounted what they already have done to speed reconversion and then he listed what he thought was yet to be done to fill in the gaps.

Moreover, Mr. Truman said, he'll have an addition to the program soon. It will urge a national health plan with "adequate" medical care for all, expanded education and social security phases.

"Let us now resolve," the President said, "to use all our energy and resources to build a better life here at home and a better world for generations to come."

"The job, the full job, can and will be done."

Happy Greeting From His Chief

COMMANDER IN CHIEF of the U.S. Army Air Forces, Gen. Henry H. Arnold (left), warmly greets Vice Admiral John S. McCain, commander of the U.S. Strategic Air Forces, as the latter arrives at Hamilton Field, San Francisco, from his headquarters in the Pacific. Spaatz commanded the Strategic Air Forces in both Europe and the Pacific theater. (International Soundphoto)

Adm. McCain Overcome By Heart Attack

Hero Of Pacific Action, Chief Of Task Force 38, Had Just Arrived From Tokyo

SAN DIEGO, Sept. 7. (AP)—The stout fighting heart of Vice Admiral John S. McCain gave out last night from combat duty. A physician said the 63-year-old commander of famed Task Force 38 was simply exhausted from three months of almost continuous raids, mostly against the Japanese.

Opposition Grows To Expansion Of Jobless Benefits

WASHINGTON, Sept. 7. (AP)—President Truman tried yesterday to get Congress to pass a bill to expand unemployment benefits, but apparently failed to save from virtually certain congressional defeat his proposal for broad expansion of unemployment benefits.

County Schools Will Re-open on Monday Morning

The importance of education was brought out this morning by County School Superintendent T. W. Lawton as he announced the opening of school Monday and urged boys and girls of high school age, who have been working to enroll this fall, now that the war is over, to receive elementary degrees.

Ford Motor Co. Is Idle Due To Wheel Co. Strike

DETROIT, Sept. 7. (AP)—The Ford Motor Co. announced today all passenger and truck production in eight cities is being halted, idling more than 30,000 workers because of the continuing Kelly-Hayes Wheel Co. strike in Detroit. The Wheel Company employs about 10,000 men and women.

Florida Had Only 39 Strikes By 10,334 Workers In 1944

ATLANTA, Sept. 7. (Special)—Florida had 39 strikes and lockouts involving 10,334 workers in 1944 and thus resulted in 176,184 man-days of idleness, or 2 percent of the National total, according to a special study by the U.S. Bureau of Labor Statistics, reported by Regional Director Harris P. Dawson, Jr. Such stoppages in Florida and other southern States were exceedingly few compared to many of the more industrialized regions, the study shows.

Ocala Councilman Plan Sewage Disposal

OCALA, Sept. 7. (Special)—Ocala city councilmen are planning to add sewerage disposal charges to monthly utility bills to pay for a new sewage treatment plant to be erected at a cost approximating \$250,000.

"The Rock Of Life," Novel Written By Mrs. J. J. Bolly, Is Reviewed

By Willard Connelly
Absorbing in interest, at times tense with suspense, and sharply defined in character portrayal, especially of the dominant character, Marie, struggling against poverty to rear her ever increasing brood of children in a Swiss valley, "The Rock of Life" by Mrs. Elvira Goddard Bolly, wife of J. J. Bolly of West First Street, Sanford, forms another book addition of great merit to the works of Sanford's growing literary colony. This Mrs. Bolly's first book length novel, places her in the distinguished company of two other Sanford authors, Milton B. Sackett, author of juvenile novels, and Mrs. Elvira Garner, nationally known writer of the "Rock of Life" series.

"The Rock Of Life," Novel Written By Mrs. J. J. Bolly, Is Reviewed

for bare existence never ends. A peaceful valley in Switzerland, heavy with child she must struggle to cultivate a rocky patch of potatoes, she must look out for her goat which she barely able to give enough milk for the younger children. This comes the birth of David, who must get part of the milk. Then, her husband, patters with pottery making when he is in the mood, or sits and dreams of making some old piece of pottery while Marie drives the plow, scatters the seed and reaps the harvest.
