American All-Stars Win 12 To 0 Game Over National Loop

Williams Slams Two Homers and Pair of Singles for Perfect Day to Pace Victors

BOSTON, July 9, (AP)—Baseball's "dream game" of the all-star contest turned into a nightmare for the National League today as they took a savage 12 to 0 lacing from the hard-hitting American League squad. A crowd of 34,000 saw the slaughter at Fenway Park in Boston.

It was the worst beating administered in the history of the mid-summer classic and the second shutout. It was also the ninth win in 13 tries for the American League.

Tom Williams, the Boston slugger, fired four hits in four tries, including two tremendous home runs. He knocked home five tallies in what was probably the greatest hitting display in all-star history.

The National Leaguers, swinging like sad sacks, piled up three hits from the superlative American League hurling, served up by Bob Feller, Hal Newhouse and Jack Kramer. Two of these were infield safeties. Only one—Peanut Lowrey's liner in the sixth off Newhouse—went to the green-covered outfield.

The keynote was sounded in the opening round when Charlie Keller of the New York Yankees hammered a home into the right field bullpen with Williams on base. Ted had walked. That gave the American League a two-run lead off the National League pitcher on the mound for the American team and faced the lone National threat of the game in the first frame. Stan Musial reached first on Johnny Peavy's noor throw and then Johnny Flopp outran an infield bouncer for the first hit of the game. But Bobby Andrews roared by striking out Whitely Kurovski. The Americans picked up another run in the fourth when Williams hit a sky-high home run into the center field seats off Kirby Higbee. One inning later they took the lead when Williams, with three more tallies. Four hits—singles by Rosar, Newhouse and Williams and a double by Stephens—and a walk did the damage. In the seventh, with Esnel Blackwell working for the National, Joe Gordon splashed a double off the left field wall to drive home two more runs. Then, in the eighth, Williams' second homer of the day climaxed a four-run outburst to make the final score.

Jews Protest Palestine 'Tyranny'

LEAVING THE WHITE HOUSE (top) in Washington are four of the members of the Jewish Agency for Palestine who had just conferred with President Truman on the recent events there. They are (l. to r.) Louis Lipsky (Ibbi Abii II Silver, Rabbi Stephen B. Wise and Dr. Nahum Goldmann (shown below thousands demonstrate in New York to "Fight Britain's Tyranny in Palestine" while several in the group carry a British flag on which appears a swastika. (International Roundphoto)

Breakdown Of Peace Talks In China Reported

Communist Speaker Says Red Negotiators Have Given Up Hope for Settlement

NANKING, July 9, (AP)—There has been a complete breakdown of peace negotiations in China. A Communist spokesman said today that the Communist negotiators have given up all effort to reach a settlement. The Communist peace proposals are said to have been flatly rejected by Chiang Kai Shek's Central government.

At the behest of American mediators, two rival Chinese generals in Manchuria have scheduled a meeting for Thursday. But it's considered unlikely that they will get together at all, much less arrange a truce.

The collapse of negotiations, while dispatches from the north told of new fighting between Communist and National troops. Once again the Communists have begun a large offensive near the United States Marine base at Tientsin, according to government dispatches, they shall send a railroad town in that vicinity for 24 hours, and a Chinese newspaper says casualties were heavy. American and Chinese military members of a truce team are on their way to the region, in spite of Communist objections. Other news of fighting came from Northern Manchuria, the recent province of Chanting and Kiangsu, and the central province of Hopei.

Critics Of British Loan Let Loose Fresh Verbal Barrage On House Floor

Famed Nisei Regiment Given A Royal Welcome

HER HAILS CROWDED with members of the famed 442nd Central Postal Directory, the first American unit in the U. S. the troupe Wilson Victory is greeted in New York by a group of native Hawaiian dancers who are pictured wearing leis at the men aboard the regiment saw action from the start of the North African invasion to the battles for France and Italy. They are en route to Hawaii. (International)

Rep. Woodruff Says Tremendous Credit Might Sow Seeds Of Third World War

WASHINGTON, July 9, (AP)—Critics of the loan to Britain have let loose a fresh verbal barrage on the House floor. Representative Roy Woodruff, Michigan Republican, declared today that the tremendous credit might sow the seeds for a world war III. He argued that if we gave almost \$4,000,000,000 to Great Britain and then refused to give Russia a similar sum the Soviet Union might conclude that we're building a western bloc against her and would begin to arm for another war.

As the House went into its second day of debate on the loan it became increasingly evident that Republican ranks are split sharply on the issue while administration leaders are fighting hard to hold Democratic lines.

The senate has been noticeably slow today in its debate on price control and it may slow down even more if Senator Alexander Wiley has his way. The Wisconsin Republican has proposed that Congress let the OPA sleep a while longer to give free enterprise a reasonable chance to demonstrate further its integrity without controls. Wiley declared that industry and consumers have shown what he called admirable restraint in keeping prices from running away since OPA died on July 1.

Republican Senator Robert Taft has asserted that the Justice Department should indicate price administrator Paul Porter and economic stabilizer Chester Bowles. Taft said that if the Justice Department were on the job, it would bring action against the two officials on charges of using government money to propagandize Congress for continued price control.

Evidence Found Slavery Is Being Revived In Japan

TOKYO, July 9, (AP)—In evidence found by a Japanese investigator that slavery is being revived in Japan. Large numbers of women and girls are said to have been virtually sold as slave labor by their parents. The parents receive the wages earned by their daughters under a two- or three-year contract.

That kind of slavery was prohibited by General MacArthur last October, and by a Japanese ordinance adopted in May. But a study of an American investigator found in a study of six textile factories that women laborers were living under the same conditions—sleeping in barracks and their lives regulated down to the last detail by company rules.

Investigators are making a check of mines in Honshu and Kyushu. Forty thousand others are said to be working elsewhere, as coal sorters on a long night shift. Some men, too, are found working inside stockades against their will, and allowed outside only under guard.

Congressman Is Making Study Of Litchfield Trials

Action Part Of Committee's Probe Of Army Court System

BAD NAUHEIM, Germany, July 9, (AP)—A study of the Litchfield trials is being made in Bad Nauheim by Representative John Eberhart of the House Military Affairs Committee. Eberhart and Dr. Leonard K. Hill, Pennsylvania Democrat, are on their way to the town of Litchfield, where a general investigation of the Army's court martial system. He also declared that he was looking into the Litchfield cases to see if they warrant further Congressional investigation.

In the long and stormy Litchfield trials, six officers and ten enlisted men have been accused of cruelty to American soldiers imprisoned in Litchfield England. Eight of the guards and one officer have been convicted and sentenced to prison.

The proceedings have produced complaints of pressure by high Army officials. The highest ranking defendant, Col. James Kilgus of Highland Park, Ill., has asked for a Presidential investigation. Kilgus, former commander at Litchfield, was on trial.

In another trial that of Capt. Leonard Amos of Peekskill, N. Y., closing arguments have started and a verdict is said to be near.

No Skyrocketing Of Prices In City Is Revealed In Survey By Herald

Analyzes 'A' Cloud

By Willard Connolly
No skyrocketing of prices, except for some small rises in the price of meat, milk and chicken feed, have been noticeable in Sanford since the demise of the unannounced OPA, a survey conducted by the Herald revealed this morning.

OPA, which a year ago went up one cent a bushel, a quart and the price according to local dealers was due to the Japanese invasion of the Philippines. It was a price control which had been in effect since the outbreak of the war.

Practically every chain store and meat market in the downtown section is under orders to "hold the line" on prices which will not be raised unless wholesale prices are raised and local stores' margins are complying with that order.

Most prices have gone up on some commodities, but not on others. Heavy goods, such as tires, are being sold at regular prices, but the latter are being sold at a profit. In many stores, meat prices are being sold at a profit, but not on other commodities.

Demand is very light here for fish, averaging 19 to 45 cents a pound, and chicken at 52 cents for broilers and 65 cents a pound for fivers. The explanation is that people have been eating so much of these items they are tired of them. During the year, shrimp, a seasonable item, jumped from 59 to 85 cents a pound. Butter is still a very scarce item, but chain stores still quoted at from 66 to 69 cents a pound. An independent store was reported to be selling butter for 98 cents a pound.

A chain feed store reported an increase of \$1.00 per 100 pounds and a raise on dog food of 50 cents a hundred pounds.

Lack of fat for frying is keenly felt, especially in colored sections, and this fact, together with disinclination of housewives to stand over hot stoves during the hot weather, may have something to do with the slump in meat sales. In fact, one meat dealer predicted a drop in prices here. Grocers seem to be holding the fresh vegetable and staple prices in line.

Local drygoods dealers are also (Continued on Page Two)

Sanford Police Station Is Given Inspection Today

Three inspectors today gave the Sanford Police Station a thorough going over and the city officials inspected in detail. Police Chief Roy G. Williams, anxious to make a good impression and keep the department's reputation at its highest, showed them the photo-graph room, the radio room, the system, machine and gun, and other details of the department.

The most thorough inspection was given to the kitchen by the visitors, who particularly noted the clean and sanitary condition of the working order. After that everything very satisfactory and complimenting Chief Williams on the ship shape of everything in the station, the visitors left a brief report on their visit.

Sergeant Henry Lewis, regarding certain articles of gear shooting, departed much the wiser for their experience.

The visitors were Joe Wimbish, Jr., 12, his brother, John Wimbish, eight, and Hamilton H. Hays, aged 10. The Wimbish boys, sons of Capt. Conde G. J. Wimbish of the U. S. Coast Guard, are spending the summer visiting their grandmother, Mrs. Clara Brady, 1113 Park Avenue.

Edward Kimball Gets Discharge From Army

S/Sgt. Edward Kimball, son of Mrs. W. A. McMillen, who resides at 1029 Elm Avenue, arrived by plane in Orlando yesterday from Central America for a visit with his family here.

Sgt. Kimball, who has been in the U. S. Army for the past 20 months, received his honorable discharge on July 7 in the Panama Canal Zone where he served in the Quartermaster Corps.

Prior to entering the service, Sgt. Kimball was an agricultural technician with the Institute of Inter-American Affairs and served in both Cuba and Panama. He was also employed by the W. Atlas Burpee Seed Company here for a number of years.

OFFICE ESTABLISHED
City Recreation Director Goose Kettles announced today that effective tomorrow, he can be reached at the office of T. W. Lawton in the Court House.

City Commission Proposes Two Mill Reduction In Debt Service

A reduction in City tax millage from 30 to 28 mills was tentatively agreed upon by the City Commission Friday evening, and at another meeting Monday night a previously proposed increase in assessed valuations was achieved.

The net result of operation, according to Mayor H. James Gray, will be to add about \$7,000 to the City's operating revenues, and \$3,000 to the debt service.

The millage reduction was achieved by paring two mills off of the 15 mill debt service levy with which to pay Sanford's bonded indebtedness of \$5,000,000, a remaining sum owed on the former \$7,000,000 debt. The operating levy remains at 15 mills.

The proposed increase in assessed valuations, designed to add \$7,000 to City operating funds, was confirmed at the meeting, with a 10 percent increase for business property, 50 percent for dwellings and 60 percent increase for vacant property, rather than the 100 percent increase formerly proposed.

After computing the taxes at 13 mills for debt and 15 mills for operating purposes, calculations showed that the actual increase in taxes for the year would be only 2.06 percent on business property, 4.93 percent on vacant property, making a total increase of less than 10,000 on the total tax roll. This would increase the tax levy for operating purposes approximately \$7,000, and for debt service \$3,000.

City Manager, Baye, presented a report on the 1945 tax roll, which showed that the total taxes levied against all vacant property for the year 1945 was less than \$4,000. The total tax levy against all vacant property with the increase of 60 percent in assessed valuation will be less than \$4,000.

The analysis further revealed that including the blanket increase on assessments in the 1946 tax roll, the total assessed valuation of business and non-business property is \$114,823,400.

There might be more thrills attached to being a sheriff in Florida than being a clerk of the circuit court, but the office does not pay off so well. For instance, records released in the report by Comptroller Lee revealed that the average Florida sheriff collected in fees last fiscal year \$4,583.89, while the average clerk of the court was receiving \$5,181.41. The average for the assessor, who is the lowest of all county fee officials, it was \$4,245.18. Next came the county judge with \$4,583.89, then the collector with \$4,703.76. In Seminole County the clerk of the court received last fiscal year

More Testimony Is Heard By Senate Investigators

WASHINGTON, July 9, (AP)—The Senate War Investigating Committee was told today that a mid-western firm tried to include gifts of liquor among its expenses under a government war contract.

The firm was the Eric Basin Metal Products Company—a part of the industrial combine built up by the Carson brothers, and now accused of war profiteering.

A former Army captain, Carl Moline, testified that the company tried to charge against the government more than \$19,000 for liquor and other miscellaneous gifts. Moline said company officials had not disclosed who got those presents.

George Knutson of the War Department Price Adjustment Board testified that the claim was not allowed. The list of presents was said to include such items as pen and pencil sets valued at \$120 each, and two cigarette lighters at \$138 apiece. Knutson told the committee that by renegotiation, the Army had reduced profits of the Eric Basin Company for 1943 from \$1,718,000.00 to \$80,000.00.

HUGHES HOLDING OWN
LOS ANGELES, July 9, (AP)—The fabulous bank of Howard Hughes is forming Physicians at Good Samaritan Hospital report the millionaire movie and aircraft maker is "holding his own" against critical injuries sustained in the crash of his plane Sunday.

ST. PAUL, July 9, (AP)—Former Minnesota Governor Harold E. Stassen described the Republican senatorial primary triumph of Governor Edward Thye today as "a decisive victory for progressive Republican policies."

Stassen had backed Thye, who turned back Senator Henrik Shipstead's bid for re-election.

President Favors New Leave Pay Plan For Soldiers

WASHINGTON, July 9, (AP)—The matter of settling out terminal pay to 14,000,000 veterans of World War II may be settled by compromise, according to Senator Edwin Johnson, President Truman has okayed a plan whereby \$2,700,000,000 in terminal pay would be made in bonds and cash.

The Colorado Senator says the plan was recommended by the Budget Bureau, which speaks for the President. Under it, cash payments would be made to veterans for all terminal leave payments under \$50. For all amounts over that, payments would be made in five-year, 4 1/2 percent bonds. The new plan would pay all terminal personnel the same terminal leave payments that commissioned officers receive.

The idea of using both cash and bonds, says Johnson, is to avoid inflationary effects.

The Senate Military Affairs Committee will get the new plan today. The House already has passed its own payment bill and Johnson predicts that the new bill will be approved before Congress quits.

U. S. And Australia Establish Embassies

WASHINGTON, July 9, (AP)—The United States and Australia have named their legations to embassies and have appointed ambassadors to each other's capital.

President Truman nominated Robert Butler of St. Paul as the first American ambassador to Canberra. The first Australian ambassador to Washington will be Norman Mackin, Minister of State for the Navy.

The move is in line with what has been termed official recognition of the importance of the Pacific area in the eyes of both governments.

New Life For Heirlooms

Grandmothers and great-grandmothers of this generation of young people would be pleased and perhaps surprised to see the value now set on their time-worn house furnishings.

With good new furniture so hard to come by, the brides of the war years and of this year of pseudo-peace are bringing down the cast-offs from the attic.

When the final coat has been rubbed and waxed, the spool bed is a thing of beauty, with its fine proportions and softly shining spindles.

Rooms furnished in this way fully justify their owner's pride, for they have an atmosphere of sturdy simplicity and unassuming hominess which provides the best possible start for a young family.

Not Registered

The politics of "Uncle Joe" Cannon, one-time speaker of the House of Representatives, were of a strictly practical variety.

"See those distant stars?" she rhapsodized. "Did you ever pause to think that they may be worlds?"

"Well, I suppose I have thought of it," was the somewhat dubious reply. "And that they may be inhabited by human beings that hope and struggle as we do?"

"Why not?" demanded the young lady. "Why have you never thought about them?"

"Oh," said Uncle Joe reflectively. "I suppose one reason may be they don't vote in my district."

Our Bloodiest Battle

What was the bloodiest battle in American history? Josephus Daniels, secretary of the Navy in the first world war, who has just published his reminiscences of these days has a surprising answer.

Only one battle other than Belleau Woods in modern times, according to Daniels, surpasses the bloody record of Iwo Jima. That is Waterloo, where Napoleon lost 54 per cent of his army as compared with a British loss of 14 per cent.

Inside WASHINGTON

Circumventing That Aid to Hungary May Be Fink Shrewd Move

Special to Central Press

WASHINGTON—Diplomatic observers are following closely the United States battle to get around, over or through the so-called "iron curtain" Russia is accused of drawing around her border countries.

TOP GOVERNMENT OFFICIALS knew several days before the scheduled start date that the recently-threatened maritime walkout of more than 200,000 CIO workers would not come off.

Washington That would be easy. The government, owner of most of the nation's merchant ships, promptly and the ship owners had to go along with it.

MEANWHILE, Allied merchant marine authorities are showing an unwillingness to abandon all global shipping controls despite the fact the shipping bottleneck admittedly is a thing of the past.

One of the most needed highway improvements in Central Florida is the road from Sanford to New Smyrna. Increasing traffic congestion on this highway, plus its deplorable condition and narrow roadbeds with deep ditches on both sides...

No Skyrocketing Of Prices In City Revealed By Survey

Continued From Page One holding the line and they say they will not raise prices unless wholesale prices go up. Hardware items are not changing in price, but there is a report that screws were raised 20 percent in wholesale prices.

"MURDERER RETURNS TO SCENE OF CRIME"

American All-Stars Win 12 To 0 Game Over National Loop

Continued From Page One American League 12, National League 0

Score by innings: Nat. League 000 000 000-0 3 0 Am. League 200 130 21-12 14 1

Winning Pitcher: Miller, Loggins; pitcher, Passeau. First Inning: Nationals—Schoendienst rolled to Vernon. Musial was safe on a low throw by Pesky.

Americans—DIMaggio bounced out to Mize. Schoendienst tossed out Pesky. Williams went to the full count and then drew a walk.

Americans—Vernon rolled out. Marion to Mize. Keltner worked out to Mize. Hayes lined out to Marion, who whipped the ball to Mize to double Keltner off first.

Nationals—Schoendienst flied to Williams in left. Musial popped to Doerr. Hopp flied to DIMaggio in deep centerfield.

Americans—Luke Appling batted for Feller and bounced out to Passeau to Mize. DIMaggio dumped a single into centerfield. Pesky rapped into a double play.

Schoendienst to Marion to Mize.

Nationals—A J Newhouse went in to pitch for the American Leaguers. Rosar was catching and Spence was in center field.

Americans—Kirby Higbe went to the mound for the Nationals and Phil Masi took over the catching. McCormick was playing first. Williams smashed a terrific home run into the centerfield bleachers.

Nationals—Stephens went in at short for the Americans. Gordon to second. York to first and Stirnweis at third, a complete new infield. Masi went out.

Americans—Stirnweis struck out. Rosar slashed a single into left field. Newhouse dropped a single into right centerfield, sending Rosar to third.

Americans—Rip Sewell went in to pitch for the Nationals. Stirnweis singled into left field. Wagner flied out to Lowery in deep center field.

Nationals—Marion struck out. Lamanno batted for Blackwell and went out. Gordon to York. Gustine walked. Enns struck out.

Nationals—Lowery went out to Stephens to York. Stephens also threw out Slaughter. Verban batted for Kuroski and fouled out to Wagner.

Mrs. J. Ivey Is Honored By Shower

Mrs. John Ivey was honored with a miscellaneous shower recently by Mrs. Robert Bruce and Mrs. Ralph Peters at 417 Park Avenue.

Pastel shades of asters and roses decorated the party rooms where games were played throughout the evening.

Many lovely gifts were presented Mrs. Ivey after which refreshments of Coca Cola, sandwiches and cakes were served to the guests.

Those enjoying the occasion were Mrs. John Ivey, Mrs. Zeyward Ivey, Mrs. R. E. Lee, Mrs. L. M. Himes, Mrs. Alvia Gilliard, Mrs. Clifford Johnson, Mrs. Hubert Smith, Mrs. W. L. Hiers, Mrs. Donald Whitten, Mrs. E. N. Miller, Mrs. H. A. Gooding, Mrs. Robert Bruce and Mrs. Ralph Peters.

THE FILING OF A SUIT

Against Harvard University for \$100,000 by Mrs. Jean C. Darlington, West Chester, Pa., brought to light the mysterious six-year-old disappearance and return of a famed painting, "Descent from the Cross".

She had sent it to Fogg Museum at Harvard for appraisal in 1940 and it disappeared shortly after being placed on exhibition.

A quiet, intensive search for the work of art came to an end a week after the incident. The painting was returned by a man who showed it was said to have been sold for \$40,000.

After the police had been notified and applied for a warrant, the painting was found in the hands of a man who had bought it from a dealer in New York City.

Twinkle Toes For Summer Mermaids

By BETTY CLARKE AP Newsfeatures Beauty Editor

If you've never given yourself a pedicure start now to make your feet as beautiful as your fingernails.

There's nothing complicated about a pedicure. Try it in these six easy stages:

1. File the toenails straight across with an emery board. Use pedicure start now to make your feet as beautiful as your fingernails.

2. Apply lubricant cuticle remover with an orange-wood stick wrapped lightly with cotton.

3. Put some nail dress around the cuticle and soak your feet in warm water for at least ten minutes.

4. Now take an emery board and file the nail until it is smooth and free of all dead and unpolished bits.

5. Apply polish in applying remember to put very little on the brush so that it will not run back into the cuticle.

6. After the polish is dry, use a nail brush to apply emery oil to the sides of the nail.

7. Wipe off excess oil with tissue.

8. Get in the habit of giving your

steaded property amounted to \$2,966,080; homestead property, \$2,777,160 and only \$311,500 on all vacant property, making a grand total of \$5,994,740, which includes \$95,000 for improvements made to property during previous years.

Monday evening, the Commission authorized Mr. Sayer to advertise for bids for construction of a concrete tennis court on City owned land on the south-east corner of French Avenue and Ninth Street. It was announced that the Sanford Tennis Club had put the decision for the tennis court location in the hands of the Commissioners. The contemplated Eighth Street and Park Avenue location was rejected on the grounds that trees would have to be removed, and also the court might have to be dug up for future repairs to sewers running underneath.

Police Chief Roy G. Williams presented a letter from W. A. Leffler, manager of Chas and Company, proposing that as a means of encouraging safe driving safety stickers be given to persons with good driving records.

as members of a "Safety Drivers' League." He also proposed that stickers be removed from cars of drivers guilty of traffic violation or involved in accidents due to careless driving. The matter was taken under advisement by the Commission.

WILL FIGHT TRUMAN

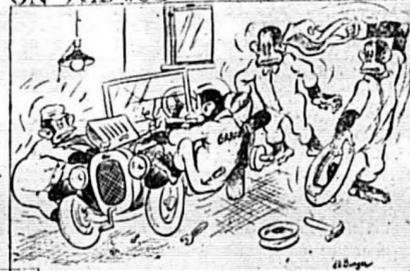

WASHINGTON, July 9.—(AP)—Railway Trainmen's President A. F. Whitney has asserted that his union has \$2,500,000 to spend on the defeat of President Truman. But, added Whitney, the union will not have to spend a single cent to defeat Mr. Truman if he chooses to run for another term.

IN MEMORIAM

Sidney Hillman, PAC Chairman, Dies Today

59-Year Old Labor Leader Is Victim Of Heart Ailment, Physician Reports

POINT LOOKOUT, July 10, (AP)—The national chairman of the CIO Political Action Committee, Sidney Hillman, died today. The veteran labor leader was 59.

Death occurred at 8:40 A. M. (E.D.T.) at the Hillman summer home in Point Lookout. Dr. John Cahill said that death was caused by a heart condition.

Nassau County police said that Dr. Cahill had telephoned a request for a supply of oxygen after Hillman had been found unconscious in bed by his wife.

Two patrolmen rushed an oxygen tent to the Hillman home but the labor leader died shortly after they arrived.

Hillman was president of the Amalgamated Clothing Workers of America and vice-president of the CIO.

The labor leader was born in Zagare, Lithuania, and came to the United States in 1907. He went to work as a cutter in the garment industry.

Hillman became interested in the labor movement and his activity as a leader throughout the years caused him to be regarded by workers and management alike as one of the most powerful, competent and brilliant figures in the labor movement.

In 1914 as a member of the United Garment Workers Union, Hillman led the revolt against the leadership of Thomas Ricketts and formed the amalgamated union. He won a liberal agreement for the new union with a Chicago men's clothing manufacturer.

The publicity director for the Amalgamated Clothing Workers, Richard Robinson, said that a successor to Hillman as CIO Political Action chairman will likely be chosen by the executive council next week. PAC now has three vice-chairmen. They are Tilford Dudley, Thomas Burns and Jack Kroff.

National Guard Recruiting Will Begin On Aug. 1

TAMPA, July 10, (AP)—Active recruiting for Florida's reactivated National Guard, which probably will include two infantry regiments, two field artillery battalions and anti-aircraft and coast artillery units, will begin about August 1, Col. Homer W. Hesterly, Tampa member of the National Guard Advisory Board for Florida, said yesterday.

By September 1 the reactivated units should be mustered into the Federal service, Colonel Hesterly said.

The advisory board, convened by Adj. Gen. Vivian Collins at St. Augustine, made the following recommendations to Governor Caldwell, Colonel Hesterly reported:

1. That the 24th Infantry regiment be assigned to Jacksonville and West Florida.
2. That the 31st Infantry Regiment be assigned to South Florida counties.
3. That the 11th Field Artillery Battalion be reactivated with headquarters in Tampa, as before the war.
4. That the 14th Field Artillery Battalion be assigned to various towns in Polk County.
5. That units of two anti-aircraft battalions and of a coast artillery battalion be scattered throughout the State, as may be desired later.

Tampa, Orlando, St. Petersburg, Jacksonville and Tallahassee were considered as possible headquarters for a reserve air squadron, but the final decision was left to the Governor.

State headquarters will remain in St. Augustine.

In general, units will be located in the same places as before the war, Colonel Hesterly said, but there is the personal matter of nearly twice as many units as before, there will be need for many new units.

Florida will work closely with Georgia and South Carolina in setting up the National Guard system as the three states are dividing two divisions among them, he reported.

RED CROSS TO MEET

A regular meeting of the Red Cross will be held Thursday morning at 10:00 o'clock at the Chamber House. A report of the convention will be given, according to Mrs. John Rogers, secretary.

NOTICE

Veterans of Foreign Wars Auxiliary will meet at the Community Center on Thursday at 8:00 P. M.

Remove Gas Pipeline Blast Victim

THE BODY OF ONE OF THE FIVE MEN killed when a 24-inch natural gas pipeline exploded near U.S. 111 is removed by fellow workers. Ten other men were injured by the explosion which occurred while they were using acetylene torches to prepare an extension to the line. This victim was buried in mud beneath pipe. (International Soundphoto)

Kettles Expects Good Football Team This Fall

Coach Tells Kiwanis That Feds Should Quit Slump Soon

A resident of Winter Park today told Kiwanis that the Semole High School (Celebrity Foot) football team will have a good season, "with enough experienced players to give opposing teams a good tussle." This Winter Park-er also predicted that the Sanford baseball team would (before August) come out of its present slump that has resulted in only four runs in as many games. The speaker was C. F. Kettles, star pitcher of the Sanford team, and during the school term, coach for the Celebrity Feds.

"Everybody has a bad day at some time," Kettles said, "and so does every team. The boys have only scored four runs."

127,866 Cars Of Produce Shipped During Season

JACKSONVILLE, July 10, (AP)—A total of 127,866 cars of Florida fruits and vegetables have been forwarded from Jacksonville, Baldwin, High Springs and Hampton since the start of the regular shipping season last Fall. Rail lines reported today that the total included 43,993 cars of oranges, 12,937 cars of grapefruit, 12,000 cars of mixed citrus.

Of the remainder, there were 12,198 cars of celery, 9,424 of Irish potatoes, 6,828 of watermelons, 5,975 of tomatoes, and smaller amounts of beans, cabbage, cucumbers, peppers, lettuce and mixed vegetables.

Senate Okeys River And Harbors Bill

WASHINGTON, July 10, (AP)—The Senate approved by a voice vote today a conference report on the \$1,000,000 Rivers and Harbors Bill. The measure now goes to the White House.

The measure received final Congressional okay after Senate and House conferees had reduced a \$150,000,000 authorization for the Arkansas River to \$55,000,000. Meanwhile, another \$1,000,000 bill authorizing flood control projects has moved nearer final Congressional approval. A conference committee already has agreed on several projects added by the Senate.

GERMANY STUDIED

PARIS, July 10, (AP)—The four-power Foreign Ministers Council continued to give its attention to Germany. Soviet Foreign Minister Molotov proposed immediate steps toward eventual establishment of a Central German government with which the Allies could sign a peace treaty.

Molotov declared that Russia does not believe either in destruction of Germany as a state or in its transformation into an agricultural rather than industrial country.

25 Servicemen Die In Crash Of Fortress

Rescue Forces Find Grim Remnants Of New England's Worst Air Tragedy

HOLYOKE, Mass., July 10, (AP)—Death in blasting plane has put an end to the homeward bound journey of 25 Army, Navy and Coast Guard servicemen—the entire crew and passenger load of a converted flying fortress that smashed against a 1200-foot granite cliff near Holyoke, Mass., last night.

In the theory mist of daybreak today Army rescue forces, and the grim remnants of the tragedy, scattered plane wreckage with mangled engine coverings and mangled parts of fuselage, saving off an intense heat from the tree that devoured the B-17 when it exploded and still blazing trees that caught the flames along the 400 foot path the ship plowed up as it tore into the dense woods. Pile of mementos—typical G.I. mementos of a happy homecoming—lay scattered on the charred ground: snapshots of families, a gold wrist watch glittering in the ashes with its hands stopped at 10:20—the approximate time of the crash.

Just what caused the grim accident is not yet known. Army officers at nearby Westover Field where the plane was to have landed on it, from Newfound

land, said that the pilot may have been mistaking the terrain and failed to observe Mount Tom until it was too late. The Mountain was abruptly and above above the Connecticut valley. A light rain, a haze and a black night probably made it all the more difficult for the 10-10-46. The crash of the bomber ended Westover Field that everything was fine and nothing was heard from it until the Army received word of the crash. The huge plane exploded in a ball of fire and flames. The falling rain averted a forest fire. Salvage crews are laboring to extricate all of the bodies in the ship. The names of the victims, New England's worst air disaster, are being withheld pending certification of kin.

Death Claims Mrs. Lillian Chasteen, Resident Of Paola

Mrs. Lillian Chasteen, resident of Paola for the past seven years and widow of the late Claude W. Chasteen, died at her home today morning after a short illness. She was born at Marshall, N. C. She was a member of the Wesleyan Methodist Church.

Funeral services for Mrs. Chasteen will be held Thursday afternoon at 2:00 o'clock at the Wesleyan Methodist Church. Burial will be in Evergreen cemetery.

Survivors include six daughters, Mrs. Paul Landers and Mrs. Robert Kelley of Asheville, N. C.; Mrs. Henry Dwyer of Greenville, Tenn.; and Mrs. Stuart Dutton of Greenville, S. C.; Mrs. Emmett Thomas of Marshall, N. C.; and Mrs. James Flemmons of Wayneville, N. C.; five sons, Robert H. Pease and Fred Tracy of West Asheville, N. C.; Anderson and Edward Payro of Asheville, N. C.; and Claude W. Chasteen, Jr. of Paola; the father, Green Thomas of Marshall, N. C.; two sisters, Mrs. S. W. Norton of Charleston, S. C.; and Mrs. Gray Cabaret of Marshall, N. C.; and two others, John Thomas of West Asheville and Theodore Thomas of Marshall, also 28 grandchildren.

W. B. Rogers Dies Of Accident Injuries

Remains of William Becton Rogers, 81, who died at midnight Monday as the result of injuries received in a motorcycle accident which occurred Saturday afternoon at 1:00 o'clock on the New Smyrna road near Bamba, were sent this afternoon to oration, Tenn. for funeral interment.

Mr. Rogers was born, Oct. 9, 1864, at Morrison, and later moved to Toledo, Ohio. He is survived by the father and mother, Mr. and Mrs. John A. Rogers of Toledo. Local arrangements were in care of the Erickson Funeral Home.

LOUIS VS MAURIELLO NEW YORK, July 10, (AP)

Heavyweight champion Joe Louis signed today to meet Tam Mauerello, of the Bronx, in a 16-round championship bout at the Yankee Stadium on Sept. 18. It will be Louis' third defense of his title. Promoter Mike Jacobs announced that tickets for the fight would be priced at from \$3.00 to \$50.00.

BOARD MEETS THURSDAY

The County Board of Public Instruction will meet Thursday morning at 10:00 o'clock at the office of Supt. T. W. Lawton, Sanford school trustee, will meet at 11:30 o'clock to discuss with the board proposed repairs and improvements to school buildings.

More Products Prohibited From Price Regulation

Cottonseed, Soy Bean Controls Latest To Fall Under Ax

WASHINGTON, July 10, (AP)—The Senate has voted to forbid price controls of milk and dairy products. The vote was 51 to 27.

The Senate voted 42 to 34 today to prohibit price regulations on cottonseed and soy beans and their products in any revival of OPA. These amendments to the new OPA extension bill came after a plea from Senator majority leader Alben Barkley to stop loading the bill with amendments. The bill would make it inadvisable to cottonseed and soy beans price controls. The latest bill falls under the ax the Senate now has before an amendment to discontinue price of dairy products. The committee already has voted the removal and poultry from price regulation.

County Commission Will Meet As Tax Equalization Board

BIRMINGHAM, July 10, (AP)—Admiral W. H. P. Blandy says that one million tons of water will be blown into the air by the underwater atomic bomb. A column of water nearly one-half mile in diameter and 8000 to 10000 feet high.

The task force commander says that ships in the area of the high water column will get an awful working piece and that there will be a high probability of being hit by the wave.

Admiral Blandy says that the wave will be thrown out from the sea but that the wave will inundate the shore. Blandy says that some ships may be captured by the waves.

Scientists estimate that when the underwater atomic bomb explodes, a water column will rise to a height of 8000 to 10000 feet and about that a wave will travel away from the point of explosion. Radioactive spray may become part of clouds, rain and snow. Radioactive rain may be part of clouds, rain and snow. Radioactive rain may be part of clouds, rain and snow.

COURT CONVENES

County Court convened Tuesday morning at 10:00 but there were no new cases to be tried that no jury was called, according to County Judge R. W. Ware. Prosecuting Attorney G. A. Speer and local attorneys presented a purely a labor-saving mechanism that insures accuracy. Ethics, they said, played no more part in this than they did in any telephone conversation.

At the time of the hearing, 19,000 sets selling at from \$480.00 to \$500.00 had been sold.

In view of some of the complaints, this may surprise you: But congressmen are listed among the good customers for the device. A company spokesman says a majority of the Senators have telephoned recorders and a good many representatives, as well.

Telephone Recorder Back In News As Result Of War Profits Investigation

WASHINGTON, July 10, (AP)—The telephone conversation recorder is back in the news as a result of the Senate war profits investigation. It seems the committee received quite a bit of the evidence from recordings of telephone conversations.

Now, the question everyone is asking is what is the status of these recorders in the light of official regulations? No one in Washington can say for sure today.

Six months ago, the Federal Communications Commission held a hearing on this subject—but it still hasn't given any verdict.

100 Percent Tithe Increase Reported

A near 100 percent increase in tithe, a jump from \$459,000 to \$892,000 was reported at the Florida Conference of Seventh Day Adventists at their camp meeting just concluded at the Forest Lake Academy.

In the report by Elder L. C. Evans, it was announced that 1,354 persons had been baptized. He also reported that mission offerings were \$452,497, an increase of 100 percent. Of the \$1,000,000 to be raised for famine relief in Europe, \$40,000 will be raised by the Florida Conference. It was announced. More than 2,500 persons attended the camp meeting conference during the weekend.

400 Members Of Seafarers Union Form Picket Lines About Staten Island Biers

NEW YORK, July 10, (AP)—AF of L seamen have begun to picket CIO-manned ships in New York in a move which may spread to all Atlantic and Gulf ports. More than 400 members of the Seafarers' International Union have thrown picket lines around two Staten Island ports. According to Paul Hall, chairman of the Union's Maritime Council of Greater New York, the picketing is an answer to so-called CIO raids on AF of L Maritime unions along the Pacific coast.

Hall described the picket lines as "a warning to Harry Hedges and the Communist-dominated CIO committee for maritime unity to the seafarers of the world." Then he added: "If it is not, we will be on the picket line in every port in the world."

Gen. Devers Calls For More Training Of Officer Cadets

WASHINGTON, July 10, (AP)—The Chief of the Army Ground Force, General Leslie H. Devers, has ordered longer and tougher training for officer candidates.

Devers at the present 17 weeks, lieutenant commissioning must average 21 weeks training at Fort Benning, the Army General Devers said. The new program, which will be in effect after the first of next year.

Army Has Record Number Of Recruits

NEW YORK, July 10, (AP)—An Army official has declared that up until June more volunteers had joined the United States Army than any Army ever had at any time. The Army official is General H. H. Arnold, assistant to the Chief of Staff, General H. H. Arnold.

TO SPEED DEMOBILIZATION

SHANGHAI, July 10, (AP)—The United States Army Service Command in China today announced a program in demobilization. All non-white, enlisted fathers and all enlisted men except volunteers with 20 months service as of Sept. 30 will be sent home in August. Those with 18 months service as of Nov. 30 will be shipped home in October.

Veterans Service

Any veteran in need of service (free of charge) in any of the following categories is requested to visit the office of the responsible agencies listed below:

Coordinator — E. B. Carter, Atlantic National Bank Building.

Employment — U. S. Employment Service, 112 North Park Avenue.

Vocational Training and Education — T. W. Lawton, Court House.

Legal Assistance, Hospitalization and State Service Officer — Contact through Lloyd F. Boyle, County Service Officer, Tackel Building.

Home Service Assistance to Servicemen, ex-Servicemen and their Dependents — American Red Cross, Lakefront Boulevard.

Veterans Administration — Marie M. Rudich, Sheriff's Office every Tuesday.

TACKLE SOLD

BUFFALO, N. Y., July 10, (AP)—Hulked Joe Tomasin, a 240 pound tackle, has been sold by the Brooklyn Dodgers of the All-America Football Conference to the Buffalo Bills of the same circuit. Tomasin is an ex-Catawba College star.

CANADIAN SEATED

NEW YORK, July 10, (AP)—The Soviet delegate to the United Nations Security Council, Andrei Gromyko, met another rebuff when he invoked the veto for the sixth time in council history.

Gromyko tried to prevent Canada's representative from participating in council discussions on atomic energy questions. However, the council chairman, Dr. Francisco Castillo Mijang of Mexico, ruled Gromyko out of order, and the Canadian, General A. G. L. McNaughton, was seated. The Russian delegate said he reserved his right to raise the question again.
