

CWA ROSTER IN STATE TO BE CUT HEAVILY

Hopkins Orders Slash Of 6000 Names Each Week During March; Graft Charges Aired

TALLAHASSEE, Feb. 28.—(A.P.)—Florida was ordered today to whack 6,000 men off its CWA payrolls each week-end during March to bring the state's quota down to 10,000 by Mar. 31.

Comparative reductions also were required in clerical forces.

The order came from Harry Hopkins, federal Civil Works administrator.

The state's quota was slashed on Feb. 23 by 30,000 men, and tomorrow night another 20,000 will be cut off, leaving 34,000 on the payrolls.

The rates of reductions during April will be set later by Hopkins.

Hopkins' telegram was laid before the State Executive Committee in a meeting in which J. P. Newell, committee member, charged that social service and welfare work in the state has "every semblance of a political racket."

Newell, who is secretary to Governor Sholtz read into the committee minutes a statement in which he said he could not "countenance the exorbitant salaries paid to many of these professionals and the excessive personal resulting in an extravagant overhead at the expense of needy people."

The committee adopted Newell's statement as its own and referred it to executive officer, Marcus Fagg with direction to carry it out as fast as possible and to report to the committee.

The appointment of Charles Dadd of Punta Gorda as state CWA engineer by executive officer Marcus Fagg drew a shot of criticism today from Chairman Treadway.

With Fagg out of the city, the committee was informed that Dadd's appointment was approved by Washington.

Treadway said "It seems to me that before submitting this appointment to Washington, confirmation should have been obtained from the executive committee."

He added that he didn't think it proper procedure for an executive officer to submit an appointment to Washington without informing the executive committee about it.

New Form Of Decay In Teeth Laid To Type Of Insecticide

CHICAGO, Feb. 28.—(A.P.)—"Mottled teeth"—a pink dot decay which is now the worry only of a few afflicted communities, may become general, Chicago dentists were warned yesterday, unless certain insecticides were abandoned.

Dr. Margaret Cammack Smith, a nutrition chemist for the University of Arizona, described this danger at the Chicago Dental Society's annual convention. She said the cause of mottled teeth was fluorine in drinking water.

"The trouble is found in 23 of the 48 states," Dr. Smith said, "and in certain communities it affects every child born."

"Our research has shown that one part of fluorine in a million parts of drinking water is enough to mottle the teeth."

"New there is danger that the ailment may become chronic. Fruit growers are using fluorine insecticides. Manufacturers claim the insecticides are harmless, but our research indicates otherwise."

Text Of Wallace Order Calling For Open Hearing On Celery Pact Issued

Complete text of Secretary Henry A. Wallace's order announcing that a public hearing on a proposed celery marketing agreement would be held at Lakeland next Monday, was received here by J. C. Hutchison, sales manager for the Sanford-Oviedo Truck Growers, Inc. today, and released to the press for publication.

The order dated Feb. 24, 1934, is as follows:

"Under the AAA, approved May 12, 1933, as amended, and under the general regulations, Series One, Revision One, of the U. S. Department of Agriculture, AAA, issued pursuant thereto,

"Notice is hereby given of a hearing to be held at Hotel Thomas, Lakeland, Mar. 5, 1934, at 9:30 o'clock a. m. which hearing interested parties will be heard with reference to a proposed marketing agreement which Hayden and Raoul, Palmer Farms Growers Co-operative Association, Bell Brothers Celery Co., of Sanford, and Santa Rosa Celery Co., of Manatee, Manatee County Growers Association of Bradenton American Fruit Growers, Inc., C. I. & M. Dingfelder, George I. Fish, Inc. Standard Growers Association, and Sanford-Oviedo Truck Growers, Inc., all of Sanford, have requested the Secretary of Agriculture to enter pursuant to Section 8 (2) of said Act.

"A copy of such proposed agreement is now on file and available for public inspection at the office of the Chief Hearing Clerk, in the Department of Agriculture, Washington, D. C. Copies of such agreement may be obtained in said office. The proposed agreement relates to prices, practices, and conditions in the marketing of celery grown in Florida.

"It is hereby declared that an emergency exists in the conditions governing the marketing of celery grown in Florida, and requires a shorter period of notice than 10 days, and it is hereby determined that the period of notice given hereby is reasonable in the circumstances."

State CWA Asks Re-Opening Of Graft Charges In Orange County After Warm Debate

TALLAHASSEE, Feb. 28.—Two auditors of the state CWA were ordered yesterday to leave Wednesday for Orlando for a "thorough and complete audit" of the books of the Orange county CWA administration.

The audit was ordered after Frank L. Ferguson, representing the Taxpayers' League, and County Administrator O. P. Swope appeared before the state CWA executive committee yesterday, brought up the story of the J. H. Hughes contract for CWA trucks and the recent purchase, by the county commission, of 14 trucks, to be paid for—if the gray train lasts that long—from rentals of the trucks to the CWA.

The word "if" wasn't actually passed as Ferguson and Swope presented their sides of the question to the committee, but each of them skirted about it, boiling (Continued on Page Two)

MOVE IS MADE TO GET FEDERAL AID FOR U. S. SCHOOLS

CLEVELAND, Ohio, Feb. 28.—(A.P.)—Fuller cooperation in obtaining more than \$200,000,000 in federal appropriations for public schools and colleges was asked of the National Education Association's department of superintendents last night in an address by William F. Russell, dean of teachers college, Columbia University.

Further action on the same subject by the department's resolution committee today was forecast by leaders in the educators' convention here.

The program, already submitted to federal authorities calls for:

1. A \$100,000,000 appropriation to meet actual deficiencies in school funds in many parts of the country; to be apportioned among them according to their needs.
2. A \$300,000,000 fund as additional school aid for all parts of the country, to be divided among the schools by states on the basis of approximately \$11 per student enrolled.
3. Special grants for school buildings, and loans to schools administrations whose assets are frozen in non-closed banks.

Other parts of the program which already have received some federal support, Dean Russell said, are requests for \$50,000,000 for this year's school emergencies, and \$30,000,000 to aid students attending institutions of higher learning.

Italy Okeys English Disarmament Plans

ROME, Feb. 28.—(A.P.)—Italy has agreed to accept the British disarmament memorandum, well-informed circles said last night, as a basis for future arms discussions.

Germany already has agreed to do likewise, and Captain Anthony Eden, British foreign secretary, will leave today to ask France to accept it.

It was learned on reliable authority that as a result of Captain Eden's conferences with Italian men in Berlin and Rome, Germany, Italy and Great Britain are in accord on what should be done to prevent an armament race.

Italy Okeys English Disarmament Plans

ROME, Feb. 28.—(A.P.)—Italy has agreed to accept the British disarmament memorandum, well-informed circles said last night, as a basis for future arms discussions.

Germany already has agreed to do likewise, and Captain Anthony Eden, British foreign secretary, will leave today to ask France to accept it.

It was learned on reliable authority that as a result of Captain Eden's conferences with Italian men in Berlin and Rome, Germany, Italy and Great Britain are in accord on what should be done to prevent an armament race.

GAY PARTIES OF LOBBYISTS UNDER PROBE

WASHINGTON, Feb. 28.—(A.P.)—Harry H. Woodring, assistant secretary of war, yesterday concluded a two-day appearance before a District of Columbia grand jury to tell of dealings of his department with Joseph Silverman, New York trader, and others for the disposal of army surplus.

Woodring was in the jury room at about the same time that investigators disclosed they had uncovered stories of lobbyists playing cards with government officials, with the officials usually winning.

The investigators also said they had heard of gay parties on yachts or in fashionable evening places where committee representatives and lobbyists or corrupt representatives were dining together.

Tracing down these reports had required much time and United States Attorney Leslie Garnett said last night the grand jury investigation probably would not be concluded until next week.

Meanwhile, one Congressional committee got the approval of House leaders for a thorough study of alleged "offsetting and irregularities involving the expenditure of public funds for national defense, especially by the war department."

At the same time a House naval subcommittee closed its open hearings concerning on whether there has been profiteering on navy airplanes and engine contracts. It will report in the full committee, and all indications were that the report would scout "fraud and collusion" charges and find the present procurement methods of the navy department satisfactory.

Scouts Report Success In Drive For Needy

Fifty Sanford Boy and Girl Scouts who set out on foot yesterday afternoon to make a house by house canvass securing the names of persons ready to donate food, furniture, bedding or clothing for the needy of this city and county, reported, according to Arthur Dornier, chairman of the county Scout Council, "splendid cooperation from almost every person approached."

However, Mr. Dornier pointed out, it will be impossible for the boys and girls to visit every house in the city limit, so tonight, when the two-day drive for donations gets under way, he requested to telephone Mrs. Helen T. Moss at the Court House, and a trunk will be sent to any home to secure any donations. Mr. Dornier stated.

Tomorrow and Friday the Scouts will return by truck to all the homes where they had secured a donation of some kind, and transport them to the Mayfair Hotel sewing room operated by the CWS. Reports are to be made there, if needed, before the clothes will be distributed.

Ringling Art School Sponsors Contest

The Ringling School of Art, for the purpose of encouraging and promoting interest in art among the high school students of Florida, will again hold competition and exhibition for high school art work this year.

The exhibition will be held at the Ringling School May 8, 1934.

The Ringling School of Art is offering the Ringling prize in art for the coming year. The first prize is to be a full year's scholarship to the Ringling School of Art, which will take care of tuition, room and board, for one year. The second and third prizes will be for tuition in the Ringling School of Art for one year. All prizes will be good for the school year 1934-35.

All questions relative to the contest should be addressed to the Chairman of Student Competition, Ringling School of Art, Sarasota, Florida.

Holder's Assistant To Speak At High School

Dr. William S. Beard, assistant to President Hamilton Holt of Bell State College, will speak before the students of Semanole High School Thursday morning, Mar. 1, 10:30 a. m.

At that time, it is announced, he will discuss an interesting feature of students and interested friends are invited to hear. Dr. Beard is in town today.

Dr. Beard became associated with Bell State College last year after retiring as the executive secretary of the National Congressional Lobbyists' Advisory Committee in New York, N. Y. Dr. Beard and President Hamilton Holt of Bell State are graduates of Yale. Dr. Beard was graduating from the Yale Divinity School.

Snow, Sleet Extended Over Parts Of South

Snow and sleet covered portions of three Southern states today while elsewhere in the South cold weather gave way to higher temperatures and clouds.

North Louisiana was covered with snow for the first time this winter.

Little Rock reported snow and a temperature of 26, while sleet accompanied freezing weather at Jackson, Miss. Clouds were general over the South and forecasts were for rain tonight.

On Eve Of Enthronement As Ruler Of Manchukuo, Pu-Yi Makes Bid For Recognition

HSINKING, Manchukuo, Feb. 28.—(A.P.)—Henry Pu-Yi, on the eve of his enthronement as Emperor of Manchukuo, made a new bid for foreign recognition in a statement today.

He reviewed the progress of the Japanese assisted state during the two years he has ruled as its chief executive, contrasting conditions during his rule with previous banditry, corrupt rule and exploitation of the masses by proclivity war lords.

While Henry Pu-Yi stayed indoors yesterday to prepare by fasting and meditation for his enthronement Thursday (Wednesday in the United States) as Emperor,

ROOSEVELT HAS PERSONS MUST BE IN WANT TO GET FEDERAL AID

WASHINGTON, Feb. 28.—(A.P.)—President Roosevelt today announced a reorganized national relief program to be substituted for the Civil Works lineup now being demobilized.

This developed at his regular press conference held prior to an afternoon meeting in which he had summoned Democratic congressional leaders.

It was presumed at the capital that the White House meeting would have to do in part at least with proposals for legislation to grant the President powers to make reciprocal tariff agreements with foreign countries.

As to relief, federal efforts in the future will be classified as for distressed families in rural areas, for stranded populations in communities where industries have died, and for the unemployed in large cities.

The Senate today passed and sent to the House the "Federal Bill" extending for one year from Mar. 1, the time in which Federal Reserve Banks may use United States bonds as security for federal reserve notes.

Argentinian Bankers Missing With Million

Buenos Aires, Feb. 28.—(A.P.)—Police yesterday searched a bank and arrested all the bookkeepers when they found the general ledger of directors and two executives missing along with more than \$1,250,000.

Officers called it the most extensive swindle in the two years Argentina has had currency exchange control.

Police seized books of the bank, the Banco Comunal del Plata, but believed officials had fled the country.

County Scout Council Decides To Make Court Of Honor More Colorful Affair

Seeking a more colorful ceremony that will make the month of awarding of Boy Scout merit badges a more impressive occasion, officials of the Seminole County Boy Scout Council Monday night ordered a change in Court of Honor procedure, effective at once.

Under the new arrangement, Scouts will not appear before the Court to be tested as to their qualifications for various types of merit badges, or advancement in Scoutdom.

Instead, Scouts will be examined by members of the Troop Committee who will, after investigation, certify that the Scout is deserving of the honor.

The Court of Honor then will meet only to award the badges and other honors, instead of acting as judges. A far more impressive ceremony is contemplated under the new plan.

The change is made because the Court has been unable to complete an investigation of the merits of a large number of Scouts who come before it within a short time. Meetings have

JAPS PROTEST HOPS MADE BY SOVIET PLANES

TOKYO, Feb. 28.—(A.P.)—The Japanese foreign office sent a sharp protest today to Moscow demanding that flights of Soviet planes over Manchuria and Korea be stopped.

"We consider such incidents highly dangerous," a spokesman for the Japanese foreign office said. "It is always dangerous for children to play with fire."

The protest was sent by foreign minister Koki Hirota to ambassador Ota at Moscow for presentation to the Soviet government.

With it went a demand for guarantees against further flights by Russian planes over Manchuria or Korea territory.

The protest followed reports from Hankin, Manchukuo of two instances in which, according to reports, Russian planes fired upon Japanese planes.

There also is a report that a Japanese military plane had been shot down Feb. 17 near the Soviet border but the war office lacked information about this.

A Japanese military plane was shot down by Soviet troops near the northern border of Manchukuo on Feb. 17, said Rengo (Japanese) News Agency dispatches from Hankin (Changchun) today.

The dispatches said the plane was shot down near the confluence of the Amur and the Songhua Rivers. They also reported that the crew of the plane was killed. Japanese military authorities admitted the plane was brought down by gunfire, but denied that there were any casualties.

Sharp Note To Moscow Demands Quick End Of Warship Jaunts; Ship Said Shot Down

TOKYO, Feb. 28.—(A.P.)—The Japanese foreign office sent a sharp protest today to Moscow demanding that flights of Soviet planes over Manchuria and Korea be stopped.

"We consider such incidents highly dangerous," a spokesman for the Japanese foreign office said. "It is always dangerous for children to play with fire."

The protest was sent by foreign minister Koki Hirota to ambassador Ota at Moscow for presentation to the Soviet government.

With it went a demand for guarantees against further flights by Russian planes over Manchuria or Korea territory.

The protest followed reports from Hankin, Manchukuo of two instances in which, according to reports, Russian planes fired upon Japanese planes.

There also is a report that a Japanese military plane had been shot down Feb. 17 near the Soviet border but the war office lacked information about this.

The dispatches said the plane was shot down near the confluence of the Amur and the Songhua Rivers. They also reported that the crew of the plane was killed. Japanese military authorities admitted the plane was brought down by gunfire, but denied that there were any casualties.

Norman Thomas Says NRA Failed Miserably

CHICAGO, Feb. 28.—(A.P.)—Norman Thomas, leader of the socialist party, ended a country-wide survey of industry and working conditions yesterday with a declaration that the NRA has "failed miserably."

"Hours and wages are so bad that the average worker has less purchasing power than he had last June," said Thomas, socialist candidate for president in 1932. "Employment has fallen off and the working week is too long."

Thomas said workers were being forced into "company unions" under the NRA. He said the working week should be reduced to a maximum of 30 hours in all lines.

Russian Princess Asks Jury For 2 Millions

LONDON, Feb. 28.—(A.P.)—Rasputin, the monk and the tragic tsarina of Russia lived again in the staid precincts of a dingy London courtroom yesterday during a trial dealing with the film "Rasputin and the Empress."

Princess Irina Alexandrovna, the wife of the last of the Youssouffs, and she contends killed the monk, came down to London from Windsor castle to defend her name against the silver screen.

She is suing Metro-Goldwyn-Mayer Pictures, Ltd., for \$2,000,000 damages alleging that the picture libelled her.

GATORS UNABLE TO NAB LEAGUE TITLE ON COURT

Florida Five Falters To Drop Final Title To Alabamians, 41-25

ATLANTA, Feb. 23.—Florida was forced to accept runner-up honors in the Southeastern Conference basketball championship race, bowing to Alabama 41 to 25 in the finals of the tournament here last night, but Coach Ben Clements' athletes, nevertheless, covered themselves with glory. Forced to the limit to beat their two previous foes, Florida simply didn't have enough steam left last night to care for the expert Alabamians. They were rather dead on their feet, the fire that carried them to the finals was missing and they didn't come to full realization of the task ahead of them until the Crimson Tide had rolled up a big margin in the first few minutes of play.

During the later portion of the contest, the Gators played their foe on even terms and showed flashes of their previous form, but the spurt came too late. However, the Gators need make no apologies. Their first round victory over the defending champions from the University of Kentucky endeared them to the local fans, and their thrilling last second upset of Vanderbilt Monday night further placed them in solid with local spectators. When they came out last night, Florida got most of the cheers and moral support—but that happened to be something that Alabama didn't need. The Tide simply was a better basketball team last night.

The showing was the best Florida has ever made in the annual Dixie cage classic.

NRA DEFECTS POINTED OUT BY JOHNSON

(Continued From Page One)

what they thought was wrong with the organization that has the Blue Eagle for its symbol. At one the views of Mrs. Roosevelt on the plight of small bookstores and groceries were heard.

But many of those who came through bitterly cold weather to air grievances were surprised when Johnson, turned critic himself he intended to do to make the NRA better—and bigger, too.

The administrator said his plan was aimed at a sweeping revision of codes and many reforms as possible would be put into effect through general presidential rulings.

This was the program Johnson outlined:

- 1.—A more uniform and equitable rule of national price stabilization in those cases where necessary to maintain wages at a decent standard against the certain results of predatory and cut-throat competition, and new insurance against increases of prices over increase of purchasing power.
- 2.—A more effective rule on costs for the purposes of maintaining rules against sales below "costs of production."
- 3.—Uniformity of wages and hourly rates in competitive industries.
- 4.—Uniform classification of areas for the purpose of the North and South differentials.
- 5.—Further reductions in hours per week and further increase in hourly wages.
- 6.—Certainty of protection against monopoly control and oppression of small enterprise, and, especially, the inclusion in codes of adequate buying (as well as selling) provision to guard against oppression of small business.
- 7.—A much improved method for securing prompt and effective compliance.
- 8.—A safe method of financing code administration without racketeering and abuse.
- 9.—Elimination of inconsistent or conflicting provisions among various codes.
- 10.—Adequate labor and consumer representation in an advisory capacity on code authorities.
- 11.—Uniformity of governmental representation on code authorities.

Celery Free To Guests At Hotel Dining Room

It's always Florida Celery Week as far as Frank Pierce, operator of the Valdez Dining Room is concerned, according to an announcement made today through the local committee in charge of last week's special week of publicity devoted to celery.

Mr. Pierce stated that he not only serves iced cold celery hearts free to every guest at the dining room, but he also serves a dish of stewed celery with every meal, or two orders of celery free to each guest.

He reported that at least two out of every three persons make some favorable comment on this service, and that all of them remark about the fine quality of Sanford celery.

REHEARSAL CALLED

CHEVROLET ANNOUNCES
a revolutionary new line of low-priced trucks
Bigger, huskier models feature an entirely new engine, giving increased power on less fuel than ever!

THE 1936 line of Chevrolet trucks— truck-built for truck service all the way through—features the *Five-Flow* engine—a great new development that will be welcomed by every truck buyer in America. Here are the remarkable facts: The new Chevrolet trucks are even bigger than last year's models—bigger in body, with stronger, heavier frames, busier transmissions and new axles, and longer bodies. They will deliver more power at the time when you need it most. They will haul bigger loads than ever at an even faster pace. Yet, thanks to the new *Five-Flow* engine, operating costs are actually lower than before—*and that means the lowest in the hauling field.*

The net result of all these improvements is a line of trucks like no others on the market—the first to offer such a combination of big capacity, great power and unexcelled economy. **CHEVROLET TRUCKS—CONQUER YOUR BUSINESS, SECURE YOUR FUTURE.**

FIXED MONEY POLICY WILL BE DELAYED

Morgenthau Says More Experience, Time Is Needed Before Real Stability May Come

WASHINGTON, Mar. 1.—(AP.)—The Administration, in the words of Secretary Morgenthau is "just beginning to see a little light," and there will be no fixed monetary policy until the gleam is clearer.

Presentation of these views to a House committee today coincided with the decision of President Roosevelt to go before the country another time to report on his recovery plans next Monday.

The President will disclose his plans for the NRA in a personal appearance Monday before the group meetings called by Administrator Johnson to hear complaints.

This was made known today as criticism was received from a large number of persons who came here at the invitation of Johnson to air their views.

The President's address will come at 11:00 o'clock A. M. Eastern Time, and it will be broadcast to the nation.

Significance was attached by observers to the sudden decision to address the conference. Some believed the President would give his ideas for the future of the National Recovery Act as well as take up some of the complaints presented at the invitation of Johnson.

Senate consideration went again this afternoon to a naval construction program, and the House kept on with the agriculture supply bill.

Appearing on behalf of the bill to establish a central federal authority with sole currency-making power, Morgenthau testified "It is impossible to tell what the future will be. We need more experience and time to tell us what is the best way to handle our monetary problems."

The House banking committee approved the Fletcher-Stearns bill extending until Mar. 3, 1935, the period during which government securities can be used as collateral for Federal Reserve notes.

February Record Of Judge J.G. Sharon's Court Is Revealed

Cases of alleged law violation tried by Judge J. G. Sharon during February are as follows:
W. L. Helms, white, operating wholesale oyster and fish market without license, fined the costs.
Paul Meredith, white, reckless driving, fined the costs.

E. L. Locke, J. B. Jinkins, Tom Howard and E. C. Rawls, white, drunk, fined the costs.
W. E. Parrish, white, worthless check, fined \$25 and costs.
T. C. Williamson, white, parking truck on highway, fined \$5 and costs.
E. C. Dunaway, white, passing worthless check, fined the costs.
Clive Law and Aaron Grice, assault and battery, fined \$5 and costs, while Elaine Lampkin was fined the costs on a similar charge.
John Carr and J. C. White, drunk, fined \$5 and costs each, while Henry Coleman, drunk, was fined the costs on a similar charge.
Henry Shahan, charged with petty larceny of two bicycles, fined a total of \$45 and costs.
George Rabon, operating a truck with an improper license, fined the costs.
John Davis, gambling, fined \$5 and costs.

County-Wide Clean-Up, Beautification Campaign Given Hearty Endorsements

Officially proclaimed by Mayor W. A. Leffer, and enthusiastically endorsed by the Garden Club of Sanford, a county-wide Clean-Up and Beautification Campaign got under way this morning to continue for a solid month.

With many valuable prizes posted as among the rewards which will come to those persons or groups who expend the most energy in cleaning up and beautifying private and public property during the month of March, competition already has become keen, for scores of entry blanks had been gathered at noon today by groups of women workers in the clean-up campaign army.

The entry blank, a copy of which is printed in another section of The Herald, reads "Please enter my property in the Seminole County Clean-Up and Beautification contest for March. I am interested to help make my town and county look better. My property is located at _____"

Immediately upon receipt of the entry blank, a group of judges will inspect the property before the work of cleaning up has begun. The property will be inspected again at a later date, when the owner has announced that he has finished his labors.

Mrs. Doder Carlett of Geneva has been appointed as chairman of the committee which will have charge of all activities within the several groups, lawns, and neigh-

Full Text Of Unemployment Program That Will Succeed CWA, Released By Roosevelt

WASHINGTON, Mar. 1.—(AP.)—The following is the text of the new unemployment program made public at the White House yesterday:

"The experience of the past nine months has shown that the problem of unemployment must be faced on more than one front. Coincident with the plans for the demobilization of Civil Works has been the development of a program to meet the peculiar needs of three separate and distinct groups in need through no fault of their own.

"It has been found that these three groups fall into the following classifications:

- (1) Distressed families in rural areas.
- (2) Those composing 'stranded populations,' i. e., living in single-industry communities in which there is no hope of future re-employment, such as miners in worked-out fields.
- (3) The unemployed in large cities.

"The Administration will be guided by these groupings in expanding the \$350,000,000 recently authorized by Congress.

"The care of needy persons in rural areas is a problem quite distinct and apart from that of the industrial unemployed. Their security must be identified with agriculture. They must be placed in positions of self-support. In many parts of the country this calls for a change from commercial farming and dependence upon a single crop.

"The Administration will be guided by these groupings in expanding the \$350,000,000 recently authorized by Congress.

MRS. PINCHOT SCORES NRA LABOR PLAN

Defiance Of Weir Budd Held As Signal For Cheating, Chiseling By Smaller Groups

WASHINGTON, Mar. 1.—(AP.)—The labor program of the Recovery Administration was called a "tricky farce" yesterday by Mrs. Gifford Pinchot in a renewal of charges pelled down upon NRA.

Other witnesses had said the same thing in a milder fashion but the red-haired wife of the Pennsylvania governor caused the somewhat sparse attendance at the forum on labor complaints to stir up with her vigorous assertion that the defiance of "Weir Budd and others has been taken by the lesser fry as a signal that they could cheat and chisel without being called to account."

Mrs. Pinchot was referring apparently to Ernest T. Weir, president of National Steel, and the head of the E. F. Budd Magnifying Company, of Philadelphia. Both concerns have been charged with preventing their workers from joining unions of their own choosing.

So effective was Mrs. Pinchot's presentation that Edward P. McGrady, assistant secretary of labor and aide to Hugh S. Johnson, NRA administrator, looked on, not to halt the recital to cheer it.

At the same time, other witnesses at other meetings were telling what they thought was wrong with NRA as a prelude to the meeting next week to begin the task of correcting mistakes.

PROCLAMATION

KNOW ALL MEN, WOMEN AND CHILDREN, by these presents, THAT, Whereas Clean-up and Beautification campaigns result in many advantages to community life, through:

- Safeguarding HEALTH.
- Furthering FIRE PREVENTION.
- Stimulating CIVIC PRIDE.
- Making the HOME AND CITY BEAUTIFUL.

NOW, THEREFORE, be it known that plans have been perfected for a thorough clean-up and beautification campaign in Sanford during the month beginning this Thursday, Mar. 1, 1934, making a persistent and constructive effort in cleaning up and beautifying the home grounds, business and industrial grounds, vacant lots, streets and alleys.

I call upon the people of Sanford to cooperate enthusiastically to their full part in making the work a success.

W. A. LEFFLER,
Mayor of Sanford

NEW DYNASTY IS BORN UNDER GUNS OF 50,000 MEN

Pu-Yi Is Enthroned As Kang Teh, Emperor Of Manchu Empire

HSINKING, Manchou, Mar. 1.—(AP.)—A new dynasty was born today under the pointing guns of 50,000 soldiers when Henry Pu-Yi became Kang Teh, emperor of the Great Manchu Empire.

A bullet proof limousine carried Pu-Yi to the throne.

The new emperor is 67 years old and has been a prisoner in the Peking palace since 1911.

WHITNEY RAPS PENDING MART CONTROL BILL

Exchange Head Claims Act Encompasses Powers Violating Banking Principles

WASHINGTON, Mar. 1.—(AP.)—In a brief, pointed statement Richard Whitney, president of the New York Stock Exchange yesterday rapped the pending mart control bill.

Whitney, who is a member of the Federal Reserve board, told the Senate Banking committee that the bill would not only regulate the exchanges and the national credit system.

With that he turned the expected of Wall Street's opinion of the measure over to an associate and left a long throng of spectators gathered in the expectation of a pointed verbal duel between Whitney and Ferdinand Pecora, committee counsel, manifestly disappointed.

Whitney's colleague, Thomas B. Gay, an attorney of Richmond, Va., emphatically disputed the constitutionality of the measure, and stated a series of questions to be supported by law and asserted that the act would be unconstitutional.

FAGG RESIGNS AS DIRECTOR OF STATE FERA

Action Follows Meet Of Children's Home Society Directors In Canceling Leave

TALLAHASSEE, Mar. 1.—(AP.)—Marcus Fagg resigned today as director of the Emergency Relief Administration in Florida, and his resignation was accepted "without comment" by Governor Sholtz.

Fagg telegraphed his resignation from Jacksonville, and informed the Governor that the Children's Home Society of which Fagg is state superintendent had terminated his leave of absence, effective today.

His successor in the CWA has not been appointed. Fagg had been Relief Administrator since last July.

Francis M. Holt, president of the Children's Home Society of Florida, last night announced that Fagg had relinquished his executive office with the state Civil Works Administration and returned to the Children's Home Society as full-time superintendent.

Holt said the directors of the society requested Fagg to return to his duties as superintendent.

They cancelled his leave of absence granted some months ago so that Fagg might fill the state emergency relief directorship vacated by the removal of J. C. Huskisson of Tampa from that office.

Holt said Fagg agreed to comply with the society's wishes and telegraphed his resignation to Harry I. Hopkins, federal relief administrator, in Washington and mailed a copy to Governor Dave Sholtz at Tallahassee.
