## Marking Em Up

## 37 SPIDINIA %

JULIAN STENSTROM Herald Sports Editor

10c

We've heard quite a bit of comment on our article pertain-ing to B. F. Ganas and his reing to B. F. Ganas and his recreational ideas for Sanford. Much of it favored his plan and many recommended the appointment of Ganas as City Recreational Director. We won't hesitate to inform you, however, that a number of people, even though they approved of the plan, said it would cost the City too much money. Can you imagine that? We can't! We hereby endorse the appointment of Ganas as City Recreational Director. The entire matter will be presented before the City Commissioners at the next meeting Monday night, it should prove to be very interesting. And for the information of those whe say such a move would cost the City too much money, we have this bit of information for you to digest. Just wait until meet of the returning veterans and other young turning veterans and other young people, who are deeply interested in recreation, leave Seaford for in recreation, leave Saaford for greener pastures, and then you'll see what your own City taxes will amount to. An investment like this, if properly carried out, will pay the City time and time again and in the long run we'll have a better town and the chances are you'll be in a much better position to pay possibly lower taxes. Put two and two together and most of the time you'll get four,

Herman Morris, principal of Seminole High School, said today that the St. Augustine baskethall team, which will play the Celery Feds Friday night, wants to spend the night here. However, Mr. Morris has thus far been unable to obtain hotel accommodations for the squad.

Fred Haas of New Orleans says that invitations to participate in a benefit golf match at Dunedin in February, for the PGA rehabilitation fund, have been accepted by Byron Nelson, Brn Horan, Sammy Snead and ug McSpaden.

We are exceptionally glad to see J. W. Altman back in the ole town again. Jake is a good athere and has always taken a great deal of interest in all types of athletics, both in Seminole High School and following his graduation. Jake agreed with us when we expressed the need for a good city baskethall league here in Sanford. We hope that the city will soon set up an athletic program and aid in getting this and other recreational projects underway. We see no reson why a Central Florida Basketball League couldn't be pranized to include Orlando, Sanford. DeLand, Daytona Beach, Leesburg, Eustis and several other teams. We have some pretty good talent right here. We know Jake and Red Williams would be interested in such, a movement.

Conch George McClelland of the Celery Fed cage teem and the clear of the cleary fed cage teem and the program and responsible to the cost of a such a program? What in the world could be more plain there were sent the such a program? What in the world could be more plain there were sent the such a program? What in the world could be more plain the cost against the cost of such a program? What in the world could be more plain the cost against the cost of such a program? What in the world could be more plain the cost against the cost of such as the program and aid in getting the cost of such as the program and aid in getting the program and aid in getting the cost of such as the program and aid in getting the cost of such as the program? What in the world could be more plain the cost of such as the program and We know Jake and Red Williams would be interested in such a movement.

Coach George McClelland of the Celery Fed cage team announced his remaining basketball schedule today. There are several tentative engagements at the present time but confirmation is expected within the next day or so. The schedule of remaining games is as follows:

Jan. 11 St. Augustine Here Jan. 25 Bolles Here Jan. 25 Bolles Here Feb. 5 DeLand Here Feb. 5 DeLand Here Feb. 16 Bolles There Feb. 16 Bolles There Feb. 16 Bolles There The East Central Florida Conference tournament with he held in Daytona Beach on Feb. 22 and 23. action be taken by our local schools and by our City to provide much needed recreational activity and facilities.

### College For Builders

A practical course in all phases of the construction business is being offered at Iowa State College at Ames, lown. A questionnaire distributed by the Northwestern and methods of processing and preparation, so this fresh tree and serve, a lown. A questionnaire distributed by the Northwestern and methods of processing and preparation, so this fresh tree and serve, a lown. and the two Dakotas stressed the shortage of trained look for the shipment of many builders in the face of wide-spread building needs on farms, it was my privilege to sample one left the tree, is bound to become in small towns and large cities of these states. So a college of these new airborne products in equally popular. course was instituted to include building mechanics, car- the form of fresh, tree riper pentry, masonry, farm-building planning and arrangement, drawing, engineering and a study of commercial woods.

The college by these courses is providing not only that permit the prospective purconcrete help in the greatly needed building expansion, but also training for returned veterans.

Cleveland Gollege is now giving courses for real estate stage and being shipped in token dealers. They touch taxation and financing of properties, quantities, the Florida-Air Corporation and decentralization of industry rough, and centralization and decentralization of industry, zoning and fully werked out a process of premany other subjects which should make the handling of real estate both for agents and owners easier and more satisfactory.

These courses are intended for adults but some of them doubtless interest undergraduates also. They will increase a developing tendency to learn about technical subjects on a solid groundwork of underlying principles instead of fumb-ling along hit or miss on a rickety basis of trial and error.

### Defense Training

Every time the American people get into a war, in recent decades, they start talking about the adoption of universal military training for national defense. For a travel from tree to point of der while they arouse some real enthusiasm about it. And then, direction a thousand miles or more away skered well be interested in the second as they win the war, they lose their military under digeration; but outenthusiasm and slump right back into their old carelessness, frozen, and in all probability will enthusiasm and slump right back into their old carelesances; apparently depending on fool luck or divine help. And on be delivered by refrigerated truck

the whole, one or the other has usually been with us.

But anybody who imagines that this is necessarily voing to-be the outcome hereafter may be mistaken. For the world is not what it used to be, and neither are the weanons. What is needed from now on is the good old motto, "Semper Paratus" which means "Always Prepared."

### All-Season Fruits

What will amount to a revolution in eating habits will regarding the frozen food industry. While three per cent fruit, washed, stems removed, of perishable food raised now is being handled by the chilled and ready to serve. All the housewife will need is a bowl to housewife will need in a bowl to housewife will need in a bowl to housewife will need in a bowl to housewife will need to house with the housewife will need to housewife will need to house with the housewife will need to house with the housewife will need to house with the house will

A note from Fred Ballard, Jornier executive officer at the Sanford Naval Air Station, reveals that he is now out of the service and practicing, law at the same old stand in Washington after serving on a carrier in the Ckinawa invasion and a number of of the big shows out in the Pacific and winning promotion to the rank of commander.

Frequency food industry. While three per cent of perishable food raised now is being handled by the quick-freeze method, this is expected to double that before long.

Whole crops can be taken care of immediately after harvesting. This will eliminate seasonal peaks and shortages of fruits and vegetables, and cut from the housewife's schedule the burdensome home canning. No longer will strawberries in January be unusual. Present-day luxuries schedule the burdensome home canning. No longer will this manner for air shipment. strawberries in January, be unusual. Present-day luxuries determined how long the food so will become as commonplace as prunes. Will there be any prepared will remain fresh and excitement left for dinner time?

Young housewives think there will still be fun in the planning meals with easier marketing,

### Stage Fathers And Sons

Like father, like son, is as true of acting as it is in Like father, like son, is as true of acting as it is in the day I got it. However, if offensional gamblers out, but it other lines. That is to say, it is sometimes not. George M. after once being chilled the passent of the whether this is just a sometime as a scor and producer. He will quickly spoil, care must also be exercised to see that it is not the passent of 1906 play. "45 Minutes From Broadway", and will have a frozen. role his father once played.

Some famous actors have had children who also use, larger five pound packages achieved stage success. Edward H. Sothern, the Shakespear-are offered for hotels and resian star of a generation ago, carried on his father's emin-ence. Barrymores continued the success of their father processed fruit for salads and ence. Barrymores continued the success of their father processed fruit for salads and fruit cups and find it economical producer, had several trouping daughters, all of whom made and convenient. With the already good; and Eddie Foy, Jr., is no unworthy successor to his ads can be made up speedily.

clowning father.

George M. Cohan, Jr., has plenty of precedent to justify his attempt. Even if he never writes an "Over There", he will find plenty of room for talent in the producing becoming more and more popular field, which is not too full of this commodity. If he succeeds, the onl regret will be that his father did not live to see it.

Associated Press Leased Wire

NUMBER 85.

Representative Luce

WASHINGTON, Jan. 14, (AP) — In a n a t mosphere charged with tension over current labor disputes and impending controversial legislation, the 79th Congress reconvened today for its second sasion. President Trumm nad called Congressional leaders to a White House conference to urgo speady action on his whole legislative program,

One of the first new items to has opened with unusually bright be laid before Congress as it reconvened today was Presidential request for further cut-backs as green as you major crops tial request for further cut-backs in appropriations for war and civilian agencies. The recommended new cut-backs would total lightly over \$5,000,000 Section 1. The restrictions of producers to some extent, it is evident on the land.

President 'tuman also asked of reports just received in the Congress to make a new and deep | Director's Jacksonville offices, slash into appropriations and that winter and Spring crops contract authorisations previously will hit high-volume levels, and approved for yer and civilian thus fur, the price trends have agencies. The President has re-theen relatively satisfactory, commended the repeal of approprintlens and contract authorizations totalling just over \$5,000,
Florida cannot escape the con-

clusion that our cattle industry In announcing the President's is due for great forward strides.

Request, the White House points but that these cut-backs would be in addition to those approved is a matter in which Commission addition to those approved in a matter in which Commission and the commission of the comm addition to those approved by Congress near the end of the last session. The cut-backs approved at that time added up to more than \$50,000,000,000. The bill was vetoed by the President because of legislative riders. because of legislative riders. King George Gives Banquet For UNO Delegates

A FORMAL BANQUET IN ST. JAMES'S PALACE on the evening prior to the first session of the United Nations Organization Assembly in London, the 2,000 delegates of 51 nations were guests of King George VI. Pictured in the back row (right) against the wall are (L. 15 r.): Lord Jowitt; that time conferences were under Eduardo Zuleta Angel of Colombia, president of the Preparatory Commission of the UNO; King George (arrow); Paul Henri Spaak, Foreign Minister for Belgium; and Prime Minister Clement L. Attlee of Great Britain. This was the firs time that pictures were allowed to be taken of a state banquet in Great Britain. (International Radiophoto)
