

## Court Could Not Have Made Any Other Rule, Says Borah

Solon Says People Should Be Given Right To Vote More, Less Power For President

**WASHINGTON, June 3.—(AP)**—A demand that a constitutional amendment be adopted by the people by "those who want" unlimited executive power last night was voted by Senator Borah in an address to the Supreme Court's death bed in New Mexico.

The Republican veteran did not specify what native right, if any, President Roosevelt's Administrators had violated.

"The court could not have decided otherwise under the Constitution," Borah said in a radio speech.

Reputedly the Idaho senator referred to great federal powers over creation, "uncharismatic" and "shaking states' rights."

## Wilkinson Reports On Activities Of Boys' Boxing Club

**THE SANFORD HERALD, SANFORD, FLORIDA**

According to Judge S. A. B.

Borah sympathized with President Roosevelt's "almost dread responsibility" in dealing with the emergency, but asserted emphatically that existing constitutional authority was sufficient for the job. He added:

"If the people of this country were the executive departments, we would have national laws for every conceivable activity of the citizen, violation of which would send a man to jail, that, at least, should have an opportunity to pass the question.

"Such power should be established by the courts or the Congress, not by the executive departments, as an open proposal by a committee of men who have no constitutional authority to submit such a bill to the Senate.

The Republican veteran did not specify what native right, if any, President Roosevelt's Administrators had violated.

"The court could not have decided otherwise under the Constitution," Borah said in a radio speech.

Reputedly the Idaho senator referred to great federal powers over creation, "uncharismatic" and "shaking states' rights."

## Supreme Court Ends Historic Term Of Office

(Continued From Page One)

House voted down the amendment 279 to 2.

Meanwhile, the court proceeded to dispose of its business, including a decision of a Wisconsin Supreme Court which held that the state banking commission could prevent bank holding companies from obtaining state charters as federal institutions under the act.

Judge Roberts, who never reads his opinions but delivers them orally, said he believed that the majority of the members of the court agreed with him.

Paul W. Moore was over Glen Cochran; Joe Johnson and Ray Edge, and Billy Tippins and Harlan Miller, respectively, were over George Washington, Donald C. Richberg and Dr. Tugwell may support the political philosophy of General Wallace, Eddie and Jeffery Milson, nevertheless in my judgment the ex-court should still hold a high place at the bar of history.

"The constitution should not be changed by the Supreme Court. It should not be changed in Washington, D. C., but it should be changed by the people themselves."

In its NRA decision, Borah said, the court had "mainly" ruled a high place at the bar of history.

"The constitution should not be changed by the Supreme Court. It should not be changed in Washington, D. C., but it should be changed by the people themselves."

"First of all, the Supreme Court in rendering its opinion is bound by the written terms of the Constitution."

In discussing club activities for the past 11 months, Judge Wilkinson said that since its organization about a year ago, 1933, the club has been successful in its efforts to increase the participation of electrical workers in the community.

"They have been given training in citizenship and citizenship," he said. "In addition to the educational work done by the club, we have shown to help needy children and families in the county."

Receipts for the past 11 months total \$55,25, with expenditures \$40,000. The club has 1,000 members, mostly electrical workers for indigent school children, buy equipment for the club house, and for the payment of dues, bills, etc.

"The club has done much to help needy children and families in the county," he said.

## Powerful New Sanford Nine To Meet Rebuilt Leesburg Team Here Tomorrow, 3:30

By PETER SCHAUER

That powerful new Sanford team which has already been named as the team to beat in the second half Central Florida Baseball League pennant race, will meet the rebuilt Leesburg Islanders at Municipal Park here tomorrow afternoon at 3:30 o'clock in the feature game of the afternoon.

Because of the sensational performances of the Feds since they were placed under the wing of Manager Bill Cobb, it is expected that the season's best crowd will witness the tilt.

Scores of Sanford fans have not yet seen the Feds' new players in action, and five of the six newcomers will be in the starting line-up tomorrow. Each has played an important part in the Feds' past two victories, and club supporters claim that the Fed team which takes the field tomorrow will be the team that is to meet DeLand in the post-season series next September.

Manager Cobb has announced Doc Harden and his low fire-ball will be tossed at the Islanders, who were thoroughly whipped last afternoon, by Manager Cobb and his blustering mates.

The Leesburg nine comes to town under the management of Bill Yde, once one of the National League's outstanding pitchers. Yde took over the reins Saturday night, after it was indicated that Raleigh Pert had gone as far as he could go.

Leesburg also has extra talent in the form of Lee Meadows, former Pittsburgh and St. Louis pitcher, who is a member of the Leesburg "board of strategy" that also includes Yde and old Hill Brasler.

Yde and Meadows will pitch together in the season. It was announced from Leesburg today that both are rounding into shape and it is possible that Yde may be on first base tomorrow in place of Charlie Abbott who would be on third replacing Pert.

The Feds feel so sure that they now have a winning combination that they are predicting that they'll win at least six of the remaining nine games in the first half.

A glance at the official roster for the remainder of the first half bears out this prediction for it includes powerful batters, fast base-runners, capable fielders, and two of the league's best hurlers—Cobb and Harden.

Manager Cobb, conforming to a legend left off the 1931 team, may make any changes in its players left during the last 30 days of either half, announced yesterday afternoon at 3:30 o'clock, which was exactly 30 days before the first half ends, that he will use the following players during the next 30 days:

Lee Walker, Chick Burch, Fred Gleason, Wilbur Goode, Buck Burkhardt, Sam Mason, Hiram Caldwell, Jack Reed, Ed McElroy, Doc Harden, Homer Warren, Pete Schirard, Bill Gates, and Bill Cobb.

Tomorrow's starting line-up will include the name of Goode, speedy young infielder, who will be at short in place of Gleason. The latter will be kept on top for relief hurling duties, if necessary, as being a utility infielder, put fielder or pitcher.

The starters tomorrow: Walker on second, Burch in center, Goode at short, Gates on third, Reed in left, Mason on first, Burkhardt catching, Caldwell in right and Harden pitching.

The Feds were headed for a victory over Lakeland yesterday when rain in the second inning precluded further play. The Feds

## Cocoa Creeping Up On DeLand For Batting Crown

### Roberson Of DeLand Is League's Leading Regular Batter

were leading by 4 to 2 at that time and Harold Doker, on the mound for Sanford, was pitching his way out of a jam which came when he allowed two long hit triples in the second.

The game produced something that has never been seen in Central Florida Baseball League play in Sanford and on only a few occasions in exhibition games—a home run.

Hiram Caldwell stepped to the plate with the bases full in the last of the first and whaled one of Lefty Britt's offerings more than 550 feet into right field, clearing the sacks, and scoring himself before the ball got into infield.

It was a tremendous drive and it was the first home run at Municipal Park in more than six years.

Oddly enough, Jaeger, Lakeland left fielder who came to bat in the second, hit one of Doker's offerings into almost the same field, but he was not fast enough to reach home. It was scored as a triple, but the ball did not hit the ground until it had traveled about 500 feet and Burch had been made to appear to be covering the ground like a jack-rabbit, so far out was he.

Main checks were issued yesterday to be good for the Sanford-Terrell game that is to be played at Municipal Park next Tuesday afternoon.

## Leaders Agree To Extend NRA Until April 1

Presidential Powers To Prescribe, Approve, Enforce Codes Is Killed

WASHINGTON, June 6.—A resolution extending the skeleton NRA organization until April 1, 1936, but giving all Presidential powers to prescribe, approve, enforce codes of fair competition was agreed to today by House, Senate, and administration leaders.

Earlier study of preserving standards through interstate compacts, bolstered by federal control, was initiated by President Roosevelt.

Leaders also said that Roosevelt may send a soon advocating increased income taxes to raise revenue to replace NRA as a means of distributing income.

He thought the proposal include gift taxes also but was a difference of opinion.

resolution agreed to has been approved by the Ways and Means Committee. Democratic leaders expressed the hope that it would be retained before nightfall and a "up" resolution would be voted up in the House tomorrow.

As far as the Ways and Means Committee met to act this morning, it was to accept without the first section of a resolution extending the organization until April 1.

amendments to the Wagner-Parrish bill, claimed by proponents to have presidential support, were rejected yesterday after written measure.

At the same time, the attorney general and solicitor general were told the second of the two bills which Roosevelt was to be told were "indispensable" to the necessity of martial law was the Guffey coal bill, intended to create NRA for the soft industry.

## Outwits Kidnappers

## Johnson Sees New, Better Food Control NRA Making Is Proposed

### Promises Of Industry To Maintain Plans Standards Held As So Much 'Ballyhoo'

WASHINGTON, June 6.—(AP)—Gen. Hugh S. Johnson, former chief of NRA with a self-proclaimed seal for it "almost as a religion," yesterday asserted a nation-wide tendency to price slashing existed and he characterized many promises to maintain NRA standards as so much "ballyhoo."

Kidnapped at his office and driven to Valdosta, Ga., Royal Daniel (above), editor and publisher of the Quitman (Ga.) Free Press, obtained his abductor's permission to step out of the automobile and mail a note requesting ransom. Beside the mail box was a fire alarm. He pulled it and the kidnappers fled as the fire engines approached. (Associated Press Photo)

### Mills Proposes To Replace NRA With Trade Agreements

### Voluntary Pacts, Free Of Monopolistic Practices, Urged

HYDE PARK, N. Y., June 6.—(AP) In the home town of President Roosevelt—our eminent neighbor, former congressional representative from New York—yesterday evening a written measure.

"The agreements I have in mind," said Mr. Mills, who served in the Hoover cabinet, "are regarded as positive Republican presidential nominees in 1936, must not be permitted to serve as cloaks for monopolistic practices—and when I say voluntary, I mean voluntary, without any element of constitutional compulsion."

He said the passing of NRA has assured a "healthier and sounder" economic life. Addressing the Republican Club of Hyde Park Mills said:

"Of course, problems remained to be solved. Everyone, who insists as I do on unswerving maintenance of the competitive process, recognizes that unfair competition is one of them."

"But voluntary agreements, worked out through the instrumentality of trade associations sanctioned by the Federal Trade Commission and supported by public opinion, can go a long way in that direction."

"Under a new and better NRA, which is coming as sure as the sun rises, I hope you can rid yourselves of the trouble you had in the old NRA."

"In so far as minimum wages, maximum hours and decent labor conditions are concerned, the states have ample authority, and we have not begun to explore the hopeful responsibilities of regional compacts between states in this and many other directions."

(Continued On Page Three)

## Kidnappers Of Aged Cuban Attempt To Contact Attorney

HAVANA, June 6.—(AP)—Kidnappers of Antonio San Miguel, aged but fighting Cuban millionaire, made a bold attempt yesterday to contact with San Miguel's attorney, Pedro Herrera. Both long, and the millionaire's own voice.

The death of "Hero of Vimy Ridge," whose long career also included a term as governor general of Canada, left Lord Allenby as the only surviving outstanding leader of British troops in the World War. He was 72.

CARTER IS GUILTY

LAUREL, Miss., June 6.—(AP)—M. M. Carter, prominent business man, was convicted by a jury here of the "Jug" killing of Men. Daley Keeton, and his punishment was set at life imprisonment. He was sentenced immediately following the verdict. The jury took three ballots. Mrs. Keeton's legs were severed from her body.

## Surplus To Be Stored By Government To Equalize Good, Bad Crop Season

WASHINGTON, June 6.—An effort to co-ordinate federal and state government control over the distribution of milk and fruits and vegetables Monday was disclosed to be a primary feature of the newly rewritten farm adjustment amendments.

Agricultural Adjustment Administration officials said rough drafts of two proposed changes would be in the hands of Congress by tonight at the latest. Meanwhile, consideration of revisions in the basic Agricultural Adjustment Act had not been concluded.

Texts of the two new amendments—one dealing with milk and the other with fruits and vegetables—could not be obtained. But officials said the old amendment proposing the over-normal granary advocated by Secretary Wallace, probably would be resubmitted without change.

This plan would employ the adjustment program to equalize supply over big and little crop years through government storage of surpluses.

## Shultz Signs Many Senate Measures; None Vetoed Yet

TALLAHASSEE, June 6.—(AP)—A legislative act levying graduated gross receipts taxes and occupational license against business, with chain stores paying the highest scales, was signed by Governor Shultz along with more than a score of other measures.

Other bills signed yesterday included:

Senate bill 601, providing for retirement of state officials and employees after 30 years' service.

Senate bill 615, authorizing municipalities to extend or improve waterworks or other public services with loans obtained from the federal government.

Senate bill 668, setting up a method by which old age pensions may be paid if a fund is authorized by constitutional amendment.

Senate bill 688, re-apportioning the Legislature to give Bay and Broward counties each one additional representative, and taking one representative away from Santa Rosa and Columbia counties.

Senate bill 831, appropriating \$1,000,000 for special building program at state institutions.

Senate bill 996, authorizing retirement of Supreme Court justices at the age of 65 years if they have served for 20 years.

Senate joint resolution 179, submitting to the electorate a proposed constitutional amendment to allow the Legislature to set up a system of old age pensions.

A number of minor measures also were signed.

## Guthrie Summarizes Year As Field Worker

BEN GUTHRIE, associated with Chase and Co. as one of its field workers this season, comes forward with what he claims as the typical experience of workers of his type during the past year.

His summary drew smiles and laughs in the Chase and Co. "front office" this morning when it was released by W. A. Leffler, executive vice-president of the organization. It is as follows:

"Farms on which operated, 10 days worked, 65 number of days had trouble with crop, 65 total number times admonished; 100 times to take better care of cattle, 12,000; times improvement was noted as the effect of such instructions; none; times mistaken for farmer, once; times mistaken for Mr. Whitehead, once; times mistakes for government inspector, once; times photographed by passing Yankees tourists, four times struck by wasps, one snake killed, 14 times invited to eat with local farmers, one."

(Continued On Page Three)

## Legislature Cost \$47,000 More Than It Did During 1933

TALLAHASSEE, June 6.—(AP)—The 1935 Legislature ran up a payroll total of \$112,502 as against a total of \$105,500 for the 1933 session.

The figures were supplied by the state treasurer's office for the official record of the Legislature's proceedings.

Both the Senate and House this year exceeded the payrolls of the previous session.

The Senate's total payroll for 1935 was \$107,500, of which the members received \$16,477. The remainder was paid to employees.

On the House side, the payroll totalled \$104,545, of which the 20 members received \$20,716, and the remainder went to employees.

In 1933, the Senate's total payroll was \$88,195, and the House \$84,770.

With several minor bills still to be paid, the treasury reported the legislative expenses were \$264,117,

or \$42,000 a day for 1935, as against an average of approximately \$10,000 daily for previous sessions.
