

Congress Belies Moscow's Peace Offensive

WILLIAM L. SVAN
 Moscow News Agency
 The Soviet Communist party's Congress believes Moscow's peace offensive is a bluff. The congress, which opened today, is expected to reject the peace offensive which the Soviet government has been making since the outbreak of the Korean war. It is expected that the congress will also reject the peace offensive which the Soviet government has been making since the outbreak of the Korean war.

Top Russian representatives attended the Congress. Those were the instructions they got: Each leader must return home prepared to adapt his party's tactics to the necessities of his nation.

Communists in non-Red countries must woo all sections of society with the lure of an antiwar movement. They will make concessions in the name of "unity" of the working class and the political left. Individual responsibility, without direct interference from Moscow, will be extended to local leaders so long as they toe the general line.

Party leaders in "colonial and dependent areas" and Moscow includes Latin America in this category have the promise of Soviet help in the form of trade, economic and technical aid to advance the cause of isolating the United States.

Most important, virtually every important speaker told the Communists never to forget that their goal is revolution.

This revolution - as distinct from evolution - may be violent in some countries. In others it may be accomplished through gradual seizure or parliamentary power and working class movements. Lenin was referred to frequently in these statements, and the Lenin precept is that parliaments may be used only with the objective of destroying them. Working class movements may be used to mold them to the Communist program.

Thus the fight between communism and the free world will continue to be relentless. But the Communists must keep in mind that the time is not ripe for actions which might provoke war. The time will not come, by Soviet reckoning, until the U.S.S.R. can "overtake and outstrip" the United States in economic and industrial potential.

The Kremlin at the moment

bases its entire hopes, apparently, on the notion of the final economic collapse of capitalism. It seems resigned to waiting.

Radio-TV Highlights

NEW YORK (U.S.A.) - As in no previous election year, television and radio are going all out to achieve a complete and varied coverage of political news.

Next week, for example, a special 12-man roving radio and television reporting team swings into New England for CBS. Its target is coverage of the New Hampshire primaries for both TV and radio.

This roving task force, first of its size and scope in the industry, was conceived by John F. Day, director of CBS News, who says, "It will take a team of this size and caliber to do justice to the 1957 political story."

Permanent members of the Campaign Cavalcade include an assignment chief, a reporter, two film cameramen, a lighting technician, a film sound engineer, a radio engineer to record on-the-scene oratory and interviews, a business manager and two general assistants. On a rotating basis two CBS news correspondents will accompany the unit at all times.

Using specially equipped station wagons and switching to airplane when timing requires it, the unit will supply both CBS television and radio programs with both spot and background news coverage.

After the New Hampshire primaries the task force will fly to Minnesota for the primaries there. Wisconsin will follow. Later the unit plans a turn through the South, sampling the political atmosphere in Tennessee, Virginia and the Carolinas.

Pink-Eye And Pilfered Profits

Some disease kill from animals outright; others - like pink-eye in cattle - are more insidious than deadly.

For though pink-eye rarely kills, it is a continuous drain on cattle profits. When the disease strikes, cattlemen are liable to heavy losses from poor condition of afflicted animals and falling off in body weight.

In dairy cows, pink-eye often cuts milk flow in half.

Scientists believe that this eye inflammation, called infectious keratitis, is caused by a mixture of germs. It often is spread by flies, gnats, dust and pollen. The disease is widespread among range and feed-lot cattle throughout the U.S. and other parts of North America, and has also been reported in India and Africa.

At the onset of infection, the eye becomes bloodshot, eyelids puff up, and in severe cases, a heavy outflow of pus-filled tears keeps the animal's face soiled and moist. Left unchecked, the infection clouds the eye, dimming sight. In advanced stages, ulcers may form and lead to permanent eye damage or blindness.

Pink-eye flares up most often during warm-weather months. An infected animal quickly spreads the disease, and half the herd may be affected. Cattle of all ages are hit by pink-eye although the disease is most severe and prevalent among those under two years.

Fortunately, in recent years veterinary researchers have discovered that antibiotics are highly effective in treating pink-eye in cattle. The broad-range antibiotic Terramycin rapidly clears up the infection, gets the animal back on normal feeding routine, and thus prevents loss of poundage.

In addition to sapping cattlemen's profits, diseases like pink-eye have a more sinister forboding. Agricultural economists point out that the U.S. will have to produce enough meat for an expected population of 225 million 25 years from now. Every pound lost through disease is a setback to this goal.

Thus modern veterinary scientists, fighting livestock diseases with potent antibiotics like Terramycin, are helping to meet the challenge of greater meat productivity for the years ahead.

"When our unit covers a candidate," said Day, "it will not only find out what he said, but why he said it, whether he meant it, and what the effect is on the voters. In short, we're going to go deep into this campaign so a ramble and come up with stories that are accurate, exciting and meaningful."

Ford Wins at Stock Car Racing "Olympics"

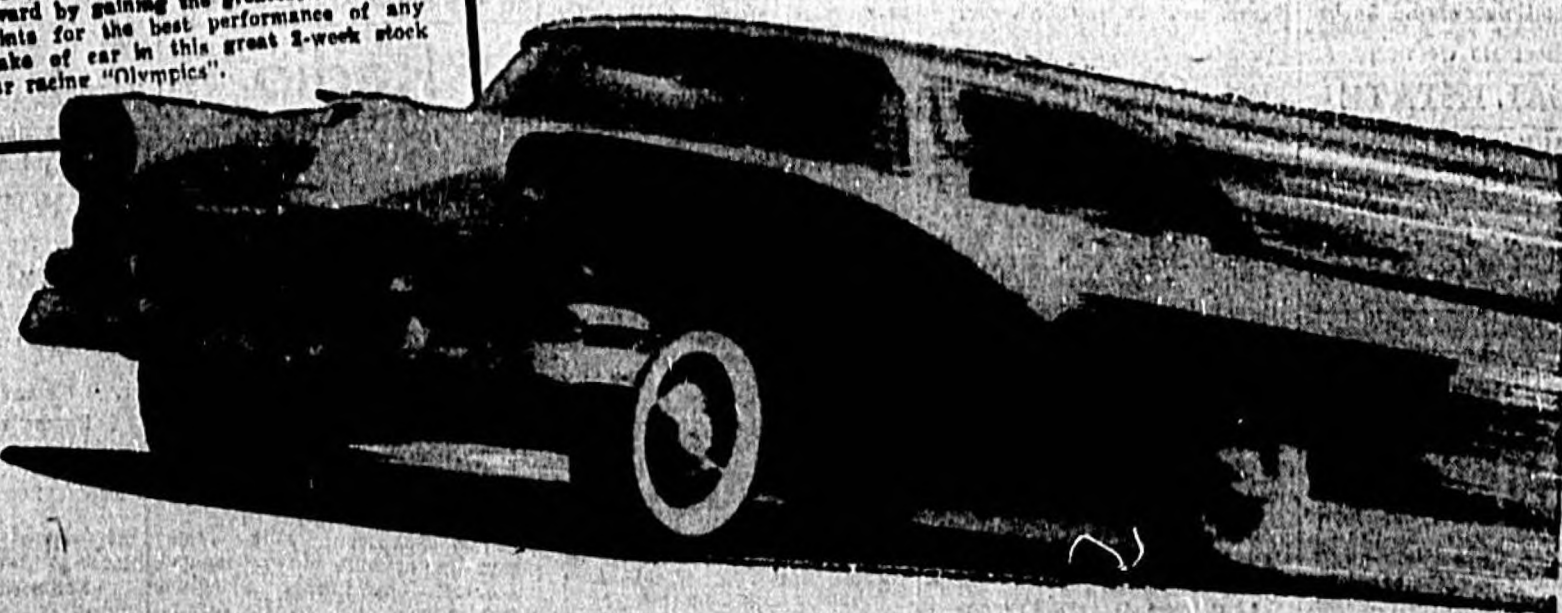

HERE'S FORD'S RECORD AT NASCARS DAYTONA BEACH NATIONAL SPEED WEEK

FIRST
 In Sports Car Acceleration
 A Ford Thunderbird set a new record for American production sports cars, sprinting a measured mile from a standing start in only 40.5 seconds—reaching a top speed of nearly 160 mph.

FIRST
 In Top Speed - Class 4
 A Ford "Bird" took top honors in the flying mile for class 4 American production passenger cars.

FIRST
 In 160-Mile Convertible Race
 Ford V-8 took 1st and 2nd place in the National convertible championship race. Ford not only won over all cars entered, but it also topped the all-time record for the Grand National Championship Race.

FIRST
 In Over-All Performance
 Ford won the Pure Oil Manufacturer's Award by gaining the greatest number of points for the best performance of any make of car in this great 2-week stock car race "Olympics".

The Ford V-8 again showed its tailight to all competitors in the "Olympics" of stock car racing at Daytona Beach, Florida.

In blazing across the finish line Ford demonstrated once more the dazzling performance that keeps it the largest-selling V-8 in the world. No other car in the field could match Ford for getaway "go" . . . for straightaway acceleration . . . for all-around roadability. To see exactly how the other cars trailed behind Ford, see the chart at the top of this page.

One of the secrets of Ford's performance is the tremendous torque (wheel turning power) developed by Ford engines. For example, Ford's new

225-h.p. Thunderbird Special V-8 engine develops more torque than any other engine in the low-price field. This means quicker response, smoother running in the kind of driving you do. Just a gentle nudge of Ford's accelerator and *whoosh!* You pass in instants when instants count!

Ford now offers this mighty 225-h.p. engine with any Ford Fairlane or Station Wagon model with Fordomatic. What's more, these engines are coming off the assembly lines right now! So why wait? Come in today for a Test Drive. Find out for yourself about Ford's exciting performance. Find out why Ford is the V-8 with the world's biggest following!

Eisenhower Will Seek Re-Election

Red Cross Fund Drive Kickoff Breakfast Set Tomorrow Morning

Southern Bell Co. Experiences Big Expansion In '55

The Southern Bell Telephone Company, which serves Sanford and 1,000 other telephone exchanges in Florida and eight other southern states, experienced one of its largest years of expansion during 1955, according to the company's Annual Report received here today.

It built the largest amount of telephone facilities for the South of any year in history. The report, distributed by Gordon Rothermel of Southern Bell, points out that Florida had another record breaking year last year with 181,800 new telephones installed for a net gain of 79,000 stations. This brings the total Southern Bell telephones in the state to 777,400.

This is 500,000 more than the company total in use in Florida ten years ago, or an expansion of 200%.

The report devotes a special section to progress made in Florida, where the company operates 73 exchanges with 10,467 employees. The theme of the report, made by President Fred J. Turner for the Board of Directors, is "Progress in 1955." It covers the past ten years, a period in which business firms in the region increased by 75 percent and the South experienced its greatest economic growth.

During those years Southern Bell has undertaken a tremendous expansion program to meet the demand for telephone service. At the end of 1955, it operated 4,900,000 telephones, with almost 86 percent of them dial-operated, compared with only 1,863,204, of which 60 percent were dial, in 1945.

Florida is particularly out in front in this respect with 265 of Southern Bell's service already changed to dial.

A kickoff breakfast will be served tomorrow morning at the Mayfair Inn for all Red Cross workers who will participate in the Seminole County Red Cross fund raising campaign which starts tomorrow.

Captain Robert W. Jackson, commanding officer of the Sanford Naval Auxiliary Air Station will be principal speaker at the affair which is expected to draw every worker who will take part in this year's month-long fund raising event.

This year's campaign is expected to be one of the most spirited ones in the history of the Red Cross with Mrs. Alton Bridgers of Altamonte Springs heading the Seminole County Drive.

The emergency is greater than ever, officials of the nationwide worldwide organization say, and because of unexpected catastrophes in widely separated areas of the country the need for added funds has been eminent.

Many of the county's civic leaders have volunteered to take important parts in the Red Cross fund raising campaign this year and each one is contributing much of his or her time and efforts to make the campaign successful.

Officials of the Red Cross fund raising campaign have urged all workers to attend the breakfast for final instructions and last minute details so that the campaign will get off to a rapid and good start.

Plans have been made to serve breakfast to at least 75 volunteer workers who will take part in this year's drive.

Frederick To Enter Race For Office Of Representative

Gordon Frederick, Sanford Attorney, announced today his candidacy for the nomination to the Office of State Representative, Group 2, in Seminole County, subject to the Democratic Primary of May 8.

Frederick says that he is also a candidate for the election for the unexpired term of this office, this vacancy having been brought about by the resignation of former Representative Volle A. Williams Jr.

"The office of State Representative is one which affects all of the people," Frederick stated, "and Seminole County's representatives are there to see that our county is properly represented in all matters affecting the State, and particularly in matters affecting our County."

He said, "As one who has been born or reared in Seminole County, I feel that I am familiar with our problems and our needs. If elected I would direct my efforts toward any measure which would assure the continued growth and prosperity of our County, and the betterment of our State as a whole."

Gordon Frederick was born in Sanford Sept. 19, 1924 and attended the public schools here. He received his U. S. Navy 1943-1946. Entering Stetson University, he received his Law Degree there in 1950 and has practiced law in Sanford from 1951 to date.

Frederick is a member of the American Legion, Kiwanis Club, the 40 & 8, BPO Elks, Junior Chamber of Commerce, and Veterans of Foreign Wars. He attends the First Baptist Church of Sanford and is a former employee of the Atlantic Coast Line Railroad.

He is married to a Sanford girl, the former Miss Virginia Welch and has two sons, Ronald, age seven years, and Richard, age three years.

Girls, This Is Your Year

NEW YORK (AP)—This is the year when a young lady can "bespeak a man she likes" with a tradition at least six centuries old to back her up.

And apparently quite a few very eligible bachelors are just waiting for some young lady to take advantage of the tradition.

Retired baseball star Joe DiMaggio thinks it's "quite harmless" for a girl to propose to a man, and singer Johnny Ray says he would be "right flattered."

Screen idol Tab Hunter specifies that the girl would have to be the cuddly type, but if she were: "I could only say 'Yes!'"

Comedian George Jessel says he said "Yes" to one leap year proposal years ago and is wistfully waiting for another this year. "If I were only younger," he sighs.

But judging from the statistics of leap years past, there will be no leap in the number of marriages this year.

A theory to explain this is offered by Prof. Nelson G. Hannawalt, who teaches psychology at Douglass College for Women in New Brunswick, N. J.

He said unmarried males are just as safe this year as any other because the ladies always do the selecting, but usually manage to make the men think it's their idea.

Second Term Announcement Made At News Conference

Merchants Asked To Close For Rites

Letters are being mailed today to all of the merchants in Sanford asking them to close from 3:30 to 5:00 during the afternoon of Friday, March 9, said R. J. Bauman, president of the Sanford Merchants Association.

The closing of the Sanford stores during that period will allow the merchants and employees throughout Sanford to attend the ribbon-cutting ceremonies that will officially dedicate and open the French Ave. thoroughway.

Sanford civic leaders have long known the importance of the improved French Ave. which provides six lanes of traffic on one of Central Florida's most heavily traveled highways.

An enormous crowd is expected to attend the dedication ceremonies which will be held immediately in front of Seminole High School where ample parking facilities are available and an overall view of the French Avenue project can be seen.

Already planned are the closing of the Sanford City Hall during the afternoon period and the Seminole County Court House so that both City and County employees can attend the important event.

A large contingent of State leaders and roamin' citizens from every part of the State is expected to be here for the ribbon-cutting ceremony and the banquet.

James A. Wright, chairman of the Seminole County Chamber of Commerce, French Avenue Dedication committee, said yesterday that plans are nearly completed for both the afternoon and evening event.

Concert Association Audience Thrilled By Cossack Chorus

In a three part program last night, the Don Cossack Chorus and Dancers, conducted by the famed Serge Jaroff, thrilled a Seminole Mutual Concert Association audience.

Round after round of applause greeted the 21 chorists, two dancers, and their conductor as they appeared on the stage under the masterful direction of Jaroff. Each of the 14 songs and two dances was equally well received.

Pulsing voices brought vivid meaning to singing violins, strumming guitars and the vibrating mandolins with every range of tone, from the lowest basses to the highest falsetto notes portraying the typical singing of folk songs, excerpts, psalms or plaintive melodies.

Small, in comparison with his chorus members, the diminutive Serge Jaroff had complete control of each voice as he apparently guided individual notes through their songs with the lift of a fingertip, an open palm, or a wave of the hand or the head.

With perfect, seemingly unbelievable harmony, every selection was sung in the native tongue of the Don Cossacks.

Even the clomping of horse hoofs across native meadowlands was most effectively accomplished by the combined voices of the 21 chorists. Before its audience, the chorus brilliantly interpreted the supplications of a prayer, the liveliness of folk songs, or the colorful atmosphere of Russian music.

Decision Explained Tonight

WASHINGTON (AP)—President Eisenhower announced today he is available for a second term.

The President's dramatic announcement came at a tense, record capacity news conference. He said he will go on nationwide television and radio tonight, probably sometime between 9:30 and 10:30 p.m. EST to explain his decision to the American people.

"My answer will be positive—affirmative," Eisenhower said in giving reporters permission to quote him directly.

The President declined to say at this time whether he favors Vice President Nixon as his running mate again.

However, he again had warm praise for Nixon and called him a dedicated public servant.

Eisenhower's second term announcement had been expected at today's news conference, on the basis of his own earlier remarks, but up to the moment he walked into the conference room there was no certainty it would come.

Ex-Deputy O. Owens To Run For Sheriff In May 8 Primary

O. G. Owens, former Chief Deputy Sheriff under J. L. Hobby for the past three years, announced his candidacy today for the office of Sheriff of Seminole County, subject to the May 8 Democratic Primary.

Owens said this morning, "After praying about this matter and talking with J. Luther Hobby, I was told that he would not seek re-election but would support me 100 per cent."

"After being contacted by many friends, all urging me to become a candidate for Sheriff, I was prompted to seek this office," said Owens.

Owens was born 46 years ago on a farm in northern Mississippi and moved to Florida when he was five years old.

He is a graduate of Ocala High School and has completed two years of commercial studies in business and office management.

Owens said, "I am now taking a course in law through the LaSalle Extension University."

Salvation Army Bands To Be Heard Over Radio Friday

A special program of International famous Salvation Army Bands will be heard this Friday night from 7:30 until 8:00 p.m. over radio station WTRR according to Lieutenant Raymond Luce, Commanding Officer of the Local Corps. This program will be in connection with the Annual Financial Campaign of The Salvation Army in Sanford.

"The musical program of The Salvation Army is a highly developed thing," states Lieutenant Luce. "It is a treat for a person. Upon hearing a three or four member ensemble or even a ten or twelve piece band in a street service of The Salvation Army, to depart with the feeling that the band should have practiced a little harder or a little longer."

"Actually, they have seen and heard almost the bottom rung of the ladder in the musical program of this organization."

The International Staff Band of The Salvation Army is comparable to Sousa's or Goldman's famous band, or today, the Band of America and the United States Bands of our Armed Forces. This will be one of the bands heard on this special program. An interesting analysis of the bands, music, composers, and members of the Salvation Army musical program will also be given by Lieutenant Luce.

Plans Are Mapped For Educational, Fund Raising Drive

Comprehensive county-wide plans were mapped at a recent meeting of the Special Gifts and Special Events Committee of the Seminole County Unit, American Cancer Society.

The meeting, held at Jim Spencer's, was to lay plans for the educational and fund raising Crusade to be held April 1 to May 1. Harold Kastner presided over the meeting when 17 Divisions were organized for the month-long event during April.

Attending the meeting and participating in the planning were: Dr. Charles L. Parks Jr., Jack Hall, W. C. Hutchison, Ed Hunt, Wilson Horns, Guy Allan, E. J. Moughton Jr., Frank Mahane, Willis Peacock, "Sandy" Anderson, Carl Williams, Tommy Thomas, R. A. Cobb, Jim Hunt, Miss Dorothy Powell, Sanford; C. R. Clontz, Rex Clontz, George Means, Oviedo and Blavia; James Stewell, Geneva; and Wilson Alexander, Fern Park.

For one day only, regular \$2.50 marriage licenses for \$2.40. That's Jones' offer. Early purchasers also will get a double issue of sales promotion stamps offered by many San Angelo stores.

Two Men Capsize In Boat Yesterday

Roy W. Alford, operator of the Alford shopping center in Oviedo and his cousin A. D. Griffin of Alabama, are suffering from shock and exposure following the capsizing of their boat in Weber's Lake near Chuluota.

According to reports today, from Oviedo, the two men went fishing yesterday and while on the lake their boat capsized. The two men clung to the boat for five hours before holding up the anchor and pushing the boat toward shore.

Griffin collapsed after reaching the shore of the lake. They lost their lifejackets, flyrods and all fishing equipment.

They are being treated at home.

Yesterday Hottest Feb. 25

MIAMI, Fla. (AP)—Yesterday was the hottest Feb. 25 in Miami's history—85 degrees.

The Weather Bureau reported it was 88 in Bayfront Park along the Miami waterfront and 89 degrees at Miami Beach.

Ground Rules On Who Looks At TV Set When

PELHAM, N.Y. (AP) — In practically every orderly household which contains both a TV set and young children there are ground rules on who looks at the set and when.

Such a matter as bad weather can knock the ground rules into a cocked hat, of course. Then, in many a home, it's a question of who has the stronger will.

Sunday afternoon in the East is a tough one, for example. From noon on it's a hassle to see who wins—parent or child. The three major networks have quite a few programs which children enjoy and quite a few which their parents favor. Unfortunately most of these fall at the same time on different channels.

At such times are raised fundamental questions in many a parental mind: What is justice? What is discipline? Is this good or bad for Junior? Who's boss around here anyway?

Let's consult the personal opinion of a pediatrician, Dr. Eliza Caldwell, who herself has four children aged 14, 9, 6 and 3.

The basic ground rule in the Caldwell household—and that she recommends for her young patients—is that there is no viewing after 7 p.m.

"If the children watch until 15 minutes before bedtime," says Dr. Caldwell, "they're all keyed up and they won't get to sleep for an hour. First and second graders usually need close to 12 hours sleep and they simply don't get it when they stay up too late."

Disneyland on ABC-TV from 7:30 p.m. to 8:30 p.m. (Eastern time) on Wednesday evenings, raises a great problem, Dr. Caldwell confesses. She thinks it an excellent program but its time is unfortunate. First and second grade teachers have told her they can tell those among their pupils who watched it the night before; the kids just aren't as wide awake the next morning.

Every ground rule needs an exception, of course, and the exception in the Caldwell household is Rin Tin Tin, which comes on ABC-TV at 7:30 p.m. Friday. The fact it's Friday, with no school the next day, takes the curse off it. Admittedly it's tough on Dr. Caldwell's 14-year-old and 9-year-old to maintain 6-year-old viewing habits. But, as every parent knows, it has to be a spotting proposition that if one child can view the set so can another. That, children, is justice.

Dr. Caldwell knows of no television program that is "bad for" the kids. To the contrary, she thinks the programs have a high level of entertainment value. In her personal recommendations she is not concerned with morals; she's concerned with health.

I think she has a point that is as applicable to us oldsters as to the youngest set. As long as viewing doesn't affect your physical and mental health just help your self.

REVEREND Fred Hoskins, of the Oak Park, Ill., First Congregational Church, has been nominated Minister of the General Council of Congregational Christian Churches. His selection was announced at a meeting of the Council's executive committee in New York. He succeeds Rev. Douglas Horton, who resigned to become dean of the Harvard Divinity School. Gracie Fields To Keep Going 'Til Pipes Rust'

HOLLYWOOD (AP)—Why do some English performers succeed in the United States while others fail?

This question has long intrigued observers of show business. Some British stars can be comedy favorites in their own land, yet they lay eggs here. A few are hits on both sides of the Atlantic. A prime example is Gracie Fields, who can make any audience laugh or cry with her songs and stories.

Miss Fields reflected on the matter of intercontinental comedy over lunch at the Hotel Statler, where she is appearing nightly.

"Most American comedy stars are well received in England, but the reverse is not always true," she said. "The main reason is that we in England are accustomed to all the American dialects through years of seeing your pictures. But Americans aren't familiar with all the English dialects."

She mentioned a British star whose Cockney humor makes him a big hit in England, yet he flopped here.

"A performer has to have his confidence," she explained. "When a comedian tells a couple of jokes and they aren't understood, he gets panicked and the rest of his performance is no good. That has happened to a lot of English stars."

On the other hand, some fall by trying too hard to meet American tastes.

Gracie, as perky and winsome as ever, is playing her first night club date in 10 years. She seems to be bearing up under the strain of two shows a night, but she admitted she was slowed down by performing on a telethon last Saturday night.

"I did it after the last show," she explained, "and I didn't get home until 4 in the morning. I went to it feeling like Jack Benny's 30, but came home feeling 58, which is my real age."

Like Sir Harry Lauder, Gracie admitted she is always retiring. But she claimed it is the newspapers that announce her retirement, not she.

Purdue Lining Up Chorus To Sing For 'Hoosiers'

LAFAYETTE, Ind. (AP)—Purdue University is trying to line up a chorus of 1,800 Indiana women to sing for displaced and vacationing Hoosiers in Sarasota, Fla.

Both the women's chorus and Purdue's 62-man varsity glee club will sing during Sarasota's "Hoosier Holiday" the first week in April.

The women's chorus claims to be the largest of its kind in the world, having a potential membership of 2,500 women who sing in county choruses all over Indiana.

Albert P. Stewart, who directs both the chorus and the glee club, expects 1,200 to 1,400 will sign up for the trip, paying their own expenses. Stewart is holding district meetings throughout the state to explain the plan.

Three to five special trains, depending on the eventual sign-up, will leave Lafayette April 2 and return April 7.

It will be the fourth trip for the singing women. They went to Washington in 1950 to sing in the capital's sesquicentennial. The chorus and glee club helped open the Canadian national exhibition in Toronto in 1952. Both groups sang in the Hollywood Bowl in Los Angeles in 1954.

"I'll keep working as long as the pipes are loud and clear," she said. "When they get rusty, then I'll quit."

NEW!

Bite into crispy, crunchy pieces of almond toffee, tucked in smooth, rich 'n' creamy ice cream. Buttery! Delicious!

16-Year-Old Youth Has Birthday Party Minus Girl Friends

BURBANK, Calif. (AP)—Pat Coyle celebrated his sixth birthday with the kind of party 6-year-old boys like. No girls.

If any of Pat's six friends won't say why they didn't get invitations they need not feel slighted. None of Pat's boy friends came, either. The only guests were firemen. The party was held in station 4, near Pat's home, and Capt. Charles O. Anderson, in charge of the A shift, arranged it after he heard that was what Pat wanted most.

There were a few idle minutes for Pat when he was left alone as the firemen rushed off to a false alarm, but they came back to help him eat the ice cream and cake.

Pat is wondering if some of those spiteful girls turned in that alarm. Just to get even.

65 Admirals Enter 'Boot' Training

LINCOLN, Neb. (AP)—Sixty-five admirals are going to enter "boot" recruit training at Great Lakes naval base.

They are admirals in the "Great Navy of Nebraska" which doesn't even have a pair of oars, being strictly an honorary group whose members number in the thousands.

The 65 recruits are members of the "Beef State Company" enlisted

SURE and Irish eyes are smiling as Maureen Arthur, of University City, Mo., poses behind sprigs of spring flowers after being crowned Irish Queen for 1956 in New York.

In Nebraska. They were given their honorary "Nebraska Admiral" commissions by Gov. Victor Anderson.

Zsa Zsa Gabor Is Presented Scroll

BEVERLY HILLS, Calif. (AP)—The Greeks have a name for it. It's Zsa Zsa Gabor.

Ahepa, Greek fraternal order presented the shapely Hungarian with a scroll naming her as the actress who most resembles the Greek goddesses of old.

George Shanis said the award was for Miss Gabor's "classical beauty and stature, wit and charm." Shanis said 20,000 Ahepa members in California, Arizona and Nevada voted in the contest.

NOW, TRACTOR IS GONE
LOUISVILLE, Ky. (AP)—Marvin Eichberger gave pursuit in his automobile Sunday when he recognized his stolen truck.

He caught up and captured the 16-year-old driver. The boy broke free and escaped, however, and Eichberger returned to his plumbing shop, only to discover his tractor had been swiped.

Police believe the boy went to the other shop and took the tractor.

WORKMEN KILLED

LISBON, Portugal (AP)—Four workmen on a railroad track saw a freight train coming at them Monday. They jumped to the track alongside.

The noise of the freight blanketed the sirens of the express approaching from the other direction. All four were killed.

ROBERT R. CLINTON, of New York City, one month old, sets up a howling protest after having had a molar extracted in a case that made dental history. The tooth started to develop in the infant's upper left jaw two weeks after he was born and it grew to full size. A child usually cuts this type molar at 30 months. (International)

Bethany Class Hears Devotional By Mrs. Reynolds

The Bethany Class of the First Baptist Church met at the home of Mrs. Mary Lewis Monday evening with Mrs. Bobbie Robins as co-hostess.
The devotional was given by Mrs. Margaret Reynolds, teacher, and the business session was led by Mrs. Dorothy Odham, president of the class.
After several social games were enjoyed, delicious refreshments were served to Mrs. Reynolds, Mrs. Connie Williams, Mrs. Helen Stapler, Mrs. W. Robins, Mrs. Irene Harris, Mrs. Anna Jardine, Mrs. Johnnie Elam, Mrs. Willis Feacock, Mrs. Teddie Ables and the hostesses.

The advance word from the fashion authorities is the hat is the focal point in the Spring wardrobe. They say that Spring hats are more than just pretty this year; that the larger, beautiful, full-look hat is a necessity to a woman's costume to balance the slim look in coats, suits, and dresses.

LOW BELT, LOWER POCKETS for this Nettie Rosenheim coat of gray Lescor wool colored with pink and lined with brown silk taffeta. The front buttons part way down.

Brownie News

By Miss C.
Hello! Hello! Hello! Perhaps you wonder why the greetings of the three hellos, I will tell you right away so you will know that much more about Scouting. It is the title of a song that is often used by Scout or Brownie troops or gatherings of scout personnel to call the group together. It sounds much happier than a whistle or a call. One nice way to start a meeting of a group is by singing and what could be nicer than for one in charge of the gathering to start a "Hello Song" to be joined by those near and then by others as they hear the song. As they sing they join the larger group and first thing you know all are together and ready for business. Isn't that easy?

As I have told you in previous articles there are ten registered troops in Sanford. We do not belong to the council such as our neighboring cities have but the leaders here have formed a Leaders Council and it meets once a month to discuss troop activities and to make tentative plans for forthcoming events.

Anyone interested in Girl Scouting is welcome to these meetings and we would appreciate your support. This council is under the leadership of Mrs. W. O. Brinson who is the president; Mrs. Fred Robb, vice-president; Mrs. Patricia Bassett, secretary; and R. A. Cobb, treasurer.

Through the efforts of Mr. Cobb we have received a few donations that have helped to fix up the camp site. We hope that in the near future the Girls can enjoy a truly A-1 camp.

Don't forget the Girl Scout Cookie Sale is on. Don't miss having a box of those delicious cookies!

Bamboo beige is one of the big apparel colors of the season. It is available not only in coats, suits, dresses, and separates, but in every fashion department in the store. The palest beiges look best when worn with flax accessories, a pale beige keyed to the leather of the same name. Warmer beiges are keyed to accessories in French Bread, a tawny shade almost the color of bread crust. This creates a chic monochrome look and should be topped off with a textured straw hat in the same tone.

SUNDAY DINNER Suggestions

HERE'S a recipe for a hearty winter meal, made with economical beef chuck. It's for Best Goulash and Woodies and is suggested by the A&P Service For Homemakers as your main dish this Sunday. Serves six.

Wipe three pounds boneless chuck with damp cloth. Cut in one and one-half inch pieces. Heat three tablespoons butter or margarine in heavy skillet. Add three cups thinly sliced onion and cook slightly. Season meat with tablespoon paprika and salt. Add to onion and cook uncovered, stirring occasionally for 30 minutes, or until onion and liquid cook down. Add one cup water, cover and cook slowly for two hours or until meat is very tender. Cook eight ounces of wide noodles in boiling salted water until tender. Drain, sprinkle with two tablespoons poppy seed and serve with goulash.

For dessert, how about a strawberry chiffon pie? Soften two envelopes unflavored gelatin in half cup cold water for five minutes. Dissolve one package strawberry-flavored gelatin in one and one-half cups hot water. Add unflavored gelatin; stir until dissolved. Force two 13-ounce packages of thawed frozen strawberries through sieve. Add sliced berries and juice of half a lemon to gelatin mixture. Chill until it begins to set. Beat until soft, Chill and beat again. Beat four salted egg whites until stiff, then gradually beat in third cup sugar. Fold into gelatin mixture. File into nine-inch pastry shell. Chill in refrigerator for several hours, or overnight. Shortly before serving whip one pint heavy cream until almost stiff. Beat in quarter cup sugar. Spread most of cream over top of pie. Put remainder in pastry tube and decorate top of pie. Garnish with whole strawberries.

Surprise Birthday Party Is Given Chief Jim Corbett

A surprise birthday party was given Monday night for James Corbett by his wife at their home on Myrtle Ave. at 7:30 p.m.
A buffet supper consisting of fried chicken, potato salad, vegetables, rolls, beans and other "good things to eat" was served to the guests and friends who had come to "wish him well."

During the evening games were played and "general chatting" enjoyed.
Those enjoying the event were Miss Cherry Singletary, Mr. and Mrs. J. Hugh Edwards, Mrs. Russell Spencer, Jim Avery, Mrs. Sally Evans, Mr. and Mrs. Harold Keen, Mrs. Fricke, J. Angel, Mr. and Mrs. Corbett, Stan Adamites and Mr. and Mrs. Robert Berg.

Personals

Mrs. Doss Stanton of Franklin, Tenn. is visiting her sister, Mrs. Dorothy Harkey for a short while.
Mr. and Mrs. Frank Perrine of Tennesse, N. J. have returned home after visiting Mr. and Mrs. A. F. Collum.

Mrs. Irene Watt had as dinner guests Sunday, her sister, Mrs. Effie Mielke, Joyce and Pam Mielke and Mr. and Mrs. William Watt along with Sgt. James E. Crutchfield.

Friends of Mr. and Mrs. Ed Black and Mrs. Clara Weatherwax will be interested to know that they are spending a week at Dorsett's camp at Marathon on the "Keys."

EM Wives Club Discusses Plans For Show

Future plans were discussed Monday night at the Enlisted Men's Wives Club which held its regular business meeting at the USO at 8 p.m. with Mrs. W. F. Finnegan, presiding.

The show will be held at the Ritz Theatre March 16 at 10 a.m. with fashions being furnished by the Hollywood Shops. Flowers and plants are being donated by Mrs. C. R. Kirtley.

Tickets are now on sale and may be secured from any club member or by calling club-tickets chairman, Mrs. David Gibson at 1291-W.
An education program was enjoyed by all with an informative talk and discussion by the county health officer, Dr. Terry Bird on polio and Salk vaccine.
The session was adjourned and refreshments were served.

GOLDEN HUED JACQUARD TWEEDS are used for a typically Davidow ensemble from the spring, 1954, collection. The suit is detailed with vertical bands on the bodice; the companion fingertip-length coat repeats the suiting in a bolder design.

On The BOOKSHELF

By S. DRIGGERS

For some fascinating reading, do read "Search for Bridie Murphy." Even though you don't believe one word of it and keep telling yourself somebody's imagination is running away, you'll still wonder. After realizing that he possessed unusual hypnotic powers, Morry Bernstein, decided to perform an experiment in reincarnation. He chose a girl named Ruth Simmons, hypnotized her and put her through a number of age regressions. Going back even further, she suddenly developed an Irish lilt and used a different vocabulary. She said she was Bridie Murphy, born in Cork in 1798. She describes her whole life up to and past her death. Read it and see whether you still think it's all imagination.

Those of you who enjoyed "Sixth of June" and "Caine Mutiny" have another treat in store. "H. M. S. Ulysses" by Allstair MacLean. A first novel by a young Scottish writer is one of the great novels of World War II. The story of a light cruiser and her last six days on the Maumansky run, it is one of the best novels of action in the North Atlantic since "The Cruel Sea." There is action and suspense on every page.

And now something different — a story of the Union side of the Civil War. "This Hallowed Ground," by Bruce Catton. "A Stillness at Appomattox" This is the sixth book in the "Main Stream of America" series and is a companion work to Clifford Dowdley's "The Land They Fought For," which tells the Southern aspects of the story. Every one North and South should read this brilliant and stirring book.

Readers who like sophistication in a book will enjoy Mary McCarthy's "A Charming Life."

For the younger readers (and some of the older readers who still love these books) a new set of the "Pooh" books. All children should have these books read to them. Every teenager will be fascinated by the new "Teen" books which describe 101 ways to make money. With an ounce of ingenuity and a teenager's weight in enterprise, many a "Teen" has made hundreds of dollars. They have started new businesses, and made and done things that amaze the adult experts.

Two new science fiction coming: "Dragon in the Sea" by Frank Herbert and "Double Star" by Robert Heinlein.

Have you read Helen Topping Miller's, "Slow Dies The Thunder"? A change from Civil War to evolutionary "War stories," this tells of the romance between Elliott Deadrick, spirited daughter of British Major and Mike Callaway, independent mountain scout for the rebel military command. It begins with Clinton's bombardment of Charleston and concludes after the battle of King Mountain. This historical novel is not limited to women readers as Mrs. Miller's novels usually are.

Another good historical novel by Shirley Barker, "Tomorrow The New Moon" The story of three cousins, Samuel who wanted to be a minister, Kevin who got his liv-

Friendship League Holds Regular Meet

The Friendship League of the Congregational Christian Church held a regular meeting of the circle in the Fellowship Hall of church Monday afternoon.

There were fourteen ladies present, and after routine business had been taken care of, a beautiful birthday cake, with candles burning, heralded the important day for Mrs. Walter Barton.
Hostesses for the meeting were Mrs. H. W. Shuman and Mrs. William West.

COMPATIBLE NECKLINES open and low for the bolero and high and tabbed for the dress distinguish this costume by Roxanne. The costume is fashioned of imported chestnut brown wool, stripe-textured for the collar of the jacket and the neckband of the dress.

ing from the sea and who could never resist a fair-haired girl, and "gentle" Dorrin. They left their homes on the Isle of Man and settled on Martha's Vineyard. The time was Cotton Mather's day. Not a fact-bound novel, but more romantic than realistic, with succession of dramatic scenes.
Here's a biography for those who like a well told tale of a fascinating land. "I Married the Klondike" by Mrs. Laura Bertou. In 1907 when she was a young woman, she went to the Klondike planning to teach one year and then return to her home in Toronto. Instead she married and remained there for 23 years. It is written as a long lively conversation with a great hearted woman around a winter stove.
More reviews next week.

ly-draped collars with delicate lace and bead trims are highlights of dressy cotton and silk outfits. Crisp standaway collars, dressed-up tailored and sports styles.
"Tia a bright future ahead" for millady as she can be as smartly dressed and as up-to-date as her sisters with many fashions to choose from.

If new dresses come into view why not hair styles? Take the empire styles which are supposed to be the top knot news for spring. It isn't the first time. Seems to me "emphasis will be on the more elegant coiffure arrangement this season," predicts one hair dressing group.

The styles suggested for this season are not quite so complicated, although imaginations have

Long-time Buddies Face Parting Today

STATE COLLEGE, Miss. (AP)—Also mixed up in the squabble over the rights of a "downtown" by influential Seattle alumni to help athletes, Casill denied knowledge of improper use of the fund which has brought requests for a legislative inquiry.

"I plan to run from a split-T at Washington," Royal said. "But I don't know anything at all about the team. I haven't even seen a movie of any of their games."

Royal became head coach at Mississippi State in 1954 and both of his teams posted 6-4 records. He had been head coach of Edmond in the Canadian Professional League in 1955 and served previously as assistant at Tulsa and Mississippi State.

He brought Walker in as his top line aide when he took over here, Walker previously played with Royal at Oklahoma, where he was an All-America tackle in 1949.

Walker, an assistant at North Carolina State and Texas Tech before coming here, is 32, married and has three children.

"I don't expect many changes here," Walker said. "We'll stick with the split-T formation. I think our staff will remain almost intact, but we'll have to add two new assistants."

"I expect I'll continue to concentrate on the line, with Bobby Kellogg handling the backs," he said. Spring practice probably would be postponed until April to allow time for settling on a coaching staff.

Be Riding Giants' Bench This Season

By ED WILKS
The Associated Press

Coach Phil Woolpert, whose San Francisco Dons have bopped the Associated Press college basketball poll all season, must have been looking at five other guys when he got the idea his regulars might be getting stale.

"I'll sit 'em up on their heels for a change last night and the Dons frolicked in an 87-49 run-away against College of the Pacific — locking up their second straight California Basketball Association title and gaining official entry to the NCAA Tournament for defense of their national championship."

It was San Francisco's 46th consecutive triumph and the 54th in 15 starts, and the school immediately claimed an all-time college record.

The NCAA recognizes a 53-game streak by little Peru (Neb.) State Teachers in the mid-20s as the all-time record. But Dick Blake, Dons' publicity man, said he has a letter from A. G. Wheeler set in the field, at any rate. For Rigney is planning to experiment with Mueller in the leadoff position in the batting field, and Don Mueller, in right, order.

Dons Gain Official Entry To Tourney

Wheeler told The Associated Press, however, that he had no way of knowing for sure whether Peru played outside teams in the 1940s. He added, he found to be 84 games, not 85.

Woolpert, who has found the winning streak monotonous, announced he would consider the last four games of the regular season as "scrimmages" in way of a warm up for the opening NCAA tournament game against the Pacific Coast Conference champ (probably UCLA, the last team to beat the Dons).

So, instead of pulling his regulars early, he let them ramp at will against COP. All America Bill Russell, the 6-10 center, promptly banged in 28 points while playing all but 2 minutes.

Elsewhere, Southern Methodist became the first team to sweep through the Southwest Conference unbeaten since Texas did it in 1947. An 89-75 romp against Rice did it for the Mustangs, who had saved up their second straight league crown Saturday.

Texas Tech, though idle, loomed as SMU's probable opening foe in the NCAA as West Texas upset Texas Western 80-78. That left Tech all alone atop the Border Conference and with a chance to clinch the title and NCAA berth against New Mexico A&M tonight.

George Washington, warming up for its bid for a title and NCAA entry in the Southern Conference, clipped Georgetown 83-77, although ace Joe Holup was held to 12 points.

Semi-Pro Ball Team Will Be Formed Here

A public meeting is being held Friday night in the Youth Center in Fort Mellon Park at 8 p.m. to form a semi-professional baseball team for Sanford which will be entered in the Lake-Orange Semi-Pro League.

The meeting is being held, according to some of the officials behind the team, primarily to elect officers and lay plans for entering the team in the Central Florida baseball league.

It is expected that a large turnout will attend the meeting which is the first to be held in the interest of having baseball in Sanford during the summer baseball months.

So far, there has been no indication that a team from Sanford will be entered in the Florida State League this year.

A number of players have already shown interest in joining the Sanford team that is expected to play in the Lake-Orange League.

Mort Lindsey of Stamford, Conn., holds a 194 average after 44 years of competition in American Bowling Congress tournaments.

Higgins Thinks White Will Boost Batting Average

BARASOTA, Fla. (AP)—Boston Red Sox Manager Mike Higgins, who rarely makes predictions, thinks catcher Sammy White will boost his batting average some 60 points this year.

"White will hit .320 this season," Higgins said yesterday after closely watching his ace receiver in a batting drill.

"All Sammy has to do is learn that strike zone and stop swinging at bad pitches," Higgins explained to writers.

"He swings at too many bad pitches, but he has all the tools and certainly he is a .300 hitter," Higgins added.

White, who hit only .261 last year and has an average of .273 since joining the Red Sox in 1951, is Higgins' top personal project as the spring training season gets underway.

White appreciates the aid from his manager and says he is learning all the time.

GRAND JUNCTION, Tenn. (AP)—There's no doubt the "lum" bridges in the National Bird Dog Championship would like to see an all-around hunt that would take them off the hook.

As the trial stood today, 30 of 37 prize bird dogs had made three hour hunts. About seven ranked as possible winners, but all have roughly equal performances. A choice would be difficult.

Four of the seven pointers yet to show in the two-week long trial were up for judging.

Home Again Mike, owned by W. C. Jones of Franklin, Va., ran with Newman's Delivery Dan, owned by E. J. Newman of Sumter, S.C., in the early hunt.

The second brace paired Palomatum, owned by Jimmy Hinton of Tuscaloosa, Ala., and The Pharaoh, belonging to A. B. Bobbitt of Winston-Salem, N.C.

One pointer made a big try yesterday. Even the judges were smiling when Susan Peters, owned by Henry Weil of Paducah, Ky., turned in three stylishly handled bevs in 30 minutes. But in her third hour Susan's nose done her wrong. Two late points were unproductive.

Crawford's Junior Lady, owned by Mrs. B. S. McClain of Allanta, turned in four bevs, was lost from judging for 27 minutes, and slowed considerably in her final hour.

The winner is expected to be named tomorrow.

Featherweight champion Sandy Saddler is a product of Police Athletic boxing.

Doctor Says Cigarettes Can Cause Cancer

ST. LOUIS (AP)—Dr. Everts A. Graham, noted chest surgeon who made the first extensive study of the possible relationship of cigarette smoking to lung cancer, says that painting the ears of rabbits with tobacco tars has produced "very malignant cancers."

He said in a speech last night this disclosure is "additional evidence that cigarette smoke contains a factor that will produce cancer in experimental animals of unrelated species." He and his staff had produced cancers in four strains of mice in recent years.

He said these studies, combined with "strong statistical evidence of a causal relationship between heavy cigarette smoking and lung cancer," constitute "about as strong evidence that cigarettes can cause lung cancer as can reasonably be expected."

"However," he said, "it should be stated that, in exceptional cases, cigarettes are not the cause of the lung cancer but that other factors are operative" and in some cases "the cancer-producing factor in cigarettes may be working with another cancer-producing factor from industrial pollution of the atmosphere."

Dr. Graham made his remarks while accepting the 1955 award for outstanding service to medicine and pharmacy by the Alumni Assn. of the St. Louis College of Pharmacy and Allied Sciences.

The cancer in the rabbits was "even more malignant than those obtained in mice," he said. "The cancer spreads to practically all of the organs of the rabbit including the heart, the lungs and the liver."

He said the "first extensive statistical study on this subject" (the possible relationship of tobacco to lung cancer) showed that all but 1.3 per cent of the 605 men with cancer of the lung were cigarette smokers and 97 per cent smoked more than one pack a day.

He said the statistical relationship was confirmed by 12 other studies in four different countries based on more than 6,300 human cases of lung cancer.

In a study published in 1933, he said cancer was produced in 44 per cent of 81 mice by painting the skin of the back three times a week for one year with tar from cigarette smoke.

He cited the production of experimental cancers in three additional mice as further evidence. Both in them and in rabbit tests, he explained, it took about half the life span of the species to produce the cancer.

Relating this to humans, he said if a man smokes cigarettes excessively for 25 or 30 years, he would be between 40 and 50 years old "and by our findings he on the threshold of developing lung cancer."

TAX MAY BE DEDUCTED
 WASHINGTON (AP)—The Florida state tax on cigarettes may be deducted in figuring your federal income tax. It was inadvertently omitted from the guide to treatment of state taxes used by the Internal Revenue Service.

The revenue service ruled in 1951 that the Florida tax is deductible because it is imposed on the consumer.

Treasure Box Is Found In Secret Room Of Old Home

CHICAGO (U.S.)—A secret room in a ramshackle house has produced a treasure box filled with money and gold and some intriguing side notes about the life of two spinster sisters who earned a fortune on the stock market.

The 100-year-old, two-story dwelling in the center of suburban Evanston was the home of Josephine and Cecelia Schroeder—last survivors of a family that settled in Illinois when the region was virgin forest. They lived there with 16 pet cats.

Josephine died April 20, 1924, at the age of 80. Cecelia died last week at 74, leaving to charity the bulk of the \$250,000 estate the sisters had amassed.

Charles E. Newton, executor of Cecelia Schroeder's estate, told Sunday about stumbling into a hidden room while making an inventory. He pushed aside a dresser and discovered a doorway into a room cluttered with boxes and other items. He picked up one box and the top flew open.

Inside was \$4,400 in present-day gold, \$20,000 in gold coins, \$20,000 in gold bonds, \$200 in gold certificates, a number of old bonds and 5-cent U.S. coins of the Civil War period, and a few old nickels and Indian-head pennies.

The value of the old coins or of other antiques in the home has not been determined. They will be added to Cecelia Schroeder's estate, most of which will be used to support Protestant and Catholic orphanages.

Other boxes disclosed frilly and romantic Valentines—addressed to the sisters in 1908—old magazines, the hide of a pet cow they kept on their 64 acres of land, and numerous other items the sisters had collected.

The house lacked running water or a bathroom.

TV Going To Put Foot In Beauty Contest Business

NEW YORK (U.S.)—Television, which eventually dabbles in all the social phenomena of our time, is going to put a foot in the beauty contest business.

The company manufacturer who sponsors the \$24,000 Question is preparing a half-hour weekly program to be called The Most Beautiful Girl in the World. No network is definitely set, although there have been reports it will replace Johnny Carson on CBS Thursday nights. Three young women will compete each week on the basis of physical beauty, a quiz, and talent—meaning singing, dancing, acting and the like. Winners will be picked on the basis of phone calls to viewers.

The winner of the year's final contest will receive \$250,000—the most dough anybody has ever taken home from a TV contest, less the chunk the Internal Revenue Service will receive.

Without passing judgment before the deed is done, gentlemen, the hazards in this one are terrific. America's persistent, frenetic search for the most beautiful woman is a strange phenomenon. Nearly everybody just about everywhere is constantly running a beauty contest.

Any reporter who ever has covered a beauty contest knows that they're basically dull affairs. Photographers have a festival time, but a reporter has to think up things to write about the well-chaperoned girls who are out to win.

Oddly enough, there's seldom much to say about a beautiful woman—except that she's beautiful.

The title "Most Beautiful Girl in the World" is misleading. Rarely can even six people agree on whom of three attractive women is most beautiful. But it's always easy to establish a clear majority on whom of three is most interesting.

An interesting woman is one who holds your attention. She succeeds in this with a modicum of physical beauty, a dash of wit, a responsible pose, and a tremendous amount of understanding rather

ABERY BRUNDAGE, president of the International Olympic Committee, compliments the people of Capri, D'Ampezzo, Italy, on their "well high perfect" arrangements for the opening of the winter Olympic Games. The IOC will seek an international convention protecting the Olympic emblem as a "means to unite nations and abolish frontiers." (International Radiophoto)

Award Presented To Babe Zaharias

PHILADELPHIA (U.S.)—The 1935 Frith Sholem national sports award "for her outstanding contribution in the field of sports" was presented last night to Babe Didrikson Zaharias.

Mrs. Zaharias is convalescing from cancer at her home in Tampa, Fla., and an engraved plaque was accepted on her behalf by her husband, George Zaharias.

More than a fund of knowledge. The people who thought up this program don't seem to know it yet, but actually they're looking for the most interesting girl in the world rather than the most beautiful. The most beautiful may not telescope well, but the most interesting will shine through any communication medium.

Tax Facts

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Accountants and the Florida Institute of Certified Public Accountants.)

This year's redesigned tax forms make it easy for you to indicate the personal exemptions to which you are entitled.

Every taxpayer is entitled to one exemption, which means a deduction of \$600. Those 45 or over have a double personal exemption, and blind persons of all ages have an extra exemption. These rules apply to both husband and wife on joint returns.

In addition, you are entitled to one exemption for each qualified dependent, but the extra exemptions for age and blindness cannot be taken for dependents.

Rules for Dependents

To qualify for an exemption a dependent must:

1. Have received more than half his support from you, unless you file a Multiple Support Agreement (see below).
2. In figuring support, scholarships received by your child do not count.
3. Have less than \$600 gross income unless he is your child and under 19 or a student.
4. Not file a joint return.

4. Have been either a member of your household or closely related to you, as defined in the official instructions. Although cousins are not usually "close relatives" for tax purposes, a cousin receiving institutional care for a mental or physical disability who lived with you before going to the institution would qualify.

5. Have been either a citizen of the United States or a resident of the United States, Canada, Mexico, Panama, the Canal Zone or, in some cases, a serviceman's child living in the Philippines.

Your exemptions usually depend on whether you and your dependents qualify under these rules at the end of the year. However, if your husband or wife died during the year you may file a joint return and take the same exemptions that both of you would have otherwise had. Similarly, if a dependent died during the year, the rules are applied as of the time of his death.

Multiple Support Agreement
If you shared with others in the support of a dependent, but none of you provided more than half, you may still be able to arrange among you for one of the group to have the \$600 exemption. You might agree, for example, to take turns in having the exemption from year to year.

The one who claims the exemption must have contributed more than 10% of the support, and he must have been a member of a group who altogether provided more than half the support. Each member of this group must have been entitled to claim the dependent except for the requirement of providing more than half the support.

In order for one of the group to have exemption all other members who have contributed over 10 per cent must sign declarations that they will not claim the dependent. The Internal Revenue Service provides Form 2120 (Multiple Support Agreement) for this purpose.

Be sure to claim all the exemptions you properly can, because each one reduces your taxable income by \$600.

If you are supporting dependents, but are not able to file a joint return, you may qualify as the "head of household" and be entitled to use a special schedule of tax rates that give you half the benefits of income splitting.

The instructions that come with your tax forms give further information. Help is also available from the Internal Revenue Service, which urges you to consult a properly qualified advisor if you need outside assistance.

TIMELY ALBRIGHT, Olympic figure skating champion, waves to admirers on her arrival by transatlantic plane in Boston, Mass. She was accompanied by her mother, Miss Albright, who displays a bandage on the right arm of a gun-ship pilot.

MRS. JOHN S. RICHARDSON (left) and Mrs. Malcolm Raybold, both of New York, look over a dress as they discuss what they are going to wear as bridesmaids at the marriage of Grace Kelly and Prince Rainier III of Monaco in April. Mrs. Richardson was a fellow-student of Miss Kelly at the New York School of Dramatic Arts. Both are friends of Mrs. Raybold, a professional model. (International)

STEARING AUTOS "FAD" LOUISVILLE, Ky. (U.S.)

—Stealing automobiles has reached the "fad" stage among Louisville teen-agers. So said police chief Carl Heustis as he called Louisville "the worst city this size in the nation" for car thefts.

He said car thefts by juveniles more than doubled last year—from 380 the year before to 845.

In the first two months of this year, auto thefts have jumped another 125 per cent over those months last year.

Martinez Wins 21st Straight Victory

BANGOR, Maine (U.S.)—Vince Martinez, the third ranking welterweight contender from Paterson, N.J., pounded out an easy 10-round decision over Paolo Mella, an Italian fighting out of Montreal, last night.

Martinez, seeking a welter title bout, registered his 21st straight victory while flooring Mella for a compulsory eight count in the fourth round.

Radio-TV Highlights

NEW YORK (U.S.)—As the political battle grows hotter in this election year the new weapon of television has an increasingly heavy—and more controversial—role.

Whereas an office-seeker addresses hundreds from the rear platform of a campaign, he speaks to millions when he confronts a television camera.

In the general election this year, you'll frequently hear voices crying "Equal time." This means that somebody got winged and wants a chance to stand up and wing an opponent or an idea in return.

"Equal time on television is a sporting, democratic, American ideal. The only trouble with it is that it simply will not work every time the adversaries want it to work. The networks, alertly mindful of their obligations, adhere to the ideal as closely as they can. But if, as this year grows older, they granted equal time to everybody who wanted it, there would be little time left for anything else.

Last week Secretary of Agriculture Ezra Taft Benson called for equal time—or its equivalent. He felt that Ed Murrow's See It Now on CBS-TV had done wrong by his farm policies in a program entitled "The Farm Problem: Crisis in Abundance." The Secretary appeared briefly on the program, but he wanted more time to come back and rectify what he claimed was a "distorted impression" of the farm picture.

Then, before CBS had received his formal request for time, Sen. Humphrey (D-Minn.) rose up and said that if the network gave Benson time, he wanted time to reply to Benson. The specific words of his telegram were:

"If time is granted to the secretary of agriculture, I respectfully request an opportunity to share the program or be given equal time."

Now if Humphrey recycles that time, what is to prevent a Republican senator from an agricultural state to request equal time to answer him? And that senator, whoever he might be, could rightfully argue that if Humphrey, received it, he should too.

2 Planes Complete Non-Stop Flight

LANGLEY AIR FORCE BASE, Va. (U.S.)—Two Air Force jet fighter-bombers have completed a non-stop flight from California to Langley AFB in 3 hours 24 minutes—apparently record time.

The two F84s, averaging better than 670 m.p.h., left Norton AFB at San Bernardino, Calif., at 12:24 p.m. Sunday and landed at 4:24 p.m. after covering the 2,400 miles without refueling.

Air Force officials declined to confirm immediately that the speed of the planes was a new record for transcontinental flight, presumably pending a close check of takeoff and landing times.

The planes were piloted by Lt. Col. Robert R. Scott, 35, and Lt. Richard Hill, 25, at altitudes between 31,500 and 41,500 feet.

Scott set the recognized transcontinental record 11 months ago when he flew an F84F jet from Los Angeles to New York at an average speed of 632 m.p.h. in 2,340 miles.

Hyacinth Issue Creates Anger

Capt. R. Jackson Inducted As New Member Of Kiwanis

Tabs denoting 195 years of perfect attendance were presented at yesterday's noon luncheon meeting of the Sanford Kiwanis Club as Martin Stinescoper, chairman of the club's attendance committee, staged the program.

Looking on and nodding approval of the excellent attendance as D. J. Scott, of Altamonte Springs, a past international trustee, past international vice president, past president of the Winnipeg Club and past president of the Chicago Club, Scott is also a member of the local club.

Prior to panel discussion on "Attendance" conducted by Stinescoper and in which attendance committee members took part, Captain Robert W. Jackson, Commanding Officer of the Sanford Naval Auxiliary Air Station was inducted into the club as a new member.

Center Tharp, chairman of the Membership Committee of the Sanford Kiwanis Club, assisted by committee members Mack N. Cleveland Jr. and the Rev. Milton Wyatt, conducted the brief but interesting ceremony making Captain Jackson a member of the local organization.

Using, for the first time, a Builder's Apron, Captain Jackson was presented the white linen apron by Tharp with the explanation that signatures of all club members are to be secured and written on the white cloth apron which is significant of the Kiwanis Club slogan, "We Build".

Kiwanis Club President Al Wilson said, at the conclusion of the inductio ceremony, "We are happy to have you aboard."

Captain Jackson said, "I am happy to be aboard and consider it a signal honor to be the first to wear the builder's apron."

In announcing the winning of the "Achievement Award" by the Sanford Kiwanis Club, Ralph Smith, secretary of the club and immediate past Lieutenant Governor, said, "We're proud of our club as all times but when it hits the top, we're doubly proud." And he added, "This is the second time in the history of the Sanford Club we have achieved this goal."

Those taking part in the panel discussion on attendance were, Richard Packard, Harvey Hale, Gordon Frederick and Douglas Stenstrom.

Atomic Power Plant Project Undertaken

A large atomic power plant project is being undertaken jointly by Florida's three major utility companies, it was revealed today by Robert Pitt, President and General Manager of the Florida Power and Light Company.

Florida Power and Light Company, Tampa Electric Company of Tampa and the Florida Power Corporation of St. Petersburg have entered into an agreement with Babcock and Wilcox Company and Allis Chalmers Company looking to a target date of 1962-1963 for the construction and operation of a major power plant using atomic energy for fuel to be located at an appropriate site within suitable transmission distance of all three companies, Pitt revealed.

Touhy Named Vice Chairman Of Public Relations Group

George Touhy, executive vice president of the First Federal Savings and Loan Association of Seminole County, has been appointed Vice Chairman of the Public Relations Committee of the United States Savings and Loan League.

The appointment was announced today by Walter H. Dreier, Evansville, Indiana, president of the league, which is the nationwide trade organization of the savings and loan business and represents more than 4,200 savings associations and co-operative banks.

The Public Relations Committee studies methods of developing public knowledge of and enthusiasm for the thrift and home ownership services of savings associations and co-operative banks.

Fish Camp operators in the Lake Jessup area are becoming angry over the "light efforts" being made to control the growth of hyacinths in the lakes of Seminole County.

Four of the operators have written a letter to the Director of the Hyacinth Control Board of the Game and Fresh Water Fish Commission asking for an explanation and to be advised of the facts and figures on hyacinth spraying in Lake Jessup.

According to the letter, signed by the operators of Black Hammock Fish Camp, Hilly's Fish Camp, Crowe's Fish Camp, and Myer's Fish Camp, "The public and land owners around the lake wish to find out why we haven't gotten something done."

The group of operators stated in their letter that they were advised at a meeting of the Board of Seminole County Commissioners meeting early in November, by a representative of the Hyacinth Control Board, that \$1,000 would be spent in the control of hyacinths on Lake Jessup.

"They did spray," the letter read, "with one plane for about half a day, and we venture to say that there wasn't two per cent of the hyacinths killed."

However, the Fish Camp operators claim that in a few months, the hyacinths multiply at the rate of 25 per cent more average. "If the hyacinths are to be eradicated," W. W. Hilly said, in explaining the operators' view toward the program now being used, "One area must be eliminated at a time with a thorough job of eradicating the pesky water plants before going to another area."

"The state is just wasting the taxpayers money," Hilly said.

"Everybody seems to be entirely dissatisfied with your light efforts, and expect the State to carry on with the promise to control the hyacinths in Lake Jessup," the letter to the State Board said.

"Fishermen and sportsmen are willing to help in eradicating the hyacinths," Fish Camp Operator Hilly said, "But they don't want to see their money wasted."

"We're proud of our club as all times but when it hits the top, we're doubly proud." And he added, "This is the second time in the history of the Sanford Club we have achieved this goal."

Lake Mary Annual Pioneer Night Set Tuesday At 7:30

The Lake Mary 31st Annual Pioneer Night will take place at the Community Building in Lake Mary on Tuesday evening at 7:30 p.m. March 6.

This Annual Pioneer Night is set aside to honor the older citizens. It is Lake Mary's contribution in giving the older folks a chance to meet their friends and some of Seminole County's most outstanding citizens will pay homage to the old folk.

"See and hear the man who spoke at the First Pioneer Night, 31 years ago. Also, enjoy a good entertainment, see the 10 most beautiful girls in Seminole County, and hear Henry Russell, and Robert Armstrong," a Lake Mary resident stated. There will be gifts for the five oldest ladies and for the five oldest men; and a gift for the couple who has been married the longest number of years. A ribbon marked "Lake Mary 31st Annual Pioneer Night" will admit any qualified holder to the Ritz Theatre, as the guest of Ezra Kimbrell, manager.

The Sanford bus will leave the corner of Magnolia Ave. and First St. at 6:55 p.m. For bus transportation, telephons Sanford 1444. The bus will go out Park Ave. to 20th St., through Grapeville and Maynana, bring them out to Lake Mary and it will stop along the way to pick up passengers.

"If you know an elderly lady or man, bring them out to Lake Mary Community Building Tuesday evening. They will enjoy it, and you will be well rewarded for your time," it was stated.

SABRE JET TRAINING WING

TSUBIKI, Japan (AP)—Four Japanese and four American pilots in F86 Sabre Jets took to the skies today to mark formation of Japan's first Sabre Jet training wing.

In a tight formation of two flights they swooped low over this booming training base.

One of the Japanese, Lt. Col. Masanobu Iwasaki, piloted a Navy Zero in the Dec. 7, 1941, attack on Pearl Harbor that brought America into World War II.

AT THE KICK OFF BREAKFAST this morning at the Mayfair Inn for the Seminole County American Red Cross fund campaign are: (seated) Mrs. Alton Bridgers, General Chairman of the fund campaign and Mrs. Stanley Kupp, Advance Gifts chairman. (Standing left to right) are the Rev. Milton Wyatt, Seminole County Red Cross Chapter chairman, A. B. Peterson Jr., Jaycee president, Captain Robert W. Jackson, Commanding Officer, SNAAS, Edwin Shinholser, representing Seminole County attorneys, and Lt. Raymond Luce of the Salvation Army. (Staff Photo)

Board Of Health Gives '55 Report

Based on preliminary figures and tabulations, births, deaths, marriages and divorces in Florida all increased in number in 1955. The continued growth of the population of the State is the principle factor responsible for these increases, according to the Vital Statistics Report of the Florida State Board of Health.

In Seminole County, according to the report, there were 310 marriages with 174 divorces granted. The increase in population came through births registered in the County which totaled 871 for 1955, with 425 white births and 446 colored.

There were 294 deaths said the report in its tabulations county by county, of which 107 recorded were white, 120 colored.

Infant deaths, said the report, totaled 37 for Seminole County during the past year, eight of them being white, 29 colored.

Resident deaths from various causes were tabulated by the Florida State Board of Health in its annual figures.

There were three from tuberculosis, one from syphilis, 48 from cancer, six from diabetes, two from anemias, 12 from influenza and pneumonia, 27 from cerebral vascular disease, 95 from heart disease, 41 from all other circulatory diseases, seven from nephritis and nephrosis, six from motor vehicle accidents and 16 from other accidents.

Heart diseases continue to head the list for death causes with cancer taking the next largest toll, with 27 from cerebral vascular diseases third.

Hobby Will Not Enter Race For Sheriff

J. Luther Hobby, suspended Sheriff of Seminole County, this morning said, "For obvious reasons, I had hoped the Federal Court jury would acquit me of the charges trumped up against me, not by the Federal Government, but by local political enemies of mine, so that I might, without any hesitancy, offer myself as a candidate for reelection to the office of Sheriff of Seminole County."

He said, in his statement today, "The fact that the case resulted in a mistrial prevents my doing this, because I long ago decided that no one should offer himself as a candidate for public office were there any possible reason for the public to question his integrity or character."

"In choosing not to run at this time," said Hobby, "I am not announcing my voluntary retirement from politics. I merely want time enough to clear my name so that my wife and children need not suffer for any further embarrassment and heartbreak."

In making this statement, Hobby said, "I would also like to say that I am hopeful the people of Seminole County will look favorably upon the candidacy of my Chief Deputy G. H. Owen."

He said, "He has served the people of this county faithfully and well. He is a high type Christian person and possesses the qualifications necessary to make a good sheriff. Even the people who were all out to get me were not able to find the first shred of evidence to besmirch his character as they have assassinated mine."

Hobby concluded, "He will make you a good sheriff."

P-TA Meets Tonight

Mrs. Randall Chase will head a panel tonight at Southside School for the program of the P-TA. Topic discussed will be "Juvenile Protection".

This meeting, the first since December in the Dec. 7, 1941, attack on Pearl Harbor that brought America into World War II.

PAYROLL INCREASES WASHINGTON

WASHINGTON (AP)—The federal government's civilian payroll increased by 3,491 in January to reach a total of 2,346,031, the Senate House Committee on Nonessential Expenditures said today.

Red Cross Campaign Gets Underway Today With \$8,000 Goal

Seminole County officials are beginning to crack down on violators of State laws preventing the dumping of garbage along highways.

The Board of Seminole County Commissioners, at their last meeting, became aware of the growing violation of a law that prevents garbage dumping along highways and left to become a hazard, health menace, and an unsightly landscape.

Various sections of the County have been littered with paper bags stuffed with bottles, tin cans, kitchen garbage, and paper apparently thrown from automobiles in prominent locations.

Complaints of the trash and garbage dumping menace began to seep into the reports to the commissioners.

Dumps are provided for the purpose of disposing of garbage, Commissioner John Meisch said this morning. One dump is located at the abandoned clay pit on the Upsala Road, another in back of Lake Mary between Lake Mary and Longwood, as well as another. However, said Meisch, the Board of County Commissioners will provide additional facilities for dumping garbage if the needs are made known.

"Not only is the dumping of garbage on the highways unsightly," said Meisch, "but it is a health hazard as well as dangerous. We are mowing the right-of-ways now and tin cans, bottles, pieces of metal and other objects dumped along with garbage will damage our mowing machines."

"Citizens should have enough pride in their community to keep its roads and highways clean and free from trash, garbage and litter," one commissioner remarked.

However, if citizens continue to abuse the law, the Board of County Commissioners, at its last meeting, voted unanimously to notify the public of the prevailing law and the penalties for the violation of it, in order to avoid future prosecution.

The Florida Statutes point out "It is unlawful for any person to dump, or cause to be dumped, or place or cause to be placed, any garbage, refuse or rubbish of any kind whatsoever on or upon any public park, state designated highway, county road, city street or public lands, or upon private property less than 400 feet from any street or highway."

The statute also points out that the violation of the provisions shall be punished by a fine of not more than 30 or by imprisonment in the County Jail for not more than one month, or by both fine and imprisonment.

Many Issues Will Be Solved At Family Life Institute Here

What are your problems or needs in regard to family life education? Do you need some help with the questions asked by your youngsters? Special problems with your teenager? What is expected of you as a parent? What does it mean to grow up? The differences between boys and girls? Going steady—is it just a fad?

These are some of the questions that may be bothering parents and adults.

These and all other problems of school age children will be answered at the Family Life Institute to be conducted by Dr. Hubert J. Schmidt, Monday and Tuesday night, March 5-6 at Seminole High School.

The Institute will begin at 7:45 p.m. in the High School Auditorium.

Dr. Schmidt comes to Sanford from the General Extension Division of the University of Florida in cooperation with the Seminole County Parent-Teachers Association.

Officials of the P-TA organization here say "We are fortunate to secure such a qualified instructor."

Thursday night, March 8, there will be a joint panel discussion between youth and adults.

There will be no admission charge.

Christian Church To Take Special Offering Easter

The First Christian Church will attempt to double the amount in its education building fund by taking a special offering Easter.

Apr. 1, Pastor Perry L. Stone said today.

The minister explained, "Christ was betrayed for 30 pieces of silver. The plan is to get every member who will to turn the price of betrayal into a love offering for Christ by saving during the month of March and bringing to church on Easter morning 30 pieces of silver for the building fund. This project is primarily for our children and those who come after them; and what we do for the least of these it is as if we were doing it for the Lord himself. Plastic bags and an explanatory letter are being sent to the membership. We can more than double the amount in our fund if, over and above regular giving, between Mar. 2 and 31 we put in the plastic bag each day a silver coin for the Easter offering. Any sacrifice for the cause will bring us a blessing."

The proposed building is expected to cost \$40,000.00. George W. Morgan is the chairman of the building committee.

Christian Church To Take Special Ground Observer Corps Operating On 24-Hour Basis

The First Christian Church will attempt to double the amount in its education building fund by taking a special offering Easter.

Apr. 1, Pastor Perry L. Stone said today.

The minister explained, "Christ was betrayed for 30 pieces of silver. The statute also points out that the violation of the provisions shall be punished by a fine of not more than 30 or by imprisonment in the County Jail for not more than one month, or by both fine and imprisonment.

Kickoff Breakfast Held

The 1956 Seminole County American Red Cross Drive got underway this morning spearheaded by a kickoff breakfast at the Mayfair Inn.

Captain Robert W. Jackson, Commanding Officer of the Sanford Naval Auxiliary Air Station pledged \$1000 for first contribution in this year's all out effort to raise a budget of more than \$8000 in Seminole County.

Captain Jackson, told the group assembled at the Mayfair Inn for last minute instructions, "I am representing the service personnel in your midst."

And he said, "The President of the United States supports the celebration of the 75th anniversary of the Red Cross and has said, 'we in the Federal service, by our example, inspire our fellow citizens everywhere to join as members of the Red Cross.' The Navy Department endorses the humanitarian programs of the Red Cross, especially because of its services to members of the Armed Forces and their families."

"Today, we are commencing the first annual Charity Drive at the Sanford Naval Auxiliary Air Station, to raise a sum of \$10,000," Captain Jackson said. "We have at stake the amount of \$1000 from this total for the Red Cross, he said. "I am here to pledge this sum to the Seminole County Red Cross campaign, a third more than we contributed last year," he concluded.

Mrs. Stanley Kupp, chairman of the Advance Gifts Committee of the Seminole County Red Cross campaign organization, presided at the meeting. She told the work was gathered for the kickoff breakfast. "I can tell you personally of the wonderful work of the Red Cross in Europe. I have visited Europe seven times since World War II and have seen, firsthand, the work done in the concentration camps, the devastated areas, and in the giving of a helping hand in the tragedies there."

Others speaking briefly on behalf of organizations and efforts in Seminole County and for the Red Cross campaign fund were: Lt. Raymond Luce of the Salvation Army; A. B. Peterson Jr., president of the Seminole County Junior Chamber of Commerce, Ed Shinholser on behalf of the attorneys of Sanford and Seminole County, and Mrs. Alton Bridgers, chairman of the fund raising campaign committee.

Mrs. Bridgers said, "I am pleased with the progress so far in our campaign. Red Cross isn't just a charity. It is humanitarian in its efforts in the emergencies when the Red Cross comes in."

The campaign is now underway throughout the County in an all out effort to go over the top in reaching its quota.

Ground Observer Corps Operating On 24-Hour Basis

The Ground Observer Corps is operating on a 24-hour basis throughout Florida and the Country, Gordon Frederick, supervisor of the Ground Observer Corps here and a member of the local American Legion Post, said today.

However, Sanford is not yet in operation at all, he said. Frederick explained that some of the units of the Seminole County Ground Observer Corps organization are in operation, but in Sanford there is no activity at all.

An attempt will be made to put the Ground Observer Unit here into operation on a 12-hour basis beginning Sunday at the American Legion Hut. Frederick said that the plane spotting group, an important segment in the defense of our country, will operate from 8 a. m. to 8 p. m.

Those interested in serving with the Ground Observer Corps and would like to volunteer, can do so by calling Mrs. Harry Russell at 681-R between 6 and 7 a. m., 11 a. m. and 1 p. m., or from 8 to 7 p. m.

Mack N. Cleveland To Seek 3rd Term As Representative

State Representative Mack N. Cleveland Jr. today announced his candidacy for a Third Term as a member of the Florida House of Representatives, Group One, during the 1955 Session of the Legislature. Representative Cleveland served on the Rules and Calendar and Finance and Taxation Committee, two of the three most important committees in the House, and also was a chairman of Public Utilities Committee, and also served on the Judicial Committee, and also served on the State Administration, Savings and Loan and House Administration Committees.

Representative Cleveland is currently serving as a member of the Senate House Interim Legislative Auditing Committee created during the 1955 Session in an effort to institute uniform accounting procedures in all of the agencies of State government and supervise the work of the State Auditor. Cleveland says:

"That in the short time this Committee has been functioning, it has already brought about revisions in several of the agencies resulting in better efficiency in these agencies," he says. "This will in turn result in an economic saving for the State."

"I have sincerely appreciated the opportunity and privilege to serve the people of Seminole County during my two terms, and feel that with the experience acquired I can render an even greater service to all of the citizens of Seminole County if elected. I humbly submit my candidacy for a Third Term with the express desire and hope of continuing to serve the people of Seminole County."

Cleveland is an overseas veteran of World War II, and after his discharge in February, 1946, from the Army Air Corps entered Stinson University where he received his BSBA in 1949 and his law degree in 1951, and since that time has been a practicing attorney in Sanford.

He was born in Sanford and attended Seminole County schools, graduating from Seminole High School in 1942.

He is a member of the Senior and Junior Chambers of Commerce First Baptist Church, Sanford Masonic Lodge No. 62, American Legion, Elks, VFW, Kiwanis, The Florida Bar, 40 et al. and the Sanford Merchants Association.

Mrs. Eminisor, 74, Dies Wednesday

Mrs. J. L. Eminisor, 74, died at the Seminole Memorial Hospital at 11:20 a. m. Wednesday after a short illness.

Born Nov. 13, 1881 in Odessa, Minn., she had made her home at 2015 Palmista Ave. for the past five years.

She had come to Sanford from Daytona Beach and was a member of the First Baptist Church, Port Huron, Mich. She is survived by her husband, three sisters, Mrs. Lila Lichstein, Mrs. Anna Della Chadwick both of Detroit, Mich.; Mrs. Faith McDonald, Flynn, Mich. and one nephew.

Funeral services will be at 10 a. m. Friday at the Briston Funeral Home with Dr. Fred P. Kammerling officiating. The remains will be taken to Anthony for interment.
