play. Now put one of those nasty experts over in the East seat. Our nasty friend will cover his partner's 10 of spades at trick three and will not bother to cash his last spade when he gets in with the ace of clubs. He will still chuck a diamond on the fourth club, but meanwhile our unsuspecting South will hang on to all dummy's diamonds. He will take a diamond finesse against West and wind up a surprised loser when East takes his queen of diamonds and proceeds to cash that small spade that he wasn't supposed to have.

Ask the Jacobys

"What is the Herbert convention?" asks a reader from New Orleans.

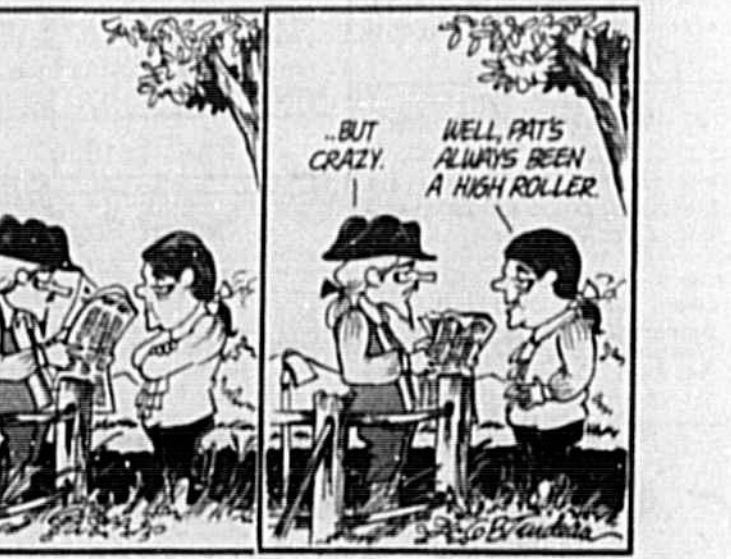

The Herbert convention is a method of responding to strong two-bids in which the next suit is used as the negative response rather than the traditional two notrump.

This with: ♠ 3 2 6 2 ♦ 8 7 6 5 4 ♣ 9 5 3 2 you respond two spades to your partner's strong two heart opening bid. This makes it possible for the strong hand to play in notrump whereas the negative two notrump response automatically gets notrump play in the wrong hand.

(Do you have a question for the Jacobys? Write "Ask the Jacobys" care of this newspaper. The most interesting questions will be used in this column and writers will receive copies of JACOBY MODERN.)

Fuel Adjustment Increase To Cause Hike In Power Bills

By ED PRICKETT Herald Staff Writer

Fuel adjustment charges alone will force Seminole County consumers to dig into already deflated pockets next month for an additional 31 cents to \$3.82 to keep electricity flowing.

In addition, many new customers of Florida Power & Light Co. (FPL) are paying \$50 instead of \$30 deposits to have the power company turn on the lights.

Both FPL and Florida Power Corp., the two utilities serving Seminole County are expecting increases in next month's bills because of higher prices of oil used to drive their generators.

Florida Power Monday won an \$11.7 million rate

increase from the Florida Public Service Commission (PSC) which will add an estimated 54 cents to the "average" consumer's \$40.56 bill. The "average" bill, or the amount charged customers who use 1,000 kilowatts monthly, at FPL in July was \$33.01. That amount next month is expected to increase by \$3.82.

At Florida Power's Winter Park headquarters, company spokesman Charley Jay said it will be from "a week to 10 days" before the company firms up the \$11.7 million increase and begins charging it on customers' bills.

Jay said Florida Power also is seeking an additional 31-cent pass-on at a PSC hearing today in Orlando.

The FPL rate is lower, company spokesmen say,

"Every time we take the nuclear plants off the line, the fuel adjustment goes up."

—FPL Commercial Manager Scott Burns

because the firm's generators are driven by nuclear power instead of oil.

FPL's Commercial Manager Scott Burns said the \$3.82 pass-on is the result of the nuclear plant at Turkey Point being "down" for two months.

During that time, the company was forced to generate electricity with smaller, more conventional oil-burning plants.

"Two years ago we paid \$4.08 a barrel for oil. Now, it's \$12.73 per barrel—more than triple," said Johnny Higgins, a spokesman for FPL.

"Every time we take the nuclear plants off the line, the fuel adjustment goes up," Burns said. Utilities must have PSC approval each month before tacking fuel adjustment charges onto bills.

FPL spokesman Mel Klein said the policy calling for a \$50 deposit from new customers took effect June 1. The increase does not require approval by the PSC.

In addition, some residential customers who have a poor bill-paying record at FPL may be required to add \$30 cash to their \$20 deposit for a total of \$50, spokesmen say.

Company spokesmen say the deposit hike was

necessary because uncollected bills jumped from \$1 million in 1972 to \$6 million this year.

The higher deposits will apply to new customers who are expected to use \$25 worth of power each month, which in Seminole County is about 70 to 90 per cent of the population, according to Burns.

Those using less would continue to pay \$20. Klein said existing customers with good pay records will not be asked for additional cash deposits.

He said businesses, industrial and commercial customers will continue to pay a deposit roughly equivalent to their bill for two months' worth of electricity.

Florida Power, Jay says, serves about 38,000 customers in South Seminole, while the remainder of the county's population is served by FPL lines.

Mini-Trains To Run Later Zoo Paving Due In August

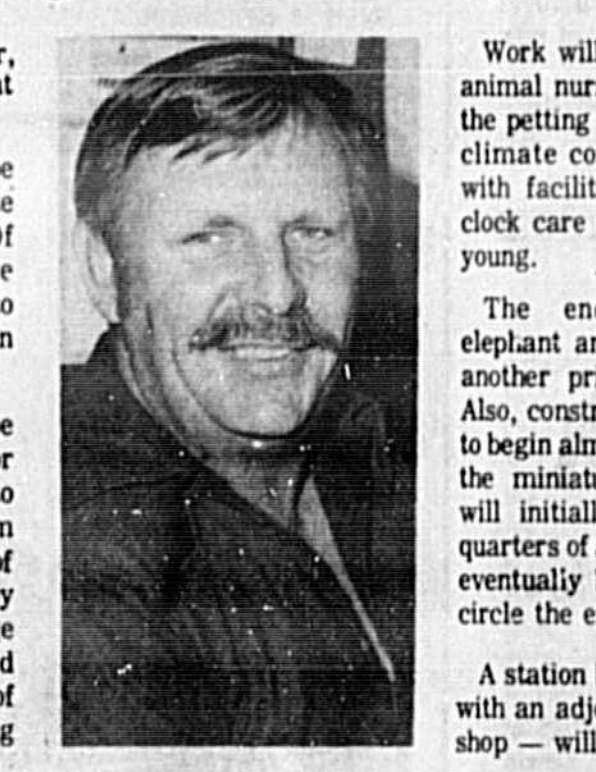

By JEAN PATTESON Herald Women's Editor

By late August the main road into the Central Florida Zoo should be paved.

And sometime between Thanksgiving and Christmas visitors will be able to ride a miniature railway train through the zoo to view the newly-completed children's petting zoo, elephant and hippo enclosure and animal nursery.

That news was reported yesterday by Al Rozon, who has become executive director of the Central Florida Zoo during director Jack Hanna's three-month leave of absence.

Rozon said the Florida Department of Transportation (DOT) requires work on the deceleration lane to be started by Aug. 1. The Central Florida Roadbuilders' Association (CFRA) plans to start hauling in limestone for the main road, completing survey and grade work and stabilizing the sub-base before the end of July.

AL ROZON

The CFRA is donating labor, materials and use of equipment for the job.

"I hope the road will be completed by mid or late August," said Rozon. "Of course, when people are donating the work, we've got to take it when the other guy can give it."

The Roadbuilders will not be paving either side roads or parking areas. According to Rozon, the paving offer from CFRA came as a result of efforts made to help the zoo by Lamar Thomas, an Orange County commissioner and member of CFRA, Chairman of the Roadbuilders' zoo paving committee is Dick Amick.

With most of the animals contentedly settled into their new habitat, construction is proceeding on the last of the enclosures so that animals remaining in the old downtown zoo may be moved to the new zoo as soon as possible.

The children's petting zoo will be completed first and some exhibits should be on display by this weekend. A sea turtle, which can be saddled and ridden by youngsters, will be added to the other animals—goats, llamas, rabbits and others—in the petting zoo. The entire petting zoo should be completed within another month, said Rozon.

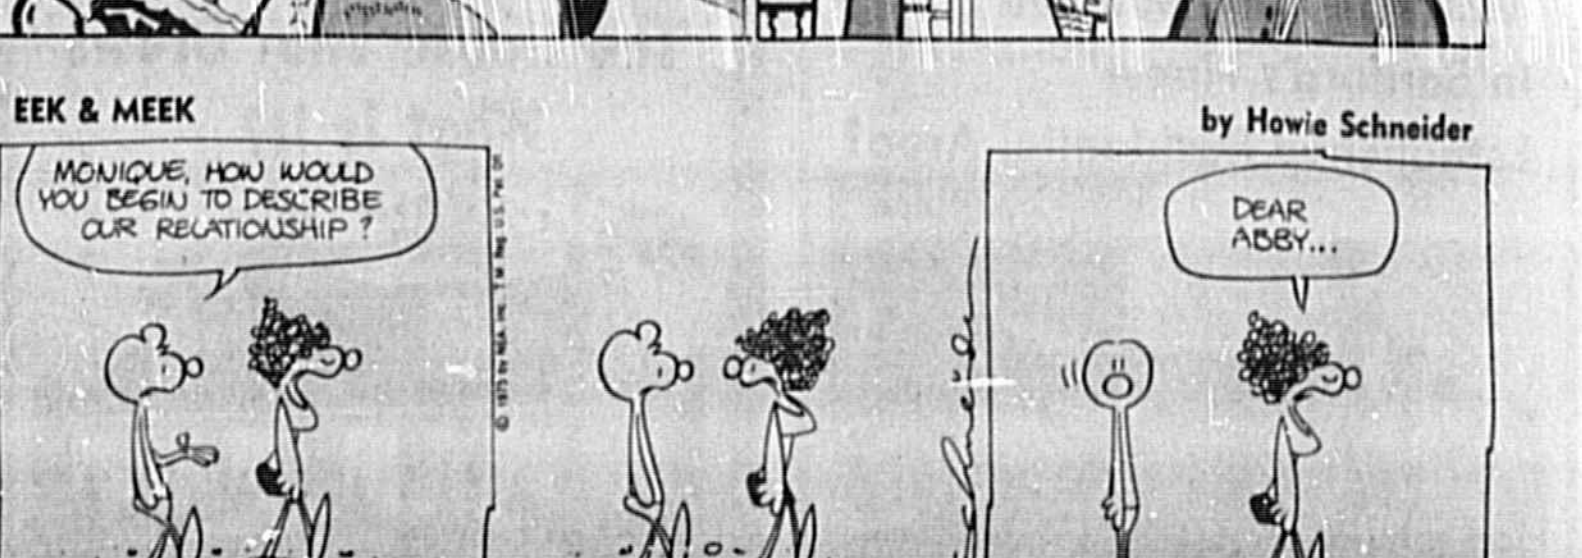

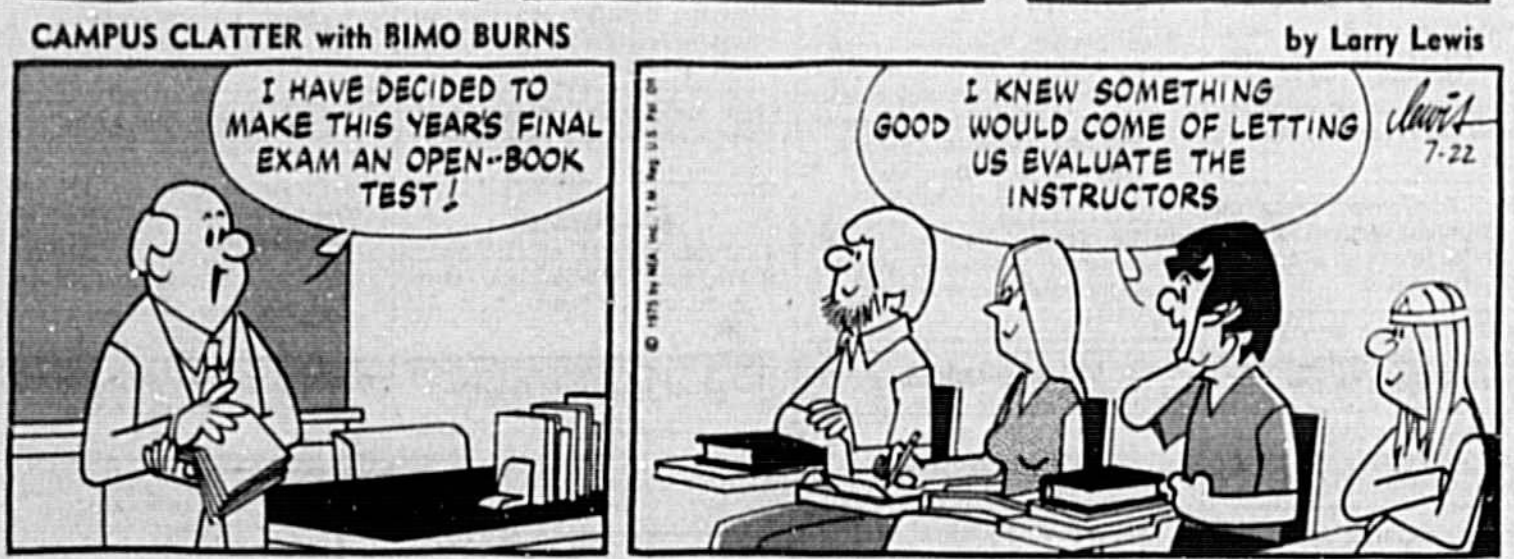

Work will then begin on the animal nursery, an adjunct to the petting zoo. This will be a climate controlled structure with facilities for around-the-clock care of newborn animal young.

The enclosure for the elephant and hippopotamus is another priority, said Rozon. Also, construction is scheduled to begin almost immediately on the miniature railway which will initially be about three-quarters of a mile long, but will eventually be extended to encircle the entire zoo.

"We are not certain when—on if—Hanna will return," said Rozon. "He worked so hard for the opening of the new zoo, but recognized he had a conflict of interest and felt not only must he protect his own investment in the movie company, but had a moral obligation to protect the interests of his friends who had invested."

Hanna is in Knoxville, Tenn., managing his motion picture production business.

Rozon said Hanna Brock would continue as technical advisor to Rozon and to head animal curator, Sid Spolich.

Burglary Sentence Review Sought

By BOB LLOYD Herald Staff Writer

A three-member panel of Seminole circuit judges has taken under advisement pleas by a former Sanford policeman and a former city building inspector and auxiliary policeman that their sentences in burglary ring cases be changed.

William D. Magner, 24-year-old former policeman, was adjudicated guilty June 17 and sentenced to five years probation plus 90 consecutive days in county jail on a work-release program after he pleaded guilty to entry without breaking with intent to commit petty larceny.

Raleigh Paul Sessions, 25, a former city building inspector and auxiliary policeman, received three years probation plus 60 days in county jail on his plea of guilty to buying, receiving and concealing stolen property as a misdemeanor.

Defense Attorney Gerald Ruberg told Circuit Judges David U. Strawn, Clarence T. Johnson Jr., and A.J. Hosemann Jr., yesterday in a hearing that Magner and Sessions have no legal basis for their requests that adjudications of guilt be withdrawn in the cases, but that the adjudications give them records of criminal convictions and make it extremely hard for

them to obtain anything but menial labor jobs.

Assistant State Atty. James Figgart argued that under court rules the judges have jurisdiction to correct "illegal sentences" but no authority to "step back and withdraw judgment unless the sentence is challenged as illegal."

"And that's not what this hearing and request is about," Figgart said.

Last week the court changed adjudications of guilt be withdrawn in the cases, but that the adjudications give them records of criminal convictions and make it extremely hard for

four years probation.

In sworn testimony yesterday Sessions told the court panel that because he has been adjudicated guilty he was fired from a job and has found it "about impossible" to get engineering-related jobs for which he has training.

"I'm now working two jobs as a laborer and trying to pay my bills," Sessions said. "This has hurt me lots... over some stupid little hamburger meat. Am I going to have this thing on my back the rest of my life?"

Magner didn't appear at the hearing, but Ruberg appealed to the court panel that if it had placed enough faith in Magner to put him on probation "then go the extra step and withhold the adjudication of guilt."

As it now stands once Magner successfully completes his probationary time he can

petition the courts for return of his civil rights, Ruberg said.

Judge Johnson yesterday signed a court order allowing officers to meet county jail time in the burglary ring cases until August 1 "or as soon as the jail restoration is completed," to begin serving their jail time.

The county jail was damaged in a June 9 fire that killed 11 men and prisoners are now being held in jails in surrounding counties.

Ruberg told the court that both Magner and Sessions "are willing to serve their rights instead immediately in the Sanford City Jail."

"Ironically," Ruberg said, "Magner is in the City Jail working for me."

Sanford Street Paving Project On Schedule

By GLENN McCASLAND Herald Staff Writer

Sanford's 21-mile street paving program is on schedule and City Engineer Mack LaZebny is more than halfway through the project.

LaZebny said today that work in the Goldsboro community has reached the stabilization process and would be ready for line locking within several days.

"This covers the area north of 20th Street, south of Third Street and west of 17-92," LaZebny said. "The contractor is making excellent progress."

LaZebny said that drainage pipe work for the Goldsboro area was completed and that work in the Georgetown community was "90 per cent finished."

A city-wide drainage pipe program is beginning, he reported, while workers are preparing to start two more sections of the

Stafford Sees 'Shuttle Age'

SPACE CENTER, Houston (AP)—Astronaut Thomas P. Stafford, commanding the last U.S. man in space mission for at least four years, said today he regrets the end of this era of space exploration but predicted a new age with the space shuttle.

Stafford made his statement at a news conference that he, Vance D. Brand and Donald K. Slayton held in their orbiting Apollo on the day before they return to earth from history's first international space mission.

For the first time, newsmen, assembled in an auditorium here, asked questions directly by radio to an orbiting spaceship. Astronauts have held news conferences on earlier space missions but each time a list of questions was submitted to Mission Control, which transmitted them.

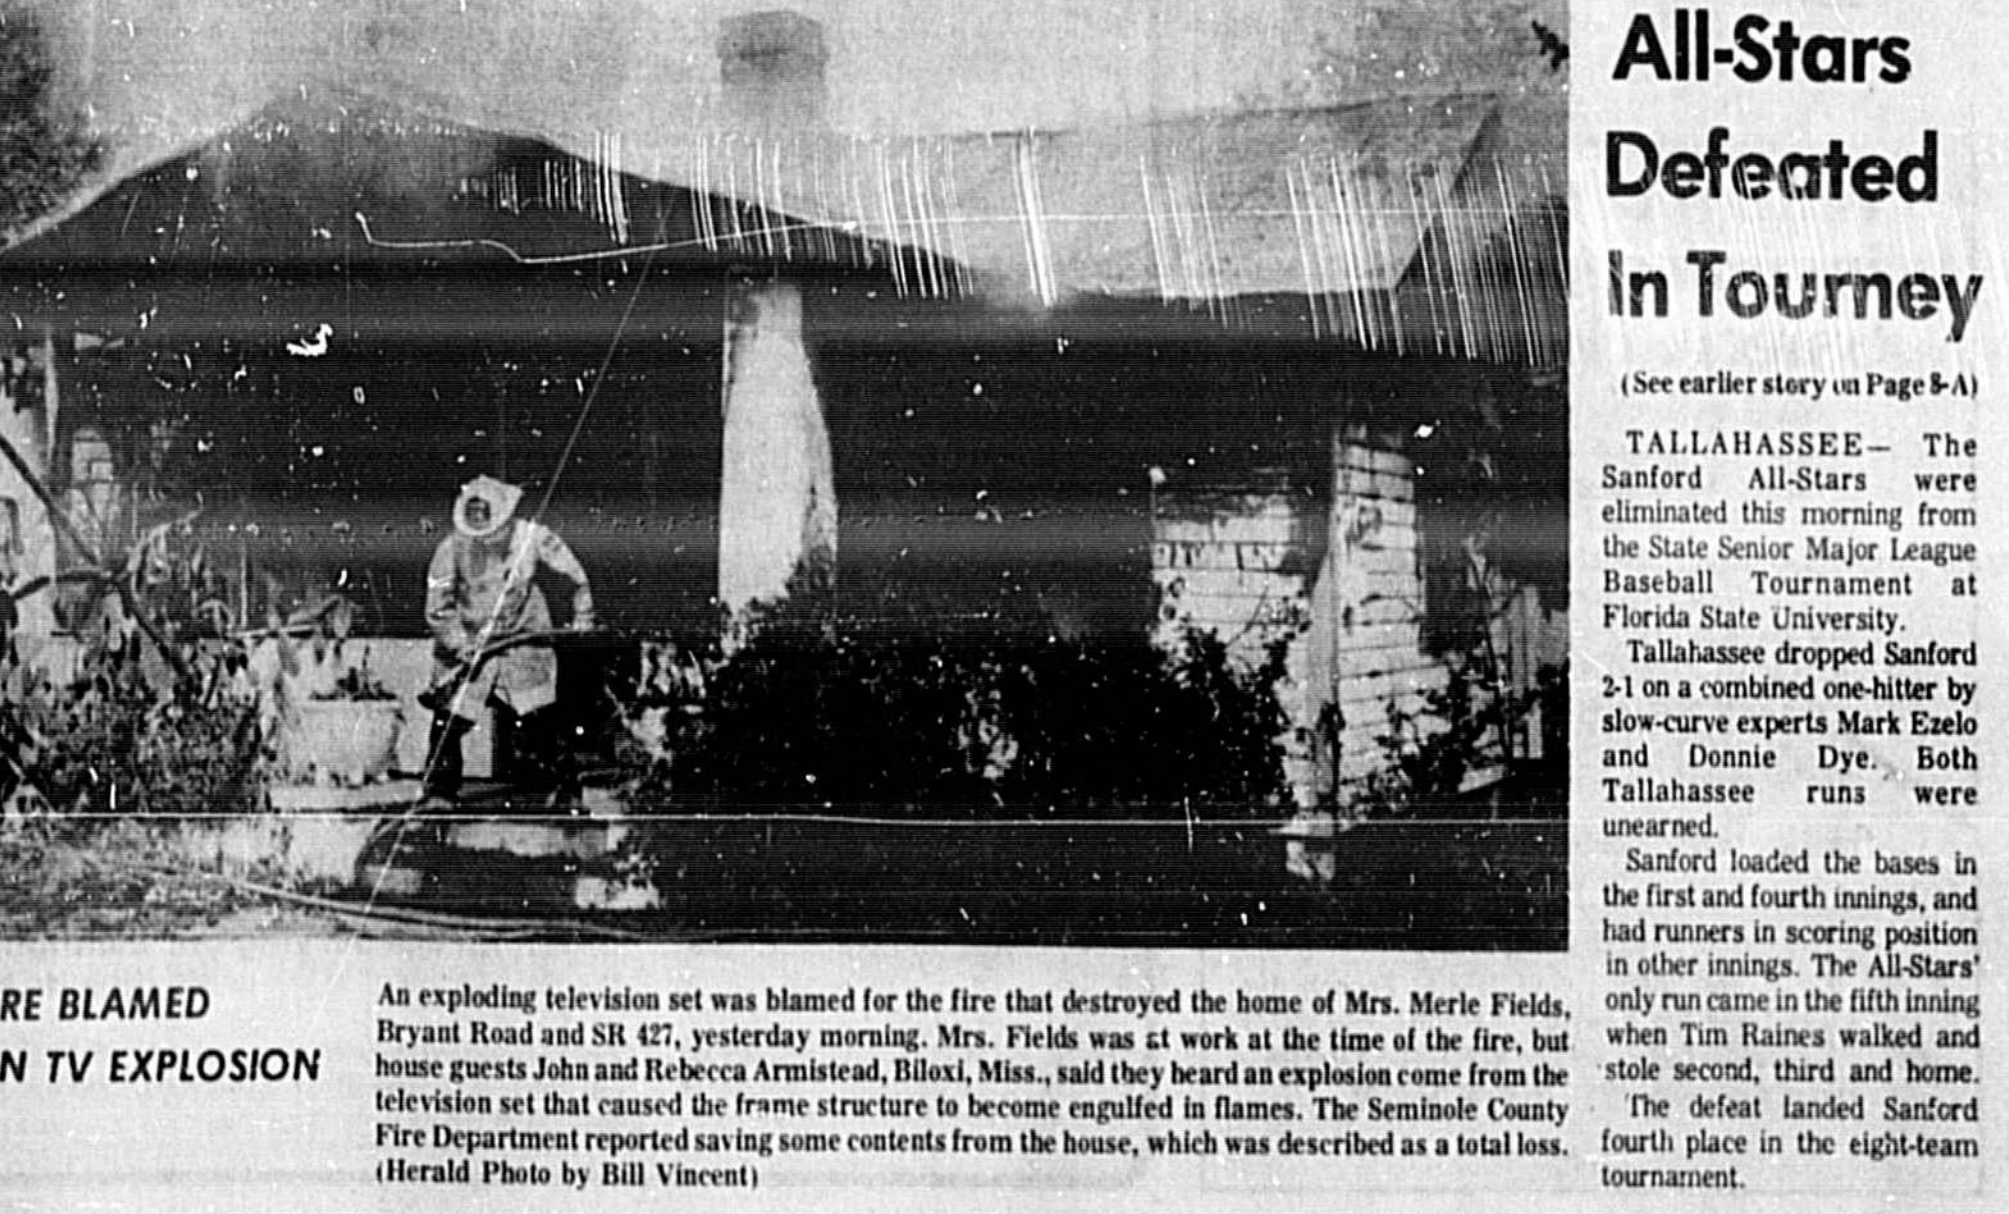

Asked if he regretted the passing of an era, Stafford said, "I've been with the program a great number of years, so there certainly is a lot of nostalgia in seeing this phase come to an end."

"But we will be opening a new era with the shuttle," he said. "I just regret it will be a few years before there will be any more manned space shots. With the shuttle, space is going to be more of a medium to work in where it will be a benefit for all people on earth. Great things will be accomplished and it will be much less expensive."

Brand, also making his first flight, called it, "the greatest experience I've ever had."

He complained about the housekeeping problem, with everything floating about in weightlessness.

"We need a traffic cop up here to direct things," he said.

FIRE BLAMED ON TV EXPLOSION

An exploding television set was blamed for the fire that destroyed the home of Mrs. Merle Fields, Bryant Road and SR 427, yesterday morning. Mrs. Fields was at work at the time of the fire, but house guests John and Rebecca Armistead, Biloxi, Miss., said they heard an explosion come from the television set that caused the frame structure to become engulfed in flames. The Seminole County Fire Department reported saving some contents from the house, which was described as a total loss. (Herald Photo by Bill Vincent)

All-Stars Defeated In Tourney

(See earlier story on Page 9-A)

TALLAHASSEE—The Sanford All-Stars were eliminated this morning from the State Senior Major League Baseball Tournament at Florida State University.

Tallahassee dropped Sanford 2-1 on a combined one-hitter by slow-curve experts Mark Ezeo and Donnie Dye. Both Tallahassee runs were unearned.

Sanford loaded the bases in the first and fourth innings, and had runners in scoring position in other innings. The All-Stars' only run came in the fifth inning when Tim Raines walked and stole second, third and home. The defeat landed Sanford fourth place in the eight-team tournament.

NATION IN BRIEF

Hospitalized Interior Chief

May Have Offered To Quit
WASHINGTON (AP)—Interior Secretary Stanley K. Hathaway, in office a little more than a month, apparently offered to resign before he entered a hospital for psychiatric care eight days ago but now intends to remain in the Cabinet.

Hathaway, former two-term governor of Wyoming who underwent prolonged Senate grilling in his hard-fought battle for confirmation at interior, is "suffering from moderate depression brought about by physical exhaustion and fatigue," doctors at Bethesda Naval Hospital reported Tuesday.

An interior spokesman denied that Hathaway offered a formal resignation to President Ford and that Ford turned it down. Asked if Hathaway informally offered to resign, the spokesman said, "I suspect that he did." White House spokesmen declined comment.

Oil Fight Nears Showdown

WASHINGTON (AP)—The energy policy fight between President Ford and the Democrat-controlled Congress is entering a showdown stage, with some signs that both sides will seek a compromise to end the long stalemate.

Staley 'Satisfactory'; Herring Takes Over Report Not Due For Two Weeks

By BOB LLOYD
Herald Staff Writer

Seminole-Brevard State Atty. Abbott Herring said today that a report from the grand jury probing the June 9 Seminole County Jail fire that killed 11 men isn't expected for another two weeks.

Herring took over yesterday

Wells Drilled At Mayfair

Two more water wells which will increase water production in Sanford by two million gallons — are being drilled at the Mayfair Country Club.

City Engineer Mack LaZebny said today the two wells would boost total water production by two million gallons for the city's utility plant on Country Club Road.

for Assistant State Atty. William Staley, who had been advising the grand jurors during their six-week probe, after Staley was hospitalized following what Herring termed a "chest seizure."

Grand jurors met yesterday afternoon and adjourned until next Tuesday. Herring indicated the investigative body is having a problem getting a quorum except on Tuesdays.

A Seminole Memorial Hospital spokesman said this morning that Staley is listed in "satisfactory" condition in the intensive care unit. Herring said tests yesterday failed to show any indication that Staley had suffered a heart attack but that doctors said Staley would be hospitalized for "three or four days" while other tests are made.

Monday Staley commented to a Herald reporter that he was "almost exhausted" from the extra workload put on him in handling the grand jury investigation plus his regular duties of heading Herring's Sanford office.

Damaged Nursery Sifted For Clues To Cause Of Blaze

By BOB LLOYD
Herald Staff Writer

Sheriff's arson investigator Sgt. Robert Kunkler today was reported probing for the cause of a suspicious fire that caused an estimated \$1,000 damage yesterday to an office at Howell Creek Nursery, Lake Howell Lane, Casselberry.

Deputy Charles Coffee reported that county fire units extinguished the blaze and treated Beverly Haynor, 45, of Casselberry, who reported the fire, for minor smoke inhalation at the scene.

Burglary Probed
Sheriff's detectives today

were also investigating a reported burglary of a service van belonging to Artistic Pools, U.S. 17-92, Longwood. Deputy Donald McCormick said Mel Elkins of the firm reported that diving equipment valued at \$1,400 was stolen from the truck after it was entered by a rooftop vent.

Action Reports

★ Fires
★ Courts
★ Police Beat

Meadowfield Lane, Longwood, reported a van was entered at his residence and carpet installation tools valued at \$218 taken, according to a report filed by Deputy Donald Dreggers.

Bike Hit By Car
A 13-year-old Winter Park

boy was treated at Winter Park Memorial Hospital last night after his bicycle was struck by a car on Oxford Road just south of S.W. 43rd, according to sheriff's deputies.

Man Arrested
Casselberry police have jailed a 21-year-old Longwood

man on \$5,000 bond on a auto theft charge. County jail records indicated James Randolph Tabor, 21, 500 Rosedale Ave., Longwood, was arrested last night at 3 Carriage Hill Circle, Casselberry.

Macing Justified: Herring

Seminole-Brevard State Atty. Abbott Herring said today an investigation by his office into allegations of brutality against a Casselberry policeman in a macing incident shows the officer used "reasonable force" in subduing a prisoner on May 27.

Herring said his office concurs with the findings of the Casselberry Civil Service Board Friday that Patrolman Hubbard G. Clapper used reasonable force in subduing Jay Raymond Perkins, 26, of Melbourne, and that disciplinary action against Clapper would be unwarranted.

A circuit court jury at Sanford July 17 found Perkins guilty of resisting arrest without violence. He had been charged with violently resisting officers during a mace which began after Perkins' car ran off the road and struck a traffic control sign.

Herring said his investigation — started after Perkins' father, a 30-year veteran of the Melbourne police force, requested a probe of circumstances surrounding his son's arrest — revealed that Perkins had been lawfully arrested and that he resisted efforts of officers to place him in custody.

Herring said Clapper had been issued mace by the police department and "one of the uses permitted was for the purpose of subduing a hostile prisoner. The evidence reveals that Perkins was violent at the time the mace was used," Herring said.

"It further appears that by the use of the mace, more serious injuries to the prisoner were prevented," Herring said.

He said his office's investigation consisted of taking sworn testimony from seven witnesses — four policemen and three civilians.

Circuit Court Judge Robert McGregor scheduled sentencing for Sept. 12, and allowed Perkins to remain free on a \$1,500 bond pending a presentence investigation. The conviction carries a maximum one-year jail term.

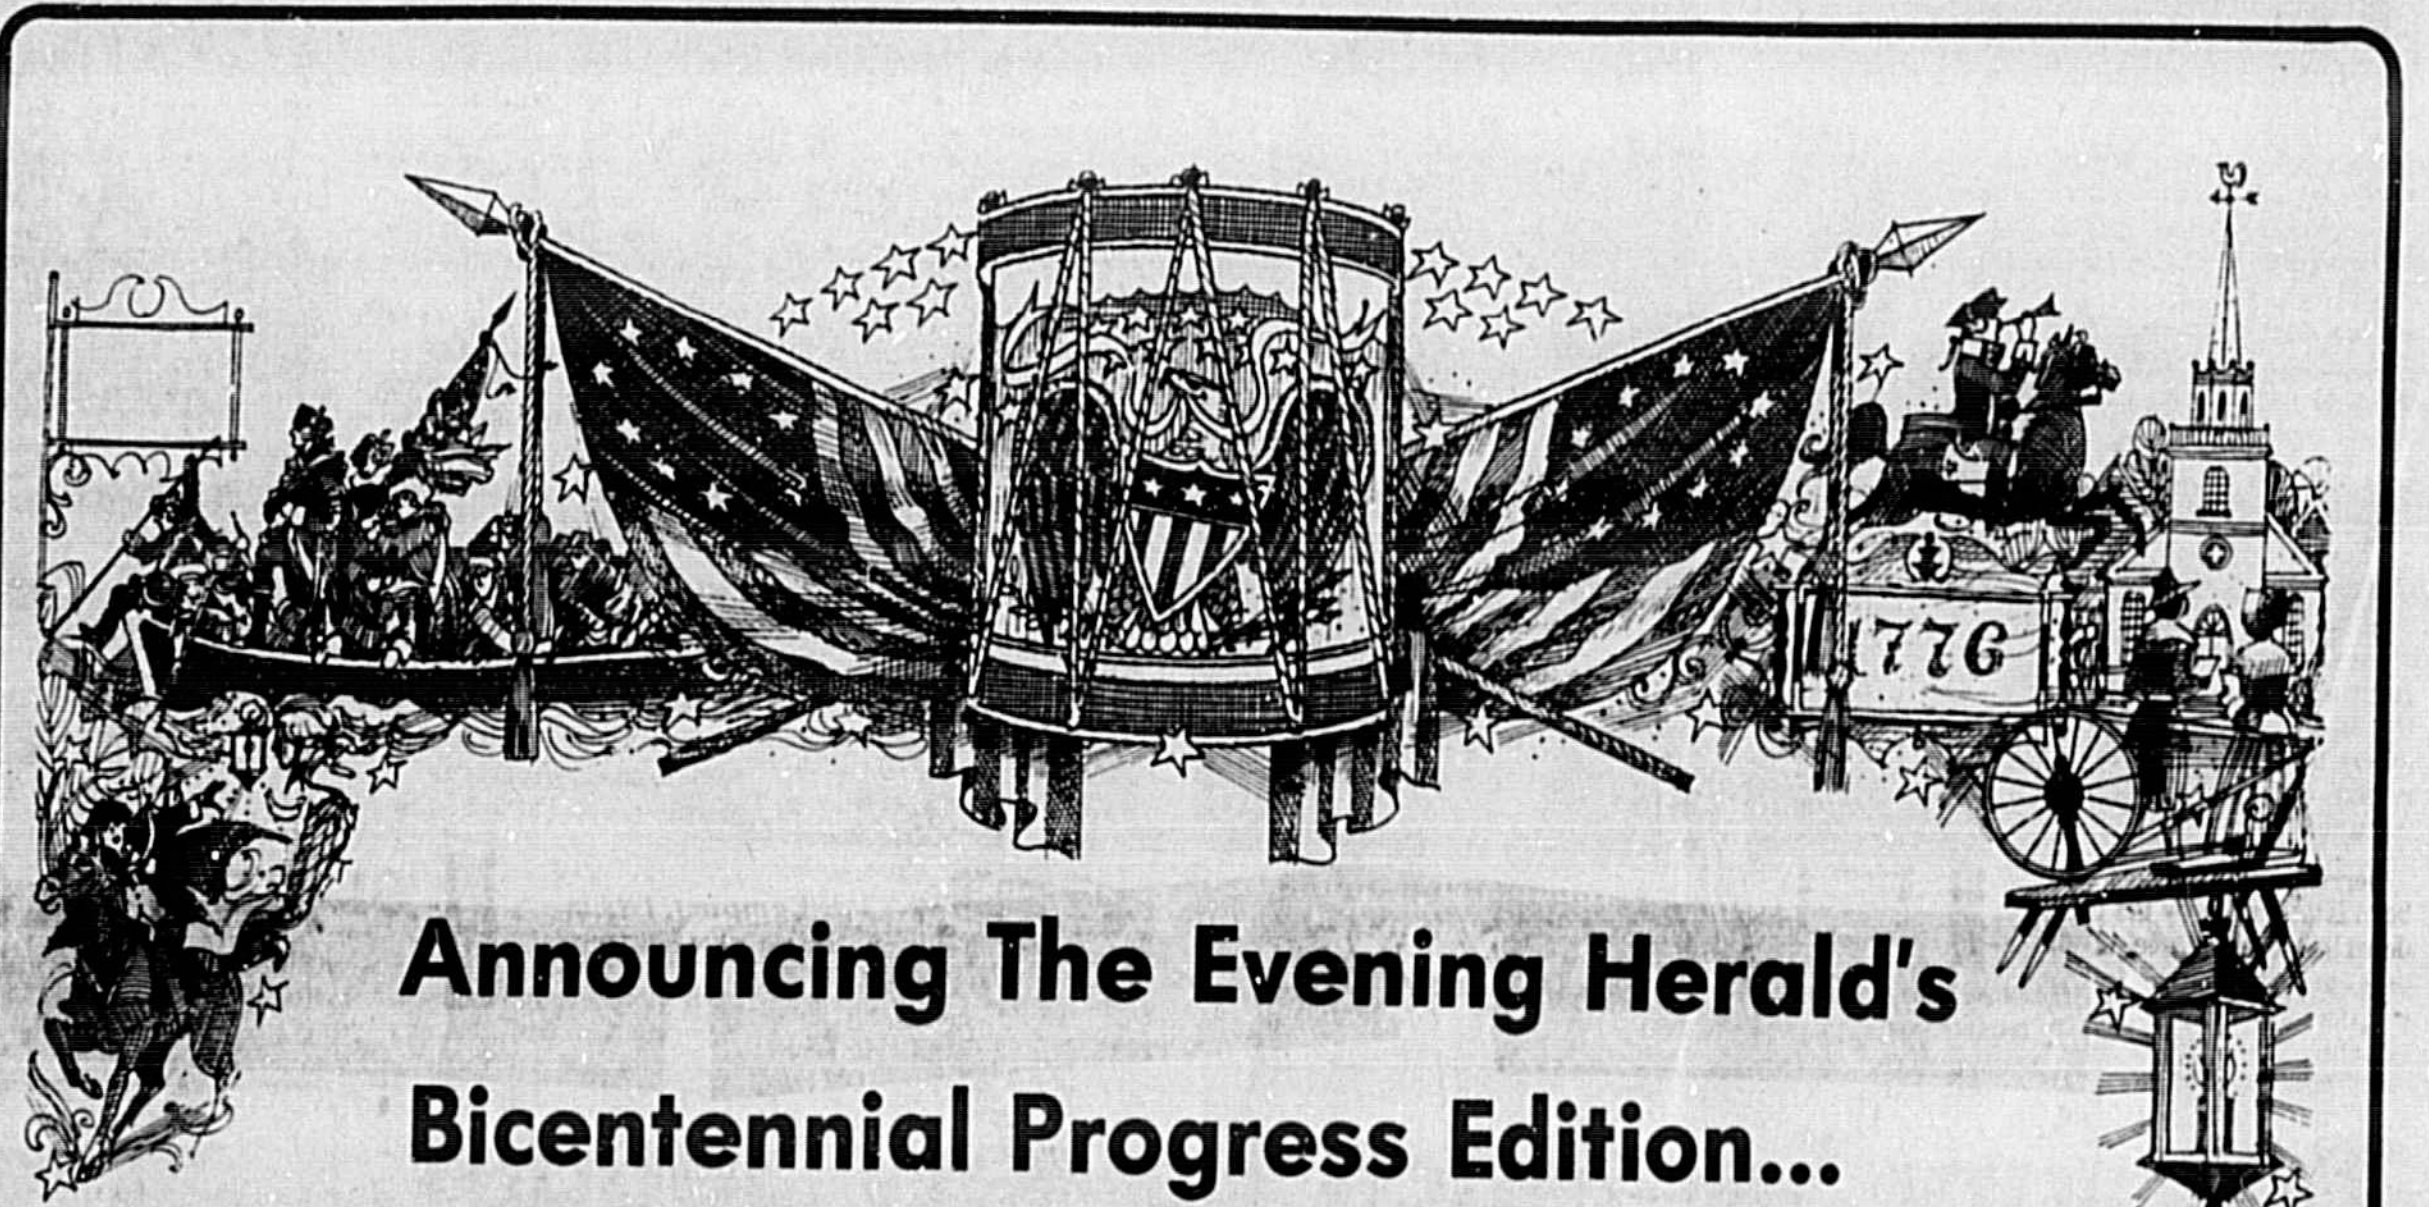

Woodlands Straw Vote Scheduled

A straw ballot election will be held Sept. 23 at the Community Center in Longwood for the residents of the Woodlands Subdivision west of the city to vote on the creation of a municipal taxing district to provide funds for development of recreational facilities in the subdivision.

The last day to register for the election is Aug. 8. Registration will be held in the Supervisor of Elections office in the County Courthouse and in the branch office in the Seminole Plaza.

Following the election, on which commissioners say they will rely heavily in making their decision on the creation of the district, a public hearing will be held Sept. 30 for the board to consider the establishment of an ordinance.

County Attorney Tom Freeman has prepared a proposed ordinance creating the district. The ordinance provides for the residents of the subdivision to be taxed and the money will be rechanneled to funding the development of a 10-acre recreational site.

Announcing The Evening Herald's Bicentennial Progress Edition...

On the last Sunday of each October, The Herald publishes its largest issue of the year — our PROGRESS edition.

This October The Herald will help celebrate our nation's 200th birthday with the publication of a special bicentennial progress issue tracing the history, growth and projections for the future of each area of Seminole and southwest Volusia counties.

We'll tell the world what life was like in our communities in years past, how our lifestyles have changed, and what is predicted for the years ahead.

We expect to make this special bicentennial project the finest special issue we've ever developed. And we need your help. Dust off your old photo albums, diaries, family histories, and join The Herald in writing the history of our area. Write and let us know what you have that might be suitable for publication in our bicentennial issue. After all, you won't have another chance like this for 200 years!

Orange County Deputy's Equipment Taken

Innocent Plea Heard In Home Break-In

By BOB LLOYD
Herald Staff Writer

An Aug. 23 circuit court trial has been scheduled for a 20-year-old Longwood man accused of breaking into an Orange County Deputy Sheriff's residence and taking guns and police equipment. Jesse Ray Morrison II, 20, Springwood Circle, Longwood, pleaded innocent when arraigned before Circuit Court Judge Robert McGregor on charges of breaking and entering with intent to commit a felony, grand larceny, larceny of a firearm, and buying, receiving and concealing stolen property. Morrison is accused of taking two pistols, police equipment and jewelry belonging to C.D. Buchanan in a July 7 burglary at Buchanan's Springwood Village apartment, Longwood. Seminole Sheriff's detectives executed a search warrant July 10 at an apartment occupied by Morrison and reportedly recovered Buchanan's guns and equipment plus a large quantity of jewelry, drug paraphernalia, two bags of marijuana and savings bonds and identification issued to several other persons.

Judge McGregor delayed arraignment of David Allen Redmon, 21, 2500 Howell Branch Road, for one week after the public defender's office sought to withdraw as court-appointed defense counsel. Redmon is accused in the June 22 robbery of a convenience store at 3650 Howell Branch Road. During a court appearance following his July 11 arrest, Redmon signed an affidavit claiming to be indigent and the public defender was appointed to represent him. However, Judge McGregor said the public defender, in a motion to withdraw from the case, alleged that Redmon isn't indigent and owns stereo equipment valued at \$1,500. The court noted also that Redmon posted a \$10,000 surety bond and was released from jail. Judge McGregor ordered the bond revoked because it was improperly set without a court hearing required under local court rules in robbery cases and ordered Redmon returned to jail. The court discharged the public defender and told Redmon to make efforts to obtain private defense counsel. Redmon told the court, "I must have misunderstood" the insolvency affidavit he signed earlier. Assistant Public Defender Chris Ray told the court that Redmon had been advised by his office not to post the bond. Ray noted that, in his experience as a public defender, he's found that "rarely does anyone read the insolvency affidavit before signing it." In other arraignments, Ronald G. Revels, 22, 426 Longwood Circle, Longwood, pleaded innocent to a 1973 charge of marijuana possession and was scheduled for a July trial the week of August 25. Trial was set for the week of Sept. 29 for Albert Williams, 49, 1208 Mangoustine Ave., Sanford, on an aggravated assault charge, after a written plea of innocent was filed with the court. Ralph Dunning, 37, 306 Oakhurst St., Altamonte Springs, was granted a one-week delay in arraignment on a charge of obtaining property by worthless check so he can seek private defense counsel.

Plaintiff Gets \$1,250

False Arrest Suit Settled

By JANE CASSELLBERRY
Herald Staff Writer

WINTER SPRINGS—A false arrest suit against the city has been settled out of court, City Attorney Newman Brock has told the City Council. Brock was instructed by the Council last week to offer a \$1,250 settlement with no implication of guilt in the action brought by Donald Clark Albritton. The original civil suit by Albritton asked for a \$2,500 judgment. In addition to the city, several members of the police

department were named defendants in the suit, which stemmed from a 1974 arrest. At the time the suit was filed, the city had no false arrest insurance, but since has secured coverage. Meanwhile, Winter Springs residents will no longer have to go to Oviedo to vote, Councilman John Daniels announced this week. The Seminole County Commission has established a new precinct. City residents who previously voted in Oviedo will vote at Precinct 50 with the polling place to be at the

"Any millage rate over 2.43 mills levied for 1975 will represent an increase in ad valorem taxes. I oppose any increase this year. Retention of... 3.5 mills represents a \$46,341.28 increase in ad valorem taxes."

Councilman John Daniels

Council Must Hold Line On Taxes To Get Funds

WINTER SPRINGS—City attorney Newman Brock told the City Council at a budget meeting Monday night that "any millage rate over 2.43 mills levied for 1975 will represent an increase in ad valorem taxes. I oppose any increase this year. Retention of... 3.5 mills represents a \$46,341.28 increase in ad valorem taxes. I oppose any increase this year. Retention of an ad valorem tax rate of 3.5 mills (as levied for 1974) represents a \$46,341.28 increase in ad valorem taxes, or a .07 mill increase in tax rate." Total revenue projected for the coming fiscal year at 2.43 mills would be \$47,321—a 35 percent increase over this year's projection—because of the new 100 per cent fair market value appraisal by the County

Assessor's office. Councilman John Daniels pointed out at the Council meeting Monday night that "any millage rate over 2.43 mills levied for 1975 will represent an increase in ad valorem taxes. I oppose any increase this year. Retention of an ad valorem tax rate of 3.5 mills (as levied for 1974) represents a \$46,341.28 increase in ad valorem taxes, or a .07 mill increase in tax rate." The Council will resume budget deliberations at a workshop Monday night. A review of the police and fire department requests ended with initial approval of \$136,294 revised budget for the police and \$78,667 for the fire departments. The Council got through the first page of the public works department proposed budget, allocating \$7,000 for a tractor and equipment; \$500 for a welder; \$3,780 for grader rental; and \$400 for equipment. The Council will resume budget deliberations at a workshop Monday night.

IN BRIEF

Israelis Battle Terrorists, Arab Gunners In Lebanon

By The Associated Press
Israeli soldiers crossed into Lebanon early today hunting for terrorists and battled Arab gunners. The Israeli command said that seven of its soldiers were wounded and seven Arabs were captured in a raid on one village. However, the Lebanese Defense Ministry said the Israelis hit two villages, touching off a two-hour artillery duel in which one Lebanese woman and a child were wounded. It also said only six Arabs were taken prisoner. The Israeli command said its soldiers crossed into the village of Kalah in the northern Israeli parhane and Arab gunners fired on them from two houses. It said the Israelis blew up the houses during the fight. The Lebanese Defense Ministry confirmed two houses were blown up but said the Israelis also hit the village of Houre, less than a mile from the Israeli frontier.

Amin Threatens Invasion

KAMPALA, Uganda (AP)—President Idi Amin said he's ready to lead a black African invasion of white-ruled South Africa and Rhodesia but that details are "top secret." I can't even tell my wife. Amin, recently awarded the new military title of field marshal, told interviewers Tuesday that the rank "will be put into use when I invade southern Africa, including Rhodesia." He was only partly serious during the interview, often bantering with newsmen about a variety of topics. Amin gave no details of his military scheme and there was no indication any other nation was prepared to join. But he said he would call a meeting of some black states that he said are ready to give him command of their armies in a joint African war command.

Gandhi Target Of Walkout

NEW DELHI, India (AP)—Opposition legislators walked out of the lower house of Parliament on Wednesday to protest Prime Minister Indira Gandhi's emergency crackdown. Their move came less than 24 hours after a similar protest in the upper house. "Shame! Shame! Shame!" the legislators shouted after the lower house voted 336 to 39 in approval of Mrs. Gandhi's June 25 proclamation abolishing civil liberties. They charged that the Indian Parliament was no longer a democratic body. The upper house handed Mrs. Gandhi a similar over-whelming emergency Tuesday. But opposition members there also stalked out in anger and vowed to boycott the current emergency session.

Fanfani Loses Italian Post

ROME (AP)—Aminore Fanfani, the strongman of Italian politics for many years, was removed as chief of the dominant Christian Democratic party after a lost vote of confidence Tuesday night. In an emergency meeting called to discuss big Communist gains in elections last month, the Christian Democratic national council voted against his performance as party secretary, a post he held for the past two years. The vote of confidence, asked by Fanfani himself, was 103 to 69 with eight abstentions. The national council called a meeting for Thursday to find a successor for the 67-year-old Fanfani, known because of his size as the "little warrior of Italian politics."

Seniors Alive In Loser's Bracket At State

SPORTS

By TOM KEYSER
Herald Sports Editor

TALLHASSEE — The Sanford Senior League All-Stars broke this morning weary on a late game Tuesday night. Those blurry eyes focused on today's seemingly insurmountable task of winning four games for the State Senior Major League championship.

Sanford fell to Key West 4-2 Tuesday afternoon and then whipped Holly Hill 5-3 Tuesday night to advance into this morning's game at 9 against Tallahassee.

If Sanford won the 9 a.m. game, it was to meet state defending champion Jacksonville Beach at 11 a.m. A win over Jacksonville would boost Sanford into this afternoon's 4 p.m. finals against Key West. A Key West loss would require another game at 6 p.m.

Key West would Jacksonville Beach 8-4 Tuesday night to remain the only undefeated team in the double-elimination tournament, which is being played at FSU field in Tallahassee.

Sanford, however, had to play Tuesday night's game against Holly Hill on the skinned-field of the regular Tallahassee Senior League field after rain delayed the day's schedule.

Sanford was to meet Key West at 3 p.m. but the game did not get under way until 5:30 after dark clouds erased the clear, blue Tallahassee day.

Key West scored solo runs in the first and fifth innings, and two in the sixth; while Sanford scored its first runs in the bottom of the fourth.

Evening Herald, Sanford, Fl. Wednesday, July 23, 1975—4A

In that inning, Ned Raines reached base on an error and then David Wiggins smashed a towering drive 340 feet against the rightfield fence.

Raines slipped going into third, forcing Wiggins to scramble back to second base, where he was thrown out on a relay from the outfield.

Raines held up on third, and scored moments later on pinch-hitter Ken Lee's sacrifice fly to centerfield.

Jeff Anderson then walked and scored all the way from first when Key West's shortstop overthrew first base on Bobby Robinson's grounder.

Sanford came within inches of tying the game in the bottom of the seventh inning after Tim and Ned Raines slapped singles with two outs and then pulled a double steal second and third base.

Wiggins then lofted a shallow fly into rightfield, out of reach of Key West's second baseman. But the rightfielder, who was playing deep after Wiggins' drive to the fence in the fourth inning, sprinted for the ball and made a diving catch to end the game.

Anderson sprinted to third on a passed ball and scored on a wild pitch.

In the fifth inning, Robert Smith and Brodie singled, but Brodie was thrown out at second trying to stretch his hit into a double. Smith camped on third and scored on Tim Raines' single.

Wiggins walked to ignite the sixth-inning rally, but was forced at second on Williams' infield grounder.

Williams, who was safe at first on the play, stole second and went to third when the throw from the catcher bounded past the shortstop into centerfield. Ricky Mann poked a single to score Williams.

In the seventh, Robert Smith singled, stole second and scored on Brodie's single.

Robert Smith, Brodie and Tim Raines cracked two singles in the game for Sanford.

Robert Smith, who pitched only one game during the regular season, was to be Sanford's pitcher against Tallahassee at 9 a.m.

Tim Raines and Wiggins were not eligible to pitch because a pitcher cannot pitch in two consecutive state-tournament games.

If Sanford got Tallahassee, Jacksonville or Raines would have been on the mound against Jacksonville Beach at 11 a.m.

Key West 100 112 8—4 4 2 Sanford 900 311 — 5 8
Sanford 290 230 — 2 4 2 Holly Hill 290 190 — 3 2

There's no doubt the game would have been tied if that ball would have fallen in," Coach Dean L. Smith said. "The wind blew it a little too far."

Tim Raines cracked two singles in the game, and Robert Smith, Jim Brodie and Ned Raines added singles to a double. Terry Smith started on the mound for Sanford but was relieved by Donnie Williams with two outs in the third inning after he injured his back and elbow.

"Our defense really let us down," Coach Smith said.

Immediately after the setback to Key West, Sanford battled Holly Hill. The game was to start at 7, but did not get under way until 8 p.m.

Wiggins started for Sanford, but gave up two runs in the first inning. After the first two Holly Hill runners reached base in the second inning, Tim Raines took on the mound.

Raines was near-perfect the rest of the way, striking out six and walking three. He allowed only one hit and an unearned run in the fourth inning.

Sanford scored two runs in the fourth inning when Ned Raines reached base on an error, advanced to second on Wiggins' ground out, and scored on Anderson's booming double to leftfield.

A's Do Growing Against Tigers

By THE ASSOCIATED PRESS

The Oakland A's, cruising toward their fifth straight division championship, are in high gear and slugger Reggie Jackson knows why.

"Last year I had a pretty good season," said Jackson, "and I didn't get much of a raise—only five grand. Charlie Finley (A's owner) wants results. The man I work for is hard to deal with."

"If we get five runs, I want 10. I don't want no rest until October...October 20. The time to play ball is now and make that money."

The A's brought their salary drive into Detroit Tuesday night and manhandled the Tigers 11-0, 16-4. The lopsided twin-bill saw the A's collect 24 base hits off five Detroit pitchers. By the middle of the second game, the 29,000 fans at Tiger Stadium were booing when the A's made an out, cheering derisively when the Tigers did something right and chanting "We want Billy," a reference to recently deposited Texas manager Billy Martin, who was a favorite when he managed the Tigers.

Rangers 4, Indians 0

"Now that's the way I'm supposed to pitch, partner!" said Texas righty Gaylord Perry. "I was starting to get embarrassed."

Perry, apparently in the groove now after a rocky start with the Rangers, tossed a brilliant two-hitter against his ex-teammates, striking out 13 batters and retiring the last 22 he faced. It was his third shut-out in his last four outings and upped his record to 8-14.

Orioles 8, Angels 3

Baltimore bombed Angel ace Nolan Ryan for six runs in 1-13 innings and handed him his eighth consecutive loss. Ryan, 35, has not won since June 6. Tommy Davis and Don Baylor hit home runs, Brooks Robinson had a two-run single and Mike Cuellar, 34, pitched a nine-inning shut-out for the winners.

Phils (Ouch!) Prevail

By THE ASSOCIATED PRESS

There is a small cruce on the back of Philadelphia Phillies catcher Johnny Oates. He's not complaining.

"There is pain in Steve Carlton's left shoulder and elbow. He's not really complaining, either."

With the bases loaded and one out in the ninth inning, Oates was sent up as a pinch hitter by Manager Danny Ozark. His grounder to second produced an easy force at home, but Oates was hit in the back by the relay of what should have been a painless double play.

The ball caromed into short right field, allowing Greg Luzinski to score from second base with Philadelphia's run in a 1-0 triumph over Atlanta Tuesday night.

Carlton, who has suffered from soreness in his pitching arm recently, finished with a three-hitter and his ninth victory—thanks to Oates and the errant throw by Braves catcher Vic Cornell.

Padres 3, Pirates 0

An RBI single by Tito Fuentes in the sixth inning helped San Diego hand Pittsburgh its fourth loss in five games. Randy Jones picked up his 12th victory with a seventh-inning as the Padres snapped a three-game losing streak despite a combined six-hitter by Bruce Kison and Dave Giusti.

Mets 3, Reds 1

Left-hander Jerry Kosman pitched a six-hitter and surprised everybody by stealing second base in the third inning on the way to his second.

"Nobody in the ballpark expected me to steal," said Kosman after his first career theft led to the winning run. The Cincinnati infield certainly didn't expect the Kosman larceny.

Expos 2, Astros 1

Gary Carter's third hit of the game, an 11th inning single with Pepe Mangual on second lifted Montreal past Houston. Mangual had opened the inning with a walk and moved to second on a sacrifice before Larry Blittner was walked intentionally to set up a double play.

"I was a little surprised by that," said the reliever whose hit ruined the professional debut of rookie Jose Sosa.

Cardinals 4, Dodgers 3

Mario Guerrero's 11th-inning sacrifice fly lifted St. Louis over Los Angeles. After Ron Fairly led off with a single and reached third on Willie Davis double, Guerrero lofted his game-winning flyball of relief ace Mike Marshall.

Giants 9, Cubs 5

Willie Mendenhall supplied San Francisco's power with a two-run home run, a single and a sacrifice fly for four RBI. Montanez honored in the fourth-inning that wiped out a 4-3 Chicago lead.

Bench: 'This Is Our Year'

NEW YORK (AP)—Johnny Bench had to stop and ponder awhile when asked what members of the world champion Oakland A's might be good enough to crash the lineup of the red-hot Cincinnati Reds.

"I guess we could use Reggie Jackson," the Reds' all-star catcher replied. "And maybe Joe Stud—he's such a good all-around player. But I will tell you this. No other team in baseball can put 28 men on the field better than ours."

"This is our year to win the world championship. It will be. Everybody else on the team is just as confident."

It has been 35 years since the Reds won the baseball championship although they represented the National League in the series in 1961, 1970 and 1972 and lost in the league playoffs to the New York Mets in 1973.

Balance and confidence are the main ingredients of the current Big Red Machine which so far this year has outplayed every team in both leagues and is threatening—despite a slight post-All-Star game letdown—to make a runaway of the NL's West Division.

"When Don Gullett got hurt, we didn't know what might happen to us," Bench said. "We were afraid we might suffer from loss of a top starting pitcher."

Then those two kids in the bullpen—Eastwick and McEnaney—came through. They have saved 18 games and won five or six. They have pitched like real veterans. So we go 22-1 before the All-Star break.

Rawly Eastwick is a towering, 34-year-old right-hander and Will McEnaney is a 23-year-old left-hander, both up from Indianapolis. McEnaney has a 4-1 mark and Eastwick is 1-1, each credited with important saves.

"Just as an example of how tough our team is from top to bottom," Bench continued, "look at George Foster batting eighth. He has 15 homers and 45 runs batted in. The bottom of our lineup produces as many runs as the top."

"We've got a real Murderers' Row."

Frazier: 'Going To Bomb Him'

LOS ANGELES (AP)—Challenger Joe Frazier declares the rope-a-dope strategy recently adopted by Muhammad Ali to be an invitation to a bombing.

"I'm going to beat him right on that rope," the 31-year-old former heavyweight champion stated emphatically. "He can run but he sure can't hide."

"I'm going to beat him trying to dance, but when he's trying to dance, he's not going to have his chance."

Frazier described the Oct. 1 heavyweight championship fight in Manila as a "do-or-die situation for both of us."

He added that he would rather fight Ali in the United States, "but he has the championship and he wants to go there and anywhere he wants to fight is all right with me—even in a bedroom."

Frazier outlined Ali on March 8, 1971, in a title fight and lost last year in a non-title bout before Ali knocked him down in Zaire, Africa, to regain the title he first won by stopping Sonny Liston at Miami, Fla., on Feb. 25, 1964.

Frazier had come to Los Angeles expecting to be on the Dixie Store telecast, but turned it down when Ali was scheduled to be on the same show.

"That was no way to treat me," he declared. "I came here to be on the show, but they didn't tell me originally that he was to be on the same show."

It could have been worse if they told me when I showed up. There might have been a bout right there. That was no way to treat me."

Junior 'Stars' Lose

ORMOND BEACH—The Sanford Junior League All-Stars fell to Ormond Beach 7-4 Tuesday night in the District IV Junior Major League Baseball Tournament at Ormond Beach.

Sanford led twice, but Ormond Beach dominated the second half of the game as its relief pitcher, lefthander Rick Clark, blanked Sanford the last two innings. Clark struck out the side in the top of the seventh inning.

The loss dropped Sanford into a loser's bracket game tonight at 7 against Holly Hill, victors over Fort Orange-South Daytona on Tuesday.

Sanford downed Holly Hill 1-0 Monday in the first game of the four-team double-elimination tournament.

The winner of tonight's Sanford-Holly Hill battle will take on Ormond Beach at 6 p.m. Thursday for the district title. If Ormond Beach drops that game, another contest will follow immediately.

The winner of the district will venture to St. Petersburg for the state.

In Sanford's loss Tuesday night, the local All-Stars jumped to a 3-0 lead in the top of the first inning on triple by Jim Edmonds, coupled with two base on balls, an error, stolen bases and wild pitches.

Ormond Beach retaliated with three runs in its half of the inning to tie the score and one run in the second to grab a 4-3 lead.

Sanford took the advantage with two runs in the third when Joe Smith and Ed Bussard singled, and Edmonds and Greg Rape walked.

In the fourth inning, Sanford's Duane Lee singled, stole second and third, and scored on a passed ball to stretch Sanford's lead to 6-4.

But Ormond Beach tallied two runs in the fourth and one in the fifth for the slim victory.

Clark of Ormond Beach took over for starter Jed Smith in the sixth inning. He struck out four of six, walked two and did not allow Sanford a hit.

The Jerry-nation lefthander had Sanford batters swinging at air.

Smith started on the mound for Sanford, but gave way to Lee in the fifth. Lee struck out four, walked one, and did not allow a hit or run.

Hendricks, Packers Split

By THE ASSOCIATED PRESS

Ted Hendricks is looking. Francis Peay is moving. Nick Buoniconti is returning, but Mervyn Fleming is still missing.

"On a scale of 1 to 10, I'd say I'm 9.99 disappointed at not being able to play here," Hendricks said of the Green Bay Packers.

"I was very happy here."

But Hendricks and the Packers were unable to agree on terms for this season. So the linebacker, who set a National Football League record in 1974 with seven blocked kicks, is looking for another team.

Hendricks' agent, A.J. Roberts of Miami, said he and the Packers did not even get far enough in their negotiations to discuss salary in their final meeting Tuesday in their final meeting Tuesday night.

"We wanted some sort of insurance against injury and couldn't get it," Roberts said.

But St. Louis' new Packers coach and general manager, said Hendricks and Roberts were asking for certain fringes we couldn't live with. I think they were being a little unfair in that."

Peay, once a No. 1 draft pick of the New York Giants and then a star offensive lineman with the Packers, was traded again—this time from the Kansas City Chiefs to the New Orleans Saints for an undisclosed draft choice.

The 31-year-old Peay, a nine-year NFL veteran, played the last two seasons with the Dolphins.

Buoniconti, the Miami Dolphins' middle linebacker, prepared for the 1975 season after spending the off-season as a lawyer.

"I really don't know how long I'm going to play," said Buoniconti, who's entering his 14th NFL season. "I've been playing on a year-to-year basis for three years."

The Washington Redskins have just about given up the search for Fleming, a tight end obtained from the Dolphins in an off-season trade. Fleming (Obed) said after "ditching" Gene Wells doubled up on the ring canvas, fifth-round knockout victim Tuesday night.

"I was really surprised," added Obed, a Bahamian who has only one draw marred an otherwise perfect record in 82 fights. "I was looking to back off and come in with another right."

Wells, ranked ninth in the middleweight division, sported a red, swollen left eye from the second round on but didn't appear to be in trouble until he was counted out with 1:50 gone in the fifth round.

Rice Blanks Local Broncos

John Rice of Lake Worth dropped the Seminole All-Stars in the loser's bracket of the State Bronco Baseball Tournament at Five Points, which is just south of Sanford.

Rice fired a brilliant no-hitter Tuesday night, striking out 19 of a possible 21 batters.

In Tuesday night's other game, Town 'n Country of Tampa eliminated Gainesville 6-2. Earlier in the day, Lake Worth bombed Gainesville 18-1 and Seminole knocked off Town 'n Country 4-2.

Seminole and Town 'n Country will battle tonight at 7 for a spot in the finals against Lake Worth. The finals will be played at 6 p.m. Thursday.

In Seminole's win over Town 'n Country in the morning, pitcher Mike Houston smacked a home run.

SPORTS IN BRIEF

Greyhound Owner: 'Come Away With Nothing'

MIAMI (AP)—"We came away with nothing," says greyhound owner Happy Stutz as dogs went to work on Flagler Dog Track after ending a strike for higher purses. Flagler expected to resume racing Thursday. The purses won't be a cent more than two per cent of betting that was already in the kennels' contracts with the track.

The dog owners and trainers wanted three per cent, and turned down the 2.53 per cent Flagler offered at one point in the dispute.

The dog track did lose some money during the three-week strike, but managing partner David Hecht said Flagler is asking the state Board of Business Regulation for permission to run six matinee programs a week to make it up.

"One of the saddest days of my life," Stutz said after dog owners voted unanimously to honor a Florida Supreme Court "race or jail" ruling.

Obed Stops Wells

MIAMI BEACH (AP)—"I didn't think I hit him that hard," 10-ranked junior middleweight contender Elisha Obed said after "ditching" Gene Wells doubled up on the ring canvas, fifth-round knockout victim Tuesday night.

"I was really surprised," added Obed, a Bahamian who has only one draw marred an otherwise perfect record in 82 fights. "I was looking to back off and come in with another right."

Wells, ranked ninth in the middleweight division, sported a red, swollen left eye from the second round on but didn't appear to be in trouble until he was counted out with 1:50 gone in the fifth round.

Canadian Open To Begin

IIE BIZARD, Que. (AP)—Jack Nicklaus and Johnny Miller, separated by only 112 for the season's money-winning lead, head the strongest field ever assembled for the \$200,000 Canadian Open Golf Tournament.

This national championship begins Thursday with a 150 player-most of them imported American pros—chasing a \$40,000 first prize, a possible spot in the World Series of Golf and proving prestige in an event that has a history dating back to 1904.

For Nicklaus and Miller, however, it's another in their continuing series of head-to-head confrontations for the game's No. 1 position and the money-winning title.

Schmerz 'Serious'

NEW YORK (AP)—Robert Schmerz, an owner of the Boston Celtics and former pitcher owner of the New England Whalers of the World Hockey Association, was in serious condition today following brain surgery.

A spokesman for the National Basketball Association team said Tuesday that Schmerz underwent surgery at Columbia Presbyterian Hospital a week ago involving the repair of a ruptured blood vessel in the skull.

Charlie's Takes 2nd

ORMOND BEACH—TCB's of Ormond Beach celebrated Charlie's last weekend in the Florida Recreation Association Women's State Slow Pitch Tournament at Ormond Beach.

TCB's edged Charlie's 4-3 in the finals of the loser's bracket and then eliminated Sanford's top entry 11-0 in the finals of the 12-team double-elimination tournament.

Joan Turner, Charlie's pitcher, was named the tournament's most valuable player.

Charlie's entered the tournament, which began Friday, as the only defending champion of the FRS state tournament.

Heddy Edges Ulrike Tauber

CALL, Columbia (AP)—No world records fell at the World Aquatics Games, but Kathy Heddy felled one large legend and the sound could be heard like a belly-flop off the high tower.

"I told you the East Germans were vulnerable," said Flip Darr, coach of the American women's team, after Miss Heddy had cut record holder Ulrike Tauber down to size in the women's 200 individual medley Thursday night. "The East Germans might be bigger and have faster times, but in our practice sessions I've emphasized our strengths and their weaknesses."

"Our girls have a lot of guts and Kathy proved that tonight," said Darr. "Our filles just don't fold."

Heddy, a 17-year-old high school student from Summit, N.J., collected Miss Tauber in the final five meters and gave the United States its third and final gold medal of the day.

Tim Shaw, the fabulous freestyler from Long Beach, Calif., bagged the first of what could be three individual gold medals by winning the 200 freestyle in the nip-and-tuck duel with his amateur athletic unit teammate, Steve Furniss of Santa Ana, Calif.

Phil Boggs took home America's other gold medal, successfully defeating his men's springboard diving champion-

Chorale Is Home

'Polish' Concert Planned For Sunday

By JEAN PATTESON
Women's Editor

After being showered with flowers, applause and appreciation during their recent three-week tour of Poland, the Central Florida Chorale is home again. On Sunday, they will give local music lovers a taste of the songs which so delighted their Polish audiences.

The Chorale will present a program of religious and patriotic music and share their experiences with members of the public at a concert and covered dish supper being sponsored by the First United Methodist Church, Sanford, on Sunday evening. The covered dish supper will start at 6:30 p.m. in the church fellowship hall, to be followed at 7:30 p.m. by a hour long concert in the sanctuary.

According to Rev. Leo King, program will not be limited to sacred music, but will be representative of the concert given while the Chorale was on tour. There is no charge for the concert.

Chorale director Julie Bishop said the singers will probably blend a couple of Polish songs and several show tunes into the program of religious and patriotic music. While in Poland, the Chorale found the Polish audiences' favorite number was The Battle Hymn of the Republic, or "Glory, Glory Hallelujah," as they

called it. The singers will give while the Chorale was on tour. There is no charge for the concert.

Chorale members will bring to the supper preceding the concert a number of souvenirs collected on their trip. These include Polish folk dolls and variety of amber jewelry. Amber, explained singer Irene Brown, is called "the tears of the Baltic," and is found in great abundance on the shores of that sea.

While on tour, the Chorale was scheduled to give nine concerts. As it happened, they gave a good many more than that. Spontaneously, in a youth hostel or consulate, church or city park, the group constantly found itself gathering together to give small, impromptu concerts.

One of these took place in a cathedral, right after morning mass. Accompanist Bettye Smith was thrilled to find herself seated before the keyboard of one of the grandest organs she had ever played, and the singers were amazed at the splendor of their song in the massive structure. Afterwards, with hugs and tears of joy, the congregation gathered to express their gratitude for the beautiful concert.

In contrast to the sacred theme of this particular performance, the singers also gave a recital in the informal surroundings of a spa in the town of Ciechocinek. The audience lounged in summer casuals, some of the men with their shirts off catching a suntan as they listened to the music.

The Chorale also sang in the summer palace of the last Polish king, located on the river outside Warsaw. Only at a retirement home for soldiers was their program censored. All mention of God or things religious had to be eliminated from the songs they were singing.

In fact, although Poland is a Communist country, the tourists found the general atmosphere free and friendly. They were never restricted from exploring wherever fancy took them, nor did they find news of the West difficult to come by.

While some of the customs and obviously the language were strange, Chorale members said the people seemed no different in their joys and dreams and desires than the Americans back home. Their dress was almost identical and their hospitality was on a par with America's at all times.

Mobbed by an appreciative congregation after singing at services in Torun's cathedral, Chorale members sign autographs, accept flowers

Singer Ruth Mickelson (left) discusses Polish history with guide who heads a walking tour through the historic section of Warsaw

Widow Wants To Foot The Bill

DEAR ABBY: I am a widow, past 65, but I still enjoy dining out, and going to movies and the theater.

Dear Abby

By ABIGAIL VAN BUREN

My hairdresser is wonderful company, and we frequently go places together. (He's gay.) Of course, I pick up the checks, which, I suppose, makes my friend feel uncomfortable. But I can't see myself letting him pay and then trying to settle up with him afterward. (He may not have that much cash on him.)

Is there some way to handle the money matters without embarrassing him?

ANONYMOUS, PLEASE

DEAR ANON: If you frequent the same restaurants often, arrange with the management to bill you by the month, including a percentage for the tips.

Or before the evening's outing, give your escort enough cash to cover everything, and at the end of the evening he can

return the change.

DEAR ABBY: I read in the paper that the Catholic church claims 46,701,833 members. Although I am now an atheist, I was baptized and confirmed a Catholic, so today I am still counted as a member of their census.

How can I make that number smaller, or sign out of the Catholic church?

If you know of any way I can do this, please let me know.

C.J.F.
DEAR C.J.F.: I am informed that there is no way to "unbaptize" yourself. You can drop

to one organization to split it up for whoever needs it.

A few years ago, my wife and I made strenuous efforts all over this city (the second largest in the country) to find any organization (medical schools, hospitals, kidney and other societies) that would accept our bodies after death, take over the entire responsibility for distributing needed parts, then bury what was left. There is simply no such central group.

If these various organizations really wanted donors, all they would have to do is get together and form a cooperative group that would take full responsibility for distribution and disposal (without cost to the donor). If they did that, they would all have more donors than they could handle.

Sign me: "ALL OR NOTHING AT ALL" IN LOS ANGELES (or perhaps: "WHY NOT TAKE ALL OF ME")

Kids Come Clean!

A national survey of today's college students reveals "vast changes from the stereotypes of the 60s." It reports strong brand preferences among today's students and much concern with grooming and personal hygiene. Virtually 100 per cent use shampoo, toothpaste, deodorant and soap. The majority also use mouthwash.

Among female students, 96 per cent use perfume or cologne; 56 per cent use hand and body lotion; 61 per cent use cosmetics. Among males, 90 per cent use cologne and/or aftershave; 78 per cent use shaving cream; 56 per cent use hair grooming products.

More females than males use razor blades — 85 per cent, compared to 77 per cent; and virtually as many men as women use hair spray — 75 per cent of males, compared with 30 per cent of females. Footcare products scored unusually high with both sexes.

It has also been noted that coffee, soft drinks, milk and beer are the principal beverages consumed in the U.S., followed in order by tea, juice, distilled spirits and wine.

During the past decade, coffee consumption dropped nine per cent and milk by 11 per cent. Soft drinks gained 113 per cent, the next largest increase was wine, by 100 per cent.

Swedish Beef And Potato Pie All-Season Meal

The Herald Services SWEDISH BEEF AND POTATO PIE

- 1 envelope from 1 package (6 1/2 ounce) instant mashed potato
- 2 tablespoons instant minced onion, divided
- 1 teaspoon ground nutmeg, divided
- 2 eggs, divided
- 2 tablespoons mixed vegetable flakes
- 3 tablespoons water
- 1 tablespoon salad oil
- 1/2 pound ground lean beef
- 1 1/2 tablespoons flour
- 1 can (8 ounce) tomato sauce
- 1 teaspoon salt
- 1/4 teaspoon sugar
- 1/4 teaspoon ground black pepper

Prepare mashed potato as package directs but stir in 1/2 tablespoon of the minced onion and 1/4 teaspoon of the nutmeg with the liquid. Cool slightly.

Stir in one of the eggs. Spread all but 1/2 cup over the bottom and up the sides of a 9-inch pie pan. Rehydrate remaining 1/2 cup of instant mashed potato in water for 10 minutes. In a large skillet heat oil, add onion and vegetable flakes; saute for 1 minute. Add beef and stir until browned, about 5 minutes. Blend in flour. Stir in tomato sauce, salt, sugar and black pepper. Bring to boiling point. Cool slightly. Stir in remaining egg. Spoon into potato lined pie pan. Spoon or pipe remaining potatoes through a pastry bag filled with a star tube in any desired pattern over the top of the meat. Bake in a preheated 375-degree oven until browned, about 25 minutes. Let sit for 5 minutes before cutting. Serves 6 to 8 portions.

Swedish beef and potato pie is a good pitch-in addition.

Summer Seedless Grapes For Low Calorie Salads

The Herald Services Fresh California seedless grapes are back in our markets and offer a welcome change of pace for traditional summer salads. Fruit and chef's salads or gelatin molds take on new character with the addition of colorful California grapes. Crisp grapes really help to keep the calorie count down for nutritious salads and snacks that are satisfying but not filling. A whole cupful of grapes has only about 100 calories. And, easy on the cook, California grapes are ideal for salad-ahead recipes. They're bite-sized, ready to use and do not darken even when they're cut.

When selecting California grapes, choose plump, well-colored grapes that cling tightly to green, ribbed stems. They'll be the freshest. The green seedless grapes now in our markets are sweetest when the fruit has a tinge of amber. Avoid soft or wrinkled grapes, grapes with bleached areas around the stems and clusters with leaking berries. Grapes are ripe and ready to eat when

purchase to be sure to store grapes in the refrigerator as soon as you get them home. That way, they'll stay fresh and crisp for several days.

One salad idea in which grapes add special appeal and flavor is this adaptation of the traditional Waldorf. The idea for this salad comes from California, where they always create delicious things with fresh grapes. Here California grape growers have combined the usual salad ingredients — apples, celery, walnuts, creamy dressing — with crisp grapes and chunks of Swiss cheese. It's satisfying enough for a one-dish meal and a delicious way to enjoy a hearty summer salad that keeps both the kitchen and the cook cool.

For more exciting ways to use and serve fresh California grapes this summer, write for your copy of "Grapery." This distinctive new booklet celebrates the fine art of beautifully food with grapes. Included are some 25 recipes alongside vivid color photos illustrating how California grapes can add luster and versatility to any table. To order, send 35 cents in coin to cover postage and handling to: "GRAPERY," P.O. Box 5498, Fresno, California 93755.

WALDORF GRAPE SALAD

- 1 cup California seedless grapes
- 1 cup diced apple
- 1 cup sliced celery
- 1 cup chopped walnuts
- 1 cup diced Swiss cheese
- 1/2 cup heavy cream
- 1/2 cup mayonnaise
- 1 teaspoon lemon juice
- 1 tablespoon sugar
- Lettuce cups

In large salad bowl, gently toss together first 5 ingredients. In another bowl, whip cream; beat in remaining ingredients, except lettuce. Fold dressing into salad. Serve cold on lettuce cups.

Makes 6 to 8 servings.

Old-Fashioned Fruit Butter

By CECILY BROWNSTONE THE HERALD SERVICES

If you are interested in having an old-fashioned preserve on hand, you may cotton to the idea of making a fruit butter. Such a "butter" is simply fruit pulp cooked with sugar until thick. In old-time families, a fruit butter might appear at a Sunday-best dinner along with roast beef, ham or chicken. Or it might show up at a light Sunday night supper to enhance the cold leftover meat or poultry. Some eaters treated the fruit butter as a condiment; some used it as a spread for hot biscuits, popovers or fresh homemade bread.

The following recipe for Peach Butter is made from fresh peaches, water and sugar. No peeling of the fruit is necessary because it is put through a food mill. Although fruit butters are sometimes flavored with spice, we opted for a plain version this time around so the delicate peach flavor would have the best chance of coming through.

PEACH BUTTER

- 4 pounds peaches (14 to 16 medium)
- 1 cup water
- 4 cups sugar

Wash peaches; if necessary, remove any fuzz by gently rubbing with a clean cloth; do not peel. Quarter peaches, discarding pits.

Into a 4-quart saucepot turn the peaches and water, bring to a boil; cook over medium-low heat, covered and stirring occasionally, until soft — about 10 minutes; cool.

Over a large mixing bowl put peaches, a portion at a time, through a food mill. Measure pulp — there should be about 7 cups; return pulp to the empty 4-quart saucepot, stir in sugar. Boil gently, skimming when foam collects and stirring occasionally, until mixture is thick — this will take from 1 hour to as long as 1 1/2 hours; toward end of cooking stir very often and if mixture spatters too much, reduce heat to very low.

Ladle into clean, dry, hot 1/2-pint wide-mouth jars, leaving 1/2-inch headspace. With a clean damp cloth, wipe top edge of jars. Seal at once according to jar manufacturer's directions. Process (see NOTE below) (7-10 minutes). Remove jars and place, a few inches apart, on a wire rack or on a folded cloth. When cold, label and store in a cool, dry place.

Makes six 1/2-pint jars.

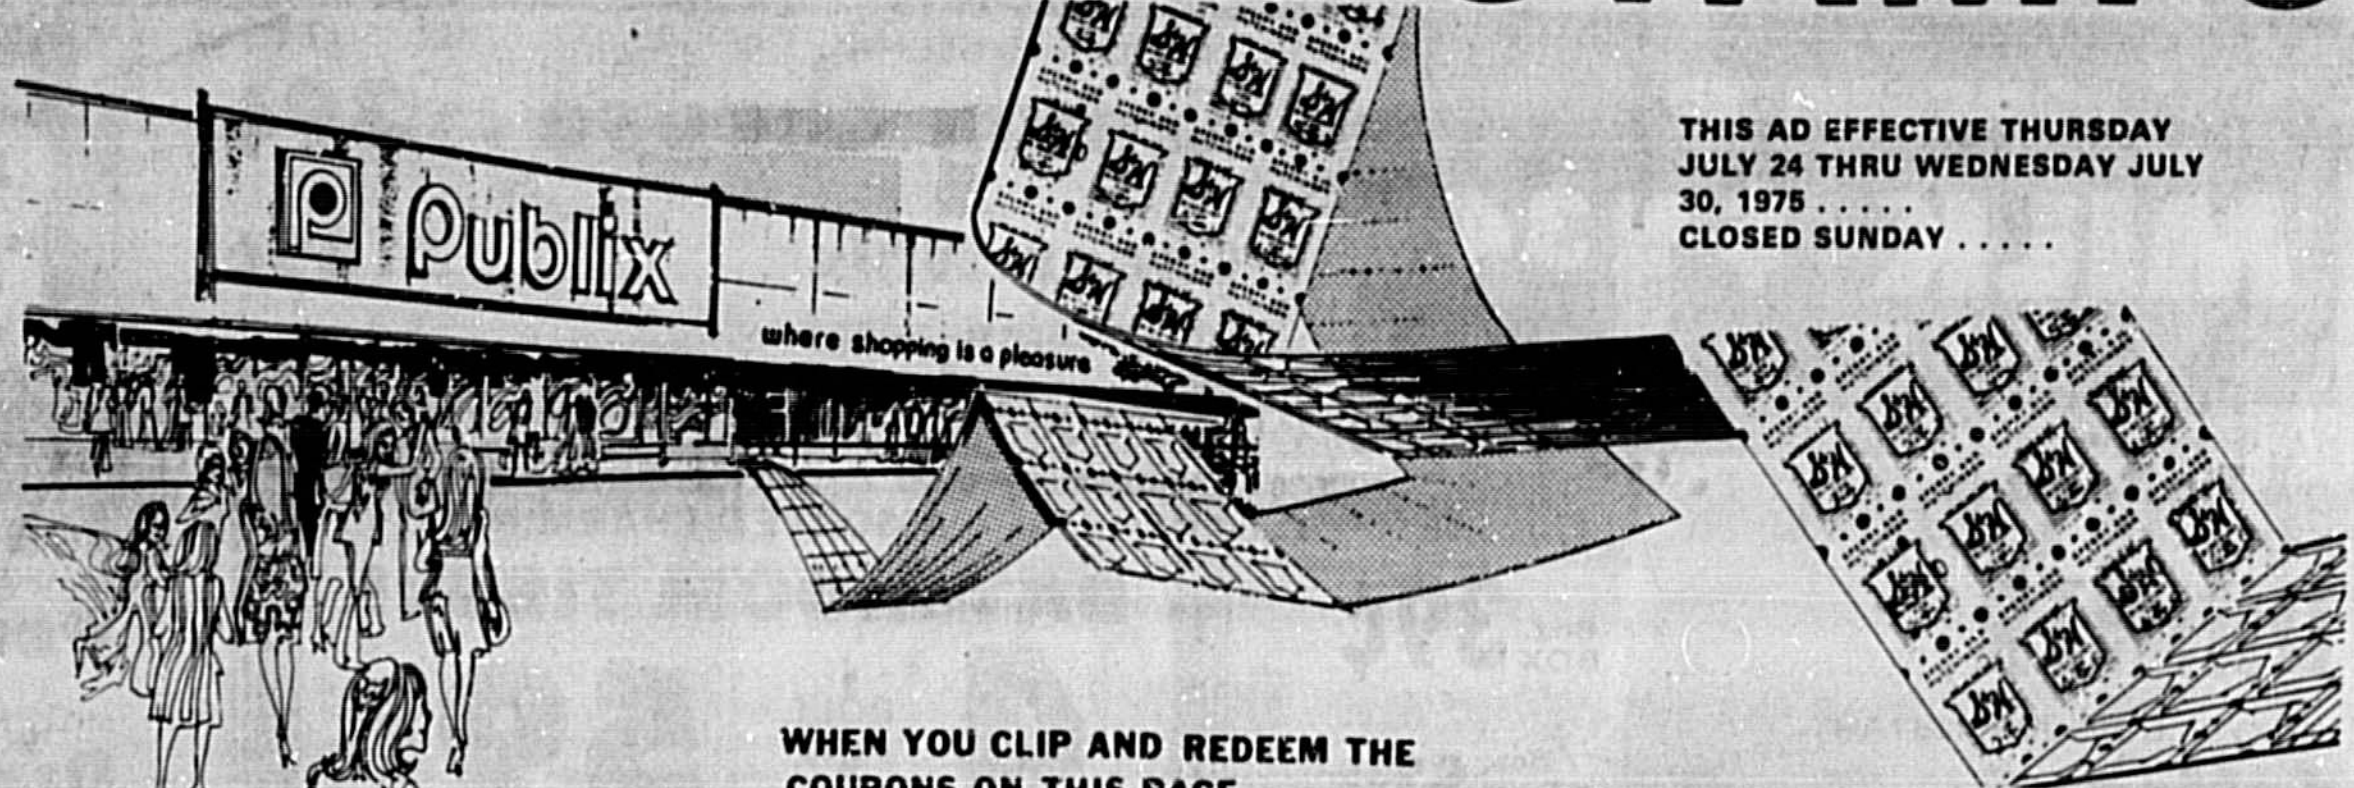

NOTE: To process, use a boiling water bath canner. Or improvise a canner by using a large saucepot with a rack and a cover; the rack should hold the jars about 1/2 inch above the bottom of the saucepot. The saucepot itself should be deep enough for the water to cover the jars at least 1 inch over their tops without boiling over. Fill the utensil you are using about half full of water and heat the water — it should be hot but not boiling when you put in the jars. After the jars are on the rack in the utensil, if necessary add boiling water to cover them by at least 1 inch. Cover utensil and when water comes to a fast rolling boil, start counting the processing time and keep the water boiling.

When famous cookbooks are revised, sometimes a good recipe gets left behind.

Privileged Minority Must Act First And Quickly Population Growth Famine Key

By The Herald Services
Threats to our future surround us but our basic optimism helps us laugh them off.

Yet, a renowned scientist beats the warning drums loudly.
"It's a bleak picture for the future of man. We must take steps to slow down the population growth rate — in the United States and world-wide. That is the only way we in the U.S. can help avert large-scale famines and related political turmoil which could be the future for the

world. It is not a pretty picture," says Dr. Philip Handler, president of the National Academy of Sciences.
Addressing a Michigan State University audience, he adds, "To prevent such a dire future, I am convinced that the U.S. must adopt a three-point national policy. Remember, the greatest single threat to the human species is the population growth rate. Too many mouths to feed."
Dr. Handler lists his points: First: STARVING PEOPLE. The U.S. must react promptly. That is one of the best

traditions of our country. Throughout history we have been the only people to do this on a large scale. We must be ready to do it again — and again.
Second: The U.S. must initiate international efforts to help developing nations grow their own food. We also must cooperate with them in their inexperienced efforts.
Third: We, as a nation, must use every moral persuasion in our power to encourage the developing nations to use population control methods. This will be a difficult job.

Vary Chef salad by adding hot chopped onion rings

Add Cheese For Salad Flair

By AILEEN CLAIRE
NEA Food Editor
The Herald Services
There is something about a salad that brings out the creativeness in a man's soul.
Prepare Garlic Herb Dressing. Prepare onion ring as package directs. Toss lettuce with hot onion ring, ham or chicken and cheese (reserving some of each for top of salad garnish if desired). Serve with Garlic Herb Dressing. Makes 6 servings.

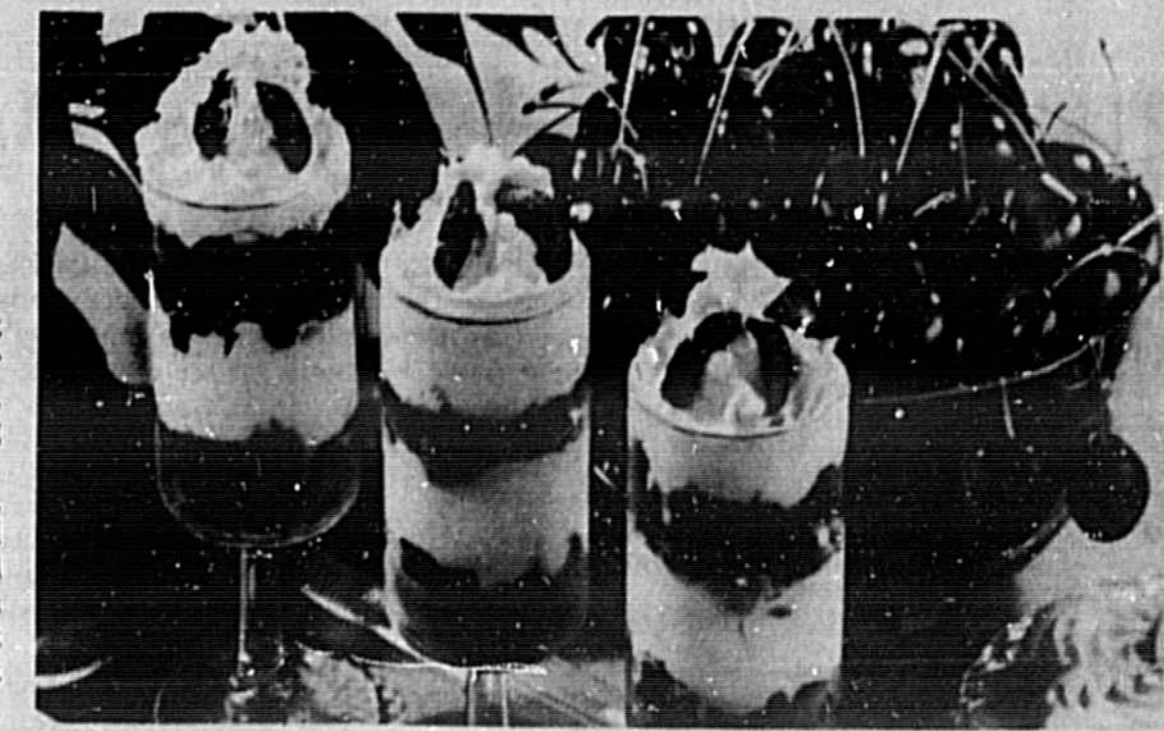

2 quart crisp salad greens
1 1/2 to 2 cups cooked ham or chicken strips
1 cup cheddar or Muenster cheese strips (4 ounces)
1 package (7 ounces) or 12 frozen chopped onion rings

Frosty Parfait For Summertime Menus

The HERALD SERVICES
Pretty, icy cold desserts make a perfect finale for summertime menus. Next time you want a different sweet treat make a frosty Cherry Angel Parfait using sweet cherries layered with rum-flavored whipped cream. Freeze until ready to serve. These are good make-ahead desserts you will want to share with special guests as well as the family.

They also are perfect when cooking for two.
CHERRY ANGEL PARFAIT
2 cups fresh or frozen sweet cherries
3/4 cup sugar
1/4 cup water
Few grains salt
2 egg whites
1 cup heavy cream, whipped
1 tablespoon rum or 1/2 teaspoon rum flavoring

Pit and slice fresh sweet cherries. Ball sugar and water until syrup spins a thread, about 5 minutes. Add salt to egg whites and beat until stiff. Slowly pour in hot syrup, beating constantly. Beat until thick. Cool. Fold in whipped cream and rum or rum flavoring. Alternate parfait mixture with sliced sweet cherries in tall parfait glasses. Freeze. Makes 6 parfaits.

Sweet Cherries and Whipped cream are parfait perfect

Outdoor Grilling To Keep You Cool

By THE HERALD SERVICES
SPICY SPAGHETTI POT
1 pound ground beef
1 envelope (2 ounces) dry spaghetti sauce mix
1 can (8 ounces) tomato paste
1 can (18 ounces) tomato juice
4 cups water
8 ounces uncooked spaghetti, broken in half

In 4-quart Dutch oven, brown ground beef over medium-hot charcoal coals. Stir in spaghetti mix, tomato paste, tomato juice and water. Cover and cook over coals until mixture boils, about 10 minutes. Slowly stir spaghetti into tomato mixture. Cook uncovered until spaghetti is tender, stirring often. Makes 4 servings.

Choosing Appliances And Fuels With Money In Mind

The Herald Services
Selecting the best appliances and a fuel system for your home can be aggravating, confusing and costly. But it doesn't need to be.

Knowing the cost of various fuels in your own community, and how they compare, will enable you to choose wisely. And the National L.P.Gas Association has produced a chart to simplify the selection process for today's economy- and conservation-minded citizens.

Apart from the initial cost of a new heating-cooling system, oven, clothes dryer or water heater, there is the continuing cost of operating it. Your house will require precisely the same number of BTUs regardless of which fuel you select, but one form may be considerably more expensive than another.

A common denominator
The most familiar fuels have little in common — terminology, price or performance. Natural gas is sold in cubic feet. Oil and L.P. gas are sold by the gallon, although L.P. gas also may be sold by the pound and the cubic foot. Electricity is sold by the kilowatt hour... and coal is sold by the ton.

Faced with these problems — and by the fact that different fuels sell at different rates in different parts of the country — how is the homeowner to determine which fuel is the most efficient and economical?

The answer is that all fuels have one thing in common: They all are forms of energy, and all energy is measured in British Thermal Units (or BTUs). The BTU, says the NLPGA, can be a useful tool in helping to understand the differences between fuels.

By doing a little local research and some simple arithmetic, it is possible to make your own Energy Cost Chart (see example). National averages and information based on last year's prices are of little use. You need specific information about today's costs in your area. For that, it is necessary to make a few phone calls.

When you're talking to the fuel oil distributor, be sure to find out whether he's quoting the price of 1, or 2, or 3 cts. When you talk to the coal dealer, see if he's quoting on soft coal, such as low coal, or hard coal, such as West Virginia coal.

Electric rates are confusing, too. Utilities use other fuels, such as coal and oil, to generate electricity and the government allows them to pass this cost along to the customer as a Fuel Adjustment Charge. The utility's rate might be 1.9 cents per kilowatt hour, for example, and the Fuel Adjustment Charge might be 1 cent per kilowatt hour, meaning that you're actually paying 2.9 cents per kilowatt hour for the use of electricity. Be sure to ask the utility not only for its "rate," but for the average Fuel Adjustment Charge in the past 12 months; then add the two to get the actual cost of electricity in your area.

Since the fuels are more efficient than others, you need an industry-accepted multiplier to adjust your cost figures (see column B). You also need to know how many BTUs are contained in a unit of energy (see column C). Notice that this is when you need to know what grade of fuel oil and coal you need. Hard coal produces more heat than soft coal; 3 fuel oil more heat than 1.

Having taken these three factors into account — price, efficiency and BTU content — you have a clear picture of how much it will cost in your area to produce 100,000 BTUs of energy (see column D).

Using This Information
Heating and cooling are the principal consumers of household energy, and how much energy you use will depend upon the size and construction of your house, the severity of the weather, and similar factors. The important thing to remember is the relationship between the cost of different fuels. If the figures in Column D show that a particular fuel is 15 per cent more costly than another, it means that your total bill will be 15 per cent higher with that fuel.

electric rate is quoted at 1.9 cents per kilowatt hour and propane at 34 cents a gallon (remember, this is a hypothetical situation).

Fresh Plum Cheesecake Dessert • A Perfect Light Meal Finale

The Herald Services
A sparkling and devilishly rich plum cheesecake heralds the arrival of summer and fresh California plums. Fresh plums are such a beautiful fruit, it's always a joy to find them available again. Now, the first crisp Santa Rosas, the most popular plum of all, are appearing in our markets — glorious to look at, so delicious to eat!

California, which grows over 90 per cent of the nation's plum supply, will be shipping over 20 million varieties this summer. We'll have fresh plums through September to enjoy in many dessert favorites and, of course, for healthy out-of-hand snacking. Fresh plums are great treats for snackers, especially dieting snackers, since a medium-sized plum (approximately 3 ounces) has only 33 calories.

Plump, tangy plums are always a favorite eaten right out of the refrigerator. But there are also many good dessert recipes, like this spectacular cheesecake, that features this delectable summer fruit. A perfect finale for a light meal, this cheesecake relies on the tart-tangy flavor of freshly poached plums for its uniqueness. Gently poaching plums in a light sugar-syrup keeps their bright plum color and lovely roundness, yet renders the inside juicy and "spoonable." You can buy fresh or frozen cheesecake, or use our recipe and make one at home. Then top it with Ruby Red Plum Sauce and garnish with fresh plum slices.

California plum growers particularly recommend the Santa Rosa, El Dorado and the Nubla plums for saucing. They also offer the tips to selecting fresh California plums: Be sure to buy fully-ripened plums — they're the ones that yield to gentle pressure and have a slight softening of the tip end — for desserts as well as for out-of-hand snacking. Refrigerate fully ripened fruit, for plums, with all their versatility, ripen quickly and don't last long at room temperature.

For additional exciting ways to use and serve fresh California fruits this summer, write for your free copy of a colorful 48-page booklet. Prepared by the growers of California fruits, this beautifully illustrated booklet contains more than 100 tested recipes. Please send a stamped, self-addressed, business-sized envelope to "FRUITS OF SUMMER," P.O. Box 4640, Sacramento, California 95825.

FRESH PLUM CHEESECAKE
1 package (6 ounces) zwieback, flaky crushed
1/4 cup soft butter
1/4 cup cold water
1/4 teaspoon nutmeg
1 envelope (1 tablespoon) unflavored gelatin
1/4 cup cold water
2 teaspoons vanilla
Grated rind of one lemon
1 cup whipping cream, lightly whipped
1/4 cup dairy sour cream

RUBY RED PLUM SAUCE (recipe follows)
In mixing bowl, combine zwieback crumbs, butter, 1/4 cup of the sugar and nutmeg. Line bottom and sides of 9-inch spring form pan with crumbs mixture; bake in 400 degree oven, 10 minutes; cool. Sprinkle gelatin over 1/4 cup of the cold water to soften. Set aside. In saucepan, combine egg yolks with the remaining 1/2 cup sugar and remaining 1/2 cup water. Cook over low heat, stirring constantly, until thickened, about 10 minutes. Stir in softened gelatin until dissolved. Beat cream cheese with mixer at medium speed; gradually beat in egg-gelatin mixture, then add lemon juice, vanilla and lemon rind. Beat egg whites until stiff, but not dry. Blend lightly whipped cream and beaten egg whites into cheese mixture. Turn into crumb-lined spring form pan; refrigerate until set. Spread

our cream over top, return to refrigerator, and chill again. Just before serving, remove side of spring form pan and place cheesecake on serving plate. Cover sour cream with Ruby Red Plum Sauce and garnish with additional plum slices, if desired. Pass additional plum topping. Makes 8 to 10 servings.

RUBY RED PLUM SAUCE
1/2 cup honey
2 tablespoons water
2 cups sliced fresh California plums
2 teaspoons cornstarch
1/4 cup port
Combine honey, water and cornstarch. Add 1 cup plums and simmer 10-15 minutes or until sauce thickens. Remove from heat and stir in wine. Use remaining cup of sliced plums for garnishing bottom edge of cheesecake.

Fresh California Plum Sauce glistens on top a devilishly rich cheesecake. Fresh plum slices garnish this elegant dessert.

WIN AT BRIDGE

By OSWALD and JAMES JACOBY Heart play saves contract

East discarded a spade and Malcolm played his king. At this point Malcolm made the sort of play that winners come up with on occasion. He needed three heart tricks and proceeded to get them by leading his 10 of hearts! West could have covered with the jack and still beaten the hand by winning a second heart and knocking out dummy's ace of diamonds but no one can blame West for ducking. When the 10 held it was a simple matter to cash the king of spades, lead the queen of hearts and wind up with three spades, three hearts, two clubs, a diamond and a top score.

Ask the Jacobys

A Maine correspondent asks, "My grandfather tells me there was a time when all doubles were for business. Is he correct?" The answer is that in the early days of auction bridge all doubles were for penalty. In 1815, Bryant and Campbell of St. Louis and Major C. L. Patton of New York, independently of one another, conceived the idea of using certain doubles for takeout. The idea had gained such widespread acceptance by 1826 that takeout doubles have always been used in contract.

Zoo Officials Unsatisfied With Offer

By MICK LOCHRIDGE Herald Staff Writer Two Central Florida Zoological Society officials have expressed doubt the society trustees will accept a five-point offer from Seminole County commissioners to allow annually. But, the \$100,000 bank note, which the trustees signed in order to receive matching federal funds, would remain with the zoological society, along with the control of the 21-acre zoo, according to the offer.

"I object mostly that the county wants total control over the park, but they do not want to assume liability for the \$100,000." —Zoo Director Al Rozon

the county to finish development and take control of the 6-acre park, adjoining the new Central Florida Zoo. Society President Jim Ryan and Executive Director Al Rozon said yesterday the county's offer, while providing for maintenance of the park, is objectionable because it leaves the society with an unpaid \$100,000 bank note. Commissioners Tuesday approved the proposal and Ryan said the 27 society trustees will meet Tuesday to consider the proposals. The proposal, includes —\$12,000 for the paving of the parking lot with county road funds. —\$17,000 for the county road department fencing a portion of the perimeter to the park lands. —the county assuming control and maintenance for the park, estimated to cost \$2,500

History-Making Flight Ends Apollo Comes Home Today

SPACE CENTER, Houston (AP) — The last Apollo comes home from space today, ending a history-making flight with the Russians and closing a pioneering chapter in the U.S. space program. Astronauts Thomas P. Stafford, Vance D. Brand and Donald K. Slayton steered their Apollo toward a fiery re-entry and a 5:20 p.m. EDT splashdown in the Pacific Ocean 200 miles west of Hawaii.

Timetable For Apollo

4:38 p.m. — Braking rockets are fired to pull Apollo out of orbit and start the descent to earth. 4:45 p.m. — Apollo's service module is jettisoned. 4:58 p.m. — Spaceraft starts re-entry into earth's atmosphere. 5:04 p.m. — Start of radio blackout. 5:09 p.m. — End of radio blackout. 5:12 p.m. — Drogue parachutes open. 5:14 p.m. — Main parachute opens. 5:20 p.m. — Pacific Ocean splashdown about 320 miles west of Pearl Harbor, 22 degrees north latitude, 182 degrees west longitude. FRIDAY 3:15 p.m. — Prime recovery ship USS New Orleans arrives in Pearl Harbor. SATURDAY 1:20 a.m. — Astronauts arrive at Hawaii's Hickam Air Force Base. 2:00 a.m. — Astronauts depart Hickam for Houston's Ellington Air Force Base near the Johnson Space Center. 10:00 a.m. — Astronauts arrive at Ellington for 45-minute welcoming ceremony. A news conference in Moscow today. In a news conference from space Wednesday, Apollo commander Stafford said the major accomplishment of the joint flight was the completion with the Soviets of a "very difficult and tedious task."

DBA By-Laws Unanimously Approved

By RICK PATRIDGE Herald Staff Writer The Board of Directors of the Downtown Business Association of Sanford (DBA) last night won unanimous approval from members

Board elections will be staggered — two members elected one year and three the next — so the entire board will not turn over at one time.

provides that the five elected board members, along with the president, vice president, secretary and treasurer, shall supervise and direct the officers and have the power to recommend dismissal of officers. The board is also given the power to create standing and special committees, but its power to name the chairman of those committees was watered down somewhat by the 15 active voting members when they approved an amendment authorizing the president of the association to name the chairman — subject to board approval. Board member Sara Jacobson, after the meeting, said the change in wording was not "substantive, since the president is a member of the board anyway." Another change in the board version provides that board elections will be staggered, with two members elected one year and three the next so the entire board will not turn over at one time. The original draft is contained in Article IX, which

Board Holds Off On Pay Hikes For Top Administrators

By ED PRICKEIT Herald Staff Writer ALTAMONTE SPRINGS — The Seminole County School Board has temporarily turned down School Supt. Bud Layer's request for raises totaling \$180,000 for top level administrators. At a meeting here last night, the board voted to hold off on the increases, which Layer says are "adjustments to bring Seminole administrators in line with other counties."

administrators to earn as much as the county's highest paid principals. The issue was tabled until next week after fire from Board Chairman Bud Feather and board member Davie Sims. Sims advised Layer and the board to "look at the total budget package" and asked if principals "have been informed" of salary changes. Feather said raises granted principals last year are the "crux" of the problem. Since the raise, a principal with 100 teachers under his direction earns a higher salary than a director. "I'm concerned, frankly," Feather said. "Until

slightly higher than the salary paid the highest paid principals in the county. "Program directors would earn \$19,266, up from \$18,042. The study shows other counties pay \$20,311 for similar positions. Layer was instructed to look into the possibility of elevating the director of processing and employ relations to the next higher step. The promotions would mean about a \$3,000 a year pay hike. Under the new index, the county's 36 principals would earn a two per cent increase each year until they top out at the end of five years.

Vihlen Wants Ellis To Fill Simcoe's Posts

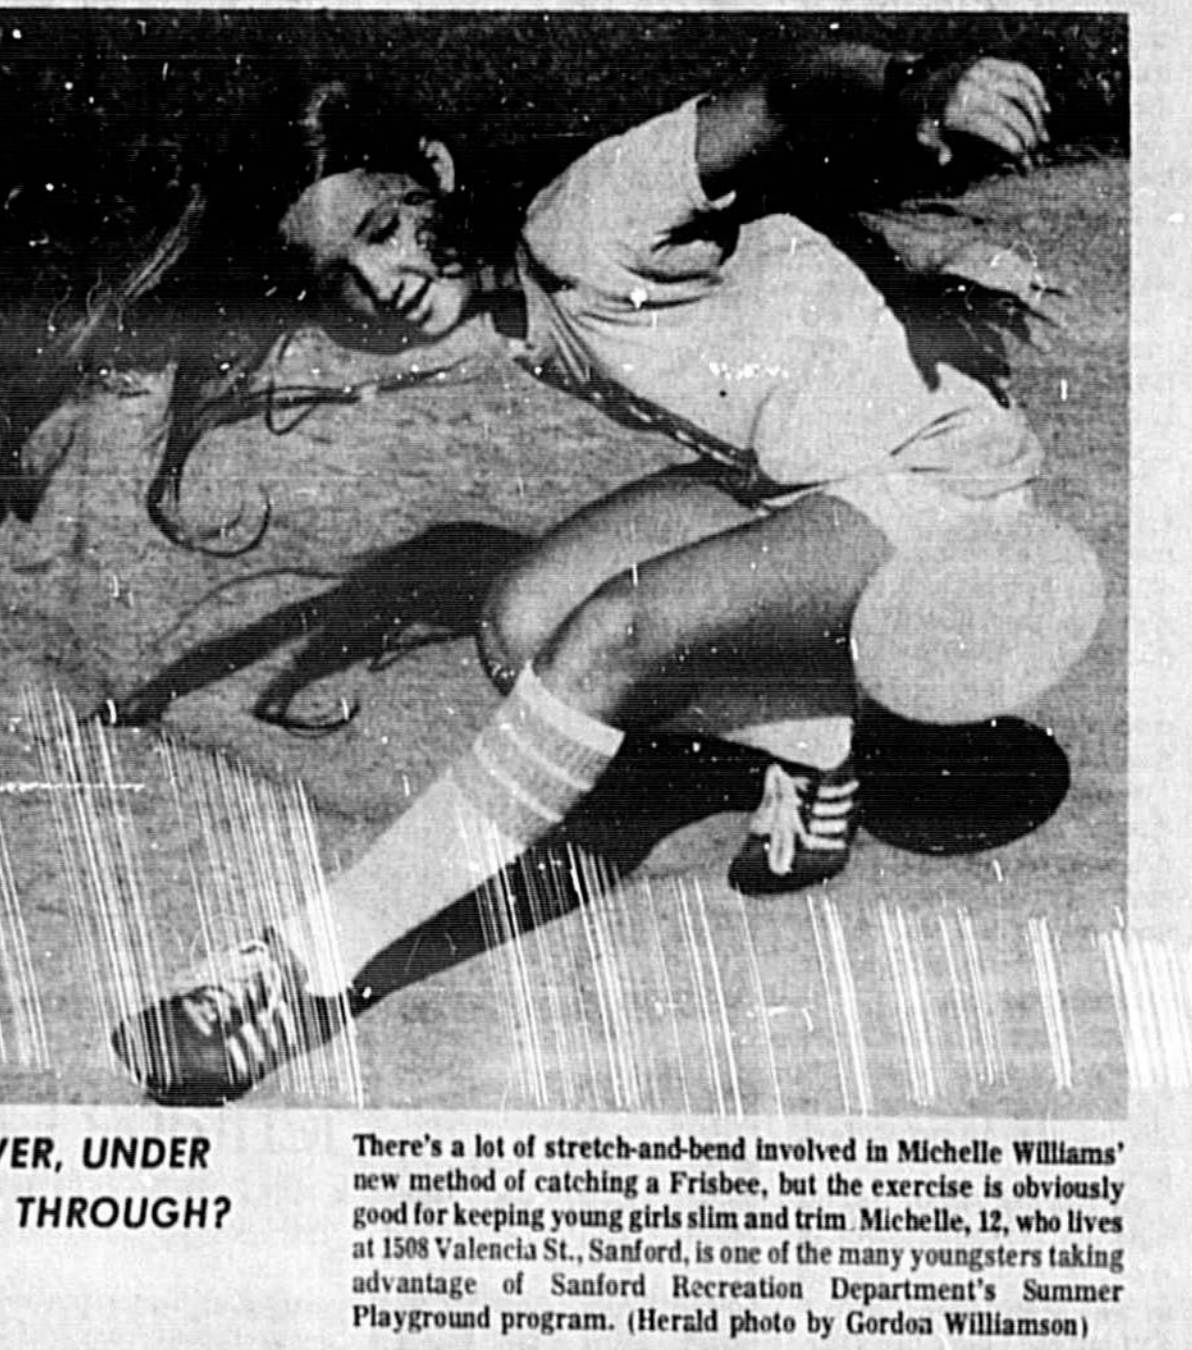

Seminole County Commission Chairman Sid Vihlen Jr. today sought a consensus from board members on his recommendation to appoint intergovernmental coordinator Bob Ellis as the county's administrative assistant and administrative services director. If approved, Ellis will fill the two positions held by Betty Simcoe, who is resigning Friday. Simcoe is transferring to the manpower coordinators office. Vihlen, in a memo to board members, yesterday afternoon

recommended permanently appointing Ellis as the directorship and to the interim administrative assistant's post. The interim appointment would be for an "undecided" period of time, he said. Ellis and Vihlen met late yesterday afternoon, when Ellis says he agreed to the double appointment. Ellis has served as intergovernmental coordinator for the county for approximately one year. Vihlen recommended Ellis move into Simcoe's office tomorrow and for the Commission to take official action on the appointments Tuesday during its regular meeting. Vihlen said Simcoe has agreed to meet with Ellis to review the job duties. Simcoe is resigning because of what she calls "pressures" in the County Commission office. Her leaving caused a volley of memos between commissioners, particularly John Kimbrough and Harry Kwiatkowski, on the issue. Kimbrough blamed Kwiatkowski for Simcoe's resignation, but Kwiatkowski denies he forced her to leave.

Winter Park Man Sues Sheriff John Polk

By BOB LLOYD Herald Staff Writer Hart was the plaintiff in a class action lawsuit against Polk earlier this month seeking an injunction to prevent 23 inmates being housed temporarily in jails in surrounding counties from being returned to the Seminole facility once it is repaired. In the latest suit, Hart alleges that the county and Polk knew prior to the June 9 fatal fire, that the jail was overcrowded and that overcrowding tended to raise the tensions of inmates and that inmates could reasonably be expected to give vent to hostile aggression by starting fires in the jail. The action, assigned to Circuit Court Judge Tom Waddell Jr. for a jury trial, charges that the county and Polk were negligent in failing to take precautions to protect the health and welfare of Hart while he was in the jail.

The suit alleges failure to take steps to reduce the jail population, to segregate juvenile inmates from adult inmates, to increase security and searches after prior acts of arson by inmates and to remove flammable bedding and bed clothes after fires prior to June 9. "The suit also charges the local officials failed to adequately institute safety procedures for fire killings in the event of smoke and fire" and to adequately train jail personnel in safety procedures. No date has been set for a hearing on the Hart suit. Polk has also been named as defendant in civil actions seeking several million dollars in damages for relatives of men who died of smoke inhalation in the jail fire.

OVER, UNDER OR THROUGH? There's a lot of stretch-and-bend involved in Michelle Williams' new method of catching a Frisbee, but the exercise is obviously good for keeping young girls slim and trim. Michelle, 12, who lives at 1508 Valencia St., Sanford, is one of the many youngsters taking advantage of Sanford Recreation Department's Summer Playground program. (Herald photo by Gordon Williamson)

Knowles Memo Draws Fire From Building Forum Committee

By GLENN McCASLAND Herald Staff Writer Sanford Building Forum committee members today took exception to a memorandum calling their findings "socialistic" in part, where they call for city action to cut utility connection fees for low cost housing.

The memo, from Sanford City Manager Warren "Pete" Knowles, was read by the five-member committee as a housing fact-finding group wound up its investigation of city building codes. "The easy way to travel today is to let the government take care of it. In all the corners of our lives, we see this with increasing frequency. The dangerous thing is that we are more and more willing to accept this philosophy as a natural way of life. The result is that the socialistic governmental form in many varying degrees. I deplore seeing requests for a government to subsidize a little here; a little there," Knowles said.

His remarks were in a July 9 communication to Building Official Bill Bracealand reviewing the Building Forum's work of the past four months. The remark caused concern from the committee membership with J. Bralley Odham telling the group, "This points out what I've said before. When people look into a way to find some relief from all the restrictions which government places upon us, we are cast in the role of complainers. "I don't know why Mr. Knowles has issued this memo. The committee does not realize the City of Sanford utility operation is a separate entity with a separate budget supported only revenue bonds for utility improvements due to the new growth that would be charged to all users rather than those requiring the improvements. "Fourth, I believe the committee does not realize the City of Sanford utility operation is a separate entity with a separate budget supported only revenue bonds for utility improvements due to the new growth that would be charged to all users rather than those requiring the improvements. "Thirdly, it will require
